But the fruit of the Spirit is love, joy, peace, long suffering, gentleness, goodness, faith.

IF BEING BUSY is indicative of a good town, Lockney is certainly one of the best small towns in Texas. Meetings, entertainments and events of various kinds vie with each other for attendance of the people of the community, sometimes as many as three in one night.

WE'RE PREDICTING that the present scandals in the labor organization will probably result in more stringent controls on unions and their finances. After all Congress has placed controls on every other big organization which allowed its operations to get out of hand.

SUCCESS nowadays is making more money to pay the taxes which you would not be paying if you had not made so much money already.

WHAT ON EARTH would a man do with himself if something didn't stand in his way?

THERE ISN'T any map which shows the road to success. You have to make it yourself.

BACKBONE can help you to success if the knob at the top isn't made of the same material.

FEDERAL AID TO EDUCATION

Whether we like it or not, indications are that federal aid to education is on its way. During the past few days the question, dormant for several years, has twice appeared on the local scene.

It first showed up in reports from the convention of school administrators in Atlantic City and, this week, was the topic of a newsletter released by Congressman Walter Rogers. At Atlantic City federal aid to education, although not endorsed by Texas school men as a whole, did appear to have the support of the other states. Mr. Rogers, who apparently does not advocate federal aid, predicts that some form of aid is sure to emerge from the current session of Congress.

Speakers at the national educator's meeting pointed out the fact that our schools are already receiving federal aid in the form of vocational aid teachers, manual skills instructors and through cafeteria systems. They also say that opponents of the plan should note that no effort has been made to gobble up the American educational system. All of which is true.

On the other hand, we had no limitations and controls on agriculture during the early days when federal aid merely

Dear Editor:
I see where a fellow in the writing business seems to think the \$72 billion budget would be a little smaller if it didn't include things like a new \$8,000 Cadillac for Senator Lyndon Johnson.

Which seems logical, and no doubt the Senator could go to and from around Washington on a bicycle.

But another way to look at it is that if U. S. taxpayers can afford to wet nurse King Saud who buys new Cadillacs in 5 dozen lots, we ought to be able to afford one only of these prestige indicators for our head Senator.

Crossroads, U. S. A.

FARM SUPPORT PRICES

Are you tired of trying to make our agricultural price support and surplus control laws successful when it seems they just won't work? Congressman Jamie L. Whitten, Democrat of Mississippi, explained his plan at a recent speech in Lubbock. There's nothing new to the plan — it's the old two-price system advocated for several years — but it makes more and more sense to us. The plan is essentially simple. Farmers would be guaranteed 100 percent parity on a proportionate share of their crop that would be consumed domestically. He could grow as much crop as he wanted to, but the rest would go on the world market at world prices. If there was no world market for a certain product, then the farmer and not the government would be stuck with the surplus. It is a "program that would let farmers farm the Congressman said. Our present attempts at giving the farmer a fair share of the national income seem to have failed. Perhaps it's time to try something else, and Congressman Whitten's plan may be the answer. — Crosbyton Review

CORN PROBLEMS

It seems that the corn growing states are positively unhappy about the program they voted upon themselves in the referendum allowed them last fall. But the question was loaded by the Sec. of Ag. before it was submitted. It was sort of like a "Free Election" in Communist lands, you either vote for the only candidate on the ballot or your ballot won't be counted. Corn producers voted for the choice of about thirty per cent reduction of acreage and support price of \$1.36 a bushel. Now it is generally conceded that few will comply with the program for the measly support price offered. The only penalty would be the farmers would have to sell in the open market. So they will try to double the scheduled acreage and follow the age-old principle of producing more and more as prices go lower and lower. — You Be The Judge in Crosbyton Review.

Long Ago In Lockney

April 7, 1927

Coach M. E. Nobles, athletic coach and principal of Lockney High School the past two years, has been elected superintendent and will leave at the close of the present school term to assume his duties there.

Lockney produce houses received 750 gallons of cream last Saturday proving the area is fast growing into the dairy business.

