

# RANGER WEEKLY TIMES

Europeans who frown on the growing tendency to put boys on thrones might adopt the reverse of Huey's motto.

Columbia students choose Gertrude Stein as the most unpopular writer. They just don't understand her.

RANGER, TEXAS, FRIDAY, MAY 24, 1935

NUMBER 18

## BOND IS MADE BY GROUP TO DISTRICT COURT

A temporary injunction to restrain city officials of Ranger and Cisco from interfering and molesting marble and "skill" machines was granted by Judge Geo. L. Davenport in 91st district court today.

The machine operators of Eastland, Ranger and Cisco contended that, in their petition styled Carl Lowery, et al vs. Mitchell Perdue, et al, that their machines were legal and it was not right for officials to remove them from places of business.

They pointed to the recent enactment of an act this month in the legislature wherein a tax was imposed on the devices.

Hearing for on the case for determination on whether or not the injunction will be dissolved will be decided Friday, May 31 in 91st district court.

The machine operators executed a \$500 injunction bond. Their attorneys are W. H. McDonald and Frank Judkins of Eastland.

Machine operators who were granted the temporary injunction included Carl Lowery, Cisco; Victor Cornelius, L. Y. Morris, Eastland; John Hooks, Ranger.

The operators complained of police commissioners of both cities and their city officers.

It is understood Cisco officials have taken the machines from places of business.

## County Federation To Have Cancelled Meet On Saturday

Cancelled last week because of inclement weather, the Eastland County Federation of Women's Clubs will meet Saturday at Lake Cisco when new officers will be installed.

Miss Ruth Ramey, county home demonstration agent, stated the members of the federation will meet at the lake at 11 o'clock. The meet will probably last until 2:30 o'clock, she said.

Those who attend were requested to bring a covered dish luncheon.

Mrs. Louis Pitcock of Ranger will be succeeded by Mrs. Andrew Mehaffey of Gorman, new president.

## Pope to Plead For England's Return To Roman Church

VATICAN CITY, ROMA, May 23.—A plea to England to return to the Roman Catholic church will be contained in the homily, which Pope Pius will read at the canonization of Thomas Moore and John Fisher at St. Peter's on Sunday.

The pope's plea, it was understood, will be on the ground that England should return to the Roman church to make one flock under one shepherd.

## Ranchers, Farmers Blame Each Other

SALT LAKE CITY, Utah.—Livestock dealers are refusing to take the blame for recent dust storms and have made a counter charge against farmers. It was disclosed in a federal hearing here, S. M. Jorgenson, president of the Utah State Wool Growers association, told the federal examiner that plowing of marginal land that has been out of production is responsible for dust storms, and not overgrazing, as often charged.

Such plowing destroys native grass and thus removes nature's binding of the dust, allowing it to be swept by wind, he declared.

Protest also was made regarding the government's actions in reducing grazing permits on national forests, on the ground that it is taking earning power away from the livestock industry and reducing its security from loans.

## Graduated From Randolph School

Miss Ila Jewelle Smith of Eastland was one of 30 Randolph school graduates to receive a diploma Tuesday night at commencement exercises.

Judge B. D. Sartin of Wichita Hills delivered the commencement address.

## Funerals Held For Former Lacasa Woman Wednesday

Funeral services for Mrs. Myrtle Ellen Adams, 43, who died in Borger Monday, May 20, were conducted at the New Hope church Wednesday afternoon by Rev. H. R. Johnson, assisted by Rev. K. C. Edmonds. Burial was in the Macedonia cemetery, two miles north of Lacasa.

The decedent was the wife of C. H. Adams of Borger, and was formerly Miss Myrtle Ellen McNabb, a member of a pioneer family of the Lacasa valley. She died of pneumonia.

## America's Youth Again on Move Over the Country

DALLAS.—America's vast army of migratory, homeless boys is again on the move, according to O. A. Stewart, supervisor at the Texas Transient bureau.

Each day since spring's sunshiny days have given promise of warm summer months which will follow soon, the number of boys has increased. Now there is an average of about 40 boys reporting at the bureau daily, Stewart said.

The boys have developed a peculiar outlook on life, according to Stewart. Their movements have become pointless, they wander from bureau to bureau and register each night with the same lack of embarrassment that a citizen would feel in registering at a hotel.

"Seldom do the boys stay in one locality more than two or three days," Stewart said. "Their one aim is apparently to reach the next town, and then the next and the next in a never-ending circuit."

Most of the boys have never graduated from grammar schools and few have attended high schools. They talk not about jobs and settling down, but about the transient bureau in the city ahead.

Does it have good food? Clean beds? Do they provide shoes or other clothing?

The boys normally band together under one leader in groups ranging in size from five to 15, Stewart said. They hop trains to get to the next town and then they do what little thinking they may be called upon to perform.

"These boys are not vicious," Stewart said, "and are not more than potentially criminal. They come from homes of workers on low salaries making it necessary for the children to work."

"They can't find any jobs, get tired of nagging around home, so they just leave," Stewart said.

## Back Yard Oil Well Creating Much Excitement

WILMINGTON, Calif., May 23.—Discovery of a backyard oil well that produces nearly pure gasoline, sent townpeople rushing to purchase drilling equipment today.

The discovery was made by Crystalob Salcido, who sank a well in his yard for water. At 20 feet he struck oil. He installed a hand pump and with the aid of his wife and six children produced 16 barrels of oil a day.

Geologists said the oil probably seeped into the pool from leaks in storage tanks nearby, which were cracked by the earthquake of two years ago.

## Hail Stones Stay In Field a Month

KERRVILLE, Texas.—Hailstones that fell on the Oscar Weaver ranch in the Copperas community in Kimble county last April were still unmelting four weeks later, it was reported here.

Many visitors from nearby counties picked up sacks full of the hail stones and carried them home to put in their refrigerators or use in making ice cream.

The hail stones did not melt because a heavy rain which accompanied the storm washed a protective layer of leaves over them in many places.

## Two Bandits Rob A Jewelry Store

MADISON, Wis., May 23.—Two bandits held up the R. W. Nelson jewelry store today and escaped with a stock of diamonds and cash valued at \$13,800.

Gilbert Montay, a clerk, was tied with wire, gagged and blindfolded by one bandit while the other looted the safe.

## Farm Debt Body Has Adjusted 1,182 Farmers Problems

AUSTIN.—Created in the late summer of 1933 as a unit in the president's recovery organization, the Texas farm debt conciliation committee has adjusted 1,182 cases of indebtedness in which farmers of the state have been saved \$1,133,820, it was announced today by R. J. Murray, state chairman of the organization.

Designed to stop foreclosures and eviction of worthy farm families from their homes by bringing together the farmer and his creditors in a mutually agreeable plan of debt settlement, this program is functioning in the United States through 44 governors and 2,643 county committees.

Texas, largest agricultural state in the Union, is benefitting particularly from this activity, since it is estimated that there are some 500,000 farms in the state with a gross total indebtedness of approximately half a billion dollars.

"It is safe to assume," said Mr. Murray, "that 80 per cent of that portion of these farms mortgaged were subject to foreclosure."

Named by the governor as members of the state committee were R. J. Murray, Lubbock, chairman; W. P. H. McFadden, Beaumont; J. K. Freeman, Cameron; Theodore Lowe, Brenham; Allen Smith, Bryan; G. L. White, Hillshire; W. A. Wurzbach, San Antonio; Sam J. Smith, Austin; D. H. Wall, Grapevine; D. H. Perry, Robstown; E. P. Greenwood, Dallas; Fritz Engelhard, Eagle Lake; J. E. McDonald, Austin; Dr. W. S. Jacobs, Houston; Fred W. Davis, Austin, secretary.

Immediately thereafter, a county farm debt adjustment committee was appointed in every county of the state.

Operating as a division of the rural department of the Texas relief commission, the state committee set up administrative offices and divided the state into six districts with field representatives as follows:

Lubbock, containing 54 counties and 51,865 farms. Guion Gregg; Waco, 57 counties and 77,620 farms. E. A. Tweedy; San Antonio, 55 counties and 86,172 farms. C. A. Mayfield; Bryan, 29 counties and 69,597 farms. A. S. McSwain; Kaufman, 23 counties and 104,934 farms. O. E. Iillard; Bowie, 36 counties and 105,223 farms. Frank J. Moss.

Under the plan now being followed, any farmer in debt distress may list his case with a county committee, explaining the difference existing between his creditors and himself. When county committees and field representatives both are unable to adjust differences, the case is referred to the state committee, which after studying the case, proposes settlement.

## P.-T. A. Council Meet Will Be Held In Ranger Saturday

The County Council of Parent-Teachers Association will meet in Ranger Saturday at 2:30 p. m. in the Methodist church, it was announced Thursday.

Mrs. A. J. Olson of Cisco, secretary, urges members to attend.

## Oil Well Flows But Does Not Pay

PALESTINE, Tex.—An oil test into which he sank his lifetime savings 30 years ago still mocks John Nemer, a native of Syria.

Nemer drilled the well, known as the John Nemer No. 1, to 1,100 feet, using crude equipment of that date. Several shallow sands were found, but none in profitable quantities.

The well was abandoned because, when a plentiful supply of oil was discovered, there was too much water mixed with it.

After unusually heavy rainfall the well still flows oil over the ground.

But the only use made of it is to lubricate farming machinery of those living in the Jarvis area in which the John Nemer No. 1 is located.

## GIRL MARBLE CHAMP

CANTON, Ohio.—Virgil Kidder recently won a marble tournament in Minerva public schools near here. Girls had been left out of the tournament, and they protested to the principal, who finally advanced an event for them. Betty Mae Whiteacre, 11, won it, challenged Virgil, and surprised all concerned by beating him.

## VOTE TAKEN THURSDAY IN UPPER HOUSE

WASHINGTON, May 23.—The senate today sustained President Roosevelt's veto and killed the Patman bonus bill by a vote of 49 to sustain and 54 to override. A two-thirds vote was necessary to override.

Champions of the \$2,200,000,000 measure could not win the two thirds majority necessary to have the senate join the house in overriding.

The vote against the Patman plan definitely killed it for the session, but did not down the issue.

Bonus supporters planned soon to offer a plan giving Mr. Roosevelt a chance to pay the bonus through treasury financing, work relief funds, or issuing U. S. notes.

They believed offering these alternatives might win votes of some senators who opposed the mandatory currency issuance provision of the Patman bill.

President Roosevelt warned the Patman bill would set the nation on a dangerous course. The tone of his veto indicated he would also veto any other plan for cash payment.

The proposed strategy of the bonus forces to offer their alternative plan as a rider on an administration bill, may gravely complicate the New Deal legislative program for the remainder of the session.

As debate proceeded before packed galleries, Patman forces tried to swing votes their way.

Senator Elmer Thomas, Dem., Okla., warned that sustaining of the veto would not kill the issue. Already bonus advocates have begun a plan for a new attack.

"I've been beaten before and I can take my beating as well as any other," Senator Huey Long, Dem., La., said. "If I be the only one beaten it wouldn't matter, but it is the veterans that are being beaten," he continued.

## SIX KILLED IN MANEUVERS BY THE NAVY

ABOARD U. S. S. PENNSYLVANIA, with Pacific Fleet, May 23.—Six navy airplane crew members were killed Tuesday night, while directing rescuers to a stricken slater plane, it was revealed today.

The man died when their plane plunged into the Pacific after circling high above a second craft which had descended in distress 40 miles south of Midway Island.

The disaster was the most serious of a series which marked the fleet problem 16 in which virtually the entire sea forces of the United States are concentrated.

The lost plane members were part of the defending forces of the fleet. The craft to whose rescue they had gone was one of the attacking force.

The plane was scouting the open sea early Tuesday evening, about 40 miles south of Midway Island, when it saw a plane in trouble on the water. The rescue plane radioed for destroyers to go to the rescue.

It circled about the spot, maintaining radio communication and directing the rescue craft. An hour later, a few minutes before the cruiser Raleigh arrived, the plane plunged into the sea.

## ARMY OFFICER DISMISSED IN COURT MARTIAL

WASHINGTON, May 23.—Col. Alexander Williams of the army quartermaster corps, was found guilty on two counts by a court-martial today and sentenced to dismissal.

The officer was found to have solicited and obtained a loan of \$2,500 from the representative of an automobile tube concern which was seeking army contracts in November, 1932.

Williams at that time was a brigadier general in charge of the transportation division and the tire tube representative was trying to interest him in the product.

Williams also was found guilty of giving false testimony before a house military affairs committee.

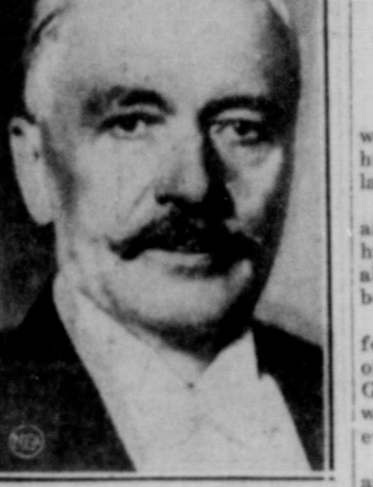

## 75-POUND STURGEON FORT ERIE, ONT.

FORT ERIE, Ont.—The Daddy of all sturgeons caught in Lake Erie was landed by William Berry off Erie Beach. After a hard struggle, Berry landed the fish—a 75-pound beauty.

## FIVE GENERATIONS LIVING

COLUSA, Cal.—Birth of a son to Mr. and Mrs. Ernest Bressler makes the fifth living generation of the descendants of Mrs. Sarah Dion, 71. She rears the title of great-great-grandmother. All the generations live here.

## Poland's Helm in His Hands

With the death of Marshal Joseph Pilsudski, Poland's dictator, a heavy burden falls on President Ignatz Moscicki, above, who was elected for a seven-year term in 1926, and re-elected in 1933, his rule being directed by the nation's strong man.

