NUMBER 27

VOLUME 52

Longhorns Play Idalou Wildcats

The Longhorns from Lockney High will be trying to get back into the win column Friday night of this week when they take on the Idalou Wildcats on Mitchell-Zimmerman Field here. Game time will be 8 p. m.

The Longhorns will be playing without their stellar defensive tackle and offensive fullback, Denny Quisenberry. Denny hurt an old leg injury in the game last Friday night against McLean and will probably not even suit out Friday night. Quisenberry will be missed badly but Coaches Johnny Truelove, Elvin Lyon and Dempsey Alexander are re-working their lineup to offset the loss as much as possible.

Billy McAda will probably run the fullback slot on offense in Quisenberry's place. Just what the defensive set-up will be Coach Truelove was not prepared to say Wednesday. Other members of the team will be in good shape with the possible exception of Mickey Jones, who suffered a badly sprained ankle in the McLean game. Mickey will be able to play, although he may still be limping some.

The Longhorns offensive game has been improving some all along but naturally will be hindered by loss of Quisenberry. However Jimmy Scott, Jimmy Williams and Allen Ray Pinner all can run with the ball when given a chance as they demonstrated the past two weeks. Also the Longhorns' passing game is looking better.

Jim Bob Reynolds came back on the team this week after being out the first part of this year due to a knee injury. Jim Bob underwent treatment on the knee and it is believed to be in good shape now. He plays a line position, usually tackle or guard.

The Idalou team, playing in District 3-A, has been running us some good scores although their opposition has been weak in most games. They defeated Kress last week 47-0. The Wildcats feature long runs and have an end-around play which they like to run.

Previously the Wildcats beat Ropesville 25-0, lost to Meadow 19-7, lost to Springlake 26 to 7, and defeated Whitharrel 40-6. L. R. Taylor, Wildcat halfback is the big threat in the Idalou backfield.

The Longhorns should be able to win this ball game but the Wildcats have a habit of scoring and the local lads will have to play ball to do it.

Retail Merchants Assn. Now Going

J. H. Cooper, manager of the Lockney Retail Merchants Association said this week that supplies had been received, that the local association had been accepted in the membership of the Associated Credit Bureaus of America, the Associated Credit Bureaus of Texas and the Retail Merchants Association of Texas, and that the association is now in operation.

Ground work on the organization of a local association has been underway for two months. The association office is in the Phenix building, just north of the Baker Hotel.

Officers of the association are V. L. Webster, president; Hershel Swepston, vice-president; K. W. Cook, secretary-treasurer. Directors are the same as local chamber of commerce directors, since that organization sponsored the Retail Merchants association.

Wisdom Baby Is in Polio Clinic

Little Brenda Ann Wisdom, 2-year-old daughter of Mr. and Mrs. Bill Wisdom, is in the polio clinic at the Plainview Hospital for rehabilitation treatment. The baby was stricken with polio when she was 9 months old. She has a weakness in her left leg but is improving, her mother said. Treatment at Plainview will include teaching the baby to walk.

GO TO CHURCH SUNDAY.

Work Begun On Lone Star-Rock Creek Paving

Work was begun this week by the contractors, Bryan & Hoffman of Plainview, on the Lone Star-Rock Creek road, which will close a six-mile unpaved gap in the farm-to-market route north from Lockney to the Rock Creek store.

The big dirt movers and graders were working just about the county line. Commissioner Hugh Counts said Tuesday. The Floyd County side or about three miles of the unpaved road already has the required right-of-way width but the road must be widened in Briscoe County. The roadway across the lake on the Floyd County side will probably be raised about two feet, Mr. Counts said.

The contractors will go ahead as fast as possible with the grading and drainage work and the laying of the caliche but the hot top won't be poured until next spring since it is the policy of the State Highway Commission that no asphalt be run after October 15.

1954 Plymouths On Display Today

Bilbrey Motor Company of Lockney will join with other Plymouth dealers across the nation in showing the new 1954 model Plymouths today (Thursday). John Bilbrey, local dealer, is extending a special invitation to the people of this area to come in and see the new models.

The new models have optional power steering and three choices in power drives.

They are longer than last year's models. New body lines, a new front end design, new interiors, new advanced design seat cushions and engine improvements are among the 64 advancements in styling and engineering design.

"We are confident that people will like the new beauty of our 1954 cars," Bilbrey said. "We are absolutely certain that they are the most durable, best riding, best performing and roomiest cars that Plymouth has ever built."

Plymouth is using the link type of power steering. The hydraulic "muscle" is in the steering linkage. Plymouth officials say it is the most effective, compact and serviceable installation produced for cars in the low price field. It reduces steering effort up to 80 per cent, permits fingertip control in tight parking situations and promotes safe driving through lessening of driver fatigue and absorption of road shock.

In its 1954 line, Plymouth offers three options in power drives. Hy-Drive, a no-shift unit made up of a combination of torque converter and three-speed transmission, was introduced during the 1953 model year. It will be in volume production for 1954 models. The two other options are Synchro-Silent three-speed transmission and Synchro-Silent with Overdrive, which provides a fourth forward speed for cruising. Mansfield said more than half the Plymouths now being produced have either Hy-Drive or Overdrive.

The new Plymouth line is made up of 11 body types in three series. Aristocrats of the line are the Belvederes consisting of a sport coupe of "hard-top" design, a four-door sedan, convertible and SSUBurban steel-bodied station wagon type car, all beautifully color-styled in two-tone combinations. In the Savoy series are a four-door sedan, club coupe and two-door sedan. In the lowest priced Plaza series are a four-door sedan, two-door sedan, business coupe and Suburban.

All models have completely new interiors. Other changes include an increase of 3 5/8 inches in overall length, a new front end styling treatment, new chromium side moldings and modifications in virtually all exterior design features.

(Continued on back page)

County Council To Elect Officers

The Floyd County Home Demonstration Council will have its regular meeting at 2:30 on Saturday afternoon, October 17, in the Council Room of the Court House, according to an announcement by Mrs. W. R. Daniel, Council Chairman. Officers for the 1954 Council will be elected at this time.

Reese Formal Opening Sat.

The formal opening of the Reese Electric Service building and also opening of Toytown by the same firm is set for Saturday of this week. The new concrete tile building is located on the Lockney loop, a block and a half west of Lockney Lumber & Supply.

W. D. Reese, proprietor of the establishment, says that a "Clown Naming" contest will be culminated Saturday with the awarding of two prizes for the best names submitted for the clown. Prizes will be awarded at 4 p. m. Entry blanks may be secured at the store and those entering may see the clown there which Mr. Reese himself has painted on the wall of the building.

First prize in this contest is an electric ice cream freezer and second prize is a model airplane that will really fly.

The Toytown section carries a large stock of educational toys and these will all be on display for the public Saturday. Ranging from electric trains down, the selection includes dolls, cars, erector sets and many other interesting toys for all ages of children.

Mr. Reese came here about a year ago and his family moved here in January. He is a licensed electrician, having previously worked at San Angelo and O'Donnell.

Civil Rights Case Decision Delayed

Delay of a decision of federal Judge Joe B. Dooley at Lubbock was indicated last week in federal district court on the motion to dismiss the case of J. H. Carothers against Sheriff Earl Cooper on a claim that the sheriff had violated Carothers' civil rights last spring when Carothers was arrested on a charge of selling intoxicating liquor.

Carothers was later cleared of the charge by judgment of the court when witnesses for the state refused to testify.

The sheriff maintains that due process of law was observed in the arrest and handling of the plaintiff when the charge was filed.

Judge Dooley delayed decision in the suit pending further argument of attorneys. John B. Stapleton represents the sheriff. New attorneys for the plaintiff are S. H. Milwee of Lockney, Singleton and Truelove and Lloyd King of Amarillo.

RECEIVES PROMOTION

Donald Reece, son of Mr. and Mrs. Lorin Reece, has finished radio school at Fort Hood and has been given the position of radio communications chief.

Farm Bureau's Member Drive This Week End

The Floyd County Farm Bureau's annual membership drive will probably get underway Thursday, Friday and Saturday of this week, according to W. R. Puckett, service agent of Floydada. The goal for members in this county is 670 this year, the same as it was last year. Present membership in the organization is around 565.

The drive will follow a meeting of officers and solicitors on Wednesday night of this week at the high school cafeteria in Floydada. About 60 men were scheduled to attend the Wednesday night meeting, receive instructions and materials and be assigned names whom they are to contact.

Also at the Wednesday night meeting delegates to the State Farm Bureau Federation meeting at Mineral Wells on November 9, 10 and 11 will be named. The president and board of directors were authorized to name these delegates at the annual meeting recently.

Montandon Named To Cotton Classing Post

The Floyd County unit has named F. L. Montandon of Aiken to represent this county in dealing with the government cotton classing office at Lubbock. Mr. Montandon will check on cotton classing at the Lubbock office at least once each week and will represent this county in dealings with that office.

Adams Offset Is Drilling Ahead

Burdell Oil Co. No. 1 R. L. Nichols, offset to the north of the Adams discovery well near Lakeview in South Floyd County, was past 1,000 feet in depth Wednesday and drilling ahead in anhydrite after setting 13 3/8 inch casing at 400 feet.

R. S. Wiggins, in charge of the 129-foot jackknife rig, hopes to complete the test in 40 days. The test is projected for 8,000 feet. It is located on the A. M. Hager survey No. A-1521, 600 feet from the south and west lines. R. L. Nichols owns the property.

When this test is completed the contract calls for another test on the J. M. Willson land about a mile and a half to the west northwest of the Adams well.

Meanwhile the Sinclair Oil & Gas Co. No. 1 J. M. Massie, located four miles north of Floydada, was drilling at 870 feet in lime and shale. The contract on this well calls for 9,000 feet or more at the option of the lease owners.

Home Talent Show Is Postponed

The home talent show, planned by the Chamber of Commerce, has been postponed, President Albert Willis said Tuesday. Lack of a suitable place to hold the show was cause of the postponement. It is planned to hold the show at a later date, Mr. Willis said.

Wanted: Houses, Apartments, Rooms

The Beacon is besieged every day with people who want to move to Lockney if they can find a place to live. Houses, apartments or even rooms are in great demand. Can you move over and make room for a family or even one person? If so call The Beacon office and we'll probably be able to send you someone.

