Grain Sorghum Producers Are Watching Price

Miss White is a graduate of Hale Center High School and is employed in the tax collector's office. Mr. Pope, a graduate of the same school, is in the land office of the highway Department.

ear that the price support on sorghums may be set as \$1.31 per hundredweight the next three years in the bill now being prepared Congress has stirred members of the Grain Sorghum Producers Association to new activity in Floyd County.

Members of the Floyd County Sorghum Producers met Thursday evening at the school auditorium here, elected officers and made plans to start a new campaign for better price supports.

Area wide association, by having representatives to Washington last year, was to raise the price support to 16 or 18 cents per hundredweight which meant thousands of dollars additional revenue for Floyd County farmers.

They hope to also influence the legislation now being prepared for new farm program.

Ewald Quebe, president of county organization, called meeting to order and then heard a talk by Frank Re, prominent Hale County farmer, who told of the benefits of the organization and that it had been able to accomplish. He also explained to the "Plainview Non-Alien Farm Plan," and the plan voted to approve the plan. It calls for no crop allotments but a layout of a percentage of cropland year and has other phases relating to basic crops and land.

Officers re-elected at the meeting were Ewald Quebe, president; Tom Porter, vice-president; R. C. Mitchell, secretary; Forrest Micklegate to the area association; John Key West, alternate.

Part of the program was read for rebroadcast over KSEL at Lubbock.

County Directors Named

so elected at the meeting two Floyd County directors of the Plains Cotton Growers Association. They were Joe and Lester Carter. The men will represent Floyd County in affairs of the area organization with headquarters at Lubbock.

ADOPTED SONS — Ronald Lee, left and Billy Ray, are the newly adopted sons of Mr. and Mrs. Ray Aston.

The Ray Astons, Childless For 18 Years, Now Have Two Sons

Mr. and Mrs. Ray Aston of the Pleasant Valley community, south of Lockney, married 18 years and childless, have just recently acquired two new sons — by adoption. The boys, ages 4 and 5, are nephews of Mr. Aston, son of his brother, Jack Aston, who died in August of last year.

Billy Ray is 5 years of age and Ronald Lee is 4. They are thrilled to be in Texas and immediately started watching for cowboys when they crossed the Texas-Oklahoma border. They also are elated with their new parents, already calling them "Daddy" and "Mamma." In fact the younger one believes the Astons are his real parents since Ray and his brother looked so much alike and he is too young to remember his father's death.

The boys were adopted by the Astons from the Lutheran Welfare Home at Des Moines, Iowa. They have been living in a foster home under the sponsorship of the Lutheran Home and the Astons went through considerable paper work and legal tangles in order to receive permission from the home to adopt the boys. They have been working on the matter for several months.

After completing the legal technicalities by mail, the Astons left Lockney January 4th and saw the two boys for the first time on January 7th. The boys had been prepared for the event and immediately began calling Mr. and Mrs. Aston "Daddy" and "Mamma." The Astons were expecting to spend a week at Des Moines getting acquainted with the boys before starting home with them but that wasn't necessary. They spent three hours with the boys the first day, kept them out all day the second day and then officials decided that they had become acquainted well enough to start for home.

The trip home was an adventure in itself, since a blizzard was on at the time and the return trip required three days. A blinding snow storm and 15 degrees below zero helped to slow them down.

While in Iowa the Astons visited with three older children, brothers and sisters to the two boys, who now make their home with an aunt, Mrs. W. K. Hulick in Indianola, Iowa.

Mrs. Aston says that the people of Iowa were very cordial and helped in every way. They were impressed with the hospitality shown them.

Grandparents of the boys are Mr. and Mrs. Jack Airthart of Blue Ridge, Texas and T. M. Airthart, also of Blue Ridge is the great grandfather.

Billy will start Mother Goose kindergarten next week.

Honored At Shower

The Aston boys were named honorees at a gift tea Tuesday evening in the J. A. Noland home in Pleasant Valley community.

The serving table was covered with white linen and centered with an attractive farm scene. Refreshments were coffee, punch and cookies.

Highlight of the evening was the opening and displaying of an array of gifts received by the elated and appreciative youngsters. Gifts included clothing, toys, gift certificates and money.

Eighty-five guests called and many others sent gifts.

Hostesses for the evening were Mmes. J. A. Noland, Burl Holt, Gail Hawthorne, John S. Cox, Hall Ferguson, Elmer Biggs, Harmon Handley, R. C. Mitchell, Chester Mitchell, C. H. Rose, Linton Pruett, Weldon Smith, Raymond Rucker, Clark Harris, Bob Muncy, Forrest Micky, Dick Taylor of Quitaque, Lindsey Graham and Benie Teaff of Floydada.

Coffee, Mothers March Benefits March Of Dimes

Further projects to benefit the annual March of Dimes drive will be a Coffee Day here Friday and the Mother's March on Pollo on Thursday evening of next week.

Lockney cafes and drug stores have all agreed to donate their coffee sales receipts for Friday of this week to the March of Dimes. Arrangements were made with the places of business this week whereby glass jars labeled "March of Dimes" will be sitting on the counters. Instead of paying the waitress for the coffee, the coffee drinkers will be asked to put their coffee money into the glass jar. Any extra donations will be appreciated by MOD officials. Co-operating in the Coffee Day will be Byrd Pharmacy, Lockney Drug Co., Plains Hotel Coffee Shop, V&J Cafe, Jack's Place and Sanchez Cafe.