In the Mayor's race Tuesday T. Z. Reed led W. W. Angel by four votes. E. O. Baker was named City Secretary. The new City Council will be composed of E. Guthrie, E. L. Woodburn, A. J. White, H. P. Coleman, and J. H. Hoblaus. Retiring Aldermen are Burton Thornton and R. E. Thornton.

The Ukelele Club will appear on the program of the District meeting of West Texas Chamber of Commerce at Crosbyton today. A number of Lockney citizens are expected to attend. In a full-page advertisement in this issue of *The Beacon*, Lockney merchants announce they will give away a new Ford touring car. Lucky ticket holder will be the winner.

April 6, 1945

A letter from Elbert C. Phillips written to his parents, Mr. and Mrs. E. E. Phillips, Lone Star, is carried in this issue of *The Beacon*. Mr. Phillips was wounded during the hard fighting in Belgium in January and is now in a hospital in England. He says he and Hugh Nance were pretty close to each other in the battle of Bastogne but the break-through prevented them from locating each other.

Metropolitan Opera Stars

State's oldest and third dairy show, now in its 13th year, will be held on the 13th and 14th at the show in Plainview.

Intercollegiate Dairy Judging Contest drew comment and attracted some 8 college judging teams from all over the state for this year's Intercollegiate Dairy Cattle Judging Contest. The contest will be held at the Agricultural Education, Agricultural College, L. M. Hargrave, Associate Professor, Agricultural Education, Texas Technological College.

1956 some 65 4-H and FFA teams were represented in the dairy show involving approximately 200 high school students.

Another division which draws a great deal of interest is the Dairy Products Judging Contest which was won by the Henderson High School Vocational Agriculture team last year. Superintendent of this contest is Milton Peoples, Dairy Department, Texas Technological College.

President Marion Bruce, Amarillo, Texas, stated that he expects the entries this year to exceed last year's entries and to the fact there had been a definite increase in dairy tie the past year.

President Bruce stated that the official judge for this year's show will be Dr. I. W. Rupel, Dairy Husbandry Department, Texas A & M College, College Station, Texas.

The show is opened to breeders of the state of Texas, New Mexico and Oklahoma, and a general registration of 400 head cattle is expected.

Above, Jussi Björling and Patrice Munsel. Below, Renata Tebaldi and Leonard Warren.

These are four of the train load of celebrated singing stars, conductors, orchestra, chorus and ballet to be brought from New York for Dallas' civic-sponsored Metropolitan Opera season in State Fair Auditorium May 10 to 12. The Dallas Grand Opera Association, composed of 135 civic leaders, has opened offices at 1315 Elm St. to receive reservations from Southwestern opera lovers for the four gala performances. The season and its illustrious stars will be: May 10 evening, "Il Trovatore," with Zinka Milanov, Jean Madeira, Kurt Baum and Leonard Warren; May 11 matinee, "La Bohème," with Lucine Amara, Laurel Hurley, Jussi Björling and Frank Guarrera; May 11 evening, "La Traviata," with Renata Tebaldi, Giuseppe Campora and Ettore Bastianini; Sunday, May 12, matinee, "La Perichole," with Patrice Munsel, Cyril Ritchard and Theodor Uppman.

METROPOLITAN TELEPHONE NUMBERS

Coming to
LOCKNEY

CITY TO GET NEW NUMBERING SYSTEM FOR ALL TELEPHONES NEXT JULY

ALL LOCKNEY telephone numbers will be changed next July to the Metropolitan Telephone Numbering System. This means that your telephone number will have two letters and five numerals.

The change will be a major telephone improvement for Lockney. The new plan, with numbers requiring seven turns of the dial, is needed so that numbers here will conform with a nationwide numbering plan. This plan is designed to increase the speed and efficiency of your long distance service.

Generally, the last four numerals of your telephone number will remain the same, but they'll be preceded by a central office name and numeral, OL dfield 4. You'll dial the first two letters of the central office name, followed by five numerals.

For example, number 2202

will become OL dfield 4-2202, and you'll dial O-L-4-2-2-0-2.

For technical reasons, a few telephone numbers may have to be changed entirely. A new edition of the telephone directory — listing all the new numbers — will be delivered just before the metropolitan numbers go into use.

