NUMBER 3

An English physician is curing rheumatism with injections of gold solutions. But that's out in America. Off the gold standard, you see.

VOLUME II

FASTER ACTION IN FARM AID IS PROMISED

WASHINGTON, Feb. 6.—More and faster action to aid farmers and less talk was promised by the AAA today as administrator Chester Davis purged his organization of "left-wingers, dissenters and men he regarded as hallyhoo artists."

"Now you'll see the AAA snap into it," one official predicted as Davis re-organized the farm agency from top to bottom in an effort to eliminate longstanding differences which he feels have retarded the agricultural relief program.

Mother of Rev. J. M. Bond Died Tues. At Weatherford Home

Word was received in Ranger Wednesday morning by S. P. Roon that the mother of Rev. J. M. Bond, pastor of the First Methodist church of Ranger, had died at her home in Weatherford.

Details were not contained in the telegram, which said only that his mother had died Tuesday night and funeral services would be conducted from the First Methodist church of Weatherford at 4:00 o'clock Wednesday afternoon.

Mrs. Henry Makes Bond, Released

Execution of \$3,000 bail bond and release of Mrs. Raymond Henry, charged and indicted with murder in connection with the death of H. L. McBee, Rising Star highway worker, was made Wednesday.

Mrs. Henry was held in Stephens county jail at Breckenridge, after grand jurors returned Friday with indictments against her and Raymond Henry.

Previous to the indictment return she was at liberty under a \$1,500 appearance bond.

M. E. Tyler, formerly charged with murder in connection with the McBee death, was released after grand jurors returned no indictment against him.

Frank Sparks of Eastland represents the defendants.

Only \$1,637 Paid By Local Taxpayers On Their School Taxes

Through a typographical error in the amount of school taxes paid, as published in the Times Tuesday, the item showed that 127 people had paid local taxes amounting to \$23,238, making a total of \$24,875 that had been collected on the 1934 taxes.

One line in the article was lost, and it should have read 127 local people had paid school taxes of \$1,637, with out of town tax payments amounting to \$23,238, making a total of \$24,875.

CARVED OWN TOMBSTONE

STRETSVILLE, Ont.—Ever since 1930 Robert Bond worked diligently at carving his own tombstone. He died recently and other hands filled in the final two numbers "35" to round out his work.

TWELVE HELD FOR MAILING MANY THREATS

OKLAHOMA CITY, Feb. 6.—Ten men and two women were taken from their homes early today and placed in the city jail on charges of obstructing justice.

Federal agents directed the roundup and it was presumed the charges were in connection with a disturbance at the FERA commissary here last year.

The United States attorney said the group was charged with sending veiled threatening letters and post cards to the federal judge and to the U. S. Commissioner here in an effort to effect dismissal of charges against those involved in the disturbance.

More than 1000 cards and 300 letters have been received, it was stated.

Dallas Students Setting Record On Provisional Grades

DALLAS, Tex., Feb. 5.—The greatest number of provisional promotions in the history of the Dallas public school system will be given this year, according to W. A. Hamilton, school principal.

The cause for the large number of provisional promotions is directly traceable to the children of parents on relief, Hamilton said.

The school board recognizes that undernourished children, worried, sensitive and timid, cannot be expected to do the normal amount of school work, and grants them provisional promotions instead of failing them.

In spite of aid given by parent-teacher groups and other organizations, many children suffer from extreme hunger because they will not tell their teachers of their condition, according to Hamilton.

If they are given the proper food, children of relief parents do normal work, it was said, and in some cases such children are leaders in their class.

400 Persons At Baptist Church Meet In Cisco

CISCO, Feb. 6.—Four hundred persons registered at the workers conference of the Cisco Baptist association which was held at the First Baptist church here Tuesday.

Speakers included H. D. Martin of Caddo, George W. Thomas of Ranger, W. Y. Pond of Breckenridge, W. W. Joslyn of Albany.

Nineteen churches were represented at the meeting. They were Puhlo, Moran, Albany, Breckenridge, Parks, Caddo, Ranger, Olden, Eastland, Desdemona, Gorman, Carbon, Pleasant Hill, Rising Star, Pioneer, Union, Cisco, Abilene and Strawn.

Mrs. Olivia Dionne Gets Homesick

CHICAGO, Feb. 6.—Like a bewildered child thrust among strangers, Mrs. Elzira Dionne, 25-year-old mother of the Canadian quintuplets, was homesick today for her children and the tranquil isolation of her backwoods home.

The world's most famous mother was without a single word of English for the crowds that swept around her.

She kept murmuring "Merçi" to the shouts of praise, all the while clinging to the arm of her husband, Olivia.

Last night, before she fell asleep she cried and told Olivia she wanted to go back home.

Judge Hickman Talks At First Meeting of Resort City Group

MINERAL WELLS, Feb. 6.—Approximately 75 men of the First Methodist church assembled for the initial meeting of the newly formed Wesley Brotherhood at the church at 7:30 p. m. Monday.

Norman P. Hines was co-constructor of the evening. The program included an address by Chief Justice J. E. Hickman of the Eleventh Court of Civil Appeals at Eastland.

Judge Hickman said that now was one of the most important times for the citizens of the United States to be thinking of the fundamentals of government.

Mavs Thumped By Resort Cage Men 24-15 On Tuesday

Mineral Wells Mountaineer cageurs Tuesday night in the resort city thumped Eastland for a 24-15 conference win.

The game marked the second dropped by the Mavs to the Resorters. They defeated Eastland 30-14 Jan. 11.

Guy Waggoner Is On Racing Body

AUSTIN, Feb. 6.—Appointment of Guy Waggoner of Fort Worth as chairman of Texas racing commission was confirmed in the senate in executive session.

He was re-appointed by retiring governor Miriam Ferguson. Confirmation today completed approval of all appointees made by Gov. Ferguson.

ATTEND FUNERAL

Mr. and Mrs. Grady Owen and son, David, of Eastland attended the funeral of Mrs. Owens father, Mrs. E. L. King, in Bellevue, Clay county, Saturday.

GRAND JURY IS PROBING GRAFT IN PWA FUND

WASHINGTON, Feb. 6.—A special federal grand jury today dug into the first major Public Works scandal, involving an alleged conspiracy to use 200-miles of California redwood pipe in a Texas irrigation project that originally called for no pipe at all.

The plot centered around the \$4,853,000 Willacy county, Texas water control program to irrigate orchards. According to evidence to be placed before the jury, PWA engineers and officials, Texas politicians and lumber men were parties to the conspiracy.

Administrator Harold Ickes said the \$1,800,000 was promised by PWA on the understanding the Willacy project would be a gravity irrigation system, requiring no pipe.

Then, after the papers were signed by PWA it is charged the plans were altered to make it a pressure system and to use 200 miles of redwood pipe.

DALLAS, Feb. 6.—R. A. Thompson, former Texas state engineer and until last Oct. 1, PWA engineer in charge of the Texas district, today characterized the grand jury investigation of a Willacy county irrigation project, "just some more of Secretary Ickes' hallyhoo."

DALLAS, Feb. 6.—As Raymond Hamilton, successfully evaded authorities today, it was learned his new "love interest" is auburn-haired Katie Jenkins, 23, and that he fought hand to hand because of her, with a rival several weeks ago.

Floyd Offers To Come To Terms On Brother's Capture

DALLAS, Feb. 6.—Floyd Hamilton, brother of the fugitive Raymond, today offered to obtain his brother's surrender to federal officials if they would guarantee the death sentence now hanging over Raymond would be commuted to life imprisonment. His offer was refused.

Members of U. S. District Attorney Clyde Eastus' staff explained to Floyd the death sentence against Raymond was imposed by a state court in Walker county and that they had no authority to make such an agreement even if they so desired.

Floyd Hamilton, brother of Texas' most sought desperado, surrendered meekly, almost apologetically last night at Shreveport. Returned to Dallas he underwent a grilling today by police and federal officers along with his wife, Mildred and the Jenkins girl.

King George Called Just A Parasite

LONDON, Feb. 6.—John McGovern, 47, plumber and member of parliament from Glasgow, added another purple paragraph to his parliamentary record today after a speech in the house of commons in which he called King George and his newly married son, the Duke of Kent "parasites."

His outburst in an unemployment insurance debate sent 60 persons, said to be communists, charging toward the public galleries to hear him.

Bill Would Share Appointing Power

AUSTIN, Feb. 6.—Senate proposal to amend the state planning board bill to deprive the governor of four appointees drew a slight frown today from Gov. James Allred.

The bill permits the governor to name six members of the planning board with the advice and consent of the senate. The amendment would permit the governor to name two members, the lieutenant governor two and the speaker of the house two.

"I hope the legislature will have sufficient confidence in the occupant of the governor's office not to do that," Gov. Allred said in discussing the amendment.

Pipe Lines From Panhandle To Be Built, Solon Says

AUSTIN, Feb. 6.—Additional long distance pipe lines soon will be built into the Panhandle and provide markets for more than 1,000,000 cubic feet of gas being wasted daily, F. A. Morgan of Amarillo today told members of the house committee on gas, oil and mining.

Morgan appeared before the committee last night to favor bills prohibiting the popping off of gas by stripping plans. He raised the estimate of the daily amount thus blown into the air to 1,300,000 cubic feet.

Eastland Police Raids Nets City Over \$600 In Past Four Weeks

Raids made by Eastland police since Christmas have netted the city over \$600 in fines, a city official estimated Friday.

Raids made included those on the Engleman hotel, Stanley hotel and Little Queen Cafe. All businesses are on North Lamar street in Eastland.

One city commissioner stated a Ranger bootlegger who wrecked his automobile outside of Eastland, was assessed a fine. "Empties" were found in his car.

The Engleman hotel was raided twice in one week recently during the progress of the raids, Ben Pryor, city commissioner, reports. The operator was fined \$100 the first time and \$50 the second.

Beer, whiskey, bonded liquor and bootleg liquor were confiscated in the raids, it was reported.

The raids have been the culmination of efforts of Eastland police and officials to eradicate certain practices that have been declared illegal.

The police have received the cooperation of county officers, precinct constables and motor patrolmen at one time or the

Man Drives Sixty Miles Without His Back Seat Driver

ODESSA, Tex.—A tourist couple, middle aged and of kindly appearance, were caused no end of embarrassment when the husband, after a short stop, resumed the trip, unwittingly leaving his wife behind.

Traveling westward by automobile with all their worldly possessions and family pets, they stopped at daybreak at a point west of Odessa to exercise their pets.

When the man, who had been driving, had again stowed away the pair of Irish terriers, the full-blooded Scottie and the smooth-haired Persian cat, and had climbed in over a large box holding three terrier and three Scottie puppies, he started off without looking for his wife in her accustomed place in the back seat and drove rapidly away without her.

When he stopped for gasoline at Pecos, some 60 miles nearer California, he discovered the oversight and after hectic telephoning persuaded the sheriff at Odessa to start a search for her. Later his wife telephoned him from Monahan that the Odessa sheriff was bringing her to Pecos and his chief concern became greatly altered.

Before the call, he was distressed over the plight of his wife. After the brief conversation, however, his distress shifted to the ordeal of the coming reunion.

Waiting with the terriers and the Scottie in the family automobile, he kept repeating "My wife is red headed and a very, very capable woman. This is going to be awful," and "I'll never live long enough to hear the last of this."

When last seen headed for California about noon, a "new deal" had been inaugurated, the red-headed lady was driving, and the big, kindly man, slumped on the back seat, was dispiritedly repeating explanations in a dreary monotone.

HAMILTON HAS A NEW LOVE OFFICERS SAY

DALLAS, Feb. 6.—As Raymond Hamilton, successfully evaded authorities today, it was learned his new "love interest" is auburn-haired Katie Jenkins, 23, and that he fought hand to hand because of her, with a rival several weeks ago.

Miss Jenkins was the mysterious woman companion of Hamilton taken into custody Monday night when Raymond and Floyd shot their way out of a trap here.

Police refused to discuss the identity of the other woman prisoner.

Floyd Hamilton, brother of Texas' most sought desperado, surrendered meekly, almost apologetically last night at Shreveport. Returned to Dallas he underwent a grilling today by police and federal officers along with his wife, Mildred and the Jenkins girl.

Floyd Hamilton, brother of Texas' most sought desperado, surrendered meekly, almost apologetically last night at Shreveport. Returned to Dallas he underwent a grilling today by police and federal officers along with his wife, Mildred and the Jenkins girl.

Honor Roll Of The Mingus City School

The honor roll for the Mingus schools for the mid-terms have been announced as follows:

First grade—Jerry Baker, Dorothy Bielinski.

Second grade—Mary Chisolm, Harry Spratt, Jr.

Fifth grade—Leo Bielinski.

Sixth grade—Celine Bielinski, Joyce and Wallace Vian.

Tickville Band To Appear On Program

The American Legion Tickville Band will go to Mineral Wells Saturday night where it will appear on a program to be broadcast over station KRLD at Dallas.

It was announced in Ranger today that the Fort Worth police band, the Crazy Hotel orchestra and the Tickville band would inaugurate the new program for Mineral Wells.

Injured Child Is Reported Improved

Little Betty Maurine Bankston, age three, who was slightly injured when struck by an automobile Saturday night, was reported today to be practically over her injuries.

The child was struck by an automobile on North Rusk street.

SNOW BURIED MAN AT DESK

SALEM, Mass.—Although Joseph Nuttle was sitting inside at his desk, he was buried under several tons of snow. An avalanche crashed from the roof next door and fell through the window where he was working, completely covering Nuttle. He was dug out and a few hours later was able to continue his figuring.

NOT MINORS NOW

Disabilities of minority of Roger Owen Moorehead and Charles Warren were removed in 88th district court Monday.

GIRL, FOUR, SWALLOWS DIME

ASHTABULA, O.—Louise Tally, four, swallowed a dime. It lodged in her bronchial tube and her parents had to take her to Cleveland, where a "nice doctor man" removed it.

ELECT BRECK MAN HEAD OF ASSOCIATION

BRECKENRIDGE, Feb. 6.—Marshall Young of Breckenridge was elected president of the Central West Texas Oil and Gas association, succeeding C. W. Hoffmann of Eastland, here Tuesday evening at a banquet attended by 400 oil men from the counties in West Central Texas.

Wirt Franklin, president of the Independent Petroleum Association of America and a member of the planning and co-ordination committee, asked support of all oil men for the immediate passage of the Connally bill, now pending house action at Washington.

Franklin denied that the Connally bill, if enacted immediately, would be sufficient to balance production with consumption of oil. He said that any one of the three states controlling production could defeat the program by failing to issue proration orders. He pointed out that only three states have oil conservation laws and the remainder function as they desire.

C. W. Hoffmann who is succeeded by Young is one of the most active independent operators in this district. He with Karl F. Page operate Hoffmann & Page company with headquarters in Eastland.

Other officers elected were: M. G. Cheney, first vice president; W. D. Gulley, second vice president; G. P. Crutchfield, secretary-treasurer.

Directors named were Drew Beams, Abilene; J. A. Bearman, Cisco; C. M. Caldwell, Abilene; George Callahan, Albany; W. D. Conway, Ranger; M. E. Daniel, Breckenridge; B. A. Duffey, Abilene; James B. Dunigan, Breckenridge; Ralph Fleming, Albany; J. C. Hunter and W. D. Gulley, of Brownwood; Charles Kleiner, Breckenridge; J. E. Lewis, Eastland; B. C. Mann, San Angelo; E. W. Moutray, Abilene; W. F. Nelson, Mineral Wells; P. J. O'Donnell, Hamlin; Karl F. Page, Eastland; P. W. Pitzer, Breckenridge; A. H. Rhodes, Eastland; W. J. Rhodes, Jack Roberts and J. D. Sanderfer, Jr., Breckenridge; Jack Shaffer, Coleman; H. V. Smith, Cisco; R. V. Tidwell, Graham; W. W. Wallace, Cisco; John Ward and Marshall Young, Breckenridge; Jack Urban, Ranger; R. L. Ponsler, Cisco; Ellis Hall, Abilene; Jim Nash and Dewey Knox, Graham; John Byram and H. O. Wooten, Abilene; C. W. Hoffmann, Eastland and R. L. Windfohr, Graham.

Man Drives Sixty Miles Without His Back Seat Driver

ODESSA, Tex.—A tourist couple, middle aged and of kindly appearance, were caused no end of embarrassment when the husband, after a short stop, resumed the trip, unwittingly leaving his wife behind.

Traveling westward by automobile with all their worldly possessions and family pets, they stopped at daybreak at a point west of Odessa to exercise their pets.

When the man, who had been driving, had again stowed away the pair of Irish terriers, the full-blooded Scottie and the smooth-haired Persian cat, and had climbed in over a large box holding three terrier and three Scottie puppies, he started off without looking for his wife in her accustomed place in the back seat and drove rapidly away without her.

When he stopped for gasoline at Pecos, some 60 miles nearer California, he discovered the oversight and after hectic telephoning persuaded the sheriff at Odessa to start a search for her. Later his wife telephoned him from Monahan that the Odessa sheriff was bringing her to Pecos and his chief concern became greatly altered.

Before the call, he was distressed over the plight of his wife. After the brief conversation, however, his distress shifted to the ordeal of the coming reunion.

Waiting with the terriers and the Scottie in the family automobile, he kept repeating "My wife is red headed and a very, very capable woman. This is going to be awful," and "I'll never live long enough to hear the last of this."

When last seen headed for California about noon, a "new deal" had been inaugurated, the red-headed lady was driving, and the big, kindly man, slumped on the back seat, was dispiritedly repeating explanations in a dreary monotone.

Henrys In McBee Alleged Murder Make Their Bonds

Raymond Henry, who was indicted by a recent grand jury on a charge of murder in connection with the death of H. L. McBee, was released from Stephens County jail at Breckenridge Thursday, officers said.

Mrs. Henry was released Wednesday. Bail bond of the pair was \$3,000.

