COLONY ANNUAL PICNIC TO BE STAGED SATURDAY OF THIS WEEK

Plans have been completed at Colony for the big annual picnic, which is one of the big occasions for that section of the county each year.

An all-day barbecue has been planned with a good program of entertainment which will begin at 8 o'clock in the morning and will continue all day.

The first thing on the program is a baseball game in the morning between two teams, probably Colony and Marton Valley, which will end by 10 o'clock.

Immediately following the baseball game will be the political speaking by the county candidates most of whom have indicated that they will be on hand all day. The speaking will end at noon.

A big barbecue will be served at noon, to which the merchants of the town are invited. As the people of the Colony community are furnishing all the meat and other items, those from Ranger who attend have been requested to bring along a loaf of bread and a pickle, which would be a cheap price to pay for a meal such

as Colony has planned. The merchants of Ranger can leave about 15 minutes early for their lunches. It was pointed out, that along a loaf of bread and a pickle, return only 15 minutes later than usual and mingle with their friends and customers at Colony. A large number from Ranger is expected to attend throughout the day and particularly at noon.

Following the big dinner, and barbecue another baseball game will be played, with a team from Ranger entered. The winner of this game will play the winner of the morning game for the championship of the day.

Plenty of cold drinks and cold watermelon will be on sale throughout the day, the proceeds from the two concessions going to the Colony baseball team to furnish balls, bats and other needed equipment.

Fire Chief G. A. Murphy has been put in charge of part of the arrangements and has secured leave of absence for the day in order that he can be on hand and superintend the barbecue.

Candidates For The Legislature Speak Saturday

Candidates for both the 106th and 107th Legislative districts, will address the voters of Eastland and the adjoining communities in Eastland Saturday night at 8:30 o'clock. It has been announced. The time of the speaking has been changed from 3:00 p. m. to the later hour.

Reports from over the districts indicate that interest in this race is growing and that the voters are beginning to consider seriously the claims being made by the various candidates.

In the 106th district there are seven candidates and in the 107th there are three candidates.

Mrs. S. S. Adkins Dies at Lafayette

Mrs. S. S. Adkins, 76, grandmother of Carroll and Winston Allison of Eastland, died Sunday at her home in Lafayette, Texas. Funeral services were held Sunday afternoon and burial was at Lafayette, the old home of the deceased.

Mrs. Adkins a number of years ago spent some time in Eastland at the J. C. Allison home. Carroll and Winston Allison attended the funeral.

TWO ARE HELD IN ALBANY BANK ROBBERY

SEYMOUR, Texas, July 19.—Jim Lucas, 22, penitentiary fugitive, and Jack Hardin, 21, former convict, were in jail today under bank robbery charges in connection with yesterday's \$11,500 hold-up of the First National bank at Albany.

Capture of the pair ended a pitched battle in which Sheriff Arch Holmes of Baylor county and Deputy Sheriff Chas. Shawer were the victims. Hardin was shot in the leg during the exchange of fire.

All of the loot, which consisted of \$5,000 in cash and \$6,500 in travelers' checks, was recovered. In addition officers seized 11 pistols and ammunition. Officers believed the weapons were stolen from the Strawn Merchandise company.

More Than 100 Attend Boys and Girls Annual Meet

Over 100 4-H club members, representatives of six clubs from the county, have attended the annual encampment in Eastland which ended on Thursday.

Wednesday the girls were given instruction by Miss Ruth Ramey, county home demonstration agent, in jelly making, canning of tomatoes, and sewing. Boys were given instruction in land measuring by R. F. Lawrence, located in Eastland in connection with the Bank-head bill.

The 4-H boys softball team defeated the Eastland merchant team Wednesday afternoon by a score of 17 to 6. In the last half of the ninth, the 4-H club struck into a hitting spree, after which they emerged victorious by a one-point margin. Following the merchant-4-H game, boys and girls engaged in another softball game.

Winners in various contests held Wednesday and Thursday were: R. L. Tucker, Pleasant Hill, hog calling; Guy Lyerla, Flatwood, laughing contest; Bill Ramsey, Flatwood, barnyard mimicry; Leonard Fox, Union, yodeling; Mary Gibson, Eastland Lake club, cow calling; and Bill Ramsey of Flatwood and Virginia Gibson of the Eastland Lake club tied for first honors in the whistling contest.

Throughout the encampment the county agent and home demonstration agent were assisted by T. C. Williams, Mr. Garrett, Miss Clarke and Jim Bird of Cisco.

Doctors of Three Counties Meet at Phil-Pe-Co Lake

Dr. P. M. Kuykendall, Dr. T. L. Lauderdale and Dr. G. E. Haslam of Ranger, Dr. C. E. Isbell and Dr. Chaney of Eastland attended a joint meeting of the Eastland, Callahan and Brown county medical associations at Phil-Pe-Co lake, near Rising Star, Tuesday night.

There were about 65 doctors from the three counties present and all enjoyed the meeting and the fish fry that followed. Mrs. McBride and Carlisle of Dallas made the principal addresses of the evening.

Hughes to Speak Monday at Cisco

Maury Hughes, candidate for governor, will speak in the interest of his candidacy at Cisco at 8:15 o'clock Monday evening, July 23. It will be his first appearance in the county during the present campaign and possibly will be his only appearance in the county before the primary.

LABOR SEEKS MAYORS CALL

AKRON, Ohio.—Organized labor is moving to seek the recall of Mayor L. S. Myers. A recommendation that a special committee be appointed to investigate for his ouster has been unanimously approved by 500 representatives of 30 Akron locals meeting at labor headquarters to protest removal of records from a manufacturing company with police aid.

Ranger Water Is Still Sanitary And Plentiful

The drought which has continued for the past two months has not affected the city water supply in the least, it was announced by officials of the city today.

Ranger's water supply is holding up splendidly and even though it does not rain soon there is sufficient water in the lake to serve the needs of the city until the spring of next year.

A careful check was made on the purity of the water and it was found to be absolutely 100 per cent pure. Tests are made frequently from a local angle and also samples of the water are sent to Austin for chemical analysis and the reports from both local and state authorities give Ranger water as being pure. These reports are filed with the city secretary and may be read and examined by the citizens at any time.

The filtration plant is in splendid condition and every precaution is taken at all times to protect the water.

Service For D. N. Scurback Thurs.

Funeral services for D. N. Scurback, who died in a Confederate home in Austin Wednesday, were conducted at the Eastland cemetery Thursday afternoon with O. B. Darby, Baptist pastor, in charge.

The body was shipped Wednesday from Austin to Eastland where a nephew, W. M. Armstrong, resides.

Thomas L. Blanton Speaks at Cisco At 8:30 Tonight

Congressman Thomas L. Blanton returns to Eastland county this week and speaks today at Pioneer at 11:00 a. m.; at Nimrod at 1:30 p. m.; Seranton at 3:30 p. m. and tonight at 8:30 at Cisco. Last week he spoke in the county at Rising Star, Carbon, Gorman, Deadmons, Olden, Ranger and Eastland.

The meeting tonight at Cisco will be somewhat in the nature of a final Blanton rally in the county since it is doubtful if he will fill another speaking engagement in the county before the primaries.

The people of Eastland county have accorded Congressman Blanton by far the greatest reception given any candidate that has spoken in the county during the present campaign and much larger crowds have attended his meetings than any other candidate. The nearest approach to the Blanton crowds were those of Attorney General Allred, C. C. McDonald, Clint Small and Tom Connally; the latter named, with the exception of Allred, spoke only at one place in the county.

COPS' LAUNDRY BILLS HIGH

HARTFORD, Conn.—Last year traffic policemen granted permission to remove their heavy coats and work in shirt sleeves, complained they had to change their shirts every day and bills were staggering. This year they will have to "pray or sweeter," said Police Chief Garrett J. Farrell.

Ranger Scouts Get Awards at Annual Billy Gibbons' camp

Troop 9 of Ranger, under the direction of Scoutmaster Steele, made an enviable record while at Camp Billy Gibbons, entering all the camp activities and winning many honors, both for individual scouts and the troop as a whole.

Friday night the scoutmaster had charge of the council fire and presented a good program, while the troop won 660 points to take first honors at the camp, taking the first position from Troop 8 of Brownwood, winner for last year. Troop 8 was second with 640 points and Troop 1 of Brownwood was third with 510 points.

The Ranger troop had the largest number of boys of any troop in the camp, having 28 present out of a possible 31.

Cleve Calloway To Speak Here For Tom Hunter

Cleve Calloway of Cross Plains will deliver an address in behalf of the candidacy of Tom F. Hunter from the courthouse steps in Eastland Tuesday, July 24th, at 8:30 p. m.

On Thursday, July 26th, Calloway will speak at the City Hall in Cisco at 8:30 p. m. in the interest of Hunter's campaign. Friday at 8:30 p. m. Calloway will speak at Cross Plains in behalf of Hunter's candidacy. Calloway speaks for Hunter tonight in Ranger.

WATCHMEN ARE OVERPOWERED; STORE ROBBED

Two armed bandits raided capturing the town night watchmen early Tuesday morning, man at the Strawn Merchandise company, and escaped from town in an automobile after taking a number of guns, two suits of clothing and three boxes of ammunition.

The two bandits, driving a new model Chevrolet sedan with wire wheels, entered the town about 1:30, captured and disarmed H. N. Sherrod, city night watchman, and discussed robbing the Strawn Merchandise company.

One of the bandits is quoted by the night watchman as saying that they would probably have to kill A. M. Marrs, night watchman for the merchandise company, but Sherrod asked them not to kill him. He offered to call Marrs from the store if the two would promise not to kill Marrs and the bandits accepted, according to reports to local police.

When Marrs was called from the building the two got the drop on him and disarmed him. They then entered the building and selected a number of guns and forced the watchmen to carry them to the waiting car. After the car was loaded they again searched the two men, taking \$3 from Marrs, which they returned, along with the guns belonging to the watchmen. The guns were unloaded before they were returned to the owners. The two men then sped away in their automobile.

A checkup this morning showed that two suits of clothing, three boxes of ammunition and several guns had been taken. The guns were listed as follows:

One Browning model B-112 automatic shotgun, 12-gauge, 30-inch barrel, factory serial number 126,710.

One Browning model B-116, automatic shotgun, 16-gauge, 28-inch barrel, factory serial number 81,482.

One Remington automatic shotgun, 12-gauge, 28-inch barrel, factory serial number 845,992.

One Marlin repeating shotgun, lever action .410 gauge, factory serial number 5574.

One Winchester pump shotgun, 12-gauge, factory serial number 821,906.

One Remington .22 caliber automatic rifle, 22 long rifle, serial number 808,862.

The two bandits were quoted as saying that they would have to come back through Strawn some day and kill Si Bradford, mentioning that he wore a steel vest. Bradford, who is one of the most famous peace officers in this section of the country, was little concerned over the threats to shoot him, officers here declared, but was indignant that anyone would think that he wore a steel vest.

