

PICTURES OF SILVER

THE WORK OF THE HOLY SPIRIT

John 16:7-11; Romans 8:10-17, 26, 27

Traditionally pictured is the upper room in Jerusalem as a great stately hall with high ceiling and beautiful arches. It is a fitting description for the picture of "The Last Supper."

Jesus with his disciples were gathered here to feast, to observe the Passover. How tense and solemn the atmosphere must have been as the tragic shadow of the cross lengthened across them while Jesus spoke words which would instruct and comfort them when He was gone. He explained to them that it was necessary for him to go away that the comforter might come and dwell in their hearts. This comforter, the Holy Spirit, would direct them in their work, teach them and above all would help them to look back over the events of his life with them and open their understanding by bringing all things to their remembrance.

Later when the cross had been endured and the resurrection had been fulfilled, how their hearts must have ached that they so little had understood and comforted Christ in his last hours.

Paul wrote to the Romans from Corinth in A. D., 57, in detail the work of the Holy Spirit. From this study we can picture in contrast the born of the spirit, and one who walks alone.

The man who does not know Christ has only the things of the world to fill his heart and life. Though he be upright and moral his heart is empty except for a yearning he does not understand. He is a debtor to the flesh. Appetite and lust leads him stumbling along with no one to comfort or help his infirmity.

"For if ye live after the flesh ye must die." Spiritual death is separation from God—far worse than physical death.

But how different the man born of the Spirit. He is upright and happy with the peace Jesus gave. "Peace I leave with you, my

peace I give unto you; not as the world giveth, give I unto you. Let not your heart be troubled, neither let it be afraid."

He is not a bond servant to fear that saps the life of any where it gains entrance. But he can look up as a child and say my Father and receive a blessing.

"The Spirit himself beareth witness with our spirit, that we are the children of God."

The Spirit helps him in his weakness, "for we know not how to pray as we ought." What a comfort to know that words, so weak and sometimes jumbled, if the heart be in tune with the Master's and a great need felt, are taken and presented in an acceptable way at the throne of mercy.

The man born of the Spirit can find true liberty and power growing daily to new heights of understanding in Christ Jesus.

The banner of Christ would be floating over all the land in every place if Christian people born of the Spirit would in their struggle for liberty, power and happiness stop and vision Christ again as he explains the work of the Holy Spirit, the third person in the Trinity—God, the Father; God, the Son; God, the Holy Spirit.

The Holy Spirit has been in the world from the beginning. He is mentioned in Genesis 1:26, "And, God said, 'Let us make man in our image.'"

Christians who would strengthen their life by growing in grace must make a deep study of the work of the Holy Spirit in their life. It must not be just an idea of their own grown out of undirected emotion. A true, clean heartfelt emotion devoid of self will soften the heart as it is cleansed for understanding to grow in through study of God's Word.

And it shall come to pass afterward, that I will pour out my spirit upon all flesh; and your sons and your daughters shall prophesy, your old men shall dream dreams, your young men shall see visions. (Joel 2:28).

And be not conformed to this world: but be ye transformed by the renewing of your mind, that ye may prove what is that good, and acceptable, and perfect, will of God.

Golden Text: For as many are led by the spirit of God, they are the sons of God (Romans 8:14.)

UNITY

By MRS. T. E. HALE

Another fine rain fell in our community Saturday morning.

We are glad to report Mrs. Ted Fulfer able to be home from the hospital and hope to soon report her fully recovered.

Dean Wylie has been ill with the flu but is improving at this writing.

An interesting ball game was played here Saturday by the Sap Oak and Hannibal teams. Hannibal was winner of the game.

Mr. and Mrs. Henry Edgar Singleton of Liberty were Sunday visitors in the home of his parents, Mr. and Mrs. M. N. Singleton.

Mr. and Mrs. Harlin Phillips and little daughter, Nancy Lee, of Ranger, were week-end visitors in the home of her brothers, Albert Wilson and Lonnie Coleman.

Little Joan and Larry Havens of Thurber are visiting in the home of their aunt, Mrs. George Foster.

Mrs. Doc Woods of Thurber spent Tuesday here in the home of Mr. and Mrs. Tom Woods.

Mr. and Mrs. Al Moody and little daughter, Juanita, were Sunday visitors in the home of her parents, Mr. and Mrs. Barron Green at Morgan Mills. She reports her father in very bad health.

Miss Egla Watkins of Abilene visited here last week in the home of her aunt, Mrs. Walter Coleman, and family.

Miss Hermie Singleton of Breckenridge spent the week-end here with homefolks. She was accompanied here by her sister, Miss Viola, for a few days visit.

Miss Sammie Stewart of Hannibal visited here last week in the home of Mr. and Mrs. George Foster.

Mr. and Mrs. Walter Coleman were Thurber visitors Monday in the home of her mother, Mrs. Ann Booth, and family.

Mrs. T. E. Hale spent part of

FLATWOOD

last week in the home of her sister, Mrs. W. W. Hickman, at Mineral Wells.

Mrs. J. W. Turner and sons, Harold and Willie, of Los Angeles, visited W. T. Webb and family this week. Miss Velma Tidwell left with them Tuesday morning for an extended visit with her sister, Mrs. H. W. Turner of Los Angeles.

Mrs. Raymond Webb of Eastland is visiting her mother, Mrs. Clara Horri.

Miss Peggy Horn left to spend the summer with her sister, Mrs. Homer Williams of Wink, Texas, who has been visiting relatives and friends in Eastland.

Miss Rosa Mary Harbin entertained the young folks with a dance Tuesday night. Billy Webb, Sammie Herring, Woodrow and Bartly Wilson furnished the music. Everyone reports a very enjoyable time.

Mr. and Mrs. L. H. Barlow and two daughters, Bobbie Rae and Fawn, drove over from Abilene Sunday for a short visit with her sister, Mrs. W. T. Webb.

Miss Frankie Webb left Monday for Abilene where she will spend the summer.

Flatwood ball team was victorious in two games played at Central Sunday. They also played a winning game with Central Tuesday.

Miss Ella Webb has returned from a visit with her sister, Mrs. J. W. Burkett, of Sweetwater.

Mr. and Mrs. J. H. Ainsworth and children attended the ball game at Cheaney Sunday.

Mrs. Elmer Daffern visited Mrs. H. D. Browning Wednesday.

Juanita and Odie Bonnie of

CROSS ROADS

Longview are visiting their grandparents, Mr. and Mrs. J. W. Kitchen.

Mr. and Mrs. F. E. Ferrell and children spent Sunday with her parents, Mr. and Mrs. J. T. Walton, of Cheaney.

H. A. Neger and family were in Ranger Saturday.

Grandma McGraw was buried at Cross Roads cemetery Saturday. She was 81 years old and had lived in our community 34 years. She was loved by all who knew her.

Mrs. Oma Daffern and son were in Ranger Monday.

Mrs. J. W. Kitchen and children visited Mrs. F. E. Ferrell Wednesday.

J. H. Ainsworth and son, Monroe, visited F. E. Ferrell Tuesday. Elmer Daffern were in Ranger Monday on business.

Mona Jack Burrow spent Friday night with Francis Ferrell.

H. D. Browning spent the weekend in Ranger with his grandson, Dave Hamilton.

Eunice Minter and mother visited Mrs. Ralph Mason Sunday.

Mrs. H. D. Browning visited Grandma Fox Tuesday.

J. R. Hale and children visited Mrs. Elmer Daffern Sunday.

Juanita Browning and Nancy Ann visited Elouise and Henryetta Burrow Sunday.

J. L. Parrish visited William Hamm Sunday.

Mason Ferrell visited Terrell Hale Sunday.

Mrs. H. A. Neger and children visited Mrs. Elmer Daffern Sunday.

Elmer Daffern visited Mrs. F. E. Ferrell Thursday.

John Bishop of Eastland was in our community this week.

J. R. Hale and son were in Ranger Tuesday.

Frances Marygene and son Ferrell visited their grandparents this week.

Ralph Hise visited Miss Katy Griffith Tuesday.

F. E. Ferrell and family spent Saturday afternoon with Mrs.

Men Still Go Down to the Sea But In New Style

By United Press

GALVESTON, Texas.—Men still go down to the sea in ships, but not in the manner they once did.

Sailors still "sail before the mast," but the mast is a sturdy 100-foot matter of girders, and costs more to build and install than many an old wind-jammer cost overall to build and launch.

The forecabin, or "fo'c'sle," in the old sailing ships, got its name as a joke—the crowded, filthy hole where the exhausted men lived.

Nowadays, the fo'c'sle is "aft" and the sailors have modern tiled shower baths, good food served in a saloon kept spotlessly clean by a steward who serves their meals in shining china.

Mighty changes have come about on the sea. The language is much as it always has been. Sailors still use marlin-spikes, but for splicing wire cables instead of ropes. The dreaded belaying pin has its place in the carpenter shop tool rack. Occasionally it still is used as a defense weapon, even as in the days when Joseph Conrad made the sea romantic.

