Basketballers To Travel To Tulia And Muleshoe

Lockney High basketball teams will play two crucial games the coming week, both away from home. On Friday night the teams go to Tulia and on next Tuesday night they travel to Muleshoe. The games will be particularly crucial to the Longhornettes who have lost only one game in district play and that to Muleshoe girls. The Muleshoe girls haven't lost a game as yet.

It is probably that three games will be played each night with the Longhorn B team playing the first game. The games will start at 6:30 p. m.

In playing here some two weeks ago the Longhornettes lead the Muleshoe girls all the way until the last ten seconds of the game when a field goal for Muleshoe won the game for them. The Longhorns won over the Muleshoe Mules in a hotly contested and rough game. So the Mules will probably be looking for revenge as will the Longhornettes.

The Longhornettes should win over the Tulia girls on Friday night but may have trouble with them.

Girls Win Two
In the last week the local girls have won two games, the Longhorn A team and B team lost one each and the Freshman team lost one all to Floydada teams.

In the B squad game at Floydada last Friday night, the Longhorns lost 47 to 37. Jay Kemp and Duane Meriwether tied for high point honors with 11 each, while Watts had 12 for Floydada.

In the girls game the Longhornettes won over the Floydada girls 59 to 43. They jumped into a quick lead and were never headed. Nell Cunyus had 37 points for the local girls while Johnson had 32 for the Floydada team.

In the boys A game, the half time score was 30-30 but the Whirlwinds pulled ahead in the third quarter and won 66 to 50. Buck Ford was high point man for the Longhorns with 13 points. Freddie Merrell made 12 and Marion Cross made 10 for the Longhorns. Norman made 22 for the Whirlwinds.

On Tuesday night the Longhornettes had a very easy time, defeating the Littlefield girls 54 to 22. The Lamb County girls were never able to score consistently against the strong Longhornette guards. Nell Cunyus made 24 points and Kittle Ford made 14 for the local team. Several of the Littlefield girls made 4 points each.

The Freshman boys game with the Floydada freshman was a big disappointment to local fans. The local boys jumped into a big lead and were ahead 24 to 12 at the half time period. But they cooled off and made only 4 points, one field goal and two free throws during the entire last half, losing the game 32 to 28. Johnnie Hanst made 10 for the local team.

Angus Breeders Will Meet Again Feb. 10

Floyd County Black Angus breeders will meet again on Thursday evening, February 10 at 8 p. m. at the Lockney High School agriculture building to complete a county organization, Herman Thornton said this week.

The group held one previous meeting at which 15 or 20 breeders were present. They will seek to enlist all breeders in the county, both commercial and registered, at the Feb. 10 meeting.

REcuperating

Mrs. W. B. Mullins of Sterley is convalescing at her home from a major operation performed recently in Lockney General Hospital. She was able to leave the hospital Saturday morning about 11 o'clock. Her recent out-of-town visitors included Mr. and Mrs. James Mullins, Pampa; Mr. and Mrs. Wayne Mullins Jr., Brownfield; Mr. and Mrs. James Bryant, Abilene.

MRS. ROBERT CROSS of Anson will speak here Tuesday.

Dist. President PTA To Speak

Mrs. Robert W. Cross, president of Fourteenth District Texas Parent-Teacher Association will be the speaker for a meeting of the local organization on February 8 at 7:30 in the high school auditorium. The program promises to be most interesting and informative and it is a rare privilege to have the district president as guest. The occasion will also be of special interest since this is the date set to observe Founders Day.

Members of Parent-Teacher Associations in the surrounding territory are invited to be present for this meeting, according to Mrs. Bob Miller, president. All parents, teachers and other interested persons are cordially invited.

Rev. Virgil C. Sparks will give the devotional for the program and the sixth grade will present musical numbers. Mrs. Frank Hawkins is chairman of the Founders Day committee and will have charge of serving refreshments marking the occasion.

Let Contract On Feeder Lines

At a meeting of the directors of the Lone Prairie Gas Association on Monday night, contracts were let to the Pioneer Tubing Corporation of Lubbock for construction of all feeder lines covering the association's territory in north Floyd County. In addition the directors placed an order with Continental Can Company for 105 miles of plastic pipe to be used in the lines.

The laying of the feeder lines is expected to begin next week, according to Charlie Boedeker, president of the association. The Pioneer Gas Company will begin laying of the main lines as soon as easements can be secured for right-of-way. Considerable work remains to be done on this, he said.

The directors also decided that no more wells would be accepted into the association for the average price if they were more than 1/2 mile from the main or proposed feeder lines. Mr. Boedeker said, unless the patron agreed to pay the additional cost over the one-half mile. No wells will be accepted into the association after this week for the average price regardless of distance from main or proposed feeder lines unless patron agrees to pay additional expense above average price necessary for such connection, Mr. Boedeker said.

John Hodel in Plainview Hospital

John Hodel of Lockney is in the Plainview Hospital where his condition was reported to be much better Tuesday. He entered the hospital last Friday and was very ill for several days.

TO GALVESTON

Mr. and Mrs. Kelson Shaw are visiting her father, R. E. Patterson in Galveston this week. Mr. Patterson is in John Sealy hospital where he is receiving treatment for an asthmatic condition. He was reported to be somewhat improved.

United Chest Drive Gets Over

The Floyd County United Chest drive went over the necessary amount to take care of all charitable organizations and pay expense of the drive the past week, according to a report from Jimmy Willson, secretary of the county organization. Total amount subscribed to the County Chest was \$12,072.63. Of this amount \$4,028.12 is in the bank at Lockney and \$8,043.91 is in the bank at Floydada.

