Board Employs Five Teachers

The board of trustees of the Lockney school district, in regular meeting Monday night, employed five teachers and attended to other business preparatory to the starting of the next school term on August 30.

Teachers employed include these:

Mrs. Rudy Haile, who has taught in the local system in previous terms.

Mrs. Mary Walling, who has a B. S. degree and M. S. degree with major in elementary education from West Texas State College. She has taught in Dalhart and her home is at Flomot.

Mrs. Edyth Clark, who has a B. S. degree from East Central State College, Ada, Okla., with a major in elementary education. She has 12 years experience and her home is Hickory, Okla. However she and her husband will move here. He is employed by Irving Bennett.

Mrs. Clyde Briley, who has a B. S. degree from the University of Texas with a major in elementary education. She has had 3 years teaching experience at Tahoka. She is the wife of Pharmacist Clyde Briley at Lockney Drug Co.

Mrs. Aubrey Holt, wife of a farmer of the Irick community. She has a B. S. degree with a major in Home Economics from Texas Tech. She has 5 years teaching experience.

Supt. W. C. Irons said Wednesday that the local system still had a vacancy in the junior high principal position, one in business administration and one in English in high school.

The board approved the tax roll for the year, set October 1 through January 31 as the date for paying taxes and offered discounts as follows: 3% if paid in October, 2% if paid in November, 1% if paid in December.

The board, reversing a previous action, voted to employ one teacher above the number of teacher units earned by the average daily attendance. The vote on this was 4 for the motion, 2 opposed.

The board is making plans to return the custody of the city auditorium to the city, Mr. Irons said. The school has used the building for school purposes in previous years but no longer needs it, he said.

The superintendent has received notice that the new 48-passenger Chevrolet school bus, ordered some time ago, will be delivered by September 3.

Nine men from the area controlled by Selective Service Board No. 45, Floyd, Hale, Swisher and Motley counties, have been called for induction Thursday of next week, August 11, at 5 a. m.

Families of the inductees are invited to attend a short program to be held on the second floor of the Courthouse in Plainview between 5 and 6 a. m. the morning of induction. The program is sponsored by the American Legion, W. O. W. and a church minister.

Those called for induction include: Esten Carrol Blackman, Abernathy; Joe Vinoka Sanders, Lockney; Euwell Dee Kelley, Lockney; Jack Forest Sageser, Hale Center; James Allen Shadden, Hale Center; Cecil Wayne Shelton, Hobbs; Hulin Woodrow Cargile, Hobbs; Donald Ray Grigsby, Farmington.

James Alfred Arnold, Sumner; Willie Lee Strickland, transferred from Miss. L. B. No. 58 for induction; Timothy Sansom, Jr., transferred from Texas L. B. No. 101; Lee Elmer Levels, transferred from Texas L. B. No. 68.

Mr. and Mrs. Harley Workman spent last weekend visiting relatives in Oklahoma City.

Charlie Andrews Will Again Head United Chest Drive

Charlie Andrews of Aiken will again head the Floyd County United Chest fund drive. The Chest directors secured Mr. Andrews consent to head the drive again the past week. However, changing up from last year, he will have two assistants this year. Claude Brown of Lockney will assist with the drive in North Floyd County and E. C. Carter of Floydada will help in South Floyd County.

The Chest drive will be held sometime this fall but the date and amount of money to be raised has not been determined as yet. Last year this county raised more than \$11,000 for six different agencies.

The board of directors of the Chest, comprising some 21 people from all parts of the county, will meet soon to make plans for the drive, Mr. Andrews said.

TO HOUSTON HOSPITAL

Miss Grace Marshall will leave here probably Saturday for the M. D. Anderson Hospital in Houston where she will undergo further medical treatment.

ONLY 50 PERCENT OF ELIGIBLES APPEAR FOR SECOND POLIO SHOT

Annual 4-H Dress Review Aug. 12th

The Floyd County 4-H Club girls will present the annual 4-H Club dress review at the Floydada High School auditorium at 8 p. m. Friday, August 12, according to Mrs. Harriette Brummett, county home demonstration agent.

All garments are due in the agent's office by August 11, and report forms must be filed by August 10. Judging of all garments will get underway at 9 a. m. on the 12th, and awards will be presented at the review, Mrs. Brummett says.

Judging garments, which will include skirts, aprons, school dresses and best dresses, will be Mrs. Emabeth Towrey, Hale County home demonstration agent, and Mrs. Juanita Titus, Hale County associate home demonstration agent.

The public is invited to attend the review.

Only about 50 percent of the eligible children appeared for their second polio shot in Floyd County, according to reports reaching The Beacon. Shots were given at Floydada last Thursday morning and at Lockney Tuesday morning of this week.

Dr. J. W. Mangold and Dr. G. A. McClelland and their staffs administered 96 shots here Tuesday morning. Some 215 pupils in the first and second grade were given the first vaccine shot in April.

At Floydada Dr. George V. Smith, county health officer, said that physicians administered 144 shots last Thursday morning and had since given about 20. The total there in April was 301.

Dr. Smith said that he expected the vaccine to be on the market soon and available to all who want it. He attributed the fact that only about half the students appeared for their second polio shot to school being out, many people being on vacations and also because some people were afraid of the vaccine.

Local women who helped in the administering of the shots here Tuesday, other than staffs of local doctors were Mrs. Thurman Davis, Mrs. Al Dutton, Mrs. Robert Ayres and Mrs. W. L. Thomas Jr. Barry Barker, a member of the county polio chapter, was also on hand and handed out bags containing several small presents to the children after they had received their shots.

Mrs. Lemons Is Slowly Improving

Mrs. Mary Frances Lemons, critically injured when the car in which she was riding rammed into a freight train on the FW&D tracks just northeast of Lockney Wednesday morning of last week, is slowly improving in the Plainview Hospital, relatives said Wednesday.

Mrs. Lemons, 23 years of age, suffered a severe head injury and lost her left foot about half way between the ankle and knee, in the accident. She is still only partly conscious. She became very ill Thursday of last week and attending physicians feared that she would not live but her condition is now improving.

Mrs. Lemons was in surgery three hours Wednesday morning of last week. Attending physicians said this week that wounds to her feet and legs were healing in an excellent manner and that she would very likely not lose her right foot, which was badly mangled in the accident. The head injury was the most serious injury she had and almost cost her life.

Husband of the injured woman, BT3 Bobby D. Lemons, arrived at the bedside of his wife Monday night. He is with the Navy and has been stationed in Japan. Red Cross was instrumental in securing his emergency leave.

The accident occurred about 7:30 a. m. Wednesday of last week. The 1952 Plymouth in which Mrs. Lemons was riding was driven by her brother, Donald Willis, 17 years of age. A hard rain was falling and he, traveling north on Farm Highway 598 to Lone Star, failed to see the freight train as it approached the crossing just as the northeastern edge of Lockney. The engine crossed the highway just ahead of the car and the car rammed into the engine about midway. Mrs. Lemons was thrown out of the car and partially under the train.

Radar Unit Nips Nine Speeders

A State Highway Patrol radar unit, set up on Highway 70 just west of Lockney Monday nipped nine speeders, Justice of the Peace J. J. Harris said Tuesday. Nine speeding tickets were turned into the local Justice along with six tickets for other traffic violations.

LITTLE LEAGUE ALL-STAR GAMES WILL BE PLAYED NEXT WEEK

The Little League All-Star baseball games between Lockney players and those at Floydada will be played Tuesday, Thursday and possibly Friday evening of next week. The games will begin at 6 p. m. each day.

All star teams from each league have been chosen and will be ready to go, managers report. Head manager Leonard Finley of the Lockney team said that he expected his team to work out Saturday and Monday afternoons. His assistants are Gene Belt and Cap Cartel.

Members of the Lockney Little League All-Star team includes these:

Pitchers: Johnny Belt, Rhudy Naylor, Kenneth Walck, Billy Dan Rolling.

Other players: Keith Cartel, Bill Mangold, Larry Boedecker, Rodney Rigby, Gary Holt, Robert Lee Holland, Joe Dickie Fulfer, Roy Ford, Terry Mosley, Kennie Clark, Jack Ford, Wayne Cooper.

The players were selected according to their playing ability and not by position, Commissioner Tom Moore said. For that reason no positions were given, except those of pitcher, and the managers will place the boys in the position they think best.

W. B. Wynn is commissioner of the Floydada Little League and is arranging the all-star team there.

The teams will play a two-best-out-of-three series. The first game will be played at Lockney on Tuesday. The second game will be played at Floydada on Thursday and the location of the third game, if necessary, will be decided by the flip of a coin.

It is the first year for Little League baseball at both Lockney and Floydada and there is much interest in the league as well as in the forthcoming all-star game.

