EDITORIAL

For Thou, O Lord, art good, and ready to forgive; and plenteous in mercy unto all that call upon Thee. — Psalm 86:5.

IF REPORTS from the County ASC office are correct, Floyd County will have a reduced cotton yield this year because so many cotton acres are going into the soil bank. To bring it closer to home, Office Manager Tom Hutchins says that most of the soil bank contracts this year are in the irrigated area of this county, reversing the previous trend. Estimates now are that some 10,000 allotted cotton acres will go into the soil bank this year and if so that means the county yield may be cut at least 10,000 bales of cotton. Poor crop weather last year and the resulting poor yield is the contributing factor, we are told. The ginners will be sorry to hear it along with other businessmen.

THE LONGHORN BAND will present its Colortama this week and, Thursday and Friday nights, at the high school auditorium. It promises to be an outstanding show and one that you'll enjoy. Take time to see it.

THE POLITICAL POT is starting to boil some in Texas now and most anything can happen. In the county about the only race to excite interest is the one in which six persons are running for Commissioner of Pre-

dent 2. In the state more interest will be generated. Ralph Yarborough is trying to make up his mind whether to come home and run for governor or try for re-election to the Senate. Looks like his victory in the "sudden-death" campaign last year has given him the courage to try one with a run-off. The Democratic precinct and county conventions are coming up in May and will naturally stir up some interest. The liberals say they have the whole thing cut and dried and will handle it to suit themselves this year. The State Democratic Executive Committee is still asking the DOT's to dissolve and co-operate with them but the DOT's say they're running things now and they'll do as they please. They may do it too since the conservative element seems to be completely lacking in aggressive leadership. In a political fight such as appears to be shaping up, you have to get in and mix it with them. Passive resistance won't get the job done.

IN DISTRICT races the four young men running for representative in this district will probably put on a good show and the race shaping up between Leroy Saul of Kress and Andy Rogers of Childress for State Senator will get hot, we are told. All in all, it will be a pretty hot political year once the action gets started.

GREAT BRITAIN has a conservative government now but hasn't recovered from the era when the socialist or labor party was in control. Many socialistic schemes and projects were instituted at that time which the present government hasn't been able to shake off, for instance socialized medicine and the nationalization of basic industries. Because of this, 56 per cent of Great Britain's young people, those between 21 and 34 years of age, would like to leave their native land and settle in another country, with Australia, Canada, New Zealand and the United States being preferred in that order. The socialistic trend brought with it heavy government controls, heavy taxation, very limited opportunity for young people, among other disadvantages. No wonder they want to leave home. And the socialistic schemes of the "everything planned for your benefit" group in our own country will lead us to the same end if they are not stopped.

ACTUALLY the political fight in the United States is not between Republicans and Democrats. Both parties have long since lost their old time identity. It is between the Socialist

XIV AT GATESVILLE

(A distinguished Texas judge offers pointers on combating our rapidly increasing juvenile delinquency problem.)

JUDGE HUGHES

Like Hardened Criminals

The boys in this institution are subject to the same harsh and strenuous rules and regulations as you would expect to find in controlling the hardest criminal in the penitentiary, a legislative committee said about the Gatesville reformatory.

Despite the harsh treatment (which included 10-year-olds who were there because they were neglected but who were learning crime from the older, more serious offenders), there were gang fights, hunger strikes, and many escapes.

In 1952 a new policy was inaugurated. Today the whip is gone. Bars have been removed. Boys are punished by being deprived of privileges. There have been no gang fights or hunger strikes. Escapes have decreased.

Institutional Whippings

Authorities believe that whippings in institutions often build up resentments that cause the boy to commit other offenses.

Those who have actually worked with teen-age offenders believe that institutions for delinquents should have treatment seeking the causes of delinquency, together with a program of education, rehabilitation and vocational training.

Labor group and the conservatives politically. Some may claim to be middle-of-the-roaders but they are that in name only. They either advocate or resist the trend in this country toward socialism. That's what the fight is about now and for the past 10 years.

THE NEW YORK Times Quotes Dr. Howard A. Rusk as saying that this year about 500,000 Americans will enter into retirement. More than 14,000,000 men and women have reached the widely accepted retirement age of 65, and their number is increasing by more than 400,000 a year.

With Our EXCHANGES

LOOKS LIKE FRAUD

Funny thing happened at the JayCee luncheon today. Came the announcement that some benevolent firm had donated a used washer and dryer combination to the organization (the president and secretary) had decided to let the club draw names for them simply by donating a dollar to the convention fund. A good bit of haggling followed about the way it should be carried out and when everything was settled dollar bills flew from billfolds like flies from a swatter. A good many JayCeos apparently saw a golden, and cheap, opportunity to bring calm to a troubled household, to cut down on a laundry bill, or to get possession of something at a ridiculously low price.

The winner, Dr. James Wohlgemuth, was chosen and the presentation was made by secretary Bob Cranford.

The washer was an old worn-out rubber washer from a garden hose and the drier was an equally-old towel.

