LOCKNEY, FLOYD COUNTY, TEXAS, THURSDAY, SEPTEMBER 1, 1955

NUMBER 21

Allen At After 3 In Japan

son of Mr. and Mrs. arrived home Monday after more than a year in Japan with civil service. He was in a leisurely five-month tour of Japan, Europe, Asia and Europe.

Some three years ago he was in Japan in the civil service with intelligence units. Most of his time was stationed in Japan. He was in Japan at Camp Drake, an air base, and he flew some 18 miles out of the base to see a friend. He was talking with a Beacon reporter Tuesday that he enjoyed his stay in Japan. He spent a large part of his time traveling over the country and managed to see some of the sights during the time he was in Japan.

Country is very picturesque. There is always a difference in the waiting for you over the hill. Bill said. "The difficulty to understand is that I did learn there is a time element in the non-existent. There is no tomorrow or next week in the things done."

Home was the most interesting thing of all. Bill touched at most of the major ports on his trip from Tokyo, spending time at several places. He traveled to Manila, Hong Kong and on to Saigon. Main points in India he visited Calcutta, Delhi and Bombay. He had to travel the Suez Canal by night. He decided to take the trip to Cairo by car in the morning. He saw some signs of the excitement of the

Alexandria, Egypt he visited where he spent the water taxis are too expensive for the common man, and most people travel throughout the city. There are no automobiles in the city. He visited in Belgrade, Yugoslavia, and other cities in the country ruled over by Mr. Tito. He went into the cities of Naples, Palermo and Genoa. Some one stole his camera and put an end to the record of the trip. In inquiry he was told that the camera probably stole it. He said that thieves were worse in Genoa than in any other country.

Genoa he sailed to Halifax, Nova Scotia, and on to New York. He was back in Lawton, Oklahoma, on Monday after a departure some three weeks ago. He was met there by his wife who brought him back to the future are in the said Tuesday, and go back into civil service.

CONVENTION

Commander Bill Whitlock Lockney American Legion presided at the convention of the 19th National District held at Monday evening. Forty members were represented at the convention and the new state leader, Charles L. Downey Stanton was present.

HWY ENGINEERS TAKE 'NEW LOOK' AT ROUTE THRU LOCKNEY

Members of the State Highway Department have been in the past week taking a "look" at the route for a new 4-lane highway through Lockney. The engineers are drawing plans with the purpose in mind to keep the highway on the old route as much as possible, according to an outgrowth of several local business issues in the past few days. The issue to purchase the highway for the 4-lane highway has been defeated twice in the past year. Much of the opposition to the issue came from the Lockney area and was brought by the route proposed through the city. Engineers had drawn the plans to pass the intersection of the Sandhill farm-to-market road about a block south of the intersection by-passing business establishments present highway. The issue with the business establishments on the highway

Lockney Schools Enroll 883 First Day Of School

Tuesday, the first day of the 1955-1956 school term, found 883 students enrolled in the Lockney School system, according to figures released by Supt. W. C. Irons Wednesday morning. This is an increase of 13 over the figure for the same day last year when 870 were enrolled.

All schools showed an increase in enrollment with the exception of the grade school where the enrollment dropped from 399 last year to 377 this year, a loss of 22 students. In addition five students are enrolled in the class for exceptional children.

In the high school the enrollment this year was 255 compared to 234 last year. In junior high this year's enrollment was 214 compared to 203 last year.

In the colored school 37 were enrolled this year compared to 34 last year.

By classes the high school shows this enrollment: freshmen, 72, sophomores, 78, juniors 49 and seniors 56.

In grade school the enrollment by classes is: 1st 93, 2nd 68, 3rd 83, 4th 59, 5th 74. In junior high the enrollment by classes is: 6th 86, 7th 71, 8th 57.

New Principal Employed

Claud H. Cheves has been employed as principal of the junior high school. Mr. Cheves came here from Amarillo, having served as principal in the Highland Park school near Amarillo for several years. Mr. Cheves has a master's degree from West Texas State College and also has an administrator's certificate.

There is still one vacancy in the faculty, that being in junior high school, Supt. Irons said. School started off smoothly with only a few wrinkles to be ironed out Wednesday. Buses were running on schedule and both lunch rooms were serving the usual number of students each day.

School sessions begin at 8:45 a. m. with the morning session ending at 11:45. School resumes at 12:30 after 45 minutes for lunch and is out at 3:30. The first and second grades are released at 2:20 p. m.

Tim Holt Coming To Seale In Person

Tim Holt, famed western movie star, and his group of entertainers are coming to the Seale Drive-In in person Tuesday of next week, Sept. 13. It was announced this week by J. B. Seale, manager.

The party, composed of four persons, will present a show composed of singing, comedy and trick shooting. Mr. Seale said. A platform will be erected on top of the concession building or some other convenient place from which the group will perform.

Also on the program for the night is a western show, "Wagons West" in which Holt stars. It is from Zane Grey's book.

Mission School At Lone Star Church

A Stewardship & Missions School will be held at the Lone Star Baptist Church Sunday through Friday of next week, according to announcement made this week by the pastor, Rev. A. L. Shaw.

Mission classes will be held at 7:15 to 8 each evening and a missionary speaker will follow. A different speaker will be heard each night.

Rev. F. A. Green will speak at both services Sunday.

First Load Of Milo At Muncy Elevator

The first load of milo from the 1955 crop arrived at Muncy elevator Wednesday afternoon. The grain came from the farm of M. J. McNeill and tested 13 percent moisture, according to Bob Muncy, manager.

No grain had arrived at either Lockney elevator Wednesday and elevator men said that it would be a week or ten days before the grain started moving in any quantity.

The loan price Wednesday of this week was \$1.52 net to the farmer and the market price was quoted all the way from \$1.50 to \$1.65.

Longhorn Squad Now Numbers 48, Scrimmage Fri.

The Lockney Longhorn football squad now numbers 48, Coach Rudy Halle said Wednesday and the boys are hard at work getting ready for their first game with Hale Center on September 9th. They will scrimmage Silverton here Friday afternoon at 3:30.

Co-Captain Weldon Jones, all-district guard last year, is recuperating from a chest injury received the first day of practice. It was thought at first that he may have cracked a bone in his chest but later x-rays show the injury to be just a bad bruise. He is working out lightly now but will not get back into scrimmage until next week. He is expected to be ready to go for the first game.

The Longhorns scrimmaged the Petersburg team last Saturday morning on the local field coming out with about seven touchdowns to two for the Petersburg boys. They were scheduled to scrimmage Spring Lake Wednesday afternoon in addition to the Friday scrimmage against Silverton.

The present squad includes 19 freshmen, 15 sophomores, 6 juniors and 8 seniors. Of this number 12 have earned one letter, one has earned two letters, 11 are last year squad men, 18 came up from the junior high, two are transfers and two have had no experience.

The squad is light for AA football with only one going over 200 pounds and none of the remainder weighing more than 170 pounds. Many of the squad weigh in at less than 150 pounds.

Following is a list of the squad as of Wednesday afternoon:

Jerry Workman, Kelly Harrison, Robert Owen, James Ansley, John Hanst, Dan Griffith, Coy Kidd, Bill Bigham, Calvin Wylie, Bill Musser, Duane Griffith, Joyce Buschal, Ronnie Harris, Dickie Barton, Larry Elam, Bennie Ballard, Loyd Williams, Lane Crank, Byron Brock, Jerry McQueen, Lonell Hayes, Darrell McCarter, Jerry Wofford, Doyle McCada, J. W. Dippery and Jay Kemp.

Donald Parish, Bill Reagan, Roy Kidd, Larry Hammitt, Thomas Copeland, James Ferguson, David Roberson, Gene Handley, Billy Carl Race, David Frizzell, Weldon Jones, C. D. Fitzgerald, Jerry Micky, Jerry Williams, Nelson Wofford, Joe Davis, Ronnie Thornton, Clifford Hardy, Kenneth Callaway, Arlie Pinner, Jackie Don Callahan, and Curtis Davis.

Team managers are Stephen Handley and Wyman Cooley.

District GMAA Meet To Be Held Here

District 16 representatives of the Germania Mutual Aid Association will meet at the City Auditorium in Lockney on September 8. It was announced this week by Frank Dodson, secretary of the local.

Three representatives of the state office will be present to answer questions and discuss the insurance organizations policies. The visiting members will be served dinner at the noon hour at the Methodist Church here and the meeting will begin at 1 p. m. Presiding will be V. H. Diarsing of Littlefield, district representative.

United Chest Budget Set At \$13,165 Next Year

The Floyd County United Chest budget will be \$13,165 next year if recommendations to be made by the Budget and Acceptance Committee are accepted by the directors in their meeting September 19.

The following amounts have been set for each agency:

- Cancer fund — \$1165.
- Boy Scouts — \$3500.
- Red Cross — \$3200.
- USO — \$500.
- Salvation Army — \$2500.
- Heart fund — \$800.
- Expenses — \$500.
- Reserve — \$1000.

The committee will also recommend that any lack in the present special flood relief fund drive by the Red Cross be paid out of the United Chest reserve. It was said. The committee met last Thursday night at Floydada.

Sams Re-Elected County Chairman ASC Committee

Buck Sams of Lockney was re-elected county chairman of the Agriculture Stabilization and Conservation Committee in the county convention Monday. Tom Porter of Starkey was named vice-chairman and Gerald Lackey of Cedar Hill was selected as the third member of the committee. First alternate is Oscar Golden of Aiken and second alternate is L. F. Gresham of Dougherty.

Porter and Lackey replace Ned Bradley and John Key West on the county committee, both of whom asked to be relieved of their jobs.

The new committee members take office today (Thursday) and hold their first meeting Tuesday of next week, Sept. 6.

Delegates to the county convention were: D. J. Phillips, R. G. Dunlap, Connie O'Brien, W. G. Hodel, Maurice Campbell, Ernest Thomas, James H. Price, W. W. Edwards and Claude Ring.

Quarterback Club Organized Thurs.

In a meeting held at the Lockney Auto Company Thursday night, some 15 men met and organized the Lockney Quarterback Club for the 1955-1956 school year.

Lloyd Readhimer was elected president, Frank Hardy, vice-president and R. L. Knox Jr., secretary-treasurer. The four directors are Dillion Patterson, Leonard Finley, Edgar R. Hays, and Elmer Lee Stapp.

A membership fee of \$2.00 for the year was set and Harley Workman was named chairman of the membership committee. Other members are Leon Wofford, Marvin Gilbert and Johnny Race.

The committee to work out the football programs for the year was named with John Chandler as chairman. Other members are Clyde Stapp and Leonard Finley. President Readhimer will select a projects committee and other committees after the membership drive is completed, he said.

Majority Stock In Local Bank Is Sold To Snyder and Roby Men

County Given \$260 Quota For Flood Relief Fund

Floyd County has been asked to raise \$260 for a special Red Cross flood relief fund, according to N. W. Williams, county Red Cross chapter chairman. The telegram received by Mr. Williams early this week from E. Roland Harriman, head of the American Red Cross in the mid-west, pointed out that more than \$8,000,000 would be needed and that 10,000 families were in need.

