LeRoy Smith Will Preach In Revival Here

LeRoy Smith, a former boy, who is now secretary of the Colorado Baptist General Convention, will do the preaching in a week-long revival meeting at the First Baptist Church here on Sunday, September 15.

Smith is the son of J. J. Smith and the late Mrs. Smith, and lived in Lockney for many years. He was married here and married the late Mrs. Thornton, daughter of Claude Thornton, late Mrs. Thornton, manager of the Plains Hotel here.

Smith has been a religious leader in Baptist work for many years. He is a known evangelist and a revival preacher.

Smith served his last year at Temple Baptist Church in Ruston, La., which had a membership of over 2,000. He spent eight years as secretary of Evangelism for the Baptist General Convention of Arizona. In addition to his position as associate secretary in the Colorado Baptist General Convention, he is serving as Superintendent of Missions and Secretary of Finance for the Colorado Baptist General Convention.

In the past nine years he has been working a good part of the time in evangelism with more than 9,000 addresses to churches where he is preaching.

The revival here will extend through Sunday, Sept. 29 with services being held both morning and evening. Preparations for the meeting include a religious census to be made by members of the church in Lockney and the surrounding communities.

PTA Meeting Tuesday Evening

The first Parent-Teacher Association meeting of the school year will be held next Tuesday evening at the school building. The meeting will feature a reception for the teachers of the local school and a social hour. It was announced this week.

The meeting will begin at 7:30 p. m. and will be held in the high school auditorium. Invocation will be given by John T. Carter, a member of the school board, and welcome extended by Henry Ford Jr., president of PTA.

W. S. (Bill) Ferguson Killed In Wreck

William S. (Bill) Ferguson, a prominent Floyd County farmer, was killed in an auto wreck near Tullia Saturday.

He was Harold V. Brown and George F. Quirk, both of Floydada and Walter Swindell of Amarillo.

Officers said the four men were thrown from the car when it left the highway and over-turned about three times.

Funeral services for Ferguson were held at 10:30 a. m. Sunday at the First Baptist Church in Floydada. Rev. Ed Cox, pastor, conducted the services. Interment was in Floydada cemetery.

Survivors include his wife and three children, Donald, Vicki and Vicki; three brothers, E. L. L. and B. C., all of Floydada; four sisters and his mother, Mrs. W. F. Ferguson of Floydada.

Guests Of Rotary

Because the Lockney Lions Club was able to outscore the Rotary Club 11 and 10 in their softball game last Friday evening, the Lions have invited to be guests of the Rotary at the noon luncheon on Friday of this week.

Lion President Clyde Briley said that probably 15 to 20 members of the club would be present. The two clubs agreed that the game that the Lions would feed the winner and the Rotary is paying off Friday.

Speaker For Day Will Be Bill Nails, Salesman For Trautman Bros., Vegetable Packers

Bill Nails will talk on the vegetable business generally. Friday of next week the program will feature Senator Preston Smith of Lubbock, who will speak and show some pictures of legislative action in Austin. H. H. Nicholas is program chairman.

Longhorns Open Season At Hale Center Friday

The Lockney Longhorns open the 1957 football season Friday evening of this week when they travel to Hale Center to take on the always-tough Owls. Football fever is rampant in this community and a large group of local fans is expected to go to Hale Center to see the game.

The Owls have been one of the winningest football teams in the area the past four years. They racked up on the Longhorns for two years in a row but last year the Longhorns were able to come from behind to defeat the Owls, 20-7.

Coach Hoss Byerly has 15 lettermen returning from last year's team including five offensive starters. The starters include Quarterback Jerry McMennamy and Fullback David Cannon. The Owls are picked to win their Class A district title.

Coach Rudy Haile of the Longhorns says that his club is in good shape with the exception of Halfback Cliff Hardy. Cliff re-injured a knee in a scrimmage at Matador last Saturday morning and it is doubtful if he will be able to start the Hale Center game.

The Longhorns have engaged in two scrimmage sessions the past week. Coach Haile said and the results were none too pleasing. Last Thursday night the local squad went to Kress. With only part of the Kress team present and the remainder not in shape the Longhorns had things pretty much their own way. But things were different at Matador Saturday morning. The Longhorns, the Matador team and the Childress Bobcats took turns scrimmaging each other with the Class B Matador team comparing very favorably with the other two. The Matador team scored easily on the Longhorns. Coach Haile reported that the Longhorns were apparently over-confident due to the Kress scrimmage and were not taking the scrimmage very seriously. He said that the Longhorn reserves moved the ball much better against Matador reserves than the A team did against Matador's. "Our offense sputtered and didn't do much but we did look real good on defense," the coach said.

Both Matador and Lockney were able to handle the Childress team pretty well.

Coach Haile said Monday that the younger members of the Longhorn team were improving very fast.

One bright spot in the Longhorn set-up is the defensive strength. Coach Haile said. Lane Crank, a new boy on the team, is making a whale of a showing at defensive tackle, and Bill Musser, last year's all-district line-backer for the Longhorns is also making an excellent showing. Bill showed up exceptionally well in the scrimmage at Matador and was classed as the best defensive man on the field. David Howell at end and Duane Griffith at the middle guard spot also have made good defensive showings.

Coach Haile said that he would move Nelson Wofford, reserve quarterback and end, to the halfback position played by Hardy. Wofford is also very fast and is the best passer the team has available.

The probable starting offensive line-up for the Hale Center game will be Larry Hammit, Donald Farish or Ronnie Harris at ends, Johnny Hanst and Kelly Harrison at tackles, Coy Kidd, Byron Brock or Ronnie Harris at guards, at center one of three boys, Duane Griffith, Bill Bigham or Jackie Calahan, quarterback, Billy Karl Race, at fullback Kenneth Callaway or Dickie Barton, and at halfbacks, Jerry Williams and Cliff Hardy or Nelson Wofford.

On the defensive team, Crank, Musser, Stephen Handley, Dan Smith and David Howell along with some other boys will see action.

The game will start at 8 p. m.

The game will be broadcast over Radio Station KVOP, Plainview, starting at 7:45 p. m. Friday evening. Bill Harrell, KVOP sports-caster, will describe the action on the field.

At various times in history counterfeiting has been punishable by death.

Mrs. Griffith's Appointment Is Confirmed Friday

Mrs. Jeffie Griffith's appointment as postmaster of the Lockney post office was confirmed by the United States Senate in the closing hours of its session last Friday.

Senator Lyndon Johnson notified Mrs. Griffith by wire that her appointment had been confirmed.

The nomination was sent to the Senate last Feb. 10. The matter was referred to the Senate post office committee. Mrs. Griffith has been serving as acting postmaster here for almost two years, and previous to that served a number of years as post office clerk.

Check Artist Is Caught In N. M.

A man using the name of M. L. Fly, who is charged with passing a number of hot checks and forging others in this area, was arrested in New Mexico Wednesday morning.

Fly attracted a lot of attention by arranging to buy the V&J Cafe here and giving owner Jack Sims a check for \$1500 in payment. Fly later cashed a \$20 check at the local cafe and both were worthless, of course.

Fly worked at the Lockney Vegetable Growers packing shed here a few days and stole nine checks from C. L. Harmon & Co., who have the contract to harvest and pack vegetables for the Association. He later passed four of the checks in amounts from \$80 to \$90, members of the Sheriff's department said.

Fly previously had stolen some checks from the Apache Farms at Laredo and used one of these at Lamesa to buy \$7,444.00 worth of whiteface cattle which he took to Amarillo and sold.

Fly is an escapee from the federal penitentiary in Pennsylvania and federal officers have him under arrest. It was said.

Forfeits Bond

Alfredo Garcia, charged with possession of marijuana, was scheduled to be tried in 110th District Court at Floydada Wednesday morning but failed to appear. Judge L. D. Ratliff ordered his bond of \$2500 forfeited. However, Garcia came in Wednesday afternoon and is now in jail there.

Rain here the past week totaled only .25 of an inch, according to unofficial measurement.

Board Sets Up Restrictions On Senior Trip

Regulations restricting the annual Senior Class trip to five school days and 1200 miles round trip were adopted by the board of trustees of the Lockney Independent School District in a recent meeting.

Supt. H. H. Nicholas said that the board took the action for three reasons, first being the increasing size of senior classes, the second being the difficulty of securing school sponsors for the trips and third because of the discipline problems which confront those accompanying the classes.

The rules laid down by the board for future senior trips include these:

The trip must be limited to five school days.

The trip must be planned and outlined by a committee composed of members of the Senior class, representatives of parents and faculty.

