Prizes Increased, Expenses Added

Dear Editor: I see where an expert columnist says it is a good idea to pick up the tab for the prizes on all the livestock department exhibits and made other folks.

This authority stands that only a few will be discouraged by keeping his friends from enjoying their prizes.

My deep-pocketed neighbor says it's real to learn that being a champion-grade fumbler does not save money but also high-class breeding.

CARD OF THANKS
We want to express our appreciation to the donors of the flowers and plants which were donated to the exhibit by the members of the community.

Mr. and Mrs. J. D. W.

Horns Travel To Post Friday; Seek 7th Win

The Lockney Longhorn eleven should have little trouble taking their third District 2-AA win and their seventh consecutive victory of the season Friday night when they travel to Post.

Post's hapless Antelopes evidently have too little of everything to pose as a serious threat to the Longhorns. The Antelopes lost 17 seniors from last year's squad and have only two returning starters. Post, whose largest starter weighs 159 pounds, has a very small team with an average of 147 pounds per man in the line and an average 134 pound average in the backfield. Although Post has a hustling club, the Antelopes have not been able to win a game in five tries this season and were trounced, 33-0, by Slaton in their only 2-AA effort.

Coach Rudy Haile said this week that he was glad the Slaton game was behind the 'Horns. The flu-riddled Bulldogs, who were downed, 25-0, by Lockney last week, have one of the stronger clubs in 2-AA and are definitely the district darkhorses.

The Longhorn mentor especially praised John Hanst, Duane Griffith, Larry Hammit, Ronnie Harris, Dickie Barton, and Nelson Wofford for their performance in the Slaton contest.

Jerry Williams, Lockney's sparkplug halfback who suffered a bruised foot on his touchdown run in the final minute of play against Slaton, may see action in the Post game, according to Coach Haile. The coach said that everyone else should be in good shape and ready for the Post battle.

Starting lineup for the Longhorns against Post will be: center, Griffith; guards, Byron Brock and Coy Kidd or Harris; tackles, Hanst and Kelly Harrison; ends, Hammit and Kidd or Donald Farish; quarterback, Billy Karl Race or Jimmy Minter; left halfback, Williams or Kenneth Holt; right halfback, Holt or Wofford; fullback, Barton or Kenneth Callaway. On defense the Longhorns will send in Bill Musser, linebacker; Lane Crank, tackle; David Howell, end; and Cliff Hardy, halfback.

Escape Serious Injury In Mishap

Mrs. H. D. Griffith and Mrs. Jane Duvall escaped serious injury Wednesday evening of last week about 7:30 when the car in which they were riding went into a bar ditch and overturned. The accident happened west of Lockney when Mrs. Griffith, driver of the car, swerved to miss a car in front as it made a left hand turn. Mrs. Griffith was hospitalized with neck injuries but Mrs. Duvall was not hurt. Mrs. Griffith's injuries are not serious and she is recuperating at her home after being released from Lockney General Hospital Friday. A beauty operator at Fashionette Beauty Shop, Mrs. Griffith has employed Mrs. Jane Lattimer to work in her place until she is able to return to her job.

Sunday night a car driven by Leslie L. Nixon, Floydada, hit a cow on U. S. Highway 70 two miles east of Lockney. His car was badly damaged but Mr. Nixon and his brother, also an occupant in the car, escaped serious injury, according to Deputy Sheriff Ray Hardin.

Wife Of Former Pastor Dies Friday

Funeral services were held Sunday for Mrs. Eula Mae Stephens, 61, who died Friday morning at St. Mary's Hospital at Lubbock.

Mrs. Stephens will be remembered here as the wife of Rev. J. E. Stephens who served as pastor of the Lockney Methodist Church during 1927 and 1928. The Rev. Mr. Stephens passed away in 1955.

The final rites were held at 3 p. m. in the First Methodist Church of Post with Rev. W. L. Porterfield, pastor, officiating, assisted by Rev. Elmer Crabtree of Slaton. Burial was in Terrace Cemetery at Post.

Survivors include a brother, W. T. Chesnam of Chama, N. M.; a half-brother, John Daniel M.; a half-sister, three grandchildren; and one great-grandchild.

Grain Elevator Being Built At Lone Star

Wilson Grain Company of Plainview under construction at Lone Star, 10 miles north of Lockney. A representative of the company said Wednesday that they expected to complete the installation by November 1st.

The company will build an office, install scales and dump and build a flat storage building with a capacity of 320,000 bushels. The Beacon was told. They will also have an ammonia installation there, it was said.

Grain Sorghum Producers Have Area Meeting

The board of directors of the Grain Sorghum Producers Association of the High Plains held a meeting at the Herring Hotel in Amarillo last Friday at 1 p. m.

Frank Moore of Plainview and R. G. Peeler of Hereford reported on their recent meeting with 24 other commodity groups in Washington, where they presented the Surplus Reduction Plan, a plan whereby farmers would leave out of production 15% of his land with no pay in exchange for 75% of old parity on price supported crops.

All the groups in the meeting appeared to favor the plan, Mr. Moore said, with some minor changes. There will be another meeting on November 27 in Omaha, Nebraska, to further study it. The final plan will be presented to Congress the next session in Washington.

Bill Nelson, executive vice-president of the association, reported a favorable reaction to the plan to deduct two pounds per 1,000 pounds of grain delivered to the elevator, from farmers of the area in support of the association's program on research, marketing and legislation.

Seventeen counties were represented at the meeting, including two new counties, one from Texas and the other from Oklahoma. Attending from this county was Ewald Quebe of Providence, a member of the board of directors.

New Chevrolet To Be Displayed Here October 31

Detroit — The 1958 Chevrolet, reportedly the most spectacular model in the history of the company, will be introduced at dealer showrooms nationally Thursday, October 31.

E. N. Cole, general manager, disclosed the public exhibit date on the eve of a preview at which about 250 press, radio and TV editors will see the new line at the General Motors Proving ground.

"We sincerely believe this is one of the most interesting automobiles ever brought out in the industry," Cole said. "Every major part will show the results of an engineering job that began five years ago."

"The 1958 model became possible," continued Cole, "only through expanded and modernized facilities. It is the first car to have full advantage of the resources of our new Engineering Center. In addition, its production has involved considerable more new machinery and equipment than is normal for a model changeover."

Cole said the new car is already in production at the company's 11 assembly plants. An ample display stock is assured at retail points for the official three-day introduction starting October 31.

IN HOSPITAL
Mrs. Grace Byars is in West Texas Hospital, Lubbock, where she was scheduled to undergo a major operation Wednesday morning. No word has been received from her since that time. She has been in the hospital a week.

Illness Brings Drop In ADA At Local Schools

Average daily attendance at the Lockney School is off some due to illness, Supt. H. H. Nicholas said Tuesday. However, the local schools have not been hit nearly as hard by illness as a number of other schools in the area.

During the first six weeks of school the average absentees totaled 43 out of an enrollment of 1010, the Superintendent said. However on Monday of this week absentees totaled 76 in all four schools. The present enrollment is around 1050 and new pupils are being enrolled daily.

The average enrollment and average attendance by schools for the first six weeks were reported by Mr. Nicholas as follows, the first figure denoting the enrollment and the second figure the average attendance:

High School — 249 - 241.
Junior High — 206 - 199.
Grade School — 480 - 462.
Colored School — 75 - 65.

Supt. Nicholas expressed his appreciation for the efforts of parents in helping their children to attend school regularly. He pointed out that the number of teachers allowed under state aid is governed mostly by average daily attendance. However, he urged that parents be careful about sending children to school if they are ill. To do so may injure the child as well as spread disease.

New Teacher
A new teacher has been employed due to heavy enrollment of transient Latin-Americans, Supt. Nicholas said. She is Mrs. Ines Wright, of Azle, Texas, sister of Mrs. Imogene Myers, who is already teaching in the local system. She began work Monday of this week.

Supt. Nicholas said that it has been very difficult to secure teachers for this type of work and if any patron knows of a teacher who may be interested in teaching, he would like to get her name and address.