A report of the robbery was sent to all sheriffs and police departments in this section of the state, along with a list of the guns stolen, and a sharp lookout was being maintained for the bandits. Eastland county officers were called from Strawn about 3 o'clock this morning to assist officers there in tracing down two bandits who robbed the Strawn Merchandise company of that city and kidnapped the night watchman.

Si Bradford, veteran Strawn peace officer, called the Eastland sheriff's department and advised them that the two men were traveling in a Ford coach and were thought to be headed this way. Nothing was seen of the men, however.

The Strawn night watchman was carried by the bandits several miles out the Thurber road from Strawn where he was released and his gun, which the bandits had taken from him, returned to him. Eastland officers were told.

RODEO TO PICK QUEEN
PECOS, Texas.—Pecos' famous American Legion rodeo will have an added feature at its fifth renewal. More than 50 West Texas beauties will compete for the honor of being chosen queen of the rodeo. Rodeo performers from Texas, New Mexico and Arizona will perform.

72 AIR FIELDS IN IDAHO
BOISE, Idaho.—With the completion of 32 fields now being constructed by CWA workers, Idaho will have 72 airport landing fields. A. C. Byrnes, director of aeronautics, reported. There are 42 landing fields in the state at present; five years ago—1929—there were only six.

RANGER F. F. A. MAKES PLANS FOR BIG CAMP

Tuesday evening, July 17, 24 members of the local F. F. A. met in the high school under their new sponsor, P. A. Tanksley. The meeting was not carried out in regular F. F. A. form.

Mr. Tanksley, the new agriculture teacher and sponsor of the local F. F. A., called the club to order and took a few minutes in expressing himself to the boys. "I am glad to be here and to be one of you," he said.

The most important thing of the evening was the discussion and plans for the Lake Cisco encampment and the selection of the boys for the various contests.

Ranger will be represented this year in the best agricultural student contest by Covis Crawley and Jack Hutchinson will represent this chapter in the best F. F. A. student contest.

Horse shoe pitching will find Fred Reese and Charles Hodges, while washer pitching will be defended by Deane Crawley and Edward Bishop. In the pole fight event will be Andrew Bruce and Durwood Hartin, while the greasy pole walking will find Wilmot Simpson, Scott Neal and Billy Hinman. Boat tilting will be defended by Billy Hinman, Scott Neal and Roy Speas, while in the sub boat race event will be Dean Crawley and W. L. Pugh. In the swimming events Ranger will be represented by Covis Crawley, Andrew Bruce, Charles Hodges, Dean Walsh, Jack Hutchinson, Durwood Hartin, Wilmot Simpson, Harlen Crawley and Fred Reese.

Representing Ranger in boxing will be Wilmot Simpson, Billy Hinman, Steve Pressler, Andrew Bruce, Durwood Hartin, Everett Donowho. The club is in need of a good heavyweight from 160 and above. In the diving events, Paul Adkins and Dean Walsh will represent the local chapter.

Water polo will find Dean Walsh, Charles Hodges, Andrew Bruce, Durwood Hartin, Roy Speas, Wilmot Simpson, Scott Neal and Jack Hutchinson.

The F. F. A. also organized into a playground ball team with Gerald Stevenson as manager. The team will work out Monday with a practice game with one of the teams of the city.

Members present were Roy Speas, Jack Hutchinson, Covis Crawley, Beverly Dudley, Scott Neal, Wilmot Simpson, Durwood Hartin, Billy Hinman, Andrew Bruce, Charles Hodges, Edward Bishop, Dean Crawley, Dean Walsh, Joyce Burkes, J. D. Litton, Harlen Crawley, Tom Reese, Wilmot Gray, Burk Pugh, Robert Stevenson, Gerald Stevenson, Samuel Graham, Raymond Bunton, J. D. Bellah.

DROWNED IN BATH TUB
AVINGTON, France.—Julius Chauvin, 72, lost his balance and fell into a bathtub while washing his hands and face. He drowned.

GROCERIES IN TEXAS GO UP TO NEW HIGHS

FORT WORTH, July 18.—The family pocketbook will get some setback when the housewife goes out this week to fill her larder with flour, sugar and vegetables.

A survey of grocery stores showed food had risen from 5 to 10 per cent in the last few days, due to drought, and in some instances, federal taxes.

Some items were expected to advance again this week, grocerymen said.

The same situation, grocers said, is generally true over Texas.

Flour has jumped 20 cents a barrel in the last week. A further advance was expected. Bacon has risen four cents a pound in the last month. One vegetable counter manager estimated all fresh vegetables had risen from 5 to 10 per cent during the week.

Donkey Soft Ball Game to Be Played Sunday

Plans have been made for a donkey playground ball game, to be played Sunday afternoon at Lillard field.

Trained donkeys, which are being used all over this section of the state, and which were used in a game at Brownwood Tuesday night, are to be secured and used in the game, which will be staged by the Service and Elks.

Several from Ranger went to Brownwood Tuesday night to watch the game and came back enthusiastic over the interest and fun that can be had at the game. The donkeys are well trained and, according to members of the committee, "know more about the game than most of the players."

Chastain-Hamlin Are Speaking In County This Week

O. F. Chastain of Eastland and Carl O. Hamlin of Breckenridge, opponents of Congressman Thomas L. Blanton of Abilene, in the race for Congressman from the 17th district, have filled speaking engagements in Eastland county during the past two weeks and both speak in the county this week. Chastain is scheduled to speak at Carbon at 8:30 tonight.

Next week Chastain speaks at Deadmons, Gorman and Cisco on Wednesday, Eastland Thursday, and Friday at Rising Star and Ranger. Hamlin speaks today at Olden and Ranger. R. V. Galloway of Ranger will have charge of the program.

66 Absentee Votes Have Been Cast

Sixty-six absentee ballots had been cast by Eastland county voters up to Wednesday noon, according to Turner M. Collie, county clerk.

Gorman voters led in the absentee voting as sixteen residents of that city have cast their ballots while Eastland follows with fifteen. The remaining thirty-five votes originated in various voting precincts of the county.

Retail Merchants Attend Barbecue

The directors of the Retail Merchants association of Ranger had their annual picnic and barbecue at the Ranger Country club last night, July 17.

The following merchants and guests were present at this enjoyable affair:

Messrs. and Mmes. E. S. Balch, H. G. Adams, John Hassen, A. J. Ratliff, Walter Harwell, Edwin George, Jr., Hal H. Hunter, and D. Joseph, Milton George, brother of Edwin George, Jr., Miss Winnifred Dunkle, Miss Louise Moore, Mrs. Ethel Wylie, Mrs. Alice D. True, secretary.

Scout Troop Will Go In Swimming at Willows on Friday

All Boy Scouts in Troop number 9 are to meet at the Willows Friday evening at 7 o'clock to be the guests of Scoutmaster Steele at a swimming party.

The scouts have just returned from the annual summer encampment at Camp Billy Gibbons, where they had a good time and learned much about scouting.

Lewis Snyder Is Accepted In Navy

Lewis Snyder, 19, son of Mr. and Mrs. R. H. Snyder of Ranger, has received notice he had been accepted into the United States Navy.

Young Snyder makes the third Ranger boy to go to the navy this year. Woodrow Patterson having been called two months ago and Pete Ziegler having left last week. All received calls to go to San Diego.

Snyder graduated from the Ranger High school in the class of 1934 and enlisted in the Navy last February, but had an operation in March and was unable to go to training school earlier.

Wheat Goes Up On Market Today

FORT WORTH, July 18.—No. 1 hard wheat advanced a cent a bushel today, closing at \$1.08 1/4 a bushel. The price was one cent above yesterday's price which in turn was an advance of one cent above Monday's quotations.

ELECT B. E. McGLAMERY COUNTY SUPERINTENDENT

1. Because he is better qualified through training and experience to serve a second term.
2. Because through a careful budgeting of the school's funds they are today on a sounder financial basis than when he began. This has been done in spite of the two hardest years ever faced by a county superintendent.
3. Because he has co-operated with the State Department of Education to bring the largest amount of State Aid Funds into the county that has ever been granted. State aid has increased from \$15,000 in 1930 to nearly \$29,000 the past year.
4. Because he co-operated with the Federal Government to bring into the county for teachers' salaries the sum of \$12,000 additional funds for this year.
5. Because he has encouraged the raising of standards of training among the teachers of the county until today we have a higher type of teaching than when he began his term.
6. Because he believes that by working with the State Department of Education he will be able to give to the county the best educational program to be obtained. Co-operation with the State Department and not criticism of the Department is his practice.
7. Because he has sought to serve the teachers of Eastland county by making available to them, when it could be secured, money to pay warrants. He is now making efforts to secure funds to pay at least 4 months salary for next year.
8. He has found the office of county superintendent to be a clearing house for all the schools in the county. As such he has sought to render prompt and efficient service to all alike.
9. With a greater percentage of children in school last year than at any time, with a sound financial program, with better qualified teachers and better taught schools, with larger grants of funds from both State and Federal Governments, he comes to you asking for a second term.

DESDEMONA

C. W. Maltby was taken to Ranger early Friday morning to the West Texas Clinic and Hospital, where his appendix was removed. At latest report he was improving nicely. His son, Jay Maltby, who has been working at a refinery at Gladewater the past two years, came in home for a few days' vacation, getting here just a short time after his father had been taken to Ranger. He started out and walked a good part of the way and got to the hospital soon after the operation. A. C. Moore, superintendent of the Oakland refinery, took Mr. and Mrs. Maltby to Ranger.

Mr. and Mrs. O. G. Lawson came down Sunday to bring home Miss Mollie O'Rear, who had been visiting there two weeks.

Friday the 13th may have been unlucky for some folks but not for "Doc" Revels. Some of his friends decided as they did not know the date of his birthday that they would celebrate that day for him. As a result that afternoon "Doc" appeared on the street dressed up in new clothes and hat, gifts from friends who enjoy joking with him.

Roy Northcutt was rushed to the Blackwell sanitarium at Gorman on Tuesday of last week for treatment for an acute attack of appendicitis. It was found unnecessary to operate and he is now able to be back at home and looking after his cafe.

Mrs. Bill McKain, who is visiting her parents, Mr. and Mrs. G. S. Bruce, was taken to the West Texas Clinic and hospital at Ranger Wednesday and underwent a minor operation. Mrs. I. N. Williams drove up and brought her home Saturday.

Mrs. D. E. Hoover and son, Calvin, and Mrs. Roy Rushing and her sister, Mrs. E. B. Stewart and children and Mrs. J. H. Rushing Sr., spent a few hours at Bass lake Friday evening.

Miss Minyon Whitworth has returned from Stephenville where she took a six weeks course in special training for teachers of primary grades. She will have a good position in the school at Kokomo in September.

Mr. and Mrs. John Nabors have been enjoying a visit from their son, R. S. Nabors of Lubbock.

A delightful party was held Thursday night at the Methodist church when a large number of friends gave Miss Mollie O'Rear a surprise birthday shower. Miss Mollie was at Cisco visiting Mrs. O. G. Lawson but Mr. and Mrs. Ed Parks drove up and brought her home just in time for the party which she was told was a social given by the missionary society.

