

After Huey Long's investigation of New Orleans, we ought to have one on Hollywood by Will Hays and on Chicago by Big Bill Thompson.

Covers the trade territory of Ranger by being read in over 1,200 homes.

VOLUME I.

RANGER, TEXAS, FRIDAY, SEPTEMBER 21, 1934

NUMBER 85

## WILL BE FIRST INDICATION OF TEAM STRENGTH

### Starting Lineup Has Been Announced by Coach Red Moore For the Game.

Coach Otis M. Moore today announced the starting lineup for the McMurry Freshman-Ranger Bulldog game for Friday afternoon at 8:30, at which a big crowd is expected to be on hand as it is the only pre-season game to be played in Ranger this year.

The starters, as announced by Moore, will be Jacoby and Payton, ends; Love and Donowho, tackles; Warden and Carroway, guards; Banton, center; Anderson, quarter; Agnew and Walsh, halves, and Britt, full.

New uniforms were issued to the Bulldogs for the opening game, with new numbers being issued to some of the players, while some who were regulars last year will have their same numbers. The 22 men who were issued new uniforms, their numbers and weights, will be as follows:

No.	Name	Pos.	Wt.
22	Westbrook	H	138
23	Bray	C	151
24	Adkins	H	135
25	Kennedy	L	140
26	Speils	L	158
27	Hartin	H	147
28	Walsh	H	156
33	Agnew	H	135
40	Carroway	G	155
41	Bruce	L	170
42	Banton	C	160
43	Sharp	E	170
44	Warden	G	160
45	Wheeler	T	165
46	Donowho	T	160
60	Love	T	180
61	Bowen	L	150
62	Payton	E	175
63	Palmer	T	170
65	Anderson	F	185
66	Britt	Q	206
72	Jacoby	E	190

The McMurry Freshmen are expected to put up the hardest fight of any team to appear in Ranger for the first game of the season, as all the men are seasoned high school players, being selected from among the best players over a wide area of West Texas. No information on their weights or the starting lineup has been received in Ranger, but McMurry has been reported as having the strongest freshman team in its history and one that has been working hard in getting ready for the Ranger game.

No pep rally is to be held tonight, it was announced by Miss Lucile Buchanan and Rupert Ringold, sponsors of the pep squad, as the organization meeting was not to be held until this afternoon. However, the sponsors announced, the pep squad would be out for the game, as would the band, under the direction of R. L. Maddox.

Pep squad leaders are to be elected at the meeting this afternoon and a school rally was held at the chapel period this morning, at which the members of the squad were introduced by Fire Chief G. A. Murphy.

Prices for the tickets to the game have been set at 50 cents for adults and 25 cents for children, which is reasonable considering the freshmen are expected to put up as stiff a brand of competition as any high school team in the district, and this will be the only game until the season officially opens on Oct. 19 with the Eastland Mavericks playing in Ranger.

## Two Acquitted In 91st District Court

Verdicts of not guilty were rendered by a 91st district court petit jury at the conclusion of trials of state vs. Marion Bell, Tuesday, and J. J. Baer, Monday.

The defendant, Marion Bell, who was acquitted had been charged with theft of corporeal personal property of value over \$50. J. J. Baer, who was acquitted, had been charged with theft.

## Preaching at Flatwood Methodist Church Sun.

The pastor will meet his regular appointment at Flatwood Sunday. Preaching service at 11:00 o'clock, sermon subject, "God's Covenant." A the Sunday night service, sermon subject, "Preparedness."

A cordial invitation is extended to everyone to attend the Flatwood Methodist church Sunday school. H. C. Caudle has been elected the new general superintendent of the church school. His success depends upon the united cooperation and loyalty of the entire church school.

Well, you can't charge the munitions makers with taking sides. All they take is profits.

## Midwest Plans To Deny Reports Of Bankruptcy

JEFFERSON CITY, Mo.—Missouri, Kansas and Nebraska newspaper publishers want it known that the recent drought did not bankrupt the midwest.

Associated dailies of those three states, and possibly Iowa, are launching an advertising and publicity campaign in Eastern publications, newspapers and trade journals, to offset reports that searing heat during July and August left farmers with no income.

The Missouri publishers are putting up \$2,000, to be matched with like sums from the other state organizations. Advertising space will be purchased in the publications.

The advertisements will make statistical facts, gathered from the federal government and individual states, showing that farm purchasing power this year actually has increased over last year.

In Missouri, for example, while the drought was figured as doing some \$500,000,000 in damage, farmers' purchasing power in 1934 is estimated at \$5,000,000 more than it was in 1933. They are receiving higher prices for their crops and hogs, in addition to the millions of dollars distributed in the state by federal relief agencies.

The newspaper stories will relate activities of midwestern farm sections to "beat back" to normal after the drought.

Recent rains salvaged some of the late corn, made possible planting of new forage crops, prepared the ground for next year and re-filled streams and creeks to furnish water to thousands of heads of livestock.

## Schooley Bakery Is Ready to Open As a New Ranger Firm

The merchants of Ranger are today extending a cordial welcome to a new firm in the city, though the proprietor was formerly in business here.

The new firm is Schooley's Bakery, located on South Austin street and operated by S. C. Schooley, who is not unknown in the bakery business in Ranger.

The building where the new bakery is located, which was formerly occupied by the Shamrock Sandwich Shop, has been thoroughly renovated and remodeled for the bakery and much time has been spent in installing the equipment and fixtures.

Mr. and Mrs. Schooley moved to Ranger nearly three years ago, purchasing the Speed Bakery, which they ran for some time. Later they sold out and spent almost a year in travel over the country, where they visited many bakeries and got some new ideas about the business.

In returning to Ranger Mr. Schooley is going back into a business in which he has had much experience, both in Ranger and Cross Plains, where he formerly lived.

## Baker Arrives to Take Over Duties In Schooley Bakery

A. R. Bartholomew, who is to be the baker for the Schooley Bakery, which is opening Friday in Ranger, has arrived from San Antonio with his family and is now making his home in Ranger.

In San Antonio he has been associated with bakeries in that city for some time and before going to San Antonio was for 10 years a baker in Abilene.

Coming to Ranger with Mr. Bartholomew were his wife and two children, who will make their home here in the future.

## Hardware Store And Fixit Shop In New Location

The Williams Hardware Company and the Fixit Shop, both owned and operated by Addie Williams, have moved into a new location on Main street in the building formerly occupied by the Adams Grocery. The two businesses are now under one roof instead of being in two widely separated buildings, as before.

Mr. Williams has announced that he will put his variety store merchandise, which has been moved from the Fixit Shop, on sale and will clear it out as rapidly as possible, at reduced prices, in order that he may have more room for his hardware line.

## Woman Likes Her Week Ends Free

FRAMINGHAM, Mass.—Miss Helen Orzelek, 19, of New Britain, Conn., likes to be free week-ends.

Serving time for armed assault, she escaped four times from the Massachusetts Women's Reformatory at Sherborn.

Each escape took place on a Saturday night.

## Unusual Bean Grown

ROLLINGSFORD, N. H.—An unusual bean that can be eaten boiled, baked or fried, and grows to a height of three feet, was raised on Orion Wentworth's farm here. Called the Tasmanian butter bean, its leaves resemble those of a squash and the blossoms open only at night.

## Victim Angered Bandits

SPRINGFIELD, Mass.—John Anderson had to walk home from an automobile ride in his own car. He was held up by two men. When they discovered he had no money they became angry, drained the gasoline from the tank, forcing Anderson to walk home, a distance of eight miles.

## FEDERAL ADULT EDUCATION TO BE TAKEN UP

R. F. Holloway announced today that the federal adult educational program would be opened in Ranger in the near future, with a meeting called to organize classes.

All teachers who are unemployed and who want to secure work teaching in this school have been advised to visit the office of E. A. Ringold and secure blanks for their applications for positions.

These teachers are to meet in the high school building Friday afternoon at 4 o'clock to outline the required program of classes and to determine what classes are to be held, where they will be conducted and the time of the opening of the school.

The federal adult educational program will be under the supervision of the school superintendent, just as the city schools of the city are under his direction.

## Braying Donkeys Routed Three Lions

CAPE TOWN.—Ambling happily along the road in his donkey cart, a native of Orjiwarongo, Southwest Africa, found three lions blocking the way.

Man, donkeys and lions stopped and looked at each other for a minute.

Then with a fighting bray the donkeys charged. The lions stampeded in a panic.

There was no holding the donkeys, who charged just as long as there was any breath left in them. They then ambled off again as they had been doing before.

## Employment In August Was Up

WASHINGTON, Sept. 19.—Secretary of Labor Perkins today pointed to increased employment and payrolls in August as an indication the recovery program is going forward in spite of labor unrest.

According to the labor department bureau of labor statistics, factory employment increased 1 per cent from July to August and payrolls advanced 3 per cent.

Employment increases, the statistical bureau reported, were exhibited in 30 of the 48 states, gains ranging from .01 per cent to 13.9 per cent.

## West Virginia Faces Dry Fight

KEYSER, W. Va.—Organizations opposing repeal of West Virginia's constitutional prohibition amendment today had thrown down the gauntlet of battle at the Mineral county prohibition institute.

The Rev. E. E. Ewing, state superintendent of the Anti-Saloon league and campaign chairman of the United Dry Forces of West Virginia, said the institute was the first of a series to be held.

The voters will ballot on the repeal issue in November.

J. Lewis Bumgardner, of Beckley, general chairman of the state repeal council, meanwhile announced a vigorous struggle would be made for repeal and "intelligent liquor control."

The Rev. Ewing said half the counties were organized in the dry movement. He named as leaders of various co-operating state committees: H. C. Ogden, Wheeling publisher, publicity; Dr. J. R. Workman, Charleston, ministerial co-operation; Frank A. Thomas, Charleston, finance, and the Rev. Thomas C. Howard, Bluefield, negro department.

## Start Mattress Factory Pends Site Selection

Selection of the mattress factory location has drawn down to one or two empty buildings in Eastland, it is understood.

The start of the project pends the selection of the site, the project having previously been approved by relief heads in Austin.

A bottling plant on East Commerce street in Eastland, vacated some years ago, is being considered seriously, it is understood.

## Meat Canning at Ft. Worth to Stop

FORT WORTH, Sept. 20.—The government meat canning plant, employing 555 men and women, will be closed down in about two weeks, H. H. Hester, local project engineer, announced today.

The plant was ordered closed by C. Z. Crain, federal commodities distributor at Austin. Crain said the cattle buying program had been completed.

## Cotton Grows from Last Year's Stalks

FLOYDADA, Tex.—Proof of cotton growing from stalks of last year's crop is being exhibited here by A. L. Jackson, who resides in the Campbell community near here.

The cotton grew from the stalks and roots of his cotton crop of a year ago. Such feat of nature is rare for this section owing to the usually severe winter weather on Texas plains.

## EIGHT-YEAR-OLD SON OF J. M. THOMAS KILLED IN CAR CRASH

### Cattle Buying At Standstill

An 8-year-old son of J. M. Thomas was instantly killed about 5 o'clock Thursday afternoon in an automobile accident on a highway near Ranger and three other occupants of the Thomas car were injured. All the injured were in the West Texas Clinic and Hospital Thursday night, too badly injured and shaken up to give many details of the accident.

According to information gleaned at the hospital upon arrival of the accident victims, Mr. Thomas was driving west toward Ranger and the sun was shining into his eyes so that he could not see, at the time the accident occurred.

The body of the Thomas boy, whose name was not available at the hospital, was taken to the Killingsworth-Cox morgue in Ranger pending funeral arrangements.

At the hospital it was reported that Mr. Thomas was badly injured, though it was not thought his injuries would prove fatal, while Mrs. Thomas and a daughter, who were also in the car, were slightly injured, cut and bruised, though their condition was not serious.

None of the occupants of the other car was injured, according to reports.

## Clothing Gathered In Welfare Drive

HOUSTON.—Used clothing, totaling more than 100,000 garments has been gathered as the result of a drive on the part of the Harris county board of welfare and employment.

The clothing will be distributed among and made over for needy school children in a "back to school" drive in the county.

## THREE SUSPECTS HELD TODAY IN LINDBERGH CASE ARE SAID TO HAVE 'BROKEN DOWN' WITH CLUES

NEW YORK, Sept. 20.—Police announced today the Lindbergh kidnaping mystery was "cracked" with the arrest of Bruno Richard Hauptmann on charges of being the recipient of the \$50,000 tossed over a cemetery wall in the Bronx in an effort to recover the Lindbergh baby.

NEW YORK, Sept. 20.—The Lindbergh kidnaping mystery appeared to be "breaking" with the arrest of three suspects and the reported recovery of \$35,000 in ransom money.

Officers in the case gathered in the Greenwich police station and questioned suspects.

Reports were the case was broken through identification of a \$10 bill tendered by an autoist in payment for gasoline. Police said one man had been linked to the ransom money found under a concrete floor in his home. A man who had been questioned last night "broke" this morning and gave police leads on the case.

The police report was that a taxicab driver, who drove the man to a Bronx cemetery on the night he received the Lindbergh money from Dr. J. F. (Jafse) Condon, intermediary in the case, had identified the suspect. Condon paid over \$50,000 while Lindbergh waited nearby. The baby at that time was already dead and it was not known if the man who got the money had anything to do with the abduction.