And \$29 had been deftly and craftily added to the JayCee treasury. — Bascom Nelson in Castro County News.

BLACKOUT

Word has been passed to the desk of the Amarillo Daily News and Globe-Times that Sen. Ralph Yarborough's name is not to appear in print, the Observer is authoritatively advised.

I seriously doubt this, although both papers had little to say about Yarborough in the last Senatorial race. Know the editors of the Daily News and Globe-News are too much newspaper men to blackout legitimate news stories carrying the name of Yarborough.

But free publicity for a political candidate is a different story. Every week we receive news releases from Yarborough and other political figures which we do not use, but politics are not involved. It is simply a lack of space and local interest in the various releases.

But even with the newspaper experts' high class coaching, you can hardly win where your opponent makes up the rules and referees the game.

Plains Cotton Growers Inc., Agricultural Experiment Station & Extension Service

CAN MAKE YOU MONEY WITH HIGHER QUALITY COTTON IN 1958

Production practices govern quality and yield. Do your best to see that your land preparation is adequate. Check your soil fertility needs now so that maximum production of quality cotton will not be hampered by lack of nitrogen, phosphorus, potassium or organic matter. Sub soil moisture may be adequate — but check to be sure.

Planting time is almost here. Optimum planting dates on the High Plains are May 5-20. Later planting usually results in lower quality. Before planting be sure the minimum soil temperature average 60 degrees for 10 days at an 8-inch depth from the top of the bed. Use delinted, treated seed and check for germination. A uniform stand of approximately four stalks per foot in 4-inch rows is recommended. The method of harvest to be used should help determine the variety planted.

S. Class Has Glad Supper

Members of the Queen Esther Day School Class of the First Baptist Church and their friends enjoyed a salad supper Tuesday night in the home of teacher, Mrs. Edgar Hays. Places were laid for Ann Wynn, Billy Karl Race, Rheason, Garland Sams, Vickie K. Jack Ford, Gayle Kendricks, Doris Eiland, Betty Spradley, Mrs. Claude Brown, Mr. and Mrs. Edgar Hays and Bill.

Birthday Dinner Honors 8-Year-Old

Mrs. Carolyn Hammit honored her daughter, Vikkee, with a dinner at the Golden Cafe Tuesday, April 1 on the occasion of her 8th birthday. Tables were decorated with bunny rabbits and pink candles. Following dinner the party went to the Hammit home where Vikkee enthusiastically opened an array of gifts. Golden's Cafe presented the honoree with a bracelet. Games were played before the guests departed for home. Enjoying the occasion were Armell Ashton, Jan Jones, Laddonna Jack, Donna Fowler, Carol Davis, Charlotte McClelland, Vikkee and her mother.

MRS. JOHN GRIFFITH Honored Recently

Mrs. John Griffith was honored with a surprise birthday dinner on her 78th birthday Sunday, March 30, at her home here. Some 25 relatives were present for the occasion and include four of her children, Mrs. Pauline Reagan, H. D. Griffith, L. J. Griffith and Mrs. Elsie Kunkel, all of Lockney. Another daughter, Mrs. Hazel McKay of San Antonio, was unable to attend.

Brownie Banquet To Be Monday Nite

A banquet honoring the three Brownie Troops and their parents will be held at the High School Cafeteria next Monday night, April 14 at 7:30 p.m. Mrs. Thelma Vestal, Executive Director at the Girl Scout House, Plainview, will be the guest speaker. Included on the program will be songs by the Brownies. Plans are being made to entertain 144 guests. Each Brownie is to bring her mother and father. Cost of the meal will be \$1.25 per family. Those unable to attend are asked to notify one of the troop leaders by next Saturday afternoon. The leaders are Mrs. Verner Hodel, Mrs. Boyce Mosley and Mrs. Raymond Smith. In the wettest year in Texas weather history (1900), rainfall averaged 42.17 inches.

Gala Easter Parade Dimmed By Dust

In spite of a terrific dust storm the Easter Parade sponsored by Lockney Band Parents, took place Friday evening at 7:30 in the high school auditorium with 61 children participating. The program was well received and the Band Club hopes to make this an annual event.

Mrs. Fritz Schacht, president of the Band Parents Club, acted as emcee for the event and Miss Barbara Carruth furnished piano music. Students from Mother Goose School presented a song and four pre-school children sang "Here Comes Peter Cotton Tail" and did a bunny dance routine. They were dressed in bunny suits.

Those taking part in the parade and modeling beautiful new spring fashions were Ginger Henderson, Mary Johnson, Keith Phillips, Cindy Montandon, La Tonne Thomas, Mary Amber Frizzell, Tommy Dale Chatham, Charlotte McClelland, Cindy Rankin, Kathy Thornton, Patricia Anne Jarrett, Jann Wofford, Lynn Sissney, Judy Johnson, Darla Williams, Randy Laceywell, Phillip Montandon, Sharon Kay Jarrett, Ricky Knox, Joe Neil Williams, Bill Bollman, Monty Cook, Kathie Potts, Laereica Williams.

