

## SPECIAL EVENTS SCHEDULED FOR FAIR, PLAN EXHIBITS

A number of special events have been scheduled for the Floyd County Fair, to be held at the Fair Building here Thursday, Friday and Saturday of next week. Also chairmen of the various divisions were planning their exhibits and urging county people to get their exhibits ready to be displayed at the fair.

Special events scheduled for the fair, according to Dick Whiteley, fair manager, include a style show each evening at 8 o'clock to be presented in the commercial exhibits room, the big east room of the building. The wardrobe was secured from the National Cotton Council and the various garments will be modeled by Floyd County young women. According to Mrs. Harriette Brummett, county agent, the wardrobe will consist of dresses and other garments made from feed sack materials.

An old fiddlers contest will be held, the time and place to be announced later. Radio Station KFLD will broadcast from the fair grounds each afternoon with special talent and interviews.

Hill's Greater Shows, featuring rides and side shows of all kinds, will be one of the main attractions of the fair.

### Fair Building Ready

The fair building has been undergoing an overhaul job for several weeks and is just about ready, Mr. Whiteley said Wednesday. The lighting and wiring was completed with volunteer labor. Raymond Rucker and Forrest Mickey were in charge of the wiring job and they were assisted by Chester Mitchell, John Carthel, Charlie Boedecker, McLee Brewer and his FFA boys, Ewald Quebe, employees of Southwestern Public Service Co., R. H. Tinsley, Joe Foster and Rucker's two Latin-Americans. Mr. Whiteley praised the men highly for their excellent work and said "We may have overlooked someone and if we have we're sorry. We appreciate your work also very much."

Mr. Whiteley said Wednesday, "We are expecting a total attendance of around 10,000 if the weather is favorable. We need now to talk up the fair and build up enthusiasm for it. Remember it cannot be a good Floyd County Fair without the attendance and help of Floyd County people."

### Good Exhibits Expected

The chairmen of the various departments are expecting good exhibits, Mr. Whiteley said. Approximately 30 commercial exhibit spaces have been sold and on display will be such items as home appliances, irrigation pipe, farm implements, farm products, blacksmith products, and new automobiles.

Dean Walls, superintendent of the Livestock Department, says that he looks for a very good show of livestock featuring sheep, hogs and beef cattle. Livestock must be in place by 10 a. m. Thursday.

In the agriculture division, of which Chester Mitchell is superintendent, there will be exhibits of open cotton, wheat, oats, barley, peanuts, black-eyed peas, sudan grass and other products. Exhibits must be in place by 1:30 p. m. Thursday.

### Women's Exhibits

Mrs. R. H. Tinsley of Sterley is director of the Women's Department at the fair and she is anxious that many ladies in the county enter exhibits in the department. She pointed out Wednesday that entries must be in place by 1 p. m. Thursday and may be entered as early as 8 a. m.

The various divisions in the women's department include these:

Textiles; embroidery, cut work, hemstitching, knitting and crocheting, applique, quilts, spreads, comforts, rugs and sewing.

Canned Fruits and Vegetables; Fruits and vegetables, pickles, preserves and jellies.

Youth Department; Junior household linens, senior household linens, junior clothing, senior clothing, canned fruits and vegetables, pickles, preserves and jellies.

Frozen Fruits and vegetables, Art Department; adult paintings, youth paintings, adult crafts, youth crafts.

Culinary Department; breads, cakes, candies, frozen foods.

Flower division; horticulture, arrangements, pot plants.

### Community Exhibits

Eight to ten community exhibits are expected, Mr. Whiteley said, in which each community will exhibit the very best grown in their particular community. They will be competing for prizes of \$15, \$10 and \$5. All community exhibits will be uniform in size and layout.

## Rain Here Totals 3.67 For Weekend

A general rain that soaked all of West Texas and hung on for four days left 3.67 inches of moisture here, according to the official rain gauge kept by Joe Holt at the Lockney General Hospital. The moisture will be of great benefit to wheat.

It was the longest rainy spell to strike the area in months and before skies cleared on Wednesday some farmers were beginning to worry about crops maturing. The rain began Saturday and continued through Tuesday, falling slowly.

Some areas reported up to five inches in this county and around Lubbock as much as 7 inches fell.

No doubt the rains delayed the maturing of an already late cotton and feed crop. However damage to open cotton was believed to be light simply because there is little open cotton. Some dry land feed was reported to be falling down due to wet grounds but damage was believed to be very light. Farmers are hoping that high winds do not develop until the ground dries.

## White Rose Cafe Changes Hands

Mrs. Eva Ford from Little Rock, Arkansas, has purchased the White Rose Cafe here from A. L. Phillips. Mrs. Ford said Wednesday that she plans to move the cafe to the Faggard building, directly across the street from its present location, and to enlarge its services. She plans to have a dining room in the new location.

Work on the Faggard building will require three or four weeks and it will be that long before the cafe can be moved, Mrs. Ford said.

Her brother and sister-in-law, Mr. and Mrs. Dave Harden, are here with her and will help her in operating the business.

## Local Couple Has Narrow Escape

Mr. and Mrs. Jay Franklin who live north of town, had a very narrow escape Thursday morning about 5:30 when their car hit and killed a black Angus cow on the highway 6 miles southwest of Vernon.

It was still dark and Mr. Franklin didn't see the cow which was hunting her calf that had been killed earlier that morning on the highway, nearly causing another serious wreck. When the cow hit on top of the car hood the right door came open and Mrs. Franklin was thrown out with her feet caught in the door and her body dragging against the pavement. She became dislodged from the door and rolled some distance before Mr. Franklin was able to stop the car and came searching for her in the darkness. Mrs. Franklin was unconscious part of the time during the episode but escaped with severe skin burns and bruises. She was treated in a Vernon hospital.

Raymond Martin and Vigil Fidei went to Vernon and brought the couple home. The Franklins' car received an estimated \$500 damage and will be repaired in six weeks.

## Plans Are Complete For Homecoming Friday

All is in readiness for what is expected to be the biggest and best homecoming in the history of Lockney schools on Friday of this week. Barry Barker, president of the Lockney Ex-Students Association said Wednesday, Barker and his homecoming committee have been busy in plans and preparations for the big event for several weeks and particularly so the past few days.

Featuring get-togethers, visiting and a business session during the day Friday the event will be climaxed with a delicious barbecue supper, the annual football battle between Lockney and Floydada, a western party, dances and movies on Friday evening. One group plans a breakfast at 3 a. m. Saturday to end the day. It is a day full of activity for the some 400 to 500 exes expected to attend.

Letters and cards from ex-students who now live away from Lockney have indicated that attendance from that quarter will be large in addition to the several hundred ex-students who live in this immediate territory. Especially interesting, among letters received, was one from Former Supt. Sidney Reeves, now of Quitman. Mr. Reeves will be unable to attend, he said, but went on to say, "I know that your homecoming will be a most pleasant experience for all of those who have the opportunity to come back and walk through the corridors of yesterday and grasp the hands of those whose friendships of former years are firmly cemented in their minds."

In speaking of the football game on Mitchell-Zimmerman Field, Mr. Reeves said, "No more gallant lads ever spiked the grid turf in Lockney than Milton Zimmerman and Clinton Mitchell, both of whom poured

out the blood of life that the boys who are now playing football in Lockney might have the right to pursue that game in a land of liberty."

Here is a resume of the day's program with explanations regarding each event where explanations are needed:

Registration will begin at 10 a. m. in the Lockney High School building. Each registrant will be greeted by a host or hostess and escorted to a refreshment table where tea or coffee will be served. This time will be used for visiting among old friends and acquaintances. Mrs. George Webster, Mrs. Henry Hodel and Mrs. Jesse Cox will be in charge. Registration fee is \$1.50.

The business meeting and general assembly of the Ex-Students Association will be held at 1:45 p. m. in the high school auditorium. Entertainment will be furnished by the children of Leota Shelton Goodwin. These children are TV, stage and radio stars. Mrs. Goodwin is a graduate of Lockney High.

