30 TEAMS EXPECTED FOR LONGHORN RELAYS SATURDAY

Around 30 teams may be present to participate in the Second Annual Longhorn Relays to be held on the local field Saturday. Preliminaries will start at 9:30 a. m. and the finals will begin at 1:30 p. m.

Sponsored by the Lockney Chamber of Commerce, trophies will be given to teams winning first and second place and to the first place winners in the 400 yard relay and the mile relay. Ribbons will be given for the first four places in the other events. The Chamber is bearing the expenses of the meet, according to Coach Rudy Halle, the meet director.

The local field is located just north of Webster, Gin on the Lockney loop and southeast of the grade school building. If wet weather continues and the local field is too muddy the meet will be transferred to the cinder track at Texas Technological College, Lubbock, Coach Halle said.

New records are expected to be set in some of the events. Jerry Williams may set a new record in the 100 yard dash, which now stands at 10 seconds flat. Nelson Wofford, also of the Longhorn team may set a new record in the 220 yard run. Poage of Happy is expected to hit a high mark on broadjump and Estes of Olton may set a new mark on the 440 yard run. The Olton sprint relay team is also expected to make a record in that event. Williams' 9.7 mark in the 100 and Wofford's 21.5 mark in the 220 made last week at Crosbyton are some of the best yet this year in high school.

The some 300 boys who are expected will eat lunch at the grade school cafeteria and will dress at the grade school building.

Coach Halle requested that local fans park their cars at the grade school building so the grounds will not be crowded. He also requested that fans stay on the outside of the oval track, leaving the inside to the contestants.

Teams expected to be vieing for the team trophies will be Lockney, Floydada, Olton, Post and Alpine. Coach Curtis Kelley of Alpine, a former coach here, is bringing seven boys here to participate in the track meet.

Coach Elvin Lyon of Lockney will be the announcer for the meet. Starters will be Elvin Reddell, Idalou Coach, and Clarence Tillery of the Sports Center, Lubbock.

Although some are indefinite, teams which have indicated they will enter the meet include Sudan, White Face, Floydada, Happy, Crosbyton, Ralls, Spar, Friona, Sundown, Post, Slaton, Idalou, Lorenzo, Cotton Center, Farwell, Tahoka, Morton, Alpine, Quitaque, Tulla, Dimmitt, Hereford, Olton, Springlake, Muleshoe, Bovina and Kress.

Lynda Harris Breaks Ankle

Lynda Harris, 13-year-old daughter of Mr. and Mrs. Revis Harris, fell at the Lockney skating rink last Friday evening and fractured a bone in her right ankle and wrapped around a wheel, tripping her, members of the family said.

Lynda was treated at the Lockney General Hospital where the ankle was placed in a cast. She now has a walking cast on the limb and is able to go back to school.

Nephew Killed In Crash Over Ocean

Mrs. Bill Hodell received word Tuesday evening that her brother's 23-year-old son, Alden Wright was killed in a plane crash over the ocean near Honolulu Monday. His parents are Mr. and Mrs. Guy Wright of Memphis.

The young man had chosen the Army Air Corps as a career and was stationed in Honolulu. Details of the tragedy were not available here Wednesday. Mr. and Mrs. Hodell and Mike left Wednesday morning to visit her brother's family in Memphis.

Mr. and Mrs. Clyde Applewhite of Lockney who have just returned from a vacation in the Hawaiian Islands visited with Alrman Wright before sailing for home Saturday, March 9. He was a most distinguished looking young man, Mrs. Applewhite stated, and had a charming personality. They were shocked to hear of his untimely death.

Floyd County Gets Grain and Roughage Redesignations

Walter T. McKay, state director, Farmers Home Administration, this week advised Delbert L. Kassahn, county supervisor of the redesignation of Floyd and Motley counties for assistance under both the Emergency Feed Grain and Roughage program. Under this designation, farmers and ranchers may now file application through April 1, 1957 to provide feed grain and roughage for basic livestock herds through April 15, 1957.

Junior Class Play Will Be Friday Night

The Junior Class play, "The Little Shepherd of Kingdom Come," will be presented in the High School auditorium Friday evening. Curtain time is 8 p. m.

The play is taken from the novel by the same name written by John Fox Jr. It has been a favorite story for several decades. The play is reported to be equally as entertaining.

Following is the cast of characters:

Calvin Buford, the major, David Howell.

Miss Lucy Buford, Kay Golden.

Chad, the Little Shepherd, Nelson Wofford.

Richard Hunt, John Hanst.

Nellie Hunt, Wanda Cox.

Nathan Cherry, Jerry Williams.

Betsy Cherry, Virginia Caldwell.

Melissy Turner, Hope Cox.

Old Tom, negro servant, Kelly Harrison.

Thanky, negro maid, Janis Widener.

Mrs. Caroline Dean, Charlyne Brown.

Jennie Overstreet, Gayle Rucker.

Admission is 75 cents for adults and 50 cents for students.

Co-Op Gin Buys Storie Plant

The Lockney Co-operative Gin has purchased the Storie gin plant, located at the western edge of the city limits. Contract was signed on Thursday of last week. The consideration was \$150,000, officials of the Co-op said. Signing for the sellers were S. C. Storie of Post and Harold Storie of Lockney. Leroy Durham, president of the co-operative, signed for that organization.

The contract calls for the co-operative to take over the plant on or before April 15th. Included in the transaction was 13.4 acres of land, the scales, office building, a house and several small outbuildings on the property. The co-operative also secured an easement for a 60 foot road north from the property to intersect a section road a half mile north.

The plant is a 5-90 gin, which means five stands with 90 saws. It is equipped with a Moss lint cleaner, dryers and is a good modern plant, according to Jack Billington, secretary-treasurer of the co-operative. Some repair work will be done before the ginning season, it was said.

The co-operative gin was organized here some two months ago. A number of local farmers have been working on the organization since the first of the year. In addition to Durham and Billington, other directors are Mr. and Mrs. J. R. Belt, V. H. Kellison and Loyd Widener.

Alfred Smith In Honor Fraternity

Alfred Smith, son of Mrs. Charlie Smith of Lockney and a senior engineering student at Texas Technological College, Lubbock, was recently pledged to Tau Beta Phi, an honorary engineering fraternity at Tech. Only the upper 20% of the senior class are eligible for membership. Alfred expects to graduate in June. He is a graduate of Lockney High School. He and his wife, the former Patricia Pylant, have two children.

Meeting To Start At Cedar Church

A revival meeting will begin at the Cedar Hill Baptist Church next Sunday evening, it was announced by the pastor, Rev. G. C. Applewhite. The meeting will run from March 24th through March 31st with services each evening at 7:30.

Students of Wayland College will take care of both the preaching and the singing, Rev. Applewhite said. Everyone is invited to attend the services.

JEAN WOFFORD, daughter of Mr. and Mrs. Kenneth Wofford and a junior in Lock-

ney High School, has been chosen to attend Girls State at Austin this summer.

Bureau Will Ask For Election On Weed District

Representatives of the Floyd County Farm Bureau will meet with the Floyd County Commissioners Court at its next meeting and present a petition asking that body to call an election to determine if a weed control district will be set up in Floyd County.

Chester Carthel, chairman of the Farm Bureau weed control committee, said Wednesday that his committee had raised the \$500 and secured the 50 signatures necessary to present the petition. "We don't need any more money nor signatures," Chester said.

The Court will hold a public hearing on the petition before calling the election.

The Floyd County Farm Bureau has been working on a weed control district for several years. Hale County has already voted to form a weed control district under the law.

The law provides that the board of directors of the proposed district may levy an assessment against land in the district not to exceed three cents per acre for the purpose of carrying on the work of the district.

11 Letter In Basketball Here

Coach Troy Lemley has named 11 lettermen on the Longhorn basketball team for the past season, with all the boys being awarded jackets Monday of this week except those who had already received football jackets.

Lettermen named were David Howell, John Hanst, Gene Handley, Kelly Harrison, David Frizzell, Kenneth Holt, Jimmy Minter, Ronnie Harris, Larry Jarrett, Morris Meriwether. Two managers, Jackie Don Calahan and Ronnie Thornton were also awarded jackets.

Coach Lemley said that he would lose only three men out of the first 19 on his basketball squads. Graduating will be Gene Handley, Morris Meriwether and David Frizzell.

Odd Fellows Plan Pancake Supper

Lockney I. O. O. F. Lodge No. 93 is having a Pancake Supper at the I. O. O. F. Hall in South Lockney Friday evening of this week, March 22. A pie eating contest will be on the program of the evening.

Tickets are 75c for adults and 50 cents for children which entitles you to all the pancakes you can eat. Members of the Lodge are selling advance tickets for the supper.

ANNUAL C-C BANQUET SET FOR TONIGHT AT CAFETERIA

Local Toastmasters Will Enter Contest

Connie O'Brien and Leroy Durham will represent the Lockney Toastmasters Club in the area speech contest to be held at Levelland Saturday of this week. Other members of the club will also attend including the two delegates from the local club, Edgar R. Hays, the retiring president, and Claud Holley, the new president who will take office April 1.