The school will furnish one sponsor and parents will be asked to furnish two sponsors.

The trip will be limited to 1200 miles roundtrip.

The trip will be made the last week of school, with the class returning on Friday and graduation exercises set for Monday night.

Football Reserve Tickets Ready

Reserve seat tickets in the Mitchell-Zimmerman stadium are ready and should be picked up by owners before the first home football game, Sept. 13. Supt. H. H. Nicholas said this week.

Those whose names begin with letters A through J will find their tickets at the Lockney Drug Co. and those with names beginning K through Z will find their tickets at Byrd Pharmacy.

The holder will need his reserved seat ticket to get into the reserved seat section. Supt. Nicholas said, so you are urged to pick up your tickets and bring them with you to all home games.

The District Executive Committee, made up of superintendents of the district, will meet Thursday night at Slaton, Supt. Nicholas said.

Asiatic Flu Scare Is Over Emphasized

From The Beacon's investigation it would appear that scare headlines in daily papers of the area regarding an outbreak of Asiatic flu at Lockney have over emphasized the matter.

Dr. G. A. McClelland attended some 15 Mexican Nationals who are quartered at the Cassel Bros. Gin in the Lone Star community. The Nationals all had some symptoms of flu but definite diagnosis of their illness to be Asiatic flu has not been made. The Beacon was informed. Tests have been sent to Austin for checking by the State Department of Public Health.

The Nationals were not put in a local hospital but were kept under observation at their quarters at Lone Star.

Local physicians report that they do not know of any resident of this area who has had Asiatic flu.

Enrollment Up In Local Schools

Enrollment as of Wednesday morning stood at 971 in the four local schools, an increase of 35 over the enrollment last year at approximately the same time.

In high school enrollment stands at 246 as compared to 227 last year. In junior high the enrollment is down some, with this year's enrollment being an even 200 compared to 225 last year. In the grade school the enrollment is 469 compared to 449 last year and in the colored school 56 are enrolled this year compared to 55 last year.

The faculty was complete at the opening of school Tuesday of this week with the exception of a junior and senior English teacher in high school. Mrs. Robert Lee Smith is substituting this week and Supt. Nicholas is still searching for a permanent teacher.

School officials were fearful of a large influx of Latin-American students on school opening day but Supt. Nicholas said that no more than the usual number of transient students enrolled.

The grade school has four sections of the first grade, three sections of all other grades through the fourth and two sections of the fifth grade.

In the colored school Mrs. Wansy Lee Seato has been employed to teach the intermediate age students who is a graduate of Butler College at Tyler.

Fair Booster Trips Are Tuesday And Wednesday, Opens Thursday

Floydada Plans Vegetable Fete Saturday

The Floydada Chamber of Commerce is sponsoring a Vegetable Harvest Festival Saturday of this week featuring an afternoon address by Texas Agriculture Commissioner John C. White.

The morning session will include a tour of some 5,000 acres of vegetables in Floyd County. At 4 p. m. everyone is invited to participate in a cantaloupe feast on the court house lawn in Floydada.

The vegetable tour will leave the court house at 9 a. m. Saturday, go to the Floydada Growers & Marketing Association packing shed, thence to W. H. Simpson, Jr., farm where tomatoes, peppers, carrots and cantaloupes will be seen, then to L. D. Simpson farm where beans, peas, squash, and various other vegetables are being grown, then to the Ferguson and Kimble farms to see cabbage, pumpkins, peppers, lettuce, carrots, cantaloupes, cucumbers and cashaws. The group will then travel to the Arlon Miller farm to see squash, cucumbers, lettuce and cantaloupes, then to the Chuck Holmes farm to see lettuce and cabbage, then to the Gene Bloys farm to see carrots and lettuce. They will wind up at the Lockney Vegetable Growers packing shed in Lockney.

A special luncheon for Mr. White and other special guests will be served at the noon hour and the Floydada High School Band will present a concert starting at 2:30 on the court house lawn. At 3 p. m. Mayor Jimmy Willson, Jr., will give the address of welcome and then District Attorney John Stapleton will introduce Mr. White.

On Thursday evening a big fire works display has been arranged as is the custom of the fair.

On Saturday night the the Maverick Club of Amarillo will present a tumbling act, another big fireworks display is planned and another style show will be presented.

Also on Saturday night a square dance contest will be held under the big tent on the fair grounds with the best team receiving a plaque. The contest is open to youngsters only.

Many commercial exhibits are planned. All indoor commercial exhibit space has been sold. President Charlie Boedeker said last week. Another room at the fair building may be opened to provide additional space.

Among the commercial exhibits will be one by Baker Plow Co. of Plainview in which they will display their plows which have created considerable interest in this area.

The live stock show is expected to be better than ever. The Floyd County Aberdeen-Angus Breeders Association is planning a separate show of Angus cattle along with an Aberdeen-Angus Field Day on Friday.

The agricultural exhibits will be up to par, advance information indicates, and there will be considerable competition for the prize money.

Art Department
Mrs. F. L. Montandon, superintendent of the Art Department is urging that artists of the area complete their work and have it ready for the fair showing. The art department has always been one of the best attractions at the fair.

Will Not Answer Rural Fire Calls

Fire Chief Lloyd Paul Reece told The Beacon Thursday that the local Fire Department would not answer any fire calls outside of the city limits in the future, unless authorized to do so by the City Council. The matter of rural fire calls has been under discussion for some time and the City Council recently asked the Department to stop making the calls since insurance on the members is not effective outside of the city limits.

The grade school has four sections of the first grade, three sections of all other grades through the fourth and two sections of the fifth grade.

In the colored school Mrs. Wansy Lee Seato has been employed to teach the intermediate age students who is a graduate of Butler College at Tyler.

THE VEGETABLE BUSINESS is rushing in the Lockney area. Here are some scenes of vegetable activity in this area. Upper left, loading onions on a big truck at the M. W. Wiley & Associates shed here. The firm has recently sold 400 tons of onions for export to Old Mexico. Upper right, a truck load of onions harvested on the Clyde Farish farm, 10 miles north of Lockney. Farish harvested approximately 71,000 pounds on onions off two acres. This is equivalent to 710 bags per acre. In the picture, left to right, are M. W. Wiley of the local vegetable firm, Donald Farish, son of Clyde, Vernon Daniel, on whose farm the onions were being stored, and Clyde Farish. These were some of the onions being shipped to Old Mexico. Mayor Warns Of Danger In Dump Ground Produce

Onions and cantaloupes which have been dumped at the city dumping grounds in large quantities recently may be affected by poison spray the city is using to kill flies and mosquitoes there, Mayor J. E. Cox said this week.

Some people have been picking up the culled out onions and cantaloupes and eating or selling them, the Mayor said. The city has sprayed the grounds to stop the heavy fly infestation there and plans to do more spraying and poisoning there, he said.

Minute Editorials

God is wise in heart and mighty in strength; who hath hardened himself against Him, and hath prospered?—Job 9:4.

COST OF LIVING is giving a lot of us cause for worry. But maybe we're not so bad off as some other countries. U. S. News and World Report says that in the 10-year period 1947-1957 our money has lost 20 per cent of its purchasing power. But in France money has lost 63 per cent, in Canada it has lost 29 per cent, Britain's money has lost 38 per cent and in Chile money has lost 94 per cent of its purchasing power. In this country the cost of living has advanced 5 per cent in the last 18 months. The magazine says that people are grumbling more and more about rising costs and the thing may become a political issue in the next campaign.

A NEWSLETTER published by the State Democratic Executive Committee says that the "Democrats of Texas," an organization of liberals, are feuding among themselves. Seems The Texas Observer, mouth organ for the labor-union liberal crowd, has been taking some surprising pokes at Senator Ralph Yarborough, the liberals very favorite candidate. Yarborough is accused of double crossing the Negroes in his work as a U. S. Senator. Dissension has been reported in the DOT since the labor organizers took open control in their May meeting, the letter says.

AS FAR AS we know no settlement has come about in the matter of city fire departments fighting rural fires in this county. In Randall County the Commissioners Court has signed a contract with the Amarillo Fire Department to pay for fire department calls outside of the Amarillo city limits in said county at the rate of \$25 for each such call within a five-mile radius of the fire station and an additional \$5 for each mile of fire truck travel beyond the 5-mile limit. Nothing was said in the story we read about assuming liability for injury to firemen in the performance of their duty. That's the important thing, officials say.