Songs were followed by a prayer by Rev. Z. C. Chambliss, pastor of the Baptist church, and a talk by Rev. Z. L. Howell, pastor of the Methodist church. Several of the girls of Mrs. I. N. Williams' Sunday school class then sang as a special, "Happy Birth to Miss Mollie," and as they did so Robert Howell and Miss Roma Lee Wright brought in a well filled basket of gifts and presented them to Miss Mollie, who was completely surprised but who made a nice speech of thanks. Miss Mollie is one of the most faithful members of the Methodist church and is well beloved by not only the members of that church but by all who know her.

The crowd that gathered to honor her birthday was made up of friends from all parts of town, all of whom were glad to show their love and appreciation of her. Refreshing lemonade was served by Mrs. I. N. Williams and her Sunday school class.

Rev. and Mrs. W. M. Ford and their daughter and son-in-law, Mr. and Mrs. Walter Henry, drove up to Ranger Wednesday and bought furniture with which Mr. and Mrs. Henry started housekeeping in the Bob Burns house on Main street. Mrs. Henry was before her marriage Miss Oleta Britt, daughter of Mrs. Ford and step-daughter of Rev. Ford. Their many friends are extending congratulations and good wishes to them.

Robert Snead returned Wednesday evening from Gorman where he had been treated at the Blackwell sanitarium for injuries to his right eye when cement got in it while working for the Magnolia company. We are glad to report he has almost recovered.

Friday afternoon Hon. Thomas L. Blanton, who has been known for years in congress as the "watchdog of the treasury," spoke to a good crowd of attentive listeners who had gathered in front of the postoffice to hear this hard working friend of the farmer and other laboring people, tell of his successful work in their behalf. It goes without saying that Congressman Blanton will receive a large vote for re-election in the primary on July 28.

J. A. Anderberg returned to his home at Olden Monday after having been here two weeks, taking the place of R. J. Krapp, who was on his vacation.

Rev. Z. L. Howell returned Thursday from a visit with relatives and friends at Sardis, Ellis county, where there had been a home-coming and at which he had

preached to the gathering on Sunday. Mrs. Howell did not return with him as she remained at Eddy, where they stopped to see a new granddaughter, Virginia Lee Wooten, born to Rev. and Mrs. C. D. Wooten on July 9. Rev. Howell came by Lometa and brought home with him his little grandson, Dan Mosser.

Mrs. Winnie Hoover of Ranger visited her mother, Mrs. S. E. Browning, Tuesday night.

The Methodist revival meeting will begin Friday, July 27. Rev. Rosemond Stanford, pastor of the Methodist church at Eastland, will do the preaching. Rev. Stanford is one of the most successful pastors in the Central Texas conference.

Since coming to Eastland in November, he has received 200 members into the church and has led the church in many splendid lines of work.

Mrs. J. E. Heeter accompanied by Miss Ruth Crenshaw drove up to Ranger on business Monday.

Mrs. W. S. Snead, Mrs. Jack Donohue and Miss Marjorie Morris, all of DeLeon, visited Mr. and Mrs. R. W. Snead Monday evening.

Roy K. Ashburn drove to Tulsa on Tuesday of last week and came home on Wednesday, bringing with him Mrs. David and children, who will spend a month here with the Ashburns. Mrs. David is a sister of Mrs. Ashburn and formerly lived at Gorman, coming there from Cisco, where she was born and reared, being Miss Jewel Harris before her marriage. Her many friends and relatives are giving her a hearty welcome.

TOUGH GUY K.O.'d AUTO SALT LAKE CITY, Utah.—Roy Hanni, 18, is a tough guy. Struck by an automobile, he was catapulted up over the hood of the car, over the top and dropped on his head. The car suffered a broken front headlight, dented radiator and numerous scratches; Roy had a slight scratch on his shoulder.

SLASHED OVER BASEBALL SCORES NEW PHILADELPHIA, O.—Because Cleveland Meyers, 65, refused to let him see the baseball scores in a newspaper, Henry Jones, 61, negro, slashed Meyers with two penknives. Both men are inmates of the county infirmary.

SALEM

Special Correspondent

There was a large crowd out at Sunday school Sunday.

Mrs. John Ivy of Ranger visited her parents, Mr. and Mrs. W. H. Sparger, Monday and Tuesday.

Mr. and Mrs. Earl Redwine visited his brother, Ila Redwine, Monday and Tuesday.

Mrs. R. M. Redwine of Goree has been visiting her children and sister, Mr. and Mrs. E. H. Redwine, Mr. and Mrs. Ila Redwine and Mr. and Mrs. W. H. Sparger this week.

Bro. Ripstone has returned home from San Saba, where he has been holding a revival meeting.

Bro. Howell will start this meeting here Friday night. Everyone is invited to come. He is the pastor of the Methodist church at Cole-demon.

Mrs. Velma Trammell of Coleman has been visiting her sister, Mrs. Ila Redwine, and family, the past week.

Mrs. I. C. Redwine visited her brother Sunday and attended a family reunion.

Mr. and Mrs. Carl Varner of Fort Worth, Mrs. Velma Trammell of Coleman, Mr. and Mrs. J. P. Bowles of Alameda, Mr. and Mrs. Taylor Varner of Desdemona, Mr. and Mrs. V. C. Wayland of Jakehamon, had their family reunion at the home of Mr. and Mrs. Chesley Varner of Jakehamon. All enjoyed the day.

Mr. and Mrs. Otto Beaver visited her brother at San Saba, Saturday and Sunday.

E. H. Redwine spent Wednesday night with his brother, Ila Redwine.

Bro. Smith of Eastland and Bro. Jones of Cisco have just closed a revival meeting at Salem.

Bro. Smith is an evangelist of the Nazarene Holiness church and Bro. Jones is a local minister and a wonderful singer, who feels like singing and playing the violin is his calling as well as preaching.

This community has been greatly blessed during the meeting. There were two conversions, four re-claimed and five were sanctified. The Christians received a spiritual blessing and have been testifying as to what the Lord has done for them and praying and getting closer to God so He could bless them.

Sister Redwine of Goree, Texas, who formerly lived here, visited her children, relatives and friends and attended the meeting.

The Christian people enjoyed her prayers and testimonies to the Lord. We just felt like the Lord sent her for the meeting. The Nazarenes preach and testify to holiness.

ed State Department of Agriculture at Washington, addressed a meeting of farmers and others interested in the movement now being made by the federal government and the growers and millers of peanuts towards securing a proper stabilized market price for peanuts.

It was announced at the meeting that another meeting would be held at the courthouse in Eastland Saturday at 2:30 p. m. at which time it is planned to select delegates from the county to a meeting of peanut growers to be held at the Texas Hotel in Fort Worth Monday and Tuesday, July 23 and 24 beginning at 9:00 a. m.

The meeting at Eastland represented five counties, including Eastland.

NORFOLK, Neb.—Karl Woodward drove a hard-hit golf ball down the Norfolk golf course. It landed for Woodward's companion, Ole Olson. Olson dived. The ball struck his golf bag, disappeared. Five men joined in a search for the ball. Olson found it—in his pocket, where it had ricocheted after striking the golf bag.

Peanut Growers From 5 Counties Meet in Eastland

One cow-hand said 'Give me a key to the front door—I'll be out late tonight'

Yes, this actually happened. One of the boys from a neighborhood ranch walked up to the desk at one of the West Texas Hiltons and said, "Give me the key to the front door. I'll be out late tonight." Of course, we explained to him that "the latching hung on the outside." Doors never locked, we replied. "I'll stay here twenty-four hours a day, three hundred and sixty-five days a year."

GRADY OWEN WANTS THE SECOND TERM AS DISTRICT ATTORNEY

THE RECORDS SHOW:

1. That he has tried a greater percentage of the cases and secured a greater percentage of convictions than any other District Attorney.
2. That he has had fewer reversals, only one case that he tried having been reversed by the Court of Criminal Appeals, and that on a technicality.
3. That no indictment he prepared has ever been held defective by any court.
4. That law violations have been reduced more than one-half.

He is grateful for your support two years ago, and will greatly appreciate your vote and influence for the second term.

TEXAS TAX TOTAL TO U. S. DOUBLED

Texans are interested in tax payments to the federal government for the fiscal year 1934, ended June 30 as for the fiscal year 1933. According to figures made public by the bureau of internal revenue Texans paid the federal government almost twice as much in taxes as for the previous fiscal year. These are the figures: Texas totaled \$60,591,954 as compared with \$34,167,496 for 1933. According to the report a large part of the \$25,333,458 increase is attributed to better business generally but New Deal taxes collected during 1934 under the agricultural adjustment act accounted for \$10,070,720. Farmers in Texas, however, received about five times this amount in AAA rentals and benefit payments, the total being \$49,040,156 up to May 31. General increases in income tax receipts from Texas and other states reflected a much greater national income in 1934 than in 1933.

Figures tell the story. As for the farmer, he has ceased to be "the forgotten man"—since the coming of the New Deal civilization.

Kinnaird Issues Statement to the Voters of 107th

In presenting myself as a candidate for State Representative from the 107th District, comprising Eastland and Callahan Counties, I believe the voters of the

D. L. Kinnaird

D. L. Kinnaird of Eastland, who is candidate for floratorial representative from the 107th district composed of Eastland and Callahan Counties.

District are entitled to know something of my background.

Briefly, I was born in Missouri, and at an early age my parents moved to Oklahoma where I completed my grade schooling. After graduating from the local school I attended the Oklahoma State University for three years and a half, working my way through. The war came on in 1917 and I enlisted. I was in service almost two years. Was with the 36th Division one year.

After my return from the army I located in Eastland where I have resided for the past fifteen years, having engaged in the same occupation during that period. I own my own business. I am at present Chairman of the Board of Commissioners of the City of Eastland, serving without compensation, and am a member of the Eastland County Reconciliation which is also a Board serving without compensation to adjust farm loans. Through my contacts with numerous people in the district, I believe that I have a clear insight into the needs and wishes of the people of this district.

Among the measures which I favor as a means of remedying the present situation of economic stress, are a marked reduction in ad valorem tax on all real estate and exemption of any and all taxes on small homes, an employment insurance, old age pensions and strict regulation of public utilities and control rates. I believe one factor necessary to recovery is to exercise economy and careful expenditure in Government.

In addition to this I favor the passage of any other legislation which is calculated to relieve the present situation, if such can be done without permanent injury to the district or its people.

Upon the basis of my record as Mayor of the City of Eastland and as a member of the Reconciliation Board I submit that I am fully qualified to properly represent this district in the State Legislature. My record shows conclusively that I have always held unswervingly toward the course which promised the greatest good for the people who had placed me in office. I can pledge to you that I will continue the same policy if I should be elected as your representative in the oncoming Democratic primary election. I was elected Mayor of the City of Eastland on a (anti-utility) ticket. I will welcome an investigation into my qualifications and experience. I owe no allegiance and am under no obligation to any person or organization save to the people of this district for whose support I am making this appeal. If elected I shall put forth my utmost endeavor to perform my duties as representative in an honest, impartial and business-like manner.

