**Dutch Lassie
Is Adopted By
Providence Pair**

Mr. and Mrs. R. N. (Bob) Payne arrived home late Monday with their newly adopted daughter, little 20-months-old Kathleen Ann, who was flown to New York from her former home in Amsterdam, Holland.

Kathy Ann is the first child from Holland to be adopted through the International cooperation agencies, and her arrival in New York was cause for considerable turnout of reporters and other interested persons, along with Mr. and Mrs. Payne.

The Paynes made the trip to St. Louis, Missouri by car and flew to New York where they met their new daughter at Idlewild International Airport on January 30. The little girl was accompanied by a stewardess on the transoceanic trip which climaxed ten months of red-tape cutting by the Paynes in an effort to adopt the charming Dutch lassie. Before her adoption by the Paynes the little girl was named Elfrede and made her home with foster parents in Amsterdam who were looking for a good home in the United States for the child. The transaction was made through recognized adoption agencies in the United States and Holland and the personal assistance of Senator Lyndon Johnson and Congressman George Mahon who were instrumental in securing a visa for the little girl.

Mr. Payne is a farmer in Providence community where he owns a half section of land. Mr. and Mrs. Payne have been married 10 years and have no other children. They had been trying for several years to adopt a child. They received a real thrill when they were greeted with a warm smile and a "Da," Dutch expression for "Hi," from their new daughter, whom they have renamed Kathleen Ann Payne. She is fair complexioned, has golden brown hair, bright blue eyes and rosy cheeks. She speaks a few words, all in Dutch and already calls her new parents mama and papa.

Enroute home the Paynes flew from New York to St. Louis and continued to Texas via car. In St. Louis they visited Mrs. Payne's mother, Mrs. Margaret Toulme and in Wichita Falls, Texas they visited Mr. Payne's brother, Mr. and Mrs. George Payne.

**Consumers Fuel
Annual Meeting
Set Wednesday**

Next Wednesday, February 15th is the date set for the annual membership meeting of Consumers Fuel Association, Lockney. The meeting will be held at 2 p.m. in the Plains Theatre here, Manager Thurman Davis said.

Items of business to come before the members will be the auditor's report and the election of two directors. The terms of Henry Schacht and Hubert Frizzell expire with this meeting.

The Association is offering a Black & Decker electric drill and stand valued at \$67.90 as an attendance prize at the meeting, Thurman said Wednesday. Each member attending the meeting may register at the door for the prize.

Officers of the Association are anxious for all members to attend this annual meeting, Thurman said.

**Ballots Mailed For
C-C Directors**

Ballots listing 16 nominees for the office of director of the Lockney Chamber of Commerce and Board of Development have been mailed to members. Manager Dick Whiteley said Tuesday. Members are to vote for eight of the 16 and return the ballots by March 1 by mail.

The officers of the Chamber will be elected from the board of directors following the tabulation of the votes soon after March 1.

The 16 nominees on the ballot include Claude Holley, Leslie Ferguson, Raymond Rhodes, Horton Howell, Kelton Shaw, Claude Brown, R. C. Mitchell, Oliver Holmes, John Powell, Barry Barker, Dr. B. A. Simmons, Hubert Frizzell, Charles Baxter, Jerry Paul Cooper, M. L. Brewster, Ike Johnson.

**95.7% Of Taxes
Paid By Feb. 1**

Floyd County people are paying their taxes despite the poor crop year of 1955, according to a report from the office of County Tax Collector T. T. Hamilton. His records show that 95.7% of assessed taxes were paid before February 1st of this year. On the same date in 1955 only 94.34% of the assessed taxes had been paid.

Mr. Hamilton said that a total of \$286,861.59 in current state and county taxes was paid during the tax collections month, October through January. By months this money had been paid with 107 exemptions issued for a total voting strength of 3349. However, citizens of the county over 65 are not included in either of these totals and their vote usually runs 10% to 15% of the total, Mr. Hamilton said. Thus Floyd County has a potential voting strength of some 3750.

Polls Up Slightly
A final check up on the number of polls paid in the county showed a slight increase over the total reported to The Beacon last week. Mr. Hamilton said that 3242 polls had been paid with 107 exemptions issued for a total voting strength of 3349. However, citizens of the county over 65 are not included in either of these totals and their vote usually runs 10% to 15% of the total, Mr. Hamilton said. Thus Floyd County has a potential voting strength of some 3750.

