

OLDEN HI-BROADCASTER

Published By the Students of Olden High School

EDITORIAL

Work—what does it mean to you? Is it something you enjoy doing—or is it just a drudge, a bother to you?

One definition we are given says: "Work is exertion directed to accomplish something." The definition according to physics is: "Transference of energy from one body or system to another; that which is accomplished by a force when it acts through a distance."

So in thinking of work we should bear these definitions in mind. It is only human to wish to accomplish something, so why not center our interest in the thing to be paid for by the gain we made.

Of course we can get no more out of work than we put into it, so the harder we work, the more we gain.

Work is a great teacher. It does more than gain a certain goal for us, for as we go along toward this goal, we learn to stick to unpleasant tasks, to be dependable.

Work is also a great healer of human ills and hurts. We can recover from almost any kind of shock or grief by working long and hard. Those unkind things which hurt us most leave an ugly scar upon heart and mind soon be healed if we put them behind us and work.

So, upon careful consideration, we find work to be a blessing, rather than a curse.

SENIOR NEWS

El Merie Stanford, secretary-treasurer and mainstay of the Senior class, has been absent several days and we certainly miss her. We miss Arlean Belcher, too.

We received our personal cards Tuesday morning and everyone is well pleased with them.

We are also proud of A. C. Gibson, Elzo Gullett, Lemar Whisenant, and Vernon Patterson for the good showing they made last Friday and Saturday at the track meet. We are also proud of third place in extemporaneous speaking, and of all the others who won any place in any event.

JUNIOR NEWS

We extend our deepest sympathy to Mr. George Collins on the death of his mother.

Our Junior play is progressing rapidly and we will soon be ready to present it to the public.

FRESHMAN NEWS

Everyone has been assigned a term theme and oral report in history and quite a bit of work is being done in preparing these themes.

SPORT NEWS

Every boy taking part in the boys for the good showing they made at the track meet Friday and Saturday which we won over Scranton by one-half a point. Our total points were 59½ and Scranton had 59.

Every boy taking part in the meet responded nobly by winning places in every event in which he took part. Each and every boy scored points ranging from two to 16½.

The track team and the places won are:

A. C. Gibson—880-yard dash, first; high jump, tied for second; javelin, first; 220-yard dash, second; lap of winning relay.

G. W. Curry—220-yard low hurdles, first; 440-yard dash, second; lap of relay.

Elzo Gullett—120-yard high hurdles, first (set new record); lap of relay.

Max Anderson—Pole vault, second; high hurdles, third; low hurdles, third.

Lemar Whisenant—Mile run, first (set new record).

Johnny Jarrett—440-yard dash, fourth; javelin, third; lap of relay.

Vernon Patterson—Discus, third; shot put, fourth.

Howard Young—Discus, second.

Jack Owens—Mile run, third.

We have three more meets yet to complete in: District, at Breckenridge, April 6; A. C. C. invitation meet, April 13; and the state meet May 3 and 4. Every body on the team is training hard for a chance to go to each of the meets.

Our junior track meet will be held Saturday, March 30, and we think our juniors are going to follow in the footsteps of their seniors and win the meet.

DOPE

Seems as if Eastland kindo likes Olden, doesn't it, Geneva? Or is it the opposite way, Nadine? How's Ranger, Floreine? Karl was o. k., wasn't he?

Well, well, Margie, you were rather popular Saturday weren't you? Where did you find 'em?

How was Strawn Saturday night, Red? Valenta doesn't seem to care for it at all.

What's this we hear about Doris S. being so popular—especially with the old bachelors?

Elzo's fall Saturday must have got you down, El Merie. How about it?

We hear Doris Williams is moving to Eastland. Could Bob possibly be the attraction?

El Merie couldn't seem to get over the week-end 'cause she has not shown up in school this week. Maybe it's because Bob joined the army.

Elzo Gullett was seen writing "love notes" to Mary Louise

Mirick in the study hall Monday afternoon.

Buster Gertz sure goes in for fun when he starts. Friday he was seen riding around with a car load of girls.

RANGER

Scouts of Troop No. 9 were visitors at the Fat Stock Show during the past week. They made the trip under the leadership of Asst-Scoutmaster Morris Ballew. Transportation was furnished by A. J. Ratliff's Feed Store. The Scouts report having had an excellent time visiting various points of interest as well as attending the Stock Show.

CISCO

Scoutmaster Eddy was a caller at the Scout Office recently and states that Scouting in Cisco is gaining ground every day and that a Court of Honor is planned for the first part of April.

STEPHENVILLE

Scouting in Stephenville is getting under way in good shape. Scout Commissioner Homer Tudor has been doing some real work with the recent setup of two troops. Troop No. 39 is Scoutmastered by J. E. Oliver, assisted by P. C. Stanley. The Troop Committee include: Charles Wilkins, chairman; J. O. Blakney and C. E. Still. Troop No. 40 is Scoutmastered by Oliver Kay and his assistants are Hale Barfoot and Gilbert Wilson, Jr. Neal Gearrard is chairman of Troop Committee, assisted by H. H. Howell and Fred Wolfe. The District Committee is headed by E. C. Johnson, Chas. Neblett Jr., vice chairman in charge of finance; E. A. Blanchard chairman of promotion; Reid Bassell, chairman of camping; Fount Taylor, chairman of Court of Honor, and Bert Clardy, chairman of publicity.

Mr. Johnson, chairman of District Committee, called a meeting last week of all Scouters at the First Methodist church to study local Scout conditions. G. N. Quiri, Scout Executive attended the meeting and went into detail as to duties of the various committeemen. This meeting was attended by the majority of Steph-

THIS CURIOUS WORLD By William Ferguson

BREEZES AT THE SEASHORE CHANGE DIRECTIONS TWICE DAILY. DURING THE DAY, THEY FLOW TOWARD THE SHORE; IN THE EVENING, THEY FLOW OUT TO SEA.