There are old men who can tell of sleeping with ice in their bunks on the North Atlantic. To them, work on modern freighters is play. They work four hours and are off for another eight.

Pinehale, once the sailor's game, is disappearing. Many modern youths, with fraternity pins or keys on their oil duncargees, keep the watch on deck awake with spirited wrangles over the merits of the Culbertson bidding system in contract bridge.

The sea hasn't "gone soft." Far from it. The life always has attracted adventuresome men, along with ambitious riff-raff from farms and city slums. But the depression has put men afloat who originally would become engineers, surveyors, skilled craftsmen.

On the sea they find outlet for the restless natures that strong spirits have in all such vocations.

Sailors still fight; sailors still drink and brawl, but differently, and for different reasons. When they fight today, usually it is because someone has offered an affront that to an old-time sailor would have gone unnoticed.

If you go into a sailor's fo'c'sle today you find literary and scientific magazines along with detective stories. The sailors lie in their bunks—which have good lights, electric fans and adequate ventilation—and read such books.

When they go ashore in Hanava, Colon, Hong Kong or Marseille, they do their share of night-club roistering. But they also pay a visit to the Y. M. C. A. or one of the sea-libraries before sailing time.

wardings to other points, notably to California, Arizona, Illinois and Iowa, according to Dr. F. A. Buechel, assistant director and statistician of the University of Texas Bureau of Business Research.

There also was a sharp increase in shipments of cattle and calves to Fort Worth in comparison with a year ago.

"April is the peak month for livestock shipments, especially cattle and calves, from Texas to out-of-state points," Dr. Buechel said. "The bulk of these shipments are destined for the Flint Hills of Kansas and Osage country of Oklahoma, where the cattle are pastured through the summer and marketed in the fall. Pasturage is leased at so much per head for the summer, the cost varying from season to season in accordance with supply and demand conditions. A recent report of the United States Estimate of Crop and Livestock Estimates states that lease prices range from 25 to 50 per cent higher than last year and are the highest since 1931. The percentage of pasture leased is substantially larger than for the past four years as well as the ten-year average from 1924-1933.

"Forwardings of cattle to Kansas Flint Hills totaled 58,827 head and of calves 2,156 head, against 102,245 head of cattle and 9,012 head of calves during April, 1934. Shipments of cattle to the Osage country of Oklahoma totaled 35,337 and calves 4,429 head, against 45,873 head of cattle and 5,908 head of calves during April a year ago.

One thousand convicts go on strike at Ohio penitentiary. Probably for more pay and shorter years.

In trying to keep the Far East's "Open Door" from closing, Uncle Sam seems to be continually putting his foot in it.

Typhoid Vaccine Is Now Recommended

AUSTIN, Tex.—Now is the time according to Dr. Charles D. Reece, director, Bureau of Communicable Diseases, to be vaccinated against typhoid fever, a disease that has cost the lives of more than 2,000 Texans in the past four years.

Typhoid fever has been eliminated in our army and navy through vaccination. The typhoid vaccine is not a serum. This preventive treatment of typhoid fever consists of three small hypodermic "shots" given every 5 to 7 days until three injections are given. Such a treatment protects you from taking the typhoid fever for two to three years.

Consult your family physician today in regards to typhoid prevention. Invest in typhoid against this often fatal disease. This form of protection insures you and your family against possible long confinement, great economic loss, and perhaps death.

You may be so unfortunate as to drink contaminated milk, water, or other food containing the typhoid bacilli and contract the disease this year. In selecting a place for a vacation choose one where you know that the water and milk supply is pure. Be sure that the kitchen and dining room are screened to protect food from flies. When camping it is best to boil water used for drinking, unless you know that it is pure. Clear, sparkling spring water may be polluted by drainage.

Cattle Shipments From Texas Show Several Changes

AUSTIN, Tex.—Although shipments of Texas cattle and calves to Kansas and Oklahoma during April declined drastically, a substantial increase occurred in for-

DESDEMONA

The Desdemona Eastern Star chapter had public installation of officers Friday night at the Masonic hall. Fruit punch and cookies were served to the guests as they arrived. After a short time spent socially downstairs all went up to the hall where the first number was an entering march by the retiring officers. The invocation was then given by Rev. H. H. Nance, which was followed by the singing of "America." The retiring worthy matron, Mrs. Roy Ashburn, gave a welcome address and a tribute to her officers, giving original verses of poetry about each one who had served so well with her during the year. As the closing act of her year as worthy matron she presented a gift from the chapter to R. J. Krapf, who was closing his tenth year as worthy patron and who is so proficient in the secret work of the order that he has on many occasions assisted in conferring degrees at other towns. The installation of officers was then had with Mrs. W. C. Bedford as installing officer, Mrs. R. J. Krapf as installing marshal and Mrs. Mattie Henry as installing chaplain. Those installed were: Mrs. Clarence Ragland, worthy matron; R. J. Krapf, worthy patron; Mrs. Fred Welder, associate matron; Clarence Ragland, associate patron; Mrs. Roy Rushing, secretary; Mrs. J. E. Heeter, treasurer; Mrs. A. C. Robert, conductress; Mrs. J. H. Jackson, as-

Mountain School News

By DOROTHY TIDWELL. This community received a good rain last Friday night. It was highly appreciated and was very beneficial to all crops, especially potatoes and grain. Mrs. Morrow and her son, J. L., visited her daughter, Mrs. Logan, at Buynan, last Saturday. They also visited her brother, who lives at Stephenville, on Sunday. There she was with a sister from Georgia, whom she had not seen for several years. Miss Carleta Sparks returned to her home in Lubbock last Saturday after an extended visit with friends in this community, Howard and Salem. Philip Sparks visited his parents, Mr. and Mrs. J. M. Sparks, Friday night. He was on his way to Lubbock. Mrs. Hardy Tidwell returned Wednesday morning from a visit in the western part of Texas, near Pecos, and in New Mexico. Mr. and Mrs. Robert Slaughter of Eastland visited her parents, Mr. and Mrs. J. L. Fonville of this community, last Wednesday. Messrs. Ulmer Hogg, Hardy Tidwell and Clyde Hogg were in Stephenville Monday on business. Bill Davis of Desdemona was in this community Sunday evening on business. Mr. and Mrs. Tom Friday and family visited Mrs. Askew last Sunday evening. Frank Carter and family of Mangum visited Mr. and Mrs. Frank Hogg Sunday. Mr. and Mrs. Sam Fonville and son of Desdemona visited his par-

Rawlins of Lampasas are visiting Mr. and Mrs. L. Harris. Mr. and Mrs. C. W. West and Miss Marjorie Buchanan left Wednesday for Austin where they will enter Texas university.

Spanish War Vets Met On Saturday

Last Sunday afternoon the United Spanish War Veterans met in regular session at the American Legion hall. A good attendance was present and additional members taken in. The camp has adopted a slogan, "Each Member a Good Member," and each one present promised that they would do so. Considerable business was transacted and plans for the future for the camp was under discussion. A picnic for the Old Vets and families is in the making for the near future. All agreed that they had a good time and are looking forward to the next meeting the 14th Sunday afternoon in July.

sons, Mr. and Mrs. J. L. Fonville of this community last week-end. Mr. and Mrs. Jess Fonville and family of this community visited her parents, Mr. and Mrs. Johnson, near Ranger, a few days ago. N. A. Nergoe and family were in Ranger Saturday. F. E. Ferrell was a Gorman visitor Thursday. Miss Deah Tippins visited in the home of F. E. Ferrell. Eunice Minter, mother and children visited friends in Strawn Saturday.

Rev. and Mrs. Z. C. Chambliss returned to Fort Worth Monday, after having filled his pulpit here Sunday. They were accompanied by Mrs. Sherrod Stover, who visited her parents, Mr. and Mrs. S. T. Stover. Rev. Sherrod Stover had gone to Oklahoma to fill his appointment. Mrs. Robert Dawley and baby, of Caddo, have been visiting her parents, Mr. and Mrs. A. B. Henslee, this week. Rev. and Mrs. H. H. Nance left Monday for Georgetown to attend the Methodist assembly.

The "21" Study club met at the clubhouse on Tuesday of last week. In the absence of the president, Mrs. A. B. Henslee, who had illness in her family, the first vice president, Mrs. Mattie Henry, presided. The roll was called by the secretary, Mrs. W. E. Barron, and seven members responded by telling one thing that would make the home more attractive at small cost. Several matters of business were attended to after which Mrs. David Parks led the program, which was as follows: "The American Table and How it Grew to Fit Our Changing Needs," a magazine article read by Mrs. W. C. Bedford as substitute for Mrs. W. H. Davis, who was out of town; "The Home as a Social Center," a talk by Mrs. C. W. Maltby; "Proper Furniture for the Living Room," a magazine article read by Mrs. S. E. Snodgrass. The club adjourned to meet again on June 11 for a parliamentary day program and a silver tea.