Toastmasters To Meet Thursday

The Lockney Toastmasters Club will meet this (Thursday) evening at 7 o'clock at the Lockney grade school cafeteria, according to President Virgil Thomas.

Toastmaster of the evening will be Marvin Cox. Table topic will be by Gerald Sams. There will be three speakers. Mr. Cox said.

All members are urged to be present for this meeting. Mr. Thomas said.

Methodist Pastors Are Changed

A number of Methodist pastors in West Texas were changed this week. The changes were brought about by the recent death of Dr. Orion W. Carter, pastor of the San Jacinto Methodist Church in Amarillo.

In the moves Rev. Tilden B. Armstrong of Floydada was moved to Andrews. Rev. H. De Witt Seago, pastor of the Forest Heights Church in Lubbock, was sent to Floydada.

Dempsey Has New Gin In Briscoe

Jack Dempsey, owner of the Farmers Gin at Lone Star and Providence Gin at Providence has completed the building of a new gin located at "Dempseyville", five miles south of the Rock Creek Store on Farm-Market road No. 598 in Southern Briscoe County.

Mr. Dempsey will manage his Lone Star and Providence gins but the manager at Dempseyville will be O. S. Fitzgerald.

Mrs. E. M. Tucker Dies At Waco

Mrs. E. M. Tucker, 75 years of age, died at Waco Saturday afternoon. She had suffered a stroke some three weeks ago.

Mrs. Tucker was a sister to Mrs. E. M. Woodburn of Lockney and District Attorney John Stapleton of Floydada. These two with Mrs. Clyde Dunn of Kermit and Mr. and Mrs. Ralph Stapleton of Flomot left early Monday for Waco to attend funeral services which were held at 10 a. m. Tuesday.

Deputy Hardin Moves To Lockney

Deputy Sheriff Ray Hardin has moved back to Lockney from Floydada. He and Mrs. Hardin are living in the 300 block of North Main Street, just across the street west of the Lockney General Hospital.

New Storage Is About Complete At Panhandle

The new warehouse building at Panhandle Compress & Warehouse here is just about complete and will be ready for use next week, according to Frank Hawkins, local manager.

The new building has 50,000 square feet of floor space and has a capacity of 7,500 bales of cotton. This will bring the company's total storage capacity locally to 30,000 bales.

They are now moving out all loan cotton, Mr. Hawkins said, and are receiving new crop cotton. They have received about 1,000 bales thus far.

Last year Panhandle handled 54,000 bales of cotton here and was the top warehouse in number of bales handled among all of the company's warehouses.

A new piece of equipment just installed at the local warehouse is electronic scales, noted for their extreme accuracy. The scales are tractor mounted and are very efficient, Mr. Hawkins said.

Two Olton Girls Joy Ride In Stolen Cars

Two Olton girls, ages 14 and 15 had an enjoyable auto ride Friday night, but in the process stole four cars in the area and had officers busy all day Saturday getting the cars back to their owners.

The girls' escapade started in Olton Friday afternoon, when they found a car with the keys in it and decided to take a ride. They abandoned that car in the cemetery at Plainview, found a Pontiac with the keys in it and started east. They came to Lone Star, decided to abandon the car and drove it out in a maize field belonging to Mark Martin, just south of the Lone Star store. They left it there, walked over to B. Phillips' home, a short distance away and drove his 1951 Ford Pick-up away from in front of his house.

They drove the pickup to Turkey, left it there, confiscated a Plymouth and drove it back to Plainview. Plainview police picked the girls up about 5 a. m. Saturday.

Sheriff Walter Hollums and Deputy Ray Hardin went to Lone Star Saturday morning searching for clues as to the missing pickup and met a deputy sheriff from Lamb County who had the two girls in custody and was attempting to locate the missing cars.

None of the cars were damaged and they were all returned to their owners.

Moral: Don't leave keys in your car.

Lockney Auto Is Low Bidder On Patrol Car

Lockney Auto Company was the low bidder the past week when the City Council received sealed bids for a new patrol car. Their bid was \$1385.00 difference between a new 1957 4-door 210 Chevrolet sedan and the old patrol car, a 1955 Chevrolet.

The new car was delivered to City officials Monday of this week. It is ivory in color.

The two-way radio system has been installed on the new car.

FARM BUREAU CONVENTION TO STUDY RESOLUTIONS

A number of resolutions will be presented by the resolutions committee at the annual Floyd County Farm Bureau Convention, to be held this (Thursday) evening at the Floydada High School Auditorium. The meeting is to get underway at 7:30 p. m.

The resolutions, if adopted, will then be taken to the state convention where they will represent the farm policy of Floyd County unit, according to Robert Lee Smith, president. All members of the Bureau are urged to attend and express their wishes on the resolutions, Mr. Smith said.

The resolutions to be presented include:

1. We endorse and urge the passage of the Surplus Reduction Farm Plan as outlined and proposed by the Grain Sorghum Producers Association.

2. We urge the changing of the present livestock marketing act to permit farmers to contribute to a meat promotional fund to help themselves. This is a voluntary program and we approve the check-off schedule of 10c per head for cattle and 5c per head for sheep and swine. This cannot raise the cost of meat to the consumer for it is paid for by the producer in an effort to promote the sale of his own products.

3. We urge Farm Bureau to voice strong opposition to federal encroachment in any function of government that can be effectively handled by any state or local subdivision.

4. Since all scientific surveys of ground water in the High Plains of Texas sustain the fact that the ground water of this area is an isolated and separate body of water, we recommend that in any statewide water conservation program, it be regarded as such, and that it be regarded as having no connection with any program for surface water. We contend that since this water is not the property of the state that any control or development be on a local basis.

5. We are opposed to a statewide ad-valorem tax to finance a statewide water conservation program. Due to the widely varied water problems throughout the state, we feel that financing of water program should be done on an area or watershed basis, so that each area would bear the cost proportional to its benefits from the program.

6. We are opposed to application of minimum wage laws to farm labor. We urge that all Farm Bureau organizations continue to oppose the inclusion of farm labor under minimum wage and hour laws and oppose any increase in minimum wage and hour laws.

7. We also urge that every attempt be made by Farm Bureau to seek a reasonable interpretation of the child labor law and if necessary, seek legislation to amend the law to place the responsibility and liability for violation of the law upon the contractor or crew leader instead of upon the farmer.

8. We urge the Texas Farm Bureau to use all its influence to prevent the removal of the Texas right to work laws from the statutes of the state.

9. We are concerned not only about the fact that agriculture as an industry has no effective organization on public relations, but also that much of the recent publicity relative to agriculture has been presented in a manner which has tended to divide farmers and to cause the non-farm population of this nation to regard farmers as a drag on the economy and a burden on the National Treasury.

10. We therefore recommend that the Texas Farm Bureau take appropriate action to insure more favorable public relations for agriculture in Texas. We further suggest that this might be done by establishing a public relations committee on the state level.

11. We recommend also that the American Farm Bureau Federation take the lead in disseminating non-partisan factual information on the problems of American agriculture through nationally circulated publications and through radio, television and other methods of nationwide communication.

12. We recommend that the office of Commissioner of Agriculture remain as an elective office.

13. We recommend that the farm-to-market road program be continued and extended until all Texas farms have reasonable access to markets on all-weather roads and we recommend that, where possible, priority of road improvement be given to school bus routes and to mail routes.

Weather Clears, Harvesting Is Speeding Up

The weather cleared the first of the week after another rain Saturday night and harvest operations are speeding up in this section of Floyd County.

The rain here totaled about one inch but was heavier in other sections. Hall Ferguson, south of town, reported 1.8 of an inch, in eastern Floyd County the total was reported at one and three-quarters and at Floydada 1.52 was reported. It was the second rain within a two-week period bringing the total in that time to almost two inches here.

Grain sorghum is moving very slowly and it will be two or three days at least before it is dry enough to cut, according to local elevator men. Even with dry weather it will not move fast.