LAND and sea breezes are caused by differences of temperature between adjacent land and water areas, and these differences are due to the fact that land areas take on heat and cool off with greater rapidity than water areas.

help in getting the job done—how knows?

EASTLAND

Troop No. 103 of Eastland, which is under the leadership of Carl Tanner, as Scoutmaster, is doing some real Scouting as is exemplified in a recent Court of Honor report.

COMANCHE

The Scout office is in receipt of a letter from the Comanche committeemen filing a request for extension of time for their application of a Scout to the National Jamboree.

DE LEON

Troop No. 26, of which J. T. Edmondson is Scoutmaster, has re-registered. This troop has been unfortunate in that Scoutmaster Edmondson has been unable to meet with the troop for some time due to illness.

LAMPASAS

Troops No. 3 and 15 of Lampasas are getting ready to play host to Scouts and Scouters of the South Section of the Comanche

Trail Council with a Rally to be held Friday night, March 29th. Judges for the rally are: Rev. R. K. McCall of San Saba; Walter Smith of Lampasas and J. E. Moore of Lometa. Troop No. 15 assisted in a school program at Rummy recently and went to Kemmer last week to assist in organizing a troop at that place. G. N. Quiri, Scout executive, and C. Boone Talaferro, chairman of Cubbing for the Council, were in attendance and met with members of the P. T. A. to discuss plans for the troop organization. Scoutmaster Warren Talaferro with his Scouts assisted by Galtha Browning put on a Scout Demonstration and Indian Dances.

with Troop No. 36. They state that they plan on carrying off the honors at the District Rally to be held in Lampasas March 29.

DUBLIN

Steve Casey has recently agreed to act as District Commissioner for Dublin. Scoutmasters for Dublin are: Joe Clark and J. D. Moore.

SCHOOL HILL

By MRS. T. J. WELLS

Well, everybody is enjoying the sunshine and busy planting corn.

Health is better at this writing. Mrs. J. L. Lewis of De Leon is spending a few weeks with her daughter, Mrs. T. J. Wells. Mr. and Mrs. W. A. Crawford of

DeLeon spent Sunday afternoon with his sister, Mrs. T. J. Wells. Mrs. Mandell Fagen and sons of Rotan spent a few days with her father, "Grandpa" Brock.

Mrs. Ida Lawson of Wichita is spending a few weeks with her father, "Grandpa" Brock.

Mrs. Morrow of Morrow is spending Sunday with Mrs. F. W. and Mr. and Mrs. Howard, and children spent Sunday with Mr. and Mrs. Jake Christian.

CONVERTIBLES GET SPRING CALL

There is an early demand for convertibles this year, according to sales officials of the Hudson Motor Car Company who report that ever this far north sales have begun on this sport type of car. One of the early birds to take advantage of the first spring sunshine is Patricia Ellis, Detroit film star, who has appeared in several prominent Warner Brothers pictures, such as "The St. Louis Kid" in which she played with James Cagney. Miss Ellis has left with her convertible for Hollywood to start work on the Warner Brothers picture "Hold Em Yale", shortly to appear. Miss Ellis is the only girl appearing in this picture.

Public Is Warned Of Itinerant Gold Buyers In the City

Chief of Police Jim Ingram today issued a warning to the housewives of Ranger to beware of the itinerant gold buyer, as many reports have been received of those gold buyers purchasing old gold at far below its actual worth.

"One system used by these gold buyers," it was said today by one Rangerite, "is to stop at a house and leave a circular. They say that they will be back in a few minutes to get it back. They will deliver these circulars over one block and then go back and pick them up and try to buy any old gold in the house. They probably pick up the circulars so that they will not fall into the hands of the officers."

Several instances of prices offered for old gold were given to the Times today, including \$1 for a watch that was valued at about \$10; 20 cents for a ring that was estimated to have at least \$1 in value for its gold alone and \$1 for another ring that contained about \$1 to \$1.50 in gold.

These gold buyers, some of whom are offering fair prices for their purchases, it was pointed out by the chief of police, must have a certificate from the government showing that they are legally authorized buyers of gold, and whenever one visits a house he should be made to show this certificate, the police chief warned.

Funeral Services For Mrs. Pettitt Held Wednesday

Short funeral services for Mrs. N. K. Pettitt, 62, who died at her home, 506 Pine street, were conducted at the Killingsworth, Cox funeral chapel Wednesday afternoon at 1 o'clock, after which the body was taken to De Leon, where funeral services were conducted from the First Methodist church, with Rev. J. M. Bond of Ranger conducting the services. Interment was in the De Leon cemetery.

The decedent was born and raised in Comanche county and was married in 1881 to J. A. Pettitt. Five children were born to this union, three of whom are living. Those who have died were Eugene Pettitt, a son, and Mrs. I. C. Bondler, a daughter. Surviving children are W. R. Pettitt of Cryst-

tal City, B. H. Pettitt of Corpus Christi and Miss Mittie Pettitt of De Leon, W. W. Smith of Beatrice, west of De Leon, Mrs. J. H. Welch of Beattito and Mrs. Gusie Head. Her grandchildren are W. R. Pettitt, Jr., and B. H. Pettitt.

Her husband died Sept. 15, 1899, after which Mrs. Pettitt and her children moved to Ranger, where W. R., B. H., Miss Mittie and Miss Mary Lee Pettitt taught school at one time. Miss Mittie Pettitt is still a member of the Cooper school faculty. Pall bearers were Seaborn Hig-

gins, R. V. Galloway, P. K. Moore, Clyde H. Davis, W. W. Paschal, E. P. Drashner, Harry Henry, H. S. Von Roeder, H. L. Haskin and Hall Walker.