## WILLOWS MAY BE OPENED ON SAT., JUNE 1

A meeting of the joint swimming pool committee from the Lions and Rotary clubs, held in the offices of the Chamber of Commerce Wednesday morning, A. N. Larson was elected chairman of the committee and R. B. Canfield was elected secretary.

After some discussion Saturday night, June 1, was set as the tentative opening date for the Willows pool, provided arrangements could be made under which the pool could be operated this year, and several committees were appointed to look after details.

Other tentative arrangements included a price of 15 cents for adults, 10 cents for children and a charge of 5 cents when the pool furnished swimming suits; election of Mr. and Mrs. George Davis as caretakers, provided Davis would help in getting the pool ready, and they would be granted the privilege of operating all concessions, and an early morning breakfast for all members of the Lions and Rotary clubs next Tuesday morning at 6 o'clock, at which time all members would be expected to help clean up the grounds and paint the trunks of the trees.

Committees appointed at the meeting were:

E. A. Ringold and F. D. Hicks, to see about securing water rates.

A. N. Larson and L. R. Pearson to see about rental of the pool.

Walter Harwell and Dr. W. L. Jackson to see about securing cement for patching to be done on the pool.

A. N. Larson and F. D. Hicks to contact the Rotary and Lions clubs to make arrangements for the breakfast and working party to do the cleaning and weed chopping.

A. N. Larson and Bill Mayes to have swimming books printed, the \$3.00 books to be sold by the members of the two clubs at \$2.50.

Those present at the meeting were A. N. Larson, R. B. Canfield, E. A. Ringold, L. R. Pearson, F. D. Hicks, Dr. W. L. Jackson and R. V. Galloway.

## Words Discarded In New Dictionaries

YELLOW SPRINGS, O.—Dr. Austin McDowell Patterson, vice president of Antioch college, has estimated that for every word inserted in the modern dictionaries at least three are left out.

Dr. Patterson, himself an author of dictionaries and also a chemist of note, explains that when the average dictionary is compiled, a staff of assistants gather words used in all parts of the world. From 2,000,000 submitted, about 500,000 are used in the publication.

## IS RESTING WELL

Mrs. Milton Lawrence of Eastland, who received painful but not serious burns accidentally Wednesday, is reported improving.

## BALLS FLOAT FROM JAPAN

SAN RAFAEL, Cal.—Numbers of large faecal balls, believed to have floated across the Pacific from Japan after working loose from fishing nets have been washed up in Tomales Bay. The balls are made in Japan.

## BRAZOS RIVER OVERFLOWS IN SOUTH TEXAS

The Brazos river swept southward today, causing additional hundreds of families in its bottom land to flee.

Crop damage, chiefly to cotton and corn, was estimated in the hundreds of thousands of dollars above and below Bryan and Wellborn.

Meanwhile continued rises were forecast along the lower courses of the Trinity, Colorado and Guadalupe rivers. Only flood warning was for the Brazos, however.

Residents of Bryan, Wellborn and Brenham estimated about 40,000 acres of fertile cotton land was covered by the Brazos and its backwaters.

Warnings of the rapid rise of the stream enabled cattlemen to remove stock. Little loss was expected through drowning of livestock.

## Learn to Swim Is Advise of State Health Officer

AUSTIN.—The call of the open spaces is with us again, the old swimming hole, lake, river, and shore all have their devotees, but in the contemplation of the good times we are going to have on the water let us pause a moment to resolve that we will not be one of the unfortunate victims that each year is added to the toll of those drowned.

If you expect to spend some time near the water, learn to swim. It isn't difficult; you will soon learn to keep afloat, and better still, lose that dreadful fear and panic into which a person is thrown who knows nothing about swimming when he finds himself beyond his depth. Just the ability to keep afloat a few minutes may mean life. And, those of you who can swim! Remember, it is not always the non-swimmer who is drowned. Don't let the knowledge that you are a good swimmer make you foolhardy; you can have just as much fun swimming parallel to the shore as trying to make the other side, and it is much safer. It is much more fun to swim with a companion than alone. Don't dive unless you know where you are "heading."

Have you ever stood helplessly by and seen a hanging attempt to resuscitate a drowning person, minutes lost when seconds are precious? The prone pressure method should be started at once. You can learn the proper method should be started at once. You can learn the proper method in a few minutes yourself.

Swimming is one of the best of sports from a health standpoint, but needs to be indulged in with a proper respect for the possible hazards involved. Incidentally, middle-aged persons should be physically checked up before engaging too strenuously in this form of activity.

## Farmer Injured By Mule Attack

SAN AUGUSTINE, Tex.—R. L. Reynolds, farmer living about 18 miles south of San Augustine, was recovering today from severe injuries received when he was attacked by a mule.

Reynolds was riding the mule in the field where he had been working, when the mule threw him and put his foot on the farmer's chest, breaking his collar bone.

The farmer managed to free himself, after nearly dislocating his right arm, but the mule followed him and knocked him to the ground.

The animal then bit him on the back and shoulders, inflicting painful flesh injuries.

Reynolds was finally rescued by Jessie Allbrittain, farmer, who happened to be nearby.

Physicians reported the case very unusual but said Reynolds' condition was not serious.

## Baylor Mentor Is Eastland Visitor

Morley Jennings, head coach at Baylor university in Waco, was a visitor in Eastland Tuesday.

While here Jennings invited Darrell Tully, star grinder for several seasons at Eastland high, to Baylor. Tully declined, and informed Jennings he plans to attend Weatherford Junior College.

## Ancient Dream of Colorado Valley Near Fulfillment

AUSTIN, May 23.—Inhabitants of the Colorado river valley today looked forward to the fulfillment of an ancient dream—use of the stream for irrigation and power.

In the rich valley, \$20,000,000 provided by the PWA, will complete a system for storing and controlling the river's water.

## Texas Dries Are Planning Fight

DALLAS, May 23.—United Texas dries marshaling their forces for a campaign to prevent repeal of prohibition, met here today to plan a three-month educational program.

Dry clubs are planned for every town and community to educate voters regarding the intricate submission ballot in the August election.

The organization is led by Bishop Hiram Boaz.

## Promoted From Appeals Court

Hon. J. E. Hickman, chief justice of the Eleventh Court of Civil Appeals, appointed to Section A of the Supreme Court Commission. He will fill the unexpired term of Judge Richard Critz, recently appointed to the third tribunal, and also for the new term of six years starting June 29.

## J. E. HICKMAN APPOINTED ON A COMMISSION

AUSTIN, May 22.—Hon. J. E. Hickman, chief justice of the 11th Court of Civil Appeals at Eastland, today was named by the state supreme court as a member of commission to assist the court.

The place was made vacant by appointment of former commissioner Richard Critz, Taylor, to a place on the court bench succeeding the late Associate Justice William Pierson. Judge Hickman will serve Judge Critz's unexpired term and was appointed for the six year term beginning June 30, 1935.

Judge Graham Smellery, formerly of Wichita Falls, was re-appointed a member of the commission.

## J. D. Echols Bond Reported Forfeited

John Barnes, constable of the Ranger precinct, who attended court in Coleman Tuesday, announced Wednesday that the district judge had declared the bond of J. D. Echols forfeited.

Echols was to have appeared in the Coleman court on charges of robbery in connection with a filling station robbery some time ago, Barnes stated.

## Baylor Mentor Is Eastland Visitor

Morley Jennings, head coach at Baylor university in Waco, was a visitor in Eastland Tuesday.

While here Jennings invited Darrell Tully, star grinder for several seasons at Eastland high, to Baylor. Tully declined, and informed Jennings he plans to attend Weatherford Junior College.

## 'Doodlebug' Before Court of Appeals

AUSTIN, May 21.—Judges of the third Texas court of civil appeals here will be asked tomorrow to pass on the value of a "doodlebug" or "wiggliestick" in locating oil wells.

The question was raised in litigation between Albert Scramm and the Pearl Oil Corporation. One of Scramm's associates is owner of the doodlebug and possessor of its secrets.

They claim that through its use oil was located on an East Texas tract in Rusk county, now leased by the Pearl Oil corporation. They seek an interest and accounting.

## Eastland Minister Will Preach Sunday At Flatwood School

Rev. John G. Hill, minister of the Eastland Church of Christ, will preach at the Flatwood schoolhouse Sunday afternoon at 8:30 o'clock, it was announced Wednesday.

## GOOD TIME IS PROMISED FOR ROAD FETE

Plenty of entertainment is promised to those who attend the "59 Airline Highway Celebration" at Eastland on Thursday, May 30, Memorial Day, according to Judge Milburn McCarty, general chairman of the celebration.

Local arrangements committees are working out the details of the entertainment features and promise an arranged program for publication within the next few days.

The famous Cowboy Band from Hardin-Simmons university at Abilene, and the 30-piece band from the North Texas State Teachers college at Denton, will be the two main band attractions, as will the Ranger high school band, the Cisco high school band, the Eastland high school band, and the famous American Legion Tickville band from Ranger. Dr. Harry A. Logsdon, the director of the Tickville band, announces that he will have a complete new program worked up for the celebration.

Both Judge Kly, retiring chairman of the highway commission, and Harry Hines of Wichita Falls, present chairman of the commission, will deliver addresses. Judge Sam Russell of Stephenville will deliver the address of welcome for the committee, which will be responded to by Senator Grady Woodruff of Decatur. Hamilton McRae, president of the Eastland Chamber of Commerce, will deliver the address of welcome for the city of Eastland.

The celebration will start at 10 o'clock Thursday morning, May 30, and will continue throughout the day, with a basket dinner at noon. All towns from Weatherford to Abilene, and even farther west are co-operating with the people of Eastland, in their plans to entertain 10,000 people in the celebration of the opening of Highway 89, the airline route from Ranger to Weatherford, for traffic. This route is 14 miles nearer to Fort Worth and Dallas.

This strip of road has not yet been paved, and at the present time is only suitable for travel in dry weather, but it is being well maintained by the highway department, and it is almost sure to be paved within the next 12 months with appropriations that are now being made for paving projects in Texas.

Judge McCarty states that an invitation is extended to all the people in this section of the state to attend and take part in this big celebration.

## Bankhead Cotton Test to Be Taken Up In Supreme Court

WASHINGTON, May 20.—The supreme court decided today to entertain an attack on the validity of the Bankhead cotton act.

It was challenged in a suit by Lee Moor, a client, Texas, cotton grower, against the Texas & New Orleans railroad.

Moor in his plea said he was obliged to grow at least 2,000 bales of cotton during the 1934-35 crop year. Of this amount he could sell only 855 bales, tax free, under the law, which imposed a six-cent per pound tax on all cotton sold in excess of the farmer's allotment. Moor offered his excess cotton to the railroad at El Paso. It refused to accept it for shipment without payment in advance.

## Words Discarded In New Dictionaries

YELLOW SPRINGS, O.—Dr. Austin McDowell Patterson, vice president of Antioch college, has estimated that for every word inserted in the modern dictionaries at least three are left out.

Dr. Patterson, himself an author of dictionaries and also a chemist of note, explains that when the average dictionary is compiled, a staff of assistants gather words used in all parts of the world. From 2,000,000 submitted, about 500,000 are used in the publication.

## IS RESTING WELL

Mrs. Milton Lawrence of Eastland, who received painful but not serious burns accidentally Wednesday, is reported improving.

## BALLS FLOAT FROM JAPAN

SAN RAFAEL, Cal.—Numbers of large faecal balls, believed to have floated across the Pacific from Japan after working loose from fishing nets have been washed up in Tomales Bay. The balls are made in Japan.

## Baylor Mentor Is Eastland Visitor

Morley Jennings, head coach at Baylor university in Waco, was a visitor in Eastland Tuesday.

While here Jennings invited Darrell Tully, star grinder for several seasons at Eastland high, to Baylor. Tully declined, and informed Jennings he plans to attend Weatherford Junior College.

DESDEMONA

Mrs. Tom Nabers is able to be up after having been in bed several days on account of a broken rib. Mr. and Mrs. Gifford Acrea had as their guests Sunday her parents, Mr. and Mrs. T. A. Pritchett, of Ranger, and her uncle and aunt, Mr. and Mrs. Roland Tankersley of Dallas. Mr. and Mrs. J. J. Simmons returned to their home at Olney Friday after a few days visit with their daughter, Mrs. Claud Lee, and family. W. H. Davis drove down to Hamilton and Jonesboro on business Friday. Dr. J. M. Wright returned Saturday morning from Dallas, where he attended the State Medical association. Mr. and Mrs. Tom Alread were business visitors at DeLeon Friday. Mr. and Mrs. Gid Tarpley drove to DeLeon on business Friday. N. D. Gallagher of Cisco was the guest of Mr. and Mrs. J. E. Heeter and their mother, Mrs. S. E. Snodgrass, Monday for luncheon. Mr. and Mrs. Horace Adams and two children of Ranger visited Mr. and Mrs. W. C. Bedford Monday evening. Mrs. J. E. Derrick and daughter, Mrs. Style McEntire, and baby, James Edward, are spending this week at Kilgore with Mrs. Donald Howell and family. Mr. and Mrs. A. B. Henslee and two daughters, Kathleen and Sarah Anne, spent last week at Kilgore and Longview, visiting relatives. Rev. and Mrs. H. H. Nance and two little daughters drove to Kokomo Sunday.

LOYALTY TO ROOSEVELT VOICED BY FARM THROG

This sea of upturned faces stretched out before President Roosevelt as he stood on the south portico of the White House and was photographed with the great assemblage. In one of the most uproarious demonstrations Washington has witnessed in years, the "dirt farmers" from 20 states pledged loyalty to the president's program of farm prosperity under the New Deal, spokesmen declaring "We'll go anywhere for this administration and the AAA."