NEW YORK, Sept. 20.—A suspect has been arrested in the Lindbergh kidnaping case and was brought to police headquarters today for questioning by high authorities of that two and a half year old manhunt, the United Press learned today.

The arrest climaxed a series of maneuvers by police which began with the arrival at the Greenwich street police station of J. Edgar Hoover of the United States department of justice; Col. Norman Schwarzkopf of the New Jersey state police, and Lt. James E. Finn, undercover operative assigned to the case exclusively.

New York Police Commissioner John F. O'Ryhan also came to the Greenwich street station, lending further support to reports an "important break" was imminent.

The suspect was said to have been brought to headquarters from the Bronx.

If California becomes the land of milk and honey, Mr. Sinclair, won't there be a lot of flies?

## OLDEN HIGH SCHOOL GETS NEW CREDITS

Word has been received this week from the State Department of Education that the Olden High School has been granted one unit of affiliation in Public School Music.

The Olden School was granted 1-2 credit in Typewriting when the Deputy State Superintendent visited the school last spring.

The Olden High School is fully accredited with the State Department of Education. Some people have the idea that a Class B school cannot be fully accredited. Class A and Class B schools are divisions made by the Interscholastic League and have nothing whatever to do with accrediting or the class of work done in the school. A high school enrolling 500 or more students is a Class A school, and one that enrolls less than 500 is a Class B school.

The Olden school is meeting all of the requirements of the State Department. All teachers having qualified under the new rulings.

The Olden School Board, with Fred Gertz as president, is composed of a group of wide awake, progressive business men who are ever on the job to do anything for the betterment of the community.

The other board members are C. L. Hyatt, secretary; O. M. White, C. L. Little, H. C. Nix, W. L. Connell, and Carl Butler.

The High School teachers are: Henry Collins, Superintendent and teacher of English; H. C. Scruggs, coach and teacher of science and history; Miss Eunice Hamilton, teacher of Spanish and typewriting; Miss Maxine Henderson, teacher of public school music.

The Grade school teachers are: Mrs. C. A. Timmons, Miss Nannie Allmon, Miss Olga McCoy, Miss Maxine Henderson, Miss Eunice Hamilton.

## Annual Oil Belt Rotary Meet at Eastland Monday

Rotarians of the Oil Belt in their annual meet will gather Monday night in Eastland when the club of that city will host their brother Rotarians.

Rotarians from Cisco, Ranger and Breckenridge beside the Eastland group will be in attendance at the meet.

Last year the meeting was held in Cisco and next year will be in Ranger.

## NO ARREST IS MADE AFTER A SHORT INQUIRY

NIXON, Texas, Sept. 19.—An 18-year-old farm girl today shot her father to death to avenge the slaying of her 36-year-old sweetheart, officers investigating a double shooting said.

The dead were Gus Passmore, 50, Wilson county farmer, who lived four miles south of here, and Clyde Chaffin, his hired man.

Justice of the Peace Reed Montgomery of Pandora and Sheriff J. B. Carnes of Floresville investigated the killing but made no arrest.

They said Passmore shot Chaffin because he objected to attention the hired man paid to his pretty daughter, Inez. Witnesses told Sheriff Carnes Passmore then went in search of his wife, threatening to shoot her.

The girl, Carnes said, ran into a room adjoining the one where Chaffin was slain, obtained a pistol, and returning, fired three shots at her father, who fell dead.

## Eastland Team Loses To the Cisco Group

Eastland All-Stars were downed by a one-point margin Tuesday night by Cisco Stars when the Cisco team won 5-4. Al Shapiro of Breckenridge hurled the ball for Cisco while Woods of Breck performed for the Eastland team.

In the game previous to the Eastland Stars engagement, Cisco defeated Breck 1-0. Stubbs of Breck pitched for his team while Shapiro performed for Cisco.

The New Deal seems to have more than one Joker in the pack.

## Corn-Hog Checks Nears \$11,000

Approximately \$11,000 had been paid to producers in the county cooperating with the government in the corn-hog program up to Thursday, J. C. Patterson, county agent, stated on that date.

The first of the checks were distributed at a meeting in Eastland Tuesday afternoon and others were distributed at Cisco, Ranger, Rising Star, Gorman and Carbon at other meetings.

In the adjoining counties of Stephens and Callahan the producers had been paid \$3,665 and \$5,650.30, respectively, figures in a report of the agricultural adjustment administration show.

## Ranger to Present Program Saturday At the County Fair

Ranger is to have charge of the program at the Eastland county fair Saturday night and is planning a good entertainment program to take to Eastland on that occasion.

P. A. Tankley has been put in charge of the program and it was announced today that he had already secured some good talent for the program.

## Gasoline Buggies Banned from Square

BUTLER, Mo.—Anyone who operates a motor vehicle on the public square here is subject to a fine of \$1 to \$100 under terms of an ordinance enacted in 1906 and which has never been revoked.

The ban on "gasoline buggies" was pronounced after several residents had been injured in run-aways when their horses were frightened by the autos.

## Canyon Will Have Big Celebration

CANYON, Tex.—Plans for an elaborate two-day celebration here on Oct. 19 and 20, are being arranged by a committee in charge of celebrating the 25th anniversary of locating the West Texas Teachers College in Canyon.

Every possible effort is being made by college officials to contact ex-students and extend them an invitation to attend the "homecoming celebration."

America's only woman Ambassador, Ruth Bryan Owen, will be the feature speaker during the celebration.

## Rio Grande Valley Had Much Sunshine

SAN BENITO, Tex.—The Rio Grande Valley during August had 77 per cent sunshine, a report by the meteorologist reveals.

The report shows 14 days were clear, 14 partly cloudy and three cloudy.

Normal August rainfall is 2.55 inches, but this year only .98 was recorded.

Mean temperature for the month was 83.5; maximum, 96; minimum, 70.

## Perryton Rainfall Sets Low Record

PERRYTON, Texas.—Rainfall in Perryton for the first eight months of 1934 bid fair to set a new low record for rainfall since official records have been kept beginning in 1934.

The total rainfall for the current year amounts to 11 inches, and is short of the previous low record by five inches.

## Sisters Reunited After 62 Years

QUANAH, Texas.—Separated for 62 years, two sisters, one of whom has lived in Quanah for a number of years, were reunited for several weeks when Mrs. M. A. Stewart of this city visited her sister, Mrs. Mollie Cox at Lenden, Calif., recently.

The two sisters had not seen each other since they parted in Virginia, 61 years ago.

## Needy Children Get School Lunches

HOUSTON.—Approximately 133,450 needy children will be served school lunches during the coming school term, according to plans being formulated by the Harris county board of welfare and employment.

## BIG PARADE IS FAIR FEATURE SECOND DAY

Crowds Thursday Morning Promise Even Larger Crowds For Remaining Days of Event.

Opened auspiciously Wednesday by large crowds the Eastland county eighth annual fair Thursday went into its second day with the promises of even larger crowds for the remaining days.

Thursday morning a parade led by State Highway Patrolmen Ernest Daniels and Morgan Myers followed by the Lone Star band, directed by A. J. Campbell, paraded through Eastland streets and were witnessed by large crowds who thronged many streets.

Cisco's Lobe band Wednesday night who opened the fair, playing in the mid-way, were applauded enthusiastically as was the program they presented afterwards.

Gorman and Rising Star citizens are scheduled to present the program Thursday night at 8:30 after the band concert at 7:30.

Exhibits at the fair, though the year was considered one of a poor type for the growing of blue ribbon products, were considered unusually good.

T. B. Woods of A. & M. college, College Station, judge of agricultural and community exhibits, said they "were exceptionally good for the year."

Miss Ruth Ramey, county home demonstration agent, noted Thursday morning that rugs, fresh fruit exhibits, and sewing products were more numerous than those in previous years and did not note particular difference of quality than those of other years.

The program for Thursday through Saturday is as follows:

Thursday Night—7:30, opening by band on mid-way; 8:30, platform program by Rising Star.

Friday Afternoon—2:30, free rodeo.

Friday Night—7:30, opening by band on mid-way; 8:00, rural community entertainment; 9:30, old fiddlers' contest; 10:00, square dance.

Saturday Morning—11:30, Bewley's Chuck Wagon Gang.

Saturday Night—7:30, opening by Ranger band on mid-way; 8:00, Bewley's Chuck Wagon Gang; 9:00, Ranger program; 10:00, street dance.

## Post Office Site Meeting Postponed Until October 2nd

At a meeting of the members and directors of the chamber of commerce, held in the Gholson hotel Tuesday afternoon, discussion on the site for a post office for Ranger was postponed until Oct. 2.

Those who attended the meeting were not prepared to offer the proper information needed, and they were instructed to have the available sites listed, with a written description of each, giving the size, location and price, wanted for the site. These are then to be taken before the proper authority in Washington in order to speed the work.

Those who have lots they wish to list as prospective sites for a post office have been requested to have the written information turned in to the chamber of commerce before Oct. 2 so that they may be submitted to the meeting called at that time.

## Cotton Exemption Certificates Will Be Issued October 1st

Oct. 1, County Agent J. C. Patterson said Thursday, will be the first day on which cotton exemption certificates will be issued.

R. F. Lawrence, who was in charge of the AAA office in Eastland, has been succeeded by Hubbard Gilbert of Carbon, because of serious illness. Mr. Lawrence experienced while in attendance at a cotton meeting in College Station, Gilbert is now in attendance at the meet and is expected back in Eastland at the expiration of the session.

## STERN RULE FOR DRUNKS

RED OAK, Ia.—Mayor Horace Cloud of Red Oak has a hard and fast rule for intoxication. Cloud gives all drinks brought before him the choice of 30 days in jail, or 30 minutes to get out of town. He reports a minimum of 50-cent fines here.

## CABBAGE

ASHTABULA, O.—Five heads of cabbage, grown from a single stalk, were produced in the garden of Foster Thompson.

**Actions of Today Must Be Natural**

According to George Brent, always a serious student of the drama, nothing reflects national characteristics as accurately as acting.

Discovery on a set at Warner Bros. studios, where he was making "Desirable," which comes to the Arcadia theatre on Friday, Brent was asked how he liked his part. Expecting a stereotyped reply, the interviewer was surprised to hear him answer:

"Like it because the role is a composite picture of thousands of men instead of one. All good parts must reflect the feeling and habits

and reactions of many people in order to be interesting." In "Desirable," Brent has the role of a successful young business man who is enamored by a brilliant Broadway actress, but whose love turns to the woman's daughter, whom he meets when she suddenly returns from a Broadway school where her mother had hidden her, fearing she would jeopardize her professional career.

CAMERON, Tex.—Nine hundred and sixty-eight students enrolled in the public schools of Cameron this fall. Of the number, 478 were of high school and 490 of grade school classification.

**Lawyers' Arguments Cause Many to Smile**

AUSTIN.—"We used to have a law against the sale of liquor in prohibition territory," said dry Dan Moody, former governor, in court here while illustrating the vital parts of an indictment. A ripple of smiles went around the court room at this virtual acknowledgment of the dry leader that the state prohibition law no longer is in active use.

Court attendants got another smile in the same case when Judge R. L. Batts referred to the state cigarette tax as "this anti-trust law." He was one of counsel in the recent anti-trust penalty suits brought by Attorney General James V. Allred. As he got into action, arguing, he automatically named the other law about which he had argued so much.

**Circus Fat Lady Reduces and Worries**

SPRINGFIELD, Mo.—Ladies, consider the strange case of Ruth Pontico. She is in a local hospital, worrying over a loss of seven pounds in weight.

Miss Pontico is the "fat lady" with the Ringling Brothers Circus sideshow and tips the scales exactly at 700 pounds. The show left her behind when she came down with typhoid fever and dropped a pound a day for a week. It takes four nurses to turn her over in bed.

No hurricane or floods should be scheduled during October. All the Red Cross people will be away at a convention in Tokio.

Try a WANT-AD!

**Sewing Lessons Are Offered Free by The Singer Office Here**

District offices of the Singer Sewing Machine company have now been opened in the remodeled building on North Austin street, with Mr. and Mrs. Melton Hill as district manager and head of the sewing class department. Mr. and Mrs. Hill are now making their home in Ranger, having formerly lived in Coleman.

The new district comprises three counties, including Eastland, Callahan and Coleman. Mrs. Hill is starting free sewing classes, with no obligation whatever on the part of those taking the lessons, other than that they fill out the coupon to be found in their advertisement in today's issue of the paper and take it to the office at 210 North Austin street. Mrs. Hill has been in charge of sewing classes for the past six years, or ever since the company began the practice of giving sewing lessons.

**'Midnight Alibi' Is A Thrilling Romance**

"Midnight Alibi," First National's pictureization of Damon Runyon's thrilling romance of metropolitan New York of the present day, is scheduled to open at the Columbia theatre on Sunday, with Richard Barthelmess in the stellar role and Helen Lowell, famous New York stage favorite in an outstanding characterization.

Barthelmess has the role of the gangster, and also appears in a short episode as the sweetheart of the aristocratic spinster when she was a young girl 45 years before. It is the resemblance of the two youths that draws the spinster to the gangster. Miss Lowell appears as the elderly Abigail Ardsley, and is said to give a remarkable performance, and one that will proclaim her as one of the leading screen players as she had formerly been on the stage.