I earnestly solicit your support and influence in the approaching primary election upon the sole campaign promise that if I become your State Representative

that my duties will be performed with a view for the greatest good of Callahan and Eastland Counties.

D. L. (Donald) KINNAIRD, Candidate for 107th floratorial Representative. (Political Adv.)

KNEE-ACTION

tops a 22-year record of engineering progress that makes Chevrolet the best riding car in the low-price field

CHEVROLET Year after year, it's been the same story: Chevrolet FIRST with the NEWEST and BEST! Chevrolet leading—others following. Chevrolet out in front with the latest proved advancements. Self-starter! Sliding gear transmission! Streamlined design! It was Chevrolet aggressiveness and progressiveness that forced all low-priced cars eventually to adopt these and other major improvements. And now, this year, comes the climax of Chevrolet's engineering leadership: the Knee-Action ride! This newest of motoring sensations is a marvel of smooth, easy, gentle motion. No other ride in the world can even compare with it. It makes Chevrolet far and away the best riding car in the low-price field. Have you noticed how America has taken to the Knee-Action ride? In the first 6 months, demand for Chevrolet cars sent production to the highest total attained by any automobile during 1934. CHEVROLET MOTOR CO., DETROIT, MICH. Regulation Upon Cotton Allotments Are Pointed Out

By R. F. LAWRENCE
Administrative Assistant to County Agent

Under provisions of the Bankhead act each farmer who produced cotton before 1934 and has cotton growing on farm at present is entitled to exemption certificate on number of pounds of cotton allotted to his farm. This allotment is based on approximately 60 per cent of the five-year average from 1928 to 1932. If no cotton was grown on this farm during this period the 1933 acreage and production on this farm and community average is used in figuring his allotment. If no cotton was grown on farm during base period 1928 to 1932 and none in 1933 there will be no allotment made for farm by the county committee. Such applications will be sent direct to state board for action. If any allotment is made it will not be taken from county allotment.

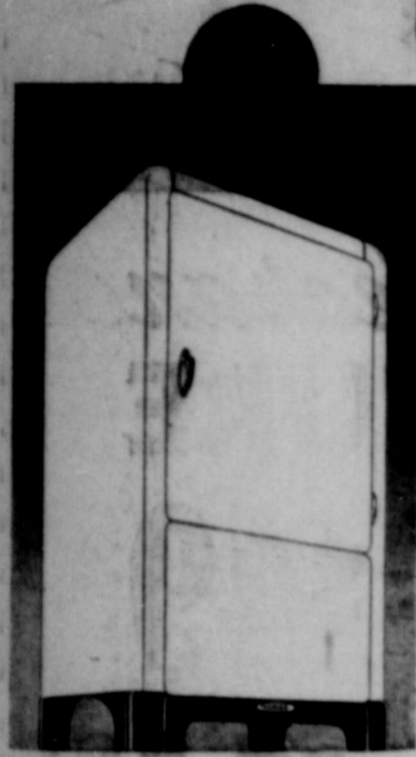

Every cotton farmer that does not have a contract with government must, with aid of community committees, give his yearly production on each farm. He should have this information ready to list in application for allotment and tax exemption certificates, which statements will be under oath. Producers who have signed contracts will be under oath as to correctness of statements presented in the former contract; however, they have the privilege of correcting figures before taking oath. These applications will be in the hands of local committees in near future and will be filled out in community centers designated by committee. This application must be filled out in order to sell any cotton tax free.

If there is less cotton produced on farm than amount of tax exemption certificates issued to this farm, the holder of such certificates will be allowed to sell them through the county office at a price set by the government. The privilege of selling these certificates is equal to crop insurance. If there is more cotton produced on this farm than allotment given, the owner of said cotton must either buy exemption certificate of pay tax to government when cotton is sold. Regardless of how long cotton is held either as seed cotton or lint cotton, the U. S. government will still hold a lien on it to the amount of the tax at the time it was harvested or ginned. Any person attempting to evade this tax is liable to heavy penalty.

All allotments, contracts and exemption certificates are handled by U. S. agricultural department. Tax collections are handled by U. S. internal revenue department. All farmers will be notified of

**Dress Contest In
County Attracts
Much Attention**

The clothing program in the home demonstration clubs completed for the year ended with a dress contest held in Eastland Saturday, July 14.

Thirty-three co-operators and 12 demonstrators exhibited dresses. These dresses were made using the foundation patterns made by the club women. A foundation pattern is one fitted to the individual. No person is a perfect 36 or such

size and all commercial patterns are made in this way.
To help each other with dress-making the women have fitted these patterns and now each club member who has the pattern has no trouble when she gets ready to make a dress. These patterns can be used to make other garments as well as dresses.

The dresses were scored as to the appearance on the individual, suitability of the garment to the occasion, combination of materials, durability of materials, and trimmings.

The following women won in the dress contest:
Demonstrator Class—Mrs. D. M. Jacobs, North Star Home Demon-

stration club, first; Mrs. Elbert Ezzell, Reich Home Demonstration club, second; Mrs. Earl Holmes, Ranger Co-Workers Home Demonstration club, third; Mrs. Floyd McCormick, Bass Lake Home Demonstration club, fourth.

Co-Operator Class—Mrs. B. E. Todd, Bass Lake Home Demonstration club, first; Mrs. E. N. Strickland, Word Home Demonstration club, second; Mrs. G. T. Williams, Ranger Co-Workers Home Demonstration club, third; Mrs. John Foster, Flatwood Home Demonstration club, fourth.

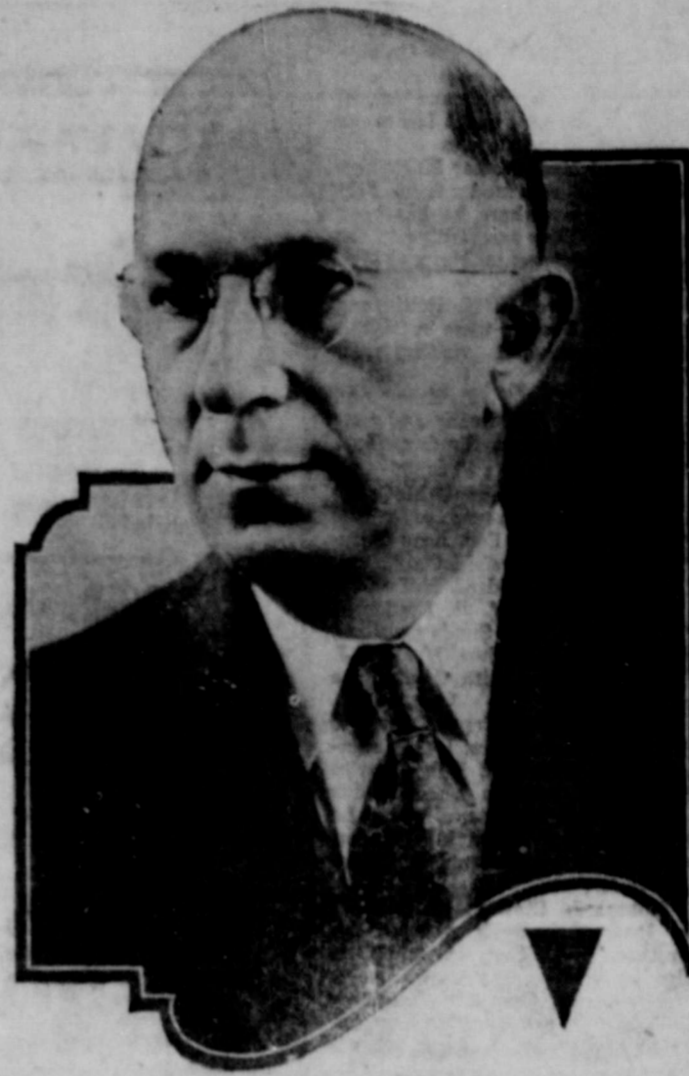

In addition or in connection with the dress contest was the cake contest. Cake making demonstrations have been given in all the clubs, and followed by a club con-

test. The winner in the club brought the cake to be judged. The women have been working on the texture of cakes and have improved 100 per cent in many places. The club members have decided to give the families fewer and better cakes this year. The following are the winners in the contest: Mrs. P. C. Larkin, Peak Home Demonstration club, first; Mrs. B. F. Dempsey, Bullock Home Demonstration club, second; Mrs. J. S. Turner, Flatwood Home Demonstration club, third; Mrs. G. T. Williams, Ranger Co-Workers Home Demonstration club, fourth. Miss Mamie Pryor, home demonstration agent from Stephens county judged the dresses and the cakes.

CLINT SMALL
Candidate For Governor

Subject to the Action of the Texas Democratic Primaries, July 28

State Senator Clint Small has had 18 years service in public activities. During that time none have ever questioned his honesty, integrity or ability. An enviable record such as that is a splendid recommendation for a man who aspires to be the Governor of Texas.

DEAR CITIZENS:

The first "heat" of the Governor's race is drawing to a close. I have tried to conduct my part of the race on a clean conservative basis that will merit the approval of the best citizens of Texas. I now take this means of personally soliciting your vote on election day.

I have had considerable experience in public life and I feel that I have a good knowledge of your government all the way from the little town up to the State as a whole. It is my hope to give a safe, practical, administration with governmental cost held down to the lowest possible dollar consistent with efficiency.

During the six years I have been in the Senate it has been my pleasure to handle a great many bills in which Eastland county is interested. One of these measures took more than two millions of bonded indebtedness off of your county and caused it to be paid out of the gasoline tax. I also handled the marginal well bills that materially aid the petroleum industry in your county. Ask your county officials about the benefits derived from these bills.

I think my experience and official service will enable me to make this state a useful and efficient governor and I respectfully solicit your support with the promise that I shall do all in my power to materially improve conditions in Texas and give you a government that all people will respect and commend.

Yours very truly,
CLINT SMALL.

Small in Their Editorials**

Houston Chronicle

The Amarillo candidate has put forth a thoughtful presentation of state affairs. He has a philosophy which can win respect if not full agreement from all informed people. . . . His speech is encouraging in that it shows a genuine interest in the facts concerning our economic system.

Fort Worth Star-Telegram

Senator Clint Small has something to say about taxes which rings true to the ear of every man. . . . "With millions of dollars in delinquent taxes, the bulk of which can be collected, Texas does not need additional taxes."

Houston Post

In opening his campaign for governor Clint Small sustained his reputation of being a man who thinks deliberately, possesses clear-cut convictions on public questions, expresses himself definitely and fearlessly, and avoids prodigal promises.

Dallas News

In the platform on which he is running for governor, Senator Clint Small declares for governmental economy and for tax reduction, but he avoids making rash promises, and says, in effect, that the amount expended for government must be determined, finally by the people.

Amarillo News-Globe

The platform of Senator Small in its entirety is worthy of careful study by the people.

Outstanding Attractions at the Theatres

BIG FEATURES ARE BOOKED AT THEATRES

Dick Powell, Ginger Rogers, Wheeler and Woolsey and William Powell Featured.

