SERVING THE RICH IRRIGATED SECTION OF FLOYD COUNTY

VOLUME 55

LOCKNEY, FLOYD COUNTY, TEXAS, THURSDAY, FEBRUARY 7, 1957

NUMBER 44

SOME IRRIGATED COTTON ACREAGE INTO SOIL BANK

Some of Floyd County's irrigated cotton acreage is going into the Soil Bank, according to a report from the County ASC office Wednesday. Thomas Hutchins, office manager, said that probably half of the cotton acreage assigned to the Soil Bank Monday and Tuesday of this week was irrigated land. Signing of the cotton acreage began Monday.

All cotton farmers of the county have received cards showing the amount per acre they will receive for putting their cotton acreage in the soil bank. The rate ranges from \$21.00 in the dry land area to \$68.00 per acre for the best production on irrigated land. Mr. Hutchins said that some farmers who were in the \$63.00 and \$68.00 per acre class were seriously considering the Soil Bank proposition.

Deadline for signing cotton acreage will be March 1. Mr. Hutchins said, and the limit to be assigned to the Soil Bank is 10 acres or 30 percent of the producer's acreage allotment, whichever is larger.

On Monday of this week, the first day to sign, 14 producers signed Soil Bank contracts, these representing about 200 acres of land, the office manager said. "It looks like we are going to get quite a bit of acreage, including considerable irrigated acreage into the Soil Bank," Mr. Hutchins said, "though, of course, we can't tell yet how much. We have had lots of inquiries in addition to those who have signed. We're expecting it to drag a long until a few days before the deadline and then we will probably have a rush."

Floyd County has been allotted \$1,191,600 for the cotton acreage program this year. At the county average of \$52 per acre, this could mean that 22% of the county's cotton acreage will go into the Soil Bank. The

producer is limited to 30 percent on the first sign up but if the total money allotment is not used up producers will be given another chance to sign up more acreage on a first come, first served basis later, Mr. Hutchins said.

A 15-day period for complaints is provided for. If a cotton grower believes he has justifiable grounds for having his per acre rate reconsidered, a written request showing his reasons therefor must be filed with the county committee within 15 days of the date of his notice of the maximum rate of pay established for his farm.

Cotton cannot be planted 4 rows in and 4 rows out with the four rows out counting as acreage reserve. Mr. Hutchins said. The cotton acreage, to be counted for the Soil Bank, must be in a solid block, though not necessarily one block.

The various rates of pay for Floyd County cotton acreage has been released by the ASC office as follows:

Number of Farms	Acres	Payment	Acreage
15	\$21.00	750.7	
238	26.00	8,751.5	
52	31.00	4,165.4	
53	37.00	4,962.3	
20	42.00	1,982.9	
113	47.00	8,942.6	
167	52.00	12,789.0	
229	58.00	17,157.8	
377	63.00	25,723.5	
144	68.00	12,294.7	

Measure Wheat
The ASC office will begin measuring wheat within the next few days, probably next Monday, Mr. Hutchins said.

The County ASC office is still signing up land for the Conservation Reserve for 1957 but Mr. Hutchins did not know how long his office would continue. The payment rate on this is \$11.00 per acre plus approximately 80% of the cost of seeding the grass.

THE GIRLS' SEXTET of the Wayland College International A Cappella Choir will appear on the program here February 7th when the Choir presents a program at Lockney High School Auditorium.

The girls are, back row, left to right, Gail McWilliams, Carita Jarrett, Alice Wisdom and Sylvia Aenspiger; front row, left to right, Margery Whitten and Donna Nelson.

Mrs. Paul Toliver Tues. PTA Speaker

Mrs. Paul Toliver of Plainville will be the guest speaker for a Founders Day meeting of Lockney Parent-Teacher Association Tuesday night, February 12, beginning at 7:30.

2284 Polls And Exemptions Is County Total

Floyd County citizens paid 2284 poll taxes and secured 18 exemptions up to the deadline last Thursday night, County Tax Collector T. T. Hamilton reports. This added to the probable vote of those over the age limit for paying poll taxes, estimated to be about 15% of the polls, should give the county a potential voting strength of a little more than 2600 for this year.

This total is down some from two years ago, another off election year, Mr. Hamilton said. Also down is the percentage of taxes paid up to February 1st. Mr. Hamilton said that his office collected 94.6% of the state and county taxes assessed, which is some 2% below that of last year.

296 Students Are Given Polio Vaccine Here

A total of 296 Lockney school students and teachers have been given polio vaccine by Dr. W. J. Mangold within the past two weeks. The vaccine was furnished by the state and Dr. Mangold gave his services without charge in administering the medicine. Assisting him were his nurses, Mrs. Lois Steel and Mrs. Roy Porter, the school nurse, Mrs. Elsie Peckham and a number of Parent-Teacher Association members.

About 150 of the students receiving vaccine were from the grade school and the colored school while the remainder were at high school. Most of these were receiving their second shot of vaccine although a few had their initial shots. Dr. Mangold plans to continue the project and give the students their third shot next fall, completing the vaccine program if the state will furnish the vaccine, PTA officials said. Those receiving their first shot in this program will receive their second shot within a month.

4-H Club Boys To San Antonio Livestock Show

Some 20 Floyd County 4-H Club boys along with seven adults will leave early Friday morning for San Antonio where they will attend the annual San Antonio Exposition and Livestock Show.

The group will travel in private cars leaving Curley's Cafe in Floydada early Friday and returning home Sunday.

County Fair Set For Sept. 12-14

The annual Floyd County Fair will be held at the Fair building in Lockney on September 12, 13 and 14. It was decided at a meeting of the board of directors of the Fair Association Tuesday night. Nineteen members of the board met at the Commercial Hotel in Floydada for a dinner meeting.

The date set will be just ahead of the Amarillo and Lubbock fairs and is considered a good time for the local fair.

Five new directors were selected for the fair association replacing the five whose terms expire this year. They are Mrs. Burl Holt replacing Mrs. Bob Muncy in the Muncy community; Sam Puckett replacing Jake Watson at Floydada; K. W. Cook replacing J. H. Cooper at Lockney; Juanita Tinsley replacing Mrs. E. H. Tinsley at Sterling; Chloma Williams replacing Zant Scott at Harmony. All these will serve three year terms.