Steel All Around You... Sides, Floor and the First Steel Roof!

In 1935 there is one subject, at least, on which every automobile engineer agrees—steel bodies, for greatest strength, greatest ruggedness, greatest safety! Steel—more steel!

But when you look at 1935 cars you find only one manufacturer who gives you bodies all of steel. Hudson, in the new Hudsons and Terraplanes! You want complete protection in your car. You get it in the 1935 Hudsons and Terraplanes. No compromise here! Front and back of steel. Floor of steel. Sides of steel. Steel doors, steel pillars, steel bulkhead in front—and the first steel roof—sound-deadened, solid, permanent. Not a single bit of wood in any structural part.

And how these cars do go! How they keep on going! Visit any Hudson and Terraplane dealer's showroom and try this new motoring experience.

THE ELECTRIC HAND

Easier, safer driving—faster, smoother shifting, with both hands always on the wheel. An exclusive feature, standard on Hudson Custom Eight; optional (for small amount extra) on all other 1935 Hudsons and Terraplanes.

Picture memory—Young, Ranger, first; Hodges Oak Park, second; Eastland South Ward, third.

County School Board Election Saturday; Three Places Open

Three members of the Eastland county school board will be elected Saturday.

Trustees for Precinct 1 and 4 and one for the "at large" board position will be elected.

Tom J. Poe's name has been submitted for the top slot at large. L. A. White has been named for trustee for Precinct 4 and O. E. Lyerla is the candidate for Precinct 1.

Ward Week Will Be Celebrated By the Ranger Ward Store

Montgomery Ward's Ranger store, together with the other Ward stores over the entire nation, will begin the celebration of "Ward Week" on Thursday, March 28 and ending on Saturday, April 6th.

A large staff of Ward buyers has been securing the country in an effort to get the best possible bargains for this special week, which will be offered along with the regular line of Ward's high quality merchandise, with prices drastically reduced on regular items for the duration of the sale.

The Ranger store has been completely remodeled inside within the past few weeks, with an idea of better display of merchandise, so that the shopper will find the arrangement of the store much more adapted to his inspection of the articles on display throughout the store.

Carl Jansing, manager of the Ranger store, said Wednesday in an interview, that he was expecting a big business during Ward Week, because of the many attractive bargains that are being offered in every line of merchandise.

Blames Gas Firm For Fire and Asks \$3,700 Damages

Because of high pressure gas entering stoves in his residence through small pipes and no regulation, fire that destroyed his home and store was caused by the Empire Southern Gas company of Gorman, D. J. Neill, who has filed a suit for \$3,700 against the company, states in a petition.

Allegation that the company would increase pressure of gas entering his home without notice is given in the petition.

The petitioner claims the gas company frequently increased pressure in its mains, allegedly causing leaks that on Jan. 20 of this year caused a fire destroying his store and adjoining home.

KEEL WILL BE LAST TO FACE SAME CHARGES

Tom Mullins, alias Tom Colburn, and Vernon Smith, Tuesday faced a five-year term in the state penitentiary after conviction Monday afternoon in 91st district court on two automobile theft charges, a clothing theft charge and two conspiracy to rob charges.

Sentences given in each of the cases, to run concurrently, will in reality measure only five years, Judge George L. Davenport explained.

In tattered clothing, knees showing from ails in their trousers, the two Eastland county youths received the sentences for theft of an automobile of J. A. Smith of Olden, one of William Williams of Ranger and several service station robberies.

Leniency was recommended by District Criminal Attorney Grady Owen, because, as he said, they were the younger members of a group which allegedly committed the felonies.

Harlon Massie of Olden, who pleaded guilty in Breckenridge and Eastland district court for his part in the alleged felonies, has already been sentenced.

L. C. Keel, formerly of Ranger, who pleaded guilty in connection with robbery of a Metcalf Gap service station in Palo Pinto county last week, will be tried at Eastland on the same charges as faced by the two.

A confession of one of the three youths implicated Keel. Trial is expected to be set soon or charges in Eastland county.

Keel, Massie, Mullins and Smith allegedly engaged in a running gun battle with Ranger police on Jan. 12.

Billy McEuin to Return to Arena On Monday Night

The Elks, after considerable dickering, have succeeded in getting a tough opponent for Count Von Bromberg, who won over Chief Black Hawk last Monday night. The opponent is none other than Tiger Billy McEuin of Pasadena, Calif. He has agreed to come to Ranger and take on the tough Bromberg next Monday night.

The fans will remember Tiger Billy as one of the best wrestlers in his class. These two boys are evenly matched in size and weight

Carbon Man Honored On 61st Birthday

Children of Mr. and Mrs. W. K. Haynes of Carbon paid their respects to their father Sunday on his 61st birthday, held at the home of an Eastland son, Lester Haynes, 603 South Green street.

Mr. Haynes, who lives two miles south of Carbon, has been a long time resident of Eastland county. Children attending the special dinner at Mr. and Mrs. Lester Haynes' home were: Mrs. Billy Jenne and husband of Carbon; H. A. and Mrs. Haynes and children, Bobbie, Betty, Patty and son, Billy, of Weinert; W. F. and Mrs.

Children of Mr. and Mrs. W. K. Haynes of Carbon paid their respects to their father Sunday on his 61st birthday, held at the home of an Eastland son, Lester Haynes, 603 South Green street.

Mr. Haynes, who lives two miles south of Carbon, has been a long time resident of Eastland county. Children attending the special dinner at Mr. and Mrs. Lester Haynes' home were: Mrs. Billy Jenne and husband of Carbon; H. A. and Mrs. Haynes and children, Bobbie, Betty, Patty and son, Billy, of Weinert; W. F. and Mrs.

Cited For Contempt

DALLAS, March 27.—Thirty-eight striking women garment workers were cited for contempt of court today by District Judge Towne Young for alleged violation of an injunction issued early this week prohibiting any acts of violence at a plant here.

