Shall he that condemneth with the Almighty instruct him? He that reproveh God, let him answer it. — Job 40:1.

DO YOU KNOW how a farmer must pay a bracero for picking cucumbers in this country? Well here's a formula as laid out by the U. S. Department of Labor: He must pay 1/2 of the value of the crop, but then at the end of the season he must refigure the hours worked by each man to ascertain if the man received at least 50c per hour. If 1/2 of the value of the crop does not total 50c per hour worked the employer must make up the difference.

OR THE FARMER may pay 50c per hour but at the end of the season he must refigure the value of the crop to make sure that 1/2 of the value of the crop did not total more than 50c per hour. If 1/2 of the value of the crop totals more than 50c per hour, he must make up the difference and pay the bracero at least 1/2 the value of the crop.

STILL THAT'S NOT ALL. If the worker remains through the harvest season, the farmer must check the production of his field to see if the yield was as much as 120 bushels per acre. If the yield was less than 120 bushels per acre he must pay the bracero a higher percentage of the value of the crop, depending upon the yield. If the field made 91 bushels or less per acre, he must pay the bracero 70% of the value of the crop for picking.

HENRY HAZLITT writes in Newsweek: "The worst of all remedies for the recession is that proposed by Walter Reuther and the AFL-CIO. It is a further increase in wage rates to increase purchasing power. . . . A further increase above present peak wage rates would simply increase costs of production, squeeze out more profit margins, price more goods and more labor out of the market, increase unemployment still more, reduce payrolls, reduce labor's total income, and turn recession into real depression."

TEN YEARS AGO there were only two toll roads in operation in this country, with combined length of just over 200 miles, according to Tax Economics Bulletin. Now that mileage has been multiplied almost 15 times, and there are major toll

roads in 16 states. Construction costs totaled \$4,241,000,000.

THE U. S. SUPREME COURT has handed down a decision upholding the right of a non-union employee to recover damages from a union because its picket line prevented him from working in his regular job. The damage awarded came to \$10,000 — \$500 for loss of pay, and \$9,500 punitive damages.

DOROTHY THOMPSON devoted a recent column to the heavy dependence of the American economy on war spending. This spending she wrote: " . . . takes millions of employables off the labor market onto the government payroll, and furnishes an inexhaustible market for the basic industries, since its purchases are perpetually obsolete, sometimes even before they have moved or left the drawing board. An arms race is continual turnover, as each new weapon invented by an enemy must be matched and if possible surpassed."

WEEDS ARE a worse threat to farmers than bug or blight. They cause a staggering loss estimated at \$5 billion a year, and reduce crop yield by 10 per cent. New herbicides, perfected in oil industry laboratories, are proving effective in reducing the damage, and the search for still better ones goes on.

A WESTERN railroad recently announced the discontinuance of two passenger trains. The reason: It costs \$1,800 a day to operate them—and they carry an average of only one passenger per trip.

THE NATIONAL Association of Manufacturers points out that the Department of Agriculture plans to spend \$756 million to remove farm land from production under the soil bank program—and that, at the same time, the Bureau of Reclamation wants to spend \$216 million to get more land ready for production by building dams and irrigation systems.

A SPOKESMAN for the Super Market Institute says: "Through the years, nothing has shaken the super market faith in newspaper space. We know that all business is local. We know that to be really effective advertising must be news. Newsy advertising brings people into stores."

NATIONAL REVIEW reports that the United States has the highest per capita debt of any nation — \$1,591. Great Britain is close behind with \$1,496. All other nations have debts far under these figures.

TIMES HAVE CHANGED
The Corpus Christi Caller recently used a cartoon to point up the change in public attitudes which has occurred in the past half century.

The cartoon showed a picnic scene, of about 50 years ago, in which everybody, young and old, was scandalized when a man and woman walked through the crowd with their arms about each other.

A certain amount of hugging and kissing went on in the old days, says the Corpus Christi paper, but seldom in public. It was frowned on, and even husbands and wives and engaged couples were careful to avoid a public display of affection. Why? Well, it simply wasn't "nice."

But now! "Another mortal offense," continues the Caller, "was to use profanity or obscene words in the presence of women-folk, or tell an off-color story. Boy, times have changed!"

"Nowadays almost anything goes!" True, times have changed, but this doesn't mean they have changed for the better. The Caller admits there may have been some hypocrisy in the old social taboos, but believes that most people, if given

en a choice between old-fashioned restraints and today's almost total absence of them, would find a return to at least the fundamentals of courtesy and consideration a welcome change. "Abuses carry the seeds of their own destruction," it says. "Revolusion sets in. The pendulum swings."

For the sake of propriety, it can't start swinging too soon. — Lubbock Avalanche.