During the business session new officers of the association will be elected and plans made for the next homecoming.

Class meetings and reunions have been set at 3 p. m. Time and place of the various meetings will be noted on a bulletin board placed in the coffee room.

The chuck wagon dinner served by the catering division of Walter Jetton of Fort Worth will be held at 5:45 p. m. in the high school cafeteria. The cost of this is included in the registration fee and Kelton Shaw and Jerry Cooper are making arrangements.

### Menu Announced

The menu as announced by the company serving it is as follows:

- Pit cooked barbecue beef with hickory gravy.
- Smoked ranch style beans.
- Potato salad.
- Cole slaw.
- Pickles and onion.
- Hot buttered biscuits.
- Western apples, cooked with plenty of butter and sugar.
- Drinks, weather pending.

At 8 p. m. the kick-off comes for the annual Lockney-Floydada gridiron classic. It will be a hard-fought game and, although the Whirlwinds have the best record, the Longhorns are planning to try to win the game.

Halftime activities during the football game will include the awarding of prizes of one year's subscription to The Beacon to the ex-student who came the greatest distance, the family who has the most ex-students at the homecoming, and the ex-student who is the oldest according to class.

### Parties And Dances

The end of the football game, which should be around 10 p. m., will not be the end of the day's activities in an sense. It just marks the beginning of

social events for the ex-students.

A western party will be held at the high school cafeteria for all high school and ex-students who do not wish to attend the dances. Mrs. J. D. Copeland and Mrs. Leslie Ferguson are in charge of arrangements for this affair. Games will be played and refreshments will be served without charge. This starts at 10 p. m.

A dance will be held in the fair building for high school and college students. Music will be furnished by Ted Cragger's orchestra of Lubbock.

Another dance will be held at the American Legion hall for adults with music furnished by "The Scotchmen." Both start at 10 p. m.

Also starting at 10 p. m. is a movie at the Plains Theatre for the younger school students and others who want to attend. Showing will be "The Lady and the Tramp," a Walt Disney picture. It is a two-hour show.

At 12:45 a. m. Saturday morning a movie will be shown at the Plains Theatre for all who wish to attend. The movie is "Mr. Roberts" and stars Tyrone Power and James Cagney. This show and the breakfast at 3:30 a. m. is being sponsored by the Student Council and adult chaperons will be on hand to watch over the groups. It was said. These chaperons will include Mr. and Mrs. Claude Brown, Mr. and Mrs. Rudy Haile and Mr. and Mrs. Charles Hammit, according to a report from Luther Williams, president of the Student Council. Admission to the show will be 50 cents.

The breakfast will be served to high school and college students only at the high school cafeteria. Mrs. Olive Myers will serve bacon and eggs, toast and coffee or milk to the group.

### Local People Should Register

President Barry Barker said Wednesday that local people should also register Friday morning at the high school if they wish to participate in the day's activities.

High school students should register and pay the \$1.50 fee since this registration will also entitle them to the barbecue dinner and to the evenings entertainment after the football game. The entertainment includes the dance or the party, which ever they wish to attend. Refreshments will be served at either without cost.

Students who do not register will be charged 75 cents admission at the dance or parties. The midnight show will be 50 cents extra and a charge of 25 cents will be made for the breakfast.

Adults may either register at the high school or pay for their dinner at the cafeteria Friday evening if they wish to attend the barbecue. You do not have to be an ex-student to attend the barbecue, Barry said.

### Welcome Exes

We are always happy to have ex-students and employees to visit in the Lockney schools, but on this homecoming, we are thrilled at the thoughts of having you visit on the campus and in the buildings. We want you to feel free to call upon any faculty member, school employee or student to assist you in any way that one might to make you enjoy your visit with us.

We shall appreciate it very much if you will take time to look through the building, into the class rooms, and all other parts of the school. You are more than welcome to use any of the facilities during your visit for meetings and visits with your friends.

Please spend all the time you can with us and make every minute of your visit an enjoyable occasion.

## LOCKNEY-FLOYDADA TANGLE IN ANNUAL GRIDIRON CLASSIC

The annual Floyd County gridiron classic, pitting the Lockney Longhorns against the Floydada Whirlwinds will be played on Mitchell-Zimmerman Field in Lockney Friday evening starting at 8 o'clock.

The game is the feature of the Lockney school Homecoming and a large crowd of ex-students as well as an overflow crowd of local fans are expected to be on hand to witness the encounter.

No doubt the sport writers will pick the Whirlwinds to win the football battle but the Longhorns and local fans are thinking the game might end in a victory for the Longhorns after the mighty battle the local lads put up against Rails last Friday night. At any rate football fever has taken a decided jump in Lockney during the past week and the stands will be crowded for the battle, weather permitting.

Muddy, rainy weather has slowed workouts this week but Coach Rudy Haile said Wednesday that the Longhorns had been working out anyway and that they were in high spirits. The local team will be playing without the services of two regulars. They are Dan Griffith, who lost some teeth in last Friday night's game and J. W. Dippery, who hurt a knee some two weeks ago. Otherwise the boys were in good shape Wednesday morning.

The Whirlwinds are also having trouble with injuries. Coach Preston Watson was unable to name his starting quarterback Wednesday. He said that both J. E. Waller and Frank Potts, first and second ball handlers, were doubtful starters due to injuries. Also injured and a doubtful starter for the Whirlwinds, star halfback for the Whirlwinds, an end, James Hartman is also out with injuries, it was reported.

The Whirlwinds have the

best season's record. They have won one, tied one and lost two but have had only 22 points scored against them. The Longhorns have won one, lost three and have given up 101 points. However the Longhorns defense showed decided improvement last Friday night against Rails.

The Whirlwinds run off a straight T or a double wing most of the time. Their best play is a quick opener over tackle. They are also good at the quarterback keeper belly play and have a good passing attack. Their strong defense is one of the best points.

The Longhorns have a good (Continued on back page)

## Minute Editorials

Search me, O God, and know my heart; try me, and know my thoughts.—Psalm 139

**WELCOME TO THE EXES** of Lockney schools and former residents of this community who will be attending Homecoming here Friday. It is indeed a pleasure for all of us to have all of you here for a visit with us and we surely want you to enjoy the day. Thanks to President Barry Barker and his committees a day chuck full of entertainment and eating has been planned for you and we know that you will enjoy every minute of it. Coming "back home" for a visit with former class mates and friends can be the most enjoyable event of a lifetime and we hope that this one proves to be just that to all you exes.

**THIS SECTION** of The Beacon contains a number of pictures and stories pertaining to former classes of the local school system. These have been contributed by various local people as a matter of interest to ex-students. We know that you will enjoy these and we appreciate the help we have received in the compiling of this edition.

**"YOUR NEWSPAPER** fights for your right to know." This is the slogan for National Newspaper Week, which is this week, October 1-8. Newspapers of this nation are all observing this week and bringing to the attention of their readers the important part the newspaper plays in everyday life of the community, state and nation. Getting back to the slogan, it should be the purpose of every newspaper to keep its readers informed of the happenings in the community relative to public life as well as events concerning neighbors and friends that are of interest. Sometimes the newspaper doesn't receive full co-operation from those in position to give co-operation in its efforts to keep the public informed. Sometimes people in position to do so attempt to keep information from the public. Public officials have been known to take this attitude. Other people in places of responsibility at times want to keep their actions secret because of fear of public opinion.

**YOUR NEWSPAPER** fights for your right to know those things which are pertinent to your welfare. A newspaper that kept people informed could have probably prevented the deplorable state of affairs in Duval County. A newspaper which did keep people informed uncovered the unsavory mess regarding the veterans land program. The newspaper doesn't try to keep people informed for monetary reasons. Many times it loses business because it does inform people. The newspaper has a moral obligation to its readers and the public in general to keep them informed of affairs that are their concern. Most newspapers try to fulfill that moral obligation.