VEGETABLE BUSINESS

Dimmitt recently constructed a processing plant for Pacific Fruit and Vegetable Company and is now going after the farm labor in a big way. Competition along this line will be keener. It will be harder and harder to get harvest help. This is secondary to the life and welfare of 4,000 people, of course, but a reasonable road into the camp will make it easier for the Latin Americans to go into town — and for those who live elsewhere to get to church and attend other camp activities. — Jimmie Gillentine in Hereford Brand.

THE INTEREST RATE

Interest rate on borrowed money gradually moves upward, throwing the damper on fast spending just to be spending. This higher interest rate is to induce people to save, so the money lenders say, and

it may work, it has in the past. It may work, it has in the past. It makes saving more attractive and we are prone to throw it around. Inflation has been the ruin of several countries, and it could ruin America, but we have some pretty smart people handling the money affairs of the Nation and are constantly on the watch. A little inflation just makes business brisk and keeps everybody happy, whereas "hard money" causes people to become panicky and go into a tailspin. Keeping money in the right balance is the tough problem. — Petersburg Journal.

DRASTIC REMEDY

The attorney general of the remote Soviet republic of Kazakhstan has found a way to deal with drunken drivers—he orders them shot. A news story from Moscow tells of one drunken driver who was sentenced to execution by a firing squad after his car ran through a crowd of pedestrians, killing one and injuring several. The attorney general is reported as saying

drunken driving is the republic's No. 1 problem and he intends to stop it even if he has to use the most drastic means possible.

While the Russian remedy seems unduly severe, one thing is sure: it's effective. The drunken driver who faces a firing squad won't repeat the violation.

TIME-TABLE OF RELIGION

Not long ago I met one of our school-masters, a veteran in that high service. "Where in your time-table do you teach religion?" I asked him.

"We teach it in arithmetic, by accuracy. We teach it in language, by learning to say what we mean — We teach it in history by humanity. We teach it in geography, by breadth of mind. We teach it in the playground by fair play. We teach it in kindness to animals, by courtesy to servants, by good manners to one another, and by truthfulness in all things. We teach it by showing the children that we, their elders, are their friends and not their enemies." — Editor, Hillbert Journal, London.

Dear Editor: I see where the Defense Department has decided to make the sacrifice and try to live within its income of \$38 billion this year.

The gold braid is cutting down on lots of non-essential items, such as weapons, soldiers, etc. in order to satisfy us tightwad taxpayers.

But, of course, they won't jeopardize the country's security by cutting down on the real vital items, such as maple dance floors for officers' clubs, and ceramic tiled boiler houses and barracks.

Library News

The summer Readers Club has come to a close, and certificates will be awarded Saturday morning at 9:30 in the Library reading room. All who have read the required number of books are asked to be present and any others are welcome. Those receiving a prize book for reading the largest number of books during the summer will be announced Saturday. Plans are being made to continue the Readers Club on through the year.

The "Books on Bikes" Club has had four new members join during the summer. They are Jill Matsler, Susann Collier, Francis Van Winkel and Bobbie Jane Reue. We are happy to welcome these girls into the "Books on Bikes" Club. We are also looking forward to seeing several of the Club members who have been away most of the summer. Don't forget to call the Library if you need books delivered to your home. The members of the "Books on Bikes" Club are anxious to serve you. Any child from the 5th through the 8th grade wishing to become a member may request an application blank at the Library.

Telephone Users May See As Well As Hear, Scott Says

Some day telephone users in Lockney may be able to both see and hear who is calling with the help of the new "picture-phone" which was demonstrated to members of the Lockney Rotary Club last Friday at the luncheon meeting by Glenn E. Scott, Public Information Supervisor for Southwestern Bell Telephone Company.

Entitled, "New Horizons of Telephone Science," the program was brought here by J. C. Oakley, manager of the telephone company.

Scott also brought with him several Bell solar batteries which telephone scientists developed to harness the sun's energy and make it do useful work. Scott uses these batteries to power a radio and an electrical motor.

Other new communications developments which Scott brought to Lockney included the new transatlantic radio tube which is the heart of the new overseas telephone system. The new tube is estimated to last at least 20 years.

Still in the experimental stage, the picture-phone sends a picture of the telephone user over ordinary telephone wires. The mock-up model which Scott demonstrated gave a picture about two inches in diameter, showing head, shoulders, and facial expression of the caller in good black and white contrast.

Scott's talks have been seen and heard by hundreds of organizations throughout Texas. Last year he appeared before more than 300 groups. In addition, television audiences estimated at 1,000,000 have seen his performances.

F. L. Brown was in charge of the program. A number of visitors from Floydada and Plainview were present.

MOTHER GOOSE SCHOOL

Registration for the 8th opening of the "Mother Goose School" in Lockney will be Friday, September 7 from 9 to 11 a. m. for both four- and five-year-olds. This is not a first grade class. CROSS ROADS REPORT

Dear Editor:

I see where the Commerce Department has noticed that consumers are showing some buyers resistance to high prices.

Now I am one of the folks who has let up on buying here lately, but I hate for the Commerce boys to think it is because I am getting contrary and trying to kick the props out from under the national economy.

Just want them to know that any resistance which I put up against buying a new car, etc., is my banker's fault and is strictly second-hand resistance.

Austin — Assistant County Attorney Malcolm Robinson accompanied a young man into court to pay an \$80 fine for driving while his license was suspended.

Minutes later Robinson looked out the window of his third floor courthouse office and watched the young man get into the same car and drive off.

JEFFY DRESSING FOR COOL SALADS

Salads are in vogue in hot weather. A nice complement and one low in calories is this tomato juice dressing. Combine 1 3-4 cups tomato juice, 2 tablespoons vinegar, 1-4 teaspoon paprika, 1-4 teaspoon prepared mustard and 1-4 teaspoon Worcestershire sauce in a pint jar. Cover and shake until blended. Store in your refrigerator. Makes 1 3-4 cups dressing.

Puckett Reports On FB Institution

W. R. Puckett, Floyd County Farm Bureau service officer, recently attended the Farm Bureau Institute at Austin. He reports the institute as very instructive and helpful. Theme of the meeting was "Farm Bureau Strength and Unity Through Understanding."

Various courses offered included The Farm Bureau Story and History, Public Speaking, Services to Members, Using Information, The Membership Problem, Developing and Executing Policies, Recreational Activities, Applying Economic Facts to Agriculture, Recognizing and Understanding Agricultural Problems, The County Farm Bureau Office, Its Purpose. A complete outline of each of these subjects is on file in the county Farm Bureau office at Floydada and anyone interested may obtain them for study.

Speakers and teachers on the subjects included not only members of the official Farm Bureau staff but many outstanding Farm Bureau officers from all over the United States including Roger Fleming, secretary and treasurer of the American Farm Bureau Federation at Washington, D. C.

Also on file at the county office is a handy reference on how to obtain information on any agricultural subject such as agricultural statistics, financial reports, historical statistics, marketing, etc., and also an outline on state government, showing list of all state agencies, who they are, how many and how elected and their duties and purposes.

Mr. Fleming told the group that there is much confusion

in Washington and none of the movements seem to know where they are going. He does not think we will get much legislation this year and commodity organizations do not want their plans tried until after the 1958 elections. Mr. Fleming says that we are approaching the point where we will come head on with a centralized government or be a member of an organized group.

"The secret to success is courage," J. Walter Hammonds, president of the State Farm Bureau says. "Our troubles come from a lack of understanding."

Other quotes heard at the institute as reported by Mr. Puckett:

Mrs. Tom Joyce Cunningham: "When we learn to work and play together, everything is ok."

Robert Cherry: "There are stacks of money but no collateral."

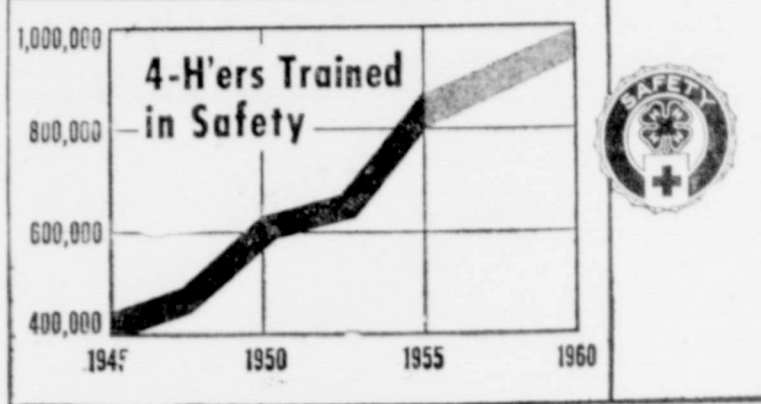

Riley Arnold: "If you don't understand, knowledge will get you into trouble."

