## Minute Editorials

So that we may boldly say, The Lord is my helper, and I will not fear what man shall do to me.—Hebrews 13:6.

**WHAT STEPS** can be taken to reduce the number of tragic accidents such as the one Sunday which took the life of Lawrence Auld? From news reports Auld was apparently driving on the highway in a safe manner and in compliance with all traffic laws. Yet his life was snuffed out in a moment because of the carelessness of another. Perhaps strict mental examinations for drivers license would help. Many people would object, of course, to being forced to take a stiff examination every year but it is probably the only way to weed out those incapable of driving a car safely. And the safety angle demands that some steps be taken to improve the situation. Another step, one long advocated but little practiced, is stricter law enforcement. More highway patrolmen at better salaries is a must if highway safety is to be improved.

**HIGHWAY SAFETY** is greatly improved by four-lane roads but it will be years before all major roads can be built into divided sections. Every part that can be built will add to the safety record of the state. That is one reason this newspaper has backed, to some extent, the State Highway Commission's program of four-laning Highway 70 in western Floyd County. It will bring a hardship on some, it will disrupt the plans of others but it will, in the long run, save lives of people and that is more important than any other consideration. In our way of thinking, most every family has been touched, at one time or another, by the tragedy.

of traffic accidents. We feel sure that most people would favor any reasonable step that would reduce traffic accidents.

**IT IS HARD** to believe that some people would deliberately overpay their taxes but press reports say that is what is happening. In some sections of the country farmers who are about to retire are deliberately over-stating their incomes and over-paying their taxes so that they may qualify for bigger Social Security payments than they are legally entitled to. This is just another result of the national government's "cradle-to-the-grave" socialistic program which has as its ultimate goal the payment of pensions to everybody regardless of need and which will probably be the cause of the internal collapse of this country. The socialistic schemes of the bleeding hearts in our national government are ten times more of a threat to the nation than all the Communist agents in the world.

**HAIL STORMS** seem to be a thorn in the flesh which West Texas must eternally endure. It is hard for a man to get a crop almost ready for harvest and then see it completely destroyed by hail. Discouraging also is to have a nice stand of young cotton and then have it destroyed when it is too late to replant. But there is one condition that is worse, it seems to us. That is to live in an area where you must depend entirely upon rainfall for moisture and then to plant year after year to see the crops wither and die for lack of that moisture. We have storms and other things to plague us but this area is still the garden spot of Texas.

**A COMMITTEE** headed by Senator John F. Kennedy was given the difficult task of selecting the five outstanding Senators of past times. The selections, which have been almost universally applauded, include Henry Clay of Kentucky; Daniel Webster of Massachusetts; John C. Calhoun of South Carolina; Robert M. LaFollette, Senior, of Wisconsin, and Robert A. Taft of Ohio. Their portraits will be placed in special niches in a Senate chamber.

**SINCE 1950**, according to J. Edgar Hoover of the FBI, the crime rate has increased four times as fast as the population. He finds the increase in juvenile crime especially alarming.

#### SCHOOL PROBLEMS

If school patrons are getting what somebody thinks they ought to have instead of what they want, they can charge it up to the support which has been given the idea of centralization in school affairs for the past 30 years. The records of the voting done by the people themselves discloses that time after time they supported and put into office men whose avowed aims were a centralized, state-directed school system. Now we have it the state is paying the bill mostly. The man who writes the checks always has the last say. Newspapers, like The Hesperian, which looked on with amazement at what was taking place and said so, were seen as pipsqueaks who were not keeping up with the times. Since the majority of the people have said so time after time, they may be right. And have been accepting the overlordship with what grace we could because the voice of the people at the ballot box has been outspoken.—Floyd County Hesperian.

**ONE WAY TO CURB IT**  
Members of the 55th Texas

Legislature took the position that one way to curb juvenile delinquency was to make parents at least partially responsible financially for acts of vandalism committed by their youngsters. So the legislators passed a law making minor's parents liable up to \$300 for property damage caused by teen-age offspring. The lawmakers also passed measures providing a \$100 fine for traffic violations by young motorists 14 and up, and making it tougher for minors under 16 to obtain a driver's license. These measures may not prove a solution of the juvenile crime problems, but they will help. One reason juvenile crime has grown is because teenagers have been able to get by with almost anything under previous laws. Now that laws with "teeth" in them have been enacted, the situation may be somewhat different. This is particularly true of the measure making parents responsible for the misdeeds of their youngsters. Junior is likely to get more careful supervision if his parents know they will have to pay for damages he causes to other people's property.—Lubbock Avalanche.

#### SMALL TOWNISH

David L. Watson in the Deming (N. M.) Graphic is correct when he says: "Only the unlearned are hurt by a snub. Only those suffering from knowledge of their own inferiority ever offer snubs."

But he shows his complete lack of experience when he continued with: "The snub, bred of inferiority, is most often evidenced in very small towns where there are many very small people." The spot light of public opinion is constantly on the residents of small towns, therefore, they must walk circumspectly. The many "very small people" Editor Watson speaks of cannot endure this spot-light and move to the large cities where their inferiority can be in an asphalt jungle of confusion. I would rather a "small town" know my weaknesses and shortcomings and love me in spite of them than to hide the frustrations in the cities' large, cold, heartless streets of indifference.— Cecil Waggoner in Claude News.

**Dear Editor:** I see where there is considerable worry in Washington about the harmful effect that fall-out from H-bomb tests is liable to have on prosperity.

My suspicious neighbor says this is about the first time he has noticed anybody in Washington really showing honest concern for posterity welfare.

So he figures this official consideration is mostly due to fear that the fall-out scare will upset our bankers and damage posterity's credit rating so we can't charge any more high living to our grandchildren.

