CROSSROADS REPORT

Speech Class Pays Tops In Entertainment

Dear Editor: I see where Marshall got irritated at the fact for being so inquisitive what he aims to do so he is not going to get more military aid from the State Dept. But the State Dept. is still hopeful that he will soothe his feelings and he will keep on talking \$100 million a year in aid.

If the Marshall cooperates, though, the full neighbor says he will be persuaded to discontinue the government of this Tito-scorned man would come in hand off the rest of his income tax.

Sammy Baugh Will Speak At Local Banquet

Sammy Baugh, head coach at Hardin-Simmons University, Abilene, a professional football player for some 16 years, noted as one of the greatest quarterbacks of all time, and holder of many honors including the Hall of Fame, will be the speaker at the annual Lockney Longhorn football banquet set for Saturday evening, February 1st. Coach Rudy Haie announced this week.

Another feature of the program will be the crowning of the football queen. Finalist in the race for the coveted honor are Loy O'Brien, Kay Golden, Janice Widener and Charlyne Brown, all seniors. The queen will not be announced until the banquet. The football team selects the queen.

The banquet will be held in the high school cafeteria starting at 7:30 p. m. The Lockney Quarterback Club is sponsoring the affair this year as they have the past two years.

Baugh is one of the most noted football players in the history of the sport and probably has as many or more honors than any other person. He was rated the best passer in history in college football. He has been coach at Hardin-Simmons for the past three years.

Persons, other than the football boys and their dates, who wish to attend the banquet should make reservations at Byrd Pharmacy or Knox Grocery & Market soon. QB Club officials said this week. Tickets are \$1.75 each.

Four Floyd Men Called For Duty In Armed Forces

Four registrants from Floyd County are among the nine called for induction into the armed forces on February 6th, according to a release from the office of Selective Service Board No. 45 at Plainview last week end.

The following named registrants have been ordered to report on the above date: Floyd County — Connie Dale Bearden, Allen Ray Pinner, Theodore Francis Carthel, William Kenney Sherman

Hale County — Joe Dea Smith, Billy Joe Kovar

Swisher County — Macario Isabel Ortiz, Paschall Fredrick Motley County — Melborn Wayne Dawson

School Committee Elects Officers

Twenty-one of the 24 members of the Floyd County School Committee of 24 were present at the first meeting last Thursday evening at the county court room. Supt. H. H. Nicholas was elected permanent chairman, County Superintendent Clarence Guffee was named vice-chairman and Henry Ford, Lockney school supervisor, was elected secretary of the committee.

The entire committee was tentatively divided into four sub-committees to study finances, buildings, curriculum and teacher supply.

At the next meeting on Feb. 6th the sub-committees will be confirmed and each organized with its own chairman.

Service Stations Change Ownership

Jack Calaban has sold his interest in the Calaban & Brown Gulf Station on Main Street to his partner, Arthur Brown, and has purchased the Bell Oil Co. service station at the Y on Highway 70 in South Lockney. The deals were closed Tuesday. Former owner of the Bell Station was Orba Elland.

Brown will continue to operate the Gulf Station as sole owner. Elland will continue to live here but has made no plans as yet, he said.

NEW ARRIVAL

Mr. and Mrs. Bobby Carthel are proud parents of a baby daughter born Monday of this week at 9:17 p. m. at the Medical & Surgical Hospital. The little miss weighed 9½ pounds and was named Jacquelin Pat. Grandparents are Mr. and Mrs. O. B. Patterson and Mr. and Mrs. W. F. Carthel. The baby has an older brother and sister.

JOIN THE MOTHERS' MARCH ON POLIO

Mother's March On Polio Tonight

The annual Mother's March on Polio will be held in Lockney tonight (Thursday) starting at 7 o'clock. Chairman Dilton Patterson has announced.

The Lockney Business & Professional Women's Club will be in charge of the march. They ask that everyone turn on their porch light when the fire sirens sound at seven indicating their desire to contribute to the March of Dimes. Mrs. Dorothy Shipp is president of the club.

The county March of Dimes drive will be extended through the first week of February. Mr. Patterson said Wednesday. A telegram from national headquarters authorized the action. The county goal is \$4300, he said.

A musical stage show will be held at the High School auditorium in Floydada next Monday night at 7 o'clock benefitting the polio drive. It is sponsored by Radio Station KFLL and will be called "KFLL's Pull for Polio."

Two Charged In Delinquent Case

Two young men have been charged with contributing to the delinquency of a minor in this county after an escapee with a 15-year-old girl recently. The men are Haskell Herrington and Tremo Compos, both of this community. Compos is in jail at Floydada but Herrington was picked up by Hale County officers Tuesday and placed in jail at Plainview where he is also charged with passing a forged check in the amount of \$40.

Both city and county officers worked on the case several days before locating the girl. Sheriff Walter Hollums and City Officer Alton May took the two men to Amarillo where they were given a lie detector test before the case was unraveled.

City and county officers combined forces in a raid on a Negro cafe in south Lockney last Sunday seizing a quantity of whiskey and beer. Charges of possession of intoxicants for purpose of sale were filed in county court against Medford Bennett, operator of the cafe. Participating in the raid were Deputies Ray Hardin, Ernest Huckaby, City Officers Lowell Hilbrey and Alton May. Bennett pleaded not guilty and was released on bond of \$750.

Guadalupe Diaz pleaded guilty to a charge of driving while intoxicated in county court Monday and Judge J. D. McBrien set his fine at \$175 and costs. He was arrested Sunday afternoon.

Local United Chest Fund At \$1,966.70

A total of \$1,966.70 has been turned into the First National Bank here on the Floyd County United Fund Drive, according to a report from Joe Wilson, treasurer.

In addition to the reports in last week's Beacon, Lone Star community has turned in \$146.00 this week and an additional \$35.00 has come in from Lockney.

TRY BEACON CLASSIFIEDS.

Frizzell Civil Suit Set For February 10th

The civil suit in which H. E. Frizzell seeks to recover \$42,149.92 lost on a "hot check" last March has been set for the week of February 10th in 72nd District Court at Lubbock. Defendants in the case are Lubbock National Bank, Armour & Company of Oklahoma City; Daggett-Keen Commission Company, Fort Worth; Andy Taylor Trucking Company, Plainview; Odell C. Herman and Les Lincoln, Lubbock.

Lincoln, acting as agent for the L&H Commission Company, gave the check to Frizzell. He was subsequently charged with defrauding by worthless check. The check was in payment for 2060 head of sheep which Frizzell had fed out at his farm north of Lockney.

Making the suit still more complicated, Armour & Company has filed a cross action against Herman, Lincoln and the Lubbock National Bank. Also the First National Bank of Lockney has joined Frizzell in the suit.

Some \$25,000 to \$26,000 of the money derived from the sheep is being held in registry of the court until the suit is settled.

Representing Frizzell are W. D. Benson Jr. and Robert Howard, under the firm name of Benson & Howard, of Lubbock, and Brock & Campbell, also of Lubbock. John B. Stapleton of Floydada is attorney for the First National Bank of Lockney in the suit.

Total Moisture For January Better 2 Inches

The rains last Sunday brought the total moisture for January to better than 2 inches. With the fine snow of two weeks ago accounting for an inch and a quarter, the rains Sunday measured .90 of an inch for a total of 2.15 inches this year.

The rain fell very slowly and soaked the ground good, making some dirt roads all but impassible. It will be of great value to the wheat crop and will, of course, be beneficial to all farm lands eventually. Some reports of post holes being dug 40 inches deep with wet dirt all the way have been heard here.

The temperature has been cold the entire week end, hitting down into the teens Sunday, Monday and Tuesday nights. Thick ice on standing water has attested to the cold. A warming trend was evident Wednesday.

A power failure here early Sunday morning caused electric clocks to run late and many people to get to Sunday School and church late. Electricity was off for nearly an hour starting about 6 a. m.

Only 1633 Poll Taxes Are Sold

Only 1633 poll taxes have been sold in Floyd County. County Tax Collector T. T. Hamilton reported Wednesday afternoon. This is about half of Floyd County's normal vote.

The rate of sales is picking up, however, and county citizens have eight more days to purchase their poll taxes. Jan. 31st is the deadline.

County officials pointed out this week that refusing to pay a poll tax does not necessarily disqualify a citizen from serving on a jury. Some reports of women refusing to pay a poll tax in order to escape jury service have been heard. The Beacon was told.

E. H. Boling Runs For J. P. Office

E. H. Boling this week authorized The Beacon to announce his candidacy for the office of Justice of Peace, Precincts 1 and 4, Floyd County, subject to the action of the Democratic primaries.

Mr. Boling has served this county as deputy sheriff in recent months and formerly was city officer at Floydada. He has lived in the county for 30 years. "I will certainly appreciate your votes," he said, "and will try to see you all before election time."

Vegetable Program Set At Floydada Friday, Jan. 31

Farmers in this area will be interested in a vegetable program scheduled for Friday, Jan. 31 at 2 p. m. in the District Courtroom, Floydada. County Agent Cecil Lewis said this week.

The program will include the following talks: "Soil and Fertilizer" by W. F. Bennett, soil chemist; "Production" by B. G. Hancock, Extension Horticulturist; "Plant Diseases and Control" by Dr. Harlan E. Smith, plant pathologist; "Insects and Their Control" by Joe E. Cole, Associate agent, horticulture; "Marketing" by J. F. Rosborough, Horticultural Marketing Specialist. Questions.