The area speech contest and clinic will be held at the San Andres Hotel in Levelland with the clinic session starting at 2 p. m. and the speech contest at 7 p. m. that evening.

Claud Holley Is Re-Elected C-C President

Claud Holley executive vice-president of the First National Bank, was re-elected president of the Lockney Chamber of Commerce and Board of Development in a breakfast meeting of the directors last Friday morning.

Other officers elected at the meeting were R. L. Knox Jr., vice president and Edgar R. Hays, re-elected secretary-treasurer.

The five new directors of the board, named in voting which terminated Thursday of last week were Fred Byrd, Leon Wofford, Dr. Harold Loden, Lester Carter and Knox. Hold-over directors, in addition to the officers named above, are Claude Brown, Ike Johnson, Kelton Shaw, Jerry Cooper, Charles Baxter, Oscar Golden, Dr. B. A. Simmons and R. C. Mitchell.

Retiring directors are Marvin Cox, Barry Barker, Bob Miller, Lowell Bilbrey and R. H. Ford. According to the by-laws a director cannot succeed himself on the board.

John Hanst Is V-P Panhandle HS Press Ass'n

John Hanst, a junior in Lockney High School, was named vice-president of the Panhandle High School Press Association Tuesday when that organization met in its 23rd annual convention at Canyon. John is the son of Mrs. R. H. Ford of Lockney and is a sports writer on The Lariat, the local high school paper issued weekly.

Forty-one schools over the Panhandle were represented at the meeting, reported to be one of the best attended and most enthusiastic in years.

The officers were elected by popular vote. John's campaign was handled by Jerry Workman, local high school senior and son of Mr. and Mrs. Harley Workman. Jerry presented John's name to the convention and in his campaign speech ably outlined the local, regional and state scholastic and athletic honors that have come to John during his high school years. Jerry pointed to these attainments as an indication of John's leadership abilities in the closing words of his nomination speech.

Twenty-one students from Lockney High School attended the convention, made quite a contribution to the meeting, according to Mrs. G. C. Applewhite, Lariat sponsor who accompanied them. Jean Wofford, daughter of Mr. and Mrs. Kenneth Wofford, served with two others in drawing up resolutions for the organization. Mrs. Applewhite served on a team judging the talent contests.

Other schools with very good representations at the convention included Floydada, Plainview, Amarillo and Pampa.

Other Lockney students who were among the 275 present were Anita Durham, Janis Widener, Sally Cox, Lajuan Sandlin, Lanell Johnson, Wanda Cox, Peggy Huley, Martha Cryer, Gayle Rucker, Charlyne Brown, Lahoma Rowell, Nelda Tims, Floy Baxter, Betty Foster, Bill Musser, Kay Golden, Larry Jarrett and Mrs. Henry Rowell, sponsor.

The annual membership meeting and banquet of the Lockney Chamber of Commerce and Board of Development is set for tonight (Thursday) and everything is in readiness, according to committee chairmen. The affair starts at 7:30.

Ticket sales were brisk this week with some 150 tickets sold up to Wednesday. The cafeteria seating is limited to 200 and officials felt that all available tickets would be sold previous to the meeting.

Theme for the meeting will be "Spring" with decorations and table ornaments carrying out this theme.

Speaker of the evening will be Delbert Downing, manager of the Midland Chamber of Commerce and famed for his humorous after dinner speeches. Mr. Downing has been much in demand in Texas and this area for a number of years.

Program committee members say that he will likely be as good as the speaker at the banquet last year, Dr. Leon Hill of Amarillo.

Another highlight of the evening's program is the naming of the outstanding citizen of the year. A committee headed by Barry Barker, and representing almost every civic club and other organization in the community, has already met and made the selection for the honor but the name of the person will not be revealed until tonight. The selection is made upon the individual's record of service to the community, to the church of his choice, and his helpfulness to the community in a general way. The chosen individual will be presented a loving cup upon which his name has been engraved. The presentation will be made by Marvin Cox.

The Borestone Foursome Quartet, composed of A. P. Barker Sr., J. B. Seale, Cleatis Jeffcoat and J. D. Copeland will entertain the group with a number of selections.

Barry Barker will be master of ceremonies for the occasion and Bob Miller will handle the welcome and recognition of guests. President Claud Holley will introduce the officers and directors of the organization.

Mrs. C. L. Record will provide dinner music for the affair. The dinner will be prepared by Mrs. Olive Myers and her staff and served by Homemaking girls of Lockney High School.

General Rain Covers Area

A good general rain, reportedly covering all of West Texas and eastern New Mexico, fell Wednesday and some moisture was still falling late Wednesday afternoon.

The total precipitation ranged from a half inch to a little less than an inch in western Floyd County, the measurement in Lockney being 6 of an inch. The rain was falling slowly over the area and was all soaking into the ground, reports said.

Following are some rain reports from areas around Lockney up to late Wednesday:

Ted Roedecker, Providence, 65.

G. B. Johnston, Lone Star, 7.

Paymaster Gin at Aiken, 8.

Paymaster Farm, north of Aiken, 5.

Frank Brown, northeast of town, 7.

W. A. Gilbreath, east of town, 85.

Muncy Elevator, 30.

Harmon Handley, south of town, 75.

The moisture will especially be beneficial to wheat in this area.

Will Attend Pageant At West Texas State

Miss Mary Kathryn Ford and Lonell Hays, students in Lockney High School, will attend a Personality Pageant at West Texas State College, Canyon, Saturday, representing the local school. They will be attendants of the West Texas State Queen, to be crowned in ceremonies on that day.

Other Lockney students who were among the 275 present were Anita Durham, Janis Widener, Sally Cox, Lajuan Sandlin, Lanell Johnson, Wanda Cox, Peggy Huley, Martha Cryer, Gayle Rucker, Charlyne Brown, Lahoma Rowell, Nelda Tims, Floy Baxter, Betty Foster, Bill Musser, Kay Golden, Larry Jarrett and Mrs. Henry Rowell, sponsor.

Thou wilt keep him in perfect peace, whose mind is stayed on Thee: because he trusteth Thee. — Isaiah 26:3.

APPRECIATION for the efforts of others is the mark of an unselfish person. Too many times we overlook opportunities to express our appreciation to someone who has done a good job. The combined efforts of four local clubs last Friday evening in staging the Teacher Appreciation Banquet brought forth an affair that was impressive and worthwhile. Not only should we show our appreciation to our teachers but the act of expressing appreciation will, no doubt, result in benefit to the school. Anyone whose efforts are appreciated will likely be inspired to try even harder to do a better job. We hope the affair will be an annual one.

IT'S SPRING — almost! Trees are budding, grass is greening up and flowers are beginning to bloom. Spring is the very best part of the entire year for most of us. We're glad to see it come because it brings relief from the cold weather of winter and affords us an opportunity to start growing things. For the farmer it means the start of a new crop year and for the gardener the chance to plant a new garden. But just about the time we get all ready to start work we get a case of Spring fever — and just have to lie down for a little snooze before we start. Ho-

hummm. —oOo—
IT WILL be very interesting to watch the current onion crop come to maturity. You remember onion growers last year struck it rich on the market. If they do that two years in a row it will be most unusual. Still prices may be high enough for a good return without reaching the levels of last season. We're pulling for the onion growers.

THE UNIVERSAL C. I. T. Credit Corporation think they have been damaged because the ITC Insurance Company of Dallas has been placed in receivership. The two companies are completely different and have no connection whatever but some are thinking that it is C. I. T. which has been placed under receivership instead of I. T. C. Remember that it is the ITC which is in trouble, not C. I. T.

ON THE SAME subject, The Beacon is in receipt of a long article quoting "The Insurance Index," one of the largest national insurance publications and reputed to be an authority on insurance matters. The article deals with the ITC receivership and lays the blame for the failure of the company, not on Ben Jack Cage and the company officials but on the insurance scandals which have struck Texas and upon the attacks the oft time candidate, Ralph Yarborough has made on the insurance business in the state. The Index infers that Yarborough's attacks have stirred up distrust of insurance companies in the state, causing a run on insurance companies, something like a run on a bank when depositors become afraid the bank is unsound. It declares that the ITC Company was founded on a sound basis and has been operated thusly all the while. It further says that unless public confidence is restored in insurance companies of Texas there will be more failures. What The Index doesn't understand is that Mr. Yarborough, when he makes one of his frequent campaigns, must have an issue. The fact that his issue created distrust and hurt a lot of people is beside the point. When a politician has to have an issue, he has to have one. There can be no compromise on that.

A REPORT from the Texas Department of Public Safety says that during the calendar year 1956 there were 27 drivers license suspended in Floyd Co. resulting from convictions or accidents. For convictions 21 were suspended and failure to show proof of financial responsibility after an accident brought the suspension of six licenses. We know of several instances when the driver of a car who was responsible for an accident not only did not pay for the damages to the other car but was not charged with an offense after the accident. The financial responsibility law should be strengthened and strictly enforced. It is a good law if it is properly enforced.

QUALIFIED MEN
If you were to listen in on your radio some evening to your favorite news broadcaster and heard him announce that the President had appointed a man to serve as Chairman, Joint Chiefs of Staff, who had never served a day in any of America's armed forces, or any other armed forces, would you sleep well that night? The answer to that question is obvious. "You'd have a most wakenful night."