Club Boys Will Exhibit Calves Here Saturday

Members of the Lockney Future Farmer chapter and 4-H Club Boys in this part of the county will show their calves in a no-contest exhibition here Saturday of this week. The show will be held on the parking lots just north of the Baker Hotel.

There will be no judging and no prizes, according to Fay Pinner, who is making arrangements for the exhibition. Instead the boys will merely be showing the calves they will enter in the spring show so that local people may have an opportunity to see them now.

However there will be one exception and that is Bobby Brown's beef-type shorthorn calf which was declared grand champion of the show here last Spring. Bobby is grooming the calf to show at the Dallas Fair next week and he will have it on exhibition here Saturday. The shorthorn is a fine looking calf and Bobby hopes to win prizes with it at the State Fair. He bought the calf from Chester Mitchell, local Shorthorn breeder.

The show will begin at 2 p. m. Saturday. From 15 to 18 calves are expected to be on exhibition. All boys who exhibit calves Saturday will be guests of the local Chamber of Commerce at a supper Saturday night at the Baker Hotel.

Fair Association Meets Tonight

The fall membership meeting of the Floyd County Fair Association is set for 7:30 p. m. tonight at the Floyd County court house. Loyce Turner of Harmony community, chairman of the fair association, will preside and call for the election of directors for the organization.

Turner and his steering committee met recently and divided the county into eleven equal areas and will have a proposed director from each area to present to the membership. Nominations will also be made from the floor.

"We urge every member to be present at this important meeting," said Turner. "And we also invite anyone else who is interested in having a fair for the county in 1954 to attend the meeting."

The fair association now has 174 members. R. A. Burrows of Floydada is the newest member this week and brought the total membership fund plus donations to \$1,753.00. Memberships are \$10.00 each.

Need For Hands Is "Critical" In Floyd County

The need for hands to help harvest the cotton crop in Floyd County is "critical" a survey made by The Beacon Wednesday indicated. Also a special bulletin from the Texas Employment Commission at Lubbock received Wednesday said the need for pullers in all West Texas is "very critical."

Herbert Garza, local TEC representative said that the situation had improved slightly in the past week, mostly due to arrival of Mexican Nationals. He estimated that the crop in the north half of Floyd County and in Briscoe county was only 6% gathered Wednesday of this week.

He reported that some parts of Central Texas was completing their harvest and that some harvest hands should be coming this way soon. However most reports indicate that the Central Texas harvest is still two or three weeks away from completion and the hands, if they come, will be very late arriving.

In the Lone Star area the report is that the help situation has improved some, due mostly to arrival of Nationals, but that the need is still great for hands. The same situation exists in most other communities in North Floyd County.

Meanwhile a number of farmers have been defoliating their cotton with the intention of stripping it as soon as possible. Too a light frost on Monday morning of last week nipped some cotton in low spots and helped the defoliation process. However this was purely a spotted frost and it wasn't enough to really kill the plant anywhere. This came on October 5 and had it been a little colder the first frost date this year would have beat the record early date set last year when frost came on October 7.

Ginnings at the four gins in Lockney totaled only 2516 bales up to Wednesday which was just about the same total that had been ginned here at this date last year in spite of the fact that the crop this year is much earlier. The total ginnings for the gins at Lockney, Sterley, Lone Star and Aiken had reached 5600 Wednesday which was some 1000 bales less than the area gins had turned out at the same time last year.

The slow rate of ginnings is due entirely to the shortage of hands since cotton has been open here in quantities for three weeks.

Tom Fortenberry Has Light Stroke

Tom Fortenberry of Cedar Hill is in the Lockney General Hospital under treatment for a light stroke suffered Tuesday. Attending physicians said that he had a little facial weakness but that no real paralysis had developed. However it will be several days before the full extent of the paralysis, if any, can be detected.

Mr. Fortenberry's condition is not believed to be serious although he will be confined to the hospital for several days at least. Edward Wasner entered the hospital Monday for treatment of injuries received at the Panhandle Compress & Warehouse here when a bale of cotton fell on him. He had some ribs pulled loose, neck and back injuries but his injuries were not believed to be critical. He is still confined to the hospital.

Jesse Diaz, a 7-year-old Mexican boy is receiving treatment for a brain concussion and bruises received in an auto accident Tuesday. He is still in a semi-conscious condition but he is not believed to be critically injured.

BOTH IMPROVING

Mrs. A. J. Mabry in the Lubbock Memorial Hospital and L. A. Cooper, in the St. Mary's Hospital at Lubbock, are both doing fine, reports from there Wednesday said. Mrs. Mabry expects to be able to come home this week end.

GO TO CHURCH SUNDAY.

'54 Plymouth Belvedere

The Belvedere four-door sedan is one of eleven beautiful body types in the 1954 Plymouth line. All models are longer than their predecessors and all are available with Plymouth's new full-time power steering and with Hy-Drive, a no-shift combination.

Bolivia and Paraguay are the only South American countries having no seacoast.

McLean Wallops Longhorns 54-12

Statistics

	Lockney	McLean
First downs	11	18
Yards rushing	255	189
Lost Rushing	32	19
Passes attempted	9	13
Completed	3	5
Intercepted by	0	2
Yards passing	35	128
Yards penalties	23	40
Fumbles lost	3	2

A hard-charging, rough and experienced team from McLean walloped the Longhorns 54-12 on Mitchell Zimmerman Field here last Friday night. The game was closer than the score indicates as the statistics will prove but again too many mistakes proved the undoing of the inexperienced Longhorns.

End sweeps which the Longhorns couldn't seem to stop, screen passes and fumbles at the wrong time cost the Longhorns touchdowns.

Loss of three first string linemen in the early part of the game also hurt the Longhorns on both offense and defense. Denny Quisenberry, all-district tackle from last year's team, and also running as offensive fullback, rehurt his leg and had to leave the game in the first quarter. Mickey Jones, star end for the locals, hurt his ankle and was forced out of the game in the second quarter and Clifton Williams, tackle, was ejected from

1953 State Fair in a Few Words

The State Fair of Texas, Oct. 10 thru 25, Dallas, America's largest annual exposition. Admission: 60 cents for adults, 30 cents for children. Exhibits: Agriculturama, Regulus guided missile, antique autos, electric show, farm implements, model demonstration home, natural gas show, science show, automobile show, Aquarium, Health Museum, Museum of Fine Arts, Hall of State, Museum of Natural History. Livestock: Hereford, Brahman, Santa Gertrudis, Shorthorn, Aberdeen-Angus beef cattle, Jersey, Holstein, Guernsey, Milking Shorthorn dairy cattle; Quarter horses, Palominos, Shetland ponies; open cutting horse contest; sheep and Angora goats, chickens and turkeys; Parade of Champions Oct. 15. Football: Texas-Oklahoma Oct. 10, Midwestern-National Univ. of Mexico Oct. 12, SMU-Rice Oct. 17, Wiley-Prairie View Oct. 19, high school football Oct. 19, 22, 23, 24. Major events: Battle of Songs Oct. 11, Mexico Day Oct. 12, Music Festival Oct. 13, Dallas Day Oct. 14, Crippled Children's Day Oct. 15, Elementary School Day Oct. 16, Rural Youth Day Oct. 17, Negro Achievement Day Oct. 19, East Texas Day Oct. 20, High School Day Oct. 23, Fort Worth Day Oct. 24, Religious Festival Oct. 25, Fireworks Oct. 13, 14, 16, 18, 20.

the game also in the second quarter by the referee who claimed he committed a personal foul.

But the Longhorns never quit fighting and the hard running of Allen Ray Pinner and Jimmy Scott kept the Longhorns gaining ground and enabled them to pile up lots of yardage.

McLean received the kick off to start the game and returned to their own 21. They made 3, a fumble lost 12 and they kicked to the Lockney 44. The Longhorns made 1. Pinner drove for 8 and then they made a first on the McLean 46. They failed to gain on the next series and kicked to McLean 29. A pass and lateral made a first down on the McLean 46, pass was incomplete and then a screen pass was good for a touchdown. Gunn kicked the point. Score 7-0.

The Longhorns received the kick and Williams attempted a flat zone pass to End Eddie Foster but the ball was fumbled and McLean recovered on the Longhorn 10. They drove for the second score in three plays. Mantooth again kicked the point and the score was 14-0.

The Longhorns received and returned to their own 33. They made first down on their own 46 and a pass from Jimmie Williams to Mickey Jones was good for another first down on the McLean 39. Pinner drove for a first on the 27 and then a fumble gave McLean the ball on the 31. A pass made a first on the McLean 45 and they drove for another first on the Longhorn 41. Two plays made 7 and then Jack Hupp circled his own left end for the score. Mantooth kicked the point. Score 21-0.

The Longhorns returned the kick to their own 23 but on the first play from scrimmage McLean intercepted a pass on the Longhorn 27. They failed to gain however and the Longhorns took the ball back on their own 21. Pinner made a first down on the 36 and McLean was penalized 15. Jimmy Williams passed to Mickey Jones who made a freak catch although surrounded by

McLean defenders for a first down on the McLean 31. The Longhorns bogged down here and McLean took the ball on their own 30. They made 6 and the Longhorns were penalized 15. They drove for another first down on the Lockney 23, another first on the 12 and then over for the score. Try for point was not good. Score 27-0.

The Longhorns returned the kick-off to their own 33, drove to a first down on the 45 as the half time whistle sounded.

The Longhorns received the kick-off to begin the third quarter, returning the ball to their own 31. They failed to gain and the McLean safety man returned the kick to the Lockney 38. They drove for a first down on the Lockney 26, and another first on the Lockney 15. They made 1 and 6 and then Jimmy Rankin recovered a fumble for the Longhorns on the Longhorn 7. However the Longhorns fumbled immediately and McLean recovered on the Lockney 4. A pass was good for the score and another pass made the extra point. Score 34-0.

The Longhorns received the kick-off, Jimmy Scott taking the ball on his own 15 and racing straight up the middle, aided by effective blocking, went all the way for the score, an 85 yard run. Try for point wasn't good and the score was 34-6.

The Tigers came back taking the ball on their own 20 and the ball carrier broke into the clear but was pulled down from behind by Jimmy Rankin on the Lockney 23. The Tigers drove for a first down on the 11, made 7, the Longhorns were penalized to the one yard line for interference with an intended receiver and they drove over for the score. Gunn kicked the point and the score was 41-6.