County Cotton Production To Hit 74,000 Bales

According to a survey made this week by County Agent Cecil Lewis Floyd County's cotton production from the 1957 crop year will probably hit close to 74,000 bales, some 25% above the estimated yield at one time. Mr. Lewis' total count was 72,481 bales with possibly 1500 bales left to gin.

The Beacon made a survey of northwestern Floyd County Wednesday which included gins at Lockney, Lone Star, Sterley, Aiken and Providence and came up with 31,637 bales ginned and another 1,000 bales expected.

In Lockney proper the four gins have turned out 14,529 bales. The 1957 production is much below that of 1956. Northwestern Floyd County produced some 45,000 bales that year and the county as a whole ginned more than 92,000 bales.

Due to the late crop many farmers have not yet received all their grades back from the cotton classing office. They are having some trouble disposing of cotton classed as wasty or barmy although a market is available a part of the time.

Revival Begins At Sandhill Church Feb. 2

A revival meeting will begin at the Sandhill Baptist Church on Sunday, February 2nd and continue through the following Sunday, February 9th. It was announced this week.

The pastor of the church, Rev. Bill Rowland, will do the preaching in the meeting. He has been pastor there only a short time.

Services will be each evening at 7:30 preceded with prayer groups meeting at 7 p. m. The church extends a cordial invitation to all to attend the services.

Exhibit At Fat Stock Show

J. D. Wood, local manager of the National Alfalfa Dehydrating & Milling Co. and Bob Thornton, connected with the company's Plainview office, left Wednesday morning for Fort Worth where they will work with National's exhibit at the Southwestern Exposition and Fat Stock Show.

They expect to be gone a week or so, Mr. Wood said.

Bob Jarrett In Commissioner's Race, Precinct 2

TO THE VOTERS OF COMMISSIONER'S PRECINCT 2:

This announces my candidacy for the office of Commissioner, Precinct No. 2, Floyd County, subject to action of the Democratic primaries.

I am 35 years old and have lived practically all my life in Floyd County.

If you, the people of Precinct 2, see fit to elect me as your Commissioner, I will do my very best to handle the affairs of the office in an efficient and economical way.

I would appreciate your support and influence and will try to see each of you personally before the July primary.

Yours very truly,
Bob Jarrett

Boer, meaning husbandmen, is the name commonly applied to South African colonists of Dutch descent.

Engineers Working On Highway Right-Of-Way And Topography

Engineers of the Highway Department are now working out the needed right-of-way and topography on the new four-lane highway from Floydada through Lockney to the Hale County line. Resident Engineer Sam Fowler said Tuesday. The two crews of men have been working in Lockney this week as weather permits.

The engineers are concentrating their work in Lockney, Muncy and Aiken at present, considered the "critical" points on the new road. The surveys not only locate the needed right-of-way but also located all existing improvement on or near the right-of-way, Mr. Fowler said.

The standard procedure calls for submitting a map or plan of the proposed right-of-way, once the survey is completed, to the Bureau of Public Roads. If they approve a public hearing is held on the matter. The project is then turned over to the county which makes an estimate of the cost of the proposed right-of-way to the state department. If the two agree on the estimated cost, the county then starts securing easements for the right-of-way.

Local Teams Play Post Here Monday

All of this takes considerable time, Mr. Fowler pointed out, and if any construction work at all is done on the new road this year it will be very late in the year, he said. He said that his department hoped to have all the road from the Hale County line to Floydada and south to the Crosby County line, under construction within two years.

Mr. Fowler estimated that it would be late spring or summer before his department could complete their surveys. The unknown quantity in the matter is how long it will take the county to secure easements for the right-of-way. Then, of course, the right-of-way must be cleared of existing improvements before actual construction work can begin.

The county approved a \$294,000 bond issue last November which is to pay for right-of-way on the new road. The state will match the sum with a like amount.

Ag Boys Going To Stock Show

Twenty-seven agriculture students from Lockney High School, accompanied by six adults, will leave Friday morning for Fort Worth where they will attend the Southwestern Exposition and Fat Stock Show.

Adults accompanying the group will be M. L. Brewer, agriculture teacher, W. F. Carthel, Joe Handley, Leo Duval, Dwight Jackson, and Johnny Race.

Boys making the trip will be Bill Race, Kenneth Callaway, Duane Griffith, Dickie Fuller, Tommy Duval, Billy Rolling, Wayne Cooper, Rodney Rigby, Dan Smith, Keith Carthel, Wilkey Bollman, Joe Carthel, D. K. Jackson, Clarence Stephan, Jake Wofford.

Larry Elam, Steve Handley, L. T. Cooper, James Ansley, Ronnie Harris, James Ferguson, Warren Mitchell, Darrell Kent, Freddie Gant, Page Durham, Tommy Davis, David Roberson.

Rev. Stanford To Fill Pulpit Sunday

Rev. E. Lee Stanford will fill his pulpit at the Lockney Methodist Church Sunday morning for the first time since the Sunday before Christmas. He, Mrs. Stanford and a grandson were injured in an automobile accident December 24 which claimed the life of the Stanford's daughter.

Both Rev. and Mrs. Stanford are slowly improving from the injuries received in the accident. Mrs. Stanford's recovery has been slower because she developed pneumonia recently but both are definitely improving.

Rev. Stanford will fill the pulpit Sunday morning. At the evening service a film, "Land of Opportunity — Sarawak" will be shown. This is based on mission work in Japan and concludes a mission study book, "Lands of Witness and Decision", which has been taught to the Wednesday evening congregation for several weeks. The Sunday night service begins at 6 o'clock, Rev. Stanford said.

Vincent Trial Set For Feb. 17

The trial of C. L. Vincent, charged with murder in Hale County, has been set for February 17. The trial will be held in 64th District Court at Plainview.

Minute Editorials

In the day of my trouble I will call upon Thee, for Thou wilt answer me. — Psalm 38:7.

HAVE YOU paid your poll tax? Just a little more than one week left to do so if you have not. Friday, January 31st, is the deadline for obtaining the right to vote this year. There'll be a lot to vote for too. A city election comes up in April. Then the Democratic primaries will be held in the summer with half the county offices and all state offices to be filled. A general election next fall but it probably won't mean much unless there are some state constitutional amendments to vote on. Don't delay — pay that poll tax today!

COTTON is still the big money crop in Texas, accounting for nearly one-half of the total farm income in Texas in 1957, according to a report on the annual crop survey by the U. S. D. A. The average per acre income from cotton also was highest with \$104.78 per harvested acre. Income from cotton influenced the livelihood of more Texas people than any other crop, since its value multiplied more than seven times as it moves through the channels of trade and processing, the report said. Cotton is especially important to the high plains area of Texas since it is our chief money crop.

BUT THERE is a problem confronting the cotton farmer and that is the over-dwindling market for cotton. Not only are we losing our foreign markets for cotton but we are losing our domestic markets as well. U. S.

cotton acreage has been cut back from 24 million acres in 1947 to 16 million acres in 1957. In other words we have been cutting acreage to keep down the surplus of cotton while foreign cotton production is up over 15 million bales in the past 10 years and synthetic fiber production is up an equivalent of more than 2 million bales. The less we produce the more they produce. If the trend continues eventually cotton will not be a major crop at all.

THE BEACON had quite a number of callers last Thursday or Friday inquiring about a farm sale in this area. We were unable to give any information about it since we had none. A farm sale was held in the vicinity, we learned later. Many farmers of this area probably did not attend because they were not informed. Farmers who plan farm sales in this area should consider that their home town newspaper is the best medium available to advertise that sale. Some auctioneers, who also contract the publicity on the sale, do a poor job of publicizing. Farmers, as well as merchants, can do better by patronizing the local newspaper.

THE PROPOSAL to repeal the state property tax and put in its place a state sales tax is not without merit. The Beacon has long opposed a sales tax in this state but there are points in favor of such a tax. One is that it is a much more equitable tax than any other kind. A second is that it would provide more money than any other kind of tax. Against such a tax is the fact that it would cause the seller a great deal of bookkeeping expense he doesn't now have and it would also be a considerable nuisance to the buyer.

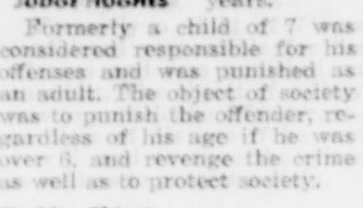

TAX-MAN SAM SEZ: Every year the tax folks tell taxpayers to please follow the instructions and it will save you time and trouble. Every year a lot of the tax folks work in the "Pre-Refund Audit" Program holding up taxpayers' refund checks until they correct the errors the taxpayer made because he didn't follow the instructions. The Internal Revenue law requires the tax folks to select tax returns containing probable errors for audit prior to paying the taxpayers refund. A pre-refund audit takes a lot of time and delays the taxpayer's refund check. It pays dividends and saves time to read the instructions and avoid errors that will cause a tax audit.

ON THE LIGHT SIDE: An English teacher offered a pie to the pupil who would write the briefest essay on two of life's problems. The winner used only one word: "Twins".

Reduce Delinquency

CORRECTION PUNISHMENT III.

(A distinguished Texas judge offers pointers on combating our rapidly increasing juvenile delinquency problem.)
By JUDGE SARAH T. HUGHES

Juvenile delinquency is by no means a new problem. But our attitude toward children who commit offenses has changed materially in the last 50 years. Formerly a child of 7 was considered responsible for his offenses and was punished as an adult. The object of society was to punish the offender, regardless of his age if he was over 6, and revenge the crime as well as to protect society.

