RED CARPET treatment was Saturday with the application of a coat of bright red paint to the entire floor area.

WE ATTENDED the formal opening of the P A R Country Club on the shores of beautiful Lake Proctor in neighboring Comanche County.

The Sunday afternoon ceremony was preceded by a luncheon in the spacious room of the 5,600 sq. ft. club house which centers the \$250,000 recreation area.

Principal address was by U. S. Congressman Omar Burleson. The man whose father was a native of the Indian Mountain area and whose mother bought her wedding dress in a Comanche store, expressed particular interest in the project, saying that he had worked in Washington on the Proctor Dam project for some 20 years.

The smiles on the faces of the large percent of the membership of 377 families seemed to anticipate many pleasant hours at the club house, the nine-hole golf course, swimming pool, tennis courts, driving range, putting green, pro-shop and boat docks.

The success of the day was probably due largely to the attitude of those who made it possible and expressed in the printed program. After thanking all members of all committees, all individuals who made contributions of time and work, the note was signed and this postscript added: "Just in case we overlooked anyone - thank you too."

Added to the list of Times subscribers this week are Annie Bankston Waller of Dallas and Glenda Weldon of Dublin.

CIVIC IMPROVEMENT this summer will include repair of the bleachers at Little League Field. Plans are incomplete, but the project will be financed by a sports event to thrill all baseball fans. Watch the Times for further announcement.

IN READING the obituary of R. G. LaTournau, we were reminded that he was speaker for Ranger's Chamber of Commerce banquet on one occasion. The man whose inventions of earth moving machinery, each representing a technological breakthrough, was also a lay minister and used as his slogan, "Moving Earth and Heaven."

The summer National Youth Corp program was slated to get under way Monday in the Ranger Public Schools with each student being allowed 26 hours of work per week for 10 weeks this summer at \$1.30 per hour.

Ranger High School had six students on the program when it ended although they qualified for seven. Supt. James Clark said either the boys and girls could get better jobs or else they were not interested in work or work at that pay.

Applications may be secured from the Superintendent's office at 204 Main St. or from the High School Principal.

Mrs. Jimmy Rogers and children have returned to their home in Lubbock following a visit in the home of their grandparents, Mr. and Mrs. Joe Dennis.

Mrs. Terrie Merrick has returned to her home in Gainesville following a visit with relatives in Ranger.

Several Burglaries Solved With Arrest Of Dallas Negro

The arrest of a Dallas Negro Sunday is believed to have cleared a number of break-ins and burglaries in Eastland County.

Adel Williams, who listed his address as 3501 Cologne St., Dallas, is in Eastland County Jail, charged with burglary.

Eastland Policeman John Morren was instrumental in the arrest early Sunday morning after JRB Store Manager Gene Haynes reported that a window on the east side of his building had been broken.

Some food stuffs were believed taken. Morren began tracking some large footprints, similar, he said to those found earlier during a series of burglaries here.

The tracks took the policeman first to a Negro hotel, and lead on to the vacant Little Plock Baptist Church on North Bassett St., where Williams was discovered. Morren was assisted in the 8:30 a. m. arrest by Sheriff Deputy Loy Williams and Patrolman Trutt Grice.

Found on Williams or near him in the church were a pair of binoculars, two ladies wrist watches, all taken in the Goodys Service Store burglary on May 25. A tire tool, taken from Pullman's Supply in April, was recovered, as were three watches taken from a pawn shop in Cisco. Also found was a Post Office fountain pen. (The Eastland office was broken into in April). The items were identified by personnel from these locations.

Mangum, Seabourn Back In Jail After 11-Day Chase

Jail-escapists Leroy Mangum and Kyndell Seabourn were due back in Eastland County late Wednesday evening — after their 11 days of running freedom came to an end in Arkansas.

The two were captured in Lonoke, Ark. (20 miles north of Little Rock) Tuesday afternoon at the end of a dash that had begun in Carbon Monday night when they took Baptist Pastor Bruce McNair's 1966 Buick, at gunpoint.

They were taken in the small Arkansas town, reportedly trying to "pick up some girls."

Field Deputy Sheriff Loy Williams, Eastland Policeman John Morren, Rev. McNair and Truman Bryant of Carbon left Tuesday to retrieve the preacher's car and the escapees.

Mangum and Seabourn busted through the roof of the county jail on Sunday, May 24. They were arrested in Arkansas by the state highway patrol there, and they were still in the McNair automobile. They were armed at the time, but there was no gunfight, it was reported.