And if you were in an Army, Air Force or Marine Corps general, or a Navy admiral, wouldn't your nose be slightly out of joint to have a man appointed as your superior officer — a man who had never obeyed a military command, to say nothing of his never having given one? Here again the answer is obvious. "Of course you would," and you would have every justification for resentment.

And if as a taxpayer, you read in your morning paper that the President has selected to direct the Bureau of the Budget, a man who had no previous business experience, wouldn't you feel a wee bit perturbed about the future financial welfare of the nation? Here once more, there can be but one answer, "You certainly would," and not only slightly perturbed, you'd be most ap-

prehensive. Then, as a citizen, how did you feel when on September 30, 1953, the President nominated as Chief Justice of the United States, the world's highest tribunal, a man who previously had not sat as judge in any court, never rendered a judicial decision? If this didn't upset you a trifle, then you'd better consult your doctor — preferably a brain specialist.

And, if you had been one of the eight Associates Justices of the Supreme Court (Roberts with 23 years service in that capacity, Black 16, Reed 15, Frankfurter and Douglas 11, Burton 8, Clark and Milton 4) wouldn't you have been hopping mad to have this rank outsider, with no previous judicial experience, made "boss man?" You would have had to be more than human had you not bitterly resented such a slur, such a callous disregard of faithful service.

Or if you had been one of the thousands of the nation's

Dear Editor:
I have heard the expression lots of times about some reckless driver that he drives like a drunk Indian, but never personally observed a drunk Indian driving.

A New Mexico judge got one in court here the other day, though and made him sell his car and buy a horse and saddle.

If this curbs drunk Indians, it might work on other people who drive like sams. Does look like the only way to get any horse sense into some people's driving is to put a real horse in the act.

Judges with years of judicial experience, would you not have been indignant at the President having gone outside your ranks to find a Supreme Court Justice? Definitely you would and you most definitely were. — J. L. Suits in Petersburg Journal.

IN AGREEMENT
An interesting paragraph from "Keeping Our Sanity" by Howard Whitman, in last week's Dallas News reveals:

Today the way between morality and mental health seems ended. For it is obvious that both are paths up the same mountain toward the same summit.

The very things which the moralist call evil the psychiatrist calls unhealthy; what the moralist calls good the psychiatrist calls healthy. There is a difference in terms, no difference in objectives.

The moral approach in mental health, as it has evolved, today, is an upward striving, a growth process. A failure of kindred morality in the past, what it left inadequate margin for error, concerned itself overly with condemnation for shortcomings and insufficiently with encouragement toward future improvement.

The emphasis today is on the direction in which an individual is traveling. If his goals are true, his strivings honest; if he has a reverence for good—then his failures are no more than his humanness. He can be helped. — Cecil Waggoner in the thousands of the nation's, Claude News.

CHEVROLET UNVEILS CORVETTE 'IDEA CAR'

As a research vehicle for advanced engineering studies in car performance, handling, braking and other safety factors, Chevrolet has unveiled a startling new experimental model. Called the Corvette SS (Super Sport), the custom built car (above) has a lightweight magnesium alloy body, tubular frame and many other features in car design. Zora Arkus-Duntov, Chevrolet engineer and noted European car designer and driver (shown in cockpit), played a major role in developing the SS. If shakedown tests are completed, it may be tested at Sebring, Fla., this month.

Lockney Students Honored At Tech

Parents of the students attended the ceremonies conducted by college officials. "Push Button Brains" was the theme of the main address brought by Dr. E. N. Jones, Tech president. The local students were among the upper 3 per cent in scholastic ratings maintained among the 7,600 Fall Semester undergraduates. They compiled a grade point average of 2.50 or more.

Miss Strickland, whose parents now reside in Plainview, is classified as a junior. Jerry was a sophomore at the time these grades were recorded, but is now classified as a junior. He was an honor graduate of Lockney High School in 1953 and is attending Tech on a scholarship.

More Than 200 Attend Style Show

A record attendance of more than 200 women were present for the Spring Style Show held at the High School Cafeteria Saturday afternoon at 2:30. Available space was reduced to standing room only as the gala affair got underway. Guests from out-of-town were from Tulia, Plainview and Floydada.

Entering upon a ramp covered with green carpet lined with white daisies and against a floral background accented with the theme "Easter Parade," the gracefully attractive models displayed a most beautiful array of spring apparel furnished by Jack and June Shop, Lockney. The event, sponsored by El Progreso Study Club benefits the Student Council and its project to buy drapes for the High School Auditorium.

Mrs. E. M. Quebe, vice-president of El Progreso Study Club, gave the welcome and introduced the narrator, Mrs. Robert Lee Smith. Mrs. Lucy Dean Record, pianist, furnished the musical background for the Easter Parade and accompanied Miss Patty Adams who sang a solo during intermission. Feature entertainer of the afternoon was Don Comfort Jr., of Hollywood who held the audience spellbound with his concert performance on an electronic accordion.

Approximately 45 models took part in the show.

Mrs. F. M. Smith held the lucky number at a drawing held at the close of the entertainment. She was presented a beautiful Nards of Dallas packable weather suit by Jack and June Shop.

Mrs. Clyde Briley and Mrs. Charles Duran greeted guests at the door and refreshments were served from a lace covered table centered with an arrangement of daffodils. Mrs. Hershel Carthel and Mrs. Chester Mitchell poured.

The committee on Style Show arrangements was composed of Mrs. Barry Barker, Mrs. E. A. Simmons, Mrs. Jesse Cox, Mrs. Clyde Briley and Mrs. Charles and Houston.

Special appreciation was expressed to Plains Floral Shop, Carter Funeral Home, Parker Furniture, Whites Auto Store and Jack and June Shop for their generosity in making the show a tremendous success.

Indoor Sports Club Elects Mary Spence

Miss Mary L. Spence, proprietor of Mary L. Spence Music Store, Plainview, was elected president of Indoor Sports Club Monday night at a meeting held in the G. A. McAda home, Lockney.

Elected to serve with Miss Spence were Charlie Bradford, Floydada, secretary-treasurer. During the business meeting which preceded a social hour, the club voted to reorganize. It was decided to drop out of the National Organization, adopt a new name and be strictly a local organization. The purpose of the club is to help bring assistance to handicapped persons of this area.

In attendance were Miss Mary L. Spence, Mr. and Mrs. Clint Elliot and Carolyn, Mr. and Mrs. Albert Johnson, Harold Martin, Mr. and Mrs. Nolan Harrison and son, Ricky and Bobby, Mr. and Mrs. Hugh Etter, all of Plainview, Mr. and Mrs. Kenneth Malone and sons, Stevie and Charlie Bradford of Floydada, Mr. and Mrs. Luther Fowler, Mr. and Mrs. O. E. Durham and sons, Page and Joe, the hosts, Mr. and Mrs. G. A. McAda and Gordon, all of Lockney.

RETURN HOME
 V. B. Cassel and his sister, Miss Ona Cassel of Lone Star returned home last week from an extended trip to South and East Texas. They visited relatives and friends at Port Lavaca, Raymondville, Winnsboro and other points. They were gone 42 days.

ON FISHING TRIP
 Mr. and Mrs. G. F. West left Wednesday for a vacation on the Gulf coast. They plan to spend from two weeks to a month fishing at Aransas Pass and sightseeing in that area.

Research Station Program Approved

The program of research for the High Plains Station of the Texas Research Foundation was approved by the Regional Council for the Station at a meeting and tour of the station at Halfway, Saturday, March 16th. Twenty two members of the Council attended the sessions, representing twelve counties in the High Plains area. Also attending were representatives of newspapers, radio station, business men and farmers interested in the station. Sixteen projects were approved for the 1957 research program. Some of which are contingent upon the completion of the budget and the employment of additional scientific staff.

Soil projects approved were fertilizer rates, time and methods of application to cotton, maize, soybeans, etc. All common sources of phosphate compared on cotton. Deep plowing vs. chiseling on yields of cotton and maize. Irrigation, rate and time interval effects on yield of maize and cotton.

Crops projects will include study and comparison of present and introduced crop varieties under best known cultural practices with emphasis on quality as well as yield. Crops included will be cotton, maize, tomatoes, corn, soybeans, sesame, sunflowers and castor beans. Wheat research will be included in the fall program.

Work underway at the 313 acre station at Halfway was observed by the Council on a brief tour conducted by Dr. Johnny Davis, Associate Head. The tour included the farm, the observance of equipment, pole barn under construction and the new office.

Appearing on the program of the meeting were Harold Hinn, Chairman and host, R. V. Payne, Chairman of Big Gifts, Frank Moore, Area Chairman, H. M. LaFont, Dr. T. C. Longnecker, Grady Goodpasture, R. G. Peeler, R. V. Patterson and John Paetzold.

Mr. R. V. Payne announced that \$296,350.00 of the 5-year budget of \$550,000.00 had been subscribed by 692 farmers and firms of the High Plains area. Frank Moore, Area Chairman, announced that campaigns were underway in several counties and in the planning stage for others.

Attending from Floyd County were B. A. Robertson, Glenn Amburn, Floydada; Joe Foster, Ewald Quebe, Lockney.