Mobilgas
A SOCONY-VACUUM PRODUCT

Magnolia Training Has Helped Thousands of Service Station Operators to Become BETTER MERCHANTS

THROUGH the Magnolia Institute every Magnolia Certified Dealer is taught the inside story of gasoline and oil refining and the relation of these products to the smooth, economical operation of an automobile. They are acquainted with the mechanical construction of all makes of automobiles and taught how to do a better, safer job of lubrication.

This training is available to every Magnolia Dealer who is ambitious to win and hold the good-will of his customers.

Stay with **MAGNOLIA** and you stay Ahead!

Your Magnolia Certified Dealer is TRAINED in the fine Points of automobile upkeep

THE MOBILGAS SIGN with the "Red Flying Horse" is more than an advertisement for Mobilgas. It means that the man on the job has the proper training to service your automobile. When he puts Mobilgas in your gas-tank or Mobiloil in your crankcase you can be sure of what you are getting. When he Mobilgreases your car, every grease-fitting gets exactly the right amount of Mobilgrease as recommended by your car manufacturer.

In most instances your Magnolia Certified Dealer is operating his own station... striving to build a successful business of his own through better service to the motorists in his community. You'll find him eager to please you and bring you back again, because every regular customer means another step towards a more profitable business.

Your car will run smoother and last longer... in every way you will derive greater pleasure from your automobile if you make it a habit to stop at the sign of the "Red Flying Horse."

DESDEMONA

Mr. and Mrs. Bailey Stark visited her parents, Mr. and Mrs. C. L. Everett, at Golden, Friday night. Mr. and Mrs. R. H. Jackson of Eastland were here on business Wednesday.

High School Coach E. E. Mullins enjoyed a visit Tuesday night from his sister, Mrs. Hicks, and his brother, Mr. Mullins, who were

returning to their home in Los Angeles, Calif., after visiting their parents at Commerce.

Mrs. J. M. Wright and daughter, Miss Romalee Wright, and Mrs. M. P. Williams, visited Mr. and Mrs. Max Williams at Ranger Thursday.

Mrs. J. E. Derrick and her daughter, Mrs. Style McEntire, drove to Ranger on business Wednesday.

Mr. and Mrs. Clay Emde and Mrs. Charlie Emde of Kilgore were guests of Mr. and Mrs. Roy Rush-

ing Friday night. It had been quite a while since they had visited here and their many friends were sorry they could not stay longer.

C. F. Lahoff of Breckenridge, who was here a few months last fall working with a casing pulling crew, came in Friday and will again be working with the same crew.

Mr. and Mrs. C. Burrell of Breckenridge came down Sunday and will have an apartment at the Bedford hotel while Mr. Burrell is working with the casing pulling crew on some wells east of town.

Mrs. H. H. Nance, accompanied by Mrs. Charles Lee and Mrs. W. C. Bedford, drove to DeLeon Wednesday and attended the south zone meeting of the Women's Missionary Societies of the Cisco district.

Funeral services were conducted at the Desdemona cemetery Saturday afternoon over the remains of E. M. Pagan, who passed away Friday night at his home east of town. Rev. H. H. Nance, pastor of the Methodist church, was in charge of the ceremonies. A large crowd of friends and relatives gathered at the grave and placed beautiful floral offerings in token of their love for their friend and relative who had been taken away in the prime of life, being only 37 years old. His death was due to pneumonia, from which he suffered about 10 days. He was reared in this community and was a successful farmer, loyal friend and neighbor, loving husband and father and his place in the neighborhood will be hard to fill. Sincere sympathy is extended to the sorrowing wife, two children, his parents and other relatives.

John Tarleton college at Stephenville, visited Mrs. S. E. Snodgrass and Mr. and Mrs. J. E. Heeter Saturday and Sunday.

Miss Romalee Wright returned to John Tarleton college Sunday afternoon after having been home a week on account of illness but soon after reaching there she was taken ill with appendicitis and was brought home Monday morning and will remain until she is really well again.

Mr. and Mrs. A. C. Williams of Pyote were guests of his sister, Mrs. David Parks, and family, Thursday night. They had been visiting relatives in East Texas. Mrs. Parks went home with them for a short visit.

Mrs. R. J. Krapp spent several days in Fort Worth last week.

Rev. and Mrs. H. H. Nance and two little daughters spent Thursday in Fort Worth.

Mr. and Mrs. Bailey Stark left Tuesday morning for a short business trip to Hobbs, N. M.

Mrs. M. P. Williams and Mrs. Bailey Stark were shopping in DeLeon Monday afternoon.

We are glad to report that Mrs. C. A. Skipping was able to be removed to her home from a Ranger hospital on Saturday and is improving nicely. Mrs. Skipping's mother from Brownwood will remain with them until she is strong again.

Mrs. W. E. Barron and son, Billy Jack, returned Wednesday

from St. Louis, where she had visited her brother and had attended the meeting of the Missionary Council of the Southern Methodist Churches. On their return they were delayed on account of the flooded conditions in southern Missouri and northeast Arkansas. For 30 miles the train on which they were traveling made only five miles an hour, as the water was over the track and was like a sea on both sides for miles, with tree tops showing above the water. Mrs. Barron's mother, Mrs. R. K. Glanton, who went with them, remained for a longer visit and will go from there to Omaha, Neb., to visit another son for a few months.

Eastland Minister Elected Co-Pastor Counsellor at Meet

Rev. C. W. Estes, minister of the Eastland Presbyterian church, was elected one of the co-pastor counsellors of the Mid-West Christian Endeavor Union at their meeting in Cisco Saturday.

They've invented a robot plane pilot. Now what we need is a robot automobile driver, operated by a voice from the back seat.