CLASSIFIED

WANTED TO SWAP—1930 Ford town sedan; new paint, seat covers and tires. What have you to swap or trade? Leveille Motor Co. LOOK! LOOK! WHAT A BARGAIN! 1934 Chevrolet coupe, only driven 11,000 miles; 6 wheels and in perfect condition; we are running this car on a special for \$535. Take this car and drive it to your satisfaction. Leveille Motor Co. FOR SALE OR TRADE—If you want a good used car come and see this one: 1930 Ford coupe with six wheels and new paint; priced to sell quick; it won't stay here at this price. Leveille Motor Co. FOR SALE—Red re-cleaned seed oats; also feed oats. I. N. Hart farm on Cisco-Breckenridge highway.

Miss Edra Parks, pianist; invocation, S. T. Stover; song, "Holy, Holy, Holy," junior class and choir; announcements, Supt. M. L. Cobb; sermon, Rev. H. H. Nance; song, "Come Thou Almighty King," junior class and choir; benediction, Rev. H. H. Nance; recessional. Then on Thursday evening at the high school auditorium the commencement program was given as follows: Processional, Miss Edra Parks, pianist; invocation, Rev. H. H. Nance; salutatory address, Carl Robert; class history, Walker Henry; class poem, Morris Nance; valedictory address, Miss Joy Wilcoxson; introduction of speaker, Supt. M. L. Cobb; address, Hon. Judge Clyde L. Garrett; presentation of diplomas, Supt. M. L. Cobb; class song, Miss Edra Parks, accompanied by Miss Edith Creighton; benediction, Hon. Judge Clyde L. Garrett; recessional, Miss Edra Parks, pianist. Those to whom diplomas were presented were Misses Ruth Abel, Olive T. Arthur, Dorothy Dishman and Joy Wilcoxson (valedictorian), and Messrs. Walker Henry, Leroy

SISTER MARY'S KITCHEN

BY MARY E. DAGUE NEA Service Staff Writer AMERICAN housewives like curried dishes in restaurants, but evidently support them to be too complicated for home manufacture. Really, though, curry is easy to use and a fine change once in awhile for the family. A grand way to use up left-overs, too, and make them look partified at the same time. Curry sauce was designed originally to make the East Indians' appetizing bowl of rice more palatable and to stimulate lagging appetites during hot weather. Paradoxical as it may sound, the highly seasoned sauce does tempt the appetite and is a good addition to summer menus. Indeed, the manager of a fine tea-room in New York tells me that curry is one of the most popular dishes she serves on sultry days. Curries look nice, because you put the rice on a hot serving dish to form a border and the vegetables, meat or whatever in the center. Here's your basic curry rule, modified to please Western palates. Curry Sauce One scant tablespoon curry powder, 1 tablespoon flour, 2 tablespoons butter, 2 cups tomato juice or meat broth, 1 onion, 1 tablespoon chutney sauce, 1-2 teaspoons lemon juice, 1 teaspoon sugar, 1-2 teaspoon salt, 1-8 teaspoon pepper. Melt butter and stir in curry powder and flour. Cook and stir until frothy. Slowly add tomato juice or meat broth, stirring constantly. When smooth add minced onion, chutney, lemon juice, sugar, salt and pepper. Simmer for thirty minutes. If chutney sauce is not available, chopped cucumber rings or minced sweet pickle can be used. If you like you can add 1 tablespoon claret or port to the sauce when ready to add the meat. Almost any kind of left-over meat can be reheated in this sauce and served in a border of well cooked rice. Or cheap cuts of meat can be cut in dice and browned quickly in hot fat. Then simmer them in the sauce on top of the stove or in the oven, casserole fashion, until tender. A clean cut of lamb is delicious cooked this way. If you are entirely unfamiliar with the taste of curry it may help you in judging the amount to use if you know that curry powder is a combination of several condiments, including coriander seeds, tumeric and fenugreek seeds as well as other spices. It naturally varies in strength and flavor and freshness according to its composition, so it's a good idea to use it sparingly at first.

of one of his sisters, who died of dust pneumonia. She had visited here two years ago and made many friends, who regret to hear of her death and all of whom extend sincere sympathy to Rev. Chambliss.

Loans On Cotton Crop of 1934 Are Being Extended

WASHINGTON—The commodity credit corporation today advised the agricultural adjustment administration that the maturity date of cotton producers' loans on the 1934 crop, commonly referred to as 12-cent cotton loans, has been extended from July 31, 1935, to Feb. 1, 1936. Direct loans by the commodity credit corporation upon eligible cotton under the 12-cent loan plan will be available to producers until July 31, 1935. Extension of the maturity date of these loans means that producers who have obtained 12-cent cotton loans may make repayment, before the release of their pledged cotton warehouse receipts, and secure the advantage of any market rises between now and Feb. 1, 1936. It means also that no cotton pledged as security for 12-cent loans will be taken over or sold by the commodity credit corporation prior to Feb. 1, 1936, except as provided under the terms of the loan agreement. One of these provisions is that midding 1/2-inch spot cotton must reach 15 cents a pound on the New Orleans market before it can be liquidated by the commodity credit corporation prior to the extended maturity date of the loans. With the present higher basis for spot cotton, on many grades of cotton producers in many sections have an equity over and above the loan value, plus interest and carrying charges. This extension of the maturity date will allow producers to avail themselves of the opportunity of repaying their loans and taking advantage of any equities which they may have in the pledged cotton. Banks and other lending agencies will be permitted to carry the notes made subsequent to June 30, 1935, by executing and furnishing to each loan agency of the reconstruction finance corporation holding such notes for the bank or lending agency a supplemental contract to purchase. Under this supplemental contract to purchase, the corporation will purchase the notes subsequent to June 30, 1935, upon request of the bank or lending agency, paying therefor the face amount of the contract plus the prevailing rate of interest in accordance with the present contract to purchase from the date of the note to June 30, 1935, and interest at the rate of 1 1/2 per cent from June 30, 1935, to the date of purchase. Provision has also been made whereby banks or lending agencies may transfer the notes to other banks. As of May 10, 1935, the corporation had received advices of cotton loans to producers totaling \$268,868.55 on 4,406,787 bales of cotton. Of this amount, the corporation had disbursed only \$35,537,719.56 on 594,894 bales of cotton, the balance of the notes being held by banks or other lending agencies.

A New U. S. Butter Champion

Femco Johanna Bess Fayne of Femco Farms at Breckenridge, Minn., is the new champion butter producing cow of the United States and the only cow in the world that ever made two one-year records of more than 1,500 pounds of butter. This nine-year-old pure bred Holstein, an aristocrat of the dairy world, has just completed a record of 1,525.5 pounds of butter and 32,727.1 pounds of milk in 365 days. Two years ago, she made a record of 1,510.6 pounds of butter and 33,649.8 of milk. Bess Fayne thus has twice won a place in the small group of famous cows that have produced over 1,500 pounds. Femco Farms is owned by Frederick E. Murphy, publisher of The Minneapolis Tribune.

Friday morning has been set for the wardrobe contest in which the women will model the dresses they have made by foundation patterns. One whole afternoon program will be devoted to the dyeing and cleaning of fine fabrics, and other programs will be given over to home improvement, recreation and other subjects. A banquet has been planned honoring county winners in the bedroom improvement contest. At this banquet the State winners in bedroom improvement will be announced. A special night program for the boys and girls has been planned when gold star pins will be awarded to the 100 most outstanding club boys and the 100 most outstanding club girls of the State. These boys and girls will be en-31, at a banquet in their honor. In addition to the regular Short Course programs planned by the Short Course committee, special conferences are being planned by the Texas Home Demonstration Association; the Bee Keepers' Association; the Rural Pastors' and Laymen's Conference; the Registered Certified Seed Breeders' Association of Texas; the Texas Agricultural Writers' Conference; the Agricultural Workers' Association; and the Superintendents of Rural Schools. WIDOW, 100, SHARED CAKE RICHMOND, Va.—When Mrs. Sarah Frances Grady, widow of a captain in the Civil War, reached her 100th birthday at the Home for Confederate Women here, she shared a birthday cake with two "girl friends"—Mrs. W. M. Claiborne, 83, and Miss Jennie Cooke, 95. A banquet has been planned honoring county winners in the bedroom improvement contest. At this banquet the State winners in bedroom improvement will be announced. A special night program for the boys and girls has been planned when gold star pins will be awarded to the 100 most outstanding club boys and the 100 most outstanding club girls of the State. These boys and girls will be en-31, at a banquet in their honor. In addition to the regular Short Course programs planned by the Short Course committee, special conferences are being planned by the Texas Home Demonstration Association; the Bee Keepers' Association; the Rural Pastors' and Laymen's Conference; the Registered Certified Seed Breeders' Association of Texas; the Texas Agricultural Writers' Conference; the Agricultural Workers' Association; and the Superintendents of Rural Schools.

BY MARY E. DAGUE HOT isn't a local fresh fruit for a hot weather dessert. For instance, big, unhusked strawberries, or segments of ripe pineapple surrounding a cone of powdered sugar. But the fruit are not always perfect. What shall we do with them then? That's what I've tried to find out. There are sugared cherries for one; a delicious dessert that the country housewife uses when there are extra hands for haying and no pie in the buttry. Use the sour pie cherry for best results. Wash and pit the fruit. Sprinkle heavily with granulated sugar and let stand an hour or longer in the refrigerator to chill. Serve with plain sugar cookies. If you have had roast beef for the meat course, serve hard unsalted crackers and cream cheese with black coffee and the sugared cherries. It makes a perfect finish to such a dinner. Rhubarb Compote Then there's rhubarb compote: Four cups diced rhubarb, 2 cups granulated sugar, 1 orange, 1 inch stick cinnamon, 2 whole cloves. Cut orange into dice without peeling. Remove seeds. Put all the ingredients into a baking dish, cover and bake in a moderate oven until the fruit is tender but not broken. The juice will become a thick syrup. Chill and serve with toasted crackers and cottage cheese. You will like cottage cheese with the sugared cherries, too. And pineapple betty, a simple dessert that is suitable to serve after a rather light meat course. Two cups finely chopped or shredded pineapple, 2 tablespoons butter, 3 cups soft bread crumbs, 1-4 cup water or pineapple juice.

BY MARY E. DAGUE Tomorrow's Menu BREAKFAST: Grape juice, cereal cooked with dates, cream, crisp toast, milk coffee. LUNCHEON: Green peas cooked with bacon in cream sauce, salad, cream cheese sauce, almond balls on a bed of cress, strawberry turnovers, milk tea. DINNER: Tomato bouillon, deep sea platter, shadow potatoes, hot rolls, apple betty, hard sauce, milk coffee. Melt butter in frying pan, add bread crumbs and brown lightly. Put a layer of crumbs in a buttered baking dish, cover with a layer of pineapple and sprinkle very sparingly with cinnamon. Continue layer for layer of pineapple and crumbs until all is used, making the last layer of crumbs. Pour liquid over the pudding, dot with bits of butter and cover closely. Bake forty-five minutes in a moderate oven and then remove cover to brown top. Serve warm with hard sauce or with cold cream. Using Up Old Toast Toast left from breakfast may be cut in small cubes and used in place of bread crumbs. Rhubarb betty is good to serve warm after a dinner of cold cuts or a deep sea platter. To prepare the deep sea platter use bottles and chilled fresh fish or a variety of canned fish. Fresh or canned salmon, tuna fish, shrimp and sardines make a delightful platter. Serve them around lettuce cups filled with mayonnaise and garnish with olives and radishes. Put a border of cress around the fish.

Short Course Plans Are Announced

phase of agricultural operations from house to field is included in the program for the twenty-sixth annual farmers' short course to be held at A. & M. college from July 28 to Aug. 2," says Roy W. Snyder, chairman of the short course committee. "What's more, every subject is tied up definitely with the theme—The Changing Country Life. It's added. "The AAA, through its adjustment programs; the federal housing administration, through its encouragement of building and improvement; the work in soil erosion control, are all represented." Several programs are arranged around the subject of housing. There will probably be one showing some of the details of building and repairing, a program on house planning from the artistic standpoint, and something on storage for the whole farm home. There will also be exhibits showing water systems. For making the home more attractive, plans have been made for special programs on home beautification such as control of rose diseases and insects, and soil management. This follows the program on rose propagation given in 1934. Special demonstration courses in syrup, fruit juice, cheese, and mattress making, the potting of plants, and the making of purses and moccasins have been planned in which individuals take an active part instead of listening to lectures. A program on wild game conservation and the place of wild fowls on Texas farms and ranches has been scheduled. Poultry products come in for their share of attention with a demonstration on scoring poultry products to be given by Miss Zetha McInnis, home industries specialist. According to the new plan being tried this year, each program has been assigned a certain day. On Monday, the day will be de-

# ON TEXAS FARMS

The general rule in the feed lot is for chickens to eat what the hens scatter but on E. C. Echnel's farm in Waller county 279 white leghorn hens have reversed this order and bought the feed for four work horses after paying their own board bill.

Rotted hay and cotton boll waste are ugly—but they make pretty flowers and shrubs if spread on top of the soil and worked into the beds as they are cultivated. They keep the soil from baking and add humus, according to reports made by the yard demonstrators in Kleberg county.

You have to be an expert to make braided rugs worth \$50, but Mrs. Will Sitton, home industries demonstrator of the Hopewell Home Demonstration club in Smith county, is just such an expert. The rug was 7½ x 10 feet and was made from burlap.

A community raven trap has been set up by M. H. Perkins of Clyde in Callahan county. Forty ravens were caught the first afternoon. Experience has proven that fresh bait in the early morning is more effective but the trap is cleared before nightfall because otherwise the dogs team the trap

to pieces to get the bait. Sommie Hoerster of Mason county took his calf 502 miles to enter him in the El Paso show. Sammie declined hotel reservations in favor of sleeping near the calf. He won first place.