I note that President Ike's new budget is big but balanced, by reason of he counts on business getting better or something else turning up to bring in more money.

My insolvent neighbor says he can't make his personal budget balance either, without adding in his dreams in the income column.

But says it is risky business to spend your hopes, because you can't depend on what people will do. He bought a new car one time when expecting a rich uncle to die, but the old gentleman got well and spent all his money himself.

POAGE'S BILL REA 118,000

Washington. — Rep. George Poage of the 19th District has introduced a bill which would give the Department of Agriculture authority to issue a bill which will continue for several weeks and "at the end of the year is uncertain."

John Mahon said figures prepared by the Department of Agriculture show that if the Poage bill enacted into law it will be the 19th Congressional District Texas 118,000 acres of cotton in 1947, and the acreage into East Texas.

This would result from changing the base period of cotton from the previous years as in the present law the previous three years are used. The bill was explained by the House Committee on Agriculture.

POAGE'S BILL WOULD COST AREA 118,000 ACRES COTTON

Washington. — Rep. George Poage of the 19th District has introduced a bill from Washington that would require the Department of Agriculture to establish a special loan on light spotted cotton. West Texans have been working for a light spot loan program for a long time. The Secretary of Agriculture now has the authority under the present law to establish such a program.

In order to take the light spot issue out of the area of controversy, Mahon has introduced a separate bill which provides for a loan on light spot cotton but which omits the objectionable provisions of the Poage bill. Mahon said he would work for a settlement of the controversy which would include elimination of all provisions of the Poage bill which are discriminatory toward West Texas.

Program Clinic Set March 25th

Newly-elected officers and program chairmen of PTA's, study clubs, mental health groups, civic and service clubs and church groups are invited to participate in a Program Planning Clinic to be held at Floydada in cooperation with the Adult Education Program at Texas Tech.

The meeting will be held from 9:00 a. m. to 4:00 p. m. on March 25, in the Home Demonstration Room of the Courthouse.

One of a dozen such clinics being conducted around the West Texas region, the local area meet will also bring together new leaders of community groups from Floydada, Lockney and Matador.

A program planning clinic, like a health clinic, is designed to meet the specific problems and needs of the people coming to it, according to G. H. Peters, field representative for the Adult Education Program.

He pointed out that, "Newly-elected officers and program chairmen always have certain problems. How do we plan ahead for the coming year? What subjects shall we deal with? How can we present the programs so that the members will be interested and attend regularly?"

The program planning clinic deals with both techniques of effective presentation and suggests program ideas and sources of materials. Peters stated, "Every group has its own particular interests. Often the nature of the club determines the general areas of programming," he continued. "As in the building of a house, members of each family must determine how many rooms they need, the activities which are to be accommodated, the general style they desire, and how much they are able to pay for it."

"Then the architect and contractor can go to work. Officers and program chairmen are elected to help draw up these plans and carry them out for their groups."

Mr. and Mrs. A. D. Morris and Virginia accompanied James Morris to Plainview Sunday morning where he boarded a bus for Fort Bliss, near El Paso, Texas for boot training. He is in the Army Reserves.

Milam Home At Lubbock Given To Baptists

Lubbock — A 71 year old lady who has been mother to 3200 neglected and dependent children during her lifetime said goodbye to the home for needy children which she established in 1926.

Mrs. Lillian T. Milam, founder of the Milam Children's Home of Lubbock was honored at ceremonies dedicating the home which was recently turned over to the Buckner Benevolences, an agency of the Baptist General Convention of Texas. An engraved bronze plated baby's shoe, which was once worn by one of the hundred's of babies cared for by Mrs. Milam, was presented to the little gray-haired lady by Dr. E. L. Carnett, President of Buckner Benevolences and Dr. Vernon Shaw, field representative, as a token of appreciation for Mrs. Milam's devotion to homeless children.

Dr. J. Ralph Grant, pastor of the First Baptist Church of Lubbock and chairman of the Benevolence Committee of the Baptist General Convention of Texas, spoke at the dedication service. He assured the more than 200 persons present that Texas Baptists would carry on a program in the finest tradition of the past. "Milam Home for Girls will continue to be in our midst as an institution of service," he said. "We have an obligation to perpetuate the best of the past and an opportunity to expand for greater service in the future."

Dr. E. L. Carnett explained that the Milam Home for Girls, which has just recently been redecorated and renovated, would provide a specialized service for homeless teen-age girls. "Society is cruel to girls," he said. "Girls don't get another chance as often as boys. We hope to change this with the new Lubbock home." Carnett praised the people of Lubbock and the West Texas area for their cooperation in establishing the new program.

Plans for the future development of the home call for three more dormitories to be constructed to care for approximately 50 girls. "We don't want to stop building as long as there is a need," said Lewis M. Stickney, business manager for Buckner Benevolences.

Supervisors of the new facilities which will care for 15 teen-age girls are Mr. and Mrs. D. C. Hamilton, former religious education director of the Calvary Baptist Church of Lubbock.

Milam Home for Girls is one of six child caring institutions sponsored by the Baptist General Convention of Texas. These homes now care for 1,026

Dear Editor:
I see where a Maryland congressional committee turned down a proposal for lowering the voting age from 21 to 18.

They said this was because they were afraid too many of the young voters might get behind Elvis Presley for President.

Which might not be the worst thing that could happen. After all, the upkeep on a guitar ought to be cheaper on the taxpayers than maintaining a herd of helicopters to run back and forth to the golf links.

Return Home From California

Mr. and Mrs. R. H. Ford, Mr. and Mrs. W. O. Whitehead and daughter, Corene of Midland, returned to California for Corene's wedding to Gerald Noblitt SN., of the U. S. Navy. The wedding took place March 9. The bridegroom sailed March 12 on a six months cruise and Mrs. Noblitt returned with her parents and the Fords and will continue working in Midland until he returns in August.

Before returning home the local people visited friends and points of interest in Los Angeles, Wilmington and Long Beach. They enjoyed deep sea fishing near Catalina Island and saw whales, seals, pelicans, sole fish and rock cod fish.

SUNDAY NIGHT CHOWDER

Start a zesty soup for a March night by crisp-frying two strips of bacon in a good-sized pan on the top burner of your range. Remove the bacon and lightly brown one-half cup chopped onions in the drippings. Add one can of condensed tomato soup, one soup can of milk, one can of cream-styled corn. Turn down flame to simmer heat. When you serve the chowder, drizzle crumbled bacon on top of each bowl.

IN NEW ORLEANS

Mr. and Mrs. Arch Crager and Mr. and Mrs. Henry Ford Sr., are vacationing in New Orleans where they plan to spend about two weeks.

Mr. and Mrs. A. D. Morris and Virginia visited in Hale Center Sunday with their daughter and husband.

out that our cotton problems are national in scope and that no good purpose is being served by proposals reopening the cotton allotment fight between East and West Texas.

Mahon said he had received helpful information in regard to the cotton acreage controversy from various farm organizations and farmers in West Texas and that he was presenting it to the House Committee on Agriculture. He said he would keep West Texas farm groups advised of developments on the pending legislation.

"WITH MY Electric Dryer I PICK MY OWN DRYING TIME!"

Says Mrs. Oscar Williams OF GOODWELL, OKLAHOMA Teacher and Registrar at Panhandle A. & M. College

"When I arrive home from work at 5 P.M., I usually start my wash-day. So you see why it is so important that I have an electric clothes dryer. I pick my own wash time and day with no dependence on the weather. One of my nightly projects is grading and correcting classroom papers so it is really nice to know that Reddy is working for me. My electric clothes dryer makes it convenient for me and my work and too, my clothes come out so much softer and fluffier," says Mrs. Williams. You, too, can pick your washday time... with an ELECTRIC clothes dryer.

Garden Club Sees Films Of Holland

At a meeting of Lockney Garden Club Friday afternoon at 3 p. m. in the E. M. Quebe home Mrs. Horton Howell showed beautiful colored slides showing tulip fields and other scenes in Holland. The pictures were taken by Mrs. Howell's brother last year.

Mrs. Theo Griffith was leader for the program and roll call was answered with "Key to Rose Trouble." Mrs. Kelton Shaw gave "Chrysanthemum Preview" and Mrs. Frank Roberson discussed "Start Your Roses Right and Keep Them Healthy." Mrs. Dale Lacey and Mrs. Tom Rankin brought arrangements of daffodils and Mrs. Frank Roberson brought an arrangement of tulips.

Refreshments of coffee and ice box cake tinted in green and carrying out the St. Patrick's Day motif were served to Mrs. Arthur Barker Sr., N. E. Greer, Theo Griffith, Horton Howell, Harmon Handley, Dale Lacey, R. C. Mitchell, Tom Rankin, Frank Roberson, Kelton Shaw, A. O. Wines, and the hostess.

Next meeting will be April 5 at 3 o'clock in the home of Mrs. H. B. Coggins.

