## Bulldog Baseball Team Enters Regional Tourney

**By TOM BRASHER**

The Ranger senior league baseball team began tournament play Wednesday night in Snyder. They were to meet

In this corner, with **COLLINS**

FACE LIFTING for Ranger came in the form of a 1-7 rain early Sunday. Farmers and ranchers rejoice as well as gardeners who could rest from watering for one whole day. Everyone hopes the encore will arrive in due time.

An old fashioned whirlwind passed the Times office on Monday afternoon traveling at speed that would indicate it might be a tax payer enroute to meet the board of equalization; going to its mother-in-law's funeral or simply seeking shade.

That word "Sreudipity" comes to the fore again. We appreciate the term a great deal more since we learned we had unconsciously practiced the art for many years — discovering things pleasant & beautiful while in pursuit of ordinary goals.

**AT HOME** — Mr. and Mrs. A. M. Ogle have been dismissed from Eastland Hospital where they were patients following an automobile accident near Carbon. They are glad to continue recuperation at their home and enjoy a visit of daughter, Patsy Hennis and children from Oregon.

**TO ODESSA** — the Times will go to Mrs. Jessie L. Toles, whose son, Alan, will be going to Ranger Junior College. Thanks, Mrs. Toles, we'll try to furnish a lot of news.

Down at Sam Houston State College, Jack Allen is braving the heat to increase his knowledge and will be all ready to go at RJC come September.

Right now, the campus looks well-nigh forsaken, except during evening classes. We made this remark and received the reply "just wait another month!" We're waiting.

**HAVE YOU** lost your little black dog? If so, why not look over on Pine St. or ask Mr. and Mrs. Goleman if it is still a guest in their home?

## Firemen, Commissioners Agree Upon Area Fire Fighting Policies

The City Commission and the Volunteer Firemen met Tuesday night in a meeting called by the firemen to consider future policies of the firemen in fighting rural fires.

Monday night the firemen received a call about a house fire in the Bullock Community, six miles north of Ranger. At the time a 1961 Ford truck which the firemen use in rural fire fighting was being overhauled and a 1941 GMC and a 1965 Chevrolet truck were at the station. Fire Commissioner Bill Marslander, said he understood there was only one truck at the station and that is the reason he did not send it out to fight the house fire.

The house, owned by Max Bratton, was totally destroyed. The Eastland Fire Department was called by the Ranger Firemen to assist in the fire. Several of the local firemen assisted the Eastland firemen but by the time the truck from Eastland had arrived at the scene, the house had burned to the ground.

Marslander again said it was a lack of communication between the two fire chiefs and himself that a Ranger truck was not sent to the fire. He further stated "We want

## Major Improvements Are Underway at Local College

One of the major improvement projects currently underway at Ranger is the Student Union Building of Ranger Junior College.

Extensive renovation of the former National Guard Armory provides a place in the spacious building for much that is essential in the life of a college student. We are indebted to Mrs. Evelyn Wheat for a tour of the building this week and we were impressed with the changes being made, we'd like to give our readers a "peek" of developments out on Highway 80 West.

Chief improvements in the new building will be the addition of a new dining area to improve meal service. Attractive portable dividers, the handwork of Barney Wheat, separates the dining area from the social and recreational space in the center of the building. These dividers are adorned with plastic floral decorations, courtesy of the 1947 Club.

The snack bar will remain open from 9 a. m. to 10 p. m. daily with short orders, candy bars and drinks available. The well stocked book store, conveniently located at right front entrance, will afford opportunity for students to purchase supplies without leaving the campus.

Spacious game rooms will afford indoor recreation of sufficient variety to forestall evenings of boredom and nostalgia. The office of the manager and living quarters for night custodian completes the carefully designed center, a building which Ranger as well as the college, may well point with pride.

It is with a sense of worthwhile accomplishment that the group of faithful workers put finishing touches on equipment and furnishings, looking forward to rendering even greater service during the 1969-70 school year.

## Ku Klux Were Active Here In Early 1922

Ranger was described as a youthful town in 1922 because, of its 10,117 population, only 1,600 were above 45 years of age. Twenty-three babies were born in Ranger in January of that year.

The Retail Merchants Association sponsored Ranger's first band which presented its first concert on Sunday, Feb. 26. The town's basketball team was making a very good showing and there were 22 High School graduates.

The society column, with Mrs. R. B. Campbell as conductor, grew into a society page, with superlatives employed in describing social functions. There were eight-course dinners, dances, card parties and the very active 100 — member Tee Pee Club.

On one occasion, party favors were cigar cutters and fly swatters.

There were thefts of "tin lizzies," fights over oil leases, explosions, floods, suicides and hijacking.

A giant step forward came in April when the "crankless" telephones were installed.