The Longhorns took the kick back to their own 29, failed to gain sufficient yardage but did not choose to kick and McLean took over on the Lockney 36. The Tigers drove for a first down on the 24 in four plays and then fumbled with Lockney recovering the ball. A pass was intercepted giving McLean the ball on the 40. Smith took the ball around end for 40 yards and a score. Try for point failed and the score was 47-6.

The Longhorns returned the ball to their own 33, made a first down on the 43, made 7, had a pass incomplete, were penalized 5 and then made 6. Here Pinner took the ball on a quick opener 49 yards for the score. Try for point failed and the score was 47-12.

McLean returned the kick to the 33, made a first down on the 46, on the Lockney 39, and then a screen pass was good for a touchdown. Haslam kicked the point and the score was 54-12.

The Longhorns returned the kick to their own 38, and Williams ran for a first down on the 40 as the game ended.

Other Scores
Other scores which local fans may be interested in were:
Dumas 38, Littlefield 13.
Abernathy 45, Tulla 0.
Olton 48, Dimmitt 6.
Sudan 21, Muleshoe 0.
Idalou 47, Kress 0.
Floydada 24, Ralls 0.

BAKED CARROTS
For a taste treat, try baked carrots. Cut cooked carrots lengthwise and place a layer of wedges in a greased pan or casserole. Cover with brown sugar and dot with butter. Put a little water in bottom of pan and bake at 350 degrees in the oven of your range until browned.

YOUR
QUESTIONS

Q. What is infectious coryza and what is done to control it?

A. Infectious coryza is a disease caused by bacteria. It may result in severe sickness and heavy egg loss. At first signs (sniffles, sneezing, etc) get Dr. Salsbury's Ar-Sulfa in the drinking water. It controls coryza promptly, keeps losses low. Economical to use, too. Protect poultry profits by buying Ar-Sulfa now—keep handy for prompt use on coryza.

Graves Gets Gold Star

James B. Graves, son of M. Hill, 379 Lambuth St., San Francisco, Cal., was recently awarded the Gold Star to the Flying Cross in recognition of his extraordinary achievement in participating in aerial operations against the enemy as a Marine attack pilot on February 18, 1953.

His record in part: "His conduct, outstanding and steadfast devotion throughout, reflected upon himself and upon the highest honor of the United States."

Graves, formerly of Texas, is married to the late Christine Portillo. The couple made their home at 910 St. Santa Ana, Cal.

CITATION BY PUBLICATION

THE STATE OF TEXAS
TO: OTIS LUMMUS GREETING: You are commanded to appear by filing a written answer to the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 2nd day of November, A. D. 1953, at or before 10 o'clock A. M., before the Honorable District Court of Floyd County, at the Court House in Floydada, Texas.

Said plaintiff's First Amended Original petition was filed on the 19 day of September, 1953. The file number of said suit being No. 4090.

The names of the parties in said suit are: J. M. Willson, Sr. as Plaintiff, and Otis Lummus and Vera Kirkpatrick (formerly Vera Lummus) and her husband, Earl Kirkpatrick, as Defendants.

The nature of said suit being substantially as follows, to-wit: Plaintiff, J. M. Willson, Sr., is asking for judgment against Defendants on two notes, one Materialman's Lien Note for \$1,000.00 dated December 16, 1946, alleged to be executed by Defendants, Otis Lummus and Vera Lummus (now Vera Kirkpatrick), and a Note for \$953.58, dated February 1, 1947, alleged to be executed by Otis Lummus, such note having credits amounting to \$779.10, the total sum asked for on both notes, including principal, interest and attorney fees is \$2,227.25, together with interest and costs, same being alleged to be the balance due on the Note dated February 1, 1947 for \$953.58, and all of the above described Materialman's Lien Note, and said Plaintiff, J. M. Willson, Sr., is praying for a foreclosure of a Mechanic's, Materialman's and Laborer's Lien Contract, dated December 16, 1946, alleged to be given to secure the said Materialman's Lien Note of \$1,000.00, dated December 16, 1946, said Mechanic's, Materialman's and Laborer's Lien Contract is alleged to have been executed by Defendants, Otis Lummus and Vera Lummus (now Vera Kirkpatrick), then husband and wife, on the following described Real Estate, described as follows, to-wit:

One acre of land out of the North East Corner of the J. H. Lockney 160-acre survey number 4 in Block S. C. situated in Floyd County, Texas, said one-acre tract being described by metes and bounds as follows: beginning thirty feet South and 20 feet West of the North East corner of said survey for the North East corner of this tract; Thence West 300 feet for the North West corner of this tract; Thence South 145.2 feet for the South West corner of this tract; Thence East 300 feet for the South East corner of this tract; Thence North 145.2 feet to the place of beginning, except a por-

tion of same taken off for railway right of way purposes and highway purposes, and said description included all improvements situated on said tract of land or to be placed thereon; Plaintiff herein is asking for a foreclosure of the said Materialman's Lien on above described property.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this the 19th day of September, A. D. 1953.

Given under my hand and seal of said Court, at office in Floydada, Texas, this the 19th day of September, A. D. 1953.

Mary L. McPherson, Clerk, District Court, Floyd County, Texas. (SEAL) 24-4c.

THE OLD TIMER SAYS!

"People who knock themselves out tellin' you how good they are remind me that the steam that goes into blowin' their whistle... isn't ever goin' to turn any wheels in the plant."

Lafayette presented the key to the French Bastille to George Washington and it may now be seen at Mt. Vernon.

Bargain Rates On Daily Newspapers

Bargain rates are in effect on some daily newspapers and The Beacon is authorized to accept your new or renewal subscription to most of them. Here are the rates:

Fort Worth Star Telegram: daily and Sunday, by mail, \$13.95. Daily only, by mail, \$12.60.

Amarillo Daily News: daily and Sunday, by mail, \$12.00. Daily only, by mail, \$10.00.

Lubbock Morning Avalanche, daily and Sunday, by mail, \$12.95. Daily only, by mail, \$11.00.

Save money by subscribing for your favorite daily at The Beacon office.

DISHWASHING TIP

The hotter the water, the shinier your dishes will be. Wash dishes at the temperature you find most comfortable, then place the dish drainer in the sink for a final rinse of very hot water right from the tap.

KIDNEY BEAN SALAD

You can make a hearty Sunday night salad by taking a can of red kidney beans, and adding a small onion minced fine and a sprinkle of garlic powder. Mix with French dressing and serve with buttered toast strips.

The Greatest Gasoline Development in 31 Years

New Conoco Super Gasoline

with **TCP***

Start the "TWO-TANK TEST" today!

Conoco Super Gasoline with TCP has been rightfully called the greatest advance in motor fuels since the introduction of tetraethyl lead in 1922. For here, at last, is a gasoline so dramatically different that the average motorist can feel the improvement in his car after just two tankfuls. Yes, after your second tankful, chances are you will know why we say Conoco Super with TCP will:

- Boost power as much as 15%!
- Increase spark-plug life up to 150%!
- Give you extra gas mileage!

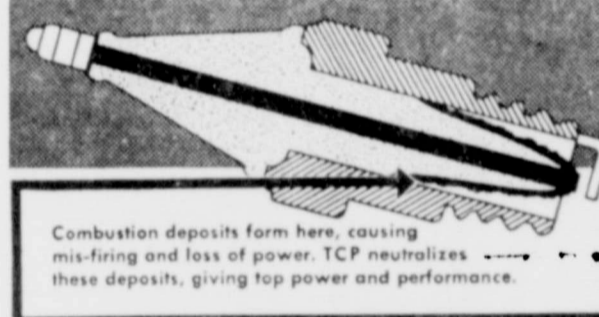

For Conoco Super is a new kind of gasoline—a gasoline especially developed to correct the greatest single cause of power loss affecting most of the cars on the road today.

Combustion deposits drastically reduce power

When you drive your car, deposits constantly build up on spark plugs and in the combustion chambers. These deposits can "cheat" you of power two ways. First, they short-circuit spark plugs—causing them to mis-fire. Second, deposits in the combustion chambers cause fuel to ignite before it should. This is called pre-ignition or "wild ping." The combined

*Trademark owned and patent applied for by Shell Oil Company

CROSS SECTION OF TYPICAL SPARK PLUG

effect of mis-firing and pre-ignition is loss of power, lack of "pop" and wasted gas.

How Conoco Super with TCP works

TCP is a special chemical additive which is added to Conoco Super Gasoline. It was specifically developed to overcome the loss of power and fuel caused by combustion deposits. TCP neutralizes harmful deposits on spark plugs—your plugs spark as they should. It prevents deposits in the combustion chambers from causing pre-ignition—"wild ping" is controlled. Thus, every time you fill up with new Conoco Super, it's like getting your spark plugs cleaned and your engine tuned-up.

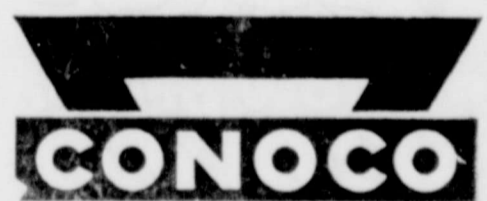

TCP helps your car, whether new or old

If you are driving a new car, with a high-compression engine, you need Conoco Super Gasoline to keep your car delivering all the power that was built into it. If you drive an older car, with tens of thousands of miles on the speedometer, Conoco Super can restore much of the "new car" performance and power you've been missing.

Start your "TWO-TANK TEST" today

When your gasoline tank is one-quarter full or less, fill it with Conoco Super with TCP. Now, there will still be some ordinary gasoline mixed in with your Conoco Super. So make sure your next tankful is Conoco Super, too. So rapidly does Conoco Super work, that with this second tankful, chances are you'll feel as if your engine has had a tune-up. You'll feel a boost in power. Try it today. We're sure you'll stay with Conoco Super.

Now—at your Conoco dealer!

Society News

Mary L. Manning Is Bride Of Bill McCarter, Canyon

Announcement was made here this week of the marriage of Miss Mary Louise Manning, daughter of Mr. and Mrs. Barney Manning of Lockney, to Bill McCarter, son of Mrs. Lillie McCarter of Canyon. The wedding was solemnized on Sunday, Sept. 6 at Portales, N. M.