Juanell Potts, Kathy Cooper, Annell Ashton, Pamela McPherson, Stevie Danford, Natalie Potts, Sheila Ann Potts, Kay Johnston, Mary Frances Gibson, Mike Hodel, Cindy Barnes, Barton Cooper, Debby Carthel, Vickie Lynne Daniels, Debbie Bybee, Karen Ashton, Fern Sissney, Lauretta Laceywell, Karen McPherson, Wayland Carthel, Sarah Jane Schacht, Cheri Chatham, Paul Montandon, Debby Webster.

Tony Ford, Kenneth Patterson, Diane Ford, Toni Sue Webster, Blane Simpson, Linda Sue Carter, Marsha McClelland, Walter (Buck) Smith, Pat Ashton, Carolyn Merrell, Pat McLaughlin, Rita Marshall.

Approximately \$50 was cleared from the program and this will go to help pay for the band suits and music.

Mr. and Mrs. Edwin Johnson and twin sons, Mack and Mike of Amarillo visited her mother, Mrs. W. L. Thomas Sr., Sunday of last week.

Shower Given For Mrs. Bill Stowe

Mrs. Bill Stowe was honored with a bridal shower, Thursday, April 3, in the home of Mrs. Gerald Sams. Calling hours were 3 to 5 p.m. The refreshment table was laid with a white Damask cloth and centered with a miniature bride and groom standing beneath an umbrella on a flower strewn path. Lime colored satin ribbon and net outlined the path which was accented with yellow forsythia. White tapers in crystal holders lighted the center arrangement. Carrying out the spring colors, yellow punch was served from a crystal bowl with cake squares iced in white and topped with flowers.

Mrs. Joe Richard Noland and Mrs. Warren Mathis served. Hostesses for the occasion were Mmes. Willis Reynolds, Gerald Sams, Edgar Hays, George Myers, Ernest Tannahill, E. J. Foster, Joe Richard Noland, Warren Mathis, R. H. Ford, Henry Moore, Lavon Johnson, Thomas Marr, W. A. Taylor, Bob Miller, Howard Cooper, Clyde Briley, Clark Harris, Jeffie Griffith, Arthur Nigh and Hugh Counts. The hostess gift was an electric skillet and electric sauce pan.

FROM THE County Agent's Office

By Cecil Lewis and Harold W. Ellison

Many of you will be using fertilizer to increase your yields of grain sorghum for more net return per acre. Research as well as demonstrations on tightland soils have shown increase in yields by the use of nitrogen. The increases in yield from 30 pounds to 20 pounds of actual nitrogen go up as the amount of nitrogen we use. However in figuring net return per acre the most profitable amount of nitrogen to use has proven to be about 80 pounds of nitrogen. This returns more net income per acre than any other amount of nitrogen.

Cotton fertilizing however does not follow the same pattern as grain sorghum. One year fertilizer looks good, the next year you may get an actual decrease in yield.

The fertilizing of soybeans with 60 pounds of phosphorous per acre gave a six bushel increase in some tests carried on. Soybeans if properly inoculated have the ability to produce all of the nitrogen they need.

To those of you who are interested, Western Cotton Oil Co., Paymaster Farms, and the Texas Extension Service are sponsoring a soybean production contest. Rules and entry forms are available in the County Agent's office.

You should watch your small grains for infestation of green bugs and be ready to control them for maximum yields.

SOIL CONSERVATION DISTRICT NEWS

Farmers and ranchers can still make application for Arizona Cypress trees at either the County Agent's office or the Soil Conservation Service office.

These trees are for farmstead windbreak plantings. Applications for not less than 50 or more than 400 trees will be accepted. The price for the trees is 30 cents each. They will be potted individually and will have to be picked up at a nursery in Lubbock. Exact time and place to be given later.

The Floyd County Board of Supervisors have recently received some additional equipment that is ready to go to work. Items received are: 1-D-7 Catpillar Tractor; 1-6 cu. yard scraper; and 1 5 ton truck and trailer.

This equipment is in addition to four floats and four grass drills that the Vocational Agricultural Department at Lockney and Floydada are caretaking. There is also an 8 cu. yard scraper and 1 9 International Tractor that is being operated by Allan Gross.

Also each supervisor has in his care one 1 1/2 cu. yard scraper. Anyone wishing to have more information on this equipment may contact any one of the Floyd County Soil Conservation District supervisors. They are: Gilbert Fawver, R. D. Dunlap, Bert Bobbitt, Fred Jackson and Cecil Purcell.

Texas' natural gas provides fuel for 35 states and two foreign countries.

Soybeans Need Water In Sept. Tests Show

Inoculation and September irrigation are essential to successful Soybean production on the High Plains. This was shown in the tests conducted at the High Plains Station of the Texas Research Foundation in 1957.