Mr. Williams received permission of the Floyd County United Chest Tuesday to make the solicitation. No personal solicitation will be made but those wishing to donate are asked to leave their money at the First National Bank in Lockney or the First National in Floydada.

Mr. Williams urges citizens of this county to make their contributions soon to this special fund for relief of flood sufferers in the east.

Mrs. Deavenport Services Sunday

Funeral services for Mrs. Wade Deavenport, resident of the South Plains community, were held Sunday afternoon at 2 o'clock at the Main Street Church in Lockney. Thos. McDonald, minister of the church, officiated. Burial was in the Lockney Cemetery.

A large crowd of friends and relatives attended the services, paying last respects to the deceased.

Mrs. Deavenport passed away late Friday afternoon at Medical-Surgical Hospital here. She had been seriously ill only about a month and had recently been under treatment at the Gaston Hospital in Dallas. She was returned to the local hospital by Carter Ambulance early Thursday morning.

Mrs. Deavenport was born November 3, 1898 at Gail, Texas. She was married to Wade Deavenport on January 1, 1914 at Puerto, N. M., and the couple have made their home at their present residence northeast of South Plains since that time. She was a member of the Main Street Church of Christ.

Survivors include her husband, two sons, Norman Wade of Truman, Ark., and Noel of Silverton; one daughter, Mrs. Herman B. Thornton of the South Plains community; two brothers, Arnold Walters of Corbendale, Colo., and Whaley Walters of Tracey, Calif.; two sisters, Mrs. Harry Phillips of Corbendale and Mrs. Rome Isler of Marble, Colo.; two grandchildren, Kay Thornton and Norman Wade Deavenport Jr.

Man Caught Here In Stolen Truck

City Officer Alton May ran down and stopped a man driving a stolen milk truck on Highway 70 in south Lockney early last Thursday morning. May had received a radio call from the Plainview police department asking that he try to intercept the man who was driving toward Floydada in a Cloverlake truck. He immediately went to the highway and started west toward Plainview, meeting the truck at the western edge of Lockney city limits. Turning he caught the man at the eastern edge of the city limits and forced him to stop.

The driver, Edwin Lee Beebe, was returned to Plainview where charges were filed against him. He and another man are also charged with stealing a truck in Lovington, N. M., driving it to a point on the highway between Lubbock and Abernathy where it burned. The other man was picked up in Plainview. Both are from Oklahoma.

Quarterbackers Plan To Paint Stadium Tonight

Every member of the Lockney Quarterback Club and every other able bodied football fan is invited to come to the football field this (Thursday) afternoon anytime from 5 p. m. on and help paint the big west stadium. The stadium has been needing paint for two years. This year the school has agreed to buy the paint if the members of the Quarterback Club will spread the paint.

Those coming should bring a 4-inch brush if they have one. If not perhaps someone else will have an extra. Officials of the club are hoping that 30 or 40 men will show up so that the job will not be a big one for those who do the work.

This is the first project of the Quarterback Club and they are anxious to get it over big. They urge every man who can to be present and help.

Membership Meet

The first membership meeting of the Quarterback Club will be held next Tuesday evening at the high school auditorium, according to plans made at a directors meeting Tuesday night of this week. The meeting will get under way at 7:30. Some 50 memberships in the club had been sold up to Tuesday night and the membership drive was still underway.

The directors set the first and third Tuesday nights of each month as regular meeting nights of the club. Present for the Tuesday night meeting were Vice-President Frank Hardy, Directors Leonard Finley, Elmer Lee Stapp, Edgar Hays and Dillion Patterson.

Aberdeen-Angus Association Plans Field Day Here

The Floyd County Aberdeen-Angus Association is planning a field day on Tuesday, September 6, it was announced this week.

Meeting in front of the First National Bank at 9 a. m. the group will visit Aberdeen-Angus herds on the following farms in this county: Kellison & Henderson, Herman Thornton, Oscar Golden, Don Bennett, Orba Miller, Loyce Turner and Bill Norman.

Special guests for the day will be Glen L. Tole, Fort Worth, secretary and treasurer of the state association, and Milt Miller, Brady, Texas, a representative of the National Aberdeen-Angus Association. The two men will deliver some interesting talks on the cattle and will judge and class the various herds.

All members of the association are urged to make the tour and others are invited, according to G. E. Kellison, secretary-treasurer.

"MISS WOOL" CONTEST JUDGING WILL BE HELD FRIDAY EVENING

Final judging in the "Miss Wool of Texas" contest will be held Friday evening of this week in the San Angelo City Auditorium. Interest in the event is high here since the Lockney Chamber of Commerce has two entries among the 11 finalists in the contest. They are June Wiley, daughter of Mr. and Mrs. M. W. Wiley of Lockney and Jean Crass, daughter of Mr. and Mrs. Edwin Crass of the Rock Creek community.

Both girls with their mothers as escorts left Tuesday for San Angelo. The three-day convention preceding the judging started Wednesday morning and the three days are full of events scheduled for the 11 girls in the final contest.

On Wednesday morning they were guests at a breakfast. They drew their wardrobe for the contest and during the day went through two rehearsals at the City Auditorium.

M. W. Wiley, former president of the First National Bank of Lockney, has sold all of his stock in the local bank, he announced Wednesday morning of this week. Purchasers of the majority stock of the bank are Charles L. Duran of Snyder, Texas and B. C. Drinkard of Roby, Texas.

Duran is expected to become the managing officer of the bank and will probably move here next week. He has been vice-president and active loan officer of the West Texas State Bank at Snyder, which position he has resigned effective this weekend. He has been with the Snyder bank for 5½ years. He is 31 years of age and is married. Mr. and Mrs. Duran have three children.

Mr. Drinkard is president of the Citizens State Bank at Roby and does not plan to move here at present. He will be active in the bank's affairs, however.

Mr. Wiley sold all of his stock, 696 shares or about 70% of the total bank stock for slightly more than \$200,000 in a cash deal which was actually consummated some days ago. Announcement of the sale wasn't made until Wednesday of this week.

Plans for the re-organization of the official family of the bank were indefinite Wednesday. The Beacon was told. No directors meeting has been scheduled as yet. Rumors are circulating that probably a stockholders meeting will be called soon which indicates that directors, as well as other bank officials, will be elected.

Meanwhile Claude Holley, who has been executive vice-president of the bank since Mr. Wiley's resignation, continues in charge of the bank and operations are continuing smoothly with the same employees as in the past.

Mr. Wiley, in announcing the sale of his stock, expressed his appreciation for the co-operation he received while in the bank.

"I appreciate more than ever the many encouraging words of thanks conveyed to me personally and the many letters I have received since I left the active management of the bank," Wiley said in his announcement. "Such action on your part makes me feel good and makes me feel as though I have accomplished some degree of success in serving this community with good banking service."

"May I ask that you give to the new management the same loyal and courteous co-operation and patronage with which you favored me. My constant wish is for you, my friends and customers, Lockney and its trade territory, the best of everything. May we continue to grow together," he concluded.

Mr. and Mrs. Lester Green and their two children returned to Lockney Sunday after spending the summer in Edinburg, Texas. He has been employed there by the Whittenburg Gin Company and will also be employed by that company here.

MISS WOOL CONTEST JUDGING WILL BE HELD FRIDAY EVENING

Final judging in the "Miss Wool of Texas" contest will be held Friday evening of this week in the San Angelo City Auditorium. Interest in the event is high here since the Lockney Chamber of Commerce has two entries among the 11 finalists in the contest. They are June Wiley, daughter of Mr. and Mrs. M. W. Wiley of Lockney and Jean Crass, daughter of Mr. and Mrs. Edwin Crass of the Rock Creek community.

Both girls with their mothers as escorts left Tuesday for San Angelo. The three-day convention preceding the judging started Wednesday morning and the three days are full of events scheduled for the 11 girls in the final contest.

On Wednesday morning they were guests at a breakfast. They drew their wardrobe for the contest and during the day went through two rehearsals at the City Auditorium.

On Thursday at noon they will be guests of the San Angelo Lions Club for lunch and will be guests at a buffet supper Thursday evening at the Cactus Hotel.

Friday morning a short parade will be held and at noon lunch will be served the girls at the Petroleum Club. The afternoon will be spent in preparation for the evening show, which will include a fashion review and pageant and the coronation of the 1956 Miss Wool of Texas.

Following the evening program a reception will be held for the contestants in the Crystal Ballroom of the Cactus Hotel.

Several people from Lockney are planning to attend the event in San Angelo, most of them leaving sometime Friday.

Minute Editorials

The Lord openeth the eyes of the blind; the Lord raiseth them that are bowed down; the Lord loveth the righteous; the Lord preserveth the strangers; He relieveth the fatherless and widow; but the way of the wicked He turneth upside down.—Psalm 146:8-9.

VOLUNTEER LABOR has done quite a bit toward getting the old oil mill building in southeast Lockney ready for the annual Floyd County Fair in October. Several farmers worked there last week filling holes and building a ramp into the big room on the east. Other farmers and business men of this area will probably be called upon to help in the big job of getting ready for the fair. It is a big job and one that deserves the support of every person. Some local business men are donating lumber to help fill the big openings in the windows. There is much that can be done and the co-operative effort of all those who are interested in the fair will be needed to get the job done right. The fair is only six weeks away. What you do, do quickly.

WE'RE ENTHUSIASTIC about the fair. It is one project that the entire county is co-operating on this year and did co-operate on last year. Of course it must necessarily start small but we're hope-

ful that it will grow to be something big and important to every person in the county. It is a thing that must be planned for months in advance. This year's fair will have the advantage of being planned further in advance than last year's because the fair last year was not organized until in the spring, that being its first year of operation. Next year it should be bigger and better than this. Let's work to make it so.

DESTRUCTION caused by the hurricane Diane and the floods in the northeastern states may be of small interest to people of this area, but we're predicting that its repercussions will affect us in several ways. Lost of production in brass and steel mills will affect the manufacture of some items in demand in this area. Also the loss of production in cement, insulation board, tile and other building materials may affect us. The destruction was terrific.

ALREADY THERE are some candidacies shaping up for the governor's office in Texas. Former Speaker Reuben Senterfitt has announced his candidacy. Former University of Texas Chancellor James P. Hart, a declared liberal is "thinking" about running. State Senator Jimmy Phillips of Angleton, who tried to make political hay of the Giles case, is probably intending to run. Senator Price Daniel has indicated that he may make the race, preferring Texas residence to that of Washington. Governor Shivers has not announced his candidacy but is not expected to run. Former Assistant Secretary of the Navy Bob Anderson may run. In fact there may be 10 or 15 candidates for the office with several of them being major contenders.

WE DON'T THINK the Supreme Court or any other court will say that the Texas law denying state school money to schools that have integrated their systems is constitutional. The district court said the law is unconstitutional and that is what we expect all other courts to say. The matter of separate schools for colored people has been in the courts numbers of times and in about 99 percent of the cases the decision has been against separate schools. We're not expecting the trend to change.

THE OPT-USED SLOGAN, "Drive Carefully," is more important than ever now that school is in session again. Many students, some of them barely six years of age, will be crossing streets, getting into and out of cars, and in other ways endangering their own lives if the auto driver gets careless. Parents of these youngsters can teach them safety, caution them over and over again, but in the end it is the auto driver who must watch where he is going and where they are going. So drive carefully, will you?