A week of really outstanding screen entertainment has been announced beginning today by E. E. Garner, local city manager of the Arcadia and Columbia Theatres. In addition to the excellent features booked car-fully, short subjects have been booked to make the entertainment complete in every detail.

Starting the week off Friday is "Murder on the Blackboard," featuring James Gleason and Edna May Oliver. These two comedians are supported by Bruce Cabot and Regis Toomey in this murder mystery.

Saturday, the Arcadia will show Frank Buck's latest wild animal picture, "Wild Cargo," which promises many thrills. Buck will be remembered as the hero of "Bring 'em Back Alive" which was the greatest of all wild animal pictures. "Wild Cargo" is heralded as even better than "Bring 'em Back Alive." Added on this program is a screen song, "She Reminds Me of You," and a Pathe News Reel.

Sunday, the Ranger theatre goers will again have a chance to see William Powell in his latest and greatest picture, "The Thin Man." Myrna Loy co-stars with Powell in this mystery. Alexander Wolcott, ace literary critic, proclaimed "The Thin Man" as "the best detective story yet written in America." A Krazy Kat cartoon, Sport Reel and a Paramount News complete this bill.

The really outstanding picture of the week comes to the Arcadia Monday and Tuesday when Dick Powell and Ginger Rogers are featured in "Twenty Million Sweethearts." Powell and Miss Rogers will be remembered for their excellent work in "Gold Diggers," "Footlight Parade," "Wonder Bar," "42nd Street" and all of the outstanding musical hits. This is the first starring picture for Powell and is Warner Bros. funniest and fastest musical hit. Supporting Powell and Miss Rogers in this film are Ted Fiorito and his band, Four Mills Bros., Pat O'Brien, Three Radio Rogues, The Three Debutantes, Muzzy Marcellino and Allen Jenkins.

A very delightful screen attraction has been secured for the Arcadia Wednesday and Thursday in "The Great Flirtation," which picture stars Elisa Landi and Adolphe Menjou. This is a story of the private lives of two people, who are acting all the time, especially when they're on stage. Menjou, as the husband, has to agree to let his wife pose as a single woman, and to advise her in her campaign to ensnare the men who can help the real husband and wife to rise in the world. In turn his wife's husband comes to him with their problems about their love for her.

Let's start from the bottom and go up this time. We find Ginger Rogers, Dick Powell and way on top Pat O'Brien. They're all in "Twenty Million Sweethearts," coming to the Arcadia Monday.

David Manners supports the cast. A 20 minute comedy, "Fishing Trouble," and a Paramount News complete the bill for this date.

The Columbia Theatre is playing Tim McCoy in "Police Car No. 17" Saturday, together with the Evelyn Knapp serial, "Perils of Pauline," and a Krazy Kat cartoon. Sunday the Columbia gets the Wheeler-Woolsey film, "Hips Hips Hooray," which promises much laughter and good entertainment. A twenty minute short subject, "Radio Dough" and a screen song conclude the bill for this day.

LARGE CROWD HERE TO HEAR TOM BLANTON

A large crowd was present Friday evening to hear Congressman Thomas L. Blanton when he spoke in Ranger in the interest of his candidacy.

Judge W. S. Adamson presided at the speaking, which was held on Rusk street, between Main and Walnut. Judge Adamson in a few brief but well chosen remarks introduced Dr. H. A. Logsdon, who introduced the speaker.

At the outset of his talk Judge Blanton thanked the committee for the splendid arrangements that had been made for the speaking, the fire department for their work in providing the seats and the Ranger Times for the publicity that was given his speaking engagements.

During his remarks the speaker was asked a number of questions and invited others, stating that any candidate who could not and would not welcome questions about his actions and services was not deserving of a vote. The questions asked, and the list of the answers given were:

1. Why has not a postmaster been appointed in Ranger to relieve the present postmaster, whose term of office has expired? Judge Blanton answered by stating that he would make the appointment as soon as the vacancy was officially declared by the president. He said that President Roosevelt realized that the republicans had been instrumental in electing the democratic administration and he wanted to give officeholders ample time to adjust themselves and to secure new positions before re-

ceiving them of their offices. 2. Is it true that you have promised 20 men in Eastland the postmastership as rumored? Judge Blanton vigorously denied this rumor, stating that he had made no promise to any man, and invited anyone who knew of anyone who had been given such a promise to let it be known.

3. Was it true that you were instrumental in getting \$14,000 back rent paid to George McManus on the Ranger postoffice building? This was answered by the statement that three postoffice inspectors had been sent to Ranger and had recommended that a fair rental be paid for the use of the postoffice, and the action taken by congress had been based on their recommendations.

4. Why has the Ranger postoffice not been built? Judge Blanton explained that he had stated that he would see that the work was started as soon as possible after an election had been held and 60 per cent of the people had agreed upon a site for the building. He said that he had never been notified of an adequate election, the results of which expressed the wishes of 60 per cent of the people. He said that he intended to come back to Ranger and hold a meeting at which it could be determined what the people really want.

Mr. Blanton's speech here was the 58th he has delivered since he returned from Washington at the adjournment of congress, 17 days ago, and was the eighth speech delivered in Eastland county during the week.

As at other places over his district Judge Blanton told of his record in Congress, emphasizing the waste he has been able to stop and the savings he has effected for the people by his systematic fight on bad bills.

He especially explained the banking measures, including the national bank guaranty law, which he assisted in passing, dwelled on

some extent on the anti-crime law passed by the last congress, and said that additional legislation favorable to the masses was in prospect for the next congress.

His vote in passing the Independent Offices bill, which also included government employees and veterans pay cuts, was explained by the speaker who stated that it was being charged that he voted to raise his on salary when as a matter of fact just the opposite was true.

Blanton said it was charged that he had promised 20 or more people in Eastland appointment as postmaster in order to get their votes. He branded this as untrue and pointed out that as soon as vacancies were declared in post-offices in his district he made appointments promptly. He challenged anyone to produce evidence he had promised anyone the post office in Eastland.

He explained that he had secured appropriations for post office buildings for Eastland and Ranger, along with numerous other towns in his district and that as soon as preliminary matters of sites, etc., were out of the way the building should be constructed.

In the outset of his speech the congressman praised President Roosevelt as one of the greatest friends of the masses this country has ever produced.

At Olden and at Ranger Friday movements to organize Blanton-for-Congress clubs were launched immediately after the speaking. These clubs are to become affiliated with the Eastland County Blanton-for-Congress club of which Frank Sparks of Eastland is president.

Blanton expressed his appreciation for the support heretofore given him in this and adjoining counties and entered a plea for a solid vote in the coming July primary, promising in return the same loyal and faithful service he has been rendering the people of his district.

At the various places where Blanton spoke in Erath and Hamilton counties, new counties in his district, he was greeted by large, enthusiastic audiences and his friends assured him that he would carry those counties. At Stephenville, where he spoke Thursday night, it was said that the crowd that heard him was the largest that had heard a political speech there in five years. He was also greeted by an unusually large crowd at Lingleville in Erath county.

Ranger Women Hurt In Accident Near Breckenridge

Mrs. Harry A. Logsdon and her sister, Mrs. M. C. Van De Venter, were painfully and perhaps seriously injured early this morning when the car in which they were riding collided with a truck on the Breckenridge highway.

According to reports the two were driving toward Breckenridge and when they rounded a turn they met a truck that was turning around in the highway. The car and truck collided and the car was overturned, completely demolishing it.

The two women were taken to Breckenridge, where they were given medical attention, and were brought to Ranger to the City-County hospital.

Hospital attendants this afternoon said both were badly bruised and Mrs. Van De Venter received injuries to her back. X-ray pictures were to be taken to determine the extent of their injuries.

Three Resign as Crop Production Committee Heads

By J. C. PATTERSON
County Agent

The county crop production control association has accepted the resignations from committees as follows: L. Y. Morris, Eastland, from corn-hog committee; John Smith, Okra, from cotton committee; Dick Brown, Rising Star, from corn-hoe committee. Also the resignation of Mr. Morris from the county emergency crop loan committee was accepted by Murroh Nolte, field supervisor of the emergency crop loan office.

It is an established policy of the agricultural adjustment administration and farm credit administration that men who have entered the political field should not be held on committees on which they were serving at little or no compensation when there is possibility that this service rendered usefully might handicap them in their respective political aspirations, or when they might be called back to committee service when engaged in seeking support at the polls.

I wish to publicly express appreciation of the efficient and unselfish service rendered by each of these men while serving on their respective committees.

It's a woman's prerogative to change her mind, rules Judge O'Donne of Baltimore. That's better than taking home a bouquet to Mrs. O'Donne after a night out.

'Uncle Joe' Calder Has Oldest Gun In Eastland County

"Uncle Joe" Calder of Ranger has an ancient pistol, which he believes is the oldest revolver in the county which is still in perfect working order.

The gun is a .45 calibre Colt, made in 1872, which was formerly owned by W. W. Calder, his father. It, together with another single action gun of the same model, but which had pearl handles, was issued to his father when he was a member of the Texas Military police, and has been in use ever since.

The gun is still in perfect working order and shoots better today, Mr. Calder said, than many of the newer model guns and is far superior to the automatic pistol, being equally as fast, much more dependable and more rigidly built.

When a child, Mr. Calder's father promised to give him the gun when he was old enough to shoot it, so when he was about six years old he took it out, put it across a log and pulled the trigger. The gun kicked back and hit him in the face, but he claimed it as his own and has had it in his possession ever since, except once when it was stolen from him in Ranger and later recovered.

The gun was carried by the present owner when he was deputy sheriff and later when he was a Texas ranger and has seen much service. It has four notches filed in the barrel, indicating that four men have been killed by the weapon.

The scabbard in which the gun is now kept was made years ago by the present owner, who is very justly proud of the old weapon. He says that he intends keeping it as long as he lives.

Bedspread Is Made Of Handkerchiefs

CANYON, Texas.—A bed coverlet made from handkerchiefs donated to the owner of the old Matador ranch in 1889 has been donated to the Panhandle Plains Historical Society for exhibit.

On Christmas Day 45 years ago, each cowboy on the Matador ranch gave Mrs. D. E. Keith, owner of the ranch, a silk handkerchief for a present. Initials of the giver were on each handkerchief.

When Mrs. Keith died in 1922 her daughter, Miss Mary Keith of Matador, took the handkerchiefs and made them into the bedspread.

The decedent is survived by his widow, Mrs. Ellena Mills of Colony.

Federal Trained Detectives Start Up War On Kidnapers

WASHINGTON, July 16.—First-reinforcement will be sent into action soon in the federal government's war against kidnapers, bank robbers, racketeers and other organized criminals.

A class of 45 new agents of the justice department division of investigation, each a dead shot with machine guns and automatic rifles, will take the field July 28.

Aug. 1 about 30 more hand-picked recruits start training. Succeeding groups will be put through the training school until the present force of 430 agents is expanded to 600.