Mrs. McCarter graduated from Lockney High School with the class of 1949 and from West Texas State College this spring. She has been employed in Dallas. Mr. McCarter attended Canyon High School and is presently employed at Canyon where the couple will make their home.

Rev. Watkins Host At Dinner Meeting

Rev. and Mrs. Burgin Watkins entertained the official board of the Methodist Church with a dinner Tuesday night, October 5 in Fellowship Hall of the church. The entertaining rooms were decorated with autumn leaves.

Attending were Messrs. and Mrs. Leslie Floyd, Lavin Johnson, R. L. Knox, W. L. Thomas, Jr., E. J. Foster, Richard Patterson, Oliver Holmes, Clark Harris, Byron Ford, C. L. Record, Raymond Rucker, Paul Cooper, Fritz Schacht, Bernard Harris, Clyde Hill, George Myers, Miss Harleen Workman and her mother, Mrs. Harley Workman.

Business Women Hold Circle Meeting

Members of the recently organized Business Women's Circle of the Baptist Missionary Society met Monday night at 7:30 in the church parlor for an inspiring program entitled "A Sinful World, Christ, The Sufficient Savior." Mrs. Howard Cooper, president, presided. Mrs. Marvin Cox was appointed as secretary for the circle.

Mrs. Fay Pinner, program chairman, gave the introduction and other interesting topics were given by Mrs. W. F. Merrill, Mrs. Henry Moore and Mrs. B. B. Vernon. Mrs. Eileen Naylor and Mrs. Edgar Hays sang a duet, "How Long Must We Wait." Mrs. Clay Muncy dismissed the meeting with prayer.

DEE EARLE CUMMINGS

Mr. and Mrs. Sterling Cummings are parents of a daughter, Dee Earle, born Tuesday afternoon at 8:40 o'clock at the Medical and Surgical Hospital here. Little Dee Earle, who weighed 8 lbs., 2 ozs., has a brother, Kim, who will be two years old in November. Mrs. Cummings is the former Glynn Earle Norman, daughter of Mr. and Mrs. Earl Norman of Siloam Springs, Arkansas, former Lockney residents. Paternal grandparents are Mr. and Mrs. Z. C. Cummings of South Plains community.

Thornton Reunion Held In Bybee Home

Budley Thornton and his seven children with their families met Sunday for a reunion in the home of Mr. and Mrs. Wayne Bybee in Lockney. The occasion marked the first time all the Thornton family had been together in 25 years.

Attending were Mr. and Mrs. Raymond Thornton and Sandra of Los Angeles, Calif.; Mr. and Mrs. Charles Thornton and sons, Richard and Larry of Amarillo; Mr. and Mrs. J. P. Thornton and sons, Tommy, Terry, Donnie and Jimmie of Plainview; Mr. Hollis Thornton and children, Sylvia, Carolyn, Claudia and Mike of Floydada; Mrs. Bill Fewell and daughters, Vivian, Sandra, and Katy of Wake, Texas; Mr. and Mrs. A. O. Thornton and son, Tommy, Mr. and Mrs. Wayne Bybee and Monte, all of Lockney.

All of Mr. Thornton's 17 grandchildren were present except little Billy Harold Fewell and all the in laws were here except Mrs. Hollis Thornton and Mr. Bill Fewell.

Local Club Observes Nat'l B&PW Week

The local Business and Professional Women's Club began their observance of National B&PW week with a coffee Sunday morning and then attended church in a body. Special radio programs are being presented and the local organization has planned a luncheon for Saturday.

Business and Professional Women's Clubs over the nation have played an important part in establishing women's place in public affairs.

Diann Marr Honored At Birthday Party

Diann Marr, daughter of Mr. and Mrs. W. E. Marr, was honored with a party Friday afternoon at her home to mark her ninth birthday.

Games were enjoyed and an array of gifts were displayed. Party favors were balls, balloons and bubble gum. Refreshments were served to Cheryl Rucker, Ronnie Belt, Raymond Owens, Larry Cravens, Alton Cecil Seymour, George McGhee, Jerry Watley, Donnie Hanst, Jesse Martinez, Johnny Tannahill, Lupe Rocha, Nadine Cumble, Jonita Ferguson, Marsha Gay Minter, Margaret Stapp, Zynda Karl Wiley, Patsy Emert, Janie Rhodes, Sarah Glover, Tommy Musser, Jerry Vernon, Carol Cooper, Russell Davis, Coralus Sandlin, Bobby Harding, Sandra Grantham, Betty Potter, Ronnie Gary, Linda and Bill Marr, and the honoree, Diann Marr.

Mothers present included Mrs. B. B. Vernon, W. E. Musser, Tom Marr, and the honoree's mother.

Mrs. F. S. Byars of Floydada spent a few days here with her sister, Mrs. E. M. Wharton.

FROM FERTILIZER BAG!

Fall fashions are found in cotton fertilizer bags this year! This talented young lady has taken four cotton fertilizer bags with a linen-like appearance, dyed them a dark green fall shade, and made a versatile coat dress to add to her wardrobe.

The loose-leaf system dates back to the Garden of Eden.

Looking down makes one dizzy... so keep the head up.

Busy Mothers Class Has All-Day Social

The Busy Mothers Class of the First Methodist Church met in the basement of the church for an all-day social Wednesday, Oct. 7. The day was spent in quilting a quilt for Mrs. T. T. Threet. A covered dish luncheon was served at the noon hour.

Mrs. Hugh Counts brought the devotional and Mrs. Lura Stinebaugh offered the closing prayer. Gifts were presented to those having birthdays in the month of October. The business meeting was called to order by Mrs. W. L. Thomas, president, and the class voted to re-elect all officers and teachers as follows: Mrs. Lura Stinebaugh, teacher; Mrs. Hugh Counts, assistant teacher; Mrs. W. L. Thomas, president; Mrs. E. R. Harris, vice president.

Those present were Mrs. Threet, E. R. Harris, Ira Cox, Mac Johnson, W. H. Fields, J. H. Weathers, Les Floyd, W. L. Thomas, Lura Stinebaugh, R. E. L. Stutts, Jim Still, Fannie Brown, Hugh Counts, Pearl Hall and Delbert Bybee.

BUDDHISTS IN U. S.

Buddhist churches in the United States have an estimated total membership of 73,000. There are 47 Buddhist churches in America and 74 Sunday Schools with an enrollment of 63,500.

Vic Vet says

EVERY YEAR SOME 60,000 BENEFIT CHECKS CANNOT BE DELIVERED TO VETERANS BECAUSE THEY'VE MOVED AND FAILED TO NOTIFY THE VA OF THEIR NEW ADDRESSES... VETERANS RECEIVING BENEFITS SHOULD KEEP VA INFORMED OF THEIR WHEREABOUTS

For full information contact your nearest VETERANS ADMINISTRATION office.

Bridge Club Meets In Meriwether Home

Mrs. Raymond Meriwether was hostess to the Friday Bridge Club on October 9 at 2:30 o'clock. Mrs. Bill Hodel won high score.

Attending were Mrs. Geo. Webster Jr., Tom Chatham, Marvin Gilbert, Jesse Cox, Bill Hodel, Wayne Greer, G. A. McClelland and the hostess.

James Buchanan was the only bachelor president.

H. D. Club Elects New Officers

Lockney Home Demonstration Club met last Thursday, October 8 in the home of Mrs. H. J. Moore. Roll call was answered with the names of "Three Books I Have Read This Year." Mrs. C. L. King spoke on her trip to Galveston to attend the State Home Demonstration Association.

New officers elected were Mrs. Garland Sams, president; Mrs. Raymond Watson, vice president; Mrs. T. A. Kelley, secretary; treasurer; Mrs. J. E. Tierce, Council delegate; reporter, Mrs. L. M. Honea.

Nineteen members and one guest attended.

HOW ABOUT THIS, MAINE?

New Mexico voters have picked the winner in every presidential election since achieving statehood. In 1912 and 1924 it was by a plurality — in all other elections by a clear majority.

Mr. and Mrs. R. R. Wooster of Corpus Christi have been here visiting Mr. and Mrs. Hoot Edwards and Uncle Bob Simmons.

Napoleon instituted the French Legion of Honor in 1802.

Only one mail pouch was ever lost by the Pony Express.

The first women colonists came to Virginia in 1608.

INFANT BURIED

The infant son of Mrs. Raymond Herrington buried in the Lockney graveside. Rev. R. E. Baptist pastor, conducted services. Carter Funeral was in charge of arrangements. The infant was stillborn day night.

VERMONT POPULATION

The downward trend in Vermont population according to figures of American Peoples Encyclopedia, 1953 Yearbook, estimated population in the state of last year was 372,000 compared with official U. S. figures of 377,747 in 1952. Principal reasons given for decline were a continued replacement of farm machinery. Also was the fact that the relatively few defense establishments in the state were established in the 1950s.

NEW MEXICO POPULATION

The estimated population of New Mexico in 1952 was 1,000,000 per cent from official U. S. figures of 1,000,000. Estimated population of last year was 750,000.

Library Notes

by Rosita Hollar

The Floyd County Library has received two memorial books in memory of Mr. Johnny Baxter. Mrs. R. C. Henry gave us an illustrated edition of "Great Expectations" to mark with a memorial plate. The Reue family gave Catherine Marshall's "A Man Called Peter."

Every week brings many callers and bits of news to the library; perhaps our strongest common theme is early state and local history. In this line we mention a caller of last week, Mrs. D. D. Shipley came bringing a piece of homemade cake, a bouquet of flowers and copies of "The Floyd County Hesperian" covering the war years. Her interesting visit could be grouped with the bouquet as "Hyacinths for the Soul." She had been planning to drive by and bring the papers for weeks but her varied interests had kept her away until last Saturday.

Story hour was conducted by Buena Holmes and D'Ann Witkowski with Mrs. R. C. Henry being present for the 1929 Study Club. Stories and games filled the hour. Mrs. Lovell Jones brought the refreshments for the half hundred young citizens. This was, I think, the first time a pair of twins were among those present. Kay and Gay Pruitt came and none of us could tell which was which. The new recordings furnished by the sponsors were interspersed with the old favorites.