THE AMERICAN WAY

"ALMOST EVERY MAN WHO HAS BY HIS LIFE-WORK ADDED TO THE SUM OF HUMAN ACHIEVEMENT OF WHICH THE RACE IS PROUD, OF WHICH OUR PEOPLE ARE PROUD, ALMOST EVERY SUCH MAN HAS BASED HIS LIFE WORK LARGELY UPON THE TEACHINGS OF THE BIBLE."

The Bible — The Spur to Human Achievement

With Our EXCHANGES

A GOOD CITIZEN
 A good town citizen is a booster of his town. This doesn't mean that he runs around all the time screaming that "we have the best town in the world." It means something deeper than this type of lip service. A town booster is one who does everything within his power to make the town better. It means that he goes out of his way to trade at home and to encourage others to do likewise. It means playing up the assets of the town instead of

the liabilities. The town booster doesn't talk to newcomers and to out-of-towners about the crummy merchants in his town. The booster isn't a knocker even though he is realistic. He criticizes deficiencies in his town—but he does it constructively, with the purpose of improving the situation. A good town citizen goes to bat for his town. He recognizes the fact that larger neighboring towns are also bidding for business from his town. So he participates in every effort to keep business at home. A good town citizen is one who is unselfish. He fights hard to get his share of the business, but he isn't out to put his competition out of business. He has a live-

and-let-live attitude. He does his part to encourage the youth of his community to return to their home town to make their homes. He does not have an "I got mine, you got here too late" philosophy.—Thoughts for Thursday in Tullia Herald.

PLAYING THE PERCENTAGES
 While harmful cotton insects are no joking matter, I got a chuckle from this item in the Pecos Enterprise:
 The farmer noticed that harmful cotton insects seemed to swarm to tobacco plants. Like every farmer, he was watching for economic improvements. Here he saw the elimination of insect control costs.
 "Every ten rows of cotton we'll plant a row of tobacco. The bugs, liking the tobacco best, will swarm to it and begin eating. According to national statistics, eight of ten will die of lung cancer."—Eddie Warren in Post Dispatch.

JUST FROGRESS
 Memory's mirror reflects many impressions which have been swept away in the rolling current of changing times. A pre-batton wash day is far removed from the black simmering kettle I used to fire with cotton-wood chips, and the turn of a nickel faucet is like shoveling a cloud. A gentle horse pulled the crude sled that held a water barrel, topped with a piece of brown duck and held fast by a loose hoop. Trails of the sled runners vanish across the years and leave me with fragments of my mother's song as she scrubbed over a tub in the shade of the cottonwoods.—Trail Dust in Matador Tribune.

PROTECT CARS FROM TARS
 You can safely remove black spots of road tars from your car by means of the solvents in a liquid car wax. After you have washed your car with hot soapy water, saturate a soft cloth with liquid car wax, rub the tarred area lightly, turning the cloth frequently to prevent smearing.

Long Ago In Lockney

Items of interest from the files of The Lockney Beacon.

September 3, 1925
 Claude Hughes, a young man who lives at Bovina, was very badly and permanently injured Monday afternoon at a point 8 miles west of Lockney on the Plainview road. A stripped down Ford in which Mr. Hughes and another man were riding struck a dog causing the car to jump to one side, throwing Hughes from the car. It passed over the left leg at the ankle breaking and fracturing both bones.

Bonds have been voted for rural school buildings in the following districts of Floyd county: Aiken, Irick, McCoy, and Blanco.

September 3, 1931
 Mrs. J. E. Norris of Lockney died at the Plainview Hospital Tuesday night following an operation performed Saturday of last week. She was 39 years of age. She is the mother of Mrs. Wilbur Miller.

Lola May Johnson, 12 year old daughter of Mr. and Mrs. H. G. Johnson of Carr's Chapel, was shot and killed instantly Tuesday afternoon about 4 when a 22 calibre rifle accidentally discharged while held in the hands of her brother, Leonard.

All preparations have been made for the opening of the Lockney Public Schools next Monday morning. Opening exercises will be held at the Grammar School Auditorium. One new teacher has been added to the list published last week in the Beacon. She is Estell Lytal of Lubbock who will teach home economics in high school.

"My ELECTRIC FOOD FREEZER gives me substantial savings plus top quality!"

says **MRS. HERB GRIFFITHS**
 1500 AVENUE F
 MULESHOE, TEXAS

"But, that's not all! I save time because I can buy foods in larger quantities eliminating 'those little trips' to the grocery store," Mrs. Griffiths adds.

Many homemakers, through personal experience, are firmly convinced that a food freezer pays for itself through reduced food bills as Mrs. Griffiths suggests.

You too can save money and time and get the big plus of top food quality when you own an electric food freezer. Why wait? Buy your Reddy Kilowatt dealer, now!

"We purchase meats for our family of four in large quantities, and the freezer saves us money at the same time that it lets us enjoy top quality cuts of meat."

"Our son, Prentice, who is now three, was stricken with polio in 1953, and for several months was on a diet which included lots of lean meat. Our food freezer really came in handy during that time."

"My husband, Herb, and I enjoy outdoor cooking during the summer months, and our freezer is just right for keeping the cuts of meat we enjoy." We almost

always use something from our freezer in entertaining friends, and I avoid any last-minute rush before the guests arrive."

"The children enjoy the frozen desserts and between meal snacks which our freezer keeps ready for at a moment's notice."

A freezer fits into pleasant living — as you can see from Mrs. Griffiths' enjoyment of hers. Why not make meal planning a pleasure at your home. A food freezer will help.

NEW '55' AUTOMOBILES

**Fords — Chevrolets — Plymouths
Pontiacs — Oldsmobiles — Buicks
Ford and Chevrolet Pickups**

\$1000⁰⁰ CASH

is a ridiculous situation, but with some automobile men it becomes an OBSESSION in a JUVENILE practice is very old and obsolete among most dealers today, but occasionally there is who continues to MISREPRESENT and FABRICATE stories about the other fellow's method of operation. Usually the policy of "Knock the other fellow" in order to make a sale even if you have to concoct truths about him, comes from DESPERATION and most cases hurts the man telling the story worse than it hurts his competitor. Occasionally however it pulls in a sale for him at a higher figure to the customer who believes these untruths.

is an usual rule that does not work both ways. The dealer in some instances that "hollers" the most out warranties and service policies of independent dealers turn right around and wholesale new cars to independent Dealers in other towns. OF COURSE he is the Independent Dealer that the warranties and service policies furnished with these cars ARE good. **WHY SITUATION DON'T IT?**

has been and will continue to be our policy to operate our business on it's own merits and not on the merits of our competitors. As we have stated many times before, all of our cars are **FACTORY FRESH AND CARRY THE FACTORY WARRANTY AND SERVICE POLICY FROM THE MANUFACTURER WHICH ARE VALID ANYWHERE IN THE UNITED STATES AND CANADA. IN THIS CONNECTION WE OFFER \$1000 TO ANY PERSON OR FIRM TO PROVE OTHERWISE.**

Boys' Ranchers get in shape for the annual Rodeo. The boys participate in all events plus several special acts. Two shows will be held this year on Labor Day weekend, Sep-

tember 4 and 5 at 2:30 each day. Tickets will be on sale at the Ranch and a special invitation is extended to all ex-Ranchers to attend the Homecoming activities.

West Texas State Has New Buildings

Canyon— Much that is new will greet students at West Texas State College when they arrive on campus Sept. 12 to open the fall semester. There will be new buildings, new faculty members, a new freshman counseling program, and new registration arrangements.

WT is expecting a sizable increase in enrollment this fall, and activity starts Sept. 11 when dormitories open. Freshman will be given an orientation program and take psychological tests at 1:30 p. m. on Sept. 12. They will report for an advisement session at 8 a. m. and will register at 1 p. m. Sept. 14 until noon Sept. 15, when classes start.

Plans for the semester's activities will be made Sept. 11 at a meeting of the Student Senate and a group of campus leaders comprising the Advisory Council.

Mr. and Mrs. E. A. Bonner, Mr. and Mrs. Bill Sherman, and Mr. and Mrs. Denny Quisenberry and daughter left Tuesday for a two-weeks vacation in California.

"Trace Mineral" Lack Noted In Texas Land

College Station— Attention of farmers has been drawn in recent months to the possible deficiency of "trace minerals" in crop growing soils of Texas.

M. K. Thornton, Extension agricultural chemist, says that apparent deficiency symptoms appearing on growing plants suggests rather than most of them are suffering from poor drainage, nematodes or other soil-borne troubles such as compacted layers, absence of organic matter and lack of major nutrients—nitrogen, phosphorus and potash.

"In practically every case of this type," Thornton explains, "deficiency symptoms disappeared after the physical troubles had been corrected and plants fed adequate supplies of nutrients.

The common trace minerals include molybdenum, boron, zinc, iron, manganese, sulphur, calcium and magnesium.

This is not to say, the chemist adds, that there are no trace element deficiencies in Texas soils, but rather to emphasize

Polio Vaccine May Be Available For Everyone Soon

Austin. — Dr. Henry A. Holle, Commissioner of Health, stated today that the second inoculation of first and second grade pupils against poliomyelitis has been completed in most areas of Texas. Approximately 70 per cent of those receiving the first shots were on hand for the second group.

It is hoped that vaccine will be available soon for use by private physicians to immunize those not eligible under the National Foundation for Infantile Paralysis program; also that some arrangements can be made to secure vaccine for the medically indigent of the state. Under the Foundation program, use of vaccine has been limited mostly to children in the first and second grades.

Dr. J. E. Peavy, Chief of the Division of Communicable Diseases, says that polio occurs both sporadically and in epidemics at irregular intervals, with the highest incidence in Texas during the latter part of July and the month of August.

During the past five years 37.4 per cent of the reported cases of poliomyelitis in Texas occurred in the age group under five years; 26 per cent in the group 5 to 9 years; 12.6 per cent in the group 10 to 14 and 23.8 per cent of the cases reported were 15 years of age or older. During epidemics paralytic cases rarely exceed one per thousand of population. The most deaths from poliomyelitis are in the 20-29 year group.

Poliomyelitis can be recognized by your physician by clinical manifestations assisted by examination of the spinal fluid.

But before dosing the soil with various chemicals operators should understand clearly the purpose of the treatment. Some trace minerals are toxic and too hazardous to play around with.

There is more evidence of iron deficiency in Texas than of other trace minerals. Iron is necessary to give plants a dark green color. Iron shortage is responsible for the chlorosis seen in plants in many areas, but the use of large amounts of organic matter in the soil usually will enable plants to pick up the iron needed.

The R. L. Holland family and the Ed Musser family drove to Lubbock Sunday afternoon to meet Lt. Ed Musser Jr. He was on a short flight down from Fort Stewart in Tennessee where he is stationed with the Air Force. After a picnic in MacKenzie Park they returned to Lockney. Ed traveled to Lubbock Monday to catch his plane back to Tennessee.