We will keep you informed about the progress of the numbering change as work moves ahead, and we will let you know what your new number will be as early as possible.

Next door to Federal Bldg.

AN ARCHITECT'S drawing of the new Lubbock Christian College building is shown here. Construction will start soon on the first building for the new college.

Construction to Begin Soon On Lubbock College

With approximately \$750,000 now subscribed to the Lubbock Christian College Development Fund, work will soon begin on construction of the first building. It will cost about \$671,000. The new school will be located on a 160 acre site in Lubbock on 19th Street just west of Chicago Avenue.

This building will be 350 feet long with a four story tower area which will house five levels of book stacks. It will also contain the Administrative offices of the school, a reading room sufficiently large to accommodate 300 students at tables, a chapel and study, and 17 classrooms and laboratories. Seven hundred students can be accommodated.

The school will open next September 23 at which time registration begins. It is estimated that the student population this fall will be around 240 with an increase by fall of 1958 to 500 and it is presently thought that within ten years 2,000 students will be in attendance.

Three men with Ph. D. degrees have been employed in administrative capacities as the two deans and registrar beginning this fall. Eight of the twenty additional faculty members have been employed and all will hold an MA degree.

Approximately \$500,000 was raised by the membership of the Churches of Christ in Lubbock. At the present time a solicitation is being made of the Churches throughout West Texas and the eastern section of New Mexico. \$250,000 has already been subscribed in these area churches with the program only about 30 per cent complete. It is felt that this phase of the campaign will produce in the neighborhood of \$600,000. A campaign is now being organized for an additional \$500,000 among business and industry in Lubbock making a total goal of the campaign effort of \$1,500,000. As soon as the additional money is available, two dormitories, a gym, and a student center will be erected.

Temporary buildings have already been moved on the site with full assurance that the school will open this fall.

Best wishes for a "Normal Year."
Sincerely,
Edna Wood.

The next meeting will be April 10 in the home of Mrs. Guy Sams.

Visitors in the Melvin Brock home Sunday were Mr. and Mrs. John Brock and Mrs. T. G. Kirkendall, all of Crosbyton. Mrs. John Brock and Mrs. Melvin Brock are twin sisters. They are sisters to Mrs. Kirkendall. The two Mr. Brocks are brothers.

Rainbow Silver Tea Scheduled Sunday

Lockney Assembly Order of the Rainbow for Girls will have a Silver Tea Sunday, April 7 in the home of Mrs. T. B. Mitchell.

Calling hours will be 2:30 to 5 p. m. The public is invited to attend.

Farewell Party Honors G. Harden

Glenda Harden was honored with a farewell party in the lobby of the Plains Hotel Monday afternoon from 4 to 5 o'clock. Hostesses were Miss Janice Boedeker, her mother, Mrs. Charlie Boedeker and Mrs. E. M. Quibe.

Glenda, an eighth grade student in Lockney Junior High, and daughter of Mr. and Mrs. Robert Harden of Providence community, left with her parents Tuesday to enter Scottish Rite Hospital in Dallas for an operation and treatment to correct weakness in her arms which resulted from an attack of polio some time ago. The parents have been assured the effects can be overcome. Glenda expects to be away about six months.

WEDDING PLANS REVEALED — Mrs. Eva Harper of Winnfield, Louisiana announce the engagement and approaching marriage of her daughter, Sue, to Johnnie

Wilson, son of Mr. and Mrs. John Wilson of South Plains. The wedding will take place April 21 in the home of the bridegroom's parents.

Aiken YWA Study Missionaries

The program for the Young Women's Auxiliary of the Aiken Baptist Church last Wednesday evening at 7:00 o'clock was interesting facts of the lives and activities of missionaries.

Carolyn Elam gave "Missionaries do the Most Unusual Things" and Frances Haile presented a sketch of the activities of missionaries among the Indians. Martha Hardee discussed missionary work with the Italians.