PALO PINTO—Egg shells and match boxes cut in half with the cut edges placed next to the ends of the hot bed were used by Mrs. G. T. Cross, Palo Pinto county home demonstration club member, as containers for tomato seed in her hotbed, according to Miss Pauline Lokey, home demonstration agent.

For her egg plant and cucumber seed, Mrs. Cross made boxes out of oatmeal and meal paper bags. By cutting squares of this tough paper, folding it in triangular shape and sewing up the corners on the machine, she made boxes which were very serviceable. "These can be made very quickly and easily by sewing one right after another," she said.

STANTON—"A cellar adequate for storing all the family canned goods can be made at a low cost by using discarded materials," Mrs. J. E. Griffin, 4-H pantry demonstrator in Martin county, told Miss

Joellene Vainoy, home demonstration agent. Mrs. Griffin has just completed a cellar 10 feet long, eight feet wide, and six feet deep at a cost of \$5.87 for materials. Three old car frames were covered with steel taken from old oil tanks at a cost of \$1.50 and were used for the top. The remaining \$4.37 was spent for lumber for five shelves extending the full length of the cellar, and for a door.

ALICE—In spite of the wind, La Verne Gerdes, Jim Wells county 4-H club girl, has given her tomatoes a good start by protecting them with old tin cans, according to Miss Erma Wines, home demonstration agent. When the tomatoes were transplanted, each small plant was covered with a tin can from which both ends had been cut. As the plants grew and became hardened the cans were removed.

WHARTON—That poison bran mash is effective in controlling cut worms in young cotton fields has recently been proved by Earl Frels of Wharton county who satisfactorily poisoned worms on 65 acres of young cotton with the mash, according to J. A. Scofield, county agricultural agent. The mash cost about 13 cents per acre for the ingredients, Frels said.

NEW BRAUNFELS—"More cow peas for soil building and also for hay and pasture are being planted in Comal county this year than ever before by more farmers than ever before," says George E. Ehlinger, county agricultural agent. "With the number of acres of peas planted this year a favorable season will mean that Comal county will be well on the way toward a soil improvement program in the near future."

Dr. R. Wright has used Brabham peas for the past three years and has planted 40 acres this year with two rows of hegari alternating with two rows of peas. Gus Hilbert, Erwin and Walter Schulze, Alfred Soefje and Gus Krause are others who are planting peas this year. Krause harvested 250 bales of fine hay last year from Brabham peas originally planted for soil building.

PANHANDLE—Five calves, valued originally at \$70, brought \$328.65 profit to Walter Britten, 18, Carson county 4-H club boy, according to M. P. Leaming, county agricultural agent.

All feed for the calves was purchased, since the drought ruined the feed crops on the farm. No nurse cows were used. Walter attributes the success of his demonstration to comfortable quarters, an abundance of good, clean water, and the regular feeding of a balanced ration supplemented only by a little charcoal as a conditioner, a little molasses, and a mineral mixture for good growth. The net return per animal averaged \$65.73.

## THIS CURIOUS WORLD By William Ferguson

SOAP BUBBLES, BLOWN UP WITH HOT AIR, WILL CARRY SMALL OBJECTS ALOFT. © 1935 BY NEA SERVICE, INC.

SOAP bubbles have an amazing tensile strength, particularly if glycerine is added to the soap solution. Tests made by the Bureau of Standards showed that even gasoline vapor may be exploded inside a soap bubble without bursting it.

Mrs. Elwood Minchew and son, Galard, of Breckenridge, visited her parents, Mr. and Mrs. J. W. Jones, Sunday. Mr. and Mrs. L. B. Cozart, Mr. and Mrs. Shedy Tucker, Delva Duane and Mrs. Joe Tucker visited in the home of C. F. Denton Thursday at Grandview. Mrs. Joe Blackwell's mother,

Mrs. Howard, died Tuesday morning at a Ranger hospital. Father Pilgrim left Monday for Breckenridge to go to work. The children and grandchildren of Mrs. O. B. Patterson visited her Sunday, Mother's Day. Mrs. Pearl Price visited Mrs. O. B. Patterson Tuesday. Mr. and Mrs. J. L. Brown visited with H. Boney Sunday. Mr. and Mrs. Harry E. Deal were in Ranger Saturday.

Mr. and Mrs. J. M. Grice were in Gorman Monday on business. This community has had lots of rain recently and it looks at though this is going to be a good year for the farmers. Mr. and Mrs. Harry E. Deal visited with Mr. and Mrs. G. C. Pilgrim Monday evening. Mrs. Pearl Price visited with Mrs. J. M. Grice Monday evening. Dan Walton was in this community Tuesday.

BLUE HERONS BACK HOME SANDUSKY, Ohio.—After winter in the South hundreds of blue heron have returned to a sanctuary at Lindsay, near here. The birds remain at the heronry all summer and make daily flights to Lake Erie, or Sandusky Bay, 40 miles distant. The Lindsay heronry is one of the largest in the United States.

## ALAMEDA

Miss Eziea Pilgrim came home from Olney Wednesday. G. C. Pilgrim went after her.

Many people from this community went to Gorman Monday for trades day.

G. C. Pilgrim's baby has been very ill with whooping cough.

Mrs. Shirley Brown and Mrs. Bill Reid were in Gorman Monday.

Mr. and Mrs. Harry Deal and Mrs. Pearl Price and Mrs. L. B. Cozart and son and daughter were in Gorman Monday.

Mrs. Aaron Cozart and little Bobby Gale spent Sunday night with her mother, Mrs. J. M. Grice.

The farmers will be very busy now with their crops. Some will have to plant over on account of so much rain last week.

Mr. and Mrs. J. M. Grice and sons, Truitt and T. A. and daughter, Mrs. Aaron Cozart and little son were in Gorman Monday.

There was a large crowd at the Alameda cemetery working Saturday.

Mr. L. Z. Melton and Miss Lois Wilson were married Saturday. We wish them happiness as they have many friends in this community.

Miss Eziea Pilgrim visited Mrs. Harry Deal Tuesday evening.

Mr. and Mrs. Will Bagwell were in this community Tuesday.

The ninth and tenth grades will put on a play Friday night.

Mr. and Mrs. Harry Deal and Mrs. Pearl Price were in Ranger Thursday.

Garland Pinnell of Bauxite, Ark., visited his aunt, Mrs. L. B. Cozart.

## Doug Henderson

Doug Henderson, who will appear on the Elks' mat next Sunday night.

## Doug Henderson On Double Bill at Arena Monday

On the Elks wrestling program Monday night, May 27, the promoter will have Doug Henderson, who holds the welterweight championship of the world. Henderson will try to stop the rough and tough Red Rodgers of Dallas. Henderson has wrestled in Ranger before and won his matches and intends to repeat. Rodgers says they are all alike to him.

The second match will bring together Tiger Billy McEuin of Pasadena, Calif., and our local boy, Charlie Lay. McEuin bested Lay in their last match and Lay wants to even with the Tiger. The going will be rough in both matches. Numerous requests have been made for ringside seats and a good attendance is expected.

## Weaver Aishman Is New Owner of Post Office Confectionery

Weaver Aishman has purchased the Post Office confectionery, located in the post office building, from Price Crowley, who has operated it for the past year, and now has active charge of the business.

Aishman is well known in Ranger, having attended Ranger high school and Ranger junior college here, where he played tackle on the football teams of the two schools.

He will conduct the business in the future, and has invited all his many friends in Ranger and the old customers of the Post Office confectionery to stop by to pay the place a visit.

## CROSS ROADS

The farmers are very busy planting. Mrs. Burrow of Mexia has been visiting home folks here, Mrs. Eunice Minter and children.

Grandma Hale visited Mrs. Henry Dunlap Tuesday afternoon. Mrs. J. W. Kitchen spent Sunday with Mrs. F. E. Terrell.

D. H. Hale, Lavoyce Hale, F. E. Ferrell and Elmer Daffern were in Ranger Saturday. The storm party at the home of Mr. Elmer Daffern was enjoyed by all. Lot of "42" games and good music.

Lee Bishop and family at Eastland were in our community Sunday. D. H. and J. R. Hale and sons attended the baseball game at Cheaney Tuesday.

Frances Ferrell, Mozell Hale and Olive Kitchens spent Sunday with Mona and Elaloise Burrow. Mrs. Elmer Daffern and son visited Mrs. Henry Dunlap Monday.

Miss Cora Campbell visited Miss Elaine Hale Tuesday. Mr. and Mrs. H. D. Browning and Death spent Sunday with Mr. and Mrs. Elmer Daffern.

Mrs. J. R. Hale and Grannie Hale visited Mrs. Jid Blackwell Monday. Mrs. Eunice Minter and daughter were in Ranger Monday.

Elvin and James Kitchens of near Strawn visited their uncle, J. W. Kitchens this week. Mr. Smith visited J. W. Kitchens Monday.

J. M. Roberson of Ranger was in our community on business Monday. Mrs. F. E. Ferrell and son spent Tuesday afternoon with Mrs. Elmer Daffern.

D. H. Hale and mother attended church at Cheaney Sunday. Frances Ferrell spent Monday night with Dorothy Melton. Mona and Ella Louise Burrow visited Jaunita Browning Saturday. Leo Kitchen visited Arnold Ainsworth Saturday.

## Weekly Sunday School Lesson THE LORD'S SUPPER

Text: Matt. 26:17-30  
The International Uniform Sunday School Lesson for May 24.

BY WM. E. GILROY, D. D. Editor of Advance

THE Lord's Supper was instituted in the service in the upper room in Jerusalem on the eve of the crucifixion of Jesus as He partook of the Passover with His disciples.

The occasion is memorable for the intimate picture that we have of the disciples in the last great act of fellowship before their Lord's death, and for the element of tragedy, foreshadowing Calvary itself that entered into the occasion as Jesus announced that one of His own very circle would betray Him.

Did Jesus intend to found a formal rite in the church or was He emphasizing the sacred nature of all Christian fellowship and communion? We can never know regarding that but the remembrance of this upper room and the record of what happened there so took hold of the life of the Church that very early the Lord's Supper, and the partaking of bread and wine in common, became the most sacred symbol of Christian faith and fellowship.

Paul very definitely establishes this right of the Lord's Supper, and recalling the example of Jesus in which He gave the bread and wine to the disciples as symbols of His body and blood, he represents the act of communion in the Lord's Supper as one of remembrance, showing or making manifest, the Lord's death until He come.

THE disciples believed that in that act, embodying the spirit of Jesus, they were experiencing His real presence and it is no wonder that this conviction

became so strong that it developed into doctrines of transubstantiation and consubstantiation. The Christians of today are not likely to be involved in the sharp and intense controversies that the historic church has witnessed concerning these matters. One may venture the belief that the presence of Jesus in the communion of Christians and in the Lord's Supper is not a formal or mechanical matter.

The Lord could hardly be present among those who were not met in the depth of sincerity and faith, and He could hardly be absent, concerning His own promises, from the communion of those who in deep simplicity of faith and earnestness were met in His name.

Too often the rite of the Lord's Supper in the Church has been a formal thing—a symbol of the fact of fellowship in the Church rather than a symbol of the union of souls with Jesus in sacrificial love and service.

It is a solemn thing to call to mind the dying of the Lord Jesus and to symbolize a union with Him so intimate that He comes into our lives in such a way that He is our sustaining power and our inspiration.

Much of our religious thought and action today is altogether too shallow. Religion is not merely a matter of doing even though well, it is a matter of contemplating the lack of vital Christian action on the part of those who make Christian profession.

The "Christian life" is a matter of being, it is a matter of being in God, with the life and death of Jesus, and with the life of that great company in the church militant and in the church triumphant who have loved and sacrificed, and are willing to the world the divine compassion and the fullness of the gospel of grace.

Mrs. Ralph Mason and daughter Katharine and Beale Lee Melton of Stamford visited Mrs. Eunice Minter Sunday.

Grandma Thompson has been ill. We hope she will soon recover. Henry Dunlap has been ill this week.

Everyone who attended the play at Alameda Monday night reported a good play. Monroe Johnson visited his grandparents, Mr. and Mrs. J. W. Kitchen, Saturday and Sunday.

J. H. Alworth and sons, Raymond and Lester Parks, attended the ball game at Cheaney Tuesday. J. L. Parish visited William Hamm Sunday.

Stella and Alice Kitchen spent Monday night with their sister, Mrs. Alvin Johnson. Mary Gene Ferrell spent Monday night with Oleta Gentry.

Lynn Gentry, Roy Thomas and George Harver were in our community Tuesday. H. A. Dean and Lee Yardley dug the road. It sure did help.

Mrs. Bernice Croom of Martin spent the past week-end with her parents, Mr. and Mrs. H. C. Croom. Miss Wilma Goldsberry has returned from Austin where she has been employed the past few months.

Mr. and Mrs. John E. Barton of Grafston spent Sunday with Mr. and Mrs. E. W. Harris. Mrs. O. R. Sims and son, Jimmy, were Fort Worth visitors last week.

Mr. and Mrs. Guy W. Robinson left Wednesday for Salome, Ark. Their daughters, Virginia and Dorothy, who are attending John Brown college there, will return home with them.

Mrs. Bud Lamer of Abilene is visiting relatives and friends here. Mr. and Mrs. J. A. Frazier left Wednesday for Ardmore, Okla., where they will spend the summer.

Mrs. George Watson, Miss Evelyn Watson and Mrs. Charles Watson were Ranger shoppers Tuesday.

Mrs. Annie Mayo is a Fort Worth visitor this week. Misses Ora Crawford and Lou Fair visited in Thurber Tuesday. Mr. and Mrs. Morris Frazier transacted business in Fort Worth last Saturday.

Mr. and Mrs. John Stinzendorf of Thurber were Strawn visitors Monday.