Plots of the Lee variety which received September irrigation produced an average of 36 bushels per acre compared to 15 bushels per acre on plots receiving no water after August 25. Beans which were not inoculated produced only 18.5 bushels per acre compared to 36 on inoculated plots.

The application of nitrogen and phosphorous did not increase the yield in 1957. The plots receiving no fertilizer produced as much as did plots where 40 pounds of nitrogen and 40, 80 or 120 pounds of P2O5 were applied per acre.

A row spacing test was conducted with one and two rows per bed at seeding rate of 40, 50, 60 and 70 pounds per acre. The results of this test indicate no significant difference in yield between one and two rows per bed or between the seeding rates.

These tests will be repeated in 1958 with the addition of potash in the fertilization test.

One-third of the U. S. oil production since 1859 has been in Texas.

Texas has approximately 200,000 miles of public roads.

More Veteran Land Bonds Are Sold

Austin — Further speed-ups in the already accelerated Veterans' Land Program are anticipated when money is received from the April 1 sale of \$12 1/2 million worth of Veterans' Land bonds.

So says Bill Allcorn, chairman of the Veterans' Land Board and Texas land commissioner.

The Board had already speeded up its buying program as funds became available on January 16 from \$12 1/2 million worth of bonds sold in December, 1957.

The bonds sold on April 1 went at 2.89 per cent interest, well below the three per cent limit provided in the State constitution.

The Board is now sending out application forms to 300 veterans each week. Allcorn notes that money now available is expected to carry the program through May of 1959.

TELEPHONE TALK

by J. C. Oakley, Manager

NEW TELEPHONE DIRECTORIES

The new Telephone Directory will be delivered July 1st to your home by mail.

I would like to remind you to call our Business Office, OL 4-2202, if you have any changes you wish to make, or any additions, such as listing your business a different way or you might wish to list some member of your household such as a mother-in-law, aunt, children, etc.

This will insure the receiving of telephone calls that you or they might otherwise miss.

You have until June 10th to do this, after that it will be too late.

SPRING HOUSE CLEANING

Is spring house cleaning under way at your home? And are you planning to do a little redecorating, too? I have a suggestion that will help add a little color to your home whether you're cleaning or redecorating. It is this: Put some color telephones in your home.

We now have nine attractive colors plus black. The colors are: white, cherry red, pastel yellow, ivory, moss green, rose pink, aqua blue, light beige, light grey.

From this variety you can choose one or several to blend or contrast with any colors in your home.

Color extension telephones are practical, too. You'll be surprised at the steps they save: No more running from one end of the house to the other to answer. And, an extension telephone will give you more privacy on calls.

Color extension telephones are economical, too. In Lockney they cost only \$10.00 (one-time charge) plus a small installation charge. The monthly extension charge is only \$1.00 a month.

GOING SOMEWHERE?

Some people I know have started planning their vacations because they know planning ahead can make a vacation more fun.

They've found, too, that calling ahead makes a vacation even more fun. No worry about whether you'll find accommodations. No guessing as to whether the people you want to visit are home. Calling ahead on your vacation trip or on any trip makes it more fun, gives you more peace of mind.

And, don't forget that the people at home like to hear from you, too. A telephone call is a personal, easy way to keep in touch.

Next time, call. Take the worries out of travel.

Call by number. It's twice as fast.

Whose Opportunity Tree gets YOUR tender care

Actually, opportunities do not grow on trees. Perhaps you had noticed that.

They are the products of hard work, good management . . . and good neighbors. They flourish especially where the paraphrased golden rule . . . "trade with others as you would have them trade with you" . . . is practiced by all.

Trade volume . . . created by the circulation of money among good neighbors within our own home area instead of away from it . . . is one of the absolutely essential in-

gredients of growth and prosperity . . . from which opportunity springs.

Wise selfishness lies not in buying "where we please" but in buying where our real interests are best served.

As this area grows and prospers, our own individual economic and social interests are served better and better. Opportunities for greater service . . . and greater rewards . . . improve as trade volume is increased by the turnover of money spent with our local business and service establishments.

Trade in Lockney

. . . serving your best interests year after year

YOU get everything that your money pays for . . . merchandise AND a trade-invigorated community live in . . . when you buy from your home town merchants . . .

Mr. and Mrs. Buck Kellison visited Sunday with their niece, Mrs. Bill Horn and Mrs. A. H. Kelling in Levelland.

South Plains

By Mrs. Murray Julian

Easter day was a beautiful day here with no signs of the bad dust storms Friday and Saturday. Visitors at the church included Mr. and Mrs. Charles Beedy and children of Stuzett, Mr. and Mrs. Karl Craig of Canyon, Miss Janis Roberts, Aris Powell, both of Floydada, Miss La Juana Newton of Midland, Mrs. Hall of Siloam Springs, Ark., and Mr. and Mrs. Blanton. Remember to be in prayer for the revival with Rev. Clyde Spann the evangelist leading. April 13-19 is the time set for the services.