After the Y. W. A. song "O Zion Haste" Frances Haile, president, called the meeting to order with a Bible reading from the second chapter of Matthew. During the business meeting it was decided that each girl make a receiving blanket and contribute it to a Baptist hospital. The girls were divided into pairs as visitation teams in the interest of the second weekend revival. The

Layette Tea Honors Mrs. Gary Sandlin

Mrs. Gary Sandlin was honored at a Layette tea given Thursday, March 28 in the home of Mrs. Hershel Carthel. Calling hours were 2 to 5 o'clock.

Covered with a white hand-embroidered linen cloth, the refreshment table was centered with an arrangement of blue and aqua flowers backed with white candles in silver and crystal candelabra. Golden punch was served from a milk glass server and served with cake squares decorated in aqua and yellow.

Mrs. Warren Mathis and Mrs. Marion Cross presided at the table.

Hostesses for the occasion were Mrs. Francis Carthel, Mrs. Warren Mathis and Mrs. Hershel Carthel.

Teams will be responsible for bringing assigned people to the church.

Covered with white, the refreshment table was made attractive with Easter eggs and grass and centered with an Easter bunny holding an arrangement of sweet peas.

The hostesses presented the honoree with a gift and served refreshments to Vickie Cook, Jackie Lou Frazier, Ann Brown, Linda Gammage, Charlotte Taylor, Rita Marshall, Kay Martin, Laveta Jones, Jane Phillips, Kim Mickey, Karen Blevins, Inne Caldwell, Carolyn Harris, Kay Fickie, Terry Boedeker, the honoree, her mother and the hostesses.

Mrs. J. E. Scott of Beaumont and Mrs. J. I. Carroll of Littlefield spent last weekend here with their sister Mrs. Hershel Carthel. Mr. and Mrs. Carthel accompanied them to Littlefield Sunday.

Lowitt Named City Chairman

Appointment of Dr. A. E. Lowitt as city chairman for this area was announced today. The appointment was made by Wilburn S. Deel of Levell, regional chairman for the area. Dr. Lowitt will make the seventh year of the Texas Orthopaedic Association-sponsored Correct Posture Week in Texas. The purpose of the week, the sponsors said, is to stress to the public the importance of good posture and health and the relationship of the spine to good posture.

He recently completed a survey that at least 75 per cent of the people have imperfect posture of weight between right and left sides, the chief chairman said. Research Program Is Announced For High Plains Station

The crops research program at the High Plains Station of the Texas Agricultural Experiment Station was announced today by Dr. Johnny H. Davis, Associate Head of the Station. This phase of the program will be divided into three parts: (1) Experimental and observation tests in small plots. These will include many strains recently developed of which only a small quantity of seed is available. Most of this material will be planted in 22-foot single row plots to study its adaptation to this area; (2) Commercial varieties and hybrids in 4 row 100 foot plots and; (3) Field size areas of varieties and hybrids generally planted in this area to compare their productivity.

Crops to be tested are:
Grain Sorghum — 49 leading varieties and hybrids will be tested in 2 row plots 100 feet long replicated 4 times. 100 experimental varieties and hybrids will be planted in single row plots for observation. 7 or 8 leading varieties and hybrids will be planted in 10-15 acre field sized plots for comparison.

Cotton — 25 varieties of cotton will be planted in 4 row plots 100 feet long with 4 replications. Advanced strains tested to observe characteristics and production of strains which these breeders are developing for this area. 7 leading varieties will be planted in field sized areas of 8-10 acres to compare them on this larger scale.

Sesame — 50 strains of sesame including 5 direct harvest or non-shattering types will be compared in small plots. Renner No. 15, a non-shattering type, will be planted in a seed

Watching Weight? Here's How!

College Station. — Any weight watchers in your family? If so, you, the cook, can be a big help by planning and preparing foods to cut calories. Here are some suggestions offered by extension foods and nutrition specialists.

Use non-fat, dry-milk solids for cooking. Reconstituted dry milk solids heated and combined with vegetable liquors are good in soups.

Keep desserts simple . . . Serve fresh fruits or canned and frozen fruits packed in water or juice — not syrup.

Roast or oven or pan-broil meats, poultry and fish instead of frying in fat. Avoid "breading" and use of egg batters on foods. Trim extra fat from the meat.