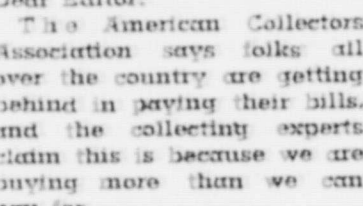

Double Effect
Today we no longer try to revenge ourselves, as was done as late as 1828 — when a 15-year-old New Jersey boy was hanged for stealing a pair of shoes. We try now to rescue the child as well as to protect society.

We try to find out the causes of the individual child's delinquency so that we can remove them. We are not so concerned with handing out punishment as we are with trying to save the offender for good citizenship.

Training Program
The sentence may be probation or an institution, both involving a positive program to prepare the boy or girl for wholesome community life, including vocational training.

Whatever the punishment, the object is the same — to protect society, remove the causes of delinquency, and make the youngster a good citizen.

My article next week will continue this discussion.

Dear Editor:
The American Collectors Association says folks all over the country are getting behind in paying their bills, and the collecting experts claim this is because we are buying more than we can pay for.

Which seems like a reasonable calculation, but this condition is to be expected when credit is so furiously advertised as the key to high living on a low income.

Personally, I just don't like credit. I guess because it is the daddy of debt, which has caused me and my banker to lose a lot of sleep.

With Our EXCHANGES

THERE'S A LIMIT

New York Rep. Paul H. Pinos, long an advocate of a Government-run lottery, thinks his proposal has a better chance of winning Congressional approval now than it ever has had. Yet he doubts if such a bill will pass at this session. Congressman Pinos thinks his lottery scheme is likely to win a more favorable reception because — he claims — it will provide \$10,000,000,000 a year extra revenue without raising taxes. He thinks the desire to pour more money into military and scientific efforts to counter Russian gains will cause Congress to give it serious consideration.

The Government will be needing more and more money in the next few years to finance its science and missile programs — and some people will be ready to go to almost any length to obtain it. However, we doubt that the American people will be willing to endorse a national lottery. After all, the money so wagered would have to come out of the pockets of the same people who pay taxes. There is no reason to believe any new funds would be created.

Besides, if the U. S. has to go into the gambling business to raise its needed funds, it's in a pretty bad way. There's always a limit beyond which thoughtful people will not go — and that includes schemes for raising revenue. — Lubbock Avalanche.

SAUCE FOR THE GOOSE
Sauce for the goose is sauce for the gander.

Court rulings have widened the depletion allowances for income tax purposes on natural resources.

Secretary of the Treasurer R. B. Anderson, familiar with the natural resources of the Southwest, has recommended that the depletion allowance now applied to the price of manufactured clay products, bricks and cement be applied to the value of the clay and cement rock before it is manufactured into its final commercial form. Court decision has the effect of increasing the depletion tax deductions "severalfold" over amounts previously allowed by the Treasurer, Anderson stated.

The philosophy under which depletion allowances are made for gas and oil, for example, is not exactly applicable to other natural resources. The base for such allowances is being gradually widened.

If it is mete that tax allow-

ances for depletion of clay and cement rock in place and not renewable within the life of the owner, why isn't it mete that depletion allowances should be made for ground water in place, which is mined and authoritatively described as being replenished meagerly?

Looks like the bars are being lowered.

What's sauce for the goose is sauce for the gander. One might intelligently take the position that depletion allowances are being liberalized too much. He can't say with the same force that it's right to allow depletion of clay and cement rock for example and not ground water. — Plainview Herald.

Dear Editor:
I see where the government has spent \$25 million in the past three years to show folks how to raise more poultry, and \$12 million to get surplus eggs off the market.

Some of our local unemerged economists say this is a wasteful procedure, like hiring a man to dig a hole and fill it up.

But what they haven't figured is that if the \$25 million wasn't being spent, the food surplus problem might be much worse. On account of a lot of agriculture department experts might not be eating.

Long Ago In Lockney

Items of Interest from the files of The Lockney Beacon.

January 26, 1928

W. B. Bradford Wilson, age 48, was shot to death on one of his farms 20 miles northeast of Lockney Thursday afternoon. Mr. Wilson came to Floyd County in 1892. He was a member of Lockney Baptist Church which he joined in 1914. Funeral services were conducted from Lockney Baptist Church with Rev. Y. F. Walker, G. I. Brittain, C. A. Joiner, C. J. McCarty officiating. Rev. Joe Wilson, brother of the deceased also made a talk. A 71 year old man has been lodged in jail for shooting Mr. Wilson in the back. No cause for the tragedy has been established.

Seventy-five capitalists, grain dealers and farmers were in Lockney Tuesday inspecting the combination grain sorghum heads dump and thresher recently invented by Ray C. Ayres, local grain dealer. A Dallas patent attorney stated that the machine would fill a long time need of farmers and grain dealers and affords a 30% saving in handling charges. Members of the Chamber of Commerce assisted Mr. Ayres in serving a banquet to the visitors and a number of farmers at the noon hour.

January 25, 1945

Claude Brown, a native Lockney boy who was recently dis-

charged from the Army, opened Brown's Cleaners, cleaning and pressing at the Rose building, just off the street north of Jackson Co. Claude is the son of W. Tomme. His wife is of Tulsa. The couple has a little girl.

Lockney Liverymen Co. opening in Lockney. The mess has been closed since start of the war. How the sell is parts manager and keeper.

Geo. Taylor announced week that he will open Taylor Healy — Selfy here Monday morning.

A Veterans' Post of Lockney was instituted here Monday night at the Boy Scouts. The organization will be named after the first World War II. Bob Miller named Commander. W. Dodson, Senior Vice Commander.

Miss Mary Glenn daughter of Mr. and Mrs. Huff of Lockney, became bride of Douglas Deane, Mr. and Mrs. E. E. Deane, Cross Tuesday, Jan. 22. Ceremony was performed at home of the bride's with Rev. J. W. Chalmers officiating.

Edwin H. Beebeister, Judge of Dickens County announced his candidacy District Judge of the District. He is the son of Mr. and Mrs. T. H. Beebeister, Prairie Chapel community. S. G. Miller and C. I. Lum have just received medal awards from the war bond headquarters for work in promoting War sales.

NOTHING ELSE NEAR THE PRICE HAS WHAT'S IN THIS PACKAGE!

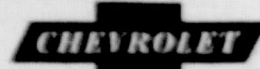

It's one of Chevrolet's dollar-stretching Delrays!

The handsome Delrays are the lowest priced of all the low-priced Chevrolets. And they're full-size Chevrolets — wider, lower and nine lively inches longer. In size, in style, in fine details and construction, no other car priced so low gives you so much!

When you're thinking about buying a car because of its extra-low price, there are two things it pays to watch for. First, be sure you get full measure when it comes to size. Don't settle for a cut-down bargain model. Second, be sure you get all the equipment and conveniences that you'd normally

expect to be standard in a car. Chevrolet's Delray models are the lowest priced in the line. But they're full-size Chevrolets — and they're equipped to do you proud. Nothing else near the price has what's in this package. See and drive this big beauty soon at your Chevrolet dealer's!

*Jesus loves me
 ...this I know*

I still remember the happy words, and the easy tune.
 It was the first hymn I ever learned.
 More important, I remember the certainty with
 which I sang "This I know!"
 That was faith... My faith, firm... undoubting.
 Have I outgrown that faith? No! But I have grown
 out from it. The ever-widening circle of experience has
 been drawing me away from the Center of life.
 And when I heard little Janey singing her happy
 hymn just as I once sang it... I knew it was time to get
 back to the Real, the Unchanging.
 And I've found that the Church is the one place in
 all this world where a man's heart—free from dread, fear,
 uncertainty—can sing "THIS I KNOW!"

**THE CHURCH FOR ALL...
 ALL FOR THE CHURCH**

The Church is the greatest factor on earth for
 the building of character and good citizenship.
 It is a storehouse of spiritual values. Without a
 strong Church, neither democracy nor civilization
 can survive. There are four sound reasons why
 every person should attend services regularly
 and support the Church. They are: (1) For his
 own sake (2) For his children's sake (3) For the
 sake of his community and nation (4) For the
 sake of the Church itself, which needs his moral
 and material support. Plan to go to church regu-
 larly and read your Bible daily.

B&PW Club Observe 11th Birthday Tues.

Lockney Business & Professional Women's Club observed its 11th birthday with a dinner at the home of Mrs. Edell Sams Tuesday night, Jan. 21.

Special attraction was a birthday cake decorated with the club name and the years, 1947-1958.

Charter members present were Meses. June Bybee, Frances O'Hearn, Velma Cox and Wanda Baker.

Others present were Meses. Billie Harris, Ruth Cox, Jeffie Griffith, Dorothy Shipp, Bettye Knox, Mary Holley and hostesses, Edell Sams, Ada Bailey, and Wanda Baker.

B&PW Members Attend Workshop

Two members of Lockney B&PW Club attended a workshop at the Caprock Hotel, Lubbock, last Saturday, Jan. 18.

The workshop on mental health was conducted by the State Chairman of National Security, Kate Johnson of the Texas Federation of B&PW Clubs. She was assisted by Dr. Glenn Ramsey, consultant of Hogg Foundation for Mental Health of the University of Tex.

Mrs. Dowell Brewer Honored At Shower

A Pink and Blue Shower was given in the home of Mrs. Leonard Finley honoring Mrs. Dowell Brewer Friday, Jan. 17. Calling hours were 3 to 5 o'clock.