**"RAIN, RAIN, GO AWAY.** Come again another day." Many a farmer probably finds himself muttering that ancient rhyme to himself these rainy days. Of course the man who has wheat or alfalfa sowed is enjoying the wet weather provided he doesn't have some cotton in the field that is late and needs some maturing weather real bad. If the weather clears soon, if the feed doesn't fall down, if the cotton will go ahead and mature and if the first freeze or frost comes late, we'll still do all right cropwise this year. But that's a lot of ifs.

**THE BEGINNING** of wisdom is the realization that the thing you are anxious about today won't seem important tomorrow.

**FRIENDSHIP** is to be purchased only by friendship. A man may have authority over others, but he can never have their heart but by giving his own.

### With Our EXCHANGES

**WRITE US A LETTER . . .** If The Post Dispatch were to handle all the "hot potatoes" thrown it by well-meaning readers, it not only would come up with a double handful of burnt fingers, but, like the Arabs, would find it necessary to fold its tents and silently steal away.

Not a week passes that we are not asked to use our editorial columns to "air" this side or that — frequently both at the same time — of some local issue. Our editorial space will not permit and even if it would, some of the "burning" issues called to our attention by readers are not sufficiently "hot" or of enough general interest to merit editorial attention. And that, dear reader, is why we maintain a "Letters to the Editor" department.

This "Letters to the Editor" column is a market place of ideas which, in thousands of newspapers the country over, has taken the place of the old town meeting. Its columns are always open to all shades of opinion — some of which echo our own, many of which do not. The public is urged to use this "Letters to the Editor" column often.

There are very few requirements to getting your letter printed. The main one is that your name MUST be signed to

can be found in the United States. From \$1 to \$5 is collected from every Negro in the country as annual dues so we do not make it 100 per cent collection. There are fifteen million Negroes in this country, and average of \$3 dues racks up a sum of about forty million dollars a year dues from paying members. A lot of things can be done with forty million dollars a year. That is why so many cases are filed in every court in the land, they have the cash. But how is the rest of this huge slush fund spent? How much is dished out for big salaries graft pay-off money, etc? If allowed to run rampant it can become a power, in fact it is already powerful, and it could develop into something very corrupt with that much money, and ram a lot of things down the peoples throat they do not want, both Negroes and Whites — Listening Post in Petersburg Journal.

**PRESIDENT'S ILLNESS** Reports coming down from Washington indicate that city is greatly concerned over the illness of President Ike and are thrilled that he is making such rapid recovery. Aside from the General's great personal popularity and his admitted administrative ability, there has been an item that has caused even greater concern in the nation's capital and over the country. Had the President's illness caused his death or resignation, just look who would have become president. And you Democrats needn't crow — look who we came up with under similar circumstances. Both national parties should be a lot more careful in their selection of vice-president candidates. — Trends in Crosbyton Review.

**"MELL OF A HESS,"** AYE, CHUM? Most of us think the English language is pretty clear, but a visiting Englishman at the Boston Encampment explained why he has trouble understanding American.

**DESEGREGATION** We have been watching very closely the desegregation program as it unfolds in this state as well as the rest of the country, all of which causes us to do a little thinking about the organization known as the National Association for Advancement of Colored People that is pushing this proposition. We have been wondering why an investigation has not been started to find out just who compose this organization, who is behind it, and why? In looking around and making a few inquiries we find that it is headed by a little Jew that has been in and out of several organizations before hitting the jackpot in the NACP organization. This Association has never been headed by a Negro. They have the best legal talent, both white and negroes, that

## Providence

by Mrs. Wilfred Stoerner

One way to keep from losing your shirt is to roll up your sleeves.

The community has received about two and a half inches of rain and a day of sunshine would be welcomed at this time. Some have started cutting grain and quite a few have their bundle feed cut.

Mr. and Mrs. Hubert Stoerner and sons spent Sunday and Monday visiting Mr. and Mrs. Albert Shultz of Littlefield.

Mrs. Shelton Jones returned from the hospital Saturday after undergoing major surgery. She is recovering nicely.

Quite a few from this community attended the Lubbock fair and ice show which was very good.

### H. D. Club Meets

The Providence Home Demonstration Club met Tuesday at the home of Mrs. B. H. Quebe. Roll call was answered with a favor saving suggestion. Mrs. H. F. Quebe called the meeting to order. Mrs. Ben Quebe, council delegate, gave a good council report. Mrs. Jones reported on the Floyd County 4-H dress review which was held recently. Birthday sympathy cards will be sold by the council to help raise money for their operations.

A copy of the year books was read and accepted as read. Mrs. Sam Jones told of the craft meeting. She and Mrs. Ben Brandes attended. Mrs. Brandes displayed a clever doll she made at the craft meeting and also some fly swatters that she made. A meeting will be held at the home of Mrs. H. L. Anderson on October 12th at 2 p. m. Bring the material that you will need for what ever you will be making. This is an extra craft meeting. Please come, its for you. Tentative plans were made for the Floyd County Fair.

The Lockney Longhorns lost the ball game when they played the highly-rated Ralls Jack-rabbits last Friday night on the local field, but not before they had scared the Rabbits to death and came very close to winning the game themselves.

The score was 20-13 but it was tied up until the dying minutes of the game at 13-13 and the Longhorns threatened to untie it their way one time. The local team played a magnificent game against the heavier Crosby county boys and with another break or two could have won the game.

It was a team effort for the Longhorns with no one being outstanding but every man played his position well. He broke loose for one 39-yard touchdown gallop but that was his only sizeable gain of the night.

# HARVEST

The fruits have been gathered from the fields. They lay about her, rich and ripe, in the autumn sun that is still warm. Never has the sky been so blue, never have the distant mountains been more enchanting with their play of purple shadows. Yet she concentrates on the work at hand, peeling an apple with still dextrous fingers as she rocks into the long afternoon of life.

She is a simple person. Her life has not been easy. There have been moments of great happiness . . . and of great sadness; times of drought and times when the harvest came in a kind of golden glory from the bounty of the earth.

But through it all she has had a nourishment that has nothing to do with crops and weather, a kind of sustenance that has stood by her at all times and in all seasons . . . FAITH. Hers is a complete Faith in God and in her Church, a Faith that has made her life happy and useful . . . a Faith that has furnished food for the soul.

## THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

# What Happened The Lockney Class Of 1928?

By Hershel Carthel

In the spring of 1928 the political pot was beginning to get warm. President Coolidge had said "I do not wish to run," and the Republicans were faced with the necessity of choosing a satisfactory candidate for President of the United States. It seemed that Mr. Herbert Hoover was receiving the most serious consideration.

The Democrats were boosting Governor Alfred E. Smith of New York State, as their candidate.

The economy was stable, the world and our nation was at peace and about the nearest thing to a military uniform among school children in Lockney had been seen was on the local bandmen.

The economy of the Lockney area was based primarily on wheat and livestock. Almost every farm had a herd of milk cows and a flock of hens to lay the grocery bill. And a penny would buy 100 cents worth of goods. There was very little irrigation except the few wells on Texas Land and Development Co. property around Plainview.

Probably the most interesting thing to most folks was "what the new Ford look like," and Ford was changing from the famous arm breaking Model T to the all new Model A with many revolutionary features.

However the item of greatest interest to twenty-five senior students of Lockney High school was graduation day, May 1928, the commencement speaker was from West Texas State Teachers College (Texas Tech) didn't amount to much. The valedictorian was Hazel Gruver and the salutatorian was Hershel Carthel. After a graduation party we went separate ways and at some coming time 1955 this is what has happened to us:

Employees At Rhodes Stay Their Jobs

Employees at Rhodes Market apparently like their jobs. Five of them have stayed with the Rhodes store since it opened for business in March 14, 1952. Smith is the butcher and that position since the store opened here. He has years experience in the grocery business and formerly worked for Dumas. Smith has also been here since the store opening. He has years experience and worked at Dumas. Mrs. Clyde Wood began working with the store when it opened here. They lived at Borger and have about seven years experience in the grocery business. Wood is a checker. Ballard, a high school graduate, began working with the store when it opened and on Saturdays.