Serve salad materials plain—or use low-calorie seasonings or salad dressings. These can be made with tomato juice, herbs and lemon juice or vinegar.

Prepare food without added fat, sugar or flour whenever possible.

Tempt appetites with herbs and spices instead of rich seasonings, sauces and grav-

SCHOOL CHILDREN are rescued by civil defense workers at Chattanooga, Tenn., from flood waters which had marooned their school bus. Even harder hit were the three states of Kentucky, Virginia and West Virginia, where 31 counties were declared a major disaster area and allocated \$900,000 in Federal Civil Defense Administration disaster funds. The money will pay for emergency restoration of more than 300 bridges, as well as temporary repairs to roads, schools, and other public facilities destroyed or damaged by flood waters. Changes Made In Army Reserve Enlistment Program

Major changes in the Army Reserve enlistment program will become effective on April 1, 1957, Major General Lewis S. Griffing, Chief, U. S. Army Military District, Texas, announced in Austin this week.

These changes will broaden the choice of selection for eligible young men and reduce the total time they are required to actively participate in the reserve. This reduction in ready reserve service is retroactive to enlistments or inductions after August 9, 1955. Most significant of these changes are as follows:

The eight-year enlistment plan for the 17-18½ year age group now requires a total of five and a half years for those entering six months active duty for training after age 18½, instead of the seven and a half years of reserve participation formerly required. The other alternative of the eight year plan for those entering active duty prior to age 18½ is three years ready reserve participation subsequent to the six months active duty training. This includes those who are delayed past age 18½ to complete high school.

Individuals enlisting after age 18½ will now be required to serve five and a half years as participating ready reservists upon completion of the required six months of active duty for training.

Farm Soc. Security Rules Are Changed

Rules covering farm workers under social security changed beginning January 1957. Mr. Hutton, manager of the Lubbock social security office, reminded farm employers today. Changes were included in recent amendments to the Social Security Act.

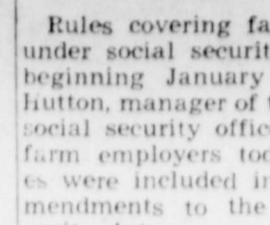

"If a farm employer pays a farm worker \$150 or more in cash during 1957, the cash pay is covered by the law," Mr. Hutton said.

"Also, even if the worker fails to earn as much as \$150 cash pay from a farm employer but works for that employer on 20 or more days in 1957 for cash pay figured on a time basis rather than on a piece-rate basis, the pay is covered."

The total number of days worked and the manner of figuring the pay do not count if the worker meets the \$150-a-year test.

Farm employers are required to keep accurate records of the amounts paid to farm workers who will meet either the wage or time test during the year. Their cash pay for 1957 must be reported next January.

Dear Editor:
I have been reading some history and note that times change and prices go up.

Back in the 1790s, the U. S. was paying \$83,000 a year foreign aid, or tribute, to keep the Barbary pirates in a good humor.

Nowadays, since inflation set in, foreign love and friendship costs more. We spend about \$5 billion a year now for same, or a slight price advance of six million per cent, and the product we are getting still has lots of bugs in it.

Training Union Study Course is in progress at the Baptist Church, Rev. Larry Faus, H. S. Calahan, Jr. and Mrs. Bryan Karr are teaching the books, "Shadows Over America", "It's Up To You", and "Highways To Health", at 7:45 each night through Friday. On Sunday afternoon, April 7, at 3 o'clock four deacons will be ordained at South Plains Baptist Church.

Mr. and Mrs. L. N. Johnson and children returned the middle of last week from a visit to their ranch at Westcliffe, Colo. There was no storm damage there, and not much moisture north of Trinidad. They saw many hundreds of frozen cattle east of Raton, New Mexico, on the TO Ranch. Big trucks were coming in to haul them away.

Elton Karr went to Brownwood, Texas, Monday to visit Howard Payne College Campus.

Rev. and Mrs. Larry Faus and children spent Friday in Lubbock, Friday night and Saturday in Lamesa with her parents, Mr. and Mrs. Lloyd Fincher and Irwin.