Farmers Union Elects Officers

The Floyd County Farmers Union, in a meeting at the district court room in Floydada Tuesday night, elected permanent officers and set up a permanent organization for this county. Speaker of the evening was the state president, Alex Dickey of Denton.

Bob Jarrett of Lockney was named president of the organization. He had been serving as temporary president and has been active in the ground work for the organization.

PROGRAM SET FOR 9TH ANNUAL SOIL FERTILITY MEETING

R. L. Knox Sr. Has Heart Attack

R. L. Knox Sr. suffered a heart attack Saturday night and has had several lighter attacks since, members of the family said Wednesday. He is under treatment at the Lockney General Hospital and is showing some improvement.

Mr. Knox first became ill after quitting work Saturday night. He entered the hospital Monday and must remain there for at least three weeks, doctors advise. He will probably be away from his duties at the store for several weeks after that, it was said.

Principals And Coaches Given New Contracts

The board of trustees of the Lockney School District gave new contracts to all three principals and three coaches in their regular meeting Monday night.

High School Principal F. M. Smith was given a two-year contract last year and the board Monday night extended the contract a year, the same as a two year contract from the present date.

Coaches Eudy Haile, Elvin Lyon and Troy Lemley were each given one year contracts, extending from the termination of their present contracts this summer.

There was no change in salary for any of the employees, all being re-elected, at their present salaries.

The board selected a committee among its members to select a Citizens Committee to work with the school board in studying school problems and to aid the school board in reaching solutions to these problems. The committee to choose the Citizens Committee are Supt. H. H. Nicholas, and Board Members Clark Harris, Oscar Golden, Robert Lee Smith. The committee will be named soon, it was indicated.

May Buy Bonds

Bob L. Davis of Amarillo, representing Columbian Securities Corporation, met with the board and discussed the matter of buying up some of the school bonds with surplus money in the interest and sinking fund. The bonds, in the amount of \$11,000, mature in 1984 and their purchase at this time will save the school some \$7,000 in interest. The bond company is working on the matter for the school without charge. Locating the bond holders and getting their consent to sell the bonds is the work involved in the project.

Discuss Senior Trip

The board discussed the proposed trip of the 1957 Senior Class to Cuba and called a meeting of parents of the Seniors to meet Tuesday evening at the high school. Some 40 parents were present and after considerable discussion the parents voted on the matter with opinion being divided evenly as to whether the class should attempt the trip to Cuba. Supt. Nicholas said that the Board would probably make some ruling to standardize the Senior trips at a later date.

MRS. JACK MYERS ILL

Mrs. Jack Myers is recuperating in the home of her daughter, Mrs. S. R. Mudgett, 119 Ave. W., Lubbock, following a week spent in a Lubbock hospital. They will stay in the Mudgett home several months before returning to Lockney to make their home. Mr. Myers visited here Tuesday and Wednesday.

Let not your heart be troubled, ye believe in God, believe also in me — John 14:1.

WE'LL BE GLAD when Uncle Sam's post office department gets around to fixing the local post office. Admitting that the fire was something no one could foresee, yet it seems to us it has taken too long for the slow moving post office department to get around to providing new boxes and other furniture for the office. Especially is it aggravating to fail to get your mail on Sundays just because you don't happen to be there at the right time. The local post office employees have tried to be helpful and have probably worked more than they have been paid for in an effort to give better service. But it seems to us it wouldn't hurt poor Uncle Sam to provide a little money for some extra hours at the local office during the emergency period. Local people have been very patient with the post office situation but some of us are getting a little impatient. We'll be glad when the situation gets to where we can get our mail AFTER church on Sunday and we can post a letter at 6 p. m. and still get it off to the east. Maybe we ought to write to our congressman.

WHILE WE'RE fussing about something we might as well mention Liz Taylor, the famous movie star, who got married the other day. Liz may be somebody's ideal but she sure doesn't qualify with us. It was the third trip into "wedding bliss" for both her and her new husband, which, as far as we are concerned is little better than legalized prostitution. At her age, if Liz keeps up her present record she should be able to catch about 10 new husbands before she loses her sex appeal, providing she can dispose of them without too much trouble.

"YOU CAN'T EAT INTEGRATION," says Editor Davis Lee in the Newark, N. J., Telegram, a Negro newspaper. Here is what he has to say:

"This integration-segregation issue has stirred up bitterness, hatred, prejudices, and has destroyed long-standing friendships. But, strange as it may seem, fifty per cent of the Negroes are not concerned about it either way.

"The liberals, who are frothing at the mouth and shedding crocodile tears over the plight of the poor Negro in the South, will gladly give him integration but won't give him a job or provide his family with clothing or bread.

"The Southerners don't want to have integration, but they will gladly give him a job and help clothe and feed his family.

"The liberals will open their schools to Negro children, but they won't hire many Negroes as teachers. The South won't admit Negro children to its schools, but they will give the Negro his own school manned by teachers of his own race. And all of this is given to him without cost.

"There are forms of segregation that are degrading and humiliating, but to have one's own school and teachers is not one of them. Giving the Negro his own school and teachers is more in keeping with that concept of freedom, justice, and equal opportunity that the founding fathers had in mind than is an integrated system of education.

"In no section of the country does the Negro enjoy the educational, employment, and economic opportunities which he enjoys in the South.

"The labor unions are pouring thousands of dollars into this integration movement, yet Southern Negroes are working at jobs that Northern Negroes can not get, because the unions will not accept them as members. There are more Negro carpenters, bricklayers, and building contractors in North and South Carolina than there are in the 33 integrated states.

"Negroes can't eat integration. They need jobs. They need the opportunity to develop their talents — The South is the only section of the nation that offers such opportunities. If these liberals and agitators are

ADVERTISING

Advertising Week begins next Sunday, Feb. 10.

Most of us take advertising for granted. Although we may not bother to think about it, advertising is an integral part of our daily lives and indispensable to our high standard of living.

Advertising serves us in many ways — bringing us information that makes our shopping easier; keeping prices down by stimulating competition; making our jobs more secure; even supplying entertainment and amusement. Mass production and mass distribution depend upon advertising for sales.

And so during next week let us salute this dynamic force that keeps our American economy humming all year 'round. It is a positive force which benefits all. — Amarillo Daily News.