The cotton harvest was slowed also but it is picking up faster. Total number of bales ginned at Lockney, Sterley, Lone Star and Aiken to Wednesday of this week was 788 bales, according to Jack Orr, TEC representative here. This is an increase of 386 bales over the report the same time last week. By Wednesday of this week hands were back in many fields and if the dry weather holds another day or two will see harvest back to normal. Gin men say that by next Monday, if the weather stays clear, the cotton harvest should be in "high gear."

Harvest labor has been fairly plentiful thus far, it was reported, with only a few farmers needing hands they could not secure.

Superintendent To Attend Conference

Supt. H. H. Nicholas will leave Friday for Austin where he will attend the annual conference of school superintendents Sunday and Monday. He expects to return home Tuesday.

The superintendents will discuss problems of school work and also possible legislation related to schools. Their findings will be made available to the state-wide "Committee of 24", authorized by the legislature, which is making a comprehensive study of school problems.

Local teachers who will attend the teachers conference to be held at Austin on November 2nd are Mrs. G. C. Applewhite from high school, Mrs. J. E. Cox from junior high and Mrs. Edythe Clark from grade school. This conference, also, will discuss school problems and make their findings available to the state-wide committee.

ON DEER HUNT

Mr. and Mrs. R. H. Ford, Mr. and Mrs. W. O. Whitehead, Rene and Jack Yeary left last Saturday to spend the week hunting deer near Rifle, Colo. They are expected home Friday afternoon.

Let every soul be subject unto the higher powers. For there is no power but of God; the powers that be are ordained of God. — Romans 13:1.

THE GRAIN SORGHUM Producers Association of the High Plains is due considerable credit for recent increases in grain sorghum loan rates as well as the loan rate on corn grown in non-commercial areas. The three cent increase in grain sorghum loans will add more than a quarter million dollars to the income of some plains counties, according to Frank Moore of Plainview. Also the support price on corn grown in this area is now \$1.27 per bushel instead of \$1.02 due in part at least to efforts of the Grain Sorghum Producers Association. Seems that the two pounds per thousand they are asking to support their program is very small compared to the good they are doing. When old Frank Moore of Plainview gets behind a program it usually goes. He gets things done.

ALSO TO BE voted upon at the same time are three Constitutional Amendments. H. J. R. No. 37 is an amendment which is designed to improve the state employee's retirement system. H. J. R. No. 2 would increase state expenditures for old age assistance, blind and dependent children five million dollars per year and increase the limits of payments to the individual. H. J. R. No. 3 would authorize an issuance of two hundred million dollars in bonds to provide assistance in water development.

SPECIAL WEEKS are a favorite of the American public. It seems this happens to be Oil Progress Week, October 13-19, emphasizing the contribution the oil industry has made to the progress of this nation. Not only does this industry contribute petroleum fuels, which furnish us with 67 percent of our energy requirements, but it also provides asphalt of which roadways are made. Your local service station man and butane suppliers are all a part of this vast industry. It's a big one.

WE NOTE that weather bureau officials have finally come over to The Beacon man's point of view that the first killing frost will be here about November 3rd. That's 60 days from the first norther, an old infallible sign. The record shows that for the past five years the first freeze has come in October, the longest streak for that month since 1903 to 1913 when it ran 10 years in a row. From 1940 to 1949 every year's first freeze came in November, the latest being 1947 when it came on November 22. This year, The Beacon pre-

dicts, we'll get back into November with our first freeze date.

FLOYD COUNTY will go to the polls on November 5th to make their decision on a \$294,000 road bond issue. Reason for the Highway Department's desire to four-lane the road between Floydada and the Hale County line is the heavy traffic count. The traffic count between Lockney and Aiken was last reported at 3200 cars per day. On Highway 62 south of Floydada the count was some 1500 cars per day and on Highway 70 in eastern Floyd County it dropped off to about 900 cars per day. But the heavy traffic on Highway 70 in western Floyd is causing concern in the Highway Department. Their own statement is that "when traffic on a two-lane highway approaches 3,000 vehicles per day The Highway Department begins to plan for a four-lane divided highway."

SAFETY is the big concern of the Highway Department. They say that a four-lane divided highway is three to four times safer than a two-lane road. However, statistics prove that should the highway be widened to four-lane without the strip between then the fatality rate would be increased instead of decreased. Highest percentage of all accidents is head-on collisions. Multilane divided highways almost entirely eliminate this type of accident.

NOT TO BE overlooked by people of the Lockney area is the Highway Department's plan to pave and improve the section of road running west from the Plains Hotel in Lockney. This connection with Highway 70 west of town would be a definite benefit to the city as well as others who travel to the west. It is something that has been needed for a long time.

BEYOND ON FARM PROGRAM

One of the things Secretary of Agriculture Benson is reported to have told the Chief Executive is that farmers are happier with their plight now that they have been in four years. We do not think this is saying much, nor do we think that farmers are happy with their plight at present.

We think Secretary of Agriculture Benson is an unusual man and an accomplished one in one particular, at least.

He has been able to retain the support of President Eisenhower and to remain in office when his farm program was a failure, and he admitted as much, for about five years. This is certainly a feat in itself.

Benson is reported to have told President Eisenhower recently, at Newport, Rhode Island, that farm unrest was only a minor factor in the loss of a Republican Senate seat in Wisconsin recently. He also said there were some ten encouraging facts about the present farm situation.

While there may be ten fac-

tors which show that the farm situation is improving, there are several factors which show that the farmer is still getting a rather poor share of the national income.

First, his share of the national income is low. Second, his costs are rising faster than his income. Third, prices remain low and the Soil Bank program gives little hope of increasing the farmer's share of the national income. Fourth, the Republican Administration has spent more on its farm program in the five years since President Eisenhower was elected than the Democratic Administrations in the preceding twenty years. Moreover, the Democrats obtained higher prices for the farmers and greater profits.

Now, after looking over the facts we would like to know what the improving factors Secretary Benson thinks outweigh these blunt truths. In short, the Republican Administration needs a completely new farm program and new legislation should be presented to Congress in January designed to give farmers a decent share of the national income. Unless this is done, the farmers in 1960 are going to vote Democratic as surely as they

is going to be a Presidential election, good or bad. — Lamb County Leader, Littlefield.

"NOW WHEN I WAS YOUR AGE"

When you are small, a father is two huge hands. These hands help you cross the street. They put worms on your hooks better than any other hands in the world.

A father is the man who sits at the head of the table. He gets two lamb chops — you get one. He is nice to be near when there's thunder and lightning — or trouble.

A father understands when you think you're too old to be kissed goodnight. He is the one who teaches you how to tie your tie, who buys your first razor, who gives you permission to take the car — and who comforts Mother when you are not home on time. Sometimes he helps you fail algebra.

A father spends most of his life reaching in his pocket for money to give someone for something. His favorite words are "Now, when I was your age..."

A father is the person you want to be like when you grow up. You can ignore him, but you can never forget him. A father is a small boy grown taller and wiser. — Arthur Unknown. — Hereford Brand.

Dear Editor:
 My philosopher neighbor says it seems like life is always back-firing on people.

Like, you write a hot letter to the editor to make a nasty speech about careless drivers, and the next thing you know your own car is in the fender clinic.

And like President Eisenhower, who deplored the action of Mr. Krushchev in sending troops and tanks to make the Hungarians see things his way. Now the ball has bounced around to where Mr. Ike has felt obliged to give Arkansas a dose of Krushchev persuasion.

CHANGE TO SHAMROCK 10 W-30 MOTOR OIL NOW AND PROTECT THE LIFE OF YOUR CAR'S ENGINE AND BATTERY

The development of Shamrock 10W-30 Motor Oil is based on the fact that the typical passenger car engine operates most of its useful life in the temperature zone between the cold start and normal operating temperatures.

All oils thicken as temperature decreases. The difference between Shamrock 10W-30 and conventional oil is that it thickens less at low temperature. The effect on your car's performance is important.