Mrs. Eva Harper, of Winnfield, Louisiana, has announced

the betrothal and approaching marriage of her daughter, Sue, to Mr. John Wilson, son of Mr. and Mrs. John Wilson of South Plains. The marriage will be performed in the Wilson home on Easter Sunday, April 21. The young couple plan to make their home in this community.

Mrs. L. T. Wood and Mrs. J. B. Smitherman attended District II THDA meeting in Levelland March 27. About 350 club women attended.

Mrs. Jeck Yeary is in Peoples Hospital, Floydada, following major surgery Thursday of last week. We are glad to report she is doing fine. Mrs. Rene Yeary and Mrs. O. R. Beard are keeping the children.

Dennis Deavenport was able to go home Thursday following an appendectomy at Lockney General Hospital last Sunday. He hopes to go to school next week.

Mr. and Mrs. Herman Thornton, Russell and Kay and Owen Thornton left Friday before the blizzard to go to Sterling, Colo., where Mr. and Mrs. Pete Thornton have bought farm land. They were caught in the storm and were hours making the last few miles to Sterling. They returned home about 4 a. m. Tuesday of this week. They also reported seeing countless numbers of frozen cattle and mountainous snow banks. They were mighty glad to be home after their experience.

Church attendance was around 90 Sunday morning. Visitors noted were Mr. and Mrs. Arthur Brown and Karen of Lockney and Kay Garrison and Delia Pugh of Silverton.

Mr. and Mrs. Ernest Smitherman and Larry returned Sunday night after visiting Mr. and Mrs. Enis Bishop at Stamford and her sister and husband, Mr. and Mrs. Homer Campbell at Haskell.

Mr. and Mrs. Donald McClure and Frank Wayne, of Houston, visited his folks, Mr. and Mrs. Frank McClure Saturday until Sunday afternoon.

Several from here went to Lockney Friday, March 29, at 2:30 to attend funeral services for T. Z. Reed, 91. He was an uncle of John Wilson of this community.

Mrs. Bob Burdette and Bob, and Mrs. Warren Stockton and son of Lubbock will be guests

FLDA Urges 7-Day Emergency Food Supply for All Families

The United States ever suffers from a lack of food, one of the basic problems of America's millions would be food, and how to get enough of it.

In the so-called good old days the family pantry generally was loaded with food—ready for any emergency.

TODAY, THE FEDERAL Civil Defense Administration recommends that every family keep a minimum of a seven-day supply of food in the home for instant use in an emergency. This has become known as Grandma's Pantry.

To estimate how much food is needed for seven days, multiply the number of persons in the family by the amounts shown in the adjoining list for one person. A two or three weeks supply would be more desirable. Foods listed are merely types recommended, not necessarily those which must be stocked.

The items kept on hand should be those staple groceries that are used in your normal pattern of daily serving. By following this plan rotation is no problem.

enough not to deplete your supply to an appreciable extent.

IF YOUR CHILDREN are young, decrease the amounts by one-fourth. If the children are infants, canned baby foods should be substituted for some of the other canned foods. And don't forget—be sure to plan for old people or invalids.

Another word of caution: check your "pantry" at least monthly, and rotate items regularly. Bottled water, for instance, should be changed every six weeks.

Essential items for your stockroom should include two gallons of water in jugs or bottles for each person, and three gallons for each child under three years old. You should also maintain a supply of salt and sugar, matches, fuel, cooking utensils, a can opener, and tableware.

You would also do well to have in your storage room a portable radio, flashlight, candles and holders, first-aid kit, blankets, pillow and garbage container.

On the lighter side, you might add a supply of games and toys for the children.

Suggested Pantry

MILK: One package of powdered, non-fat dry milk, and two 1½-gal cans of evaporated milk.

FRUITS: One 1½-lb. can each of two varieties of canned fruits.

SOFT DRINKS: Three cans of approved vegetable juice.

VEGETABLES: Six cans (approx. 1½ lb. each) of vegetables.

SOUPS: Four 1½-lb. cans.

MEATS AND MEAT SUBSTITUTES: Four cans (approx. 1½ lb. each) of your favorite items. Include cheese or peanut butter if desired.