Mr. and Mrs. John Brazzell, of Crosbyton, came Friday evening and stayed until Sunday morning with her parents, Mr. and Mrs. M. V. Wallace. They were accompanied by Miss Freda Creager, daughter of Mr. and Mrs. Scott Creager, who lived here for a long time before moving to Crosbyton. Miss Creager visited Miss Lois Henry and several other friends. O. G. Lawson of Cisco was here on business Wednesday and visited several friends. J. E. Heeter went out to Odessa several days ago and is drilling an oil well there. O. A. Kuntze went to Eastland Monday to serve on the grand jury. Gene Browning, accompanied by his mother, Mrs. S. E. Browning, and his sister, Miss Capitola Browning, drove to Gorman Saturday.

Jay Maltby left Wednesday for Gladewater to resume his work in one of the refineries after having been here for several weeks helping his father get his farm ready for cultivation. G. N. Grice of Stephenville was here Thursday looking after his property and visiting friends. Rev. J. T. Lovell of Dublin was here Thursday night and preached to a good crowd at the high school auditorium. Mr. and Mrs. W. H. Davis drove to Eastland on business on Tuesday of last week. Mr. and Mrs. Max Williams and their parents, Mr. and Mrs. M. P. Williams, visited relatives and friends at Ranger Thursday night. Mr. and Mrs. O. R. Harrison went to Ranger Monday night. Mr. and Mrs. R. D. Wright and their sister, Miss Romalee Wright, left Saturday for Denton, where they will attend the State Teachers college during the summer session.

Mr. and Mrs. A. T. Wilshire and children left Saturday for their home at Monahan, after a few days here with her mother, Mrs. J. R. Buchanan, and his parents, Mr. and Mrs. S. T. Wilshire. Miss Romalee Wright received the news last week that she had been awarded a "T" for her work in tennis in the athletic department of John Tarleton college at Stephenville.

AN ORDINANCE PROHIBITING THE KEEPING OF DOGS IN THE CITY OF RANGER, TEXAS, WITHOUT FIRST HAVING SAID DOGS VACCINATED FOR RABIES AND PAYING THE LICENSE THEREON.

Be it Ordained by the City Council of the City of Ranger:

Section 1. It shall hereafter be unlawful for any person, firm or corporation, to keep a dog, or dogs, within the City limits of the City of Ranger, Texas, without first having said dog, or dogs, vaccinated for rabies and having paid the license thereon.

Sec. 2. Any dog, or dogs, found in the City limits of the City of Ranger, Texas, that has not been vaccinated for rabies, or that does not have a license tax attached to its collar, showing the license paid for that year, shall be killed by any Sanitary or Police officer, or under his direction.

Sec. 3. Any person violating Section 1 of this Ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined in any sum not less than \$1.00 nor more than \$25.00; and each day said person violates said Section 1 hereof shall constitute a separate offense.

Sec. 4. All ordinances or parts of Ordinances in conflict herewith are hereby especially repealed.

Sec. 5. The presence in this community of dogs which have been exposed to other dogs known to be suffering from rabies, endangers public health and safety and it is necessary that immediate steps be taken to stamp out the rabies in this section, which necessity creates an emergency and an urgent public necessity that the rule requiring ordinances to be read more than one time or at more than one meeting be suspended and said rule is here now suspended and demanding that this be declared an emergency measure and same be in full force and effect from and after its passage.

Passed and unanimously approved this 28th day of May, A. D., 1935.

HARRY A. LOGSDON, Mayor.

Attest: R. A. JAMESON, Secretary.

AN ORDINANCE AMENDING SECTION 10, ARTICLE II, CHAPTER V, OF THE ORDINANCES OF THE CITY OF RANGER, TEXAS: TO HERE-AFTER READ AS FOLLOWS:

Be it Ordained by the City Council of the City of Ranger:

Sec. 10. That any person, firm or corporation, owning a dog, or dogs, within the City limits of the City of Ranger and desiring to keep the same shall have said dog, or dogs vaccinated for rabies by a licensed veterinarian and secure from the City Tax Collector of the City of Ranger a license tag, which said license tag shall at all times be attached to the collar which shall at all times be worn by said dog, or dogs. Any such person, firm or corporation, desiring to keep said dog, or dogs, within the City limits of the City of Ranger, shall apply to the City Tax Collector of said City and present to him a certificate from a licensed veterinarian showing that said dog, or dogs, have been vaccinated by him for rabies within 60 days next preceding, and upon the payment of the license tax of \$1.00 per male and \$2.00 per female dog the City Tax Collector of said City shall issue to said person, firm or corporation, a license to keep said dog, or dogs, within the City limits of said City for a period of one year beginning on the first day of March of said year and ending on the first day of March of the succeeding year, and shall deliver to said person, firm or corporation a license tag showing that said license tax has been paid, which said tag shall be attached to the collar of said dog and shall at all times be worn by said dog. Said license tag shall be of metal and numbered together with the number of the year stamped thereon, the license tag shall be numbered from one upward and the license receipt shall bear the same number to correspond with the license tag. Said license tax as herein provided shall be due and payable on the first day of March of each year.

The presence in this community of dogs which have been exposed to other dogs known to be suffering from rabies, endangers public health and safety and it is necessary that immediate steps be taken to stamp out the rabies in this section, which necessity creates an emergency and an urgent public necessity that the rule requiring ordinances to be read more than one time or at more than one meeting be suspended and said rule is here now suspended and demanding that this be declared an emergency measure and same be in full force and effect from and after its passage.

Passed and unanimously approved this 28th day of May, A. D., 1935.

HARRY A. LOGSDON, Mayor.

Attest: R. A. JAMESON, City Secretary.

Early History and Development Of Passion Play As Outlined By The Author of the English Play

In the preceding articles, it was shown how the scripts for the play were prepared. As early as 1264, the Passion Play received the acclaim of the Pope, when the head of the church selected the Freiburg presentation for special attention in underscoring the introduction of consistency and refinement into the Passion Play ceremonial.

In the hand of the city authorities, by 1600, the Passion Play began to take on a new grandeur. It became a matter of civic pride to outdo in intricacy of plot and splendor of presentation all rival communities. The Guilds fought for the right to present the most important episode in the Life of the Savior. Each member in the strict ranks of these haughty labor organizations had a character to portray in that particular portion of the sacred story allotted to his group. It is recorded that many a grim husher put his finances in a desperate plight to insure the magnificence of the early Passion Play.

The drama was unfolded during the height of its popularity in the 14th and 15th centuries, not on the stage, but on wagons. Each guild owned a platform with wheels that was drawn through the city streets, and upon which was enacted the particular episode granted by tradition to this group. The Guild of Painters portrayed the Devil, Adam and Eve, Cain and Abel; the Guild of Beggers, the Angels, the Three Shepherds, the Guild of the Shoe Makers, Joseph, Mary, King Herod, Two Physicians, Four Knights, and many innocent children; the Guild of the Masons and Carpenters, a Mountain, the Coronation, Jesus, Judas, John and Peter; the Guild of the Barrel Makers, Pilate, Four Hebrew Priests, Caiaphas and Anas; the Guild of the Butchers, the Crucifixion; the Guild of the Goldsmiths, Trial Before Pilate; the Guild of the Merchants, the Virgin with the Dragon; all making their appearance in the procession, that wound around the town through the narrow streets, jammed with excited spectators.

Through five centuries, the Passion Play of Freiburg swung back and forth between the procession-ally presented on the wagon platforms, and the stage version, as played in the square in front of the cathedral; by 1700, the religious urge, as a community event, had lost its original spontaneity. The Passion Play had become a puppet show. Tiny wax figures were used, and the words of the Sacred Story were spoken by the Puppet Master from beginning to

and were bringing back to Europe with each homeward bound company of knights, new and broader conception of life. The crowds became more dense within the Cathedral, as men became more evident to himself through the power of sacred stories retold by word and gesture. Christ's power no longer overpowered the multitude, for they could visualize an important role in disclosing to men and women their individuality.

At Freiburg, Baden, as in all other medieval towns, built up under soaring cathedral towers, the crush of the people at the Passion Play grew so great that the improvised stages were overrun. The voices repeated requests, written on into dialogue of "Let there Be Silence," were not sufficient to relieve the situation. Finally, it became the custom to erect the stage in front of the cathedral, in the shadow of the facade. At Freiburg, the very earliest mention of the Passion Play indicates that the plot was unfolding during the progress of a procession winding slowly on the outside of Euenester. But from the time that the spectacle emerged from out of the dim mass-tinted interior of the nave, the church lost its hold on the Passion Play purely as a religious ceremonial. Monks and friars still took part in the production; but their influence decreases year by year. When the dramatized Life of Christ moved into the light of the sun, the revival of the drama as an independent art was assured.