Refreshments of hot spiced tea and cakes topped with pink and blue booties were served. Favors were marshmallow bugles.

Sixty-five guests registered or sent gifts.

Hostesses were Meses. Louis Ray Stapp, Bill Wisdom, John Lee Carthel, F. G. Jones, Jr., Tommy Montandon, Glen Watson, Henry Hodel, Leonard Finley, Ray Cason and Mrs. Floyd Ehresman of Plainview.

Johnson Home Is Scene Of Club Meet

Lockney Home Demonstration Club met in the home of Mrs. Lavon Johnson Wednesday afternoon, Jan. 22.

Club committees were appointed. Present were Meses. N. S. Abbott, Henry Bollman, Lavon Johnson, N. S. Johnson and E. M. Whorton.

Next meeting will be with Mrs. Connie Reed January 29 at 2:45 p. m.

MISS BARBARA WILSON

Wedding Planned For February 9

Mr. and Mrs. Carl Wilson are announcing the engagement and approaching marriage of their daughter, Barbara, to Ronald L. Christian, son of Mr. and Mrs. Albert Christian of Turkey.

The bride-elect finished her high school work here at mid-term and will receive her diploma with the graduating class in May.

The couple will exchange vows in the First Baptist Church in Lockney at 3 o'clock in the afternoon, Sunday, February 9 with Rev. Charles Broadhurst, pastor, officiating. A reception will be held immediately following the ceremony. The public is invited to attend.

Lawsons To Mark 50th Anniversary

The children of Mr. and Mrs. E. M. Lawson are planning open house at the Lawson home Sunday, Feb. 2 to honor their parents on their Golden Wedding anniversary. Friends are invited to call from 2 to 4 p. m.

Brownies Plan Banquet In Feb.

The fourth grade Brownies met at the Raymond Smith home Monday afternoon and discussed plans for a father-daughter banquet to be held on Valentine Day.

In the absence of the president, Debra Brandes, vice-president, Carol Howell, presided. Due to bad weather several girls were absent.

The troop went to the drug store for refreshments.

20 Million Bale Cotton Market Is Aim Of PCG

A potential cotton market of 20 million bales instead of the present domestic market of a round nine million bales was outlined by Conrad L. Lohoefer, director of Public Relations, Plains Cotton Growers, Inc., Lubbock, last Thursday in a talk to the Lockney Rotary Club.

Lohoefer gave the origin of his organization, which now represents more than 20,000 cotton producers and allied businessmen in 23 High Plains Counties, and outlined some of the future programs of the PCG.

"Primarily the work of the Plains Cotton Growers is to secure a very long future for short staple cotton. The objectives and purposes of the Plains Cotton Growers are simply to promote and protect the interests of the Plains cotton producers and businessmen," Lohoefer said.

The over all PCG program is based on research, promotion and service.

Past accomplishments of the PCG in its two years existence include, stopping further acreage loss to West Texas counties, installation of humidification equipment at the Lubbock USDA cotton classing office, addition of another cotton scientist at the Texas Agricultural Experiment Station at Lubbock to work on High Plains cotton problems, re-activation of the Texas Tech textile department where a pilot spinning plant is to be opened this summer, publication of quality reports on High Plains cotton and a special analysis of light spotted cotton, plus legislative work on an overall cotton program in cooperation with other cotton organizations.

Lohoefer told the Rotarians that the PCG is a producer financed organization with farmers themselves paying 15 cents per bale off of cotton produced. Other allied businesses pay a proportionate share.

The Lubbock speaker was introduced by Dr. A. E. Hewitt, President Leslie Ferguson presided at the meeting.

And I Quote . . .

"The average household consists of a husband who makes the money, and a wife and kids who make it necessary." — Carl Eilistam.

"Conscience is that still, small voice that tells you what other people should do." — Arnold Glasgow.

"Even if you can't read a girl like a book, it's nice to thumb the pages." — Henry Morgan.

"Women can make a dollar go farther — they'll drive clear across town to spend it." — Henry Morgan.

"A juvenile delinquent's best friends are his parents, if he can find them home." — Herbert V. Prochnow.

"Russian housewives like to discuss the latest Red scientific achievements — as they scrub their clothes in the Volga!" — Tommy Leonetti.

"Inflation: when something that cost \$10 new a few years ago, now costs \$15 to repair." — H. G. Hutchison.

FUNNY FACE COOKIES

Here's a project for the small fry, using refrigerator cookie dough. Slice the cookies into one-eighth inch slices and let the children make faces, using raisins or nuts on the unbaked slices. Heat the oven to 400 degrees and bake the cookies. When the cookies have cooled, let the children finish the face, using icing, flaked cocoanut or candy decorations for hair and trimmings.

GO TO CHURCH SUNDAY.

Dear Editor: My throwback neighbor says one thing that is giving people lots of trouble these days is inefficient management of buying.

Like nowadays we have got to where we buy \$5 worth of ball point refills to do the same job we used to do with a 5 cent bottle of ink.

And we spend hundreds of dollars for fat-patting electric couches and chairs, when we could get the same results and fresh air, too, with a cheap saddle horse.

D. E. SCOTT
Crossroads, U. S. A.

CARD OF THANKS

We are very grateful to the Lockney Volunteer Fire Department for their prompt and efficient service in extinguishing the fire at our home last week. Their quick work kept the fire from spreading and causing much more damage. We certainly do appreciate and think our family is about the best. Mr. and Mrs. . . .

Annals are germinate, grow, die within a season.

CROSS ROADS REPORT

Dear Editor:

I note that top-shelf labor
leaders see the advantages of
surviving the ruckus with
Russia and have figured out
that the way to whip the
Reds is to raise wages and go
on a shorter work week.

But it seems they are sort
of one-track crisis doctors as
this is just the same medicine
they prescribe for every other
evil—inflation, deflation, hell
or high water.

My reactionary neighbor
says why don't we give the
Reds a real good licking while
we are at it, by going on a
1-day week, with time-and-a-
half for working.
D. E. SCOTT
Crossroads, U. S. A.

ON THE SUBJECT OF CRACKERS

Chili con carne, oyster stew
and other soups and chowders
call for a texture contrast, such
as is provided by nice crisp
crackers. Your oven is the best
friend a cracker ever had. Set
the oven control at 300 degrees.
Brush the cracker with butter
or salad oil, then sprinkle with
paprika, celery seed, poppy
seed or seasoned salt. It all
takes so little time, but makes
a very big difference.

Principal celery - growing
states are Michigan, California,
Florida, and New York.

Cowboy Outfit On Display At World's Fair

Lubbock — Europeans visit-
ing the World's Fair in Brus-
sels, Belgium, this summer will
get a glimpse of West Texas -
New Mexico history if they tour
the United States pavilion.

An exhibit of the typical cow-
boy's most personal effects —
his saddle and his bedroll and
its contents — is being furnish-
ed by the West Texas Museum
at Texas Tech for the New Mex-
ico display.

A Stetson hat and oil derrick
will be focal points for Texas.
The work saddle in the ex-
hibit was used on the Fort Bas-
com Ranch near Tucumcari, N.
M., and was made by S. D. My-
ers, noted El Paso saddle maker
in the West. The Bascom ranch
is owned by Howard Hampton,
now a Lubbock resident and
president of the West Texas
Museum Assn.

Along with the saddle will be
native wool saddle blanket
woven by Navajo Indians, a
piggin' string used to "hogtie"
calves, a manila hemp lariat, a
bridle and bit and a "bootleg"
medicine bag used to carry
medicine for doctoring wounds
of livestock.

On top of the open bedroll
will be a pair of boots with
spurs. The boots on display are
a pair made by Willie Lusk,
widely known bootmaker of
Lubbock. A pair of chaps, a
sleeker, old fashioned tacked
quilt to sleep on, an old hat,
"makins" for cigarettes and a
pair of Levis will complete the
display.

This and other exhibits will
represent America's past, pre-
sent and future. They will be
displayed on a huge floor map
of the U. S. through which the
visitors must walk when enter-
ing the U. S. pavilion.

With the New Mexico display
will be a plaque reading:
"Loaned by the West Texas
Museum at Texas Technologi-
cal College, Lubbock, Texas."
The World's Fair opens April
17. More than 75,000 daily are
expected to visit the pavilion.

GLAMOUR FOR LOW-COST MEALS

Like the tinsel and ribbon on
a glamorous package, a pretty
garnish will give "sales ap-
peal" to a low-cost meal. Spicy
peach halves go well with pork
butt, ham, and left-over lamb
dishes. Drain the syrup from a
No. 2 1/2 can of cling peach hal-
ves. Add 2 tablespoons of vine-
gar, a teaspoon of whole cloves
and about 3 inches of stick cin-
namon to the syrup and place
it over a high flame for about
five minutes. When it has boil-
ed a few minutes, add the
peach halves and turn the
flame down. Cook about five
minutes on low heat, then cool.

WINTER SQUASH VARIETIES

Winter squash, now on the
market, have thick skins and
dark colored flesh. Butternut,
Table Queen and Hubbard av-
rlettes are good sources of vita-
min A. When baking, keep
moisture in the squash by turn-
ing the cut side down, or bake
whole, 40 to 60 minutes in all
the time it takes to bake most
winter squash in a 400 degree
oven. Compatible seasonings
are: bacon drippings, sausage,
unsulphured molasses, honey
or brown sugar and of course
browned butter.