M. E. Tyler, Rising Star laborer, formerly charged with murder in connection with the case, was released after grand jurors reported no indictment.

Farmer Lets Wind Do Heavy Jobs

CLEBURNE.—L. F. Sharp lets the wind do most of the work around his farm.

An ingenious arrangement that attaches on to his windmill gets the following things done: pumping water, lighting the farm, turning the cream separator, churning cream into butter, ironing clothes, curling his wife's and daughter's hair, and fanning the whole bunch on hot days.

With a few old automobile parts, some sticks of wood, a hinge or two and some springs, Sharp built the apparatus which runs an electric generator. Storage batteries are charged and provide current when the wind stops.

DISMISSED

Legal differences of J. R. Burnett, guardian, and Carrie E. Tipton in the 11th Court of Civil Appeals were dismissed by the court Thursday on appellee's motion.

'THUMBS DOWN' ON 'HIKERS'

SALEM, O.—Chief of Police Ralph N. Stoffer has turned "thumbs down" on the "hikers." "If we catch any hitch-hikers wagging their hands at motorists in the city limit, they'll be arrested," Stoffer warned.

Lift Restriction On Purchases By Corn-Hog Signers

Farmers who sign the 1935 corn-hog adjustment contract will be permitted to purchase an unlimited number of pigs for feeding purposes from non-signers as well as contract signers, it was ruled today by Secretary of Agriculture Henry A. Wallace. The new ruling becomes effective as of December 1, 1934.

In the original form the 1935 contract provided that the signer might buy this year an unlimited number of feeder pigs from other contract signers, but he was not permitted to buy from non-signers more feeder pigs than the average number purchased by him during the two-year period, December 1, 1931, to November 30, 1933, inclusive.

Removal of all restrictions on the number of feeder pigs purchased in 1935 by contract signers is based on recommendations of a number of producers. It will expedite the movement of feeder pigs from contract signers in drought areas, for example, to contract signers in areas with adequate feed supplies by way of third parties at public livestock markets as well as by direct transfer. Until the new ruling was made, pigs bought from yard traders or other third parties at livestock markets were regarded as pigs purchased from non-signers—even though the pigs may have been delivered to the livestock market by contract signers. This technical limitation tended to hamper the movement of pigs from one region to another by way of the public livestock markets.

The removal of restrictions on the number of pigs that may be purchased by the contract signer in 1935 pertains to stocker and breeding hogs as well as to feeder pigs.

Contract signers who purchase feeder pigs are required to keep information with respect to (1) the date and place of each purchase, (2) the number of feeder pigs purchased, (3) the average weight of pigs at the time of purchase, (4) the method used in distinguishing feeder pigs from pigs farrowed on the farm, and (5) the name and address of the seller or person who delivered the feeder pigs.

Unless this evidence can be furnished at the time of checking compliance, and unless all feeder, stocker and breeding hogs purchased as well as hogs fed for others by contract signers are marked for identification, it will be assumed by corn-hog committees that such hogs have been produced for market from 1935 litters owned by the contract signer at the time of farrowing.

No adjustment payments are made to signers on feeder pigs they have purchased but the producer of the feeder pigs may be entitled to an adjustment payment if he is a contract signer.

AAA COUNSEL SAYS FARMERS IN DIRE NEED

WASHINGTON, Feb. 7.—The Agricultural Adjustment Administration, already on edge by wholesale dismissal of left wing officials, today was presented with a report its cotton program was bringing scenes like those of war-torn Belgium to Southern share croppers.

The report was filed by Mary Myers, AAA legal official, and former Chicago justice agent, after a survey of cotton regions west of Memphis, Tenn.

The red-haired woman agent said conditions among poor tenants and share croppers were "beyond words." She charged wholesale violations of acreage control provisions expected to protect tenants from eviction.

Miss Ruth Ramey, Home Demonstration Agent, has organized a Girl's 4-H club at Colony. The club has met three times and its work is progressing.

4-H Club Formed By Colony Girls

Miss Ruth Ramey, Home Demonstration Agent, has organized a Girl's 4-H club at Colony. The club has met three times and its work is progressing.

The club's goals are to have a sponsor, to have two meetings each month, to have an Achievement Day; to send exhibits to the Eastland county fair in September, and to keep and turn in complete records of the members' work.

At present the club is sewing. Later, the club will plan its garden.

Final Rites For Mother Eastland Women in Gorman

Funeral services were conducted from the First Baptist church of Gorman at 3 o'clock Monday afternoon for Mrs. R. L. Westmore, with Rev. Short of De Leon and Rev. Clements of Carbon in charge.

Mrs. Westmoreland was the mother of Mrs. C. T. Lucas and Mrs. R. R. Gann of Eastland. She died in Gorman Sunday afternoon.

Children surviving are J. A. Westmoreland of Gorman, V. T. Westmoreland of Brownwood, Mrs. R. R. Gann and Mrs. C. T. Lucas, Eastland; Mrs. Joe Clegg of Big Spring, and Perry Westmoreland of Hylton.

A step-mother, Mrs. M. E. Hirst of Rule survives and a sister, Mrs. Henry Dominey of Rule; two brothers, E. A. Hirst of Gorman and Sam Hirst of Beville.

Eighteen grandchildren and two great-grandchildren also survive.

Rites for County Pioneer, Mrs. N. E. Turner, Held

Funeral services were conducted from the Methodist church in Eastland Wednesday afternoon for Mrs. N. E. Turner, 79, with Rev. Henry Littleton and Rev. Bascom Horton of Abilene conducting. Interment was in Eastland cemetery beside the grave of her husband, who died many years ago.

Mrs. Turner died at her home on West Commerce street in Eastland Tuesday night after several months of illness.

Mrs. Turner had lived in Eastland county for more than 40 years. She came from Kentucky and settled initially near what is now the Pleasant Grove community.

She had been a member of the Methodist church since childhood.

Pall bearers were O. J. Cotton, Abilene; Tobe and Gorman Morton, Morton Valley; Lee Middleton, Morton Valley; Milton Newman, St. Butler, Eastland.

Dictatorship Is Had At Cost of Liberty

Whether it stirs you to laughter, tears, or acute boredom, Huey Long's recent clash with the "Square Dealers" of Baton Rouge was an excellent small-scale model of the typical European blood purge.

About all that it lacked was blood. Of that, luckily, there was only a trace. One citizen was wounded by buckshot, and another was badly mauled by citizens who suspected him of being a spy. The rest suffered injuries to nothing but their sensibilities.

But the affair was a sign and a portent, nevertheless. Senator Long seems to be the American model of the 20th century dictator, and this shindig was the sort of thing that happens where dictatorships flourish.

Note the parallels. We had, first of all, indignant citizens who felt that they could not accomplish anything at the polls and who therefore armed and drilled in preparation for fighting. Next we had the senator ordering out troops to quell them; next, a public hearing at which the senator tells about a widespread plot to assassinate him.

The thing had an odor of comic opera, to be sure; but it followed the blueprints of the real thing, and it leaves one with an uncomfortable feeling that next time it may go whole hog and end up with shooting. It was just a little too life-like to be really funny.

What is happening, obviously, is that in this one state American liberties as we have known them are giving way to one-man rule, which is bolstered up just as one-man rule in Italy and Germany is bolstered. The Huey Long model of Fascism is running an ominous parallel with the Mussolini and Hitler models.

Now it is argued, in defense of all this, that Senator Long was preceded by an unscrupulous and overbearing political machine, so that he is really accomplishing much for the plain people of his state even while he takes their civil liberties away from them.

But even if we grant, for the sake of argument, that all of this is true, there is one more fact to remember:

This is precisely the excuse that dictators everywhere give for their acts. Mussolini, Hitler, Lenin—they all knew that tale by heart, and chanted it in season and out of season. The lesson ought to be clear.

By surrendering its liberties to gain relief from a bad situation, a people is apt to get a great deal more than it bargains for. It is easier to set up a dictatorship than it is to knock one down.

The Baton Rouge flurry is a disturbing sign to people who believe that liberty is the American people's most priceless possession.

Income Tax In A Nutshell

Exemptions Allowed Couples Married During Taxable Year

Taxpayers should note that under the Revenue Act of 1934 the credit for dependents as well as the personal exemption is required to be prorated where a change of status occurs during the taxable year and that these credits are allowable not only for the purpose of computing the normal tax, but also the surtax. A fractional part of a month is to be disregarded unless it amounts to more than half a month, in which case it is considered a month.

For example, a single man and a single woman who were married on July 29, 1934, and were living together on the last day of the taxable year, may file a joint return. If they file their return or returns on the basis of the calendar year, they would be entitled to a personal exemption of \$2,208.34, which is even-twelfths of \$1,000 for the husband while single, plus seven-twelfths of \$1,000 for the wife while single, plus five-twelfths of \$2,500 for the period during which they were married. If separate returns are filed, each is entitled to a personal exemption of \$1,104.17, which is seven-twelfths of \$1,000, plus one-half of five-twelfths of \$2,500. If during the year 1934 the husband or the wife had the status of the head of a family prior to their marriage he or she would be entitled to his or her pro rata share of the personal exemption of \$2,500 allowed the head of a family for the period prior to their marriage instead of merely that allowed a single person. However, for the period of their marriage any exemption to which either might be entitled as the head of a family would be merged in the joint personal exemption for that period. The joint personal exemption allowable in the case of a couple who were married and living together during the entire year may not exceed \$2,500.

If a child under 18 years of age and dependent on the parent for support reaches the age of 18 years during the taxable year, the credit of \$400 for a dependent is required to be prorated in the same manner as the personal exemption. For example, should the child's eighteenth birthday fall on June 30, the parent would be entitled to claim \$200 credit for the child—that is, one-half of \$400. The same rule applies to other dependents where a change of status occurs during the taxable year.

Who Is the Head of a Family

A taxpayer, though single, who supports and maintains in one household one or more individuals who are closely connected with him by blood relationship, by marriage, or by adoption, and whose right to exercise family control and provide for these dependent individuals is based upon some moral or legal obligation, is the head of a family, and entitled to the same exemption allowed a married person—\$2,500. Also he may claim a \$400 credit for each dependent. For example, a widower who supports in one household an aged mother and a daughter 17 years old is entitled to an exemption of \$2,500 as the head of a family plus a credit of \$400 for each dependent, a total of \$3,300. The \$400 credit, however, does not apply to the wife or husband of a taxpayer, though one may be totally dependent upon the other.

Several factors are involved in determining whether a person who files a return as the head of a family is to be thus classified. The element of either legal or financial dependency must exist. A taxpayer who supports in his home minor children over whom he exercises family control is classified as the head of a family, even though the children may have an income of their own sufficient for their maintenance. If he does not support them, but does exercise family control, he cannot be classified as the head of a family.

If an individual supported is an adult and there rests upon the taxpayer a moral or legal obligation to provide a home and care for such individual, the exemption as the head of a family is allowed, provided the individual is financially dependent. If the individual is not financially dependent, the exemption, even though the taxpayer maintains the common home and furnishes the chief support, does not apply.

For income-tax purposes there can be only one head of a family and the exemption cannot be divided. Not infrequently claims for the \$2,500 exemption are received from two or more members of a family.

It should be remembered that a single person, whether or not the head of a family, is required to file a return if his or her net income is over \$1,000 or more, regardless of whether the return is nontaxable by reason of the \$2,500 exemption.

Famous Review Will Come To Ft. Worth

What is the most important theatrical attraction that has ever been scheduled to appear in this section will be seen at the Worth Theatre, Fort Worth, for one performance only, Friday night, Feb. 15, when Ziegfeld Follies with Fannie Brice and Willie and Eugene Howard, supported by a company of over 100 persons, including the justly celebrated "glorified" girls of Ziegfeld fame, holds forth.

Not only is the world famous attraction the first big musical show to reach this territory in many moons and likewise the only revue booked to appear this season but it marks the first time in history that the Follies, with its original New York and Chicago cast and production, has sailed forth from the large eastern cities for a tour of the country from coast to coast.

The personnel is identical with that which appeared during the long run at the New York Winter Garden and later for three months at the Grand opera house, Chicago. In point of sheer magnitude it surpasses any theatrical outfit that has gone on tour in the past two decades. A special railroad train of 11 cars, including six double-length baggage cars and five Pullman sleepers are required to transport the company and paraphernalia from stand to stand.

When the Follies terminates its season at Boston early in the spring it will have covered engagements in 45 states, paid out over \$100,000 to railroads and transfer concerns, \$600,000 in salaries, \$50,000 in royalties, \$220,000 for newspaper and billboard advertising, with such incidentals as rice powder for unvested torsos and the like, to a total tune of over one million fifty-nine cent dollars.

Mail orders when accompanied by remittance in full, including tax and self-addressed, stamped envelope, will be filled in rotation.

Rabies Serum Now Reduced To 50 Cents

AUSTIN, Tex.—Rabies serum which formerly cost the state \$12 per treatment is now being manufactured in the state laboratory, Austin, for about 50 cents, according to State Rep. R. L. Reader, San Antonio.

Rep. Reader two years ago secured a small appropriation to permit Dr. S. W. Bohls, director of the laboratory, to manufacture serums, vaccines and toxins used by the state and distributed to health officials in various counties. The Texas laboratory has since grown until now it ranks second only to that of New York, Rep. Reader said. A new addition which is planned will make it the largest laboratory of its kind in the United States, Rep. Reader said.

CARD OF THANKS

We wish to thank our many friends for the kindness, sympathy and beautiful floral offering during the illness and death of our dear son and brother, James M. and Mrs. J. S. Vaughan, Mr. and Mrs. Collin Campbell, Myrtle, Nona, Robert and Herrell.

LIES HURT HALF HOUR CLEVELAND.—Mrs. Tena Callahan, 67, lay with a broken arm 30 minutes on an icy sidewalk in stream of automobiles passed within a few feet on a busy boulevard. For half an hour Mrs. Callahan waved her injured arm and called vainly for help until a pedestrian, hearing her, took a few seconds of time to call police, though he was en route to take a train.

Ohio is collecting a sales tax to prove to the rest of the country that people are buying.

WAKE UP YOUR LIVEK BILE—WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sick and the world looks black, don't swallow a lot of salt water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a more movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just rots in the bowels. Use Bile-o for your stomach. You have to think, bad taste and your breath is foul, skin on the bowels, not in the stomach. You feel sick and you feel down and out. Your white system is poisoned.

It takes three good, old CARTER'S LITTLE LIVER PILLS to get those two pounds of bile flowing freely and make you feel "up and up." Your stomach, wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely. But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Beware a substitute. See at drug stores. © 1931 C. M. Co.

Makers of Drugs Favor Mead Bill

NEW YORK, Feb. 7.—In an appeal to the drug industry and advertising fraternity to support legislation to improve the Federal Pure Food and Drugs Act, Lee H. Bristol, vice president of the Bristol-Myers Company, has issued a statement endorsing the Mead bill and urging its passage in the present session of congress.

"I am making this statement after an examination of the three bills now pending to determine their possible effect upon industry and the public," said Mr. Bristol. "It must be recognized that under the existing Federal Food and Drugs Act the enforcement officers have done quite a thorough job of policing the industries involved and protecting the public. The old act, however, needs to be refurbished—to quote President Roosevelt, it needs 'more teeth.' Control over cosmetics and advertising are major corrective points to be desired. At the same time, there must be no loopholes through which the racketeer can escape.

The chief advantage of the Mead bill over other pending legislation, which I believe is apparent in any fair-minded analysis, is that by amending and revising the present food and drugs law it covers carefully every point on which the public needs protection but does not lose the protection to the public afforded by the body of existing court decisions that have been rendered in connection with the present law. Also, the Mead bill is specific and definite. It does not give the enforcement officer power to make regulations as he sees fit and to keep industry in a constant turmoil. Honest men want definite laws to protect their own and the public interest.

"Senator Copeland's new bill represents sincere and thoughtful work in improvement of the original Tugwell bill which placed the industry affected under bureaucratic control. A careful reading of the Copeland bill, however, discloses the fact that it retains some of the unfortunate and unwork-

able provisions of the original Tugwell bill. "A curious provision of the new Copeland bill is that a drug is deemed to be adulterated if it is dangerous to health under the conditions of use prescribed in the labeling or advertising thereof, and so is liable to multiple seizure. In practice this means that if the secretary objects to a single phrase in an advertisement he has the power to seize a manufacturer's goods at widely separated points all over the country and require a manufacturer simultaneously to defend criminal actions in several jurisdictions remote from his place of business. This practice has been used as a means of enforcing minor changes on labels. It should not be extended to minor phrases in advertisements which are matters of opinion and judgment.

"Another point in the Copeland bill that would cause no end of controversy and confusion is the provision that an advertisement shall be false if it contains any representation about a drug that is not sustained in every particular by demonstrable scientific facts or substantial medical opinion. The phrasing of this provision would make it impossible to write advertisements. This provision is not in agreement with the opinion of the United States Supreme Court that 'trade puffery' is permissible in advertising.

"The tendency of the Copeland bill to give dictatorial power to the secretary through making his own regulations can be summarized by saying that the word 'regulations' appears 59 times in the text.

"The purpose of honest manufacturers within the industry is to secure the passage of strong legislation. It is not their purpose to obstruct legislation nor to confuse the issue.

"The Mead bill is a strong bill written in clear and definite language which cannot be misconstrued. It is the kind of bill that as a law can be enforced. I defy anyone to find any 'weasel' words in this bill. It deals fairly with manufacturers who want to live under the law and who must rely on advertising to inform the public about their products. At the

same time it brings the advertising of these industries under stricter control of the government. It would not be possible for an advertiser, for example, to shelter himself by pleading ignorance if his advertising is false. Only the falsity of the advertising and not his good intention would need to be established. This remedies a weakness in old law which has furnished a loophole for defendants in government prosecutions. In fact the Mead bill provides for efficient control of false advertising without cluttering the courts with criminal prosecutions, and at the same time providing a means for prompt and complete stoppage of dangerous advertising through

court injunction and federal trade commission procedure. "In the matter of seizures the Mead bill prevents the abuse of power to seize and yet provides through injunction for complete and prompt stoppage of a dangerously advertised product. It provides for a strong clause defining antisepics.