A TRENDEX News Poll asked what is most to blame for juvenile crime. A heavy majority — 71.3 per cent — gave parents' failure as the primary reason.

My reasonable neighbor says this is mighty bad, but we have got to expect some inconveniences to crop up as we put into full operation the modern give-em-what-they-want system of child rearing.

He thinks it would be appropriate though, if like in this case, the consequences could always accrue to whoever lets a kid have dangerous weapons such as shot-guns or automobiles, instead of falling on some innocent party.

POLITICAL NOVICE
William A. Blakley may have set a record, all right, in reporting that he spent \$298,000 in his unsuccessful campaign for the U. S. Senate nomination. But we're willing to go way out on a limb and guess the record he set was in the field of accuracy, rather than in total expenditures.

Maybe Novice Blakley just interpreted the law in its strictest sense and reported everything.

It is our guess that his race didn't cost any more than several others the state has witnessed in recent years — possibly not as much. Mr. Blakley, a certified public accountant, may simply have demonstrated his greater proficiency — or scrupulousness — in rendering an accounting. — Fort Worth Star Telegram.

Dear Editor:
I see where a Mississippi father gave his 6-year-old son a 12-gauge shotgun for his birthday or something and the lad sort of shot him with same.

My reasonable neighbor says this is mighty bad, but we have got to expect some inconveniences to crop up as we put into full operation the modern give-em-what-they-want system of child rearing.

DEPENDABILITY of ELECTRIC home freezers

proven by Texas Panhandle's first upright model — still giving faithful everyday service after 12 years!

Mrs. Detton's Recipe for APPLE STRUDEL
Beat one egg in cup. Fill cup with lukewarm water. Add 2 cups of flour (a good pint). Add a pinch of salt and mix well. Beat and knead (by picking up dough and throwing or hitting it on table) until white blisters appear. Divide into 4 parts and cover each. Let stand 2 hours. Roll and pull tissue-paper thin. Spread with sliced apples, sugar, cinnamon, butter and sour cream. Roll up — place in greased pan. Bake in moderate oven for one hour, basting with hot milk. Apple strudel may be frozen unbaked. After removing from freezer, bake, basting with hot milk. Bake slightly longer than one hour.

Ever look into the bright, expectant faces of hungry children eagerly awaiting a freshly-baked cookie? Or see the downcast, disappointed look that only kids can show when the cookie supply is "all out?" Mrs. Detton knows that look — that's one reason she's so pleased with her electric home freezer. She bakes large supplies of cookies, in advance — then freezes 'em. The happy faces of her grandchildren stay happy because Grandmother Detton just never runs out. She's always good for a fresh cookie, thanks to her electric home freezer — the first upright model in the Panhandle of Texas.

WILSONS TRIP TO DENMARK

Following is the text of the letter from Mrs. Joyce Wilson, wife of the late President Woodrow Wilson, to her daughter, Mrs. Carlisle, telling of the trip to Denmark. Mrs. Wilson and her daughter, Mrs. Carlisle, have visited a number of countries on the continent of Europe. The second part of Mrs. Wilson's letter, which we take up from that point, follows:

We drove to the Old Palace, Rosenburg Castle, and walked through the hedge paths toward the castle where the crown jewels were kept. We got pictures of the trees, gate across, most of the palace, but it was already closed, so we didn't go inside. We went to the street and across to the Museum of Art. They also had close soon, we could not get pictures, so we asked the Rembrandt Paintings and just saw that floor of enormous place. The five-acre Botanical Garden were also closed!

We made our way past the Tower — a sort of astro-

Sec. 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and have the same published and held as required by the Constitution and the Laws of the State of Texas.

CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT THE GENERAL ELECTION ON NOVEMBER 4, 1958.

SJR #3—Number Nine on the Ballot.

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 4, 1958.

SENATE JOINT RESOLUTION NO. 14 proposing an amendment to Article IX of the Constitution of the State of Texas, by adding thereto a new section to be known as Section 6, to provide for the creation of a Hospital District in the City of Amarillo, Texas; and for the operation of such Hospital District; and county Commissioners Court of such county to assess and levy taxes on property outside the incorporated limits of the City of Amarillo, Texas; and for the creation of two districts in Jefferson County, Texas, and further providing that any enabling Act shall not be invalid because of its anticipatory character.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article IX of the Constitution of the State of Texas be amended by adding thereto another section to be read as follows:

"Section 6 (a) The Legislature may authorize the creation of a hospital district, one to be coextensive with and have the same boundaries as the incorporated City of Amarillo, as such boundaries now exist or hereafter may be lawfully extended with Wichita County.