The Passion Play at Freiburg was enacted for many years before any definite script was prepared to guide the production from year to year. The monks know their roles by heart, but then later began to appear in the sacred roles, they had to be taught their parts. The oldest existing manuscripts in the city archives at Freiburg consist of 61 pages and cover leaves. The first bears the date 1599, and the second, that of 1604. In the older version, there are scenes depicting the defeat of the devil, that are not found in the version of 1664.

Two different methods of production are provided for in the manuscripts; one gives the direction for the professional enactment of the drama, the scenes to be given as the actors walk around the outside of the cathedral. Thus, the two oldest versions of the Passion Play at Freiburg mark the whole transition from the church to town council control; for it was not long before that august group of men assumed the responsibilities for the ceremony. (To be continued)

A.&M. Student Is Killed In Crash

BRYAN, June 1.—I. E. Cunningham, 23 year old Texas A. & M. College student, was injured fatally two miles south of here when the car in which he was riding sideswiped another machine, which sped away.

Cunningham died at a hospital here. One lung was punctured and numerous ribs broken. Miss Margaret Wilson, Tague, Texas, whom Cunningham had escorted to a dance, suffered a fractured skull.

Hall Walker Finds Farmers Jubilant Over West Texas

Hall Walker, who has returned from a week-end trip to El Paso, stated today that conditions were better in that part of the state than they had been in a number of years, and everywhere along the route he found the people more optimistic than at any time in the past four or five years.

"There has been plenty of spring rain," Walker stated, "and everywhere I met was jubilant over the prospects of a prosperous year. Crops are growing rapidly, are fresh and green, and wool and mohair is bringing good prices."

Not only are the farmers and ranchers over the West Texas section in good spirits over their prospects and their present returns from their labors, Walker said, but the merchants in every town in which he stopped were reporting better business, due largely to the fact that the farmers were at last coming into their own and having a little money to spend and prospects of more during the harvest periods.

Canner Is Working Full Capacity On Produce On Hand

A visit to the Ranger canning plant today revealed that it is a busy place, with men and women busy putting up vegetables, principally peas.

Mrs. Witt, who now has charge of the plant, stated that the large cookers had not as yet arrived, and when they do the output of the plant will be greatly increased. At present the capacity of the plant has been engaged by the garden and truck operators, so that the entire time of the canner has been engaged until next Monday. Until Monday, at least, all who

CHIROPRACTIC CLINIC
Drs. Pester & Pester of Minnesota will conduct a Chiropractic Clinic in my office, 434 Pine Street, Ranger, Friday, June 7th, under the auspices of the National Association. Patients are strictly cared for privately and are subject to no obligations, other than those desiring X-ray, for which there will be a minimum charge.
Make reservations early as possible with
DR. E. R. GREEN
Only a Limited Number Can Be Accommodated in the One Day's Time.

PRIDE Is Necessary To Service
Dignified at all times and with no variation in the quality of our professional duties, it is not surprising that services by us have become a standard. Equipment may vary; the choice is controlled by the wishes of the family. But the fundamentals of our funeral direction are the same for all. It is controlled by a personal and professional pride, the only dependable indication of the quality of funeral direction. Never varied, yet never a mere standardized process, the discharge of our duties is a constant source of pride to all those associated with Strawn Merchandise Company.

FREE CANNING SCHOOL
Sponsored By Ball Brothers Co.
Will be conducted in our store
June 12th and 13th
Mrs. Alisse Chaptman, an expert Home Economist, will conduct a two-day Canning School in our store Wednesday, 12th and Thursday, 13th. Sessions will begin at 2 o'clock each afternoon and last about two hours.
A cool comfortable place will be provided with plenty of seats.
Learn the correct and most economical methods of preserving fruits, vegetables and meats in all glass containers.
We will also have on display the latest things in canning equipment, Cannery Sealers, etc.
We cordially invite everyone to be our guest at these canning demonstrations.

WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL
And You'll Jump Out of Bed in the Morning!
If you feel sour and sick and the world looks pink, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.
For they can't do it. They only move the bowels and a more movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. This builds up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blotches. Your head aches and you feel down and out. Your whole system is poisoned.
It takes those good, old CARTER'S LITTLE LIVER PILLS to get those two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the liver healthy.
Don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Beware of cheap imitations.
Carter's Little Liver Pills, 131 West 4th St., St. Louis, Mo.

ON TEXAS FARMS

With the help of 20 men, and logs and shingles donated by other citizens, the Arbor community in Harrison county has built a relief canning center at a cash expense of \$16. Six more dollars for materials came from the home demonstration club which initiated the project.

Cash for concrete being scarce and old tin cans plentiful for the picking up, a Williamson county garden demonstrator has put down a hundred feet of tin can subirrigation. It is more work than concrete tile and not permanent, but beats no subirrigation at all, is the report.

Collis Bouldin in Gonzales county has 150 acres of terraces which he allows paid for themselves in one April day when seven inches

of rain fell—three and one-half of that within less than one hour. Without the terraces, erosion would have carried off his whole crop as well as the top soil, he says.

Robertson county had terraced 3,805 acres of land in 1935 by the end of April. Relief labor has been used and the commissioners' court furnished machinery at actual cost of operation.

In a county poultry contest in Llano county, first place went to the flock of R. Fishbeck whose flock of 22 hens produced an average of 29 eggs per month per hen. Second place winner was the flock of Robert Boxell, with an average of 24 eggs per month per hen.

PAMPA—Fifty Gray county 4-H club boys were furnished with state certified milo, kafir or hagar seed this spring free of charge by a local civic organization, according to Ralph R. Thomas, county agricultural agent. The only requirements made by the organization were that the boys be enrolled in a 4-H club, that complete records be turned in to the county agent when the demonstration is completed, and that each boy enter an exhibit in the 4-H club show to be held in the fall.

It is expected that each boy who plants a feed crop this year will use the feed in some kind of an animal demonstration when the crop is harvested. All boys carrying on poultry and beef calf demonstrations at the present time will plant feed crops this spring, Thomas said.

LAMESA—"Contouring on five thousand acres of the Higginbotham-Harris farms in Dawson county prevented the land from blowing," Roscoe Holton, manager, told Joe C. Williams, county agricultural agent. Mr. Holton says that in cases in which the land was listed

deep and contoured, the land was damaged very little. At least 20,000 acres more will be contoured as soon as crops are harvested, Holton said.

ODESSA—More than 5,000 ravens have been captured in an improved type of cage trap during a five weeks' campaign in Ector and Andrews counties, according to H. L. Atkins, county agricultural agent. The cage is made in panels and this panel construction makes the trap easy to take down and move from place to place. Materials for 25 traps built in Andrews county averaged slightly less than \$5 per trap, and it is estimated that they will give at least three years of service.

Dead rabbits or meat scraps are used for bait. Experience has shown that when a catch is made one or two ravens should be left in the trap to serve as decoys. Feathers of dead ravens should not be left around the trap.

GINGSVILLE—The sale of canned chicken during the first four months of 1935 brought \$87.25 to Miss Pauline Arnt and her sister, the San Fernando Home Demonstration club in Kieberg county, according to Miss Effie E. McClane, home demonstration agent. Miss Arnt and her sister sold \$134 worth of canned chicken during 1934. Income from the sale of chicken has been used to pay for clothes, for music lessons and for shrubs used in yard improvement work, she said.

SULPHUR SPRINGS—Believing that a well arranged, well kept clothes closet contributes greatly toward prolonging the life of garments, Mr. Robert Johnson, wardrobe demonstrator of the Center Hill Home Demonstration club in Hopkins county has constructed an adequate closet, according to Miss Lorene Stevens, home demonstration agent.

A row of shelves across both ends and one near the top reaching the entire length of the closet provide space for folded garments, shoes and out-of-season garments. A rod is provided for hanging garments. The shelves were spaced to fit the objects to be stored. By using materials on hand, the closet cost Mrs. Johnson only \$2.15.

McKINNEY—In spite of the dry weather since she soddied her yard in March, Mrs. M. L. Pittman, yard demonstrator of the Bloomsdale Home Demonstration Club in Collin county, reports that she has been able to keep the plants alive by frequent cultivation which encourages growth and helps to conserve the moisture.

She told Miss Helen Dunlap, home demonstration agent, that

By HARRY GRAYSON

JOSE OWENS promises to make the Big Ten championships at Ann Arbor on May 24 and 25 a memorable meet by breaking the world record of 26 feet 2 1/4 inches in the running broad jump established by the remarkable Japanese, Chubei Nambu, in his native land on Oct. 27, 1931.

Owens fell only three-eighths of an inch short of Nambu's figure despite an injured ankle when he set a new American mark of 26 feet 1 1/2 inches for the event in the Drake Relays. The brilliant Ohio State sophomore recorded a new world indoor record of 25 1/2 in the Butler Relays.

Negro youths have played important roles in Western Conference broad jumping. Willis Ward, a one-man track team like Owens, won the event for Michigan at Evanston a year ago with 23 feet 2 1/4 inches.