Cotton Diseases Losses Heavy

College Station — Texas cot-
ton producers literally took it
on the chin from a lot of sour-
ces in producing their 1957 crop.
Floods, hail storms, insects and
unfavorable weather during the
normal harvest all took their
toll but, reminds Harlan Smith,
extension plant pathologist,
cotton diseases got in a lick
and cut production in the state
by about 10 per cent.

He says the state average,
however, doesn't tell the story
because in areas where dis-
eases struck the hardest, losses
ran into ruinous figures. The
three diseases which caused
most of the damage were listed
by Smith as bacterial blight,
root rot and seedling diseases.
These same diseases have been
listed for the past six years as
big trouble makers for cotton
growers.

The specialist advises farm-
ers to become familiar with the
diseases most common in their
areas. This knowledge will en-
able them to plan a systematic
control program. Detailed maps
of the fields on which are
shown areas known to be in-
fected with cotton diseases are
an aid in combatting this pro-
duction problem. These spots
or areas can be left out of cot-
ton and handled in a different
way.

There isn't much that can be
done about most cotton dis-
eases after the crop is up and
growing. Here are suggestions
from Smith on practices which
have proved their value in cot-
ton disease control. All plant-
ing seed should be treated;
whenever available disease re-
sistant varieties should be
planted; cultural practices and

crop rotations are of great value
in control programs and he ad-
vises against mixing high and
low quality planting seed. Low
quality seed may be the source
of infection of many diseases.
The application of a complete
fertilizer with a high phospho-
rous content will aid in control-
ling seedling diseases and no
planting should be done until
the soil temperature is 70 de-
grees F. for three consecutive
mornings at a depth of 3 in-
ches. The temperature readings
should be taken around 7 a. m.
The pathologist suggests a
visit with the local county a-
gent for more detailed informa-
tion on a disease control pro-
gram for your county.

CALL UP THE RESERVES

"Children need to assume
responsibility as they grow,"
says Margaret Spader, home
service editor of the Gas Ap-
pliance Manufacturers Associa-
tion. Wise mothers give them
jobs to do and eventually re-
lieve themselves of simple
chores. The jobs must be easy
to handle, she says, and don't
hesitate to help them when
problems arise. Duties should
never be made a punishment.
Let the children make choices
occasionally about what they
want to do and when they can
do it conveniently. Expecting
them to assume regular duties
and praising a job that is well
done will help them grow into
responsible individuals.

Chill one cup of whipping
cream in the refrigerator for
about one hour. Whip it until
it stands in peaks, then fold in
3 tablespoons powdered sugar,
1/4 cup well drained crushed
pineapple and 1/4 cup silvered,
toasted almonds. Serve gener-
ously over angel food cake,
sponge cake or warm ginger-
bread.

PUREED PEAS

Canned peas may be rubbed
through a colander or put into
a blender and used as a thick-
ener in soups, gravy, or as a
starchy vegetable in casserole
dishes. Home economists sug-
gest that you compare the cost

of frozen and canned peas oc-
casionally. A 10-ounce package
of frozen peas and a 1-pound
can give the same number of
servings. So, buy the one with
the lowest price tag.

South Plains

By Mrs. Murray Julian

The past week end was blustery with slow rain Saturday night and Sunday. Then a small amount of snow fell Sunday night, making about a half inch of moisture over most of our vicinity. Frozen ground helped the buses as they made their rounds Monday morning.

There were no church services Sunday at the Baptist Church in South Plains and WMU and other organizations were postponed Monday on account of the bad roads. The shower for Mrs. Don Probasco was changed to the home of Mrs. John Key West on the Silverton Highway because of muddy roads.

Mr. and Mrs. S. D. Kinnibrugh and girls, and Mrs. Edith Cox, left Friday for Truscott and Vera where they stayed until Sunday evening with relatives. Other guests there over the week end were Mrs. Kinnibrugh's niece, Mrs. Naylor Vencil and family, from Petersburg, Virginia, who are moving to Lake Charles, Louisiana.

Mrs. Ernest Huckabee had her small son, Jerry, in the Lockney Hospital Friday, for a tonsillectomy. He is reported doing well.

Mr. and Mrs. Elmo Fortenberry went to Lubbock Sunday to see his grandfather, John Fortenberry, who is recuperating there from illness. They also visited Patsy's grandmother in Tahoka.

Mr. and Mrs. Raymond Upton came to their store Tuesday morning and found their store had been looted. I. H. Parks' Oil Station lost some batteries.

H. S. Calahan spoke to a good sized group at prayer meeting Wednesday night, as he gave a message in the absence of Rev. L. H. Faus.

Mr. and Mrs. Early Pritchett, Stevie, Jimmie and Price spent last week end with his sister, Mrs. L. D. Reid, in Dallas.

Mr. and Mrs. Fred Fortenberry and Mr. and Mrs. Elmo Fortenberry visited Thursday night with Mrs. Fortenberry's sister, Mr. and Mrs. Elvin Hutson and children in Tulla.

Mrs. I. H. Parks was one of those named to work with a group of 24 Floyd County people on a State School Committee.

Mr. and Mrs. Menard Field went to Grand Prairie Wednesday where she will remain at the Millings Sanatorium for two weeks. Menard came home Saturday and left for Benkleman, Nebraska, on business, and then went to Woodland Park, near Colorado Springs, Colo., where he will visit Mr. and Mrs. Charles McDonald.

Mr. and Mrs. Frank McClure returned Tuesday from Stephenville where they visited relatives Wednesday and Thursday. In Bridgeport they visited Mr. and Mrs. J. M. Williams.

Mrs. Elmo Fortenberry, formerly Miss Patsy Harston of Lockney, was honored with a miscellaneous wedding shower on Wednesday afternoon, Jan. 15, in the lovely home of Mrs. Early Pritchett on the Silverton Highway.

Present and sending gifts were Mmes. Leighton Teeple, Louis Harston, Durrell Fortenberry, C. V. Lemons, J. B. Wigington, Fred Fortenberry, Bill Beedy, I. H. Parks, Edna Lackey, Walter Merrell, Roy Bledsoe, Bryant Higginbotham, E. L. Morrison, Kenneth Bean, Gene Gilly, E. W. Newton, Don Marble, L. T. Gov. Daniel Warns Of "Spinter Group," Urges Poll Tax Payment

In urging every eligible Texas voter to pay his poll tax before the January 31 deadline, Governor Price Daniel declared today that "this is one of the most decisive political years in Texas history."

"Qualified voters this year will decide whether or not the majority of the people will control the Texas Democratic Party and its officials or whether control will be won by a minority splinter group known as the DOT," Daniel said.

"This will be the biggest political issue of 1958, and only those who pay their poll taxes this month, or who have exemptions, will be qualified to participate in the Democratic precinct and county conventions in which the issue will be decided.

"I refer to the openly announced attempt of the Ultra-liberal DOT group headed by Mrs. R. D. Randolph of Houston to capture control of the Democratic Party in Texas," the Governor said.

"Whoever wins the Democratic precinct and county conventions will ultimately control the governmental policies of Texas, and this should be a majority of our citizens and not any minority group.

"I urge every Texan who loves this State and believes in majority rule to pay his poll tax and take an active part this year in the fight for constitutional government of, by and for the people.

"There are other vital issues to be voted on this year. All State officials and many county and local officials will be nominated in the July and August primaries. There are nine Constitutional amendments to be voted on in the November general election.

"Then there is the ever necessary fight to preserve the rights of our State and local governments against the onslaughts of those who want to control everything through the Federal government.

"All of this adds up to a highly important political year in which no citizen should fail to qualify himself to vote."

Poll tax payments under Texas law must be made to the County Tax Assessor - Collector or an authorized deputy before midnight January 31.

JOINS NAVY

Lloyd Williams, an employee of the First National Bank, will leave soon for San Diego, Calif., where he will take navy boot training. Lloyd volunteered for four years naval service and passed his physical examination last summer. He is a 1956 graduate of Lockney High School.

Marble, Frank McClure, Elmo Reeves, Charles Wright, George Weast, Murray Julian, Grigsby Milton, John Smitherman, John Wilson, R. G. Dunlap, John Key West and Sylvain Kinnibrugh. Their gift to the bride was a set of cookware.

Certified Seed Standards Will Not Be Lowered

Lubbock — Germination standards for certified and registered cotton seed will not be lowered for Texas, Dr. A. W. Young, chairman of the State Seed and Plant Board, announced here.

The Seed and Plant Board has received numerous requests to lower germination requirements on certified cotton seed in the state.

Young, who is also agronomy department head at Texas Tech, said the board believes the present minimum certification requirements for germination of cotton seed in Texas have proven satisfactory over many years.

"There seems to be no justification," he said, "to lower these standards because of the general unfavorable climate conditions in 1957 which have resulted in lower than average germination of cotton seed in Texas."

"If the standards were lowered at this time, they would undoubtedly need to be raised again next year," he added.

Young said the board calls attention to the Texas requirements for seed certification regulation that states "when the particular seed stocks meet all other requirements of registration and certification but the viability of the seed shows less than the designated minimum requirements for the seed, an emergency is considered to exist, and the seed in question may be marketed as registered or certified provided the tag is overprinted with the words 'Below Standards for Germination.'"

He pointed out that in January the board made a special ruling for cotton seed produced in 1957 and marketed in 1958 so that it may be labeled "Germination below 80%" to notify the producer that he should consult the tested seed label in order to determine the exact germination of the seed lot.

"The Tech professor noted that several cotton seed producing states have lowered minimum germination standards for certified and registered cotton seed.