WORKS

1. WORKS EXCLUDED

Many persons think that salvation by the grace of God excludes any and all kinds of works. They usually quote Eph. 2:8-9, as authority for their claim. That the class of works here mentioned are excluded from the conditions of salvation, no one will deny. Another passage of the same kind is Tit. 3:5: "Not by works of righteousness which we have done, but according to his mercy he saved us, by the washing of regeneration, and renewing of the Holy Ghost; which he shed on us abundantly through Jesus Christ our Saviour." In speaking of his desire to be found blameless in Christ, Paul said: "Not having mine own righteousness, which is of the law, but that which is through the faith of Christ the righteousness which is of God by faith" (Phil. 3:9). But there is a class of works essential to the sinner's salvation, and this class we shall now notice.

2. WORKS INCLUDED

The apostle Peter said: "Of a truth I perceive that God is no respecter of persons; but in every nation he that feareth him and worketh righteousness is accepted with him" (Acts 10:34-35). John said: "If ye know that he is righteous, ye know that every one that doeth righteousness is born of him" (1 Jno. 2:29). These verses show that certain works are essential to the new birth, and acceptability with God. Did the apostles disagree? Did Peter and John contradict Paul? If all three were speaking of one class of works, a contradiction is inevitable. How, then, may the inspired men be understood? The answer is found in the fact that there are two kinds of works, or righteousness in the New Testament. One is human righteousness which God has not commanded. These are works of merit including that which is found in Moses' law. See Rom. 10:1-3. Such works will condemn a man today. The essential works are revealed in the gospel of Christ (Rom. 1:16, 17). Paul had this class in mind when he said: "Work out your own salvation with fear and trembling" (Phil. 2:12).

SERVICES SUNDAY ARE AS FOLLOWS: BIBLE STUDY 9:45; SERMON, "KEEPING THE HOUSE CLEAN" 10:45; LORD'S SUPPER 11:45; EVENING SERMON, "DANGEROUS 'ISMS'" 6:00 O'CLOCK. WE WELCOME YOU TO EVERY SERVICE.

Providence News

by Mrs. Wilfred Stoerner

School in the Providence community began Tuesday, August 30, with an enrollment of 28 students. Mr. and Mrs. George Hamer met with the students and parents. Everyone got acquainted with their neighbors and exchanged greetings. The country school affords an opportunity for neighbors to become better acquainted with each other.

Mrs. Moody will be the efficient lunchroom cook again this year. The men of the community met Monday and cleaned up the school grounds. The teacherage is being reroofed.

Enrollment for the school is as follows:

First grade: Shelton Ray Jones, Rickey Flippin, Wyatt Phillips, Loyd Wayne Collis, Glenn Herman Collis, Glenda Ann Quebe, Jesus Marie Beecho, Billy Joe Moody, Clyde Martinez and Mary Helen Martinez.

Second grade: Myra Sue Quebe, Gaberial Barrera, David Eric Anderson, Roy Villareal.

Third grade: Albert David Scheele, Lyndia Mathis, Carol Ann Collis, Merlin Boedeker and Robert Wayne Moody.

Fourth grade: Ricky McGaugh and Derrell Crouch.

Fifth grade: Linda Scheele, Louise Jones and Jessie Martinez.

Sixth grade: Larry Boedeker and Ricky Collis.

Seventh grade: Frances Jones and Gladys Matthews.

Mr. and Mrs. Kenneth Moody and boys spent Sunday with her parents, Mr. and Mrs. R. H. Peel of Floydada.

Mr. and Mrs. C. E. Flippin visited in the home of Mr. and Mrs. Kenneth Blount Sunday.

Mr. and Mrs. Joe Holcomb had as their dinner guests Sunday, Mr. and Mrs. Frank Hooten and

son, J. T. and Mr. and Mrs. Shelton Jones and children.

Mr. and Mrs. Sam Jones and girls spent several days in Dodge City, Kansas, visiting Mr. Jones' brother and family. Mr. and Mrs. Alvin Jones. They returned home via Oklahoma City. Rev. and Mrs. H. L. Anderson returned Thursday after a two weeks vacation in Columbus, Ohio, with relatives.

Rev. and Mrs. H. L. Anderson called on several families Sunday and Monday afternoon, among them being Mr. and Mrs. Ernest Sammann, Mr. and Mrs. Royce Carthel and Mr. and Mrs. Richard Matthews.

Dinner guests Sunday in the home of Mr. and Mrs. E. M. Quebe were Mr. and Mrs. James Thompson and family of Pampa, Texas.

Mr. and Mrs. Helmuth Quebe and family, Mr. and Mrs. H. F. Quebe and Mrs. Ben Quebe were all dinner guests Sunday in the home of Mr. and Mrs. E. M. Quebe.

Mr. and Mrs. Wilfred Stoerner visited in the home of Mr. and Mrs. V. D. Ross Jr. of Hale Center Friday night.

Mr. and Mrs. Ben Brandes went to Wichita Falls Monday to take their grandchildren home. They have been visiting with them for the past week. The children's parents have been attending the International Luther League Convention in College Station this week.

Trinity Lutheran Church Sunday, September 4. Sunday School, 10 a. m. Divine Worship, 11 a. m.

This morning service will mark the beginning of a new sermon series on the Ten Commandments. Plan to attend and invite your friends. Evening Service, 7:30.

This service marks the resumption of our schedule of the Evening Worship service at Trinity Church. It has become a

custom over the years to go with God this second mile. Let's begin by having our best attendance at this initial evening worship.

The Candlelight Circle meets Wednesday, September 7, in the home of Mrs. Hubert Stoerner. Please try to be present. Visitors are always welcomed. Come and learn about the great work the missionary society is doing for your church.

Mr. and Mrs. Dale Roberson and their three children of Lawton, Oklahoma, visited last Sunday and Monday in the home of Mr. and Mrs. J. A. Noland of the Pleasant Valley community. Other guests in the Noland home over the weekend were Mr. and Mrs. Ida Barker of Eric, Oklahoma, Mrs. J. A. Noland of Hereford, and Mr. and Mrs. Audie Noland of Floydada.

Mr. and Mrs. J. M. Sellers of Goliad, Texas, and Mr. and Mrs. L. M. McCuiston of Lubbock visited last week in the home of Mrs. N. E. Greer. Both couples are former residents of Lockney. Mr. and Mrs. Sellers having left Lockney about 25 years ago.

Mr. and Mrs. Judson Jones left Wednesday for a couple of days of visiting with their daughter and her husband, Mr. and Mrs. Frank Jones, of Colorado City, Texas.

Mr. and Mrs. J. H. Widener left Tuesday morning for Truth or Consequences, New Mexico, and a three-week vacation.

Insect Report

(Note: Following is a report on a cotton insect survey for the South Plains as released by Walton H. Jones, district extension agent, of Lubbock. The report was compiled by G. T. Davis Jr., and W. L. Owens Jr., both connected with the Extension Service.)

Weather conditions continued favorable for irrigated cotton. Dryland plantings deteriorated rapidly in many localities due to lack of moisture.

Aphid infestations decreased in many fields, but populations increased in others. Control has been necessary in scattered localities. When insecticides are applied for bollworm control an aphicide can be added to the mixture at a reasonable cost.

Bollworm infestations were more general, especially toward the end of the week, than during the previous weeks. The worms were generally small, indicating a recent rather heavy increase in egg deposits on plants.

The infestations appeared in fields throughout the area, although some cotton has not required control to date. Occasional poor control has been reported. Lack of satisfactory control has been mainly due to insufficient dosages or poor coverage of plants. Apply the proper amount of a recommended insecticide and secure good coverage of all plants. Make insecticide applications when worms are small.

Cabbage loopers have been reported on cotton throughout the area. In most fields the loopers have not seriously damaged plants. Scattered infestations have been sufficient to warrant control. Eggs of the looper, which are generally found on the under surface of the larger leaves, have caused some concern in many cases and have been responsible for the application of insecticides in a few instances. Treatments should be delayed until some hatching is noted.

Leafworms have been reported in light infestations in Floyd, Gaines, Garza, Hockley, Howard, Lubbock, Martin and Terry counties. None of the infestations were sufficient to require control.

Lygus bugs were found in small numbers in scattered fields in Crosby, Floyd and Lubbock County.

Information contained in the cotton insect situation release has been compiled from reports received from county agents, vocational agriculture teachers, personnel of the Texas A & M College System, various branches of the U. S. Department of Agriculture Commercial Cotton Inspectors, chemical companies and others.

MRS. ORLIE PENN BACK
Mrs. Orlie Penn, Mike and Jay, have moved back to Lockney recently from Lamesa. Roxie remained in Lamesa with his father. Mrs. Penn has been away from Lockney for about four or five years.

NEW ARRIVAL

Mr. and Mrs. Jerry Harder of Plainview are parents of a new daughter, Liza Ann Harder, born August 18th at the Plainview Hospital. The Harders formerly lived here and he was manager of Baxter & Smith Grain Co. He now is manager of Smith-Bawdon Grain Company in Plainview. The new young lady weighed 6 pounds, 1 ounce and she has an older brother, Mike.

ATTENDS TRAINING SCHOOL

W. C. Roberts, mechanic at Lockney Auto Co. here, recently attended a 2 1/2 day training course on the service and installation of air conditioning unit in Chevrolet motor cars at the General Motors Training Center in Oklahoma City. Roberts has been with the local Chevrolet dealer for two years as a mechanic. He was sent to the school in order that the local firm would be better able to install and service the Chevrolet air conditioner unit, according to Arthur P. Barker, dealer.

Mrs. J. R. McDonald left Monday morning with her daughter, Mrs. J. M. Mayfield Jr. of Levelland, for New Orleans, Louisiana. They plan to be gone about a week.

Mrs. N. E. Greer and the Doyle Greer family spent last week in DelLeon on business.

GARDEN CLUB TO MEET

The Garden Club will begin its fall meetings Friday afternoon, September 2, in the home of Mrs. Arthur Barker Sr. The meeting will begin at 4 p. m. Highlight of the afternoon will be a review by Mrs. Goree Applewhite on the book, "Worthy Is The Lamb," by Ray Summers.

TRY VARYING FLAVORS

Want to vary the flavor of the new salad dressing mixes that come in envelopes? In place of the amount of water called for, try using white wine, red wine, vermouth, chili sauce, catsup, tomato juice, sour cream, fruit juices, mayonnaise, canned tomato soup, or V-8 juice. Or use two tablespoons of any of these, in addition to the water. In short, experiment! Add vinegar and oil as directed. When you serve your salad with this freshly made dressing, be sure to use chilled plates.

Mr. and Mrs. Horace Poteet of Springfield, Colorado, visited last weekend in the home of his brother and family, Mr. and Mrs. Olan Poteet. Also visiting in the Poteet home during the weekend were the two Mr. Poteet's parents from Ralls, Mr. and Mrs. S. C. Poteet.

Hills Celebrate 50th Anniversary

Mr. and Mrs. J. J. Hill of Lockney celebrated their 50th wedding anniversary Sunday in their home here. They received as a gift from their children, a new television set. All of their eight children were present for the occasion. The anniversary was actually Saturday.

Their children who were present were Mrs. Glen Smith, Clyde Hill, Mrs. Clyde Stowe, Mrs. Ray McCormick and Mrs. Lester McCormick, all of Lockney, Bill Hill and Mrs. Robert Barnett of Plainview, Mrs. Jack Barnett of Amarillo.

All but four of their 17 grandchildren were present and all of their grand-grandchildren were present with the exception of one.