R. F. Lawrence to Direct Bankhead Plan in County

Administration of the Bankhead act in Eastland county will be under the direct supervision of R. F. Lawrence who has been added to the county agent office staff as administrative assistant county agent. Mr. Lawrence is an employee of the agricultural adjustment administration and his salary will come from the federal government. In his new duties he will also represent the government in the handling of all triple A contracts in this county. When not engaged in administrative duties Mr. Lawrence will be available for use in any county agent activity.

Committee Urges 15 Millions For Texas Centennial

CORSICANA, Texas, July 17.—A \$15,000,000. exposition, international in character, was envisioned today by members of the state commission planning the Texas Centennial celebration in 1936.

John Middleton of Greenville, chairman of the planning committee, and Gen. John A. Hulen of Fort Worth, head the finance group. They outlined their conceptions of what the exposition should be.

Cities seeking the exposition must get their bids before a sub-committee at Austin before noon, Sept. 1, Middleton said.

CARD OF THANKS
We wish to thank all of our dear friends and neighbors who so graciously helped with words and deeds during the illness and death of our beloved husband, father, son and brother.

Service Stations To Display Eagles

DALLAS.—By order of the Hon. Harold L. Ickes, secretary of the interior and oil administrator, the new Blue Eagles for the petroleum industry will be denied any service station or other marker who violates the petroleum code, Fred M. Lege, Jr., Texas state chairman for marketing, announced yesterday. This information was contained in an official communication from E. B. Brown, compliance director. The distribution of the new emblems will be handled by the Texas planning and coordination committee under the supervision of E. B. Johnson, acting special agent in charge of the division of investigations of the Department of the Interior.

This means, Mr. Lege said, that from now on the public is assured that every concern displaying the insignia bearing the words, "Petroleum Industry," a registration number and the date, 1934, is complying with the rules of the code as promulgated by President Roosevelt. It further means that the legitimate merchant, who has for many months been competing with unfair competition, will now be recognized as one who is doing his part to put more men to work, shorten hours and in general is complying with the President's plan, Mr. Lege said. The emblems will be recalled by the secretary of the interior through the division of investigations immediately upon violation of the code by the companies or persons to whom issued.

The new emblems will be issued only upon applications from each individual service station, refiner, jobber and wholesaler and only after that application has been approved by the local planning and coordination committee and the division of investigations, Texas, for the purpose of impartially administering the code, has been divided into 19 districts and 37 zones.

H.T. Schooley Now Back In Ranger

Mr. and Mrs. H. T. Schooley, who lived in Ranger last year and operated the Schooley bakery and later sold to the present owner, Grady Harrow, have moved back to Ranger and are living at 514 Main street.

The Schooleys are well liked in Ranger and Mr. Schooley says that he intends to get into some business in the near future.

He manufactures a health bread which was quite a seller while he lived in Ranger. They sold the bakery they operated in Cross Plains and whatever line he gets into intends to make Ranger headquarters and give the business his personal supervision.

More Counties On New Drouth Lists

WASHINGTON.—Ninety-nine new counties have been added to the drouth area in the western states, four of them emergency and 95 secondary, and 31 other counties have been transferred from the secondary to the emergency list, the agricultural adjustment administration announced today.

Counties in five states were included in the new certifications made by the bureau of agricultural economics and the extension service committee.

In California, Imperial county, a new county, was designated in the emergency drouth area. In Kansas, six counties were transferred from secondary to emergency rating. These are Finney, Haskell, Kearny, Logan, Meade, and Morton. Saline county, Nebraska, also was transferred to emergency status.

Three counties not previously certified were made emergency counties. They were Blanco, Crosby and Kent. Twenty-four others in Texas were changed from secondary to emergency rating. These are Bandera, Coke, Comal, Concho, Garza, Gillespie, Gonzales, Guadalupe, Hansford, Hockley, Hutchinson, Iron, Kendall, Kerr, Llano, Lubbock, McCullough, Mason, Menard, Mitchell, San Saba, Schleicher, Sterling and Tom Green.

In addition, 93 new Texas counties were added to the secondary drouth list. Among them were Coleman, Comanche, Eastland, Palo Pinto and Stephens counties.

Applications For Trucking Permits Received Here

Since the ruling that all who operate trucks for hire, whether in competition with others or in order to secure work relief, must register under the trucking code, Wayne C. Hickey, secretary of the Chamber of Commerce, has secured a number of the necessary application blanks for the convenience of those who have trucks to be registered.

The instructions state that every owner of a property carrying vehicle for hire, whether motor propelled or horse drawn, must register under the trucking code.

This applies to every operator who hauls the property of others for hire whether used in local transportation only or in transportation over the highways. It also applies to every operator hauling his own property for sale or disposal where the principal purpose or effect of such sale or disposal is to obtain revenue by such transportation.

This means the operator who buys his load at point of origin and sells it at point of destination. After receipt of the registration form properly filled out and accompanied by the proper fee, the state code authority will mail the applicant the approved insignia plate, which is required to be displayed on every load-carrying vehicle, and operation of a vehicle for hire without this insignia plate will be a violation of the code.

Business Has Been On Upgrade Most Of Roosevelt Term

WASHINGTON, July 17.—American business has been on the upgrade 19 out of the 16 months President Roosevelt has been in office and has shown a net gain of 44 per cent since March 4, 1933, federal reserve figures showed today.

Except for August, September, October and November of last year and the seasonal letdown the past two months, plus signs have dominated the industrial picture.

The figures make a striking comparison with the movement of American business during the previous administration. With President Hoover taking office shortly before the depression began in June, 1929, business in his administration gained in 13 months, declined in 3 and was unchanged for five.

Glenn Cunningham, world's fastest mile runner, is getting married. The girl caught up with him, anyway.

Most Candidates for Office Do Not Know How Much The Positions Will Pay If Elected

AUSTIN, July 17.—Most of the candidates now soliciting votes in Texas do not know what the office sought will be worth to the winner. Victors in the primaries become participants as party nominees in a general election to be held Nov. 6. On that same day the voters may, by constitutional amendments, so change the present pay system as to make it unrecognizable.

If one of the constitutional amendments to be submitted then is adopted, the fee system of payment will practically disappear. All district officers and all county officers now paid by fees will be placed on a salary basis in counties of 20,000 people or more.

In the 120 other counties, with population less than 20,000, it will be up to the county commissioners to decide if payments shall be by fee or salary.

In all counties, regardless of population, the county commissioners will determine if precinct officers shall be on salary or fee.

Candidates for district clerk and for county clerk cannot know if those officers will be combined to form the single office of "record clerk." Another constitutional amendment to be voted upon Nov. 6 would permit county commissioners to consolidate the offices. Similarly the offices of tax assessor and tax collector may be combined to form the office of "tax clerk." The duties of county surveyor and county treasurer may also be combined.

The same amendment permitting consolidations will let the county commissioners fix salaries of all county officers except the county auditor; the county judge and their own salaries. The amendment will give them general management of county affairs.

The compensation now allowed officials in different counties varies so much that any classification is difficult. Successive acts tried to fix compensation according to bracketed property valuations. In some, these factors are combined. So many exceptions have been made that those falling under a general rule are outnumbered.

Another salary complication for the office seekers is the fact that many of the salary fixing statutes are probably void. Some cannot be upheld as general laws because the attempted classifications are so arbitrary and the limitations so fixed that courts will not sustain them.

An attempt to uphold the salary and fee acts as special laws is met with the objection that the procedure necessary for such an act has not been followed. Such acts must be advertised locally before passage.

It is not only pay that the candidates must guess about. Until the constitutional amendments are carried or defeated, Nov. 6, the

Want Eastland County Put On 1st Drouth List

Alarm over conditions in Eastland county which are resulting from the prolonged dry spell has motivated action of several organizations in Eastland county who have notified relief headquarters in Washington that Eastland county should be put in the emergency relief classification.

A telegram sent by the Eastland Chamber of Commerce reads: "Continued drouth in Eastland county make it imperative that we have immediate relief. Crops and gardens are burning up with no sign of rain. No late crops have been planted due to drouth. We feel that Eastland county should be classified immediately for emergency relief."

The Rising Star Chamber of Commerce and the First State bank of Rising Star in similar action last week went the following telegram to relief headquarters: "Drouth conditions in Eastland county alarmingly acute. Hundreds of cattle are being sacrificed on Fort Worth market. Thirteen head netted 59 dollars. We could cite many other similar instances. It is necessary that we be classified immediately for primary relief. Your immediate action requested."

Besides the chambers of commerce of Eastland, Rising Star and Ranger, which have taken action, it is understood that the commissioners' court has taken similar action in addition to that of organizations in other Eastland county towns.

J. C. Patterson, county agent, states that the situation as far as crop conditions are concerned, is actually acute.

Congressman Thomas L. Blanton on recent visits to Eastland county said that efforts were being made by himself to have counties in his district placed on the emergency relief list. It was only recently that Eastland county was classified for secondary relief classification.

Secretary of State Hall thanked Finland for paying its war debt in installment, but, as they reply politely in France, it doesn't matter.

Eastland Youth Winner of Abilene Essay Contest

ABILENE, July 17.—Eates Burgamy, Eastland youth, was announced this week as one of the winners in an essay contest held recently at Hardin-Simmons University here. Burgamy won honorable mention on his essay, "What I Have Found at Harlin-Simmons."

The contest was sponsored by the alumni association. Every student in school was eligible and large numbers entered.

Burgamy was a member of the 1933 Freshman football team at the university and is expected by many to see regular duty on the varsity during the coming season.

New Bank Opened Monday at Cisco

CISCO, July 17.—The Cisco State Bank, successor to the Cisco Banking company which closed its doors in September, 1931, opened at 9 o'clock Monday morning for its initial day's business, confronted with happy prospects.

The bank, organized with a capital stock of \$50,000, and a surplus of \$10,000, paid off 60 per cent of all deposits in the Cisco Banking company immediately.

Vice President Guy Dahney said at noon that the volume of deposits was approximately eight times that of the withdrawals.

Present to watch the opening were W. M. (Bill) Masie, vice president of the Fort Worth National bank, and J. A. Olson, assistant cashier of that bank. Both declared that the success of reorganizing the resources of the old institution into a new one was a conspicuous feat, and they praised the temper of the Cisco people, and particularly the depositors of the bank, for the cooperation and forbearance they had manifested. Masie declared he had seen nothing like it.

Opening of the bank was made possible by an RFC loan of \$140,000 which was added to other resources to provide the institution at the opening hour with cash assets of over \$217,000.

Officers of the Cisco State Bank are J. H. Reynolds, president; Dahney, executive vice president; F. D. Wright, vice president; J. A. Lauderdale, cashier, and Tom Stark, assistant cashier.

Loan Applications To Be Examined

DALLAS, July 17.—The Dallas federal reserve bank today began examination of first applications for direct industrial loans under the new amendment under the federal reserve act.

The loans, under terms of the amendment, will be made to industrial and commercial concerns to provide working capital.

It was said an advisory committee of five representative industrialists was considering applications and would make recommendations before final action was taken towards accepting or rejecting them.

Texas Counties Put On New Relief List

DALLAS, July 17.—Thirty-five additional Texas counties, all in the southern half of the state, today were included in the federal emergency drought relief list.

