

College students have voted overwhelmingly in favor of President Roosevelt—thankful that he has taken many of their professors from the classrooms.

RANGER WEEKLY TIMES

Covers the trade territory of Ranger, by being read in over 1000 homes.

VOLUME I.

RANGER, TEXAS, FRIDAY, JULY 13, 1934

NUMBER 2

GRAIN EXPERTS PESSIMISTIC OVER OUTLOOK

CHICAGO, July 11.—Grain experts, after studying the new government crop estimate, were frankly pessimistic today regarding the wheat situation.

There was spontaneous trading at the start of today's market but as the buyers' enthusiasm grew the sellers became fewer and fewer until near the close there was almost no trading.

FORT WORTH, July 11.—Wheat bids rose several cents today, reaching \$1.04 a bushel on No. 1 hard wheat.

Marjuana Crop At Dallas Large

DALLAS.—The biggest marijuana crop reported here in years was destroyed recently when officers found a carefully cultivated crop growing in a vacant yard.

The plants from which the cigarettes are made were growing seven to 12 feet high.

The cigarettes sell for 5 cents each retail, two and a half cents wholesale.

The federal government is contemplating construction of a 2,000 acre national park near here.

Large National Park Is Planned At Fort Worth

FORT WORTH, Tex.—The federal government is contemplating construction of a 2,000 acre national park near here.

The park may be developed in the Eagle Mountain area, about 12 miles northwest of Ft. Worth.

Federal government agents will come here shortly to discuss the project and look over the prospects, according to Harry J. Adams, superintendent of parks here.

The project would be carried out by the Emergency Conservation Works administration which is constructing national parks over the nation, Adams said.

Besides providing a recreation ground after its construction, the project would provide work for several hundred needy men, Adams said.

Funeral Is Held For Farmer Tuesday

Funeral services for George Gale Lassiter, 55, who died in a Ranger hospital Monday, were conducted Tuesday afternoon by Rev. K. C. Edmonds.

The decedent was born in Scooba, Miss., Oct. 9, 1878, and had been living on the Ora-B Jones farm for a number of years.

Bank Depositors To Get Refunds

WASHINGTON, July 11.—More than \$100,000,000 is being "made good" to depositors in banks closed since the start of the depression by heavy assessments on many bank stockholders, official and private figures showed today.

Lester Sterne Gets A 99-Year Sentence

BROWNWOOD, July 11.—Lester Sterne, 30, Abilene mechanic who pleaded guilty to beating and robbing two aged women at Cross Cut June 19, today was sentenced to 99 years in prison.

Killers to Die Friday, July 13

Friday, the 13th, traditional day of misfortune, will be doomsday for two slayers who will pay the penalty in gas chambers of two western states on July 13.

Joseph Behler, 36, top photo, killer of a dance hall girl, will die in Nevada's death house at Carson City, and George Shaughnessy, 19, below, auto dealer's slayer, in the Arizona lethal chamber at Florence.

Cotton Prices Set Four-Year Record

NEW YORK, July 11.—The cotton market shot ahead almost \$2 a bale today in a wave of buying stimulated by unfavorable crop reports and other bullish developments.

HOUSTON, July 11.—Houston spot cotton closed today at 12.90, the highest level since pre-depression days.

At a meeting of the Ranger school board, held Tuesday night, the following regulations pertaining to the Ranger Junior College, were acted upon favorably by the board.

Recommendations Passed By Board For Welfare of Ranger Junior College

1. Students paying on the installment plan must pay \$13.00 or one-fourth of their tuition, plus entrance fees on entrance, and the other three-fourths must be paid in three equal installments on specified dates.

2. A discount of \$7.50 per semester shall be allowed on the tuition of any full time paying student for every non-resident student (new full pay) he or she secures for the college, provided the soliciting student gets a signed statement on forms to be furnished from each such student that the solicitor induced him to attend Ranger Junior College.

3. In addition to this plan for securing students, Mr. Holloway shall be designated director of the summer solicitation work, and 75c shall be allowed for first visits and 25c for second visits for soliciting by Mrs. Healer or Mr. Von Roeder.

4. Definite steps shall be taken by the bus committee subject to final approval of the Board toward operating a bus from Gorman through Carbon, Eastland and Olden.

5. Arrangements shall be made to operate a girls' co-operative dormitory in the Revis apartments building if demand justifies and it can be operated on a self-sustaining basis and bring in some proceeds to the school.

6. A committee shall be appointed from the Board and Chamber of Commerce to solicit jobs whereby students may pay half or all of their tuition or room and board.

7. A committee shall be appointed to operate a girls' co-operative dormitory in the Revis apartments building if demand justifies and it can be operated on a self-sustaining basis and bring in some proceeds to the school.

8. Arrangements shall be made to operate a girls' co-operative dormitory in the Revis apartments building if demand justifies and it can be operated on a self-sustaining basis and bring in some proceeds to the school.

9. Arrangements shall be made to operate a girls' co-operative dormitory in the Revis apartments building if demand justifies and it can be operated on a self-sustaining basis and bring in some proceeds to the school.

Ranger's Future Farmers to Meet

The Future Farmers of the Ranger high school will meet Tuesday, July 17, at 8 p. m., in the agricultural room of the high school.

The encampment is held at Cisco and will be Aug. 6-8. This chapter should be able to gather enough boys together to win the encampment prize which will be a chapter pass to the State fair, given by the Texas & Pacific railway.

Contest preparations will be made Tuesday evening. Boys will be selected for the various contests. The following is a list of the contests: The best agriculture student contest, the best Future Farmer contest, playground ball, water polo, swimming and diving, washer pitching, horseshoe pitching, boat tilting, boxing, pole fighting, wash tub boat racing, greasy pole walking.

All you aggies turn out and let's have a real, honest-to-goodness meeting. Let's get acquainted. Let's go to Cisco and then to the fair.

Allred Decision Is Negroes Can Not Vote In Primary

DALLAS, July 12.—Attorney General Allred in an opinion handed down today held that "negroes are not entitled to vote in coming democratic primaries."

The opinion, addressed to D. B. Wood, Williamson county attorney, was in answer to inquiries from election judges, party officials, candidates for office and negroes themselves, Allred said.

Girls' Camp Has Own Beauty Expert

KERRVILLE.—The girls at Camp Waldemar near here go most of the way back to nature in the matter of clothes while sunbathing and otherwise disporting themselves in the outdoors.

But when it comes to their treasures they insist upon retaining the mode of civilization.

The camp, which has nearly 200 girls enrolled from seven states, has added a professional beauty salon operator to its "facilities."

Permanent waves now vie with Gualadulpe river waves at swimming time.

Cotton Reduction Aids Dove Hunters

EL PASO, Tex.—The federal government's cotton acreage reduction program is helping Texas dove hunters as well as farmers, according to reports here.

The reduction plan has increased the number of doves that will be available to hunters next season.

Acres taken out of cotton has been placed in grain or other food crops. This will cause doves attracted by the grain to remain in the valley regions instead of going elsewhere for food.

Eastland Company Granted a Charter

AUSTIN, July 11.—Chartered: Bristol Corporation, Eastland; capital stock \$10,000; incorporators, A. H. Furse, J. L. Cottingham, T. B. Harris.

STOLEN CAR RECOVERED

Eastland county officers Saturday recovered six miles east of Eastland a car stolen July 5 in Abilene belonging to E. E. Hall of that city. The car was concealed in brush off the road.

CANDIDATES TO SPEAK

Candidates for representative from the 104th and 107th districts have speaking engagements for Pioneer Friday night and Cleo Saturday afternoon. Monday night they will speak at Flatwood.

County Dry Forces To Meet On Friday

County Chairman J. L. Roden and central committee of the prohibition forces for Eastland county have called a meeting at the First Baptist church, Eastland, Friday evening, July 13, at 8 o'clock.

Parental Aid Points Youth to The Right Path

CHICAGO.—When Johnny wants a saxophone get him one. Let the blue notes waft unrestrained because Mrs. Elizabeth Burford, child psychiatrist, believes that after all a saxophone is better than a revolver.

Mary, the daughter, perhaps she wants a little more love and understanding. Let her boy friends call at home.

Experience gathered from the thousands of cases handled has taught Mrs. Burford that the boy or girl whose aspirations are met with parental opposition sometimes grows into a law breaker.

She is an attache of the Illinois juvenile research department and stationed in the University of Chicago area.

A complete understanding between children and parents is a fundamental necessity if a child is to grow up to be a good citizen.

Often times the unwanted baby develops criminal tendencies her records show. A child usually acts as it is expected to act and if parents are sure they have a foetus or a murderer in the making it is apt to occur that way.

To be happy and make others happy, Mrs. Burford believes the child needs:

Physical and mental health. To be wanted and loved. Decent surroundings. Educational and vocational opportunities. Music and art. Good neighborhood surroundings. Religion.

Drouth Robbed Farmers of Millions

WASHINGTON, July 11.—The drouth has robbed western soil of \$216,000,000 bushels of wheat and wheat farmers of \$162,000,000 analysis of agriculture department crop reports showed today.

The only income of many farms this year will be AAA benefit money, paid for acreage limitation, which the drouth made insignificant. They will get nothing from the sale of their crops because they have nothing to sell.

A small number of producers will benefit from the drouth and shortage which have caused a price boom.

Cotton Reduction Aids Dove Hunters

EL PASO, Tex.—The federal government's cotton acreage reduction program is helping Texas dove hunters as well as farmers, according to reports here.

The reduction plan has increased the number of doves that will be available to hunters next season.

Acres taken out of cotton has been placed in grain or other food crops. This will cause doves attracted by the grain to remain in the valley regions instead of going elsewhere for food.

Eastland Company Granted a Charter

AUSTIN, July 11.—Chartered: Bristol Corporation, Eastland; capital stock \$10,000; incorporators, A. H. Furse, J. L. Cottingham, T. B. Harris.

STOLEN CAR RECOVERED

Eastland county officers Saturday recovered six miles east of Eastland a car stolen July 5 in Abilene belonging to E. E. Hall of that city. The car was concealed in brush off the road.

CANDIDATES TO SPEAK

Candidates for representative from the 104th and 107th districts have speaking engagements for Pioneer Friday night and Cleo Saturday afternoon. Monday night they will speak at Flatwood.

SENATOR CONNALLY IN SPEECH AT EASTLAND WARNS PEOPLE THAT RECOVERY NOT COMPLETE

Tom Connally, Junior United States Senator from Texas, who spoke in the county Monday in the interest of his campaign for re-election to a second term.

Senator Tom Connally of Marlin brought his campaign for re-election to the voters of Eastland county in a speech delivered from the east side of the courthouse lawn in Eastland Monday afternoon.

President Roosevelt and administration leaders with the National Recovery program, his time for campaigning is limited and the speech at Eastland was the only appearance he will be able to make in the county before the primaries.

Senator Connally, accompanied by his son, Ben, and a number of newspaper men, reached Eastland about 2:00 p. m. They were met by a delegation of Eastland citizens, which included Judge Milburn McCarty, who had charge of the speaking arrangements.

He expressed regret that the shortness of the time remaining until the primary on July 28 made it difficult to cover so great a State as Texas, but that Congress had only recently adjourned and he felt that it was right that he should remain at the post of duty to which the people had assigned him even though some who were fighting him had been busy in Texas for weeks and months.

Reviewing the achievements of President Roosevelt's New Deal, the Senator reminded his hearers of 5-1-3 cent cotton in March, 1933; of wheat at the lowest price since the days of Queen Elizabeth; of all the banks closed throughout the land, and contrasted those conditions with the prices of farm products today, with a banking structure that is the soundest it has been in 20 years.

Recovery Not Completed

The task of recovery has not been completed, he agreed, and pledged that he will continue to uphold the President in bringing prosperity to the masses.

"These policies of President Roosevelt are being assailed. The Republicans are coming out of the bushes and some Democrats in both houses are joining them," he warned, quoting a news article which told of anti-administration plans, and stated that the faces of Roosevelt would have large campaign funds.

"Men are needed in Washington to support our President, the greatest friend of the forgotten man who has occupied the White House in 25 years, and I pledge you my continued advocacy of the great principles to bring recovery to the plain people of America."

Stopping in Mineral Wells for luncheon, Senator Connally met a number of friends and was assured that Palo Pinto County will give him a substantial majority.

Senator Connally went from Eastland to Brownwood, where he spoke Monday night to a large audience and where he was assured that Brown county voters would be in the Connally column when the votes are counted on July 28.

Blanton Makes 6 Speeches In Day

HAMILTON, Tex., July 11.—Congressman Thomas L. Blanton spoke here last night on the court house lawn to a large crowd. It was Blanton's fifth talk for the day.

Monday Judge Blanton spoke at De Leon, Gorman, Carbon and Rising Star. At each place he was greeted by large audiences.

Blanton Makes 6 Speeches In Day

HAMILTON, Tex., July 11.—Congressman Thomas L. Blanton spoke here last night on the court house lawn to a large crowd. It was Blanton's fifth talk for the day.

Monday Judge Blanton spoke at De Leon, Gorman, Carbon and Rising Star. At each place he was greeted by large audiences.

Other towns in the county and many of the rural communities have informed the club that they were sending delegations to the speaking.

Frank Sparks is in charge of all arrangements for the speaking which will be held on the south side of the courthouse lawn. The speaker will have his own sound amplifying equipment.

The speaking is to be at 8:30 p. m.

Blanton to Speak Here On Friday

Thomas L. Blanton, congressman from the 17th congressional district and candidate for re-election, will speak in Ranger Friday night at 8:00 o'clock, it was announced today by the Eastland County Blanton-for-Congress Club.

The speaking in Ranger will be held on Rusk street between Main and Walnut streets. Judge Blanton will have his own loud speaking equipment with him in order that everyone may be able to hear.

Since the adjournment of Congress, Congressman Blanton has been covering his district, making between four and five talks daily and his talk in Ranger Saturday night will follow another full day of speeches.

Reward Offered For Recapture of Escaped Convict

AUSTIN, July 12.—Gov. Miriam A. Ferguson today offered a \$300 reward for the capture of Ed (Perchmouth) Stanton, condemned murderer who broke out of the Lubbock jail June 24.

The reward specified delivery of the fugitive to any sheriff in Texas or to the warden of the state penitentiary.