A meeting will be held of the officers and directors in Floydada this (Thursday) evening to wind up the affairs for the season and authorize payment of bills. Attending the meeting from this area will be Charlie Andrews, R. L. Lewis, Willis Reynolds, Fay Pinner, Dwight Jackson, Earl Minter, Mrs. E. J. Foster and possibly other directors.

The chest budget called for some \$15,000 originally with a good part of this being a surplus to take care of unforeseen needs. However, requests from the six institutions represented in the drive totaled slightly over \$11,000 and expenses of the drive were estimated at \$300. Organizations who will receive funds from the drive are Red Cross, Boy Scouts, Heart Fund, Salvation Army, Cancer Fund and the USO. In addition directors planned to use some money to finance Girl Scout work in the county if it was available, it was said.

Chest officials were well pleased with the drive although it didn't reach the goal. They expressed the opinion that the drive did well for the first year and indicate that they expected to do better next year.

2450 Poll Taxes Paid In County

Floyd County citizens paid only 2450 poll taxes up to February 1. Tax Collector T. T. Hamilton said Wednesday. This is some 600 less than average for an off-year election. Exemptions totaled 29 for a total of 2479.

Mr. Hamilton waged a campaign all the month of January endeavoring to get poll taxes paid. He said that a last minute rush brought in 301 polls on Monday, January 31 to about 4:30 p. m. He stayed at the office until 12 midnight and issued 13 more.

94.34% Taxes Paid

Mr. Hamilton said that to February 1, Floyd County property owners had paid 94.34% of taxes assessed. This is the best record the county has had on tax collections in recent years with the exception of 1952. In that year 97 1/2% of the assessed taxes were paid by June 30.

Relatives Here For Funeral

Near relatives here for the funeral of A. R. Meriwether Saturday afternoon included Mrs. Osburne McCollum, Amarillo; Mrs. John Kirshe, San Antonio; Mr. and Mrs. Alva McCollum, Kress; Mrs. Pearl Hill, Wichita Falls; Mr. and Mrs. Barlow Hill, Ft. Reports Are Favorable On Manufacturing Plant Here

PAUL MENDOZA will be the minister of a mission to open here Sunday.

Mexican Mission Will Open Sunday

A mission for Spanish-speaking people will hold its first services at the City Auditorium here Sunday and a special service will be held during the afternoon, according to Guillermo Benites, who is planning the meetings. The name of the mission will be Emmanuel Baptist Mission and it is being sponsored by the First Baptist Church of Lockney.

The mission came out of a recent survey by the local church in which more than 200 Spanish-speaking people indicated an interest in attending the services here. Rev. R. E. Wiley, local Baptist pastor said.

Leading the mission will be Paul Mendoza of Springlake, who was recently employed for the work by the local Baptist church.

Regular services will be held each Sunday as follows:

- Sunday school, 9:45 a. m.
- Worship service, 11:00 a. m.
- Training Union, 6:30 p. m.
- Preaching service, 7:30 p. m.
- Prayer meeting, Thursday at 7 p. m.

A special opening service for the mission will be held Sunday afternoon at 3 o'clock with ministers or representatives from 12 Latin-American Baptist Missions over the plains being present. Also representatives of the First Baptist Church here will also be on hand to help.

The mission will operate under the supervision of a Mexican mission committee from the First Baptist Church composed of Frank Brown, N. S. Abbott, Buck Kellison and Mrs. Hilburn Casey.

Brother Of E. C. Durham Dies

Thos. L. Durham, brother to E. C. Durham of Lockney, passed away at his home in Wichita Falls suddenly Saturday evening of last week. Mr. Durham had been feeling badly all week but his condition was not believed to be serious.

Funeral services were held at a funeral parlor in Wichita Falls Monday at 1 p. m. Burial was in the cemetery at German, Texas. Attending the services from Lockney were Mr. and Mrs. E. C. Durham, Mr. and Mrs. LeRoy Durham and family, Mr. and Mrs. Charlie Dillard, Bob Dillard, Mr. and Mrs. H. F. Kidd.

E. D. Teuton Is Critically Ill

E. D. Teuton, Lockney resident, is in the St. Anthony Hospital at Amarillo in a critical condition, relatives said Wednesday. Mr. Teuton has been in ill health for several years. Recently he has been in a convalescent home in Amarillo and he suffered a stroke there Sunday and was carried to the hospital. Attending physicians hold little hope for his recovery.

March Of Dimes Goal In Sight

With \$4622.26 in the banks at Lockney and Floydada, the March of Dimes goal of \$5,000 is in sight. Chairman Barry Barker said Wednesday. He reported \$2,089.58 in the First National Bank here and \$2,372.68 in the bank at Floydada as of Wednesday morning.

Yet to come are receipts from the test tube coin collectors over the county as well as the big dime cards that are scattered about. In addition there will probably be additional reports from communities who haven't reported in whose drive hasn't been completed, Barry said. These will surely be enough to push the total past the \$5,000 mark.

The test tube coin collectors will be left out through this week and other contributions will be received until next Monday morning, he said. The Lubbock TV station will be held this Saturday night and this is the reason for extending the Floyd County drive through the week.

Contributions from various sources have been received the past week. These include \$233.97 from the Mothers March on Monday night, put on by the B&PW Club, \$11.73 from the Mother Goose school here, \$115.60 from the Pleasant Valley community, where Mrs. Forrest Mickey was chairman and Mrs. Ray Aston her assistant, \$117.50 from Sterling where C. L. Henderson and Jim Bert Bobbitt were chairman, and \$75.55 from Cedar Hill where Bob Dillard was chairman. In addition partial reports from Lone Star showed \$29.39 and \$5.00 from Providence.