Aiken YWA Supper Honors Counselors

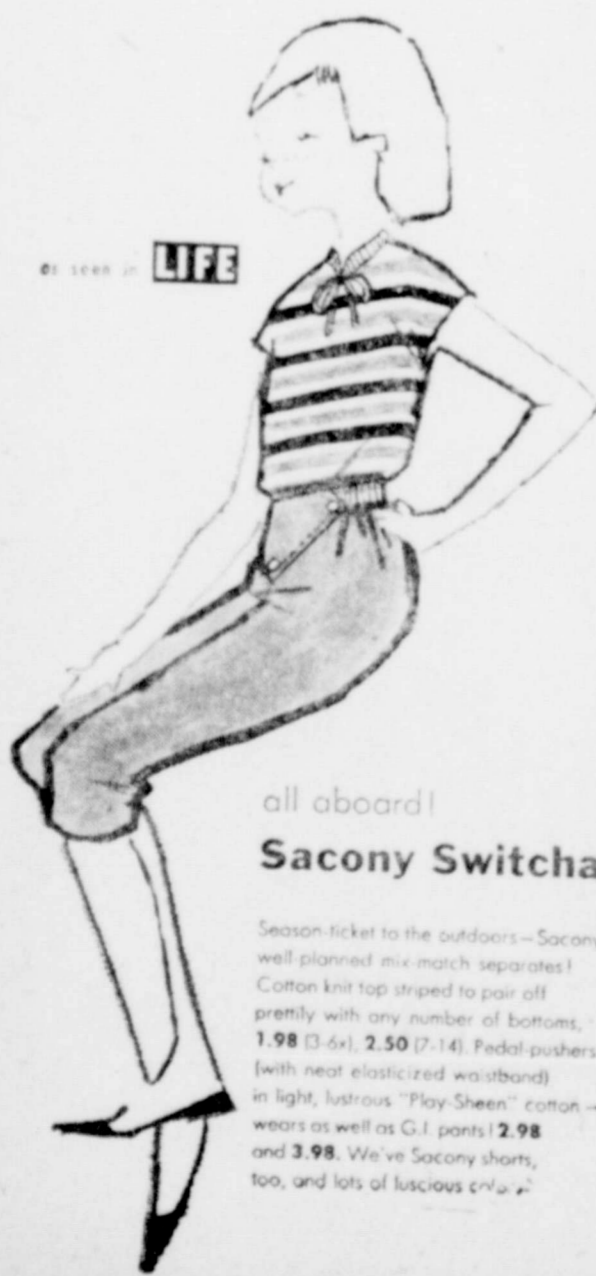

The home of Mrs. Bob Gibson was the scene of a Young Women's Auxiliary supper honoring Mrs. Thurman Thomas and Mrs. Bob Gibson last Wednesday. Mrs. Thomas is the outgoing counselor of the Y. W. A. and Mrs. Gibson is the new counselor. Each auxiliary girl brought a course of the supper which was served buffet style.

A gift was presented to Mrs. Thomas by Frances Haile, president of the Y. W. A., on behalf of all the girls to show their appreciation for the wonderful patience, cooperation, and willingness to work which she has displayed. The girls sincerely hope that Mrs. Thomas will continue to think of them as she goes her way, as they will think of her. She has now moved to Plainview.

In the business meeting which followed, a project for hospitals in Africa was selected and a box supper as a money raising project was discussed. For the program an interesting and challenging review from the current mission study book was given by Mrs. Gibson. This gave the history and some of the beliefs of the Mohammedan religion.

God Works Through Billy Graham

Billy Graham the dynamic evangelist whose amazing international ministry has been called "the phenomenon of the mid-twentieth century" has once again become the subject of a new and inspiring book.

Titled "Billy Graham," this latest literary account deals with the personal history of this amazing man, his message and his mission. It is an authentic, stirring account of the youthful preacher of the gospel, who at the age of 38 has probably preached face to face with more spiritually hungry millions than any spokesman for Christianity in all history.

Told dramatically and at first hand by Stanley High, senior editor of Reader's Digest, the story traces Billy Graham's Crusades from their inception when Billy as a teen age preacher barnstormed the South gathering in converts to Christ wherever he went. In his frank and objective biography explaining how the Crusades grew and grew first in scores of cities across the United States and Canada and later in Great Britain, Europe and Asia, High says, "Billy put religion on the front pages and made it the chief topic of man-in-the-street conversation."

What is of particular interest is that the author satisfies the natural curiosity of millions of people by graphically picturing behind-the-scenes workings of these highly successful revivals—how they are prepared, organized and financed. An itemized account of the fabulous Billy Graham Evangelistic Association which from tens of thousands of small contributions received last year, spent \$2,000,000 for Billy's radio, film and preaching ministry, is also described.

Such provocative questions as: What manner of man is this handsome young evangelist who has reaped this rich harvest of souls? Is he genuine? Do his conversions last? Is he merely a flash in the pan or is he really the religious phenomenon of our era, are candidly answered in the story of the North Carolinian, who world church leaders declare "walks at the side of God."

All of Billy Graham's diaries, records and personal letters were made available to Stanley High, who also did on-the-scene research in both America and abroad and followed in the wake of the Crusades, interviewing converts and ministers.

Heart-warming character sketches of the evangelist's lovely wife Ruth and amusing anecdotes about his four children in their hilltop home in Montreat, North Carolina, provide a wealth of human interest and show the basic simplicity of this most extraordinary of men.

"Billy Graham" was first published recently by the McGraw-Hill Book Company.

Doctors To Speak For La Ventana

Dr. E. O. Nichols and son of Plainview will be guest speakers at a meeting of La Ventana Study Club Tuesday, March 26 at 2 p. m. in the home of Mrs. J. L. Lovvorn, Lone Star community.

The meeting is open to all women of the area who are interested in hearing the doctors lecture on a very timely subject "Cause of Heart Disease."

Dr. Nichols and his son have made extensive study on this subject and spent some time abroad. Purpose of the meeting with the club is to inform the public on how to avoid the disease.

Mrs. Nora Ayres Expresses Thanks

I wish to express my sincere thanks and gratitude to the people of this community for the many nice things that have been said and the honor and courtesies shown me. I want to thank the B&P Club, Rotary Club, Lions Club and Toastmasters Club for the pen and the honor shown me last Friday night. I shall treasure the pen and wear it with pride.

I especially want to thank Messrs. A. P. Barker, Brad Seale, J. D. Copeland and C. O. Jeffcoat for the song they sang in my honor.

I would also like to express my thanks to the men who have served on the Lockney school board during the time I have taught.

Your thoughtfulness shall always be remembered.

Survivors May Collect Leave Pay Of Veterans

Public Law 770, 84th Congress, provides that payment will now be made to survivors of veterans of the Armed Forces who died after discharge or retirement without having received compensation for unused credit (terminal leave pay).

In the case of veterans who died before July 24, 1956, survivors must apply for the terminal leave pay by July 24, 1958.

Survivors are entitled in the following order:

1. Surviving wife and children, if any, in equal shares;
2. Surviving parents, in equal shares;
3. Surviving brothers and sisters, in equal shares;
4. Surviving child or children of a deceased brother or sister, in equal shares.

Bracero Housing Rules Modified. New bracero housing regulations, scheduled to go into effect March 25, have been modified and most of the revisions asked by West Texas farmers have been included, according to U. S. Department of Labor officials in Washington, D. C. Representatives of several West Texas farm organizations including the Farm Bureau, Plains Cotton Growers, Inc., and others were active in trying to secure changes in the housing regulations as previously outlined by the Department of Labor.

George Pfeiffenberger, executive vice president of the PCG, was in Washington last week when the revised regulations were announced.

Pfeiffenberger said the revised regulations included about 80 per cent of the revisions asked by West Texans. "The most important points cover the duties of workers to obey rules and respect property and an appeal for reinspection to a regional office or to Washington if necessary," he said.

W. G. White, Lamesa, said Friday, "These changes are right down the line to what we asked for in Washington about a month ago when we met with Department of Labor officials and discussed the housing regulations."

"I'm sorry we didn't make any progress on the requirement of 300 cubic feet space for each worker. That is a lot of room and may force some changes by farmers in their bracero houses," White said.

The Lamesa farmer accompanied other representatives of Washington to protest the bracero housing regulations. Pfeiffenberger added that the

ALL-WOMEN RESCUE group, known as the "Calamity Janes," from El Reno, Okla., have lived up to their name by doing civil defense rescue work during two Oklahoma tornadoes and four major fires in El Reno. Rotary Spring Conference At Lamesa Apr. 7-9

April 7, 8 and 9 the Lamesa Rotary Club will be host to an expected 500 Rotarians from all over West Texas at the annual Spring Conference of the Organization.

Plans for entertaining, housing and feeding the larger than usual number of members who are expected to attend, are well underway by the local club. Hundreds of rooms are being made available by hotels, motels and private citizens for the influx of visitors.

Restaurants are expected to put on their best "bib and tucker" for the three-day affair, and the city as a whole is preparing to open its heart to welcome Rotarians.

The planned "Friendship House," set for Sunday afternoon and evening, will be held at the newly completed Lamar Forrest Community Center, in beautiful Forrest Park.

The \$40,000 structure, erected with funds obtained by voluntary subscriptions from Rotarians and civic-minded Lamesans, was turned over to the City of Lamesa upon completion, for use by all the residents of the city.