"The result has been that the high germinating seed lots have sold up to \$400 a ton while lower germinating seed stocks are being offered at varying price levels which are based largely on the percentage of germination of seed," he said.

Young cautioned that the cotton grower should not purchase just any high germinating cotton seed for the 1958 planting.

"Some of these seed lots may come from areas where varieties of cotton are grown which are not adapted to the areas in Texas where the seed is offered for sale," he said.

W. H. Martin, engineer for Fort Worth & Denver Railroad, Childress, spent last weekend here visiting his wife and three daughters, Mary, Frances and Susie.

A Brahman is a member of the highest caste in the Hindu community.

CROSS ROADS REPORT

Dear Editor:

I note that more pay for less work is still in great demand over the country, and I heard about one citizen who comes directly to the coffee shop every morning and takes a couple of work-breaks during the day.

Even out here in the sticks where work is still reasonably honorable, it takes a heap more recreation to offset a little labor than it used to.

My neighbor who runs the salt mine at Ninth and Main says he works for self-protection. Says he has noticed that work kills very few people, but a lot of folks recreate themselves to death.

SOIL CONSERVATION DISTRICT NEWS
Below are listed some outlook statements for 1958 as developed by the Texas Extension Service.
Beef cattle are one of the bright spots in the economy for 1958. Prices will probably be a little higher in 1958 than were received in 1957.
Here are three reasons given for the bright outlook for beef cattle: Improved range conditions have made a strong demand for cattle to restock ranges. The big feed crop of 1957 has created a strong demand for feeders. Consumers still have a strong demand for beef steaks.
The outlook for hogs will depend on the number of pigs farrowed in the Spring of 1958. The estimate is for a 7% increase in Spring farrowing. This will probably mean lower prices in the fall of 1955 brought about a 29% decrease in price in the fall of 1955.
The outlook for grain sorghum, corn, oats, and barley is not too strong. Tremendous yields in 1957 will leave a large carryover. Look for prices to be about the same as the support price.
The carry over of cotton will be the smallest since 1953. The total disappearance of cotton may be smaller than in 1957. Domestic mill consumption will be low, and export of cotton is expected to be down. The total allotment of cotton for the United States is 37,000 smaller than in 1957 with a total acreage of 17,637,814.
These figures show trends in production for 1958, and might be of some benefit in planning this year's crop and livestock production.
Diseases in cotton causes an average of 10% decrease in yield to the state of Texas. Some of the most common cotton diseases found in Floyd County are seedling disease, angular leaf spot (bacterial blight), and verticillium wilt.
To prevent seedling disease the use of treated planting seed, proper soil temperature at planting time can prevent this disease which makes for poor stands.
The planting of resistant varieties, rotation, and seed treatment can prevent losses from angular leaf spot.
A program of soil sanitation, including rotation of infected land and seed treatment are about the only ways at the present to prevent losses from verticillium wilt.
All of these steps used in controlling cotton diseases are ones that cannot be done after planting. Planning ahead can mean more production and a higher quality of cotton for this year's crop.
Be sure and place on your calendar a vegetable meeting Jan. 31, 1958, at 2:00 p. m. in the District Court Room in Floydada.
To those of you who are not interested in vegetables there will be a Farm Program Development Conference at Lubbock January 31, 1958, in the City Auditorium at 9:30 a. m. Honorable Charley F. Brannan, former Secretary of Agriculture is featured speaker. The afternoon program is divided into commodity groups to arrive at a suggested farm program. Everyone is invited to attend and participate.

Providence
By Mrs. Wilfred Stoerner
Let's pay our poll tax today so we as Americans can exercise our freedom to scratch the ballots come election time. Where else in the world can you do so much with such little money invested?
Snow and rain adds additional moisture to Providence area. Most everyone stayed at home this past weekend and watched the snow fall gently down. It was an ideal day to catch up on letter writing, reading or just visit with our family.
Clinic At Trinity Lutheran Church
Trinity Lutheran Church annex was turned into a clinic last Friday. Ladies and pastors from Amarillo to Winters, Texas registered for the board meeting of the North West Group meeting. Mrs. Wilfred Stoerner, Mrs. L. B. Brandes, Mrs. Ted Boedeker and Mrs. A. K. Windecker were responsible for the decorations and registered each one as they entered the clinic on a prescription label. The ladies were then served doughnuts and coffee. Mrs. Marvin Scheele and Mrs. Lena Schwidtz saw each lady was served.
The morning session was opened at 9:30 by a hymn by the congregation. Prescription of the day was given by Doctor Scholemer of Amarillo.
Preliminary consultation was given by Dr. Meier, assisted by Chief of Staff Dr. Uecker, which included the following: Diagnose Weakness, Study, Prescribe Treatment, Analyze, Takes as Prescribed, Action.
A consultation laboratory was held by each group officer and chairman serving as specialized technicians. Each lady wore a nurses uniform and presidents wore doctors coats. At noon table prayer by group president at which time special prayers were given by Rev. Windecker and family. Rev. Windecker's father is critically ill. At noon each lady brought a sack lunch and the local society furnished hot coffee, cakes and cakes.
Mrs. Leo Boedeker, Mrs. Weldon Smith, Mrs. Elmo Lee Schaffner, and Mrs. Albert Sammann were in charge of arrangements and serving of coffee and cakes. The eating tables were decorated with an unusual arrangement of dolls which had different, ills, sorrow, discouragement, etc. Each doll held a banner telling of her ills. A balance scales and jar filled with cotton balls added to the clinic theme.
In the afternoon a message was given by the State Womens Missionary Federation president, Mrs. Fred Eichert of El Campo, Texas.
A general clinic was held in the afternoon and business taken care of. It was voted to start a scholarship fund for young folks in full church work going to college. A board will be set up to determine how much and whom should receive the scholarships. A group theory class and a question and answer period was held. A closing devotion was held after which the

ladies gathered in the dining room for coffee and cake. A joy the clinic and much information was gained. The group meeting will be held at Wilson the third Friday in May.

SOCIETY

Ruth Class Has Social Friday

The home of Mr. and Mrs. Melvin Potts was the scene of a social Friday night for members of the Ruth Sunday School Class, First Baptist Church. Guests were the husbands of class members. Mrs. V. H. Kellison is teacher of the class. Games of Forty-Two were played and refreshments were served to Messrs. and Mmes. Chester Mitchell, Horton Howell, R. C. Mitchell, McLee Brewer, Marvin Cox, Leslie Ferguson, Melvin Cooper, Buck Kellison, Ray Aston, R. W. Johnson, Claude Brown, Dale Lacerwell, Andy Jolly, N. S. Abbott, W. B. Cates, Howard Cooper, C. D. McCandless, R. H. Ford, Edgar Hays and Melvin Potts; Buck Latimer and Mrs. Howard Martin.

County HD Council Meets Saturday

Floyd County Home Demonstration Council met Saturday afternoon, January 18, at 2:30 in the courthouse with 22 women present.

Mrs. J. T. Spears, chairman, presided. Mrs. Johnnie Cates is secretary of the council. Mrs. Orlin Miller, County THDA chairman and Mrs. Sherwood Ramsey, adult 4-H leader, were also in attendance. Ten clubs were represented and gave reports about their meetings.

Mmes. G. W. Smith, Lynn Miller, E. L. Barrett, W. W. Trapp, R. L. Bullock, Paul Sparkman, Sherwood Ramsey, Monroe Shultz, O. G. Mayfield, all committee chairmen, gave reports and recommendations.

Mrs. Ramsey reported an important record training meeting for 4-H leaders is to be held February 10 beginning at 10 a. m. in the courthouse. Mrs. Nowell, of Sandhill, gave a Dresden painting display. South Plains will be in charge of the exhibit for the next council meeting set for Feb. 15. Mrs. Orlin Miller reports the District THDA meeting will be held at Big Springs on April 17. Each club in the county is to select nominees as delegates and from these named delegates will be elected at the February 15 council meeting to attend District THDA.

Attending the Saturday meeting were Mrs. Johnnie Cates, Mrs. G. W. Smith, Dougherty; Mrs. Monroe Shultz, Mrs. Glenn Poole and Mrs. Sherwood Ramsey. Harmony; Mrs. W. W. Trapp and Mrs. O. G. Mayfield, Homebuilders; Mrs. Earl Edwards, Jr., Lakeview; Mrs. Henry Bollman, Lockney; Mrs. E. O. Barrett, Mrs. W. D. Nance, Lone Star; Mrs. Lynn Miller, Mrs. Nowell, Mrs. R. L. Bullock and Mrs. J. T. Spears, Sandhill; Mrs. John Key West and Mrs. Murray Julian, South Plains; Mrs. John Fowler and Mrs. Paul Sparkman, Starkey; Mrs. Virgil Adams, Mrs. R. H. Tinsley, Sterley; Mrs. Orlin Miller, Floydada.

Ancient Babylonia, now part of Iraq, is believed by some scientists to have been the cradle of civilization.

TV COWGIRL — Gail Davis, the blond miss who plays Annie Oakley on television, will be featured in all rodeo performances at the 1958 Southwestern Exposition and Fat Stock Show Jan. 24 through Feb. 2 in Fort Worth. Before becoming a national TV star, Gail was a student at the University of Texas.

Shower Honors Recent Bride

Mrs. Elmo Fortenberry, nee Patsy Harston, was named honoree at a bridal shower given in the home of Mrs. E. P. Pritchett of South Plains community Wednesday, January 15 at 2:30 p. m.