The Mothers March will be held next Thursday evening. The Lockney B&PW Club is handling this drive. Mrs. June Bybee, president, is in charge of arrangements.

Barry Barker, drive chairman for the north part of Floyd County, reported this week that around \$275.00 had come in thus far on the March of Dimes here but that most communities had yet to make their drive.

From the Pleasant Valley community Mrs. Forrest Micky turned in \$149.00. The Boy Scouts turned in \$15.50 from the sale of the Blue Crutches last Saturday. They will again be out selling these Saturday of this week.

From the C. N. Townsend school the pupils have given \$67.60. Mrs. Alma Dutton reported, J. M. Williams reported a total of \$7.35 from South Plains school.

A stunt pulled off Sunday afternoon brought in some \$24.00 to the March of Dimes. The Fire Department rigged a fire up on the road directly west of town, ran the fire engine and the Carter ambulance through town and of course were followed by a large number of cars. When all the cars arrived the roads were blocked and drivers asked to donate to the March of Dimes. The Lockney Road Kings, a club of young fellows who drive cars, assisted in collecting the money.

Barry this week expressed his thanks to the Fire Department, the Road Kings, the City Police and other who helped in the stunt.

Mrs. Livesay had been feeble since suffering a stroke more than three years ago but the immediate cause of her death was a heart ailment, relatives said. She became ill Thursday and passed away Friday night. She had made her home the past three and half years with her daughter, Mrs. Grace Byars.

She was born Florida J. Harris on September 7, 1863 at Nickelville, Scott County, Virginia. She was reared there and married to John Thomas Livesay at Bristol, Tenn., on September 16, 1882. The family moved to Eldorado, Okla., about 1891 and then to Lockney in 1901. This had been her home since.

Fair Directors Make Plans For 1957

Directors of the Floyd County Fair Association, in a meeting at the Plains Hotel Coffee Shop last Thursday evening, made plans for 1957 and set another meeting for February 7th at which time they will elect five new directors replacing those whose terms expire. Going off the board will be Mrs. R. H. Tinsley, Mrs. Bob Muncy, J. H. Cooper, Jake Watson and Zant Scott.

The fair will be held at Lockney again this year as in the past two years, the board indicated. No exact date has been set as yet but the date will be set soon.

The budget was discussed and along with other plans it was decided to have fireworks on three nights of the fair instead of one. Also plans were made to re-arrange the exhibits at the fair this year to provide more equal traffic.

Further plans will be made at the meeting on February 7th.

Two Juveniles Caught Here In Stolen Car

City Officer Alton May arrested two juveniles here about 2 a. m. Sunday morning in a stolen car. The pair, a boy 15 and a girl 16 were lodged in jail at Floydada after Officer May determined that the car had been stolen. They were from Clovis, N. M.

May first noticed the car parked at the rear of Bilibrey Motor Company here, very close to the building. Investigating he found the girl in the car and she stated that she was alone and was resting. May continued to watch the car and in a short while saw it ease out of its parking place without lights and start south. Meanwhile he had inquired by radio and found the car to be stolen. He intercepted the pair, took them to Floydada and placed them in jail.

The car, a 1954 Ford 2-door, was stolen from the used car lot of Day Motor Co. at Clovis, New Mexico officers came and picked the pair up Monday morning.

Rotary Names New Officers

Leslie Ferguson will serve as president of the Lockney Rotary Club for the fiscal year beginning July 1. New officers for the club were elected at the luncheon meeting of the club last Friday.

Other officers named were Wilson Kermickie, vice-president; Jerry Cooper, secretary-treasurer; sergeant-at-arms, Le Roy Durham; directors, H. H. Nicholas, Dr. A. E. Hewitt and J. D. Copeland.

The retiring president is Lloyd Wofford. Ferguson served the club as vice-president the past year. He is a farmer living five miles north of town and has been active in community affairs.

Mrs. J. T. Livesay Passes Friday

Mrs. J. T. Livesay, one of Lockney's oldest citizens, passed away last Friday night at the Lockney General Hospital. She was 93 years of age and had lived in and near Lockney for more than 55 years.

Funeral services were held at the Carter Funeral Chapel here Sunday at 2 p. m. conducted by Rev. Goree Applewhite of Lone Star. Interment was postponed until Monday awaiting the arrival of a son from California. She was buried in the Lockney Cemetery Monday at 2 p. m. beside the grave of her husband who died in 1930.

Mrs. Livesay had been feeble since suffering a stroke more than three years ago but the immediate cause of her death was a heart ailment, relatives said. She became ill Thursday and passed away Friday night. She had made her home the past three and half years with her daughter, Mrs. Grace Byars.

She was born Florida J. Harris on September 7, 1863 at Nickelville, Scott County, Virginia. She was reared there and married to John Thomas Livesay at Bristol, Tenn., on September 16, 1882. The family moved to Eldorado, Okla., about 1891 and then to Lockney in 1901. This had been her home since.

She united with the First Baptist Church here in 1910 and was a member of the church at her death.

Mrs. Livesay was known as an unselfish person, always interested in the welfare of her children and others. She was friendly and accommodating in the spirit of the early days.

Survivors include three daughters, Mrs. S. F. Barber and Mrs. Byars of Lockney, Mrs. Edna Hart of Hart, Texas; four sons, John Livesay of Lockney, Ted of Plainview, Norman of Hereford and Leonard of San Diego, Calif. Also surviving are 24 grandchildren and 29 great-grandchildren.