The library board meets next Thursday, October 15 at the library at 10:00 o'clock a. m. The report of the fiscal year will be discussed.

Wednesday and Saturday afternoons are the afternoons the librarian is at the Lockney branch, however the library is held open every day, from 2 to 5 p. m. for your convenience.

Plans are being made for attending the fall meeting of Library District One at Amarillo next Saturday, October 17. It is hoped that our library board can be represented.

Rev. H. L. Anderson of Providence gave us an interesting view of "What My County Library Means To Me" over KFLD Saturday.

Andrews Building Committee Here

A building committee from the First Methodist Church of Andrews was here Tuesday looking at the local Methodist Church building. Rev. N. S. Daniel, former pastor here who is now at Andrews, accompanied the group. Others here were Guy McGill, J. A. Ulmer, Luther Reynolds, Bill Blair.

Fred Jackson Named Member SCS Board

Fred Jackson, of Sand Hill, is the new supervisor of sub-division No. 5, of Floyd County Soil Conservation district succeeding W. F. Ferguson. Sub-division No. 5 covers that portion of the county south and west of U. S. Highway 70 and west of Highway 207, lying principally in the southwest and west part of the county. Jackson was elected Tuesday night in a meeting called at Sand Hill by the district board of supervisors.

Ferguson, who was chosen on the original board of supervisors when the district was created 14 years ago, asked that his name not be submitted for the place.

Ladies of the Sand Hill home demonstration club served light refreshments. Attendance was small but interest pronounced.

A part of the program for the evening was a soil saving film presented by Bill Rodgers, county agent.

Gilbert Fawver, chairman of the board of supervisors, opened the meeting. Chester Mitchell of Pleasant Valley was elected chairman and presided during the evening.

The Lockney General Hospital

wishes to announce to the public the visiting and clinic hours for hospital patients:
 10:30 to 11:30 a. m.
 2:00 to 4:00 p. m.

New Life For Mesabi

TACONITE is new giant of Minnesota's Mesabi range. Without it, the iron ore region's end was in sight. Now, new harbors, plants are rising on Lake Superior shore. It's steel's ace-in-the-hole. Industry will convert iron bearing rock into iron content pellets.

TO CAPTURE iron dust, processors grind three tons of rocks, like that held by miner, to get ton of 60% iron.

NEW CITIES being hacked out of wilderness reflect size of taconite program. Trucks like this International work 24 hours a day; carpenters hammer at new houses. There's new life on Mesabi!

KNOX GROCERY AND MARKET

We were busy Saturday but never too busy to wait on you. Just come on in or phone your order in. Our specials Monday through Saturday are free and friendly service, merchandise at fair prices to all. We don't have any parking room at the front, very little at the back but we can find your car wherever it is parked.

Come in or dial 3855. Your business is always appreciated.

Minute Editorials

The fear of the Lord is the beginning of wisdom, and the knowledge of the holy is understanding. — Prov. 9:10.

Good news to every parent is the announcement that experiments have brought forth what is believed to be a reliable vaccine for polio. However the vaccine is yet to be tested thoroughly and the March of Dimes drive in January will raise money to test the vaccine along with the needed funds to take care of polio victims and furnish treatment for old cases. The discovery of the vaccine is a tribute to medical science of America and to the generosity of American people who have given generously of their money in past years for polio research.

The Beacon's recent editorial concerning the activities of the Texas Employment Commission and their concern over the wages paid to Mexican Nationals

who come to this country to help in the cotton harvest, brought a visitor to our office in the person of Henry LeBlanc, chief of the Farm placement department of the TEC, from Austin. In defense of the TEC, Mr. LeBlanc pointed out that the TEC was only acting as a representative of the United States Department of Labor in seeing that the laws of the land were obeyed in the matter. In fact, he felt that the TEC was acting as a friend to the farmer, and that their actions were beneficial to the farmer.

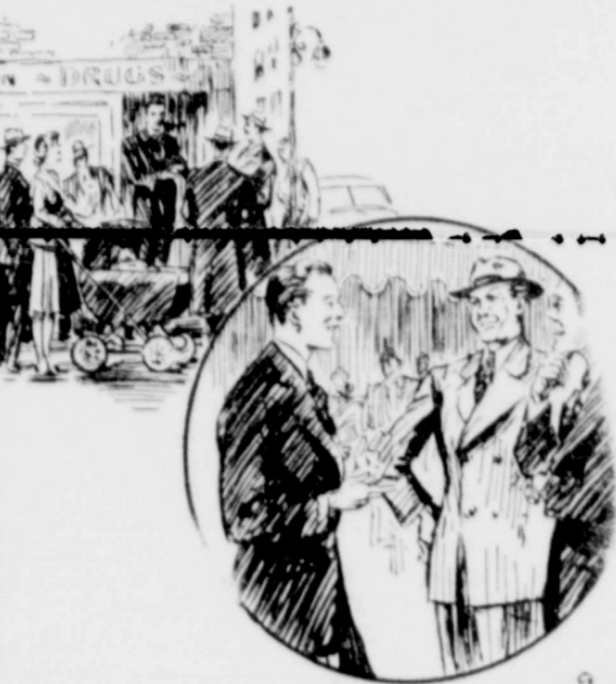

He pointed out the one-sided labor agreement between the United States and Mexico and the one-sided contract the farmer must sign when he employs these Nationals. Public Law 78, under which the Nationals are admitted to this country, says that the Mexican worker shall be paid not less than the prevailing wage rate paid to domestic workers or at the rate specified in the contract, whichever is higher. The purpose of the survey is to determine the prevailing wage rate and the TEC is making the survey to fulfill the law and in service to the farmers of the area so that they may secure these workers, Mr. LeBlanc pointed out.

Another organization, set up among citizens of this country who are Mexican, seeks to limit the number of Nationals secured to help in the cotton harvest and also attempts to make sure these National laborers do not hold down the wage paid. One branch of this organization has been set up in Lubbock.

Are you worried about a depression? Here's the history of the index of industrial production which is a pretty good barometer of economic conditions: It stood at 110 in 1929, fell to 82 in 1932, rose 113 in 1937, fell to 89 in 1938, rose to 109 in 1939. Hit 203 in 1945, dropped to 170 in 1946, rose to 192 in 1948, dropped to 176 in 1949, and stood at 238 in the first half of 1953. The economic experts expect no more than a 15% decline at the most which means the index will not drop below 200 which is still higher than it has been most of the time since 1940. Maybe we won't always have money to throw at the birds but we'll still probably have enough to live better than any other country in the world.

OUR DEMOCRACY — by Mat
NEVER AN "OFF YEAR"

BECAUSE THERE ARE NO NATIONAL OFFICES AT STAKE, THIS IS KNOWN AS AN "OFF YEAR" ELECTION. BUT THERE IS NO "OFF YEAR" IN THE RESPONSIBILITIES OF GOOD CITIZENSHIP.

ACROSS THE COUNTRY, MANY STATE AND LOCAL OFFICES WILL BE FILLED, MANY ISSUES WILL BE UP FOR DECISION. CITIZENS ALERT TO THEIR RESPONSIBILITIES WILL CAST THEIR BALLOTS, RECOGNIZING THAT THE RIGHT TO VOTE IS ONE OF THE GREAT PRIVILEGES OF OUR DEMOCRACY.

WITH APOLOGIES TO NONE

"With Apologies to None" is the title of this reproduced article. Josephine Lemmons, primary teacher of Shelby County, Inc. is the author.
Hail to a masterpiece.
"When I am introduced as a teacher, I am usually asked what I teach. When I say first grade, I generally hear a flat, 'Oh.'
"I have never been certain whether it is an expression of pity, sympathy, disgust, or perhaps disinterest. Always I wish I had time to explain to them like this:
"Yes I teach the first grade.
"Where else would a hand-

some and very young man put his arms around me and ask, 'Do you know that I love you?'
"Where else could I tie so many hair ribbons and belts and daily get to see a style show of pretty dresses and shirts?
"Where else could I walk up and down aisles and have warm little hands touch me?
"Where else could I wear the same dress day after day and be told each time that it is pretty?
Bees have four wings.

"Where else could I have the privilege of wiggling loose teeth and receive a promise that I may pull them when they are loose enough to pull?"

"Where else could I eat a sailed piece of candy from a grimy little hand and not become ill? (I have to eat it because he watches to see that I do).
"Where else would the future look so bright as it does amid an energetic group to whom nothing is impossible?
"Where else could I guide the first letter formation of a chubby hand that may some day hold a book or an important document?
"Where else could I forget my own aches and pains because of so many cut fingers, scratched knees, bumped heads and broken hearts that need care?"

"Where else could I forget taxes and even the 'state of the nation' because Stevie isn't grasping reading as he should and other methods must be tried?
"Where else would my mind have to stay so young as with a group whose attention span is so short that I must keep a 'bag of tricks up my sleeve'?"
"Where else could I feel so close to my Maker as I do each year, when because of something I have done, little children learn to read?"

"Yes, I do teach the first grade. Mr. and Mrs. America, and I love it." — Hockley County Herald.
In 1861 there were two presidents in the United States—Lincoln in the North and Jefferson Davis in the South.
George Washington had no opponents for either of his elections to the presidency.

Long Ago In Lockney

Items of interest from the files of The Lockney Beacon.

October 18, 1923
Hale County won first prize and Floyd County won second prize on Agricultural exhibits at the State Fair in Dallas being judged Wednesday. H. P. Coleman received a wire from Dallas today stating that he had won first old hen and second old hen at the State Fair.

Beginning with this issue, the Beacon has passed into my hands I having bought the printing plant, building, subscription list and good will of the Beacon, from my brother, J. M. Adams, editor, Plainview. H. B. Adams, editor, publisher.

Last Sunday, October 14th, Miss Lucy McGehee and Mr. Kenneth Burns were married at the home of the bride's parents, Mr. and Mrs. Wm. McGehee, the Rev. Marvin Brotherton officiating.

Today's markets in Lockney are: cotton, middling, lb., 28½c; wheat, No. 1 per bu., \$1.10; maize heads, ton, \$21.00; butter, lb., 30c; eggs, doz. 25c; fryers, lb., 12c.

October 17, 1941
Lockney's first bale of 1941 cotton crop was ginned Saturday, October 11. The cotton was gathered from two different small patches owned by T. J. Rigdon. A premium of \$20.00 was given by Lockney business men.