When you change to Shamrock 10W-30, the improvements you'll notice immediately are: (1) that even on the coldest mornings the engine will turn over quickly and easily, and (2) a marked increase in gasoline mileage.

These advantages are the most obvious, but not necessarily the most important. Frictional wear in the engine takes place at a very high rate during the first few strokes when starting an engine with little or no lubricant on the cylinder walls. 10W-30 reduces this wear, flowing quickly... replenishing the oil film. At high temperatures a thicker lubricant does a better job of keeping metal surfaces apart. Accordingly, 10W-30 being thick

LONGHORNS GRAB SECOND 2-AA WIN

Lockney Horns Slaton 25-0

Lockney scored in every period Friday night as the horns topped the tough Slaton Tigers, 25-0, for their second conference win, and sixth victory of the year. Some 1,000 fans witnessed the contest played on Mitchell-Zimmerman field.

The Longhorns broke the scoring midway in the initial quarter when Longhorn quarterback Billy Karl Race scored eight yards out to end a 35-yard drive. Jerry Williams crossed the extra point.

Slaton threatened in the second period when they drove to the Longhorn 10 line, and again in the third quarter as they pushed the Lockney 13.

Halfback Jerry Williams injured his foot in the first minute of play and saw only limited action.

Lockney's "Big Red" added three touchdowns when back Kenneth Holt crossed the line in the second quarter for a 48-yard drive; Callaway made 4, Williams went for a first on the third period to end a 43-yard march; and Williams scammed 28 yards in the final minute of the game.

Hard-hitting Longhorns won in another superb performance in beating down a Slaton forward wall. The Lockney line held the Tigers to four downs and 56 yards rushing. The backs include John Duane Griffith, Lane Kelly Harrison, Byron Coy Kidd, Bill Musser, Harris, Larry Hammit, David Howell.

Backs Dickie Barton and Callaway, and halfback Nelson Wofford, in addition to Williams, Race, and Callaway moved the ball well and up 307 yards rushing. Hardy played a good game at his defensive halfback.

Summary of The Game: Lockney won the toss and received the opening kickoff.

Holt's kick was picked up the 10 and returned to the 22 yard line. Slaton lost 2 and 1, lost 1, and lost out of bounds on their 33.

Slaton was charged with a 7-0 lead with 6:44 to go in the first quarter. Holt's kick was returned to the 4 to the Tigers 18. The horns made 1, had an incomplete pass, gained 8, and moved for a first on their 28.

Callaway picked up 5, was charged with an offside penalty, lost 2 and 5, lost 3, and punt out of bounds on their 47. Williams ran for 4, Williams lost 1, a pass fell incomplete,

and Race punted into the end zone.

Slaton, moving from the 20, lost 1 on a fumble, made 1 and 1 and punted out of bounds on their 48 as the first quarter ended.

Race kept for 4, Williams gained 2, Barton bulled for a first on the 38, Williams picked up 3, Callaway drove for 3, and Holt picked up another first on the 25. Callaway drove for 7, Williams raced for a first on the 13, Williams gained 1, Callaway made 4, Williams went for 4, Race kept for a first on the 1, and Holt scored. Holt's kick was no good and Lockney had a 13-0 edge with 6:44 to play in the first half.

A Slaton halfback almost broke loose on the kick, but was pulled down on the Longhorn 40 by Griffith and Wofford. Slaton gained 2 and 2, lost 1, and passed for a first on Lockney's 27. The Tigers went for 3, 2, 2, 5, which earned them a first on the 15, drove for 4 and 2, a fumble lost 2, a pass gained 1, and Lockney took over on downs on their own 10.

JERRY WILLIAMS IS 'HORNS' SCORING ACE WITH 67 POINTS

The Longhorn's speedy left halfback Jerry Williams again proved to be Lockney's top scoring threat as he crossed the goal for 13 points against Slaton last week to bring his season scoring total to 67 points.

Quarterback Billy Karl Race kicked in with a touchdown last week to bring his total to 39 points for the year. Kenneth Holt also scored six points against Slaton, his first of the year.

BULLDOGS, WHIRLWINDS FACE CRUCIAL TESTS THIS WEEK

Another week of rough and tumble action is forecast for District 2-AA as three contests are scheduled, two of which should be thrillers.

Floydada's powerful Whirlwinds will face their first real test in district play when they travel to Abernathy for a game with the dangerous Antelopes. Another tough battle should develop as the rugged Slaton Tigers host Spur, who has yet to be beaten in district action. Lockney's explosive Longhorns should have little trouble as they journey to Post for a game with the Post Antelopes.

The Lockney Longhorns were again selected by the Lubbock Avalanche-Journal and the Amarillo News-Globe as the top AA team in the area and remained in third position in the Fort Worth Star-Telegram's statewide AA ratings. The powerful Floydada Whirlwinds were raised from fifth to third by the News-Globe and were dropped one notch to fourth by the Avalanche-Journal. The Lubbock paper placed Spur in a tie with Dalhart for sixth place.

Last week Lockney and Spur won their second district games without a loss to remain conference leaders, but Floydada won its first district contest last week and is only a step behind the leaders.

Lockney won, 25-0, over the Slaton Tigers, another district toughie who went into the game sharing the district leadership.

Spur came out on the long end of a 19-12 score in a rugged battle with Abernathy to keep their district slate clean. Floydada had little trouble winning over Tahoka 34-0.

Other area scores: Plainview 27, Hereford 7, Dimmitt 24, Hale Center 0, Ralls 13, Morton 7, Kress 6, Hart 0, Littlefield 21, Canyon 0.

Shorthorns Meet Post Here Tonight

Lockney Jr. High's Shorthorns, improving with every game, will play Post Jr. High tonight (Thursday) on Mitchell-Zimmerman field.

Last Thursday the Shorthorns, coached by Weldon Dodson, looked very good in downing Olton, 34-7, on the local field. Fullback Terry Mosley proved to be the offensive sparkplug as he passed to end Audrey McCormick for two touchdowns and crossed the double-stripe for another six points. Halfback Kenny Clark ran across one touchdown and Doyle Thurman, halfback, scored on an intercepted pass to complete the Shorthorn's scoring.

Coach Dodson termed the win as a "team victory" but praised Mosley and Clark for their work on both offense and defense. The Jr. High eleven now sports a three win, two loss record for the season. The "flu bug" hit several Jr. High players and hampered workouts this week, thus it was impossible for Coach Dodson to list a starting lineup early this week for the Post game. Donnie Hanst, starting guard, missed the Olton contest due to illness.

Lockney Leads 2-AA In Offense, Defense; Floydada, Spur Next

Lockney's high geared offensive machine tallied 25 points against a rugged Slaton team last week to maintain their lead as District 2-AA's highest scoring team but the powerful Floydada Whirlwinds rallied for 34 points against Tahoka to move closer.

The Longhorns have scored 183 points in six battles for a 30.5 point-per-game average and Floydada has compiled 127 points in five contests for a 25.5 point-per-game average.

Longhorns Lead Defense Lockney's stingy defense held Slaton scoreless to recapture the defensive lead from Spur as Abernathy pushed across 12 points against the Bulldogs last week. Lockney has allowed 33 points in six games for a 5.5 average; Spur has permitted 39 points in six games for a 6.5 average; and Floydada has allowed 34 points in five games for a 6.8 average.

Following is a list of scoring by and against each team in the district:

Longhorn "B" Plays Post Here Thursday

The Longhorn "B" eleven will be seeking their sixth straight victory of the season tonight (Thursday) when they host the Post "B" squad.

Coach Troy Lemley's charges smothered Olton 27-7 on the local field last week to extend their win skein to five. Halfback Ronnie Thornton scored two touchdowns for the locals and Jimmy Minter, quarterback, to Milton "Moe" Mickey, end, pass combination worked for two six pointers.

Several of the "B" boys have been looking good and have been working out with the "A" squad.

LEADING GROUND GAINERS

Do you really know what your car requires in a gasoline? What it takes to make the miles speed easily and silently? To deliver all the energy in your engine under any driving conditions? The answer is reserve power... and Cosden has it.