Ranger Lions Club was organized April 12, with 31

**"Best Combine I've ever used!"**  
Fagan Bays puts the Lilliston in a class by itself:

Sam and Fagan Bays, Route 1, Stephenville, Texas

"A good example of what the new Lilliston 1500 will do is the 850 bags of peanuts I thrashed in just six hours. We picked the cleanest peanuts we ever picked—and they really graded high.

"We do a lot of custom work, too, and must have peanut harvesting equipment we can depend on. That's why we use Lillistons.

"Another good thing about the Lilliston Combine is that I think it has the highest resale value on the market. I found that out when I traded my old Lilliston for the great 1968 model."

Note: Sam Bays received the coveted AMERICAN FARMER AWARD—the highest honor that can be given to a member of the future Farmers of America. Only one FFA member in 1,000 receives this honor.

Mr. and Mrs. Homer Packwood, to observe Golden Wedding Anniversary

**Homer Packwood Stobe Honorees On Sunday**

Young Miss Ellen Finto, seven years old in 1903, started the first grade at Alameda School, and promptly "fell in love" with a fellow first-grader, Homer S. Packwood, also seven.

By 1917, they had started dating and at Christmas time, 1918, Homer asked Ellen to marry him.

They were married June 29, 1919 at the Methodist Church in Ranger.

Mr. and Mrs. Homer S. Packwood will be guests of honor at a reception from

2:30 to 4:30 p.m. Sunday, August 3, in the fellowship hall of the Eastside Baptist Church in Ranger. The reception will be hosted by their daughter, Mr. and Mrs. L. D. Summers; and their grandchildren, Mrs. Vickie Summers, Mr. and Mrs. W. S. Summers, and Mr. and Mrs. Richard Maxwell, all of Ranger. Friends and relatives are invited to attend the reception.

The couple also has two great-grandsons, Lindie Maxwell, 5, and Richard Maxwell,

Jr., nine months old.

"We just thank God for bringing us together," the Packwoods said. "We have to ask for His strength and rest upon Him now as always."

They are active members of the Eastside Baptist Church, where she is chairman of the Extension Department and a former teacher in the Young People's Department.

Packwood was born in 1896 in Ranger, the son of the late Mr. and Mrs. Edward Packwood. He is retired from Lone Star Gas Company after thirty years of service.

Mrs. Packwood was born in 1896 in Chambers County, Texas and moved to Eastland County in 1900 with her parents, the late Mr. and Mrs. George Finto.

The couple lived in Ranger

until he retired, when they moved to Lake Leon.

He has a brother, F. C. Packwood of Stamford, and three sisters, Mrs. Ludie Choate, Mrs. Minnie Mosley, and Mrs. Addie Bristol. She has three sisters, Mrs. Dottie Harper of Tyler, Mrs. Jane Browning of Big Spring, and Mrs. Dan Nevillie of Fort Worth.

Some 340 persons in Eastland County under age 18 received a social security benefit for Dec. 1968.

## Construction Set to Begin On Carbon's New Water System

Construction is to begin immediately for the installation of the Carbon Water System, with the formal signing this week of a contract for construction.

The new Carbon System authorized \$130,000 in bonds, insured with the Farmers Home Administration and maturing over the next 40 years.

On hand for the formal signing were principals, giving the go-ahead for construction of two pump stations and installation of the water system. Contractor is George M. Anthon of San Saba on a bid of \$115,200. Some 110 customers are to be served initially, with a potential of about 140.

Mayor Clint Britain of Carbon said that the realization of the water system will substantially help the economy in Carbon, and it is expected that the community's economy will stabilize and grow. "Maybe in time, we can begin to think about a sewer system too," the mayor said.

Signing the 130 \$1,000 bonds was System Secretary-Treasurer Collin Campbell, as plans were finalized in the offices of O. M. Boyle, County Supervisor for the FHA, who help chart the course for the government-insured water system. FHA District Supervisor E. L. Foster of Coleman was also on hand Monday for the signing.

Others present included Mack O. Johnson of the engineering firm of Johnson and Johnson of Palestine, Attorney Ben Sudderth of Comanche, and County FHA Committeemen O. B. Rone, a Carbon native.

Carbon Councilman Floyd Woods also attended.

The Carbon System will secure water from the City of Eastland at a site near Int. 20, south of Eastland.

Other members of the County FHA Committee are Claud Fuller of Gorman and Hulon Erwin of Rising Star.

Work on the project is expected to take some 120 days.

**AT CARBON WATER SIGNING**—Principals in contract signing for the Carbon Water System are from left, front, O. M. Boyle, Mayor Clint Britain, Mrs. Alice Lawless, back, Ben Sudderth, O. B. Rone, E. L. Foster, Collin Campbell and Floyd Woods.