IN HIGH STYLE

The Bracero comes up out of a hole in his native country, seeking work in the fabulous rich fields of Texas. When he gets here this year he is going to have to be furnished better living conditions that most of his employers enjoy. At least,

the Negro's friends and Southern whites are his enemies, then someone needs to protect him from his friends."

the rounds. New requirements Authority in the form of Dr. M. Wharton Young of Howard University let himself be quoted as saying bald men get that way because their growing hair squeezes the layer of fat beneath the scalp and results in starvation of hair roots. On the other hand, women — now bear this out — women keep their hair "because their brains, small to start with, grow slowly." Remember now, we are quoting Dr. Young — Amarillo Daily News.

TO BE SUCCESSFUL

The Texas Outlook gives this advice: To be successful, find out where the money is and get there as quickly as you can, and when you get there get all you can get and then get out of there with all you can get out of those who are there before those who are there get out of you all that you get there after you get there. — Blis 'O Nothing in Saint Jo Tribune.

CROSS ROADS REPORT

Dear Editor:
I see where a self-starting prophet is predicting that the world will come to an end in March of this year.

My harassed neighbor says that getting advance notice of this event has lifted a heavy load off his mind.

In fact, this will solve two problems he had formerly decided couldn't be solved, to wit: what to do about his April due note at the bank, and what to get his wife for her birthday in May.

Finley-Ferguson Nuptial Vows Said At Sandhill Church

The Sandhill Baptist Church was the scene Saturday afternoon, Feb. 2, of the marriage of Miss Mary Ann Finley, daughter of Mr. and Mrs. Porter Finley of Floydada, and Ray Gene Ferguson, son of Mr. and Mrs. Rafe Ferguson of the Sandhill community.

The double ring service was read at 4 o'clock, by the Rev. E. O. Adams, pastor of the church. Altar decorations featured an arch of greenery and white mums flanked by tall baskets of white stock and palms.

Miss Thelma Ferguson, sister of the bridegroom, attended the bride as maid of honor. Bridesmaids were Miss Dennie Young and Mrs. Roger Poage. They wore identical floor length dresses of ice blue crystaletta. Their headresses were small feather hats in matching ice blue.

Jimmy Collins, of Hardin-Simmons University, Abilene, served as best man. Ushers were Ken Swanner, Lubbock, and Roger Poage, Floydada.

Escorted to the altar and given in marriage by her father, the bride was attired in a floor length gown of nylon tulle over net and satin. Designed with portrait neckline, the fitted bodice had long petal point sleeves. The voluminous skirt was fashioned of alternating full length panels of lace and tulle, over satin, and fell into a small sweep at the back.

The bride carried a white orchid bouquet on a white Bible, showered with satin streamers tied in love knots. For the wedding trip to Old Mexico, the bride traveled in a beige dress with matching duster, and red accessories, and wore a corsage of sweetheart roses. When they return the couple will make their home in the Sandhill community.

Mrs. Ferguson was a graduate of the Floydada High School at midterm. Mr. Ferguson also a Floydada High School graduate, attended Texas Tech for a semester, and is now engaged in farming.

The bride was presented by her father for marriage. She was attired in a dress of pale blue taffeta designed with a fitted bodice with Peter Pan collar. The bouffant skirt was street length. She wore a corsage of white carnations.

Mrs. Dean Wallace, sister of the bridegroom, attended the bride as matron of honor. She wore a dress of winter white taffeta featuring a portrait neckline and full street-length skirt. She wore a corsage of white carnations.

Dean Wallace attended his brother-in-law as best man.

Members of the immediate family were in attendance. Following a reception held in the parsonage the couple left for a wedding trip to Carlsbad, New Mexico. On their return they will be at home in Plainview. The bridegroom is a Lockney High School graduate and is employed with Patterson Grain Co., Lockney. PLASTIC BAGS DO THE TRICK

When the recipe calls for bread or cracker crumbs, roll them in a plastic bag. This keeps the crumbs from wandering all over your kitchen. Afterwards, dip the plastic bag into hot soap or detergent suds, rinse, and it will be sanitary enough to perform another labor-saving service for you.

"You'll never," said the caterpillar, seeing his first butterfly, "get ME up in one of those things!"

Gift Tea Honors Miss Sandra Sams

A pre-nuptial courtesy honoring Miss Sandra Lee Sams, daughter of Mr. and Mrs. Gerald Sams of Lockney, and bride-elect of Joe Richard Noland, son of Mr. and Mrs. T. R. Noland of Floydada, was given Saturday, February 2 from 3 to 5 p. m. in the home of Mrs. Bob Davis.

Guests were welcomed at the door by Mrs. Davis and presented to the honoree, her mother, the mother of the prospective bridegroom, two grandmothers of the bride-elect, Mrs. Hugh Counts, Lockney and Mrs. Ed Weiss of Plainview. Those in the receiving line wore corsages of white carnations accented with laceron and ribbon, gifts from the hostesses.

Laid with white linen, the serving table was centered with a miniature bride and groom standing before an arrow-pierced heart surrounded with aqua carnations. The bride-elect's chosen colors of white and aqua were also carried out in the refreshments of lemon punch poured from a crystal bowl, served with heart-shaped cakes iced in white topped with white bells and an aqua bow. Plate favors were mint flavored aqua colored wedding bells.

Alternating at the table and in the gift rooms were Mmes. Johnny Cline, Jimmy Heard, Cleon Wiley, James Stair, Misses Imogene Noland, Beth McLaughlin and Betty Jean Foster. Miss Betty Mae Sams presided at the guest book. Approximately 140 guests called or sent gifts.

Don't try to carry the load of financial risks against loss by fire, windstorm, theft, burglary, accidents, liability, suits, etc.

When you have a loss, you want the matter cleaned up in a jiffy, with a minimum of mental anguish to you. You want to shift the burden to broader shoulders than your own. Let us anticipate this possibility for you by writing the right America Fore policies to cover you against all such losses.

Your losses may be months or years away, but, meanwhile, insurance will give you mental peace that is worth far more than it costs you.