**Mystery Film Mixes Murder and Laughs**

The Paramount film, "Private Scandal," produced by Charles R. Rogers, which comes on Friday to the Arcadia theatre, presents the other side of the conventional murder mystery, according to Ralph Murphy who directed the picture.

While drama, suspense and cleverly contrived thrills, in plenty, are present in the unfolding of the mystery, he points out, comedy of the side-splitting variety runs rampant through the film.

ZaSu Pitts, Phillips Holmes, Mary Brian, Ned Sparks and Lew Cody have the leading roles in the picture taken from an original story by Vera Caspary and Bruce Manning. The screen play was written by Garrett Fort.

**HOLE IN ONE WITH PUTTER**

NEW BRITAIN, Conn.—Remembering the advice of a friend that by using a putter the ball will hold the green better on a short hole, Charles Haddock, Jr., drove with the unorthodox club and scored an ace on the 147-yard 16th at Stanley course.

**HEN VIOLATED NEW DEAL**

BRIDGEPORT, Conn.—May-be it's the New Deal. One of Joseph Forucci's hens laid a "two-in-one" egg, one inside of the other and both having normal shells. The eggs weighed nearly three-quarters of a pound. The hen weighed a pound and a half.

**DETECTOR LOCATED LOST RADIUM**

SPRINGFIELD, Mass.—A speck of radium, valued at \$4,000, carelessly discarded in a rubbish barrel and carted away by city employes, was located through use of a special detector.

## JURORS DRAWN FOR THREE TRIALS IN THREE DEATH

Special veniremen have been drawn from the entire jury panel for the September term of the 88th district court for the trials of Mary Lou Howell, Clifford Doggett and Elmer Van Cleave, charged with murder in connection with the death of L. F. Threet, rancher near Cisco, who was found on his ranch in an unconscious state resulting from a bullet wound in his head, Aug. 15.

The following for Elmer Van Cleave are subject to be summoned to appear at the 88th district court in Eastland at 9 a. m., Oct. 1:

S. H. Jance, Cisco; Marshall Thomas, Cisco; J. A. Watson, Eastland; H. P. Earnest, Ranger; A. J. Bartrug, Ranger; Sam Hale, Cisco; W. H. Bagley, Eastland; Elbert Brill, Cisco route 4; J. A. Gentry, Ranger route 2; Edwin George Jr., Ranger; Ray Gakem, O. A. Humphrey, Cisco; C. T. Lucio, Joe Dismway, Dothan; H. B. Meks, Eastland; Ed Townsend, Cisco; J. A. Hallmark, Eastland;

## Stop Kidding, Joe! We Know You!

No, sir, you can't fool us by changing your costume. We can recognize Joe E. Brown in any disguise. Even when he plays the part of "The Circus Clown," which incidentally is the title of his new First National laugh-bit. Above you see five camera studies of Joe from the picture, appearing as five different people, with nothing up his sleeve. Clever, huh? Coming to the Arcadia Saturday night, 11:15, and Sunday.

route 1; S. M. Fowler, Olden; Sol Pearlstein, Ranger; Ed T. Cox, Eastland; W. E. Dennis, Gorman route 3; Lee Bishop, Eastland; H. A. Bible, Cisco; C. W. Blacklock, Ranger; Carl Butler, Olden; B. H. Peacock, Ranger; Will Swan, Cisco; H. G. Adams, Ranger; Col. Brashler, Ranger; E. L. Fountain, A. H. Powell, Ranger; I. N. Hart Jr., Cisco; E. L. Wisdom, Cisco; J. C. Carrothers, Ranger; E. R. ## FASHIONS from JOSEPHS

You'll See At The

### STYLE SHOW

## Dresses

When the TEAM trots out before you, be sure you're looking as "fit" as they are! These new woolen dresses with fur trims, or knit dresses or the lovely tailored silks will do the trick. They make you look like the last word... and they keep you feeling that way until the last whistle. They're cozy and warm... and that's highly important! Made in a wide choice of styles!

\$5.95 to \$28.50

Market Boy

## SUITS

Reefer suits, interlined so you can wear them all winter... three-piece classic suits that will be as smart in 1940 as they are now... tunic suits... luxurious fur trimmed suits! And that's only a little of what the gallery includes. Sizes for women and misses.

BE SURE TO SEE OUR NEW TWO-PIECE SNYDER KNITS

SUITS RANGE IN PRICE \$9.85 to \$39.50

## Millinery

You want to be smart, and will be individual, the hats we're showing for fall will be just the thing. You can choose your own fabrics... all there are many to choose your own shape, for so many shapes are smart that you'll have no difficulty finding one that seems to have been designed just for you. There are brimmed models and brimless ones; ones turned up hats and those that turn down and they're all authentically stylish!

\$1.98 to \$6.95

JOSEPH DRY GOODS CO. Ranger's Foremost Department Store

## What's New in COATS

\$14.75 to \$24.75

New-season coats are longer than they were last year, with a smooth-fitting, natural shoulder line! Sleeves are generally less intricate and their fullness is confined to below the elbow.

And fur collars—they're really revolutionized, with ripple revers, pull-through scarf effects, tea-time effects, rippled jabots, double question mark and frame collar, and notched lapel shawls. In the right fall colors—low-priced!

## and SUITS

\$7.90 to \$9.90

Swagger suits—and how women love them!—have longer coats, too, (reaching approximately the skirt length) and arm-holes are deeper to tie in with the general fashion trend. Many of these smart suits have vestee or sham vestee, which makes the suits warmly practical. These are developed in handsome tweeds and monotonies in a range of smart fall colors!

See Penney's first showing of these new Fall Fashions! Just arrived—ready for you now in all their smart lines, colors, fabrics, furs!

BUY NOW ON THE LAYAWAY PLAN

A small deposit will reserve any selection until wanted.

# THURBER

Special Correspondent

School has begun and it seems that everyone is in the best of spirits. Although our high school was transferred to Strawn we have a good grammar school. The teachers are Supt. L. E. Forrest, Misses Phyllis Oylor, Izetta Woods and Mary Gentry.

Mrs. Maggie Masters was a Stephenville visitor Monday.

Mrs. John Grantham of Strawn was Tuesday guest of Mr. and Mrs. Frank Arrendale.

Mrs. Mabel Foster and children and Mr. and Mrs. W. W. Wiggins were Unity visitors Sunday.

Miss Modean Livingston was a Gordon visitor Wednesday.

Mr. and Mrs. Joe Tullos of Fort Worth were Sunday visitors of her mother, Mrs. A. L. Leedy.

Rev. W. E. Anderson was a Strawn visitor Wednesday.

Joe Campbell left Saturday for College Station where he will attend A. & M. college this year.

Mr. and Mrs. Ernest Sheffield of Mingo visited relatives here Sunday.

Miss Clara Eubanks and Harold Worth were Ranger visitors Thursday.

Mrs. Martha Heath visited in Mingo several days last week.

Herbert Byres of Meridian spent the week-end with homefolks.

Rev. W. E. Anderson, Misses Izetta Woods, Lavada Fenner and Sue Hill of Mingo attended the Methodist laymen's meeting at Mineral Wells last Monday.

Thurber was well represented at the trades day at Strawn Saturday.

Mr. Henry Bullard and Mrs. Carl Bullard of Mineral Wells visited Tuesday with Mrs. Lafayette Henry.

Miss Caylena Bridges left last Sunday for Menard, where she will teach school this year. T. A. Parker, formerly of this place, is also teaching there this year.

Those to attend the Baptist workers' meeting at Huckabay last Tuesday and Wednesday were Mr. and Mrs. J. D. Miller, Mr. and Mrs. Marvin Singleton and daughter Violet, Mrs. W. W. Mitchell, Mrs. Sarrett, Mr. and Mrs. W. W. Wiggins, Mrs. Frank Arrendale, Mrs. Tom Lang and Miss Estel Hammit.

Miss Estel Whittington of Liberty visited recently with her grandparents, Mr. and Mrs. Dave Box.

Mrs. Roy Gibson and children and Miss Estel Hammit were Strawn visitors Sunday.

Do not forget prayer meetings each Thursday evening at the Methodist church at 7:45 o'clock. Everyone is invited to attend.

Harold Newth left Sunday for College Station where he will attend A. & M. college this year.

Mr. Will Eyley and children and Mrs. Sam Ready spent the week-end in Caddo.

The Epworth league met at the church Sunday evening with nine present. We heard an interesting program on "Who's Who in the Bible."

Mrs. A. Z. Miller received word of the marriage of her nephew, Elmer Wallace, to Miss Alice Church, which took place Sunday, Aug. 26. Mrs. Wallace is the daughter of Mr. and Mrs. C. P. Church of Merkel. Elmer is the son of Mr. and Mrs. Bill Wallace of Abilene. He was reared and educated in Thurber, moving to Abilene about eight years ago. This young couple are at home at Merkel, Texas.

# FRANKELL

Rev. John Renois was in our school Friday. He told us some very interesting facts. We were very glad to have him with us.

Mr. and Mrs. Earl Knight and family of Necessity visited Mr. and Mrs. W. A. Knight and family Friday night.

Rev. John Renois preached at Frankell Friday night.

Mrs. Willie Knight of Frankell visited her sister-in-law, Mrs. Earl Knight of Necessity last Monday.

T. H. Smith, Clinton and Glenn Knight is digging a cistern for Jack Havens of Frankell.

Mr. Belvin took a bale of cotton to Ranger Tuesday.

# Prison "Tough Guys" Afraid of Dentists

BOSTON. — The tougher a "tough guy" he is the more he fears the dentist. That is the conclusion of Dr. J. Payson McDonald, staff dentist at the State Prison here.

After treating every one of the 1,000 prisoners in the institution at least twice a year for several years, Dr. McDonald says that the worst criminals squirm and tremble like children when they are sitting in the chair.

# TRY A WANT AD

# Lady Says CARDUI Eased Pain In Side

Cardui helped an Oklahoma lady, as described below, and many others have been benefited in a similar way. "I had a hurting in my side every few weeks," writes Mrs. Bill Stewart, of Dewar, Okla. "I had heard of Cardui and started taking it. It stopped my hurting and built up my strength. I took 11 bottles and I sure felt better."

Cardui is a safe, reliable, non-toxic medicine. It is not a habit-forming drug. It is not a pain-killer. It is a natural health builder. It is the only medicine that builds up your strength.

Notice to the Public

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation, which may appear in the columns of this paper, will be gladly corrected upon being brought to the attention of the publisher.

Obituaries, cards of thanks, notices of lodge meetings, etc., are charged for at the regular advertising rates, which will be furnished upon application.

Entered as second-class matter January 3, 1934, at the post office at Ranger, Texas, under the Act of March 3, 1879.

Subscription Rate \$1.00 Per Year, Payable in Advance

ON A BROADER BASE

As the democratic party at Galveston passed out of the woods of Ferguson domination, it showed that it has gained a broader footing for its official structure than for many years past.

Instead of having the controls in the hands of some minority group, as in the case of Ferguson's last two administrations, and perhaps during the Ross Sterling term, many elements of past party leadership had joined hands at Galveston with new leadership. Pretty well all the party is represented in the new official set-up. There are even some old-time Ferguson regulars in the ranks.

The Ferguson people were mollified in having been able to name Vice President Garner to the national committee, one jump ahead of what the Allred forces would have done.

There were at the party convention two former governors. Neff and Hobby; both present United States senators, Sheppard and Connally; two supreme court justices, Judge Pierson and the nominee, Judge Sharp; all three retiring congressmen-at-large, Strong, Bailey and Terrell. There were notable former leaders, such as Tom Ball and Cullen Thomas.

The new leadership at Galveston definitely called from the ranks many distinguished and well-known democrats of other times. This will mean a lot for future success and harmony. Even the most blatant of those who were Ferguson leaders when Fergusonism was in flower were not left to feel like homeless exiles; but in having their own policy with respect to Garner accepted by the party, were given a share in the responsibility of the party's welfare in future.

The convention's success was measured by this avoiding a restricted, narrow, and necessarily inexperienced group as sole helmsmen for the next two years.

Activities of the H. Demonstration Clubs of County

Home-Made Cereal—Using Home-Grown Wheat

Miss Willie Word, farm food supply cooperator of the World home demonstration club recommends the following recipe for canning wheat to be used for cereals.

Clean and wash the wheat thoroughly, soak over night in twice the amount of water as wheat used. Next morning drain and wash what again to remove some of the dark brown color. Cover with hot water and boil for five minutes, stirring constantly.

Fill No. 2 cans with 17 ounces or within one-half inch of the top, add 1 teaspoon of salt, cover with water in which wheat was boiled. Seal and process 50 minutes at 15 pounds pressure. Remove from the cooker and place in cold water. When cool, dry, clean and label.

This can be canned as cracked wheat and is better when there are children in the family. The whole grains can be used in cakes, bread, etc., as substitute for nuts. It can be used in soups as substitute for rice.

It is much easier to work with if it is cleaned at the mill.

Peach Sweet Pickles

Peach sweet pickles served with meats in the winter months adds much to the meal. Mrs. H. A. Bowler of the North Star Home Demonstration club uses the following recipe when putting up her sweet pickles. Two gallons peaches, 1 pint vinegar, 1 ounce stick cinnamon, three cloves for each peach and 4 cups brown sugar. The brown sugar give a darker syrup than that using the granulated sugar, but a better flavor.