Globe Putting On July Clearance Begins Saturday

Again, as in the years past, the Globe is putting on a July clearance sale, starting Saturday, covering the entire store in real price reductions. Price cuts amounting to from 20 per cent on the majority of items to more than 60 per cent on a few.

For instance, they have one case of 20 suits in men's sizes that cost, several months ago, from \$25 to \$35, and which the Globe is offering in this sale for only \$8.95.

The bargain quoted above is indicative of the many others that will be found in their advertisement on another page of this issue.

A sound reason for such drastic cuts in prices is given by Mr. Perlinstein and Mr. Bendix who say that after merchandise has been in stock a few months and the height of its season is at hand it is best to reduce the price and let the customer have it then when it can be worn and take the money received and buy goods for the incoming season, thus keeping the very latest clothing at all times.

MANAGER NOW PROMOTER

KANSAS CITY, Mo.—Manny Schuppan, former manager of the Perlick Twins, has entered the fight promotion business here after a retirement of several years.

Schuppan, well known in boxing quarters throughout the east, particularly in Detroit and Chicago, has taken over the International Arena and will handle fights.

ORDERS GIVEN TO INDUSTRY ABOUT CODE

WASHINGTON, July 12.—The national recovery administration today gave American industry blanket order to abide by blue eagle rules—and 30 days to make up its mind.

Four courses open to business yet unmodified: 1. Come under an existing code in the time limit. 2. Produce new and satisfactory codes in the time limit. 3. Join under a new blank code for small industries. 4. Be stubborn and take chance of having a code imposed at hearings for industries which "appear to be abhorring abuses for labor."

The new orders, signed by Administrator Johnson before he flew west for a combined speaking and vacation trip, virtually completed organization of NRA and codification of industry.

BANKER AND TWO BANDITS DIE IN BATTLE

GROVE, Okla., July 12.—Two unidentified bandits who robbed the bank of Ketchum today, an President Ealum Gregory of the looted institution, were shot and killed when Gregory overtook the bandits near Grove a few hours later.

After the bandits had released Luther Gregory, cashier of the bank, the president, who was with the senior Gregory and two possemen in close pursuit, the Gregory overtook the outlaw as they stopped to change horses.

The robbers opened fire. Gregory died instantly. His two companions returned the fire with hail of lead from sawed-off shot guns. The slain outlaws were a badly mutilated identification had not been made. The loot was recovered intact, though the amount was not determined.

Church of Christ At Olden to Hold Series of Meetings

The Church of Christ of Olden announces the beginning of a series of gospel meetings tonight Friday, July 13, to last through and including Sunday night, the 21st, at the Church of Christ tabernacle just two blocks east of the Central Pharmacy.

Brs. E. B. Linn, minister of the church at Ontario, Calif., is to do the preaching, who needs no introduction, having served as minister of this congregation during 1932-33.

Everyone has a special invitation to attend each and all of these, both morning and evening. The exact time of each will be announced later.

Annual Barbecue And Picnic At Colony July

The annual barbecue and picnic of the Colony Baseball club will be held at the baseball grounds in the Clarence Stuart pasture at Colony, Saturday, July 21st.

This annual affair is not open for profit, only to pay expenses and also to pay for equipment for the Colony Baseball club.

The various candidates for county, district and state offices are invited and will have a special program for the occasion.

Nineteen Absentee Votes Cast Up To Wednesday N

Nineteen Eastland county voters had indicated their candidates in the July primary casting absentee votes up to Tuesday noon, according to county clerk T. M. Collier. The had been cast since Sunday first day absentee voting permissible.

Six of the absentee votes cast by Eastland voters.

ORDERS GIVEN TO INDUSTRY ABOUT CODE

WASHINGTON, July 12.—The national recovery administration today gave American industry blanket order to abide by blue eagle rules—and 30 days to make up its mind.

Four courses open to business yet unmodified: 1. Come under an existing code in the time limit. 2. Produce new and satisfactory codes in the time limit. 3. Join under a new blank code for small industries. 4. Be stubborn and take chance of having a code imposed at hearings for industries which "appear to be abhorring abuses for labor."

The new orders, signed by Administrator Johnson before he flew west for a combined speaking and vacation trip, virtually completed organization of NRA and codification of industry.

The order created the blanket code, intended to end abuses in virtually all of industry operating outside of NRA. Most business affects are small ones.

COTTON TEXTILE INDUSTRY MAKES NEW HIGH RECORD

Now it is announced that the cotton textile industry looks back with pride upon its accomplishments since June 27, 1933, when it submitted its code of competition and embarked upon the administration's drive to spread employment and boost purchasing power by cutting hours and raising wages. George A. Sloan, chairman of the textile code authority, placed the achievements of the first year of operation under NRA before the American public for instance; first to abolish child labor; first to submit code and thus set the example for nearly 500 factories and mills; a 40 per cent increase in employment, and a 78 per cent jump in payroll as outstanding contributions to the recovery campaign of the New Deal administration.
 Chairman Sloan sounded a warning. He cited tremendous increases in the price of raw materials, and growing apprehension on the part of the business managers over the trend in recent legislation as factors disturbing the industry. In addition, he said labor had become increasingly militant in demand for higher wages and shorter hours than the code at present provides.
 Think of it. In a year of the textile code method child labor was abolished, there was a 40 per cent employment boost and wages up 78 per cent. Now why shouldn't the textile industry "look with pride upon results"? And why shouldn't the chairman of the industry sound warnings as to "the dangers ahead?"

The advertising columns of this newspaper are a gold mine of opportunity for you.

Reading newspaper advertisements is not only profitable but also educational.

Gold and silver and monetary standards are causing many a headache in various countries of the world.

All public officials should be above suspicion and beyond reproach—also approach.

Reasons to Be Proud Are Listed

BOONVILLE, Mo.—It seems the United Spanish War veterans have plenty of reasons to be proud of participation in that war, according to a list furnished by Hugh L. Stephenson, commander of the department of Iowa, 1932-33, and revealed at the thirtieth annual encampment, department of Missouri, here recently.
 Excerpts from Stephenson's list, showing why he believes a veteran of the Spanish-American war should be proud of his participation:
 It was America's first "war for humanity."
 It was America's only 100 per cent volunteer army.
 It was the only war in history that paid dividends.
 It was the U. S.'s first campaign fought on foreign soil.
 It marked industrial reconstruction of the South.
 It furnished every commander for the U. S. in the World War.
 It was the U. S.'s first campaign fought on foreign soil.
 It marked industrial reconstruction of the South.

OLD MOTHER NATURE MADE HOLE IN ONE

NEWPORT, Vt.—Mother Nature made something like a hole in one at the Newport Country club here. In a storm the roof of a 50-foot veranda was whisked off, flew over the clubhouse, and landed 100 feet away. It cost \$200 to repair the resultant hole.

CROWS COME BACK

BIG LAUREL, Vt.—Although no one seems to know why, crows are in evidence here for the first time in 12 years. They used to be a major pest, then unexpectedly departed, to return after a long absence.

OREGON LICENSES WINERY

HILLSBORO, Ore.—The state today again has a licensed winery. The new plant will turn out 2,100 gallons daily.

Dillinger is yellow, says a former convict who knows him, and the bandit will surrender when surprised. But how to surprise him!

Social Plans One Objective of TVA

By DR. ARTHUR E. MORGAN
 Chairman of the Tennessee Valley Authority (Written for the United Press)
 KNOXVILLE, Tenn.—In most American cities there are at least four times as many merchants as necessary. One-fourth the merchants in most towns would serve the public well. They all are good citizens, but I would have more variety in good citizenship instead of so much repetition of a single type of service.
 "I have lived in a town where there are 1,600 people; that town had about 16 merchants. If we had five merchants, and also had a man giving some thought to the boys and girls, somebody looking after health, and someone developing a program of recreation, it would be a better balanced town. There would be a greater variety of good citizens in more fields. It would seem the part of wisdom to train people for many different fields of activity.
 In the Tennessee valley, as in many other parts of the United States, there is very great over-production of lawyers, storekeepers, teachers, real estate men, and certain other standard callings, whereas many other necessary works is left entirely undone. One of the problems of social and economic planning is the better balancing of occupations and the helping of young people to see fields in which they might better work. For instance, the prevention of soil erosion would provide careers for a number of young engineers. Irrigation for special crops would provide careers.
 The development of local forests for small communities would provide a calling for a considerable number of young men. Community recreation is now on a purely commercial basis.
 In these and in numerous other instances there is opportunity for the young people of the Tennessee valley to find callings which will make it unnecessary for them to live in idleness. To furnish guidance for young people in this respect is an element of social planning.
 Because jobs on the Norris dam go to the local unemployed primarily, the authority is working four shifts of 5 1/2 hours each, thus employing twice as many workmen as would otherwise be required. These men, mostly from the neighboring hills where the soil is reluctantly productive, are offered 33 hours work a week, with the opportunity to benefit themselves

Eastland Woman Died Mon. Night

Word has been received in Eastland of the death Monday night at Mayo Bros' hospital at Rochester, Minn., of Mrs. W. H. Taylor, for 15 years a resident of Eastland. Mrs. Taylor had gone to Rochester a few weeks ago for an operation, but her condition was such that the operation had not been performed at the time of her death. She had been ill for a long time.
 The body will be taken to the Taylor family home at Columbus, Ohio, where funeral services will be held Friday afternoon followed by burial there.
 The decedent is survived by her husband and three daughters, Mrs. K. F. McManus of Iowa City, Ia., who accompanied her mother to the sanitarium; Mrs. L. H. McEwen, and Mrs. Dick Phillips of Eastland.
 Mr. and Mrs. McEwen left Wednesday morning for Columbus, but Mr. and Mrs. Phillips have a newly arrived infant and due to this fact were not able to make the trip to Columbus.
 The family requests that their Eastland friends do not send flowers to Columbus.
 It's the boy who takes the initiative in love affairs, says Prof. Robert Wray of Pennsylvania State College. But let them just start, and the girls will take care of the rest.
 Here Senator Borah denounces the Democrats for fostering monopolies and the Republicans for

Political Announcements

This paper is authorized to announce the following candidates for office, subject to the Democratic Primary Election, July 28, 1934:
 For County Judge: W. D. R. OWEN, CLYDE L. GARRETT
 For County School Superintendent: CLAIRBORNE ELDRIDGE, T. C. WILLIAMS
 For County Treasurer: JOHN WHITE, MRS. MAE HARRISON, MRS. (FRANCES) THORNTON COOPER
 For Sheriff: VIRGE FOSTER
 For Representative, 106th District: GEORGE A. DAVISSON, Jr., E. A. RINGOLD
 For Representative, 107th District: D. L. (Donald) KINNAIRD
 For Constable, Ranger Precinct: W. A. HAMMETT
 For Commissioner, Precinct No. 1: HENRY DAVENPORT, V. V. COOPER

not doing anything about it, and he's a monopoly all by himself.

Kerrville Family Follows the Leader

KERRVILLE, Texas.—It may be a case of follow the leader. At any rate, one Kerrville household became unusually prolific one recent week. The housewife gave birth to a child, the cat had a litter of kittens, the dog delivered an assortment of puppies and the family cow had a calf.

Hot Springs Girl Hailed as Prodigy

HOT SPRINGS, Ark.—Hailed as one of the outstanding child prodigies of the age, little Janet Grant, 8, of Hot Springs, has been invited to appear in recital in Washington by the International Art Forum.
 Janet spurns jazz, concentrating on the music of the masters. At 4 1/2 she played Beethoven. At 5, she mastered Bach's compositions. She is a master of both violin and piano, performing on both with amazing technique. Despite

ATOM MATERIALS STUDIED

ATHENS, O.—A study of the action of materials within an atom, made by use of an X-ray, is being carried on in Ohio university laboratories here by Dr. L. M. Heil and J. E. Edwards, of the department of physics.

Ward Presents New Soap Line In 3-Day Sale

Visitors to the local Montgomery Ward store this week will be amazed to see what an interesting show this organization has been able to make out of such a prosaic thing as soap! For three days beginning July 10th all nine members of the Ward family of soaps, from the mildest purest of baby soaps to the very utilitarian laundry soap, will hold the spotlight in a special introductory showing and sale!

Smartly Packaged
All of these Ward products have been smartly packaged in the most modern manner. Indeed, they present such an attractive appearance when assembled in one display as they now are in one of the local store's windows that it is difficult to pass the store without being intrigued to the point of stopping. Difficult for everyone except small boys to whom the very mention of "soap" is traditionally most distasteful.

A Complete Line
These soap products are produced exclusively for Ward's by some of America's leading manufacturers of famous soap products. Every soap in the Ward line is the result of months of painstaking laboratory experiment in Wards completely equipped Bureau of Standard's Testing Laboratory and every one of these soaps has passed the severest kind of tests for quality, purity, and general excellence. Included in the family are the following "members": Wards Flakes, Wards Chips, Wards Naphtha, Wards White Floating, Baby Soap, Health Soap, Cold Cream Facial, and last but by no means least Wards Hardwater Soap which produces a rich, creamy lather in even the hardest of waters. All of these soaps are selling for far below their usual prices in this introductory sale. The toilet soaps are offered at 3 cakes for 12 cents or 12 cakes for 39 cents (they can be assorted to suit the customer's fancy). The Soap Flakes and Chips are specially priced at two large boxes for 25 cents, which is considerably below the regular price.

KOKOMO

Everyone appreciated the nice rain which fell here last week. Miss Allene Rodgers has been visiting relatives in Arkansas. A few of this community attended the singing at Okra Sunday and reported good singing with lots of dinner for the large crowd present. Miss Eunice Timmons is visiting relatives in Coryell county. Miss Betsy Neely has been visiting her uncle, Lon McDonald and family. Joe McNeely and wife and Mr. and Mrs. Buddy Lovell attended church at Lone Cedar Sunday. There was quite a number of people out for the candidate speaking Saturday night. Bonnie Rodgers visited Dell Hagar Sunday. Mrs. Lela Leach has been visiting Mr. and Mrs. Bill Leach and family. Uncle McDonald, who underwent an eye operation at the Blackwell Hospital in Gorman is slowly improving. Edna Everton is visiting her sister, Mrs. Charlie Goodwin and family, of Lone Star. Mr. and Mrs. Luther Hendley and family are visiting relatives in the West. Lois, Alta and Luna Lee Everton attended church in Ranger Sunday night. Miss Faye Norris visited her brother, Mr. and Mrs. George Norris Saturday night. Saturday night, Sunday and Sunday night are Rev. Conway's appointments. Everyone is invited to these services. Mrs. H. H. Rodgers has been on the sick list. Mr. and Mrs. Buddy Eaves and family, and Mr. and Mrs. Jess Hendricks spent Sunday with Mr. and Mrs. Richard Eaves of Staff. The most of the farmers are still busy in their crops.