### Farm Exports On The Rise For Four Straight Years

College Station. — United States farm exports for the current fiscal year are soaring to a second level. Four straight years of export increases find 1956-57 values approaching 4 1/2 billion dollars — a full billion ahead of last year.

Several factors help this favorable situation. Competitive pricing of CCC-owned cotton and other products has done a lot for our export market and a generally strong financial position is now enjoyed by most of our customers. Extension Economist Alvin Wooten says there is also a growing desire abroad for the high quality products in US stocks. He stresses the fact that considerable progress has been made toward raising barriers against

imports from this country. The "sold out" sign has gone up on several commodities. Wooten says, including cottonseed oil, linseed oil and soybeans. Stocks of grain sorghums, rice, barley, butter and dried milk have been reduced and CCC wool stocks are being cut at a fast clip.

Exports for dollars are now being emphasized more and more. Dollar sales now total about two-thirds of all CCC disposals. Wooten says the 32 friendly nations now buying from America with foreign money will probably soon develop into dollar markets. A billion dollars in farm surpluses have been bartered for strategic foreign materials and vital defense needs, he says.

Wooten attributes much of the recent export success to better promotion tools. We now have top-notch agricultural attachés, marketing specialists,

### County Farmers Like Clover And Blue Panic Grass

E. G. Dunlap, a supervisor with the Floyd County Soil Conservation District, has a 30 acre field of sweet clover that is making excellent growth. This clover seeded in March of this year has reached a height of 15 inches already. The root system has penetrated to a depth of 13 inches already. This clover is characterized by a very distinct tap-root that will go down to a depth of several feet on many soil types. This is especially desirable as it enables water to penetrate the soil to the depth of the root system. This clover was seeded on acreage reserve land (bottom) and will be used as a green manure crop.

W. F. Sauls of the Fairmount community has 30 acres of blue panic grass that he is proud of. Mr. Sauls likes this grass because of its ability to withstand droughts, the fact that it is a perennial, and the way his livestock eat it. To quote Mr. Sauls, "as soon as I turn my stock out of the lot they make a bee-line for the blue panic." His plans are to seed more of this grass on his place.

Another satisfied cooperator using blue panic grass is L. H. Dorrell who lives in Floydada. Mr. Dorrell has a planting that is 7 years old. He likes this grass so well that he is making plans to seed approximately 300 acres of it. The grass he now has is on dryland and on a soil type that is highly susceptible to wind erosion. Mr. Dorrell states that the grass has done a good job keeping his soil from blowing and that it has withstood the drought in an excellent manner.

There will be several thousand acres of this grass seeded on land that has been put into the conservation reserve part of the Soil Bank program.

Soil and water conservation plans have recently been completed on the following farms: W. W. Nelson Jr. 86 acres. Sam S. Moore, 210 acres. Marvot C. Ross, 80 acres.

### Women Stronger Sex, Doc Says

Austin — It may come as a blow to the male ego, but the facts are indisputable: men belong to the weaker sex — not numbered, subtitled, and out-lived by the sturdier female.

Are women biologically more resistant to disease and death than men? Is the male animal shortening his life by greater aggressiveness, greater exposure to stress and disease, or by ignoring "the laws of health"? Can anything be done to reduce male mortality?

Male birth rates — 106 boys for each 100 girls — as well as death rates have always been higher than the female rate. It has long been assumed that women are biologically more resistant to disease, tolerating pain and illness better than men.

There are also striking sex differences in causes of death. Lung cancer kills six times more men than women. The male peptic ulcer rate is four times as high, and tuberculosis and syphilis are twice as high. Three times more men than women commit suicide or are murdered. The odd thing is that higher male mortality, compared with females, extends to most animal species as well as to humans.

If differences in longevity of men and women were due solely to female biological superiority, the difference in death rate should remain constant. But instead, the female death rate has actually declined more rapidly than the male rate. In 1900 the white American female averaged 1.9 more years of life than her male counterpart. In 1953, she was living 7.2 years longer than the male.

Men are helping shorten their own lives. They have insisted on carrying greater responsibility and have had to develop aggressiveness to meet that responsibility. Result: more worries, more stress, more contact with disease and physical dangers.

Women, on the other hand, are more likely to release pressure through tears, rest when they feel poorly, consult their doctors early when ill, and follow medical instruction better than men.

Much can be done to reduce excessive male mortality. One investigator has suggested a nationwide inventory of the physical, mental, and emotional assets and liabilities of men in preparation for intensifying the attack on accidents and occupational diseases and the research into cardiovascular diseases and cancer.

Alleviating the stresses of competitive living in a materialistic age requires that the fragile male be continuously instructed in the laws of health and encouraged to follow them.

### CROSS ROADS REPORT

Dear Editor:

I note that our congressmen in Washington are taking the cry for economy very seriously and trying to save money here and there but they are not going to let this warp their good judgment.

For instance, some advocates of false economy wanted to replace a side door on the House Office building with a cheap \$2,000 door, but they voted to buy a better grade \$8,000 door.

After all, an ordinary taxpayer-type door would look sort of out of place in the House's \$16,500-a-year door-opener.

## A Masterpiece in the Flower Kingdom

The orchid is a flower of great beauty! It is recognized by horticulturists as a masterpiece in the flower kingdom, and reaches maturity only after seven years cultivation.

Physical beauty is the only requirement the orchid must fulfill to assume its place in the world. It is otherwise a soulless botanical specimen.

The botanist who cultivated this flower also possessed a son, and as the orchid approached maturity so also grew the child. The flower and the child were the objects of his greatest pride and affection. While his success with the orchid was certain, he failed in the great-

est responsibility of his life—the training of his son.