Guests who were there were Mr. and Mrs. Walter Shadix, Mr. and Mrs. Bobby Shadix and girls, and Mrs. George Graham, all of Plainview, and Mrs. Ella Jackson and LaJuan Henderson of Lockney.

Mrs. Sidney Reeves and son, Mike, of Quitman, Texas and her sister, Mrs. H. M. Francis of Taylor, have been here this week visiting in the home of their sister, Mrs. Jerry Paul Cooper. Mrs. Reeves is a former resident of Lockney. Her husband, superintendent of Lockney Public Schools at one time, is now superintendent of the Quitman Public Schools.

Bybee Home Is Scene For Shower

The home of Mrs. Delbert Bybee was the scene for a layette shower Friday afternoon, August 26, in honor of Mrs. James Quisenberry. Guests were received from 3:30 to 5:30 p. m.

Mrs. Wayne Bybee greeted the guests at the door. Presiding at the register was Mrs. Archie Bybee. Favors of tiny baby carriages tied with ribbon were given to the guests.

The serving table was covered with lace cloth backed with blue. A large stork adorned the table as a center piece. There was a baby wrapped in a diaper hanging appropriately from the stork's bill. Mrs. Bill McClaskey served the yellow punch from the crystal punch service.

Hostesses for the shower were Mrs. Bill Bybee, Joe Pinner, Joe Keeter, Edward Babitzke, Delbert Bybee, M. W. Wiley, Floyd Huff, Joe Wilson, Buck Fowler, J. C. Colvin, Bill Cannon, Bill McClaskey and Bobby Carthel.

TO MARRY

Miss Doris Stegall, daughter of Mr. and Mrs. J. A. Stegall, formerly of Lockney, will be married to Tom Crowder of Duncanville, Texas, in a ceremony to be performed in the home of her parents at Bangs, Texas, on September 10. He is employed by the Temco Aircraft Co. at Grand Prairie, Texas. The couple plan to make their home in Duncanville, Texas.

A CLEAN CITY IS A SAFE CITY.

READY FOR SCHOOL!

Ready for the opening school bell, this eager coed wears one of the brand new fall cottons that will be a favorite on the campus. Her jumper in corduroy and print cotton is designed by Laura Lee of St. Louis. The blouse has a tailored collar and cuffs in matching corduroy. The jumper has a workman-like bib front with adjustable straps and two roomy patch pockets.

Library Notes

School days are here again with youngsters rushing to classes, music lessons, ball practice and even to the library when they need to make a book report.

May we take this opportunity to say that we are eager to cooperate with the school faculty and student body in every way possible to supply books, pamphlets, magazines and other material that will be helpful throughout the school year. Please call or come in with any suggestions or requests.

Summer circulation of books has been exceptionally good. More than 500 new books have been added to the library during the summer.

The Vertical File is gradually being filled with good material that will be helpful to clubs as well as school students.

"History's 100 Greatest Events" by William A. DeWitt is one of our newest books. The fascination of history is universal. Youngsters as well as adults will find the events here dramatized in pictures and text as exciting as any fiction, and they will be stimulated to dig deeper into the fascinating origins of their heritage. "History's 100 Greatest Events" is not only fascinating on first reading; its value continues on the bookshelf where it will be consulted through the years.

Bloodhounds are not savage. They are, generally speaking, very gentle and affectionate. "Red, a Trailing Bloodhound," by Colonel S. P. Meek is a story of an amazing herd-trailing bloodhound with the New York State Police, and how the dog and his trooper-master worked together in the solution of a series of baffling crimes. Check this book out at your County Library.

Memorial Books

Given by Mr. and Mrs. McIntosh in memory of Mrs. L. L. Jones.

Other Gifts

Mrs. Lula Johnson, a beautiful pot plant, Mrs. Johnson has been using the library through the "Books on Bikes Club" and wishes to show her appreciation for this service by giving the library this lovely flower. Thanks to Mrs. Johnson, and we know the many people who come to the library will enjoy it.

A large number of Life Magazines were given by Mrs. W. W. May.

A book, "French Through Pictures," given by Mrs. J. H. Barnard.

Twenty-four attended Story Hour Saturday morning. Mrs. Arlon E. Miller told stories, assisted by Mrs. Sam Green.

Mrs. H. H. Mills
Mrs. Lee C. Golightly.

Miss Sue Harper returned to Lockney last week from Winnfield, Louisiana, where she has been with her mother, Mrs. Eva Harper, during the summer. Sue makes her home here with her sister and family, Mr. and Mrs. Bill McClaskey and she is a senior in Lockney High School this fall.

Robert McDonald who underwent surgery for appendicitis about two weeks ago is reported to be feeling fine but has not yet returned to his work.

No Need To Fear Cataracts—Doctor

Austin. — Though cataracts are considered a rather common affliction of older people, there is no longer any reason to fear them, declared Dr. Henry A. Hoile, State Health Officer. Many think that once cataracts appear they are doomed to either blindness or an ordeal of surgery which may destroy what sight is left. Such notions have no basis in fact.

An advancing cataract brings on a dimming of the vision, and, in some cases the individual sees spots before his eyes, or sees double. If a cataract is left to develop long enough, it will appear as a faint grayness in the pupil of the eye. With complete development, the grayness will turn to dead white. Cataract is not a disease but a clouding of the lens of the eye.

Cataracts can be well under way before the patient notices any visual defect. In such cases, only a physician or eye surgeon can discover the condition in time to arrest the process. When the fogging moves to the center of the pupil, the individual becomes conscious of a reduction in vision. The cataract is now well on its way. Its growth may be hastened by ill health, focal infections, overwork and neglect of one's health. Another contributing factor is defective vision resulting from astigmatism, and neglecting to use properly fitted glasses to correct such defects. Eyestrain, conscious or uncon-

scious, can play a major role in cataract formation.

Cataracts which are the result of some infection or injury can be prevented. Cataracts resulting from aging cannot as yet be prevented. The important thing to know about cataract is that doctors can keep it from being incapacitating. Cataracts can be removed when they first appear. They need not interfere with a person's work, or embarrass him in any way — they can often be cured. Cataracts should be treated early, before important skills are lost or unnecessary years are spent in frustration. Without fear of blindness, disfigurement or unbearable discomfort, a person can put himself in the hands of a good eye surgeon, when cataract begins to cause trouble.

Mr. and Mrs. Hand and Dennis and Mr. and Mrs. J. Roberson and family returned Tuesday night from a nine-day fishing trip to Lake, Colorado. They were catfished and were seen at Silverton and Durango and Red River, New Mexico.

Mr. and Mrs. Gray of Lawton, Oklahoma, Tuesday night and returned here with Mr. and Mrs. F. O. Conner families traveled to the day night for a visit to other Conner sons, Ed and his wife.

There is nothing wrong with the younger generation that we don't belong to more.

4-H'ers Eliminate "Accident Havens"

SAFETY, a crop to be harvested on every farm and in every home, is receiving special attention from more than one-half million 4-H Club members taking part in the 1955 National 4-H Safety Program.

As a part of their 4-H Club work, members in all 48 states are correcting hazards such as those seen in the above drawing. They are attempting to reduce the Nation's annual farm toll of 14,500 lives, 1,250,000 injuries, and an economic loss of about a billion dollars.

4-H'ers, working as individuals or in groups through their local clubs, conduct surveys to locate hazards, then correct the unsafe conditions. They give demonstrations on hundreds of topics pertaining to farm, home and highway safety. Members present talks before group meetings and over radio and television; put displays in store windows; and build booths at fairs.

To assist the Cooperative Extension Service in conducting the 4-H Safety Program, General Motors has just published a new "4-H Safety Handbook for Local Leaders," which provides how-to-do-it ideas for carrying out successful safety programs. Copies of the manual will be distributed to volunteer 4-H leaders through County Extension Offices.

In addition, GM provides incentives in the National 4-H Safety Awards program which is arranged by the National Committee on Boys and Girls Club Work. Medals are made available to four county winners; an all-expense trip to the National 4-H Club Congress in Chicago is given to the state winner; and \$300 college scholarships are presented to eight national winners.

In the drawing, there are more than 45 accident hazards or unsafe practices shown. Don't let them occur on your farm or in your home.

Open House Honors Two From Home

Open house at the Lockney Masonic Lodge Tuesday evening of this week honored two young people from the Masonic Home at Fort Worth. They were Frances and Eddie Stinebaugh, grandchildren of Mrs. Lura Stinebaugh of Lockney.

Some 72 persons were present for a program climaxed by a talk by Frances on the home at Fort Worth. The two young people have been in the home for several years.

The open house was a joint project of several Masonic bodies with members of the Eastern Star serving refreshments to the group, under the direction of Mrs. J. H. Cooper.

Ed Carter served as master of ceremonies for the evening and Fred Anderson gave the welcome address which was responded to by Rev. J. B. Coggin.

Special music for the occasion was furnished by Katie and Gayle Rucker and Mrs. G. C. Applewhite presented a reading.

Mary Myers introduced the speaker, Miss Stinebaugh who told the group of the Masonic Home at Fort Worth. She is a high ranking student in the school there.

Cedar Baptists Hold School Of Missions

The Cedar Hill Baptist Church will hold a School of Missions beginning Sunday, September 4. Several churches in this area are holding similar meetings. There will be a program each night during the week beginning at 8 p. m.

Sunday morning the speaker will be Roy Clayton, Sunday night, E. H. Dickerson will bring the program.

Monday night a film will be shown on the mission work being done in India. Tuesday, a representative from Wayland will be present and Wednesday, F. A. Green will speak. Thursday, Mrs. Blair, a foreign missionary and Friday, Jim Baggett, will speak.

School Of Missions Here Next Week

A School of Missions will be held at the First Baptist Church all next week with classes and inspiration talks each night.

Starting the week off, Rev. Lloyd McGinnis will be guest speaker at the church Sunday morning.

Study books on missions will be taught during the week to various groups with the study sessions beginning at 7:45. After a 40-minute study period, inspirational talks will be given by various out-of-town speakers.

Books to be taught will be as follows:

- Adults — "World Within A World."
- Young People — "Among The Minarets."
- Intermediates — "Mission Doctor."
- Juniors — "The Big Difference."
- Sunbeams — "Under The Olive Tree."
- Speakers of the week and their subjects are:
Monday — "Electives" — Mrs. Henry Heck.
Tuesday — "Home Missions" — A. G. Hamrick.
Wednesday — "Foreign Missions" — Rev. M. S. Blair.
Thursday — "State Missions" — Charles Luck.
Friday — "Stewardship" — Roy Davidson.

Cub Scout Meeting Set For Sept. 8

A meeting of all Cub Scouts of this community will be held at the Scout Hut at 7:30 p. m. on September 8th. It was announced this week by J. C. Kemp, cub master. All Cubs are urged to be present since cards and pins will be presented. Den 4 will be host to the meeting.

If there are mothers of boys in Cub Scout age who wish to become den mothers, they are asked to attend this meeting. Mr. Kemp said.

Hollums Resigns As Deputy Sheriff

Walter D. Hollums has resigned as deputy sheriff of Floyd County and has accepted a position as police officer in the City of Floydada. His salary at Floydada will be \$375 per month, a \$50 per month increase over the county salary.