Other quotes: "Return the power of government to the people." "Keep homes secure in Christian purpose." "Strengthen education to insure better self government." "Do together for ourselves what we cannot do well alone." "Encourage everybody to exercise his citizenship responsibility." "Work for a solid peace to avoid the sacrifices of war."

Mr. Puckett was the only Floyd County person to graduate from the institute. There were approximately 225 registered for the courses and some 100 who attended but did not register.

Mr. and Mrs. Oscar Golden and Larry spent from Saturday until Monday vacationing at Ruidoso, New Mexico.

4-H'ers Lead the Way to Safety

The future looks brighter for more people because more 4-H Club members than ever before are being trained and educated in safety. Participation in the 1957 national 4-H safety program enables them to make their homes, farms and communities safer places in which to live and work.

Boys and girls between the ages of 10 and 21 throughout the state are learning safe practices that will pay dividends later in life whether they reside on the farm or in the city. Conducted by the Cooperative Extension Service, the 4-H safety program has been supported continuously since 1945 by General Motors.

Incentive awards offered to 4-H'ers for superior achievement include distinctive medals, college scholarships, and educational trips to the national 4-H Club Congress held annually in Chicago.

Hybrid Grain Featured At H

Agriculture's new mix of grain sorghum by together with many other varieties, are mated varieties in the Plains Station's first a Field Day on September 16 in Hale County. More than 200 grain chums of both types were available for inspection. High Plains farmers on the Head of the Station announced Saturday.

"And more than half the hybrids grain sorghum which Agronomists have the ability to produce yields 30 per cent more than the old, open poll varieties."

The High Plains Station is located at Halfway, 10 miles west of Plainville Highway 70. It is an important, non-profit agricultural experiment farm which is operated entirely by businessmen and other individuals.

"The purpose of the station grain sorghum tests is to determine the best of these hybrids, varieties

Hybrid Grain Sorghums To Be Featured At Hi Plains Field Day

Agriculture's new miracle, grain sorghum hybrids, together with many open pollinated varieties, are marked star roles in the High Plains Station's first annual Field Day on September 18 at Halfway in Hale County.

"More than 200 grain sorghums of both types will be available for inspection by High Plains farmers on that date," Dr. J. H. Davis, Associate Head of the Station, announced Saturday.

"And more than half of these hybrids, grain sorghums which Agronomists believe have the ability to increase per-acre yields 30 per cent over those of the old, open pollinated varieties."

The High Plains Station is located at Halfway, fourteen miles west of Plainview on Highway 70. It is an independent, non-profit, agricultural experiment farm which is supported entirely by farmers, businessmen and other private individuals.

"The purpose of the station's grain sorghum tests is to find these hybrids, varieties and strains that will make the most clear profit per acre for the farmers in the region," Dr. Davis explained.

The station's investigations to find these more profitable grain sorghums include five different tests plus a 90 acre production area—all of which make up the largest and most comprehensive of the projects underway at the High Plains.

A second study consists of 43 entries in 33-foot, 2-row plots, with three replications each. This test is a cooperative project with Jack King of College Station, Texas Agricultural Experiment Station Agronomist. "And most of the 43 entries in it are unrelaxed hybrids," Dr. Davis added.

Another test consists of 104 entries most of which are unrelaxed hybrids. This study is to enable the Agronomists to look at a large number of sorghums without using much land.

A dryland test of 25 entries is also underway to determine which will make the most money for the dryland farmer. "All the leading varieties and hybrids grown in this area are in this test," Dr. Davis said.

The fifth division is a 5-entry, 100 foot, 4-row test, with four replications. All six are forage sorghums under study to determine which are best for silage.

"Eleven varieties and hybrids are being tested in our 90 acre grain sorghum production area to obtain yields, quality and harvesting information," Dr. Davis said.

"These include the six open pollinated varieties and the five hybrids which are most popular in this area."

He cited the eleven as being Caprock, Combine Hegari, DeKalb Hybrid 62-A, Martin, Plainsman, Redbine 58, 7-078 and Texas Hybrids 601, 610 and 650.

Visitors in the R. E. Patterson home Sunday were Mrs. Patterson's mother, Mrs. A. H. Knox, brother, A. H. Knox Jr., and a niece, Nancy Knox of Krum, Texas.

County Farm Labor Committee Is Named Fri.

Four Floyd County citizens, Gerald Sams, George Webster, Dick Whiteley, and Olan Watson, will serve as a County Farm Labor Committee. They met with Bill Day, Manager of the Texas Employment Commission office at Plainview Friday to review the total seasonal employment needs developed by the TEC.

The committee was presented with the figures of the TEC that Floyd County will be short 4500 cotton pullers during the peak period of the cotton harvest.

The Committee will function under Public Law 78, obtaining facts relevant to the supply of domestic farm workers existing in Floyd County and the shortage of workers, if any, which must be met by importing Mexican Nationals to harvest the cotton crop. Under Public Law 78 the TEC must supply this information to the Secretary of Labor who must limit the number of Mexican Nationals to be used in this county by granting a "ceiling."

The Committee consults with the Local Office Manager to assist him in estimating the number of workers who will be needed, based on current local conditions affecting the cotton crop.

"Ceilings" granted by the Secretary of Labor limiting the importation of Mexican Nationals into this area will be posted in Post Offices in Floydada and Lockney, in the County Agent's Office, and in the County Courthouse. The TEC has estimated that 2400 Mexican Nationals will have to be imported into this county to harvest this year's cotton crop.

VISIT IN BOVINA

Mr. and Mrs. T. B. Mitchell spent Saturday night at Bovina visiting Mr. and Mrs. Dean McCallum and children. It was on the McCallum farm that a large army fuel plane crashed and exploded Thursday of this week. The accident occurred a few hundred yards from the McCallum home endangering the lives of her mother and their two children who are also grandchildren of Mr. and Mrs. T. B. Mitchell. An irrigation well stopped the wreckage before it reached the home. The children were at home with Mrs. George Turner, maternal grandmother, while their parents were in Bovina on business. Mrs. McCallum is the former Mrs. Arlene Turner Mitchell.

Mr. and Mrs. G. D. Tate of Denver City spent Saturday night in the J. B. Allen home. Sunday they were guests of Mr. and Mrs. Marvin Cox.

Newly Weds Begin College Courses

Mr. and Mrs. Jimmy Scott Whitfill of Silverton will move to Lubbock Saturday to begin their college work. Jimmy is a grandson of Mr. and Mrs. Edd Whitfill and Mr. and Mrs. R. E. Patterson of Lockney. His parents are Mr. and Mrs. Ben Whitfill, Silverton.

Mrs. Whitfill, the former Gwennyln Ann Page, daughter of Mr. and Mrs. L. E. Page, Silverton, will attend Draughton's Business College on a scholarship. Jimmy will attend Tech on a scholarship majoring in Agricultural Engineering.

The couple were married recently in the home of the bride's parents. They are both graduates of Silverton High School with the '57 class.

Harvest Breakfast Opens Club Year

El Progreso Study Club will open the 1957 club year with a Harvest Breakfast at the Plains Hotel dining room Wednesday, September 11 beginning at 7:30 a. m.

Mrs. Opal Ashton, president, will bring a message on the "Wide-Wide World."

ENGAGEMENT TOLD

Mr. and Mrs. J. P. Taylor of South Plains announce the engagement and approaching marriage of their daughter, Virginia Faye, to C. Joe Taylor, son of Mrs. C. J. Taylor, Lockney and the late C. J. Taylor.

The couple plan a fall wedding in the home of the bride's parents.

In a double ring ceremony read at 3 p. m. Sunday, Sept. 1, Miss Beuna Holmes, daughter of Mrs. Ed Holmes became the bride of John David Dallas III, son of Mr. and Mrs. J. D. Dallas of Cross Plains, Minister Gordon L. Downing read the vows in the City Park Church of Christ, Floydada.

The altar was decorated with tall baskets of white glads, arrangements of palm and fern interspersed with candelabra holding white tapers.

Wedding songs by the Broadway Church of Christ Chorus of Lubbock included "One Alone" and "I Pledge My Love."

Miss Dorothy Holmes, sister of the bride, attended as maid of honor. Bridesmaids were Carolyn Downing and Naomi Allen. Nancy Holmes, sister of the bride was junior bridesmaid. They were dressed identically in aqua chrysalene waltz-length gowns. They wore picture hats of matching net and carried cresent bouquets of bronze chrysanthemums.