Select firm sound fruit, not too ripe. Peel peaches. Make a syrup by boiling vinegar, sugar and seasonings tied in a cheese cloth. Put peaches into boiling syrup and cook until soft (takes very little time and should be watched in order not to overcook the peaches and have a soft product.) Arrange peaches in sterilized jars, adjust sterilized rubbers and covers and seal. Peas may be pickled in the same way.

Selection of Corn for Hominy and Canning

Select a sweet white corn with flat grain shell, wash thoroughly and soak in lukewarm water for an hour. Dissolve two tablespoons lye in one gallon of boiling water (use enamel kettle or bucket). Add the soaked corn and boil for 30 minutes, or long enough to loosen the hulls. Remove and rinse thoroughly. Rub to loosen the hulls and kernels near the germ, or use a barrel churn for several minutes for this purpose. Let stand in fresh water for two or three hours changing the water six or seven times to be sure all lye is removed. Cover with water and boil until tender. Pack hot into pint jars or No. 2 plain tin cans. Process for 50 minutes at 15 pounds pressure. Cool in cold water when removed from the cooker. This method of preparing and canning hominy gives a good product states Mrs. J. R. Morrow member of the North Star home demonstration club. Mrs. Morrow makes hominy by this method each year and has no trouble with the husks and the dark parts remaining on the grains of corn.

Pickles

The dry weather ruined the cucumber crop for the year, but the small green tomatoes or gherkins may be substituted for the cucumber pickles. Use the recipes for the other pickles. The gherkins should be used when they are about the size of a small egg, but this year due to the dry weather, the smaller ones are better and are tenderer. Some complaints have come to the club members that the larger ones shivel. This may be due to the following: Shriveling of pickles often occur when they have been placed at once in very strong salt or sugar solutions, or even in very strong vinegar. For this reason avoid such solutions as far as possible. When a strong solution is desirable the pickles should first be given a preliminary treatment in a weaker solution. This difficulty is most often encountered in making sweet pickles. The presence of sugar in high concentrations is certain to cause shriveling unless precautions are taken. Mrs. Gil Walker, Romney Home Demonstration club member gave this information to the women who were at the Romney community fair and such pickles were shown and the reason asked for the shriveling.

PLEASANT HILL

Mrs. A. A. Abbott visited her daughter, Mrs. Ernie Bowles Sunday. Mr. and Mrs. Gus Wende and children, Mr. and Mrs. Henry Strobel and children, were the Sunday evening guests of Mr. and Mrs. Dan Wende. Charlie Parks spent Saturday night with Alton Clark. Carl Strobel visited Mr. and Mrs. Dan Wende Sunday night. Mrs. J. K. Bone's sister, Mrs.

Parden who has been visiting her the past two weeks, has returned to her home.

Miss Lola Mae Hooker visited Alton Clark was the Sunday dinner guest of Charlie Parks. Miss Pearl Lamb spent the week end in Eastland.

Pleasant Hill school opened Monday with several pupils enrolled.

Mr. and Mrs. Henry Hardin and children, Mr. and Mrs. A. A. Abbott, Mr. and Mrs. Roscoe Abbott enjoyed ice cream at the home of Mr. and Mrs. Jess McKinney Friday night.

Misses Faye and Bessie Taylor spent the week-end with Miss Mildred Lamb.

New Shoe Shop to Be Open On Main Street

T. T. Notgrass, proprietor of the Ranger Shoe Hospital, is opening another shoe repair shop at 203 Main street, to be known as the Electric Shoe Shop. The Ranger Shoe Hospital will continue to be operated as in the past, with the new shop being an addition to the business life of the city.

New machinery of the very latest type, capable of handling all kinds of shoe repairing, has been received and is now being installed in the new shoe shop.

The most competent workmen will be engaged in shoe repairing, dyeing and all kinds of shoe repair work at both shops, assuring the public the best work of this kind that can be secured in a city many times the size of Ranger.

Wall Street seems to think that Major Angus' "Coming American Boom" is the kind you "fa' down and go."

Famous Train to Be Seen at Dallas

DALLAS.—The "Zephyr," Burlington railroad's stainless steel, stream-lined train which has traveled faster over a long-distance non-stop run than any other train in the world, will pay Dallas a visit early in October.

Now the equipment is in Hollywood for use in a motion picture. During the summer it was on exhibition at the Chicago Century of Progress exposition, and soon, between Sept. 28 and Oct. 2, it will be brought to Texas for a tour of the Burlington system.

Stops will be made at stations between Amarillo and Dallas on the Denver City line. Then the "Zephyr" will make a non-stop run from Dallas to Houston over the Burlington-Rock Island, formerly the Trinity & Brazos Valley, to establish a record for that distance. Galveston also will be visited.

Returning from South Texas the train will stop at several stations between Houston and Dallas. It is expected to be here on the return trip during the State Fair. At least a week will be spent in the state.

On its record run over the 1,015 miles between Denver and Chicago, the train made the distance in 785 minutes, maintaining an average speed of 77.6 miles per hour.

Later on it will be placed in service in the Middle West.

It's up to the president's new board to pick up the broken thread in the textile yarn where previous negotiations left off.

New Photographic Studio Is Opened

Ranger has several new business houses, all installed and open to the public within the past few weeks, among which is the Moderne Studio, located at 307-A Main street this week by Hubert and Delbert Capps, of Ranger.

These two men have been residents of Ranger for 14 years and have recently made a thorough study of the photography business. Delbert Capps has been with the Oil City Pharmacy for four years, where he has been doing kodak finishing and Hubert Capps has taken courses in photography in Oregon

State university, while he was an instructor there. Although new, the firm has on display some photographic work that attests to the ability of the proprietors in portrait work as well as in developing kodak films.

Their equipment is all new and modern in every respect, which will assure the public that they are getting the very latest in photographic service.

COPS CHECK NEW GRID SUITS

HARTFORD, Conn.—Police are checking all football teams wearing new suits. Vandals broke into Trinity College gymnasium and stole a complete football team outfit, two footballs and one basketball.

Crocket to Have A Free Fall Fair

CHOCCKETT—Houston county free fair which will celebrate an added attraction the discovery of oil in the section, was to be held here Sept. 20.

The county became a producing area Sept. 7, when the Garrett Jack Boone No. 1 Trinity State Bank test started producing 2 miles southwest of here and 1 mile southwest of Lovelady.

The production was from oil low sand at 2068 feet.

Special Correspondent

Mr. and Mrs. Milt O'Rear of Strawn visited their brother, John O'Rear, and their sisters, Miss Mollie O'Rear and Mrs. Annie Daniels, on Tuesday of last week.

Mr. and Mrs. Charles Lee were guests of Mr. and Mrs. O. G. Lawson at Cisco Saturday.

Supt. M. L. Cobb and family spent the week-end at Brownwood, where they visited Mrs. Cobb's

mother, who had been in the hospital three weeks.

Mrs. A. B. Henalee and baby and Mr. and Mrs. Robert Dawley of Caddo were shopping in Dallas Tuesday.

A most delightful reunion of old friends occurred Wednesday at the home of Mr. and Mrs. W. C. Bedford, who had as their guests for noon dinner Mrs. J. W. Mancill of Cisco and Mr. and Mrs. Walter Rose of Fort Stockton.

Mr. and Mrs. C. H. Sharp of DeLeon visited friends and attended services at the Baptist church Sunday night. They came to hear Rev.

Sherrod Stover preach. They had known him since he was a small boy.

Thomas Browning and "Curly" Lehman, who have been at a GCC camp near Meridian the past month, spent the week-end here with their families.

Dick Hodges of Ranger was here on business Friday.

Mr. and Mrs. Robert Snead visited his parents at DeLeon Friday.

The first meeting of the "21" Study club for this club year was held Tuesday, Sept. 11, at the clubhouse which had been beautifully decorated with cut flowers in baskets and vases. Hostesses for the day were Misses W. H. Davis, Dave Parks, John Mendenhall and Mattie Henry, who received the members and guests very graciously.

The business meeting was presided over by the first vice president, Mrs. A. B. Henalee, who was later installed as president. The program was led by Mrs. A. C. Robert.

Miss Latrelle McGuire spent Sunday at Olden with Mr. and Mrs. W. C. Stark.

William Howell and Robert Howell left Tuesday for Dallas to represent S. M. U. William will also assume his duties as assistant pastor of Munger Place Methodist church.

Mr. and Mrs. Harry Gallagher of Albany were the week-end guests of her parents, Mr. and Mrs. Tom Nabers.

Desdemona will be well represented at John Tarleton college at Stephenville this year as the following girls left Tuesday to begin their studies there: Misses Latrelle McGuire, Nell Robert, Romalee Wright, Ruth Crenshaw, and Ruth L. Riley. A going-away party was

given for them and others who were leaving at the Methodist church Monday night.

Fred Stover, who has an office job at Houston, came in Wednesday to spend his vacation here with his parents, Mr. and Mrs. S. T. Stover. On Friday Rev. Sherrod Stover came in from Fort Worth and on Saturday Carroll Stover, who works at Holiday, came in so all the brothers except Elmer, who lives in Dallas, were together Sunday.

**Receives Eagle Badge**  
Raymond Pipkin Troop No. 103, Eastland, was awarded his Eagle rank at a recent court of honor which was presided over by B. E. McGlamery, chairman, Dr. L. C. Brown and Grady Pipkin. Raymond also won his Junior Red Cross Life Saving Badge during the last week of the summer camp in July. We want to congratulate Raymond and trust that he will, as he goes on through scouting, help to give other boys an opportunity to climb to the Eagle's nest.

Horace M. Conley, scoutmaster of Troop No. 103, having been with the troop since its origin in April, 1927, has given splendid leadership to the boys during the past seven years. He is to be commended for his unselfish service to boyhood.

**Armistice Day**  
At this time we are urging the members of all troops to work toward getting uniforms, so that during the next 12 months they will be able to make a presentable showing in participating in different patriotic meetings. Possibly the first one will be Armistice Day Nov. 11. It has been said that "a uniformed and singing troop never dies."

**District Rally**  
A district rally will be held in four sections of the Council during the next 30 days. The first one scheduled is to be held in Brownwood; starting at 5:45 p. m., Sept. 21. One will be held for the north section, and will start at 7 p. m., Sept. 28, at Parks camp near Breckenridge. The third for the east section will start at 7 p. m., Oct. 5, in De Leon. The fourth scheduled to be held in Goldthwaite; starting at 7 p. m., Oct. 12.

**Silver Jamboree**  
Scouting will become 25 years old next year. President Roosevelt has invited the scout organization to Washington to participate in what is to be known as the Silver Jamboree. It will be the first National Jamboree to ever be held in the United States. The plan at the present time is to have, one scout who will represent his troop, attend the Jamboree. This will mean at least 30,000 scouts in attendance, with possibly 5,000 leaders. What a tremendous gathering of American youth in the shadows of the White House! The exact date has not been set, nor has the procedure to be followed by each troop in making their selection of a representative been announced. We have been assured that this in-

**BRING BING TO YOU**

When Bing Crosby and Kitty Carlisle lifted their voices in melody for this scene of Paramount's "She Loves Me Not," coming Monday and Tuesday to the Arcadia theatre, the scene was aswarm with 23 studio workers. They were all there to assure the perfect recording of "Love in Bloom," the Ringer-Robin hit, and the two Gordon and Revel songs which are featured in this picture.

formation will be given to us as soon as possible.

**Scoutmaster's Pow Wow**  
The Scoutmasters of the Central district met last Monday evening. The theme of the meeting was "making plans for the fall and winter program." O. E. Winebrenner, chairman of the Pow Wow presided.

**Encouraging Report**  
An encouraging report comes from Dr. T. B. Clay, scoutmaster of Troop No. 17, Breckenridge. He states that his troop is getting along nicely, yet he hopes to make further advancement during the winter months. He states that he is looking for an assistant scoutmaster.

**Scarlet Fever Is Still Prevalent In State of Texas**

AUSTIN.—"Scarlet fever still continues to be a menace to children," said Dr. John W. Brown, state health officer, in discussing diseases common to children. "Many cases are slight, but they may infect others who may become seriously ill. It is treacherous and undesirable, and the only good thing about it is that if one can avoid it until grown, the chances of never getting it are excellent."

"Scarlet fever is spread by the transfer of the infection in the discharges of nose and throat, ears or abscesses of persons ill with the disease and those who are carriers of the infection. The handling of articles soiled by the patient may cause the disease."

"Children under 10 years of age are usually susceptible to scarlet fever. Children becoming suddenly ill with fever, sore throat, vomiting and showing a fine red rash, should have medical attention and be immediately quarantined to prevent the spread of this disease. The appearance of scarlet fever in the home should be immediately followed by a rigid

**Defeated Sheriff Plans Celebration For His Opponent**

EDINBURG, Texas.—Sheriff Tom Gill of Hidalgo county, who was defeated in the July primary for the Democratic nomination to succeed himself, has been made chairman of a committee to arrange a county-wide picnic celebrating the apparent advent of political peace in the county for the first time in nearly 10 years.