Funeral services were held at 3 o'clock Tuesday afternoon for Mrs. Marvin Felty, who died Sunday morning a few hours after the birth of a son. The baby, Vincent Forrest, is reported well. Passing of Mrs. Felty was the third death in the Felty family in the past few months. Last July Ezra Felty, father of Marvin Fel-

ty, was killed in a terrible accident in Oklahoma a few weeks ago. A. J. Surivors include Mr. and Mrs. Miller of Lockney and band and son.

Lockney defeated last Friday to win conference game of The previous tie was counted as a half game a half game won. It had it not been for turns in the final scoring position, plunged the ball on 3 yard line for the score. Ted Crager, leg during the game, was lost to the rest of the season. Tackle when the through the Longdary. The score ended

There will be all cotton and wheat 20% of the farm have to be devoted serving crops.

Mrs. Richard E. Jackson
OF 2510 37th, LUBBOCK, TEXAS, LIKES
ELECTRIC COOKING!

Mrs. Jackson finds electric top-of-range cooking cool and clean. All the heat goes into the food to be cooked—none spills over to heat up the kitchen.

She likes the even baking and economy of electric oven-baked cookies and other pastries, pies and meats. Meat shrinkage is at minimum with electric baking.

Too, she likes the easy method of preparing timely meals. Before going out, Mrs. Jackson sets oven controls—meals cook electrically while she's gone.

She says -

"Some of the outstanding features I like about electric cooking are the cleanliness and the coolness of my kitchen, the easy method of preparing timely meals, the even baking and economy. For my family of four, it costs only a few cents a day to prepare the meals."

Band Parents Meet Thursday Night

The Longhorn Band Parents Club met Thursday night for a program and business meeting at the band hall at 7:30.

A quartet composed of C. L. Record, Oliver Holmes, Clark Harris and Ike Johnson sang "I'm Feeling Fine," "Katie Did" and "Someone to Care." Eddie Joe Foster gave a reading entitled "I'm In The Army Now."

Joe Foster, president, presided at the business meeting during which Mrs. Hershel Carthel was appointed in charge of selling football programs at the local games, the proceeds of which benefit the band. A chairman was appointed to make arrangements for the band parents to hold the concession stand at the Littlefield game on November 13. It was voted to buy music stands for all the band students, and a tarp to cover the pick-up carrying band instruments.

Appreciation was expressed for the work that was donated to prepare the marching field near the school.

Floyd County Unit TSTA To Meet

A meeting has been called of the executive committee of the Floyd County unit of Texas State Teachers Association, by E. M. Smith of Lockney, president. The meeting is slated to take place in the office of County School Superintendent, Floydada, Thursday, October 22. Plans will be laid for a general meeting of all teachers of the county on December 3.

Members of the executive committee who will meet are F. M. Smith of Lockney, president; Clarence Guffee, Floydada, membership chairman; Mrs. W. C. Irons, Lockney, program chairman; Bob Copeland, Floydada, legislative chairman; A. W. Colthrop, Floydada, public relations chairman. Others to attend include W. C. Irons, Superintendent of Lockney schools and I. T. Graves, Floydada Superintendent.

Special Services For Aiken Methodists

Special services will be held at Aiken Methodist Church next Sunday with Rev. Ernest Roper, pastor of Casleberry Methodist Church, Fort Worth as guest speaker for both services.

Morning service will be held at 11:00 o'clock and the evening service at 7:30. Everyone is extended a special invitation to attend, according to Rev. C. Y. Zickens, pastor.

Drouth Disaster Feed Nearly Gone

Drouth disaster feed in the store rooms of the Floyd County PMA are about gone and unless the county is put back on the active list, drouth stricken stockmen will get no more when the committee scrapes the bottom of the barrel.

Floyd county was taken off the list four weeks ago. At that time there was some oats, cottonseed pellets and cottonseed meal left. The committee announced that the supply would be reserved for farmers of the county who had no irrigation. Three years of poor crops have made their positions perilous as regards further live stock operations.

Cotton Land Measured

Measuring the cotton lands of the county has been completed, Henry I. Martin, administrative officer of the PMA said yesterday. However there is still considerable detail work to be done before completion of the report ready for consideration of the secretary of agriculture.

Hospital News

A. D. Perryman was dismissed 10-8.

Mrs. Margaret Watson was dismissed 10-7 following medical treatment.

Mrs. Bill Bean and infant son were dismissed 10-13.

Mrs. Albert Juarez was dismissed 10-8 following medical treatment.

G. B. Johnston was dismissed 10-8 following 3 days of medical treatment.

Dianne Callahan was admitted 10-7 and dismissed 10-8, following medical treatment. Dianne is the small daughter of H. S. Calahan Jr.

Mrs. Bob Jarrett was admitted for medical treatment 10-13.

Edward Wasner was admitted for medical treatment 10-11.

Tom Fortenberry was admitted 10-14.

Mrs. M. J. King was admitted for medical treatment 10-11.

Jesse Diaz was admitted for medical treatment 10-13.

Dollie Bean was admitted for medical treatment 10-11 and dismissed 10-12.

Closed Theatres Have Deteriorating Effect

The hundreds of closed theatres in the nation, whether standing idle or converted to another use, generally have a deteriorating influence on the neighborhood and the economic whole, H. P. Holmes, Detroit, chairman of the Economic Committee of the National Association of Real Estate Boards, said today. He was commenting on a study of theatre closings just completed by the Economic Committee.

"Theatre buildings generally are simple purpose structures," Mr. Holmes explained. "While conversions can be made, they require extensive structural transformation and are expensive. Consequently, prices paid for closed theatres can generally

be said to represent value for the walls only.

"When a theatre is taken out of an otherwise business community, contributing its share to the neighborhood, it becomes a blot on the landscape. Many of the closed theatres have been demolished and replaced by parking lots.

Mrs. E. M. Wharton, week end with her Wharton and family and attended the South Plains fair.

1954 Plymouths—

(Continued from Page 1)

Interiors are designed with emphasis on color harmony and modern decor. Seat and back cushions and door side panels are upholstered in new types of fabrics which are exceptionally resistant to wear.

Plymouth is introducing a new type of seat cushions with Dual Flex springs. They are made up of a combination of coil springs and jack springs which, working in combination, provide a softer cushioning action in normal riding situations and resistance to "bottoming" when the car hits a bump.

To extend top engine performance over a long period of time, Plymouth is using new sileon chromium alloy intake valves in 1954 models. Exhaust valve inserts have been retained to maintain high compression engine performance in years of service.

Other mechanical improvements include a higher capacity oil pump, new improved clutch, and improved electric windshield wipers.

Mrs. Myers Is Now Luncheon Manager

Mrs. John Spradlin recently resigned as supervisor of the Lockney school lunchrooms and Mrs. Olive Myers is now in charge of the lunchrooms. Supt. W. C. Irons said Wednesday, Mrs. Myers took charge Friday of last week.

Mrs. Spradlin, who resigned the luncheon position because of health reasons, has accepted a position with the Lockney Dry Goods store here. She has had previous experience as a dry goods clerk and has worked for the Lockney Dry Goods at various times in the past.

HISTORIC WELL STILL PRODUCING

Do you think you could dig a hole thirty feet deep by hand if you knew you would end up with an oil well? That's what happened in the early days of searching for black gold in California.

And if you dug one 300 feet deep in 1897 it might still be producing oil—that's what happened to the Santa Fe Railway.

Back in the early days, the railroads in California purchased a lot of their coal to operate their locomotives from New South Wales, Australia, at a cost of \$6.30 to \$7.00 per ton. The coal was shipped usually in sailing vessels that made the so-called triangle passage from Europe to Australia. That is to say, a ship would sail with a cargo from some European port to Australia and if, on arriving, no return cargo were available, the vessel would load with coal for our Pacific coast. On reaching an American port, usually San Diego or San Francisco, the boat would discharge its cargo and return with wheat or minerals and sail back to Europe. Rather than sail in ballast from Australia to California it was considered better to carry coal at a comparatively low rate.

It is hard to say who first proved the practical value of oil as a locomotive fuel, yet, according to our present information, a man named Thomas Urquhart, superintendent of motive power of a European railroad, made the first successful experiments. By 1886, Urquhart had 143 locomotives burning fuel oil in regular daily service. American railroadmen seem to have become interested in this proposition, for at this time similar experiments were started on certain lines in the oil regions of western Pennsylvania. These experiments were discontinued, however, because of the vast

deposits of coal in that region. Santa Fe began experimenting with oil for locomotive fuel in the early 1890's. Successful experiments proved the practicability of oil for locomotive use but the remaining problem was to be assured of enough oil at a price that would warrant changing the engines from coal to oil.

About 1896 Santa Fe purchased 320 acres of oil land at Olinda, California, in Orange County, about eight miles northwest of Fullerton and started drilling operations. The first hole sunk was a successful well—and today, fifty-six years later, it is still producing!

In March of 1897 it was completed in April and the old records show that 4,900 barrels of oil flowed from "Olinda No. 1" that year. Last year it produced 336 barrels, and altogether it has produced nearly 100,000 barrels.

When the equivalent of Olinda No. 1's production last year (386 barrels) is refined for diesel consumption approximately 3,864 gallons of fuel results. Each gallon of this refined oil will haul a ton of freight 625 miles or actually the 1952 production of the first Santa Fe well drilled in 1897 pushes a diesel locomotive today over 2,415,000 miles of rail. Daily production is good for 6,617 miles of a diesel unit operation, according to Electro-Motive Division of General Motors Experts.

Originally the Santa Fe's oil interests were conducted by two companies in California, the Petroleum Development Company and the Chanslor-Canfield Midway Oil Company. However, in 1921, the property of the Petroleum Development Company was sold to the Chanslor-Canfield Midway Oil Company which has handled the Santa Fe interest since that time.

Assembly Of God Services
Regular Sunday services begin at 10:00 o'clock on Sunday morning and 8:00 o'clock on Sunday evening.
Christ Ambassadors meet each Wednesday evening at 8:00 o'clock.
Nelda Fortenberry accompanied Mrs. R. T. Fortenberry on the piano and sang several duets with her over the Assembly of God radio program on Thursday morning at 8:45.
W. M. C. meets each Thursday afternoon at 2:45 at the church.
Mr. and Mrs. Joe Fortenberry spent Monday night in Amarillo with their daughter and family. Mr. and Mrs. Lester Durham and sons, Danny and Jimmy.