The father's failure was caused by his inability to see the all important difference between the soulless flower and the immortal soul of his son. He thought only of the physical and mental prowess of his boy and thus neglected the child's greatest potential heritage—spiritual development. He had forgotten there was a Church! He had forgotten God!

The Church offers guidance and help to parents in the training of their children. Every parent and every child needs the sustaining strength of the Church.

### THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## Garden Club Meets In Floydada Home

The Lockney Garden Club met Friday morning, June 20, at 9:30 at the G. V. Smith home in Floydada. Members and guests were seated in a day lily setting of Mrs. Smith's flower garden.

Mrs. Frank Roberson presided during the business meeting while leader was Mrs. T. B. Mitchell. Roll call was answered with "My Favorite Lilly."

Mrs. R. E. Patterson spoke on Day Lillies for Summer Brightness and Lillies Bring New Life to Summer Gardens was discussed by Mrs. C. D. Merrick.

Mrs. Smith served refreshments of coffee cake and fruit punch to her guests.

Members attending were Mmes. G. C. Appiewhite, Arthur Barker, Sr., Henry Ford, Sr., N. E. Greer, Dale Lacey, C. D. Merrick, T. B. Mitchell, R. C. Mitchell, Alex Norris, Roy Patterson, Tom Rankin, Frank Roberson, Kelton Shaw, Robt. W. Smith, A. O. Winsa, Austin Meriwether, Jay McPherson, L. A. Cooper and Carl McAdams.

Floydada guests included Mmes. E. A. Roberson, R. E. Fry, Guy Ginn, and H. R. Bond.

## Mrs. Harris Hosts Joint Club Meeting

Mrs. Clark Harris was hostess for a joint meeting of the Pollyanna Club and the Pleasant Valley Club in her home Tuesday afternoon at 2:30.

Mrs. Jim Willson, Jr., Floydada, gave a very interesting review of The Believers. Mrs. Harris served her guests cake, ice cream and lemonade.

Mrs. Flora McNeill, Floydada, was a guest for the afternoon.

Pleasant Valley club members attending included Mmes. R. C. Mitchell, Vernon Gross, Harmon Handley, Weldon Smith, Murrett Dorsey, Bob Henry, Raymond Buckner, Ray Aston, Ray Mills, Bob Muncy and hostess, Mrs. Clark Harris. Pollyanna members were Mmes. J. D. Wood, Olson Allison, Pont Darnell, Ernest Tannahill, Lloyd Wofford, Cleatis Jeffcoat, Lester Carter, Valco Thomas, Leon Wofford.

## RETURNS HOME

Mrs. M. H. Ragle returned home Saturday morning after spending the past two weeks visiting with her daughters in New Mexico. They are Mrs. Clay Hester, Santa Fe, and Mrs. Milton Smith, Mountain Air. While in Santa Fe she attended the wedding of her granddaughter, Dian Ragle, whose parents are Mr. and Mrs. Paul Ragle.

## CARD OF THANKS

We are deeply grateful to our friends, neighbors and acquaintances for the food you brought, your expressions of sympathy, the flowers and the many other kindnesses extended to us during our bereavement. May God bless each one of you. Stanley Yearger and family.

## Taylor-Hollums Vows Read Recently

Miss Helen Taylor and Walter Don Hollums were united in marriage recently in the Joseph H. Hill Chapel, Canyon. She is the daughter of Mr. and Mrs. Paul Taylor, Spearman, and his parents are Mr. and Mrs. Walter Hollums, Floydada.

Rev. H. Doyle Ragle, pastor of the First Methodist Church, Canyon, read the double ring ceremony June 9 at 3 p. m.

Joe Mack Hill, Spearman, played piano selections, "I Love You Truly," "Tenderly" and "I'll Never Walk Alone" as a prelude to the ceremony. Miss Judy Davis, also of Spearman, was accompanied by Joe Mack as she sang "Wonderful One," "If I Could Tell You" and "The Lord's Prayer" in benediction as the couple knelt.

The white satin altar was flanked on either side with large baskets of white gladioli. A white satin kneeling bench centered the scene which was lighted by white tapers in candleabra. Satin ribbon bows marked aisles.

Maid of honor was Miss Sherry Cates, Spearman. Miss Estelle Parrish, Spearman, was bridesmaid. They wore identical dresses of pale blue crystalline. The ballerina-length frocks were fashioned with full gathered skirts attached to pointed bodices. They were complete with short sleeves and oval necklines. Attendants carried nosegays of blue and white feathered carnations with white satin streamers.

Donnie McGowen of Midland was best man; groomsmen was Jerry Holmes, Lockney. Serving as ushers were Jobny Campbell, Spearman; Jimmy Rankin, Eudora, Arkansas; Carlos Garner, Muleshoe; Buck Ford, Lockney.

The bride, given in marriage by her father, wore a full-length dress of white crystalline. The bodice was fashioned similar to those of the attendant's dresses and from it stemmed a bouffant four-tiered skirt. Her finger-tip veil of illusion was attached to a satin brocade hat adorned with pearls. She carried a white Bible topped with white roses and showered with streamers tied in love knots.

For her honeymoon to New Mexico, the bride chose a blue, princess-style silk dress with white accessories and white corsage. They are now living in Canyon at 1905 B. Sixth Ave.

Mrs. Hollums is a graduate of Spearman High School and he, a graduate of Lockney High School. Both attended West Texas State the past year. He will be employed by the Texas Highway Department this summer before enrolling in Texas A. & M. College in September.

## Eastern Star To Meet Monday

The Lockney Chapter, Order of the Eastern Star, will hold a regular meeting Monday evening, July 1, starting promptly at 8 p. m., it was announced this week by Mrs. Jim Bert Bobbitt, W. M. The meeting will be in the local Masonic Hall.