Other communities have completed their drives in previous weeks.

Scholastics Show Big Increase

Scholastics enumerated in the Lockney Independent School District during the month of January totaled 917, Supt. W. C. Irons said Wednesday. Of this number 875 are white students and 42 are colored. There is a probability that several more will be found when the list is checked against last year's enrollment.

The net scholastic enumeration last year was 848, Mr. Irons said with 827 being white and 21 colored. This shows a net gain this year so far of 69.

Mr. Irons emphasized the importance of every child of school age being enumerated and asked anyone living in the district on Feb. 1 and having children of school age who haven't been enumerated to call the school or come by and enumerate them. This is doubly important on children who will be six years of age on September 1, this year and will attend school for the first time next term.

Mrs. Naylor Named School Tax Collector

Mrs. Eileen Naylor, receptionist at the Lockney General Hospital for the past two years, was named assessor-collector of taxes for the Lockney Independent School District in a meeting of the trustees of the district last Monday night. She will replace Mrs. V. E. Spears who resigned recently effective March 1.

Mrs. Naylor will begin work at the school tax office Feb. 15 working with Mrs. Spears, the latter part of the month. The tax office is in the high school building.

Mr. and Mrs. Spears recently purchased a small farm near Lampassas and will move there about March 1.

Lockney may be the site of a plastic pipe manufacturing plant soon if efforts of local citizens this week bear the expected fruit. The manufacturing company is the Continental Can Company and two representatives of that company have spent several days here the past week investigating the possibilities of locating a plant here. Chamber of Commerce officials have spent considerable time with them in showing them the area, local plant possibilities and the need for their pipe in this area.

M. W. Wiley, president of the First National Bank here, made the first contact with Dick Ford, a representative of the company at a meeting of the Lone Prairie Gas Association at Prairie Chapel last week. He approached Mr. Ford concerning the location of the plant here and Mr. Ford called in Frank Halverston, research engineer for the company from Chicago. Mr. Halverston arrived Thursday and stayed in this area through Monday night. The two men attended a meeting of the Chamber of Commerce and Lions Club Monday night at the grade school cafeteria and discussed the proposed plant.

Mr. Halverston said that he would propose to the company that they place three extruders, or pipe making machines here. These would employ about 25 people on a three shifts per day basis. The Chamber of Commerce officials agreed to try to secure the city auditorium for the company as a temporary building. If the plant is located here and works out a modern building will be built by the company, Mr. Halverston said.

Both company representatives were favorable to the location here. Mr. Wiley said and said that they would recommend such location to the company at a meeting in the main office in Chicago Wednesday of this week.

Telephone calls to the company officials in Chicago early in the week informed them of their representatives' interest in this location, it was said. They said it was possible for them to have three machines set up here and in operation within three or four weeks, considering that the building was available.

At the Monday night meeting Mr. Halverston said that the plant would have no odors and no objectional noise when in operation. They said that the plant was sanitary and clean, and would not be an offense in any way to the community.

The pipe is used principally for gas feeder lines for irrigation wells. The Lone Prairie Gas Association of this county placed an order with the company for 105 miles of the pipe Monday night.

Chamber of Commerce president Bob Miller presided at the Monday night meeting. During the meeting the proposition of employing a manager for the local Chamber was broached and favorable reaction was received from the group. Bob will appoint a committee to go into the matter further, he said. About 60 business men and farmers were present at the meeting.

Trinity Lutheran Church

H. L. Anderson Pastor

Sunday, Jan. 30th: Sunday School and divine services were well attended Sunday. We are indeed grateful for our fine attendances. An unusual sermon, "Would I Rob God" was forceful and very inspirational to all attending. A lesson in faith and believing was very well illustrated by Rev. Anderson. The pastor announced he had something to give away, no strings attached. He gave the plea several times. Usually coming forward to receive their gift were four children and one adult. The gift a silver dollar to each. In our faith so weak in other words let us remember never to doubt our Saviour's word, even if we doubt our fellow men.

The evening service emphasized Christian education. The film "A Job For Bob" was shown. The

collection will be placed into the scholarship fund of the congregation for encouraging and aiding our youth to enter the full time work of the church.

How To File Your 1954 Return

Who Must File
Every citizen or resident of the United States, whether an adult or minor, who had \$600.00 (\$1200.00 if 65 years of age or over) or more of gross income in 1954 must file an income tax return on Form 1040 or 1040A.

Most of your tax is withheld from your wages every payday or paid on Declaration of Estimated tax every quarter. However, the law requires you to file an annual return to determine whether you owe more or you should get a refund.

When To File
Your income tax return should be filed between January 3 and April 15, 1955, and not later than April 15, 1955. Try to avoid the last-minute rush. Those few individuals who keep books on a fiscal year basis, must file by the fifteenth day of the fourth month after the close of their taxable year.

How To Pay
Any balance of tax shown to be due in item 13, Page 1, of your return on Form 1040 must be paid in full with your return. You may pay cash or by check or money order. Checks or money orders should be made payable to "District Director, Internal Revenue Service."

How To Sign
You have not filed a legal return unless you sign it. If you and your wife are filing a joint

return, both of you must sign the return. You do not need to have your return notarized since your signature has the same legal effect as swearing to the truthfulness of your return.