Mrs. Pritchett greeted the guests at the door and presented them to the honoree.

Mrs. R. G. Dunlap secured names for the register. Laid with lace over pink, the refreshment table was centered with an array of pink carnations and fern accented with a beige satin bow. Streamers extending onto the table were lettered in gold with the names of the newly-weds, Elmo and Patsy.

Mrs. John Wilson poured spiced tea from a pink pottery service and Mrs. John Smitherman served angel food cake squares iced in pink.

Fifty-five guests registered or sent gifts. Hostesses were Mmes. Murray Julian, John Wilson, Horace Marble, George Weast, John Smitherman, Sylvia Kinnibrugh, John Key West, Frank McClure, Grigsby Milton, R. G. Dunlap, Elmo Reeves, Charles Wright, and E. P. Pritchett. Their gift to the bride was a starter set of stainless steel cooking ware.

The bridegroom is to report to San Diego, Calif., on February 8 for further duty with the U. S. Navy. The bride will remain here to continue her studies as a junior student at Lockney High School.

Party Is Given In Marvin Cox Home

Mr. and Mrs. Marvin Cox were hosts for a Forty-Two party in their home Saturday night.

Guests included Messrs. and Mmes. Sid Thomas, Hilburn Casey, Harmon Handley, Leslie Ferguson, Frank Brown, Horton Howell and Edgar Hays.

NEW ARRIVAL

The baby daughter born to Mr. and Mrs. Billy Wayne Evans of Hale Center Saturday, January 11 has been named Edna Arlene. The young lady who made her appearance at Hi-Plains Hospital in Hale Center weighing 8 lbs., 12 ounces, is the first grandchild of Mr. and Mrs. A. D. Morris of Olton, former residents of Aiken community, Little Edna Arlene is the fourth grandchild for the paternal grandparents, Mr. and Mrs. Joe Evans of Hale Center.

CARD OF THANKS

We wish to express our sincerest thanks to our friends in Lockney and Floyd County for their kindness, thoughtfulness, concern and other courtesies shown us in any way while Hoyette was in the hospital and after his return home. You will not be forgotten soon and may our loving Master bless each of you.

Hoyette and Ila Hodges

Survival Is Not Enough

After weeks in an iron lung, Mrs. Jane Atwood, Ann Arbor, Mich., housewife, made a dramatic recovery from polio. Her arms and shoulders are still paralyzed. But with March of Dimes assistance she got 17 months of training at the Ann Arbor Rehabilitation Center, was fitted with a modern brace, does housework, cares for her two children.

New Hope Is Seen For Polio-Disabled

Hope for further recovery from the crippling of paralytic polio is held out to thousands of disabled Americans with announcement by the March of Dimes that this will be the objective of its 1958 fund-raising campaign through the month of January.

Blighting effects of the disease are marring the lives of tens of thousands of children and young people in this country, and the National Foundation for Infantile Paralysis estimates that one out of three sufferers could benefit from application of modern techniques of rehabilitation.

If the money can be raised for bringing this new expert knowledge to the polio patient of past years, March of Dimes spokesmen point out, many a human life will be transformed from mere helpless survival to self-reliance, new dignity and usefulness.

Tens of Thousands Need Help
The theme of the 1958 March of Dimes has therefore been announced as "Survival Is Not Enough."

The National Foundation has also announced that all 3,100 of the organization's local chapters will engage in the program of arranging and financing the additional care of thousands of polio victims who need it to make life worth living.

March of Dimes funds will also be used in 1958 to continue and expand important studies in the field of virus research which may lead to preventives of many other virus diseases.

CARD OF THANKS
We take this means of thanking all our friends of Lockney who were so nice to us at the death of our husband and father. The dinner that was served at the Baptist Church, the beautiful flowers. May God bless each of you, is our prayer.

Mrs. A. L. Rains
Mr. and Mrs. Norvel Cook and children

GO TO CHURCH SUNDAY.

Loan On Wasty Cotton Rejected

Washington, D. C. — Representative George Mahon reports from Washington that the Department of Agriculture has rejected his request and the request of West Texas farmers for a government loan on wasty cotton. The loan was requested to ease the heavy losses sustained by cotton farmers over a wide area.

Mahon said, "Immediately upon my arrival in Washington in late December I joined West Texas farmers in appealing to the Department of Agriculture to grant a loan on wasty cotton. Several Congressmen here joined me, but we were flatly turned down. On January 15, while Frank Moore, of Plainview, and R. G. Peeler, of Hereford, were in Washington, I arranged for a hearing before the House Agriculture Committee officials in which Moore, Peeler, Congressman Poage and I again urged a loan on wasty cotton. We realize that the date is late, but feel that even now such a loan would be somewhat helpful. Agriculture officials again rejected our request."

Mahon also advised that he had recently received complaints from farmers over the zone classing system followed by the Lubbock office in classing the 1957 crop. He has requested a report from the Lubbock cotton classing and has asked officials of the Department of Agriculture in Washington to confer with West Texas farm groups and work out a solution to the problem. Mahon said that he was not yet fully advised of all the facts but has requested an immediate investigation of the situation by the Department of Agriculture in Washington.

Mrs. M. H. Ragle's Nephew Dies

Ernest Hendrix, nephew of Mrs. M. H. Ragle and an early day resident of Lockney, died December 13 at Phoenix, Ariz., according to information just received by Mrs. Ragle.

Mr. Hendrix worked on the old Lockney Ledger, a newspaper published here about the turn of the century. His father was one time judge of Swisher County.

Mr. Hendrix had been ill about a year. Survivors include his wife, one son, three daughters, two brothers, Frank and Rudy, both in California.

NEW ARRIVAL

Mr. and Mrs. T. G. Hall, of Plainview, are parents of a son, Bobby Lynn, born at 1:30 a. m. January 12 at Plainview Hospital and Clinic. He weighed 7 lbs., 6 ozs., at birth. He has a brother, Tommy, and a sister, Carol Ann. Grandparents are Mrs. Grady Hall and Mr. and Mrs. L. P. Cox, Plainview.

Mrs. B. E. Vernon and sons, Alvin and Jerry, spent Friday night and Saturday in Lubbock with her daughter, Mrs. Melton White and son, Royce Vernon and family. Janice Hays accompanied the Vernons to Lubbock and visited her sister, Mrs. Fred Merrell and family.

Plains Cotton Growers Plan To Re-Activate Spinning Plant

Lubbock — Directors of the Plains Cotton Growers, Inc., held the first 1958 meeting Jan. 2 in Lubbock and gave go-ahead signals for re-activation of the pilot spinning plant at Texas Tech.

W. O. Fortenberry, PCG president, explained that the directors voted expenditure of up to \$25,000 for the first year's operation of the pilot spinning plant, an amount which is to be matched by the Cotton Research Committee of Texas. PCG funds will be used as operating costs.

The re-activation of the pilot spinning plant at Tech was started Dec. 5, 1957 at a meeting called by the PCG to which representatives of the National Cotton Council, U. S. Department of Agriculture and other industry officials came and inspected the Tech facilities.

George Pfeifferberger, executive vice president, said that equipment and facilities at Tech represent an investment of at least a half million dollars and with a small amount of one of the best pilot spinning plants in the nation can be developed.

The plant will be used to conduct research from the raw cotton stage through the spinning process. In addition to research work for the PCG, other groups will probably "farm out" projects to the plant. Prof. R. K. Flege, head of the textile department, explained.

Pfeifferberger explained that the plant would not only provide information on the spinning value of Plains cotton, but would also enable larger spinning tests than are now made by any public institution.

The spinning equipment now available at Tech could process 500 to 1,000 pounds of cotton during a 40-hour week. This means that research could be conducted on whole bales. Most of the current spinning research is with 5-pound samples, the results of which are not readily accepted.

The PCG would use information obtained in the spinning research for the promotion of Plains cotton. Pfeifferberger said, "We'd send out booklets, brochures, samples of yarns and fabrics and other types of information on the quality of our cotton."

He added that the textile industry as a whole is not aware of the quality product that is turned out on the Plains. The plant at Tech could investigate the different uses and blends of cotton, conduct tests on the spinning qualities of new varieties and perform many other phases of research work.

"The plant would be a valuable tool for evaluating our cotton crop. It would be a tremendous step toward our goal of producing consistently good quality cotton," Pfeifferberger concluded.

In other PCG business directors heard a legislative report by W. L. Edelman, Friona, a director of the American Cotton Producer Associates, who reported that group recently re-affirmed its stand on the com-

pensatory payment bill now pending before the House Committee on Agriculture.

Frank Moore, Plainview, brought directors up to date on meetings on the National Commodity Conference Organization after which PCG directors re-affirmed their stand on the grain sorghum program.

Wilmer Smith, vice president, who presided at the meeting, said directors discussed the 1958 annual meeting and voted to hold it in the last part of February. Other details will be announced, he said.

Roy Forkner, president of the Texas Ginners Assn., discussed a proposed textile mill tour by Plains producers and ginners. Fortenberry said he would appoint a committee to study this proposal and ask the committee to report back to the directors.

Other reports to directors included participation of gins and producers in the PCG financial drive, a light spotted cotton campaign, cooperative work with the Texas Experiment Station and Texas Extension Service, a quality crop of 1957 analysis, low micronaire cotton and light spotted cotton work with textile mills and promotional activities of the PCG.

Dear Editor:
I note that Mr. Eisenhower recommends a sizable chunk of his billion-dollar long range schooling improvement program be spent on counseling for students and teachers.