The announcement was made by the chief of the extension division of the department of agriculture.

Farm Purchasing Power Increased By 25 Per Cent

COLLEGE STATION.—Farm purchasing power on the average throughout the United States has been 25 per cent higher during the first nine months in which benefit payments have been distributed through the provisions of the Agricultural Adjustment Act than in the corresponding period of the previous year.

This is the conclusion reached by L. H. Bean, economic advisor to the Agricultural Adjustment Administration, following a study of the prices farmers receive for their products, compared with the cost of commodities they buy. Cash income, including benefit payments, during this nine month period increased 38 per cent but this increase was partially offset

Most Beautiful Book On Display

HOUSTON.—What is believed to be the most beautiful book ever printed in the Southwest is on display at the Houston Public Library. The book is entitled "Three Manuscript Maps of Texas," by Stephen F. Austip.

The book, 18 inches long and 12 inches wide, with 55 pages bound in brown, contains reading matter principally biographical and biographical notes by Carlos E. Castaneda, Latin-American librarian.

The book was privately printed in Austin by Earl Martin, Jr. The typographical design is by Charles C. Rains and the first five copies printed have plates hand colored on Japanese vellum and special bindings. The edition is limited to 55 numbered and signed copies.

The piece de resistance of the volume is a group of three maps prepared by the "Father of Texas" in a facsimile. One of the maps is said to have been unknown until this publication. The volume also presents a critical study of the early cartography, listing 34 manuscript maps.

Farm Purchasing Power Increased By 25 Per Cent

by an increase in the cost of commodities farmers buy.

Benefit payments on production adjustment contracts contributed nearly one-fifth of the net increase of 25 per cent in purchasing power. For the first four months of 1934, the net increase in farm purchasing power was 28 per cent over the first four months of 1933.

Mr. Bean's study also shows that the purchasing power of the farmer increased somewhat more than the purchasing power of the country as a whole during the first four months of 1934. During this period, the total national money income, including the distribution of emergency funds, was about 20 per cent higher than in the corresponding period of 1933, but the cost of living for the country as a whole increased 8 per cent, leaving a net increase of 12 per cent in the national purchasing power. The net increase in farm purchasing power was 28 per cent for the same period.

Hectic Days Sleepless Nights

IF YOU are nervous today, you probably will not sleep well tonight. If you don't sleep well tonight, you will probably be nervous tomorrow.

Don't allow yourself to become nervous. Take Dr. Miles Nerveine. It will relax your tense nerves and let you get a good night's sleep.

Irritability, Restlessness, Sleeplessness, often lead to Nervous Headache, Nervous Indigestion, Hysteria—sometimes to a nervous breakdown and organic trouble.

Some of the people, whose letters are printed below, were as nervous as you are—possibly more so—yet they have found relief.

Three years ago I was so nervous I could not bear to go out in company and could not sleep nights. A friend recommended Dr. Miles Nerveine. I now enjoy myself thoroughly and sleep every night. Miss Juliette Carrier, New Market, N. H.

I have used Dr. Miles Nerveine in liquid form and find it the best medicine for the nerves I have ever used. Christiane Lanier, Middleton, Tennessee

Whenever I have over-indulged and feel restless I take one or two Nerveine Tablets just before I retire. In the morning when I awake I feel like a new person and can go about my work as usual. Dr. Miles Nerveine Tablets quiet your nerves, brace you up and are the simplest, most convenient tablets to take I have ever found. Miss Grace Redman, St. James, Minn.

Before using your Nerveine I was very nervous and irritable. Since I have started to take it I feel so much better that my family notice the difference. I still take it from time to time and the good result is wonderful. J. H. Redding, 127 1/2 Ave., Rock Island, Ill.

AMERICA'S GREAT TRUCK VALUE

The FORD V-8 alone offers all these 5 important truck features

NEW 80-H.P. V-8 ENGINE... Simple, trouble free... with power, speed, ruggedness for heaviest jobs—plus 4-cylinder operating economy.

FULL-FLOATING REAR AXLE... Assurance of long, trouble-free service. Housing, not axle, carries load. Shaft removable without jacking up.

DUAL DOWN-DRAFT CARBURETOR... Increases gasoline economy. Gives smoother operation. Ins. diffusion of crankcase oil.

SPECIAL FINISH... Only truck with this eye-halving enamel finish. Wide variety of colors. Gives long-lasting beauty.

After Normal Life... you can turn in engine as dealer and for \$49.50 (F. O. B. Parts Branch) have a factory reconditioned engine installed.

THE Ford V-8 is as low in price as any truck you can buy today.

But think how much more than first-cost saving it offers you. Think of the exclusive combination of features shown above. Think of the power of this rugged, 80-horsepower V-8. Then look into gas and oil costs. They're at new "lows"—both of them. Look into upkeep. Truck-built throughout, the new Ford V-8 will "take" punishment that used to mean the repair shop... and "take" it again and again for thousands of miles.

But talk to Ford V-8 users themselves. They'll tell you a story of performance and economy that sounds like high-priced trucking... instead of the lowest-priced you can get.

Texas May Have Its Own Brain Trust Professor Believes

AUSTIN.—Will Texas have a "Brain Trust?"

Dr. C. P. Patterson, professor of government at the University of Texas, thinks it will and should have one. The term is unfortunate, however, Dr. Patterson believes. He suggested "Trained Civil Service Corps" as more appropriate.

Whether "brain trust" or "T. C. S. C.," it is Dr. Patterson's opinion that "the American people must in the future become accustomed to experts in government, whether national, state or local."

"It is clear to all informed people that the programs of the governments of the future must largely come through executive planning which must be based upon information furnished by the subordinates of the administrative system to be composed of college men," Dr. Patterson said.

His statement may sound strangely familiar to some of the Texas voters. Attorney General James V. Alfred declared in opening his campaign for governor at Bowie that Texas has failed to progress in government for lack of planned action.

Dr. Patterson goes further: "The politician of the future must realize that he is incompetent to exercise a form of definite control, as has been his custom. He must learn to play second fiddle to the trained statesman."

In the heat of the present campaign for governor, no candidate will admit that he's willing to "play second fiddle" to any person or group of persons, except the majority of Texas voters.

The background of Texas candidates offers some proof that college class rooms have played at least a small part in political careers.

On the University of Texas roll of ex-students one finds, for example: Clinton C. Small, LL.B., 1911. Out of the university, Small became a district judge in Wellington, was elected to the Texas senate.

Edgar Ernest Witt, B.A., 1900. Witt began a career in government service as a clerk in the state comptroller's department 25 years ago. He served in the Texas house of representatives, the Texas senate, and four years ago was elected lieutenant governor.

The university's list of ex-students also includes Walter Frank Woodul and Robert Milton Johnson, candidates for lieutenant governor, and Walter Calisto Woodward, candidate for attorney general.

C. C. McDonald, candidate for governor, "worked his way" thru the University of Texas by serving as secretary of state. A young man just out of the navy, Jimmie Alfred saved his salary as a stenographer in a law office, earned his law degree in Cumberland University, Tom Hunter cleaned and pressed his schoolmates' trousers and taught school to obtain his education in law a college degree. Maury Hughes, educated in Austin College and the University of Virginia, was admitted to the bar in 1916.

Regardless of a brain trust or Dr. Patterson's T. C. S. C., it appears that Texas will have a college-bred man for its next governor.

Repeal Becomes An Issue In Coming Election As Mississippi Votes Against Repeal Measure

By GORDON K. SHEARER United Press Staff Correspondent AUSTIN.—Mississippi's refusal to repeal makes prohibition a live issue in the Texas primaries to be held July 28.

If a majority of Texans, like Mississippians, still are for state prohibition, those who have been counting the state "wet" must revise their election forecasts.

Attorney General James V. Alfred is the endorsed gubernatorial candidate of leading dries. He announced himself personally dry and willing to leave the state's status to vote of the people.

E. K. Russell has been an out-and-out prohibitionist throughout his campaign. "I cannot change my convictions on that," he said.

Maury Hughes and C. C. McDonald are recognized as wet candidates. McDonald directed the campaign for beer amendment. Hughes tried to get prohibition repeal and a return to local option submitted as a proposed party pledge in the primary.

Hughes' proposal was side-tracked by a sub-committee. The governor Ferguson launched and are backing McDonald as Mrs. Ferguson's successor.

Lieut. Gov. Edgar E. Witt was the first Texas major official to come out for repeal of the present prohibition clause of the state constitution.

Sen. Clint C. Small, as a candidate for governor four years ago, said that prohibition was a fundamental principle that must "never" be disturbed. This year he is for submission of the liquor question but would repeal the law permitting race track betting.

Tom F. Hunter is accused by Candidate Hughes of being "dry in English and wet in Bohemian." He favors submission.

Effect of the prohibition issue on Alfred's campaign is particularly interesting. Leading prohibitionists seem satisfied with his attitude. It is noticeable that it is other candidates that are making attacks on him for not padlocking places where hard liquor is sold.

Maury Hughes leads such an attack, picturing open saloons with whiskey advertised and on display while Alfred's campaign signs look down upon them from a neighboring building. Small makes a similar attack on the attorney general. Hunter, too, accuses Alfred of failure to act.

Just what the attorney general could and should do under the situation is much discussed.

Article 5107 of the revised civil statutes, under a title dealing with intoxicating liquors, defines any place where intoxicants are illegally sold as a nuisance.

Article 5108 says the attorney general or the district attorney of any county where such a nuisance exists may bring an action for abatement of it. If an abatement order is issued, the place may be padlocked for a year unless bond of \$1,000, forfeitable on future sales, is posted.

Article 1109 says that any corporation violating any of the provisions against intoxicants shall be subject to penalty, recoverable in an action in the name of the state to be brought by the attorney general in Travis county, or by the attorney general or the

Eastland Attorney Moves to Houston

Judge Scott W. Key and family, for the past 12 or 15 years valued citizens of Eastland, are moving to Houston where they expect to make their future home.

The following is taken from a recent issue of the Houston Chronicle:

"Scott W. Key, prominent in Texas legal circles for a number of years, has moved to Houston from Eastland and will be associated with the law firm of Huggins, Kayser & Liddell, it was announced Wednesday.

"Mr. Key was reared in Austin, where his father, Judge W. M. Key, was for many years chief justice of the Court of Civil Appeals. He was educated in the public schools and in the University of Texas.

"He practiced in Waco before moving to Eastland 14 years ago, where he had made his home during that time. Mr. Key has specialized in oil litigation cases, representing a number of oil interests with headquarters in Houston and elsewhere. He has been a member of the bar association of Texas for many years and has a wide acquaintance in the state.

He is married and has four sons, one of whom is an attorney in Houston for the Humble Oil and Refining Company."

For Short Heat Ease Make 'Em Angry; Be Sure Car Crank Hid

Here's one solution for temporary heat ease as executed by a young woman in Eastland recently.

She was apparently irked by the conduct of her masculine friend

who brought her to the bursting point of anger, perhaps mischievousness, when the friend made a biting and sarcastic remark. It was too much for the girl so she simply and none too gracefully dashed six ounces of water, mixed with ice, which was on a tray, squarely into the boy's face.