STORY NO. 7

Duval "Refugees" Cut Population By 43 Per Cent in Fifteen Years

By-FREDERICK HODGSON

SAN DIEGO, TEX.—In Duval County there has existed "an almost indestructible machine of theft, secrecy and terror." So states John Ben Shepperd, Attorney General of Texas.

If Shepperd be right is it any wonder that Duvalians flee to freedom through the Mesquite Curtain?

Between 1940 and 1955, inclusive, Duval County lost 43 per cent of her population.

In 1940 there were 20,565 people living in the County according to the U. S. Census.

By 1950 the population had dropped officially to 15,563.

By 1955 the population had dropped to an estimated 12,000, give or take a hundred or so either way.

This figure is based on a usually accurate barometer, on the school population which varies directly as the total population.

In 1950 there were 5,077 children attending public schools in Duval. By 1955 the number of children in school had dropped to 4,150, a loss of 927 in five years. The 1940 figure was 6,213.

All of the above figures are taken from the authoritative Texas Almanac—except the percentages.

Seven other Texas counties touch on the borders of Duval. These are Brooks, Jim Wells, Jim Wells, La Salle, Live Oak, Webb and McMullen.

All but two of these counties show population increases for the same period; the exceptions are Live Oak and tiny McMullen—and their losses are small.

In sharp contrast Brooks gained 44.5 per cent; Jim Wells, 28.3 per cent and Webb gained 22.3 per cent. These figures are for 1940-50. School population jumped in these three counties between 1950 and 1955, indicating a proportionate population gain.

Ask a Parr proponent to explain the exodus from Duval and he has a ready answer, the long drought and the trend to the big cities.

It isn't explained how the drought affects Duval more than her seven neighbors.

Nor what big cities exist in those seven counties. The only "big city" is Webb's Laredo with an estimated 59,000 people.

There can be but one answer for the Duval exodus. Too many people found life there unpleasant, unbearable, unsafe or unprofitable. So they packed up their families and vanosed.

I was sitting in a restaurant in Jourdan, the Atascosa county town, when a man came over and wanted to know what was going on at the courthouse. He thought I was a lawyer, and visiting lawyers are celebrities in Jourdan.

I told him that Judge Barrow was hearing a case having to do with Parr's 55,711-acre Dobie Ranch.

"Use'ta live in San Diego one't," the man said.

I asked him why he left the place.

"Couldn't raise my kids there proper," he said. "I got beatened up one't and we didn't want our kids to see their daddy get beatened up."

When I pulled out my note book to jot down his name the man added this: "None, None, I got a married sister still livin' there."

The list of people forced to leave Duval County for one reason or another, frightened out or ordered out, is as long as your

arm, people whose names are on the record.

Let's consider a speech by Ricardo Barton, wealthy Duval and Jim Wells rancher, former Parr stalwart and now a foe of the Machine.

It takes courage to face up to one's past and obey the dictates of conscience. Barton, over the protests of his fearful family, showed up at an anti-Parr election rally and made a speech. This, in part, is what he said:

"I've been with the Duke in stealing from the school kids... Sixteen years ago Parr ran my own brother out of the county... I could tell you a few things about an unsolved murder or two... I want you all to know the truth about the Possum (the Latins' nickname for Parr, El Tiacuache—the Possum) even if I have to go to prison for it."

The exodus is not only from Duval. People are deserting the Parr camp in droves.

Most important of the defections, of course, is the present District Judge C. Woodrow Laughlin, a former Parr man who was once unceremoniously tossed out of office by the Texas Supreme Court. Duval County Judge Dan Tobin is another. Yet another is Manuel Marroquin, now editor of the anti-Parr bilingual tabloid newspaper "New Duval."

Marroquin, the man described by Assistant Attorney General Sidney Chandler as having "more intestinal fortitude than any other man in the county," gives an interesting sidelight on the Duke of Duval—and it's by the sidelights, the little things, that we understand people. Here's Marroquin's story, taken directly from a tape recording:

"I star'd to sell milk in my store and George Parr came in. I said 'George, will you do me a favor, take a bottle of milk and go outside with it, let people see you with it?'"

"George said to me, he said 'Meme'—he always called me Meme, that's short for Manuel you know—he said 'Meme, you know I don't drink milk and he started to go out."

"I said, 'George, I know you don't drink milk, but if people see you with my milk they'll buy it from me.'"

"He said, 'Sure, Meme, give me a bottle of milk.'"

"And I said, 'I won't charge you anything.' He put the money down anyway and I said 'If you want to throw the bottle away after the people see you with it, then throw it away. Just let the people see you with my milk and they'll buy my milk.'"

"He went out of my store and held up the bottle of milk and he waved it and before he got in his car he told everybody what fine milk I had. And he waved the bottle of milk out of the window of his car after he got in his car and drove off."

"For three days everybody in San Diego buys my milk. Everybody in San Diego's drinking milk, then... Wham! Nobody at all buys my milk. I had all my milk and it went bad. I lost plenty of money. You know what that blanket blank so and so did? His pistoleros found out they could make money with milk so George gave the milk business to a deputy sheriff."

If that isn't a whimsical switch on old-style Bossism I'd like to know what it is. If the men who bossed Chicago in the days of Al Capone ever hear of it they'll be doing a dervish act in their graves. Milk!

Later Marroquin opened a tortilla bakery. Parr put... business.

Marroquin today is one of the Duval emigres. The five members of the Marroquin family have helped swell the census of neighboring Jim Wells County.

"Meme," with his Winchester always at the ready, lives just across the county line on Highway 44.

Take the case of another refugee, Jose Serna, brother of Donato Serna, now the Duval County auditor. Jose owned a cafe in San Diego and incurred the displeasure of the Boss. Here's how Donato tells the story:

"George Parr drove my brother out of the County, out of San Diego. Deputy sheriffs blocked the entrance to his place of business. They'd arrest customers who had one beer and charge them with drunken driving whether they owned automobiles or not. They didn't press any charges, just scared them so they wouldn't go in my brother's place any more."

"I went across the street with a loaded camera to take a picture for evidence and George Parr grabbed his pistol and ran across the street to me, cursing in Spanish. Tried to grab my camera. Amaya (Manuel Amaya, then deputy sheriff and now chief of police in San Diego) hit my camera with the barrel of his gun."