Zona Kunkel is a new employee of the store. She moved here recently from Blaine, Texas and has had about 6 years experience in the grocery business. High school boys who work at the store include McCandless, Donald Far, Harold Chandler, and Cal Wiley. Mrs. Carbel is also a part-time employee at the store. There is a friendly relationship between the store and the school. Mrs. Carbel is not least is Mrs. Carbel who does the bookkeeping for the store. She, of course, has also been with the store since its opening and she is busy keeping the books for the store and running a household also.

### Rhodes Began His Grocery Career Here

Raymond Rhodes, who is holding formal opening of the new Rhodes Super Market here this week end, began his grocery career in Lockney some 23 years ago. Mr. Rhodes did his first work in a grocery store when he worked for C. J. Taylor at the Taylor Grocery in Lockney on weekends back in 1932 and 1933.

Since then he has spent five years driving a bread truck five years in the Army during World War II and has had 10 years experience in the grocery business.

Mr. Rhodes first went into the grocery business in Dahlart. He took out five years in the early forties serving with Company B, 179th Infantry, 45th Division during World War II seeing service in North Africa, Sicily, Italy, France and Germany.

In 1949 he went to Albuquerque where he was manager of a super market for his brother, Cliff. After two years in that position, he went to Amarillo where he was connected with a Piggly Wiggly store for a short time.

Mr. and Mrs. Rhodes opened the Rhodes Grocery & Market here on March 14, 1952 and their volume of business has shown a constant increase.

They have three children, Jackie, age 5½ and twin daughters, Pat and Pam, age 2½ years.

Mrs. Rhodes is bookkeeper for the store and is kept busy in that end of the business.

#### TO VISIT ARKANSAS

Mr. and Mrs. S. A. (Skeet) Thornton left Tuesday for a three-weeks stay in Hot Springs, Arkansas. They will be joined there by Mr. and Mrs. Bud Goldston of Roswell, New Mexico.

#### CARD OF THANKS

I want to express my sincere thanks to all my friends for their flowers, cards, visits and other acts of kindness shown me during my illness.

Mrs. Bob Merrell.

By 1735 there were five newspapers in Boston, a town of less than 20,000 population.

### County Tax Rolls Levy Is \$300,000

Floydada. — The estimate of the Commissioners' Court of Floyd County that the tax rolls for 1955 would run \$15 million was a pretty good one. The actual figures which are on the rolls approved last week by the court, are \$14,983,700.

This lacks only \$16,300 of reaching the \$15 million mark.

Assessor-Collector T. T. Hamilton finished the rolls for the court to look over at their regular meeting last week. Their formal approval has been recorded and a set has gone forward to the state comptroller to check the values for state taxes.

#### Total Bill \$301,732

Total taxes listed to be collected from these rolls runs to \$301,732.29.

Of this the county gets \$119,869.57 for the "constitutional" 80 cents, the county road bond debt service gets \$34,461.52, the court house bonds and special road taxes account for \$27,459.43.

The High Plains Underground Water District will get \$6,946.25 and the common school districts of the county \$51,668.25.

Some of the facts revealed by the rolls are:

There are 861,636.7 acres of land on the rendered rolls, with a value of \$7,335,540 taxation purposes. City property is listed at \$2,205,050 and personal property \$3,902,325.

Improvements on land, except for irrigation wells, are not included in the values set.

#### Denver Pays The Most

Far and away the biggest taxpayer in the county is the Fort Worth & Denver Railway Company, with a total valuation of \$694,165 and a tax bill of \$12,071.75.

Second biggest taxpayer in the county is the Service Pipeline Company of Tulsa, with values set at \$322,740 and total bill \$6,231.86.

The Massie Estate comes third with a tax bill of \$4,088.45 and Howard Bros. are fourth with \$3,763.29.

The Fort Worth & Denver has 62.4 miles of railway tracks in the county, lists rolling stock at \$123,335, and intangible values at \$114,170.

The railways have some latitude in the counties in which they render their intangibles.

Formal opening of the big, new Rhodes Super Market will be held Friday and Saturday of this week and will be marked by the giving away of numerous prizes both days and a dedication program over Station KFLD at 9:30 a. m. Saturday.

The new store, recently completed on North Main Street, has 6,000 square feet of floor space and is as modern as any store in the area, according to Raymond Rhodes, owner.

Mr. Rhodes has been in the grocery business in Lockney since March 14, 1952 and only recently completed the construction of his own building. The formal opening of this new building is the cause for the special observances this week end.

#### Drawings Both Days

Drawings at 4 p. m. both Friday and Saturday will find the store giving away several hundred dollars worth of merchandise.

On Friday at 4 p. m. a Cory Automatic Coffee Maker with 24 k. gold bottom and stainless steel top, will be given away along with 15 big sacks of groceries and possibly other prizes.

On Saturday at the same time the store will give away a 24-inch boys bicycle with lights, brakes and all accessories. In addition they will give away 15 big sacks of groceries and a 50 gallon barrel chuck full of all kinds of groceries. Other prizes will probably be added to the list.

Registration for the free gifts has been underway this week, starting Monday. Anyone may register except employees of the store and it is not necessary to buy anything to register. Each registrant is required to write his or her name on a card, drop it in the box and the drawings will be made from that box. It is not necessary to be present to win since the name drawn will be the winner and if the person is not present he will be notified.

Free coffee and cold drinks will be served to store customers all day Saturday in further observance of the event. Also free souvenirs will be handed out to the kiddies both days.

#### Dedication Program

An hour program over Station KFLD, Floydada, starting at 9:30 a. m. will mark the store's formal opening. The program will feature Jack Huddle, TV star for Bell ice cream, organ music by Mrs. Inez Ferrel of Plainview and a dedicatory address by Rev. R. E. Wiley, pastor of the First Baptist Church here.

The Denver cut their intangible rendition by \$64,320 in Floyd County this year. Some of the values set up for them they are said to view as excessive, the result being the cut in the intangibles allowed for the county.

Service Pipeline Company rendered 66.1 miles of pipeline and shows \$42,080 intangible assets for taxation.

#### 1,200 Oil Leases

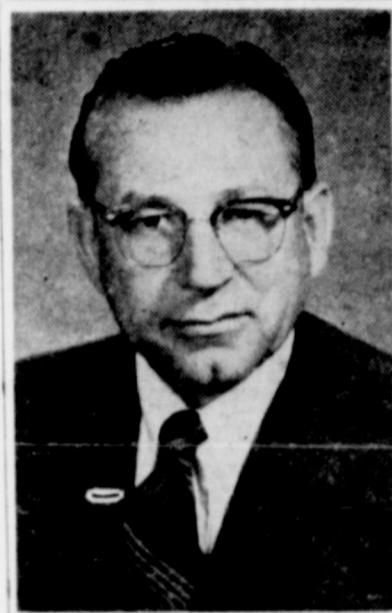

Although a considerable number of oil leases in Floyd County, particularly by Sinclair the total number of tracts under lease, large and small, are still approximately 1,200 in number. There are more than 50 lease holders on the rolls in the county and an assortment of two score or more oil and gas royalty and other oil property taxpayers.

Practically all of the larger companies are represented on the rolls. Some of the taxpayers whose bills run into the hundreds above the \$300 mark are Tidewater, Sinclair, Humble, Shell, Cities Service. Others among the big companies are Standard of Texas, Standolind, Atlantic and Superior.