If yours is a late-model car, Cosden's Premium Ethyl packs the new, added power-rating that high-compression engines require.

If your car is older, Cosden Higher Octane Regular, too, gives it a new power bonus for mile-saving economy.

Fill up and find out. You'll see that Cosden — premium or regular grade — makes a leading ground gainer of your car.

VITAMINS BUILD RESISTANCE!

With cold weather coming and the "flu" epidemic sweeping the country, it might be wise to think about building up resistance to colds, "flu" and illness of all kinds. Taking vitamins regularly is one of the best ways to build your resistance.

Of course, upon the first symptoms of illness, you should call your family physician. Vitamins are not a cure for illness but they can help to prevent it.

A regular dosage of vitamins by each member of the family may do much to keep illness away. We have a large supply of all kinds of vitamins and will be glad to recommend them to you. Here's a few:

- Zymacap — \$6.60 per 100
- Multicebrin — \$5.65 per 100
- Multicebrin Jr. — \$2.79 per 100
- Unicap M — \$3.75 per 100
- Abdol for Children — \$2.87 per 100
- Unicap — \$3.11 per 100

Wayland Board Accepts Gift

Plainview—Wayland Baptist College trustees heard encouraging reports from trustee chairman and college officials, accepted a \$1,000 education fund and approved sale of a piece of Amarillo property at the annual fall meeting, Oct. 8. W. A. Mays, chairman, Amarillo, presided.

President A. Hope Owen reported the \$1,000 gift from Mrs. Horace Goch, Louisville, Ky., for a memorial educational fund in honor of her father, the late Dr. J. E. Nunn, long time board member.

Invitation to the dedication of Brotherhood Hall, residence for 50 young men, at 2:30 p. m., Oct. 21, was given by Dr. Owen, who announced that the dedication and open house would follow the all-day Parents Day celebration.

Sale of the Amarillo property for \$13,102.40 was authorized.

Rev. Argus A. Burnett, city missions secretary for Amarillo, reported that District 10 Brotherhood had this week subscribed its apportionment for Brotherhood Hall. E. M. Osborne, Plainview, chairman of finance committee, reported that Wayland's financial status is the best it has ever been. He introduced H. L. Mithusson, who took over as business manager on June 1, who spoke to the report.

ONE THING AT A TIME
Matador, Tex. — Mrs. Raldo Martin of Flomot carried a severed toe in her apron pocket for two hours and finished her washing before she sought medical aid.

A cow stepped stepped on Mrs. Martin's foot and completely severed the second toe on her left foot. She picked up the severed digit and put it in her apron pocket, then administered first aid to herself.

She had started a washing before turning some cows and calves together in the lots where the accident occurred.

She returned to the house and finished her washing, then two hours later drove the farm tractor to the home of a relative, who took her to the hospital.

Farm Bureau In Membership Drive

Waco — Texas can have the largest Farm Bureau organization in the South and fourth largest in the nation if each county organization in the state meets its goal, the president of the Texas Farm Bureau has announced.

J. Walter Hammond said that thousands of voluntary membership workers are still busy signing up farmers and ranchers in the organization. Deadline for enrolling members for 1957 is Oct. 31, the end of the TFB's fiscal year.

County quotas in 183 organized county Farm Bureaus add up to 75,300 which is the state quota for 1957. Counties are trying for an additional four per cent above their quotas — which would push the total over the 78,000 mark, enough to permit the state to beat Kentucky for the honor of having the largest Farm Bureau in the South. In addition, it would place Texas in fourth place in membership size in the nation behind Illinois, Iowa and Indiana.

"Texas has more farmers and ranchers than any other state in the nation," Hammond said. "Since the American Farm Bureau Federation is recognized as the national voice for Agriculture, it is only right that Texas should have its proportional share of influence in deciding what policies of the national organization shall be. Only size of membership can give us the representation to do the job."

The 1956 TFB membership was 70,147.

TELEPHONE TALK
by J. C. Oakley, Manager

I want to give a pat on the back to both of our local plant men here in Lockney, "Ole" Olsen and "Digger" Brewer.
I know that all of our customers here know and have seen these two men going about their work day in and day out.
"Ole" has been here for 8 years. He first started working for the telephone company in Marshelton, Iowa, April 22, 1937. From Iowa he came to Texas by way of Amarillo and then to Plainview and finally, Lockney.
"Digger" started with the telephone company in Lockney April 24, 1950. After 6 months service he went into the Army and served 2 years. After his tour of duty with the army, he came back to Lockney and has been here ever since.
I believe that both of these men are the best in the telephone business and I am very happy to be associated with both of them.
I know that either one of them will "go beyond the call of duty" to give you the kind of telephone service you want.

Football Fun
Another football season is underway. If there are any fans around your house, it's likely that the radio and television sets will be working overtime for the next few months bringing the games into your home. It's the next best thing to having a 50-yard line seat.
Maybe you've never realized it but the telephone company plays an important part in bringing you these football broadcasts, as well as other radio and television programs you enjoy. We handle the transmission of programs from distant places for your enjoyment.
Telephone engineers have worked constantly through the years to improve these facilities. Today we use both cable and microwave networks to transmit these broadcasts.
And, of course, improved transmission means more pleasure from the programs for you.
This is another example of how the telephone company always seeks to bring you improved communications — in radio, television, on a local telephone call across town or a Long Distance call across the nation.
Getting back to football, have you attended any of the Lockney Longhorns games this season? If not, why don't you plan to be at the next one. Better still, go to all the Longhorns games this year. You'll enjoy them and the team will appreciate your support.

Save 1-3 On Out-of-Town Calls
Whether you're making a business call or just keeping in touch with members of the family in other cities, it's smart to place your Long Distance calls Station-to-Station.
You save money because Station-to-Station rates are about one-third lower than Person-to-Person rates. This means you can make three calls for the price of two.
And here's another Long Distance tip to remember: call by number — it's twice as fast.
Call by number. It's twice as fast.

Will Celebrate Golden Wedding

Mr. and Mrs. J. D. Huggins of Lockney will celebrate their Golden Wedding anniversary Sunday with open house at their home 314 Southwest First Street. They invite their friends to call anytime from 3 to 5 p. m.

The couple's children and their families will be present for the occasion. They are Emory Huggins of Plainview, Harold Huggins of Floydada and Mrs. Wilmer Teuton of Amarillo.

Mr. and Mrs. Huggins were married October 20, 1907 at Hebron in Denton County, Tex. That, too, was on a Sunday. They have lived in Lockney for 38 years.

Couple To Reside In Georgia

Mr. and Mrs. Jim Higdon are at home in Fort Benning, Georgia, following their marriage Saturday, October 5 at 2 p. m. in Saint Alice Catholic Church, Plainview. The bride is the daughter of Mrs. J. R. Langley of Route 2, Lockney and the bridegroom is the son of Mr. and Mrs. L. E. Higdon, El Reno, Oklahoma.

Father James E. Fitzgerald performed the double-ring ceremony as the couple stood before an altar decked with baskets of white gladioli and candles in cathedral candelabra.

Escorted to the altar by her brother, Ralph Langley, Plainview, the bride wore a floor length gown of white tulle over taffeta featuring a fitted bodice topped with a lace bolero designed with long sleeves terminating in points over the hand. The skirt which extended into a chapel train, was worn over a hoop to accent the fullness. Her circular finger-tip length veil fell from a beaded coronet. She carried a bouquet of white roses atop a prayer book showered with white satin ribbon knotted with lilies-of-the-valley.

Mrs. Bob Covington attended her sister as matron of honor. She was attired in a red taffeta street length dress. Her veil was red and she carried a bouquet of white carnations atop a prayer book and rosary.

Bridesmaids were Misses Margaret and Helen Whitfill, cousins of the bride. They wore identical dresses of white taffeta, styled like that of the matron of honor. They wore white veils and carried red carnation bouquets atop red prayer books and rosaries.