The resignation was effective August 20 and he was scheduled to go to work in Floydada today (Thursday).

Mr. Hollums had been deputy since January 1, 1954, and had previously served as deputy sheriff under Fred Clark.

Ever wonder how grandmother could endure those antique chairs? Well the answer is she was tired when she sat down.

Then there is the guy who gave his girl friend some tooth paste, but her tooth fell out anyway.

About all that some fighters win is the crowd's sympathy.

It seems that most fishermen catch fish by the tale.

Kindergarten Will Open Sept. 12

Monday morning, Sept. 12, at 9 a. m. marks the opening of my private kindergarten here in Lockney for the 5th year. Same prices, but a new building, about 22x44 ft. interior decorated in school (nursery) colors of pink and blue, with the modernistic touch of black and white, too. Place: 614 S. W. 2nd St. Hours: 9 to 11:45 a. m. each weekly school day, observing all holidays as will public local schools.

I have taught in both the Fort Worth and Plainview schools kindergarten departments. Thus I know where kindergarten ends and first grade begins. I leave all first grade studies for the local public teachers next year. Kindergarten is merely the step between home and school and not first grade work. Music (with piano) for singing, rhythm, etc. will be along with other studies. Various programs will be presented for the public this year, perhaps some radio or TV ones too. All birthdays that occur during the school dates will be observed for the polio pennies.

Those interested for the registering of five year olds only, please contact me by phone on or before the opening of school.

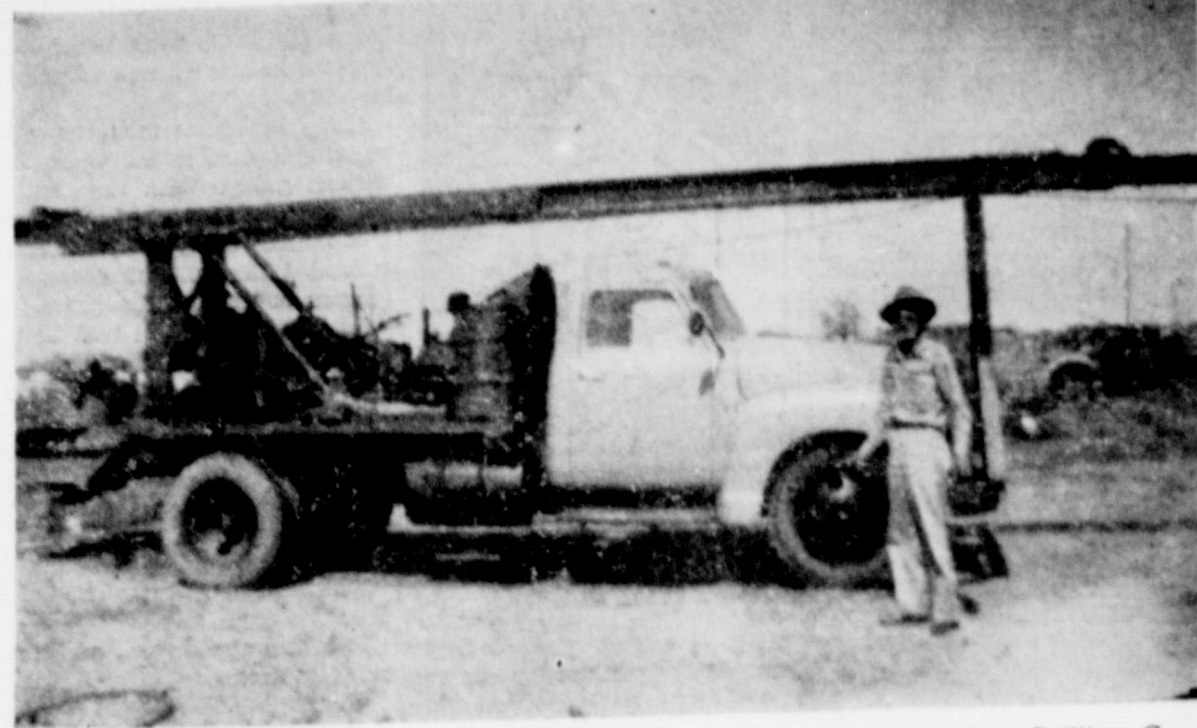

Mrs. J. D. Wood. 20-2tc.

PROTECT WITH WAX

A warm sudsy damp cloth will remove dirt and moisture from the plastic or enamel surface of window air conditioners. And to protect them even more, use a creamy kitchen wax rubbed over the surface to give a final smooth finish and help keep them clean longer.

Business and Industrial Review

Compiled and Edited by E. M. Thomason

Above picture shows drilling equipment of H. E. Warren, Cesspool and Pier Drilling Contractor of Plainview. He is located at 1006 El Paso St. Phone CAPitol 4-9210.

H. E. Warren of Plainview Digs Cess Pools, Storm Cellars And Pier Holes Of All Sizes

One of the leading cesspool drilling contractors in this area is H. E. Warren of 1006 El Paso St., Plainview. Mr. Warren has all the equipment needed to do the work and has completed hundreds of jobs successfully.

In addition to cesspool work Mr. Warren also digs storm cellars and pier holes and can make them any size desired. He has had many years experience in this type of work and is

thoroughly familiar with all the problems encountered. His work is satisfactory and his customers are glad to recommend him.

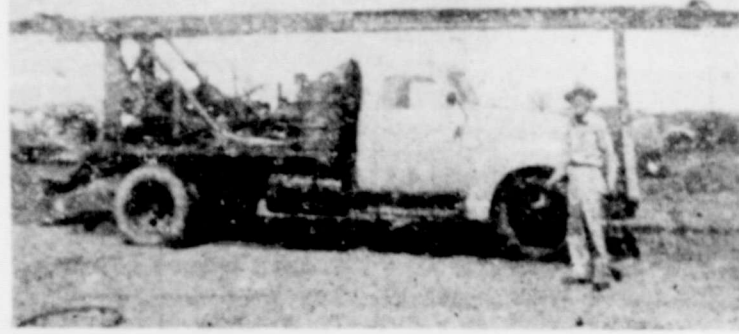

The disposal of sewage is a serious problem for families who live in rural areas and who do not have sewage connections. It is absolutely necessary to dispose of sewage in a sanitary manner so that it will not cause disease and sickness. By installing cesspools and a water system, any

rural family can have modern disposal and be free from the danger of disease. The cost is small and can be financed on easy terms if desired.

It takes only a few hours to dig and install a septic tank and this company guarantees its work to be satisfactory. If you are in need of this type of work, call H. E. Warren at CAPitol 4-9210 Plainview and he can do the work for you.

Vets Must Pay 2% Down On Homes

Veterans purchasing homes with the aid of GI loans will be required to make a down payment of at least two percent, and the maximum time for repayment of loans will be set at 25 years, Robert W. Sisson, manager, of the VA Regional Office, Lubbock, Texas announced.

Similarly moderate credit requirements are being placed in effect by the Federal Housing Administration for homes purchased with FHA insured mortgages.

Since April 23, 1953 the VA has had no mandatory down payment requirement, and the mortgage repayment period could run as high as 30 years.

Today's action, Sisson said, was taken after a thorough study of national economic conditions, especially those prevailing in the residential construction and mortgage financing fields. The new requirements are expected to help protect prospective GI loan applicants against increased prices on homes, overextension of credit and financial risks further, they should tend to stabilize the mortgage market by eliminating the 30 year no down payment loan which currently is being traded at widening discount margins.

The new requirements are not retroactive. They are not applicable to purchase of homes for which VA has issued certificates

of reasonable value prior to July 30 or in cases where requests for appraisals actually have been received in VA offices prior to July 30.

Also, the requirements will not apply to GI loans made solely for the replacement or reconstruction of residential property that has been destroyed or substantially damaged by flood, fire, or other similar catastrophes nor to repair alteration or improvement loans.

Easier Way To Get Johnson Grass —Spot Oiling

College Station. — There is an easier and cheaper method of getting Johnson grass out of the cotton field than by hoeing. It is known as spot oiling.

Fred C. Elliott, extension cotton work specialist, in response to many requests from over Texas for information on the equipment needed for doing the spot oiling job, has made available to the county agents plans for a gravity flow hand sprayer.

This type sprayer is recommended because it is cheap and a good application job can be done with it, says Elliott. They may be built in the farm shop or by a local tinner. Included on the plan is a complete listing of all the materials needed to do the construction job.

Elliott says that other types of light portable sprayers if already available may be used for applying the oils. In the case of pressure sprayers, only 10 to 12

pounds pressure is recommended and a fan type nozzle should be used.

The cotton specialist says that many different type application rigs have been tried by research workers of the Texas Agricultural Experiment Station but the most thorough job of killing all the grass with the least damage to cotton plants was done by a man with a small tank of oil on his back and a trigger type assembly for getting the oil on the Johnson grass crowns.

Farmers interested in securing plans for the gravity sprayer are advised by Elliott to contact the local county agent.

CHIVES ADD FLAVOR

Little lima beans, frozen or fresh, are delicious to serve with your meat course. Cook over the top burner and don't forget to add a good lump of butter and teaspoon of minced chives.

COPPER CARE

A little denatured alcohol applied with a brush will remove stubborn tobacco stains from copper or brass ashtrays. Use hot water for rinsing after cleaning

SPECIAL FORMULA CAPSULES

Most people eat less during hot weather. Some eat too little to supply the vitamins they may need so they wake up feeling tired, listless, nervous and depressed. * If lack of vitamins is the cause of your loss of energy you may protect yourself with Bexel Special Formula. Try Bexel today.

Supplement your summer diet with vitamins A, B₁, B₂, C, D and the new vitamin B₁₂. Money back if not satisfied.

*These symptoms if due to a vitamin deficiency occur only when daily intake of vitamins B₁, B₂ and nicotin is less than minimum daily requirements over a prolonged period. In themselves, they do not prove a dietary deficiency as they may have other causes or be due to functional conditions.

TEXAS TECH COACHES—Coach DeWitt Weaver (left), seeking a fourth Border Conference title in five tries, confers with his assistants, (from the left) Bud Sherrod, Wyatt Posey, Dee Andros, Beattie Feath-ers, and Bux Warren.

Sanders and sons were Mr. and Mrs. Jerry Pearsey and daughters, who were on their way back to Benkleman, Nebraska after a visit here. Mrs. Pearsey's parents, Mr. and Mrs. Leo Brown, formerly of South Plains, are now living in Lubbock, having recently moved there from Brownfield. Mr. and Mrs. John Key West and Dale spent last week on a vacation in Ruidoso, N. M., and arrived home Sunday. The Wests are in the process of drilling a well for the new home soon to be erected west of the highway south of the Frank McClure home.

The Adult Womens Sunday School Class picnic was held on the Camp Grounds in Blanco Canyon Friday evening, August 26, with only a small number of members attending, due to sickness, absence and work. The mosquitoes proved to be very bad and drove those who spread their picnic supper to other places. Those who attended were Mr. and Mrs. L. T. Wood and Juanel, Mr. and Mrs. Grigsby Milton, Barbara Sue and Donita and Mr. and Mrs. Walter Wood. Terry Julian and Gene Ledbetter from Amarillo arrived home Thursday from a vacation

spent in Denver visiting Terry's aunt, Mr. and Mrs. W. O. Sandusky and other relatives, an uncle and family. Mr. and Mrs. Wesley Everist of Eads, Colo. They left on Thursday for Dallas for a short trip where they will visit Gene's relatives.