CEREALS: Seven individual-serve packages of ready-to-eat cereals.

BREAD: The canned varieties.

CRACKERS-COOKIES: One box.

BEVERAGES: One small jar of instant coffee, one of instant tea, or a 1-lb. package of instant cocoa.

WHICHEVER: Family grades.

SOFT DRINKS: Twelve bottles.

SUPPLEMENTARY ITEMS: Sugar, salt, seasoning, candy tins that store well, chewing gum, and cigarettes and tobacco.

CAUTION: Store these items in Grandma's Pantry in a dry, cool basement or storeroom with a temperature range of 50 to 90 degrees for best results. Check your pantry preferably weekly for at least monthly and rotate items regularly. Use within six months. Bottled water should be changed every six weeks.

*What do you do
when you can't wait?*

COPYRIGHT 1956 W. E. SCOTT

WHEN A CRISIS COMES

- ... and you need a prescription filled at midnight
- ... or your plumbing starts leaking
- ... or your car won't start
- ... or you run out of clean shirts
- ... or when the cupboard or the baby is bare

DO YOU saddle up and take a day off to get the matter taken care of in the City, or do you write to a catalog house for help?

OF COURSE NOT. Likely you hardly recognize these and similar predicaments as crises.

Because YOU'VE GOT NEIGHBORS, right here at home . . . with their skill and their money invested in establishments able to take most of your troubles on their own shoulders so quickly

that you scarcely notice they are difficulties at all.

But HOW MANY skilled craftsmen, and good business men, and good neighbors, and good workers in civic and church affairs, and good taxpayers . . . how many of these have cut down their stocks, laid off employees, or left the country . . . because all you were buying from them was the things you couldn't wait to get somewhere else . . . and how many will leave in the future to go where your money is going?

*It Pays to Buy
where you Live*

YOU get everything that your money pays for . . . merchandise AND a trade-invigorated community to live in . . . when you buy from your home town merchants . . .

Pre-School Clinic Set For April 16

The annual pre-school clinic sponsored by the Parent-Teacher Association, will be held Tuesday, April 16 in the basement of the Methodist Church. The clinic will begin at 8:30 a. m. to noon and from 1:00 until 3:00 p. m. and is for all boys and girls entering school next fall.

Co-operating in the clinic free of charge, will be physicians, dentist, school nurse and school authorities of the city who will give of their time in the interest of healthier children.

All children of the district who will be six years old or will enter school for the first time next fall are invited to take advantage of this service to determine any deficiencies or abnormalities. If special attention is needed parents are advised to consult their family doctor or dentist. Parents will incur no obligation by having their children examined during the clinic.

CROSS ROADS REPORT

Dear Editor: I see where government now costs each U. S. citizen \$447 per year, whereas people in 1885 only spent \$1.98 for this item.

My old timer neighbor says we had pretty good government then, too, even at this bargain price, which also included free garden seeds.

But this new luxury type of government we are subscribing to now gives us lots of other conveniences. Such as making it unnecessary to worry about how much corn or cotton to plant or what to do with our old surplus money.

Soybean Meeting At Plainview Mon.

A soybean production meeting will be held at the new National Guard armory at the air port in Plainview next Monday, April 8th, it was announced this week. The meeting will begin at 10 a. m.

Featuring panel discussions both morning and afternoon, the sessions will go into the soybean situation completely from world markets to local production. Several Lockney men will appear on the panels.

George M. Strayer, executive vice-president of the American Soybean Association, will speak at 10 a. m. on "The World Soybean Situation." He is from Hudson, Iowa. Jerry Paul Cooper, Chester Mitchell and Bob Gibson of this community will appear on the morning panel discussion production.

The noon meal will be served compliments of Western Cottonseed Co.

School Committee Will Meet Monday

The Citizens School Committee, which has been working with the school board on problems confronting the local schools, will meet Monday evening at 8 p. m. in the high school cafeteria. Progress reports will be heard from each of the sub committees.

Dr. Emmett Smith, head of the teacher training division at West Texas State College, Canyon, will meet with the group.

Naturalized citizens of the United States are entitled to all privileges except that of becoming president.