Sports writers have praised Garner for not staying down for the count of nine. Maybe he couldn't count that high.

FALL TERM, SEPTEMBER 3rd

farmers over the county have cut their dried corn and used it hay for their stock.

STAFF

Special Correspondent
Mr. and Mrs. Walter Duncan attended church services at Lone Cedar last Sunday afternoon. This part of the country was visited by a fine rain last Friday afternoon. The farmers are busy this week planting feed and gardens. Mr. and Mrs. M. O. Hazard, Maurice Hazard, Mrs. Pearl Bourland, Mr. and Mrs. Hugh Carlson, Mr. and Mrs. O. L. Pollard, Mr. and Mrs. Frank Williamson, and P. C. Williamson Jr., Terrell Williams and J. M. White were among those who attended the revival services at Olden last Sunday evening. Mr. and Mrs. M. O. Hazard were calling on Mrs. Loss Woods of Eastland on last Saturday morning. Mrs. Woods is ill and has been confined to her bed for the past several days. We wish for her a speedy recovery. Mrs. Arthur Lawrence, who recently underwent an operation at the Blackwell hospital at Gorman, returned to her home last Sunday morning, much improved. We hope she will soon be able to be up and about again. Mr. and Mrs. O. T. Hazard attended the singing convention at Okra last Sunday. Mrs. John Blackwell has been ill for the past several weeks and has been confined to her bed. We wish for her a speedy recovery. Mr. and Mrs. Sam Fonville and small son, Jimmie, were visitors in the home of Mr. Fonville's parents.

Today's Live News For Fat Folks

3 Great Letters Read Them All
From all over the country—north—south—east—west come letters of praise for the world's safe and healthful enemy of fat—don't miss these 3 letters.
"I am using Kruschen Salts on advice of my Doctor. Have used three bottles and lost 15 lbs. and gladly recommend it to all my friends." Mrs. G. W. Bryant, Foxboro, Mass., 1934.
"I am using your Kruschen Salts for constipation and reducing. Have taken 3 jars and have lost about 20 lbs. I can recommend it to be great." Miss A. J. Barber, Pineville, Ky., 1934.
"I have taken 3 bottles of Kruschen. I weighed 256, I reduced 56 lbs., and felt better each day, have got my 4th bottle." Ed Jordan, Leven, Ariz., 1934.
If you are proud of your double chin and bulging abdomen don't take Kruschen Salts. Ed Jordan made up his mind to take off 50 or more pounds of fat—and he did—Ed was sick and tired of lugging it around with him—persistence won for Ed as it will for any fat man.
A half teaspoon in a glass of hot water, before breakfast every morning—get Kruschen at Paramount Pharmacy or any druggist.

LONE CEDAR Beneficial Rains Fall Over County

Rains in Eastland county which were pronounced as spotty by County Agent J. C. Patterson, were of benefit to several localities in the county, the farm agent said Saturday. Precipitation in Eastland, as measured and recorded by official weather observer, J. A. Beard, was .72 inch. Reports from over the county to Patterson were to effect that Staff received rain which will benefit stock. Ranger and immediate vicinity were recipients of rain which will aid late cotton and practically all portions of the county which did not receive heavy rains will have temporary benefit. Patterson states that the prolonged dry spell has ruined chances of a successful peanut crop in some portions of the county and

Ina Drake spent the week-end with her aunt, Mrs. H. Brashears. Mrs. Ola Fig of Millsap spent the Fourth with relatives. Mr. and Mrs. Kenneth Falls visited his mother, Mrs. Maude Falls of Eastland, Friday evening. Dr. A. K. Wier is repairing his ranch house, which he recently purchased from Len Hightower. The party which was given by Mr. and Mrs. Billie Ogden Friday night was attended by a large crowd. Geraldine Smith visited Imogene Powell Friday.

CARD OF THANKS
We wish to express our thanks and appreciation for the lovely flowers and many deeds of kindness shown us during the illness and death of our beloved husband and father.
Mrs. E. M. Jennings and family.
During all this time in Germany, did you know that a new president was elected in Mexico—and quietly, too?

Mr. and Mrs. J. L. Fonville of Desdemona, last week-end. Buster Hazard and family of Graham were visiting with relatives in this community last week-end. Mrs. Bill McFadden of Olden was calling on her sister, Mrs. Allen Crosby, last Monday. The farmers of this community have finished threshing their grain and some are turning the soil, making preparations for planting another crop.

Eastland Personals

Mr. and Mrs. A. F. Pullig, son and brother of Robey and Mrs. Allie Campbell and children of Carion spent last week with Mr. and Mrs. C. M. Nordis and family of Flatwood. Mr. and Mrs. Ross Flesher, Herbert Era of Alamo and Mrs. Mary Boyet of Brownwood spent the week-end at the guests of Mr. and Mrs. D. K. Williamson, University Heights. A Virginia gardener crossed an onion and a cabbage, for those who don't know whether to order liver or cornbeef.

THE WHOLE COUNTRY HAS GONE "G-3"

MARVELOUS NEW "G-3" GOODYEAR ALL-WEATHER

Tremendous welcome—huge sales—follow announcement of sensational new Goodyear tire—keeps us and factory on jump—Users say "43% more non-skid mileage" understates it.

Look What You Get—No Extra Cost: 43% More Miles of real non-skid safety... Flatter Wider Tread... More Center Traction (16% more non-skid blocks)... Heavier Tougher Tread (average of 2 lbs. more rubber)... Superwist Cord Body (supports heavier tread safety)

We've never seen the equal of it—the way car owners have flocked in, looked, listened, bought new G-3's these last ten weeks—and it's the same everywhere we hear. What's more, people who got G-3's months before the public announcement, report it's better than claimed! They cite mileage records to prove they're getting better than the 43% more non-skid mileage averaged by Goodyear's test fleet. Buy no tires until you let us show you this wonderful new Goodyear All-Weather which gives so much more safety and service without costing you a cent extra!

Sure, we have Goodyears at ALL Prices! Because Goodyears are the largest selling tires, you get more for your money no matter what you pay.

Penney's RANGER, TEXAS J.C. Penney Co. Inc.

LACASA

Everyone certainly appreciated the rain that fell last Friday afternoon.

Several attended Sunday school Sunday morning. Everyone enjoyed the lesson exceedingly.

Mrs. Jim Jackson is spending this week with her mother and father, Mr. and Mrs. H. H. Templeton of Necessity.

Mr. O. Suddreth and children, Mrs. Ida Raney and little son, and Mr. and Mrs. H. L. Carraway enjoyed eating ice cream in the home of Mr. and Mrs. J. A. Caraway Monday afternoon.

The W. M. S. ladies met at the church Monday afternoon. Mr. and Mrs. Webster Mitchell spent most of last week with her mother, Mrs. Ida Raney.

Mrs. Ida Raney, Mrs. Dial Raney and little son and Nolle

ney visited in the home of Mr. and Mrs. H. H. Templeton Monday afternoon.

Mrs. J. M. Ware took two loads of oats to Ranger Monday. Dial Raney began breaking his land Monday.

Mr. Frank Bargaley hauled oats to Ranger Monday.

Miss Nettie Suddreth entertained several of her friends with a dance given in her home Saturday night. Everyone had a splendid time.

DONKEY BASEBALL POPULAR

BOONEVILLE, Mo.—Negotiations have been completed by the local Kiwanis club and the American Donkey Baseball association to present the newest sport—donkey baseball—here for three days this summer. The games will be played under floodlights. All players are to be mounted on the beasts during the game except the pitcher and the catcher.

Thrill Hunter!

Buck Jones in "The Thrill Hunter," which comes to the Columbia Theatre Saturday.

Hassen Summer Clearance Sale Begins on Friday

L. P. Lewis, who is conducting the summer clearance sale for Hassen Co., Inc., has everything in readiness for the big opening Friday. An unusual feature of this sale is that there is no opening hour with its attendant rush, push and jam at the doorway to be the first inside. The sale is on when the buyer gets to town and it is a mighty sale.

When a store gives bargains like these! One pound of sugar for one cent, with each dollar spent, or one bar of P. & G. soap for one

cent, with each dollar spent, it is very evident they mean business and really have their mind made up to sell merchandise and look up the price later.

There are sales everywhere this month and it will pay the buyer to look in at them all and stock up where the price is the lowest and the goods the best—when that is done and the careful buyer reads

all the ads with the intention of saving money, Hassen's will wait on lots and lots of customers.

Hitler gave each of his wives a three-minute hearing, but nothing much was heard from them.

WASH OUT 15 MILES OF KIDNEY TUBES

Win Back Pop...Vigor...Vitality

Medical authorities agree that your kidneys contain 15 MILES of tiny tubes or filters which help to purify the blood and keep you healthy. If you have trouble with low frequency bladder passages with scanty amount of urine burning and discomfort, the 15 MILES of kidney tubes need washing out. This danger signal may be the beginning of serious backache, leg pain, loss of pep and vitality, swelling up, headache, appetite loss and other, rheumatic pains and diseases. If kidneys don't empty 4 times every day and get rid of 4 pounds of waste matter, your body will take up these poisons causing serious trouble. It may knock you out and lay you up for weeks or months. Don't wait. Ask your druggist for DOAN'S PILLS... a doctor's prescription... which has been used successfully by millions of kidney sufferers for over 40 years. They give quick relief and will help to wash out the 15 MILES of kidney tubes. But don't take chances with strong drugs or so-called "kidney cures" that claim to fix you up in 15 minutes for they may contain drugs and irritants which damage the kidneys. DOAN'S PILLS... the old reliable remedy that stands on "deeds" or facts. Buy your drug. Be sure you get DOAN'S PILLS... your druggist. © 1934, Fagan-Milburn Co.

ESDEMONA

cover, principal of De-cannar school, came in from Hobbs, N. M., where he is working for the Humble Oil & Refining company. He and his wife and son, Calvin, drove down to Proctor and spent the Fourth with relatives and on Thursday he went back to Hobbs.

Mr. and Mrs. Ellis Rouse returned Friday from Freer where he had worked a few weeks for an oil company. He is now working for the Skelly company. Mrs. Rouse is working a few hours a day at the Sanitary market.

F. M. Black came home Wednesday from Houston where he works for the Humble Oil & Refining company. He will stay two weeks with his parents, Mr. and Mrs. L. Black.

Mr. and Mrs. M. P. Williams drove up to Ranger Saturday afternoon.

Rev. and Mrs. Sherrod Stover of Cleburne were guests of their parents, Mr. and Mrs. S. T. Stover, from Friday until Sunday.

Mrs. Jeff Walker and four children, Paul, Loyd, Jack and Betty, went to Dublin Saturday to spend a week with Mr. Walker's parents. Mrs. Walker went especially to see an aunt from West Texas who was visiting in Dublin. Mrs. Walker was left an orphan when a child and this aunt had reared her.

County School Superintendent R. E. McGlamery and wife of Cleburne were guests of Mr. and Mrs. W. E. Barron Sunday. Mr. McGlamery talked at the Methodist church Sunday morning, giving a most interesting account of the meeting of the general conference at Jackson, Miss. He was one of the delegates from Central Texas conference. At the evening hour the members of the missionary society rendered a good program and Mrs. McGlamery, who is publicity superintendent for the missionary conference, gave a splendid talk.

Mr. and Mrs. Robert Snow, a recent bride and groom who have lately taken an apartment at the Bedford hotel, spent Sunday with his parents at DeLeon. On Monday night they went with her parents, Mr. and Mrs. "Slim" Adams, to the picture show at DeLeon.

Rev. Z. L. Howell and family spent the week-end at a little town in Ellis county at a home-coming. Rev. and Mrs. Howell were reared in that community and he had been asked to preach there Sunday to the crowd that would enjoy hearing one who had started his life work there.

The many friends of Weldon Rushing, who is working for the Humble company at Arp, will be glad to know that he has received a promotion though he has been with the company only a month.

Dr. J. M. Wright and M. P. Williams went up to Eastland Monday afternoon to hear Senator Tom Connally speak in the interest of his campaign for re-election.

Mr. and Mrs. C. M. Bratton and little daughter, Clevea Jean, were the guests of her parents, Mr. and Mrs. A. C. Robert, on the Fourth. Mr. Robert went home with them to take their furniture in his truck. They have just recently been able to get a house in Greggton, which is one of the East Texas oil towns.

Mrs. Roy Rushing and her mother, Mrs. J. H. Williams, and her sister, E. B. Stewart and her son, drove up to Elvasville and spent the day with her Mrs. Worth Smith and family.

Mrs. Aaron Henslee came Wednesday from Longview and visited her parents, Mr. and Mrs. W. H. Davis, until Friday morning.

Mr. and Mrs. L. F. Brothers and little son arrived Monday of last week from Tulsa, and are again occupying their attractive home in the west part of town. Mr. and Mrs. Brothers have been away about two years but have kept their home with its lawn and hedges in good condition, making it a beauty spot of our town. Their many friends are glad to welcome them back home.

Mrs. C. B. Ribblett and son, Ray Henslee and daughter, Lorene Henslee, and her granddaughter, Billie LeFevre, of Longview came Wednesday and visited until Friday with her sister, Mrs. A. H. Henslee, and family.

R. J. Krapt has been at Glade-water this week, spending his vacation with his son, Richard Krapt, and wife.

Mr. and Mrs. T. N. Williams visited at Taylor Sunday.

Mr. and Mrs. Jake Graham and her parents, Mr. and Mrs. J. H. McEntire, of Comanche were guests Sunday of Mr. and Mrs. John Goforth and Mr. and Mrs. Style McEntire.

Miss Reesie Walker of Stephenville and Miss Susie Walker of Dublin visited their brother, Jeff Walker, and family, on the afternoon of the Fourth.