OFFICE SUPPLIES at The Beacon Office.

MRS. DON HOLLUMS

## 4-H Dress Revue Entrants To Meet

All girls planning to enter the 4-H Club dress revue August 9 are asked to meet with their leaders Tuesday at 1 p. m. in the home of Mrs. Fred Cooper.

They are requested to bring material and patterns to be used in making the dresses. Material should not be plaid nor striped. Only the advanced girls will be permitted to make dress-up or party dresses.

For more information, please contact Mrs. Fred Cooper at 3770.

## REUNION AT CISCO LAKE

The Ballard family reunion was held last week end at Cisco Lake near Abilene. All eleven children were present with the exception of one son, Mrs. R. W. Johnson and Mrs. Jessie Harris, two of the seven sisters, attended from Lockney. Also Mr. and Mrs. Bill Ballard and Mr. Johnson.

Mr. and Mrs. Clyde Hill spent last weekend in Amarillo visiting with friends and relatives. They spent Saturday night in the E. C. Davis home. They also were guests in the home of Mr. Hill's sister, Mrs. Jack Barnett, and her family.

## United Chest Funds Allotted, Talk Campaign

Floydada — Floyd County United Chest fund drive fell short of its mark in the 1956 drive by more than \$1,000.

With a goal of \$11,000 the chest expected to meet its obligations to Red Cross (\$3,200); Boy Scouts (\$3,500); Heart Association (\$1,000); Salvation Army (\$2,300.80); and USO (\$250).

The combined total of these came to \$10,450.00 and the balance between this figure and \$11,000.00 was to be an operating surplus and take care of campaign expenses and publicity.

Report from campaign chairman J. M. Willson Jr., and treasurer W. J. Adams shows that the county had only \$9,176.40 as of last week.

Of this some \$2,750.00 was raised by Lockney and the north half of the county, \$6,426.40 came from Floydada and the south half. The Floydada fund was originally \$6,494.00 before paying expenses and other operating costs for the entire county.

Faced with the shortage of funds and the need of paying off pledges to the participating agencies, the campaign chairman and treasurer divided what was on hand in the following manner:

Red Cross received \$2,936.45, and this same amount also went to the boy scout fund. Heart Association received \$972.70 and Salvation Army \$2,330.80. USO was left out. A quota of \$250 had been asked.

Willson said the volunteer workers he had talked with were disappointed to see the chest fall short as they did not want the county to have to go back to the multiple drives put on by individual charities.

Many around town seem to favor a division of the county as an answer to the problem. Most all rural communities have been doing a good job of fund raising and it was felt that Floydada could meet its quota.

Some proposed to divide the county into north and south half and set up a quota for each or to allow each community to join with the group with which it preferred to work and thus set up a goal in that way.

Most volunteer workers who have been willing to give time to the drives feel that separate drives drag through the entire year and work a burden on those who serve. They also fear that the shortage of funds will cause member agencies of the chest to withdraw.

The problem will be worked out in some manner in the next few weeks. 1957 fund drive campaigns for most organizations in the United Chest have already been held in other counties. The usual date for the united drive in Floyd County is in the late fall and early winter.

## LYNN REUNION

Mr. and Mrs. M. D. Lynn, Mr. and Mrs. Bruce Lynn, Mr. and Mrs. Sammy Lynn, Lockney, Mr. J. B. Lynn, Mrs. A. D. Wilson and Jimmy Ray Bowland, Los Alamos, New Mexico, attended the Lynn family reunion in Ft. Worth Sunday. The local families also visited in Deatur and Lewisville over the weekend.

## CARD OF THANKS

We are deeply grateful to our friends and neighbors for the many cards, calls, flowers, the help you gave and the many other offers of help extended us during Mr. Foster's illness. We appreciate every kindness. Thanks to every one of you. Mr. and Mrs. E. J. Foster.

## Jean Wofford Ho "Exciting Time" Girls State Meet

Jean Wofford, daughter of Mr. and Mrs. Kenneth Wofford, spent the "most exciting time" of her life at the Girls State in Austin recently. She reported on her return last week end, Jean was sponsored by the Lockney chapter of the American Legion Auxiliary.

She won several honors during her stay at the state. On Thursday night she won first place in the talent show among the some 40 girls entered. Her performance was given a medal for excellence. She was elected representative of the city government and councilman in the city government.

The girls studied and practiced the Capital building practices also.

On Sunday afternoon an auguration of officers was held along with another program which was shown on Texas television. She will view either Tuesday night next week or the following Tuesday night. She was one of a group of five girls awarded a badge on the program.

Sessions were held at the School for the Blind in North Austin. Some 40 girls attended.

Mr. and Mrs. H. C. Griffiths, their son, J. Griffiths and wife of Lockney returned Monday from a visit with relatives in California. They visited another family in San Diego, Calif., also visited in Los Angeles. Knott's Berry Farm and points of interest.

Noah was 600 years old at the ark was completed.

## Mrs. Stanley Yeager Dies Sunday Eve

Mrs. Stanley Yeager, 64 years of age, died at the Medical & Surgical Hospital here late Sunday evening some two hours after she was admitted. She was believed suffering with a heart ailment.

Funeral services were scheduled for Wednesday to be held at Randolph, Texas, her former home. Burial was to be at Randolph also.

Mrs. Yeager had been ill with pneumonia and complications for some two or three weeks. She was thought to be recovering, however, until Sunday evening when her condition suddenly became worse and she was rushed to the local hospital.

Mrs. Yeager was born January 9, 1893. She and her husband came to Floyd County early this year from Randolph and he is employed at Paymaster Farm. She was a member of the Alken Methodist Church.