"I earnestly appeal to drug manufacturers and all advertising interests to make a careful study of the Mead bill, and to support sound provisions in any food and drug legislation that may be passed at this session of congress."

Try Faster Way to Relieve Your Colds

Medical Discovery Bringing Almost Instant Relief to Millions

REMEMBER DIRECTIONS

The simple method pictured here is the way many doctors now treat colds and the aches and pains colds bring with them!

It is recognized as a safe, sure, QUICK way. For it will relieve an ordinary cold almost as fast as you caught it.

Ask your doctor about this. And when you buy, be sure that you get the real BAYER Aspirin Tablets. They dissolve (disintegrate) almost instantly. And thus work almost instantly when you take them. And for a gargle. Genuine Bayer Aspirin Tablets disintegrate with speed and completeness, leaving no irritating particles or grittiness.

BAYER Aspirin prices have been decisively reduced on all sizes, so there's no point now in accepting other than the real Bayer article you want.

NOW 15¢

PRICES on Genuine Bayer Aspirin Radically Reduced on All Sizes

1. Take 2 BAYER Aspirin Tablets. Make sure you get the BAYER Tablets you ask for.

2. Drink a full glass of water. Repeat treatment in 2 hours.

3. If throat is sore, crush and stir 3 BAYER Aspirin Tablets in a third of a glass of water. Gargle twice. This eases throat soreness almost instantly.

Fresh RED FISH, extra fine for baking... pound 18c. Fresh-WATER CATFISH, Skinned... pound 25c. Fresh SHRIMP, Fresh FISH and OYSTERS Received EVERY DAY BY EXPRESS! CITY FISH MARKET

THE "Laxative Question" DOCTORS SETTLED IT, LONG AGO. UNDER the doctor's care, or in the hospital, you would get a liquid laxative. And the liquid form is what you would use at home, if you know what a doctor knows! A liquid laxative can always be taken in the right amount. You can gradually reduce the dose. Reduced dosage is the secret of real and safe relief from constipation. The right liquid laxative gives the right kind of help, and the right amount of help. When the dose is repeated, instead of more each time, you take less. Once you have experienced this comfort, you will never return to any form of help that can't be repeated to suit the need. The liquid laxative generally used is Dr. Caldwell's Syrup Pepsin. It contains senna and cascara, and these are natural laxatives that form no habit—even with children. Its BE CAREFUL IF any laxative makes you thirsty, affects your appetite, seems to burn, or requires larger doses than when you first began its use—change to a liquid laxative! Dr. Caldwell's SYRUP PEPSIN

Unsightly Complexions muddy-looking, blotchy and red—relieved and improved with safe, medicated Resinol.

WHEN IT SNOWS LET IT SNOW and fill up with SPECIAL WINTER BLEND CONOCO BRONZE GASOLINE. When you look out the window in the morning and the whole world is white, you won't have to "wonder if the old bus is going to start." A SURE START!—you can count on it if you have a tank of Special Winter-Blend Conoco Bronze Gasoline! IT'S HIGH TEST! This cold-weather blend vaporizes at lowest temperatures. It gives you instant starting, smooth pick-up and the power to plow right thru heavy snow. FILL UP TODAY! Drive into your Conoco dealer's for a tankful. Then... let it snow! DESDEMONA

Mrs. Smith took treatment for gall stones but was not operated on. She is still not strong.

Mr. and Mrs. Style McEntire and baby, James Edward, and their mother, Mrs. J. E. Derriek, attended the pictures how at Ranger Saturday night.

A party was given Thursday night at the home of Mr. and Mrs. W. E. Barron. The party was given by Mrs. Barron in honor of Mr. Barron's birthday.

Mr. and Mrs. Max Williams visited their parents, Mr. and Mrs. M. Williams Sunday. Mrs. Lillie Williams, also of Ranger, came down with them.

Mr. and Mrs. Hugh Roe spent Sunday at Abilene with their daughter, Miss Bernice Roe, and their other daughter, and son-in-law, Mr. and Mrs. J. C. Goswick.

W. C. Bedford visited his sister, Mrs. Susan E. Steele at Eastland Monday. Mrs. Steele recently celebrated her 94th birthday and is still quite active.

Mrs. W. E. Barron attended a meeting of Missionary zone leaders at Gorman, Friday.

Mr. and Mrs. Bailey Stark, Mrs. Roy Rushing and Miss Jean Mitchell of Olden, guest of Mrs. Stark, were shopping in Ranger Monday.

Mr. and Mrs. W. H. Davis were business visitors in Eastland Wednesday.

Mrs. Jake Smith returned Saturday from San Antonio where she had been the past two months with her daughter. While there

giving them a surprise party and a shower of miscellaneous gifts as a token of love for them. Mr. and Mrs. Black left Friday for their new home at Comanche after having lived here anumber of years.

Their places will be hard to fill in the Baptist church, where they were both active workers. Besides being a leader in the Baptist church, Mr. Black had served for a number of years as member of the city council and always interested in the upbuilding of our town.

"All on Account of Polly," was the title of a three-act play presented at the high school auditorium Saturday night by the Junior class. The cast included nearly all of the members of the Junior class and each one performed his or her part so well it was impossible to say which was the best actor. Miss Battle, the English teacher and class sponsor, deserves much credit for the way the play was put on as she spent many hours in training the players.

G. N. Grice of Stephenville was here Wednesday on business and visiting old friends. Claud Lee and family attended the show at Gorman Saturday night. Mr. and Mrs. Robert Snead were shopping in Ranger Saturday afternoon.

Aubrey Wofford, one of our efficient teachers, went over to Gorman Sunday afternoon to be treated at the Blackwell Sanitarium for the flu. Mr. and Mrs. Tom Nabers returned Sunday from a short visit with relatives at Comanche.

Miss Nell Robert came home from John Tarleton College at Stephenville Saturday, in order to hear Bishop Boaz preach here Sunday.

Mr. and Mrs. Rufus Goodwin and Miss Vera Preslay attended singing in De Leon last Sunday.

Mrs. Marshall Milam of Big Spring, Mr. and Mrs. Glenn Conell of Hobbs, N. M., Mr. and Mrs. Nona Milam of near Gorman and Mrs. Minnie Brightwell spent Saturday with Mr. and Mrs. J. W. Blair.

Miss Fanny Myrie Boucher spent the week-end with friends in Gorman. Mrs. Minnie Brightwell, Bobby Warren and Gene Allan Westmorland and Mr. and Mrs. Bill Simpson visited Mr. and Mrs. R. E.

Members of the Olden Junior class contemplate giving a play in the near future. Miss Simer will coach the play.

Miss Stone of Abilene has taken a position in the schools here. She is teaching the room formerly taught by Miss Menderson.

A number of Olden people attended the pretty wedding of Miss Maxine Henderson and Dr. Truett Weir in Ranger the other night.

Wilson of Gorman Sunday afternoon. Mr. and Mrs. L. D. Ripley and little daughter Betty Jean, visited in the Brightwell home Sunday night.

Mr. and Mrs. Calvin Brown and family were in Stephenville Friday. Mr. and Mrs. A. J. Lamb and family spent Sunday with Mr. and Mrs. C. M. Prestidge.

Mrs. Chas. Walker and Miss Fanny Myrie Boucher visited Mrs. Charlie Denton, who has been confined to her bed, last Wednesday night. Mrs. Eva Wright and daughters of Abilene visited Mr. and Mrs. Dick Stacey Sunday.

Marvin Jones of Breckenridge spent the week-end with Mr. and Mrs. Charlie Denton. We are having work done on the school grounds this week. Quite a few improvements are going to be made, trees, shrubs, and flowers are to be planted. We are also planning to have a school garden.

On Valentine day we are going to have a program beginning at 8 p. m. At 9 o'clock the little folks will have a Valentine box. Games and contests will be had for all.

Mr. and Mrs. L. V. Ford and daughter Mary left Monday morning for Tulsa, Okla., where Mr. Ford's brother-in-law, Mr. L. W. Baxter is seriously ill. Mr. and Mrs. E. R. Buckley received an announcement from their son and his wife in California of the birth of a baby daughter to them the 29th of Jan.

Mr. and Mrs. L. V. Ford received an announcement from their son George Ford and his wife at Overton, Texas of the arrival of a baby son, named Geo. Ford III, on Jan. 30th.

The Olden Outside Mens Basketball team defeated the Strawn outside team Monday night with a score of 38 to 34 at the Eastland Gym.

Many pupils have been absent lately because of illness. A number of school children enjoyed the Monkey show given at the new school building Tuesday morning from 11:30 to 12:00 M. The trained monkey gave a number of interesting and cleverly funny impersonations and the performance was greatly enjoyed by those attending.

Charles Jr. Peterson was quite ill Tuesday. Mrs. Jack Stephens has been ill of flu for a week but is able to be up again.

Mr. and Mrs. Dixie Tate, stopped Sunday enroute to Baird from Stephenville for a short visit with relatives. Mrs. Will Stehens, who had been spending a week with her son Jack Stephens and family accompanied them on to Baird for a visit with them.

Members of the Olden Junior class contemplate giving a play in the near future. Miss Simer will coach the play.

Miss Stone of Abilene has taken a position in the schools here. She is teaching the room formerly taught by Miss Menderson.

A number of Olden people attended the pretty wedding of Miss Maxine Henderson and Dr. Truett Weir in Ranger the other night.

Mr. and Mrs. L. D. Ripley and little daughter Betty Jean, visited in the Brightwell home Sunday night.

A number of Olden people attended the pretty wedding of Miss Maxine Henderson and Dr. Truett Weir in Ranger the other night.

COLONY

Mrs. H. B. Grace and small son who have been ill for three weeks are able to be out now.

Mr. and Mrs. Clarence O'Bryant and children spent unday with the Hitechock family. Mr. and Mrs. C. E. Campbell of Winita, Oklahoma, and Mr. and Mrs. Gas Kirk of Ranger visited K. F. Kirk and family, Sunday.

Mr. and Mrs. O'Prey of Electra returned home Sunday after a short visit with the Kirk families. Mrs. England has had a very severe case of the flu. Mary Ann Hitechock has the chicken pox. There were only twenty-one present at Sunday School, we hope to see a larger crowd present next Sunday.

Mrs. Lillian Aylor is expected back this week from Honey Grove where she spent several weeks with her parents. The farmers will have to replant their oats as the "freeze" killed most of it. Mrs. Barney Alderson is improving from a case of the flu. The boys basketball tournament has been going on in the Eastland gymnasium. Our boys have been victorious in some. They are scheduled to play Morton Valley Feb. 6, 1935. Our second string boys and girls played Morton Valley teams Monday. Our girls lost, but the boys won.

Mr. and Mrs. Clifton Thomas are the proud parents of a baby girl. This young lady has been named Myrtle Jo Anne. Mr. Thomas is a teacher in the school. Miss Gertrude Griffith spent the week-end with her parents in Abilene. Miss Alene Lain spent the week-end with Miss Frankie Thompson of the Acker community.

Mr. and Mrs. George O'Brian of Ranger visited Mr. and Mrs. C. E. Hitechock over the week-end. Miss Andrey Carey spent Saturday with her father, Mr. W. L. Carey at Caddo. Etherage and Woodrow Williamson will soon be leaving. The

Williamson's are moving near Hico. We hate to lose these good students from our school. Frankie Lee is back in school again. Frankie broke her arm last week.

We are happy to have several new students with us this week. The Pure and Barker children of Morton Valley are among the new students.

Miss Ruth Ramey will meet with her 4-H club Feb. 12, 1935. I want to urge all parents to remind their girls to bring their material to work with. A good crowd attended singing here Sunday night. There will be no singing here next Sunday night.

Mr. and Mrs. G. T. Smith and son, Harold, spent the week-end with Mr. Smith's parents at Beatrice. The Freshmen, Sophomore and Junior classes attended the show "Anne of Green Gables" in Ranger Monday night. Mr. Smith took the Senior class Tuesday night. Mrs. W. L. Mills has employment in Ranger. She was here on business Tuesday afternoon. Mr. Woodrow Weeks and Wil-

lie D. Paynes entertained with an out-of-doors party Monday night. G. D. Smith was ill Wednesday and was unable to be in school.

Mrs. J. M. Ware and Alverine Bradford were week-end visitors in Mineral Wells this week. D. W. Mitchell has gone to Fanna on business.

Miss Mildred James visited Miss Nettie Suddreth Saturday night and Sunday. Mr. and Mrs. Jim Jackson and Lewis Pruitt are visiting Mrs. W. R. Jackson. J. A. Caraway made a "snappy" trip to M. L. Bobo's Tuesday morning.

Mrs. N. P. Ramey and Mr. and Mrs. A. O. Templeton were in Ranger Saturday. Mrs. Lula Newham and daughter, Jewel visited Mr. and Mrs. G. A. Guess, Sunday. OWNS SMALLEST CORNET. FOND DU LAC, Wis.—R. V. Hall, Fond du Lac, believes he owns the smallest cornet in the world. The instrument is four inches in diameter and eight inches long. It was used by Hall 50 years ago when he toured the United States as a one-man band.

While Japan fears war will come with Russia, the munitions makers still fear it won't. Ivan Foderjay must figure he'd rather plead guilty to bigamy than face any one of his wives.

New Wall Paper Quota a Boon For Jaded Nerves

PARIS.—Included in the French import quota changes for the first quarter of 1935 is an item which gives a small advantage to American business and a great boon to American nerves.

The uninitiated might wonder what the granting of a special wall paper quota to the United States has to do with nerves, but Americans who have lived here will understand. Small as this new quota is—a mere 40 quintals of wall paper—it may well mark the advent of a veritable aesthetic revolution.

French wall paper dealers, it seems, are at last putting in stocks of American wall paper, the kind that has no yellow birds on bright green backgrounds, no giant pink roses on silver, nor even any blue and gold stripes.

The color combinations, which until now have screamed at one from the walls of Paris hotel rooms and furnished apartments were famous. There even used to be mock contests among Americans on the left bank, with a prize of aspirin for the one who could produce the loudest wall paper.

But slowly the word has gone around that Americans, and quite a few French folks, do not like hot-house chrysanthemums on their walls. Thus the coming of American wall paper marks the beginning of a soberer age, when the contemplation of a wall before one as he lies in bed of a morning won't make him think he is still having unpleasant dreams.

New Fashions Intrigue Women At Style Show

MIAMI, Fla.—Feminine America will wear satin on the sands, beach pajamas modeled after dinner gowns, much fringe on its evening frocks, and printed alpaca for spectator sports this summer, according to the dictates of the annual Sunshine Fashion Show.

More than 2,500 feminine fans gathered in the Roney Plaza Cabana Sun Club palm gardens to see the last word in 1935 summer styles.

High notes of the beach styles were satin and lace lastex swim suits, the Tahitian ensemble, the Seminole Indian suit, dressmaker bathing suits, three-quarter length pajamas and bath towel coats with monks' hoods for sun protection.

Cabana Dress

The cabana dress of the new Shantung line, was seen for the first time here. Styled like a summer evening frock, the dress definitely introduced the picturesque note into beach wear.

Periwinkle blue, wearing the modernized name of Iris, led the color parade in popularity.

One frock for active sports wear was composed entirely of imported scarves, fringed around the neck and at the bottom. Several more luxuriously typed spectator sports ensembles were trimmed with fur dyed to match their wadded shades.

Evening Fashions

Evening wear fashions apparently are mindful that variety is the spice of a successful season and models developed the widest range in many years. There were taffeta and chiffon gowns that might have been worn by ladies in waiting at the courts of Europe.

There were printed silks as severely tailored as a shirtwaist frock. There were brilliant starred chiffon gowns and beffuffed net dresses. An amusing frock of peach colored lace had a tucked vestee, a boyishly round collar and wee bow tie of black grosgrain.

One of the most interesting gowns was of gray chiffon over accordion-pleated chateauise chiffon and was accented with sapphire bracelets and clips.

NIMROD

The rain pattering on the roof is a pleasant sound and will be beneficial to farmers.

Mr. and Mrs. W. R. Bell and daughters Betty Fay and Mary Louise of Abilene, spent the weekend with her parents, Mr. and Mrs. Ed Townsend.

Miss Velva Fay Munn of Cisco visited Misses Lois June and Martha Luverne Allen Friday night.

Rev. and Mrs. Mart Agnew of Cisco visited in our community Sunday afternoon.

Carl Richardson of Rising Star visited his sister, Mrs. L. D. Stanford, Jr., Sunday.

Mr. and Mrs. W. L. McCorkle and small son, Wayne, spent Sunday with Mr. and Mrs. Herman Harrelson.

Mrs. Dottie Marshall and daughter of Lorraine visited her parents, Mr. and Mrs. A. B. Hall the first of the week.

Mr. and Mrs. Ragnall Compton and family of Cisco have moved to the L. C. Meadows farm.

Mr. and Mrs. A. N. Searly, Mr. and Mrs. Tillie Gardner and Mrs. McLasiter of Rising Star visited Mr. and Mrs. Bill Burkett Sunday.

Mrs. Hubert Sullivan and baby are slowly recovering from a car accident in which the front door of their car came open and they fell out, the car dragging them about 50 yards at the rate of about 40 miles per hour. Mrs. Sullivan was badly bruised and the baby's leg was broken.

Little Madeline Notgrass still continues to go to a doctor each day to have her arm treated after getting it in the wringer of a washing machine.

Bill Hall had his tonsils removed Tuesday. Joe Allen is substituting on the mail route.

Mrs. Lillie Perdue and Miss Carrie Bell Perdue of Cisco visited relatives here Saturday.

L. D. Stanford transacted business in Cisco Wednesday.

Chief Shot Straight; Movies Were Wrong

CLEVELAND.—"If you want to shoot a guy's hat off," said Police Chief Bert Tilson, of suburban Shaker Heights, "aint at his shoestrings."