Charles Holmes, Jr., escorted his sister to the altar and gave her in marriage. The bride chose a wedding gown of white Chantilly lace over net and taffeta fashioned along princess lines. The bodice was accented with tiny buttons to the waist and featured a net v-shaped panel from waist to hemline. The long sleeves came to petal points over the hands. Her fingertip veil of silk illusion was attached to a lace heartshaped cap and she carried a cascade bouquet of white orchids and stephanotis on a white ribbon.

Candlelighters were Sara Holmes, sister of the bride and Douglas Dallas, brother of the bridegroom.

Gerald Dallas of Abilene served as best man. Ushers and groomsmen were Bobby McGuire, Lubbock; Don Williams, Cyril, Okla.; Ronnie Downing, Floydada, and Bob Eagleston, Bopham, Texas.

Reception
The church parlor was the scene for a reception following the ceremony. The bride's table was covered with a cloth of white crochet over blue and

accented with a tiered wedding cake and the bride's bouquet. In the houseparty were Mrs. Charles Holmes, Misses Donna Copeland, Gerry Graves, Danielle Lamarre and Judy Williams.

Mrs. Holmes chose for her daughter's wedding a dress of grey cotton complemented with black accessories and a corsage of pink rose buds. Mrs. Dallas, mother of the bridegroom, wore navy silk, white accessories and a pink corsage.

For a wedding trip the bride wore a black and white two-piece cotton sheath dress with accessories of black and white. Her corsage was white orchids.

The young couple will be at home after September 10 at 1633 Cedar Crest, Abilene, where the bridegroom is a junior commercial art major at Abilene Christian College.

Buchanan-Bedell Vows Are Read

Miss Karen Buchanan, daughter of Mr. and Mrs. John Buchanan of Floydada became the bride of Norral Thomas Bedell of Follett in services held in the First Christian Church, Floydada, Friday, August 23.

Rev. W. D. Reeves, pastor of the church, read the double ring ceremony at 8 o'clock in the evening.

Centering the altar was an arrangement of blue and white pom-pom mums. Woodwardia fern and candelabra flanked the satin covered kneeling bench. Candle standards tied with white bows and palm leaf clusters marked the bridal aisle.

Mrs. Bill Hardin played the organ prelude and accompanied Mrs. David Battey who read the Portuguese love sonnet, "How Do I Love Thee" followed by "I Love Thee". Clyde Watson, uncle of the bride, of Memphis, Tenn., sang "The Lord's Prayer" at the close of the ceremony.

Miss Dorothy Holmes of Floydada attended as maid of honor and Mrs. Dan Hagood, Floydada, attended her sister as matron of honor. They wore identical dresses of blue batiste over net and chintz. They carried old fashioned nosegays of blue and white pom-pom mums and stephanotis outlined with blue and white lace.

Kathleen Williamson, niece of the bridegroom, from Gate, Oklahoma, wore a dress of white batiste and carried a white satin basket.

Lynn Brown of Follett was best man. Groomsmen were Earl Bedell of Follett, Dan Hagood and Glenn Parkey of Floydada.

Candlelighters were Bobby McGuire of Anton and Neal Larkey of Follett. Steve Weston, cousin of the bride from Memphis, Tenn., was ring bearer.

Escorted to the altar and given in marriage by her father, the bride was attired in a floor length gown of white tulle. Chantilly lace trimmed the v-neckline, and long torso bodice. Two bands of lace were appliqued in a v on the skirt which extended into a chapel train. Her Spanish style veil of white tulle with applique edge of lace was held in place by a white lace pill box hat. Her bouquet of white gardenias and stephanotis was carried atop a prayer book.

Following the ceremony the bridal party was feted with a candlelight reception in Fellowship Hall.

After a wedding trip to Old Mexico and Colorado the couple will be at home in Canyon where they both attend West Texas State College.

PLAN FALL WEDDING
Mr. and Mrs. Weidon Roberts of Abilene formerly of Lockney, are announcing the engagement and approaching marriage of their daughter, Gay to Jerry Morris, son of Mr. and Mrs. C. A. Morris of Abilene.

An early fall wedding is planned.

Both are graduates of Abilene High School.

Morris is in the cattle business in Abilene.

MRS. JOHN B. GRIFFIN

Newly Weds To Live In Stratford, Tex.

Following their marriage, Saturday afternoon, August 24 in Amarillo, Mr. and Mrs. John Bearden Griffin have taken residence in Stratford, Texas, where Mr. Griffin has accepted a position in the high school.

The son of Mr. and Mrs. J. T. Griffin of Lone Star community, Johnny B. received his B. S. degree with the spring graduating class at West Texas State College, Canyon, with a major in Industrial Arts and minor in Education and English. He was active in Industrial Arts Club, Logie Club and ROTC. A graduate of Lockney High School, he received recognition from A&M during his senior year here as an outstanding 4-H Club member. He will teach shop and handicraft.

Mrs. Griffin, the former Peggy Genevieve Thomas, is the daughter of Mr. and Mrs. F. A. Thomas of Canyon. She completed her sophomore at West Texas State where she was a music student. She is to do additional work to complete her degree.

Before leaving for their home the couple was home Sunday with a coffee at 11 a. m., and a buffet lunch at 2:30 in the home of bridegroom's parents. They were all members of Bearden and Griffin family.

CROSS ROAD REPORT

Dear Editor:
I see some comment the papers about how Russia don't seem to have noted that the U. S. government picked up their Colonel as a spy.

Maybe they are kind like the U. S. army who sends out soldiers to foreign countries and if one of them gets in trouble with the natives, they just charge off.

But my sour neighbor in Russia probably is not worried about Colonel Abel account of the Supreme Court will no doubt guard over him.

Device Will Tell When To Irrigate

College Station — Farmers may someday tell when their crops need irrigating by using a simple electrical device tested recently by the U. S. Department of Agriculture. It measures moisture stress — an indicator of a plant's moisture needs.

For a rapid reading of a plant's water requirements, two small prongs of the device are stuck into the stem of the plant. The prongs are two stainless steel electrodes connected to an ohmmeter which measures the electrical resistance in the plant. The lumber industry uses a similar instrument to measure moisture in wood.

In experiments with cotton plants, the researchers found that electrical resistance went down as moisture amounts went up. Within four hours after irrigation, a sharp drop in resistance was observed on the ohmmeter.

The experimenters believe that the increase in electrical resistance with increasing moisture stress is the result of the drying out of the solid framework, or cell walls, of the plant. This creates in the woody tissues of the plant either longer conducting paths between electrodes, or increases gaps in conducting paths — readily indicated by the ohmmeter.

The method has promise as a tool to help the average farmer determine when to irrigate, according to scientists of USDA's Agricultural Research Service who are making the research. They point out that research is continuing, aimed at making the method easy to use by any farmer who irrigates.

Only two persons had signed the Declaration of Independence when it was proclaimed July 4, 1776.

Daniel Defoe, creator of "Robinson Crusoe," wrote some 30 books in the last four years of his life.

"Hart" is the European term for a fully-grown male deer.

Three fertilizer experiments on grain sorghums at the Hi Plains Station at Halfway in Hale County may offer pointers to regional farmers on how to increase their per-acre net profits on the crop.

Congress Refuses Light Spot Loan, Mahon Reports

by GEORGE MAHON The House Committee on Agriculture has failed to act favorably at this session of Congress on bills providing a special loan on light spot cotton.

My bill and a bill by Congressman Teague dealt only with light spot cotton. Congress-Poage's bill had additional provisions with reference to cotton acreage allotments which West Texas Members of Congress could not support.

The Department of Agriculture opposed all bills providing for the light spot loan. And had such a bill been passed, it would, in my opinion, have been vetoed.

I joined a group of farmers representing the Farm Bureau, Farmers Union, and Plains Cotton Growers in an effort to get the Department of Agriculture itself to set up a special light spot cotton loan in 1957. This could be done without legislation. Our request was rejected. The Department made it clear that if it did support a special loan on light spot it would readjust other loan values downward to offset such a loan. As is well known, the Department of Agriculture is interested in lowering any and all support prices, not raising them.

Some farmers may have failed to notice an announcement by the Department of Agriculture some weeks ago that in the 1957 loan program there will be a further widening of the price support differentials on spotted cotton. This widening is a further blow to light spotted cotton. This is certain to develop into a bad situation this fall.

As to important farm legislation of a general nature, there is nothing in prospect at this session of Congress. This is due in part to unfavorable action on a corn bill early in the session which split the so-called farm bloc, bringing on intense ill feeling between friends of the corn farmer and the cotton farmer. I am hopeful that this situation may improve next year. A lot of good work has been done among farm organizations in an effort to secure a united front among farmers with respect to various pending farm program proposals. There is no doubt but that some important changes in farm legislation are needed, but it is not correct to assume the present program is all bad. I think we will all agree that we cannot afford to adopt a new program until we are sure it offers something better.