The two are back in county jail facing their original armed robbery charges, and additional charges including felony jail break.

Orval Dennis Doing Part For Vietnam Education

Orval L. Dennis, son of Mrs. Vadis Parrack of Ranger, is helping carry education from the U. S. campus to the compound in Vietnam.

Mr. Dennis, a 17-year veteran in field of education, opened the 28th General Support Group Center last October, giving tests and enrolling soldiers in the United States Armed Forces Institute Correspondence Courses for all of I Corps north of the Hai Van Pass. Army educational centers at Da Nang and Quang Tri enable Dennis to develop the program more fully at his station at Phu Bai.

Enrollment includes 470 in college level correspondence and group study, 26 in high school level and 371 in MOS-related courses. An introductory course in Russian language drew enrollment of 14 students.

The enthusiasm Mr. Dennis has injected into the education center and the gratifying response is proving that formal education need not cease when an Army tour begins, according to "The North Log" U. S. Army publication in Vietnam.

Seabourn is 18 and Mangum will be 19 on June 16. Webb and Richardson, the last two remaining escapees, are still at large. A brazen armed robbery at the home of a Carbon minister Monday night was believed to have been the most recent episode in the continuing series resulting from the week of jail breaks from Eastland County Jail.

The Rev. T. B. (Bruce) McNair, pastor of the First Baptist Church, Carbon, was summoned by a knock at the front door at his parsonage home about 10:45 p. m., and greeted by a young man who identified himself as "Johnny Williams". The caller said he wanted to talk to him.

About that time, a second man appeared at the door with a rifle (guessed by the minister to be either a .22 rifle or 4.10 shotgun) and demanded an automobile.

The Rev. McNair said the two men came into the house and tied him to a bedpost and Mrs. McNair to a sofa. Getting the keys to the pastor's 1966 Electra Buick, the pair sooted Mrs. McNair's purse, getting about \$3 and oil company credit cards.

"They were pretty good to us," Rev. McNair said, but added that at one time, one of the men warned him: "If you don't shut up, I'm coming over there and hit you on the head."

Although the pastor had not seen pictures, he guessed that the armed robbers were Kendall Seabourn and Leroy Mangum, who broke out of the Eastland County Jail on Sunday, May 24. The pair were believed by authorities to have been hiding in the county since the break.

Two Carbon men found tracks at a farm home west of Carbon Monday afternoon which they believed to have been made by the escape pair. No entry had been made at the farm home which is used by its owners on weekends.

An immediate search was called and lawmen, including sheriff Deputy Loy Williams, Highway Patrolmen and others began a search for the car after Rev. McNair called police in Eastland.

JERRY BAIRD TAKEN AT PHANTOM HILL Jerry Wayne Baird, 18, one of three men who escaped from the Eastland County jail Tuesday afternoon of last week, was returned to Eastland Tuesday after his recapture Sunday night at the home of his parents at Lake Phantom Hill.

Baird was recaptured without incident after the house on the east side of the Lake was surrounded by lawmen from Jones and Taylor counties. He was unarmed when taken; and offered no resistance.

The 91st district grand jury was in session Tuesday and Baird was taken directly before the panel, County Attorney Emory Walton said.

"It wasn't very exciting," Texas Ranger Sid Merchant of Abilene, one of the arresting officers, said. "We were expecting trouble but it worked out smooth as silk." They surrounded the house about 7:15 p. m. and ordered Baird's parents to bring him out.

Taylor county officers said that Baird was rested, had on clean clothes and had eaten. They discounted his claim that he had been at his parents' home only two hours.

They were inclined to believe his statement, however, that he was in the Lake Cisco vicinity with his fellow escapees, Harvey Dale Webb, 21, of Shreveport, La., and Donald Eugene Richardson of Sweetwater, Thursday afternoon of last week when a giant manhunt failed to locate him.

Baird told them that they managed to elude the posse by hiding, running and hid-

ing charges including felony jail break.

Seabourn is 18 and Mangum will be 19 on June 16.

Webb and Richardson, the last two remaining escapees, are still at large.

Gorman Man Asks Water
Jackie D. Simpson, Gorman, has applied for a permit to appropriate state water. The Texas Water Rights Commission in Austin announced receipt of his application for the right to appropriate 40 acre-feet of water annually to irrigate 40 acres of land, and details of the plan are now under examination by Commission engineers.