"Okay," said Chief Herbert Giesler of Beachwood, another suburb. "I gotcha. Keep your eye on the bulls-eye!"

Chief Giesler had come over to the Shaker Heights city hall for a bit of target practice with Chief Tilson. They were trying out the Shaker police department's new sub-machine gun.

"I've never shot a machine gun before," said Chief Giesler. "But I know how to do it. I've seen these guys in the movies." He loaded a belt of cartridges, pulled back for a full automatic blast.

One bullet crashed into the wall where the bull's tail might have been and the rest of the slugs tore through the asbestos covering on the steam pipes running along under the ceiling overhead. Dust fell for five minutes.

"Now," said charged Chief Giesler, "that guy I saw in the movies—"

CUB NAMED REPORTER

CLEVELAND, O.—Omar Ranney, Cleveland newspaper reporter, has had a leopard cub named for him. Parks Director A. J. Kurdzial named the "boy" leopard Omar because Ranney had written so many news stories on development of the Cleveland Zoo.

Capt. Curley Wilson, zoo superintendent, had to wait eight days to find out the sex of the cub. Mother leopards, he explained, are likely to kill their young if disturbed too soon following birth.

BUILDS LONG AIR ROUTE

OTTAWA, Ont.—The longest transcontinental airway in the world is now under construction in Canada. From Halifax to Vancouver, 3,108 miles, a chain of

landing fields are nearing completion. Approximately 114 landing fields, exclusive of municipal airports, or one field to every 25 miles will comprise the route which will bring the Pacific coast within 25 hours by air from the Atlantic seaboard.

Madrid-Paris Airline Will Start May 15th

By LESTER ZIFFREN
United Press Staff Correspondent

MADRID.—The inauguration of the projected Madrid Paris airline, scheduled for May 15, literally will remove Spain from its isolated position in western Europe.

Up to now Madrid's communication with western and central Europe was confined to a 24-hour railroad trip to Paris, while Madrid and Barcelona were connected with southern Europe by an aerial line to Rome.

The new airline will leave Paris only four hours from Madrid, instead of 24.

Fourteen passenger Douglas

planes, each carrying a pilot, mechanic and radio operator, will leave Madrid daily at 7:30 a. m. and arrive in Paris at 11:40 a. m. The return plane will leave from Paris at 3:40 p. m. and reach Madrid at 6:50 p. m., thus permitting business men almost a full four hours between planes to transact their affairs in Paris and be able to return to Madrid before evening.

Airplane connections will permit persons leaving Madrid in the morning to reach London, Berlin,

Amsterdam, Bern, or Warsaw on the same day.

The new airline also will carry mail.

The route will be operated by the Spanish Aerial Postal Lines, now maintaining service from Madrid to Barcelona, Valencia, Seville, The Spanish line, the present management, had a single accident in a forced landing. A branch line from Seville to the Canary Islands and one from Barcelona to Palma, Mallorca, also are maintained.

Jury Helps Member Milk His 50 Cows

MT. STERLING, Ky.—Judge D. B. Caudill was in favor of excusing Clayton Ramey from jury duty in a murder trial here because Ramey told the court he had "50 cows to milk at home and no one to help."

Counsel for both sides objected. Judge Caudill took the matter into his own hands. He instructed Sheriff Josh Owings to take the entire panel of 12 to the Ramey farm, where the jurors helped Ramey with his milking.

Jailbirds Break Too Many Windows

AMARILLO, Texas.—Prisoners in the Potter county jail broke the windows so often that an insurance company asked to be relieved from a policy insuring them.

The cost of repeatedly replacing the windows was more than the company could stand, an official said.

There's much ado over the nine-year sleep of a man in Springfield, Mass., who can still eat, drink, and smoke. What's unusual about that? Aren't so many of us?

Will Rogers To Top Week's Film Feature

ROSLITICIAN IN REAL LIFE AND IN FILM

His Latest Film "The County Chairman" Is Right Down His Alley.

Will Rogers is non-partisan; likewise non-sectarian, also neutral in many other things. The famous comedian, writing for so many newspapers of opposite political complexion, takes a middle-of-the-road course, and steers straight. He never takes sides and is proud of his neutrality.

Rogers has laid claim to being a Democrat, but always in a more or less whimsical vein, so nobody has ever been able to put the political finger on him.

One of the times when he confessed to being a Democrat was the occasion of the premiere of Fox Film's "The Big Trail" at the Chinese theatre in Hollywood, where, in introducing the late Governor Rolph, guest of honor, to the audience, Rogers described him as California's outstanding Republican, adding: "So far as I'm concerned, I'm not a member of any political organization. I'm a Democrat."

This sally drew a big laugh. It went over much better at that time than it might have done following the recent election.

Rogers, in his writings, on radio broadcasts and in public speeches, ribs all political parties, but always in a jocular vein. He is the friend of all big men of the two major political organizations and regularly visits the White House. No matter who occupies it, he has always been welcome.

In his latest Fox Film production, "The County Chairman," which will arrive at the Arcadia Theatre on Saturday, Rogers portrays the title role, but it is never revealed of which party he is the chairman.

The cast supporting the star is an unusually large and notable one, including Louise Dresser, Evelyn Venable, Kent Taylor, Bertou Churchill, Stepin Fetchit, Frank Melton, Charles Middleton, Jan Duggan, Mickey Rooney, Russell Simpson, William V. Mong and Gay Seabrook.

STRAWN

Mmes. J. T. Disharoon and Sadie Davidson spent Monday in Caddo.

Mr. and Mrs. Joe Schmerber spent the week-end with Mrs. Schmerber's parents, Mr. and Mrs. Miller Thomas. Mrs. Thomas returned to Fort Worth with them for a visit.

Miss Mooreen Tucker is visiting in Albany.

Miss Gertrude Craddock who is attending Brantley-Draughn business college in Abilene visited here last week.

Miss Bernice Croom has returned to Marlin.

Miss Caroline Heatherington spent the week-end in Strawn and Eastland.

Mr. and Mrs. Will Carlyle were Stephenville shoppers last Thursday.

Mmes. Frank Conn and Will Creighton were Fort Worth visitors Sunday.

Mr. and Mrs. O. M. Hurst and Mr. and Mrs. J. W. McCorkle visited their niece, Mrs. Charles Kahn in Fort Worth Sunday.

Miss Lorene Hodges is visiting her sister, Mrs. Albert Howard in Ellaville.

Frank Tucker, who is employed in Hedley, is visiting his family.

Miss Adelaide Smythe is visiting in Longview.

Mountain School News

The recent rains have been beneficial to the farmers and stockmen in several ways. Surface tanks are full of water and farm work is going on with many people plowing and planting corn during this month.

Mrs. Lizzie Askew, who has been sick for several weeks, is improving and her many friends hope for to be up soon.

Some of the ranchmen of this section are planning to feed their excess feed to cattle for the market. Owing to the light winter it has taken much less feed for range cattle than had been expected.

A. King of Desdemona visited Mr. and Mrs. F. D. Hogg Sunday.

Mrs. P. D. Hogg has been confined to her bed but not dangerously ill, for several days.

Chester Dobbins visited his grandfather, F. W. Tanner, at the Davis community Sunday.

The project in this community is being worked and much need-

BEST BABY KISSER IN THE COUNTY

Will Rogers has one of the finest and most flavorful roles of his career in Fox Film's "The County Chairman," a grand and glorious version of the famous George Ade comedy. In featured roles, Evelyn Venable and Kent Taylor take care of the romantic assignment while Louise Dresser and Mickey Rooney lend further support to the best-loved star of the American screen. Showing at the Arcadia Saturday and Sunday.

REX, RUTH AND BUZZ

The big thrills in gunfire, a straight-shooting and hard-hitting picture coming to the Columbia Theatre Saturday.

work at the school building is done.

The trustees of this community have passed a resolution adjusting delinquent school taxes, if such adjustment can be made during this year. This is done to relieve the burden of delinquent taxes as well as to make it possible to provide equipment for the school. Those who come within the scope of this resolution are requested to see some of the trustees or the teacher.

UNITY

Mr. and Mrs. Orville Parsons of Ellaville have announced to their friends here the arrival of a baby girl, Delphine, in their home Friday, Jan. 25th.

Our little community was saddened Sunday afternoon when the news came from Carlsbad that Mrs. Henry Tate had passed away. Mrs. Tate was reared in this community and was before her marriage Miss Teulah Christian. She is survived by her husband, three children, mother, Mrs. Monte of Tanager; three sisters, Mrs. Ben Doris of Ranger, Mrs. Mannie Woolly of Strawn and Mrs. Leila Lowe of Huckabay. The family has the profound sympathy of their friends here in the loss of their loved one.

We are glad to report Mrs. Nannie Davis is improving after being ill several days with the flu.

M. N. Singleton has been suffering for several days with his ears, but is improving since receiving treatment in Ranger.

Judge and Mrs. W. J. Oxford, Mrs. Bernice Ross and Mrs. McMillan of Stephenville, were here part of last week at the bedside of their sister, Mrs. Nannie Davis, who has been very ill.

Mr. and Mrs. James Hoggus and children Milabeth and Caroline of Eastland spent the week-end in the home of her sister, Mrs. J. W. Minnick and family.

Mr. and Mrs. Willis Blackwell and children of Ranger were week-end visitors in the home of her parents, Mr. and Mrs. George Cox.

Mr. and Mrs. Bill Parsons and children of Lone Camp visited friends here Sunday.

Miss Hermie Singleton of Breckenridge spent the week-end with home folks.

Mr. and Mrs. J. W. Campbell and little daughter, Tommie Ann of Liberty, spent Wednesday in the home of Mr. and Mrs. Elbert Bright.

Mr. and Mrs. Al Moody and little daughter Juanita and Jack,

Mr. and Mrs. D. F. McAlister and family.

Dean Wiley who is stationed in the CCC camp at Meridian, spent the week-end with home folks.

Mrs. T. E. Hale is spending the week at Thurber in the home of her daughter, Mrs. Mabel Foster and Mrs. Bill Havens.

SALEM

Bro. Smith of Eastland filled his regular appointment here Saturday night and Sunday.

Melvin Honville, Hubert Rainey, Mr. Tom Rainey were in Eastland Monday.

Mr. and Mrs. Winters of Desdemona visited E. H. Redwine Monday. Mr. Winters and Earl Redwine carried Bro. Smith home Monday morning.

Zelvin Fonville was in Ranger Friday on business.

Mr. and Mrs. John Ivy of Ranger visited her parents Sunday, Mr. and Mrs. W. H. Sparger.

Mr. Crend Wisdom of Crowell visited his brother Will Wisdom who has been ill for several days.

Henry Varner of Slaton has begun working for Tobe Griffin. Beatrice White of Ranger visited her sister Mrs. Roy Watson over the week-end.

Jess L. Hughes has been ill with the flu this week.

Bro. Smith was a Sunday guest at the Roy Dunlap home.

Mr. and Mrs. Wesley Dunlap of Mangum visited Sunday in the home of his brother, Roy Dunlap.

Carl and Bonnie Fay Highsmith have been ill with the flu. W. H. parger was in Lowell on Business Tuesday.

Mr. and Mrs. Hubert Rainey

spent Saturday and Sunday with his parents Mrs. Tom Rainey.

Mr. and Mrs. Cicero Mahan were Monday evening visitors with Mr. and Mrs. Earl Redwine.

Mr. and Mrs. Carl Perrin attended singing at Alameda Sunday evening.

Mr. and Mrs. Jep Bowles spent Sunday with her sister, Mr. and Mrs. Ila Redwine.

John Camron and family spent Sunday with W. H. Sparger and family.

Mrs. Winters of Desdemona visited Mrs. Earl Redwine Saturday.

Della Rogers has been ill with the flu this week.

Mr. and Mrs. Cicero Mahan visited Mr. and Mrs. Ila Redwine Tuesday night.

Mrs. Zelvin Fonville visited her parents, Mr. and Mrs. Tom Rainey, Sunday and Monday.

Mrs. Jess L. Hughes who has been visiting her daughter, whose baby had pneumonia, has returned home.

Mrs. Ray Dunlap and Mrs. E. H. Redwine drove down to Desdemona on business Tuesday.

Jessie Bowles visited his aunt, Mrs. V. C. Wayland, at Jake Hammond Friday night.

Mr. and Mrs. W. H. Sparger motored up to Ranger Monday to visit their daughter Mrs. Zela Perrin who has been ill for several days.

Grammie Lee has been ill for several days.

Earl and Ila Redwine drove down to Desdemona Wednesday.

Mr. Wisdom who has been ill for several days is improving.

Bartloe Cameron visited Juanita McGaha last week-end.

WAYLAND

Sunday afternoon Miss Moseley's Sunday school class and Mr. and Mrs. Ransdell went to Butler Springs kodaking.

Mr. and Mrs. Cooper and son, J. W., visited their daughter, Mrs. Dave Weggley, Sunday.

Sunday Mr. and Mrs. Peacock drove to Woodson to see his mother.

Joyce Satterwhite of Breckenridge was the guest of Weldon Head Sunday.

Miss Pat Cooper was a Breckenridge visitor Sunday.

Mr. and Mrs. W. R. Dunlap of Breckenridge were here Wednesday in the interest of their mattress factory.

Miss Zonell Price, Miss Nell Sikes of Breckenridge were Wayland visitors Monday.

Tom Lauderdale is on the sick list.

Miss Gentry drove up to Breckenridge Tuesday evening.

A large crowd enjoyed a musical

WHO IS "MENACE"?

An eerie scene from Paramount's mystery-thriller, "Menace," coming Sunday to the Columbia Theatre, shows Halliwell Robbes, Henrietta Crossman and John Lodge, featured in the cast headed by Gertrude Michael and Paul Cavanagh. Directed by Ralph Murphy, "Menace" tells the story of three innocent people, pursued over the world by a maniac, who face their vengeful pursuer in a hill-top house in California. One of their number falls victim, before the killer is revealed in a thrilling climax.

Ohio Man's Onions Know Their Weather

WESTERVILLE, O. — Charles F. Rankey, 3-year-old retired farmer of Westerville, knows his onions—and thereby lies his uncanny ability for forecasting weather a year in advance.

Rankey's formula is: "I take an onion—three inches across—peel out 12 of the cups and set them in a row east to west. Then I place a teaspoonful of salt in each cup at midnight, New Year's Eve, allowing them to lie undisturbed for 12 hours, each hour representing a month.

"When noon comes around the condition of the onion cups indicates the type of weather we will

have throughout the year, each cup representing a month.

"A dry cup forecasts a dry month, a damp cup crusting the soil a month of moderate rainfall, and one in which water gathers reveals a heavy rainfall."

Claims Mouse Found In Bottled Drink

WICHITA FALLS, Tex.—E. J. Morse, Wichita Falls, filed suit against a bottling company because a drink he purchased contained a full grown mouse.

Morse says in the petition that he had consumed half of the drink before he felt something touch his lips. He investigated and found the mouse. He is asking \$950 damages.

OIL MEN URGE PASSAGE OF CONNALLY BILL

DALLAS, Feb. 7. — Sixteen prominent East Texas oil men will leave by airplane today for Washington where they will present their plea that congress adopt at once the Connally hot oil bill.

A strong resolution directed to Rep. Sam Rayburn, chairman of the Interstate and Foreign Commerce committee and Chairman Cole of the Congressional subcommittee considering the bill was drawn up by the oil men at their meeting here yesterday.

The resolution pointed out much of the oil would be thrown on the market unless Connally bill prohibiting shipment of unrefined oil was given consideration.

New Treaty May Aid Commerce of U. S.-Germany

LEIPZIG.—Negotiations for a new commercial treaty between the United States and Germany are underway, and may prove extremely important to both countries.

Dr. Raimund Kohler, president of the Leipzig Fair, and one of the leading economists of Germany said, "There is every indication that 1935 will see the commencement of a new era in the trade relations between Germany and the United States. The principles on which the treaty of 1925 were based no longer are applicable. Trade relations between the two countries cannot be carried on in the former style."

Similar Methods

In recent years the methods by which the two countries conduct their business affairs have become similar. Formerly the United States held the principles of reciprocity insisting on a quid pro quo for every concession made to her treaty partner.

"At the present moment Germany finds it advantageous to change over to the principle of reciprocity, and it is a lucky coincidence that the United States is making preparations for the liquidation of the most favored nations treatment. Commercial treaties concluded under present conditions can lead to far more efficient results than 20 years ago. Present day treaties now can make provisions for the supply of large quotas of raw materials, or for the maintenance of certain price levels."

New Era

"The first results of the new era may manifest themselves at the Leipzig Fair, which has adapted itself to the changed conditions. The trade relations between Germany and the United States have resisted successfully the difficulties of recent years. We are justified in anticipating an important increase in the near future. Both countries are highly industrialized, but while Germany lacks many indispensable raw materials the United States produces them in great abundance. It is therefore, but natural that efforts will be made for the mutual interchange of semi-finished and manufactured articles."

Zoo Duck Frozen in Park Pond

FORT WORTH.—Gluck-Gluck, the pet duck in Forest park zoo, has a terrible time in the winter.

Twice since cold weather started he has been found frozen into the ice on his pond. A good thaw restores him to his quacking normal.

TWO EAGLES FOUND IN OHIO

HILLSBORO, O.—Two golden eagles, each measuring nearly eight feet from wing to wing, were found recently in a trap set for hawks, the other was found injured in a field.

Strawn, Texas

Narcotics Agent Is Killed At Lubbock

LUBBOCK, Feb. 7. — Spencer Stafford federal narcotics agent from Fort Worth, was shot and wounded fatally at Post today.

Sheriff W. F. Cato of Garza county who surrendered following the shooting, said he fired in self defense. He was charged with murder.

The shooting occurred in front of a hospital near the Post business district.

Stafford and V. C. McCullough of Dallas, agents of the narcotics division of the federal treasury department were in Post investigating reports of narcotic traffic in this area.