The grand affair, started through the interest of a group of citizens in a final fusion of all political factions into the re-or-

ganized Democratic party, is expected to draw about 20,000 persons. A committee will be formed in each community to arouse interest.

Prominent Texans who will be invited to participate in the celebration include: Vice President John N. Garner of Uvalde, United States Senators Tom Connally of Marlin and Morris Sheppard of Texas, Governor-elect James V. Allred of Austin, State Senator-elect Jim Neal of Laredo, and State Representative Homer L. Leonard of McAllen.

E. F. Blackburn of McAllen is secretary of the temporary organization to handle details of the picnic.

## COURSES IN COLLEGE WORK BEING FORMED

H. S. Von Roeder announced Saturday that a teacher from the North Texas State Teachers College was in Ranger Saturday and had made arrangements for extension work in both junior and senior college work in Ranger in connection with the work being offered by the Abilene Christian College. The plans call for making Ranger an extension center for the two schools.

Students who wish to take either senior or junior college work can secure it through the extension department of the two schools through the Ranger Junior College, the junior college work covering the first two years of the senior college work.

Senior college work is being offered in social science, education, through Abilene Christian College and the English courses will be offered through the North Texas State Teachers College.

Next Saturday morning the first meeting of the classes in the work offered through A. C. C. will be held and on Monday, Sept. 24 the classes in English will be held. The English work will include American literature, children's literature, Shakespeare and the modern drama.

Anyone interested in taking this work should see H. S. Von Roeder at the high school building, while all who might be interested have been extended an invitation to meet with the first classes. All classes are to be held at the high school building.

## Baptists to Hold Meet at Leuders On September 25

Baptists in the following 11 counties will meet at the Leuders Baptist camp ground near Leuders, Texas, Sept. 25: Fisher, Jones, Shackelford, Stephens, Nolan, Taylor, Callahan, Eastland, Kent, Stone, and Haskell. Fifteen hundred Baptists from these counties are expected to attend this meeting. Rev. J. D. Brannon, Abilene, the missionary for district 17, will preside.

There are 174 Baptist churches within the district with a combined membership of 30,672. It will be recommended at the Leuders meeting that the Baptist churches within the district undertake to raise \$8,990 for state missions by Dec. 1. It will also be recommended that the same churches undertake to raise \$22,250 for missions of all types, Baptist schools, hospitals and orphanages during the next convention year.

The ones who will appear on the program at the Leuders camp ground Sept. 25 are as follows: Dr. L. R. Scarborough, president, Southwestern Baptist Theological Seminary, Fort Worth; Dr. H. E. Fowler, pastor of East Grand Baptist church, Dallas; and T. C. Gardner, State B. T. S. director, Dallas. The meeting will begin at 10 a. m. with a welcome address by Rev. Henry Littlejohn of Hamlin.

## Judge Garrett Is Speaker at Ranger Church On Sunday

Judge Clyde L. Garrett addressed members of Central Baptist Church Sunday morning, his subject being, "Men in the Church."

At the evening hour Rev. Roden of Gorman filled the pulpit. Rev. Stephens, pastor, preached in Paris in the absence of Dr. Williams of that place, who is traveling in Europe. Large and appreciative audiences greeted the two speakers in the Ranger church Sunday morning and evening.

## COMMITTEE PLANS FREE STYLE SHOW FOR THE MERCHANTS

### Appointed Justice

L. H. Flewellen, who has been appointed special associate justice of the Eleventh Court of Civil Appeals by Governor Ferguson to try two cases in which justices were disqualified.

### Flewellen Named Special Justice Appeals Court

L. H. Flewellen of Ranger has received a letter from Gov. Miriam A. Ferguson, stating that he has been appointed as special associate justice and Hon. E. Brooks of Abilene has been appointed special chief justice of the 11th Court of Civil Appeals to try two cases.

The letter to Judge Flewellen read as follows: "I have today appointed you as Special Associate Justice and Hon. E. T. Brooks of Abilene as Special Chief Justice of the Court of Civil Appeals for the Eleventh Judicial District of Texas to hear the following cases:

"No. 1292, E. C. Brand, Banking Commissioner, vs. Conner & McRae.

"No. 1279, James Shaw, Banking Commissioner, vs. Tom Harrell, et al.

"In which Chief Justice J. E. Hickman and Associate Justice O. C. Funderburk have certified their disqualification. Commission will issue in due course.

"Yours very truly,

"Miriam A. Ferguson, Governor of Texas."

### Mrs. James Horton Wins Skeet Title

Mrs. James Horton of Eastland in Paris Saturday won the Southwestern Woman's amateur skeet championship by breaking 23 targets in a shootoff with Mrs. Sam Weiss of that city. The two had previously tied with 80 each.

Mrs. Horton won the title in Dallas at a similar meet last year.

PARIS, TEXAS, Sept. 17.—The Dallas skeet team, scoring 468 targets, won the national telegraphic shoot here yesterday. Houston was runner up with a score of 461.

Mrs. James Horton of Eastland, who tied with Mrs. Sam Weiss of Paris at 80 each, won the woman's championship by breaking 23 in a shootoff.

Sir Basil Zaharoff's secretary says the old gentleman of international finance never made a public statement and never will. The cigar companies might try him.

The committee appointed at a meeting of merchants to work out plans for a big fall style show has completed the details of a tentative program, which is to be presented in the second block on Main street Tuesday night, Sept. 25, at 8 o'clock. Should the weather prove to be too cool at that time for an outdoor show it will be moved to some inside location, it was announced by the committee.

The tentative program, in which there may be some slight changes as some who have been selected to take parts have not as yet been contacted, presents an entirely new set-up for a style show.

Realizing the increased interest in the schools this year and in the approaching football season, the merchants will call upon the schools to take a larger part in the show, thereby giving them merchants a better opportunity to become acquainted with the students and faculty and giving the students and faculty an opportunity to know the merchants and their merchandise better.

Tentatively the program calls for a hand concert at the outset of the show, to be presented by the Ranger High School band under the direction of R. L. Maddox. H. C. (Andy) Anderson has been selected as master of ceremonies.

A pep rally by the high school pep squad has been placed on the program next, as it is expected that the pep squad will be well organized by that time and the leaders will have them well drilled in their songs.

Coats will then be displayed by the young ladies selected as models. A band number, "The Eyes of Texas," with the crowd joining in the chorus, is next on the program. Dresses for sport, evening and street wear will then be presented by the models.

A short program by the American Legion "Tickle the Band" will follow, with the introduction of Coach Otis M. "Red" Moore and his 1934 football squad immediately after the band number.

Suits and coats for men will be presented, as will boys' suits, with a display of shoes, hats, gloves and other accessories for the ladies being presented in displays by the models.

The grand finale will be presented by the Tickleville Band.

Merchants of Ranger participating in the big free fall style show are J. C. Smith, Joseph Dry Goods Company, Mrs. Childs Ready-to-Wear, Montgomery Ward & Co., The Globe, Inc., Hassen Co., J. C. Penney Co., and the Cohn Shoppe, with the Ranger High School cooperating in helping to make the show a big success.

The contract became effective Sept. 1.

Myers sent copies of the contract to President Roosevelt, Gen. Hugh Johnson of the national recovery administration, Labor Secretary Frances Perkins, and William H. Green, president of the American Federation of Labor.

Committees will handle details of management and policy, instead of one or two officers, as formerly, said Myers. "We believe the main benefit that should accrue to the stockholders would be the stronger and more permanent organization," he explained.

The company will divide with employees any excess earnings above the 5 per cent paid stockholders. Employees and stockholders will share in excess profits on a percentage basis, computed from the number on the payroll and the total capital.

Meetings of the co-operative will be at least once a year, if not more often. The contract reads: "A majority of the members present and voting at any such meeting shall decide all questions submitted to the meeting and shall be binding upon all members."

A majority vote of co-operative members will fix salaries and fill all positions in the organization.

### Criminology and Child Welfare Are Studied By Group

HOUSTON, Sept. 17.—Leaders in the fields of criminology, penology and child welfare are meeting here today for the 64th annual convention of the American Prison association and the 31st annual meeting of the National Conference of Juvenile Agencies.

Five other groups will combine their meeting with the convention. They are the Warden's association, the Chaplain association, and the National Prisoners Aid association, the National Probation association, and the American Parole association.

A general session of the group will open the convention, with Joe R. Moore, supervisor of the probation system of the United States, as chairman.

Gov. Miriam A. Ferguson, speaking on Common Problems of Probation and Parole, was scheduled to be the guest speaker at American Parole association luncheon.

Arthur D. Wood, chairman of the United States Board of Parole, and president of the Parole association, was to preside.

Three meetings were scheduled for the day, that of the committee on criminal statistics; the Chaplain association, with Rev. George M. Brady of Wethersfield, Conn., president, in charge, and the National Prisoners Aid association, with J. E. Dayton, director-president, in charge, bureau of rehabilitation.

A joint meeting of the committee on probation and the American Parole association also was scheduled.

### Timber Exporter Makes Garden Pay

VOHT, Texas.—Claude Dawson, former timber exporter who took up agriculture on a 50-acre tract has found no dirt in tomatoes, strawberries and chickens.

Dawson, who purchased the acreage near here five years ago, concluded there is a market for the choice products of a farm and a farmer who tries to find a sale.

When his pine timber exporting business dropped from 51,000,000 feet in 1928 to about 12,000,000 in 1930, Exporter Dawson became a farmer.

After farming for five years, Dawson said he found there was no trouble in selling what can be produced, but that there was trouble in producing enough of the product that will sell.

He claimed he learned how to make the product sell by learning how to grade and pack it for market. He said therein lies the fault of a great number of farmers who believe their work stops when the product is grown.

Dawson said he received three cents more for his tomatoes this year while most of his neighbors were willing to let their crop go at 50 cents a bushel.

"I sold only the No. 1 tomatoes," he said, "and the culls went to the hogs. I market my strawberries under the same system."

This year Dawson had one and a half acres in berries. Next year he said he would increase it to two acres.

Dawson's biggest job is with his 1,000 English White Leghorn hens. He said he has to work for them or they won't work for him.

That work, he explained, is the reason why his egg production for 1934 is sold out in advance.

"Every one of these hens will make me \$2 next year," Dawson said.

### Milked Cow Before Sale Completed

An opportunist was in evidence in Carson last week when cattle buyers were buying heads in that territory, a worker has reported.

One farmer after rounding up his cattle to the central buying point milked one of his cows at the regular appointed time before the sale was completed to the government, the worker states, taking away several gallons of milk.

### Panhandle School to Be Closed for Year

PANHANDLE, Tex.—The doors to the little white school house of the Cuyler community in Carson county will remain closed during the coming school term. With only 6 students scheduled to attend the school it was decided to transfer them to another school district.

## SPELLBINDERS LOSE CONTROL IN SOUTHWEST

KANSAS CITY, Mo.—A summary of primary elections might be interpreted as a breakdown in the Southwest of old-fashioned spellbinding contrasted with the efficient functioning of the well-oiled metropolitan machine.

Experts say James E. Ferguson, former governor of Texas and husband of the present governor is through, his political death warrant signed by Lone Star voters.

The same goes for Gov. W. H. (Alfalfa Bill) Murray of Oklahoma, the signing likewise taking place in the state's primary this summer.

Pendergast Still Powerful  
Big Tom Pendergast's Kansas City political machine is hitting on all cylinders, his primary election triumph being the election for the first time in history, of a state wide candidate in Missouri.

This may be summarized the highlights of the primaries. At least that is the status of the section's stars in political drama, those who could count on making the front page on the slightest pretext.

Ferguson thought that he—or his wife, Miriam, after he was impeached in 1917 during his second term as governor and barred from ever holding state office again—always could count on the dirt farmer whose cause he espoused.

He couldn't. This year Mrs. Ferguson announced that "the family has had enough honors"; that she wouldn't run for reelection; and that the Ferguson would back C. C. McDonald as her successor.

Ferguson Choice Third  
McDonald ran third in the first primary, July 28. Ferguson then turned his support to Tom F. Hunter. He was beaten by Attorney General James V. Allred in the run-off primary with the Democratic nomination tantamount to election. Allred is rabidly anti-Ferguson.

Murray, who has known no equal as a swashbuckler, bell-ringer, rough and tumble governor, came into power in 1930 with a radical new deal in Oklahoma politics and economics.

Those who are supposed to know say his lack of diplomacy his dictatorial methods, his battles with the Roosevelt administration and his lack of sympathy with the national new deal undid him. That, and his stumping tour in behalf of his eight-candidate slate, including Tom Anglin for governor. His speeches lost votes, they say.

Murray Fading  
Murray's waning power was said to have struck a tohobagan last winter when he engaged federal officials in a tilt over methods of distributing federal relief funds. School relief was denied the state, direct relief funds were cut off and ultimately Murray was divorced from the work.

When the people went to the polls this year many remembered reluctant suffering among thousands.

Meanwhile Thomas J. Pendergast is more secure on his throne, ruling Kansas City politics, than he ever was before. The Democrats were to nominate a Senator in the August primary. "Big Tom" named Judge Harry Truman of Kansas City as the man. Truman won, decisively.

Corn-Hog Checks Being Distributed  
J. C. Patterson, county agent, has announced that the checks due the farmers of this section as first payment on their corn-hog contracts, have arrived and will be given to those to whom they are made out.