Battery Thief Is Caught Quickly

A Plainview man who stole seven batteries in Floyd County and one in Hale County along Highway 70 between Lockney and Plainview Monday night was quickly traced and arrested by Floyd and Hale officers. He was Richard Wayne Hoglan, 19.

Deputy Sheriffs Ray Hardin and Walter Hollums of Floyd County and Deputy Cleatis Dyer of Hale County arrested the young man in Plainview late Tuesday afternoon. He still had the seven batteries in his car.

Three of the batteries were stolen from J. R. Belt, one from Henry Schacht, one from Charlie Gloyna, one from Martin Bradley and one in Hale County. Officers were returning the batteries to their owners Wednesday.

Barbara and Treasure Nelson of Corpus Christi are here visiting their grandparents, Mr. and Mrs. Leslie Floyd.

Yanks Take Lead In Little League

The Yankees took the lead in the Lockney Little League this week, pulling a game ahead of the Dodgers, who have led most of the season. The battle will close out this week. The battle is between the Yanks and the Dodgers as to who will lead the league in the final standings.

The Red Sox and Cardinals continued to win and the Indians dropped into the cellar by virtue of their three losses this week.

The Yankees started the Dodgers on their downfall Thursday evening of last week when they defeated the league leaders, 5 to 4. The game was close all the way and was tied up at the end of the six regular innings. The Yanks scored one in the seventh to win. Cartel and Kent were the winning pitchers while Rolling and Fulfer pitched for the Dodgers.

Also on Thursday the Cards continued their winning streak by defeating the Indians 14 to 1. Clark and Walck were the winning pitchers and Rigby and Holt the losers.

On Friday the Dodgers defeated the lowly Indians 7 to 3 in a well played game all around. The Indians did a lot of threatening but couldn't push across enough runs. Johnny Belt pitched for the Dodgers while Holt and Rigby were the Indian pitchers.

Also on Friday the Red Sox defeated the Giants 9 to 4 behind the pitching of Kemp and Mangold. Giants pitchers were M. Jones and Mosley.

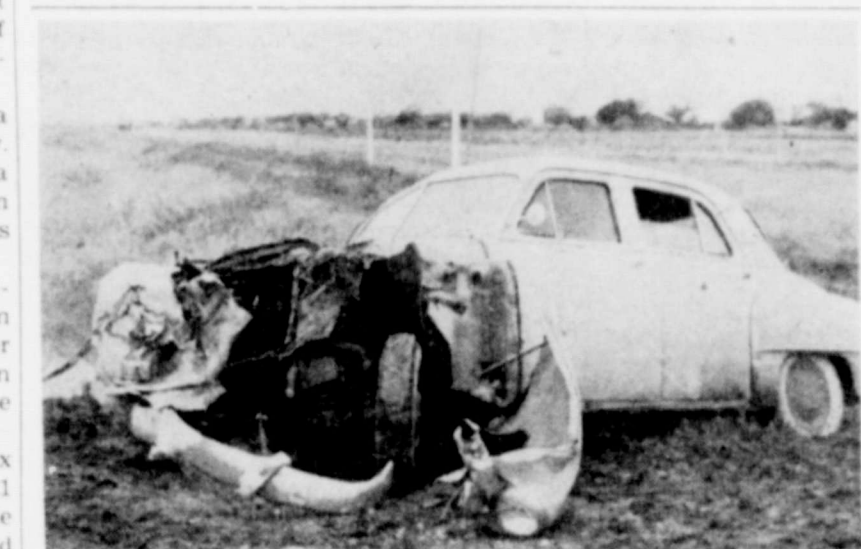

On Tuesday afternoon the Cardinals, who at one time were in the cellar, defeated the league leading Dodgers 5 to 2 in a well played game. Clark and Walck were the winning pitchers and Belt and Rolling the losers.

Also on Tuesday the Red Sox defeated the Indians 13 to 6 with Mangold and Naylor on the mound for the Red Sox and Gary Holt the Indians pitcher.

The Red Sox and Dodgers were scheduled to play a make-up game Wednesday afternoon and possibly one or two other make-up games will be played this week. The season closes after the final game Friday evening.

Following is the last games of the regular schedule:

Team	W	L	Pct.
Yankees	15	3	.831
Dodgers	14	4	.778
Red Sox	11	7	.611
Cardinals	7	12	.368
Giants	4	14	.222
Indians	4	15	.211

THIS 1952 PLYMOUTH was the car in which Mrs. Mary Frances Lemons was riding when it rammed into a freight train just northeast of Lockney Wednesday morning of last week. The right side and right rear of the car was also badly damaged. Mrs. Lemons was reported to be slowly improving Wednesday.

SOFTBALL LEAGUE 4-TEAM PLAY-OFF WILL BEGIN TUESDAY NIGHT

The Lockney Softball League 4-team play-off, closing out the 1955 season, will begin Tuesday night of next week. Commissioner Buster Epperson said Wednesday of this week. The game will be a "sudden death" affair for the two losing teams on Tuesday evening, he said, but the two winners will then play a 2-best out of 3 game series, playing a double header Thursday night and the final game, if needed, on Friday night.

Standings as of Wednesday of this week show the four top teams to be South Plains, Silverton, Golden Spread and Gulf Service but with five make-up games to be played Friday night and the final game, if needed, on Friday night.

Standings as of Wednesday of this week show the four top teams to be South Plains, Silverton, Golden Spread and Gulf Service but with five make-up games to be played Friday night and the final game, if needed, on Friday night.

Thursday—Floydada vs. Ham-games to be played either Fire Department or Floydada could still get into the top four. Only South Plains and Silverton are assured of a play-off berth.

The regular season schedule ended with the games Tuesday evening of this week but five make-up games remain to be played, Mr. Epperson said. They are:

Friday—Golden Spread vs. Silverton, Fire Department vs. Lone Star Co-op.

Monday—Floydada vs. Silverton.

A run-down of games played the past week shows: No games were played Thursday evening of last week due to wet grounds.

On Friday evening the Fire Department edged out Floydada 8 to 7. Both teams scored five runs in the fifth, otherwise it was a close game. Ronald Reecer was the winning pitcher and Bishop the loser. Also on Friday evening Silverton defeated Gulf Service 8 to 1. Travis was the winning pitcher and Vaughn the loser.

On Monday evening two make-up games were played. The Fire Department defeated Hammond & Co. 20 to 5 in one of these games and South Plains won over Lone Star Co-op 10 to 7 in 10

innings in the second game. The score was tied 6-6 at the end of seven innings and each scored one in the ninth. South Plains scored 3 in the 10th to win.

On Tuesday evening Lone Star Co-op defeated Hammond & Co. 7 to 4 in the first game, with the Nance brothers, Jim and Joe doing the pitching for Co-op and Davis on the mound for Hammond.

The second game on Tuesday night however set some sort of record for longevity. South Plains and Golden Spread played 13 innings before the South Plains boys came through with 6 runs to win 10 to 4. It was a thrilling game all the way. Golden Spread, with Donald Farish on the mound, lead 2 to 1 going into the seventh inning but Farish lost his control, walked three straight men, walking in the tying score. Leonard Finley came in to relieve him and managed to retire the side without further scoring. Both teams went scoreless in the 8th but South Plains, batting top in the inning, scored two runs in the ninth. Golden Spread came back to do the same and the score was again tied 4 to 4. Both teams went scoreless in the 10th, 11th and 12th, although Stewart of South Plains hit a homer inside the park. He was called out by Umpire Bud Dean when he failed to touch home plate. This caused somewhat of a uproar but Dean stayed with the decision.

It was in the 13th when South Plains broke loose for six runs and iced the game away. Golden Spread was unable to score and the game ended 10 to 4. The boys played until nearly 1 a. m.

Standings of the league as of Wednesday were:

Team	W	L	Pct.
South Plains	11	3	.786
Silverton	9	3	.750
Golden Spread	7	5	.583
Gulf Service	7	6	.522
Fire Department	6	7	.448
Floydada	5	7	.417
Lone Star Co-op	5	8	.373
Hammond & Co.	1	12	.075

THEFT OF PUBLIC FUNDS is not uncommon in states where financial reports are not required, such as Texas. Duval County is a prime example of what can happen when the elected official does not have to account publicly for his expenditures.

CONGRATULATIONS to Mr. and Mrs. Raymond Rhodes. They have evidenced a faith in the future of the town and community by the construction of a large building to house their grocery store. Certainly the economic conditions of this area deserves such faith. The only way to build a town is to have faith in its future and the business man or other person who doesn't have faith in the future of Lockney ought to get out of business here and move to a place where he is better satisfied and content. Of course not all of us can build such buildings as the Rhodes are doing but we can do what we can to show our faith in the city of Lockney. Given even a half a chance we believe that the city will continue to grow through the years.