Visitors in the home of Mr. and Mrs. Frank McClure Wednesday night were Mr. and Mrs. Skeet Thornton. They enjoyed games of canasta and refreshments. Skeet is just getting over a bad case of the flu, having spent from Friday to Tuesday in the hospital. The McClures went to Silverton Thursday to visit Mr. and Mrs. R. M. Haverty. Mr. Haverty has been quite ill, but was better Thursday.

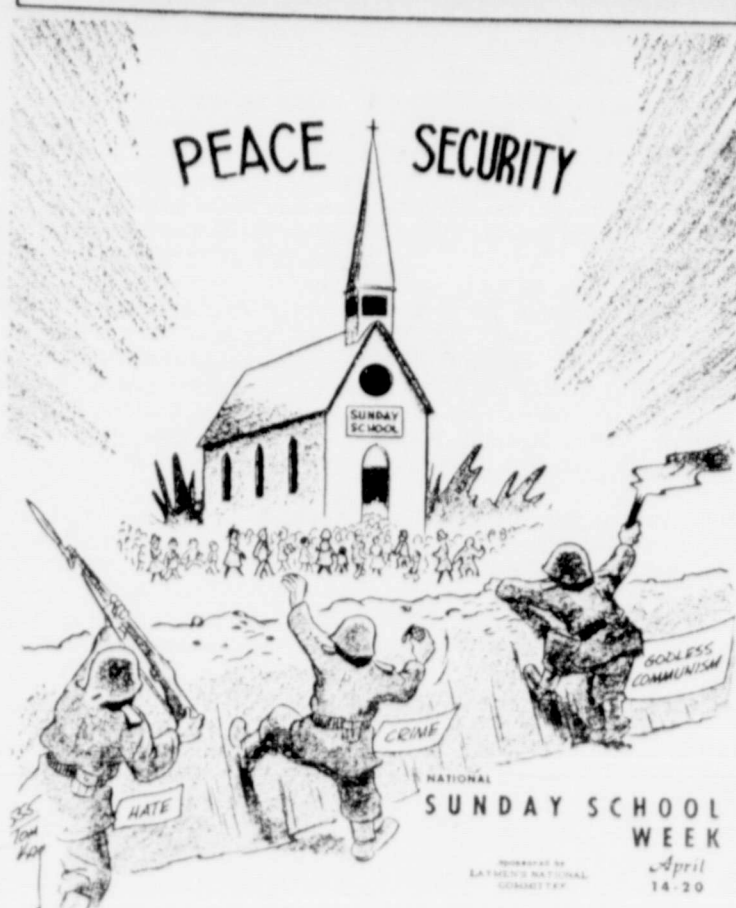

We are proud to note Bill Beedy from here was re-elected president of the Floyd County Livestock Show Association Thursday night in a meeting of the association.

Fred Fortenberry was ill from Wednesday to Friday with a bad case of flu which nearly ran into pneumonia. His father, John Fortenberry of Cedar Hill, has been quite ill and the brothers have been taking turns sitting up with him since last Sunday. He was much better Monday, however.

Mrs. Edith Cox of Lockney went to Truscott Saturday to spend the Easter week end with her mother, Mrs. J. H. Spivey and sister Mr. and Mrs. W. H. Summons. Accompanying her were her nieces, Marilyn and Beth Kinnibrugh.

Mr. and Mrs. Frank McClure left Friday afternoon for Snyder to spend Easter with her

mother, Mrs. R. W. Newman. They spent Friday night in Crosbyton where they held an egg hunt for granddaughters D'Ann and Donna at the Don McClure home. They came home Sunday in time for the services for Walter Wood.

Grigsby Milton, Ernest Smitherman and Chester Hidalgo presided at the school house Saturday for the school trustee election. New trustees elected for South Plains were Sterling Cummings, and L. M. Johnson to replace Bryan Karr and Grigsby Milton. Leighton Teeple was named for the county trustee.

Mr. and Mrs. George West arrived home from Phoenix, Ariz., Friday. They have been enjoying the sunshine and the good rest out there the past four weeks.

South Plains P. T. A. met Wednesday afternoon at the school with J. M. Williams' 6th and 8th grades giving the program. Among those who sang, gave piano selections or were in a comedy play about spelling were Sue and Gary Wilson, Bobby Faus, Barbara Milton, Dale West, Reta Taylor, Bill Bledsoe, Gary Morrison, and Yvonne Karr. Bud Higginbotham, with his broken leg in a big cast, was brought to see the program. He will not be able to come to school for some time because he can not yet manipulate his crutches. Twenty parents and teachers attended the program after which Mrs. Kinslow presided at the business meeting. Mrs. Pierce read the minutes of former meeting, and Mrs. Arby Mulder will go as a delegate to the District P. T. A. meeting at Littlefield. May 2, Mrs. Grigsby Milton will install the new officers for next year at an installation tea. This will be the last meeting of this school year, so everyone please be present. J. M. Williams won room count for most parents present.