Stafford was shot twice through the heart, twice in the chest, once in the abdomen, in the right hand and forearm. An inquest was set for this afternoon.

Weather Blamed But Fire Caused Heat

FORT WORTH, Tex.—"This Texas weather is certainly changeable," H. D. Helman muttered as he kicked off a second quilt in his hotel room here.

Then he smelled smoke, became wide awake, and found the wall paper on fire.

STATE CLAIMS STALCUP WAS TRIGGER MAN

LUBBOCK, Feb. 7.—The state called more witnesses today to prove its contention that Virgil Stalcup fired the shot that killed Sheriff W. B. Arthur of Dickens county during a jailbreak several months ago.

Already in the record was the testimony of two inmates of the jail that they saw a pistol in Stalcup's hands immediately after the sheriff was killed.

Clarence Brown, Stalcup's companion, also is charged with murder in connection with the sheriff's death. They were recaptured after the killing.

50 Million Cans of Beef Are Put Up

AUSTIN, Tex.—Fifty million cans of Texas beef have gone to relieve suffering this winter, state relief officials report. The state's 22 relief canneries processed more beef than those of all other states combined.

Four hundred thousand cattle were slaughtered and their canning gave work to 20,000 or 30,000 relief clients.

MUNITIONS HEARING

CLEVELAND.—A dramatization of the Senate munitions hearing was given following a dinner in a church here, by the Rostrum, political science group of Western Reserve University. Professor William A. D. Millson directed.

HATCHET BRINGS DEATH

MANSEFIELD, O.—Horrible death came to Erwin S. Stephens, who died from injuries suffered when a hatchet fell on his head from a derrick under which he was working. The blade caused an eight-inch gash in Stephens' skull.

FLAX SENT TO ITALY

SALEM, Ore.—Flax tow, grown in Oregon and processed at the state penitentiary, is now being exported to Italy. Sale of 115 tons was recently made to Italian firms by William Elmsig, state purchasing agent.

WHISKEY AIDED BUS DRIVER

LAWRENCE, Mass.—The Everett Square bus arrived on schedule—thanks to a bottle of whiskey. The bus windshield became coated with ice and it hampered the progress. A passenger took his bottle of whiskey and he washed the windshield with it a few times. The bus load proceeded with a clear view.

FISCH'S BEST FRIEND TAKES WITNESS STAND

FLEMINGTON, Feb. 7.—Henry Uhlig, who was leader Fisch's "best friend in America" today began a recital of the activities of Fisch, which the defense hopes will clear Bruno Hauptmann of the murder.

Uhlig was on the stand only a few minutes before the noon recess interrupted his story of a trip to Germany he made with the "poverty stricken fur-buyer."

Fisch died in Germany, four months after he and Uhlig arrived. Uhlig testified to various enterprises including a pie business in which Fisch had a hand.

Hauptmann, who insists Fisch left a shoebox with him containing the ransom money, later found in his garage, looks to Uhlig to prove his statement that Fisch had all the ransom money in 1932.

The witness remarked that Fisch had a "very bad cough" in 1932. Dr. John Condon described the man who negotiated with him for the ransom as having a cough.

Fisch borrowed large sums from his friends to use in various business enterprises, the defense showed.

The evidence was used to support Hauptmann's assertion that he too, lent Fisch considerable money and Fisch owed him \$7,500 when he left for Germany.

INLEAD ROLE

"BEHOLD MY WIFE!"

Gene Raymond, blonde screen star, appears in the leading romantic role opposite Sylvia Sydney, star of Paramount's "Behold My Wife." The picture, produced by B. P. Schulberg, comes Monday and Tuesday to the Arcadia Theatre.

Just a Bit Personal

Mrs. W. N. McGlothlin has been very ill with the flu at her home for the past two weeks, but has been doing better.

M. B. Lamb of Pottsville, who has been visiting relatives in Ranger, has returned to his home today.

Mr. Bill Smoot of Coleman is removing his baby from the West Texas Clinic today as it is improving nicely.

Gordon Alexander has returned from Kilgore where he went in search of work.

Mrs. Faye Brooks was surprised at her home with a miscellaneous shower yesterday. Those present at this delightful affair were: Mrs. Faye Brooks, Elizabeth Shirley, Alta Faye Moseley, Jewel White, Henrietta Goes, Ora Mae McGee, Velma Brown, Norma and Viola Rose. Mrs. Brooks thanked those sincerely for the many gifts that had been given her. A good time was enjoyed by all.

Mr. Lee Ballew, Mrs. Annie Dunn and Mrs. Ella Anderson of Abilene visited with relatives in Ranger Sunday.

Word has been received in Ranger that Mrs. Griffice, formerly of Ranger, who left in January for the T. B. sanatorium, is improving very rapidly.

Mrs. Jewel Tibbels of Monahans is visiting her parents, Mr. and Mrs. Harry Smith in Ranger.

Lloyd Caraway has returned from Tyler where he was visiting his parents, Mr. and Mrs. W. O. Caraway, formerly of Ranger.

Mrs. Leonie Herring is reported by attendants at the City County Hospital, as seriously ill with pneumonia. Friends are sincerely interested in an immediate improvement in condition.

MARTHA RANSOM OF FLEMINGTON

ANDOVER, Mass.—Flemington, N. J., made famous by the trial of Bruno Richard Hauptmann on charges of kidnaping and murdering Charles Augustus Lindbergh, Jr., is represented at Abbot Academy by a girl whose name is Martha Ransom.

SIRENS FAMED

SAUCK CITY, Wis.—Theodore Decot, former blacksmith and automobile repairman, manufactures and sells fire-sirens known the world over for their shrillness. Decot who also is an inventor, perfected an ordinary siren and secured a patent for it. His siren incorporates the use of a high tone drum and a low tone drum, giving it acoustical perfection. The high tone is for carrying qualities. The siren can be heard for an amazing distance. The low tone is to warn people in the immediate vicinity.

FENCE ATTRACTS VISITORS

DOYLESTOWN, Wis.—A novel fence, 110 feet long made of cement arches studded with bits of broken glass, shiny metal, cracked teacups and other glittering gadgets, attracts scores of motorists to the home of Fred Baeldorf, Doylestown stonemason. The Baeldorf family, when unoccupied with other duties, solicits colored bottles and broken glass from neighbors and continually adds to the heterogeneous fence.

Railroads are putting on faster and faster trains until some day they'll succeed in beating the automobiles to the crossing.

BEING STINGY

The stingiest man we know of is one that gets married to dodge the income tax. It isn't stringiness to get your auto repaired for the least money possible, but it is real economy to get it done at a reputable repair shop who will stand back of their work. We guarantee every job we do and stand back of it.

No Captain Is As Yet Selected For Ranger Guard Unit

Major E. V. Hardwick of Stamford, major in the Texas National Guard, was in Ranger Tuesday night to attend the weekly drill of Company I, and remained over Wednesday to interview applicants for the post of captain of the company, which is to be vacated by Capt. Wayne C. Hickey.

Captain Hickey sent in his written resignation, to take effect as soon after March 1 as he is relieved, and there are a number of reserve officers in Ranger who are capable of filling the position in the company which he has held since its organization several years ago.

No announcement was made by Major Hardwick while in Ranger as to who is likely to be named as company commander, nor was any announcement made as to when the final selection would be made.

Upon appointment of the new captain Captain Hickey will be checked out of active service in the National Guard and the new company commander will assume his duties immediately.

Two Nations Stand Pat On Decision On Armaments

PARIS, Feb. 7.—France and Great Britain stood pat today on their decision that Germany must make the first move toward negotiations on rearmament and formation of an aerial defense league.

Roland Koester, German ambassador, left for Berlin yesterday to report to Adolf Hitler and it was believed Hitler would seek reports from other ambassadors.

French and British leaders hoped Hitler would submit to them a counter proposal to the French-British agreement outlining his objections and making suggestions for changes.

Panhandle Waste of Gas Blamed For Bad Business

AUSTIN, Feb. 7.—Waste of gas in the Panhandle has acted unfavorably on general business condition, a half dozen witnesses told a house committee last night.

It was estimated only six cents is saved out of every dollar's worth of gas blown into the air.

Other witnesses testified a disturbance in property values and other lines of business which they attributed to gas wastage.

Hi-Y Club Takes In New Members

The Hi-Y met at a very important meeting Tuesday night, Feb. 5. Three new members were lectured into the club. They are: Jack Palmer, Maurice Agnew and Fred Reese.

President Barefield Thomas said that the club would have a new club room in the High School Building by the next meeting. He also stated that Mr. J. L. Turpin, principal of Young school has been asked to be sponsor of the club with Mr. R. Ringold.

A committee was appointed by Mr. Ringold to make a new constitution. Robert Ray Herring, Dan Milmo, and W. B. Crow.

WORRIES FOR ANNOUNCER DETROIT.—Frank Sczapaniak will probably be the curse of the radio announcers next football season. He is going to play tackle for Michigan State.

DEAN LAW TO BE TESTED IN DALHART CT.

DALHART, Tex., Feb. 7.—Texas' prohibition statute, the Dean law, will be attacked as unconstitutional in two cases coming up in district court this spring, it was said today by Art Schlofman, Dalhart lawyer.

The law will be challenged on the ground that proper publication was not made before it was voted upon throughout the state.

Schlofman, whose firm is handling the cases, said the Texas constitution required that proposed amendments be published three months before voted upon, and he contends, such publication was not made in all the 254 counties in the state.

Ohio Potteries On A Business Boom

SALEM, O.—Potteries in this eastern Ohio ceramic section are running at capacity production, with potteries in four cities sharing orders amounting to \$4,000,000. The cities are East Palestine, East Liverpool, Salem and Wellsville.

More than \$1,000,000 in orders are in the East Liverpool sector alone. A 25 to 30 per cent increase in business this year over last is anticipated in the entire area.

A large portion of the orders received by potteries were obtained at the 55th annual trade exhibit of the Pottery and Glass Manufacturers' Association, in Pittsburgh.

Returned To Die But Is Getting Well

DALLAS, Tex.—Mrs. Elvira M. Townsend, wife of a Presbyterian missionary to Mexico, who was suffering from heart disease, came to Dallas to die because the laws there "forbid a Christian burial."

Physicians here, however, assured her she was in no immediate danger of dying and promised her she could return to Mexico in a few weeks.

GOVERNMENT IS PREPARED FOR GOLD DECISION

WASHINGTON, Feb. 7.—After conferences with Secretary of Treasury Henry Morgenthau, Jr. and other officials, Attorney General Homer Cummings announced today the government would be ready "for any emergency" in connection with the supreme court's gold decision.

Since the gold cases were argued before the high court, Cummings has held conferences with Roosevelt, Morgenthau and others concerning steps to be taken by the government should the supreme court decision be adverse.

At his press conference today Cummings said "we are ready for any emergency."

PENN IN HALL OF FAME HARRISBURG, Pa.—The Historical Society of Pennsylvania has launched a movement to elect William Penn to the Hall of Fame at New York University. Nomination of Penn will be made before March 15 and the elections will be announced in the fall.

A bill in Oklahoma would tax bachelors who are over 28. So you see, women, have more influence in politics than you may think.

Miami Enjoys Boom Rivaling The Days of 1926

MIAMI, Fla.—Not since the boom days of 1926 has Miami enjoyed such a record flow of tourists, according to Mayor E. G. Sewell. The hotels, railroads and steamship lines, travel agencies and business houses report an increase of over 30 per cent above last year, which was then an all-time record, according to Sewell.

This exceeds by nearly 50 per cent the volume of tourist traffic during the boom days of 1925-26. The city's record of close to one million and a half visitors in 1934 brings America's fourth largest industry, the tourist business, back to its normal rating, Sewell said.

Housing Survey Miami has just completed a survey of housing and living conditions, the Mayor said, which shows that there still can be accommodated another 50,000 visitors without any material congestion.

It showed thousands of rooms in well appointed apartment houses and private residences as low as \$7 weekly, and in many hotels from \$2 to \$5 daily, according to Sewell. He said Miami can accommodate 150,000 visitors at one time.

"There is no reason why a winter visitor in Miami cannot find what he wants in the way of living accommodations and at a price he wants to pay if he will only look around and do some shopping," Mayor Sewell said. "We have more modern priced hotels and apartment houses than any other winter resort city in the United States."

Plenty of Room "Miami is well able to take care of all its guests this winter. A great majority of Florida's visitors are coming on a ten day to two week trip which gives Miami a quicker turn-over in tourist travel than ever before. Fifty per cent of our tourists are coming by automobile, spending a week here, five days touring the rest of the state, and the other three days or so en route."

"Current rumors in the North that Miami's prices are sky-high are not true. Our rates are not per cent less than they were in 1928-29 and 75 per cent less than they were in 1925. The increase in rates over last season averages around ten per cent, an increase that is due to rising prices under government codes in all directions."

A law is being sought in Germany to prevent hunters from telling tall tales of their adventures. Those Germans take everything so seriously.

WASH OUT 15 MILES OF KIDNEY TUBES

Win Back Pop...Vigor...Vitality

Medical authorities agree that your kidneys contain 15 MILES of tiny tubes or filters which help to purify the blood and keep you healthy.

If you have trouble with too frequent bladder passages with scanty amount, burning and discomfort, the 15 MILES of kidney tubes need washing out. The danger signal may be the beginning of nagging headache, leg pains, loss of pep and vitality, getting up nights, swollen ankles, feet and ankles, rheumatic pains and dizziness. If kidneys don't empty 3 times every day and get rid of 4 pounds of waste matter, your body will take up these poisons causing serious trouble. It may knock you out and lay you up for many months. Don't wait. Ask your druggist for DOAN'S KIDNEY PILLS...which has been proven successfully by millions of kidney sufferers for over 40 years. They give quick relief and will help to wash out the 15 miles of kidney tubes.

But don't take any other pills with strong drugs or so-called "kidney pills" that claim to do anything in 14 minutes. They may contain opium and irritate delicate tissues. Insist on DOAN'S PILLS...the old reliable remedy that contains no "drugs" or habit-forming drugs. Be sure you get DOAN'S PILLS at your druggist. © 1934, Foster-McBride Co.

Young People of Presbyterian Church To Have Services

The Young People's Service at the First Presbyterian church always attracts attention. Next Sunday, 7:30 p. m., will show the devotion of the participants, to Christ and the church. Come and hear them.

ARE YOU MISERABLE?

IF your day begins with headache, headache or periodic pains, you need the tonic effect of Dr. Pierce's Favorite Prescription.

We Sing." Invocation and Lord's Prayer, the pastor. "Theme and Purpose of the Meeting," by the leader. Scripture lesson. Hymn, "Now In the Days of Youth."

FRIDAY ONLY

Ramon Novarro

Leading man in "The Night Is Young" Friday only at the Araciad Theatre.

Nation Surveys The First Year of

By RICHARD L. GRIDLEY United Press Staff Correspondent WASHINGTON. — Further monetary experimentation by the federal government was considered remote today as administration officials sought to gauge the economic results of devaluation of the gold dollar a year ago today.

At 3:10 p. m. Jan. 31, 1934, President Roosevelt dramatically affixed his signature to an order reducing the content of the gold dollar to 15 5-21 grains from 25.8 grains nine-tenths fine.

The effect of this order was to replace the American dollar on an international gold bullion standard at 59.06 per cent of the content that had been in effect for more than a generation.

Two weeks later the Gold Reserve Act of 1934 was passed by Congress and President Roosevelt immediately decreed the devaluation of the dollar as 15 5-21 grains of gold nine-tenths fine.

Results of the first year of devaluation are difficult to gauge with various groups of citizens taking opposite views. Inflationists said the government did not devalue far enough to raise prices; conservative interests were dissatisfied while the administration itself claimed wide benefits.

Commodity Prices Commodity prices in the entire period of administration monetary legislation rose only 28 per cent from March, 1933, to October, 1934, and business activity approximately the same per cent.

The hoped for effect of the dollar devaluation was that the 70 per cent rise in the price of gold would bring a 70 per cent rise in commodity prices.

With the \$2,811,000,000 "profit" arising from the reduction of the gold content of the dollar, the federal government set up a 2,000,000,000 Exchange Stabilization Fund. A \$200,000,000 portion of this fund has been in operation for nearly a year in "pegging" the dollar at its new value in the world markets and in pursuing the government's silver purchase program.

Because of the apparent stability of the dollar at its new gold content and the unlimited \$35 per ounce buy and sell price placed on gold by the United States, a huge influx of gold to the United States followed the devaluation. But the dollar was kept on an even keel.

Treasury Gold Written Up Gold held by the treasury was written up to around \$7,000,000,000 following devaluation and about 2,250,000,000 of additional gold was attracted to this country over the past year from foreign countries.

Financial and business interests are now anxiously awaiting further revelation of the administration's ultimate monetary objectives, so far only vaguely mapped by President Roosevelt. Congressional agitation for "cheaper" money in the hope of higher commodity prices will likely play an important part in the development of the ultimate policy.

So far as can be learned, however, further important monetary experimentation legislation is opposed by the administration, and administration officials are likely to seek largely other means to raise prices than through monetary manipulation.

NOTICE! Hatchery now open. Set each Monday. Bring your eggs any Monday.

Good Roads Group To Meet In Mexico

McALLEN, Tex., Feb. 5.—A meeting of South Texas and Northeastern Mexico good roads enthusiasts will be held in Monterrey, Nuevo Leon, February 23, according to preliminary plans of the International Road committee.

Monterrey chamber of commerce and city officials are expected to confer with the border committee to make plans for the meeting.

The two groups will suggest that immediate steps be taken to construct an elevator and escaped that section of the Monterrey-Reynosa highway from Monterrey to the Nuevo Leon-Tampulipas state line, a distance of about 120 miles.

Reynosa and other border cities will be asked to guarantee maintenance of the 21 miles of highway from Reynosa to the state line until it can be permanently improved and paved. It is believed further assistance for the project can be obtained from the Mexican federal government early this year.