Earl Lane and family formerly of Desdemona but now of Tonkawa, Okla., came Tuesday for a visit with his brother, Horace Lane, and family and other relatives and many friends who were glad to see them. Little Jean Lee, daughter of Mr. and Mrs. Claude Lee, came home to the Lane family after having spent two weeks at Tonkawa with her aunt, Mrs. Carl Law and family.

Willis Mathis and family returned Saturday from Los Angeles, where they spent their vacation. Miss Dorothy Parks, who went with them, remained for the rest

of the summer with Miss Mary Griffin.

Mrs. J. E. Derrick and Mr. and Mrs. Style McEntire and baby and Mrs. Eula Jones attended the picture show at Ranger Saturday night.

Garden Grows Pet Flowers of Famous People

CHICAGO.—A garden containing the favorite flowers of presidents, kings, queens, dictators, prime ministers and other important personages of 50 nations has been opened at A Century of Progress.

Letters were sent to the famous persons asking the name of their flower and the authorization to plant it in the garden at the World's Fair.

More than 200 replies were received by J. E. Stauffer, who planned the exhibit. Sixty-nine different flowers were chosen.

Roses Favorites were most favored. Seventy-seven persons selected that flower. Next in order of popularity were carnations, gardenias, lilies of the valley and orchids.

President Roosevelt's favorite is the mountain laurel, his second choice the rhododendron. In his honor the largest specimen plants of kalmia (mountain laurel) and rhododendron ever planted in Chicago were brought from the mountains of North Carolina and are in bloom in the World's Fair garden.

Mrs. Roosevelt's choice was pansies and yellow roses. A special bed of these flowers was planted, to be known as Mrs. Roosevelt's garden.

Royalty Favored Carnation It appeared that a favorite of royalty is the carnation. Queen Maud of Norway, King Gustave of Sweden and the king of Denmark preferred it. Kaiser Wilhelm chose the rose, as did the Queen of Denmark and the King of Yugoslavia.

The president of France preferred the violet; the president of Guatemala, the pink carnation; President Lin Sen of China the chrysanthemum; Kemal Pascha of Turkey, the carnation; President Masaryk of Czechoslovakia the carnation; and President Martinez of Salvador, the hyacinth.

A special bed called the dictators' garden was planted. The dominant flower there is edelweiss, the choice of both Chancellor Hitler of Germany and Premier Dollfus of Austria. Mussolini wrote that he is a lover of all flowers and could not choose among them. Gen. Italo Balbo, however, expressed preference for the red rose.

ing the patterns. With the foundation pattern, one can take a commercial pattern and fit it to the pattern made for her. These dresses are to be scored as to style suited to the individual, color combination and workmanship. The women will wear the dresses and have the style show following the judging. The public is invited.

Cake making has been part of the food program in the home demonstration clubs this year. Each club has held a cake contest and the winner in each club will bring a cake for the contest to be held in connection with the style show. These cakes will be for sale when they are scored, and the money given to the county council of home demonstration clubs to be used for a trip to the annual farmers short course at College Station, July 30, Aug. 2.

Annual 4-H Boys and Girls Encampment

The annual 4-H club camp will be held in Eastland, July 18 and 19. The club members from all over the county come in for two days of fun with only a little work connected with the camp. The club folks will have a program the night of the 18th, and the public is invited to come and take part in it with them. This program is in the form of recreation.

OAK GROVE

Melvin Woodall of Kokomo was visiting relatives here Saturday night.

Dorothy Bisbee of Carbon was a Sunday night and Monday visitor in the home of B. B. and Mrs. Poe.

Vermell and Bobbie Nell O'Brien of Carbon are spending a few days here visiting their cousins, Bettie Jean and Alma Jo Hastings.

Mr. and Mrs. Allan H. Morris of Hodnett Grove and Mr. and Mrs. Buck Morris of Rising Star in the home of Rev. and Mrs. J. E. Cannaday.

Mr. and Mrs. J. H. Hastings and daughter, Miss Eugenia of Roscoe and his sister, Mrs. Leah Hinson of San Francisco, Cal., were visitors the early part of this week in the home of their cousins, Mr. and Mrs. C. P. Hastings.

A severe sand storm and a light rain visited this community last Friday afternoon about 1:20 inch of rain fell but four miles southwest of here at Long Branch the rain was heavier and moisture is sufficient to make late planting of feed crops profitable.

Esta Greer of Breckenridge and Verta Greer of Carbon visited their mother, Mrs. Tom Greer last Sunday. Mrs. Greer has been seriously ill for some time but is reported greatly improved at this time.

Oak Grove people turned out "en masse" Monday at two o'clock to hear Thomas L. Blanton speak in the interest of his candidacy for re-election to Congress.

Our song lovers went to Okra last Sunday to attend the Eastland County Singing Convention.

Check Jars Before Canning

Non-acid vegetables should be canned under pressure. Old jars are not the ones to use because they have been heated and the glass becomes more brittle. Use the newer jars when the products are cooked under pressure and the older ones for fruits and pickles. This information is given by Mrs. Gil Walker, farm food supply co-operator of the Romney home demonstration club. Mrs. Walker has had several jars break and when she checked she found she had used some very old jars in the cooker. When you use jars you buy peanut butter, coffee or pickles in, use them for pickles and fruits for some of such jars are made by a different process and will not hold up under the heat they have to go through when under pressure.

Foundation Pattern Much Help When Rubing To Go On Vacation Trip.

My foundation pattern (individually fitted pattern) made it possible for me to be ready for an early vacation trip this summer. The time coming earlier than I expected, made it look impossible for me to go, but with the pattern the neighbors came in and made the dresses while I did the canning and preserving and other odd jobs always on hand. The pattern a perfect fit, made it possible for the women to cut and make the garments without fitting. This is what Mrs. E. L. Eckleberry, clothing co-operator of the Ranger Co-Workers club states. She also says she could not do without her foundation pattern.

Dress and Cake Contest

The home demonstration club women of Eastland county will meet in Eastland, district courtroom, Saturday, July 14, for the dress contest. Each club will be represented by one clothing demonstrator and as many co-operators as can finish the dresses. These dresses are to be made by the foundation pattern, which is a pattern fitted on each individual. No two persons are the same size and no figures are perfect and that is why the women are mak-

ing the patterns. With the foundation pattern, one can take a commercial pattern and fit it to the pattern made for her. These dresses are to be scored as to style suited to the individual, color combination and workmanship. The women will wear the dresses and have the style show following the judging. The public is invited.

Census of Housing Code Is Useful

CAMDEN, N. J.—Efforts to take up the slack on the lag in living conditions are making headway here, as evidenced by housing data collected from 6,238 families by enumerators employed by the State Housing Code.

Enumerators have covered 247 city blocks and obtained information on a population of 20,700 since the beginning of the work in June. Clarence L. McNelly, manager of the Camden office, said: "Similar work is employing 400 throughout the state.

"This data, when analyzed," said McNelly, "will substantiate the convictions of Camden citizens that our bad housing conditions should be eliminated if possible and replaced with livable quarters for people of the lower income bracket."

Stanley S. Holmes, chairman of the state authority, branding some of the present tenement houses as "nothing more than dirty dugouts," said Germany, Belgium, Holland, England and Italy were many steps ahead of the United States in subsidizing sanitary housing for their citizens.

"We in America," said Holmes, "have persisted in looking with smug complacency on bad housing. Is it not about time to end this disgrace and set about wiping out miserable tenements, with their vicious influences, before these conditions foster further unrest and possibly threaten the foundations of our social structure?"

Eastland Black Dynamos won over Eastland Mechanics, 15 to 6, in the softball game played Monday afternoon on the old high school football field.

Smithsonian Expert Seeking Specimens

HAGERMAN, Idaho.—Hoping to unearth specimens that will supply the missing link in the fossil history of horses, a research expedition headed by Dr. C. L. Gazin, assistant curator of vertebrate paleontology of the Smithsonian Institution, has established camp on the Snake river near here.

Previous expeditions, headed by the late Dr. J. W. Gidley, found valuable bone species in the same region during the summers of 1928 to 1931. Bones of prehistoric horses were found which were declared to be different from any found elsewhere.

Dr. Gazin is accompanied by G. F. Sternberg, field vertebrate paleontologist of the Fort Hayes State college of Kansas, and G. H. Pearce, Sternberg's assistant.

BELTON, Mont.—Not to be outdone by another Glacier Park CCC camp which boasts of moose calf for a mascot, CCC camp No. 1 here has a big horned owl for its pet. The owl's name is "Beautiful" and has accompanied the corps on its travels in Utah, California and Montana.

Garden Grows Pet Flowers of Famous People

CHICAGO.—A garden containing the favorite flowers of presidents, kings, queens, dictators, prime ministers and other important personages of 50 nations has been opened at A Century of Progress.

Letters were sent to the famous persons asking the name of their flower and the authorization to plant it in the garden at the World's Fair.

More than 200 replies were received by J. E. Stauffer, who planned the exhibit. Sixty-nine different flowers were chosen.

Roses Favorites were most favored. Seventy-seven persons selected that flower. Next in order of popularity were carnations, gardenias, lilies of the valley and orchids.

President Roosevelt's favorite is the mountain laurel, his second choice the rhododendron. In his honor the largest specimen plants of kalmia (mountain laurel) and rhododendron ever planted in Chicago were brought from the mountains of North Carolina and are in bloom in the World's Fair garden.

Mrs. Roosevelt's choice was pansies and yellow roses. A special bed of these flowers was planted, to be known as Mrs. Roosevelt's garden.

Royalty Favored Carnation It appeared that a favorite of royalty is the carnation. Queen Maud of Norway, King Gustave of Sweden and the king of Denmark preferred it. Kaiser Wilhelm chose the rose, as did the Queen of Denmark and the King of Yugoslavia.

The president of France preferred the violet; the president of Guatemala, the pink carnation; President Lin Sen of China the chrysanthemum; Kemal Pascha of Turkey, the carnation; President Masaryk of Czechoslovakia the carnation; and President Martinez of Salvador, the hyacinth.

A special bed called the dictators' garden was planted. The dominant flower there is edelweiss, the choice of both Chancellor Hitler of Germany and Premier Dollfus of Austria. Mussolini wrote that he is a lover of all flowers and could not choose among them. Gen. Italo Balbo, however, expressed preference for the red rose.

The time coming earlier than I expected, made it look impossible for me to go, but with the pattern the neighbors came in and made the dresses while I did the canning and preserving and other odd jobs always on hand. The pattern a perfect fit, made it possible for the women to cut and make the garments without fitting. This is what Mrs. E. L. Eckleberry, clothing co-operator of the Ranger Co-Workers club states. She also says she could not do without her foundation pattern.

Dress and Cake Contest

The home demonstration club women of Eastland county will meet in Eastland, district courtroom, Saturday, July 14, for the dress contest. Each club will be represented by one clothing demonstrator and as many co-operators as can finish the dresses. These dresses are to be made by the foundation pattern, which is a pattern fitted on each individual. No two persons are the same size and no figures are perfect and that is why the women are mak-

GORMAN

Mrs. Yates and children of Stamford were here the latter part of last week as guests in the home of Dr. and Mrs. G. T. Blackwell.

Miss Margaret Love left last week for Lawton, Okla., where she has a position.

Misses Roberta Douglas and Iva Louise Pruitt of Stephenville were week-end guests of the former's aunt, Mrs. F. S. Perry and family.

Mrs. A. Brown of Rogers, N. M., is here visiting her mother, Mrs. Etha Pittman.

Mrs. Alvin Hutton and Miss Sue English of Brownwood were here Sunday visiting their sister, Mrs. Luther Wright.

Mrs. Davis Smith is in Lubbock attending a school of beauty culture.

Doyle Linder, Hubert Craddock and Misses Mildred Webb and Estelle Clarke were in Fort Worth Tuesday.

Elmer Creager of Austin has been here visiting his parents, Mr. and Mrs. W. T. Creager.

Miss Flen Courtney of Eastland is spending her vacation here with her parents, Mr. and Mrs. W. B. Courtney.

Mr. and Mrs. Jim Martin of Brownwood are here this week visiting relatives and friends.

Mr. and Mrs. J. E. Brewer of Abilene have moved here for the summer.

Miss June Reeves is recovering from a tonsil operation performed Tuesday morning at the Blackwell Sanitarium.

Mrs. Ellen Odham was accompanied to Fort Worth Saturday by Miss Sybil Roden. They will visit relatives there.

Mrs. Bill Chandler of Duncan, Okla., has been here this week visiting her parents, Mr. and Mrs. R. L. Williams.

Dr. and Mrs. G. T. Blackwell were in Fort Worth and Dallas over the week-end visiting relatives and friends.

Early Sunday morning the home of Mr. and Mrs. John Purdy burned. When the fire was discovered it was too late for the firemen to make an attempt to

save any of household furniture. It was supposed the fire originated from an explosion of the hot water heater.

Mr. and Mrs. Jesse Richardson of Waco are here this week visiting her mother, Mrs. S. S. Alsbrook.

Mr. and Mrs. Andrew Mehaffey are spending their vacation in Corpus Christi and Galveston.

Mrs. John Piening has returned to her home in Los Angeles, Calif. after a visit here with her parents, Mr. and Mrs. W. L. Andrews.

Mr. and Mrs. E. C. Lowe and sons of Lometa were over the week-end visiting relatives. Mrs. Lowe and Miss Callie returned with them to spend this week there.

Mrs. Ned White and little son of Boyd are here visiting her mother, Mrs. W. E. McKittrick.

PLEASANT HILL

Quite a number of the Pleasant Hill community attended the singing convention at Okra Sunday.

Master Edward Wendt and his grandmother visited Edwards' aunt, Mrs. Ida Huber, Sunday at Albany.

Mrs. Tommy Barker and daughter, Doris, of Seymour, and Newton J. Wesley Baker and Clay Debo of Burnet, Texas, were Thursday night guests of Mr. and Mrs. Erwin Clark and family.

Mr. and Mrs. Hampton and daughter of Cisco were guests of Mr. and Mrs. James Bone Thursday evening.

Mr. and Mrs. Dan Wendt and Mr. and Mrs. Heiman Reich and Carl Strobel were Sunday guests of Mr. and Mrs. Henry Strobel.

Miss Ian Clark has returned from Seymour, Wichita Falls, Fort Sill and Lawton, Okla., where she has been visiting the past two weeks.