Mr. and Mrs. Rex Smither-

man, Kelly and Bryan went to Lubbock Easter Sunday to spend the day with her folks. Mr. and Mrs. Alvie Jackson for their annual family reunion at the Mackenzie Park.

Mr. and Mrs. Sim Reeves have had as guests in their home this past week their children, Mr. and Mrs. Bob Reeves, Carol Ann and Sandy of Kingsville, Tex., and Jack Reeves of Denver, Colo. They were home for spring vacation. Bob is finishing four years of college at Kingsville and Jack is teaching at Denver. They left Saturday evening for their respective homes.

Mr. and Mrs. E. L. Morrison of South Plains, of the Morrison Gin, have announced the marriage on March 14 of their son Richard Alan to Miss Violet Louise Fish of Alameda, Calif., whose parents are Mr. and Mrs. Charles Fish of Junction City, Kansas. They were married at the Naval Chapel in Alameda by Chaplain William Walker. They will live in Oakland, Calif., where Dick is stationed with the Naval Air Station. He was home with his parents at South Plains for his Christmas vacation. We extend our best wishes to the young couple.

Mr. and Mrs. John Key West and boys have had as their house guests since Monday Mrs. David Matthews and Kathy from Cornell, Calif. She is John Key's sister and came by plane to Amarillo where the Wests met her Monday. Their father, John L. West of Floydada has been ill and they spend a part of every day with him.

Mr. and Mrs. Fred Fortenberry attended on Sunday the quarterly Conference at the Sterley Methodist Church with Dr. Luther Kirk of Plainview officiating.

Visitors in the home of Mr. and Mrs. Bryant Higginbotham the past week include most of the school children of South Plains who came to visit Bud while he is in bed suffering a broken leg. Mr. and Mrs. W. M. Staniforth visited Saturday and Rev. Larry Faus came Thursday, bringing a gift from the church.

Patricia Thornton was in the hospital with a bad virus several days last week, but is getting along fine now.

Mr. and Mrs. Glenn Jarnigan and boys of Floydada had dinner last Sunday with Mr. and Mrs. Harry Hartman, Roy and Edward.

Rex Smitherman is building a storm cellar.

Mr. and Mrs. Kevil Coffman and Tim of Gainsville, Tex., spent Monday and that night as guests of her brother, Mr.

and Mrs. Sylvin Kinnibrugh and girls.

Mr. and Mrs. Karl Craig, Mr. and Mrs. Ronnie Upton and daughter of WTSC at Canyon spent the Easter holidays here with parents Mr. and Mrs. Raymond Upton and Jimmie, Kendis Julian and Alton Higginbotham also from Canyon were home with their parents from Friday to Monday night.

Mr. and Mrs. Murray Julian, Kendis and Bruce went to Post Monday to meet Mrs. Terry Julian and her parents, Mr. and Mrs. Richard Althof, Carolyn and Harold. They had dinner together and Mrs. Julian will spend the coming week in South Plains.

Among those who came from afar to attend the services for Walter Wood on Sunday afternoon were Mr. and Mrs. Jack Crawford of Amarillo and Mr. and Mrs. Clinton Armstrong of Clovis, New Mexico. They visited their mother, Mrs. Ollie Wilson while here.

Mr. and Mrs. Jack McCown of Worland, Wyoming, arrived Saturday night to attend the funeral of her father, Walter Wood. Mr. and Mrs. Glenn Wood had come to Worland for the Easter holidays with the McCowns and they arrived here shortly after the McCowns.

Our community was shocked and saddened Friday when, during the blinding dust storm, our neighbor and friend Walter Wood was killed in a two car accident on the way to Fort Worth to spend the Easter holidays. Mrs. Wood suffered injuries including a broken leg, but she was able to be brought home Saturday afternoon. Services for Mr. Wood were held at the First Baptist Church in Floydada Sunday afternoon with the Rev. Larry Faus of South Plains and former South Plains pastors, the Rev. J. Frank Nix and the Rev. R. C. Guest conducting the services. Mr. Wood's influence for good, his smile and handshake will always be remembered, and the world is a better place to live because of him.

Mr. and Mrs. E. R. Kellison and Ralph returned home Monday after spending Easter holidays with Mr. and Mrs. Don McNichol and three sons. Mrs. McNichol is a daughter of the Kellisons.

Alec Udell Cunningham and family of Enid, Okla., spent the Easter holidays here with their parents, Mr. and Mrs. H. Cunningham and Mr. and Mrs. E. T. Thurman.

Mr. Cotton Farmer . . .

Don't Let Profit-Stealing Seed Bed Failures Rob You of Early Maturity - Top Yields - High Quality Cotton

Treat Your Cotton Seed Furrows with ORTHOCIDE SOIL TREATER X

Protects your seed after germination against DAMPING OFF - SORE SHIN - SORE SHANK - SEEDLING BLIGHT - SEEDLING ROOT ROT and other soil borne diseases.

Cold, wet ground many times brings some of these soil borne diseases to cotton seed. ORTHOCIDE SOIL TREATER X protects your seed from these diseases which kill young cotton plants just before or soon after they come up, bringing poor stands and costly replanting.