Longhorns Play 2 Home Games Next Week

The Lockney Longhorns, currently tied for second place in District 2-AA with two other teams, will play two home games next week. The two games here will start the Longhorns through the second phase of the district's double round robin. Post Antelopes will play here on Tuesday night and Spur will play here on Friday night.

On Friday night of this week the Longhorns will travel to Tahoka for the final game of the first round of play. The Tahoka Bulldogs have won two games and lost three but have a good team and won a pre-season game over the Longhorns in the Floydada tournament.

Floydada Whirlwinds are currently leading the district with five wins and no losses. Tied with the Longhorns for second place, each with two losses and three wins are Slaton and Post.

The Longhorns broke even the past week dropping a close game to Abernathy Friday night and defeating the Slaton Tigers on Tuesday night on the local court.

In the game with Abernathy the Longhorns trailed most of the way but pulled up even with the Antelopes and the game ended in a 53-53 tie. In the three-minute overtime the Longhorns had a little hard luck and the Antelopes pulled ahead winning the game 59 to 54. Gene Handley made 21 points for the locals.

On Tuesday night the Longhorns led Slaton all the way, though not by a very big margin. The first quarter score was 13-11, the halftime 34 to 31, and the three quarter way it stood 49 to 46. The final score was 69 to 61. Morris Meriwether made 24 points and Gene Handley made 15 for the locals. White made 15 for Slaton.

Longhornettes Lose

The Lockney Girls team is having a hard time, having lost all their games thus far. Against Abernathy they lost 61 to 45. Nelda Widener made 39 points. Against Slaton Tuesday night they lost 64 to 45. Nelda again led the scoring with 27 points.

Freshman Win

The Freshman basketball team won second place in the Freshman tournament at Floydada the past week. They lost to the Post Freshman 29 to 28 Saturday night.

This week the Freshman boys team and the Eighth grade boys and girls teams are in a tournament at McAdoo. The Freshman have not played yet but the Eighth grade boys have lost one game while the Eighth grade girls won one and lost the second one, eliminating them from the tournament.

Farmers Union Is Organized Fri.

Temporary officers for a Floyd County Farmer's Union were named at a meeting of some 30 farmers in the County Court room at Floydada last Friday night. Bob Jarrett of Lockney was named president and Walter Collins of Floydada secretary.

A membership drive is underway and some 150 members have been signed up thus far. Bob said Wednesday.

Speaking to the group Friday night was Walter Ray, from the state headquarters at Denton. He explained that Farmers Union had always stood for 100% of parity price supports, had contended that all crops are basic and worked for the farmer in other ways.

Another county-wide meeting is scheduled for Tuesday night, February 5th in the District Court room at Floydada. All farmers and others interested in the farmers' welfare are urged and invited to attend this meeting, Bob said.

HOME FROM FLORIDA

Mrs. Vernon Daniels returned home Monday from a plane trip to Miami, Florida where she visited her daughter, Mrs. Larry Guisiani for the past three weeks.

Mrs. Olive Myers spent last weekend visiting Mr. and Mrs. Jackie Myers and family in Lubbock.

1512 Poll Taxes Paid To Wednesday

Only 1512 poll taxes have been paid in Floyd County. Tax Collector T. T. Hamilton reported Wednesday afternoon. With only a week to go to the deadline it appeared that the county would do good to have 2,000 qualified voters this year. Two years ago, another off-election year, a total of 2400 polls were paid in this county, Mr. Hamilton said.

Collection of property taxes is also slow, Mr. Hamilton said, with the deadline for payment without penalty being January 31st. Very few have paid taxes this month, he said.

I. S. Webb Dies In California

Isaac Spencer Webb, 89 years of age, died after a very short illness at the home of his daughter, Mrs. Myrtle Slaughter in Long Beach, California, about 11:20 p. m. Monday. Mr. Webb, who was a resident of Lockney until a few months ago, had been active up until his death. A heart ailment was believed the cause of death.

Definite arrangements concerning the funeral services had not been made late Wednesday. Carter Funeral Home said, but the services are tentatively set for Sunday. They will be held at the Assembly of God Church here conducted by Rev. M. H. Mosberry, former pastor, now of Iowa. The body will be shipped here by rail.

Mr. Webb was born at Benton, Polk County, Tenn., on December 9, 1868. The family moved to Texas when Mr. Webb was 3 years of age and he was reared at Ladonia, Wolfe City and Honey Grove. He was married to Josephine Crandell in 1890 at Wolfe City, the couple having been married more than 65 years at her death last May 29th.

They moved to Denton County in 1901, to Floydada in 1916 and came to Lockney in 1928. Mr. Webb went to California to make his home with his daughter last July after the death of his wife.

He was a member of the local Assembly of God Church. He was a farmer during his active lifetime.

Survivors include three sons, V. W. Webb of Fresno, Calif., H. C. Webb of Olton, and W. M. Webb of Plainview; two daughters, Mrs. Eula Hampton, Sanger, Mrs. Clara Osborn, Sacramento, Calif.; Mrs. J. R. Yearwood, Floydada; Mrs. Lola Hamrick, Wilmington, Calif.; and Mrs. Slaughter.

A second meeting for Floyd County on the Research Farm will be held tonight (Thursday) at 7:30 p. m. in the Dis-

Chest Drive Is 70% Complete

A survey Wednesday showed that the Floyd County United Chest fund drive was a little more than 70% complete despite a lack of campaign in some communities including Lockney.