#### HOME FROM NEW YORK

Mr. and Mrs. Henry Hodel, accompanied by Mr. and Mrs. Roscoe Snyder of Plainview, returned home Friday after an 18-day trip to New York City and other points in the east. They spent five days in New York, two days in Washington, D. C., returning home by Warm Springs and Atlanta, Georgia, North and South Carolina, Indiana, Mississippi, Alabama and Louisiana. Mrs. Hodel stated that no where on their trip did they see an abundance of new cars until they reached as far south as Louisiana. She also remarked that they had a wonderful trip but returned perfectly satisfied that this is the most wonderful spot to live.

The oldest newspaper in America today is the Newport, Rhode Island Mercury, which was founded in 1758 by young James Franklin with the aid of his Uncle Benjamin.

RAYMOND RHODES is proprietor of the Rhodes Super Market. He has been in business here since March of 1952 and began his career here as a weekend employee in a grocery store back in 1932.

—Photo by J. Ed Parsons

The new, modern building is 60 feet in width by 100 feet in depth, and is of concrete tile and brick construction. Plate glass windows across the front add to the attractiveness of the building.

The store is refrigerated air conditioned, has full fluorescent lighting and the floors are tile-covered. Ample storage space is provided at the rear of the building.

A change in the name from Rhodes Grocery & Market is part of the "new look" along with the new location. The store was recently moved from the Rose building at the corner of Main and Locust to the new location.

The big increase in the amount of floor space now enables the store to carry a much larger stock of merchandise than formerly and the total stock has been more than doubled since the move, Mr. Rhodes said.

Two big gondola display cases for staple merchandise have been added to the store's fixtures. In addition 24 cubic feet of frozen food cases have been added along with 24 cubic feet of self-service meat counters, and 24 cubic feet of dairy cases. The store now has twice as much refrigerated vegetable space as formerly. An additional ice cream case has also been added.

Three checking stands enable the store to check out customers at a fast rate and avoid delay.

### First Uranium Leaves Briscoe For Ore Mills

Silverton. — Some 17 or 18 tons of commercial uranium left here last week for the mills. The ore came from the Quarter Horse Mine, and was mined by the Caprock Uranium Corp-

oration. The mine is located on the Saul Ranch owned by Clyde and Doyle Saul who live near Plainview.

The Saul's 5,000 acre ranch runs along the rim of the caprock a few miles east of Silverton. Jeff Mayhan and H. L. Brotherton formerly of Dallas, have been directing mining activities. They stated that chemical tests showed 39 per cent which would market for \$76.00 per ton. The truck load, which

left Silverton Friday was estimated to bring about 12 or 13 hundred dollars.

Al Wilson, foreman of the Ranch and Doyle Saul, one of the owners, first discovered the ore in April of this year. Later they found outcroppings in many places over much of the ranch.

Since that time the activities have been mostly to find ore where power loaders could be used instead of shaft mining.

Stock piling of ore has been going on for about two months while they continued to search for a place where large scale stripping could be carried on.

When they have located 200 tons, the government will pay a guaranteed price and freight on all commercial ore taken from the mine site, it is stated.

Two companies are doing extensive core drilling on the ranch. The Briscoe County Uranium Company, along with the Caprock Corporation, have cores at work.

The shipment which is said to be first from the Panhandle area is being watched by interested parties from all over the county, as well as five or six sales in the immediate Silverton area where discoveries have been made.

### Flomot District Has 26,000 Acres In Floyd County

Floydada. — That portion of Floyd County which is within the Flomot Independent School district and pays taxes for school purposes in that district has a total rendered land area of 26,126.79 acres.

This land is on the Flomot district rolls at \$190,740 and is due to pay \$2,861.10 in Flomot school taxes, assuming 100 per cent collections.

The tax rate of the district is \$1.50 on the \$100 valuation.

County Assessor-Collector T. T. Hamilton assesses and collects for the Flomot District on its Floyd County roll, at a cost to the district of 1 per cent assessing and 1 per cent for collecting.

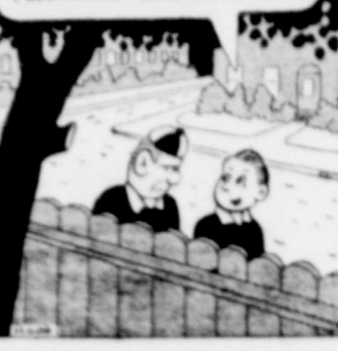

The total bill for this year for this service will be \$37.22 if all the tax is collected.

Of this amount \$4,857.14 was applied to the county's debt before the refund check was written.

The remainder of \$29,306.79 was sent out in the form of a check. The amount has been credited to the road and bridge fund, and is drawn on by the commissioners as it is needed.

Labeled "for road construction" the fund is used in practice in similar manner to other funds which accumulate to the credit of the road and bridge funds.

### New Jury To View Out Road North Of South Plains

Floydada. — A new jury of view was named last week by the Commissioners Court on a proposed three mile road in the extreme north part of the county, above South Plains, after recommendations of a previous jury of view were rejected.

The road is petitioned for by Lloyd S. Deavenport and 10 others. It would open a 60-foot road from the southwest corner of Survey 2 in Block B6, extending over Highway 207 westward two miles and north one mile to the northeast corner of Survey 9 in Block B4.

Lester McCormick, Frank McClure, J. D. Webb, B. C. Hinsley and Otto Sanders were named on the jury to view out the road, assess damages and make recommendations.

### Come On Longhorns Let's Win!

The weekly pep-rally was held Friday at 12:20. To start off, the Hoop and Holler Club chose "L. H. S." "Two Bits, Four Bits" is a yell that arouses the spirit of L. H. S.; "We've Got the Coach" is also a very popular one that we frequently use. Our jivey band then played "On Wisconsin" with the majorettes out in front displaying their position. "Hey! Hey! Ho! Ho!" was selected for our next yell. The Longhorn Band followed it with the Notre Dame "Victory March." LaJuan, Frankie, Barbara Jo, Betty June, and Jan led these new yells: "Throw 'Em in the Dirt," "Tear 'Em Up," and "Chattanooga Choo Choo." "The Yellow Rose of Texas" was our favorite by the band. Then the Hoop and Holler Club got in position as we backed the Longhorns with "End, Center, Tackle, Guard," "Give a Yell," and "Yea Maroon, Yea White." Our music makers made music by playing "When the Saints Go Marching In." Our last yell, "Give 'Em the Axe, Axe, Axe" was the loudest.

Our football coach and captain were called on to make a speech. After singing our school song, the pep-rally ended.

### F. H. A. Fair And Financial Report

The F. H. A. girls met Tuesday, Sept. 27 in the high school auditorium to decide on what kind of booth to have at the fair. We decided to sell both cake and pie slices with coffee and whole pies and cakes. Our treasurer then made a financial report on our last concession stand. We made \$155.00. President Mary Myers adjourned the meeting.

### Honor Society Meets

The Honor Society met on Tuesday, the 27th with Carolyn Campbell, the president, presiding. The society agreed to postpone the banquet until spring, but plans for a party for the fall initiation were made. A booster-tag sale of twenty-one dollars was reported. Mrs. Zeigler suggested that our society subscribe for a monthly magazine to acquaint us with the activities of other organizations in the nation. A motion to that effect was made and seconded. The secretary then reminded each member to pay the one-dollar yearly due by October the first.

OFFICIAL PUBLICATION OF LOCKNEY HIGH SCHOOL

## Hear Bill Allen's Lecture At High School Friday

One of the sophomores money-raising projects is Bill Allen's lecture on his "World Tours" and a movie showing the places he has been. The place is the high school auditorium and the time is 10:45 a. m., Friday, October 7.

Few, if any of us will make such tours, so let's go on them with him and get the benefit of his knowledge. Mr. Allen is such an extensive traveler that I am sure his talk and movie will be very educational and entertaining.

Pupils and parents, the admission is only twenty cents. Tickets may be purchased on Thursday, October 6 from any member of the sophomore class. Be sure to be present for an enjoyable, instructive speech and movie.