IT'S EASY TO APPLY . . .
 No special equipment is needed. Just sift the ORTHOCIDE dust directly on the seed in the planter box. The dust gives previously treated seed added protection from seed rot. The excess material filters down into the furrow. The fine dust mixes with the soil - forms a protected zone around the seed and seedling.

ORTHOCIDE SEED TREATER X does not take the place of seed treatment at your delinting plant. It adds to and supplements that protection.

Now is the time to stop and plan your cotton production program. For the producers to keep their markets, quality cotton has to be produced. Quality cotton will make a higher return per acre than tonnage per acre.

Early insect control, if applied as needed or use of an automatic control program, will help produce quality cotton. Early season control with pay out three or five years by setting the cotton crop which is always our best quality cotton.

Proper irrigation is also one of the most important factors in producing quality cotton. The first irrigation should be applied when the cotton is blooming. You should plan your cut off date for irrigation about August 15th to 20th, and stick to it as close as possible. This is very important in improving the quality of cotton.

By following proper management practices it can cut your production cost, improve the quality of cotton, and will mean a higher net return per acre.

The 4-H Club boys and girls have been busy planning their next year's steer program. Most of the feeders have their steers on feed. The Agents brought in 10 calves Saturday and those receiving steers were Billy Don Colston, Mickey Dot Hammonds, Don Lloyd, Johnny Lackey, Dwight Teeple, Neil Mitchell, Warren Mitchell, Joyce Noland, Francis Montandon, and Mark Montandon.

The 4-H boys Tractor Operators Driving Contest will be held Friday night, April 18, and the Driving Contest will be held Sunday, April 20, 1958, at 1 p.m. Further information will follow. Any 4-H member interested should contact the County Agent's Office for contest material.

You might contact your implement dealer and get his assistance in planning your own demonstration of tractor care.

A school on tractor maintenance will be held Friday night, April 18, at a site to be announced. This school will also include the written examination of the contest.

STATE CAPITAL Highlights AND Sidelights

by Vern Sanford
TEXAS PRESS ASSOCIATION

ustia, Tex. — It's a comparatively dull season at the Capitol now. About the only noticeable "sound and fury" is generated by the work of putting air conditioning in legislative chambers and building new state structures.

The last year at this time the Capitol was a turbulent arena. Lawmakers' pounding debates, electric disclosures and close as kept galleries filled, committee rooms jam-packed.

Now the lawmakers are scattered. But state issues are undecided — elsewhere. Next year's legislators are out "talking with the people to see how they're at the church suppers, PTA carnivals, civic club meetings, lodge nights and "workings." They're looking out support, asking questions, making commitments — in your town.

Answers they get and com-

mitments they make now will, in large measure, determine how the close votes go this time next year.

SMALL TURNOVER POSSIBLE — Prospect now is mostly for familiar faces at the legislative desks next January.

Barring a sudden rash of announcements, at least two-thirds of house members and nearly 90 per cent of senators will be old hands.

Latest statewide survey by the Texas Legislative Service shows only three senators — Otis Lock, Searcy Bracewell and Carlos Ashley — bowing out of politics. There'll be a scramble by House members for those seats.

Of the other 12 senators up for re-election only one, at last count, had an opponent. Remaining 16 in the upper house are having a "breather," since only half of the senate runs each two years.

House of Representatives gen-

erally has a large-scale assault on incumbents every election, and about a 30 per cent turnover.

Less upheaval seems likely this year. Only about 20 representatives are not seeking re-election, including those running for the senate. Of those running for the house again, or still undecided, only about 30 have announced opponents.

A question mark enters into race decisions this year. Whether or not legislators will have annual sessions and annual salaries will not be decided until the constitutional amendment is voted on next November — after the primaries. For the prospect of \$7,500 yearly is a lure. Others don't like the idea of having to be away from homes and businesses a good part of every year.

AT LAST — Spring has finally sprung in Texas employment, bringing the long-awaited seasonal pick-up in jobs.

Texas Employment Commission's latest report, for the first time since Dec. 20, showed a significant decline in the number of unemployment compensation claims. Drop was from 92,435 to 89,326.

TEC said some 14,974 claimants exhausted their benefits during January and February. Maximum allowed is \$28 a week for 26 weeks.

GROW WITH US — Some 3,000 major new factories will locate somewhere in the South within the next 10 years.

In reporting this prediction, Gov. Price Daniel urged the state's new Industrial Commission to get in and pitch for a Texas-size share of the incoming wealth and job-making industries.

Chairman E. B. Germany of Dallas said the commission would accept the challenge. He said the commission would study industry-attracting techniques of other states and prepare a brochure on Texas' advantages.

Commission members serve without salary and without state funds to pay for projects. Several hundred dollars in donations have been received.

If voters next November approve an amendment removing the ban on state-financed advertising, the legislature can appropriate money for this purpose.