Claud Holley, chairman for the north part of the county, reported a total of \$3,016.50 deposited at the First National Bank here Wednesday morning. At Floydada last week the report showed a little more than \$5,000.00 on deposit. The total of \$8,000.00 is still some \$3,000.00 shy of the goal of \$11,000.00 for the county.

Latest reports from this part of the county, according to Mr. Holley's figures were these:

- Aiken, Charlie Andrews, chairman, \$504.00.
 - Sterley, in addition to previous report, \$15.00.
 - Lone Star, in addition to previous report, \$10.00.
 - Providence, in addition to previous report, \$133.00.
 - Lockney, in addition to previous report, \$100.00.
- Very little soliciting has been done in Lockney thus far for the United Chest and some other communities are still to make their campaigns.

All things were made by Him, and without Him was not anything made that was made. —John 1:3

COME APRIL 2 when that election for a new United States Senator comes off a lot of Floyd County people are not going to be able to vote unless they rush to the tax collector's office and pay their poll tax. If you don't do it by then, not only will you be unable to vote in the United States Senator election but also you can't vote in city official and school trustee elections coming in April. Tax Collector T. T. Hamilton said last week that polls were below any recent year in this county up to that time. It appeared then that probably not 2,000 persons in this county of more than 10,000 would be qualified to vote this year if you want to have a say in the electing of officials this year, pay your poll tax soon!

THE UNITED CHEST DRIVE in Lockney has fallen flat — not because people are not willing to give but because they have not been asked to give. A week end report showed around \$1,800 in the local bank, most of that coming from surrounding communities. At Floydada the total is more than \$5,000. Much less than \$1,000 has been

donated by Lockney people. To us it seems that the United Chest is important. As we remember it the idea originated in Lockney to have a county-wide drive to provide for all these funds at one time. Those who have been asked to work should get out and get their part of the job done just as soon as possible. If we fall down on this job probably it will be the last United Chest drive in the county and we will drop back into the old rut of having six or eight different drives every year, which is foolish when you can do it in one. Let's see some action on the United Chest.

AS THE BEACON predicted some two or three weeks ago, Ralph Yarborough has announced his candidacy for the post of United States Senator vacated by Governor Price Daniel. Other candidates will include Thad Hutcherson, the Republican representative, Congressman Martin Dies, Judge Hart and several others. Mr. Yarborough, having lost four consecutive elections in a majority vote election, now probably thinks he has a better chance when only a plurality is needed. Of course Mr. Yarborough will have the support of those whose god is the Democratic Party, but we're thinking that those who think loyalty to their state and nation comes first will find a better candidate to support.

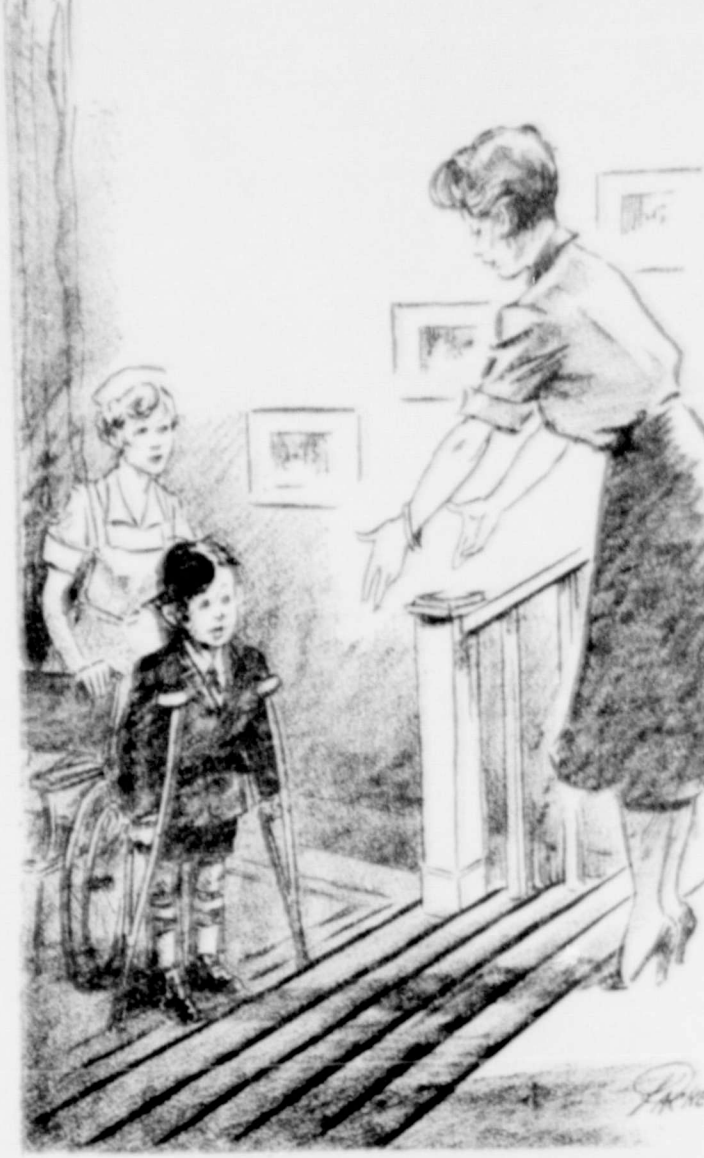

THE FOUR TOP objectives in Governor Price Daniel's legislative program can hardly be argued by anyone. Governor Daniel listed them in this order: 1. Water conservation, 2. additional highway patrolmen and other safety measures, 3. Laws to facilitate right-of-way buying for highways, 4. A crime commission to guard against misconduct in office, curb lobbying, etc. All these are very important to the State of Texas and we hope the Legislature works earnestly and seriously to produce the proper legislation on these items. It is possible that at least two of these should be passed, would affect Floyd County directly. These are water conservation and right-of-way buying. Not to mention that No. 2 item, providing for an extra radar trap between here and Plainview.