The first meeting, at which the checks were distributed, was held in Eastland Tuesday afternoon, while at 3 o'clock Tuesday the county agent was in Ranger making distribution of the checks.

The remainder of the schedule was: Wednesday, Cisco, 8 a. m.; Rising Star, 10 a. m.; Gorman, 2 p. m., and Carbon, 4 p. m.

## GIRL KILLED WHILE TENDING BABY BROTHER

CLEVELAND, O.—Her sisterly interest in seeing whether her baby brother was sleeping soundly cost the life of Phyllis Spinn, seven.

Struck by an automobile as she darted into the street in front of her home, Phyllis received injuries that brought her death an hour and a half later in a hospital.

## Highways One and Six to Be Gold Star Highways

AUSTIN, Tex., Sept. 18.—State Highways one and six will be designated as gold star world war memorial highways under a resolution passed by the Texas house of representatives today.

There will be a memorial light at the intersection of the highways in Dallas. Along their routes will be bronze tablets for each of 5,167 world war participants from Texas who were killed. With the name of the soldier will be that of his mother.

## Style Show Proves To Be Popular With Ranger Merchants

Plans for the fall style show, to be sponsored and produced by a number of retail merchants of Ranger, were going forward today, with indications that it would be one of the best attractions of its kind ever held in Ranger. It was announced today by members of the planning committee.

The merchants are showing much more interest in the plans, and are showing a much keener interest in the preparations, so it is quite evident that they will be equally enthusiastic in displaying the models they have in stock for the fall and winter trade.

A number of musical features have been included in the show and the schools have been "tied in" with the program, stressing the school season and the opening of the annual high school football season.

The tentative plans, as outlined by the committee, had a wider variety of entertainment, so that both the women and the men can get much out of the show, instead of it being strictly a woman's affair.

## Burkett Restrained From Questioning James V. Allred

SAN ANTONIO, Sept. 28.—District Judge W. W. McCrory today issued an injunction restraining Attorney Joe Burkett from taking ex parte interrogatories from Attorney General James V. Allred and his state campaign manager.

Burkett filed the interrogatories as a part of the suit brought to prevent Allred from being certified to the secretary of state, as the democratic nominee.

The injunction against Burkett was asked in behalf of all witnesses listed by Burkett but was granted only in behalf of Allred and his manager.

## Utah Boasts of Its Huge Rainbow Trout

RICHFIELD, Utah.—Rainbow trout, at least in this vicinity, grow a lot larger than most people generally believe. The common opinion is that the speckled beauties do not get larger than eight or ten pounds.

But Calmar R. Griffith of Hiawatha, Utah, recently caught one that weighed 23 1/2 pounds, measured 41 inches in length, and 19 inches in girth.

Paul W. Easton, Hollywood, Cal. Griffith's companion on the angling expedition, caught one that tipped the scales at 14 pounds, was 30 inches long and 19 inches around.

## Pittsburgh U. Adds Engineering Course

PITTSBURGH.—A new course in natural gas engineering has been added to University of Pittsburgh's oil and gas department. It is the first of its kind in the world.

The addition came on the heels of demands for training to keep pace with increased usage of gasoline, lubricants and other petroleum products.

The university first offered major work in petroleum geology and engineering in 1912. Other American universities followed.

H. C. George, professor of petroleum engineering, came to Pittsburgh from Oklahoma as head of oil and gas department.

The Oklahoma school, of which George was president, has the most complete course in petroleum engineering in the world.

Recently a donkey fell out of a truck and choked on its halter. Would the elephant have done the same thing?

## MRS. MILLS DAVENPORT ELECTED POSTMASTER OF RANGER AT A MEETING HELD BY THOS. BLANTON

### Methvin Says He Was Present But Didn't Fire Shot

MIAMI, Okla., Sept. 18.—Henry Methvin, pardoned from a Texas prison term because he supplied information which led to the killing of Clyde Barrow and Bonnie Parker, was under heavy guard today awaiting trial on a charge of murdering Constable Cal Campbell.

Methvin, brought here from Shreveport as quoted as admitting he was present when Campbell was shot April 6, but he had nothing to do with the killing.

Officers said he contended he was helping push a car and did not fire the fatal shot.

### Four Bandits Rob Pennsylvania Bank

HAWLEY, Pa., Sept. 18.—Four bandits robbed the Hawley bank of \$33,000 today.

They held Charles Houck, cashier, and Thomas Oldfield, teller, at bay while they took the money. The bandits sauntered up to the tellers window. Then one whipped out a pistol and covered Oldfield. The others drew guns and lined the two bank officers against a wall. No shots were fired.

### Liberty Legion Idea Not New in Texas

FORT WORTH.—The American Liberty Legion, recently organized by Al Smith and other national figures, is not new to Ft. Worth, at least in idea.

An organization similar and with almost the same name, organized here nearly a decade ago, lived a short while and passed out of existence. Its purpose was to fight to Ku Klux Klan.

It was named the American League of Liberty. Inside from the unusual similarity of names, the Ft. Worth organization also was against regimentation. Its pledge sheet sound much like that of the Liberty Legion. It said:

"The American League of Liberty organized by the citizens of the United States for the purpose of conserving to themselves all the original rights and liberties accorded their fellow man, and to oppose any encroachment thereupon, either by foreign tyranny or domestic bigotry.

"We believe it our right, duty and privilege to oppose the encroachments of puritanism and phariseism on the realm of our individual liberties, or the domain of our personal conscience; and that bigotry and intolerance are always destructive of the self-control and initiative which have ever been the foundation of worthy American character, and the well-spring of American Liberty."

Only one veiled reference was made to Ku Klux Klan and that in the beginning paragraph: "Therefore in these beliefs, and with our faces in the light, in the principles here set forth we subscribe our faith . . ."

### Spider Bite Brings 20 Pound Reduction

WICHITA, Kan.—Mrs. D. Stevens has found a swift method to reduce but she emphatically does not recommend it to others seeking a slyph-like figure. She lost 20 pounds in six days after having been bitten by a black widow spider.

"I'd rather have the 20 pounds than the misery," she declared.

### Youngest Lawyer To Be Congressman

MALVERN, Ark.—John L. McClellan, once the nation's youngest attorney, is the sixth Arkansas district's next congressman. He defeated Congressman D. D. Glover, fellow townsman, for the Democratic nomination, which is the equivalent of election in Arkansas.

McClellan was admitted to the bar at 17 in 1913 by a special act of the legislature. He was recognized then as the youngest practicing lawyer in the United States.

Mrs. Mills Davenport was elected postmaster of Ranger, to take office not later than Oct. 1, at a meeting of friends and supporters of Congressman Thomas L. Blanton, held in the Elks arena Tuesday afternoon. She was elected over V. V. Cooper and Sanford J. Dean, the other two leading candidates for the office.

The meeting was called through the columns of the Times at the request of Congressman Blanton for the purpose of finding the choice of the Blanton supporters in Ranger.

L. H. Flewellen presided at the meeting and introduced Judge Blanton, after he had thanked the Elks lodge and Jack Garner for the use of the hall and the arrangements that had been made.

After a few brief remarks, in which Judge Blanton said that he was asking the aid of his supporters in selecting the postmaster for Ranger, he said that an election would be held upon the three candidates who had been unanimously endorsed by the people of Ranger.

In the first election Sanford Dean and Mrs. Mills Davenport led, though neither had a majority and in the second election Mrs. Davenport led by 137 to 89 votes cast.

After the result of the election was announced Judge Blanton said that he was asking the aid of his supporters in selecting the postmaster for Ranger, he said that an election would be held upon the three candidates who had been unanimously endorsed by the people of Ranger.

In the first election Sanford Dean and Mrs. Mills Davenport led, though neither had a majority and in the second election Mrs. Davenport led by 137 to 89 votes cast.

In the first election Sanford Dean and Mrs. Mills Davenport led, though neither had a majority and in the second election Mrs. Davenport led by 137 to 89 votes cast.

## RELIEF OFFICE MAKES APPEAL FOR CLIENTS

Appeals to the general public for aid of relief clients were made Saturday in the Eastland county general relief office because of cooler weather and the resulting addition of relief cases.

The public was advised that persons who have cast-off clothing and material which might be suitable for persons to wear to notify the office and same would be picked up. Due to the late start of the sewing room project in the county the rooms have been unable to keep pace with the number of requests for clothing.

The office through an official also stated that persons who have magazines, papers or any other type of periodical which they no longer have use of to notify the offices throughout the county and they be picked up, to be distributed to those who have requested them.

"Relief clients need the mental as well as material relief," the official stated.

## 100 Teachers Make Notice of Desire For Relief Work

One hundred teachers from over Eastland county have sent in applications to teach in county schools provided federal teaching projects are approved. To date there have been no schools in the county which have applied for relief teachers, it was stated at the Eastland county general relief office Saturday.

Providing several schools in the county make application for the relief teachers it is thought that possibly 60 teachers can be used. Status of the relief teachers must be that of regular relief clients, the Eastland relief office said Saturday.

## Unightly Complexions

muddy-looking, blotchy and red—relieved and improved with safe, medicated Pissina.

## REMOVAL NOTICE

We have moved our Variety Store & Fixit Shop to the Williams Hardware Company Store, 112 Main Street, Ranger.

We invite our customers and friends to come to our new location for better service.

# News of Interest to the Farmers of Eastland County,

## FARMERS TO GET BENEFIT PAYMENT SOON

WASHINGTON, Sept. 15.—Cotton planters will receive about \$72,500,000 in benefit payments next month, the Agricultural Adjustment administration announced today.

The administration decided to combine the third payment in the 1934 cotton adjustment program—the parity payments due in December—with the second installment of the rental payment.

The parity payment to contracting cotton producers totals \$28,000,000 and the second installment of the rental payment is about \$44,500,000.

C. A. Cobb, chief of the cotton production section, said that tenants and share croppers had an interest in the parity payments and that to delay the payments until December, the usual season for many tenants and renters to move to other farms, would cause unnecessary complications.

## Dallas to Welcome 2,000 Farmers at Co-operative Meet

DALLAS, Tex.—Dallas will welcome approximately 2,000 farmers, representing 225 agricultural organizations in 200 counties, which the annual meeting of the Texas Agricultural Association and Texas Co-operatives Inc. convenes Dec. 3 to 6, inclusive.

Secretary of Agriculture Henry A. Wallace and Dr. I. Meyers of Francis W. Peck of the Farm Credit Administration will be invited to address the convention.

Other invited speakers will include State Commissioner of Agriculture J. E. McDonald, Mrs. Maggie W. Barry, extension sociologist in rural women's organization of the Texas A&M extension division; R. H. Bush, organization specialist of the A&M extension division; Sterling Evans, president of the Houston banks for co-operatives at Houston, and A. C. Williams of the agricultural bank of Houston.

The relation of the railroads to agriculture will be discussed by J. C. Carter, executive secretary of the president of the Southern Pacific Lines.

Two exhibitions will be held in connection with the meeting. One will be a showing of products manufactured by factories handling supplies through the co-operative organization. The other will be an exposition of home industries, canned goods, clothes and other commodities produced in the homes of the members.

Miss Zeth McInnis and Miss Maurine Hearne, specialists in the home industry division of the A&M extension branch, will be in charge of this division.

The program being arranged includes an evening set aside for the annual farmers' supper, another for public speaking contests in which men and women will discourse in farm organization and co-operation. The outstanding farm woman, the outstanding farm leader, the outstanding boy and the outstanding girl in farm club work will be presented prizes at a special session.

One evening will be set aside for entertainment to be furnished by members of the association.

Trench silos may be the answer to the feed shortage problem. W. C. McClain who lives near Stanton in Martin county is putting up maize stalks that have suckered heavily and will make good silage whereas they would rake tough and unappetizing hay.

Flat breaking the land before planting has so often produced at least twice as much as nearby land that was not so prepared that Mr. Joe Gray of Hebronville has about decided to make this practice a part of his rental agreement.

Cooperative selling and improved dairy practices based on keeping a dairy demonstration record on her herd has enabled Mrs. H. Huntington of Alta Loma in Galveston county to change from loss to profit in her business.

While the textile strike is on, how will the Nazis get all their less and shirts?

**Constipation**  
If constipation causes you Gas, Indigestion, Headaches, Bad Sleep, Pimply Skin, get quick relief with ADLERIKA. Though active, yet gentle, safe.  
**ADLERIKA**  
OIL CITY PHARMACY

## ON TEXAS FARMS

KAUFMAN—Nortex Oats secured from the Denton Experiment Station last fall by E. V. Kiser of the Lone Oak community in Kaufman county yielded an average of 54 bushels to the acre while oats planted by his neighbors averaged not more than 25 bushels per acre, according to C. A. Munch, farm demonstration agent. Mr. Kiser had 11 acres in Nortex Oats and he states that good seed pays even in time of drought.

HASKELL—One-third of a bale of cotton to the acre is being harvested on the farm of Jewel Day of Haskell county despite the drought, while his neighbors are harvesting only one-fourth of a bale per acre or even less, according to R. H. Maxwell, farm demonstration agent. Mr. Day attributes this large yield to the fact that moisture in the ground was conserved by terracing done last spring.