THE QUESTION of safety belts in automobile seats is coming to the fore. More and more experts are saying that the installation of safety belts will greatly reduce death and injury in case of auto accidents. In fact safety belts are not a new thing. They have been used in planes, racing cars and other things for many years. Some auto manufacturers are talking of installing them in their 1956 models. But we doubt if they enjoy a very wide acceptance just now. The reason is that most of us always think of the other fellow as the one who will have an auto accident and we don't consider that we will be involved. For that reason we don't want to clutter up our car and ruin its appearance by having a safety belt installed in it. Some day we will learn better, maybe, but right now we doubt if Mr. John Q. Public is ready to take a safety belt in his new car.

WHAT WORRIES US, in all this talk of peace, is that no mention is being made of those people in Czechoslovakia and Poland who are even now under the heel of the Red dictators and have no hope of ever again regaining their freedom without outside help. Are we to work out a happy peace with Russia, everyone lay down their arms, and each trust the other implicitly while the Reds keep in subjection and bondage two or more nations of people who want and deserve their freedom? If the Russian rulers really want to prove their desire for peace let them free those countries they now hold in subjection and thus prove their good intentions.

BIBLE READING BOOST

Bible reading has been given a boost. It has made its way on the Toast of the Town, a variety show. All this on account of Mrs. Kreitzer's \$32,000 cash win on a quiz show by answering ten biblical questions. Last Sunday

she was paid \$2,500 by Ed Sullivan to pose for a six-minute interview and read a favorite chapter from the Bible. It is interesting and novel to hear a chapter read from the Bible on a variety show. There may still be hope for the world and TV shows. — "Once Over" in The Pittsburg Gazette.

A GOOD EDITOR

An exchange gives the following definition of a good editor:

"A good editor is one who has never made a mistake; who has never offended anyone; who is always right; who can ride two horses at the same time he is straddling a fence with both ears on the ground; who always says the right thing at the right time; who always picks the right horse as well as the right politician to win; who never has to apologize; who has no enemies and who has worlds of prestige with all classes, creeds and races."

There has never been a good editor. — Trends in Crosbyton, Review.

ELECT HIM PRESIDENT

Following the recent wage settlement, Union Boss Walter Reuther has announced that the next goal will likely be a 4-day, 32-hour work week. This, of course, will be along with present or higher pay scales, and with the continued guarantee of annual wages. I don't know Mr. Reuther's policies, but I think it is high time that the American people woke up and elected him as President. An old boy of his calibre would pretty soon trade the Russians out of their last ounce of vodka. They wouldn't have a chance. This is exactly what the pioneers did when they were settling the early West. If they ran across some hombre who killed all of the sheriffs, they elected the old boy sheriff — and let him do the worrying. This was true of Bill Hickok, and quite a few other old time sheriffs.—Petersburg Journal.

Long Ago In Lockney

Items of interest from the files of The Lockney Beacon.

August 6, 1925

At the meeting of the Chamber of Commerce last Monday noon, a move was started to induce land owners to build houses on farms and city property in Lockney and the country surrounding Lockney. There has been a need for more houses in Lockney and the country surrounding the town for several years and the lack of places to live has caused many people who desired to make their homes here to go elsewhere in order to secure quarters in which to house their families.

We are informed that Denver surveyors have begun cross-sectioning the survey out of Esteline to Lockney. Cross-sectioning means the putting down of the grade stakes on the permanent survey where the railroad track is to be laid.

Beginning next Thursday, August 13, C. R. Wilkinson will again be in charge of his theatre which has been leased out for the past six months. Mr. and Mrs. Wilkinson will change the name of the theatre from the Olympic to the Isis. The entire house is undergoing a thorough overhauling and repairing and will be in first-class shape to receive the patrons when Mr. Wilkinson assumes management again.

Last Saturday afternoon, the band gave an hour's concert on the streets. This treat is to be repeated every Saturday afternoon, weather permitting. The

entertainment will be an attraction for those who come to town on Saturday and a tangible return to the business men of the town who contribute to the support of the hand.

**New Barley For
The High Plains**

College Station. — Kearney, a
new and unusually cold and
greenbug resistant barley for
the High Plains area of Texas,
will be available to growers for
1955 plantings.

The variety was developed by
the Nebraska Agricultural Ex-
periment Station. Tests covering
its adaption and resistance to
greenbugs have been conducted
at the Amarillo Experiment Sta-
tion at Bushland. It is recom-
mended for the area west of the
Caprock and from Lubbock north
through the Panhandle.

Kearney had a survival of 97
percent at the Amarillo station
in 1951 compared with 59 and 0
for Reno and Cordova, respect-
ively. It is a true winter type bar-
ley and will head normally only
from fall plantings.

It matures later and grows
taller than most other commer-
cial varieties grown on the High
Plains. Kearney has outyielded
Reno and Ward but in seasons
when winter survival is not a
factor, less hardy varieties, such
as Cordova, may yield more.

The new variety probably will
produce less early fall grazing
than the upright growing tender
varieties but because of its su-
perior winter-hardiness, should be
more suitable for winter and
spring grazing on the High
Plains. Its test weight compares
favorably with other varieties.

Seed were released to com-
mercial and certified growers in
the fall of 1954 and limited
quantities will be available to
farmers for 1955 fall plantings.
No seed will be available to
farmers from the Texas Agricul-
tural Experiment Station. Foun-
dation seed may be obtained
from the Nebraska Station at
Lincoln for the production of
certified seed.

**Onion Harvest
Shows Bad Hail
Damage To Crop**

Floydada. — With the Floyd
County onion harvest well past
the half-way mark, onion grow-
ers are discovering that the early
hails damaged the crop more
than was first thought.

Although an accurate estimate
of damage is almost impossible,
it was of such severity that "this
year was not a paying proposition,"
according to Arlon Miller, one of
the six members of the Floydada
Vegetable Growers Association.

Although the earliest variety,
the white Grano, was harvested
by the group with little hail
damage, other varieties suffered
from hail bruises and beaten
tops. According to Miller, where
tops were too mature to put out
other tops, onions did not ma-
ture sufficiently for harvest.

At present it appears that the
late crop, which will be mature
in mid-August, will pay off better
than the earlier crops. These
crops, of the sweet Spanish vari-
ety, were seeded in experimental
plots, rather than set by hand as
is the general practice. They were
so small when struck by the
early hail storms that they came
back immediately and do not
appear to have suffered damage,
Miller says.

Miller estimates his potential
income on his 40-acre plot of
onions at \$10,000 had not the
hail struck.

More than 100 acres were
grown by the association this

year, with most of the acreage
in the Blanco and Sand Hill
areas. Association members
other than Miller include W. H.
Simpson Jr., John Kimble, Jim
Simpson, Rafe Ferguson, and L.
D. Simpson. Several other farm-
ers have experimented with the
crop independently.

Onions are graded and ship-
ped from sheds in Floydada.
Early Jordan of Georgia, a rep-
resentative of Brand and Griffin
Onion Brokers has handled
marketing.

Labor problems encountered
by the group last year were
solved by the construction of a
labor camp in the east part of
the city.

Mrs. Jay McPherson and her
daughters, Karen and Pamela,
and Mrs. Mace McPherson, all
of Midland were here last week-
end. They came to take the lat-
ter Mrs. McPherson's children,
Kay and Simone, home. The two
girls have been visiting with
their grandmothers, Mrs. E. C.
McPherson and Mrs. Luther Wof-
ford.

Wanda Meadowbrook and
Mona Wilhite of Muleshoe and
Bobby Lou Casey returned last
weekend from a two weeks vaca-
tion in Colorado and Commer-
ce, Texas. The two girls from
Muleshoe spent the weekend
here with Bobby Lou before re-
turning to Muleshoe.

Business and Industrial Review

Compiled and Edited by E. M. Thomason

Paymaster Name Is Famous For Cotton Seed And Its By-Products In Cotton Areas Of Texas

Farmers throughout the South Plains region are familiar with Paymaster cottonseed meal, hulls and 54-B planting seed. This company operated 8 plants in Texas, 4 of them being located in the South Plains area. The Paymaster oil mill in this area is located at Plainview on the Amarillo highway in the northern edge of town, their principle business being cottonseed and its products.

The cotton plant was first recognized for its fiber alone. The seed was dumped, burned or otherwise destroyed with the exception of a small quantity saved for planting. Research finally discovered a real value for the seed, and machinery was developed for separating the meats from the hulls and for extracting the oil from the meats. Cottonseed in 1952 added \$144,442,000 to farmers' cash income to help boost cotton's total income in the state.