Where To Get Forms And Help

As far as practical, the District Director mails forms, directly to taxpayers. If you need additional forms, you can get them from your District Director's office, and also at most banks and post offices. Many employers also keep forms for the convenience of employees. The address of your District Director of Internal Revenue is 2101 Pacific Avenue, Dallas, Texas. The address of the nearest Internal Revenue Service office is 2nd Floor, U. S. Postoffice Building, Plainview. The telephone number is 4-5915. After reading the instructions, you should be able to prepare your own return, unless you have complicated problems. If you do need help, you can get it at your District Director's office. A more detailed publication entitled, "Your Federal Income Tax" may be obtained for 25 cents from the Superintendent of Documents, Government Printing Office, Washington 25, D. C.

Mr. and Mrs. Arvin Huskey and children of Amarillo and Mr. and Mrs. Aubrey Crisp and children of Lubbock spent Saturday night and Sunday here with Mr. and Mrs. H. B. Sparkman and Frankie Sue.

LETTERS TO THE EDITOR

January 25, 1955.

Dear Mr. Hays:

How is everyone around Lockney? As for myself I am making out just fine. I want to thank you very much for the paper. It sure is good to be able to read the paper from your home town especially when you are so far away.

Boy it really helps out. Well I want to thank you once more for the paper and hope this finds you and your family in good health. Well I guess I had better close for this time as I have a lot of work to do. Thank you a million.

Mr. and Mrs. Tony Lundgrin of Amarillo spent last week end here with her mother, Mrs. Conde Davis.

house pictured above is the THIS ONE fooled a lot of people because a large front room has been added to the house since the picture was made. It is the hired hand's house on the Leslie Ferguson farm, five miles north of Lockney. The fence shown in the picture has also been removed. First person to correctly identify the house was Hilburn Casey. Mrs. Marvin Cox and Jean Willis also identified the farm house.

This house is the old W. A.

Cooper home. Leslie bought the 110 acre Cooper farm six years ago from Mrs. Cooper and added it to his farm on the west giving him 320 acres in all in this place. He and his father, Carl Ferguson, who lives just northwest of Lockney, farm 700 acres together with five irrigation wells. Cotton was the principal crop on the farm until crop allotments came along. Now grain sorghums and wheat are planted. Present occupant of the farm Thurman Deas family. Mr. and

Mrs. Deas and their children just moved to this area from Yantis, Texas about a month ago. He is working for the Fergusons on a full year basis.

The Deas have five children as follows: Jerry, age 11, Patricia, age 9, Tommy, age 7, Mike, age 5, and Earline, age 2. They are members of the First Baptist Church.

College Students Here Over Week End

Students here from Texas Tech during last week end included Royce Vernon and family, June Pigg, Sandra Myers, Jerry Ford, Ann Belt, Barbara and Ted Carthel, Frances Copeland, Jimmy Myers, Billy McAda and Donald Allison. Sue wofford of Abilene Christian College, Betty Johnson and Orland Gilbert of McMurry, Abilene; Harleen Workman of Texas State College for Women, Denton; Eddie Joe Foster and Billy Norton Baker both of S. M. U., Dallas; Jerry Irons of E. T. S. T. C., Commerce, and Betty Vernon, student nurse of Fort Worth were all at home during last week end.

HERE FROM OKLA.
Visitors in the home of Rev. and Mrs. R. E. Wiley Saturday night and Sunday were Mr. and Mrs. Claude Bath and daughter, Miss Patty Bath and Howard Mickey, all of Cordell, Okla. Miss Bath was music secretary of the First Baptist Church at Cordell while Rev. Wiley was pastor there prior to coming to Lockney.

SANCTIFICATION
Sanctify means "to make holy" or "purify as from sin." This is a dictionary definition of the word and we shall see that God's definition is the same. Let us note first the word "purify." I Peter 1:22 "Seeing that you have purified your souls by obeying the truth . . ." Here we note that obedience to something is necessary in the purifying process and that something is the truth. Let this be remembered as we turn to John 17:17 "Sanctify them through thy truth: thy word is truth." Here we see that the truth sanctifies and that truth is the word of God. Thus, obedience to the word of God brings sanctification or purifying from sin. Now what obedience is involved in this process? In I Cor. 6:10, 11 we find our answer "Nor thieves, nor covetous, nor drunkards, nor revilers, nor extortioners, shall inherit the kingdom of God. And such were some of you; but ye are washed, but ye are sanctified, but ye are justified in the name of the Lord Jesus, and by the Spirit of our God." Note that washed, justified, and sanctified are used together and are the same process. Keeping this in mind and also remembering that sanctification is "purifying from sin," let us see if "washing" and "purifying from sin" are ever used together in God's word as an act of obedience to the truth. In Acts 22:16 Saul of Tarsus is commanded by the preacher Ananias "And now why tarriest thou? Arise and be baptized, and wash away thy sins, calling on the name of the Lord." Where did Ananias get such a command as this? Could it not be that he remembered the command of Jesus "He that believeth and is baptized shall be saved" (Mark 16:16), or the command of the Holy Spirit through Peter "Repent and be baptized everyone of you in the name of Jesus Christ for the remission of sins" (Acts 2:38). In Heb. 13:12 we find that we are sanctified by the blood of Jesus. That blood was shed in his death "Therefore we are buried with him by baptism into death: that like as Christ was raised up from the dead by the glory of the Father, even so we should rise to walk in newness of life" (Romans 6:4). —Selected.

Lantrip-Heck Vows Exchanged Saturday

Miss Ruth Lantrip, daughter of Mr. and Mrs. J. M. Lantrip of Lockney became the bride of John C. Heck, son of Mrs. Francis Heck of Reading, Pennsylvania in a ceremony performed Saturday at 7:00 o'clock in the sanctuary of First Methodist Church. Rev. Burgin Watkins read the double ring service before an altar decorated with arrangements of red roses and white carnations.