It is the Western Conference record of De Hart Hubbard, also a colored boy, that virtually is certain to fall when Owens competes at Ann Arbor, and it is the old Michigan imaginary's collegiate record that virtually is certain to go when the versatile product of Cleveland's East Side appears in the National Collegiate carnival this summer.

Hubbard's Last Jump Best OTHER renowned Western Conference broad jumpers of the past include the late Carl Johnson, also of Michigan, Edward Gordon of Iowa; and Johnny Brooks of Chicago, but Hubbard was outstanding among them until Owens came along.

Hubbard cracked the Western Conference and the world and collegiate records a week apart in June, 1925.

Hubbard, a senior at the time, realized one of his burning ambitions in shattering the conference she had her yard plowed up some weeks before to help mellow the soil, and that the mesquite sod obtained from the pasture was broken into blocks containing two or three plants which were set out about 12 to 14 inches apart.

Hubbard, a senior at the time, realized one of his burning ambitions in shattering the conference

figure, but his accomplishing something that he had been endeavoring to do for three years in the National Collegiate carnival in Chicago that summer bordered on the dramatic.

From the day he enrolled at Ann Arbor the Cincinnati youth had his mind set on chalking up a world record in the running broad jump, and it wasn't until his final trial that he did it by clearing 25 feet 16 1/2 inches.

Owens, like Hubbard before him, also stars in the 100-yard dash. Both started as harders.

Hubbard ran the barriers when he first entered Michigan, but switched to the century Owens is one of the fastest 220 men on college cinders. Hubbard, on the other hand, seldom ran the longer dash.

Late Leaps Lengthened BROAD jumping has made rapid strides in more recent years. Pat O'Connor leaped 24 feet 11 1/2 inches for a world record in 1931.

That mark withstood all assaults until Ned Gourdin of Harvard popped to the front in 1921 with a jump of 25 feet 3 inches. Then came Bob Legendre of Georgetown, Hubbard and the famous Ed Hamm of Georgia Tech.

Hamm cleared 25 feet 11 1/2 inches in 1923 to erase Hubbard's splendid performance, which stood until Nambu, the nimble Nipponese, took off in the land of the rising sun.

Thus over a 20-year period only 3 1/2 inches were added to the broad jumping distance which throughout the 10-year stretch from 1921 to 1931 the distance was increased by 11 1/2 inches.

And the exceptionally talented Owens gives every indication of facturing in some more inches before closing out his collegiate competition.

WASH OUT 15 MILES OF KIDNEY TUBES

Win Back Pop... View... Via Medical authorities agree that your kidneys contain 15 MILES of kidney tubes or filters which help to purify the blood and keep you healthy.

If you have trouble with too frequent bladder passages with scanty amount causing burning and discomfort, the 15 MILES of kidney tubes need washing out. This danger signal may be the beginning of nagging backache, leg pains, loss of pep and energy, getting up nights swollen feet and ankles, rheumatic pains and dizziness.

If kidneys don't empty 3 times a day and get rid of more than 3 pounds of waste matter, your body will take up these poisons causing serious trouble. Don't wait. Ask your druggist for DOAN'S PILLS... an old prescription... which has been used successfully by millions of kidney sufferers for over 40 years. They give happy relief and will help to wash out the 15 MILES of kidney tubes. Get DOAN'S PILLS at your druggist. © 1934, Foster-Milburn Co.

Local Woolworth Store Winner of May Sales Contest

R. H. Snyder, manager of the local Woolworth store, was winner of a free trip to the Denver, Colorado, district office, as winner of a May sales contest in his group.

The 11 stores in the contest were Clovis, N. M., Altus, Okla., Brownwood, Sweetwater, Vernon, Roswell, N. M., Plainview, Breckenridge, Wichita Falls and Coleman, in addition to the Ranger

store. He will leave for Denver some time during the month of June, to be gone one week.

The showing of the Ranger store in showing a larger percentage of sales over the same month last year, was received here as an indication that business in Ranger is now above the average over a wide territory covered by the district.

Chiropractic Clinic Will Open Tomorrow

Drs. Pester & Pester of Minnesota will conduct a chiropractic clinic in Ranger tomorrow at the office of Dr. E. R. Green, on Pine street. The national organization is sponsoring the movement and those interested in appointments are invited to get in touch with Dr. Green immediately.

Columbia students choose Gertrude Stein as the most unpopular writer. They just don't understand her.

Galloway Finds Interest Growing In State Highways

R. V. Galloway, secretary of the Chamber of Commerce, who returned Monday from an extensive trip to Southwest Texas points, states that he found a growing interest in highway and feels that Texas is on the threshold of the greatest highway development the state has ever known.

Cities and towns are realizing as never before the necessity of being on a paved road, and that the pavement goes some where. Next year being centennial year Texans are going to tour their own state and there will be many thousands of visitors from other states and they will go where the highways are.

The new secretary by contact with other chamber of commerce secretaries and leaders in the dozen or more towns visited gained ideas which will be invaluable in his work in Ranger, and formed contacts which will be of great benefit in highway matters and seeking conventions.

Galloway had the pleasure of accompanying Charles G. Cotten, manager of the Fort Worth Chamber of Commerce highway department, who is recognized as one of the most alert and capable men in his field in Texas.

Senator Collie expressed the belief that Texas should know Texas and that the "Heart of the Hills Country" is one of the most picturesque sections that can be found in Texas or anywhere else.

Galloway took occasion to extend the people in the "Heart of the Hills" Country seeking a change a hearty welcome to come to the Oil Belt and see the attractions from an historical and

recreational standpoint. Towns visited included Stephenville, Dublin, Comanche, Brownwood, Brady, Menard, Junction, Del Rio, Sonora, El Dorado, Carlsbad, San Angelo, Ballinger, Miles, Abilene, Baird, Putnam. He stated that bountiful rains had fallen over those sections and that crop conditions were perfect at the present.

C. of C. Directors Vote to Abandon Plans For Picnic

At a meeting of the directors of the Chamber of Commerce, held Monday night, it was voted not to hold the Fourth of July picnic, tentatively planned at a meeting held several weeks ago.

Reasons for not having the picnic included the presentation of the Passion Play during June, which, though it would not conflict with the celebration, would be too near the date for the picnic.

Clyde Davis made a report on the Passion Play work that has been done, stating that committees for all the various details had been named and most of them had begun to function.

J. C. Smith gave estimates on the amount necessary to put on the Fourth of July picnic, as outlined, after which the vote to postpone the affair was taken.

N. A. Brown, a representative of the unemployed council of Ranger, asked the directors to aid the unemployed in a drive for federal aid in housing the unemployed.

The breakfast for the membership was discussed and Wednesday morning, June 12, was set as the date, with Calvin Brown, T. J. Anderson and D. Joseph on the committee to make arrangements.

R. V. Galloway made a report on some of the activities of the organization, which included two trips to Thurber in aiding Tee-fee families in securing homes in Ranger; a report on the Highway 89 celebration, at which 26 from Ranger and 350 was raised as Ranger's share by G. A. Murphy; a trip to Del Rio on highway matters, and meetings of the Passion Play committees, which were held in the offices. He also reported that the organization had aided in opening the cannery, furnishing the paint for the interior.

Picked to Replace Premier Flandin

Fernand Bouisson, president of the French Chamber of Deputies, undertook to organize a government that would save the franc without imposing a dictatorship such as recommended by former Premier Pierre-Etienne Flandin.

C. E. May presided in the absence of the president and vice president. Those in attendance were C. E. May, T. J. Anderson, E. R. Gentry, S. P. Boon, A. J. Ratliff, John Hassen, Clyde H. Davis, N. A. Brown and R. V. Galloway.

Collie Is Named On Committee to Investigate Fees

AUSTIN, June 4.—The senate's powerful general investigation committee divided into five parts today, planning a survey of many phases of state affairs.

Vested with authority to "investigate everything but the committee itself" committees planned to go first into the problem of padded school rolls in Texas.

Senator W. R. Poage was made permanent chairman of the investigation, Senator Joe Hill of Henderson will head the oil and gas subcommittee, Senator W. B. Collie of Eastland that of fee officers and law enforcement. Final authority will rest with the general committee.

Ice Plant Employee Hurt In Accident
Roy Down, employee of Southern Ice company, Ranger, was painfully hurt Monday when an ammonia line burst and glass cut his hands and arms. His eyes were also painfully burned and bruised. He was immediately taken to a local hospital where it is reported he is resting well and unless complications set in no serious results from the accident are expected.

Ordinance On the Rabies Vaccine Is Signed By Mayor

Attention was called Saturday to a new city ordinance, which was signed that day by Dr. Harry A. Logsdon, Mayor, and attested by R. A. Jameson, city secretary, which makes it unlawful to own a dog in Ranger unless it is vaccinated against rabies and licensed.

The ordinance, which is to be rigidly enforced, reads, in part, as follows: "It shall be unlawful for any person, firm or corporation to keep a dog, or dogs, within the city limits of Ranger, without first having said dog or dogs vaccinated for rabies and having paid the license thereon."