Baptist Services
Sunday morning services begin at ten o'clock and the pastor, Rev. G. C. Applewhite is with us each Sunday. The evening services begin at 7:30. G. A.'s and R. A.'s meet at 6:30 on Wednesday evening, and prayer service at 7:30. Jim Conner and C. F. Lemons conducted the prayer service for Wednesday evening from the fourth chapter of First Thesolonians.

Attend Funeral
A number of relatives of Cedar Hill attended the funeral of Mrs. Janie Fortenberry, wife of Hugh Fortenberry of Adrian who passed away at 1:00 o'clock on Sunday morning. Mrs. Fortenberry had been ill for more than a year and passed away at her daughter's home in Amarillo. Funeral services were conducted by Rev. Foster at the Assembly of God Church on North East 8th Street at 1:30 on Tuesday afternoon in Amarillo. Those from Cedar Hill attending were: Mr. and Mrs. J. Cephus Fortenberry, Mr. and Mrs. R. T. Fortenberry, Mr. and Mrs. J. C. Fortenberry, Mr. and Mrs. Joe Fortenberry, Mr. and Mrs. Garland Tucker, Mr. and Mrs. C. F. Lemons and son, Phil and Mr. and Mrs. J. R. Kelley. Mr. Fortenberry and family have been long time residents of Cedar Hill, but have lived in Adrian for several years.

Tom Fortenberry, Hospitalized
Tom B. Fortenberry became ill at noon Tuesday and was taken to the hospital seriously ill at 2 a. m. on Wednesday morning. He is in the Lockney General Hospital. His daughter, Mr. and Mrs. M. L. Boone of Childress came to be with him during his illness.

FRIED TOMATOES

Fried tomatoes are a delicious accompaniment to any meal. Use only ripe but firm tomatoes for best results. Cut into thick slices, dip in seasoned flour and chill thoroughly for several hours in your refrigerator before cooking. Fry with butter or bacon fat in a skillet over the direct flame of the top burner. Use a pancake turner to brown on both sides. Serve with the main dinner course, or as a luncheon treat.

Little Adrian Blanchard, daughter of Mr. and Mrs. Doc Blanchard of Lubbock is visiting in the home of her grandfather, B. A. Thomas.

Beard Hospitalized
Beard became very ill last week and was taken to the Peoples where she stayed for treatment until Monday.

Welch of Flomot
Mrs. J. R. Kelley, Mrs. Allen Stone and Blenda and Marcia of Saturday and Sunday. Mrs. Stone's brother, Floyd and family.

LOCKNEY REAL ESTATE CO.

A. R. MERIWETHER Baker Hotel E. R. HARRIS

THIS FARM HOME, published in Handley Shop & Pump Co. advertisement last week was quickly identified by a number of people as that of Mr. and Mrs. Marvin C. Scheele in the Providence community. Mrs. Ted Boedeker was the first to name the farm and won two tickets to the Plains Theatre or Seale Drive In, compliments of J. B. Seale, manager.

The Scheele farm is located a mile north and a quarter mile west of Providence on Route 1 out of Lockney. Mr.

own and 160 acres belonging to his father, Rudolph Scheele of McGregor. They have lived on the farm since 1924 and have two irrigation wells. Recent changes on the farm include the erection of a Relco barn, 60x64 feet. It is not shown in this picture, having just been built.

Mr. Scheele says he is not a cotton farmer. He farms wheat grain sorghums and alfalfa and also raises livestock, hogs and cattle. His cattle are the Black Angus breed.

Mrs. Scheele, whose given name is Hattie, helps her husband on the farm. The couple were married March 22, 1922. They have three daughters, Mrs. Frances Collins of Border, Mrs. Mildred Faver of Plainview, Marie Scheele, who lives at home, and one son, Albert Scheele also of the Providence community.

Watch for another mystery farm picture in Handley Shop & Pump Company advertisement next week.

NEW ARRIVAL

Mr. and Mrs. Chester Maxey of Crosbyton are parents of a baby born October 2 at the Crosbyton hospital. Mrs. Maxey is the former Thelma Zimmerman, daughter of Mrs. T. F. Anderson of Lockney. Mrs. Zimmerman and her baby are here with her mother for a few days. The new arrival has been named Wilson Dee. The couple have an older daughter, Judy Ann, age 2.

DISTRICT MEETING HELD

Dr. A. E. Hewitt of Lockney attended a district 3 meeting of the Texas Chiropractic Association held at the Hilton Hotel in Plainview last Sunday. Luncheon was at 12:30 and a business meeting followed. About 50 chiropractors and members of their families were present. Members in District 2 were guests at the meeting. Speakers were E. E. Hartong of San Antonio and past president J. L. Shipman.

Mr. and Mrs. Ray Pinner spent Tuesday on business in Sudan, Texas.

George Sand said, "When tempted, yield at once, and save yourself the struggle."

United States postal money orders were first issued during the Civil War.

Kerosene replaced whale oil as a means of illumination.

MERIWETHER VISITORS

Visitors in the home of Mr. and Mrs. A. R. Meriwether this week are Mrs. Meriwether's aunt and uncle, Mr. and Mrs. Edd Dodd from Norwalk, California, and her sister, Mrs. Mable Baker of Glendora, California. They are also visiting Mrs. N. C. Dagley, mother of Mrs. Meriwether and Mrs. Baker, who fell Saturday of last week and is convalescing from injuries in the Meriwether home. Mr. Meriwether is also convalescing as a result of a recent heart attack.

IN AUTO ACCIDENT

Ronald Ellis White, grandson of Mr. and Mrs. G. B. Aycock and nephew of Mrs. Fred Paschal of Lockney, received a broken jaw in an auto accident which occurred Saturday night near Kileen, Texas. He is the son of Mrs. O. B. Jones of Floydada. White is stationed at Fort Hood.

Visitors over the week end in the W. R. Hartley home included Mr. and Mrs. T. L. Jameson from Amarillo and Mr. and Mrs. Ernest Ebeling of Whitfield community.

Mr. and Mrs. Frank Perkins spent Tuesday in Amarillo.

England's sea power came into being with the defeat of the Spanish Armada.

George Washington laid the corner stone of the White House.

DEAD ON YOUR FEET?

Do you suffer from fatigue, nervousness, poor appetite, digestive upsets, insomnia, constipation?

These symptoms if due to a vitamin deficiency occur only when daily intake of vitamins B1, B2, and niacin is less than minimum daily requirements over a prolonged period. In these cases, they do not prove a dietary deficiency as they may have other causes or be due to functional conditions.

The basic cause of your trouble may be iron-and-vitamin starvation over a prolonged period. BEXEL, the Special high-potency Formula, supplies supplementary quantities of iron for rich red blood . . . pouring new strength and energy into your entire body. Each wonder-working BEXEL capsule gives you more than 5 times the daily minimum requirements of blood-building iron; more than the daily minimum requirements of all the essential B-vitamins plus Vitamin B12 plus trace minerals.

For quick energy and a glorious new zest for living, get BEXEL Special Formula capsules — now at all drug stores.

MONEY BACK GUARANTEE
 If you don't feel noticeably better after your very first bottle of BEXEL!

PROVIDENCE NEWS

By Mrs. Wilfred Stoerner

What a man learns after he thinks he knows it all is what really counts.

Rev. H. L. Anderson Appears On Radio

Rev. H. L. Anderson appeared on the Floydada radio station Friday afternoon. The topic he spoke on "My County Library Helps Build Character." The thirty minute program on behalf of Floyd County Library was filled with illustrations of the good a county library does. He encouraged everyone to make use of this worthwhile institution, our county library. We hope he will make more such personal appearances.

Jerry Barlow and sons of Childress visited Mr. and Mrs. Arnold Dietrich Sunday.

Mr. and Mrs. Randell Collis are the proud parents of a baby boy.

American Legion And V. F. W. Share Honors In Winning Fair Float

The American Legion and V. F. W. Post's of Plainview won first place honors on their float entered in the fair parade in Plainview.

The winning float depicted the scene of gone or departed soldier. A four foot white wooden cross headed the grave. A wreath made of the Veteran red Poppies lay at the head of the grave. Six color guards with rifles formed honor guards. A bugler blew Taps. Mr. Wilfred Stoerner, Chaplain of Legion stood at head of grave holding a White Bible. The words on either side "Lest we forget." A group of stacked rifles with the soldiers helmet hanging atop the rifles added to the float. May we pray for continued peace. The words "Lest we forget" should not be forgotten.

Mr. Clyde Stewart Passes

Mr. Clyde Stewart passed away suddenly last week. He died of a heart attack. The family was attending a funeral of his wife

relative when he was stricken. He was buried at Whitewright, Texas. He was employed by Mr. Street. A free will offering was taken for his widow and three children by the P. T. A. of Providence and Trinity Lutheran Church.

Sunday dinner guests at the A. D. Schaffner home Sunday were Mr. and Mrs. Pete Schaffner and daughter, Mr. and Mrs. Curtis Bredger and family of Wilson, Texas. Calling in the afternoon were Mr. and Mrs. Ben Brandes, Mr. and Mrs. Wilfred Stoerner.

Sunday dinner guests in the home of Rev. and Mrs. H. L. Anderson Sunday were Mr. and Mrs. Werner Tagerman, Mr. and Mrs. Louis Anderson and family of Lubbock.

The following attended the Texas Tech-Texas Aggie football game Saturday night: Mr. and Mrs. Albert Scheele, Mr. and Mrs. Helmut Quebe, Mr. and Mrs. Robert Payne, Rev. and Mrs. H. L. Anderson.

Sunday School Officers Elected

Sunday the members of Trinity Sunday School elected the following officers for 1954: Sunday School Superintendent, Mr. Jack Favors; Sunday School Treasurer, Mr. Melvin Kelm; Sunday School Secretary, Mrs. Wilfred Stoerner.

TWO'S A FAMILY

It's a mistake to assume that when the children marry, dad and mother can scale their household equipment down to their personal needs. Any time the young people come home for a visit, mother actually needs more top burners on her range, more refrigerator storage space and a larger work area than she did before each of her children turned into a family. This may be one of the reasons that ranges with five, six and even eight top burners are in heavy demand, as it's usually when every burner is in use that the visiting grandchild's bottle and jars of baby food must be heated.