A prelude of organ music was offered by Mrs. Joe Holt who also accompanied Mrs. Fritz Schacht as she sang "The Lord's Prayer."

The bride was given in marriage by her brother, Shelley Lantrip of Lockney. For her wedding the bride chose a gown of candlelight illusion net and chantilly lace fashioned with a tight bodice and full skirt topped with a lace bolero designed with three-quarter length sleeves. She carried a colonial bouquet of white carnations.

Ernestine Spradlin, maid of honor, was dressed in pale blue taffeta and carried a colonial bouquet of pink carnations.

M-Sgt. Robert Hitchcock of Michigan served the groom as best man.

Mrs. Lantrip, mother of the bride was dressed in grey with black accessories and wore a corsage of pink carnations.

The bride is a graduate of East Texas State College Training School and holds a Masters Degree in Education from ETSTC, Commerce. She is a teacher at White Settlement Elementary school in Fort Worth. The bridegroom, a graduate of Reading, Pa. high school, is now serving in the Air Force at Carswell Air Force Base, Fort Worth where the couple will be at home.

A HISTORY MAKING ANNOUNCEMENT ON CANCER

A WIDE-OPEN FARM BUREAU ENROLLMENT FOR BLUE-CROSS, BLUE SHIELD, CANCER is the brand-new addition to that list of ten other dread diseases covered under the famous C I E, and available only through Texas Blue Cross, Blue Shield.

Blue Cross Hospitalization is the most Standard Group coverage on the American market. Today 84 Blue Cross plans serve over 46,000,000 American people, 862,233 in Texas alone. If you will ask the business Manager of any good hospital, what the best Hospital coverage you could buy would be, they will tell you, that the Group Hospital services are one of the most practical and dependable on the market. And that it would be an admittance fee to their hospital.

To Floyd County Farm Bureau members who are already using this service, there is this word of warning that the 10th of February is the deadline for adding the C I E coverage including Cancer to their policy, and get an effective coverage by April 1st, and there is no assurance that it can be secured at a later date.

To Farm Bureau members not using Blue Cross coverage, it is an opportunity to secure it with-out a six months waiting period, and we urge you to take advantage of this February 10th date. Farm Bureau is launching their membership campaign for this spring to begin February 14th, and they take this means to invite any farmer or rancher to join the organization and take advantage of this group coverage at this time. Not only hospitalization, but the many other services rendered by the organization, as well as the savings derived from the use of their legal reserve insurance; Life, Fire and Casualty, which pays a liberal dividend, such as a current 15% on Fire, 5 to 22% on Life, 50% on Auto and 40% on Farm Liability. 43-2c.

OPPORTUNITY KNOCKS BUT ONCE. is an old saying but, like other sayings, it has its exceptions. Lockney has had and continues to have opportunity to be a bigger, better town. Certainly it has grown considerably in the past few years. However it seems to us that future growth may depend upon how much the citizens of the town want it to grow and how hard they work at the job of making it grow. After all the co-operative effort of the citizenship does have considerable effect upon the growth of any given city. If we work together toward making our city a bigger and better place we are bound to have some results.

THE WEAKNESS of any co-operative effort, here or other places, is usually in the fact that not enough people take part in the effort. The Lockney Chamber of Commerce is now working on a project for the good of the city

It is one that will benefit all of us if it is put over. Every business man in town ought to be interested enough to get in and help with the project or any other project the Chamber sponsors. We need more workers and fewer critics in building this town. True that is a common problem in almost any town but it seems to us that it is more prevalent here. Let's all get to work and see how much we can do by working together.