HEMPSTEAD—"I am way ahead for having cooperated with the government in the cotton control program," Roy Loggins of Waller county told J. V. Bush, farm demonstration agent. Under the new ruling permitting him to sell foreign from his rented acres, Mr. Loggins will make enough to buy the necessary grain for his livestock and poultry and still have enough roughage for his livestock through the winter. He also received a fair price for his cotton and his rental check which he says was "like a gift."

MENARD—Thirty-three 4-H club calves being fed this year in Menard county have out-gained all calves previously fed by Menard club members, according to Frank N. Newson, farm demonstration agent. The calves weighed only an average of 218 pounds at the start but at the end of the first 60-day period weighed an average of 285 pounds. This shows a gain of 166 pounds per calf during the 60-day period which beats the past gain over the same period by 29 pounds to the calf.

GATESVILLE—Provision for adequate storage space for the 836 containers she has canned this year is being made by Mrs. L. G. Perryman, pantry demonstrator of the Liberty Home Demonstration Club in Coryell county, according to Miss Gladys Martin, home demonstration agent. A concrete room 8 feet by 8 feet by 7 feet has been built and shelves 10 inches in the clear will be made for canned products. Wider shelves will be made to accommodate cans of lard and dried vegetables.

WHEELER—"I have been in open rebellion against the drought this year," Lorraine Brown, 16, food preservation demonstrator of the Dixon 4-H club, told Miss Viola Jones, home demonstration agent. Miss Brown has already canned 818 quarts of jam and jelly, vegetables, pickles and meat this year.

Miss Brown has charge of the family garden and in it she planted 3,836 feet of starchy vegetables; 9,425 feet of leafy vegetables; 763 feet of other vegetables and 240 feet of tomatoes. She has

## Dairy Cows Bought By Government to Go to Relief Clients

AUSTIN.—Dairy cows in Texas by the Federal Surplus Relief corporation under the Agricultural Adjustment Administration cattle buying program, will in many cases, be turned over to the Texas Relief commission for distribution to rural rehabilitation clients, it was announced today by J. E. Stanford, head of the department.

Rural supervisors, Stanford said, will, wherever possible, select within the county such cattle as they require to meet the needs of clients. This will permit hand-picking the livestock and insure the receipt of desirable cattle by the client.

Stanford instructed rural supervisors to be careful in their selection of cattle. When it becomes necessary to buy in carload lots, the office here will locate cattle through the Federal Surplus Relief corporation and advise the nearest rural supervisor to go to that point and select the carload of cows.

The cows will be sold to the clients in the usual manner at a price in keeping with the average price of dairy cows in the county in which they are bought. The sale will be effected through use of a relief commission disbursing order together with a regular note and chattel mortgage. Supervisors were urged to determine immediately the number of dairy cattle they will be able to use in their program.

## Buying of Sheep Is Begun Over Texas

AUSTIN.—Buying of sheep in Texas under orders from the Agricultural Adjustment administration at the rate of 12,000 head per day in 44 counties has been started, it was announced by C. Z. Crain, head of the commodities distribution department of the Texas Relief commission, which will act as agent in the shipping of the animals from pens to processing plants.

Crain said a quota arrangement similar to the one used in the cattle buying program will be worked out for the sheep program, probably by the end of this week. All sheep bought will be processed by commercial canneries under contracts with the Federal Surplus Relief corporation. None will go to the government canneries in Texas, as has been the case in the cattle program.

Crain said applications for the sale of two and a half million head of sheep to the government had been made at the last count and he said he expected that many or more to be taken in the program.

Bureau of animal industry inspectors will not be used in the sheep program, as a flat rate of \$2 per head will be paid. Only eyes, one year old or older, will be bought.

Crain said he had not yet received definite word concerning the government's project goat buying program.

Counties in which sheep will be bought are Bandera, Bell, Brewster, Brown, Bosque, Burnet, Coke, Coleman, Comanche, Crane, Crockett, Concho, Edwards, Glasscock, Irion, Kerr, Kendall, Kimble, Kinney, Lampasas, Llano, McCulloch, Mason, Maverick, Menard, Mills, Nolan, Pecos, Presidio, Reagan, Real, Runnels, Reeves, San Saba, Schleicher, Sterling, Sutton, Taylor, Terrell, Tom Green, Upton, Uvalde, Val Verde, and Williamson.

## Cattle Presenting A Traffic Hazard

AUSTIN.—Texas' big cattle drive, federal herd enroute to slaughter or greener pastures, has created a new traffic problem. Motorists have been warned to watch carefully when driving along unfamiliar highways or roads where visibility is limited. One is apt to encounter a herd of cattle on the way to receiving pens.

Government purchases to September 1 totalled about \$50,000 head, of which two thirds were accepted for shipment out of state. Condemned cattle are killed by the appraiser or veterinary, and the hide given to the former owner to repay him for disposing of the carcass.

Cows accepted for shipment are delivered to the nearest railroad stock yards to be transferred to packing houses or pastures. With approximately 100,000 cattle per week being accepted for shipment, Texas' latest "big drive" has put many cows on the highways.

Even before government purchasing began, motorists learned to beware of stray herds. Many drought-harassed farmers turned their herds upon the highway to forage.

Celery seems to have come to Maverick county as a permanent crop. F. O. Weyrich has five acres of it already transplanted which is in fine condition and compares favorably with that grown as a demonstration last year by Theodor Katakala.

## Strike Now To Control Boll Weevil Next Year

By F. L. Thomas, Chief, Division of Entomology Texas Agricultural Experiment Station

COLLEGE STATION.—The weakest point in the life history of the boll weevil is its dependence upon green cotton for food. If we can control this food supply we can thereby control the boll weevil. The only time in the active life of the weevil when it is possible to control or eliminate the green cotton without decreasing the crop, is during the few weeks before the weevil control possible for the next season's crop. This method also saves completely the vegetable matter which ultimately will improve practically all our soils and which is so important in increasing the yield of cotton per acre.

The earlier, in the fall the stalks can be buried the more effective will be the weevil control. If buried four or more inches deep very few weevils will survive of escape as many will do if not buried more than two or three inches deep. Do not allow any green cotton to remain on the ground.

Better work in covering stalks can usually be done without using a stalk or chopper first, but by attaching to the beam of the plow some form of "stalk bender," to lay the plants flat on the furrow. Disc plows, with tractors, can bury even the rankest of cotton stalks, and a good two or three-mule plow will do a good job with stalks up to five feet high. Better distribution of organic matter will be obtained by plowing across the rows.

The man who does this work will get practically all the benefit from it because his neighbor who does not bury stalks will have all of his own weevils and part of those from the field where the cotton has been buried. Proof of the effectiveness of this method of weevil control may be found both in the experience of very many practical farmers and in the records of the most careful experiments. Observations made in Texas and Louisiana extending over a number of years and including over 175,000 heads in the field in the fall, only 2 weevils survived the winter when the stalks were removed by Sept. 30, while 121 weevils survived when the stalks were destroyed by the middle of November.

More recent work at College Station, Texas extending over a 10-year period has shown the average survival to be 26 weevils out of 1,000 when the stalks were

Where the cotton is cut for hay and the stalks then plowed under to kill them, excellent results may be obtained in cutting off the food supply of the weevils. At the same time a good supply of forage may be obtained.

The value of cotton stalks with new leaf growth as a source of forage was brought to the attention of radio listeners by Mr. A. D. Jackson last week.

Of course either the grazing of cotton or cutting the plant for its forage would be inadvisable where poison has been applied for leaf worm control, and such cotton should by all means be plowed under. Destruction by plowing may be impossible or inadvisable on

## Strike Now To Control Boll Weevil Next Year

some farms due to the character of the soil, the moisture conditions therein, or the slope of the land; but when the soil conditions permit, and equipment or mules are available to turn a furrow deep enough to properly cover the stalks, there is little question that burial of the cotton stalks is the cheapest and most effective method of weevil control possible for the next season's crop. This method also saves completely the vegetable matter which ultimately will improve practically all our soils and which is so important in increasing the yield of cotton per acre.

The earlier, in the fall the stalks can be buried the more effective will be the weevil control. If buried four or more inches deep very few weevils will survive of escape as many will do if not buried more than two or three inches deep. Do not allow any green cotton to remain on the ground.

## Economy Sought In Correspondence Of Relief Officers

AUSTIN.—State Relief Director Adam R. Johnson today sought to effect economy in the correspondence between county relief officers and the state office here by instructing administrators to assemble letters from the various departments at regular intervals for mailing to Austin under one cover.

Johnson said quite often from five to 25 pieces of mail are received daily from each of the various counties and that it had been the practice to enclose these letters in separate envelopes.

"This system will in no way affect the promptness of receipt of mail at Austin headquarters, but will bring about a most material reduction in postage and in amount of stationery used and will also save a great deal of time in addressing so many different pieces of mail through the day."

The director also instructed county officers in ways to save money in transmitting telegrams and urged them to eliminate telephone and telegraph communications except in emergency cases.

## Relief Canners Show Efficiency

AUSTIN.—Texas Relief commission canneries, working continuously during the past several weeks in an effort to keep up with the government cattle buying program, have a record of efficiency equal to that of the best commercial plants, it was announced today by Adam R. Johnson, state relief director.

"Our records show that spoilage has amounted to considerably less than 1 per cent at the 19 beef canning plants and in many cases it has been less than one-half of 1 per cent," the director declared.

At the same time, he ordered minute inspection of all canned goods before issuance to relief clients as a health protection measure.

County administrators were instructed to take an inventory of their stocks of canned goods and to set aside all cans that show swelling. These, Johnson said, will be reported to C. Z. Crain, director of commodities distribution, who will give orders for their disposition.

The land will graze 16,600 head of cattle and was leased at the rate of 50 cents per head, Montgomery said. Government leases are now in effect in Brazoria, Matagorda, Bexar, Jackson, Calhoun and Hidalgo counties and cattle from nearby counties will be moved to these ranges to remain there for approximately eight months.

A federal grant of \$50,000 for land leasing was made to Texas.

Calhoun county women who came to the 1934 Short Course must have reported favorably because one home demonstration club in that county promptly gave a "barn party" and made \$30 to pay the way of delegates to the 1935 Short Course. Guests were dressed "tackily" and enjoyed games, tamales, coffee, ice cream and cake were sold and several donated cakes were auctioned off.

Hilburn said that contrary to expectations there will be plenty of grain made, and a good crop of feed in general.

He also said that the feed situation will be much improved by reason of the fact that virtually all the farmers are planting wheat, oats, and other grains.

## Rains Will Make Good Feed Crops

LITTLEFIELD, Tex.—A much better feed and grain crop than was in prospect a few weeks ago, is assured for Lamb county, partially as a result of the recent rains, according to J. C. Hilburn, president of the Forst National Bank.

Hilburn said that contrary to expectations there will be plenty of grain made, and a good crop of feed in general.

He also said that the feed situation will be much improved by reason of the fact that virtually all the farmers are planting wheat, oats, and other grains.

**THEY ALL get a lift with a Camel!**

Men and women in every walk of life report that smoking a Camel offers an immediate and enjoyable way to defeat fatigue and irritability.

It is an important fact to all that Camels do "turn on" one's natural energy. You have doubtless observed this in others... in yourself, if you are a Camel smoker.

It is a wholesome and natural "energizing effect," fully confirmed by scientific research.

You'll also find in Camels: mildness... delicacy of flavor... costlier tobaccos! Smoke as many as you want! Camels never get on your nerves.

**Camel's Costlier Tobaccos never get on your Nerves!**

**HOUSEWIFE.** Mrs. Charles Daly: "My recipe for renewing energy is to smoke a Camel. Camels do pick up my energy when tired."

**ANIMAL COLLECTOR.** Frank ("Bring 'em Back Alive") Burk, says: "I can smoke all I want because I smoke Camels. They don't upset my nerves."

**ENGINEER.** Jack Ford, of the Burlington's "Zephyr," says: "Engineers like Camels. They help increase energy when worn out."

**SPORTSMAN.** Rex Beach says: "When I light a Camel, I feel as good as new. A Camel quickly gives me a sense of well being and renewed energy. As a steady smoker I've learned that Camels don't interfere with my nerves."

**BRIDGE EXPERT.** Shepard Barclay says: "I can smoke Camels steadily without jangled nerves."

**FLYER.** Roscoe Turner says: "I watch my nerves as carefully as I do my plane. That's why I smoke Camels."

**TENNIS CHAMPION.** "Not only does the rich, mellow flavor appeal to my taste, but I actually feel a 'lift' from a Camel," says Ellsworth Vines, Jr., noted athlete. "Camels have a refreshing way of bringing my energy up to a higher level."

**PHONE OPERATOR.** Marion Erickson says: "Camels freshen up my energy and they are so mild and good."

**FISHERMAN.** Arthur Neu: "I smoke steadily without disturbing my nerves. That's because I prefer Camels."

**GOLF CHAMPION.** Gene Sarazen says: "I smoke Camels, too, because they never interfere with my nerve control."

**MGTOR-BEAT LADDER.** Mrs. Florence Burnham: "I enjoy Camels... and I notice a quick 'pick up' in energy."

**TOBACCO MEN ALL KNOW:** "Camels are made from finer, more expensive tobaccos—Turkish and Domestic—than any other popular brand."