## Eat And Drink At Concession Stand Friday Night

We seniors consider our concession stand at the Lockney-Floydada football game one of our main money-making projects of the year, so be sure to eat and drink with us sometime during the game.

We plan to have nearly everything with appetite and thirst appeal. Our meats or meat-substitutes will consist of chicken salad, cheese, ham, and tuna salad sandwiches, along with hot dogs and skilletburgers. Cookies, cup cakes, brownies, doughnuts and homemade and bought candy are our sweets. Plenty of Coca-Colas, Dr. Peppers and orange drinks as well as hot coffee will be available. We also plan to have popcorn, popcorn balls, potato chips and chewing gum. Folks, just step right up and ask for whatever you want, and we shall be glad to serve you.

## Spiritual Spice

By Luther Williams

"For if ye forgive men their trespasses, your heavenly father will also forgive you: But if ye forgive not men their trespasses, neither will your Heavenly Father forgive your trespasses."

Do you hold a grudge against your fellow man? Is your heart filled with hatred, envy, or resentment? It is said that any of these things hurt the person harboring them a lot more than it does the one for whom we have such feelings, as they cause much unnecessary worry and unhappiness. Let's forgive our fellow-men and forget their wrong doing, because you and I have faults and err, too. Forgive men their trespasses and your Heavenly Father will forgive yours when you pray earnestly and fervently for forgiveness.

- LONGER GASOLINE MILEAGE

At this time of year your motor may be quite cold when you start it, but moments later burning gasoline creates high engine heat. It takes a special kind of motor oil to protect your engine at such opposite extremes.

TROP-ARTIC All-Weather Motor Oil gives this full range protection. It's a winter and summer oil in one. It resists thickening when it's cold... resists thinning when it's hot. It lets you start easily, always... and compared to older types of oils it can even double engine life!

## Of Eyes ed By Doctor

— If Johnny should home crying, "Mom, I something in my eye!" would you do? The sensible thing would be follow this 3-step procedure recommended by the State Department of Health for just emergencies:

1. Pull the upper lid and pull over the lower lid. This will allow the tears to wash away the offending speck. Tears are the eye's own eye wash. If this doesn't work, wash with drops of lukewarm water, using an eye dropper. Tilt Johnny's head and holding Johnny's head the water will flow away from the nose, toward the side. If the speck still doesn't disappear, bandage the hurt eye to prevent Johnny from rubbing it, and take him to a physician.

Remember, the Department of Health warns, "trying to rub the eyes can cause infection and may scar the cornea, resulting in partial blindness." You've heard someone remark that eyes were "simply worn out." That's sheer nonsense, says the Department. It's impossible to "wear out" healthy eyes by overuse.

Then why do your eyes feel strained? It could be because you need glasses or are wearing improperly fitted glasses. Or it could be that you are failing to follow the rules of good eye use and proper eye care. The strain could be due to eye or body disease.

Under correct conditions you should be able to use your eyes as long as you want without strain. Healthy eyes give the most comfortable service when you sit erect with your work arranged at 45 to 70 degrees from the horizontal and 14 to 16 inches from your eyes. Tilt-top desks or bookshelves are best for children.

Reading in bed is perfectly right, providing you stick to the rules of good lighting and good posture. But it's never a good idea to read in the sunlight. If your book or magazine is shaded.

What about television? It won't harm the eyes if the picture is clear and steady. If there is enough light in the room to prevent too great a contrast with the screen. Avoid sitting off-center or close to the set.

Smart, the Department of Health, to protect your eyes from

long exposure to bright sunlight. But don't make the mistake of wearing sun glasses just to look Hollywoodish. Indiscriminate wearing of colored glasses reduces your tolerance to light.

"Man, the health agency concludes, "is normally a far sighted creature. So from time to time as you read or do close work, give your eyes a break by closing them for a moment or by looking into the distance."

## Widows Fail To Get Social Security

A considerable number of widows and young children of working people who died between June 1940 and September 1950 have failed to claim the monthly benefits payable to them under a 1954 change in the social security law, announced John G. Hutton, manager of the Lubbock social security office. Those who do not apply for their benefits before October 1, he pointed out, will

not be able to receive benefits for all months back to September 1954, the effective date of the new provision of the law.

Under this provision, it is now possible to pay monthly social security benefits to the qualified survivors of workers who died between June 1940 and September 1950 if the deceased wage earner had credit for as little as a year and a half of work under social security. The families of many of these workers applied for benefits at the time of the family breadwin-

ner's death, Mr. Hutton said, but were told that they could not receive payments because under the law, as it then stood, the worker had not earned enough social security credit to provide survivors benefits for his family.

"Announcements of the change in the law were made in all newspapers, in pamphlets, and on radio and television," Mr. Hutton said, "and many persons have applied for these benefits since September 1, 1954."