Remember back when nations acquired new territory by exploration, in the days before punitive expeditions?

RANGER WEEKLY TIMES

SECTION TWO

VOLUME II

RANGER, TEXAS, FRIDAY, MARCH 29, 1935

NUMBER 10

Central Baptist to Conduct Revival Early Next June

Central Baptist in conference recently set the time for their annual revival to begin the first Sunday in June. This matter was taken up

MISERABLE, AILING?

If your day begins with frayed nerves, headache, backache, or periodic pains, you need a tonic like Dr. Pierce's Favorite Prescription. Mrs. S. B. Taylor of 214 E. 1st Ave., Corsicana, Texas—“I had a sharp pain in my right side, and was so weak at times that I just had to drag myself about the house. I used to have frequent headaches and dizzy spells. One afternoon I had no further trouble. The pain in my side disappeared, also the headaches and I have felt fine ever since.”
New size, tablets 50 cts., liquid \$1.00. Large size, tablets \$1.25. All druggists. Write Dr. Pierce's Chem. Co., Buffalo, N. Y., for free medical advice.

at the 11 o'clock hour when a large per cent of the membership of the church was present. The fine spirit of fellowship and co-operation for which Central is known prevailed throughout the morning service. All departments of the church are already co-operating and organizing for the campaign for souls. Last Wednesday night the prayer service was conducted along the lines of "Revivals of the Old and New Testament," and department heads gave their plans for organizing the forces of the church for a great ingathering. Organized classes of the Sunday school will pray, work and enlist to that end. The adult B. Y. P. U. from now on will observe their hour as a prayer service that the entire church may be right spiritually for this campaign. The W. M. U. will pray much for the revival. The pastor especially urges all members of the church to make special efforts to be in all services of the church, reconsecrating themselves to the efforts of the church and the winning of the lost.

The motto used to be "Get Rich Quick!" Now, with the share-the-wealth clubs, etc., it seems to be "Get the Rich, Quick!"

Vanguard of State Elks Will Visit In Ranger

The Texas Elks State association will hold their annual convention in Fort Worth next May. Fort Worth was chosen as the convention city this year and Fort Worth Lodge No. 124, B. P. O. Elks will be host to the visiting Elks. In order to make this convention the biggest and best ever held in the state, Dr. C. H. Robinson, exalted ruler of Fort Worth lodge, is heading a delegation of Elks on a swing through the Oil Belt and West Texas lodges. They will visit Ranger lodge B. P. O. Elks next Wednesday night, Ranger being their first stop on their itinerary. All Elks are requested to meet the delegation Wednesday night, March 27, and hear what the Fort Worthians have in store for the convention delegates. Visiting Elks are cordially invited.

Ranger Hospital Notes

City-County Hospital
Mrs. Andrew Beck was removed to the home of Mrs. George Beck Saturday.
Mrs. W. W. Mitchell of Thurber is resting well after an operation. Owen James is very ill with pneumonia.
Miss Elma Ruth Looney is convalescing from an attack of pneumonia.
Mrs. G. W. Thomas is resting fairly well after an operation performed the latter part of the week.
Miss Mary Helen Childs, daughter of Mrs. C. L. Childs, was operated for removal of appendix Saturday morning and is doing nicely.
Miss Fields of Eastland is a medical patient.
Mrs. Pearl Brewer is recovering from a minor operation.
Jack Hall, carrier boy for the Ranger Times, is resting very comfortably after an appendix operation.
Miss Jessie Roberts' condition is favorable after a serious illness.
Miss Bonnie Faye Wright is recovering from an appendix operation.

West Texas Clinic and Hospital
Mrs. T. A. Skipping of Desdemona, is resting well.
Miss Ernestine Phillips is much improved after suffering from pneumonia.
Miss Gertrude Carroll is a patient and showing improvement.
Albert King is a medical patient.
Dr. Baldridge of Thurber is reported resting more comfortably.
Mr. Dean Griffith is better according to present reports from attendants, after an operation several days ago.

Reports and Forms for Commission to Be Sent To Abilene, Belew States

Luther Belew, deputy supervisor and prothonotary of this district of the railroad commission, now stationed at Abilene, Friday sent out the following letter to oil men:
"To all producers, refiners, pipeline companies and handlers of crude oil in the counties of Brown, Coleman, Comanche, Eastland, Erath, Palo Pinto, Stephens, and south half of Young:
"Dear Sirs:
"Effective on March 29, 1935, all EB monthly producer reports, SW tender forms Nos. 1, 2, 3, 4, 5, and EH-2 monthly refinery reports are to be sent to the Railroad Commission of Texas at Abilene, Texas.
"Any other forms pertaining to production activities are to be mailed to Abilene, Texas."
The letter was signed by Luther Belew, deputy supervisor, and Neilson Young, assistant deputy supervisor, both of Abilene.
Omar Burkett and L. J. Killough of the conservation department of the Railroad Commission remain located at the Eastland office as heretofore, Belew stated.

Spelling Contest Winners Named

Accident Victims Buried at Caddo Monday Afternoon

Funeral services for Mr. and Mrs. Sidney Samuel Quick, who were killed in an automobile accident near Iraan Saturday night, were conducted at Caddo Monday afternoon, with interment in the Caddo cemetery. The bodies were received in Ranger Monday morning by the Killingsworth, Cox funeral chapel.
Mr. and Mrs. Quick were instantly killed Saturday night when they were struck by an automobile as they were returning to their home in the Mid-Kansas camp at Iraan. They had been to a moving picture show in Iraan and were on their way home when the accident occurred.
Mrs. Quick is a daughter of Mr. and Mrs. E. L. Tressell of near Caddo.