John P. Higdon of El Reno, Okla., served his brother as best man. Groomsmen were Bud Rietman, Amarillo, and Charles O'Dell of Dallas.

Following a reception the couple left for a wedding trip to the Gulf states.

Mr. Higdon has entered the service in Fort Benning, Ga., where the couple will live.

Mrs. Higdon attended Our Lady of Victory in Fort Worth for two years and Texas Tech two years. She was employed at the ASC office in Floydada at the time of her wedding. Mr. Higdon attended Oklahoma A&M two years and Texas Tech two years where he received his degree in agronomy. He was employed in Roswell

MRS. C. JOE TAYLOR

Vows Solemnized In Home Ceremony

Miss Virginia Taylor, daughter of Mr. and Mrs. J. P. Taylor of South Plains, became the bride of C. Joe Taylor, son of Mrs. C. J. Taylor, Lockney, in an impressive ceremony Saturday evening, October 12 at 7 p. m. in the home of the bride's parents.

Rev. R. C. Guest, pastor of Fairview Baptist Church, Levelland, Texas, read the double ring service as the couple stood before an altar decorated with gold cathedral candles in tapered candelabra flanked on either side by tall baskets of gold mums. A large sunburst arrangement of bronze mums and greenery formed the altar background.

Miss Louise Pritchett, pianist, played nuptial selections and accompanied Mrs. J. D. Webb as she sang "Because." The traditional wedding marches were used.

Given in marriage by her father, the bride was dressed in a waltz-length gown of white French lace over white taffeta styled with a fitted bodice featuring a scooped neckline and three-quarter length sleeves. Her circular finger-tip veil was attached to a beaded halo. She carried a white Bible topped with an orchid and showered with satin ribbon tied in love knots. Carrying out the

traditional something old, the bride wore a bracelet belonging to her grandmother. New was her wedding attire, borrowed was the wedding veil and in her shoe she wore a penny made the year of her birth for good luck.

Mrs. Douglas Meriwether, Lockney, was matron of honor and Miss Bonnie Upton, South Plains, was maid of honor. They were dressed identical in gold velveteen sheath dresses trimmed with gold satin. They carried colonial bouquets of small white mums circled with gold baby mums.

J. Ronald Taylor, brother of the bride, and Miss Charlotte Taylor, sister of the bridegroom, were candlelighters. Miss Taylor wore a ballerina length dress of bronze net designed with a scoop neckline. At the waist she wore a gold velveteen cummerbund. She wore gold accessories and a wristlet of yellow rosebuds.

Katie Taylor, sister of the bride, was flower girl. She wore a dress of gold velveteen trimmed with gold satin and carried a basket of bronze and gold mums.

Ronald Reecer of Midland, served the bridegroom as best man.

Douglas Meriwether, Lockney, was usher.

Mrs. Taylor, mother of the bride, chose a blue dress with brown accessories. Mrs. C. J. Taylor, mother of the bride-

Room were a toast colored dress, brown and antique satin accessories. They wore corsages of yellow rose buds.

Reception

At a reception held immediately following the ceremony, the bride's table was laid with lace over gold and centered with the attendants' bouquets. The wedding cake was iced in white and topped with a miniature bride and groom. It was a gift from Rose Daniel, Amarillo, friend of the bride. Miss June Marble and Miss Juanel Wood served. Miss Donita Milton presided at the guest book where approximately 60 guests registered.

The bride is a graduate of Floydada High School and the bridegroom is a graduate of Lockney High School.

After a wedding trip through New Mexico the couple will be at home this weekend in Lockney. The bridegroom is engaged in farming. For traveling, the bride left in a brown suit with brown and gold accessories. Her corsage was a white orchid.

Lockney Horns—

(Continued from page 3) ered for another first on the Longhorn 49 as the first half came to an end.

Fumbles Hurt Lockney. The Longhorns opened the second half by returning the kickoff, 13 yards to the Lockney 37. Race kept for 4 and 2, and Barton drove for a first on the Slaton 38. Williams broke into the clear but the ball squirted away from him and was covered by Slaton on the Tiger 24.

The Tigers again failed to move as they made 3, 3, 0, and punted out of bounds on their 43.

Barton carried for a first on Slaton's 28. Holt made 4, and Barton drove for another first on the 18. Williams picked up 3, Barton gained 4 and 6 for another first on the 5. Williams scooted for 4 and 1 and Lockney increased the score to 19-0 with 4:55 to play in the third period. Hanst's kick for point was no good.

Hanst kicked to the 6 and the ball was returned 15 yards to the 21. Slaton picked up 3, had an incomplete pass, gained 2, and punted to the Lockney 44. Race bobbed the punt, and after one official had ruled the Lockney quarterback recovered the ball, another official reversed the call and awarded the ball to Slaton.

The Tigers made 1, passed incomplete, gained 3, and had another incomplete pass with Lockney taking over on the Longhorn 40.

Barton rambled for a first on Slaton's 48. Lockney was charged with a holding penalty. Wofford made 5, and Lockney lost another fumble on their 46.

Slaton moved for 2 yards as the third quarter ended. The Tigers picked up 2 and 2, and completed a pass for a first on Lockney's 15. The Longhorn defense tightened and held Slaton to a 1 yard gain, a 1 yard loss, and 2 yard pass, and an incomplete pass, with Lockney taking over on their 13.

Wofford traveled for 7, Callaway drove for a first on Lockney's 29. Wofford made 3, Williams scampered for 5, Williams was stopped for no gain, and Race kept for a first on Slaton's 49. Callaway made 2, Race kept for 4, and the Tigers intercepted a pass and returned it to their 37.

Slaton made 3, passed incomplete, gained 1, and punted to the Lockney 25. Race returned the ball to Lockney's 37.

Wofford drove for 9, Williams fumbled and Brock recovered for another Horn first down on Slaton's 32. Wofford made 1, Callaway picked up 3, and the speedy Williams raced beautifully down the sideline to score a 28 yard touchdown. Hanst's lay for point failed and Lockney held a 25-0 lead with 46

Houston, Texas. —When Mrs. Nellie Harris, operator for Southwestern Bell Telephone Co., decided to take her lunch to work, her six-year-old son, Charles, was worried. How, he wondered, would she be able to tell her lunch from all the others?

Came the solution: Charles announced he would write her name on the sack.

Sure enough, at noon Mrs. Harris had no trouble finding her lunch. Scrawled all across the front was: "M-O-T-H-E-R."

CROSS ROADS REPORT

Dear Editor:

I see where some of the new Paris fashions are being called the "egg with legs" silhouette.

Some critics say American women won't ever take to this style of yard, on account of making them look ridiculous. But I never noticed that this has much influence over what girls choose to wear.

After all the "egg with legs" is no more unflattering than the "dancing - lollipops" silhouette they get with these hide-tight britches which accentuate the differential from stems to stern.

SOIL CONSERVATION DISTRICT NEWS

Edwin A. Barker, cooperater of the Floyd County Soil Conservation District is a firm believer in soil improving crops.

Barker, who lives two miles northwest of Providence, first interplanted mung beans with grain sorghum in 1953. Since that time he has increased his acreage until now all of his 170 acres of grain sorghum and kaffir is interplanted with this legume.

"The reason I like mung beans is because you don't need any special equipment to plant them," Barker said. Since mung beans are about the same size as grain sorghum they can be easily mixed and planted in the same planter box. "I have increased my yields over 1-3 of previous production by using this legume," he said. This was without use of any commercial fertilizer.

Barker has rotated his cotton following grain sorghum and mung beans each year. He stated, "I get better penetration of my irrigation water than ever before and it has also saved me at least one irrigation."

SCS technicians say that mung beans are a summer annual legume. They can be used for hay, temporary pasture, ensilage, food, or soil improvement. They also aid in decreasing evaporation loss of water due to their shading effect. Although they do not produce quite as much foliage as cowpeas they compare favorably with cowpeas in ability to store nitrogen in the soil. Mung beans are considered a shallow rooted legume.