Several entertaining and interesting sessions have also been arranged for Rotarians, wives of members.

Several top speakers in International Rotary will be on hand for the general sessions of the organization. Entertainment will also be sparked by top names in the world of entertainment.

Members of the housing committee have announced that reservations have already begun to pour in, several requests are being filled daily, and an attendance mark of over 500 persons is almost assured.

Mrs. Smith's Father Is Found Dead

T. C. Dyer, 72, of Hale Center, father of Mrs. Bill Smith of Plainview, formerly of Lockney, was found dead in his bed at Hale Center last Sunday. He had been suffering with a heart ailment for some time.

Mrs. Dyer returned home about 5 p. m. Sunday from a visit with friends and found her husband. He had been seen Saturday afternoon on the streets of Hale Center.

Funeral services were held at 2 p. m. Tuesday at the Hale Center Church of Christ. Albert Trent, minister, officiated. Burial was in the Hale Center cemetery.

The Smiths lived here for several years but moved to Plainview about two years ago. Survivors include his wife, three sons, S. B. of Littlefield; W. B. of Cotton Center, and L. B. of Hale Center, and the daughter, Mrs. Smith.

ATTEND WSCS MEET

Mrs. Paul Cooper, Mrs. H. B. Coggin and Mrs. Lucy Thomas are in Abilene this week attending a Northwest Texas WSCS meeting. The program which began Wednesday morning is being held in St. Paul's Methodist Church. Sessions will close Friday, March 22. Mrs. Cooper is the delegate and Mrs. Coggin, alternate delegate from the local Methodist Church.

Falls are the home's greatest hazard, claiming a total of 14,000 lives annually in the nation, says the Texas Farm and Ranch Safety Council. Burns are second, causing about 5,400 deaths annually while poison and carelessness with firearms each take about 1,000 lives yearly. Better keep the danger sign up around the house and see that accident hazards are removed, warns the Council.

The report was made in commemoration of the 77th anniversary of the coming of the Salvation Army to the United States. On March 10, 1880, a small group of Salvationists landed in New York from England to begin the work of the Army in this country.

Col. Morrison explained that the report paid special tribute to the more than 2,600 members of advisory boards and service unit committees throughout the state who help carry on the work of the Army. Governor Daniel is a member of the Austin Salvation Army Advisory Board, a position he has held for 10 years.

* "Yes... I Picked It Up in the City"

* a useful phrase for impressing neighbors
with the way we get around

**but
it comes
high**

FOR some strange reason, a lot of us are inclined to take more pride in some article that we have bought in a Big City Store than we do in an identical item bought at home.

PERHAPS a shirt or a hat, for example, bought in the City, becomes a sort of souvenir of our travels — a reminder of a pleasant break in the routine of life — instead of just another garment.

QUESTION IS . . . how high can we pay to indulge this little human quirk?

A DOLLAR SPENT away from home is a dollar less business in our community. Hundreds of thousands of these dollars ARE being spent that way every year by folks who live here. THAT MUCH MORE MONEY circulated in our community would supercharge its vitality.

CAN WE AFFORD to pass up the extra values that home-spent dollars give us in better schools, more jobs for more people, more prosperous businesses able to do a better job of serving our urgent daily needs?

ISN'T THE PRICE TOO HIGH when we whittle away at our own community's economic life . . . isn't it too much to pay for a few relics of our travels to the City?

**It Pays to Buy
where you Live**

YOU get everything that your money pays for . . . merchandise AND a trade-invigorated community to live in . . . when you buy from your home town merchants . . .

Floyd County Soil Conservation News

Farmers co-operating with the Floyd County Soil Conservation District may still make application for Arizona Cypress to be used as farmstead windbreaks on the farm.
 These are potted seedlings and cost 25 cents per plant. Applications will be taken on a first come, first served basis as long as the supply lasts. Orders are still being taken at the Soil Conservation Service office in the Agricultural building in Floydada. Order limits are not less than fifty nor more than 400.
 Nurseries in Lubbock who are cooperating with the Soil Conservation District have made these trees available to the co-operators at this special price. Trees will be ready for delivery about May 1.
 Recommended planting in single rows is four feet apart and two-row plantings should be spaced 10 to 12 feet apart. Trees placed eight feet apart are staggered.
 While the trees are still small and getting their root system established some protection should be given. This can be done by placing shingles around them or wrapping them with burlap bags. Don't use tin or tin cans. If further information is needed contact any of the SCS personnel.

Dear Editor:
 I see where Judge Whitaker, who is our newest Supreme Court Justice, says that he is going to interpret the law to mean just whatever it says.

This strange attitude toward law, especially if he tries to indoctrinate some of the other justices with it, is apt to lead to widespread unemployment in the judge business.

On account of, if all laws just simply mean what they say, there is no economy in hiring judges to opionate on them, any more than hiring somebody to interpret a No Parking sign.

Longhorns Win Second In Meet At Crosbyton

Paced by Jerry Williams blazing 9.7 100-yard dash, the Longhorn track team gathered 22 points and placed second in the Crosbyton Relays Saturday afternoon.

Williams' sprint, one of the fastest this season, came in the preliminaries. Later he won the finals in 10 seconds flat. The old 100-yard dash record of 9.9 was set by George Willis of Abilene in 1955.

Nelson Wofford also set a new meet record by running the 220-yard dash in 21.5. Lockney's 440-yard relay team, composed of Clifford Hardy, Gene Handley, Wofford, and Williams, won first place in that event.

Other Lockney winners were: Bill Musser, third in mile run; John Hanst, third in discus throw.

Canyon won first in the meet with 27 points and Olton was third with 18 points.

Easter can occur any time between March 22 and April 25.

Mrs. J. M. Daniel Buried Monday

Floydada. — Funeral services were held at 3 p. m. Monday in Floydada First Methodist Church for Mrs. J. M. Daniel 58, who died in People's Hospital here at midnight Saturday following a one-year illness.

The Rev. Tilden B. Armstrong pastor, officiated, assisted by the Rev. T. W. Condon Jr., pastor of the Presbyterian Church here. Burial was in Floydada Cemetery under direction of Harmon Funeral Home.

Mrs. Daniel was born Sept. 29, 1898 in Diamond, Ark. She married in 1919 in Plainview and moved to Floydada from Tulla in 1936.

Survivors include her husband; one daughter, Mrs. John Kaizer, Lubbock; one son, Don M. Floydada; one brother, Aubrey E. Hanks, Albuquerque and four grandchildren.

PLAN BEFORE YOU PLANT

Make sure your landscaping plans don't call for putting any long-lived shrubs where you ultimately may want to place air conditioning equipment. Whole-house air conditioning is growing rapidly, and many types call for installation of part of the systems in cabinets outside the dwelling, usually at the nearest possible spot to the central heating system.

Large Crowd Honors Teachers

Approximately 150 attended the Teachers Appreciation banquet last Friday evening in the High School Cafeteria with medals being presented to 17 local teachers and school employees representing 150 years of service to the Lockney school system.

A schoolroom atmosphere was evident throughout the banquet room with a large red apple on the wall back of the speakers table labeled "apple for the teacher." Centered on the same wall were slates with examples of "Reading," "Rithmetic" and "Rithmetic." Chimes from the center chandelier carried names of various school subjects. A large arrangement of yellow jonquils and forsythia centered the head table and were repeated in sprays along the center of the other tables. Placed at intervals along the tables were small slates with additional or comical pictures of the teacher.

Mrs. Nora Ayres, third grade teacher, has the longest record of service, 23 years, and was presented with a 20 year medal. Also the men's quartet, composed of A. P. Barker, Sr., J. D. Copeland, J. B. Seale and Cleatis Jeffcoat, sang "Let Me Call You Sweetheart" dedicating it to Mrs. Ayres.

Mrs. Clay Muncy, first grade teacher, was given a 15-year medal. Other medals were presented to F. M. Smith, high school principal, 9 years; Bobby Lu Casey, school secretary, 5 years; Mrs. Mildred Zeigler, high school English, 8 years; Mrs. Myrtis Cope, high school math, 7 years; McLee Brewer, vocational agriculture, 6 years; Mrs. Lue Brewer, fourth grade, 6 years; Elvin Lyon, assistant coach, 7 years; Weldon Dodson, junior high, 8 years; Mrs. Velma Cox, junior high, 9 years; Mrs. Marjorie Wood, fifth grade, 7 years; Mrs. Viola Conner, fourth grade, 6 years; Mrs. Aria Copeland, third grade, 7 years; Mrs. Imogene Myers, second grade, 9 years; Mrs. Nellie Brown, first grade, 7 years; Mrs. Alma Dutton, grade school principal, 11 years.

Supt. H. H. Nicholas presented medals to Mr. Smith and Mrs. Dutton. The three principals including C. H. Cheves of the junior high, then presented the medals to their respective teachers.

The affair was sponsored by four local clubs, The Rotary,

Library News

For your reading pleasure "The Great Migrations" by George Blond is new in the library. This is an extraordinary book which describes the great animal migrations. It is divided into five sections—the flight of the Wild Geese, the impulsive journeying of the Herring and the Salmon, the wandering of the Buffalo herds, the march of the Locusts, and finally the suicidal migrations of the Lemmings.