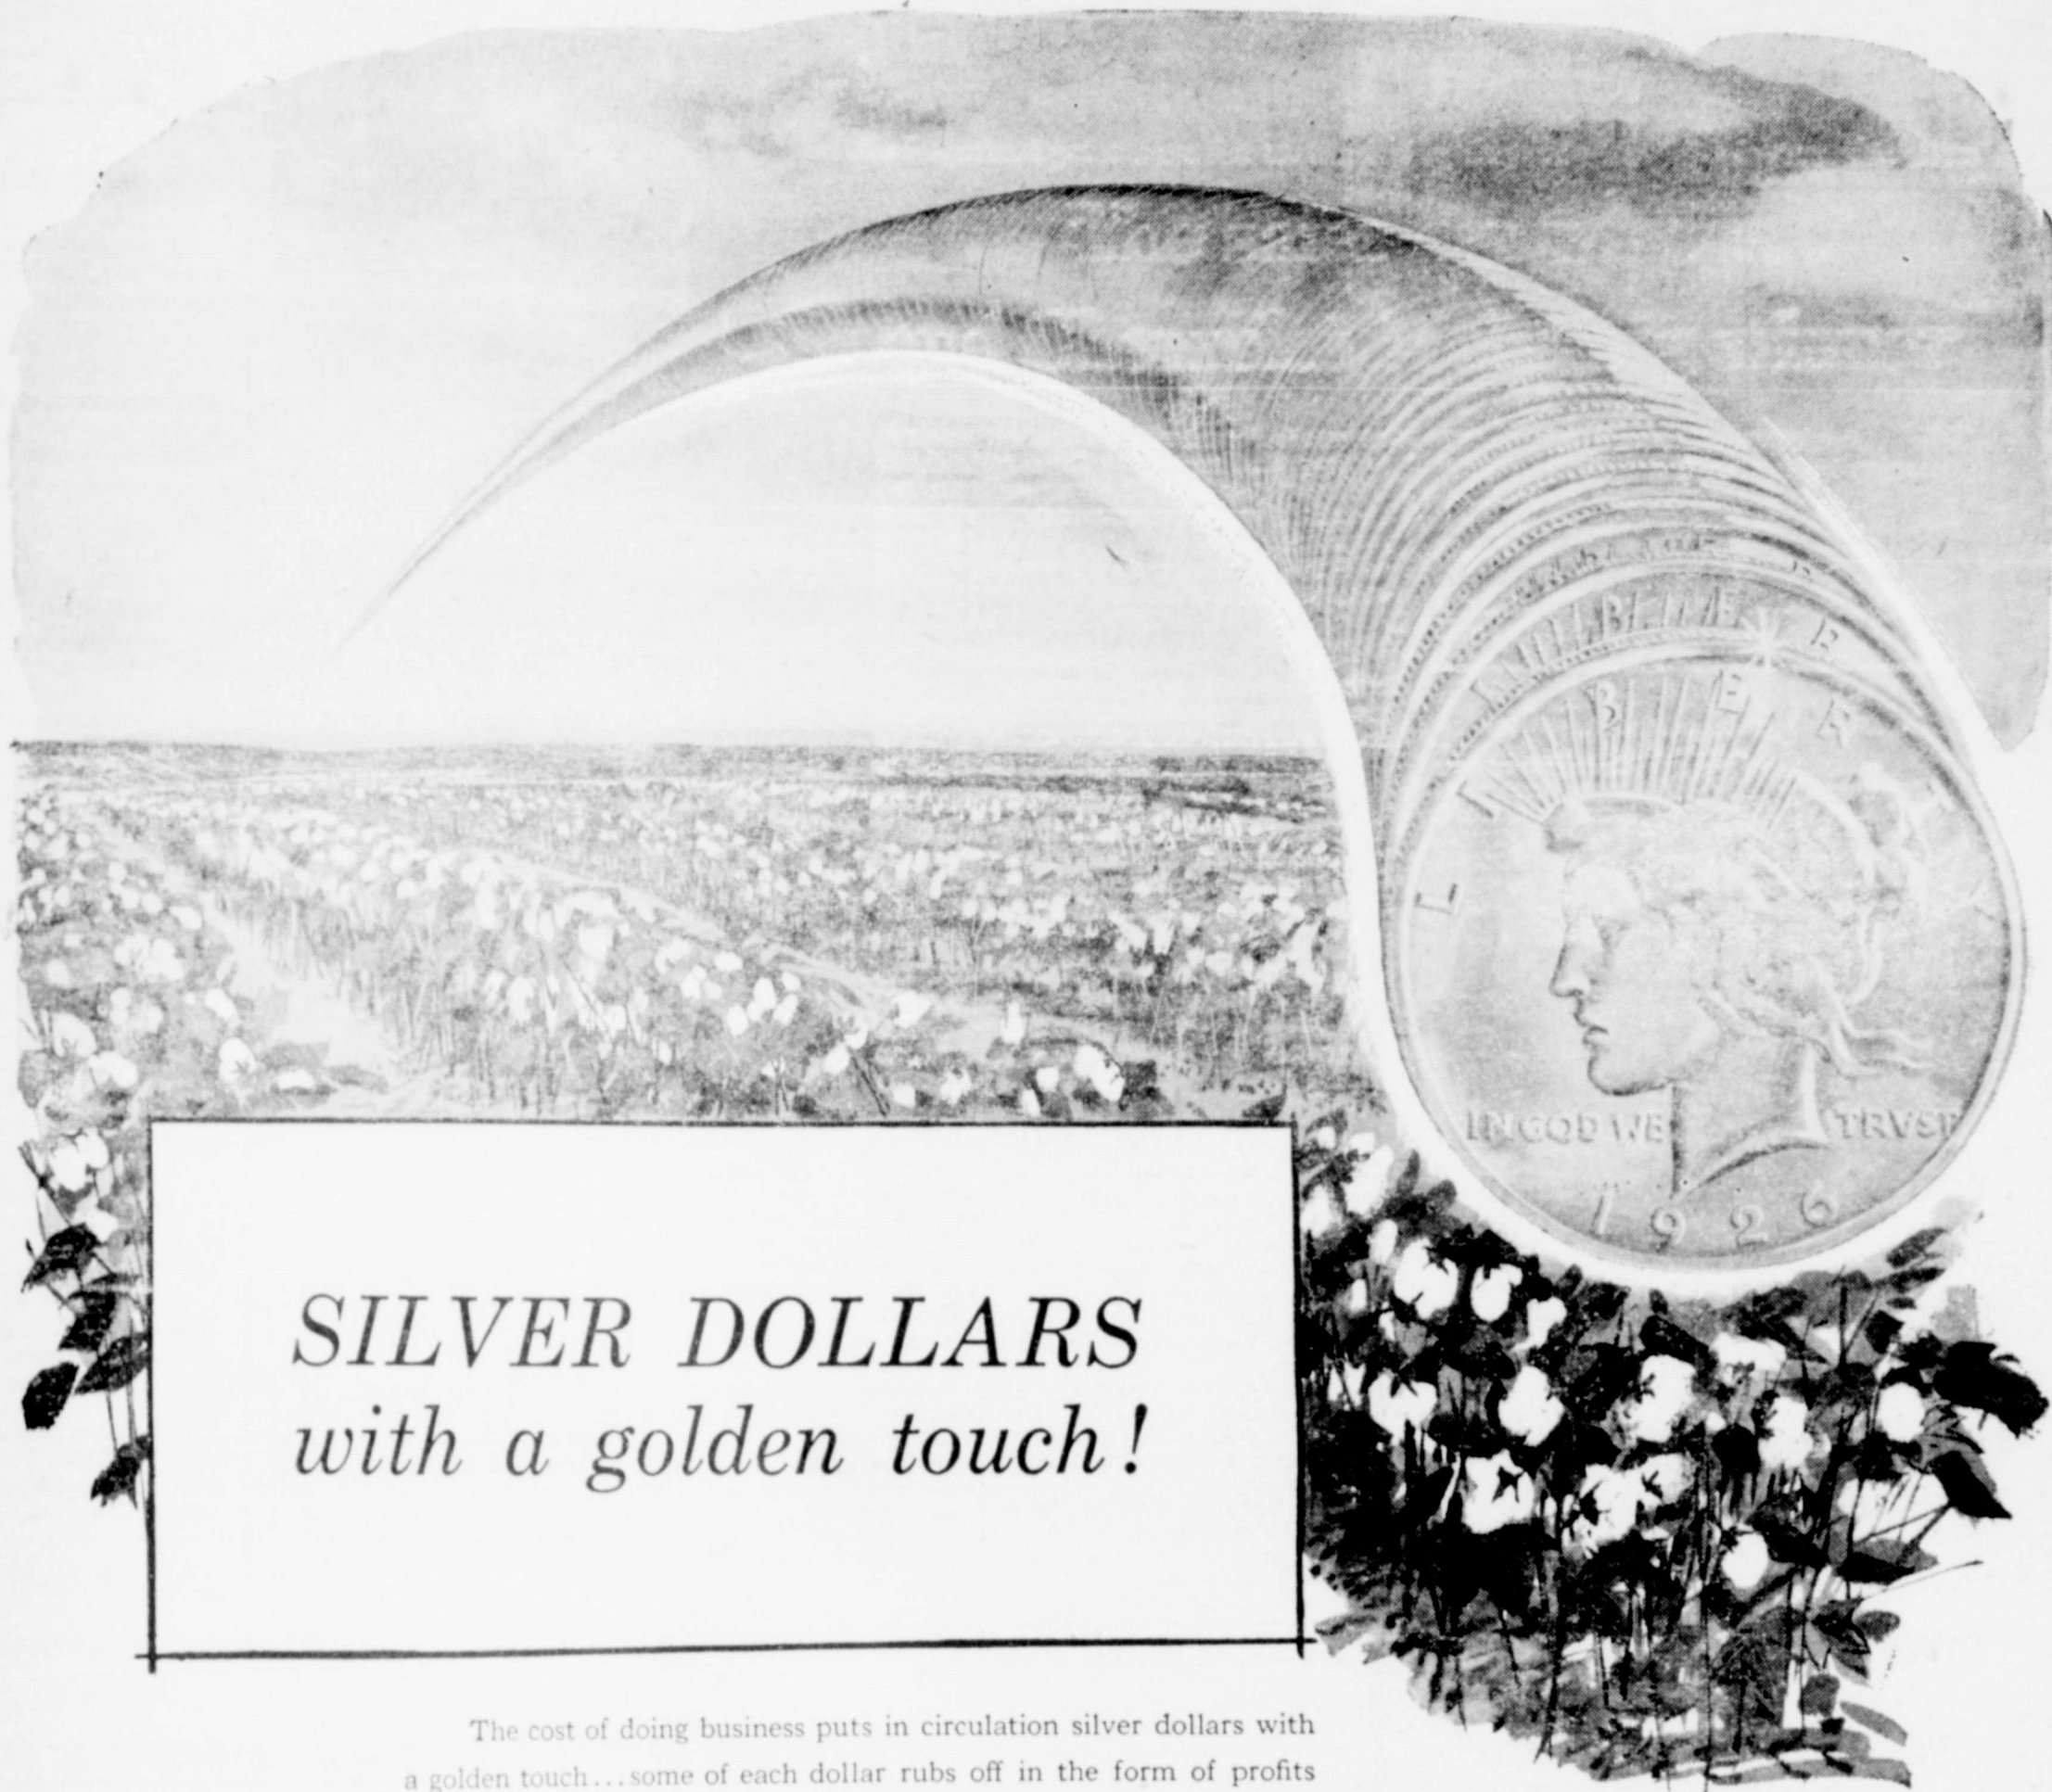

THE LOCKNEY BEACON, LOCKNEY, TEXAS, OCT. 6, 1955

Where a claim for social security benefits is filed within 12 months of the time a beneficiary is first eligible, his payments can be made to him retroactively for the whole period, Mr. Hutton pointed out. But if a claim is delayed for more than 12 months, benefits for some months will be lost. He therefore urged the survivors of workers who died between June 1940 and September 1950 to get in touch with their