The Paymaster plant in Plainview separates the cottonseed into 3 separate parts, being meats, hulls and linters. Though the Plainview plant does not process the cottonseed any further, numerous things are obtained in different factories.

The principle use of linters is for making pads, mattresses, gun powder, varnishes, plastics and artificial leather.

Cottonseed hulls are used primarily as a feed for livestock as a roughage. In feeding value they are comparable to good quality grass hay. Hulls also have many other technical uses such as in the production of a chemical, furfural, which the principle use is in the production of synthetic rubber.

From the meats come 2 major products, that being cake or meal and cottonseed oil. Cake or meal is the second and most valuable product of the cottonseed, being out ranked in value only by the oil. Cake or meal is used principally as a feed for

livestock. Its chief value as a feed lies in its protein content. Cottonseed oil is used almost entirely as a food. Before being used in food, cottonseed oil is refined by heating to a high temperature and adding sodium hydroxide. In refining, the oil is split into 2 parts known as refined oil and foots. From the refined oil comes cooking oil, salad oil, vegetable shortening, margarine, cosmetics and many other products. From the foots come soap, roofing tar, linoleums, cheap paint base, oil cloth and other products too numerous to mention.

Paymaster oil mills in this area are undergoing an extensive improvement this summer, as a Paymaster policy is to keep a constant research division working within the cotton and cottonseed industry to help find and develop new uses and better methods of processing and merchandising these products.

LIVINETTE

This new "room" is basically designed so that the homemaker can enjoy the company of her family in the spot where she spends most of her working hours. Low partitions divide the various areas. While there are many variations of the livinette, most blueprints feature unorthodox arrangement of appliances, including separate gas burn-

ers set into counters and eye-level oven units. In the laundry unit, the combination washer and clothes dryer already has become standard equipment.

Insect Report

(Note: Following is a report on a cotton insect survey for the South Plains as released by Walton H. Jones, district extension agent, of Lubbock. The report was compiled by G. T. Davis Jr. and W. L. Owens Jr., both connected with the Extension Service.)

Light to fairly heavy rains greatly improved growing conditions for crops in many localities. Where cotton had been irrigated prior to the recent rains, plants grew rapidly. The rains, added to the irrigations, produced excessive vegetable growth with accompanying shed of some small squares. The cloudy weather, as normally expected, retarded fruit set. This condition should not be confused with insect damage.

Aphids were present in most fields throughout the area. Most infestations were light, although damaging populations were reported in some fields in Dawson, Floyd, Hale, Lubbock and Lynn counties. The insects were found in heaviest infestation in fields which had earlier aphid control application of insecticides, and on cotton which had suffered earlier hail damage.

Fleahoppers continued to cause concern in some areas. While blowing rains reduced infestations, the insects often increased rapidly in numbers from heavy hatching in the fields. Heaviest infestations were reported from Crosby, Floyd, Hale, Hockley and Lubbock counties.

Bollworms increased in numbers in many fields throughout the area, although damaging infestations were not general. Eggs and bollworms were found in sufficient numbers to warrant control in some fields in Crosby, Garza, Hale, Howard, Lubbock, Lynn, Mitchell and Scurry counties. In most cases bollworms were of different sizes, indicating a light hatch over a period of several days. Infestations were heaviest on older cotton. Since most fields have reached a stage of growth and fruiting to be attractive to bollworm moths, all fields should be closely watched for eggs and small worms. The entire plant should be examined if eggs and small bollworms are not found on the terminal growth. Bollworm moths may deposit eggs on any part of the plant.

Lygus bugs were present in low infestations in most fields and in somewhat larger numbers on cotton near legumes. Cabbage loopers were reported

MARK WADZECK has been named manager of Western Cottonoil Co.'s Plainview Mill, replacing the late G. T. Meriwether, who died July 4th. Wadzeck comes to Plainview from the Seed Breeding Farm at Aiken, where he has been Assistant Manager. Prior to this, he has served as District Gin Manager at Big Spring and Lamesa and managed the Munday, Texas Mill for four years. He has completed sixteen years of service with Western Cottonoil.

In light infestations in most fields, while grasshoppers damaged parts of some fields in Floyd County.

Information contained in the cotton insect situation release has been compiled from reports received from county agents, vocational agriculture teachers, personnel of the Texas A & M

College System, various branches of the U. S. Department of Agriculture Commercial Cotton Inspectors, chemical companies and others.

Mrs. Lina L. Newell Buried At Floydada

Floydada. — Funeral services for Mrs. Lina Leona Newell, 78-year-old Floydada pioneer, were held at the First Baptist Church here at 4 p. m. Sunday.

Mrs. Newell, who came here in 1903, died at her home Friday from a heart ailment. She came here from Hunt County, where she was born. Her husband, who died in 1915, was president for a number of years of the old First State Bank of Floydada.

Burial was in Floydada Cemetery under direction of Harmon Funeral Home.

Mrs. Newell is survived by three sons, Walter D. of Floydada, Earl of Ventura, Calif., and Lewis of San Francisco; two daughters, Mrs. S. D. Scott of Petersburg and Miss Faye Newell of Plainview; two sisters, Mrs. Sue Herndon of Dallas and Mrs. J. W. Pitts of Englewood, Calif.; one brother, Frank Block of Dallas, seven grandchildren and five great-grandchildren.

BAKED YAMS

Brush cooked yams with lemon juice, roll in sugar, dot with butter and bake for 45 minutes at 350 degrees in the oven.

In 1926, Gertrude Ederle of New York City became the first woman to swim the English Channel.

Floydada Rites Held For Mrs. Woolsey

Floydada. — Funeral services were conducted at 4 p. m. Friday for Mrs. Mary Frances Woolsey, 79, who died at 6:45 a. m. Thursday at the home of her daughter, Mrs. Fred Reeves, here.

Rites were at the First Baptist Church, with Dr. R. Earl Allen officiating. Burial was in Floydada Cemetery, with Harmon Funeral Home in charge.

Mrs. Woolsey was born in Georgia and later lived in Oklahoma. She came to Texas in 1917 and had made her home with her daughter here for the past several years.

She is survived by her husband, S. M. Woolsey, two daughters, Mrs. Reeves and Mrs. G. H. Day, also of Floydada; one son, James Winston Woolsey, Plainview; two sisters, Mrs. Sarah Wigington of Tishomingo, Okla., and Mrs. Rena Poff of Albuquerque; eight grandchildren and four great-grandchildren.

The Pleasant Valley Home Demonstration Club met Friday afternoon, July 26, in the home of Mrs. Shirley Race.

Mrs. Vernon Gross presided. Roll call was answered with "The First Thing I Notice About a Person." Members of the 4-H Club gave a demonstration on foods and diets.

The club welcomed Mrs. Don Hatch as a new member.

Cakes and cookies were served to the following members: Mmes. Weldon Smith, Chester Mitchell, Vernon Gross, W. T. Cokerell, Ray Aston, Clark Harris, Don Hatch, two 4-H Club members, Shirley Mitchell and Nancy Bollman and the hostess, Mrs. Shirley Race.

METHODIST SALAD SUPPER

The First Methodist Church of Aiken held a salad supper Wednesday evening of this week at the church for all its members and their guests. A short program was given by the members and everyone seemed to enjoy the affair.

SCHAFFNER REUNION

All six children of Mr. and Mrs. A. D. Schaffner were together last Sunday for the first time in ten years. Those present were Mr. and Mrs. Wilfred Schaffner and children of Houston, Mr. and Mrs. Werner Schaffner and children of Jerseyville, Illinois, Mr. and Mrs. Elmo Schaffner and children of Plainview, Mr. and Mrs. Pete Schaffner and family of Lockney, Mr. and Mrs. Curtis Brierger and family of Slaton, and Mrs. Mac Howard and children of Lockney. The two out-of-state families have been here visiting for the past week.

ENGAGEMENT ANNOUNCED

Mr. and Mrs. Zoel Watson of Albuquerque, N. M., are announcing the engagement and approaching marriage of their daughter, Geniece to Mr. G. M. Kayser Jr., son of Mr. and Mrs. G. M. Kayser Sr., also of Albuquerque. The wedding is set for the evening of August 5th. The Watsons are former residents of Lockney and have numerous relatives in this community.

Mr. and Mrs. Alfred Smith and their son, Andy, visited in Lockney last weekend with their parents, Mr. and Mrs. O. V. Pylant and Mr. and Mrs. Charlie Smith. Pat and Alfred returned to their home in Lubbock Sunday but Andy remained for a longer visit with his grandparents.

HD Club Meets With Mrs. Connie Reed

The Lockney Home Demonstration Club met Thursday afternoon, July 28, in the home of Mrs. Connie Reed.

After a short business session, a demonstration was given on Fruit Plates by Mrs. Harriet Brummett, county home demonstration agent. Mrs. Henry Bollman gave a bulletin on iris culture.