**Sweetheart Banquet
Honoring HS Seniors
Set By Baptist WMS**

The Sweetheart banquet honoring members of Lockney High School and their sponsors will be held Thursday night (tonight) at 7:30 as scheduled by members of the Baptist Ministry Society.

Elaborate plans have been made for the annual event which has proved to be a highlight for seniors for many years. Junior Homemaking students will do the serving.

**Dick Whiteley To Be
PTA Speaker Feb. 14**

Dick Whiteley, Manager of Lockney Chamber of Commerce, will be the speaker for the Parent Teacher meeting Tuesday evening, February 14 at 7:30 in the High School Auditorium. Mr. Whiteley's subject will be "The Family Assumes Civic Obligations."

Mrs. W. C. Irons will bring the devotional and the Seventh Grade students will present a program on PTA Founders Day. Following the program a silver tea will be held with Mrs. Jimmie Hodel as chairman of arrangements. She will be assisted by Seventh Grade Mothers.

GO TO CHURCH SUNDAY.

**Principals Get
Raise, Supt.
2-Year Contract**

The Lockney school principals all were given raises effective with the 1956-1957 term of school and Supt. H. H. Nicholas was given a two-year contract in a meeting of the trustees of the Lockney school district Tuesday afternoon.

The trustees voted to raise the salary of the high school principal \$130 per year, to put the junior high principal on a 10 month basis instead of the present nine-month pay, which amounts to an increase in salary of about \$500 per year and to raise the salary of the grade school principal \$115 per year.

Contracts of Principals F. M. Smith at high school, C. H. Cheves of junior high and Mrs. Alma Dutton of grade school were all renewed for next year. Mrs. Eileen Naylor, school tax collector, and Miss Bobbye Lu Casey, school secretary were also re-employed.

Supt. H. H. Nicholas, who came to Lockney in December to "finish the term" basis, was given a two-year contract.

The trustees also decided to install an inter-communications system in the high school building. Modern Radio & TV Service of Lockney was given the job and the system will be installed within the next 10 or 15 days.

A report on the scholastic enumeration, taken in January, showed the total scholastics to be 855. This is a drop of 62 scholastics from the 1955 total of 917.

The board voted to add a supervisor to the school faculty starting with the 1956-1957 term. The school can secure this worker and his salary will be paid by the state. Supt. Nicholas pointed out. His duties will be to plan the school's testing program, build a course of study for each subject taught in the school. He will also supervise the school activity program.

The board approved the athletic budget for next year.

**MOD Passes
\$4,000 Mark**

The March of Dimes drive for Floyd County passed the \$4,000 mark this week with most communities completing their drives. The county goal was set at \$5,000.

Barry Barker, chairman for this part of the county, reported Wednesday that the total on deposit in the First National Bank here now stood at \$1551.43. This represents an increase of about \$400 over last week, and comes from Lockney and other communities in the northwest part of the country.

Floydada has \$2514.00 on deposit giving the county a total of \$4065. This represents an increase of approximately \$700 over last week's report.

The local money came from the following sources, some of which are a repetition of last week's report:

Aiken community — \$290.12.

Grade school — \$62.46.

Lockney business district — \$348.20.

Mother Goose talent show — \$133.89.

Boy Scouts — \$42.01.

Pleasant Valley community — \$97.00.

Mother's March — \$143.35.

Lone Star community — \$239.32.

Irish community — \$192.45.

Girl Scouts — \$2.63.

BARRY — \$1.00.

snow. We suppose that this
snow storm was the most ex-
tended one this country has
seen in 25 years. We know that
it beats all we have seen in the
14 years we've been here. Just
how much fell, we don't know.
We presume that the amount
ranged between the depth at
Plainview and that at Floydada.
Plainview reported 33 inches
so we hear, which would give
Lockney more than 20 inches.
The moisture, which we would
estimate to run from one to
two inches, will do what a lot
of good and may help us get
well from that last fall cotton
crop. A good wheat crop would
sure look good in this country.