A perfectly beautiful as well as fascinating book is "Ghosts Along the Mississippi" by Clarence John Laughlin. It contains the magic of the Old Houses of Louisiana, with one hundred photographs by the author. It is a vivid history, in word and picture, of the rise and fall of Louisiana plantation culture. Perhaps most important of all, it reaffirms the fact that true beauty cannot die; that in Louisiana, it can live even amid the great ruined houses, as well as among those which have been restored.

Presidents of the sponsoring clubs were introduced as were members of the school board and the retiring PTA president, Mrs. Burl Holt and the new president, Henry Ford Jr.

Charles Matthews, superintendent of schools at Plainview, was the speaker of the evening. He was introduced by S. Nicholas of Lockney.

Mr. Matthews reviewed the progress of schools, spoke of the future and the need for far-sighted planning and told of some of the rewards that come to a school teacher. His address was very informative and inspiring.

Mrs. Edward Babitzke, high school English teacher, led the group in singing the school song in closing the program.

Waco. — A BLOSSOM FOR CYNTHIA — All dressed up to celebrate March 20, the first day of spring, are these two happy - to-be outdoors youngsters who live at Methodist Home in Waco. Like all the rest of the 400 children at the Home, Bobby and Cynthia are busy participating in the many springtime activities on the Campus. And they are already anticipating their active summer vacation which will include all the fun from picnics to just plain romping in the sunshine.

But, regardless of picnics or plans, it seems that this young gentleman's springtime fancy, for the moment at least, has turned to thoughts of pretty little Cynthia.

Corene Whitehead Married In Calif.

Miss Corene Whitehead of Midland, daughter of Mr. and Mrs. W. O. Whitehead of Lockney, became the bride of Gerald G. Noblitt SN, son of Mrs. Stella Noblitt of Spartenburg, South Carolina, March 9 at 4:00 p. m.

Rev. Marvin D. Kilman of Bethel Baptist Church, Wilmington, Calif., read the vows at his home.

The bride wore a mauve suit, black accessories and a corsage of gardenias.

Attending the wedding were Mr. and Mrs. W. O. Whitehead, parents of the bride, Mr. and Mrs. R. H. Ford, all of Lockney, and Marvin Thompson FA, of North Carolina.

The bride is a 1955 graduate of Lockney High School and attended Watson Business College, Plainview. Following a short honeymoon Mrs. Noblitt returned to Midland, Texas, and will continue her secretarial position until Mr. Noblitt returns from overseas duty in August. He is with the U. S. Navy and assigned to the U. S. S. Black D. D. 666 on which he sailed Tuesday, March 12 at 9 a. m. The Lockney group were among the guests attending open house on the boat before the sailing hour. Refreshments were served and tours of the boat were conducted.

Mrs. H. J. (Doc) Blanchard and children of Austin and Mrs. Arthur Williams of Plainview spent the weekend here in the B. A. Thomas home. One of the Blanchard children, Adrienne, was in the style show sponsored by the El Progreso Club. Representative "Doc" Blanchard spent the weekend in Lubbock on business. He maintains a law office there.

Friends Surprise The G. A. McAdas

Mr. and Mrs. G. A. McAdas and Gordon Derrell were pleasantly surprised Friday night when Mr. and Mrs. Roy Handley came in with a group of friends from their church. The evening was spent in visiting and singing.

men will serve dinner for \$1.50 each. Those planning to go should contact Mrs. Brummett or write to Mrs. Hugh Eledge, Box 587, Sundown, Texas. Women from this area will meet at the A. A. Office at 7 a. m. and go together.

Mrs. Porter also announced the State T. H. D. A. meeting has been changed to July 31 running through August 2.

The year book committee is to meet April 15. Mrs. Brummett asked that all clubs discuss and get their ideas on the 1958 year book needs, in to the committee by that time.

Food training meeting is to be held at 2 p. m. April 8, at the A. A. kitchen. Club food leaders are urged to be present. If your club does not have food leaders, please send some one to get this training.

Floyd County will have the radio program on KFYO, Lubbock, Saturday, April 20 at 8:30 a. m.

Council voted to suggest two books as new material for the Floyd County library. Books which are along the line of demonstration work and will make excellent reference books.

Plans were made for a style show and tea to be held April 16 at 2 p. m. Place to be announced later. Club members taking the basic course in sewing will model garments made in club work. The public is invited.

Plans also were begun for the countywide 1957 swap shop to be held some time in May. Further announcement about that next month.

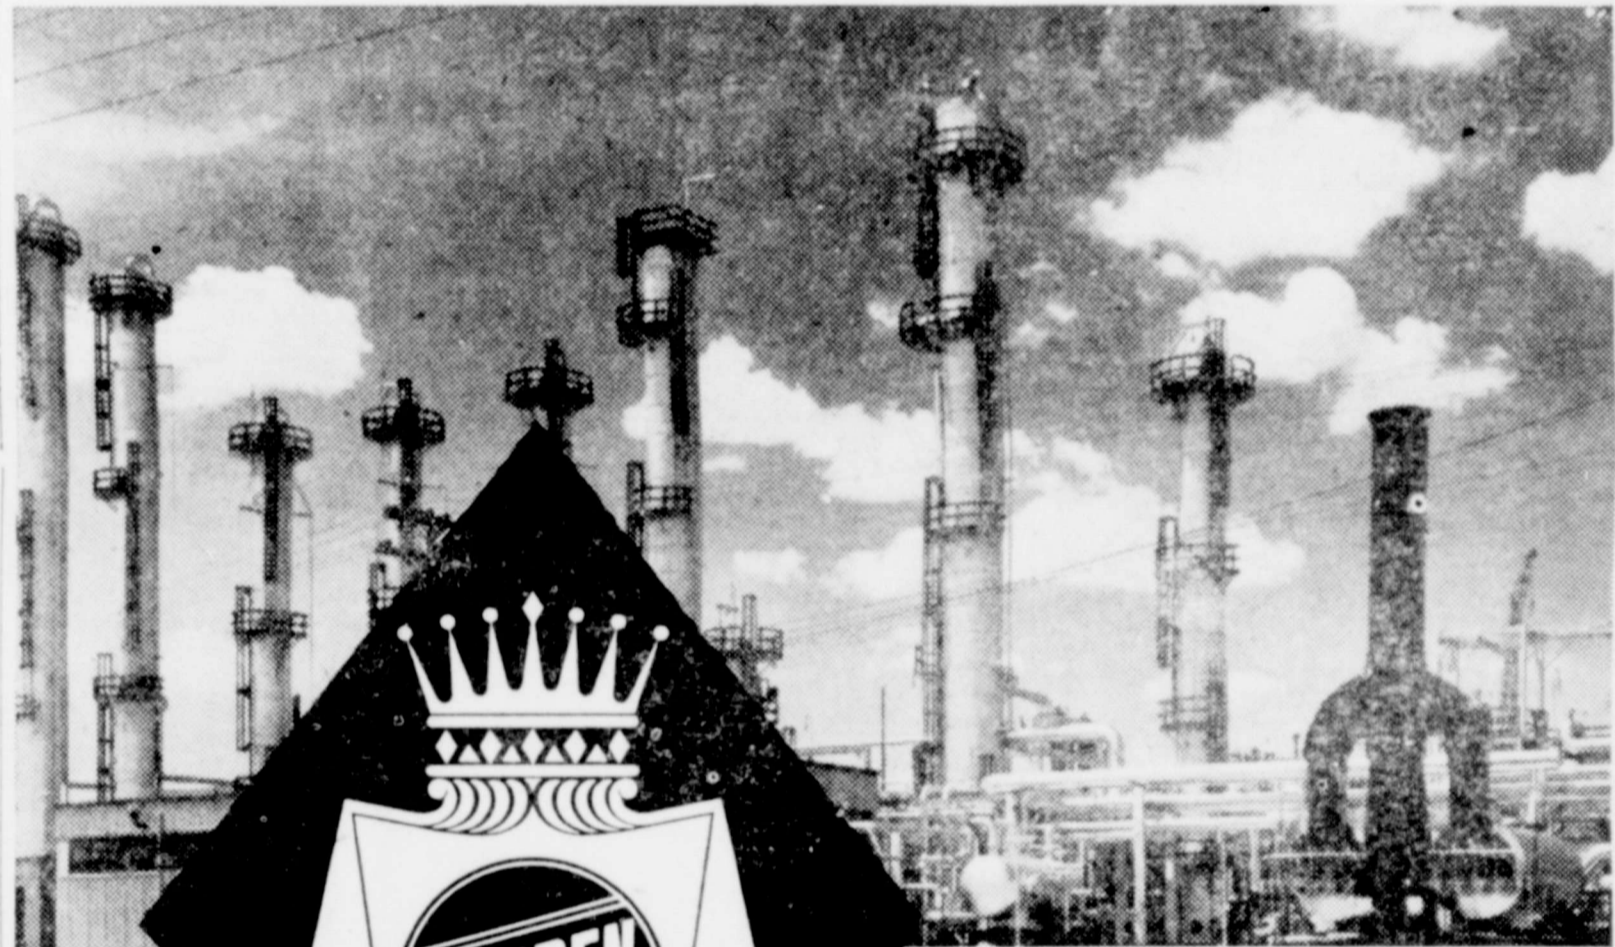

Letters were read from our T. H. D. A. and 4-H scholarship students, Barbara Thornton and Sharon Thompson. They expressed their gratitude for their scholarships and how much it means to them.