"Amaya said 'You're both (Donato and Jose) under arrest. Get in that car.' We got in and I said 'All right, arrest me but don't hit me.' They took us to the courthouse. George put his gun in its holster and hit me hard on the head with a five-cell flashlight. I sat down on the jailer's bunk. He was beating me up when Amaya took the flashlight away from him. Amaya put the camera on the table and they tore it to pieces. Then George told us 'Get the hell out of here.' We went."

Donato Serna stayed in Duval to fight.

In Duval these days a man either fights for Parr or fights against him. The days of "inactive subversion" are over. In Duval it's physically impossible to sit on your hands and straddle the fence at one and the same time.

I first heard that "inactive subversion" a few weeks ago in Austin as I sat and talked about Duval with John Ben Shepperd, who knows more about the county, probably, than any other person outside the immediate vicinity. Shepperd's knowledge has grown out of his early, undercover visits to Duval back in 1953, when he waited in a dark ranch house to talk with anti-Parr citizens who he said came stealing out of the bushes in the dark after parking their cars a mile away. Sometimes, he tells, they changed cars two or three times on the way to the rendezvous to keep from being followed by Parr men.

Months of this undercover investigation gave Shepperd enough information to sustain a frontal attack on the stronghold of Parr.

When the Parr dictatorship was first battered down on Duval, consolidating itself into "an almost indestructible machine of theft, secrecy and terror," the people were ignorant, miserable, exploited and politically inexperienced. Perhaps they cannot be blamed for letting themselves get caught in the coils. Today they're still miserable, still exploited and the illiteracy rate is among the very highest in the State of Texas. But they've had political experience thrust upon them.

Quien sabe? Who knows, perhaps with upsurge of real democracy in the county that catastrophic population drop will be halted, even reversed.

Thanks to men like Serna, and Marroquin, and Shepperd and many, many others, Duval may yet come into its own.

Native Of Floyd County Is Found Hanged In Home

Allan Smith, 35, a native of Floyd County and direct descendant of Uncle Hank Smith, Floyd County patriarch, was found dead in his home in the Mount Blanco community Sunday afternoon.

Justice of the Peace W. H. Nixon of Crosbyton returned a verdict of suicide. He said that Smith was found hanging by a wire in the doorway to his bedroom.

Mrs. Smith had gone to Floydada on a shopping trip and discovered the tragedy upon her return home. She could offer no reason for the apparent suicide.

Besides Mrs. Smith he is survived by three sons, Hank, Dannie and Bill of Mount Blanco and a stepson, Robert, of Fort Worth.

The body was at the King Funeral Home at Crosbyton. Funeral rites were pending.

MRS. BILL HAMMOND JR.

Newly-Weds Make Home In San Diego

Miss Oddie Maye Rogers and Bill Hammond, Jr., were married Tuesday, January 29 and left Thursday for their new home in San Diego, California where their address is 4353, Arizona St.

The Rev. Roy Johnson, pastor of the Calvary Baptist Church, Plainview, performed the double ring ceremony in the home of the bridegroom's parents, Mr. and Mrs. W. H. Hammond, north of Plainview. Parents of the bride are Mr. and Mrs. Joe O. Rogers, Lockney.

The wedding originally set for February 2, was held a week earlier when the couple both accepted employment with a bank in San Diego.

For her wedding the bride wore a street length sheath dress of beige embroidered satin, with matching accessories. She complemented her ensemble with the traditional something old and new, borrowed and blue, and wore a penny in her shoe. She carried a white Bible topped with a bouquet of white gardenias.

Mrs. Waldo Wesley of Plainview attended the bride as matron of honor. She wore a maroon suit with black accessories and a corsage of blue carnations.

Waldo Wesley attended Mr. Hammond as best man.

Mrs. Rogers, mother of the bride, chose a beige suit with beige accessories and Mrs. Hammond, mother of the bridegroom, wore a navy suit with white accessories. Both wore a carnation of blue carnations.

Others attending the ceremony were the parents of the couple, the bridegroom's brother, Donnie Hammond and the bride's sister and family, Mr. and Mrs. Donnie Bybee and children of Lockney, and Mrs. Roy Johnson.

Following the ceremony the bride's tiered cake was served with punch and coffee to relatives and friends who attended the wedding.

Nelda Cunningham Feted At Tea

Miss Nelda Gene Cunningham, bride-elect of Lawrence Auld, was named honoree at a pre-nuptial shower Saturday, Feb. 2 in the home of Mrs. Howard Cooper. Calling hours were 3 to 5 p. m.

Mrs. Cooper met the guests at the door and presented them to the honoree, her mother, Mrs. Herman Cunningham and Mrs. Mary Jeter, mother of the prospective bridegroom. The honoree and the mothers wore corsages of white carnations accented with blue. They were gifts from the hostesses.

Mrs. Leslie Ferguson secured names for the register.

The dining table was laid with white linen with blue embroidered cut-work over blue. The centerpiece was two bell-shaped cakes iced in blue and decorated in white. Each bell revealed the February 10 wedding date and the names of the betrothed couple were featured in stand-up letters. White confection bells with blue clappers, and butterflies surrounded the cakes which were backed with blue coralwood and white carnations. Tall blue tapers in double branched crystal candleabra completed the table decor. Miss Carolyn Cunningham, sister of the honoree, served blue coconut angel macaroons with hot spiced tea poured from a silver service.

Hostesses were Mmes. Thomas Marr, Leslie Ferguson, Harmon Handley, J. D. Wood, Charlie Smith, James Stair, V. H. Kellison, Hilburn Casey, Gerald Sams and Sandra, Ross Cooper, F. M. Smith, Edgar Hays, B. B. Vernon, Mack Hickerson, J. B. Seale, E. A. McLeod, Bill Hodel, Lavon Johnson, R. W. Johnson and Lanell, Henry Rowell and Lahoma, Carl Wilson and Barbara, and J. H. Cooper.

Out-of-town guests included Mmes. Tommy Auld, Alvin Cunningham, Alfred Moyer, J. T. McCay and Miss McCay, all of Plainview; Mrs. O. Z. Jeter and Dovie Auld of Paducah; Mrs. Wesley Gibbs of Delwin.