nearest social security office before October 1, 1955. Qualified claimants who apply before that date can be paid benefits back to September 1954.

## SILVER DOLLARS with a golden touch!

The cost of doing business puts in circulation silver dollars with a golden touch...some of each dollar rubs off in the form of profits on everybody whom it touches.

During the 1954-55 cotton crop year, Western Cottonoil Co. put almost 20-million of those cost-of-doing-business dollars into circulation on the Plains—\$19,266,175.11, to be exact. Here's where they went...

PAID	to Plains Farmers — We paid this amount for cotton, cottonseed, grain — products of the Plains. <b>\$16,455,840.93</b>
PAID	to our Plains Employees — Salaries and Wages — direct income to the Paymaster "family" that spends its money at home. <b>\$1,693,206.61</b>
PAID	to Suppliers of Goods and Services — This bought gas, electricity, water, gasoline, oil, tires, printing, equipment, cars and trucks, farm machinery; it paid interest on local capital. <b>\$984,258.71</b>
PAID	in Community Services — This paid taxes to our local schools, cities and counties on the Plains; it supported 4H, FFA, and other agricultural education projects and community affairs; it furthered research to strengthen our total farm economy. <b>\$132,868.86</b>
<b>TOTAL PAID — \$19,266,175.11</b>	

As a citizen of this community, you may recognize some of these dollars as direct income. But directly paid or not, by the inevitable chain reaction of business, these dollars found their way into your pocket.

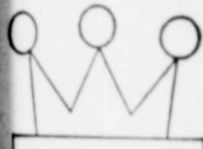

The farmers and ginners who do business with Western Cottonoil, the hundreds of folks on our payroll, spend most of their money at home. This keeps business brisk — at the bank...the grocery...the service station...the barber's and beauty shop...the drug store. It buys new refrigerators, washers and dryers, cars and TV sets for homes on the Plains.

The business health of a community is contagious, and as your neighbors prosper, so do you.

Thus, our silver dollars have a golden touch. Because, whether you're a farmer, a business or professional man, a school teacher or a housewife... whether you own your own business or work for wages, your business is better, your job more secure, your community more prosperous because our cost-of-doing-business dollars touch everybody on the Plains.

#### Freshman Class Meeting Held

On Tuesday, September 27th the freshman class had a meeting to select a class song, a motto and our colors and flower. For our song we decided on the same one we had last year which was "Our Best To You." The motto selected was "Success Comes In Cans, not In Cans." Our colors are silver and blue, and the flower is a rose.

We chose Mrs. Edgar Hays, Mrs. Clark Harris, Mrs. Leslie Ferguson and Mrs. Chester Mitchell class sponsors.

### Completion Of New Library System Near

The Lockney High School Library has received two hundred new books. Of these, sixty are biographies of presidents, doctors, scientists, famous Indian chiefs etc. The remaining one hundred forty are fiction, consisting of today's best sellers by popular authors. A new card catalogue which will fill two new filing cabinets is being prepared.

Our reference shelves contain five sets of the latest edition encyclopedias. These are available at any time, but especially during library and study hall periods.

Our library will be ready for service within the next week. A complete staff of student assistants are now working with Mrs. Ingram on the completion of our new library system. We shall check out books for a week at a time with the privilege of one renewal. A charge of five cents per day will be made on all books overdue. If a book is lost the pupil will be expected to pay for its replacement.

We feel that we now have one of the best high school libraries in this area and we

### CHIT — CHAT

Now we really think that Denise C. and Laboma make a cute couple.

Could it be Cleon's absence from school Monday was due to the fact that Betty June J. went to the fair, or do you reckon maybe that he accompanied her?

Bobby B's apparent enjoyment of Nellie Neff's company Sunday night was not indicative of "torch bearing."

Charles, how do you and Carolyn J. like Plainview?

Now what on earth "can the trouble be" between Billy K. and Peggy?

Ray Ford and Janis Widener were seen at the Seale Drive-In Sunday evening.

Eldora, I don't mean to be "nosy" but I am "curious" to know whom you were with Friday night?

Janney Ansley and Billy Chandler are "keeping company" these days.

Derrel W., "fess up" and tell who's that attractive girl that's been bringing you to school.

Kitty Ford, my eyes were certainly deceiving me if I didn't see you with Sonny Scott the other night.

Susie, did you and Roland have fun Saturday night?

Are we high school pupils studying for those six-weeks exams?

On Friday the 13th pictures were taken at high school. The girls powdered and primed as usual, while the "old joke" of camera-braking went around.

Well, Bobby B. just who is that cute little girl that you have been seeing over Floyd-

Our staff is very capable and anxious to help you take advantage of these facilities. We are looking forward to seeing all the Lockney High School pupils at our window using the store of knowledge available on our shelves.

### ARE YOU BEARING FRUIT?

"I am the vine, ye are the branches; He that abideth in me, and I in him, the same beareth much fruit; but he that is cut off from me, he can do nothing" (John 15:5).

There is a popular misconception of this statement of Jesus which holds that the "branches" are different denominations or churches. If you will read the chapter you will see that this could not be. In speaking directly to his individual disciples, He said: "If ye abide in me, and my words abide in you, whatsoever ye will and it shall be done unto you."

The Bible does not teach that Jesus established a religious corporation with a self-perpetuating board of directors which control the dividends of God's grace. The church which Jesus established on the day of Pentecost was undenominational. It was and is a living organism, not primarily an organization. Jesus was life-giving vine and each individual disciple was to be "grafted" into Christ and had to abide in him to bear fruit (Gal. 3:27). To put it another way Jesus is the Father of the living body, which is the church (Eph. 5:21).

In New Testament times and today everyone who completely surrenders to Christ in trusting obedience to his commands is saved of all past sins by the blood of Christ and is added by the Lord to the spiritual body of Christ, the church (Acts 2:38-47). If he continues to abide in Christ then Christ abides in him and he bears fruit to God's glory. If he does not abide in Christ, "he is cast forth as a branch, and is withered." We abide in Christ by keeping his commandments. "I keep my commandments, ye shall abide in me, and my love shall abide in you; my Father's love shall be in you, and you shall abide in his love" (John 15:10).

With your Bible as your guide you can come directly to God through Christ by obeying the gospel of Christ. No man or corporate body of men, religious otherwise can dispense or withhold God's blessing. It is up to you to be born again by believing on Jesus Christ as God's Son, repenting of your sins, confessing your faith in Christ and being baptized "into Christ" for the remission of sins (Rom. 6:4).

Then the Lord adds you to the church, his spiritual body, and you become a living vine to bear fruit. You receive your life-giving strength from the living Christ who abides in you through his word. If you do not continue to abide in him you "can do nothing." If you abide in him you will bear much fruit to God's glory. Are you bearing fruit?—Selected.