Survivors include her husband, five sons, Lewis of Archer City; Joe, serving with the Navy and stationed in Cuba; Richard, of Waco; Lee and David of Dallas; one daughter, Mrs. Floyd Treadway, Fort Worth; two brothers, Ed Carver of Randolph and Dennis Carver of McKinney and 13 grandchildren.

Carter Funeral Home of Lockney was in charge of arrangements.

## DUNLOP "MATCHED SET" SAFETY

**AccuRay** — a new peacetime atomic process that measures thickness and uniformity, now puts "Matched Set" Safety into Dunlop tires. This means that every tire in a "matched set" of four has equal strength, balance and safety features. No overweight tires to run hot, break down, blowout. No fear of ply separation and premature failure from underweight tires. With four Dunlop tires... MADE TO MATCH... you'll get greater safety, longer service on every wheel. And, because Dunlop tires are more uniformly balanced, you'll enjoy positive steering control, a smoother, more comfortable ride. Be sure your tires are "matched" by Dunlop... at no extra cost.

## New Two-Letter Five-Numerical Numbers Are For National Dialing

When the Lockney telephone exchange is changed over to a two-letter five-numeral plan at 1:01 a. m. on July 7, it will be for the purpose of nation-wide dialing but local telephone subscribers will not be able to dial directly on long distance for possibly two years, telephone officials said this week.

Eventually, however, the local subscriber will be able to dial directly to any one of 30,000,000 telephones in cities throughout the United States and Canada. J. C. Oakley, local manager, said. Long distance calls over the dialing network, once it is in operation, usually will be completed in 45 seconds or less.

According to Oakley, the two-letter and five numerical telephone numbers simplify the operator long distance dialing system. Eventually every telephone in the United States will have a similar two letter five-numeral number.

The Lockney telephone exchange will have the prefix of Oldfield "4", so that, in most cases, local numbers will be OL 4 plus the present four digits. For instance The Beacon's number will be OL 4-3318.

When questioned concerning the selection of the prefix Oldfield for Lockney, telephone men said that it was selected to fit into the nation-wide scheme. There will be other Oldfields in the nation but they will be in a different zone and the three-figure zone number will precede the two-letter, five-numeral numbers. In other words when dialing as far away as Dallas under the nation-wide network, it will be necessary to dial three figures, two letters and then five more figures.

It was pointed out that these prefixes are selected from a 24-letter alphabet. The letters "Q" and "Z" are not on the telephone dial and words containing these letters cannot be used as prefixes.

### Search For Farm Bureau Queen Is Now Underway

The pleasant process of scouting the Texas countryside to find the fairest and most charming young farm or ranch girl to receive the title of "1957 Texas Farm Bureau Queen" has begun.

The search — already under way in some counties — will culminate with the crowning of the queen Nov. 18 at the state convention in Dallas. The winner will attend the American Farm Bureau Federation convention in Chicago the following month with all expenses paid.

Purpose of the contest, according to the queen contest committee of the TFB Board of Directors, is "to give recognition to the farm and ranch girls of Texas." The rules provide that this is to be "an honest-to-goodness queen contest," with the contestants to be judged on "grace, poise, charm, vivaciousness and all the other qualities that go to make up winsome Texas future homemakers."

Any daughter or sister of a Farm Bureau member actively engaged in agricultural production is eligible for participation. She must be single, age 16 to 22, and to enter district eliminations, must have been

### Betty Vernon Visits Naval Hospital Ship

Betty Vernon, daughter of Mr. and Mrs. R. B. Vernon of Lockney and a student nurse at Harris College of Nursing, Fort Worth, was among a group of 30 student nurses from hospitals in Fort Worth, Dallas and Oklahoma City who visited U. S. Naval medical facilities on the West Coast recently.

The nurses made the trip as guests of the U. S. Navy, leaving Fort Worth by plane on June 12 at 8:30 a. m. and arriving at El Toro, Calif., at 5 p. m. the same day. The group visited the U. S. Naval Hospital in San Diego Thursday morning and the Naval Corps Training School facilities that afternoon.

On Friday they went to Los Alamitos, then to Long Beach where they went aboard the U. S. S. Bremerton, one of the largest combat ships in commission. On Friday afternoon they went aboard the U. S. S. Haven, the only U. S. Naval Hospital ship in commission.

Also while in California the girls visited Knotts Berry Farms, Disneyland and the Ghost Town in Beuna Park. They left El Toro by plane at 3 a. m. June 15 and arrived in Dallas at 4 p. m. the same day.

Miss Vernon was chosen as one of the two nurses from Harris College to make the trip. In addition to other thrills, the girls appeared on television several times.

### GO TO CHURCH SUNDAY.

in a county queen contest with at least two participants.

Not eligible to enter are former state winners and daughters of employees, state directors, county presidents and secretaries.

Communities in participating counties (counties must have at least 25 members to participate) will select community queens who will vie in county eliminations. Winners of the county contests will compete in district eliminations prior to Sept. 1. The 13 district winners and an attendant for each will receive an expense-paid trip to the state convention, courtesy of the Texas Farm Bureau, to compete in the finals.

The state Farm Bureau queen and her matron escort will be allowed \$500 for expenses to the AFBF convention. Runners-up will receive beautiful wrist watches.

Last year's TFB queen was Joann Vaughn, daughter of Mr. and Mrs. Marshall Vaughn, of Tulla, Swisher County.

### Unfavorable Bond Market Stops Vet Land Program

Austin — "Over 20,000 Texas veterans are victims of an unfavorable money market." This statement was made by Land Commissioner Earl Rudder in answer to inquiries concerning progress in processing applications to purchase land under the Veterans' Land Program.