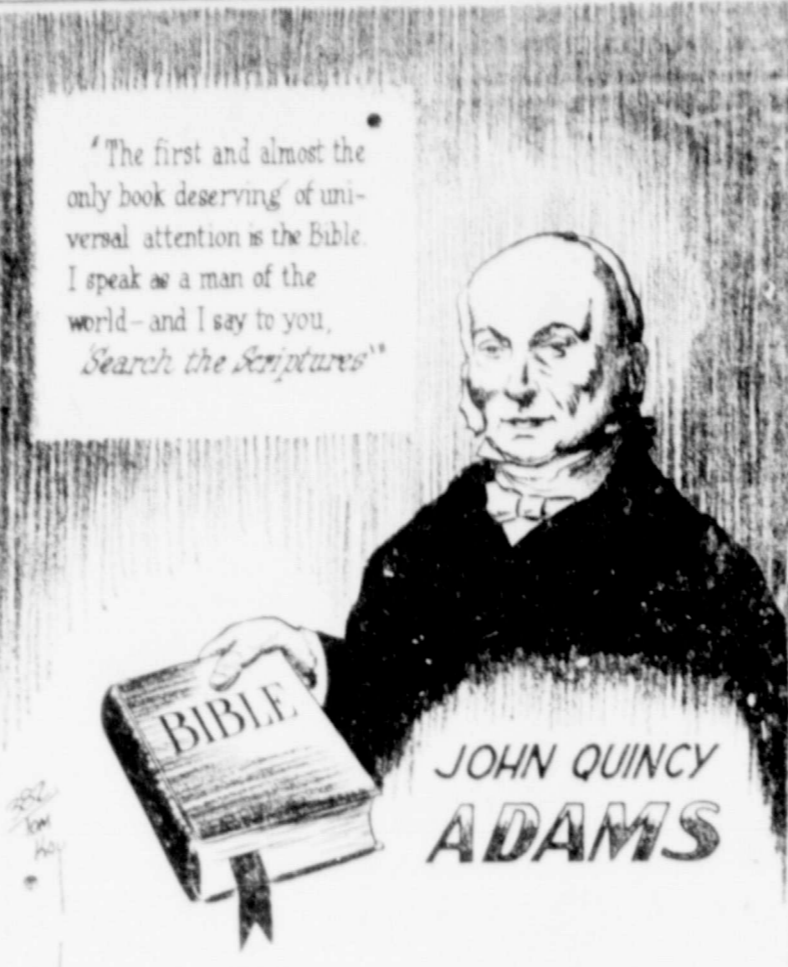

THERE HAS BEEN a mushrooming trend in recent years toward "creeping secrecy" in government — a feeling of public officials that the voters have no right to know exactly what is going on in the inner sanctum of the official group. Some political subdivisions handles hundreds of thousands of dollars of taxpayers money each year and never make any public statement whatever of how the money is spent. This is brought on by public indifference and this indifference has encouraged some officials to be even more secret in their handling of public affairs and funds. This sort of situation is what brings on loss of public funds through misappropriation. The Duval county mess was made possible because the official business of the county was never publicized.

WE KNOW OF NO situation in Floyd County that threatens the public good but such situation of even suspicious situations could well be avoided by all officials carefully publicizing their acts and expenditures. A good example was set recently by the Lockney Independent School District which published a complete financial statement for the past year. If anyone wanted to know how much money was spent for any fund they had but to read the newspaper. The minutes of the meetings of the board of trustees of the district are always open to the press and the press representative may read the proceedings at any time. Such an open and above board policy will build confidence in the minds of the people and head off all suspicions of "putting something over."

DOC ANKLAM says there are three kinds of people: The few who make things happen, the many who watch things happen and the big majority who have no idea what has happened.

ONE HAS TO PAY some attention to a woman's intuition or for that matter to anything else that is made up of faith, hope and inside information.

FOUL PROCEDURES

The Army's tact must be red. About Major Peress, you know Army Secretary finally had to shell out the facts about the fifth amendment guy who was hastily and honorably discharged with the routine promotion that goes with honorable discharge under present conditions. And for once Joe McCarthy had a measure of right on his side. But if Joe hadn't been the type to go berserk and flail about him at everybody, even to charging the President (Republican too) of leaning toward the Communists, he would have found more sympathetic listeners and more sober consideration of his charges. He might have had cooperation that would have allowed him to be useful to our country. But for our money not all of McCarthy's findings can excuse the foul nature of his procedures. — You Be The Judge in Crosbyton Review.

OUR SMALLER ARMY

President Eisenhower's proposal to cut down on standing army personnel by increasing

reserve strength. In our opinion appears to be an excellent answer to one of the United States' most pressing problems.

Changing conditions and new methods of warfare are one sound reason for such a program. Many people will recall how France drained their national treasury prior to World War II, in the training of men and maintenance of the famous Maginot Line. When the crisis came, however, Hitler's modern, new-fangled war machines moved through the defense like so much paper.

New atomic weapons indicate a complete revolution in warfare methods, along with a heavy emphasis on air force tactics. For this reason, President Eisenhower's plan on a marching army trained through reserve forces would appear feasible. In addition, it affords American youth a chance to pursue occupation and happiness along average channels.

The President's greatest experience and ability unquestionably points to the military field. Certainly there is no one in the United States more capable or qualified to guide the nation concerning future defense against warring nations. — Bedford Brand.

"SLEEPER" YEAR

Everyone remembers 1949 as the great year when the rains came in quantities sufficient to give the Plains one of its bumper crop years.

Everyone remembers equally well all the years since then when rainfall has been spotty or non-existent and many farmers found their prospects bleak.

This year of 1955, still in infancy may well be what is known in the movie trade as a "sleeper" year. It may just gradually build up enough moisture in the ground over the Plains to give us another great year, even in the non-irrigated sections.

Although moisture has not been spectacular this year so far, if you will recall, there have been several snowfalls and showers since the old year went out. And they have been general, with the heaviest applications of precipitation in the dry-land areas.

We take this to be a herald of good tidings. If enough small rains fall on the drylands, no great drenching floods will be necessary to produce good crops this summer and fall.

While not foolish enough to predict the weather, we think it will pay to keep an eye on the weather, as well as the weather man. — Muleshoe Journal.

DISTINGUISHED INDUSTRY?

A significant decision was handed down in a Lubbock District Court last week. The Court ruled that a cotton gin is a nuisance. Doubtless many ginners are alarmed at the decision, but they certainly should not be surprised. Whole sections of towns in Crosby County have been rendered almost uninhabitable during ginning seasons. And still are so. The ginners are not to be blamed. When the present cotton gins were built there were only a few people living in the lee of the continuous dust storm now prevailing. Furthermore, forty years ago cotton was picked and often a bale of cotton hauled to the gin would not yield twenty pounds of dust. Today a bale is likely to yield 200 pounds. But as cotton processing has changed and ginning methods have improved, perhaps ginners have not looked carefully enough at the additional hardship a gin brings to a community. Several years ago a gin in South Texas got its name in the papers by installing dust collectors about its plant that made it no greater menace to the health of the community than a grocery store. Could be that dust collecting could make a distinguished industry of our ginning. — You Be The Judge in Crosbyton Review.

it's easy to put this much sugar into one cup BUT HOW WOULD YOU MIX IT IN 5,330 CUPS?

a problem of the same proportion is facing most feed companies in mixing about 1/3 oz. of stilbestrol into one ton of cattle feed

The Food and Drug Administration in its approval for use of stilbestrol has set about 1/3 oz. per ton as the right amount for this powerful growth stimulant. That means it is added in the proportion of only 1 part to 90,000 parts. It must be mixed so that cattle get just the right amount... too little stilbestrol in their ration won't produce maximum gains... too much in their ration can prove toxic. Yes, it is a big mixing problem for most feed companies—but not for Purina, with its exclusive Micro-Mixing process.