## HEART-Y LAUGHTER

Whether it's big game or a good time he's looking for, wealthy young George Vanderbilt seems to find it. Only recently returned from an African hunt, here he's enjoying a hearty laugh with Lucille Parsons, his ardent heart interest, at the opening of a new night club in New York. Wedding bells are expected to ring for them.

Moody were week-end visitors at Mineral Wells in the home of her brother, Roy Green and family.

Mrs. Clyde Woods and little daughter, Margaret Ann spent last week at Ranger in the home of her parents, Mr. and Mrs. Batch Angus.

A. G. Bright of Mexico visited here last week in the home of his brother, Elbert Bright and family. Mrs. James Doggus and little daughter, Caroline of Eastland were recent guests in the home of her sister, Mrs. J. W. Minnick and family.

Mrs. Orla May Wylie is visiting in Elvasville this week as a guest in the home of her sister, Mrs. Orville Parsons and family.

Mrs. Charles McAfee and little son, Charles Lee of Iran arrived Monday for a two weeks in the home of her parents, Mr. and Mrs. J. W. Minnick.

Mr. and Mrs. M. N. Singleton and Mr. Henry Hunt accompanied by their guests, Mr. and Mrs. Earl Singleton of San Angelo, were Sunday visitors in the home of Louis Hunt and family at Hackabay.

Mr. and Mrs. Yerdie Hopper and children of Gordon spent Saturday in the home of her parents, Mr. and Mrs. Jack Davis.

Mr. and Mrs. Barney Fulfer and children spent last week at Dallas in the home of her parents, Mr. and Mrs. Charley Hall.

George Foster is in attendance at court in Stephenville this week. Mrs. J. R. Minnick and little sons, Raymond and Bobbie, left for their home Tuesday at Iran after several weeks visit here in the home of her husband's parents, Mr. and Mrs. J. W. Minnick and other relatives.

Mr. and Mrs. Frank Reagan and little daughter of Gordon were recent visitors in the home of Mr. and Mrs. Al Moody.

Our community was saddened Sunday when the news came that Mrs. Vance Moring had passed away early that morning in her home at Hannibal. The family

Mr. and Mrs. Earl Singleton of San Angelo arrived here Saturday for a visit with his parents, Mr. and Mrs. M. N. Singleton and family.

Ray Cox, who is stationed in the CCC camp at Meridian spent a few days last week in the home of his parents, Mr. and Mrs. Geo. Cox.

Mrs. Nannie Davis is spending the week at Stephenville in the home of her brother, W. J. Oxford and other relatives.

Mr. and Mrs. Al Moody and little daughter, Jaunita and Jack

Moody were week-end visitors at Mineral Wells in the home of her brother, Roy Green and family.

Mrs. Clyde Woods and little daughter, Margaret Ann spent last week at Ranger in the home of her parents, Mr. and Mrs. Batch Angus.

## VOTE 322 TO 89 IS CAST AFTER HIS MESSAGE

WASHINGTON, May 22.—The House of Representatives today overrode President Roosevelt's veto of the Patman inflationary bonus bill, rejecting his argument that the use of "printing press money" to discharge obligations to "special groups" lead only toward disaster.

The vote was announced officially at 3:22 to override to 89. The vote a month ago on passage was 318 to 90.

The issue now rests with the senate, where new deal congressional leaders are confident a tight minority will sustain the president and stop the bill short of the two-thirds necessary to override the veto.

President Roosevelt was defeated in the house 25 minutes after completing his personal appeal to a joint session to repudiate the bonus bill.

Speaking before the house and senate, assembled in the hall of the representatives, Mr. Roosevelt argued the Patman bonus plan was unsafe and unwarranted.

Scarcely had he reached home from a rather chilly reception of his veto argument when a news ticker flashed the news to the White House.

Representative Wright Patman, Democrat, Texas, author of the disputed measure, had a first row aisle seat for the vote.

His "aye" to override would have carried a mile or more over open Texas country.

Senate Majority Leader Joseph Robinson said he could not predict when the upper house vote would come. He will attempt to fix a time for it. Robinson was confident the senate would sustain Mr. Roosevelt.

President Roosevelt condemned the bonus bill as "disastrous." His message was a stern admonition against currency inflation.

He warned that "uncontrolled prices and the destruction of the value of savings" would follow adoption of the printing press money plan of meeting the demands of special groups.

"I cannot be true to the office I hold if I do not weigh the claims of all in the scales of equity," Mr. Roosevelt said.

"I am thinking of those who served their country—of those who increased crops, who worked in the mines—of those who died in the cause of America—of the widows and orphans of all of them—of 5,000,000 Americans, who with their families, are in dire need.

"It is of first importance that we yield not to sympathy which would extend to a single group or class, but lend assistance to all."

"I believe the welfare of the nation as well as of the future of the veterans wholly justifies my disapproval of this measure."

## Hot Oil Committee Meets to Form Its Working Program

WASHINGTON, May 22.—Members of the "hot oil committee" created by the house of representatives, met here to play their \$1,000 investigation.

Chairman Augustine Celaya said that the day's closed session was devoted to figuring out what the committee can do on the small expense fund provided.

Possibility exists, he said, that some persons would be here today, giving volunteer information. When the committee will go to East Texas has not been decided.

## Business Failures At a Standstill

AUSTIN.—Little change occurred in the number of business failures in April, as compared with the preceding month and the corresponding month last year, according to the University of Texas Bureau of Business Research. An average of six failures per week were reported during April, the same number as in March, as compared with five per week in April last year. Average liabilities per failure during April were \$10,826, a decrease of 22.3 per cent from March and 12.5 per cent from April, 1934.

## 1934 Cotton Crop Was 9,636,000 Bales

WASHINGTON, May 22.—The 1934 cotton crop totaled 9,636,000 bales, the department of agriculture reported today.

## Clean Out Kidney Poisons

**Wash Out Your 15 Miles of Kidney Tubes**  
 If kidneys don't pass 3 pints a day and get rid of more than 2 pounds of waste matter, the 15 miles of kidney tubes and filters may become clogged with poisonous waste and the danger of acid poisoning is greatly increased. Bladder passages are difficult, which often smart and burn like scalding water and cause discomfort.

This acid condition, brought about by poor kidney functions is a danger signal and may be the beginning of sagging backache, leg pains, loss of pep and energy, getting up nights, swollen feet and ankles, rheumatic pains and dizziness.

Most people watch their bowels which contain only 27 feet of intestines but neglect the kidneys which contain 15 miles of tiny tubes and filters. If these tubes or filters become clogged with poisons, it may knock you out and lay you up for many months. Don't run any risk. Make sure your kidneys empty 3 pints a day.

Ask your druggist for DOAN'S PILLS, an old prescription, which has been used successfully by millions of kidney sufferers for over 40 years. © 1934, Foster-Milburn Co.

**"HANES him heap cool!"**

HERE'S a redskin with a floating rear axle! Pull on a pair of HANES Shorts, and there's plenty of room left inside for hips to move all around. You can sit or walk... stoop or reach... and nothing grips or chafes. If that won't keep you cool this Summer, you better get next to a fig-leaf!

HANES Shorts do tone down the temperature. But you need a HANES Shirt too! Light and elastic-knit, they stretch snugly across your chest—let the heat out, and the air in, and blot up perspiration! And remember this about HANES Shirts: They're too long to creep out of your shorts and make a "heating-pad" at your waist!

A dealer near you has HANES Shirts and Shorts. Sizes are Honest—Injun! See him today. P. H. Hanes Knitting Company, Winston-Salem, N. C.

## "ALL-BRAN FORMS MAJOR PORTION OF MY BREAKFAST"

Delicious Cereal Relieved His Constipation\*

Read Mr. Huyghe's voluntary letter: "After suffering for years, I happened to notice in the grocery box of ALL-BRAN. I determined to give it a fair trial.

"Today it forms the major portion of my breakfast. I cannot say enough for its effect, as I am a man 68 years of age, at the time in life when one needs just what ALL-BRAN does for you."—Mr. Robt. A. Huyghe, 810 Union St., New Orleans, La.

\*Constipation due to insufficient "bulk" in meals.

Research shows that Kellogg's ALL-BRAN furnishes "bulk" to exercise the intestines. ALL-BRAN also supplies vitamin B and iron.

Two tablespoons daily are usually sufficient. With each meal, in serious cases. If not relieved this way, see your doctor.

The "bulk" in ALL-BRAN resists digestion better than the "bulk" in leafy vegetables. How much better to use this gentle food in place of patent medicines.

At all grocers in the red-and-green package. Made by Kellogg in Battle Creek.

**"Dusting the Covers of Texas History"**  
For the Texas Centennial Celebrations of 1936

February, 1836, found the seat of government of Texas located at Washington-on-the-Brazos, a little town where the San Antonio road crossed the river. Although it had been laid out in 1835, it was made a municipality in July of the same year, and by the spring of 1836 it contained 50 houses. There was hardly room for the governmental officers; so President David Burnet suggested that the government

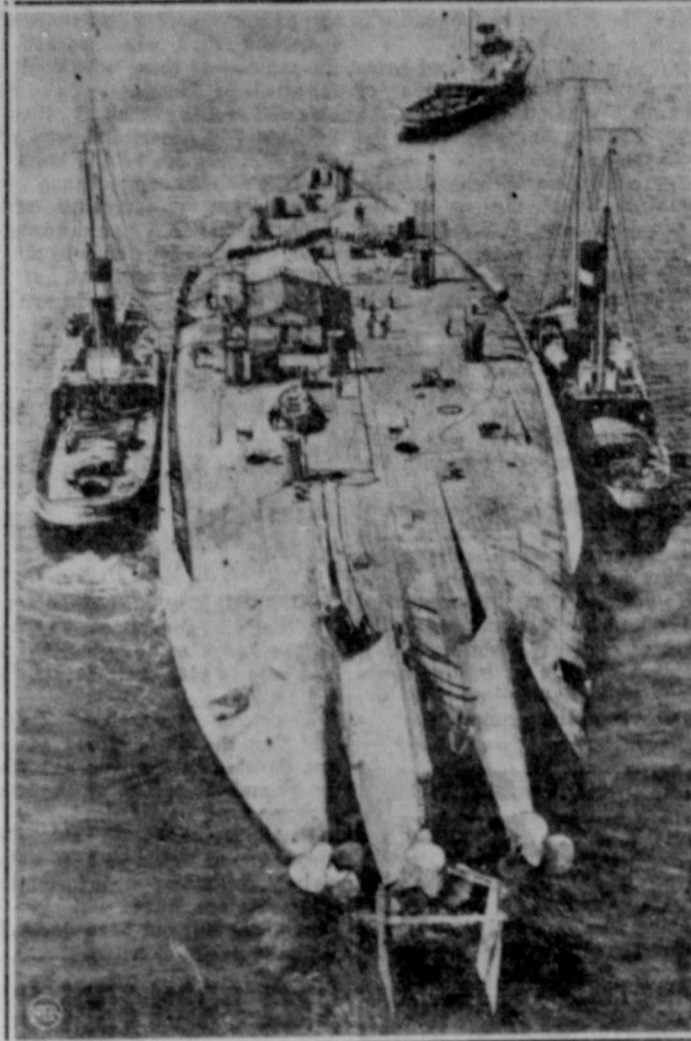

be moved to Harrisburg. "The enemy are at San Antonio de Bexar. He is afraid they will find Washington is quite near," those who wanted the capitol to remain there said.

"Not because of fear must we move," the President said, "but because Harrisburg is more desirable and more conducive to good." Harrisburg was closer to munition supplies and more direct supervision of the navy was possible there. Briefcases and bags and official documents were packed once more, and the government moved to Harrisburg.

In another month Santa Anna and his forces were about to take possession of the town. It was deserted within two days. The government party went to Galveston Island, as a last hope of defense. They had hardly left old Harrisburg before San Anna came through and burned the town to ashes.

Comfortable, enticing Velasco looked well to the officers marooned on Galveston Isle. Having been spared by the enemy because of the families present in the party,

**"Bottoms Up!" on the Big Drink**

Once the toast of the Imperial German navy, it was bottoms up for the 28,000-ton warship Bayern when salvagers brought the huge craft to the surface at sea. How the big ship was towed across 210 miles of ocean to the salvage yard at Houston is shown while a men lived on the overturned bottom is illustrated here.

they were able to reach safety once more. Velasco was described as a wonderful summer resort, where people came to enjoy the "sea breezes, sea bathing, and comforts which they are everywhere surrounded." When the sea breeze was chilled, and the sea breezes turned into cold winds in September, President Burnet selected Columbia as a suitable place for meeting the first Monday in October, 1836. Columbia had a large hotel, the courts were located there, and the number of residences would make it possible for the officers to be well-established.

Best of all, the Telegraph and Texas Register was located there. A print shop was absolutely necessary, in order that all the people of the republic might learn of the activities of their representative body of statesmen.

The first congress assembled on Oct. 3, 1836, at Columbia. When President Houston was inaugurated Oct. 22, he sent word through his message to congress that the seat of government was entirely undesirable. It was in a place of embarrassment and inconvenience. There was not a sufficient number of rooms! Nineteen rooms had been promised for congress, but there were hardly nine. Congress must settle the issue at once.

Centennial visitors in 1936 will not find Harrisburg and Washington the promising cities pioneers thought they would be. But they will find them existing, and can visualize how the republic must have been, 100 years ago.

Mr. and Mrs. Bud Fox and son, Sammy, spent Saturday with her parents, Mr. and Mrs. Reed, south of Eastland.

A group of young people spent Sunday evening with Mr. and Mrs. Bud Fox. They made ice cream. Those present were Babe Nabors, A. J. Taylor, Loyd Fox, R. L. Barker, Arleta Terry, Cotton White, Ethel Drake, Mrs. R. L. Alfred and daughter, Barbara Ray, and Mrs. Harlon Massey and son Richard. All reported a nice time.