Simpson has a reservoir on property located 11-1/2 miles south from Eastland and 2 miles south from Carbon, Texas. It is on Hunting Shirt Creek, tributary of Sabanna River, tributary of Leon River, which runs into the Little River and is in the Brazos River Watershed.

A public hearing will be held in Austin June 10 at 10:00 a. m. in Room 810 of the Sam Houston State Office Building, at which time the applicant and those favoring or opposing the project will be heard.

LONE STAR MARKS 60th ANNIVERSARY

Sixty years ago this week, history was made at a meeting in a small room in the Oriental Hotel in Dallas, Texas.

There the company was formed and the groundwork laid that one day would help boost the states of Texas and Oklahoma out of a wood and coal age into an industrial revolution.

The founders named the new company Lone Star Gas Company after the single star in the flag of the state in which the company was chartered on June 4, 1909, the state in which they soon would construct the southwest's first long-distance, large-diameter, natural gas transmission pipeline.

In the six decades since the company's formation, Lone Star has grown as dramatically as the area it serves.

"We've come a long way from that first 130-mile pipeline. We've had to," said L. T. Potter, chairman. "Today Lone Star's gas companies related by a common bond of product and customer service. Lone Star Gas is the parent firm and Lone Star Producing Company, Nipak, Inc. and Lone Star Gathering Company are subsidiaries."

While Lone Star Gas Company provides most of the direct gas services, Nipak, Inc., a petrochemical subsidiary, has been serving the chemical fertilizer needs of farmers and ranchers since its organization in 1964. Nipak has been shipping fertilizers to the international market and recently announced plans to manufacture polyethylene pipe for natural gas distribution use.

The producing subsidiary and divisions of the parent firm work together to insure ample gas reserves for all customer requirements. Lone Star Gathering Company, though not directly linked with the transmission and distribution systems of the parent firm, gathers Texas gas for ultimate distribution within the state.

"The company is in the best position ever to serve its customers and its shareholders," Potter said. "Our seventh decade will present fresh challenge, and we will meet it with fresh impetus."

Supporting local gas distribution is a 25,800-mile interconnected transmission and distribution pipeline system poised to handle the greatest natural gas reserves in the company's history. In many cases local supply capabilities have been bolstered through strategically placed underground gas storage reservoirs. New gas reserves have been purchased inland exploration expanded and offshore exploration begun.

"One thing is certain," Potter said. "In this dynamic area we'll never lack opportunities to grow by serving and we'll never pass up those opportunities."

Recent guests in the home of Mr. and Mrs. O. R. Gafner were Mrs. R. M. Williams and children of Greenville and Mrs. J. G. Adams and family of Victoria. Mr. and Mrs. Otto Gafner, Jr., have returned from England and are guests in the home of his parents.

Mr. and Mrs. Jimmy Martin and family of Big Lake are visiting in the home of her parents, Mr. and Mrs. W. C. Martin.

Ronald Pruet Gets Degree From U of T

On May 30, Ronald B. Pruet, son of Mr. and Mrs. C. B. Pruet of Ranger, completed all of the requirements for a Ph.D. in Economics from the University of Texas at Austin. He will graduate in August of this year.

Ronald was born in Ranger and was valedictorian in 1945 at Ranger High and worked in Ranger from 1950 to 1957 as a consulting geologist and engineer. He enrolled in 1955 in the University of Texas after completing 16 years of business and professional practice and then earned a M.B.A. degree in 1967.

The Ronald Pruet family—Ronald, Myra Sue and the boys, Ronnie, 17, Rick, 13, and Brent, 10, will move soon to Oxford, Miss., where Dr. Pruet will teach in the Department of Economics and Finance at The University of Mississippi.

Mrs. Bill Tackett Accepts Position With Bell Co.

Mrs. Bill (Wanda) Tackett has accepted the position of Service Representative for Southwestern Bell Telephone Company. She assumed her duties on Monday, April 28.

An employee of Southwestern Bell for a total of 16 years, Mrs. Tackett was employed with the company in Mineral Wells immediately prior to coming to Ranger.

A native Texas, she married Bill Tackett of Eastland, son of Mrs. E. L. Tackett of Ranger. They reside on a ranch, Hwy. 16 near Strawn. They have two children: a daughter, Michelle, 14, and a son, Bill, 2 years of age. Mrs. Tackett is a member of First Baptist Church of Strawn.

When asked about her hobbies, Mrs. Tackett flashed her infectious smile as if to say: "With a family, a ranch and a job, who needs a hobby?" She states she is happy to be in the Ranger office and anticipates many pleasant contacts and communications in day ahead.