"So far, we haven't been able to sell our bonds, the commissioner continued. "When a second \$100,000,000 bond issue was passed by voters in November, many veterans assumed that loans would be available immediately. This has not been the case," Commissioner Rudder said.

"Aside from time necessary to enact legislation putting the new Program into effect, inability to sell the bonds has prevented the Program from developing as we hoped. In addition, the maximum rate of three percent that can be paid on loans, which is prescribed by law, is a limiting factor."

"How is the Program progressing?" Commissioner Rudder said he is frequently asked. "We are processing a few loans as money becomes available from the revolving fund created by bonds sold during the first Program. We are also watching the money market very carefully and exploring every possibility of sale. The bonds will be offered again just as soon as we feel there is a possibility of selling them," he said.

In summing up the situation, Commissioner Rudder said he hoped that veterans who now have applications pending will understand problems involved. He indicated that applications are still being processed in the order in which they are received when money is or becomes available.

**Egg Price Situation  
 Due To Improve**  
 College Station. — Egg pro  
 duction in Texas has dropped  
 only slightly during recent  
 months while total production  
 in the nation was up by two  
 percent. Too, points out Exten  
 sion Economist John G. Mc  
 Haney, stored holdings for all  
 kinds of eggs on April 30 were  
 greater than on the same date  
 a year ago.

Cold storage holdings on Ap  
 ril 1, 1957 were below the five  
 year average with the excep  
 tion of shell eggs which were  
 8.6 percent above the average.  
 But, points out McHaney, 88.9  
 percent more shell eggs were  
 in storage in April 1957 than a  
 year ago.

The outlook for improved  
 prices in the months ahead is  
 good, says the economist. Com  
 mercial hatchery output of egg  
 type chicks in Texas for the  
 first four months of 1957 was  
 23 percent below the output for  
 1956. In the nation, the drop  
 was 21 percent for the same  
 period and eggs in incubators  
 on May 1 numbered 7 percent  
 fewer than a year ago.

Based on this background,  
 McHaney says, it is reasonable  
 to expect a decrease in produc  
 tion with a corresponding in  
 crease in price. Prices, he adds,  
 should be much stronger dur  
 ing the latter part of 1957 and  
 the first four months of 1958.

**COX-CASEY REUNION**

Several local people attended the Cox-Casey family reunion held Sunday in Coleman, Texas. There were approximately 275 people present. Attending from Lockney were Mr. and Mrs. Johns Cox and Wanda, Mr. and Mrs. Hilburn Casey, Mrs. W. L. Thomas and daughter, Mrs. Edwin Johnson of Amarillo. Also Mr. and Mrs. C. H. Rose, Mr. and Mrs. C. L. Record and Donna Lynn, Mr. and Mrs. W. C. Mercer, Mr. and Mrs. Donice Casey, Bobby Lou Casey, Mrs. Lovilla Cox and Mrs. Alvin Nichols.

Theodore Roosevelt was the youngest president of the United States. He was 43.

Dear Editor:  
Seems word has got around that some farmers are still making money and so Congress is looking for a new type of farm relief legislation to remedy this condition.

Don't know why everybody thinks it is so hard to figure out a good farm program. One of my coffee cronies thought up a dandy in a couple of minutes here the other day.

He says the solution to the farm problem is to give every farmer an oil well. He has noticed that any farmer gets along all right who has one of these handy items on his place.

**Tips On Bindweed Control In Cotton**

College Station — Bindweed can put cotton farmers in a real bind. This rapidly-spreading menace will completely dominate infested field sites with a deep-rooted persistence unless properly treated.

Before you declare war on bindweed, knowledge of a few basic facts are essential. It has arrow-shaped leaves and small, white bell-shaped flowers, making it relatively easy to identify. Sometimes called the "most feared weed in Texas," it is rather common in wheat growing regions. However, it is widely scattered in many other areas.

Fred Elliott, Extension Cotton Specialist, says small spots of bindweed can be controlled in cotton with "Kuron" and kerosene. START IMMEDIATELY, the specialist urges, destroy the crop in bindweed spots if necessary. On 1/4-acre-or-less spots, apply 1-1/2 to 3 gallons "Kuron" mixed in 100 gallons kerosene to the foliage and crowns of bindweed in or close to cotton. Spray below 8 inches for best results, using a 5 pound-per-square-inch pressure or less. Spray surviving plants the next day and leave soil undisturbed for remainder of the season. Treat any new bindweed at emergence for two seasons, Elliott added.

The specialist figures 100 per cent control from two or more treatments will cost about \$75 to \$150 per acre in the spot for first season work and \$5 to \$10 the following spring.

By Mrs. Virgil Adams

Funeral services were held Thursday at 3 p. m. for J. W. Moffett, father of Mrs. Virgil Adams. He passed away Wednesday morning in the North West Texas Hospital, Amarillo. Eight of his nine children were present. The youngest, Mrs. Nadiene Mulanax, Amarillo, went to the hospital eight hours after her father's death to give birth to her second child, Mrs. Adams, Gordon and Ruby Nell remained in Clarendon until Sunday when Mr. and Mrs. Hubert Moffett and children brought them home.

Mr. and Mrs. Wayne Mullins, Brownfield, and Mr. and Mrs. Joe Cunyus and children, Lockney, were Sunday guests in the W. B. Mullins home.

Mr. and Mrs. Thurman Davis were guests in the M. O. Davis home Sunday.

Jimmy Davis, son of Clarence Davis, Abilene, returned home last week after spending two weeks with his grandparents, Mr. and Mrs. A. N. Davis.

Mrs. A. C. Sanders spent last week visiting Eudalia Sanders in Dallas where she is in Music School. She will return home Sunday.