It was called to the attention of the council that persons have been working in this area soliciting money on the pretext of collecting for demonstration club song books. T. H. D. A. does not sponsor this kind of solicitations. So if you are approached, you can be assured that they are not working for Texas Home Demonstration Clubs.

It costs Uncle Sam about one cent to make a dollar bill.

LOCAL DOCTORS WARN OF ENCEPHALITIS THREAT

Local physicians this week issued a warning that the Lockney community and this area may be faced with another encephalitis epidemic, even worse than the one last summer, unless stringent measures are adopted to control mosquitoes. Dr. W. J. Mangold and Dr. G. A. McClelland attended medical meetings at Plainview Tuesday night of last week and at Floydada on Wednesday night in which representatives of the State Department of Health explained control measures and urged that each individual as well as each community do everything they can to control the mosquito that carries the encephalitis germ.

Last year encephalitis in epidemic proportions hit the High Plains area. There were 346 cases in Texas, according to figures furnished by Dr. McClelland, and of that number 262 were on the High Plains. Floyd County was fourth in the state with the number of cases in relation to population. There were 17 or 18 cases in this county.

Others attending the meeting at Floydada were Mayor J. E. Cox, Supt. H. H. Nicholas, and Water Superintendent H. H. Mills. The group all came away convinced that control measures should be instituted at once.

Mosquitoes breed in standing water and if there are weeds in the water the place is especially bad about breeding. State officials estimate that 70% of the mosquitoes breed in lakes where water is standing. Control measures advocated by state officials urge those owning the lakes to first burn the weeds in the lake or drag them down with a cross tie or some heavy object while the lake is dry. Then a chemical known as Dieldrin should be spread over the lake bed, with one gallon of Dieldrin to each three acres of lake surface. This chemical was used in Lubbock County last year and was very effective, it was said.

State officials were not sure what effect the chemical would have on animals should they drink water from a lake where Dieldrin had been spread. Those wishing to use it should consult with someone who knows concerning this matter, it was said. In Lubbock County last year there were no reports of livestock losses due to the use of the chemical but its effect has not been definitely de-

termined. If the lake owner doesn't want to use Dieldrin then he may use 5% DDT in water, it was said. However Dieldrin will be the most economical poison to use in large areas, it was said. The probable cost would be about 25¢ per acre.

Householders should be careful about evaporative type air conditioners, because a great many mosquitoes breed in those. If the air conditioner drains on the yard, the drain hose should be moved frequently so that water will not stand long at a time. If the air conditioner is the circulating pump type where water stands in the bottom, then a table spoonful of household insecticides should be dropped in the water at least once a week to stop the mosquitoes from breeding.

Puddles of water, tin cans or any place where water at a time are potential breeding places for mosquitoes, the doctors said. They urged that each resident search his place carefully for any standing water and either drain the water or keep it poisoned so that mosquitoes cannot breed.

Another point of danger is in septic tanks, the doctors said. Owners should make sure there are no holes in the cover so that mosquitoes can get in and out and the vent on the tank should be covered with screen wire.

Encephalitis mosquitoes pick up the germ largely from birds and chickens, state officials say. There is no proof that they get the germ from livestock. Mayor J. E. Cox said that the city would buy a quantity of Dieldrin for use in the city and is planning steps to prevent mosquito breeding at the city sewage disposal plant south-east of town.

Cub Pack Meeting Thursday Night

A Pack meeting of all Cub Scout Dens will be held Thursday evening at 7:30 at the Scout Hut, it was announced this week by Cubmaster Thurman Davis. All Cub scouts will re-register at this time for the coming year. Parents are also invited to attend the meeting, Thurman said.

Clyde Applewhites Home From Hawaii

Mr. and Mrs. Clyde Applewhite arrived home Sunday after an extended vacation in Hawaii. They spent 10 days in Los Angeles where they visited Disneyland and many other points of interest before sailing for the Hawaiian Islands February 20.

The local couple spent most of their time in Honolulu on the island of Oahu and were impressed with sight of pineapple and sugar cane fields and the luxurious foods featuring fresh coconut and pineapple.

Among the small islands the Applewhites visited was Kaula Island where two villages were washed away by tidal waves a day or so after they returned from there to their hotel in Honolulu. A great deal of excitement was evident in the islands because of the storm and the return voyage was delayed six hours. They left March 9.

Dr. Ted Crager Is Banquet Speaker

Dr. Ted Crager, director of the Monterey High School Band, Lubbock, and member of the Lubbock Symphony Orchestra, was speaker for the annual Longhorn Band banquet held in the High School Cafeteria Thursday night at 7:30. Band members, Band Parents Club officers and other guests were among the 180 persons present.

Dr. Crager is the son of Mr. and Mrs. Arch Crager of Lockney, and attended Lockney schools. He spent his senior high school year in Plainview where he graduated. He is a graduate of Texas Tech from Columbia University, New York City. Dr. Crager is co-ordinator of secondary music in Lubbock public schools and has judged in several state band contests and performed with well-known symphony orchestras and Opera Companies. He is trumpet soloist for Lubbock Symphony.

Director Clyde Seaman was toastmaster for the banquet and Sunny Lawson, band president, gave the welcome. Sept. 11, H. Nicholas offered the invocation. Mr. Seaman presented appreciation awards to four graduating seniors, Frances Lemons, Kenneth Kendrick, Katie Rucker, and Kitty Ford, band major. Miss Ford was also presented a white gold bracelet engraved with her name and Lockney Longhorn Band, a gift from band students. Dr. Crager introduced two of his band students, Harlan Lankin, a twice state winner for bass solo and Ray Kirvilia, clarinet soloist, who played concert numbers. The program ended with moving pictures of the Longhorn band performances during football season and Monterey High School band performance in concert events.

Mrs. Milton Ashton, president of Band Parents Club expressed her appreciation to Mrs. Kenneth Wofford and band students who helped with the decorations and Mrs. Fritz Schacht and the foods committee who prepared the meal. F. F. A. girls and Junior high girls served.

"Rhapsody in Blue" was the keynote of the delightfully decorated banquet hall illuminated with indirect blue lamps and candlelight. Organ music recorded by Mrs. C. L. Record furnished the musical background. On the wall above the speakers table was a long blue music staff accented with silver notes. Blue notes covered with silver glitter hung from chandeliers. An arrangement of white stock adorned with miniature silver horns centered the speakers table.

Tiny blue sheet music noted in silver, rested on miniature silver music stands before each place. One sheet was entitled "High Note of Fun" and revealed the program. Another sheet was titled "Rhapsody of Food." Place cards were blue stand-up folders topped with silver horns tied with blue ribbon. Blue lighted candles stood in white styrofoam holders featuring silver-sprayed foliage. Miniature majorettes, a no drum major, all dressed in white and standing on styrofoam musical notes centered the table where Drum Major Kitty Ford and her majorettes were seated. Blue streamers extended from the figures to their respective places. Figurines in their likeness also marked the places of Band Director Seaman and masses Jann Wofford and Steve Barker.

Cattle Drift Way In Storm

Week end blizzard caused some 200 head of cattle, belonging to Wade Steele and Lee Francis in southern Briscoe County, to drift away. Steele said that the cattle had rounded up and returned by Wednesday. Steele said that the cattle would drift up to a fence, snow would pile up over fence and allow them to get out. Some of the cattle found scattered over northern Briscoe and northern County, mostly in the Star community he said. Calves and one cow found dead and three or more calves are still missing. The remainder have been hunted for.

Neighbors were very helpful in rounding up the cattle, Mr. Steele said. Some of them put cows and calves in barns or other shelter, and one man in his cellar and covered with an old quilt for protection against the cold. Mr. Francis and I surely appreciate the neighborliness and fullness shown by those who helped to take care of the cattle," Mr. Steele said Wednesday. "It was a mighty fine thing for a man to do during a storm and we surely appreciate every kindness shown. If it hadn't been for the help by neighbors we would have lost quite a few more."

Mr. and Mrs. Roy Handley plan to leave Thursday morning to spend a week visiting relatives in Luling, Texas.

RECORDS FALL FEET DESPITE

The fine Lockney Longhorn team tallied 31 points in first place in the second annual Longhorn Relays Saturday. Three shattered records another tied record were features of the meet. A blizzard, heavy snow, and gusts of wind reaching 60 miles per hour, and a field greatly hampered athletes and prevented records from being broken. Possible every record would have fallen had the day been clear.

Gene Handley of Lockney set a new broad jump mark of 19' 11". The old record of 19' 8" was set by Manny Connors in 1956. Matadally shot putters and discus throwers set two records. Rick Stafford heaved the discus 125' 5", topping the old mark of 123' 3" established by Althy's Connell. 200-pounder Phil Ellithorpe, all South Plains black, tossed the shot 48' 11", eclipsing the 47' 1/2" record set last year by Canyon's Rich Kirkham.