Misses Martha and Erma Strobel and Carl Strobel from Iowa were dinner guests of Mr. and Mrs. Herman Reich Sunday.

Mrs. Ola Abbott and daughter, Maydelle, and Mrs. Eva Bowles were shopping in Cisco Saturday afternoon.

Bill and J. C. Barker of Seymour were visitors Tuesday morning.

HALEY HEADS COMEDY CAST IN MERRY MARRIAGE FARCE, "HERE COMES THE GROOM"

Paramount's gay and refreshing comedy about matrimonial misadventures, "Here Comes the Groom," at the Columbia Sunday. It features Jack Haley, Isabel Jewell and Patricia Ellis, who appear in the artist's sketch above, as well as Mary Boland, Neil Hamilton and Sidney Toler. Edward Sedgwick directed from a play by Richard Flournoy.

ing of Mr. and Mrs. Ervin Clark and family.

Avery Holt has gone to Breckenridge where he will be employed for a while.

Alton Clark and J. C. Rich attended church in Cisco Sunday night.

Miss Marie Daugherty attended the rodeo Monday afternoon in Cisco.

Mrs. Ira Hooker and daughter, Lola Mae, were business visitors in Cisco Tuesday morning.

Louise Clark is spending this week with her grandparents, Mr. and Mrs. Frank Smith, of Cisco.

The county candidates will speak at Pleasant Hill schoolhouse Friday night, July 13. The ladies there will sell ice cream, cake and candy. All the ladies of the community are asked to bring ice cream or cake or candy to sell. The proceeds will be used in purchasing new song books for the church. Everyone is invited to attend.

Misses Frances and Flora Bacon and Laverne Dill of Cisco visited Alan Clark Tuesday afternoon.

"FORGOTTEN TOWNS" HELPED CONCORD, N. H.—Just as President Roosevelt has helped the forgotten man, so New Hampshire is going to help the "forgotten" town. There are 150 towns which the state planning board thinks have a great recreational future. They believe the towns have been unappreciated by the times and tourists will seek their beauty.

FORT WORTH.—Delinquent tax collections for Tarrant county for the first half of 1934 gained \$187,486 over the same period last year, County Collector John Bourland announced.

TEXAS GYPPE IN OPINION OF CONGRESSMAN

FORT WORTH, July 12.—Texas has been "roundly gyped" by federal relief agencies in allocation of drought relief funds, Congressman Fritz Lanham and Dr. Lewis C. Crabb, chief of the State Livestock Sanitary Commission said today.

Political pressure evidently must have been brought to bear in some quarters, Crabb said.

"I can see no other reason," he said. "Why should Colorado, with a rainfall 81 per cent normal, receive an even \$1,000,000 while Texas with rainfall of 23 per cent, receive \$750,000?"

"It is absolutely unfair. The allocation should have been made after considering rainfall, on the basis of the cattle census which shows the 6,000,000 in Texas are twice as many as any other state."

Lanham joined Dr. Crabb in the protest.

"It seems apparent Texas did not get a fair deal. I am taking the matter up with relief headquarters in Washington."

Insects Raiding Michigan Crops

LANSING.—Insects infesting Michigan crops have lost all sense of "poltleness."

At least that is the conclusion of Michigan State College entomologists, who claim the bugs this year arrived considerably ahead of schedule and are "hanging around long after they should be satisfied with the damage done."

Beetles, moths, flies, bugs and many other kinds of insects have combined in all stages of development to make 1934 a "pest" year of record in the state's farming history, a survey by the college entomologists shows.

These insects have launched a concentrated attack on everything planted. At this time, scientists point out, the cut worm continues to cut down plants weeks after the cut worm's usual season of destruction.

The army worm is likewise a parasite without any sense of "propriety," insist the specialists. This worm usually multiplies in crops on low areas and then marches to other fields as the original food supply becomes exhausted.

Supreme Court Is Always In Session But Gets Vacation

AUSTIN, Tex.—The Texas Supreme Court never has a vacation. It is continually in term. Practically, members of the court get a vacation. They take turns in being absent for a little rest.

The Court of Criminal Appeals must take a vacation. The State constitution requires the court to close the last Saturday in July. It reopens in October.

Because courts of civil appeals are inferior to the State Supreme Court, many have the impression that the Court of Criminal Appeals, also, is an inferior court. It is not. Its rulings are final in criminal cases, just as those of the supreme court are final in civil litigation.

Monthly hearings by the state railroad commission to determine how much oil shall be produced have been advanced a week because Commissioner O. E. Thompson found the East Texas oil force working at night. Going to Kilgore at night he telephoned to the residence of an employe he wished to consult. He was told the employe was at the commission's branch office in Kilgore.

"What's he doing there at night?" asked Thompson.

"All the force is working to get out the new oil production orders," he was informed.

The orders were being issued so late that employes worked two nights to notify producers what they could produce at the time the order was to become effective.

Earlier hearings are expected to obviate this necessity.

Confidence Game Works Two Years

DALLAS.—Dallas detectives would like very much to lay hands on an oil-tongued man who speaks with an English accent and robs the gullible.

For two years the Englishman has been fleecing visitors to Dallas of sums ranging from a few dollars to hundreds. He operates chiefly in bus stations, with two confederates who lure the unwary into coin-matching games. The lower always complains to police, who occasionally make an arrest. But when the time rolls around

for the hearing the complainant is on his way back home.

Midwestern millionaire, refusing to answer questions regarding huge losses he "can't pay," has been cited for contempt of court. That's unfair. He merely had contempt of the public.

ARCADIA FRIDAY

The most unique program you have ever enjoyed. The show will consist of seven short subjects:

"THIS LITTLE PIG WENT TO MARKET" Screen Song

"BETTY BOOP'S TRIAL" Cartoons

"NEWS ROUNDUP"—a Comedy with Gattell and Pallete

"LUCKY ANGLERS" Sport Reel

"MAID IN HOLLYWOOD" A Comedy, with Todd and Kelly

"ANOTHER BIG IDEA" A Comedy, with Charlie Chase

"THE BIG BAD WOLF" A Sequel to the "7 Little Pigs"

On the Stage "JUNIOR VAUDEVILLE"

30 Local Artists Sponsored by Twenty Leading Business Firms at 9 P. M. Only

Saturday MYRNA LOY in "Stamboul Quest" with George Brent

SUNDAY Wynne Gibson in "I Give My Love" with Paul Lukas

Guard your Health with FLY-TOX

KILLS FLIES, MOSQUITOES AND OTHER INSECTS

WAKE UP A LIVER BILL WITHOUT CRYING

And You'll Jump Off the Morning Rail

If you feel over and over, look pale, don't swallow a lot of laxatives, oil, laxative candy or anything else and expect them to make you suddenly seem bright and full of sunshine.

For they can't do it. They only make the bowels and a more movement down to get the case. The reason for your discomfort is that you are not taking the right medicine.

If this is not giving freely, your doctor doesn't disagree. It just shows in the bowels that you are not taking the right medicine. You have a thick, hard stool and your health is just what it often looks out in the morning. Your bowels are not taking the life flow freely.

But don't look for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Demand a substitute. Else it's a fraud. © 1931 C. M. Co.

VOLUME I

RANGER, TEXAS, FRIDAY, JULY 13, 1934

NUMBER 27

CUT \$45,000 OFF BANKING DEPT. COSTS

AUSTIN, July 9.—Texas Banking Commissioner E. C. Brand announced here that he has cut \$45,730 off the payroll of the liquidating division of the state banking department in the past 10 months.

This resulted in a saving of \$3,810 per month.

The cost of this division is borne out of the payments made by banks for supervision, so that the saving went back to depositors in the closed institutions in charge of the liquidating division.

Commissioner Brand's statement followed an appeal of John F. Maddox of Austin, former chief of the liquidating division, for a senate committee investigation when Maddox "resigned" from the department. Mr. Maddox said he didn't resign. Mr. Brand said his job would not be filled, because there was not sufficient work to require a separate official in the place.

Mr. Brand said that on July 12, 1933, there were 24 special agents receiving \$4,300 a year each, and 28 assistant employes, averaging \$2,315 each, with a field payroll of \$79,380 a year. On May 15, this year, he had cut the force to 19 agents, on salaries of \$3,400, and 14 assistant employes averaging \$1,233, or a payroll rate of \$55,620 a year.

In July last year, there were 31 employes in the office of the liquidating division, getting \$50,830 a year. This May, the number was cut to 19 employes, and the payroll to \$28,860.

This represented a cut of 30 per cent in field force payroll, and 43 per cent in office payroll of the liquidating division, a monthly decrease for the division of \$3,810, and a yearly decrease of \$45,730 in the payroll.

Absentee Votes May Be Cast Now

Absentee voting began Sunday, at least Sunday was the first day for absentee voting, and July 25 is the last day for the July primary.

Qualified voters who are to be absent from their voting precinct on election day, may go to the office of the county clerk and cast an absentee ballot or they may secure the necessary ballots and blanks from the county clerk and send their ballots in by mail.

Truck Owners Must Sign Up Codes to Get Federal Work

AUSTIN, Tex.—After July 13 no truck operating for hire without NRA insignia plates will be allowed to work upon any project upon which Federal funds are being spent, according to Col. H. E. Stewart, chairman of the Texas trucking code authority.

"This will include much of the road construction, public building renovations and other public works projects under way," he said.

The names of over 400 truck operators who have not registered under the Code have been certified to the NRA Compliance Office at San Antonio, according to Mr. Stewart.

"Almost 2000 registrations have been made in Texas," he continued, "but of course there are always some laggards who stay out until the last minute. July 13 is the last day on which anyone operating a truck for hire can operate legally without the NRA plate, but the Code authority will continue to accept registrations from those who can show reason for not having registered. Anyone who should register and who has not done so by that date will be subject to the full penalties of the Recovery Act, and each day is a separate offense under the Code."

Full information on registration may be had from the headquarters of the code authority in the Littlefield Building at Austin.

BUSINESS HAS SHOWN STEADY UPWARD TREND

WASHINGTON, July 9.—American business, aided by billions of dollars from federal and state governments, appeared today to have pulled itself more than a third of the way out of the depression which began five years ago this month.

More than two years have passed since the absolute bottom of the depression was reached in July, 1932. Today both official and private business figures showed an irregular upward course since that time, interrupted temporarily 15 months ago by the banking shutdown.

Figures compiled by the federal reserve board showed today that industrial activity in the United States, after reaching its peak of 125 per cent of the 1923-25 average, in June, 1929, declined steadily to 58 per cent in July, 1932. The index rose thereafter and fell to a second bottom of 59 per cent in March, 1933.

After another setback following last July, activity began to rise slowly early this year to the current 85 per cent level.

Noted Texan Is Dead at Houston

HOUSTON, July 10.—E. A. Peden, 64, chairman of the board of the Peden Company, and prominent in Texas politics, died at his home here today. He had been ill several months.

Peden served as federal food administrator for Texas under direction of Herbert Hoover in the World War. He later was selected by the former President to accompany him to Paris as an aide in distributing food to the Allies.

PAGEANT DID NOT BRING IN MUCH MONEY

In order that the people of Ranger, and particularly those who had a part in the March of Time Pageant, might know the financial condition of the pageant after a complete check-up had been made and all bills paid, the following tabulation of expenditures was made by the committee in charge:

Total receipts, \$260.40.

Disbursements	
60 per cent to McClung & Martin, producers of pageant	\$156.24
Pan-Amer. Fireworks Co.	24.00
Wm. N. McDonald, labor and material for lighting field	42.55
Feed for horses for stage coach	4.70
Blank cartridges	.65
Texas Electric Service Co. materials for lights	13.10
Cheese cloth for covered wagon burned in pageant	.70
Prompt Printery	1.90
Delivering window placards in Cisco, Olden, Eastland	3.00
Express, rent on nights, special police, soap for Indians, candles, bolts, twine, staples, telephone and telegraph	10.72
Total disbursements	\$258.21
Balance after all expenses paid	\$ 2.19

An expression from several of the drug stores, restaurants and cafes, filling stations and tire houses said that Wednesday was the best day they had had in several years. This was encouraging to the committee that worked up the celebration. This was the first July 4th celebrated in Ranger in a long time and everyone is well pleased with the outcome.

IN EASTLAND
Senator Tom Connally, Ben Connally his son, and Boyce House, special correspondent of the Star Telegram, spent a few hours in Eastland Monday afternoon. Connally delivered an address on the courthouse square in the interest of his candidacy for re-election as United States Senator.

House is a former Eastland county newspaperman having been connected with Cisco, Ranger and Eastland daily papers.

Cotton Ginners Fail To Agree

WASHINGTON, July 10.—Attempts to bring the cotton ginning industry under a marketing agreement were abandoned by the AAA today. Officials said ginners refused to accept any agreement without a provision authorizing rate fixing.

"The agreement was proposed by the ginners in an earnest effort to correct some of the ills of the industry," Cully Cobb, chief of the cotton section, said. "The administration finds itself unable to sanction and enforce fixed rates for ginning services."

Cotton Prices Up On New York Market

NEW YORK, July 9.—Cotton prices boomed \$2 a bale today in response to the government report of a reduced planted area. Most gains were held to the close, which was \$4 to \$9 points higher, with July futures at 12.25 cents and October at 12.99 to 12.41.

Cotton at Houston Reaches a New High

HOUSTON, July 10.—Midling spot cotton on the Houston market touched a new three-year high at the close of trading today. The new high was 12.55. The figure was the highest since the 1930-1931 season when the high was 12.75 previous high mark for the season was 12.50 in February.

New Methodist Presiding Elder Begins His Work

CISCO, Texas, July 10.—Dr. and Mrs. O. F. Sensabaugh and their niece and granddaughter, who make their home with them, arrived Friday evening to take up residence in the parsonage of the Cisco district of the Methodist church. Dr. Sensabaugh succeeds Dr. C. Q. Smith as presiding elder of the district.

As presiding elder, Dr. Sensabaugh comes to familiar territory. From 1920 to 1924 he served the district in the same capacity, going from here to the Cleburne district which he served until seven years ago. At that time he was made commissioner for Southern Methodist university, a post he held until his appointment to the local eldership.

For the past eight years, in addition to his other duties, Dr. Sensabaugh has been a member of the executive committee of the Federal Council of Churches of Christ in America.