Feed Grain Prices Expected To Go Higher This Winter

College Station — Feed grain prices generally are expected to average slightly higher than last year for this winter and continue into spring, says Extension Economist John G. McHaney. Prices of oats and sorghum grain are expected to continue higher relative to corn than in 1955-56, due to smaller production of these grains and an increase in the nation's corn production.

Prices of corn and other feed grains may be lower during late spring, compared with 1955-56 levels. Crop prospects for 1957 along with Government disposal programs for surpluses will partially determine this, predicts McHaney. Total feed concentrate stocks have increased despite a 6 percent drop in feed grain acreage. McHaney says carryover stocks of concentrates will probably be boosted about 10 percent by October 1, 1957, even after supplying all domestic and export requirements. Exports are expected to continue relatively high for 1956-57, but below a year earlier because of reduced European demand and increased Canadian and Argentine supplies.

Ample supplies of feed grains is the rule for the nation, but many drought-stricken Texas farms are critically short, warns McHaney. Last year's second largest corn crop in history was produced on the smallest number of acres in over 60 years. Total corn supplies for present marketing year are 7 percent above last year.

Oat prices will get a boost from reduced carryover at the end of the current marketing year. With total supply down, imports are expected to climb above those of last year. Barley supply for the present marketing year, July 1, 1956 to June 30, 1957, is down 8 percent from last year. A 12 percent acreage drop was partially offset by a record 28.8 bushels per acre yields.

Continue heavy exports are in line for grain sorghum with a possible reduction in last year's record carryover. Smaller production and higher prices may cut down the quantity of sorghum grain fed to livestock this year. Last year's production was down noticeably due to an acreage reduction and a drop in average yields.

Price supports for these 1957 feed crops will probably be announced before harvest begins. Supports on 1956 crops will be available through January 31, 1957 and will mature April 30, 1957, for oats and barley and March 31, 1957, for sorghum grain.

Your working day — at home or in the office — will go better if you arrange to stop mid-morning for a cup of soup. If you're counting calories, make it clear, light and hot. Or if you need extra nourishment, choose a rich and creamy type.

Tots Variety Show Boosts Polio Fund

A variety talent show sponsored by Mrs. J. D. Wood and her Mother Goose kindergarten and presented by pre-school-age children Friday night at the High School Auditorium brought in a total of \$140.31 to be added to the fund to fight polio.

Dr. B. A. Simmons made a short talk on the progress of the medical fight on polio and stated that the crippling disease should be under control when vaccine is available to all ages. Rev. R. E. Wiley offered the invocation.

Forty-five youngsters took part in the performance before an appreciative audience. Included in the numbers were Winkym, Blinkym and Nod; Fairy; Sailors and their girl friends; Farmer and Seed in the Dell; Winter, Wonderland; Summer Fishing and baton twirling. Costumes ranged from formal for the very young ladies, to baseball suits, cowboy and Davy Crockett outfits for the boys.

Brenda Ann Wisdom, age 5, who suffered an attack of polio at the age of 9 months, was crowned "Polio Princess" by another polio victim, Bridget Ann Wood, age 4 of Plainview. The princess was seated on a gaily decorated throne placed beneath a rose covered arch.

Rev. H. B. Coggins gave the benediction. Mrs. Wood expresses her appreciation to all the mothers for their cooperation, Plains Floral for their contribution of flowers and arch, Wisdom Brothers for their help in hauling stage properties, and Richard Patterson and his assistants in taking the silver offering. Mrs. Wood stated she was well pleased with the performance given by the children who were the youngest ever presented by her.

The 1st Marine Aeronautic Company was stationed in the Aces during World War I, to protect American shipping from German submarines.

Durham Named President Of PPCA Saturday

Plainview. — Stockholders of the Plainview Production Credit Assn. were assured Saturday by a Houston banker that an adequate supply of money would be available to meet the credit needs of agriculture this year.

W. N. Stokes Jr. president of the Federal Intermediate Credit Bank of Houston, told 556 stockholders from an eight-county area that they need have no fears about being able to borrow enough money. But he said the cost of getting it later might exceed present rates, already at an all-time high.

Two new directors were elected at the business session. D. S. Anderson and Grady Shepard will replace Thurlio Branscum and S. J. Payne.

New officers chosen were L. R. Durham, president, Lockney; Henry Hayes, vice-president, Plainview; Clay Henry, secretary-treasurer, Plainview; W. B. Buntin, assistant secretary-treasurer, Olin Alexander, assistant secretary-treasurer, Mrs. Frances Haley, assistant treasurer and Mrs. Ruby TeMent, assistant treasurer.

Officers' financial reports credited the association with a capital of \$1,268,000 and reported loans of \$11,478,000 last year to 852 farmers and ranchers.

Others on the program were Henry Hayes, who discussed financial condition of the association, L. R. Durham, speaking on loan activity and Cecil A. Davis, membership activity.

The group met in Plainview High School with 30 per cent of stockholders present. The association has more than 1,000 members in Bailey, Briscoe, Castro, Floyd, Hale, Lamb, Parmer and Swisher counties.

Wayland College Shows Increase In All Phases

Plainview. — Wayland Baptist College's Board of Trustees chose 1957 Commencement speakers, heard reports from President A. Hoje Owen on the "State of the College" from Judson Burnett, Lovelland, on Brotherhood Hall campaign, and from Tom Parrish on a Development Clinic, among other items of business on Jan. 28. W. A. Mays, Amarillo, chairman, presided.

Charles Mathews, superintendent of Plainview Public Schools, will deliver the commencement address on May 20 and Rev. Strauss Atkinson, Canyon, the baccalaureate sermon.

Mr. Burnett, president of District 9 Brotherhood, brought an encouraging report from the Association's meeting in Lubbock which expressed eagerness to complete the campaign for funds to finish Brotherhood Hall boys' dormitory. Dr. Lee Hemphill, Littlefield, moved that construction be resumed as of March 1 to insure completion by Sept. 1. Some \$8,000 was given in the meeting toward the \$55,000 needed to complete and furnish the hall.

Dr. Owen also announced that some \$10,566.30 had been added to educational and loan funds and \$46,855.14 to the capital endowment. He also announced that two awards have been set up: "Timothy Award" for the ministerial student having highest academic rank for four years, a gift from President and Mrs. Owen; and "The Wayland Citizenship Award" from the Freedoms Foundation of Valley Forge gift of \$200 for promoting freedom and citizenship.