Salesman Makes Bond For Appeal In Homicide Case

HOUSTON, March 23.—M. C. Russell, Cleburne automobile salesman, was free today on \$1,000 bond, pending his appeal from a fine of \$1,000 and court costs, on charge of negligent homicide in the death of Sammie Harbut, 3, March 3.
Witnesses testified Russell was driving at a rapid rate of speed and was unable to stop his car within 400 feet after striking the child. Several children were playing at the roadside at the time, it was said.

At first sight, America named the Silver Streak Pontiac the most beautiful thing on wheels. But even that high praise tells only half of Pontiac's story. Get in, drive, and you'll discover that this low-priced car is even better than it looks. It's an unusually safe car with solid steel "Turret-Top" Bodies by Fisher and triple-sealed hydraulic brakes.
It's a marvel on the road—smooth, lively, easy to handle and easy on gas and oil. And, as such super-fine features as silver-alloy bearings and a completely sealed chassis prove, Pontiac asks no odds of any car at any price when it comes to quality and dependability. A look, a ride and you'll decide—the car makes the price phenomenal.
PONTIAC MOTOR COMPANY, PONTIAC, MICHIGAN

THE WEEKLY CHRONICLE

Established Nov. 1, 1887

Entered as second-class matter at the postoffice at Eastland, Texas, under Act of March, 1879

Published Every Friday Office of Publication: 106 East Plummer Street. Phone 601

NOTICE TO THE PUBLIC

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation, which may appear in the columns of this paper, will be gladly corrected upon being brought to the attention of the publisher.

Obituaries, cards of thanks, notices of lodge meetings, etc., are charged for at the regular advertising rates, which will be furnished upon application.

"How the Centennial Celebration Will Benefit All Texas"

Edgar E. Witt is responsible for a valuable booklet argument for liberal support for the coming Centennial of Texas in the year 1936. First he points out the economic benefits to be derived from the celebration "if properly financed to insure successful presentation." Second, he gives space to the program outlined which includes an appropriation of \$3,000,000 to be made by the state, \$1,250,000 of which is to be used for the central exposition at Dallas and added to the investment by that city of the proceeds of a \$3,000,000 bond issue, donation of its great state fair park as a site for the central exposition and the further investment of the proceeds of a \$2,000,000 bond issue by the Centennial central exposition. He advises that the federal government will be expected to make a contribution, the amount of which will be governed to a great degree by the amount of the state's appropriation. He is positive that in order to assure a state-wide attraction which will draw to Texas several millions of out-of-state visitors during the Centennial year a large expenditure of funds is necessary. He reminds Texans that if this celebration is to compare in quality and magnitude with the other great observance such as the Century of Progress exposition in Chicago in 1933-34, the Panama Pacific exposition at San Francisco in 1916 and others "this financial set-up must be had."

Mr. White's pamphlet contains an interesting review and valuable statistics of the great exposition held in the last 70 years—their cost, financially speaking; their benefits to all industries and vast armies of wage workers and the remarkable attendance of visitors from home and foreign lands. Incidentally, he tells of the Centennial program as far as it has been carried to date: "Out of the \$3,000,000 state appropriation urged for the Texas Centennial observance it is proposed that \$1,000,000 be expended for buildings at the central exposition, \$250,000 for furnishings, \$750,000 for advertising and \$1,000,000 for aiding in financing celebrations in other sections of the state during the Centennial year." Speaking of the magnitude of plans for the central exposition at Dallas, his figures demonstrate that more than \$10,000,000 will be invested in bond issue, federal and state appropriations and expenditures by exhibitors and concessionaires, including, of course, the value of grounds and buildings donated at State Fair park for a celebration that should be worthy of the Texas of today and the pioneers who laid the ground sills in the long ago when Texas first became a republic and later the empire commonwealth of the federal sisterhood.

Another chapter of the Witt pamphlet deals with the benefits to be derived, the vast expenditure of money from all sources inside and outside of the commonwealth, the employment that will be given an army of workers and the advertising that the state will receive from the Gulf of Mexico to the foothills of the lower Rockies, with its vast natural resources and wonderful scenic attractions.

There is a legislature grinding. There is a native born Texan governor of the commonwealth. Four-fifths of the senators and representatives opened their eyes under the skies of the Bluebonnet state. They realized or should realize that the 100th anniversary of the independence of the empire commonwealth should set a high mark in all the celebrations or expositions held in the 70 years of American life activities and the real making of American history everywhere under the flag that floats over men who believe in constitutional law and the rights of man as the makers believed and so declared in the declaration of independence and the constitution they made.

Administrator Hoffet Surveys the Southwest

Federal Housing Administrator James A. Moffett was given a magnificent welcome by the governor and all state officers and the lawmakers and lay citizens of Texas. He has visited Texas unofficially many times. He is the head of a very important branch of the federal government. He is one of the leading business men or executives of America. He should find himself very much at home under the skies of Texas. With a governor and all state officials and lawmakers who have not only been active but ever loyal in their co-operation with the Roosevelt administration. Here he found the national housing program ready to function. All this was made possible by the leadership of the governor and the prompt and patriotic co-operation of the Texas legislature. Now the people who need assistance in the making grand creation of homes are awaiting action.

A lot of well-greased tongues seem to be working overtime trying to explain why the American people should pay higher and still higher taxes. They forget to tell the people where they can raise the tax money.

Any city that can truthfully advertise itself as a good city in which to live and make a living should loudly proclaim that fact to the world.

I read in an English newspaper the other day that a certain country is now the "sole remaining citadel of democracy." It did not name the country.

A Platform For Insurance Salesmen

America's greatest need is an organized majority of citizens who will fight for the best interests of all the people. The institution of life insurance is one such interest, and the men and women who sell life insurance can and should play an important part during the years ahead of us, in supporting every sound measure proposed for the better and more economic management of government, whether federal, state, county or municipal.