President John McKee, center, of the Texas Scottish Rite Hospital for Crippled Children at Dallas tests out one of the new all-steel kitchen units made possible by a recent grant from the Ford Foundation. With him, left to right, is Robert Walls, 6; Melissa Evans, 5; Mrs. Alma Power, hospital superintendent, and Asher Mintz, secretary.

Mrs. J. A. Noland Funeral Held Mon.

Mrs. J. A. Noland, 76, passed away in a Hereford hospital Saturday morning, March 30 at 11:15 following a long illness. Mrs. Noland, whose home was at Summerfield, eight miles from Hereford, had been hospitalized since last December and had undergone two operations.

Funeral services were conducted Monday at 2:30 at First Baptist Church, Hereford. Burial was in Hereford cemetery.

Survivors include five sons and two daughters, all married; one sister, Mrs. Mary Rowland, Dallas; three brothers, Morris C. Nance, Plainview, Joel Nance, Lockney and A. D. Nance, Amarillo.

Among those attending funeral services from this area were Mrs. Wiley Nance, Bud and Mike Nance, Mr. and Mrs. J. D. Nance and J. D. Mr. and Mrs. Tom Nance and children, Mr. and Mrs. Conrad Henderson, Mr. and Mrs. Alton Noland, Mr. and Mrs. Joe Richard Noland.

2 Dillard Relatives Died In Past Week

Two relatives of Charlie Dillard of Lockney have passed away within the past week. They were his brother, John, an operating table in a Los Angeles, and a cousin, Floyd Love of Childress.

The California man passed away last Friday, March 29, on an operating table in a Los Angeles hospital. He had been ill for several years. He was only 40 years of age. Funeral services were held Monday in Los Angeles. The local Mr. Dillard and his step-brother, Vance Cook of Plainview attended the services.

John Lloyd was reared in Cedar Hill community.

Mr. Love died at Childress last Friday. He had also been ill for some time. Services were held Sunday at the Assembly of God Church in Childress. Attending from here were Mr. and Mrs. Bob Dillard, Mrs. Charlie Dillard and Joyce. He was a nephew of T. F. Love of Cedar Community.

IN HOUSTON

Mrs. Oren Cross of Lockney left Lubbock by train Wednesday night for Houston where she will go through M. D. Anderson Hospital Clinic. She expects to be gone a week or ten days.

The width of United States ships is determined by the Panama Canal, and the height by the Brooklyn Bridge.

Dear Editor: I see where the boys who organized congress this session gave some important committee posts to members who fitted for the job instead of just been there a long time.

But this is likely only a little dent in the Seniority System esteemed by congress, labor unions, etc. Time may yet come when nobody can ever get to be President without having Seniority as an inhabitant of the country.

Which might be as good and cheaper than holding elections, unless we let Seniority get the upper hand and come out with a 150-year-old alligator or a grey mule as President.

CARD OF THANKS

I wish to express my sincere thanks to those who sent me flowers and cards or who visited or expressed an interest during my stay in the hospital. I appreciate everything you have done.

WHISTLE WHILE YOU WORK

Housekeeping hours will be brighter if you use colorful mops for suds-and-hot-water jobs. Various gay colors are available in many types of cellulose sponge and cotton string mops.

Cost of developing a single oil-based agricultural chemical to the commercial stage is estimated at \$1.2 million. The time required averages about seven years.

Both the sea horse and the chameleon can move one eye without moving the other, and they can move both eyes in opposite directions.

"Some people are like blotters. They soak it all in, but get it backwards!"

CLEAN WINDOWS BRIGHTEN YOUR HOME

If things are beginning to look pretty dingy in your house, chances are your windows need a thorough washing on both sides. During cold weather you'll find it's easier to use one of those long-handled sponges or rubber blade gadgets. Then you can wash from indoors and reach the outside surface with the help of the gadget. Be sure your sudsy water is hot to begin with because the cold weather will cool it off in just a few seconds.

Machines, which depend upon petroleum for their lubrication and almost three-quarters of their fuel, now do 99 per cent of the work in this country.

Modern submarines can travel faster submerged than on the surface. They can fully submerge in less than one minute.