"MAKE IT PAINLESS" — Tax talk towers over other topics in the build-up for the 1959 legislative session.

West Texas Chamber of Commerce has added a new idea to the stacks of proposals and counter-proposals being presented to the State Tax Study Commission. It suggests making available for general use some of the unused balances

Your Opinions, Please

This is No. 3 of a series of questions asked the citizens of Texas in the Hale-Aiken state-wide study of the Texas public schools. If you cannot attend the county committee meetings in person, you are invited to write your own answers, clip out this questionnaire, and send it to the Study Chairman for your County, H. H. Nicholas, Lockney.

Despite the widespread attention given in Texas to the recruitment of teachers, some areas still have need for qualified teachers. Please check in the following blanks those proposals which you believe should receive more attention in your county:

Recruit liberal arts graduates who lack one or more required courses in teacher education. Yes..... No.....

Work in the high schools and colleges to increase the interest of students in teaching as a career. Yes..... No.....

Make better utilization of present teaching staffs by providing teacher helpers of clerical assistance to perform routine tasks. Yes..... No.....

Achieve some type of school organization which would enable teachers of small classes to be more fully utilized. Yes..... No.....

Make it possible for qualified laymen, as part-time teachers, to conduct one or more classes in their special fields. Yes..... No.....

Employ certified teachers (e. g., mothers available only half a day) on less than full-time basis. Yes..... No.....

THE LOCKNEY, BEACON, LOCKNEY, TEXAS, APRIL 10, 1958

given approval to final phase of a 1959-60 state highway building program to cost \$319,000,000.

It calls for immediate spending of \$9,200,000 for right-of-way buying under the new 50-50 cost-sharing plan between state and local governments.

First phase of the advanced planning program was approved in February. Second phase covers 1,630 miles of roadway in 13 districts at a cost of \$140,000,000. This does not include future work on farm to market roads and interstate highways.

active Service Headquarters has asked local draft boards to send up 4,247 men for pre-induction physical exams during May. It will be second successive month of high quotas — highest since Korean War — to replenish pool of potential military manpower — Price index of Texas farm products rose two per cent from February to March, reports U. S. Dept. of Agriculture. Crops rose three per cent, livestock one per cent.

Texas ranks first among the states with railroad track mileage — some 21,500,000 miles.

FEDERAL LAND BANK REDUCES INTEREST RATE

For the second time since 1917, the leader in the long term farm and ranch lending field announces a reduction in the interest rate on loans in force.

The interest rate on all loans in excess of 5% has been reduced to 5%, the same rate at which new loans are being made.

Farm and ranch owners are invited to call at the office of the national farm loan association to learn how this long term-low cost loan can serve their credit needs.

ties up in the state's more than 100 special funds.

AFL-CIO says stricter application of present property tax law might solve the problem without enacting new levies.

"proper enforcement," said a labor spokesman, would tax not only real estate, but bank deposits, boats, bank shares, stocks, etc. AFL-CIO had previously suggested a corporation income tax to meet the state treasury's expected need for more than \$100,000,000 in additional revenue.

Business groups, generally, have opposed the corporation tax, saying it will hamper Texas' industrial development.

Some have proposed a general sales tax.

Tax Study Commission already has issued two of a series of 8 to 10 research reports to lawmakers for tax decisions. A third report, on how tax money is used and what future needs will likely be, is due later this month.

Though taxes are a prime campaign issue, legislative candidates are treading delicately around the subject. One said in his announcement that he opposed a general sales tax and a state income tax and that "if additional taxes have to be levied, let's make it as painless as possible."

JERRY WILLIAMS HIGH POINT MAN

Lockney Claims First Place In Hale Center Track Meet Friday

Lockney High School's Long horns won the Hale Center Track and Field Meet last Friday afternoon.

Local speedster Jerry Williams accounted for 12 points and was high point man in the meet.

Williams, aided by a strong wind, ran an eye-catching 9.4 in the century preliminary and was clocked at 9.8 in the final.

Neilson Wofford ran second behind Williams in both the 100 and 220 yard dash and ran a leg on the winning sprint relay team.

The Longhorn 440-yard relay team — Williams, Wofford, Dickie Barton, Cliff Hardy — finished in first place with a time of 46 seconds.

Charles Odgen of Floydada set a new high jump mark of six foot, one inch.

303 boys were entered in the meet, but only two records were broken and another tied.

Floydada, Sandown, Hale Center, Southland, and Abernathy finished behind Lockney and Green in the team standings.

Impressive Services At Drive-In Sunday

Very impressive were the Easter sunrise services presented last Sunday morning by Trinity Lutheran Church of Providence.

A 40-foot white cross was the center of the stage decorations, with the tall baskets of white stock and greenery flanking the stage on either side.

Both junior and senior choirs from the Trinity Church were robed. They were assisted in the presentation by the men's quartet from Lockney Methodist Church.

The service was presented in three parts, "He Was Crucified," "He Arose," and "He Lives and Reigns Today and Forever."