My fog-bound neighbor says counseling is merely advice with a price tag, and he don't recall ever getting much advice that was worth the money, even when it was free.

But he wants to apply for one of those counseling jobs. He's had many years of experience advising other folks how to run their lives. Been so busy at this activity, in fact, that he hasn't had time to do much with his own life.

Pre-School Show Tuesday Night

The pre-school talent show sponsored by Mother Goose School will be given Tuesday night, Jan. 28 at 7:30 in the high school Auditorium. There will be no admission charge but a silver offering will be taken for the benefit of the March of Dimes.

The theme "The Land of Make Believe" is evident in the colorful stage setting which promises to be the most elaborate ever used by the kindergarten. School mothers are busy with scenery and other details of the project. Mrs. Sterling Cummings and Mrs. Jimmie Stennett held committee on arrangements.

Although sponsored by the local kindergarten, the youngsters who enter this talent show are not limited to school membership. Mrs. J. D. Wood, teacher, states. All pre-school children are urged to take part.

Included in the numbers on the program will be readings, Bunny dance, ballet number, Rudolph the Red Nose Reindeer, Jack and Jill, Old Lady in the Shoe, Farmers in the Dell. As a climax Mother Goose School will present "State Football Champs of '58", and their faithful pep squad.

Instead of the "Polio Princess" ceremony two 5-year-old boys will be crowned as winners over the dread disease, encephalitis. They are Stevie, son of Mr. and Mrs. J. C. Danford, Lockney, and Clint, son of Mr. and Mrs. E. D. Dickerson, Silverton. Bridget Wood of Plainview and Brenda Wisdom, Lockney, former Polio princesses, will place the crowns. Both are taking correspondence courses to graduate from kindergarten. Announcing the royalty will be buglers, Paul Montandon and Stephen Wisdom.

Rev. Charles Broadhurst, pastor of the First Baptist Church will give the invocation and Dr. Pat Williams will make a brief talk. Mother Goose Wood,

Jr. High Teams In Matador Meet

Lockney Jr. High boys' and girls' basketball teams are entered in a tournament at Matador this week. Both teams were beaten in the first round but will return today (Thursday) for games in the consolation bracket.

The local Jr. High girls will meet Quitaque at 3 p. m. today and McAdoo will play the local boys at 4 p. m. With a win, the Lockney teams would qualify for the consolation finals which will be played Friday afternoon.

Turkey Jr. High downed the local boys' team Tuesday evening, 35-21. O. H. Young led the Shorthorns with 7 points. James Ray Wofford sank 6 points for the locals.

The Turkey girls also upended Lockney, 12-10, in a thriller. The local girls led through much of the contest. Paulette Krupp and Nancy Webster paced the Shorthornettes by scoring four points each.

Weldon Dodson, coach of the Shorthorns, said his team looked much better than in previous games this season. Coach Dodson said the Shorthorns were using more teamwork.

Mrs. Glenda Rhotien is coach of the girls' squad.

Sportscaster To Speak At Stadium Expansion Program

Kern Tipps, nationally known sportscaster from Houston, will be the main speaker at a campaign rally dinner for the Texas Tech Stadium Expansion Program Monday night, Jan. 27, on the Tech campus, Lubbock.

The dinner meeting is intended as a rally for the nearly 400 Lubbock men already working on solicitation and campaign leaders from most communities in West Texas and Eastern New Mexico. Community campaigns throughout the area are scheduled to start in February.

Construction costs of the expanded stadium are to be met by the sale of seat options in the 1960 stadium and contributions. Approximately \$700,000.00 has been raised to date through the sale of seat options.

Charles E. Maedgen, Jr., is general chairman of the campaign to raise \$1,700,000.00 for stadium construction.

OFFICE SUPPLIES at "The BEACON OFFICE."

Teams Receive Jackets and Sweaters Tuesday

Members of the Shorthorn team received new jackets and the Jr. high girls team got sweaters Tuesday of this week. The jackets and sweaters are maroon with a white "L".

KITCHEN SHORT-CUT

No need to heat milk for mashed potatoes if you have dry milk powder on hand. Save the hot potato water when you drain the potatoes. Shake the saucepan containing the potatoes over a flame to dry out extra moisture. Add the dry milk powder, a lump of butter or margarine and some of the hot potato water and beat until very light and fluffy. Serve in a pre-heated bowl and garnish with butter and freshly ground pepper.

DOG ODDITIES

1500 DOGS OF 40 BREEDS WERE SHOWN IN MOSCOW DOG SHOW ATTENDED BY 100,000 SPECTATORS

Brotherhood To Meet At Floydada

The Floyd Association of Baptist Brotherhood will meet at the First Baptist Church in Floydada next Monday evening, January 27th. It was announced this week by Bill Marley of Crosbyton, president.

Supper will be served the group at 7:30 p. m. The inspirational speaker of the evening will be Rev. J. H. Wright, Grand Prairie.

All members of church brotherhoods are invited to attend. Mr. Marley said.

ATTEND MEETING

Supt. H. H. Nicholas, Supervisor Henry Ford, Jr. and Principals F. M. Smith and C. H. Cheves attended a district meeting of school administrators at Crosbyton Wednesday evening. Various phases of school problems were due to be discussed at the meeting.

MOVE BACK TO LOCKNEY

Mr. and Mrs. Ray Pinner and son, Doyle, have moved back to Lockney after a year at Bentonville, Ark. Mr. Pinner will farm in the Cedar Hill Community.

FOR BREAKFAST DOUBTERS

If the thought of a big breakfast lacks appeal to some members of the family, assure them that a simple cereal, fruit, milk, bread and butter breakfast is adequate, says Margaret Spader, home service editor of the G. A. Appliance Manufacturers Association. This simple breakfast provides one-fourth the daily protein allowance. That's enough food value to maintain efficiency until lunchtime.

GO TO CHURCH SUNDAY

Two Small Fires The Past Week

Lockney Volunteer Fire Department members have extinguished two small fires the past week, both Saturday.

Saturday morning a gas pump at Consumers Fuel Association caught fire when a pulley slipped to one side causing friction on the belt. The fire was quickly extinguished by firemen with the only damage to the pump.

On Saturday afternoon a small fire at Patterson Grain Co. here was put out without damage.

BEAUTY TREATMENT FOR WINTER COTTONS

Dark cottons don't lie — they tell all. When washed with lighter clothes they become linty. Ironing them on the right side produces a shine. Margaret Spader, home service editor, suggests that dark cottons get exclusive treatment in the family laundry. When starching, for instance, always immerse the entire garment in the starch solution. Spin or wring the garments so all excess starch is removed. Miss Spader says that ironing on the wrong side prevents the shiny look. If it is necessary to touch up the right side, cover the fabric with a soft cloth and iron lightly. That's the way the professionals do it.

RESOLUTION FOR 1958

Habits of personal cleanliness, including frequent and thorough hand-washing, should be encouraged in every family. Homemakers can help prevent the spread of diseases and cold epidemics with two powerful weapons — soap and hot water. One of the greatest incentives for cleanliness is to have hot water on tap when and where you want it.

NEW INTERNATIONAL RAINBOW PREMIUM PLANT FOOD

Offers you the chance to unlock all the yield of your fields. When you use Rainbow, you'll find that it's different and better. Let Rainbow increase your yield and quality of your crops... put more cash in your pocket. Let Rainbow give you complete satisfaction at harvest time.

Survivor IS NOT ENOUGH

Mrs. Vaughn, 106, Is Dead At Silverton

Mrs. Mary Ellen (Grand) Vaughn of Silverton died Monday morning. She would have been 106 years old had she died until Thursday, Jan. 30.

Grandma Vaughn was a remarkable person, active mentally, sprightly, with charming sense of humor. About three months ago she became ill, and took to her bed. Because of her extreme age she failed to gain strength. She wanted very much to live until her birthday, and was asking if the day had come.

Friends and neighbors were helping Grandma Vaughn celebrate her birthdays from time she was ninety, and always had more fun than anybody. When she reached 100 the party was held at the Silverton Baptist Church, a large number of people came from all over the area.

Grandma Vaughn reared a large family of ten children and a large number of grandchildren. They were among the early pioneers in Risco County. Over a hundred descendants survive.

Only three children survive — her daughter, Mrs. Artem Stevens with whom she had lived her home many years in Silverton; and two sons, Ed Vaughn of Silverton and Neely Vaughn of Calif.

Mrs. Bailey Henderson, Lockney, is a granddaughter also. Homer Ragland, also Lockney, is a great-granddaughter of Mrs. Vaughn.

Join THE MARCH OF DIMES

Vegetable Meeting For Friday

Floydada. — Floyd County folks who want to make quick, four-hour study of their problems which they are trying to find beset their production and marketing of vegetables will want to attend meeting Friday afternoon. Experts will talk at that time five of the state's most able experts will discuss: on: oils and fertilizers for vegetables; reduction of vegetable plant diseases and their control; and Marketing.

Plans for the afternoon session were made by County Agent Cecil Lewis, who will be the speaker.

The meeting will begin promptly at 2 o'clock. The meeting will be held in the district court room in Floydada.

The discussion will be followed by a question and answer period.

1. 10:00 — Introduction

2. 10:05 — Insect and disease control — Joe Cole, state agent, horticulture;

3. 10:15 — Marketing — Rosborough, horticultural marketing specialist.

Similar meetings are being held across the plains from east to west, in the four corners covering the spread of the plains — Bailey, Lamb, and Floyd, all in the same area with the Floyd County being the last of the series.