The program for the disposition of surplus cotton is an expensive operation, but is getting results. Since January 1956, the government has sold for export 11,794,776 bales, of which amount 8,770,000 bales have already been shipped. This is the greatest volume of cotton exported in a similar period since 1933.

We are going through a very serious and difficult time in agriculture. The suggestions which are made to me through letters and otherwise are always most helpful.

School Boy Suffers Broken Leg Wed.

Allen Adams, 10-year old son of Mr. and Mrs. R. H. Adams of the South Plains community, suffered a fractured left leg while playing football at the Floydada school Wednesday just after lunch. He was brought to Medical & Surgical Hospital here where the limb was placed in a cast.

Fred Skinner, suffering with a broken back, is doing fine but must wear the cast another two months, reports from the hospital said. He lives near Quitaque.

POOL WAS ALL WET

Carthage, Texas — Having your car in the garage can cause a lot of car trouble. Lewis Pool found out.

Pool, president of the Carthage Savings and Loan Association, got permission from a friend to borrow his car while Pool's was being repaired.

The friend gave Pool the keys and described his automobile.

Two hours later Pool was stopped by an officer for driving a stolen car.

The auto Pool had been driving belonged to Mrs. Richard Sharpe. That car and Pool's friend's car were the same make, model and color and the same key fit the switch of both cars. The cars had been parked in the same area and Pool took the wrong one.

Two New Divisions In Panhandle-South Plains Fair

Cash premiums offered by the 40th annual Panhandle-South Plains Fair have reached an all-time high of \$28,000 with the addition of two new divisions this year.

The addition of Brown Swiss in the livestock department and a professional division in the Art Department raises the number of divisions in all departments to 17 for this year.

The Fair catalog, an attractive red, yellow and blue publication, is being sent to approximately 3,000 persons by the Fair Association. Persons on the mailing list include past exhibitors, expected exhibitors, county agents, vocational agriculture teachers, Fair officials and judges in Oklahoma, Kansas, Colorado, New Mexico and Texas.

The Fair week, Sept. 23-28, will get underway with a Parade of Bands Sept. 23. Approximately 30 bands from the South Plains are expected to participate and entry blanks will be sent to schools.

Bill Hames Shows will operate on the midway and Holiday on Ice is expected to be a big attendance attraction.

Holiday on Ice of 1957, a glamorous ice skating world of entertainment, will open Sept. 22 in the Fair Park Coliseum. It will be the same company which put on the spectacular show last year, however the acts and some personnel have been changed. The ice show will end its engagement Sept. 27.

"This test, which was set up in the Spring of 1957, called for applications of nitrogen and phosphate at planting time, singly and in all possible combinations at the per-acre rates of zero, 40, 80 and 120 pounds," he continued.

"This second experiment involved the application at planting time of zero, 40, 80, 120 and 160 pounds of nitrogen to the acre, with zero and 80 pounds of phosphate to the acre. The fertilizer were applied singly and in all possible combinations.

In addition, 40 and 80 pounds of nitrogen were applied to the acre as a side-dressing after the first irrigation. "But in no plot did the total nitrogen application exceed 240 pounds per acre," Dr. Longnecker added.

He explained that the second experiment was designed to determine how high nitrogen applications could go and still show an increase in net profit for the farmer.

"The third experiment is concerned with spacing," he said. "Many farmers have become interested in closer spacing as a possible factor in increasing per-acre yields."

This last test, accordingly, is one in which grain sorghums in one and two row beds can be compared at four rates of seeding and three fertilizer levels.

"The rates of seeding were 5 1/2, 7, 8 1/2 and 10 pounds to the acre," Dr. Longnecker said. "And the three fertility levels were zero, 100 pounds of nitrogen an acre at planting time, and the same amount of nitrogen at planting plus an additional 100 pounds as a side-dressing just after the first irrigation."

He thought that planting and fertilizing rates should be included in the investigation of thicker spacing of grain sorghums in order to determine the most effectual combination for closer spacing of rows.

Wiley-Koch Nuptials Read In Methodist Church Saturday

Marriage vows were spoken Saturday night, August 31 at 8 o'clock in the sanctuary of the Methodist Church, Lockney, by Miss June Ellen Wiley and Charles Edward Koch of Lockney.

The bride is the daughter of Mrs. Maury Wade Wilcox and Mr. Koch's father is Mr. and Mrs. Ferdinand Koch, 326 Coronado, Santa Fe, New Mexico.

Hugh Daniel of New Mexico, read the single ceremony as the wedding stood before an altar with a Gothic styled candle in spiral and a candelabra formed the background for sunbursts of gladioli, yellow roses, and green palms. Green and white satin bows adorned the candelabra. Pews along the bridal aisle were decorated with an arrangement of yellow rosebuds, greenery and white bows holding slender white tapers. A satin covered kneeling bench completed altar decor.

Thorton of Lockney, organized the traditional wedding marches and nuptial songs of "O Promise Me", "I Love You Truly", "Ava Maria", "Ave Maria", "Through the Years", and accompanied Miss Joan Roberts of Plainview as she sang "Thine and I Love Thee", and "The Lord's Prayer" as a benediction.

Given in marriage by her father, the bride was gowned in an original model of imported French lace and bridal satin in a shade of soft ivory. Decked with portrait neckline and scalloped lace, the fitted bodice featured tiny bows completed by satin

gauntlets worn over the hands, and the fitted midriff of satin terminated with a long torso waistline accented with cording. The magnificent skirt of satin was enhanced with scattered appliques of lace, with the fullness laid in unpressed pleats, and the immense fullness of satin stiffened with pellaon swept into a long graceful train.

Her fingertip veil of silk illusion was joined to a crown of seed pearls. Her bouquet was a white orchid nestled in stephanotis placed atop a tiny white Bible presented to her for a year perfect attendance at Sunday School before she was two years old.

Miss Doris McMurry of Dumas attended the bride as maid of honor. Bridesmaids were Mrs. Curlee Dunnam, Lubbock; Mrs. Robert Koch of Denver, Colo., sister-in-law of the bridegroom; Miss Barbara Grady, Amarillo, cousin of the bride; Miss Jane Taylor, Galveston, cousin of the bride; and Miss Joe Bath, Shreveport, Louisiana.

They wore identical dresses of yellow mist organzine chiffon and lace, fashioned with scoop necklines and brief sleeves. From the delicate lace bodices the full princess skirts were complimented by huge bows in the back cascading to the hem line. They wore matching tulle picture hats with crowns outlined with velvet ribbon ending in tiny bows at the back. They wore white gloves and carried colonial bouquets of yellow rosebuds and yellow daisy mums nestled in French lace and net showered with white satin streamers.

Little Miss Kay Wiley, sister of the bride, was flower girl. She wore a full length gown of

MRS. CHARLES EDWARD KOCH

white organzine chiffon with lace bodice and short sleeves fashioned similar to that of the bride. She wore a matching picture hat trimmed with velvet ribbon, and white gloves. She wore a wristlet of yellow rosebuds and carried a yellow satin rose from which she dropped rose petals.

Tommy Dale Chatham, Lockney, was ring bearer. He carried the wedding band on a heart shaped satin pillow edged in lace. Candelighters were Dickie Bob Taylor, of Houston, cousin of the bride, and Joe Dean Hammond, Lockney. They wore white dinner jackets with black trousers and black bow ties to match those worn by the bridegroom's attendants.

Robert Koch of Denver, Colorado, served his brother as best man.

Ushers were William C. Koch, Santa Fe, brother of the bridegroom; Dr. Edward O. Brown of San Antonio, Texas; David Rodgers, Santa Fe, N. M.; James Perry, Norman, Okla., cousin of the bride; Mark Kelly, Santa Fe, N. M.; and Ted Stamper, Espanola, N. M.

Mrs. Wiley chose for her daughter's wedding a dress of mauve silk organza over taffeta designed with tiny tucks edged with lace, and brilliance trim on the bodice. The push-up sleeves were three-quarter length. Attached to the bodice was a full gathered skirt. She wore a mauve colored hat decked with rosebuds, matching satin shoes, white gloves and carried a white beaded bag. Her corsage was white gardenias with mauve ribbon. The bridegroom's mother

wore a toast colored heavy silk chiffon gown designed with a full skirt. The bodice was accented with a high round neck and long sleeves. She wore brown accessories and carried white gloves. Her corsage was of sun burst roses with yellow ribbon.