MICRO-MIXING is accurate to the 1/10,000,000 part! Modern mixing equipment plus the technical skill of Purina engineers, laboratory technicians, and mill employees makes such a mixing job routine for Purina. Purina's Micro-Mixing is a quality control process that assures you every bite is mixed just right. Every animal gets its fair share when you feed Purina Steer Fatena or Beef Chow with stilbestrol added. That means that you go to market with a much more even bunch of cattle.

NOW AVAILABLE at your Purina Dealer's—Steer Fatena and Beef Chow with stilbestrol, MICRO-MIXED—every bite mixed just right.

It Costs One cent per hour To Operate a GAS Clothes Dryer

- ★ Fast
- ★ Clean
- ★ Dependable

Gas for drying clothes costs approximately \$2.60 a year (FOR AVERAGE FAMILY USE)

Home economists estimate that the homemaker will dry approximately 16 loads of clothes a week. Some of these will dry in five minutes. Other fabrics much time as an hour — or more — The average load requires about 30 minutes to dry. Gas for drying clothes approximately 1 cent an hour. Based on above averages, it is estimated that the maker will use a dryer about five weeks — or 260 hours a year. See your today. Buy an automatic gas clothes... a dryer that you can afford to use.

EDITORIAL

The shortest month of the year is February. But what February means, it makes up in length, it makes up in thoroughness. Dan Cupid, the top-most influence, programs and parades studios, for the month as well as for the month of interest, you create a new interest in other things. The first step in going to understand ourselves — why we think and act as we do. If we understand ourselves, then we can move on to other, enjoyable ways of living.

And Banquet

The Homemakers of Lockney will have their best Thursday night banquet and attend the Mother and Daughter Banquet. The girls are working hard to make the banquet beautiful. The theme is "A Rose to Hope the Mothers will..."

Honor Society News

By Maebeth McLaughlin

This week the National Honor Society had the honor of presenting their plaque to the class with the highest average for the past six weeks.

When the grades were totaled, averaged, and re-checked the committee was astonished to find that two classes tied with an average of 92. The classes were band and homemaking. Friday both classes enjoyed a cake party as their reward.

The society, in a meeting held January 20, chose Nell Cuyus and Jerry Holmes as their bell and bean. Nell and Jerry will represent the National Honor Society in the high school annual.

Another activity of the society is in giving a party for all the new probationary members. The plans for entertainment are not definite as yet. The new members will be introduced Friday in assembly, in which the Honor Society has charge.

The world may owe you a living, but by the time you collect you'll be an old man.

Why Teachers Get Gray

I ain't got no pencil.
 I left my book in the locker.
 Can we write on both sides?
 Do we have to use ink?
 Are our tests graded?
 You didn't tell us we were goin' have a test.
 But when — Why students go mad.
 Now let's be quiet.
 Get rid of that gum.
 If you can't do any better than that just leave the class.
 Do pages 100 through 125, and now for the rest of your assignment.
 What do you mean you haven't got time?
 Come see me at 12:30.
 —From the "Crane"

In a recent meeting the high school faculty selected Jeanette Widener and Harold Ford as the outstanding girl and boy in Lockney High School. Their pictures will appear in the 1955 Roundup.

Miss Widener, the daughter of Mr. and Mrs. Dale Widener, is a member of the Pep Squad, F. H. A. Club and the National Honor Society. She served as student director of the Junior play last year and had the highest average of the girls in the junior class. In the 1954 Roundup she was recognized as Who's Who in Science. This year Jeanette is treasurer of the senior class and editor of The Lariat. She is a member of the Baptist Church. Her plans are to attend Texas Tech after graduation.

Harold Ford also plans to attend Texas Tech and major in agriculture. Harold has participated in track, basketball and tennis. During his junior year, "Buck" was class president, F. F. A. president and recognized as Who's Who in agriculture. This year he has served as vice-president of the senior class, sports writer for The Lariat, and was Junior Rotarian one month. Harold, a member of the First Baptist Church, is the son of Mr. and Mrs. R. H. Ford.
 Congratulations to these two outstanding students.

Jay, did you and Ava Nell kiss and make-up? (Good-guy).
 Dee, how was the fat stock show? Jean F. and Jimmie H were at the Twin View Friday night. Wanda, you would make a good hot-rod driver. Leland, do you have something in Plainview? You are seen going over there quite often. Clean, how do you like the new Mercury? Charles Vaughn, who was your company Sunday night? Fonce and Ann, where were Dee and Royce Friday night? Kitty went with Bucky Saturday night. Lonell and Lynn seem to be getting along all right together. Jimmy and Ernestine are together most all the time since he quit college. Eldora, you seem to have quite an interest in W. T. Marion and Darla were seen together over the week end, too. Betty Jo has taken over Corine's old beau. Don went with Pat B. after the ball game Friday night. He was also with Katie Sunday night. Joan and Dane are still a regular couple. Donald Farish and Loy were roaming Broadway Sunday evening. My My, Don, what happened to Mary Ford.