His initial sermon as presiding elder was preached at DeLeon Sunday, Thursday he will visit Breckenridge.

Everett Grisham, Violinist, Plays in Mexico City

Everett Grisham, son of Mr. and Mrs. R. N. Grisham of Eastland, who is a member of a music class of Carl Venth, dean of music in Westmoreland College in San Antonio, appeared in a program before many high officials of Mexico recently, according to a clipping from "El Exelsior," a Spanish and English paper in Mexico, D. F. Mr. Venth and his class are spending their last semester in Mexico, and Mr. Grisham will receive his degree in music at the end of this month.

Mr. Grisham opened the program, gives before the Pan-American Round Table, with two violin numbers. Among those attending were the consul general of Costa Rica, the wife of the minister of foreign relations of Costa Rica, the ambassador from Guatemala, the Danish minister, the minister from Poland and wire, and many others.

Mr. Grisham is a former student of Washington and Lee and the University of Texas, and he will re-enter the latter school this fall.

ASK F.D.R. TO AID CRIPPLE
ST. LOUIS.—Democratic leaders of St. Louis County appealed to President Roosevelt for his aid in placing William Seditz Jr., seven-year-old infantile paralysis victim, in the Warm Springs Foundation Sanitarium at Warm Springs, Ga. The boy has been in a plaster cast for a year, completely helpless. He is the son of an unemployed laborer.

College students have voted overwhelmingly in favor of President Roosevelt—thankful that he has taken many of their professors from the classrooms.

CANDIDATES NEARING LAST OF CAMPAIGN

By GORDON K. SHEARER
United Press Staff Correspondent
AUSTIN, Tex., July 7.—Another week should settle the outcome of the governor's race in Texas.

The result may not be apparent that soon, but the campaign will have taken definite trends which will determine the result.

By the end of the week these questions will be answered:

1. How much of the "Ferguson vote" can Jim Ferguson hold for C. C. McDonald, and has he the physical strength to go through with his speaking schedule?
2. Is the reported "Small wave" a tidal sweep or scattered ripples?
3. Will those who want the liquor question settled get behind Maury Hughes to produce an out-and-out battle over prohibition repeal in the run-off primary?
4. Has Tom Hunter held the 220,000 votes he received in the 1932 campaign or added enough to put him in the run-off?
5. Will Alfred or Hunter get the biggest labor support?
6. Will Small or Edgar Witt be the final choice of the conservatives?
7. Has Hunter won the Bohemian vote that once was largely pro-Ferguson?
8. Does Alfred retain his political self-appeal?
9. Has Russell taken any considerable dry vote from Alfred?

If anyone can answer those questions correctly, he can determine, pretty surely, who will be contenders in the August run-off.

Ferguson has been getting good crowds and speaking well. He opened at Itasca, which is the very spot where he closed the successful campaign of 1914 that made him governor. He is speaking at night to avoid day talks in the heat. Cisco is the exception and an afternoon date there has been pushed back to late evening.

Ferguson's support in past campaigns failed to elect L. J. Wardlaw, Earle Mayfield and Alvin Owsley, but he did not the stump for them in a three weeks tour as he is for McDonald.

Hunter says the "Small wave" is always in some other part of the state than that in which the claimant happens to be. In East Texas, Hunter says, you are told Small is strong in West Texas; in South Texas you learn he is strong in North Texas, and so on.

Hunter, at least, admits the existence of the reports and his turning from attacks on Alfred to Small indicates the Amarillo senator has moved within his political vision.

"The state's vote, as shown by the beer vote, and Hughes can beat Alfred in a run-off on the repeal issue," is the Hughes rallying cry. It would be a campaign his supporters say, not affected by the Ferguson-Anti-Ferguson divisions implied in a race between McDonald and Alfred on the liquor question.

The answer to Question No. 4 depends on whether votes two years ago were cast "for" certain candidates or just "against" Governor Ross S. Sterling.

Hunter is reported, choice of the oil field workers, and there are about 50,000 of them to vote. Alfred seems to be favored by other large labor groups. No candidate can claim a solid labor support.

The week's end will also end a three-week test period said to have been set by a considerable group to determine if they would center on Witt or Small. Hearsay puts the meeting of the group at an Austin hotel and makes it politically strong.

Hughes, apparently, fears that Hunter is getting the Bohemian vote. At Austin he said that Hunter was the first candidate to be dry in English and wet in Bohemian.

Alfred's personal vote appeal is to apolitical campaign what the sex appeal of some movie stars is to the boxoffice. It's indefinable, but it's there and it gets results.

"Even his best friend" would tell Russell that he has no chance to get into the August run-off. He may get 25,000 votes. If Russell were not running and those 25,000 should go in a lump to some other candidate, they probably would decide who will go into the run-off.

MEDFORD, Ore.—Rocks aren't the best weapons to use against coyotes, but they'll do in a pinch. County Commissioner R. E. Nealon recently collected the bounty on a coyote which he killed with a rock.

Flatwood Church To Have Revival

The pastor of the Ranger circuit of the Methodist church has announced a revival meeting to be held at Flatwood beginning Friday night, July 13. The program for the entire meeting will be for the spiritual revival of the church.

The third Sunday appointment for the Methodist church at Kokomo will be made by Rev. Collins of Olden. He will not be able to preach Saturday night but will be present for the services Sunday night.

A New Relief Body Is Urged

AUSTIN, July 10.—Relief problems that split the relief commission into a five-to-four body, call for a new relief act and a new relief organization, two resigned members of the commission told Gov. Ferguson today.

She should ask a special session to place relief in the body "that will work harmoniously," E. J. Hussion and Jack F. Reed, resigned members, told her.

State Will Pay \$1 Per Pupil On Scholastic Fund

AUSTIN, July 10.—The state will pay \$1 per capita to the public schools of Texas, aggregating \$1,575,842, on July 15, Superintendent of Schools L. A. Woods announced today.

The payment will raise to \$12 the total paid on the current year's state school apportionment of \$16 a pupil. A payment of \$2 is planned in August which would leave the deficit at \$2 per child on Sept. 1, compared to a deficiency of \$5 per child last Sept. 1.

Estimates Show Short Wheat Crop

WASHINGTON, July 10.—Wheat farmers of the nation, their crops blighted by drought, will harvest only 483,662,000 bushels this year, the department of agriculture predicted. Last year's crop was 527,413,000 bushels and was the smallest since 1894.

During all this fuss in Germany, did you know that a new president was elected in Mexico—and quietly, too?

KANSAS CITY POLITICIAN IS GANG VICTIM

KANSAS CITY, July 10.—John Lasia, hardboiled political leader and underworld power, was reported dying today after a third blood transfusion.

Lasia was shot down by gangsters today as he stepped from a car in front of a hotel.

He was seriously wounded by eight machine gun and shotgun slugs. He was under federal conviction for failing to file income tax returns, was shot down by two gangsters who arose from behind an ambush of shrubbery.

As the democratic leader, reputed lieutenant of Tom Pendergast, Missouri political boss, stepped to the driveway, a blast of gunfire roared and he sank to the pavement.

Midwestern millionaire, refusing to answer questions regarding huge loans he "can't pay," has been cited for contempt of court. That's unfair. He merely had contempt of the public.

Local Youth Hurt In Truck Accident

Six youths, members of a CCC unit, and who lived in this section of the state, were injured Monday when the truck in which they were riding near Graham collided with a passenger car, said to have been driven by A. H. Schmidt of Fort Worth.

The two cars sideswiped, the truck turning over injuring 19 of the 28 being transferred from the CCC camp to their work.

Those from this section who were injured were Charlie Porter, Ranger; O. L. McDonald, Eastland; Troy Bell, Strawn; R. T. Sider, Gorman; Dale Gresham, into and Wayland Clinton, Sandoz. None was reported seriously injured.

That nudist wedding held recently at the Chicago World's Fair was the easiest assignment the society reporters ever had. All they had to describe was the ring.

C. O. Hamlin Spoke Monday at Carbon

Carbon, July 10.—Judge Carl Hamlin of Breckenridge, candidate for congress from the seventeenth district, addressed the voters here Monday at 10:30 o'clock in the interest of his candidacy. At 1:45 p. m. he spoke at De Leon, coming back to Gorman for a speaking date at 8:15 p. m.

Following his speech at Gorman Judge Hamlin went to West Texas and will return to this section Friday when he will speak at Cross Plains at 11:00 a. m.; at Rising Star at 2:30 p. m. and at Cisco at 8:30 p. m.

Saturday Hamlin is scheduled to speak at Gordon at 11:00 a. m., Palo Pinto at 2:30 p. m. and at Graford at 8:30 p. m.

Sports writers have praised Carners for not staying down for the count of nine. Maybe he couldn't count that high.

USED CAR bargains

You will have to see these cars to appreciate them. Come in and let us show you the cleanest used cars in town.

1934 Terraplane Coach, driven only 3500 miles	\$550

SO YOU CAN FORGET!

New Lubrication Record Saves Thousands of Dollars for Car Owners!

Every year thousands of dollars are spent for repairs by motorists who "forgot" to change lubricants at the proper mileage intervals.

For the first time you can stop juggling speedometer figures, trying to remember the various lubrication requirements of your automobile. The new Mobilubrication Service Record takes care of all that with absolute safety because it shows a complete maintenance history.

It tells at a glance when to change crankcase oil... when your transmission and differential should be refilled... when your chassis should be Mobilubricated. In addition it shows a complete service record of your front wheel bearings, clutch release bearing, battery and oil filter.

Any Magnolia Station or Dealer will keep your record up to date and remind you when fresh lubricants are needed. Drive in today!

GOD CARES FOR ELIJAH

1 Kings 17:1-7; 19:1-5

And Elijah the Tishbite, who was of the sojourners of Gilead, said unto Ahab, as Jehovah, the God of Israel liveth, before whom I stand, there shall not be dew nor rain these years, but according to my word.

Elijah—mysterious, swift in action, a gaunt figure with a rustic staff in his hand, a sheepskin mantle over his shoulders, and a mass of long hair hanging down his shoulders must have appeared a very startling figure to the dainty effeminate figures in the court of Ahab.

Ahab, a wicked king of Israel, of a weak and contemptible character, had married Jezebel, a worshiper of the cruel god Baal. She persuaded Ahab to be a Baal worshiper and to establish Baal as the national deity of Israel with a large and active priesthood.

Elijah mentions dew first because in the hot land of Palestine it is essential to the growth of plants. It was also a challenge to Baal as the national god who if he be a god, had charge of the rain. The prophecy of drought and famine were also terrible because it was for an indefinite period. The people must suffer until they should turn from Baal to the true God.

Elijah, a child of deserts and forests of Gilead was then directed by the word of Jehovah to dwell for a while by the brook Cherith. This brook was east of the Jordan and was a rapid mountain stream with steep banks of perhaps a hundred feet in height, an ideal place of concealment. Here the ravens

which lived in these banks fed him as God had promised.

"And it came to pass after awhile, that the brook dried up because there was no rain in the land."

Elijah was then directed to the city of Zarephath, a Baal city, where Ahab and Jezebel would not think of him being. Here he encountered the widow and filled her meal bin continuously for her kindness. He also restored her son to life who had died, converting her belief to the true God.

Mount Carmel, three years later than Elijah's prediction, was the scene of one of the most dramatic events in the history of Israel. An altar was built. The followers of Baal placed a bullock on the altar and prayed in frenzied anguish for their god to demonstrate his power. Nothing happened.

Elijah then placed his offering upon the altar of Jehovah after first pouring water over the altar. Then as Elijah prayed the fire of Jehovah fell in a great demonstration. The people fell on their faces and acknowledged Jehovah as the true God. After the priests of Baal were executed the rain fell in torrents.

Elijah, the great and strong character, who was obedient to God, led the threats of the wicked Jezebel put him in the valley of depression. He fled to Beersheba and out into the wilderness under a juniper tree, where he asked God to let him die.

And he lay down and slept under a juniper tree; and behold, an angel touched him, and said unto him, Arise and eat."

Angels are defined as spiritual beings, little higher than man and are sent on errands of mercy for the Lord.

He ate the cake and drank the water and slept again.

The angel woke him again and again he ate and drank; "and went in the strength of that food forty days and forty nights unto Horeb, the mount of God."

This was the mountain where Moses received the law from Jehovah, and renewed the covenant with his people.

God intended Elijah to wander for 40 days as Moses with all Israel had formerly wandered for 40 years. He wanted him to realize he was the same Jehovah who fed all Israel's with manna from Heaven.

What blessings we miss because we do not study, pray and meditate upon God's word until we find the true way. Too much of our time is spent under the juniper tree in a fog of such thick depression that even the ministering angels go unheard. Then instead of joy and peace we wander in the wilderness of little faith.

Your heavenly Father knoweth that ye have need of all these things (Matt. 6:32). — Golden Text.

EDWARDSVILLE, ILL.—There is no question in the mind of Julius Spitzke, farmer, that dog is man's best friend, for when he was attacked by a bull recently, "Doc," a shepherd, leaped at the bull's ear, clung on until Spitzke could escape, then scampered away.

No. 1548

OFFICIAL STATEMENT OF FINANCIAL CONDITION of the COMMERCIAL STATE BANK,

at Ranger, State of Texas, at the close of business on the 30th day of June, 1934, published in the Ranger Times a newspaper printed and published at Ranger, State of Texas, on the 8th day of July, 1934.

STATE OF TEXAS, COUNTY OF EASTLAND, We, Hall Walker, as Vice President, and W. F. Creager, as Cashier of said bank, each of us, do solemnly swear that the above statement is true to the best of our knowledge and belief.

HALL WALKER, Vice President. W. F. CREAGER, Cashier

CORRECT—ATTEST: M. R. Newnam, Edwin George, Jr., W. D. Conway, Directors.

Subscribed and sworn to before me this 7th day of July, A. D. 1934. (SEAL) H. C. WILKERSON, Notary Public, Eastland County, Texas.

Coastal Texas Gets Relief from Heat

DALLAS, July 10.—Coastal Texas today experienced some relief from heat and drought, but other portions of the state continued to suffer from high temperatures and lack of moisture. Fort Arthur reported rainfall of .18 of an inch, the greatest in the state during the 24 hours ending at 7 a. m. today.