Reception At a reception held in Fellowship Hall of the church following the ceremony, the bride and groom were assisted in receiving guests by their mothers and the bride's attendants. The bride's table was laid with yellow set decorated on the sides with yellow rosebuds and yellow bows. Centering the table was an arrangement of yellow roses in a silver bowl

surrounded by a silver circlet holding white tapers. The three-tiered wedding cake was iced in white trimmed with pale yellow rosebuds and topped with a miniature bride and groom. It was cut with a silver cake knife engraved with the couple's initials and their wedding date. Yellow fruit punch was served from a silver bowl and yellow mints were placed on a silver tray. Circular napkins of yellow were lettered in gold with the couple's names. Arrangements of white glads, roses, mums and greenery were placed at vantage points about the entertaining rooms.

In the house party were Miss Nene Ackerman, Albuquerque; Mrs. James Perry, Norman, Okla.; Mrs. R. L. Rhoten, Lockney; Miss Viola Glaspie, Dumas; and Mrs. Kenneth Perry of Big Spring, Texas.

After a wedding trip to points in Colorado and Yellowstone National Park the couple will be at home after September 16 at 2806-B 46th St., Lubbock. For traveling the bride wore a suit of honey beige shadow check featuring a box style jacket. She wore matching accessories accented avocado green in her hat. An orchid corsage completed the attire.

A graduate of Lockney High School, the bride attended SMU, Dallas, two years and received her degree with the 1957 class of Texas Technological College, Lubbock. She was affiliated with Kappa Alpha Theta social sorority. She will be employed as secretary to Lonnie Langston, Insurance agent, Lubbock.

Mr. Koch graduated from high school at New Mexico Military Institute and completed two years of college work in the same institution. He graduated from Knox College, Galesburg, Illinois and was affiliated with Phi Gamma Delta social fraternity. He is presently employed by Pan American Petroleum Corporation, Lubbock.

Battle With Rotary

By the margin of one score the Lockney Lions Club defeated the Lockney Rotary in a "grudge" softball game last Friday evening on the local field. The final score was 11 to 10.

The game was very close all the way with "Fireball" Tom Moore, pitching for the Lions and Ha-old Duval, pitching for the Rotary, tangling in a pitchers duel for three innings. Moore gave way to Carroll Minor, described by the Rotarians as a "professional" because he played in the Lockney Softball League this year, and Duval turned over his duties to Jerry Cooper, who himself was accused of being a professional by the Lions since he pitched softball in grade school some years ago.

The two teams scored two scores each in the first inning but the Lions pulled ahead 5 to 2 in the second. However the Rotarians came back to take the lead 6 to 5 in the third inning. The Lions scored 5 more runs in the fourth and the Rotarians scored three in the sixth to make the score 10 to 9. Each team scored one more run. The Rotarians loaded the bases in the last inning but Pitcher Cooper was thrown out trying to steal home and that ended the game.

Sluggler Clyde Briley of the Lions Club, hat and all, hit three times to lead his teams attack while the Rotary batting attack was led by Harold Duval and Charles Duran.

The Rotarians took up \$12 in collection from the crowd which money was used to take care of Pony League expenses.

CARROLL VISITORS

Mrs. Hugh Carroll had her three children and their families as guests in her home Sunday for the day. They include Mr. and Mrs. Glyn Carroll and family, Plainview; Mr. and Mrs. James Crane and family, Muleshoe; and Mr. and Mrs. James Carroll and family of Dallas. Mrs. Carroll had just returned Friday from a visit in Dallas with her son and family.

SISTER IS INJURED

Mrs. George Barrows of Santa Fe, New Mexico, sister of Mrs. Edd Whitfill, fell on a waxed floor at her home Thursday of last week and suffered a broken shoulder. She is receiving hospital care in Santa Fe. Mr. and Mrs. Whitfill were visiting Mrs. Barrows when the accident occurred. They returned home during the weekend.

Mr. and Mrs. W. R. McDuffie of Lubbock and son, Richard McDuffie of Midland visited their daughter and sister, Mrs. Richard Patterson and family here Sunday. Mr. and Mrs. R. M. Haverty of Silverton were dinner guests in the home of Mr. and Mrs. Frank McClure Monday at noon. On Tuesday guests from Snyder, her brother, Mr. and Mrs. A. C. Newman, and Charles, and her mother, Mrs. R. W. Newman, arrived to spend a few days.

Serving dinners at noon during the past week to the preachers in the revival, Rev. Troy Dale, Rev. and Mrs. Larry Faus and Vassie Beth, were Mmes. Sim Reeves, L. T. Wood, Grigsby Milton, Walter Wood, Thomas Pierce, and Frank McClure. Serving suppers at the parsonage were Mmes. John Smitherman, Bryan Karr, Bill Beedy, Arby Mulder, Murray Julian and Sylvin Kinnibrough.

Winners in the District 4-H Dress Revue were announced Saturday at the Student Union Building at Texas Tech at Lubbock. The Revue was held in the form of a luncheon beginning at 12:30 p. m. and 13 girls who were county 4-H dress Revue winners participated in the district contest. Mrs. Grigsby Milton and Donita Milton were guests at the luncheon. Donita won a third place with the dress she had made, and was awarded a white ribbon with three other girls of the district. We are proud of Donita and her fine achievements.

Mr. and Mrs. Sim Reeves and Jack Reeves will leave this Tuesday for Denver, Colorado, where they will help Jack get settled in his new quarters for the coming school year where he will be teaching English at East Denver High School.

Billy Bean from Winters visited here with Mr. and Mrs. Shelby Calahan and children Thursday and with his parents, Mr. and Mrs. Gilbert Bean in Lockney.

Mr. and Mrs. I. H. Parks, Jay Frank and Eddie left Thursday for San Antonio, where they stayed until Sunday visiting with her father who was critically ill.

Donita Milton went to the Plains Baptist Assembly Grounds Wednesday and Thursday to attend the music school which is an annual meeting, and she reported a fine meeting. Grandfather of Sylvin Kinn-

burgh, F. M. McCulston, of Ralls has been very ill since Thursday night and Sylvin has been sitting up at the hospital in Crosbyton, where he is now. They and other members of the family have been constantly at his bedside. Fred Sain of Waco was a church visitor with them Sunday night and went with them to Crosbyton to sit up. The grandfather is reported much better this Tuesday.

Mr. and Mrs. Bryant Higginbotham and Bud, Gary Wilson and Bruce Julian went to Plainview Sunday afternoon to attend a reunion of the late J. C. Lackey children, grandchildren and other relatives which was held at the Plainview Park. A basket dinner was spread for about seventy-five members of the Lackey families, and others attending from here were Mr. and Mrs. Fred Fortenberry.

Mr. and Mrs. Grigsby Milton and girls visited in Lockney with Mr. and Mrs. R. E. Young and family Sunday afternoon, and Barbara remained to spend the night and Monday with Peggy Young.

Dennis Deavenport was able to leave the hospital in Lockney on Friday afternoon, and we are glad to report he and Newton are recovering satisfactorily from the car wreck of last Monday when they struck a calf and were both bruised and Dennis cut about the face badly when their car overturned twice.

Lajuana Newton is here from Midland visiting with her parents, Mr. and Mrs. Ernest Newton, and was at revival services with them Wednesday night and Sunday morning.

Mr. and Mrs. Fred Fortenberry, Mr. and Mrs. L. P. Harston, and Miss Patsy Harston spent Thursday in Lubbock attending to some business and doing some shopping.

Mr. and Mrs. John Key West and Dale left Monday morning for a vacation trip which will take them to Ruidoso, N. M. during the coming week.

Official date for the opening of school at South Plains has been set for Sept. 2 and teachers are principal: J. M. Williams, 6-8 grades; Mrs. Ray Smith, 3-5 grades; and Mrs. Oscar Hewitt, 1-2 grades. There will be a P.T.A. meeting Monday morning, Sept. 2, as announced by president of P.T.A. Mrs. Jones Kinslow. Mrs. Albert Stewart will be lunch room dietitian for the coming year. Mrs. Beulah Wood and son, Gerald of Springtown, visited

the past week in the home of Mr. and Mrs. Otho Sanders. Mrs. Irvin Williams and Mrs. Abbie Thornton also of Springtown, were parttime visitors during the week here. On Monday Mrs. Wood and son, and Mrs. Sanders, Martha and Curtis went to Carlsbad, N. M., to go through the Caverns there.