OTHER ITEMS on the new Governor's legislative program include pay raises for teachers and state employees, local decisions on school segregation, increased old age pensions, upping workmen's compensation benefits, and several others.

WE NOTE one bill already introduced would abolish absentee voting. The Representative who dropped that one in the hopper must have been beaten in a race sometime by the absentee vote.

GO TO CHURCH SUNDAY.

UNITED NATIONS
 How often do we belittle the United Nations and the things it does to make at least a co-existence possible? It may come as a shock but the delegates are not there just to spend the taxpayers' money. The UN does many things to keep peace in the world, besides just sitting in an assembly room and talking things over. For instance, in a section of India where mosquitoes that cause disease were prevalent and had brought many years of extreme poverty and death, the United Nations took a team of specialists in, cleared out swamps, sprayed houses and people, and over a few years period, killed them out. Now the Indians are able to farm the land that the mosquitoes had previously prevented them from occupying. — Standing on Corner in Lynn County News.

THE HOMETOWN NEWSPAPER
 The case of the hometown newspaper is ably presented by Ralph Keller of Minneapolis, manager of the Minnesota Editorial association with this analysis: "The spoken word hits the ear, and is gone. The tele-

vision image strikes the eye and is gone. The printed picture and the printed name linger on."
 Numerous authentic surveys throughout the United States indicate that an average of 3.5 persons read every weekly newspaper that enters every home as an invited guest. The average length of time each copy is kept around the house is two weeks. Each copy is picked up and looked over by each reader an average of three times. The average length of time each reader spends with each copy of his hometown newspaper is fifty minutes.

MARXIST TAXATION
 Editor John S. Knight of The Detroit Free Press is among those who believe that the present U. S. tax system is doing much to stifle individual initiative in this country. Pointing out that the graduated personal income tax which began at one per cent more than 40 years ago to pay the "ordinary expenses of Government," has now rocketed to the point of confiscation, he says: "Instead of taxation for revenue only," as originally intended, today's taxing system follows the teachings of Karl Marx. It is inequitable and unjust, and ultimately destructive to a capitalistic economy."
 A famous Chief Justice of the U. S. Supreme Court, John Marshall, is credited with coining the phrase, "The power to tax is the power to destroy."
 If Chief Justice Marshall were alive today, he could witness a practical demonstration of his theory. — Amarillo Daily News.

CROSS ROADS REPORT

Dear Editor:
 I see where a business research bureau analyst has let the cat out of the sack. He tells the newspapers that this 6 year drought has hurt the wheat farmers.
 It must take special talents and a tough training schedule to do where you can figure out things like that so easy.
 With this type of research going on, there is no telling what deep theory will dumbfound us newspaper readers next, such as, say, that two times two is four; or that cutting a man's throat will impedit his speech.

Items of interest from the files of The Lockney Beacon.

January 27, 1927

Lockney Chamber of Commerce banquet held in the McCallum building Tuesday night was a big success and was probably one of the best ever held here. All the program was by local men. It was suggested to adopt a slogan of "20,000 residents by 1940." A \$5,000 budget was adopted for the next year.
 Any cases of small pox are in the area and many adults and children are getting vaccinations. The cases have thus far been light however.
 The three counties on the eastern end of Lee Highway of Texas have carried the bond issues by large majorities. Another election on road bonds will be held in Motley Floyd and Hale counties and it is hoped will get in line to make a continuous paved road from the Plains to New York City.

Vets Have Until Feb. 5th To Bid

Austin. — Texas veterans were reminded Friday that they have only until Feb. 5th to submit bids on 56 tracts of land which the Veterans' Land Board has for sale.
 Land Commissioner Earl Rudder, who is chairman of the VLB, explained that — unlike normal procedure in the Veterans' Land Program — veterans are not required to obtain an application number to purchase any of these tracts.
 The lands to be sold, which are located in all sections of the state, have been forfeited by original owners who purchased the property through the Veterans' Land Program.
 Commissioner Rudder urged veterans who are interested in this sale to inquire immediately of the Veterans' Land Board in Austin for information.

Mahon Seeks Drouth Aid

Washington. — Rep. George Mahon of the 19th District has joined with several other Texas Congressmen and senators in introducing legislation in the new session of Congress designed to bring early assistance to the drought-stricken areas of Texas and the Southwest.
 The proposal as worked out and presented was termed a "two-fold approach to the drought problem."
 The bill was described on the floor of the House by Rep. Bob Poage of Waco, chairman of the House Committee on Agriculture, as calling for immediate assistance to farmers and ranchers in the wide area of Texas and the Southwest who are in desperate need of help.
 Mahon and Poage pointed out that the prime purpose of the bill would require the Department of Agriculture to make payments to land owners who will agree to defer the use of their depleted pasture lands for periods of not less than 12 months. The program would become effective immediately and would continue over a period of three years after the drought is broken.
 The Congressman explained that the present crisis "could well become a permanent condition unless steps were taken to give the parched pasture land a chance to recover."
 Another feature of the bill would instruct the Secretary of Agriculture to assist in providing protein feed concentrates such as cottonseed cake. Members of the group said they felt the cake was needed immediately to maintain the range herds of the Southwest and that type program would be cheaper and more effective than the hay or grain feeding program now being carried out.
 "This bill would enable the stricken areas to take the steps which they know to be sound from a conservation standpoint but which they cannot afford to take in the absence of some Government program," the lawmakers explained.