The fruit plates made in the demonstration were served as refreshments. Those present were Mmes. N. S. Abbott, H. Cunningham, Joe Wilson, Ross Cooper, M. S. Johnson, E. M. Whorton, Thomas Marr, Henry Bollman, one visitor, Mrs. C. L. Vincent, and the hostess, Mrs. Connie Reed.

The date for the picnic during the month of August has not yet been set.

Mrs. M. A. Martin Lone Star HD Hostess

The Lone Star Home Demonstration Club met in the home of Mrs. M. A. Martin Tuesday afternoon, July 26.

Roll call was answered with "The First Thing I Notice About a Person." Mrs. Raymond Teeple presided at the meeting. The 4-H Club members gave a demonstration program.

The hostess served refreshments of sandwiches, cake, nuts, and punch to Mmes. Melvin Brock, Hoyette Hodges, E. O. Barrett, Bailey Henderson, C. L. King, Raymond Teeple, Wiley Nance, and Misses Jackie Lou Frizzell and Lou Ann King.

On Thursday evening, August 11, at 8 p. m. the club is sponsoring a community picnic at the C. L. King home. Each family attending is asked to bring food for their family. The club is extending a special invitation to all in the community to come and enjoy a pleasant evening.

There will be an all day meeting August 19 in the home of Mrs. Melvin Brock for the purpose of making fall hats. Each person is to bring a covered dish for a luncheon at noon.

Mr. and Mrs. Reed Lawson and family, Mr. and Mrs. Raz Ford and family, the Connie O'Brien family and Mr. and Mrs. Kenneth Wofford and family traveled to Canyon Sunday afternoon to enter their daughters, Sunny, Kitty, Loy, and Jean, in the annual West Texas State College band and twirling school. The girls will be at the school for the next two weeks.

Library Notes

"Candy Making Can Be Profitable" was the program enjoyed by the Hobby Club Tuesday morning when 16 members actually took part in making candy. Mrs. Nancy Morckel brought all the ingredients for several kinds of candy, and under her efficient direction, every child had the fun of working with candy and each one had a nice amount to take home. Mrs. Morckel also brought along enough divinity and fudge to serve both the Hobby and the Junior Book Review Clubs.

We wish to express our appreciation to the Lighthouse Electric Co. for furnishing all of the supplies used for the candy making. Some of the kiddies have already decided to make candy to enter in the County Fair.

The Junior Book Review Club members were thoroughly entertained by Mrs. J. R. Holmes, while she reviewed the little book by Elizabeth Ritter, "Parasols for Ladies." For hand work, Mrs. Holmes provided each child with construction paper, pipe cleaners and ribbon, from which they made cute little parasols. There were 20 present.

These clubs are providing excellent entertainment for our youth as well as encouraging the use of the library.

The next meeting will be August 9 with Mrs. Doris Drysdale giving the program for the Hobby Club and Mrs. G. W. Smith for the Junior Book Review Club. Every child in the county is invited to attend. "Tune Up," by Harriet E. Hunt-

ington is a book for all boys and girls who love music. This book in picture and fascinating explanation, tells the story of each instrument in a symphony orchestra. Here young music lovers may read how long ago man clapped together two pieces of metal, made a loud and satisfying noise and thus created cymbals. "Tune Up" is in our library and ready for circulation.

Another new book that is sure to be used a lot is "Famous Railroad Stations of the World" by Adele Gutman Nathan with William C. Baker, vice president of operations and maintenance, Baltimore and Ohio Railroad.

George Mahon Is Going To Europe

George Mahon has announced that he plans to leave for Europe this week to attend a meeting in Finland and have a look at the Military Public Works Program. He has been appointed as a delegate to the Interparliamentary Union which meets in Helsinki, Finland, on August 24. This is a meeting of representatives of Congresses and Parliaments of many of the countries of the world. Delegates are expected from 29 nations, including Russia. Mahon said he did not know whether the meetings would be world-wide or not, but felt he would like to attend and get the feel of the world situation. He will serve on the Committee on World Disarmament.

Mahon handles all appropriations bills in the House of Representatives for our armed forces. This included, during the session just closed, the 31 billion-dollar defense bill and the military public works bill. In the public works measure a large sum was included for the construction of U. S. military bases overseas. Upon Mahon's insistence several million dollars were stricken from the bill for additional new bases in Spain, England and France. "I think our overseas bases have been a great deterrent to war, but I am getting more and more skeptical of this program, particularly from a long-range viewpoint, and I have grave doubts that it should be expanded. The whole program of our having American bases and troops in sovereign countries abroad rests upon a rather shaky foundation. I plan to visit a number of the bases and confer with our own people and citizens and officials of other countries," Mahon said.

Mrs. Mahon will accompany Mr. Mahon to Finland and on a portion of the remainder of the trip, not at government expense. Mahon's Washington office will be open during his absence, and his office staff will be on the alert to be of every possible assistance to the people of our District. He himself will be in frequent contact with the Washington office during his trip.

NEW ARRIVAL
Mr. and Mrs. Sterling Cummings are the parents of a baby daughter born in the Medical-Surgical Hospital Wednesday. They have named her Paula Denise and she weighed seven pounds and eleven ounces. Grandparents are Mr. and Mrs. Earl Norman of Siloame Springs, Ark., and Mr. and Mrs. Z. C. Cummings of South Plains.

OES TO MEET
The Lockney Order of the Eastern Star will meet Monday night, August 8, at 8 p. m. in Masonic Hall for study. It was announced by Mrs. H. G. Moore Wednesday.

Mr. and Mrs. J. C. Hay of Dallas are visiting here this week in the homes of their daughters, Mrs. Claud Hammond and Mrs. Buri Holt. Their son is also here with them from Dallas, Eldread Hay. They arrived in Lockney Tuesday.

Mr. and Mrs. Odell Mulder and Patsy who recently moved from Floydada to Albuquerque, New Mexico, spent Tuesday night in the home of Mr. and Mrs. Alton Noland and family.

Mrs. W. O. Stuart Jr. and Billy and Kathy of Jackson, Michigan, are visiting in the home of Mr. and Mrs. W. O. Stuart of the trick community this week.

Kenneth Cook has been in Houston this week on business. He returned to Lockney Wednesday. During his absence Corrynne and Darlene Galloway of Floydada have been visiting with Mrs. Cook. They are her nieces. The Cook's two sons, Richard and Larry, have been in Missouri the past three weeks visiting with their grandparents, Mr. and Mrs. G. D. Russell, former residents of Lockney. The Cooks are planning a trip to Missouri in the near future.

Plainview Girl Wins Scholarship

Elvera Duerksen, daughter of Mr. and Mrs. A. J. Duerksen of Plainview, has been named the winner of the District 2 4-H Scholarship by Mrs. Glen Wages, Treasurer of the Scholarship's Fund and Chairman of the Lubbock Home Demonstration Council, and Mrs. Aubrey W. Russell, District Agent, Extension Service.

The \$500 Scholarship is donated each year by the Home Demonstration Clubs in the District. It is given to an outstanding 4-H Club girl from one of the counties in the District who plans to attend Texas Tech and take Home Economics or related subjects. Elvera has done her 4-H Club work during the last 4 years under the direction of Miss Wanda Greenhill, Assistant County H. D. Agent in Hale County.

Miss Duerksen has done outstanding work in dairy foods, clothing, citizenship, leadership, gardening, recreation and was the State Winner of the Girls Records Contest in 1952. She has received a number of awards for her outstanding 4-H Club work. She was a member of the District Dairy Foods Team in 1952. She was County Gold Star Winner in 1952 and won the State Girls Records Contest at that time. She went on the Talent Club Tour in 1953 and attended the Texas Junior Leadership Lab in 1952 and 1954. She represented the 4-H Club girls in District 2 on the State Council for the year 1953 and was the chairman of the District 2 4-H Girls Camp at that time. She has worked on floats, given demonstrations to her club, lead recreation, written poetry, assisted in training officers and has served in every office in her local club and held most of the offices in the County 4-H Council.

Elvera plans to enter Texas Tech at the beginning of the fall semester to start on her work with a major in Home Economics Education.

Elvera is the oldest child of three in the Duerksen family. Her younger sister, Delores, is active in 4-H Club work. She has a younger brother, age 11. Besides her 4-H activities, she has been active in the Girls Auxiliary, Farm Bureau, Future Homemakers of America, National Junior Honor Society, Tri-Hi-Y Future Business Leaders of America, and has entered declamation contest, senior play and many other school activities.

Mr. and Mrs. J. H. Weathers had several of their children home with them last Sunday. They were Mr. and Mrs. T. J. Bonds of Happy, Mr. and Mrs. C. H. Samples of Amarillo, and Mr. and Mrs. T. R. Weathers and family of Kress.