Wind must travel at least a mile a minute to be a hurricane.

General John J. Pershing was once governor of the Philippines.

During the first year of a child's life he grows more rapidly than at any other time.

Mahon Talks On Cotton Acreage

Congressman George Mahon reports that many cotton farmers have expressed concern over the anticipated impact of the cotton acreage control program which is expected next year. Mahon has issued the following statement on the situation:

"I think the concern over the administration of the anticipated cotton acreage control program is well founded. The principal difficulty arises over the question of what weight should be given to the drought in making allotments. But aside from the drought many difficulties are in prospect.

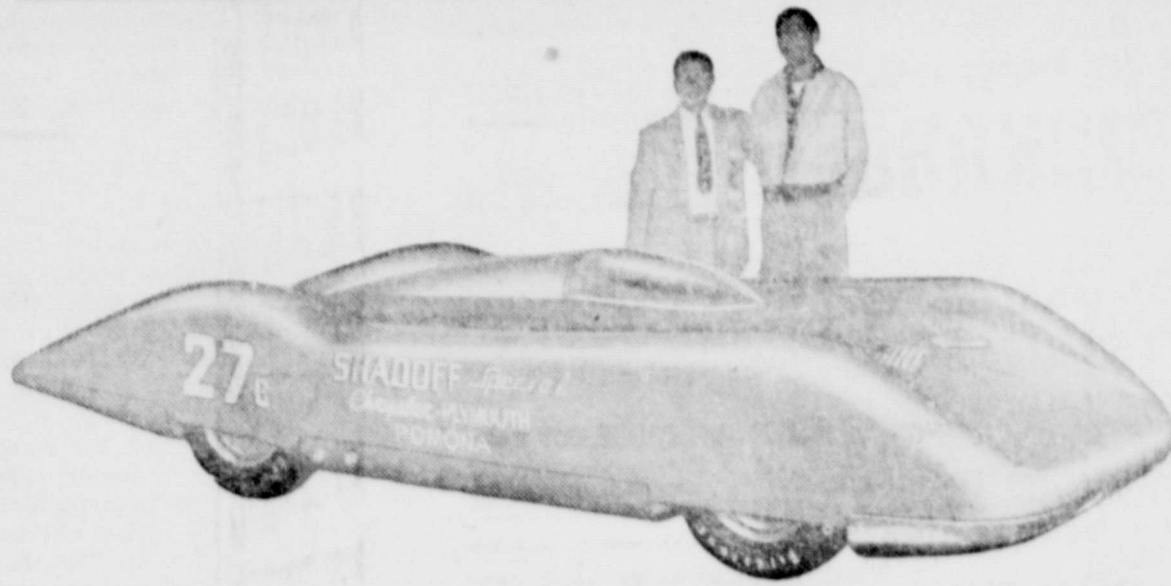

Congress provided in the law that abnormal weather conditions must be taken into account in arriving at allotments. I joined other Texans in urging that land prepared for planting to cotton this year should be measured on individual farms and fully considered. PMA officials in Washington rejected this request as being impractical but maintained that when state allotments were granted drought conditions would be taken into account. But my fear is that

drought conditions will not be ADEQUATELY taken into account. I feel that there ought to be an accurate record of all acreage planted to cotton, all acreage prepared for planting to cotton but not planted or which may have been subsequently planted to a cover crop of feed or otherwise. Upon that basis reasonably fair allotments could be made. Likewise it is important that the effect of the drought be considered for the previous dry years included in the base period.

It is true that cotton acreage in 1953 will not be considered in arriving at allotments for 1954 but the year 1953 will be taken into account fully in following years and the matter is of the greatest importance. If we have an acreage control program in 1954, the county allotments will be based upon the previous three year period, excluding 1953.

I am advised that the county PMA officials have considerable information on hand in regard to the facts of the situation and I have again addressed a further appeal to PMA officials in Washington and College Station, urging that the true facts be ascertained and taken into consideration in any future control programs. I have pointed out that

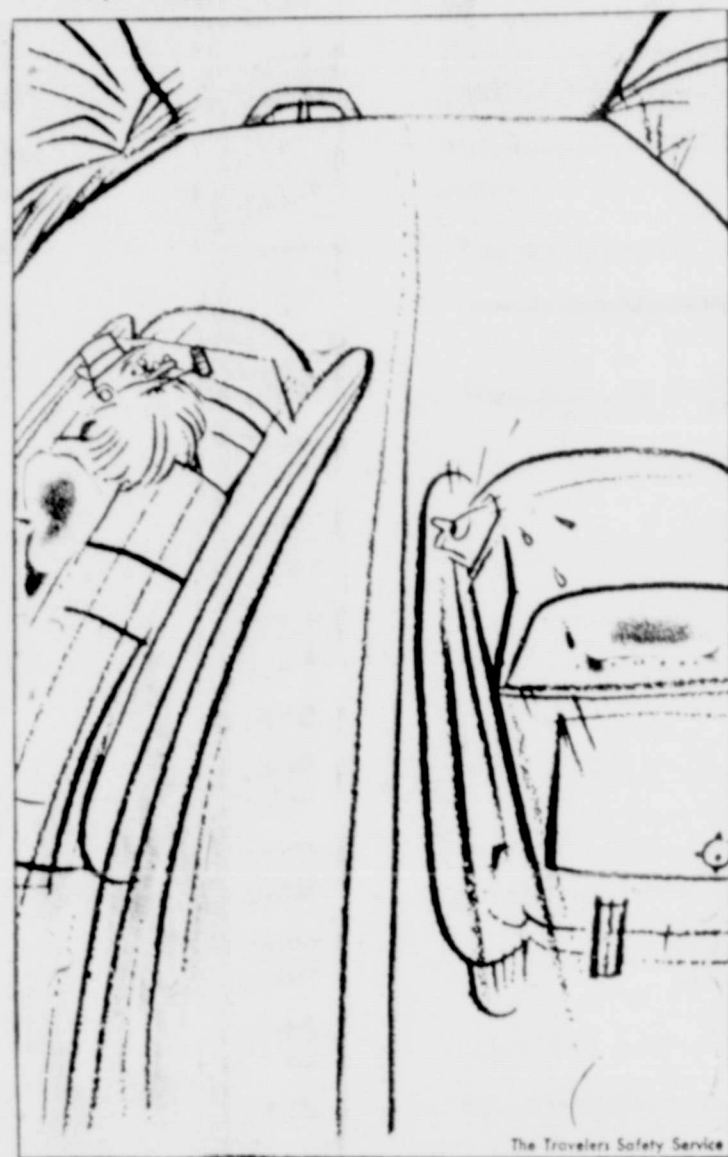

CHRYSLER RACER SETS WORLD RECORDS

This Shadoff Special, powered by a modified Chrysler FirePower V-8 engine, recently set 12 class C speed and endurance records at Bonneville, Utah, including a new flying-mile record of 236.3 miles per hour. Six of the records are international marks. The car, sponsored by Pomona, California dealer Bill Shadoff (at left) and owned, designed and driven by Mal Hooper (right) of Los Angeles, turns up 6,000 r.p.m. with a 12.5 to 1 compression ratio. It weighs 1,800 lbs. and is 39 inches high and 56 inches wide.

Who, ME?

by Robert Osborn

Drivers with at least one year's experience caused 98 per cent of last year's accidents. Only YOU can prevent traffic accidents!

several hundred thousand acres of cotton land are involved in this problem and the welfare of thousands of cotton farmers.

Recently I have suggested to county officials of the PMA that if possible they take the initiative in certifying to the State Office a figure which includes actual cotton acreage plus acreage which would have been planted except for abnormal weather conditions.

The first United States Census was taken in 1790.

Sardines are young herring.

Irrigation In Texas Is 400 Years Old

Austin. — Almost every Texas crop is grown under irrigation in some parts of the state, and usually with improved yields, a University of Texas resources researcher declares in the current issue of Texas Business Review.

Cotton, the top irrigated crop, occupies about 1 million acres of water-fed Texas fields, Richard P. Brenneman reports in an article in the University's Bureau of Business Research monthly publication.

Irrigation has been practiced

in Texas for at least 400 years. Brenneman points out. Coronado reported that Indians were irrigating crops near the present city of El Paso when he arrived there in 1541, and evidence that irrigation existed long before this has been found in the Trans-Pecos area.

The San Antonio River supplied water for fields along its course as early as 1716, and the San Saba River by 1756, Brenneman relates. Anglo-Americans first developed agricultural irrigation in 1853 near the present town of Balmorhea, still a center of irrigation. From there, irrigation spread to the Rio Grande Valley and, slowly, to other parts of the state.

The past decade has seen tremendous growth in Texas irrigation, Brenneman says. Irrigated acreage has spread from barely more than 1 million acres in 1940 to some 3.5 million acres today. Over the same period, capital investment in irrigation works and water rights has soared from \$66 million to at least \$150 million, the researcher reports.

Draft Classifications Are Not Permanent

(Article 7 of a series)

When a man is classified by the draft board, that classification is not permanent. It may be changed when the man's status changes.

Each classified man and each person who has filed a request for the man's deferment must report to the local board in writing any fact that might result in the man's being placed in a different classification. This must be done within 10 days after the change occurs.

Employers may be required to furnish information under the law, and police officials or other agencies may be requested to make investigations.

The local board may reopen and consider a new classification of a man (1) upon his written request, (2) written request of a person who claims to be his dependent, or (3) any person who has on file a written request for the man's occupational deferment. This can be done, provided such request for reopening is accompanied by written facts

not considered when the man was first classified, which, if true, would justify a change in his classification.

Draft regulations say that the "classification of a registrant shall not be reopened after the local board has mailed to such registrant an order to report for induction, unless the local board first specifically finds there has been a change in the registrant's status resulting from circumstances over which the registrant had no control."

Brig. Gen. Paul L. Wakefield, state draft director, points to

two things which may result in a man beyond (1) a serious accident, death of his father, or his becoming head of a family.

The local board may reopen a case at request of the national director of Selective Service must cancel any order for induction, if that is the case.

Congressmen are by law to attend Congress.