THAT HEREFORD FARMER
who planted cotton with a
wheat drill may have an idea
to beat the cotton allotment
program. He planted two rows
of seed to the bed and harvested
24 bales from 10 acres that
way. He couldn't harvest it me-
chanically, however, and had
to hand pull it. He watered
some three times, some four
times and the fourth watering
paid off, he said.

WE WISH more people were
intellectually honest. A man
who wouldn't think of stealing
a dollar or deliberately lying
will take some sort of state-
ment, twist it, turn it, add to it,
infer things that weren't
intended and do everything he
can to use the statement for
his own advantage or the ad-
vantage of his cause. Take the
"brink of war" statement re-
cently attributed to Secretary
of State John Foster Dulles. In
the first place Mr. Dulles did
not make the statement. It was
written by a magazine reporter.
Probably he did tell the re-
porter that we had narrowly
averted war several times
which is more than likely cor-
rect. We think Mr. Dulles
should be complimented for his
frankness with the American
people. He has never been known
as a man who tried to cover
up or deceive the people. We're
glad that he feels the Ameri-
can people have enough intel-
ligence to understand that we
are living in a critical time. Any
one with average intelligence
must realize that in the pres-
ent world situation, we are al-
ways living under a threat of
war and sometimes bold steps
must be taken to prevent that
war. Shall we return to the
Chamberlain method of trying
to pacify our enemies or shall
we boldly stand up for our
rights and the rights of other
free nations against the agres-
sors? The whole fuss over the
so-called Dulles statement is
just an attempt to make politi-
cal hay by Dulles political
opponents and could be injur-
ious to this country. Its just
hogwash.
—oo—

BUYING POWER surveys are
sometimes deceiving. Yet they
do reveal a trend that probably
was never intended when the
survey was made. Recently a
buying power survey by coun-
ties on the South Plains was
released which should prove
interesting to local retailers. In
the survey Floyd County was
credited with 3,100 families
with an average buying power
of \$3,252 per family per year.
On the other hand Hale County
was credited with 3,300 famili-
es and average buying power
of \$3,983 per family. Lubbock
county has 29,500 families with
averaging buying power of
\$6,388 per family, so the survey
says. The survey said that
Floyd county's per family buy-
ing power was less than that of
such counties as Bailey, Dick-
ens, Gaines, Garza, Lynn, Terry
and Yoakum. We don't believe
it. What we do believe is that
more Floyd county people
spend their money in Lubbock,
Plainview and Amarillo than do
people of some of these other
counties. Naturally when Floyd
County people spend their mon-
ey at Lubbock then that coun-
ty's retail sales rise and their
per family buying power rate
goes up even though the mon-
ey came from another county.
It would be better for all of us if
merchants would make more
effort to keep trade at home
and buyers would make more
effort to spend their money at
home.

CHURCH SUNDAY

"Steadies" Caused This

From the Tulia Herald

Watching L. H. S. "steadies" greet each other morning after morning inspired one onlooker to write the following poem:

This is the time of modern things
With courting no exception
To keep abreast this modern age
One must practice good delegation.
To sacrifice a coat so fine
Sir Raleigh did quite willing;
But not today — that's not enough!
A person must go spending.
In Mother's day, a girl sat here
And across the room the other;
A "Sir Galahad" with folded hands,
And between them sat the mother.
But not today — that's not enough!
One's more contemplating.
If Mother's there, he cannot set
A scene of true relating.
Time marches slowly down the road
From one change to another
What will this modern age be like
Ten years from now—brother.

KITCHEN STRATEGY

A heart patient can avoid strain and fatigue in a work-saving kitchen. The secret is the strategic placement of appliances, equipment and food supplies, which should all be easily accessible by the homeowner when standing. In addition, work areas should be planned so that many tasks can be done while seated.

In the morning, early and bright,
I behold this magnificent sight.

A blanket — downy, light, and fine;
And patterns of various, intricate design.

Characteristic of such whirling, blinding storms.
Snowdrifts create strange shapes and forms.
Transforming unsightly objects and scenes
To ones of loveliness, beauty and dreams.

Geometric figures on glass of all kinds
Cause puzzlement and wonder of minds.
I'm filled with awe and admiration, too,
As the Master's etching on the panes, I view.