Farm Bureau Asks Reduction In State Acreage Reserve

Waco.—The Board of Directors of the Texas Farm Bureau went on record here July 20 favoring a 50 per cent reduction in the state's cotton acreage reserve.

Farm Bureau wants the controversial state reserve cut from 15 to 5 per cent and the county reserve from 15 to not less than 5 and not more than 10 per cent. A bill introduced by Rep. W. R. Poague would reduce the state reserve to 2 1/2 per cent. The legislation was introduced as a result of demands of farmers in older producing areas in the state. They claimed that the state Agricultural Stabilization and Conservation committee was unfair in allocating most of the reserve acreage on a trend basis. Counties in West Texas and other areas where cotton production is showing an upward trend received most of the state's 10 per cent reserve this year.

The state Farm Bureau recommended earlier this year that the state reserve be cut to 2 per cent. The decision to recommend a higher figure resulted from a recent meeting of a Farm Bureau committee with Henry H. Marshall, state ASC cotton program administrator. Marshall said that most of the 5 per cent reduction would be taken from the "trend adjustment." Reserve acreage is allocated on the basis of trends and abnormal weather conditions, small farms, new growers, and to correct inequities and prevent hardship.

He said the 2 1/2 per cent reserve in Poague's bill would not be enough to take care of those needs next year.

Soil Award Winners Are Named In Texas

College Station. — Six Texans have been named winners in a national soil conservation district awards program. According to Jack Barton, extension soil and water conservation specialist, the list was released by the Goodyear Tire and Rubber Company, sponsor of the program.

The Hale County Soil Conservation District was named outstanding in Area I and Homer Roberson of Petersburg, chairman of the district board, as their representative. I. E. Rankin, Rt. 2, Plainview, was named as outstanding farmer-operator in the district.

Area II's outstanding district was Frio and their representative was Henry J. Hardcastle Jr. of Derby. Harry Bennett also of Derby was selected as the outstanding farmer-cooperator.

Winning district in Area III was Gillespie County which named Adolph O. Kneese, Rt. 2, Fredericksburg as its governing body representative and Raymond Spaeth of Harper as outstanding cooperator.

The six Texans, says Barton, along with 94 winners from the other 47 states will be guests of the sponsor on a trip and vacation to Goodyear Farms, Litchfield Park, Arizona. This will come in November or December.

Barton says the program is now in its third year and that after March 31, 1956 another group of outstanding conservation districts and farmers would be named.

Cary Griggs Dies In New Mexico Thurs.

Cary Griggs, a pioneer resident of Lockney, died at the home of his daughter in Hasel, N. M., Thursday of last week. He had been ill a year and was staying at his daughter's home. Funeral services were held Sunday at the Nazarene Church in Clovis and burial was in the Hasel cemetery.

Mr. Griggs was an uncle of Mrs. Merle Alford of Lockney and a brother to Mrs. Mary Davis of Floydada. He operated a photo shop here in the early days but moved away some 30 years ago.

Survivors include his wife, three children, one brother, one sister and nine grandchildren.

AN ORDINANCE REGULATING PUBLIC DANCE HALLS AND PUBLIC DANCES IN THE CITY OF LOCKNEY, TEXAS REQUIRING A LICENSE AND PERMIT FEE, PROVIDING REGULATIONS THEREFOR AND FIXING A PENALTY FOR THE VIOLATION OF ANY OF THE TERMS OF SAID ORDINANCE.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF LOCKNEY:

Section 1. The term "public dance" as used in this ordinance shall be taken to mean any dance or ball to which admission can be had by payment of a fee, or by the purchase, possession or presentation of a ticket or token or in which a charge is made for caring for clothing or other property, or any other dance to which the public generally may gain admission with or without the payment of a fee. The term "public dance hall" as used herein shall be taken to mean any room, place or space in which a public dance or public ball shall be held.

Section 2. It shall be unlawful to hold any public dance or public ball within the limits of the City of Lockney, until the dance hall in which the same may be held shall first have been duly licensed for such purpose. Applications will be made on forms furnished and prescribed by the City for that purpose. The license, when authorized by the City Council shall be issued by the City Secretary, and the fee therefor shall be paid at the time of the issuing of the license. An annual license fee for each public dance hall shall be required in the amount of One Hundred (\$100.00) Dollars.

Section 3. No license for a public dance hall shall be issued until it shall be found by inspection that such a hall complies and conforms to the health and fire regulations of the City; that it is properly ventilated and supplied with sufficient toilet conveniences and is a safe and proper place for the purpose for which it is used, as determined by regulations heretofore or hereafter adopted by the City Council.

Section 4. In addition to the "public dance hall" license provided for in Section 2, there shall be required a "public dance" permit. No person, persons, societies, clubs or organizations, shall hold a public dance or public ball until a permit shall be issued therefor by the City Secretary of the City of Lockney, Texas, and application for such permit shall be upon a form furnished by the City and shall be filed with the City Secretary at least forty-eight hours before the dance or ball is to begin, and said permit shall be issued by the City Secretary when all the provisions of this ordinance and other ordinances in reference thereto are complied with and upon payment of the dance permit fee, which fee shall be one (\$1.00) Dollar.

Section 5. No license or permit issued under the provisions of this ordinance shall be transferred, unless approved, by the City Secretary of the City of Lockney upon application.

Section 6. All public dance halls shall be kept at all times in a clean, healthful and sanitary condition and all rooms connected therewith shall be kept open and the entire place shall be well lighted. Any member of the Police Department

shall have the power, and it shall be their duty to cause the place, hall or room where any dance or ball is held or given, to be vacated whenever any provision of this ordinance is being violated or whenever any indecent act shall be committed, or when any disorder of a gross, violent or vulgar character shall take place therein. It shall be unlawful for any person in charge of said public dance hall to permit any boisterous or disorderly person to enter, be or remain in or to assist in any such public dance hall or public dance; and it shall be unlawful for any person to conduct himself in a boisterous or disorderly manner in any public hall or public dance. No intoxicated, gross mannered or vulgar person or indecent character shall be permitted in any dance hall and no person or persons shall be permitted who conduct themselves in a gross or vulgar manner.

No indecent, freak or immodest dances are to be allowed. Any one interested or affected by the ruling of the City Council is hereby given the right of appeal from said ruling to the mayor of the City of Lockney, provided said notice of appeal is filed with the City Secretary within five days from the ruling of said City Council.

Section 7. The City Secretary shall examine all applications for dance hall licenses and dance permits and make recommendations with reference to applications for dance hall license and dance permits, as provided in Section 4 hereof. The City Council and police officers of the City of Lockney are hereby empowered, in the case of any and all dances, to enforce all rules, regulations and ordinances relating to public dances and public dance halls, and are hereby empowered to revoke any dance permit at any time when any provision of this ordinance is not being complied with.

Section 8. The provisions of this ordinance shall in no way interfere with private dances given at the private homes of reputable people or with dances given by reputable people or with dances given by reputable and permanently organized clubs, societies or corporations, where the attendance is restricted to the members of the society, club or corporation and their guests; provided, however, that the terms of the ordinance shall apply to any and all instances where any dance or ball is had where admission can be had by the payment, of a fee or by the purchase, possession or presentation of a ticket or token, or in which a charge is made for caring for clothing or other property, or to which the public generally may gain admission with or without the payment of a fee.

Section 9. Any person, persons, society, club or corporation who shall violate any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and shall, upon conviction thereof, be fined not less than Ten (\$10.) Dollars nor more than One Hundred (\$100.00) Dollars for each such offense.

Passed and approved this 27 day of July A. D. 1955.

J. E. Cox, Mayor, City of Lockney, Texas.

ATTEST: A. Janita Thompson, City Secretary. 17-2tc. (SEAL)

Services For Floyd Rancher Held Friday

Floydada. — Funeral services for J. V. Daniel, Floyd County rancher and retired banker who died of a heart attack late Wednesday, were held at 2:30 p. m. Friday in the First Methodist Church here.

The Rev. Tilden B. Armstrong, pastor of the church, officiated. He was assisted by Dr. R. Earl Allen, pastor of the First Baptist Church.

Daniel, 60, was a former president of the First National Bank here. He retired from that position in 1942 because of ill health and became manager of the Montgomery Ranch in Floyd County. He held that position at the time of his death.

Daniel came here in 1915 from Hughes Springs and took a job in the bank. He interrupted his employment to serve 14 months in France during World War II.

He married Miss Kate Butler of Floydada in 1919. She is among his survivors. Other survivors include: a son, Wendell, Austin; a daughter, Mrs. J. S. Hale Jr., Floydada; three sisters, Mrs. J. H. Evans, Fort Worth; Mrs. Smith Patterson, Omaha, Texas, and Mrs. Ford Stingley, Texarkana.