\$6,670,575,405 In U.S. Treasury

WASHINGTON, July 10.—The U. S. government has \$6,670,575,405 or \$53 for every man, woman and child in the country available to fight the depression and provide relief over the next twelve months, the treasury reported today.

2 WOMEN IN FAMILY OF 12

ST. LOUIS, Mo.—In a family of 12 here, there are only two

women, the mother and one daughter, youngest of the lot. The father is Ernst A. Winkelman, a druggist. The boys range in age from 34 to 16, while the daughter is 15.

Mother Cat Traveled 38 Miles to Join Her Kitten Brood

BUTTE, Mont.—"Matilda," a common "alley" cat, traveled 38 miles afoot to rejoin a kitten from which she had been separated. Matilda resides at the street car barns here. She gave birth to a litter of kittens. Most of them were given away, and finally Matilda and her last kitten were given to a rancher from Divide. He drove her to her new home.

Two weeks later, footsore and weary, Matilda appeared at the car barn, mewing for her other children. Her condition indicated she had walked the entire 38 miles in 14 days.

Drouth May Aid Indian Reservation

FORT BELKNAP RESERVATION, Mont.—Disaster to cattlemen in middle western drouth areas may bring benefits to Indians on this reservation. It has been learned here that the government has promised to give Indians as many of the cattle purchased in drouth districts as the Redskins can care for.

Ben Horseman, leading tribesman, estimates the Indians will be able to acquire between 2,000 and 6,000 cattle through government

First Cotton Bale Of Season Raised In South Texas

RIO GRANDE CITY, Tex.—The world's first bale of 1934 cotton, produced as usual by the Lower Rio Grande Valley of Texas, will be displayed at the Century of Progress Exposition in Chicago.

L. R. C. Towles, Houston cotton man who purchased the first bale from Francisco Lozano and A. Vela, La Grulla cotton growers, has declined to ship the bale to Chicago, according to information received by the producers of the cotton.

The first bale was on display for several days at the Houston Cotton Exchange after arriving in Houston June 16. It was then shipped to the New York Cotton Exchange, where it was shown for several days.

Grower Says Fatal Fruit Was Crabapple

NEW HAVEN, Conn.—Was it a crab-apple the serpent handed Eve in the Garden of Eden?

Carl W. Clark, veteran fruit grower, declared the apple was unknown to the tropical climate of Paradise. "And even if it did exist," he added skeptically, "it would have been sour, crabby fruit that would not have tempted anyone."

CONFERENCE ADVOCATES EDUCATION FOR ADULTS

COLUMBIA, Mo.—A state-wide association of adult education was advocated in a resolution passed here by members of the conference on adult education. The resolution was introduced by Sherman Dickinson, professor of education at the University of Missouri.

Insects Raiding Michigan Crops

LANSING, — Insects infesting Michigan crops have lost all sense of "politeness."

At least that is the conclusion of Michigan State College entomologists, who claim the bugs this year arrived considerably ahead of schedule and are "hanging around long after they should be satisfied with the damage done."

Beetles, moths, flies, bugs and many other kinds of insects have combined in all stages of development to make 1934 a "pest" year of record in the state's farming history, a survey by the college entomologists shows.

These insects have launched a concentrated attack on everything planted. At this time, scientists point out, the cut worm continues to cut down plants weeks after the cut worm's usual season of destruction.

The army worm is likewise a parasite without any sense of "propriety," insist the specialists. This worm usually multiplies in crops on low areas and then marches to other fields as the original food supply becomes exhausted.

RANGER IN 1930 (Continued)

Nov. 20 the West Texas Laundry Owners association members met in Ranger for a two-day session, which was held at the Gholson hotel. Nov. 23 the trial of Buford Armstrong, charged in the robbery of the Hall Tire company on Sept. 10 was set for Monday. At the time of the robbery of the company members of the American Legion Rifle Club were in session with Chief of Police Jim Ingram presiding, and the entire organization joined in the chase that ensued.

Dec. 1, a mad dog scare was prevalent throughout this section, in spite of the fact the most people associate mad dogs with hot weather, when two people in Eastland were bitten by a mad dog and dogs in and near Olden and Ranger were thought infected.

Dec. 3 tickets for the charity football game to be played on Dec. 14 were placed on sale and a large advance sale was reported. The two teams were composed of former players on the Ranger and Eastland High schools.

Dec. 3 a gas well in section 12, block 3, T. & P. railway survey in Palo Pinto county was creating much interest. It was the Lone Star Gas company's H. Belding, which was reported to have a rock pressure of 1,350 pounds.

Dec. 4 preparations were made for the annual visit of Santa Claus to Ranger and when he arrived a few days later a large crowd of children lined the streets.

Dec. 4 the Mook-Texas No. 12, Sibley at Staff was reported drilling at 875 feet; the Belva Oil Co. No. A-1 Good in the Ramover pool was reported drilled to 3,727 feet and bring in 15 barrels of oil daily; and the Lone Star Gas Company's Smith No. 1 was reported to have come in for 376,000 cubic feet of gas at 3,875 feet with 960 pounds of rock pressure.

Dec. 4 the City of Ranger joined the national tree planting campaign of the American Tree association. J. E. Meroney was named as chairman and Wayne C. Hickey and A. H. Seeley were named on the committee to promoted the campaign.

December 4 an oil meeting was called in Ranger to discuss production in this section of the state.

December 4 H. F. Looney, local manager of the Texas-Louisiana Power Company announced that \$50,000 would be spent by the company in Ranger relaying gas mains and lines throughout the town. The work was to start as soon as the pipe arrived and would furnish much work for local labor.

Dec. 5 trial of Oscar Privett, charged with the murder of Melvin Dunson, was begun in district court at Eastland. The statement made by Privett before Wilbourne Collier, assistant district attorney, was presented as evidence in the trial. The jury came in December 8 with a verdict of 30 years imprisonment.

Dec. 9 fifty heads of pipe line companies met in Ranger to discuss oil proration and the taking of oil from this section of the country. Dec. 10 the schools of Ranger joined in the tree planting campaign and each school was to plant trees around the campus and buildings to complete the lines of trees. Shrubbery was also to be planted around the schools, according to the plans.

Dec. 11 the third annual poultry show opened in Ranger with a large number of entrants and a good attendance.

Dec. 15 a wave of petty thieving was reported in Ranger when a clock and mirror was stolen from a car parked at Lillard field the day before while the charity football game was in progress, while tools were stolen from another car and a purse snatched from a lady by a boy, and several spectators joined in the chase, the purse being returned to the owner when the boy dropped it. The night before a man had been arrested while trying to take a tail light off a car parked on Main street.

Dec. 15 the young school was menaced by fire when the D. Nantz home was burned. No damage was done to the school building, however.

Dec. 25 a total of 150 Christmas boxes was distributed to the needy in Ranger.

Dec. 26 announcement was made that checks totalling \$50,000 would be distributed, representing the final dividend of the First National Bank of Ranger.

Dec. 26 the second man wanted in connection with the robbery of the Hall Tire Company on September 10 was arrested in Lamesa and held for Eastland County officers.

a deduction of not to exceed 5 percent during the fiscal year ending June 30, 1935, as a measure of economy, and also to a deduction of 3 1/2 percent toward a retirement annuity.

All States except Iowa, Vermont, Virginia, Maryland, and the District of Columbia have received less than their quota of appointments in the apportioned departmental service in Washington, D. C.

Full information may be obtained from Secretary of the United

States Civil Service Board of members, at the post office in city.

OWL CCC CAMP PET

BELTON, Mont.—Not to outdone by another Glacier CCC camp which boasts of no calf for a mascot, CCC camp No. 1 here has a big horned owl for its pet. The owl's name is "Beautifal" and has accompanied the corps on its travels in Utah, California and Montana.

Where is Germany Heading is Big European Question

Editor's Note: To clarify and define the present confusing German political situation, Webb Miller, United Press European News manager, who directed coverage of the bloody purging of the Nazi party, has prepared this article.

By WEBB MILLER
United Press European News Manager
Copyright 1934 by United Press BERLIN.—Where is Germany heading? Is the Nazi regime seriously endangered? Can Adolf Hitler surmount present difficulties?

These questions are uppermost in the minds of foreigners now that the firing squads have been silenced and the assassinations have been halted.

Answering these questions as simply as possible, everything I have seen or heard, even from non-Nazi sources, indicated that Germany will remain Nazi indefinitely.

The Nazi regime as such is not endangered now nor is there a sign that it will be endangered within any appreciable future time.

Hitler, it is indicated, will surmount his present difficulties. The reason is that the majority of the nation is still firmly supporting Hitler and the Nazi regime.

Furthermore there can be no argument against guns and no alternative to the Nazi regime in sight.

Even were the first reason non-existent, the other two would be sufficient.

The Reichswehr, which probably is the finest trained professional army in the world—numbering nominally 100,000 but now with allied units at least twice as large—is supporting Hitler.

General Werner von Blomert, the Reichswehr minister, publicly announced the Reichswehr's support of Hitler.

The only possible alternative of Nazi regime would be a military dictatorship imposed by the Reichswehr. The Reichswehr always has pursued a course of non intervention, and in the present situation it realizes a conflict would bring chaos and civil war, which its chiefs do not want.

At present, besides the Reichswehr, Hitler has the excellent force of Landeshopolizei (police) under Hermann Goering, numbering around 80,000 and about 100,000 SS troops, picked men from the Nazi's own forces.

Furthermore there are about 1,500,000 ordinary storm troopers, or the Brown Shirt army, from which huge numbers could be drawn for the defense of the regime, if necessary. They are on a compulsory vacation during July. While seven of their highest leaders and some minor ones have been executed, the mass undoubtedly is loyal, at least outwardly.

There are about 100,000 state police, all highly trained.

Thus the Nazi regime possesses overwhelming military forces.

From the political viewpoint the Nazis have no serious organized opposition. There is very slight monarchist sentiment. The formerly powerful communist and socialist organizations have been crushed and discredited. The Catholic and other religious organizations obviously are in no position to offer serious opposition.

Thus politically Hitler and the Nazis are greatly preponderant at the present and there are no signs of sufficient alteration within any appreciable time to endanger the stability of their regime.

Undoubtedly, the ruthless killings in the Roehm revolt without process of law caused a considerable psychological shock and induced a species of terrorism both inside and outside the party.

It has not passed unnoticed that so far officials details of the alleged plot of Roehm of General Kurt Von Schleicher against the regime are entirely lacking.

There has been no further reference to a plot since the first scanty official references and it has been impossible to obtain further details. It has also been noticed that most official emphasis was placed on the homo sexuality of Ernst Roehm and Edmund Heines, which has been well known for years, and the corruption and extravagance of the leaders killed.

How far the alleged plot had advanced, what were its exact objects, what support it had, and whether Hitler and Goering, perceiving that dissatisfaction loomed, decided to act ruthlessly in self-defense before the danger could crystallize, remain among the many mysteries of the situation.

BIRMINGHAM, Ala.—Two weeks after Mrs. Charles P. McVid, Birmingham newspaper woman, lost \$10 on a street, she received an anonymous letter containing the money, with the explanation that the finder saw her drop it, could not catch up with her, but traced her identity through her automobile tag.

THURBER

Special Correspondent
Thomas Edward Bott, resident of Thurber for 40 years, died at his home Tuesday, July 3, following several days illness. Funeral services were conducted from the residence Thursday afternoon at 3 o'clock, with Rev. W. H. Rucker, pastor of Bangs, delivering the funeral address. Interment was in Mount Marion cemetery at Strawn.

Mr. Bott was born in Palmyra, Ind., April 17, 1866. He came to Texas while a young man and was married to Miss Mamie Reasoner in 1902. Surviving are his widow, and three sons, Bill Bott of Mineral Wells, Ted Bott and Charles Bott of Thurber. The throng of people together with the beautiful floral offering expressed the esteem in which he was held. Active pallbearers were Luther Simmons, Alva Simmons, Jim Latimer, Bill Lorenz, Jack Miller, Oliver Thomas and Drexel Black. Mr. Bott was check weighman at the mines for 29 years.

Miss Ruth Callaway and D. J. Costa were married Sunday morning, July 7, at 8:45, at the home of the bride's parents, Mr. and Mrs. O. E. Callaway. The Rev. W. E. Anderson, pastor of the Methodist church, read the beautiful ring ceremony. The bride wore a lovely white frock with a corsage of lilies of the valley and gladiolus. After graduating from high school she attended State Teachers college at Denton, and has been employed by the Texas Pacific Coal & Oil company. The groom is the son of Mr. Costa of Fort Worth, and for several years has been employed by the Texas Pacific Coal & Oil company at Fort Worth. After a honeymoon trip to Mexico City they will be located at 2527 South Jennings avenue, Fort Worth. Out of town relatives to attend were Miss Mary Costa of Fort Worth, sister of the groom; Mr. and Mrs. George Combs of Fort Worth; Mr. and Mrs. John Kindle and Mr. and Mrs. Sidney Smith of Ranger. The ladies are sisters of the bride.

Miss Hazel Rutherford and Bert Davis of Dallas were married late Sunday afternoon at Mingus. The Rev. Gustavis read the ring ceremony. The bride is the daughter of Mr. and Mrs. R. W. Rutherford. She received her early education in Mingus and attended high school in Thurber, later attending a business college in Abilene. The groom is the son of Mrs. Davis of Dallas. He has lived in Dallas for several years. Immediately after the ceremony they left for Dallas.

Mr. and Mrs. Alonzo Leedy left Sunday for Oklahoma to visit friends and relatives.

Miss Claudia Mae Anderson visited last week in Rising Star and Alpine.

ICE BOX CAUGHT FIRE
BRIDGEPORT, Conn.—Geo. V. McGrath thought the heat was getting the best of him when he discovered his electric ice box afire. Firemen blamed it on a short circuit.

Pause Has Come In Rapid Events In German Crisis

Editors Note: In the following article, Webb Miller, United Press European News Manager, expresses the opinion that the exciting events of the last week in Germany are over for the present. Miller is one of the most experienced men in the foreign field. He has covered many wars and revolts.

By WEBB MILLER
United Press European News Manager
Copyright, 1934, by United Press BERLIN, July 9.—A pause seemed today to have come in the rapid pace of events which in the last week have centered the eyes of the world on Germany.

In that belief dozens of foreign correspondents who sped to Berlin are leaving for London, Paris, Moscow and other points.