South Plains boys turning out for football in Floydada High School this fall are Winfred West, Tommy Respondek, Eugene Beedy, James, Roy and Edward Hartman, and Elton Karr.

Mr. and Mrs. Otto Sanders had as their guests Mrs. Raymond Murr from Springtown, which is near Fort Worth on Wednesday of last week. Mrs. Murr is Mr. Sanders' aunt.

Mr. and Mrs. Fred Fortenberry went to Amarillo on Friday and spent the night with her brother, John McCain and family. Their son, Elmo, from the naval base of San Diego, California, flew in to Amarillo Friday evening and will be home with his folks for a fifteen day furlough after which he will go back to San Francisco for further orders. The Fortenberrys and Elmo had dinner Saturday noon with her mother, Mrs. McCain in Tulsa.

Rev. and Mrs. Larry Faus, Vassie Beth and Bobbie left on Thursday for Lamesa where they visited until Saturday night with her parents, Mr. and Mrs. Lloyd Fincher and family.

Our whole community is saddened by the death of a friend and neighbor on Friday evening, August 26, in Lockney. Mrs. Wade Deavenport, who has been ill only a short time and spent most of the past two weeks in the Gaston Hospital in Dallas, was brought home by ambulance to Lockney on Wednesday. Mrs. Deavenport was laid to rest in the Lockney cemetery after services at the Church of Christ on Sunday afternoon at two o'clock. We extend sympathy to Wade and all the Deavenport family in their hour of sorrow.

Many of the community met on Monday, August 29 at the school house to clean up the premises, cut the grass, etc. Mr. and Mrs. Whitaker are now living in the teacherage. With teachers, Mrs. Ray Smith and Mrs. Oscar Hewitt, Mr. Whitaker will open the South Plains school on Wednesday, August 31. Bus drivers are tentatively named as Rev. L. H. Faus, A. L. Stewart and Clarence Foster. Mrs. Albert Stewart will be in charge of the lunch room this year and children just starting for the first time will be required to bring their plate, glass and cup. There will be a PTA meeting the morning of August 31. Mrs. Milton, as president, will be in charge of the business for the day.

Mr. and Mrs. Walter Wood and Mr. and Mrs. Jimmy McCown from Lubbock left early Monday morning for Worland, Wyoming, and they plan to spend the next week or ten days visiting the Wood's daughter, Mr. and Mrs. Jack McCown, who moved recently from Powell to Worland, Wyoming. Mrs. McCown will be teaching this fall in the second grade at the Worland schools. Jimmy and wife will have to be back to enter school at Texas Tech.

Mr. and Mrs. S. D. Kinnibrugh and girls had as their guests at dinner Monday his father, J. A. Kinnibrugh and his brother, Orville Kinnibrugh. Both men are from Vera.

Mr. and Mrs. Bryant Higginbotham prepared a birthday dinner for their youngest son, Bud, on his 10th birthday August 25. Bruce Julian spent the afternoon and night on this date with Bud helping him celebrate the event.

Mr. and Mrs. Grigsby Milton and girls had as their guests after church on Sunday Mr. and Mrs. Albert Scriber, Mary Ellen and Bill from Olton. They had dinner and spent the afternoon visiting there. The guests were formerly from Holly, Colorado and friendship dates back to school days.

Mr. and Mrs. John Smitherman left this past week for a visit with her people who live in South Texas. They are visiting her parents, Mr. and Mrs. P. K. McKenzie of Portland and her sister, Mr. and Mrs. R. N. Nutt and daughter of Galveston. The Smithermans are expected home this week.

Murray Julian will leave this Tuesday morning for Trinidad, Colorado, where he will visit old friends, Mr. and Mrs. William Harenbery and sons from Ontario, California, who will be visiting their relatives in Cokedale and Trinidad for a few days. Murray will be home Thursday.

The South Plains Softball team played ball on Wednesday night with Silverton, winning that game 2-1. Thursday night they again played Silverton in a 12 inning game and lost that one in a thrilling 1-0 game.

Mr. and Mrs. S. D. Kinnibrugh were hosts Friday night at an

"84" party and at the close of the evening home made ice cream and cake were served the guests. Those who were present were Mr. and Mrs. H. S. Calahan Jr., Cathy, Diane and Vicki, and Mr. and Mrs. Thomas Pierce, Steven, Stanley and Beverly.

Mrs. W. B. Wilson from Fairview community spent the week end with her daughter, Mr. and Mrs. Bill Beedy and Eugene.

Mr. and Mrs. Frank McClure went to Snyder over the weekend to visit her parents, Mr. and Mrs. R. W. Newman, but they were home in time to attend church Sunday morning.

Mrs. R. G. Dunlap announces that the hat school will be held

on Thursday, September 8 at the council room of the court house, beginning at ten in the morning. Each lady should bring a sack lunch to have at noon and there will be materials on hand for those making hats. They hope to have many present to make the hats and you do not have to be a member of a Home Demonstration Club to attend the hat school.

brace the entire territory served by Fort Worth and Denver Railways from Galveston to Texline and throughout the entire South Plains area.

Hepperly's headquarters will remain in Denver, and he will continue to supervise the agricultural development program of Colorado and Southern and Fort Worth and Denver Railways.

Hepperly, Orman Are Promoted With FW&D Railway

Promotion of A. K. Hepperly to the position of General Agricultural Agent and the appointment of Macyl K. Orman as Agricultural Agent for Fort Worth and Denver Railway, effective Monday, have been announced from the Fort Worth headquarters of R. Wright Armstrong, Vice President of that company.

Orman is a native of Floyd County, Texas, and holds a BS degree in agricultural education from Texas A&M, and an MS degree from Texas Technological College at Lubbock.

Following his graduation from A&M, he taught vocational agriculture for a year, entered military service, after which he received his Master's degree and became Assistant County Agricultural Agent in Hale County with headquarters in Plainview. He presently is Battery Commander of the Plainview Army Reserve Unit.

He resigned from the Extension Service to become associated with Burlington Lines. His headquarters will be in Fort Worth, and his jurisdiction will em-

WAYNE McCLAINS HERE
 Mr. and Mrs. Wayne McClain and their three sons have been visiting here this week with friends and relatives. They moved from Lockney to Bentonville, Arkansas, last June.

Mr. and Mrs. W. A. Taylor and Jovonne have been in Faduach on and off all this week over Mr. Taylor's father is very ill.

Dr. Loden Expects "Nearly Perfect" Cotton For Plains

"Patient cross-breeding of good lines will eventually yield a nearly perfect cotton for the High Plains," believes Dr. Harold Loden, manager of the Paymaster Farm in Floyd County.

Dr. Loden tests of some of the shifts in cotton varieties on the Plains in the article "Cotton Breeding on Paymaster Farm" in the September issue of The Progressive magazine.

Three or four years ago, the stormproof varieties of Macha and Lockett Stormproof accounted for 70 to 75 per cent of the

total acreage on the Plains. However, there is an expected reduction in these two varieties in 1955. Hi-Bred and Half-and-Half have also declined in popularity the past 8 to 10 years. The major increase in any variety has been in Lankert, which accounted for almost 31 per cent of the 1955 Plains crop. More irrigation has brought increase of longer staples.

Paymaster 54 variety represents 11 per cent of 1955 plantings in 21 South Plains counties. This year was released an improvement in Paymaster 54B.

Genes from two "wild" cottons, Kekchi and Hopi, are important in the research for better cotton varieties. They are working on a cotton now to have the rapid fruit set of the Kekchi and early boll maturity of the Hopi. In effect, this would move the Cotton Belt north.

Two new varieties ready for commercial release this fall are Paymaster 101 and Paymaster Storm Rider.

Frances and Eddie Stinebaugh of the Masonic Home in Ft. Worth have been here visiting the past two weeks with their grandmother, Mrs. Lura Stinebaugh. Randy Robertson of Memphis has also been visiting Mrs. Stinebaugh.

Mr. and Mrs. J. M. Pinkerton of Kismet, Kansas, and their three grandchildren of Liberal, Kansas, were guests in the home of Mr. and Mrs. F. O. Schacht and family Friday and Saturday.

SEASON FOR FAIRS AT HAND IN TEXAS

In many a city and town of Texas today, community leaders are making plans for an important annual event which many folks have been eagerly looking forward to all year. During the next several months it will be fair-time throughout Texas—with county and regional fairs and festivals taking place in every section of the state.

The State Fair of Texas is, of course, the largest annual fair in the United States in terms of attendance, with over 25 million visitors from all parts of America, and a magnificent fairground with facilities valued at \$35 million.

Fairs in Texas date back over 100 years. The first fair to be held in the state may well have been one in Corpus Christi in 1852, which featured bull-fights, a circus, cockfights and fireworks. During the same decade Dallas County became the first county in the state to organize a fair. The State Fair was founded in 1886.

A good fair regardless of size can be a valuable asset to its community, in the opinion of James H. Stewart, general manager of the State Fair and vice president of the International Association of Fairs and Expositions.

As with most fairs the country over, Texas events carry a heavy emphasis on livestock and agriculture. Entertainment naturally covers a wide range, from carnival sideshows, rodeos, folk festivals to the Broadway musical comedy "Pajama Game" which will be presented at the State Fair. Competition in making jams and jellies, succulent cakes and pies and other examples of traditional homemaking skills still occupies a big place in the program of most Texas fairs.

Fairs in Texas date back over 100 years. The first fair to be held in the state may well have been one in Corpus Christi in 1852, which featured bull-fights, a circus, cockfights and fireworks. During the same decade Dallas County became the first county in the state to organize a fair. The State Fair was founded in 1886.

A good fair regardless of size can be a valuable asset to its community, in the opinion of James H. Stewart, general manager of the State Fair and vice president of the International Association of Fairs and Expositions.

Texans cities which will hold fairs, festivals or similar events during August, September and October—the traditional fair season in Texas—include the following:

Ablene, Alice, Amarillo, Angleton, Baytown, Beaumont, Big Spring, Blanco, Boerne, Bowie, Brenham, Cartage, Center, Centerville, Cleburne, Coldspring, Corsicana, Crockett, Dalhart, Dallas, Denton, Dublin, Edna, Emory, Fairfield, Floresville, Floydada, Fredericksburg, Gainesville, George West, Georgetown, Gilmer, Goliad, Gorman, Haskell, Hempstead, Henderson, Huntsville, Iowa Park, Johnson City, Junction, Kaufman.

La Grange, Levelland, Liberty, Lipscomb, Littlefield, Livingston, Longview, Lubbock, Marshall, McKinney, Mesquite, Mexia, Midland, Nacogdoches, Navasota, New Braunfels, Palestine, Pampa, Paris, Pasadena, Pecos, Perryton, Plainview, Richardson, Roby, Rosenberg, San Angelo, Seguin, Seminole, Stanton, Taboka, Temple, Texarkana, Trinity, Tulia, Tyler, Waco, Wharton, Wheeler.