FALLS 200 FEET CINCINNATI.—Earl McCoy, 25, fell 200 feet with a concrete-laden construction elevator and escaped death, but was injured seriously.

RANGER WEEKLY TIMES

RANGER, TEXAS, FRIDAY, FEBRUARY 8, 1935

NUMBER 3

INDICTMENTS RETURNED ON HENRY COUPLE

Indictments were returned Friday by 91st court grand jurors against Mr. and Mrs. Raymond Henry, charged with murder in the death of H. L. McFee, Rising Star highway worker whose skeleton was found near that town Dec. 22.

No announcement was made of the true billing or no billing of M. E. Tyler, Rising Star laborer, charged with murder in the same case.

Grand jurors had been in special session since Monday.

The Henrys Saturday were at liberty under \$4,000 bond.

McFee, Rising Star highway worker, disappeared from his home on Rising Star in May, 1933. A futile search was conducted for some time.

The skeleton identified as that of McFee was found by Herman Boyman and Dean Broughton of Rising Star near that town early Saturday morning, Dec. 22.

Identification of the skeleton was definitely fixed the following day as being that of H. L. McFee. A highway tag with numbers corresponding with those given him when he was a highway worker were one of the identification certainties. Also gold fillings and other dental work was identified as the same as an Eastland dentist had done for McFee some time ago.

When found the body was suspended from a low limb of the tree by a piece of wire wrapped about the neck and tied to the limb. The upper part of the body was all intact but the feet had dropped off, carrying the shoes and trousers with them and were wadded up on the ground under the tree. A cap pulled well over the face was still on his head and the hair was still intact. The upper part of the shirt was still on the body and in the shirt pocket was found a box of aspirin and a few cigar papers.

A leather belt was still in the loops of the rotting trousers and was identified as one similar to the one worn by McFee when he disappeared.

On Dec. 27 Eastland county officers arrested Mr. and Mrs. Raymond Henry of Rising Star. Mrs. Henry is the former wife of McFee.

On Dec. 28 M. E. Tyler, Rising Star laborer, was arrested.

A verdict of death from indeterminate reasons was returned Dec. 29 at Rising Star.

Receives Two Year Suspended Sentence In District Court

Hallie Harton of Ranger, charged and indicted by a recent grand jury with theft by bailer was sentenced a two year suspended sentence in the Texas penitentiary Monday in 91st district court.

Trial by jury was waived.

If you don't think much of all this newspaper space on the Hauptmann case, news of progress in the matter against Martin In-sull recently got only three lines.

Holloway Elected As Superintendent For Another Year

At a called meeting of the trustees of the Ranger Independent School District, held Monday in the office of the secretary, R. F. Holloway was re-elected as superintendent of the Ranger schools for another year.

Mr. Holloway has served as superintendent of schools for 10 years and has made an enviable record while in Ranger.

Mrs. George Robinson was elected to take the place of Miss Theresa Powers, who was granted a leave of absence in order that she might complete her work on her degree. She will complete her university work at Texas University before returning to the Ranger schools.

School Board Has Spent \$9,024 On City Auditorium

A report made today on the work that has been done on the city auditorium and gymnasium showed that a total of \$9,024 had been expended by the school board, and that the project was rapidly nearing completion.

The expenditures were listed by E. A. Ringold, secretary of the board, as follows:

Labor, \$3,334; Steel, \$1,878; Lumber, \$1,172; Lime and cement, \$1,301; Brick, \$381; Sand, \$623; Crushed Rock, \$325; Nails, \$85; Small hardware, \$250.

The outside walls are now completed and the work of installing the flooring and the roofing is expected to be underway by Wednesday morning. The steel girders for supporting the roof are in place and after the flooring and roofing is installed only the finishing work will remain to be done.

Legion Post Is For Payment of Bonus

A telegram from the Carl Barnes Post of the American Legion, to Hon. Wright Patman, member of congress, was sent Friday by G. E. Robinson, post commander, and J. D. McKee, adjutant.

At a regular meeting of the Carl Barnes Post No. 69, Ranger, Texas, Jan. 31, 1935, the following resolution was unanimously passed, which expresses the sentiments of the members of this post in its entirety:

"Whereas, the American Legion in national assembly at Miami, Fla., went on record favoring the payment of the veterans' adjusted service compensation under a plank that it will not create any additional debt;

"Whereas, the Patman bill expresses the sentiment of the Legion members and is the only bill that carries out the mandate of the Miami convention;

"Be it resolved that we pledge you our support and are heartily in a cord with your stand as announced in today's press that the national commander, Balgrano, either support your bill or resign for the good of the Legion."

The telegram was signed by the post commander and adjutant.

GETS OLDEST SUIT OF ARMOR

TORONTO, Can.—The oldest suit of armor in the world—dating back to about 600 B. C.—has been acquired by the Royal Ontario Museum of Archaeology here. The priceless treasure is the gift of a British collector. Discovered in Lake Trasimene, Central Italy, 50 years ago, the suit is made of small bronzed scales, overlapping. The idea was taken from the scales of fish, officials of the museum say. In appearance the armor resembles an ordinary shirt, except for the overlapping scales. It is form-fitting and of great strength.

COLLEGE LIBRARY GROWS

WINTER PARK, Fla.—In the 50 years of its existence, the Rollins College library has grown at an average rate of nearly 1,000 volumes a year. The college is now celebrating its semi-centennial year. Fifty years ago the library started from scratch. Its volumes numbered two—a Bible and a dictionary. The current report of the librarian shows that the library has accumulated a total of 44,551 volumes, including government documents.

Carbon High Wins From Alameda by 107 to 7 Friday

What is regarded as the highest score amassed in a cage game in this section was totaled Friday at Eastland by Carbon High school which defeated Alameda, 107-7.

The game thrust Carbon into the semi-finals of the Class B county cage tournament to be played in Eastland Feb. 6. Finals will be played in Carbon Feb. 8.

Scorekeepers were forced to tally scores by writing numerals on the board instead of using the cards, it is reported.

Parents of Famed Quintuplets Visit City of Chicago

CHICAGO, Feb. 5.—A bewildered and excited couple were swept into a dizzy whirl of crowds, questions and cameras today as Chicago turned festive for Mr. and Mrs. Olivia Dionne, parents of the quintuplets.

The 27-year-old mother elbowed her way through passing crowds and turned seaward to her husband.

"Quelle fiule," she murmured in French. Getting her first glimpse of an American metropolis, she was complaining of so many people.

Olivia, looking like an American college boy in his camel hair coat, seemed unconscious of the crowd but was amazed by the buildings.

Fencing Pushed In New Orleans

NEW ORLEANS.—A Russian gentleman with a Brooklyn accent, a big idea and an expert knowledge of swordsmanship, intends to revive the ancient and elegant art of fencing in old New Orleans.

He is Orest Meykar, tall, dark and suave, who says he is a former Lieutenant of the Cuirassier Guards of the Tsar of Russia, former Lieutenant in the Russian White Army of Siberia; ex-Brooklyn street car conductor, and professor of fencing at the University of Minnesota.

His street car experience gave him a marked Brooklyn accent, his army experiences taught him swordsmanship, and a burning desire to impart his fencing knowledge brought him to New Orleans. And so in "Old Exchange Alley," home of 26 saloons in one block, he intends to revive the fine art of sword play.

Switching from Russian to Brooklynese as rapidly as he would parry a rapier thrust, Meykar spoke of the "old masters" and predicted a revival of fencing interest in the country.

He laughed at the setting for his "school," and said tinkling pianos and reeling drunks would cause him no bother.

Oil, Rice and Cattle Business Better

LIBERTY, Tex.—Chambers county today was making long strides as reports showed improvement in oil, rice and cattle industries.

Major oil companies have entered the county with an extensive program of testing and leasing. Oil scouts, torsion balance crews and seismograph parties closely inspected the eastern section of the county.

The rice industry, dead until completion of a canal system, has made a comeback. Additional thousands of acres were expected to be returned to cultivation for the first time in several years. Although thousands of cattle were killed by a recent blizzard along the Gulf coast, improvement of breeding was expected and better production was predicted for 1935.

New Bill Would Add To Motoring Costs

WASHINGTON.—Passage of a bill now before congress will increase motoring costs \$720,000,000 annually, the Keystone Automobile Club charges.

The measure, if passed, will boost major fuel prices on an average of five cents per gallon and call for a 10 per cent blend of alcohol with the gasoline. The blend will cut the mileage yield four per cent. Bureau of Standards tests show, and necessitate consumption of more gas.

The bill was introduced as an agency of farm relief.

The DuPonts, it seems, tested their new foolproof explosive with everything except an insane patient with a revolver.

Parents Battling To Secure a Son Doomed to Death

BUFFALO, N. Y.—Mr. and Mrs. William Pirks of Buffalo, have started a court fight for custody of their son, Norman, who is doomed to a slow death from an incurable disease.

The boy is afflicted with a disease known as progressive muscular dystrophy. Norman never has attended school and cannot read or write. He gives the impression of being a bright young boy instead of a boy almost in his teens. The disease renders muscles in the body useless, starting with the legs and gradually working upwards until the heart is affected and stops beating.

Upon the recommendation of the Children's Aid Society, a court order was issued commuting the boy to a state institution. Now, however, Mr. and Mrs. Pirks insist that if the youth is doomed to die they want him to be with them for the remaining years of his life. They have retained counsel to fight the case in court. A hearing has been set before Supreme Court Justice Clinton T. Horton.

The Children's Aid Society claims that the youth would receive care and comfort unavailable in his parents' home. The Pirks, however, insist that the boy is as happy at home as he can be with his physical ailment and should not be deprived of his mother's love and attention during the remaining years of his life.

"Unless Norman is a menace to society, it seems to me the parents should have the deciding vote, and they want to keep their child with them until he dies," the Pirks attorney said. Although not affluent, the Pirks have a sufficient income to assure the boy a comfortable existence, the attorney announced.

Payment of School Taxes Shows Local People Are Slower

E. A. Ringold, school tax collector, announced today that there were 1,650 names on the school tax rolls this year, as of Feb. 2, 1935, and that the tax renditions total \$38,000 for the year 1934. This is on valuations for the city of \$3,800,000.

On Feb. 2, a total of 127 local people had paid school taxes amounting to \$23,238, making a total of \$24,875 that had been collected on the 1934 renditions.

It was pointed out by the tax collector that though a good percentage of the school taxes had been paid, that the local people were slow in making their payments and their showing was not so good. It was expected, however, that a larger percentage of the school taxes in the next month than had made payments prior to Feb. 2.

Justice Married Man He Once Gave Fine

TERRELL, Texas.—The court's first penalty was a mere fine; the second was a sentence for life.

Several months ago a young college student came through here and was fined by Justice of the Peace Frank King for whooping it up contrary to the city's edicts of law and order.

Judge King had almost forgotten the incident until recently when an embarrassed young man knocked on his door one night.

"I—we want to be married," the youth said.

"Certainly," replied Judge King, who recognized the boy as the former malefactor. "But I warn you the consequences may be heavier than they were the last time you were here."

Taxpayers are advised to read carefully the instructions on form 1040 relating to the earned-income credit and surtax, as well as all other instructions thereon, before preparing their returns.

King Zog of Albania has failed to find an intelligent American heiress with \$1,000,000 to marry her, because he asks too much. Can't he be satisfied with the million?

Wilbur Glenn Voliva predicts we're in for a lot of trouble this year, since the world is supposed to have ended last fall.

You'll Appreciate THE SPEEDY SANITARY BARBER SERVICE AT LOVE BROS. BARBER SHOP

C. METZ HEARD OF TAYLOR COUNTY APPOINTED AGENT TO SUCCEED J. PATTERSON

Appointment of C. Metz Heald county agent to succeed J. C. Patterson was announced at Eastland Tuesday through the farm office.

Heald was transferred to Eastland county by T. B. Wood of College Station, district agent of extension service, Patterson, agent for 10 years in the county, will begin his duties as county agent in McLennan county with headquarters at Waco Feb. 15. The present Taylor county agent will assume his duties in the county Feb. 15.

Heald has been county agent in Taylor county for six years. Previous to the Taylor position he held the same position in De Witt county. His farm agent experience numbers 10 years. He is an A. and M. graduate.

Eastland Police Raids Nets City Over \$600 In Past Four Weeks

Raids made by Eastland police since Christmas have netted the city over \$600 in fines, a city official estimated Friday.

Raids made included those on the Engleman hotel, Stanley hotel and Little Queen Cafe. All businesses are on North Lamar street in Eastland.

One city commissioner stated a Ranger bootlegger who wrecked his automobile outside of Eastland was assessed a fine. "Empties" were found in his car.

The Engleman hotel was raided twice in one week recently during the progress of the raids, Ben Pryor, city commissioner, reports. The operator was fined \$100 the first time and \$50 the second.

Beer, whiskey, bonded liquor and bootleg liquor were confiscated in the raids, it was reported.

The raids have been the culmination of efforts of Eastland police and officials, to eradicate certain practices that have been declared illegal.

The police have received the cooperation of county officers, precinct constables and motor patrolmen at one time or the other, Walter Gray, city manager, said, who commended the group.

A move is on foot, it was indicated by the city manager, to better arm the officers and have uniforms issued. John Burke, manager of an Eastland theatre, plans to stage a benefit for the purchase of equipment in the near future, it was said.

The police have been handicapped in capturing persons who commit misdemeanors by their antiquated automobiles, an official brought out. It is understood that the purchase of an up-to-date automobile would aid the group considerably.

Persons who need the police any evening may contact them by calling No. 11, Walter Gray, city manager said Saturday. A whistle has been installed on top of the Charlotte hotel building which automatically sounds when the number is called. Persons, however, may contact the police by salting "Police" over the telephone, the city manager said.

The police make systematic check-up on all business houses in Eastland each evening.

100,000 TOURISTS EXPECTED

SALT LAKE CITY, Utah.—Tourist travel in Zion Canyon and Bryce national parks will reach 100,000 persons this year according to an estimate by P. P. Patraw, Utah national parks superintendent. Patraw urged local chambers of commerce to attempt to stimulate more Utah travel through the two parks. Last year, when 51,000 persons visited Bryce and 48,000 visited Zion Canyon, more Californians were registered than Utahans.

Postal jobs in Germany hereafter will go only to active Nazi workers. Germany has learned that much from Postmaster General Farley.

WORTH FORT WORTH FRIDAY FEB. 15 AN OUTSTANDING EVENT

For the first time this, the acknowledged foremost of World Extravaganzas, will be seen in the Pristine Effulgence of its Metropolitan Lustre. In times past Number Two or so-called "Road" companies have been sent on tour under the FOLLIES title, denuded of their original stars and with production attenuated for the hinterland. BUT NOW comes the ORIGINAL ZIEGFELD FOLLIES with its Constellation of Luminaries, its Six-Double-Length-Baggage-Car Production, PRECISELY, to the minutest detail as presented at the New York Winter Garden all last season and this year to a record breaking run at the Grand Opera House Chicago.

FANNIE BRICE WILLIE & EUGENE HOWARD

Mail orders accompanied by remittance in full (including tax) and self-addressed stamp envelope, will be filled in order.

FORT WORTH PRICES—\$1.18, \$1.45, \$2.20, \$2.75, \$3.25, including tax. NO TELEPHONE ORDERS ACCEPTED—NO REFUNDS.

WHO WAS FIRST IN AMERICA?

By Joseph Nathan Kane Author of "Famous First Facts"

FIRST DENTAL COLLEGE ORGANIZED AT BALTIMORE, 1859

CONGRESSIONAL LIBRARY FIRST OPENED IN 1800

SHAKERS WERE FIRST CONSCIENTIOUS OBJECTORS DURING REVOLUTIONARY WAR

THE first dental college was the Baltimore College of Dental Surgery. The Library of Congress was established by an act appropriating \$5000 for the purchase of "books for the use of both Houses of Congress." Ann Lee led the Shakers in refusing to aid the colonies in the war for independence. They were accused of treason and imprisoned until released during the winter of 1780-81.

SHOWBOAT ON AUCTION BLOCK BUTTENBURG, Iowa.—The "Manitou," last of the floating palaces which were a symbol of the halcyon days on the Mississippi when show-and-dance boats did a flourishing business, is on the auction block.

SAFFLOWER SEEDS STUDIED SPOKANE, Wash.—Experiments in growing safflower seed, from which an oil used in paint is derived, are being made in Spokane county. The seed is said to produce the finest paint-mixers known.

WHAT DOES Quality MEAN IN FUNERAL DIRECTION?

QUALITY in any funeral service is attained only through the correct application of skill and training in modern methods. Strawn Merchandise Company, understanding this, maintains an expert staff and complete equipment. Quality is further increased by the long experience we have had in arranging the most impressive of funeral services.

TEXAS MAY GET BIG PIPE LINE GRANTS

WASHINGTON, Feb. 5.—Public Works Administrator Harold Ickes said today he expected Texas to file an application for a federal loan and grant to finance a pipe line to carry natural gas from the Texas Panhandle to St. Louis and Detroit.

The project, costing between \$30,000,000 and \$50,000,000 would carry excess gas now being wasted at the rate of 1,000,000,000 cubic feet a day.

The project to be administered by the State of Texas, would make possible low gas rates in both St. Louis and Detroit, he said. He revealed he had conferred with a personal representative of Gov. James V. Alfred of Texas regarding the project. No formal FWA application, however, was filed.

AUSTIN, Feb. 5.—Gov. James Alfred today said all the details of a proposed Texas administered natural gas pipe line that comes Panhandle to St. Louis, must come from the national administration.

From other sources it was learned the plan is envisioned as the establishment of a gas supply that will prove a measuring stick for gas supplies to all cities.

Feeding the Needy In Texas Big Job

AUSTIN.—Feeding and clothing Texas' hungry thousands is a big job if you ask C. Z. Crain, commodities distributor for the Texas relief commission.

Latest requisition to the federal surplus relief corporation was for 7,000,000 pounds of Maine Irish potatoes, 164,000 gallons of syrup, and 5,500 leather jackets. Delivery in a single load would require a train of more than 215 cars.