Mrs. W. W. Terry visited her sister, Mrs. Latha Taylor Sunday. J. W. Greathouse of Eastland and Ab Fox of Nimrod took dinner in the home of W. U. Fox Sunday.

There is a play to be given at the Union school house Friday night, May 24 by the Union literary society. Everyone is cordially invited to attend.

Union school closed Friday, Mr. and Mrs. Elliott, our teachers, moved to Carbon Tuesday.

Mr. and Mrs. L. R. Nabors were Eastland visitors Saturday.

Juanita Fox spent Monday with Helen and Rosell Fox.

P. O. Woods and family were called to Stamford Tuesday on account of the serious illness of Mr. Woods' brother-in-law, Mr. Carleton.

Health of this community is very good at present.

**Farmers are Saved Over Million Dollars**  
AUSTIN.—Savings totaling \$1,133,820 to 1,182 Texas farm families and incidental forestalling of mortgage foreclosures and evictions were reported by R. J. Murray, state chairman of the Texas farm debt cancellation committee.

**UNION**

The farmers are far behind with their crops, due to the large rains we have been having.

Mrs. Dev Whitehead spent Monday in the home of her parents, Mr. and Mrs. W. U. Fox.

**For Women Only?**

Will the Righteous Judge consider the flimsy plea that you do not go to church because church is woman's sphere?

Christianity demands the best energies of red-blooded men. It is a man's-sized job to fight himself and keep true to his highest ideals. Church-going helps.

Select some church and let it help you and you help it. If none other has a claim upon you come here Sunday.

Choose you this day whom you will serve . . .

First Presbyterian Church

# RANGER WEEKLY TIMES

SECTION TWO

VOLUME II

RANGER, TEXAS, FRIDAY, MAY 24, 1935

NUMBER 18

## DORMITORY FOR COLLEGE GIRLS BEING PLANNED

R. F. Holloway, superintendent of the Ranger schools and president of Ranger Junior college, today outlined plans for converting the Revis building, which belongs to the school system, into a girls' dormitory for the junior college.

The upper floor of the building is partitioned off into eight double rooms in which three girls can be comfortably quartered in each suite of rooms, with rooms for the matron in charge of the dormitory, bathrooms, shower rooms, lavator-

ies, and a kitchen and dining room for the 24 to 26 girls who can obtain room and board at the dormitory.

One room, in which two girls can be quartered, will bring the total number of girls who can share the dormitory to 26, Mr. Holloway explained.

At the top of the stairs leading to the second floor, is an office and bedroom for the matron, with large reception room at the front of the building and adjoining the office.

One each side of the hall are the eight double rooms, or suites, with the kitchen at the rear and a dining room connecting with the kitchen, making the layout of the building, as it is now, almost perfect for this use.

The school board is to refinish the interior of the building at an expense of approximately \$1,000 and furniture now owned by the

school system is to be utilized in furnishing the rooms.

Mr. Holloway estimated today that the cost per month to the girls living in the dormitory would be about \$10 to \$12 a month, if the girls take turn about in serving the meals and taking care of the dining room, with canned goods or produce being acceptable from the girls from the rural sections being usable as part payment on their board.

The matron will have direct supervision over the girls and the dining room, he said, while the girls will take care of everything except the actual preparation of the meals.

"This will make an ideal set-up," Mr. Holloway said, with Coach Moore in charge of athletic activities and quartered in the re-

creation building and a matron in charge of the girls' dormitory across the street. This will center all school activities within a block of the school building, which is almost in the heart of the town."

## Picnic Committee And Directors of C. of C. Will Meet

Directors of the chamber of commerce and members of the Fourth of July Picnic have been urged by J. E. Meroney, president of the chamber of commerce and J. C. Smith, chairman of the picnic committee, to meet in the offices of the chamber of commerce tonight at 7:30 for an important meeting.

The plans for the old-fashioned picnic, which will be staged for two days, July 3 and July 4, grew out of a trades day meeting held some time ago, and the committee was appointed to make recommendations to the gathering tonight.

The merchants of Ranger and all interested in staging a real picnic, with free barbecue, potato races, sack races and other forms of entertainment for the country people as well as the people of Ranger have been urged to attend the meeting tonight.

## Valley Peace Officers Will Meet In June

WESLACO, Texas. — Members of the Rio Grande Valley Peace Officers' association have completed arrangements for the annual convention of the Sheriff's association of Texas at Edinburg in June.

Plans also have been announced for the construction of a new headquarters building, costing \$1,500, south of Mercedes near the Rio Grande.

D. Portes Gay of Brownville, chief of the United States Immigration Border Patrol, was named chairman of the building committee.

Other members of the committee are Sheriffs Bob Daniel of Daniel of Hidalgo county, Howard Craig of Willacy county, Art Goolsby of Cameron county, and Gus Guerra of Starr county.

## C. of C. Directors Hear Reports On New Activities

A meeting of the directors of the Chamber of Commerce, which was postponed from Monday night, May 13, was held Monday night of this week, with F. D. Hicks, vice president, presiding in the absence of J. E. Meroney, who was absent for the first part of the meeting because of a mangled finger. He attended the meeting after having the injured finger dressed at a doctor's office.

J. C. Smith, chairman of the Fourth of July picnic committee, made a brief report, after which Hal Hunter and Clyde Davis were added to the original committee, which was composed of J. C. Smith, A. J. Ratliff and E. R. Gentry. The committee is to consider the matter further and to report to the directors at a meeting to be held Monday night of next week.

John Hassen reported that a man from the Kraft Cheese company would be in Ranger soon to survey the milk situation in view of putting in a milk route and possibly a cheese factory. A survey is to be furnished by Metz Heald, county agent.

Hal Hunter of the Lone Star Gas company announced that gas from the Ranger field was now being stored underground in wells at Cheaney and the Cheaney district would have gas for many years to come. A report from C. D. Woods, highway committee chairman, was read, giving the activities of that

committee.

Calvin Brown, D. Joseph and T. J. Anderson were appointed on a committee to see about having a breakfast for all the membership sometime early in June.

The federal project committee announced that J. J. Kelly from the Chamber of Commerce, E. A. Ringold from the Lions club and Clyde Davis from the Carl Barnes post had been named as members, while the Rotary club, Elks and city commission are still to name members from their organizations.

A report on the Gorman trades day was made by Joe Dennis, who was in Gorman when the last trades day was held.

It was announced that Ranger must raise \$50 as her part of the Highway 89 celebration to be held in Eastland on May 30 and that G. A. Murphy had been appointed to raise the money.

Those present at the meeting were F. D. Hicks, Hal Hunter, J. J. Kelly, W. D. Conway, Joe Dennis, F. P. Brushier, John Hassen, Calvin Brown, G. E. Robinson, A. J. Ratliff, D. Joseph, J. E. Meroney, E. R. Gentry, Clyde Davis, T. J. Anderson and J. E. Matthews.

## FIGHT LOOMED AS COMMITTEE HELD SESSION

WASHINGTON, May 21. — A fist fight threatened today in the House military affairs committee between Representative Maury Maverick and Andrew May, Democrat, Kentucky, critic of the ad-

ministrations TVA power "yard stick program."

In discussing the audit of the project, May explained that an attorney from the Alabama Power company had made copies of the audit free.

"Coal and utility interests don't call at my office," Maverick shouted.

"Is that a personal remark," May demanded.

"Make it any way you like," retorted the Texan.

"Maybe we had better settle this thing outside," replied May.

"I am afraid," Maverick replied sarcastically.

**World Lauds Woman, But Scouts Her Ideas**

The world does not often go out of its way to acclaim the person who has devoted his life to working for others. It is the go-getter who gets the cheers and the fame, the man who keeps his eye peeled for the main chance who gathers in the laurels—most of the time.

But once in a while it works the other way; and when it does we discover that the race always reserves a special kind of admiration for the person who manages to live a life of pure, selfless usefulness.

They set up a flag-decked pavilion in Washington the other day and arranged for an around-the-world broadcast to do honor to just a person. The ambassadors of England, France, Russia, and Japan were there; words of tribute came over the air from the great capitals of the world; and the central figure was a gray-haired woman of 75, who used the occasion to speak once more the thought that has guided her life—the simple idea that justice, understanding, intelligence, and plain moral unrightness can get the world through difficulties that look insoluble.

This woman was Chicago's Jane Addams, of Hull House.

The occasion was an international peace broadcast; and it may seem a bit strange to find such a movement joined by powers that are feverishly building up their armies, navies, and air fleets. Nevertheless, join it they did; and Miss Addams gave them this message:

"We believe that we are not obliged to choose between violence and passive acceptance of unjust conditions; on the contrary, that courage, determination, moral energy, active good will can achieve their ends without violence."

This is a strange and welcome slogan for a world relying more and more on instruments of brute force. It would sound too good to be true, except for the fact that people like Miss Addams have had the courage to build their careers about it and to show that it can work.

Miss Addams has lived in Chicago, where there is an almost infinite number of "unjust conditions" to contemplate; and she has neither passively accepted them nor opposed them with unthinking violence.

On the contrary, she has gone quietly ahead, for many years, to see what "courage, determination, moral energy, and active good will" can do to help matters, and her work has meant the difference between a good life and black despair to heaven only knows how many obscure people.

She has made that program work in the Chicago slums; she sees no reason why it could not work in world affairs as well.

The great nations of the earth have paid her their tribute. Is it too much to hope that some day they will pay the greater tribute of adopting some of her ideas?

**'Texas for Highway Use Should Be Applied for Highway Purposes'**

Why should the users of the Texas highways be compelled to carry an enormous load out of all proportion to taxpayers who do not patronize the highways or assist in the forward march of the commonwealth? Why should lawmakers stand for diversion of highway user taxes and why not provide for "discontinuance of any diversion that has been made?" Henry I. Harriman is a past president of the United States Chamber of Commerce. For years the U. S. C. C. membership has repeated declarations in support of the principle that highway users, "in addition to being fully subject to all other taxes should special taxes pay the cost of improving and maintaining the highways of general motor use AND THAT THE PROCEEDS OF SUCH SPECIAL TAXES SHOULD BE SUPPLIED EXCLUSIVELY FOR HIGHWAYS."

First, they have further declared that the gasoline tax, which is the chief special tax, should be kept down to a point not encouraging large scale evasion. They have reminded the motorists of America that the principle of non-diversion of special highway user taxes was recognized by congress in 1934 in the Hayden-Cartwright act, whereby any state will be denied a third of its federal aid fund for highway if by diversion of user taxes it reduces its contribution to the federal aid system. This act of the federal congress should be enforced to the limit. It will assist in stopping further diversion if there is a clear understanding "of the serious effect which this law will have upon future federal contributions to the highway revenues of any state making such diversions."

Again, why should the state break with the highway user? He has accepted his responsibility for the major part of the highway bill. Why should the tax money paid be put to other use? Second, diversion creates resistance to proper and needed highway user taxes. Third, the highway program suffers unless the deficiency is made up from general taxes. Fourth, and lastly, "if, as it already the case in some states, the user taxes are so high as to make evasion profitable to unscrupulous persons, bootlegging of gasoline occurs on a large scale and the tax revenue suffers." There are more than 1,000,000 motor cars owned by Texans. Motorists should come out of their narcotic trance. They should demand their rights—AND DO IT NOW.

**Farming Must Depend On National Welfare**

With Engineer Morris L. Cooke of Philadelphia announcing that we have only about 100 years of "virile national existence" left to us unless we do something drastic to stop soil erosion, it begins to look as if there really was a fire behind all the smoke of those dust storms.

Mr. Cooke, who is chairman of the administration's Mississippi Valley committee, says that in another 50 years we shall have only 150,000,000 acres of really fertile soil, if present wastage goes on unchecked.

It is his idea that soil preservation is as urgent a national problem as economic and financial recovery.

The whole situation with respect to soil erosion is a direct outgrowth of our time-honored policy in respect to our agricultural land. Of all the natural resources with which this country was blessed, its soil has been probably the richest; and our use of it illustrates both the best and the worst aspects of rugged individualism.

In its best aspect, the individualism of our agriculture has built up a social class unique in agricultural history. We have no peasantry; instead we have a class of men of sturdy and independent self-reliance, following a way of life that has produced much happiness and that has made our great democratic experiment workable.

On the other hand, we have permitted this greatest of our natural assets to be used wastefully, without regard for the future or for the welfare of the country as a whole.

We have let our soil be used in such way that wind and water have permanently ruined enormous areas and threaten the ruin of even larger areas; so that today we find ourselves obliged to spend much money and effort to repair the damage which this individualism has inflicted.

We need to do, of course, is find some sort of middle course which will conserve the good side of our rural individualism and put a curb on the bad side.

We don't want collective farming, a la Stalin. We don't want a system of regimentation under which the farmer must ask permission of Washington before he puts his plow into the ground. We do want to save that rural independence which has been so richly productive of human values.

On the other hand, we must insist that farm land be used with the national welfare in mind. We need intelligent conservation measures which will enable us to hand down to our grandchildren a farmland just as broad and rich as it always has been.

We must stop the wastage which, if unchecked, would lead to a progressive national decline.

It ought not to be impossible to find a program which would embrace all these aims at once.

You should do your share toward making your city the industrial and commercial metropolis of your section.

When a structure is built upon sand and not upon rock, it is certain that unless the foundation is strengthened the structure will weaken when foods and winds beat upon it.

Surplus crops are like a river in flood. The river will in time burst its banks. Surplus crops accumulated in various countries will always, if possible, flood other countries.

**CENTENNIAL TO BE OPENED ON JUNE 6, 1936**

DALLAS, May 18.—Date for the opening of Texas' centennial exposition at Dallas, has been set for June 6, 1936, it was announced today.

At a meeting yesterday directors of the centennial set the opening

date, authorized the start of construction work as soon as plans are complete, and voted to support a campaign to sell \$500,000 of un-sold bonds for the centennial.

Col. J. Franklin Bell, formerly with the Century of Progress, was appointed director of exhibits.