Virgil Jones, Plainview, was a Tuesday dinner guest in the Virgil Adams home.

Mr. and Mrs. Clarence Yarborough, Plainview, visited in the Virgil Adams home Sunday afternoon.

The Sterley Home Demonstration Club met with Mrs. Bryan Smith Thursday, June 20. Mrs. Harriett Brummett gave the program on planning a Wardrobe and How Do You Score on Your Accessories.

Attending were Misses R. H. Tinsley, Joe Reeves, M. A. Boone, Guy Sams, A. D. Schaffner, Elmo Schaffner, Mrs. Brummett and the hostess.

**HAS SECOND OPERATION**

Floyd Barber, Sr., was improving nicely Wednesday after undergoing surgery the second time Friday in the Plainview Hospital and Clinic. His initial operation was Monday of the same week. If no complications occur, relatives hope to be able to bring him home this weekend.

Plings several years and destroy them immediately to prevent reinfestation. Crops many times fail to emerge in treated spots the following year.

Caution, minor drift damage near the spot sometimes occurs the first year. Elliott advises using a cheaper method for reducing extensive infestations before starting with the "Kuron"-oil mixture. Your county agent can provide more details.

**OMELET GARNISH**  
Omelets are usually made with the sauce folded "inside," but here's a recipe for a delicious "outside" omelet sauce: Melt over the top burner 2 tablespoons butter or margarine, add 2 tablespoons flour and

make a smooth paste. Add the liquid drained from 2 cans mushrooms, adding enough good broth to make 1 cup. Stir until smooth and bubbling. Then add the (chopped) mushrooms, minced chives, water-cress, a touch of tarragon. Season to taste. Heat and pour over piping hot and serve immediately.

### Disabled To Get First SS Checks

More than one hundred thou-  
 sand severely disabled people  
 in communities all over the na-  
 tion will receive their first social  
 security disability insurance  
 checks in August, John G. Hut-  
 ton, district manager of the  
 Lubbock Social Security office  
 announced today.

But many other eligible dis-  
 abled workers 50 to 65 years of  
 age, some of them no doubt  
 living in Texas, have so far  
 failed to make application to  
 their social security offices.  
 Those who have been disabled  
 for work for a long time must  
 apply before June 30. Mr. Hut-  
 ton pointed out, or they will  
 lose their rights to these new  
 benefit payments.

Any severely disabled person  
 who has worked under social  
 security for at least 5 years and  
 who has been disabled for six  
 months or more should get in  
 touch with his social security  
 office right away, the social  
 security district manager said.

If he is between 50 and 65  
 years of age, he may be elig-  
 ible to have his social security  
 record frozen to protect his fu-  
 ture right to disability pay-  
 ments, and also his and his  
 family's right to old-age and  
 survivors insurance benefits.

"Unfortunately there is a lot  
 of misunderstanding," Mr. Hut-  
 ton said, "as to how disabled  
 a worker has to be to get social  
 security disability insurance  
 benefits or to have his social  
 security record frozen. The rules  
 in the social security law for  
 deciding whether a person is  
 'disabled' are different from the  
 rules in some other Govern-  
 ment and private disability  
 programs."

To be found "disabled" un-  
 der the social security law, he  
 said, a worker must have a dis-  
 ability which in the words of  
 the law, makes him unable "to  
 engage in any substantial  
 gainful activity." It must be the  
 kind of physical or mental con-  
 dition which shows up in the  
 medical evidence, including his  
 doctor's report, hospital reports,  
 or special tests. It must have  
 lasted for at least 6 months and  
 be expected to continue for a  
 long and indefinite time.

Dear Editor:

I see where Senator John-  
 son says the postal service  
 has deteriorated under pres-  
 ent management; but he is  
 in favor of giving said man-  
 agement \$2 billion extra to do  
 some more modernizing.

Now you just don't find  
 this type of liberal reward  
 for a job well fumbled in  
 private enterprise operations  
 where money is more person-  
 al-like.

But it makes a government  
 mogul job mighty attractive,  
 as long as Congress is will-  
 ing to pay a nice premium on  
 bad judgment and to buy so  
 much of it.

### Cotton Research Planned At High Plains Station

Research on cotton varieties  
 at the High Plains Station at  
 Halfway will consist of ob-  
 servation plots, test plots and  
 variety comparison in acreage  
 plots.

Sixty one varieties have been  
 planted in observation plots 22  
 feet long. Each of these 61 var-  
 ieties are repeated four times  
 on plots in different areas of  
 the 310 acre farm. These cotton  
 varieties are new or untried in  
 this area.

Thirty four varieties have  
 been planted in one hundred  
 foot plots with four rows to the  
 plot. The tests will be made  
 from the two center rows. The  
 outside rows will not be used  
 because the results might be  
 influenced by the fertilization  
 or irrigation program con-  
 ducted on the adjoining plots. Each  
 variety plot will be repeated  
 four times. The research results  
 to be determined by the aver-  
 age of the center rows in the  
 four plots.

Eight leading varieties of cot-  
 ton have been planted for com-  
 parison in acreage blocks. These  
 varieties are those now  
 in common use in the High  
 Plains area. A prominent farm-  
 er visiting the Station and ob-  
 serving the planting in pro-  
 cess said, "I now understand  
 better than ever why we must  
 all join in this project. The  
 planting, cultivation, irrigation,  
 fertilization of all these variet-  
 ies in so many plots is quite be-  
 yond what any individual could  
 possibly afford to do alone."

People who fly into a rage  
 always make a bad landing.