The potatoes are distributed at the rate of 800 pounds per family per month, a year one gallon per month. The leather jackets go to frigid Panhandle counties where clients need extra clothing.

Range of Jobs To Cover Every Type of Worker

By RICHARD L. HARKNESS
United Press Staff Correspondent
WASHINGTON. — The federal government, planning to spend almost \$5,000,000,000 to end unemployment and want, must supply jobs for every type of worker — from bricklayer to charwoman, from steel puffer to church sexton.

At least 2,250,000 of the 3,500,000 persons on city relief rolls at the present time are experienced craftsmen ready to earn wages from the \$4,000,000,000 public works fund recommended to Congress by President Roosevelt.

The group consists of 1,574,000 manufacturing and mechanical industry workers, 465,000 building tradesmen and 263,000 iron and steel laborers who were self-supporting until the depression forced them on relief between 1929 and 1934.

Other groups unemployed in major cities and towns include: 736,000 domestic and personal service workers — barbers, boot-blacks, nurses, charwomen, building attendants, and sextons; 446,000 trade industrial workers; 408,000 persons formerly on transportation and communication payrolls.

Banking houses and brokerage offices contributed two per cent to urban unemployed, insurance and real estate agents four per cent, of the total unemployed.

The figures, compiled by the Federal Emergency Relief Administration, show that in 1930, six per cent of all building tradesmen were receiving relief. The figure now is 13 per cent.

The unemployment toll increased from 12 to 20 per cent among trade workers; manufacturing and mechanical industries, including building, accounted for 38 per cent of total urban workers on relief in 1930, and now has increased to 43 per cent.

The statistics were gathered from 79 cities and covered relief activities to May, 1934. Officials said, however, the unemployment situation remains unchanged since that time.

Alcohol Is Big Factor In Wrecks

WASHINGTON. — Alcohol is a contributing factor in 60 per cent of automobile accidents, a national safety council survey has revealed.

The statistics were compiled by Dr. H. A. Heise, Columbia hospital, Milwaukee.

An investigation by the council showed the number of "drinking drivers" involved in fatal accidents had increased 29 per cent since repeal and the number of non-fatal accidents, 50 per cent.

Rootless Teeth Are Rarely Found

PITTSBURGH. — Dental literature tells of only two cases where persons have been known to possess rootless teeth. The first came to light in Germany in 1920 when a patient's teeth were falling out.

The second case was discovered here quite accidentally when an 18-year-old girl appeared at the University of Pittsburgh's free clinic to have an aching tooth examined. X-ray picture was taken, and it was found that a cyst was causing the pain, but no roots were shown in the photo. Extraction of the molar confirmed the instructor's belief. There were no roots.

Further examination disclosed that none of the girl's teeth had roots. Members of the young woman's family were called to the clinic. Then it was discovered that the girl's father and 14-year-old brother also possessed teeth which were rootless.

The patient's teeth were perfect in appearance and color, according to Dr. J. C. Eselman, demonstrator in radiology, but had no root canals or pulp chambers. A bony attachment and the gum tissue held the teeth in position, he said.

Nation-Wide Line Survey Nears End

KERRVILLE, Tex. — A line being surveyed entirely across the United States from north to south is nearing completion, the work having progressed as far south as Kerrville.

About 100 men and 50 trucks, working under the United States Coast and Geodetic Survey, have been stationed here. The project began in September at Devil's Lake, N. D., on the Canadian boundary, and is to be carried to the Mexican border below Mission, Texas.

The workers move in three groups. The first erects temporary towers, the second makes observations and angle measurements, and the third dismantles the towers.

Eastland Police Search Train and Find Woman Thief

Example of benefits to be derived from the recent installation of the Eastland police alarm system was demonstrated Sunday morning.

Ranger police phoned Eastland early Sunday morning stating that a woman had stolen \$243 in Ranger and had boarded a train soon to be in Eastland.

Eastland officers searched the train when it arrived, found the woman whose description tallied that given them by Ranger police. The woman was returned to Ranger.

Davison Youngest Man Elected from District In Years

The following article concerning Eastland county's representative, George Davison, appeared in a recent issue of the Daily Texan, University of Texas publication:

"George Davison of Eastland defeated eight opponents to gain his seat in the House. His election came after a campaign in which Davison made 67 speeches advocating a poll tax reduction, pension for old aged, state income tax, and other issues, were out two

suits sliding in and out of his Ford and making every thresher in the county.

"Premature gray. Davison scored a victory that would have done credit to an older man, for he had been absent from the district 10 years, part of the time teaching military science at New Mexico Military Institute in Roswell. He, 26, is the youngest man elected in his district during the past 30 years.

"At the first session of the new House, Davison and Representative Cecil Lettief sought to amend the senate \$500,000 contingent expense bill to have itemized expenses of each House and Senate member printed in the Journal each month. The amendment passed the House, but was removed in conference committee.

"Davison, while at the university, was a member of the Order of San Jacinto, Cowboys, Hildebrand Law society, and Sigma Alpha Epsilon."

Case In Litigation For Over 10 Years Acted On By Supreme Court

In litigation over 10 years, the supreme court of Texas at Austin rendered judgment Friday in a case that was filed Feb. 27, 1924, at Eastland 88th district court.

The Texas Bitulithic company filed suit on that date on a paving certificate against Briggs Owen of Eastland.

The case was twice appealed to the court of civil appeals, first by Owen, then by the paving company. The court of civil appeals

on the last hearing reversed the judgment of Judge Elao Been and rendered judgment for the paving company.

A writ of error was granted by the supreme court and that court this week reversed the judgment of the court of civil appeals and affirmed Judge Been's judgment.

Turner, Seaberry and Springer represented the Bitulithic company and Frank Judkins of Eastland the defendant.

Ford Trucks Show Marked Increase In Retail Sales

DEARBORN, Mich., Feb. 2. — A strong indication of the upward trend of business this year was seen today in the announcement at the home office of the Ford Motor Company that Ford retail truck sales for the first 20 days of January, 1935, were the highest for this period in the past nine years.

The figures also showed that only twice in the company's history have sales for the first twenty days of January surpassed the present 20-day figures and then only by a slight margin. Ford truck sales reached a higher 20-day January total in January of 1925 and 1926.

This marked increase in truck sales was regarded as exceptionally indicative of business improvement, since trucks are definitely recognized as business tools.

Ford truck sales for the first 20 days of this month, as reported by Ford V-8 dealers throughout the country were almost three times as great as retail sales during the same period of 1934, the figures showed.

The company recently announced that it had increased its February production schedule to 130,000 Ford V-8 cars and trucks, to handle continually increasing business. Announcement also was made of the resumption of assembly operations at Ford Motor Company Branches in St. Louis, Mo., Memphis, Tenn., Long Beach, Calif., Cincinnati, O., and St. Paul, Minn., making a total of 16 branches scheduled for assembly operations this year.

STUEBENVILLE, O. — Judge John Mansfield, who practiced law here for 56 years, died at Marion, Kan., where he was visiting, relatives here were notified. He was 80.

New Automobiles To Be Exhibited At Dallas Show

DALLAS, Feb. 4. — Business and professional men, farmers and ladies interested in automobiles will enjoy the opportunity to inspect the 1935 offerings of the motor manufacturers on exhibition in the Southwestern Automobile Show at Dallas, February 9 to 12 inclusive.

The public is invited to this free showing of passenger cars and trucks by the Dallas Automotive Trades Association.

The many improvements and inventions to be seen will be subjects of interest to thousands who will attend this Automobile Show.

Several hundred boys from the high schools of the Southwest will be entertained and instructed under charge of "an official conductor for boys," who will explain the interesting features of the exhibits to all boys of high school age attending.

Alimony of \$100 Per Month Ordered

Judgment in favor of Mrs. Sylvie Barkley for payment of alimony by her husband, G. C. Barkley of Abilene, was rendered in 88th district court Monday.

The court ordered Barkley to pay \$50 case and \$50 on the first and fifteenth of each month until a final disposition of the case is made.

The defendant did not appear and a jury was waived.

In plaintiff's petition alleged cruelties were set forth. According to the petition the couple were married Feb. 7, 1909 and separated permanently Jan. 4, 1935.

The man who asked \$250,000 to put through a \$10,000,000 naval contract was a snoo piker. He knew he didn't have to be big to talk big.

Club Secretary Is Good Bill Collector

WASHINGTON. — William H. Sanford, secretary of the Engineers Club of Philadelphia, has discovered the secret of bill collecting.

Here is his explanation of how he makes one-third of the members of the Philadelphia Club pay up before the fourth of every month.

"I send their bills so they'll receive them on the last day of each month, instead of the first. When a single bill comes in, on the morning of the last day, the natural reaction is to pay it and get it out of the way, prior to receiving a number of bills which are always expected on the morning of the first day of the month."

Cleveland Payrolls Show Big Jump

CLEVELAND. — Number of industrial employees here last year increased 21 per cent over 1933. Payrolls went up 37 per cent. These figures were released by the industrial development committee of the Cleveland Chamber of Commerce.

Seventeen new concerns were started in the city, occupying 467,000 square feet of space, employing 1,602 persons. Thirty concerns expanded a total of 194,400 square feet. Building permits for new factories, warehouses, etc., amounted to \$972,500, almost double the 1933 figure.

Gov. Allred Grants His First Pardon

AUSTIN, Feb. 5. — Leonard Atkins, convicted of burglary in Gregg county in April 1932, today held the first pardon issued by Gov. James Allred and the promise of restored citizenship if he makes good.

Atkins was sentenced to 10 years in prison. He was granted a 90 day furlough by ex-Governor Ferguson. He was granted a conditional pardon yesterday by Gov. Allred on recommendation of the board of pardons and paroles.

Funeral Is Held For Lone Cedar Resident

Funeral services for Miss Isabel Woods, 58, who died at the home of her sister, Mrs. T. F. Maddox, of Lone Cedar, were conducted from the Central Baptist Church of Ranger Tuesday afternoon. Rev. K. C. Edmonds conducted the services. Interment was in the Alameda cemetery following the church services. Funeral arrangements were carried out by Killingsworth, Cox.

The decedent had made her home with her sister for a number of years. Death occurred at 5:30 Monday afternoon after a long illness.

How To Keep Colds UNDER BETTER CONTROL

When Colds THREATEN

VICKS VA-TRO-NOL

At the first sneeze or nasal irritation, quick a few drops of Vicks Va-tro-nol. Its timely use helps to prevent many colds, and to throw off colds in their early stages.

If a Cold STRIKES

VICKS VAPORUB

At bedtime, massage throat and chest with Vicks Vaporub, the mother's standby in treating colds. All night long, by stimulation and inhalation, VapoRub brings direct relief.

To Build Resistance to Colds: Follow the rules of health that are part of the clinically tested Vicks Plan for Better Control of Colds. (The Plan is fully explained in each Vicks package.)

IT WASN'T A WILD CAT

PALMER, Mass. — Walter J. Kardek, 21-year-old rabbit hunter, thought he was doing the proper thing when he killed a "wild cat." In court he paid a \$25 fine on a charge of shooting a pet angora cat.

In other words, by turning down the World Court, we refuse to court the world.

Are you serving a MINUS MEAL?

Many wives, unknowingly, serve "minus meals." The food is good, and well cooked. But it has little or no "bulk" — needed to promote regular habits.

"Minus meals" frequently cause common constipation due to insufficient "bulk" in the diet. Headaches, loss of appetite and dull, spiritless days too often follow.

Correct the "minus meal" by serving Kellogg's ALL-BRAN regularly. Its gentle "bulk" does not break down in the body as much as the fiber in fruits and vegetables. So it is more effective. ALL-BRAN also supplies vitamins B and iron.

Certainly it is safer to use this natural food in place of patent medicines. Two tablespoons daily are usually sufficient. Chronic cases, with each meal. If relief is not obtained, see your doctor.

ALL-BRAN remains effective with continued use. Serve as a cereal with milk or cream, or cook into muffins, breads, waffles, etc. Get the red-and-green package at your grocer's. Made by Kellogg in Battle Creek.

Keep on the Sunny Side of Life

PROCEEDINGS IN COURT OF CIVIL APPEALS

The following proceedings were held in the Court of Civil Appeals Eleventh-Supreme Judicial District:

Affirmed: S. M. Shelton, et al vs. City of Abilene, et al, Taylor. Motions Submitted: Menardville Independent School District vs. I. F. Mooser, appellant's motion to advance.

S. Caprio vs. Mrs. Mary Weaver, et al, appellee's motion to return mandate without payment of costs.

Farmers National Bank of Seymour vs. W. W. Coffman, appellee's motion for rehearing. Motions Granted: S. Caprio vs. Mrs. Mary Weaver, et al, appellee's motion to return mandate without payment of costs.

Motions Overruled: Southland Greyhound Lines, Inc., vs. Mrs. Cora Ashby, appellee's motion for rehearing.

Southland Greyhound Lines, Inc., vs. Mrs. Cora Ashby, appellee's motion for rehearing. Menardville Independent School District vs. I. F. Mooser, appellant's motion to advance.

Cass Submitted: W. N. Viney vs. Casualty Reciprocal Exchange, Haskell.

Texas Employers' Insurance Assn. vs. L. H. Hardy, Nolan. D. N. Hardy, et al vs. City of Throckmorton, Throckmorton.

V. S. Cassel vs. J. E. Johnson, et al, Taylor.

Cases to be Submitted Friday, February 8, 1935: John Michaels et al vs. J. C. Woolridge Lumber Co., Knox; Marshall A. Baldwin, et al vs. Stamford State Bank, Jones; J. W. Womack et al vs. The First National Bank of Anson, Texas, Jones; M. A. Baldwin, et al vs. O. P. Leonard, Stonewall; Dr. Marvin P. Stone vs. W. F. Watt, Sub. Trustee, et al, Dallas. J. F. Roark, et ux vs. Dickinson Trust Company, Dallas.

INCOME TAX IN A NUTSHELL

PERSONAL EXEMPTIONS

In addition to the personal exemption of \$1,000 for single persons and \$2,500 for married persons living together and for heads of families, a taxpayer is entitled to a credit of \$400 for each dependent, defined by income tax law and regulations as a person under 18 years of age or incapable of self-support because mentally or physically defective. The term "mentally or physically defective" means not only cripples and those mentally defective but persons in ill health and the aged.

In order to be entitled to the \$400 credit, the taxpayer must furnish the dependent his or her chief support. The credit is based upon actual financial dependency and not mere legal dependency. For example, a father whose children receive half or more of their support from a trust fund or other separate source is not entitled to the credit.

Neither relationship nor residence is a factor in the allowance of the \$400 credit for a dependent. The taxpayer and the dependent may be residents of different cities. If husband and wife both contribute to the support of a dependent, the \$400 credit may be taken by the one contributing the chief support, and may not be divided between them.

A single person who supports in his home an aged mother is entitled not only to the \$400 credit for a dependent, but also to the personal exemption of \$2,500 as the head of a family. A widower supporting under similar circumstances a dependent child under 18 years of age also is entitled to the personal exemption of \$2,500 as the head of a family, plus the \$400 credit for a dependent.

Under the Revenue Act of 1934 both the personal exemption and the credit for dependents are required to be prorated where the status of the taxpayer changed during the year.

Husband and Wife May File Joint or Separate Returns

Husband and wife living together may each make a separate return of the income of each, or their income may be included in a single joint return. If a joint re-

NEED A TONIC?

WHEN you're run-down, anemic and in need of a good tonic... weight below normal and you feel tired-out and weak, follow the advice of Mrs. Nila Hill of 7320 Avenue L, Houston, Texas, who says: "Some time ago I was not feeling just right and my appetite was poor. I used Dr. Pierce's Golden Medical Discovery and it strengthened my entire system so that I felt better in every way, and I had no further trouble." Originally prescribed for the patients by Dr. J. C. Pierce over 50 years ago. New size, 50 cent. Buy 12 for \$4.00. Write Dr. Pierce's Clinic, Buffalo, N. Y., or your nearest druggist.

Under The Dome At Austin

AUSTIN.—Richard Waters of Texarkana, new state casualty insurance commissioner, goes into office confronted with a perplexing question. It was propounded by one of his former fellow assistants in the attorney general's office, Tom S. Christopher of Fort Worth.

Christopher asks how it is possible for companies writing motor-vehicle insurance to write in an application to the insurance commission for increased rates, if the state law against combinations is enforced. Christopher also challenges the right of the state insurance commission to fix the same rates for all companies.

Computations—Separate Returns

Net income, husband	\$1,700.00
Less personal exemption	1,500.00
Balance (surplus net income)	\$200.00
(No surtax applicable since amount is less than \$4,000.)	
Earned income credit	470.00
Net income subject to normal tax	\$1,730.00
Husband's normal tax, 4 per cent	\$ 69.20
Net income, wife	\$2,500.00
Less personal exemption	None
Less earned income credit	250.00
Net income subject to normal tax	\$2,250.00
Wife's normal tax at 4 per cent	\$ 90.00
Total tax of husband and wife	\$ 159.20

Computation—Joint Return

Net income, husband	\$1,700.00
Net income, wife	2,500.00
Less personal exemption	2,500.00
Balance (surplus net income)	\$1,700.00
Earned income credit	470.00
10 per cent of earned income of husband	\$1,700.00
\$4,700.00	\$ 470.00
16 per cent of net income of wife, \$2,500	350.00
720.00	
Net income subject to normal tax	\$3,650.00
Normal tax, 4 per cent on \$3,650	\$ 146.20
Surplus at 4 per cent on amount in excess of \$4,000, but not over \$6,000, 4 per cent on \$700 (earned income credit not allowable in computation of surtax)	28.00
Total tax, joint return of husband-wife	\$ 174.20

It will be noted that the saving in tax resulting from the filing of separate returns amounts to \$28 in the above computations.

Note—In filing a joint return husband wife compute the earned income credit in the same manner as in filing separate returns. If taxpayer's net income is not sure that \$3,000 the entire net income is considered to be earned net income.