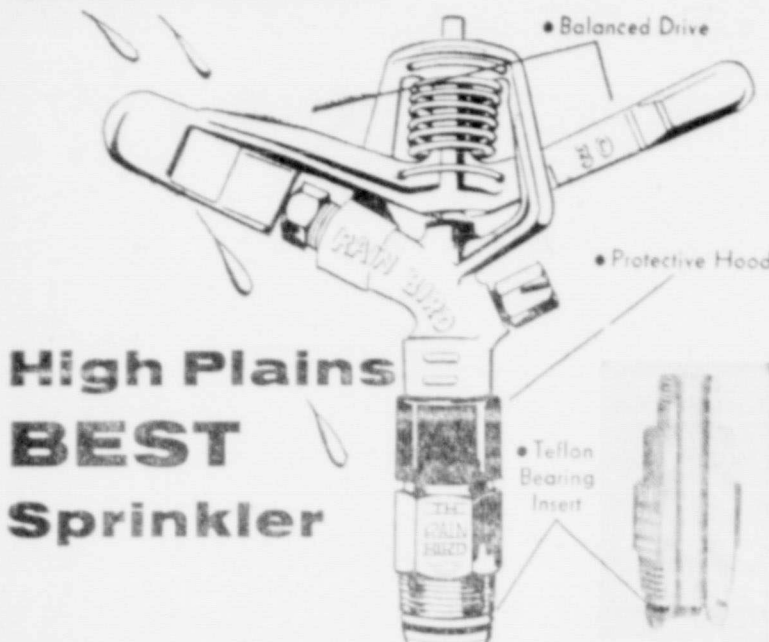

Dean Henson Harris reported an increased enrollment for 1956-57, although final figures were not available since registration extends to Feb. 14. He also reported an increased number of faculty members holding earned doctorates and the unusual accomplishment of Wayland's being admitted to both the Association of Texas Colleges and the Southern Association of Colleges within the past nine months, giving Wayland the highest accreditation available.

MR. AND MRS. BILLY CHANDLER

Janney Ansley And Billy Chandler Wed In Church Ceremony

Miss Janney Ansley became the bride of Billy Chandler in an impressive double ring ceremony performed Sunday, January 27 at 2:30 p. m. in the Methodist Church, Lockney. The bride is the daughter of Mr. and Mrs. Henry Ansley, Lockney, and the bridegroom is the son of Mr. and Mrs. Denver Chandler, Lockney.

Rev. H. B. Coggin, Methodist pastor, read the vows as the couple stood before a heart-shaped arch entwined with greenery and hung with white wedding bells tied with bridal satin. Flanking the arch were blue tapers in cathedral candelabra, and tall baskets of white gladioli and mums on satin stands. White satin bows accented the baskets. Palm trees formed the background for the altar scene. Pew markers were bows of white satin.

Mrs. C. L. Record and Miss Margie Sechrist played the organ prelude and Mrs. Record accompanied Mrs. Fritz Schach as she sang "I Love You Truly", "Always", and "The Lord's Prayer." The traditional wedding marches were used. Escorted to the altar and given marriage by her father, the bride was gowned in white lace over net and taffeta. The strapless bodice was topped with a lace jacket featuring a low neckline with a flat collar and self covered buttons at the front. The ballerina length skirt was gathered full. Her finger-tip veil of nylon tulle fell from a heart-shaped pearl tiara. She carried a bouquet of red roses showered with white satin streamers atop a white Bible.

Carrying out the traditional something old, new, borrowed and blue, the bride's earrings were old, new was her bridal attire, blue was a garter and borrowed was a Bible belonging to Sandra Sams.

Miss Cassie Morris of Plainview, was maid of honor. She wore a ballerina length dress of royal blue net over taffeta designed with short puffed sleeves and a square neckline. The bouffant skirt was accented with a cummerbund caught with three white carnations. She wore blue taffeta mits and a bandeau of white roses.

Bridesmaids were Sandra Sams and Rita Griffith. They were dressed in shades of blue designed identical to that of the maid of honor. They wore headbands of white roses and at the waistline they wore white carnations.

Evelyn Ansley, sister of the bride, was flower girl. Candelighters were Clarence

Ansley, brother of the bride and Delores Chandler, sister of the bridegroom.

Delton Jack attended as best man. Ushers were James Stair of Plainview and Ray Ford of Lockney.

Mrs. Ansley, mother of the bride, wore a charcoal dress with white and black accessories and a corsage of white carnations. Mrs. Chandler, mother of the bridegroom, chose a light blue dress with blue accessories. Her corsage was white carnations.

Reception

For a reception in fellowship hall of the church the bride's table was covered with white linen topped with blue net caught with white carnations. Centering the table was a three-tiered wedding cake topped with a miniature bride and groom. Flanking the cake were blue tapers in crystal holders. Blue punch poured from a crystal service was served with the cake. Mrs. James Stair poured and Mrs. Merlene Smith, aunt of the bride, cut the cake.

After a short wedding the couple is at home at 605 1/2 West 10th, Plainview. A 1953 graduate of Lockney High School the bridegroom is now employed with Southwestern Bell Telephone Co., Plainview. The bride attended Lockney High School and is a graduate of Isbell's University of Beauty Culture. She will be employed with a beauty shop in Plainview.

Texas High Court To Review Floyd Accident Case

Austin — The Texas Supreme Court has agreed to review a Floyd County accident case in which one driver claims a mirage may have prevented him from seeing an approaching truck.

The collision occurred on State road 236 at an intersection with a dirt road. L. A. Muse was driving a red pickup east on the paved highway when Bobby McWilliams, driving a truck south on the dirt road, attempted to cross the highway.

Muse said he assumed that McWilliams would stop at the highway and that when it became apparent that McWilliams wasn't going to heed a stop sign placed at the intersection it was too late for Muse to avoid the accident.

McWilliams testified that he stopped at the sign, looked both ways and saw no approaching vehicle, and was unaware of the pickup's approach until he heard the screech of its tires. Later, McWilliams said, he noticed a mirage on the highway at a point which could have obscured the pick-

up. Testimony at the trial in Floyd District Court by witnesses who came on the scene after the collision was that McWilliams admitted he had not stopped at the stop sign and that the accident was his fault. McWilliams said at the trial he must have made those statements during the confusion of the accident and his surprise that the pickup could have come out of "nowhere."