CROSS ROADS REPORT

Dear Editor:
 I note that hardly any foreign country seems satisfied with the way we are taking care of our obligation to furnish them with spending money.
 And I guess when you are in the business of helping others, you ought to try to give satisfactory service, same as if you're in, say, the dry goods business.
 It's sort of like a hitch-hiker told my Good Samaritan neighbor one time, that a man who didn't have a radio in his car just wasn't very well fixed up to give anybody a ride.

Good Progress On Highway 70

The annual meeting of the Texas Highway 70 Association which had been scheduled last week at Plainview, was postponed to a later date to be announced.
 Report on the progress of plans for promoting Highway 70 travel this year, given out by L. L. Schur, of Vernon, Texas, Highway 70 Association secretary, indicate an encouraging increase of travel on the route for 1957 is anticipated.
 Schur says an outstanding program of advertising has set up for the new year. Says Schur:
 Twenty Scotch-light bill boards have already been completed and locations are being spotted. These signs will bring more people down Highway 70. Folders are being printed and they will be given out to members to distribute. Folders are already in the hands of all major oil company travel agencies. Other travel agencies that map routes have also received these folders.
 A much larger membership for 1957 is being anticipated, and an increase of travel on Highway 70 has been reported. 1956 saw a sharp increase over 1955.
 Schur promises that the magnetic personality of Chas. Hassing, National Highway 70 Association president, of Hugo, Okla., will be much in evidence at the Texas meeting when the new date is set.
 One of the most promising results of the association's efforts in the past five years has been the successful efforts to close unpaired "gaps" in Oklahoma, which have been discouraging in prior years. Oklahoma's new highway commissioner, Judge J. I. Goins, has been a strong influence in getting travel improved through the State of Oklahoma.
 Discouraging aspects in Texas have been failures to get approval for wider construction, urged by the State Highway Commission, through Texas counties, notably Floyd County.

classes will be held at 8 a. m. Friday, Feb. 1.
 Wednesday, Feb. 5, will be the last day for registration, changing or adding courses and payment of fees.
 Registrar W. P. Clement said more than 6,700 students already have pre-registered for the Semester.

Chevrolet shows you some important differences in low-priced cars just by

the look on its face!

Wouldn't you say that most of the '57 cars look good from 50 feet away, but what about from 50 inches away?

What does a close-up of the grille tell you, for example? Is it solidly made like the new Chevrolet grille? Or, in comparison does it look less rich in design—feel less strong and solid? Compare the quality and construction of the bumpers and headlights, the fit of the chrome trim.

The more closely you look all around the car, the more clearly you'll see that Chevrolet has the edge in the way it's put together. You'll find, for instance, that Chevrolet is the only

car in its field with a lacquer finish... that only Chevrolet Bel Air models give you foam rubber cushions in front and rear seats as standard equipment. These are just a few of the advantages of Body by Fisher. And Chevrolet, you know, is the only low-priced car that has a Fisher Body.

We'll be glad to give you a close-up, comparative look at this new Chevy any time you care to come in. This week, maybe?

La Ventana Club Hears Speaker From Bagdad

Mrs. Casey Fite of Lubbock, who has returned from a two-year stay in Bagdad, Iraq, was guest speaker at a luncheon and President's Day program at La Ventana Study Club Tuesday in the new home of Mrs. Clyde Baxter, club president. Fall berries and foliage were used at vantage points throughout the entertaining rooms. Mrs. Ruby Morrill assisted Mrs. Baxter as hostess.

Following a covered dish luncheon at 11:45 Mrs. Baxter introduced the speaker. Mrs. Fite had accompanied her husband, a livestock specialist of the faculty of Texas Tech, on a government assignment which took them to Iraq. During their two-year stay in Bagdad the Fites learned many interesting facts about the country and its people who seem to have a very high esteem of the United States. Their work there was connected with a rehabilitation agricultural program. The eloquence of Mrs. Fite's speech was enhanced by her striking personality, club members re-

marked. Main topic of Mrs. Fite's talk was "Women of Bagdad."

After roll call, answered with "an enunciation" Mrs. Cloyce King gave Federation News and current thoughts were expressed by each member. Sunshine friends were revealed, new names drawn, and gifts exchanged.

New officers elected for the ensuing year are president, Mrs. Raymond Teeple; 1st vice president, Mrs. Cloyce King; 2nd vice president, Mrs. Joe Foster; secretary-treasurer, Mrs. Bryan Smith; parliamentarian, Mrs. Albert King; federation counselor, Mrs. Herman Huffman; reporter, Mrs. Ruby Merrick. These officers will be installed May 28.