The ordinance further states that any dog in the city limits, which does not have the proper tags, showing that it has been vaccinated and the license paid, shall be killed by any sanitary or police officer. The ordinance provides a fine of not less than \$1 nor more than \$25 for violation of the ordinance, each day the ordinance is violated constituting a separate offense.

The previous ordinance, covering licensing of dogs, and which is still in effect, the new ordinance repealing only such passages as are in conflict, reads, in full, as follows:

Sec. 10.—OWNERS OF DOGS MUST PAY TAX. That any person owning a dog or dogs of three months of age or upwards within the city limits of Ranger and desiring to keep same shall pay to the City Assessor and Collector of Taxes the sum of one dollar for each dog owned and desired to be kept within the city, and the said City Assessor and Collector of Taxes shall give a license to such person to keep his said dog or dogs so paid for a period of one year from the first of March of each year, and the City Assessor and Collector shall, upon payment of the said sum, deliver to the holder of the license by him issued a metal plate for each dog. The metals shall be numbered consecutively from one upwards, to correspond with the license, and the holder shall securely fasten same to a collar which shall be worn by the dog at all times and the license issued for each year shall be numbered from one upwards and a list of the same shall be posted or kept in the office of the said City Tax Collector and Assessor for the inspection of any person interested and any person keeping any dog or dogs contrary to the provisions of this section, that is without payment of the license tax herein provided, shall be deemed guilty of an offense and upon conviction thereof before the recorder shall be fined in a sum not less than two dollars (\$2.00) and not more than ten dollars (\$10.00).

Section 11.—RESISTING DOG CATCHER. Any person who shall resist, hinder, abuse or insult or interfere with any persons authorized to take up and impound dogs shall be guilty of a misdemeanor, and upon conviction thereof be fined not less than two dollars (\$2.00) and not exceeding two hundred dollars (\$200.00).

Sec. 12.—VISITORS MUST COMPLY WITH ORDINANCE. It shall be unlawful for persons visit-

ing the city of Ranger with dogs to allow the same to run at large, except in the manner herein provided for dogs owned or otherwise running at large in the City of Ranger, and all the fines, pains and penalties herein provided shall apply with equal force to such cases.

Sec. 13.—OFFICERS TO KILL DOGS—WHEN. The marshal and police officers shall have the right to shoot to kill any rabid dog or dogs in the streets which shall manifest a disposition to bite or apparently have rabies.

Stevens & Dupree to Handle Retail Ice
Stevens & Dupree, who have handled a retail ice business in Ranger for some time, have announced purchase of the retail ice station on Railroad avenue, next door to the Pickering Lumber Sales company.

The station was formerly used by the Southern Ice and Utility company as a retail and wholesale station, and will be operated by Stevens & Dupree in the future. The two are well known in Ranger, having served the city as ice distributors for a number of years and they are now in a position to render the same service as previously.

Approve Note Sale In District Court
Approval and confirmation of sale of a \$600 note made by Harry Brelford and co-signed by Milburn McCarty, of which \$400 was due in 1931, to the former for \$250 by E. C. Brand, banking commissioner in charge of liquidation of the Texas State Bank, was given Tuesday by 88th district court. Brelford is now a resident of Fort Worth.

Officer Convicted In \$2000 Loan Case

Holder of the Distinguished Service Cross, a veteran of the Spanish-American and World Wars, Colonel Alexander E. Williams was reported to have been convicted by a secret army courtmartial at Washington on charges of improperly receiving a \$2000 loan in connection with the Army's \$10,000,000 motorization program. He was chief of transportation division of the Army Quartermaster Corps until recently.

Judge and Mrs. J. E. Hickman left Eastland Monday for Austin, where he will begin service as a member of the Supreme Court Commission of Appeals. He was appointed recently from his chief justice position in the Eastland appellate court.

Sunday, Judge Hickman was honored by 275 members of the Eastland 9:49 Bible class; Morning Tower Bible class of Breckenridge and one from Dublin when he gave a lecture on "Majesty of Man."

Virgil T. Seaberry, incoming president of the Eastland class, made a short talk on loss of the group because of Judge Hickman's move to Austin. Robert E. Bower, president of the Breckenridge Morning Tower class, made a brief talk.

The Drago Violin Octet played several numbers. A quartet composed of Dace Myers, B. M. Collier, L. E. Herring and Frank Pierce, sang.

Approximately 25 were present from Dublin and 40 from Breckenridge.

Judge, Mrs. J. E. Hickman Leave On Monday For Austin

College Youth Is Alcohol Victim
SHERMAN, Texas, June 4.—Tragedy hung over the campus of Austin college campus today as one student died of wood alcohol poisoning and another was ill.

Durwood Newman of Athens, sophomore, died at the school hospital today. James Garrett, also of Athens, Newman's roommate, was seriously ill.

Wallace Johnson, Athens, who shared the room with the two boys, said the alcohol was taken from the college chemical laboratory.

GIVES LIFE TO SAVE DOG
CADIZ, Ohio.—Nine-year-old William Carrothers loved his dog so much that he died to save its life. As a Wheeling & Lake Erie railroad train bore down on William's pet, he jumped on the track to save him. The dog escaped but the train ran over the boy.

State Road Meet Called at Resort City For June 8

MINERAL WELLS, June 4.—At the request of Harry Hines, chairman of the State Highway commission, a special meeting of the County Judges and Commissioners association of Texas has been called for June 8 at 10 a. m. at the Baker Hotel here.

Every county judge and commissioner is expected to attend the meeting, purpose of which is promotion of Texas' request for \$100,000,000 from the \$4,000,000,000 allotment of PWA funds recently voted by congress.

MARSHFIELD, Ore.—It's more than tradition—it's good advertising—that plumbers forget their tools. "Sure we sometimes forget our tools," a plumber said at the state convention of his craft here. But it's good advertising, and has made a lot of people think about us, even if they do cuss sometimes."

MONTGOMERY WARD

Weekly Sunday School Lesson

THE HOLY SPIRIT (Pentecost Lesson)

Text: John 14:7-11; Romans 8:10-17, 26, 27

The International Uniform Sunday School Lesson for June 9.

BY WM. E. GILROY, D. D. Editor of Advance

THE fact of the Holy Spirit, and that it helps us and works through us, is to be distinguished from the doctrine of the Holy Spirit.

One recognizes the fact of the sun. One experiences the warmth of its rays, the joy and blessedness of its light, and all that it has meant to the work of the world, especially in times before mechanical invention had enabled the world upon so large a scale to turn night into day.

But this fact of the sun, and of the sun's influence and blessing, is very different from a knowledge of the laws of light and heat. Here one enters into a realm of theory and doctrine as well as of fact. It may be said, indeed, that what the sun is to us in experience does not depend upon our knowledge of many facts concerning it.

Much of this is true concerning the Holy Spirit. Jesus emphasized the mystic working of God's spirit on the souls of men when, in His discourse to Nicodemus describing the coming of the new life, He said, "The wind bloweth where it listeth, and thou hearest the sound thereof, but canst not tell whence it cometh, and whither it goeth; so is every one that is born of the Spirit."

IN the story of Pentecost, when the disciples were gathered together in conversation and expectation, we are told that "there came a sound from heaven as of a rushing mighty wind." The mysteries of that day are not all revealed or made plain to us, but the reality of what happened there and its effect have been manifest in the world through the history of the Christian Church.

It would be well in our consideration, and in our teaching, of this lesson that we should dwell largely upon the fact and the power and glory of the experience of the Holy Spirit in the witness of the Spirit in the doctrine and the theories, even as we may enjoy the sun, leaving to the physicist the science of light.

The passages in our lesson from John and from Romans are appropriately chosen with this in mind. They link this experience of the Holy Spirit in the soul with the message of Jesus to His disciples concerning the Comforter. They emphasize the work of the Holy Spirit, the Comforter, as that of convicting the world of sin, of righteousness, and of judgment.

THE work of the Holy Spirit might be tested by these things, or we might test whether or a man has really experienced the presence of the Holy Spirit by examining his life in these respects.

Has the Holy Spirit given to man a hatred of sin? Has it created in him the holy attitude of turning from sin to righteousness? And has it given him an enlightened judgment?

If a man have not these things, it might be said that a human spirit of ignorance and perverseness is more evident in his life than the presence of the Holy Spirit. Again, there is the assurance "my strength is made perfect in weakness."

Out of this experience of the Spirit there comes a new consciousness of strength not in oneself, but through new resources of power. It was this that Paul meant when he spoke of his weakness, and of his prayer to be relieved of it, and the answer to his prayer in the assurance "my strength is made perfect in weakness."