Barker said that he had encountered no difficulty with volunteer stands of mung beans in his cotton the following year.

Farmers in the district who are not now using a soil improving crop in their rotation are urged to include this in their plans for next year.

USEFUL THEFT

Houston, Texas. — Thieves may find themselves outfitted in what they stole from Mrs. Leone Hurlburt.

Mrs. Hurlburt dumped a package into her car and went off to continue shopping. The package was gone when she returned.

Appropriately enough, the package contained ten yards of black and white prison stripe material. "If they catch the thief, he can wear it," Mrs. Hurlburt said.

LETTERS TO THE EDITOR

Dear Editor:

We need badly a reorganization of some phases of the government. I think the present method of selecting members to the Supreme Court was modeled before it began. The power of appointment is in the President's hands, and he wants judges on the bench who will agree with his ideas of how the government should be run. This is not the function of the Supreme Court.

The function of the Supreme Court is to decide cases entirely on the basis of the Constitution of the United States. The President usually selects politicians whether they are in the Senate or whether they are Attorneys General or some other special pet to whom he feels an obligation. Of course, this is the entirely wrong concept of a Supreme Court. We want men on the Supreme Court who are outstanding in their judicial capacities, rather than men who will carry out the President's orders. A man with outstanding judicial capacity will judge the cases that come before him according to the Constitution of the United States, rather than make laws of his own, which has been done in recent months. The Legislative bodies consisting of the House of Representatives and the Senate are the ones according to our constitution which should make and enact the laws.

Taking all these things into consideration, the President should be deprived of naming anyone to the Supreme Court, which would get this matter completely out of politics. The man named to fill a vacancy should be named by members of the Supreme Courts in each state of the union, based on his outstanding judicial abilities. Then, the Senate should ratify the selection of this man. This method would clear up all chances of a politician being on the Supreme Court to carry out the dictation of the President, as in the case when Roosevelt tried to pack the Supreme Court, and the case of the present Supreme Court, which has nullified the Smith Act and condoned the action of party or parties that would do all in their power to overthrow our government. All the communists in prison for these charges were pardoned as not

guilty of any crime. These communists came from underground, infiltrated our churches, labor organizations, civic organizations and every other phase of American life. They're in our schools teaching our children communism. If you, my fellow American, are in favor of this, I am not. I can assure you that the present method of infiltration has caused the downfall of all the countries that have turned to communism. Your Supreme Court condones this action as the proper thing.

If you desire any action taken by your Senator or Congressman during this next term, let them know your feelings, because lack of action may be fatal to all of us. An amendment to the constitution can be made and adopted whereby our Supreme Court members will be men of judicial capacity and not just politicians.

The communists have declared that they will take over the United States, and they will do just that unless you act to demand an amendment to the constitution whereby the Supreme Court cannot free all communists and permit them

unlimited infiltration. So, act before it is too late!

MR. GRAIN SORGHUM PRODUCER!

A serious problem for grain sorghum producers has developed. A declining market with a continuously expanding production far exceeding the present demand, makes it imperative that the farmer himself take some action to rectify the situation. You will agree that for a more prosperous agricultural area, the market for grain sorghum must be expanded and more favorable legislation enacted.

The Grain Sorghum Producers Association is attempting to improve the "picture" for grain sorghum producers through an expanding program of RESEARCH, MARKET DEVELOPMENT and LEGISLATION. There is now an agricultural economist experienced in grain marketing on the Association's staff to develop these activities.

We urge you to support this program by requesting your local elevator to deduct TWO POUNDS OF GRAIN out of each 1,000 pounds you deliver and deposit it to the account of the Grain Producers Association in your name.

Every grain elevator in Floyd County has agreed to deduct the grain with your permission as their contribution to this program.

Bride-Elect Is Complimented

Miss Virginia Taylor, bride-elect of Joe Taylor, Lockney, was named honoree at a bridal shower given in the home of Mrs. Raymond Upton, Tuesday evening, October 8 from 7:00 to 9:00 o'clock.

Guests were greeted by Mrs. Upton who presented them to the honoree, her mother, Mrs. J. P. Taylor and Mrs. C. J. Taylor, mother of the prospective bridegroom. The honoree wore a corsage of white carnations and the two mothers wore corsages of yellow mums, gifts from the hostesses.

Miss Bonnie Upton secured names for the bride's book. The bride's chosen colors of gold and white were carried out in the house and table decorations. The serving table was laid with lace over gold and centered with an arrangement of gold mums and white candles high-lighting a miniature bride and groom attended by angels with flower-decked wings. Extending from the centerpiece were gold satin streamers with the names "Virginia and Joe" lettered in gold. Napkins were white and bore the names of the betrothed couple. Angel Food cake squares iced in white and topped with a gold wedding bell were served with hot apple cider.

Hostesses were Mmes. Murray Julian, Harry Hartman, Earnest Smitherman, Early Pritchett, Horace Marble, Dock Jones, R. E. Young, Bryant Higginbotham, Grigsby Milton, Bill Beedy, Bryan Karr, L. T. Wood, J. K. West and Raymond Upton.

Among those present and sending gifts were Mmes. John Hinsley, L. H. Blum, Ronnie Upton, Doug Meriwether, James Taylor, C. J. Taylor, Warren Merrell, Truman Merrell, Arby Mulder, Leighton Teeple, Phillip Smitherman, Raymond Reeves, J. P. Taylor and Katie, Kenneth Bean, A. C. Pratt, Ted Bell, John Smitherman.

I. H. Parks, E. L. Morrison, Loyd Davenport, R. G. Dunlap, H. E. Bradshaw, Preston Taylor, J. D. Webb, Dick Taylor, Barbara Taylor, S. E. Clark, Fay Taylor, Sim Reeves, Johnnie Wilson, Jim Stroup, Wayne Russell, Roy Childress, Chester Hildalgo, Marion Roberson, Paul Snodgrass, Earnest Huckabee, Gerald Smith, Mose Damron, Otto Sanders, Oscar Stroup, Jr. Calahan, Sally Griffith, Jake Merrell.

Walter Wood, R. H. Adams, Dick Guest, R. C. Guest, Larry Faus, Rex Smitherman, Skeet Thornton, Willard Merrell, L. N. Johnson, Charles Record, Roy Bledsoe, Sylvan Kinnibrugh, Tom Pierce, Frank McClure, Ware Fogerson, Bill Welch, Albert Stewart, Z. C. Cummings, Shelby Calahan, Kendall Cummings, Fred Fortenberry.

Kitchen Shower Honors Bride-Elect

Honoring Miss Virginia Taylor, bride-elect of Joe Taylor, a kitchen shower was given Thursday, October 10 at 6:30 p. m. at the home of Miss June Marble, South Plains.

Table appointments were in gold and white, the bride-elect's chosen colors. Hot spiced tea, cake, nuts and mints were served.

Many useful gifts of kitchen gadgets were presented to Miss Taylor by the following guests. Miss Juanell Wood, Donita Milton, Katie Taylor, Louise Pritchett, Kay Garrison from Silvertown, Ann Welborn, Floydada, Mrs. J. P. Taylor, Mrs. Marble and June.

El Progreso Meets In H. Hodel Home

El Progreso Study Club met in the home of Mrs. Henry Hodel Wednesday, October 9 at 4 o'clock.

Mrs. Barry Barker gave a talk on Civil Defense, telling what should be done in case of an emergency such as flood, tornado or atomic attack.

Leave of absences were granted to Mrs. Dee Copeland and Mrs. Henry Schacht. Mrs. Owen Thornton was welcomed as a new member of the club.

Refreshments of German Chocolate cake and coffee were served to Mmes. L. M. Honea, Clyde Briley, Chas. Duran, Leslie Ferguson, Hershel Carthel, Jesse Cox, Milton Ashton, Owen Thornton, Clyde Appelwhite, Ed Whitfill, T. B. Mitchell, Guy Sams, E. M. Quebe, Barry Barker and the hostess.