**STAR PITCHER.** Guy Bush, pitching ace of the Chicago Cubs, says: "When I come out of a game after nine hard innings, there's nothing that lifts up my energy the way a Camel does. I feel freshened up in no time at all."

**DEEP-SEA DIVER.** Frank Crilly says: "I smoke Camels and have smoked them for years. Camels taste better and never upset my nerves."

**OLYMPIC CHAMPION DIVER.** Miss Georgia Coleman: "When I'm tired and need a 'lift' I smoke a Camel. Soon I feel like my real self again."

**GOJZER.** Miss Helen Hicks, U. S. Champion: "I can always quickly restore my energy with a Camel—you do get a 'lift' with a Camel."

**SPEED DEMON.** "After a championship speed-boat race," says Bill Horn, Gold Cup winner, "I 'break out' my pack of Camels, quickly, and in no time at all I get a 'lift' in energy. It's a swell feeling, any time when tired or low."

Coe, Gorman Morton, Ida Simer, A. H. Henderson, Fred Gertz, Shelby Smith, A. B. Baker, C. A. Timmons, John Choate, John Roberts, C. B. Croft, Jack Stephens, L. V. Ford, C. I. Hyatt, Mrs. Boles (Mrs. Wyatt's mother), Misses Lucy Ellen Gertz, Maxine Henderson, Long, Margaret Hart and Olga McCoy, and co-hostesses Wyatt, Jones and Jarrett. Ladies who were unable to attend but who sent gifts were Mrs. Carl Crone, J. L. Kuhn, C. H. Everitt, H. C. Nix and Mrs. Guy Hendrick. Funeral Is Held For Mrs. Beckner Funeral services were conducted at Evergreen cemetery Sunday afternoon at 3 o'clock for Mrs. Martha Ann Beckner, 67, who died at her home at 315 Alice street Saturday. The services were conducted by Rev. K. C. Edmonds, with interment following immediately. The decedent was born in Comanche county on March 25, 1867, and moved to Ranger 10 years ago, where she had made her home since that time. Fifteen 4-H club members who were furnished Hampshire gilts last fall in San Jacinto county are reporting the arrival of good litters of pigs. A general raising of the standard of hogs in the county is expected from this work. STRANGE FISH CAUGHT NOANK, Conn.—Capt. Fred Burdick's fishing trip to Little Narragansett bay netted him two strange tropical specimens. One was a thread fish, five inches long with 12-inch blue and green threads extending from its green body. The other was a cobra, resembling a hake. Both are rare in these waters. COLLEGE GETS \$200,000 ALLIANCE, O.—Mt. Union College here will receive a \$200,000 bequest from the estate of Bishop John W. Hamilton, of the Methodist Episcopal Church, official of the college announced after probate of the bishop's will in Washington, D. C.

DEATH TAKES A HOLIDAY CRUISE

In the temporary morgue established at Camp Moore, N. J., the vastness of the Morro Castle sea disaster became apparent. Row on row of bodies lay on canvas cots, covered from head to foot by the white sheets symbolizing death. To Camp Moore had been brought from the coast communities, where the surf and life boats delivered their grisly burdens, all of the dead that were unidentified. Because many had left all possessions except their night clothes aboard the burning vessel, identification by relatives had to be awaited.

Report of 11th Court of Civil Appeals Friday

The 11th court of civil appeals at Eastland after an eight week recess convened Monday and on Friday presented the following report: Reversed and Remanded—Texas Life Insurance Co. vs. Mrs. Verna Plunkett, Baylor; A. T. Strong vs. C. E. Delaney, Stephens. Reversed and Rendered—J. E. Lindsay, et al vs. Realty Trust Company, Haskell. Motions Submitted—H. C. Glenn, Rec. et al vs. W. E. Connell, Rec., appellant's motion for rehearing; H. C. Glenn, Rec. et al vs. W. E. Connell, Rec., appellant's motion for rehearing; Strawn National Bank vs. Wes Marchbanks, et al, appellant's motion for rehearing; C. M. Armstrong, et al vs. Mrs. Dorcas Vaughn, plaintiff in error's motion for rehearing; West Texas Construction Co., et al vs. W. E. Arnold, appellee's motion for rehearing; Marion Gaines, et al vs. Farm & Home Savings & Loan association, et al, appellee's motion to dismiss; A. M. Ferguson, Temp. Admr., et al vs. Joe Lee Ferguson, motion for extension of time to file record; Estate

of Kate F. Morton, et al vs. Joe Lee Ferguson, amended motion for extension of time to file record; J. W. Womack, et al vs. The First National Bank of Anson, Texas, application for extension of time for filing statement of facts; Home Benevolent society vs. Belle Keeter, motion for extension of time for filing statement of facts. Motions Overruled—Southland Greyhound Lines, Inc., vs. Mrs. Cora Ashby, appellant's motion to postpone submission. Cases Submitted—J. L. Jackson, et al vs. Mike Amador, White; Ethel Irene McCamery, et al vs. First National Bank of Wichita Falls, Texas, Wichita; Marion Gaines, et al vs. Farm & Home Savings & Loan association, of Missouri, et al. Wichita; Jack Birmingham vs. Shamrock Motor company, Young. Cases to be Submitted Friday, Sept. 21—E. C. Brand, banking commissioner, vs. Conner & McKee, Eastland; James Shaw, banking commissioner, vs. Tom Harrell, et al, Eastland; City of Breckenridge vs. Rudolph A. Avenius, Stephens; The Great A. & P. Tea Co., et al vs. G. C. Harris, Taylor; H. C. Graham vs. City of Fort Worth, et al, Tarrant. The "paper warfare" of Gen. Douglas MacArthur's strategy board would please the taxpayers, more if target practice were conducted the same way.

IT'S FOOLISH TO FOOL BUYERS ON CHEAP TIRES

WHEN I CAN PLEASE THEM I save them money with GOODRICH Certified COMMANDERS

As low as \$4.95 4.40x21 4.50x20 4.50x21 5.20 4.75x19 5.40 5.00x19 5.70 5.00x19 5.05

EXTRA MONTHS AND MILES OF SERVICE

Here is a better, longer-lasting tire—built by Goodrich—at a sensational low price! It is made and certified by America's oldest manufacturer of tires, to protect you against unreliable, "cheap" tires, and give you maximum service for the money. If you buy a low-priced tire, stick to known quality and play safe!

LOOK! THIS MONEY-SAVING TIRE IS GUARANTEED! Remember, when you buy a Goodrich Commander you not only save money—your tire investment is also protected. Because every Goodrich Commander passenger car tire is fully guaranteed for 12 months (business use, 6 months) against accidental damage due to cuts, bruises, blow-outs, rim cuts, faulty brakes, wheels out of alignment and ordinary wear and tear, as specified in the written certificate of warranty given with the purchase of every Goodrich passenger car tire.

Shower Honoring Mrs. W. H. Collins Is Given at Olden

A delightful party and shower was given in honor of Mrs. W. H. Collins at the home of Mrs. V. O. Wyatt in Olden Thursday afternoon, Sept. 13, at 4 p. m. Co-hostesses for the occasion were Mmes. Wyatt, J. C. Jarrett and Carl Jones. An excellent program was a feature of the afternoon. The first number was Mrs. Carl Jones' important announcement which was humorously clever. This was followed by a violin and piano duet, artistically rendered by Miss Margaret Hart of Eastland, violinist, and Mrs. Claude Coe, pianist; Mrs. T. H. Stanton gave an appropriate reading, "Children in the Home." Miss Henderson sang a lovely number, "Just a Little Fellow," accompanied at the piano by Mrs. Coe. Mrs. Roberts played an artistic piano arrangement of Old Kentucky Home with variations. Mrs. Fred Warren read one of Edgar A. Guest's best loved poems "Home," in a sincere and touchingly expressive manner. Miss Olga McCoy sang "Mighty Lak a Rose," a Carrie Jacobs Bond favorite. She was accompanied at the piano by Miss Maxine Henderson. Following the program the guest of honor was presented with a hamper filled with lovely gifts from those attending. The gift packages were opened by the honoree and passed around the entire circle of guests, who were chatting informally about the room. During the afternoon delicious fruited punch with wafers was served to the guest. Mrs. J. C. Jarrett presiding at the punch bowl. All the ladies attending registered in a guest book which was presented to the honoree. Those enjoying the affair were: Mmes. V. M. Hamilton, T. H. Stanton, L. M. Sharatt, Jim Ward, Fred Warren, E. L. Huddleston, W. P. Edward, J. E. Wright, L. T. Groves, O. M. White, J. A. Anderson, Frank Fidler, C. D. Coe, Gorman Morton, Ida Simer, A. H. Henderson, Fred Gertz, Shelby Smith, A. B. Baker, C. A. Timmons, John Choate, John Roberts, C. B. Croft, Jack Stephens, L. V. Ford, C. I. Hyatt, Mrs. Boles (Mrs. Wyatt's mother), Misses Lucy Ellen Gertz, Maxine Henderson, Long, Margaret Hart and Olga McCoy, and co-hostesses Wyatt, Jones and Jarrett.

FORD offers this NEW SERVICE ... Instead of an "Overhaul" a factory reconditioned engine

Every mechanism, no matter how finely made, eventually wears and must be reconditioned. Automobile engines are no exception.

The Ford V-8 is the finest, most dependable and most rugged engine Ford has ever built. But there comes a time when any piece of machinery should be reconditioned to renew the efficiency originally built into it.

The Factory that built this engine is best equipped to recondition it. Here are the men, the precision equipment and the inspection methods which insured the excellence of the engine in the first place. Therefore the Ford Motor Company has instituted this exclusive new service to owners of Ford cars and trucks. When the owner of any Ford built since 1927 finds that his engine needs an "overhaul", he can have a factory reconditioned engine—at approximately half the cost of an old-fashioned "overhaul".

The Ford owner not only gets a much better job at far less cost—but only a few hours are required to make the exchange.

This "Exchange Plan", which also includes many other units of Ford cars and trucks is an important forward step in automotive practice.

FORD MOTOR COMPANY

Phone 217 for a Ford Demonstration at LEVEILLE MAHER MOTOR COMPANY WATCH THE FORDS GO BY!

HOW THIS NEW SERVICE WORKS

If you need an engine "overhaul" simply drive your Ford into the nearest Ford dealer's. The engine will be lifted from the car. Carburetor, distributor and other units will be removed and placed on a cylinder assembly that has been completely reconditioned at the Rouge Plant of the Ford Motor Company, Dearborn, Michigan.

You get a complete assembly consisting of cylinder block with mirror-finish cylinder bores, new main bearings, a crankshaft with all bearing surfaces just like new. Also new pistons, piston pins, piston rings and a set of connecting rods equal to new. Included in the assembly, of course, are the camshaft, push rods, valves, valve springs and retainers. Cylinder head with new cylinder head gasket is bolted on. The timing gears and front cover are in place and the oil pump is included. It is a complete cylinder block assembly—carefully inspected and block-tested—ready to give you new engine performance.

With no waste of time the reconditioned engine is put back into your car or truck. Only a few hours are required for the entire job. And you have an engine that's as good as new.

Many Other Units Included In This Exchange Service

If your carburetor, generator, or any of several other important units need major repairs it can be replaced with a factory-reconditioned unit—at much less than the usual cost of repairs. Note the low charges for factory-reconditioned parts:

Table with 2 columns: Unit Name and Price. Engine V-8 \$49.50, V-8 \$46.50, Distributor 1.90, Carburetor 1.85, Shock Absorber 2.00, Fuel Pump 1.65, Clutch 2.75, Disc Assembly 2.75, Clutch Pressure Plate 3.80, Brake Shoe (each) .45.

\*Includes installation. Slightly higher west of the Rockies.

*Presented by The Retail Merchants*

# RANGER

## TUESDAY NIGHT, SEPT. 25

IN THE SECOND BLOCK OF MAIN STREET 8:00 P. M.

As has been the custom of the Ranger merchants for years, this Style Show will be just a bit different from the ones that you have seen in the past. Realizing that the football season was just around the corner, that the schools have just been opened and that the fall season is just here, they decided to build the style show around the school activities that the people and schools may become better acquainted.

To those that like to see the new things for fall and winter this will offer a splendid opportunity—as all that is new in coats, dresses, hats, shoes, hose, scarfs, gloves and other women's accessories, men's and boys' suits and shoes and hats will be modeled where all may see.

All Ranger is expected to be present—witness the rally by the pep squad, giving new yells and showing the new pep squad leaders. Hear the toastmaster in his humorous way introduce the various stars on the football team and watch these young athletes bow. Watch the young and beautiful women as they proudly model the various garments that are selected for them and see how close they fit and il-

lustrate the beautiful body lines. See the men's and boys' suits, shirts, gloves, hats and other men's things shown for the first time this fall.

Listen to the Hi School Band in their pep and enthusiastic school marches and famous football music.

Hear Coach Moore tell about the boys he thinks will win the district football title.

Girls—Girls—Girls will model all the new things from the various merchants. These programs will be varied and will not be boring nor last long.

Remember the famous American Legion Tickville Band—will render several selections between modeling and the pep and football rally.

Remember the place, Ranger, Texas; the time Tuesday, Sept. 25th; on Main Street in front of Gholson Hotel.

Everybody invited—everything is free!