Measles Cases Are Reported In State

AUSTIN, Tex., Feb. 4.—Many cases of measles are being reported to the State Department of Health. The disease spreads quickly; it is very dangerous for young children, and because many mothers are inclined to think that measles don't amount to much and that it is better for the children to have it and to have is over, Dr. John W. Brown, State Health Officer, sends them this message:

"Measles is especially hard on very young children—babies from about six months old to children of school age. It is a very treacherous disease. It often opens the way for pneumonia, and other diseases of that kind, and it frequently leaves some serious after-effect. It is very 'catching' right from the start, so a special effort should be made to keep the younger children away from others who have it. It's a mistake to say, 'Oh let them have it, and have it over.'"

"But even though it may not be as dangerous for the older children as for the younger ones, measles is a serious disease for anybody, at any age—young or old—who has it. Anybody who has it, or who shows symptoms of it, should have the best possible medical care—and the doctor should be sent for promptly.

"If your child shows any of the symptoms of measles—at the start it often seems to be only a cold—put him or her to bed, keep the other children away from the one who is sick, and send for your doctor."

State Park Will Be Selected at Tyler

TYLER, Texas.—A 1,000-acre state park will be established about seven miles north of here to preserve the pine woods of this section for future generations. Smith county and the city of Tyler each voted \$10,000 bond issues for the purchase of the site, and the federal government will establish a CCC camp and make improvements costing about \$250,000. According to tentative plans, the CCC workers will build a lake,

Ninety-First Court Grand Jurors Report Examination of 300 Witnesses

Ninety-first court grand jurors who recessed Friday in their final report stated that they had been in session 17 days, had examined 300 witnesses and returned 59 indictments.

The indictments returned Friday included two in the H. L. McBee hanging skeleton case. Mr. and Mrs. Raymond Henry were indicted on a charge of murder in connection with the death.

The grand juror's report: "We, the grand jury for the 91st district court, December term, A. D., 1934, desire to submit our final report.

"First, we desire, both as a body and as individuals, to extend our sympathy to Judge Davenport on account of his recent illness, and to express our sincere pleasure for a speedy recovery. We appreciate very much the many courtesies extended to us by Judge Davenport, and trust that he will soon be able to return to his office and enjoy his return to perfect health.

"We desire, also, to express our sincere appreciation to Judge Paterson for the many courtesies he has extended to us during the absence of Judge Davenport and for the great assistance he has rendered in the performance of our duties as grand jurors at this time.

We have been in session for 17 days, have examined more than 300 witnesses and have returned 59 indictments.

We desire to express our appreciation of the help, cooperation and courtesies extended to us by the Honorable Allen D. Dabney, who has been of great and material assistance to us in the investigation of some few important matters to come before us during this term. Mr. Dabney has given unstintingly of his time and efforts and we desire to express our thanks and appreciation for the help and cooperation extended to us by the district attorney, the sheriff and his deputies, and by the bailiffs, all of whom have worked with us faithfully in the performance of our duties.

"We have examined the jail and especially desire to commend the Commissioners Court and Mr. T. S. Ross and the workmen who made the recent repairs to the jail. It was a much needed improvement, and we find that the jail has been completely renovated and made into a modern structure suitable to the needs of Eastland county.

"We have made a thorough and painstaking investigation of all matters brought to our attention from any source and have tried our best to perform our duties faithfully and in compliance with the law.

"Having completed our labors, we respectfully request permission to submit our final report, and that we be discharged from further services at this time on this the first day of February, A. D., 1935.

"H. L. VESTAL, Foreman."

Roads and Streets Program Urged By Good Roads Group

WASHINGTON.—A \$50,700,000 construction program of roads, streets and grade-separations for Texas has been presented to the finance committee of the United States Senate by highway advocates as a sound way to employ part of the huge federal public works fund, Col. Ike Ashburn of Houston, manager of the Texas Good Roads Association, has announced.

The Texas program is part of a nation-wide plan worked out by road leaders from many states. They listed for the committee 23,192 specific projects, to cost \$1,700,000,000, which the various state highway departments can initiate immediately or within the year.

There are 975 projects on the Texas list, Colonel Ashburn said, including 75 underpasses or overpasses, 26 eliminations of dangerous highway intersections, 650 federal aid or secondary roads, and 200 within cities or towns.

Colonel Ashburn urged all influential Texans who favor the plan to so advise their senators and representatives in Washington. "This program meets all the President's policy demands for public works," the Texan said. "These are useful and permanent improvements, with more than 80 per cent of the money going to wages. The projects are efficiently planned, they do not compete with private enterprise, and they add to the economic resources and stability of the nation.

"This seems to be the only definite and detailed plan advanced thus far by any agency for unemployment relief under the terms of the present bill."

Aside from their revenue-producing power and enhancement of community values, highways gave more employment last year, dollar for dollar, than any other type of public work, employing some 1,000,000 men, Colonel Ashburn said. Texas needs highways for her Centennial in 1936, he added.

Funeral Held for Mrs. B. P. Tilley In Carbon Mon.

Funeral services for Mrs. Bessie Poe Tilley, 36, sister of Mrs. A. E. Herring of Eastland, who died at her home in Carbon Sunday morning, were conducted at Carbon Methodist church Monday morning.

Mrs. Tilley and Mrs. Herring were the only children of the late Dr. Andrew Poe and wife of Carbon. After her marriage to Mr. Tilley seven years ago, they lived in Ennis, where she taught in the public schools, returning to Carbon about a year ago.

Those from Eastland who planned to attend the funeral this morning were Mr. and Mrs. A. E. Herring and the following teachers from West Ward school: Mmes. T. L. Amis, L. Y. Morris, and Misses Lavelle Hendrick, Marjorie Spencer and Maurine Davenport. From Junior High school were Mmes. Earle Johnson and F. O. Hunter. Superintendent and Mrs. P. B. Bittle were in the group.

Relatives surviving are cousins: Dr. W. S. Poe and Mrs. Frank Lovett of Eastland; Mrs. A. E. Herring, a sister of Eastland and her husband, Loren Tilley of Carbon. Hamner Undertaking Company of Eastland was in charge of funeral arrangements.

Rites Said Sunday For D. H. Collins

Funeral services for David Hamby Collins, 86, who died Saturday morning in Eastland at the home of his son, H. A. Collins, were conducted Sunday afternoon at Eastland at the Methodist church.

Assignment of Cases For 91st Court Is Made

Case assignments in 91st district court made by Judge B. W. Patterson, judge presiding, Monday are as follows: Monday, Feb. 18—Jury criminal cases to be tried by Judge Davenport and assigned by states' attorney. On Wednesday, Feb. 27, the civil suit of Cohen vs. McDavid will be heard. The case will be non-jury. On Monday, March 11 the civil suit of Gordon vs. Jarecki will be heard. The case will be jury. On Wednesday, March 13, the civil suit of Gordon vs. Davis will be heard. The case will be one of jury decision.

County Has New Work Supervisor

R. H. Jackson is county work supervisor, H. E. Driscoll, county administrator, announced Monday. Jackson of Huntsville was sent to Eastland county by Texas Relief Commission officials last Friday. "Anyone having applications for work relief projects will contact Mr. Jackson," the county administrator said.

Under The Dome At Austin

AUSTIN.—Richard Waters of Texarkana, new state casualty insurance commissioner, goes into office confronted with a perplexing question. It was propounded by one of his former fellow assistants in the attorney general's office, Tom S. Christopher of Fort Worth.

Christopher asks how it is possible for companies writing motor-vehicle insurance to write in an application to the insurance commission for increased rates, if the state law against combinations is enforced. Christopher also challenges the right of the state insurance commission to fix the same rates for all companies.

The state planning board will be an "unalarmed lobby," the Texas legislature has been told frankly by advocates.

To a House committee it was explained this way: "Uncle Sam has a lot of money he wants to use putting people to work. In suggesting state planning boards, the national administration is saying: 'Here it is. Come and get it.' Washington is showing us how to get the most quickest. If the money is not used here, it will be used somewhere. Texas is going to help pay it back. It might as well get all it can."

The planning board will be an "unalarmed lobby" but it will be a lobby without a slush fund. It will use facts instead of blandishments. Former Governor Ferguson and Governor Allred both favor the idea. She appointed a board to act until the legislature can set up a more permanent one. Her board, under direction of Marvin Nichols of Fort Worth, already has gathered much information.

The idea is that as the federal government decides upon a program along any specific line, Texas shall be ready with facts, figures and plans to show what can be done along that line in Texas. The old board already has started to show what Texas has to offer in submarginal agricultural areas which the federal government is proposing to buy to the extent of 2,000,000 acres for forestry and game preserves, and bird sanctuaries.

Land is to be selected, too for vocational centers, subsistence colonies and other projects. The planning board will supplement data gathered for Brazos Valley development and for other stream projects.

To date it has operated on an office expense fund provided by the federal government. Dr. J. H. McLean, Fort Worth physician, was first to propose such a board for Texas. He outlined the plan to Governor Ferguson, then supplemented his outline with data showing what other states were doing and how it benefited them. The basic theory is to employ people at something that will benefit the generation that pays the bill.

Governor Allred is considering methods to cut the cost of the state's war on criminals as well as methods to make the war successful. He is much impressed with a suggestion from a clerk in the state comptroller's office. This clerk points out that money can be saved if the law is changed so that suspended sentences can be pronounced at Huntsville when the convict comes there to serve the penalty for another crime.

Under present law, to put a suspended sentence in effect, it is necessary to take the convict back to the county where he was tried. This adds cost. It also adds another chance to escape.

A House member recently asked postponement of action upon a bill until he could read it and "vote intelligently." This brought a laugh. Most of the voting in the legislature is done without reading bills.

Rep. Alfred Petch of Fredericksburg frankly advised new members that an attempt to read all bills is a waste of time that might be put to better legislative use. "You will find," he admonished, "that there are members whose statements about a bill you can trust. There are some whose statements need investigation. You will soon distinguish between them. When a bill is up, pick out one of the men you can trust who is interested in the subject matter of the bill, and ask him about it.

Of course there are jokers in some bills that fool all. Committees are supposed to find them. Sometimes they do.

Half of Students Paying Own Way

AUSTIN.—Almost half of the students in the University of Texas last year worked to pay their expenses. Statistics from the registrar's office show that out of 6,653 students, 1,438 men and 254 women earned all expenses.

Sixty-four per cent of the men and 20 per cent of the women earned at least part of their expenses.

AEROTYPE ESSO

A NEW MOTOR FUEL THAT'S MAKING NEWS IN TEXAS • Motorists who have tried Aerotype Esso tell us that this new Humble product far surpasses the best of the premium motor fuels of the past. Frankly, we too are pleased with this new Humble product; we say that it is the finest motor fuel we have ever made and sold, because we have satisfied ourselves that its performance is definitely superior—in power, in anti-knock qualities, in acceleration, in quick starting. We think you will agree with us and with other motorists when you test it in your car. So we ask you to try Aerotype Esso today, to feel your own automobile respond to its effortless flow of power, to enjoy the pleasure of driving a car that is delivering full performance for every drop of fuel. We recommend Aerotype Esso with confidence that you'll like it... Two cents per gallon extra, and worth it.

Farm News of Interest to the Farmers of This Section

Farmers Received \$629,614,037 from Government Fund

WASHINGTON, Feb. 4.—From the Department of Agriculture to nearly 3,000,000 farmers in nearly every state has gone \$629,614,037 in payments for participation crop control programs.

To pay this farm recovery bill the AAA reported today, \$640,871,400 has been collected in processing taxes on pork, flour, cotton, corn, peanuts, tobacco, sugar and paper.

Corn-hog raisers got the most, \$187,000,000 for limiting their acreage and the litters produced for market last year. Cotton farmers who plowed up about a quarter of the 1933 crop got \$112,739,000 and those who restricted planting in 1934 to approximately 40 per cent of the 1928-32 average, were paid \$103,831,000.

Decrease In World Use of Foreign Cotton Reported

NEW YORK, Feb. 1.—The extended increase in world consumption of foreign cotton has been halted and the use of American cotton is no longer declining the New York Cotton Exchange Service said today.

In December the service said, world spinners used 1,115,000 bales of foreign cotton, compared with 1,126,000 in November, a decline of one per cent against an average seasonal increase in the past seven years of 3.4 per cent. In December last season consumption was 972,000 bales and two seasons ago 914,000 bales.

Method of Killing Crows Is Found

HOLLAND, Tex.—A novel way of killing crows has been tried out by farmers here who report that it has worked successfully.

The farmer takes some shelled corn and threads each kernel with a long horsehair. He scatters this corn about the fields where crows are frequently found and withdraws to await results.

The crows—according to the reports—eat the corn but are unable to swallow the horsehairs. After a time they develop fits of frenzy trying to get the horsehairs out of their mouths, turn over on their backs and die of fatigue.

One farmer said he counted 59 dead birds after he used the method the first time.

Texas Citrus Fruit Crop to Be Large

WESLACO, Texas.—An increase of 1,146,000 boxes in Texas grapefruit production for the 1934-35 season is forecast by the United States agriculture in its report which was issued here.

The report estimates the valley crop at 2,276,000 boxes compared with 1,130,000 boxes during the 1933-34 season, or an increase of slightly more than 101 per cent.

The Texas orange crop will be increased about 37 per cent, the department figures indicated, with an increase from 390,000 boxes last season to 535,000 boxes this year.

The entire nation is expected to produce 69,556 boxes of both oranges and grapefruit, a decrease of about 8 per cent from the estimated crop on Dec. 1. The decrease is due primarily to the heavy freeze in Florida which destroyed a large part of the crop.

Prison Cotton Crop Brought Big Sum

HUNTSVILLE, Texas.—The Texas prison system's 1934 cotton crop was sold for \$380,855, Manager Lee Simmons announced in a report which showed a production of 5,167 bales during the year. Ramsey farm, Fort Bend county, produced 1,177 bales; Eastham farm, 820, and Central farm, 815 bales.

BEVERLY, Mass.—Local residents claim this as a fisherman's paradise. John Bongette and Alexander Krohmel, fishing through ice, caught nine pickerel weighing more than four pounds each. The largest was 25 3/4 inches long and weighed 4 pounds 12 ounces.

A Three Days' Cough Is Your Danger Signal

Don't let them get a strangle hold. Fight them quickly. Creosol combines 7 helps in one. Powerful but harmless. Pleasant to take. No narcotics. Your own druggist is authorized to refund your money on the spot if your cough or cold is not relieved by Creosol. (adv.)

Mule Exporter Makes New Record

OMAHA, Neb.—Frank F. Simpson, Omaha, called the world's greatest mule exporter, upheld what is considered a phenomenal record by recently unloading at Karachi, India, 377 mules he had transported overseas without loss of a single animal.

This information was conveyed to Mrs. Simpson, Simpson now is en route to London.

Normally 40 per cent of all mules die while on sea voyages, according to mule raisers. Simpson has been exporting 400 to 500 mules annually without the loss of a single mule. For many years he has held an exclusive contract to supply the British army in India with mules.

Perhaps Simpson's success has been due in large measure to the men he chooses as handlers for the animals on the ocean. He uses mostly college and university students and is besieged with applications from college men who consider the job a means of seeing the world. The boys who accompanied the last shipment now are sight-seeing in Egypt.

Simpson's job is a full-time proposition. A trip from Omaha to Karachi and return consumes five months. After a short rest he begins assembling his mules for next year's journey. He buys mostly in the middle west and his animals seldom fail to meet the exacting British army requirements.

The Desdemona basketball team, both girls and boys, met on Alameda's court for a game Friday afternoon. Our boys were defeated, but our girls were victorious. We also played Jake Hammond on our home court Tuesday evening. Our boys were defeated but again our girls were winners.

We will play Gorman Tuesday, February 5, at Gorman, and Jake Hammond February 7 at Jake Hammond. We hope to win both games.

The boys have completed their tournament, but they are making preparation for theirs, which will take place the 22nd and 23rd of this month.

Wild Hog Attacks New Baden Citizen

NEW BADEN, Texas.—Paul Schultz, pioneer merchant here, was sent to the hospital recently as a result of injuries received when he was attacked by a wild hog.

The enraged animal had severed several veins and the veteran merchant was in a critical condition because of loss of blood.

Animals Establish New Altitude Record

WASHINGTON—Amelia Earhart and Jimmy Doolittle are not the only fliers who have established new air records recently, according to Arthur Newton Pack, president of the American Nature association.

Pack claims the long, distance-flying record and also the altitude record for wild animals. He said he established the records while transporting three baby antelope.

The ordinary run of animals need little care. For the most part, they will grow abundantly if planted in good soil and given sufficient moisture. The one precaution is to sow them sparingly, and thin out when the seedlings are still small.

Many gardeners find that specializing in one or two annuals gives them most pleasure. In this way they really get acquainted with a certain family and when new varieties are developed are avidly interested in giving them a try, thus bringing into the garden the variety of contacts which

Wild Hog Attacks New Baden Citizen

NEW BADEN, Texas.—Paul Schultz, pioneer merchant here, was sent to the hospital recently as a result of injuries received when he was attacked by a wild hog.

The enraged animal had severed several veins and the veteran merchant was in a critical condition because of loss of blood.

Animals Establish New Altitude Record

WASHINGTON—Amelia Earhart and Jimmy Doolittle are not the only fliers who have established new air records recently, according to Arthur Newton Pack, president of the American Nature association.

Pack claims the long, distance-flying record and also the altitude record for wild animals. He said he established the records while transporting three baby antelope.

The ordinary run of animals need little care. For the most part, they will grow abundantly if planted in good soil and given sufficient moisture. The one precaution is to sow them sparingly, and thin out when the seedlings are still small.

Many gardeners find that specializing in one or two annuals gives them most pleasure. In this way they really get acquainted with a certain family and when new varieties are developed are avidly interested in giving them a try, thus bringing into the garden the variety of contacts which

NIMROD