The years of depression have taught every business man who is still in business the absolute necessity of living within his income. As individuals, we have been compelled to learn the same lesson. As a people, we must realize that the same fundamental principle applies to government; that government has no funds except those which we pay in in taxes, either directly or indirectly; that no one, whether manufacturer, merchant, farmer or workman, can get anything from a government which we, as individuals do not pay for. As life insurance salesmen, we are in a position to know conditions and problems in our own communities. We can and should and must be carriers of enlightened propaganda among the people within the sphere of our influence. Life insurance has prospered because it is a cooperative enterprise which is absolutely fair to all classes and because it has

budgeted its expenses to conform to its income and limited its operations to those activities which have been absolutely essential to the discharge of its obligations.

It is both a duty and a necessity for us to realize that the important problems of government are not settled by the simple expedient of periodically electing one party or another to conduct the affairs of government. We are in such the position occupied by the board of directors of any large corporation, ours is a responsibility of passing on all important questions of policy, and on plans for carrying out those policies. If we sidestep this responsibility, we have only ourselves to blame for the results which follow.

Dr. Kuykendall To Be Candidate For County School Board

A number of friends of Dr. P. M. Kuykendall of Ranger have prevailed upon him to allow his name to be submitted for candidate for membership on the county school board, it was announced in Ranger Saturday afternoon.

It was pointed out that the county board carries many responsibilities, including the consolidation of school districts and the routing of transportation for school children.

Dr. Kuykendall has been a resident of Ranger for the past six years and has served as president of the Ranger Rotary club and as president of the Ranger Chamber of Commerce.

**T. & P. Offers New
Rates For Round
Trip to California**

The Texas and Pacific Railway, through Frank Jensen, its General Passenger Agent, has announced three Popular Rate Excursions to California for the coming summer. The first excursion will fall on June 15th and 16th, the next on July 20th and 21st, and the last on August 17th and 18th.

According to Mr. Jensen, the tickets for each excursion will bear limit of twenty-one days and permit stopovers at any intermediate point. These tickets will be honored in chair cars or coaches, also in Sleeping Cars upon payment of pullman fare for space occupied.

The Round-trip fare from Ranger to Los Angeles and San Diego will be \$39.25 and to San Francisco \$50.00 with half-fare for children under twelve years of age.

Mr. Jensen said that similar excursions, operated during previous summers, have always proven very popular and in view of the fact that the California-Pacific International Exposition will be in full swing at San Diego, during the entire summer, the demand for these excursions will, no doubt, be greater than ever.

All of the regular equipment of the "Sunshine Special" will be air-conditioned, including chair cars, coaches, sleepers, diners and Observation-Lounge Club Car, and this will add much to the comfort of the trip, said Mr. Jensen.

**Committee Clerk
Taking Requests
For Seed Loans**

Applications for seed loans are being taken for Eastland county by R. L. Davenport, committee clerk, at the courthouse in Eastland.

He explains the loans are for non-relief farmers only. The Farm Credit Administration Friday at Washington started its machinery to make \$60,000,000 in seed loans available to farmers who need help to grow their 1935 crops.

The bill appropriating the money was signed by President Roosevelt Thursday night.

The committee clerk explains the funds have been made available to meet the emergency created by lack of funds of the Emergency Crop and Feed Loan Section of the FCA and will be discontinued when, and if, that office makes crop loans.

No loans will be made to farmers who are able to obtain credit locally or elsewhere.

The same county loan committee will serve the loan that has been heretofore functioned for the crop loan office.

The farmer who is on relief receives the necessary funds to finance his crop through George I. Lane, rural supervisor, who has an office at the general office of the Eastland county relief board.

Crop mortgages, non-disturbance agreements on work stock and crop waivers are necessary in all cases.

The loan is to permit immediate planting of food, feed and commercial crops.

Announcement upon this will be made by the committee clerk when loans are available.

FORD V-8

**First Car to Close the Gap Between
Low Price and Fine Performance**

FROM THE \$2000 PRICE CLASS

COMES THE V-8 ENGINE TO

POWER THE MOST ECONOMI-

CAL FORD CAR EVER BUILT

THE FORD V-8 occupies a distinctive place among automobiles. There is no way to compare it with any other car because there is no other car like it.

The Ford enables you to step up into the fine-car class in performance, beauty, comfort and safety. But there is no stepping up in price. That is kept down by Ford low-profit policies and unique manufacturing methods. These are as different as the car itself.

What the Ford has done is to establish a new standard of value. Fine-car performance isn't limited to the well-to-do these days. The Ford V-8 has made it possible for the average motorist to have the kind of car that used to be beyond his reach.

It takes eight cylinders to give modern performance. And the Ford is powered by a V-8—the finest type of eight-cylinder engine. You have to pay more than \$2000 for that in any other car.

Ford cars are priced at \$195 up F. O. B. Detroit. Standard accessory group including bumpers and spare tire extra. Easy terms through Universal Credit Company. All body types have Safety Glass throughout at no additional cost.

Eastland Actress, Betty Kissinger, Wins First Place

Performance of Miss Betty Kissinger, 609 South Seaman, in "The Sponge," Eastland High school's winning entry in the one-act play contest Thursday, merited her selection as the best actress by judges, school officials announced Saturday.

Miss Norma Vickers, 611 South Seaman, performance in the same play won her selection as second best actress.

Facts and comments on the one-act plays given at the tourney Thursday were given Saturday by Miss Betty Perkins, Eastland High school student, 1921 South Seaman, as follows:

"Five one-act plays were presented at Eastland High school

Thursday afternoon beginning at one-thirty and continuing the rest of the afternoon. These plays were presented by the high schools of Carbon, Ranger, Rising Star, Eastland, and Cisco.

"The Carbon play, 'The Peddler' was a very clever play based on practical joking and the surprise climax was the result of mistaken identity. The cast consisted of five characters.