As I sit in my room, snug, "comfy" and warm
And hope no accidents cause anyone harm,
Thankfulness, serenity, and tranquility I feel
As I meditate on his handiwork, reel after reel.

Newly Weds To Live At South Plains

Mr. and Mrs. James Huckabee will make their home at South Plains following their marriage Sunday afternoon, February 5 in Floydada and a wedding trip through New Mexico. The bride is the daughter of Mr. and Mrs. Roe Jones, Floydada and the bridegroom is the son of Mr. and Mrs. A. J. Huckabee of Spur.

Rev. J. W. Knoy, pastor of the First Methodist Church in Aiken, officiated in the double-ring ceremony as the couple stood before a mantel banked with greenery and flowers in the home of the bridegroom's sister, Mrs. Noland Brand, Floydada.

The bride was attended by Miss Carolyn Collier and Carroll Fulton served the bridegroom as best man.

Mrs. Huckabee is a mid-term graduate of Floydada High School and Mr. Huckabee attended Floydada High School and served two years with the armed forces, spending 8 months in Hawaii. He is engaged in farming in South Plains community.

Party Held In Adams Home

Sue Adams and Elaine Cooper were hostesses for a slumber party in the Adams home recently.

Those attending were Patsy Anderson, Rita Sue Johnson, Nancy Nix, Linda Baxter, La-wanna Ann Taylor, Janice Hays, Debra Ferguson and the hostesses.

Melvin and Howard Cooper went to Ruidoso, New Mexico Tuesday to attend funeral services of a cousin, and to visit Fort, Texas visiting her mother, their father, J. E. Cooper. They and Mrs. Alice Baker and other relatives here this week.

Since 1910 Scouting has served over 24,500,000 boys and adult leaders.

The new Four-Year Program, "Onward for God and My Country," is launched in 1956 to help prepare America's boys to live

in today's world and to prepare them to carry their full share in the years ahead.

Boy Scout Week observances will feature rededication ceremonies to be conducted by each of the nation's 104,000 units at their meeting places on February 8, the actual birthday of Scouting in America. Demonstrations and exhibits will dramatize the purposes of the Boy Scouts of America and its rich heritage.

Floydada — Fire broke out in the home of Jim Willson Jr. here Wednesday night, burning the building to the ground with a total loss of contents.

The Willsons were not at home when the fire started about 8 p.m. The home is located a mile from Floydada just off the Silverton Highway.

Arlen Miller, Floyd County farmer, saw the house burning as he was on his way into town. By the time he notified firemen and they reached the scene over the ice-covered roads, the fire was out of control.

The house was reported to be covered by insurance.

Scouting's main purpose is to train boys in character, leadership and unselfish service.

The Boy Scout Law requires each member to do at least one Good Turn for some body every day.

R. C. Mitchell attended the Fat Stock Show in Fort Worth last week. He was accompanied on the trip by F. U. Payne who visited relatives. They left Tuesday and returned home Wednesday.

The Brands Have Trying Experience

Mr. and Mrs. L. W. Brand and children had a trying experience during the snow storm last weekend.

Mrs. Brand, an employee of Brown's Cleaners and Clothiers here received a telephone call from her husband Friday afternoon asking her to come and get him. Mr. Brand works in Happy and in the telephone conversation he failed to inform his wife he had arrived in Plainview and wanted her to pick him up there. Mrs. Brand and their three children, Ava, Thomas and Jo Ann made the trip in the snow to Happy where they were informed Mr. Brand had gone to Plainview. Four and a half miles north of Tulia the Brand car slipped off the highway into a snow bank. After an hour they were

rescued by a truck driver and taken into Tulia where they spent the night. Meanwhile Mr. Brand called again from Plainview and found that his wife had gone to Happy. He got a ride home and spent the rest of the night calling and trying to locate his family. Mrs. Brand called Deputy Sheriff Ray Hardin on Saturday morning to notify her husband of her whereabouts. On Saturday afternoon the Brands again attempted to start home, this time snow was so deep they had difficulty getting the car door open. They finally were able to reach the city limits of Tulia but here found the road impassable. A tractor pulled them on into Tulia where they remained until Sunday morning when they were able to return home. They arrived here at 11 o'clock.