"OUTOURWAY" - - - - - By Williams

"Dusting the Covers of Texas History" For the Texas Centennial Celebrations of 1936

It was the old, old question being argued by the two men. No one honestly knew whether Houston or Austin would be the better place for the seat of government of Texas. If one person said that corn was 30 cents cheaper in Austin, someone else discovered that corn was 75 cents at both cities. Since the capitol was located at Austin, it might just as well remain there without constant quarreling.

When the first rumblings of the Revolution were beginning to be heard in Texas in 1835, San Felipe de Austin was the meeting place for the government officials. Governor Smith called for a discussion of the possibility of Washington-on-the-Brazos, or other towns as a better meeting place. Matagorda and Velasco were suggested, but voted down at once.

"By some it is contended that the location should be at Washington-on-the-Brazos, this place is said to be in a thickly populated country, and most central to the inhabited parts of Texas," one of the spokesmen said. "It is known that the town is of very recent origin, having few, if any, suitable buildings or rooms for public business, and no printing establishment."

huge capitol, overlooking the Colorado and the hills to the west, as Lamar wanted it to be. The story of the location is fascinating, and an important link in the chain of events which have made our state what it is today.

Money Is Stolen From Man's Pants

The Ranger police department was notified Sunday morning that a thief had stolen \$18 from the pockets of Z. K. Conrad, at his home, 701 Young street.

The thief, according to the report, reached through a window and took the money from the pocket of a pair of trousers that was hanging near the window. It was not thought that the thief had entered the house. The police department was kept busy over the week-end, making six arrests on charges of drunkenness.

Skin Torment Resinol

Itching, roughness, cracking, easily relieved and improved with soothing Resinol.

Pioneer of Cross Roads Is Buried

Funeral services were conducted Saturday afternoon at Cross Roads

for Mrs. Annie McGraw, 81, who died at her home in that community Friday afternoon at 5:30. The funeral was conducted by Rev. K. C. Edmonds, at 3:30, with interment following the services. The decedent was born Feb. 15, 1854, and had lived on the same

farm in the Cross Roads community for 36 years at the time of her sudden death. She is survived by six sons and one daughter. Funeral arrangements were handled by Killingsworth, Cox & Co.

Ranger Golfers In A Close Win Over Eastland Sunday

Ranger golfers defeated Eastland Sunday at Eastland in the closest contest played so far this year in the Oil Belt schedule, winning by only one match, the score being 10 to 9. This was the third match of the current season.

Not only was the final score close, but in a number of instances the individual contests were close, four being won by scores of two and one and two being by scores of 1-up, with one of the latter going 19 holes.

- The scores of the individual matches were as follows:
- Gid Faircloth lost to Sam Conner, 2-1.
- James Smith lost to Doug Jones 3-1.
- H. H. Vaughn lost to Tom Barnett, 5-4.
- Jack Mooney lost to Tim Barnett, 3-1.
- H. G. Foy lost to Bob Sikes, 4-3.
- Sam Brimberry lost to W. E. Storey, 3-2.
- Houston Cole won from Jack Galley 4-3.
- Ray Trammel won from J. S. Armour, 2-1.
- Elmer Norris won from H. S. Howard 2-1.
- Frank Hicklin won from Lee Grubbs, 5-4.
- Ray Snyder won from W. C. Castleberry, 1 up, 19 holes.
- H. S. Von Roeder lost to Joe Blankenship, 4-2.
- Coach Moore won from L. B. Cooper, 3-2.
- Felton Brashier lost to J. B. Johnson, 8-7.
- H. P. Earnest won from A. Neill, 1 up.
- Sam Gamble lost to R. M. Bass, 5-4.
- E. L. Norris won from Ross A. Kindred, 5-3.
- Ray Trammel won from Claude Coe 2-1.
- Nath. Pirkle won from Bob Dwyer, 7-6.

FIRST WEEK OF NO NRA SHOWS FEW CHANGES

NEW YORK, June 3.—The close of the first week since the supreme court invalidated the NRA act, found representative industries throughout the country continuing to adhere to wage and hour provisions of the outlawed code.

Retail prices, for the most part, were unchanged, after the first burst of price-cutting on cigarettes, cosmetics and small merchandise.

The liquor industry was standing firm on code provisions. Dealers and wholesalers were described as pleased since experience has proved the penalty of price upsets is reduced profits. Reports are buyers are asking special discounts, without them being granted.

County Christian Endeavor Formed

A new county-wide young people's organization was added to the list Monday with announcement of organization of the Eastland County Christian Endeavor Union Friday at the First Christian church in Eastland.

Officers selected were Florine Richardson, president; Eastland; Buford Anderson, vice president; Ranger; Nadine Porter, secretary; Ranger; Byron Lee Winston, treasurer; Cisco; Dennis Reynolds, pianist; Cisco; Beth Gilbreath, reporter, Eastland.

Frances Bruce, district endeavor president, presided during the business session and program. Cleon Cogswell of Cisco read the scripture. Rev. W. A. Richardson, pastor of the Eastland First Christian church, gave the welcome address.

Members of the union decided that the organization would meet on the second Monday night of each month, and the First Christian Church of Ranger extended an invitation to meet with the society there June 10.

ATHLETES SAY: "THEY DON'T GET YOUR WIND!"

PETE DESJARDINS, winner of many U. S. and Olympic diving titles, says: "I prefer Camels—they never get my wind or jangle my nerves."

YOU'LL LIKE THEIR MILDNESS TOO!

SHOT PUT: LEO SEXTON, Olympic Shot-Put Record Holder.

BIKE RACING: REGGIE MCNAMARA, "Iron Man" of 6-Day Bike Racing.

SWIMMING: SUSAN VILAS, 5 Free-Style Swimming Titles.

Read these reports from star athletes approving Camels

When athletes agree upon one cigarette, its mildness is placed beyond question. For they must be sure about mildness! Pete Desjardins says: "Camels are so mild that I can smoke as many as I like and still keep my wind in perfect condition." Pepper Martin, fleet-footed St. Louis Cardinal, says: "Camels are mild—don't cut down on my speed or wind." And Pepper is backed by Leo Sexton, Olympic shot-put record holder; Craig

SO MILD! YOU CAN SMOKE ALL YOU WANT!

Camels

Wood, the golf star; Reggie McNamara, the "bike" racer; and Susan Vilas, of swimming fame—all outstanding athletes who say they smoke Camels all they please, without disturbing their wind or nerves.

More enjoyment for you in this mild cigarette! You'll find you can smoke Camels all you want! And athletes say that Camel's costlier tobaccos don't tire their taste—don't upset their nerves or get their "wind."

This is the year of all years to visit California

MONTGOMERY WARD

County Relief Fund for June is Reduced

UNEMPLOYABLE THIS MONTH TO GET \$4,974.00

Five Canneries Are Only Work Relief Projects Now Operating

AUSTIN, Tex.—Radically reduced allotments for the relief population of Texas are in prospect for the month of June. It has been announced by Adam R. Johnson, state relief administrator.

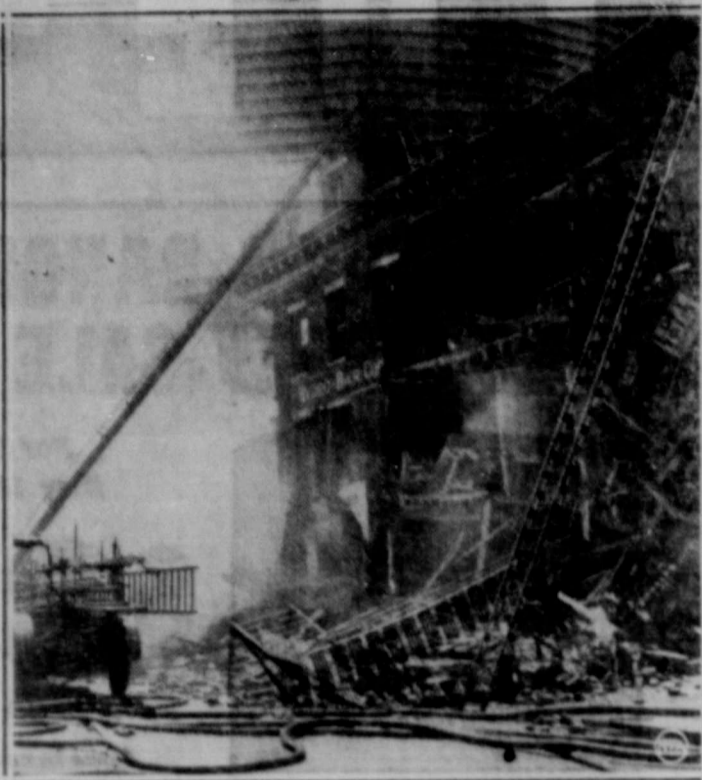

Federal authorities notified Johnson that the state will receive \$2,500,000 for general relief, although application was made for more than \$4,000,000. Budgets, therefore, were made up on the basis of a state caseload of 210,000. Although the caseload has dropped steadily since January 1, Washington officials have repeatedly expressed dissatisfaction with the number of families on relief in Texas.