Relying on McWilliams' contention that Muse could have avoided the accident by driving to the other side of the highway, Dist. Judge Alton B. Chapman ruled against Muse's suit for damages.

The Amarillo Court of Civil Appeals reversed that decision, stating that McWilliams' statements at the scene constituted an admission of guilt, and remanded the case for another trial.

Muse asked the Supreme Court for a writ of error, arguing that McWilliams should not be conclusively bound by what he said at the time of the collision. The Supreme Court granted the writ and has set the case for submission March 6.

GO TO CHURCH SUNDAY.

Lockney High Adopts New P. E. Program

As a follow up program on President Eisenhower's investigating committee on the nation's physical fitness, high schools all over the country are re-vamping physical education programs. Lockney High School is no exception.

Beginning in September Lockney High School instituted a program of improved physical health and personal development through the study of recommended texts and gymnasium exercises.

Augmenting the outlined program at the school this week has been lectures from business leaders.

Monday's speakers were Mrs. Verna Newton from the Fashionette Beauty Shop and Clyde Briley from the Lockney Drug Store on grooming. Tuesday Mrs. Wynona Allison from the Personality Beauty Shop talked to the classes. Wednesday Mrs. Merle Wofford from the Orchid Beauty Shop and Mrs. Rex Jackson from the Jack & June Shop lectured. Thursday Mrs. Ted Oliver from the Oliver Jewelry will lecture.

These speakers spoke on practical and useful matter. Some brought interesting charts. Every lecture was well received by the classes. These lectures were in line with material outlined in the book being presently studied by the classes.

The Texas Education Agency has spent more time and research on the problem of physical health and the improvement of physical education programs than any other phase of school work the last few months. We can expect further change and improvement in the future, according to F. M. Smith, principal.

Alta Williams, daughter of pal of Lockney High School. Mr and Mrs. Dee Williams, is employed in Amarillo. She is a Lockney High School graduate and a former employee of Lockney Drug.

Do you bring home everything you've paid for?

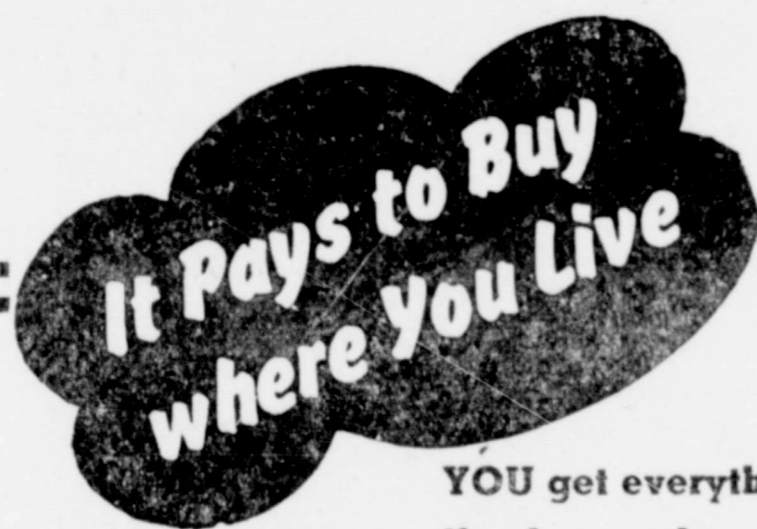

It's a good question.

Which you can answer "yes" — if you always buy from the business people right here at home. Where you live.

Wherever you buy, part of your money goes to build and to keep up the community in which you spend. To support schools, churches, civic projects, to pay the people who work in that community, and to provide better business and job opportunities for those who live there.

When you buy in YOUR OWN town, you get about the same merchandise you'd get anywhere else — PLUS the enjoyment of these other things that your money pays for.

When you buy anywhere else, you get merchandise ONLY. And your home community is a little poorer because you carried off part of its resources. And the many things other than goods that your money pays for are left for somebody else to enjoy, while they wait for you to return and give them some more.

YOU get everything that your money pays for . . . merchandise AND a trade-invigorated community to live in . . . when you buy from your home town merchants . . .

EASY-MADE GOURMET DISH

Does Sole Theridor mean a French restaurant to you? Here is a home-kitchen version: Put three or four fillets of sole in a shallow baking dish. Season with pepper. Blend 1 can condensed cream of mushroom soup with 2 tablespoons sherry and pour over fillets. Sprinkle with 1/2 cup shredded process cheese. Bake in moderate oven for 45 minutes.

GO TO CHURCH SUNDAY.

Child Pictures To Be Made Free And Published

Realizing the importance of the "citizens of tomorrow," The Beacon has made arrangements with an expert child's photographer to come here and take pictures of the children of the community without charge to the parents. The pictures taken then will be printed in The Beacon at a later date.

The photographer will be here on Thursday, February 21 from 10 a. m. until 5 p. m. Arrangements will be made so that you may make an appointment at a certain time to bring your children to be photographed.

There will be no charge to the parents and no strings to the invitation. Parents do not have to be subscribers to The Beacon to take advantage of the offer and neither are they obligated to purchase pictures after they are taken. Those who want some additional prints may obtain a limited number by arrangement with the Studio representative when they select the pose they want printed in the paper. It is entirely up to the parent.

The Beacon simply wants pictures of all the youngsters and the more the better. Parents should remember the date, Thursday, February 21, and be sure to bring their children to the photographer.

Both the kiddies and their parents will be proud to see the pictures in print so don't forget the date.

A dryer is the greatest for tumbling freshy laundered things dry and fluffy in minutes. But, if you do not have a dryer, try a 36 inch high aluminum drying rack with 40 feet of plastic lines arranged in 1-0 rows. It's lightweight, won't rust, can stand in the bathtub, where drips will do no harm, and folds flat for storing.

Future Teachers Organize Here

A temporary Future Teachers of America Organization has been set up in Lockney. High School and will be made permanent soon. When dynamite explodes, the powder of liquid changes into gaseous form, occupying 8,000 to 10,000 times as much space. This sudden expansion moves everything around it. The United States flag had 15 stripes from May 1, until April 1, 1918.