Boys Lose, Girls Win At Floydada

The Lockney boys lost a very well played game to the Floydada boys 66-50. The game was tied at the half 30-30. In the second half the Lockney boys couldn't seem to get started and the Floydada boys were leading 48-41 at the end of the third quarter. Marion Cross, Buck Ford, Freddie Merrell and Jimmy Rankin played very good for the Longhorns.

Girls Win

The Longhornettes defeated the Floydada girls easily, winning by 16 points, 59-43. The Longhornettes led all the way. Nell Cuyus, Jan Matlis, Patsy Rybee and Mary Ford played a very good game for the Longhornettes. Nell Cuyus was high point for the Longhornettes, scoring 36 points.

Faggard Funeral Is Held Sunday

Funeral services for W. F. Faggard, Lockney dry goods merchant, were held at the Carter Funeral Chapel Sunday afternoon at 1:30. Officiating were Rev. E. J. Cobb of Tucson, Ariz., former pastor of the First Baptist Church here, and Rev. R. E. Wiley, the present pastor. The chapel was crowded with people of all races, indicative of Mr. Faggard's wide circle of friends.

Interment was in the Lockney cemetery with Carter Funeral Home in charge of arrangements. Lockney Lodge No. 807, A. F. and A. M., was in charge of grave-side services. Pallbearers were members of the Lodge.

Mr. Faggard passed away at his home here Wednesday morning of last week. He had been in ill health for several years and seriously ill for the past two months.

Mr. Faggard had operated the Faggard Dry Goods store here for the past 10 years. Previously he had been in business at Wichita Falls and Portales, N. M. He was born at Hico, Texas, August 21, 1881.

Survivors include his wife, two daughters, Mrs. Charlotte Bell of Bakersfield, Calif., and Mrs. Ruth Ballew of Sacramento, Calif.; one son, Dr. John Faggard of Potosi, Texas; two step children, Mrs. Mary Hutton of Lockney and W. M. Cole of Espanola, N. M.; eight grandchildren; 11 great-grandchildren, and five step-grandchildren.

Board Seeks Address Of Registrants

Selective Service Board No. 45, with headquarters at Plainview, is seeking the addresses of several registrants who "are rapidly becoming delinquent with their board for failure to provide a current address" according to information from the board this week. Anyone knowing the whereabouts of any of the following should report same to the board immediately, it was said:

Doris Wayne Dillard, last reported address, Lubbock, Texas.
Joe Trivino, last reported address, Abilene, Texas.
Charles Elbert Lentz, last known address, Kansas City, Mo.

Calvin Jack Burris, last known address, Canyon, Texas.

Charles A. Chandler, last known address, Kress, Texas.

Joe Bedes Rodriguez, last known address, McDonald, New Mexico.

John Calvin Hays Jr., last known address, Grand Prairie, Texas.

Bob Lindon Webb, last known address, Plainview, Texas.

HOME FROM HOSPITAL

Lester Green, who has been confined to Plainview Hospital the past week with a badly splintered leg suffered when he fell on the skating rink floor during a Fire Department party January 28, was returned home last Saturday. He will have to be in bed about four months, Mrs. Green said.

WT Coach Talks To Footballers

West Texas State Football Coach Frank Kimbrough was the speaker at the father-son football banquet held Monday night at the Lockney High School cafeteria. The Lockney Quarterback Club were hosts for the occasion.

Mr. Kimbrough, after getting everyone in good humor with jokes on the boys present, turned to the serious side, emphasizing that every boy needed both physical and mental development to bring out the best in him. He quoted instances showing that boys who had participated actively in sports came out as leaders in adult life after graduating from school.

Preceding the talk Marion Cross and Jimmy Rankin presented gifts from the football squad to the three coaches, Coach Rudy Hulle, Coach Elvin Lyon and Coach Troy Ingram. Coach Hulle was presented with a new suit of clothes and the other two coaches were given gift certificates from a local clothing store.

Edgar R. Hays represented the Quarterback Club in the absence of President Dillon Patterson and extended a welcome to the boys. Co-Captain Weidon Jones responded, with words of appreciation for the support the team had received from the club.

Ladies of the school luncheon served dinner to about 60 football boys, their dads and guests.

Library Notes

A book shelf and table along with some fifty more books have been sent to the library at Lockney. Mrs. Mills reports good circulation of books and several requests for books that we do not have in the library.

Memorial books for the week are "The Silver Chalice" by Thomas B. Costain, given by Mr. and Mrs. McNeill and Janice in memory of Mrs. Mary A. Norton. Mr. and Mrs. Jesse Cox, Mr. and Mrs. Marvin Gilbert, Orland and Polly are giving a book in memory of Mr. Tab Meriwether.

Twenty bright eyed little kiddies sat spell bound Saturday morning as Mrs. Alma Holmes told the story of "The Little Twin Bears." Games and music were also enjoyed by the group. The story hour is still going big. Thanks to the 1929 Study Club. These little folks always leave the library with a book tucked under one arm, an all day sucker in one hand, and a big smile on their face. Better join them next Saturday for another super story.

Have you looked at the calendar yet? If so, you know that this is the month of "Hearts." February 14 brings us St. Valentine's Day with all of the fun of Sweetheart tangents, School parties and valentine boxes. Do you know how this special day originated? Your County Library is a good place to find out and while you are there you will want to check out a Love Story to read. A good one on the best seller list is "Love is Eternal" by Irving Stone. The library also has any number of magazines that might be helpful in planning your valentine entertainment.

Mrs. Lee C. Golightly.

Dr. and Mrs. K. O. Crum and son, Mike, returned last Thursday from San Antonio, after attending the meeting of International Medical Assembly of Southwest Texas.