In Berlin remains a hundred provocative questions—and nobody can answer them.

There is the riddle of Adolf Hitler and why he, who has always been first to make a leader's declaration at the moment of crisis, has made no public statement since last Saturday.

Many people say there are factors in the investigation of the Schleicher-Roehm revolt which would be jeopardized if any public statement was made at the moment.

What will be the relative positions of Herman Goering, Hitler's "iron fist"; Vice Chancellor Franz von Papen and Minister of Propaganda Paul Joseph Goebbels and the Reichswehr in the tense weeks and months that lie ahead?

Ray Roberts of Fort Worth visited Miss Tricy Lee Hobbs during the week-end.

Miss Flota Livingston has returned home after a stay in Fayetteville, Ark.

Mr. and Mrs. Alonzo Leedy left Sunday for Oklahoma to visit friends and relatives.

Miss Claudia Mae Anderson visited last week in Rising Star and Alpine.

There is the riddle of Adolf Hitler and why he, who has always been first to make a leader's declaration at the moment of crisis, has made no public statement since last Saturday.

Many people say there are factors in the investigation of the Schleicher-Roehm revolt which would be jeopardized if any public statement was made at the moment.

What will be the relative positions of Herman Goering, Hitler's "iron fist"; Vice Chancellor Franz von Papen and Minister of Propaganda Paul Joseph Goebbels and the Reichswehr in the tense weeks and months that lie ahead?

Ray Roberts of Fort Worth visited Miss Tricy Lee Hobbs during the week-end.

Miss Flota Livingston has returned home after a stay in Fayetteville, Ark.

Mr. and Mrs. Alonzo Leedy left Sunday for Oklahoma to visit friends and relatives.

Miss Claudia Mae Anderson visited last week in Rising Star and Alpine.

ICE BOX CAUGHT FIRE
BRIDGEPORT, Conn.—Geo. V. McGrath thought the heat was getting the best of him when he discovered his electric ice box afire. Firemen blamed it on a short circuit.

Famous Painting Is Being Cleaned

AUSTIN.—The painting of Mexican General Santa Ana being brought before General Sam Houston is one of the prized possessions of the state capitol. Just now it is down from the wall of the main corridor of the capitol. It is being cleaned of the grime that has accumulated in years. The painting is by a noted Texas artist of former days, W. H. Huddle. It is being cleaned by his widow, also an artist.

As leader, it is Hitler's task to rise above the emotional shock of the past week and carry on the work of unification from the point where it was interrupted last Saturday.

He still is, to the masses of the people, the man who can do no wrong, the man who has suffered from the treachery of those whom he trusted.

The propaganda ministry is preparing a statement giving details of the storm troop revolt, about which the public here is still almost totally uninformed.

The brief opening up of official information last Saturday and Sunday gave the public a meagre insight into the significance of the events then transpiring. Those sources were sealed again and the public—its interests sharply aroused by more liberty of information than it had been shown in

a year—is wondering "what next?"

Which most observers believe will remain indefinitely in power? This correspondent talked to officials, Nazis and non-Nazis, and no consistent picture is to be drawn from their opinions.

Nobody will risk conclusions. It is as impossible to predict the near future in Germany as it is to rationalize the mental progress of Hitler himself. Yet these two things are bound together closely.

A highly psychic type, Hitler questionably is suffering from a torment of conflicting convictions.

What the best informed people this correspondent has talked to believe is that Hitler will put the unity of Germany above the interests of his party, and that if further decisive purging of the party is necessary to will proceed to do it.

Increase Is Seen In State's Charters

AUSTIN.—New charters granted corporations during June to carry on business in Texas showed a substantial rise over May, according to Dr. F. A. Buechel, statistician in the Bureau of Business Research of the University of Texas. A total of 130 charters was granted with aggregate capitalization of \$1,890,000, increases of 8 per cent and 50 per cent respectively over the number and capitalization in May. There was, however, a decline of 30 per cent in number and practically the same percentage drop in capitalization in comparison with June, 1933; and for the year to date there was a drop of 12 per cent in number and 39 per cent in capitalization compared with the corresponding period last year.

Charters granted out-of-state firms were 29 per cent fewer than in May but 4 per cent above June last year; and for the first six months the increase over last year was 27 per cent.

A total of six firms with capitalization of \$100,000 or more each was chartered against two in May and six in June last year. During the first half of the current year 17 firms were chartered against 34 during the corresponding period last year.

NOT AN ANGLER COMPLIANT
BOISE, Idaho.—State Game Warden Amos H. Eckert knows Idaho anglers are getting all the fish they want. He hasn't had a single complaint this summer.

BOISE, Idaho.—They can talk of the "big one that got away," but A. C. Tilletson just says, "look." He recently caught 12 fish in Williams Lake. Each measured between 15 and 19 inches and weighed on an average of three pounds.

Panhandling has increased since repeal, say police. Well, it's a better cup of coffee since the lid was lifted.

"NOT CONSTIPATED FOR SEVEN WEEKS"

Writes Mrs. Johnson After Using Kellogg's ALL-BRAN

Sufferers from constipation will be interested in this unsolicited letter:

"Your ALL-BRAN surely relieves constipation. I am so glad over the good it has done me that I feel I must write and tell you of it.

"For lunch I take a banana, a large one. Six tablespoons of ALL-BRAN in a sauce dish, and dip banana at each bite until all is consumed. I haven't been constipated now for seven weeks."—Mrs. Louise Johnson, 1433 Forest Street, Denver, Colorado.

Constipation often causes headaches, loss of appetite and energy, sleeplessness. This condition is usually due to lack of "bulk" to exercise the intestines, and vitamin B to further promote regular habits. Kellogg's ALL-BRAN has both, as well as iron for the blood.

The "bulk" in ALL-BRAN is much like that in leafy vegetables. Within the body, it forms a soft mass. Gently, it clears out the wastes.

Try ALL-BRAN in place of patent medicines—often harmful. Two tablespoonfuls daily will overcome most types of constipation. Chronic cases, with each meal, if not relieved this way, see your doctor.

Use as a cereal, or in cooking. Recipes on the red-and-green package. Sold by all grocers. Made by Kellogg in Battle Creek.

Try a WANT-AD!

A PAYROLL to support 34,000 Texas People

IN 1933 over 34,000 Texans depended upon the pay checks of Texas legal reserve life insurance companies for their means of a livelihood. To the 10,000 people directly employed in home offices and the field went \$8,000,000.00 for wages, salaries and commissions.

For purchases made in Texas and in tax payments, in 1933 these companies paid out an additional \$2,115,000.00 . . . support of further employment in Texas.

The Texas companies also had another payroll, much larger and equally important. In 1933 they sent \$20,000,000.00 to Texas beneficiaries and policyholders in payment of

V. V. Cooper Is Running His Race Upon His Merits

TO THE VOTERS OF PRECINCT NO. 1, EASTLAND COUNTY

In offering myself as a candidate for commissioner of this precinct, it shall be my purpose to make the race on my own merits, qualifications and past record. My opponent is charging me, as former commissioner, with being responsible for the precinct being in debt when he went into office. In this connection, I desire to state that this indebtedness was unavoidable and was occasioned by reason of the fact that the State Highway Department required the widening of highways through Eastland County and about fifty-five miles of Highways Numbers 1 and 67 were in Precinct No. 1. It cost approximately \$15,000.00 to provide right-of-way, remove and rebuild fences and purchase and install necessary culverts. Furthermore, one rain in June, 1932, washed out fifty-six bridges and culverts which of necessity had to be replaced and rebuilt at a cost of \$4,909.00. Then again in the summer of 1932 the old bridge on Colony Creek at the Panhandle Lease had to be replaced with an 80-foot steel span and the wooden bridge on Ranger Thumber road in East end of the county burned and had to be replaced, the two costing approximately \$4,500.00. The circumstances which caused the above expenditures were, of course, beyond my control and I should not be held responsible for them. In the expenditure of the above amount which was absolutely necessary, many of our unemployed citizens were given employment. Not only was it my official duty to make these improvements and expend these funds, but I also, had the satisfaction of knowing that the money spent for labor went into the hands of many of our needy and worthy citizens. While in office I tried at all times to be conservative, I was not unmindful of my fellowman's material needs. I hope that you will bear in mind that while I was in office I did not have thousands of dollars of C. W. A. funds to spend on projects in my precinct as has your present commissioner. I will leave it to your present commissioner. I will leave it to your judgment as to whether or not these funds have been wisely spent.

Much is being said about first and second terms. I believe you are not so much interested in the terms as you are in the service which you will receive.

I desire to mention a few things which I favor and will work for if elected:

I favor building and maintaining good roads at the least possible cost and which would serve the greatest number of people.

I believe a laborer should be paid wages that will enable them to properly support their families.

I will give every consideration to the old, poor and needy of the county who are not being provided for otherwise.

I will co-operate with the teachers and parents of the schools in my precinct, as I have done in the past, in bettering the roads leading to the schools and also properly grading and maintaining school grounds.

I favor giving reductions in tax values wherever and whenever justifiable.

I most respectfully request that you give my candidacy your careful consideration, then, if you believe with my qualifications and experience that I can serve to the best advantage and can favor me with your support and influence you may be assured that it will be deeply appreciated.

Promising you, if elected your commissioner that I will be on the job at all times working for the best interest of our precinct.

Very truly yours, V. V. COOPER. (Political Adr.)

Transfer of Lien—Capitol Building & Loan Association to Home Owners Loan Corp., lot 4, blk. 80, Cisco, \$1,900.

Deed of Trust—C. R. Carrothers, et ux to James Shaw, trustee for Home Owners Loan Corp., lot 4, blk. 80, Cisco, \$1,900.

Abstract of Judgment—E. C. Brand, banking commissioner of Texas vs. Harsell Rig Co., et al, \$431.

STOLEN CAR RECOVERED Eastland county officers Saturday recovered six miles east of Eastland a car stolen July 5 in Abilene belonging to E. E. Hall of that city. The car was concealed in brush off the road. No arrests have been made in connection with the theft.

Ford Output Is Above 1933 Volume

DEARBORN, July 10.—World sales of Ford passenger cars and commercial units in June totaled 101,661, the largest June sales volume since 1930, the Ford Motor Company announced today. World Ford sales in June, 1933, totaled 58,543.

Total Ford world sales for the first six months of 1934 were 489,915, which was 119 per cent increase over the 1933 total for the same period, which was 223,727.

Ford's June production in its plants throughout the world was 98,445 as compared with 61,912 a year ago in June.

Ford's world production total passed the half million mark in June, the total for the first six months of the year being 536,637 passenger cars and commercial units. This compares with 228,117 units in the same period last year.

Philippines Pick Men for Convention

By WILLIAM H. LANDER United Press Staff Correspondent WASHINGTON.—Preliminary steps toward the creation of the "Philippine Republic" which will arise in the Far East under Uncle Sam's auspices began today when 202 delegates to the constitutional convention are to be elected.

The convention, which is to draft the constitution for the "Commonwealth of the Philippines" has been convoked by Governor-General Frank Murphy to meet at Manila on July 30.

The Tydings-McDuffie independence act provided that the convention should meet "not later than Oct. 1, 1934," but Filipino independence leaders decided to speed up the process toward ultimate freedom. Originally it had been intended to hold the elections for the convention on June 26, in order that it might convene on July 4—Independence Day of the United States—but later developments caused a short postponement.

This is the second election to stir the Philippine Archipelago within seven weeks. On June 5 elections were held for the legislature, which will convene on July 16. Those elections resulted in a re-affirmation of the power of Manuel L. Quezon, scrapping president of the senate and leader of the Tenth Independence Mission to Washington.

The 202 delegates are distributed at the ratio of two delegates for each representative district, except in the special provinces of Mindanao and Sulu, which shall have two delegates each, and the Mountain province, which will elect two delegates for each of its sub-provinces and two for the city of Baguio.

As all constitutional conventions, the Philippine convention will be a unicameral body. It will not be strictly "sovereign," however, as certain limitations on the contents of the constitution have been dictated by the United States government through the terms of the Tydings-McDuffie act.

The "commonwealth government" which is to rule during the 10-year transition period before complete independence is achieved will become effective after its constitution has been drawn up, ratified at a plebiscite by the Filipino voters, and approved by the president of the United States.

While Filipino nationalists hope to inaugurate their "commonwealth" by Jan. 1, 1935, it is not outside the realm of possibility that delays may ensue.

Mme. Sahra Lillie Kouyoumjouli, who befriended Samuel Insull in Greece, has come to America to see if Sam, at least, can remember her name.

Eastland Golfers Defeat Gorman

Eastland golfers Sunday playing Gorman linksters on their course won 7-5, marking Eastland golfers' second win from Gorman and their sixth straight win from other clubs in the Eastland county golf association.

Five of the Eastland golfers who in the majority of their matches usually end up in the win column this time were defeated. The five were Doug Jones, Homer Norton, Joe Stephen, J. Blankenship and J. B. Johnson.

Bob Sikes, young Eastland golfer, shot a 21 on his last round with Merrel, four below par, which golfers say tied for the course record on nine holes.

Individual scores: Doug Jones lost to J. A. Gisham 1 up 22 holes.

Tim Barnett won from Z. O. Mahaffey 5 and 4.

Bob Sikes won from Joe Merrell 6 and 4.

James Harkrider won from R. Ross 6 and 5.

H. Norton lost to S. A. Ewalt 2 and 1.

Joe Stephen lost to E. A. Davis 3 and 2.

J. Blankenship lost to C. Kounce 3 and 2.

J. B. Johnson lost to B. Ross 4 and 3.

R. L. Perkins won from Frank Leazer 3 and 2.

R. A. P'Pool won from J. W. Cokrell 2 and 1.

Ralph Mahon Jr., won from P. L. Ray 6 and 5.

P. Castleberry won from W. Spear 8 and 7.

WASHINGTON, July 9.—The big drive to pump \$500,000,000 or more into the lagging construction industry before snow flies got under way today.

James A. Moffett, housing administrator, set up headquarters and started assembling his staff for a campaign which is one of the major recovery bets.

Moffett has \$1,000,000,000 with which to back his program. He hopes through several agencies, to finance construction and modernization plans of 5,000 homes.

His goal is to get half a billion dollars worth of projects under way by mid-autumn.