Burial was in Floydada Cemetery under the direction of Harmon Funeral Home.

Mrs. J. P. McPherson and daughter D'Aune, of Dallas spent last week in the home of Mrs. C. P. McPherson and family.

CONVERSATION PIECE

Here's a conversation piece for parties that's easy to prepare ahead of time. Make a smooth paste of grated American chese, creamed butter and grated onion. Add a sprinkle of paprika. Spread mixture generously on salted crackers; and when ready to serve, place under broiler flame for about a minute.

It was the tiny town of Chireno where oil was first discovered in Texas.

Nothing GOES like a Chevrolet V8!

Drive with care... EVERYWHERE!

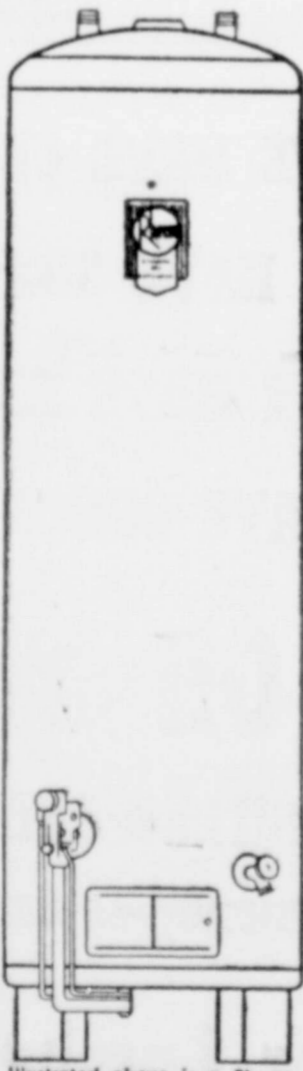

It's the new winner in stock car competition... and it's winning new, young-minded friends faster than you can say America's hottest V8. Because of its liveliness, its looks, and because it holds the road like it loves it—which it does. Come try it, won't you, if only for the fun of it!

Level Terraces

The two main reasons for constructing level terraces in this county are to hold rain on the land where it falls and to retard erosion.

Level terraces can be so constructed that farm machinery can work over them. They can be built wide enough so that none of the land is left idle. They usually are constructed at least one and one-half feet above ground level. If they are constructed from 25 to 30 feet wide, it is no problem to work over them with farm machinery. However, all farming operations should be done on the contour, that is by following the terraces.

Financial assistance is available to construct level terraces on dryland farms suitable for cultivation. At present the Agricultural Conservation Program pays \$66.00 per mile on the construction of level terraces. A farmer who is a District Cooperator may lease the District terracing machine and construct them himself, for perhaps an additional cost. A contractor may charge from \$100.00 to \$125.00 per mile to construct them.

When level terraces are installed, they must start at the top of the slope. If it is not possible to begin on your farm at the top of the slope, the first terrace would need to be a diversion. They are so designed to carry the runoff from the watershed above and empty onto a protected vegetated waterway or on grassland.

Shirley Irwin of the Fairview community had 11.5 miles of level terraces constructed in 1952, and he is well pleased with them.

Level terraces have shown increases in yield over contour farming alone. It is well to remember that they are one of the best conservation practices that we have on dryland. Many miles of level terraces need to be constructed here in Floyd County.

Take a close look at your place since the recent rains. When you

1955 Shows Increase

Austin. — Texas farmers' income has increased, despite a general decline in prices received for farm commodities, the University of Texas Bureau of Business Research reports.

Farm income was up 2 per cent during the first five months of 1955, compared with the same period of 1954, although prices paid to farmers for all products averaged 4 per cent lower this May than in May, 1954. The greatest increase over last year has been income from cattle, up 4 per cent. At the same time, there was a 15 per cent decline from last year in prices paid for all meat animals.

During May, Texas farmers' income passed the half billion mark, and by the end of the month, the year-to-date total was \$555,710,000.

RECEIVES DISCHARGE

Lt. (jg) Terry Perkins, son of Mr. and Mrs. Frank Perkins of Lockney, received his discharge from the U. S. Navy at the 8th Naval District Headquarters in New Orleans, La., the past week end. He arrived in Lockney Monday night. Terry had spent nearly 5 years in the Navy.

Lt. and Mrs. Delbert Phillips and son, Kent D., of Fort Collins, Colorado, were here last week visiting with his parents, Mr. and Mrs. B. R. Phillips of the Lone Star community. Also here was the latter Mr. Phillip's sister, Mrs. H. G. McFarland of Houston.

Mr. and Mrs. A. V. Hornbeck of Red Bluff, Calif., visited her brother, Ed. Musser and family here Monday night and Tuesday. It was the first time in 25 years the two families had been together. Mr. Hornbeck operates a commercial printing plant.

COME AND BRING THE WHOLE FAMILY!

South Plains

By Mrs. Murray Julian

July has been a month of vacation for many in our community and August will see many more off to visit relatives and some to resorts. Last Saturday night, July 23 rain was general here with an inch everywhere and two inches around South Plains itself. Only light showers fell Wednesday but Sim Reeves and E. J. Kinslow and the north part of our community got two and a half inches.

Tuesday morning Mrs. H. F. Parks and granddaughter, Ann Edwards from Dahlonaga, Georgia, arrived in Amarillo where Mrs. Parks son, I. H. Parks met them and brought them to visit here in the Parks home for an indefinite stay. Other visitors in the home of Mr. and Mrs. I. H. Parks and boys were Mrs. Parks' nieces, Fayth Lawson from Amarillo and Kaye Burns from Plainview who spent a week here.

Dr. and Mrs. E. E. Joiner from Midland spent Saturday in Hereford with her folks. Mr. and Mrs. George Brumley and were in Floydada on Sunday night to attend church and spend the night as guests of Mr. and Mrs. H. G. Barber.

Rev. and Mrs. Larry Faus were sponsors for the G. A.'s picnic and skating party last Thursday evening at Plainview. A picnic supper was spread at the Plainview park and afterwards skating at the Plainview rink was

enjoyed by the girls in the party who were Misses Bonnie Upton, Virginia Taylor, Louise Pritchett, June Marble, Juanell Wood, Donita Milton and Rev. and Mrs. Faus.

School day friends of Mrs. Sim Reeves were callers in her home last Thursday. Mrs. Bill Johnston and Mrs. Jewell Harlan of Idalou spent the day with Mrs. Reeves.

We are happy to announce a new daughter named Joni Beth, born on Friday, July 29, at Lockney to Mr. and Mrs. Dick Guest of Silverton, former residents of South Plains. The new baby weighed nearly eight pounds. Her paternal grandparents, Rev. and Mrs. R. C. Guest who now live in Cone are also former South Plains residents.

Among the visitors at church Sunday were Mrs. Harper and grandsons from the Ivy Moon farm. Mr. and Mrs. Cecil Taylor and children who reside on the farm of Mrs. Ollie Wilson and Mrs. Brown and daughters who live on the Wade Deavenport place. We are glad to welcome all the new residents of South Plains to church and all gatherings.

Mr. and Mrs. H. L. Marble and Mr. and Mrs. H. R. Hartman went to Roswell and Ruidoso, N. M. to spend the weekend and enjoyed a cool vacation in the mountains, returning home on Monday of this week.

Mr. and Mrs. Hub Austin and son, Gary, of Borger were Saturday visitors in the home of his sister, Mr. and Mrs. Sim Reeves

and spent Saturday night as guests of the Reeves. Jack Reeves spent the weekend visiting friends in Lubbock returning home Sunday evening.

Mr. and Mrs. Raymond Upton, Bonnie and Jimmie will leave this Wednesday for Tacoma, Washington and many other places of interest. Their son, Ronnie is eight miles from Tacoma and they will spend the time visiting with him and plan to be gone a few weeks. Miss Betty Blum of Floydada will accompany them on the vacation. Staying in the Upton Grocery and South Plains post office in their absence will be Mrs. Harry Hartman and Mrs. Bryan Karr.

Mrs. L. T. Wood received word of the severe illness of her father, S. C. Waller of Tucumcari, N. M., last week and with her daughter, Juanell, left on Monday to help her mother care for him. She came home Wednesday as another sister is in the home to help care for the ill father.

Mac Smitherman, recently in Japan, is now home on a furlough with his folks. Mr. and Mrs. John Smitherman and will be here until August 11. Then he returns to his unit in Fort Bragg, North Carolina.

Mr. and Mrs. Thomas Pierce left Sunday after church for her parents home in Harmony community where they went to get their children, Steve, Stanley, and Beverly Diane who had been spending the weekend with their grandparents, Mr. and Mrs. J. M. Pierce of Harmony.