Rebekah Lodge Has Mon. Meeting

Lockney Rebekah Lodge met Monday night at the IOOF hall with eleven members present.

The working committee gave a good report.

Mrs. Floyce Reed and Mrs. Lozell Graham, hostesses, served refreshments of coffee and cookies.

Nuptial Shower Honors Bride

Mrs. Charles Tadlock, the former Ann Davis, was honored at a miscellaneous shower Friday, October 4 in the home of Mrs. Carl McAdams. Calling hours were 9:30 to 11:00 a. m.

Mrs. McAdams greeted guests and presented them to Mrs. Everett Cole, mother of the bride, and to the honoree. Arrangements of dahlias decorated the living room. The refreshment table was laid with ecru lace over blue and centered with an arrangement of dahlias. Silver appointments completed the decor. Napkins were white with silver wedding bells. Coffee and hot cranberry punch, cookies and mints were served by Mrs. Paul Epps and Mrs. John L. Riley.

Mrs. Francis Montandon and Mrs. J. C. Widener alternated at the register.

In the gift room were Mrs. Herman King and Mrs. Harley Workman.

Among the out-of-town guests was Mrs. Rainer, Plainview, aunt of the bride.

ANHYDROUS AMMONIA

Now is the time to insure an adequate supply of nitrogen for next spring's crops! Apply DOW ANHYDROUS AMMONIA 4 or 5 inches below the soil surface. It changes into available nitrogen when the soil warms up—stays in the ground, it's there when the crops need it. We have complete information for full application of DOW ANHYDROUS AMMONIA—nitrogen in its low-cost, highly concentrated form.

Baptist Church news: Sterling Cummings is the new superintendent of Sunday School; Gene Morrison the new Training Union director, and Thomas Pierce is the new song leader at the South Plains Baptist Church. Only 48 were present at Sunday morning services due to heavy showers Saturday. Sunday night after TU, Rev. Larry Faus showed slides of their trip to the Baptist Convention in Chicago last summer.

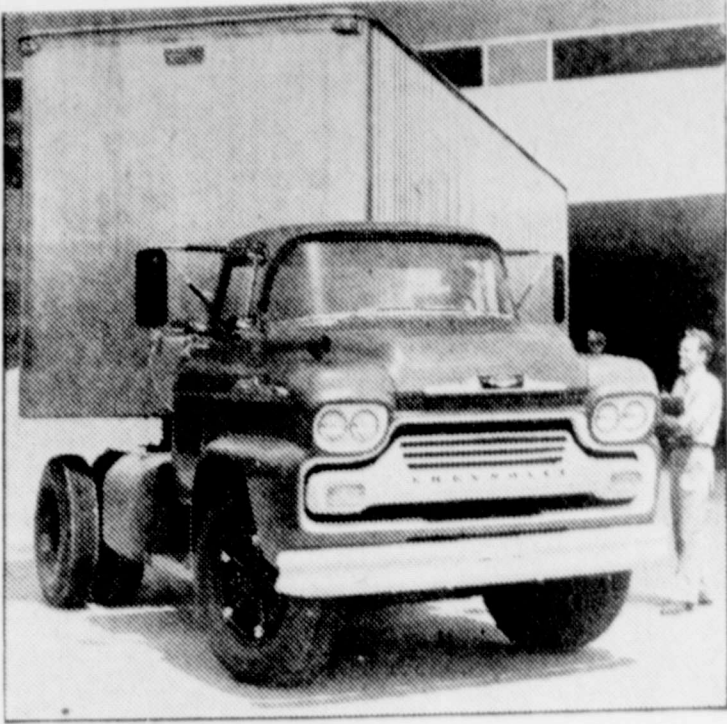

Friday the sun broke through the clouds for a nice day, the first day of the week that was not foggy, misty and cold. Saturday again the skies became overcast and rain fell all

Saturday night, totaling around 1 1/2 inches over the community. Combines stand idle and cotton pullers are standing by waiting for the damp weather to let up.

Mr. and Mrs. Grigsby Milton were hosts to the deacons of the Baptist church when they met in their home at six Saturday evening. A turkey supper was served and a business meeting followed. Present were Rev. Larry Faus, H. S. Calahan, Jr., E. L. Morrison, Bryan Karr, Murray Julian and Grigsby Milton.

Kendis Julian, Alton Higginbotham, Bonnie and Ronnie Upton of WTSC of Canyon were among the college group seen home over the past week end.

Stanley Burleson who attends WTSC, Canyon, left Monday for Kansas City, Missouri,

THE WORK BENCHES OF GOD

Christians are not turned out on assembly lines. The skill and patience of many a human soul, the blueprint of Christ's own example, and the unseen but mighty craftsmanship of the Creator Himself—these over the decades bring forth a noble Christian life.

There must be understanding, guidance, faith. There must be a Christian home with sincere, loving parents. There must be prayer, the Bible, worship, thought, study. And at length practice and persistence must win many a victory over self before the world begins to recognize the hand of God in the life of a man.

Nearby in the church you will choose, there are busy hands at the work benches of God.

And room for more—your child's and your own!

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

G. H. Phenis' Sister Dies At Cameron

Mr. and Mrs. G. H. Phenis of Lockney went to Cameron, Texas, last week where they attended funeral services on Thursday for his sister, Mrs. J. F. Brown, 81 years of age.

Mrs. Brown passed away suddenly of a heart attack Tuesday at her home in Cameron. Services were held at 10 a. m. Thursday at a funeral home there. She was buried in Cameron cemetery.

Survivors include her husband, three sons, two daughters, four grandchildren, one nephew, Mr. Phenis of Lockney, and a sister, Mrs. E. A. Allen of California.

ARE WED HERE

Miss Aleta Castillo and Viviano Nuncio were united in marriage Sunday, October 13 at 12:30 p. m. J. J. Harris, Justice of the Peace performed the ceremony in the home of the bride's parents in northeast Lockney.

Points On Marketing Cotton Are Given

Here are some marketing precautions that can be helpful to the individual farmer in marketing cotton, County Agent Cecil Lewis says.

Do not put light spots and full spots on the same loan note. In selling equities later they must be redeemed together and the price for light spots may be reduced because they are tied with the less desirable full spotted bales. Keep the light Spot on separate notes.

Make sure that your bales weigh between 425 and 650 pounds because the CCC and the Texas Cotton Association has a penalty from \$1.00 to \$7.50 per bale for under and over weight bales. These penalties revert back to the producer.

Road Kings Have Monday Meeting

The Lockney Road Kings met for the first time after reorganization on Monday, Oct. 14 at 7:30 p. m. at the Fire Station. Nelson Wofford, president, presided at the meeting in which the treasurer, Bobby Mills, gave his report and the secretary, Dickie Barton recorded the minutes.

Plans for future progress of the Road Kings were made and a location of a garage to be used in repairing the automobiles of the club members is being sought.

Anyone interested in automobiles is invited to attend the next meeting on Monday, Oct. 21 at 7:30 p. m. at the Fire Station. The club is dedicated to "safety on the road."

Attend OES Grand Chapter In Dallas

Mr. and Mrs. E. M. Quebe, accompanied by Mrs. Bert Bobbitt Jr., worthy matron of the Lockney Eastern Star Chapter, and Mrs. R. V. Webster, assistant worthy matron, are in Dallas this week attending Grand Chapter at the Dallas Municipal Auditorium.

The local people left Sunday and plan to return Friday.

VISIT IN DALLAS

Mr. and Mrs. Chas. Duran and Mike, Mr. and Mrs. Clyde Briley spent last weekend in Dallas attending the State Fair and visiting friends and relatives. They were guests Friday night at dinner in the Dr. B. A. Simmons home. They saw "My Fair Lady", stage production, and the Texas - Oklahoma football game Saturday. While in Dallas the Brileys visited her brother, Charles Grant Willis and family.

Mr. and Mrs. Weldon Jones have moved here from Hale Center. Weldon is a Lockney High graduate and is now associated with A. L. Vernon in custom harvesting.