### MRS. DAGLEY RECEIVES MANY GREETINGS ON 100th BIRTHDAY

Mrs. Nancy Caroline Dagley celebrated her 100th birthday last Saturday and a good time was had by all, especially Mrs. Dagley. She thoroughly enjoyed the many who visited her at the open house as well as the other greetings she received through the mail. These included one from President Dwight D. Eisenhower and Governor Price Daniel, as well as Congressman George Mahon. She also received many nice gifts.

The open house was held at the home of her daughter, Mrs. A. R. Meriwether, Saturday afternoon from 3 to 5 o'clock. Guests were met at the door by Mrs. Meriwether and Mrs. J. D. Wood of Lockney, a friend of the family. Mrs. Wood also helped with the planning of the affair in other ways. Her father, the late W. C. Coley, made his home with Mrs. Dagley and her husband back in Bosque County in the early days.

Mrs. Pearl Hill of Wichita Falls, another daughter of Mrs. Dagley, presided over the guest register and was assisted by Mrs. Bill Smith of Plainview, a former neighbor. In keeping with the antique theme, guests registered with an old fashioned pen. The register book was a gift from an old family friend, Mrs. F. W. Clinkscales of Plainview.

Mrs. Dagley and several of the guests spent pleasant moments talking of the early days and their experiences. Among the elder guests to register were Mrs. Alice Baker, 90; Aunt Fanny Brown, 95; Mrs. Mattie Griffith, 92; Mrs. George Webster Sr., 81 years of age. Another visitor was Mrs. Ora Irick Vaughn of Plainview who had not seen Mrs. Dagley in 60 years.

The serving table was covered with a white linen table cloth and the cake was three-tiered with orchid decorations and pink candles on each tier. Atop the cake were the numerals 100. Candelabra containing orchid and pink decorated candles adorned the table and colored punch was served by a granddaughter, Mrs. Tommy Chattum, assisted by Mrs. George Webster Jr. Plate favors were miniature orchids and colored mints. Mrs. Grace Byars also assisted with the hospitalities.

Adding to the serving table decorations was a scale model of a half dugout made by Mrs. Wood. The model was made sans the roof so that the interior could be seen. Under direction of Mrs. Dagley, the model dugout was made very similar

to the one she and her family lived in when they came to the plains. There were two rooms with a half curtain serving as a partition between the bedroom and the combination kitchen and living room. Furniture included the wrought iron stove, a natural in the early days, and the entrance led to steps to ground level. The grounds surrounding the dugout showed an old fashioned wash pot, a coal bucket, and even an old outdoor "privy." A toy oxen and a covered wagon were indicative of the Dagley's trip to Texas.

Displayed throughout the reception rooms were many antiques, most of them from the private collection of Mrs. Ray Thompson. These greatly added to the pioneer theme of the day.

The greetings from President Eisenhower said "Please accept my sincere congratulations upon your birthday. May good health be yours through many more happy years." Accompanying the greetings was a letter from Frederick Fox, special assistant in the White House Office who added his greetings.

From Governor Price Daniel came this greeting: "Dear Mrs. Dagley: Through mutual friends, I have learned that you will soon celebrate your 100th birthday. I know this will be a happy occasion and want to join your many friends in congratulations and best wishes for continued health and happiness. Sincerely yours, Price Daniel."

From Congressman George Mahon came this greeting: "Dear Mrs. Dagley: Congratulations! I understand you will be marking your 100th birthday on June 22 and I want to join your host of friends and neighbors in wishing all the best for

you on this important day in your life.

"Men and women like you are responsible for making West Texas the wonderful place it is today, and its citizens will be forever in your debt. My father, who lives in Weatherford, Texas, will be 97 this fall. He enjoys an active and happy life. I saw him briefly about two months ago, and I am looking forward to seeing him again later in the year."

"May God's richest blessings be with you. Sincerely, George Mahon."

Mrs. Dagley, who took an airplane ride with her grandson, M. F. Dagley on her 80th birthday, planned to take another plane ride with him Saturday, but was too tired after the festivities of the day. However, this week sometime she plans to go to Plainview and go up with him again.

Approximately 100 guests called during the afternoon. Among the out-of-town guests registering were Mr. and Mrs. Jim Hill, Jimmy and Teddy of Amarillo; Avenette Dagley, Mr. and Mrs. J. A. Dagley, Mrs. Lotta Roberts and children, all of Lubbock; Mary Baker Phillips, Port Lavaca; C. T. Floyd, Shallowater; Mrs. Barney Fish, Mrs. Roy Griffith, Mrs. Tom Vaughn, Mrs. F. W. Clinkscales, Mrs. Dot Oswald, Mrs. Lizzie Jones, Mrs. May Baker, all of Plainview; Mrs. Addie Livingston, Amarillo; Mrs. George Traylor, Plainview; Mrs. C. T. Dolaway, Dallas; Mrs. Marion Beachhead, Mrs. Coke Oliver, Slaton; Mrs. Gene H. May, Mrs. Naomi Lyne May, both of Washington, D. C.; Mr. and Mrs. Claude Tatum Sr. and Claude Tatum II, all of Lubbock; Mrs. Harry Ragland, the former Mildred Ramsey, of Sundown, Texas.

Hostesses for the occasion were Mrs. Meriwether, Mrs. Hill, Mrs. Chattum, Mrs. Ray Thompson, Mrs. Grace Byars, Mrs. J. D. Wood and Mrs. George Webster Jr.

One kind of insurance he forgot

You can't have your business burn down, and go right on doing business, the next day.

Don't forget, you may lose your income for several months.

Wise business men, therefore, carry "business interruption" insurance along with fire, windstorm, etc. It may mean the difference between solvency and bankruptcy to them.

The cost of such insurance is so low you can't afford to miss it. Ask us today about an America Fore policy to protect you against this possible serious loss.