The plan to have a replica of the mission of San Francisco de la Tejas, near Houston, oldest Catholic church in the state, built for the fair, was also approved.

General Pershing advises war veterans to "keep their feet on the ground and stick by the government." With Congress continually going up in the air about something, that's quite a trick.

**SET CRIMINAL DOCKET FOR MON., MAY 27**

Thirteen will face trial during criminal week in 88th district court, beginning Monday, May 27.

Cases set are as follows:

Stanley Huddleston, driving while intoxicated; Bert Gilbert, theft; Bud Lay, possession of liquor; Jim Casey, burglary; Bill

Nichols, burglary; E. Smith, theft of chickens; Fred Zellars, possession of liquor; Dorothy Matlock, theft from person; Harry K. Mayes, transporting liquor; Aaron Snyder, three charges of forgery; J. E. Bush, five charges of cattle theft; Milton Ray Struble, possession of liquor.

To relieve Eczema Itching and give skin comfort nurses use Resinol

Be sure to Drive a Pontiac before buying any car

When a car wins America as quickly as the Pontiac it must have something most buyers want. Drive a Pontiac just once and you'll know it has. The feeling of supersafety you get from the solid steel "Turret-Top" Body by Fisher, triple-sealed hydraulic brakes, and full-weight steadiness is worth Pontiac's low price alone. So is the dependability assured by a Sealed Chassis and Silver-Alloy bearings. . . . Pontiac's sparkling performance and amazing economy. . . its title of the most beautiful thing on wheels. Go first to your Pontiac dealer and you'll agree, there is no use looking further.

"THEY DON'T GET YOUR WIND" ATHLETES SAY

So mild, athletes smoke as many as they please—and that's real mildness!

Of course you want mildness in a cigarette. And the athletes—to whom "wind," healthy nerves, "condition" are vitally important—insist on mildness. Lou Gehrig, baseball's "Iron Man," says: "Camels are so mild they never get my 'wind.'" George Barker, intercollegiate cross-country champion, says: "Camels are so mild, they don't cut my 'wind' in any way." Bobby Walthour, Jr., star of the six-day bike grinds, says: "I've got to have 'wind' in bike racing. For my cigarette I long ago chose Camels."

Tommy Armour, speaking for golf, Bruce Barnes for tennis, and Betty Bailey for the aquatic sports—all agree: "Camels don't get your 'wind.'"

What this mildness means to you! It means you can smoke as many Camels as you please. Athletes say Camel's costlier tobaccos never disturb your nerves—never tire your taste—never get your "wind."

LOU GEHRIG has played in more than 1500 consecutive big league games. Such an athletic achievement takes "wind"—healthy nerves—"condition." Lou says: "For steady smoking I pick Camels. They're so mild they never get my 'wind' or my nerves."

BASEBALL LOU GEHRIG "Iron Man" of Baseball

TENNIS BRUCE BARNES 13 Tennis Championships

TRACK GEORGE BARKER Former Intercollegiate Cross-Country Champion

DIVING BETTY BAILEY Fancy-Diving Champion

GOLF TOMMY ARMOUR Winner, the British Open, U.S. Open, and P. G. A.

SIX-DAY BIKE RACING BOBBY WALTHOUR, JR. Winner of 6 Six-Day Races

GOOD NEWS! Most of the pleasant things in life are doubly pleasant when you're "in condition." That's why it's such good news to hear that Camel's costlier tobaccos are so mild you can smoke all you please. Athletes say Camels never get your "wind."

**SO MILD YOU CAN SMOKE ALL YOU WANT!**

**Camels** COSTLIER TOBACCOS!

Camels are made from finer, MORE EXPENSIVE TOBACCOS—Turkish and Domestic—than any other popular brand.

(Signed) R. J. REYNOLDS TOBACCO COMPANY, Winston-Salem, N. C.

# Eastland is Preparing for Highway 89 Fete

## MAIN PROGRAM TO CENTER AT PARK, SQUARE

Relief Office To Close On May 30; County May Follow Suit.

The Highway 89 Airline Celebration to be held in Eastland May 30 will open on the south side of the square at 10 a. m. and at 2 o'clock will be centered in the City Park, members of the Eastland arrangements committee decided Monday.

Opening their meeting at the Chamber of Commerce, and then later going to the park for an inspection, near final details of the celebration were planned.

Efforts to have county offices closed will be made by committee. Relief officials have already notified the celebration group that their offices will be closed on the Memorial date.

Milburn McCarty, general chairman for the celebration, reiterated his prediction that over 5,000 will be in Eastland on the day.

Ben Scott, F. V. Williams and Grady Pipkin were named to assist C. J. Rhodes in his solicitation of funds in Eastland.

J. F. Little promised that the band stand will be moved to the park and would be painted. The new city manager was appointed to contact the Eastland fire department so that the Ranger group could come to Eastland on a suitable date and assist in decorating.

The Eastland arrangements committee decided to give Boy Scouts privileges of selling cold drinks and ice cream at the park for 10 per cent of their profits. The 10 per cent will be allocated by the committee to celebration expenses.

Program for the celebration is practically complete. The program will open with an address of welcome on behalf of the committee by Judge S. M. Russell of Stephenville. Hamilton McRae, president of the Eastland Chamber of Commerce, will welcome in behalf of Eastland.

Response will be made by Senator Grady Woodruff of Decatur. At noon the celebration program will close, to resume at 2 o'clock in the Eastland City Park.

Harry Hines of Wichita Falls, new member of the highway commission, and his predecessor, W. R. Ely of Abilene, are slated as two of the principal speakers of the day.

In the morning hours and afternoon hours a North Texas State Teachers College stage band, the Hardin-Simmons Cowboy Band of Abilene, the Ranger Tickville Band and others of the section will play.

Attending the Monday meet of the Eastland group were Rev. C. W. Estes, H. C. Davis, Hamilton McRae, Milburn McCarty, Ben Scott, George Harper, F. V. Williams, J. F. Little, T. E. Richardson, C. J. Rhodes, Grady Pipkin.

## Judge Considers Motion to Quash Post Indictments

LUBBOCK, May 21. — Federal Judge James Wilson had under advisement today defense motions to quash indictments against Dr. L. W. Kitchen, Post veterinarian, and Dr. W. A. Hartman, Post physician, charging violation of narcotics laws. Another indictment charging conspiracy to violate the laws named Dr. Kitchen, Dr. Hartman, Sheriff W. F. Cato and several others.

Dr. Kitchen and Dr. Hartman are also charged with murder of Spencer Stafford.

## Funeral Held For Mary Wiegand, 3

With Rev. John G. Bills officiating, funeral services for Mary Beatrice Wiegand, 3, daughter of Mr. and Mrs. W. A. Wiegand of Eastland, were held from the Church of Christ Tuesday afternoon. Interment was in the Eastland cemetery.

The young girl died Monday morning at City-County hospital in Ranger following a seven weeks illness with pneumonia.

Surviving are her parents and two sisters, Patsy and Betty.

## Abilene Man Will Speak at Carbon

Four high school graduates from Byron England of Abilene, principal of Travis school, at their commencement exercises Friday night, May 31.

## Dares Leprosy in Mercy Role

An unsmiling heroine braving a task before which strong men would quail, Miss Gladys Platt, above, of Glendale, Calif., is on her way to Africa to superintend a mission colony of 250 native lepers in Nyasaland. Experience in a Mexican leper colony has taught her how to protect herself, she declared, so she has no fear of contracting the malady.

## WILD ANIMAL TRAINER GORED BY ELEPHANT

COVINA, Cal., May 21. — Joe Reed, veteran animal trainer, was killed today by an enraged bull elephant which gored and mutilated him at the Al G. Barnes winter quarters here.

Reed was rehearsing eight elephants for an appearance in a motion picture when they stampeded. Prince, a huge bull, chased the trainer and struck at him with a tusk. The elephant then grabbed the victim, threw him to the ground and gored him three times before attendants subdued him. Reed was trampled by the elephant.

Reed died at a hospital a short time later. Doctors said his scalp had been torn off and one tusk had nearly disemboweled him.

## Water Minimum Raised By Group To 15,000 Gallons

EASTLAND, Texas, May 21. — Raise of the water minimum to 15,000 from 10,000 gallons was made Monday night by city commissioners in regular meeting.

The order was made to be effective as of May 1.

Due to a full lake of water and that the increased minimum will enable Eastland residents to plant gardens and water lawns, the commission acted.

Duration of the increased minimum will be governed by the water supply.

Eastland residents will pay \$3 for the 15,000 gallons, same as was charged for the minimum of 10,000 gallons.

## Three Burglaries Staged in Ranger

Three robberies in two nights was the record set in Ranger since Sunday, with about \$70 in money and a quantity of merchandise being stolen.

At the J. C. Penney store the following merchandise was reported stolen:

Two suits of clothes, valued at \$19.75 each; one Gladstone bag, valued at \$12.50; a metal suit case valued at \$2.98; two felt hats, valued at \$2.98; six shirts, valued at \$1.49 each; two pairs men's shoes, valued at \$2.98 each; two white belts, valued at 49 cents each; two pairs of suspenders valued at 49 cents each and four shirts valued at 49 cents each.

The Southern Lee and Utility company office was robbed, about \$35 in cash reported missing, while a cafe was also robbed during the two nights.

## Seek to Void Award Made to County Man

ABILENE, May 21. — Hartford accident & indemnity company has filed suit in federal district court here to set aside an award of the industrial accident board to Fred K. Davis, Eastland county.

## RURAL SCHOOLS RECEIVE UNITS OF AFFILIATION

Credits of affiliation for two rural high schools were brought Monday by Miss Opal Gilstrap, deputy state superintendent.

Morton Valley received 9 1/2 credits while Alameda received two.

Credits of affiliation for Morton Valley were in the following subjects: American history, 1; Modern history, 1; civics, 1/2; economics, 1/2; algebra, 1; AA, 1/2; general science, 1; biology, 1; English, 3.

At Alameda one credit was granted in plain geometry and one in biology.

## Sheriff Named In A Suit For Death of Man

Sheriff Virge Foster and the American Surety company of Dallas, his bondsmen, were named defendants Friday in a \$40,200 suit filed by Mrs. Ethel E. Bachus, whose husband was allegedly accidentally fatally shot during a raid on a still last year.

Mrs. Bachus, acting as best friend for six minor children, alleges in the petition that Sheriff Foster acted unlawfully and was negligent in the performance of his duty when he shot at and in the direction of her husband, Stephen W. Bachus, who she claimed offered no resistance and fled.

The accident occurred near Nimrod, Dec. 6, 1934.

Children for whom Mrs. Bachus filed the suit are Marsh Weston, 13; Warren, 11; Bernice, 10; Ivan, 7; and Eugene, 3.

She filed an oath stating that she was unable to give security for costs in the suit.

Of the \$40,200 asked, \$200 is for funeral and burial costs of her husband.

Mrs. Bachus alleges in the petition that her husband was a farmer and trader at the time of the accident and was earning \$1,500 per year. Also, she recites that formerly he was a mechanic and earned \$3,000 a year.

## Ranger Golfers In Lop-Sided Win In Match With Cisco

The Ranger Country Club defeated the Cisco Country Club at golf Sunday afternoon by a score of 16 to 3 in the first golf match of the Oil Belt season played in Ranger.

Individual scores of the matches were as follows:

Gid Faircloth won from O. V. Cunningham 2-3; H. C. Foy won from Charles Shepard 2-up; Jack Mooney won from Jack Pippin 4-3; J. S. Brimberry won from P. L. Cagle 6-5; Ray Trower won from Wendell Russell 3-1; Elmer Norris won from R. L. Ponsler 5-4; H. S. Von Roeder won from Sentell Caffrey 4-3; O. M. Moore won from O. J. Russell 3-2; Felton Brasher won from A. L. Foster 4-3; E. L. Norris lost to Ed Candeo 1-up; Ray Trammell won from J. W. Thomas, Jr., 1-up, 19 holes; H. P. Earnest won from J. W. Thomas, Sr., 4-3; S. M. Gamble won from Rex Page 6-5; Nath Pirkle won from Clyde Wilkins 1-up, 19 holes; Chief Williams lost to W. C. McDaniels 2-1; R. H. Snyder won from J. L. Thornton 5-3; Major Hoople lost to C. W. Hanson 2-up; R. V. Galloway won from Coleman Williams 4-2 and Clyde Davis won from McPherson 3-2.

## Keeping of Toads Problem For Man

Two horned toads are apparently proving a problem to John Lewis of Washington, D. C.

The Eastland Chamber of Commerce received a letter from him Monday asking how two toads should be kept.

They were given the capital man by Joe McNesley, who resides 12 miles southeast of Eastland. McNesley returned this week from the farmers pilgrimage to Washington.

## Carbon Masons to Confer a Degree

Carbon Masons are to confer a Master's degree at a meeting to be held in Carbon tonight.

A number of Masons from Ranger are planning on attending.

## Byrns Gives Best Smile to Bonus

It probably was labor lost, for President Roosevelt had made known he would veto the soldier bonus bill, but Speaker Joseph W. Byrns seemed to get genuine enjoyment out of signing the measure, as pictured here. Cheers always were his best smile for the occasion.

## Fire Prevention Posters Win Prizes

AUSTIN, — Jesse Sifuentes, 10-grade senior high student, won first prize of \$10 in the 1935 state wide fire prevention contest, it was announced by Raymond S. Mauk, Texas fire insurance commissioner.

Second prize of \$7.50 went to Elmo Glaye, 11th grade Fort Worth student at Central high school.

The \$5 third prize was awarded to Joseph Wimberly, ninth grade Phyllis Wheatley high school pupil, San Antonio.

More than 1,400 posters were submitted in the contest, Mauk said. Other cash prizes totaling \$100 were awarded.