In spite of their harassing experience the family suffered no

bodily harm except 5-year-old Jo Ann who received a very painful burn on one of her hands when she attempted to plug in a radio at a tourist court in Tulia Saturday, and the wires shorted out.

MOVING TO DIMMITT

Bill Birdwell, who has been employed here by Patterson Grain Co. for the past two years, has resigned to accept a similar position with a Dimmitt grain, feed and gin company. He will go to work there Monday morning. Mrs. Birdwell, teacher of the 5th grade here, is uncertain yet as to when she will go due to the housing situation. She said that she would continue in her teaching position for the present, at least.

Nara Visa Resident Named To Bank Position, Floydada

The Farmers Home Administration has broadened its lending authorities to meet the special needs of established small farmers who, due to drought and other adverse conditions, have been forced to work part-time off the farm in order to make a living for the family. Walter T. McKay, the agency's State Director announced today. The extension of credit to these small farmers, who are in need of credit primarily for farm operating expenses which cannot be obtained from their usual source of credit, together with the income from their off-farm work will permit them to continue farming and to maintain a satisfactory standard of living.

Shuman, 32, is a West Texan, having lived a number of years in Canyon and Tulia. Prior to accepting the local position, he was president of the First National Bank at Nara Visa.

Applications may be filed at the county offices of the Farmers Home Administration. The local county Farmers Home Administration Committee determines the eligibility of applicants for these loans.

Credit is also extended by the Farmers Home Administration over longer periods to finance adjustments and improvements in farming operations.

FATHER IS BURNED

Mr. and Mrs. Pat Stansell made a hazardous trip to Hobbs, N. M., Sunday to visit her father, Bill Asher, who had been seriously burned Monday of last week in an oil field accident. They found him to be resting well and improving. Mr. Asher suffered third degree burns over 70% of his legs when his clothing caught fire and fellow employees were unable to extinguish the flames quickly. Mrs. Stansell's mother was in Snyder at the time and was unable to return home because of the storm. She managed to get home Sunday. The local couple returned home Sunday.

Only Few More Weeks Of Basketball

Gene Handley

In just a few more weeks basketball season will be over.

Our team has won only two games, but they have lost some very close ones. Some games were dropped by a small one-point margin, while others were a toss-up until the finish. Our team consists of both juniors and sophomores, and we still lack a little seasoning. Next year our starting team will be older and more experienced, hence we should have a more victorious basketball season.

In the meantime, why not back our boys and girls teams in the last few games of the season?

It's got to be Good!

COLOR HARMONY

If you're about to re-decorate your kitchen and replace some of the equipment, pick a color

you'll want to live with a long time as the focal point of your scheme.

For instance, buy a range that harmonizes with at least three different color schemes, as it will still be in perfect condition even after you've re-decorated your kitchen five or six times.

Sunday morning between 9:30 and ten o'clock the party left for Lockney. The boys arrived home sleepy, almost "broke", but very happy.

Thanks to all the men who provided us means of conveyance and made the trip possible, profitable and enjoyable.

Mrs. E. J. Walker, commercial teacher in Lockney High School until her resignation last week, left Monday for her home in Amarillo after being snowbound here since last Thursday. She was at home here with Mrs. E. L. Wooburn.

In the eastern floods in 1955 Boy Scouts engaged in rescues, delivered food and good drinking water, and served as messengers for relief officials.

For saving or trying to save life, 165 Boy Scouts were honored in one year for heroism by the National Court of Honor of the organization.

Congress granted a federal charter to the Boy Scouts of America in 1916.

ONLY A GAME

This little girl is playing only a game...a childish little game called blind man's buff. Any time she wants to, she can whip off that blindfold in the twinkling of an eye.

But...suppose she couldn't? What if she were forced to keep her blindfold on forever?

There are many places in the world today where people are blindfolded, mentally and spiritually, and where they are denied one of the greatest of all freedoms...the freedom to worship as they will. We, who have that freedom, should guard and cherish it. For ours is the right to be enlightened.

If we don't go to Church, if we refuse to remove our own spiritual blindfolds, we have no one but ourselves to blame. Put on a blindfold, and see how it feels. Imagine what it would be like to wear it forever, over our eyes, our minds, our souls. Then, next Sunday, go to church—and find out what it really means to see!

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