"The Ranger High school presented 'The Diabolical Circle.' It represented the period of witchcraft and was authentically costumed. The cast consisted of Lola Simmons, Jack Morris, Charles Williams and Lester Bendix. This play won third place in the contest. Lester Bendix was selected as the best boy actor.

"Rising Star presented 'On Vengeance Heights.' This was a mountain story and the four characters wore mountaineer costumes and makeup. This play was based on family feuds. 'Gram' was given honorable mention in acting.

"The fourth play was presented by Eastland High school. The play was 'The Sponge,' and was based on the life of an opera singer and her associates. The cast consisted of Betty Kissinger, Norma Frances Vickers, Curtis Terrell, Orvel Harrell and Elva Lee Jones. This play won first place in the contest and Betty Kissinger placed first in girls acting and Norma Vickers placed second in girls acting.

"Cisco High school presented 'The Florist Shop' in an attractive setting of flowers and the action took place in the shop. The play showed how much a little florist shop can do for people. The cast included J. G. Rape, J. F. Armstrong, Garner Altom, Maxine Carley and Kathrine Russell, who won honorable mention for girls acting. This play won second place in the contest."

Former Resident of Eastland, J. Caton, Is Administrator

J. S. (Shelton) Caton, former resident of Eastland, has assumed the position as relief administrator of Stephens county, succeeding E. R. Maxwell, who resigned.

Accumulation of Winter Debris Represents A Distinct Menace State Health Officer Declares

AUSTIN, Tex.—The accumulation of winter's debris represents a distinct menace to the health of adults and particularly to little children, according to Dr. John W. Brown, State Health Officer, who urges everyone to clean their houses and yards at this time. It is not only good housekeeping, but ordinary sanitary principles indicate the necessity of prompt removal of all waste matter in and around the neighborhood of yards of homes, but the definite lessening of the spread of diseases, especially those affecting infants, is vitally connected with this procedure.

Flies help spread fever, dysentery, diarrhea, tuberculosis, anthrax, and cholera. The breed, live, and feed in filth. To prevent their increase all refuse should be disposed of at once, garbage kept in covered containers, privies made sanitary, and houses screened. Every neighborhood raises its own flies, so that their number is an index to the sanitary conditions.

Mosquitoes are responsible for the spread of malaria, dengue, and yellow fever. Malaria is spread by the bite of the Anopheles or malaria mosquito. Dengue fever and yellow fever are transmitted by the Anopheles Aegypti or Tiger mosquito. The best way to prevent these diseases is to destroy the breeding places of the mosquito. They breed in standing water, therefore, one should drain, ditch, or fill such places, spray oil on water each week, or stock the water with surface minnows as they will eat the wigglers. Houses should be well screened to protect against these insects. After the spring cleaning is finished, it should be kept in this condition at all times.

expense certifications are received and audited," he said.

Plague Cattle to Be Shipped From Dust Ruined Area

DENVER, Colo., March 25.—In a desperate effort to save their half-starved, dust-plagued cattle, stockmen of Bent, Prowers and Bocka counties may move 50,000 head into the San Luis valley or South Park.

Ranges as well as cultivated feed in the once-prosperous district have been smothered under sand and dust after 12 days of dust storms. Many cattle, half starved and almost dried out because of a scarcity of water, already had fallen victims to the choking dust.

Because of the emaciated condition of the cattle, they cannot be driven overland, but must be shipped by railroad. It is hoped that a satisfactory arrangement can be made and good land leased in the San Luis valley or South Park.

American Testifies In Espionage Case

PARIS, March 25.—Robert Switz of New York, on trial with his wife and 21 others on espionage charges, was understood to have testified today that he joined the huge spy ring only in order to expose its secrets to France.

To the Public:

Upon the earnest solicitation of friends and patrons of the Ranger Independent School district, I have agreed to permit my name to be used for the office of trustee, in the coming election in said district.

If elected, it is my intention to give of my time and energy to the end that Ranger school shall have a school system second to none.

I have been a resident of this district, taught in its schools, as well as a patron, over a long period of years.

Respectfully,
MRS. REX OUTLAW.

Time to Plant

Texas Corn-Hog Contracts Equal Number In 1934

the first state in the United States to report as many corn-hog applications signed this year as contracts signed in 1934, according to E. M. Regenbrecht, extension swine husbandman. Thirty-three thousand applications have been signed to date and more will be signed before the closing date of April 1. Of this number, 3,000 of the 1935 signers did not take part in the 1934 program, Regenbrecht said.

Young county has completed tabulating and adjusting final contracts. These contracts are now before the state review board for final checking and will then be sent to Washington. Young county is the first county in the state to reach the review board.

Disbursement of the third and final installment of benefit payments due under the 1934 corn-hog contracts began last week, Claude R. Wickard, chief of the corn-hog section in Washington, has announced. A total of \$905,810.22 was disbursed in the first set of checks sent out.

The balance of the final payment of approximately \$80,000,000 representing the last two-fifths of the total hog adjustment payment will be distributed as rapidly as possible, Mr. Wickard said. He pointed out, however, that before final payment can be made to a producer, his pro rata share of the local administrative expenses pertaining to the hog part of the contract must be deducted.

"Therefore the speed with which checks can be sent to a county will depend upon the receipt of the certifications of total administrative expenses from the county control association. Benefit payment checks cannot be issued until these

FIRE NEWS!

PAINT HELPS TO PREVENT FIRES!

The National Board of Fire Underwriters in its official publication, "Safeguarding America Against Fire," has published an article entitled "Protect Property with Paint," in which it emphasizes the value of the Clean-Up and Paint-Up Campaign in Fire Protection in the following statement:

"The Fire Insurance industry is particularly interested in the value of paint from a fire protection standpoint. Unprotected wood has a tendency to weather and dry out until it becomes like tinder."