"Accordingly, our per case grants will be reduced from \$17 in May to about \$10 in June," Johnson said, "and our total relief disbursement from \$5,612,000 in May to \$3,391,000 in June."

"Although at first sight this may appear to be dreadfully severe, we expect thousands of cases to quit the relief rolls in June for employment on farms where they can make more than the \$10 we are able to give them. Farmers everywhere are calling for labor to help them cultivate their crops and we feel that in the case of the employable families there should not be any suffering because of this reduced grant."

June funds will be spent by the counties for purposes described in

Debris Traps Six After Blast

An explosion in an automobile service station caused one of the most serious recent tragedies in New York, burying a half dozen occupants of nearby buildings in the debris of their wrecked homes and injuring many others. Fire followed the explosion and hampered firemen in rescue work. Smoke and dust still rise from the debris in this picture.

the following budget:

General relief, \$2,125,342; hospitalization, \$8,963; rural subsistence, \$725,963; capital goods, \$532,154.

To meet these obligations, the Texas Relief Commission will receive \$2,500,000 from the federal government and \$400,000 of state funds for general relief. Other grants for the special program of rural rehabilitation, student aid and emergency education are expected to be received from federal sources during the month.

Local County Administrator H. E. Driscoll announced that for the full month of June, he has been notified he will receive but \$4974 for direct relief for the 531 unemployable families in Eastland county, and \$8116 for employable or work relief families, making a total of \$13,090 only, allocated for direct and work relief, as against his requested amount of \$32,525.

Administrator Driscoll stated discharging orders this month will not be issued employable families,

but instead, they will work out their pro rata grant on work relief projects, temporarily suspended this morning, but to be reopened at an early date, whereby employables can work up to the point whereby the sum total of all employables earnings will not exceed \$8116.

As stated before, all work relief projects shut down this morning, with the exception of the five canneries.

CRUCIFIXION OF MAN IS A DARK MYSTERY

HIGH POINT, N. C., June 1.—R. J. Riggs, 55, was found here today nailed to a cross, a wire tightened about his neck, near his automobile service station.

In a critical condition from nail wounds in the hands and feet and suffering from shock he was taken to a hospital where it was said he may recover.

Riggs said he was unable to furnish a motive for the crucifixion.

He said a group entered his room last night and led him to the crucifixion scene. His clothing was stripped from his body. Nails were driven through his hands and the heels of his feet.

Farm Imports are Below Average Of Past Ten Years

WASHINGTON.—Imports of competitive agricultural products for the eight months, July 1, 1934, to March 1, 1935, were lower than the average for the same months

Organizes New Bonus March

Rallying his forces in Los Angeles for a new bonus march on Washington, Royal W. Robertson, above, declares his "army" won't return until it achieves its purpose. Robertson, who headed the coast veterans' 1932 pilgrimage, will move his host east by freight train. He is a crippled veteran, the picture showing the brace he wears to support his spine.

of the previous 10 years in every case except feeds and sugar, according to a study made by the bureau of agricultural economics of the United States department of agriculture.

The figures show that imports of fruits, excluding bananas, were 25 per cent below the 10 year average for the July 1 to March 1 period; vegetable oils and oil seeds, 14 per cent below the 10 years average; meats, 17 per cent below; vegetables, 51 per cent below; wool, 56 per cent below; dairy products, 61 per cent below, and eggs and egg products, 78 per cent below.

Sugar imports from July 1, 1934, to March 1, 1935, were 5 per cent above the 10 years average for these months and imports of feeds 186 per cent above. The most severe damage resulting from drought was to grain and forage crops. Drought damage to the 1934 corn crop is estimated at about one billion bushels and to the wheat crop about 300 million bushels. Production of oats and barley was reduced about 50 per cent by drought.

Imports of wheat for domestic consumption from July 1, 1934, to March 1, 1935, were 2,511,000 bushels. About half of this amount was low grade wheat for feed, and about half was durum wheat for seed and the manufacture of macaroni and similar products which require this particular kind of wheat. Production of durum wheat in 1934 in the United States was approximately one-tenth of average.

Corn imports for the eight-month period totaled 6,509,998 bushels, less than 1 per cent of the estimated loss due to drought.

Noncompetitive imports, including coffee, tea, spices, cacao, rubber, and silk were about 99 per cent of the 10 year average.

ROOSEVELT IS STILL WORKING ON NEW NRA

WASHINGTON, June 1.—President Roosevelt had determined today to exhaust every means of coping with the NRA crisis before resorting to the drastic expedient of attempting changes in the constitution, it was learned today.

Thus far no satisfactory plan for continuing the NRA has been evolved, and officials believed several days would elapse before a program could be brought out.

The newest development was a report Mr. Roosevelt, seeking a means of stabilizing the labor situation, would insist upon passage of the Wagner labor relations bill by congress.

Expect Payment For Renewal of Contracts Soon

Initial checks for payment of acceptances of renewals of old contracts is expected soon, County Agent C. Melz Heald announced Saturday.

The checks will total \$4,860.90, the county agent said.

Club Members Pay Dues From Maine And Over Nation

Demise of large oil operations in Cisco and moving of oil men to various parts of the United States has resulted in an unusual Elks club, believes B. S. Huey of Cisco, who attended the highway celebration in Eastland Thursday.

From Maine to California, said Huey, former club members of the Cisco group still remit their dues to his city. Some former members reside in New York City.

Explaining the situation, Huey stated that the club's dues can be paid anywhere and "an oil man never knows where he'll be tomorrow."

Huey was one of the Cisco early town builders. Many buildings were erected by his financial aid. Once he published a Cisco daily newspaper.

Operation of the paper, Huey recalled, the first year was \$93,000 and receipts were \$98,000. "I hired some fellow from Tulsa, and

CHANGES FOR AAA BEING MAPPED OUT

WASHINGTON, June 1.—Plans for major changes in the administration AAA amendment as a result of the Supreme Court NRA decision were revealed today by the senate leaders.

The senate agricultural committee began revision of the AAA amendment after a study of the court decision. This bill probably will be brought to the floor next week, committee men said.

The decision to abandon licensing provisions of the AAA as it pertains to intra-state operations was announced by Chairman Ellison Smith. Interstate transactions he said, probably will be controlled through regulations.

Its pretty soft for George Bernard Shaw, the noted vegetarian and playwright. Even if one of his plays turns out bad, the audience donates his food.

INDIAN QUAKE LOSS IS STILL NOT KNOWN

KARACHI, India, June 1.—Survivors under leadership of British officers battled today against fire in the earthquake regions of Quetta, where an estimated 20,000 lives were lost in one of the worst quakes in recent years.

The troops slowly brought the flames under control and the real fire danger was believed ended.

Official messages from Quetta confirmed that 200 British subjects were among the dead.

Card Two Criminal Cases For Monday

Two criminal cases have been set for hearing Monday in 88th district court.

The two cases are, State of Texas vs. Jim Casey, burglary, and State of Texas vs. Bill Nichols, burglary.

WHEN LIVES ARE AT STAKE

You need the same protection that race drivers demand

KELLY PETILLO ON MAY 30, WON the 500-Mile Indianapolis Race on Firestone Tires, breaking the track record and driving the entire distance at a rate of 106.24 miles per hour.

This record is an outstanding demonstration of tire efficiency. To go 500 miles in less than five hours on this rough and bumpy 26-year-old brick track, without tire trouble of any kind, demonstrates the strength and blowout protection that Firestone builds into their Gum-Dipped Tires.

AB JENKINS ALSO RECENTLY demonstrated the stamina, efficiency, and

blowout protection built into Firestone Gum-Dipped Tires. He drove his 5000 pound car over the hot salt beds at Lake Bonneville, Utah, 3000 miles in 23 1/2 hours. This was an average speed of 127.2 miles per hour, and although temperatures were as high as 120°, he had no blowouts or tire trouble of any kind.

These records are made possible by special construction features built into Firestone Tires.

Take no chances—protect your life and the lives of others by letting us equip your car with Firestone Tires and give you the Safety and Blowout Protection that race drivers demand.

Before you buy new tires ask yourself these three questions

- 1—"Will the tread give me the greatest traction and protection against skidding?"
- 2—"Are they built to give me the greatest blowout protection?"
- 3—"Without sacrificing these two important safety features will they give me longer mileage, thus making them the most economical tires I can buy?"

ANSWER No. 1—Leading university tests show Firestone High Speed Tires stop your car 15% quicker than the best of all popular makes of tires.

ANSWER No. 2—Unequaled performance records for sixteen consecutive years prove that Gum-Dipping gives you the greatest blowout protection ever known.

ANSWER No. 3—Thousands of car owners report unequalled mileage records—evidence of the longer wear and greater economy of Firestone High Speed Tires.

Volume—Direct Purchasing—Straight Line Manufacturing and Efficient and Economical System of Distributing to our 500 Stores and to 30,000 Dealers, enables Firestone to give you greater values at lowest prices