## Navy Mother's club To Meet in Texas

McALLEN, Texas. — Arrangements are being completed for the annual national convention of the Navy Mothers clubs of the United States to be held in San Antonio June 11, according to Mrs. James W. Jones of McAllen, founder and national president of the organization.

Representatives from Navy Mothers' club in the Valley, Houston, San Antonio, Denver, Portland, Ore., Minneapolis, New London, Ia., and Mauston, Wis., will attend the convention, Mrs. Jones said.

The organization was founded in the lower Rio Grande Valley about two years ago and since has become national in scope.

## Shooters Receive Gun Club Charter

Charter for the Oil Belt Gun Club has arrived in Breckenridge, it was announced Monday.

Breckenridge, Eastland, Cisco, Ranger and Albany shooters have fallen into line in support of the club in such numbers that its popularity is assured.

The club will be located on the Ed Castleman farm, about one mile towards Cisco from the forks of the road from Breckenridge.

Directors of the club are P. J. Knight, Breckenridge; George DeLafosse, Albany; James Horton, Eastland; Jack Beach, Ranger; and F. D. Wright, Cisco.

## Rev. Estes Speaks At County Home

County farm inmates heard Rev. C. W. Estes, pastor of the Eastland and Strawn Presbyterian churches, Sunday.

"Rev. Estes" talks are appreciated by the inmates of this institution," Lawrence Wood, superintendent, stated.

## Four Counties in Relief Honor Roll

AUSTIN. — Four "honor roll" counties, each having less than 5 per cent of their citizens on relief relief, were reported in Texas during April.

They were Crockett, Kenedy, Lavaca, and Winkler counties. Four drought-stricken counties were at the foot of the list with 46 per cent or more of the population on relief. They were Stonewall, Kent, Yoakum and Cochran.

## Ranger Boys With The Pacific Fleet On Big Maneuver

Cards received in Ranger today from Baylus Hicks and Jack Davis, Ranger boys, who are with the Pacific fleet somewhere near Honolulu, state that they are having a grand time and are expecting to be back in the United States sometime about the middle of June.

Oranges are real cheap over there, they said, a peck selling for 10 cents.

The fleet is maneuvering somewhere in the Pacific and it is one of the largest displays of war craft ever seen, with some 153 ships in the flotilla besides 1,300 airplanes.

## Indicates Eastland To Aid Ciscoans In Bid For Convention

Although Eastland Lions Club delegates will be unrepresented at the Vernon convention May 26 and 27, it is likely they will aid Cisco in some manner to obtain the '36 session, Ernest Jones, club secretary, indicated Saturday.

## Eastland Girl Is Cast In CIA Play

DENTON, Texas, May 18. — Cast of the annual Shakespearean play at Texas State College for Women (C. I. A.) will include Miss Dolores Tanner, daughter of Mr. and Mrs. H. B. Tanner of Eastland. The play, "Romeo and Juliet," which will be under the direction of Emory G. Horger, director of the college Little Theater, is to be given Friday night, May 31.

Miss Tanner, a junior at the college majoring in dramatic art, has played several important roles in Little Theater productions this year.

## Boyhood Friends Meet First Time In Thirty Years

Ed T. Cox of Eastland and John W. Frey of Stephenville were boyhood friends, but they hadn't seen the other in 30 years—until Saturday in Eastland.

On his way to Abilene, Frey, stopping at Eastland, fell into a conversation with Cox and others.

They recalled their last meeting was in Fort Worth at a city clerk's meeting, when both held the position in their respective counties.

Cox remembered how Frey's father employed his, formerly competitors in the mercantile line until fire destroyed Mr. Cox's store.

CHARLOTTE, N. C. — After working side by side for years, losing marriage licenses, Margaret Ferguson and Julian L. Martin obtained one for themselves.

## Kokomo Project to Resume Next Month

Kokomo work relief project was halted Tuesday of last week, H. C. Davis, secretary of the Chamber of Commerce, said Saturday, who added that he was informed from the relief office that it will be resumed next month.

Benson for the project halt was that man hours to have been used for the month were taken up, it was stated.

The project is 95 per cent completed.

## Judgment Filed In Ballot Case

Judgment of Judge B. W. Patterson rendered in the D. L. Kinnaird vs. City of Eastland and others vote case May 12 was filed today in 88th district court.

Under the judgment, city commissioners are ordered to hear and determine the election contest filed by Kinnaird involving the result of the city election held April 2nd.

## JUDGE RETURNS

B. W. Patterson, judge of the 88th judicial district, returned to Eastland Saturday from Dallas, where he presided in 95th district court in the absence of Judge Royal Watkins.

## GRANTED DIVORCE

Divorce was granted to Bessie Lee Bates Tuesday from Melvin Bates in 88th district court. Restoration of the plaintiff's maiden name, Bessie Lee Benson, was made by the court.

## GRANTED DIVORCE

Divorce was granted to Bessie Lee Bates Tuesday from Melvin Bates in 88th district court. Restoration of the plaintiff's maiden name, Bessie Lee Benson, was made by the court.

## GRANTED DIVORCE

Divorce was granted to Bessie Lee Bates Tuesday from Melvin Bates in 88th district court. Restoration of the plaintiff's maiden name, Bessie Lee Benson, was made by the court.

### All Dogs Must Be Vaccinated and Licensed Eastland Officials Order To Combat Threat of Mad Canines

All dogs in Eastland must be vaccinated and licensed procured at the city hall, Eastland commissioners ordered Monday night in their regular session.

With two children taking Pasteur treatment for prevention of hydrophobia by successive inoculation with attenuated virus of increasing strength, the commission

was urged by Eastland doctors to enforce the dog ordinance passed in 1922.

The ordinance provides that dogs must be vaccinated and licenses obtained at the city hall for \$1.50.

Dogs running at large will be seized by police, held for three days, and if not claimed will be disposed of. A fee of 25 cents per day will be assessed against owners of dogs which are impounded. The owner, if he claims his dog, must pay the fine and comply with the ordinance.

A child of Mr. and Mrs. Roy Lawson and Mr. and Mrs. Ed Castleman have taken or are taking Pasteur treatments. At least one dog has been positively identified as mad with rabies.

Doctors cautioned Eastland parents to watch their children.

A dog who has rabies, Eastland doctors pointed out, will soon die. Before his expiration, they said, he will go into a paralytic state.

The situation was described by commissioners as serious and calling for closest co-operation of all people who reside in the country who bring dogs with them to town must confine them in their vehicles or comply as residents of Eastland.

With 50 tags at the city hall, J. F. Little, city manager, Tuesday morning thought that the supply was sufficient for one week.

Other business completed by the commission included approval of the following orders from the previous meet:

Employment of J. C. Allison to transfer the unpaid tax list to the delinquent tax roll.

Employment of M. H. Kelly as city clerk and his posting of bond of \$5,000.

Purging the commission records minutes of April 27.

### U. S. May Tear Her "OUT OUR WAY" From Children

Her eight children are American citizens, but Russian-born Mrs. Stella Petrovsky, 35, and divorced, faces deportation—and separation from them—because she joined in a mass protest in behalf of miners' families at Wilkes-Barre, Pa. She was held in \$1000 bail pending a hearing on charges she's a "dangerous radical."

Another tornado at Teague in Eastern Central Texas, injured one man, caused minor hurts to numerous others and resulted in damage estimated at \$100,000.

Winds smashed through Marlin, accompanied by a two-inch down-pour. High water wrecked the Cedar Springs bridge over the Brazos river in Falls county.

A tornado circled the east side of Gilmer at the northern edge of the East Texas oil field, demolishing barns and uprooting trees.

Large sections of Gainesville, near the Oklahoma border, were under water as the Elm Fork of the Trinity river and Pecan creek, which flows through the center of town, overflowed. At least 50 residences were flooded and from 150 to 200 were homeless.

The Rio Grande had swollen 15 feet and was near the flood stage. The highway from Del Rio to Eagle Pass was closed.

The dam at Lake Decatur, 50 miles north of Fort Worth, burst under pressure of the great volume of water stored by rains and today the town was without a water supply. The flood loosed by the break washed out many bridges.

ALTUS, Okla., May 18.—One woman was drowned and seven persons were missing and believed dead today in floodwater of Turkey Creek and the Salt Fork of the Red River west of Altus.

Torrential rains north and west of Altus sent creeks and the Salt and Elm forks to new high stages in several counties.

One white farmer was marooned in a tree, with swift currents from Turkey creek surging around his head for a rescue. Scores in the flooded area were rescued by boats. All but the missing seven were believed safe.

### "OUT OUR WAY" - - - - - By Williams

Miss Frankie Webb, who has been at Olney the past few months, returned home Friday.

Mr. and Mrs. Ike Ramsey of Pleasant Hill visited his brother, Ed Ramsey, and family, Thursday.

Waco High, have announced their intention to come to Baylor this summer for the special courses in physical education that will be introduced by C. W. Spears, head coach at the University of Wisconsin, it is announced by Prof. Lowell N. Douglas, professor of physical education.

Dr. Spears will be in residence at the Baylor summer quarter for the two weeks from June 3 to June 15. After the Wisconsin coach has completed his lectures on football, Morley Jennings, head coach at Baylor, will give two week's lectures on baseball, and will in turn be succeeded by Ralph Wolfe, Baylor basketball and track coach, who will lecture on these sports.

The courses of instruction in this department have been outlined with a view to helping both men and women meet the requirements imposed upon public school teachers of physical education by the State Department of Education. Prof. Douglas announces, and this work may also be special arrangement be credited toward the master's degree.

### Baylor to Have Coaching School

WACO, — Outstanding college and high school coaches of the state, headed by Matty Bell of S. M. U., Jimmy Kitts of Rice, Dutch Meyer of T. C. U., Clyde Little-

### Rural Work Centers Are Established

AUSTIN.—Rural work centers, where Texas relief clients may make the things they need, are being considered by Texas relief officials for 27 counties today, with nine already approved.

San Isidro center in Garza county was the first opened. Others already approved included Tennessee county, Anderson county; Donie, Freestone county, and China Springs, McLennan county.

Officials must make preliminary surveys to determine the number of skilled workers available in each community before making approvals. The needs of homes and farms in the district, which can be filled by client-made articles, must also be taken into consideration.

Other centers now being considered include Dublin, Erath county; Big Spring, Howard county; Crawford, McLennan county; Pinehill, Rusk county; Harpet, Stephens county; Lott, Travis county; Merkel, Taylor county, and Burkburnett, Wichita county.

### TWO SCORE ARE INJURED BY HIGH WIND

Destructive winds cavorted freakishly across Texas today, injuring more than two score persons and causing damage to property amounting to hundreds of thousands of dollars. Rains sent streams flooding across highways and farms.

Storm warnings for small craft were run up along the gulf coast and a thunder squall blew gusts at 50 miles an hour.

Three persons were injured seriously and several others received minor hurts at Fort Worth when a small tornado ripped through a residential district at daybreak.

The storm, accompanied by rain and lightning, zig-zagged a course through several blocks of homes.

One negro was hurt seriously and several other persons suffered minor injuries when a tornado struck Hearne on the South Texas coastal plain. The storm cut a swath through the residential section. A cloudburst accompanied

### FLATWOOD

By MRS. MINNIE FOSTER

We are enjoying lots of rain. Mr. and Mrs. A. D. Webb and family of Big Spring and Mr. and Mrs. Wayland Webb spent the week-end with their parents, Mr. and Mrs. W. T. Webb.

Mr. and Mrs. R. C. Reese of Graham visited his mother and sister, Mrs. D. A. Reese and Mrs. H. E. Wilson, Sunday.

Mrs. Charles Jarmon and small daughter of Colorado city visited her parents, Mr. and Mrs. W. T. Webb, last week.

Mrs. W. H. Wilson spent the week with her sister and brother-in-law, Mr. and Mrs. Tracy Wilson, of Gorman.

Mrs. M. E. Alzabrook of Loraine spent the week-end with Mr. and Mrs. W. T. Webb.

Mr. and Mrs. T. E. Robinson are the proud parents of a girl, born May 3, at the Blackwell hospital, and has been named Betty Jo Ann. Are doing fine.

The Okra basketball team played Flatwood Sunday evening on the home grounds and defeated them 3 to 1.

James D. Duncan is visiting his grandparents of DeLeon, Mr. and Mrs. John Mahon.

Miss Velma Tidwell entertained a few couples with dancing Saturday night.

Mrs. Walter Robinson of Carbon has been staying with her son and his wife, Mr. and Mrs. T. E. Robinson, the past week.

Mrs. Blanche Fisher of Gorman was laid to rest in the Flatwood cemetery Sunday evening. She had been confined to her bed since last August. She leaves a husband and two-year-old daughter, her parents, brothers and sisters and a host of other relatives and friends to mourn her going. Rev. Clements of Carbon spoke words of comfort to the bereaved. The community extends sympathy to all.

The people of this community met and worked the cemetery Wednesday.

IT'S NO SECRET  
I'm your best friend  
I am your Lucky Strike

Try me I'll never let you down

IT'S THE TOBACCO THAT COUNTS. And there are no finer tobaccos than those used in Luckies

### To prevent motor damage when you

### ...you must have oil of high film strength!

DID YOU know that idling along at 10 miles an hour or picking up suddenly can cause as much motor wear as high-speed driving?

All three put extreme pressure on your connecting rod and crankshaft bearings. If your oil does not have enough oiliness and film strength to withstand these high pressures, your motor parts suffer damaging wear. That's why you need oil with the greatest possible oiliness and film strength.

Straight mineral oils have no more oiliness and film strength than they had 10 years ago. Some, because of over-refining, have less!

Conoco Germ Processed Motor Oil has more oiliness and 2 to 4 times more film strength than straight mineral oils! The Germ Process—adding concentrated oily essence to highly-refined, paraffin-base oil—puts into this oil more film strength

CONTINENTAL OIL COMPANY. • Est. 1875