Attending the meeting were Mrs. Ruby Merrick, M. S. Johnson, Albert King, Cloyce King, Bailey Henderson, Bryan Smith, W. D. Nance, Joe Foster, J. L. Lovvorn, J. T. Griffith, Hubert Frizzell, Raymond Teeple, Robert Smith, Herman Huffman, H. G. Hodges and the hostesses, Baxter and Merrick. Out-of-town guests were Mrs. Bobby Baxter, her mother, Mrs. F. R. Priddy, and the guest speaker, all of Lubbock.

Shower Honors Recent Bride

A miscellaneous shower honoring Mrs. R. L. Ammons, nee Virginia Sammann, was given Tuesday, January 22, in the home of Mrs. R. C. Matthews. Calling hours were from 2:30 until 5 p. m.

The bride's chosen colors of green, yellow and gold were carried out in decorations in the entertaining rooms. The dining table laid with white lace over green was centered with yellow mums in a gold bowl flanked by tall gold tapers in crystal candelabra. At one end of the table a miniature bride and groom stood inside a yellow sat in heart. At the other end was a gold rimmed antique china tea service from which Mrs. Cecil Boedeker served hot spiced tea with cookies.

Mrs. Jack Faver registered the guests who were met at the door by Mrs. Matthews and presented to the honoree and her mother, Mrs. Albert Sammann.

Approximately 60 guests called or sent gifts.

Hostesses for the delightful occasion were Mrs. R. C. Matthews, M. C. Scheele, Jack Faver, Leo Boedeker, Cecil Boedeker, Harold McLaughlin, Don McLaughlin, Royce Carthel, and Weldon Smith.

Women who retain their maiden names after marriage are called Lucy Stoners.

Men, more than women, are afflicted with color blindness.

Wedding Shower Given Thursday Honors Edna Morris

The home of Mrs. Oliver Holmes was the scene for a wedding shower honoring Miss Edna Mae Morris Tuesday afternoon. The honoree is the bride-elect of Billy Wayne Evans of Halfway.

Mrs. Holmes met the guests and presented them to the honoree, her mother, Mrs. A. D. Morris and Mrs. Joe Evans of Halfway, mother of the prospective bridegroom.

Mrs. Eddie Holcomb secured names for the register and in the gift room were Mrs. Olive Myers and Mrs. Buck Sams.

Covered with yellow linen the table was centered with a miniature bride and groom standing beneath a heart-shaped arch covered in brown satin and holding tiny wedding bells.

Extending from the centerpiece were brown satin streamers lettered in gold with the names of the betrothed pair. A silver tea service completed the table appointments. Presiding at the table were Mrs. Don Bennett, Harold Duvall and Clark Harris.

Out-of-town guests were Mrs. Joe Evans, Halfway, Mrs. Bill McGary, Petersburg and Mrs. Claud Doss, Hale Center.

Approximately 54 registered or sent gifts. Gifts were received from Dallas, Hale Center, Plainview, Floydada, Petersburg, Lubbock, Halfway and Lockney.

Pre-School Tots To Present Annual Talent Variety Show

The second annual pre-school Talent Variety Show sponsored by the Mother Goose School will be held Friday, February 1 at the high school auditorium.

A variety of talent will be displayed by children under school age who enter their names with Mrs. J. D. Wood kindergarten teacher, by January 25. Mothers of the children who wish to enter the show are asked to contact Mrs. Wood by calling 2235. No rehearsals will be held for the entire group in order that the performances may be more natural. Costumes may be worn if desired.

Highlight of the evenings entertainment will be the coronation of Polio Princess of 1957, 5-year-old Brenda Ann, daughter of Mr. and Mrs. Bill Wisdom who contracted polio at the age of 9 months. Although her life has thus far been spent on crutches, Brenda always wears the biggest and sweetest smile one could ever hope to see. She will be crowned by last year's princess, 4-year-old Bridget Ann Wood, another polio victim, daughter of Mr. and Mrs. Blake Wood, Plainview. Thanks to a series of successful operations sponsored by the March of Dimes, Bridget usually does not wear

crutches now. Mrs. Wood says this program which benefits the March of Dimes is sort of a memorial to Bridget Ann's grandmother, a lifelong friend of Mrs. Wood's family, who passed away in 1954 of polio. She was only 41 years old.

Mrs. Wood asks all youngsters who have had polio contact her so they may act as Royal Escorts in the coronation.

Mrs. Jimmy Hodel is general chairman of program arrangements. Mrs. Wood, assisted by 5-year-old Pat Jester, will be emcee. Elaine Cooper will be pianist. Children who have musical numbers may contact

her at 2201 in the evening. Approximately \$120 was raised in a silver offering in last year's talent show for benefit of the fight against polio.

It will also save you fuel. See us today if you are interested.

CAR MAT TRAPS MUD, CRUMBS Whether you belong to a car pool or just take family jaunts, a rubber floor mat will keep the car cleaner. Held firmly in place by a fabric backing, the diamond-design top traps mud and crumbs. It's quick and easy to wipe clean with a sponge dipped into hot sudsy water. After every week or so of muddy or slushy weather, slip the mat out of the car into a tub of hot soap or detergent suds for a real cleansing job.

H. D. Clubs Plan Year's Work

The program of work for 1957 was planned at the first regular meeting of the year for the Floyd County Home Demonstration Council as chairmen of each standing committee read recommendations.

The meeting was held Saturday, January 19 in the council room at the court house at 2:30 p. m. The chairman, Mrs. Grigsby Milton presided.