In this instance the party on the receiving end only remarked, "Well, I at least feel cooler."

If you're parked at a soft drink establishment and want temporary relief from the heat, make 'em mad, but be careful. The friend may seize a handy car crank and christen you over the head. Dissension and heat doesn't mix, some say.

Growing chickens and turkeys, much of the needed feed and food for flocks and family, and depending on a variety of truck crops for cash is the way W. H. Nixon of the Henry Prairie community in Robertson county has weathered the gale of hard times. He tried an acre of cucumbers this year for the first time and the first picking paid all the expense of the crop except 10 cents.

A trench silo proved very profitable to H. F. Reist, Brooks county dairyman, because without it this feed would have been lost, due to the heavy rains last year. Mr. Reist has the only trench silo so far constructed in Brooks county, but a number of dairymen are so impressed by his savings that they will follow his example this summer.

Conserving moisture that is already in shrub beds is more im-

portant than watering them, says Mrs. Charles Gallow, home demonstration club member of Shady Acres, in Harris county. A loose, finely pulverized soil around the roots of the shrubs will not only hold the moisture but discourages the growth of weeds.

Successful gardening depends upon shallow cultivation after every rain, according to Mrs. Monroe Reynolds of the Hastings home demonstration club in Shackelford county. Mrs. Reynolds has raised a garden every year for 25 years and this year has 37 varieties of vegetables, five of which are new to her experience.

Farmers in Bailey county have found that alfalfa is a good crop for the shallow water district. A large increase in acreage was made in 1933 and indications are that an even larger acreage will be planted in 1934. Several farmers are preparing their retired cotton acreage for seeding to alfalfa this fall.

It was the female of the pair Rutherford had given to his Corpus Christi friend. The dog was footsore and almost exhausted from the long

NEGLECT OF COMMON CONSTIPATION IS A SERIOUS MATTER

Prevent This Condition with Kellogg's ALL-BRAN

The first question your doctor asks is whether you are constipated or not. He knows that this condition may cause headaches, loss of appetite and energy, sleeplessness. It is often the starting point of serious illness.

You can prevent and relieve common constipation so easily. Just eat a delicious cereal once a day. Laboratory tests show that Kellogg's ALL-BRAN provides "bulk" and vitamin B to aid regular habits. ALL-BRAN is also a rich source of blood-building iron.

The "bulk" in ALL-BRAN is much like that found in leafy vegetables. Within the body, it forms a soft mass. Gently, it clears out the intestinal wastes.

Isn't this "cereal way" safer and far more pleasant than taking patent medicines—so often harmful? Two tablespoonfuls of ALL-BRAN daily are usually sufficient. With each meal in chronic cases. If seriously ill, see your doctor—ALL-BRAN is not a "cure-all."

Enjoy ALL-BRAN as a cereal, or use in cooking. Get the red and green package at your grocer's. Made by Kellogg in Battle Creek.

county or district attorney in the county where the violation takes place.

Article 1110 says in addition to all other remedies, the attorney general is authorized to enjoin the violation of any article dealing with intoxicants.

But is Texas wet or dry? Wets cite the vote for the 3.2 beer amendment adopted last August. They point to the numerous local option elections in which former dry territory permitted beer sales under that amendment.

Dries draw a distinction between the beer amendment and repeal of the prohibition against hard liquor. Many dries in the state legislature voted for submission of the beer amendment.

Abuse of the beer amendment, leading wets admit, has hurt their cause. Before the amendment became effective, chiselers began its sales over protest of the wet advocates. Now, hard liquor is sold in all the leading cities along with beer.

In most places it is done openly. After a minor liquor gang war, San Antonio ordered hard liquor sales stopped. The whiskey bottles went under the bar instead of upon it. San Antonio grand juries did not indict for liquor sales. They used to but no conviction ever resulted.

Officers in other places say convictions are impossible to obtain, partly because of the harsh fact that conviction under present Texas law means a prison sentence.

Hijackers Take \$40 at Gun's Point

Two unmasked bandits Saturday night at 10 o'clock after ordering beer at the eating establishment of Les Taylor on Commerce street in Eastland forced the proprietor to hand over \$40 after show of guns.

According to officers, the two middle-aged men sauntered into the business and ordered two bottles of New Orleans manufactured beer and after Taylor had capped the bottles, he was confronted by a .44 caliber gun.

Parker Is Named County Auditor

D. D. (Don) Parker, for the past eight years assistant auditor of Eastland county, has been appointed auditor succeeding the late W. S. Michael. The appointment was made by the two Eastland county district judges, George L. Davenport and S. W. Patterson.

The appointment of an assistant to take Mr. Parker's place will be made by Parker, it is understood. Parker, besides his experience as assistant county auditor, was for sometime connected with the Empire Gas & Fuel company. He also served for two years in the postoffice at Eastland and has held other responsible positions, and is considered well qualified for the position to which he succeeds.

Installation of Cisco Gas Plant Now Under Way

CISCO, Texas, July 17.—The chief difficulty encountered by the Cisco Gas corporation, in the installation of a new gas distributing system for Cisco is not the lack of workmen, but an over-supply, the officers say.

The work of installing the plant is being done by the National Supply Construction corporation, which will do a "turnkey" job, furnishing all materials and turning over a completed, ready-to-operate plant to the gas concern about three months hence.

More than 600 applications have been received, it was said. Of this number between 300 and 400 are expected to be found eligible.

A wage scale of 50 cents per hour is being paid on the basis of a 40-hour week.

Ditching is under way in the southern part of the city and similar work is to start tomorrow in the College Hill section.

By mid-week, with beginning of work upon the main loop that will encircle the northern half of the city, the work is expected to be under full swing, it was said.

Three more cars of pipe were being unloaded at the yards this morning, bringing the total number received to eight. A car of asphalt also arrived.

A total force of 65 men was at work today.

Davenport Inventor Perfects Car Sleeper

MILWAUKEE — John Bostrom, inventor of the folding davenport bed, who sold his patent for a song, has perfected a device that will enable motorists to convert their automobiles into sleeping cars by merely pushing a button.

By hinging the back of the front seat, it can be let down to the level of the front and back cushions, thereby forming a comfortable bed, Bostrom found.

He believes that his invention will be a boon to motorists, who not only be spared the trouble of pitching tents, but also will be able to dispense with needless luggage leaving more room in their automobile.

ELIJAH HEARS GOD'S VOICE

1 Kings 19:9-8
Elijah, no doubt tired physically from wandering and dejected because Jezebel sought his life, lodged in a cave on Mount Horeb. As he lay there with an uneasy conscience perhaps accusing him of running from a wicked woman in cowardly fear, "the word of Jehovah came to him."

"What doest thou here, Elijah?" was the question that pierced his soul to the innermost part bringing realization to his heart of the depths of the despondency in which he lingered.

Elijah began to defend himself by naming his jealous work for God and how Israel had failed God and slain the prophets until "and I, even I only, am left; and they seek my life to take it away."

Elijah went forth from the cave and a great wind rushed by tearing the rocks from the walls of the mountain and hurling them down until Elijah shrank back into the cave for safety. "But Jehovah was not in the wind."

"And after the wind an earthquake; but Jehovah was not in the earthquake."

Following the earthquake was a fire so great that the heavens were a blaze of light. Each peak was a flame and the valley was a great molting furnace. "But Jehovah was not in the fire."

"And after the fire a still small voice." After the tumult of the storm and earthquake and fire with its violent crashing that had reverberated through the valley, how that still small voice with its tones of gentleness brought realization to Elijah's heart of God's gentleness. Looking out into the perfect quiet that haunts a mountain region Elijah was taught that God is not in tumult or passion, nor blind force but is found in quietness, gentleness and reason where personality can commune with personality.

"What doest thou here, Elijah?" persisted the gentle voice. Elijah wrapped his face in his mantle and again "stood in entrance of the cave" making the same defense.

God's cure for despondency was work so that his command, "Go," was followed by important commissions. He should anoint Hazael to be king over Syria; Jehu, king over Israel, and Elisha "to be prophet in thy room."

Elijah's self-importance must have been cured when God let him see that he was not an indispensable agent for delivering his people from heathen worship. Elisha was to carry on his work.

Elijah found Elisha plowing in a field using 12 yoke of oxen. He at once approached the young man

and cast his mantle over his shoulders. Elisha understood at once, and did not parley with many words, but accepted the mantle as a type of the Holy Spirit.

Elisha kissed his people goodbye, slew a pair of oxen as a sacrifice and roasted them over his fire, built of his wooden plow and stick. He followed Elijah as a true helper from that day.

Elijah was also given much encouragement. He thought his had saved only his own soul but God showed him "seven thousand in Israel, all the knees which have not bowed to Baal, and every mouth which has not kissed him."

Christian workers of today grow despondent and lodge in the cave of "what is the use?" They have no right to do this but should be about the Master's business trusting the result of their best to him and following as Elisha did, not looking back but forward.

When clouds overshadow the heart of man in a blue-fog of doubt, he can again stand out in the open listening for and to the still small voice in study of God's word.

All Scripture is given by inspiration of God, and is profitable for doctrine, for reproof, for correction, for instruction in righteousness.

That the man of God may be perfect, thoroughly furnished unto all good works.—II Tim. 3:16, 17.

When the gentle voice has spoken peace to his soul and has said, "Go forth;" he can look up and say, "Speak Lord, for thy servant heareth.—I Sam. 3:9, Golden Text.

Farmer Claims a Lion Killed Hens

DALLAS, July 16.—Mr. and Mrs. J. F. Fryman, who live near Marshall Park 200 and know what a wild beast sounds like, were convinced a lion had escaped one recent night.

The animal's roars and growls awakened the Frymans, who hastily closed all doors and windows, despite the heat.

In the morning they found where the creature had devoured a chicken.

Notified, Foster Jacoby, park director, made a cage-to-cage canvass of his animals, found none missing.

IT TAKES A MAN like "Bill" Horn, who won the Gold Cup in 1932, to wind a big racing hydroplane up to 3000 r.p.m. and hold her to a speed of 60 to 70 miles per hour...for mile after mile. And when he's tired Camels quickly increase his vim and energy.

YOU'LL LIKE this delightful way of "turning on" your flow of energy

A famous New York research laboratory reveals that smoking a Camel produces a definite increase in your flow of natural energy. The effect is delightful, completely natural. Many smokers have learned of this "energizing effect" in Camels for themselves. "Bill" Horn, winner of the gruelling Gold Cup race, refers to his experience in these words: "The man who drives a Gold Cup winner needs the last ounce of energy he's got. After a championship race I 'break out' my pack of Camels quickly, believe me! In no time at all I get a 'lift' and everything is all serene! It's a swell feeling—just to smoke a Camel and be your real self again! That's what I do whenever I feel played out, and Camels never get on my nerves." Try this pleasant and convenient way of ironing out fatigue and increasing vibrant energy. Turn to Camels and learn the truth of the saying, "Get a lift with a Camel." Like to smoke steadily?