Mrs. Grigsby Milton Sr. and Linnie Milton of Amarillo left Tuesday of last week for Shawmut, Alabama where they will visit for an indefinite time with Mrs. Milton's daughter, Mrs. Howard Whiting and family.

Mrs. Fred Fortenberry received word Friday of the passing of her grandmother, Mrs. Suddie McCain who was nearly 93 and who lived at Fort Worth. With her husband and her brothers, John and Clifton McCain of Amarillo, Cecil and Lawrence McCain of Tulsa and her sister, Mrs. Elvis Hutson, Mrs. Fortenberry left Saturday to attend the services which were held in Grapevine Sunday afternoon. Mrs. McCain had been ill only a short while and would have been 93 in December. The family all returned to their home on Sunday evening.

The W.M.U. of the Baptist Church met at the church at three on Monday afternoon for Royal Service study. Seven members attended and Mrs. Faus led the study in the absence of Mrs. Karr. "A Sure Road to National Downfall" was the theme of study and each member took part. Mrs. Reeves closed the meeting with prayer. Those attending were Mmes. Larry Faus, Dock Jones, Sim Reeves, H. S. Calahan Jr., Grigsby Milton Jr., Walter Wood and Murray Julian.

Vacationing in Colorado and New Mexico last week were Mr. and Mrs. Murray Julian, Kendis and Bruce. They left last Friday, spending some time at Cimarron, Taos and other spots in New Mexico, Pagosa Springs, Durango, Monte Vista, and other places in the P. Luis Valley in Colorado. They returned Tuesday.

Mr. and Mrs. Bryant Higginbotham visited her aunt, Mr. and Mrs. O. R. Beard on Sunday afternoon. Mrs. Beard is recuperating from a major operation at Scott and White San-

itarium in Temple and is doing, in August, only the annual picnic on August 13.

Mr. and Mrs. George Weast left Saturday morning on a ten day trip which will take them from Ruidoso, N. M. where they will spend the weekend, to western Colorado where they have reservations for the Ski Hi Stampede held at Monte Vista for August 1 and 2. From there they will go to Durango and take many trips from that city on the narrow gauge railroad to Ouray, Telluride, etc. They also plan to visit Mr. and Mrs. Bert Douglas of Lubbock at their summer home which is located near Cortez, Colorado. The Weasts' granddaughters, Sandra Smith, Sterley and Sharon Evans of

Mr. and Mrs. Raymond Upton, Bonnie and Jimmie, Mr. and Mrs. W. E. Burleson, and Stanley, and Mr. and Mrs. Clayton Bond, Victor and Jane, Juanell Wood, Virginia Taylor, Eugene Beedy, and several others from here were among the group that made up the birthday celebration held annually for Bonnie, Juanell, Victor and Stanley on their birthdays, July 28. This year they all went to Roaring Springs on Sunday with hampers of food and spent the day picnicking and swimming in the pool there.

A wonderful vacation is planned by Mr. and Mrs. Gilbert Bean, and their daughter, Mr. and Mrs. Shelby Calahan and children, Jerry, Johnny and Beth. They plan to leave for Bonneyville, Washington, this coming Friday and will visit Mrs. Bean's sister there. They will also visit Ronnie Upton, who is stationed near Tacoma, Washington, and they will be gone about two weeks.

Mrs. L. H. Faus will be hostess at an all day porcelain painting party at the parsonage on this Friday, August 5 beginning at ten in the morning. Everyone is welcome and each one bring a sack lunch to have at noon. Mrs. Lewis Jurcak of Plainview will be the instructress at the painting party.

Club Meeting At Mrs. Fields in Floydada

South Plains H. D. Club met on Wednesday, July 27 at three p. m. in Floydada at the home of Mrs. Menard Field with Mrs. John Wilson as co-hostess and Mrs. Dunlap presiding over the meeting. Roll call was "Women in the News," and Iris culture was read by Mrs. Karr. Mrs. Brummett was with the club and gave a demonstration of Fruit Plate, a beautiful, colorful dish that the hostesses served with the refreshment plate of sandwiches, iced tea and cookies. The annual picnic was planned and time was set for Saturday, August 13. It will be held on the church grounds with the Home Demonstration Club sponsoring the picnic but each and everyone in the community is urged to attend. Everyone who has freezers will please bring ice cream and others will bring cakes. The annual party will be a tacky party and games will be played. Everyone make your plans to be there. There will be a hat clinic held in the council room on September 10 and all interested should make plans now to attend. Present at the club meeting were Mmes. R. G. Dunlap, John Smitherman, Frank McClure, George Weast, Bryan Karr, Grigsby Milton, Skeet Thornton, John K. West, J. D. Webb, I. H. Parks, Horace Marble, Roy Bledsoe, the hostesses and guests, Mrs. W. M. Stanforth Jr., Mrs. M. O. Field and H. D. agent, Mrs. Brummett. There will be no club meetings

PLAY SAFE WITH YOUR CHILD

If you wanted your child to learn to swim, would you toss her into the water and say, "Sink or swim, honey?"

"How silly!" you exclaim. "I'd do like any sensible parent—provide her with every safeguard. I'd stay nearby, teaching her, and I'd give her a life preserver to help keep her afloat and give her faith in herself."

And you're so right. With adequate "how-to" and confidence, she will be safe as long as she holds on to her life preserver.

It's the same with her spiritual safety. To meet most of life's problems confidently and without fear she will need a spiritual life preserver.

To keep her afloat, help her acquire those necessary and stabilizing qualities of faith, hope and love found through regular worship at the Church of your choice.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

10 LOCKNEY MEN ATTEND 6-DAY FARM AND RANCH TOUR IN COLO.

Ten Lockney men returned last Friday from a 5-day Farm and Ranch Workshop tour of Colorado. The tour was planned and carried out by Burlington Railroad and the local men went as guests of the First National Bank of Lockney.

"It was the nicest trip I have ever made," was the typical comment of local men attending. Those making the trip from Lockney were R. C. Mitchell, Robert Lee Smith, Leslie Cox, J. C. Thomas Jr., Woodson E. Terrell, Raymond Rucker, Oscar Golden, Hubert Frizzell, W. G. Hodel and Owen Thornton. Some 75 men from various points in Texas made the tour but the Lockney representation was the largest from any city.

The tour was planned down to the minute, the local men report, and every day was filled with interesting and exciting events. Highlights of the tour included Colorado's water conservation and irrigation development, Cheyenne's Frontier Days Outdoor Rodeo, the beautiful mountain scenery and the great F&I industrial plant at Pueblo.

The local men boarded the Burlington Zephyr at Amarillo Sunday evening, July 24th, and awoke the next morning in Denver, Colo. They had breakfast on the train and then departed by bus for a trip along the beautiful Denver boulevards and thence to the Davis Angus Farms, then to the Gilchrist potato district and to Greeley for lunch. From here they went to the Warren Monfort push-button feed lot, visited other feed lots and then back to Denver for the evening.

On Tuesday all boarded buses for a trip over the famous Bert Road Pass to Grand Lake, location of the Adams Tunnel intake of Big Thompson water diversion project, then over Trail Ridge Road to Estes Park for a night's lodging at Chalat Ranch.

On Wednesday the group attended the Cheyenne Frontier Days Parade at 10 a. m., enjoyed a steak fry at noon at the Wyoming Herd Ranch where show cattle and herd bulls were

on display and after lunch attended the famous Frontier Days' Rodeo and then back to Denver for the evening.

On Thursday the group visited the great Colorado Fuel & Iron plant, which spreads over 160 acres and employs 22,000 people. From here they went through the highly productive irrigated Arkansas Valley farms to Rocky Ford for lunch. The afternoon stops were at the Everett Marshall feed lots and other farms where they saw the results of soil fertility building practices, crop rotation and proper use of irrigation water, then back to Pueblo for dinner.

The men returned home Friday.

Swine Program Will Be Held At Lubbock

A two-day swine program will be held at Texas Technological College, Lubbock, Monday and Tuesday of next week. The program is being sponsored by the Animal Husbandry Department of Texas Tech in co-operation with the West Texas Duroc Breeders Association, the Texas Chester White Breeders Association, Southwestern Hampshire Swine Breeders Association, Panhandle Plains Poland China Breeders Association, and the Texas Swine Breeders Association.

The registration will begin at 8:30 a. m. Monday and the program at 9 a. m. The last talk on Monday will be at 3:45. The Tuesday program begins at 9 a. m. and runs through 3:15.

Some of the matters to be discussed will be types, carcass grades, certified hog program, disease control and swine sanitation, swine feeding, marketing swine, fitting and showing swine, keeping records, and other subjects.