The demonstration is to be in the Texas Tech Home Economics Dept. Room 105 February 11 at 2:30 p. m. Anyone wishing to go should notify Mrs. Brummett in time for her to send all names to the district office by February 7.

THEY'RE GOING TO STICK A NEEDLE IN ME

Yes, Sonny, we do it all the time! Mommie holds you in her lap. And that nice, friendly doctor gets the needle ready. Then . . . OUCH! And there's one less disease for you to worry about.

If only it were that easy to protect you from some of the other diseases that infest the world . . . the plagues that eat away man's moral and spiritual fibre.

But religion can't be injected with a needle! So it requires wise parents, and Christian homes, and worshipping families, and vigorous churches to get you ready for a noble, happy life.

Better take it up Sunday with your folks: ISN'T IT TIME FOR ALL OF US TO GO TO CHURCH?

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

STORY NO. 5

Duval Methods Closely Parallel Repression in Hitler's Germany

By—FRANZ ROSENWALD

SAN DIEGO, TEX.—The Parr family, ruling dynasty in the malodorous Duchy of Duval, was in the boss business long before Adolph Hitler was ever heard of in his native Germany.

Hitler was painting bad picture postcards and living in a Vienna flophouse while Tsar Parr was running things high, wide and handsome in this sun-seared section of Texas.

As a German, and reputedly a bit of an expert on dictatorships (I've seen the Red kind and the Brown, or Hitler, kind), I've been asked to look at Duval from that point of view. I saw and I shuddered. Duval was too much like home.

Let anyone consider a Hitler Germany-Parr Duval comparison as an invidious one, remember that I'm making no such comparison. I don't have to. History beat me to it.

Let's look at a curious, and disquieting, situation in Germany at this moment. Then we'll look at an interesting incident just a few months ago in the Grand Jury room in the Duval County Courthouse here in San Diego.

In West Germany "ex"-Nazis are being brought to trial on all sorts of charges harking back to the days of Hitler, war crimes, theft of public funds, graft, political murder.

A few years ago these same men were mousy, quiet, biding their time. Today they're arrogant, truculent, threatening.

In court they thunder at the judge and thunder at the jury, daring them to convict. The day is coming, and soon, they shout, "when the right" will triumph, when the hated foreigner will be thrust from the sacred soil of the Fatherland. On that day true Germans will know what to do. They'll punish the enemies within and the enemies without.

This courtroom strategy is working like a charm. The frightened jurors are acquitting the Nazi bully boys one after the other.

Now let's get back to the Grand Jury room in the Duval County Courthouse here in San Diego.

Red-headed George Berham Parr, of Duval, has been hailed before the jurors and questioning him is Sidney Chandler, assistant to Attorney General John Ben Shepperd. Chandler doesn't get very far with the Duke. Parr stands on his constitutional rights, invoking the "Fifth Amendment"—that a man may remain silent if his testimony might incriminate him or even tend to incriminate him. Then the jury adjourns and Chandler mops his brow in frustration.

"Sidney," Parr said, "I've got something to say to the jury." Chandler, curious, told him "Go right ahead."

Parr turned quietly to the jury and eyed each man in turn. He knew each man by his first name.

must be paid at least \$40 per month from the public purse before he has the right to pack a pistol.

I have talked to these men, sat with them in the Windmill Cafe, favorite haunt of Parr supporters. They eat well, dress well, have their own cars and show no signs of poverty. Yet their official pay is less than \$12.50 per week. Parr reputedly makes up the difference out of his own pocket.

I watched these men in action in Judge Laughlin's court room that hot and sleepy afternoon.

It was a job of straight, out and out intimidation of witnesses. One lone Texas Ranger, Wiley Williamson, sat near the judge's bench, keeping a wary eye on the scene.

Parr's policemen, their 45's loosely holstered, circulated about the big room, here whispering into the ear of a witness, there patting another on the back, digging playful knuckles into the ribs of yet another.

The policemen were smiling, jovial, friendly. But the witnesses weren't smiling. They had fright written all over them.

Through a Spanish interpreter the witnesses, dozens of them, were sworn in as a group. Then the questioning began, with the interpreter relaying the questions and answers. It was amazing how much the witnesses couldn't remember. Their voices were hardly audible.

They couldn't remember, for example, whether they'd ever been convicted of a crime and so lost their right to vote. Or whether they'd received pardons from the governor and so regained their civil rights. One after the other they shuffled to the stand, and one after the other they "could not remember."

My partner and I were in the courtroom for but part of one afternoon of the four day hearing. That was enough to see Parrism in action.

At the conclusion of the hearing Judge Laughlin ruled that one Parr man, Leopoldo Sepulveda, had lost his seat to Manuel Trevino. The election of Alberto Garcia was confirmed, but the anti-Parr forces now had a three to two majority on the city council. The case was immediately appealed, the Parr man keeping his seat for the time being.

Thus George Berham Parr keeps his police force.

(Note: since this article was written another election was ordered by a higher court and Parr lost control of the city government. Thus his last means of keeping his pistoleros armed was taken away. Earlier he lost control of the Commissioners Court after a months-long series of court battles with Attorney General Shepperd, and saw his old enemy Donato Serna installed as Duval County auditor after more than a year of resistance which took the case up to the Texas Supreme Court. Putting an impartial man in the county auditor's position, Shepperd explains, was the key to blocking Parr from the misuse of county funds. The San Diego city government was Parr's last ditch, from which he is now evicted.)