Mrs. Larry Faus was honored Monday afternoon at five o'clock at church with a surprise pink and blue shower. Mrs. W. H. Simmons and Ronnie from Truscott were visiting with Mr. and Mrs. S. D. Kinnibrough and family from Thursday to Saturday. She attended revival services Thursday and they took Beth and Marilyn home with them to stay until Tuesday of this week.

Mr. and Mrs. Larry Larson, twin daughters, Donna and Diane, of Trent, South Dakota, are here visiting with her sister, Mr. and Mrs. Bryant Higginbotham and boys since last Tuesday. They went to Austin on Wednesday, accompanied by Mrs. Higginbotham and Bud, arriving home Saturday night, after visiting with their father, Opal Cypert. Arch Higginbotham from Wichita Falls and Carl Higginbotham from Chillicothe, visited here Wednesday and Thursday with their brother, Bryant Higginbotham.

Womens Missionary Union met Monday afternoon at the church for Royal Service under teacher, Mrs. Larry Faus. Week of Prayer has been set for Sept. 9, and new officers elected for the coming year were Mrs. L. T. Wood, president; Mrs. M. M. Julian, vice-president; and secretary-treasurer, Mrs. S. D. Kinnibrough. Present for the lesson on "Giving the Water of Life in Europe" were Mmes. Frank McClure, Sylvin Kinnibrough, H. L. Marble, L. T. Wood, Dock Jones, Paul Snodgrass, Sim Reeves, M. M. Julian, Thomas Pierce, Grigsby Milton, H. S. Calahan, Jr., Shelby Calahan.

"July or February..."

I have garden-fresh fruits and vegetables in my ELECTRIC home freezer, all the time!" says MRS. ROY QUALLS OF GUYMON, OKLA.

Last year Mrs. Qualls froze over 300 pints of garden-fresh vegetables which, she says, "... really means a great savings in my family food budget all year." In addition to buying meats in season, and in quantity, for additional freezer savings, Mrs. Qualls passes on this tip, "I do a considerable amount of baking, especially biscuits, usually 10 to 12 dozen at a time. I chill them, break them apart, wrap in wax paper and freeze them in my freezer. Then, when unexpected guests arrive, I have hot biscuits in a matter of minutes."

Longhorn Band In First Show Friday Evening

The Lockney Longhorn Band, under the direction of Clyde Seaman, will present its first show of the season Friday evening during the halftime at the Lockney-Hale Center football game.

The band will be dressed in their beautiful new black and scarlet West Point type uniforms and are expected to look very smart. Missing Tuesday, however, were the band hats and it may be the band will be performing sans hats Friday.

The band's first show will include simple tributes to both teams and a majorette routine. Director Seaman said. He expects to get into more complicated shows as the season advances. The group will form the LL in tribute to the Longhorns and also an HC paying tribute to the Owls. New will be the majorette routine which the girls were taught at the school in Galveston this summer.

Up to Tuesday Director Seaman had some 55 in the High School band and expected the number to increase to around 60. Sixty-seven new uniforms were ordered for the band.

Following is a list of band members up to Tuesday of this week:

THE NEW LONGHORN BAND UNIFORM is modeled here by Miss Janice Hays, who been a member of the band for three years. The new uniform is black with a scarlet breast plate. It is a West Point style uniform, the coat having a split tail and flap with a vest type front.

The suit is decorated with white cord embroidery in three-point design on each sleeve and back of the coat.

The breast plate is in scarlet with white embroidered bands running horizontal. Three rows of chrome finished buttons complete the decorations on this part of the uniform.

The trousers have a double strip down each leg in white and red with the black showing through in the center.

The hats will be plastic type, slanted from front to rear, and the outstanding color will be a silver glitter.

They will be trimmed with fine white leather.

Accessories to the uniform will be white gloves, ordered especially for the band, and white shoes. Each uniform will carry white citation cords on each shoulder, and white shoulder knots are available to be worn or not worn as the band director sees fit.

The uniform is of 16 oz. virgin wool, fully lined with an anti-perspiration lining.

Missionary To Speak At Baptist Church

John F. Fry Dies Early Monday

John F. Fry, a former resident of this area and brother-in-law to Mrs. Frank Dodson of Lockney, died early Monday morning in West Texas Hospital at Lubbock. He was 76 years of age.

Funeral services were conducted at Sanders Funeral chapel in Lubbock at 5 p. m. Monday by Rev. G. C. Applewhite of Lone Star. Burial was in a Lubbock cemetery.

Mr. and Mrs. Fry lived for a number of years on their farm north of Lockney and both were reared here. Mrs. Fry was a sister to the late Frank Dodson. In recent years they had lived at Anton where a daughter lived. Previously they had lived at Lubbock and Canyon and Mr. Fry served as sheriff of Randall County for eight years.

Survivors include his wife, Mrs. Sally Fry; a daughter, Mrs. Dalma Bass of Anton; four sisters, Mrs. John F. Cook of Ingram, Mrs. George Lader of Amarillo, Mrs. S. A. Henry of Lubbock and Mrs. Dora Crain of Fort Worth; three brothers, R. E. and Luther Fry, both of Floydada and Olin Fry of Amarillo. Two grandchildren also survive.

Attending the services from Lockney were Mrs. Frank Dodson and Weldon Dodson. Pallbearers were his nephews including Weldon of Lockney.

Father Dies At Plainview Friday

Elmo C. McBeth, father of Kenneth McBeth of Lockney, passed away at 3 a. m. Friday at the Plainview Hospital. His death was attributed to a heart attack. He had been in ill health for some time.

Funeral services were held at 4 p. m. Saturday at the Seth Ward Baptist Church in Plainview. Rev. Larry Young, pastor, conducted the services and burial was in Plainview Cemetery.

Mr. McBeth was a member of the Seth Ward Church and had taught a Sunday School class there for 10 years. He was a veteran of World War I. He and his family had lived in Plainview since 1947.

Survivors include his wife, seven sons, seven brothers and six grandchildren.

A number of Lockney people attended the services.

Hospital Repairing Is Moving Along

The remodeling job at the Lockney General Hospital is moving along fine. The new south wing, to provide additional patient rooms, is almost complete and work is progressing on the addition to the southwest corner which will house a larger waiting room and additional doctors offices.

The entire building will be bricked and part of the brick is already up. Dr. W. J. Mangold said Wednesday that five more weeks would probably be required to complete the job.

The entrance to the hospital is now on the south end of the new wing and the lobby also there temporarily until the other part is completed.

Three Blocks Paved In West Lockney

Three additional blocks of paving have recently been completed in southwest Lockney. Paved was one block on Southwest 7th Street, one-half block on West Willow Street between 6th and 7th Streets, one block on West Poplar Street between 7th and 8th streets and one-half block on West Bryant between 7th and 8th streets.

Ballinger Construction Co. did the paving, which was asphalt paving 20 feet wide.

Also a number of paved streets on extreme West Lockney will be re-topped within a few days, it was reported.

Hall County Picnic Set For Sept. 15

The third annual Hall County picnic is set for Sunday, Sept. 15, according to an announcement from Memphis this week. The affair will be held in the Memphis City Park. Those attending are asked to bring a basket lunch. Ice water will be furnished. All ex-Hall County residents are especially invited to attend.

UNDERGOES TREATMENT

Jane Chandler, daughter of Mr. and Mrs. John Chandler, returned recently from a two-week stay in the Snyder Sanatorium at Glen Rose, Texas. She underwent medical treatment while there and her condition is reported to be much improved.

Cotton culture is thought to have originated in India about 1500 B. C.

Miss Nell Cunyus accompanied Mr. and Mrs. Bill Summers and Debra of Dimmitt on a fishing trip to Lake Stamford last week. They report good fishing.

Mr. and Mrs. O. C. Bailey returned Friday from a vacation trip to Yellowstone National Park, Jackson Hole, Wyoming, and other points in the Northwest. They visited Mrs. Bailey's brother, W. B. Severs and wife at Denver.

Mr. and Mrs. Clyde Stapp and Mrs. C. L. Anderson spent last week in Wichita, Kansas, where they visited Mr. and Mrs. Antone Love and Mr. and Mrs. Derrel Finley.

A cord of wood is a stack eight feet long, four feet wide and four feet high.

CHARGE STUCK ANYWAY

Houston—Traffic Judge Wallace P. Kelly asked George Willis whether he had a driver's license, after Willis was charged with driving without one.

"Yes sir," Willis said, "I have."

Taking the worn paper, Kelly read, "This is to certify that the person named has passed all tests necessary to receive a driver's license on person or other motor vehicle and is in motion."

Willis, who can't read, got his license in a shop. Judge Kelly fined \$63.