Spot Oiling Of Johnsongrass Gives 99 Percent Kill

College Station. — Farmers can now get rid of Johnsongrass completely without swinging a hoe.

Spot application of diesel and naphtha-type oil sprays is proving a practical answer to row crop control of Johnsongrass. At College Station four treatments of such oils killed 99 percent of all Johnsongrass in cotton stands

in one season. Four trips over a similar field with hand hoes eliminated only 44 percent of the grass.

Homer E. Rea, agronomist for the Texas Agricultural Experiment Station who has been working with various Johnsongrass killers, believes that successful spot oiling of Johnsongrass is highly significant.

"It does away with intensive hand labor methods which few farmers can afford these days," Rea said.

Varsol 1, Lightfoot 23, No-weed Oil, Lion 1 and Flit 38 are among commercial preparations to use. An ordinary knapsack sprayer applying a half and half mixture of one of these oils and diesel fuel will do the job. Rea explained. About one-third of a teaspoon of oil mixture on the stem near the base of each plant is sufficient for results. Best kills are obtained on young grass.

Within hours after the initial treatment Johnsongrass usually is shriveled and killed to the ground level. To completely eradicate the roots and prevent later resprouting repeated oilings at intervals of seven to 10 days may be necessary. This usually means four to six treatments.

Rea has the cost of application figured at \$14.10 an acre, counting oil and labor. The cost, of course, will vary with the amount of oil used and the intensity of Johnsongrass infestation.

Jerry Irons, student at East Texas State Teachers College in Commerce, is home this week visiting with his parents, Mr. and Mrs. W. C. Irons. He will return to Commerce in a few days to enroll for the fall term. He spent last weekend in Amarillo visiting with his cousin, Harvey Compton.

Mr. and Mrs. C. L. Anderson attended a barbecue for Masons and their families at Silverton Thursday evening of last week.

Nervous Tension Is Big Trouble Maker

Austin.— Some people react to the pressure of modern life like a stick of soft pine reacts to a wood rasp.

You probably recall days when an unexpected event, an accident or a brush with the boss, tied your stomach in a knot. You were suffering, the State Health Department says, from one of the more common forms of indigestion: nervous tension and excitement.

The stomach, the experts say, is largely controlled by the involuntary nervous system. You get keyed up, your stomach over-secretes, and you feel the pain.

Actually, the department points out, there are many directly traceable causes of indigestion. Lack of sleep and exercise, improper diet, and similar artificial conditions can bring it on.

You've heard the old saw about one man's meat being another man's poison? It's literally true. Even healthful and nutritious foods may rub you wrong. They contain organic acids which could upset the balance of your particular stomach.

Your favorite fruit may contain malic acid, oxalic acid, or citric acid. One or more of these may give you trouble, causing ungentlemanly or unlady-like belching.

Or the degree of ripeness of a fruit or vegetable may cause fermentation in the stomach, bringing on unpleasant results.

Condiments or strongly flavored foods are other causes of indigestion. They often cause the stomach to secrete too much hydrochloric acid. In normal people the stomach neutralizes what it over-secretes, but people with ulcers suffer painful "indigestion."

Greasy foods are particularly troublesome to people with malfunctioning gall bladders or liver diseases.

Tannic acid can be found in three of the most commonly used hot drinks. And here's the last straw: Even water, if you drink lots of it, may start your stomach churning and pouring out its digestive juices.

In any case of indigestion, frequently taking baking soda to relieve it is a mistake, health men agree. The temporary relief may cause some suffers to "play down" symptoms of a serious ailment, thereby causing him to prolong medical attention.

Mr. and Mrs. Bill Shouse of Winston-Salem, North Carolina, have recently moved back to Lockney. They were residents here about five years ago. She is the former Mary Ann Bybee, daughter of Mr. and Mrs. Delbert Bybee.

MOVING TO OKLAHOMA

Mr. and Mrs. Shirley Race and family plan to move probably the first of next week to Tishomingo, Okla., where they have purchased a 2050-acre ranch. They have sold their farm south-east of Lockney to L. C. Pruett of Slaton. The Pruett will probably not move onto the place until about January 1st, Mr. Race said. He will stay here most of the time until his crops are harvested. The Races have stocked their ranch with Black Angus cattle.

Wouldn't it be wonderful if someone invented a lawn that sheds once a week!

Pioneer Natural Gas Company
FUEL FOR A GROWING EMPIRE

'Most anything worth doing, isn't easy. A man's job, for example, isn't easy. Often it's complicated and dangerous with problems a-plenty. It isn't easy, either, to be a homemaker. A dozen skills and more are needed, not to mention endless hours of monotonous tasks. Yet, man or woman, usually you're urged on by a dogged determination to "do it—or else!" But when it comes to living a life that's commendable and above reproach, does your determination still prod you on? Do you dare stand for right against all odds? Then your place is in the Church, where others feel exactly as you do. Join them now in worship and work, and your determination will be strengthened, your faith renewed.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses

Going to the Fair—Turkish Style!

BEAUTY QUEENS and tractors combine to make the Izmir International Fair (July 20-August 20)—if not the "greatest show on earth"—at least the greatest in the eastern Mediterranean area. 3000 exhibitors from Turkey and 17 foreign countries will show their wares to an expected 2 million people. This means big sales for U.S. farm and industrial machinery which is "No. 1" with the Turks. The Fair promises to be the busiest ever. Turkey is having the greatest expansion in its history. In the last four years, alone, agricultural acreage has increased by 50% and the industrial advance exceeded that figure. All this has happened despite the fact that Turkey—a bulwark of the free world—has had to allocate 40% of her budget to defense.

Mr. and Mrs. Lewis Ray Stapp and children are spending a few days this week in Colorado on vacation.

Some couples think that they are stuck on each other, when after all they are only plastered.

GO TO CHURCH SUNDAY.

Jule Foster

Enroll for PIANO lessons at the Lockney High School Auditorium Saturday afternoon at 2:30 p. m.

One or two lessons per week.

Mrs. May Smart Killed By Pickup

Funeral services were held Sunday afternoon at 3:30 in the First Baptist Church here for Mrs. May Smart, 81, who was killed Wednesday in an automobile accident at Fort Sumner, New Mexico.

A short service was held at Fort Sumner early Sunday morning conducted by Rev. David Crow.

She was struck by a pickup truck while crossing the street on her way to prayer meeting.

Mrs. Smart lived for many years in Lockney, and was buried in the Lockney Cemetery beside the grave of her husband, L. E. Smart, who died in 1924. She has lived in Fort Sumner for the past seven years.

She is survived by three daughters, Mrs. J. A. Simpson, Plainview; Mrs. Edith Weaver, Portland, Oregon; and Mrs. Lula Williams, Santa Fe, New Mexico. Survivors also include 19 grandchildren and 22 great grandchildren.

Services were conducted by W. H. Montgomery, pastor of the Cousins Baptist Church. Carter Funeral Home of Lockney was in charge of arrangements.

Ever wonder why after dinner speakers are usually men? Women can't wait that long.

Well, anyway a \$50 suit will outlast \$50.

Fair Building Is Taking Shape

The old oil mill building in southeast Lockney is looking more like a county fair building all the time with the aid of Fair Manager Dick Whiteley and his crews of volunteer labor. Some of the openings in the buildings have already been closed and work is going forward on others.

A big job was completed the past week end when Mr. Whiteley, Charlie Boedeker, John Carthel, Joe Cunyus and Frank Hardy worked at the building two days filling some of the huge holes with dirt. Using dump trucks belonging to Lockney Lumber & Supply and Patterson Gin Company and a Ford tractor with loader belonging to Cassel Bros. Gin, the group built a ramp into the big east room of the building and then hauled in dirt to fill a big hole in the floor in order to make the room usable for the fair.

This week several local people have agreed to donate lumber to close up the openings in the buildings. Among these are Knox Grocery, Lockney Drug Co., Byrd Pharmacy, Pinner Insurance, Lockney Beacon, Lockney Auto Co., and Brown's Cleaners & Clothiers. More lumber is needed and Manager Whiteley said that if anyone had some old lumber of sufficient length to close the openings they should call the Chamber of Commerce office. Some of the above merchants are donating \$10 worth of new lumber for the project and he will be glad for other merchants or business men to do the same.

The Lockney FFA chapter under the direction of M. L. Brewer have closed some of the openings and installed stock pens in the part of the building designated for the stock shows. The boys did a good job of closing the openings and getting their part of the building ready.

Also anyone who has time and will donate labor toward getting the building ready may contact Mr. Whiteley.

County Has 85,700 Acres Of Cotton

Floyd County has approximately 85,700 acres of cotton planted, according to measurements by the county ASC office crewman during past months. This is about 10,000 acres more than was estimated earlier in the summer after hail and rain had taken its toll of planted acreage in the county. Some over-planting has yet to be rechecked, according to Tom Hutchinson, county office manager.

The county's acreage quota for cotton was 100,148 acres, Mr. Hutchinson said. However the under planting is not likely to hurt the county 1956 quota since cotton planted one time is counted toward the next year's quota even if not grown to maturity.

Also the individual farmer is given credit for his full acreage quota if he plants as much as 90% of that quota, it was said.

Byars Wins Trip To Convention

Mr. and Mrs. Duane (Sonny) Byars of Plainview left Monday for Mineral Wells to attend the 19th annual meeting of the Great Southern Life Insurance Company's top production club. Mr. Byars is one of the 188 field men who qualified for the 1955 Great Southern Club.

The Plainview couple joined other representatives of the club in a chartered bus to the convention city. During the four days together the group will combine study with recreation. In addition to four work sessions there will be a golf tournament and a fishing expedition to Possum Kingdom with a prize for the most proficient contestants.

Byars is a native of Lockney and was reared here. He is the son of Mr. and Mrs. Baylor Byars. He became representative of Great Southern at Plainview last spring.

Most talked about women is she who leaves the meeting first.

Nowadays the manufacturers who advertise "a car to fit your purse" must be selling the small, foreign makes.

Heard the other day about a fellow whose doctor advised him to cut his drinking in half—so he eliminated the chasers.

"First Norther" On Monday Night

If the old saying about "60 days from the first norther to frost" is correct this area should have frost on October 29. The first norther of the season came riding in Monday night bringing with it lots of dust and dirt.

Temperatures were dropped slightly but climbed back to the nineties Wednesday.

The turbulent weather brought some thunder showers to the area with spotted rains falling at several places in the county.

The Lone Star area received some good showers ranging from a quarter inch to about three-quarters coming in two separate showers Tuesday. Heaviest rainfall was in the area immediately south of Lone Star.

The Aiken area also received rains. Tom Weeks at Aiken reported 1.2 Tuesday afternoon and the area around J. R. Belt and

Baylor Byars had nearly an inch and a half. It was reported. Melvin Potts reported a half inch and some reports of two inches were heard in the Aiken area.

Bollworms Proliferating

Read J. J. Precht, who operates an insect inspection service here reports that bollworms are appearing in increasing quantities. He also reports lots of bollworm eggs which indicates further infestation unless something happens to stop the worms and

there are still bollworms in most fields. Mr. Wipprecht says that in this area bollworms are multiplying and that it is even the very best chance to make cotton has been lost lately and the prospects are good for a bad crop. Isn't it funny corner gives most