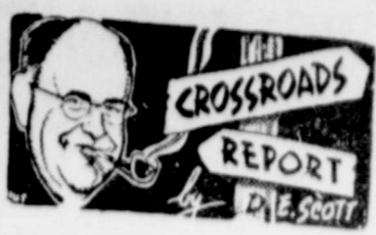

"If such district or districts are created a tax may be authorized to levy on the one hundred and fifty (150) dollar valuation of taxable property within the district, provided, however, a majority vote of the participating qualified property taxpayers of the district may be changed at subsequent elections so long as the maximum limit of seventy-five cents (75¢) per one hundred (100.00) dollar valuation, and no election shall be required by subsequent elections to the boundaries of the City of Amarillo.

"If such tax is authorized, no political subdivision or municipality within the district may levy a tax for medical care for needy individuals, nor shall they maintain or erect hospital facilities, but the district shall by resolution assume all such responsibilities and shall assume all of the liabilities and obligations (including bonds and warrants) of such subdivisions or municipalities or both. The maximum tax rate submitted shall be sufficient to discharge such obligations, liabilities and responsibilities, and to maintain and operate the hospital system, and the Legislature may authorize the district to issue tax bonds for the purpose of the purchase, construction, acquisition, repair or renovation of improvements and initially equipping the same, and such bonds shall be payable from said Seventy-five Cent (75¢) tax. The Legislature shall provide for the division of title to properties in the district.

"(b) The Legislature may by law permit the County of Potter (in which the City of Amarillo is partially located) to render financial aid to that district by paying a part of the expenses of operating and maintaining the system and paying a part of the debts of the district (whether assumed or created by the district) and may authorize the levy of a tax not to exceed Ten Cents (10¢) per One Hundred Dollars (\$100.00) valuation (in addition to other taxes permitted by this Constitution) upon all property within the county but without the City of Amarillo at the time such levy is made for such purpose. If such tax is authorized, the district shall by resolution assume the responsibilities, obligations, and liabilities of the county in the manner and to the extent hereinabove provided for political subdivisions having boundaries coextensive with the district, and the county shall not thereafter levy taxes (other than herein provided) for hospital purposes nor for providing hospital care for needy individuals of the county.

"(c) The Legislature may by law authorize the creation of a Hospital District within Jefferson County, and boundaries of which shall include only the area comprising the Jefferson County Drainage District, No. 7, and the Fort Arthur Independent School District, as such boundaries existed on the first day of January, 1957, with the power to issue bonds for the sole purpose of purchasing a site for, and the construction and initial equipping of, a hospital system, and with the power to levy a tax of not to exceed Seventy-five Cents (75¢) on the One Hundred Dollars (\$100.00) valuation of property therein for the purpose of paying the principal and interest on such bonds.

"The creation of such hospital district shall not be final until approved at an election by a majority of the resident property taxpayers voting at said election who have duly rendered their property for taxation upon the tax rolls of either said Drainage or said School District, nor shall

Dear Editor:

I note that the boys in Washington are busy fumbling around for some dignified way to get the Marines back out of Lebanon.

This is sort of like the dilemma they got impaled into down at Little Rock, and which getting back out of was about as eventful as turning a loose of a discontented wildcat.

My left-handed philosopher neighbor says maybe the Lebanon shift wasn't really the best way to get Sherman Adams off the front pages.

In Odense, we spent the night at the Uy Missions Hotel — an enormous many storied brick set of buildings. We had a room on the third floor with two German beds with enormous feather covers, a lavatory and bath across the hall. We were the only guests on the floor and were glad because Lesa was awfully tired and kept shouting and banging her head against the bed. We went downstairs for breakfast. Two men came and drank beer early in the morning! It seems about like coffee does to us.

home. Potatoes, rye, turnips, over and over, and many wild cornflowers and poppies in the rye. We saw a few wheat and barley fields. Through Minden and a little mountainous country before Bielefeld. Highway men were working in shorts and hats all along the Autobahn. I suppose all Germans love the sun and out-of-doors.

At Montabaur we left the wonderful divided Autobahn and drove to Koblenz, then to Hahn by 7:30 p.m. we were exhausted, but glad we went, and so thankful to be safely home with two German beds with enormous feather covers, a lavatory and bath across the hall. We were the only guests on the floor and were glad because Lesa was awfully tired and kept shouting and banging her head against the bed. We went downstairs for breakfast. Two men came and drank beer early in the morning! It seems about like coffee does to us.

TIP FOR NEW BRIDES
Margaret Spader, home service editor of the Gas Appliance Manufacturers Association, suggests that brides start the first week of housekeeping to watch for ways to make work easier. Cook for two meals at once. Use trays for transporting china, glass, silver and food to and from the dining area. Use a timer when you cook. Learn to soak all cooking utensils as you empty them. Don't clutter your new kitchen with gadgets that block the wheels of housekeeping progress.

Starthing makes dish towels more absorbent and free of lint.

Miss Bobbye Casey Weds Mr. Bean In Friday Rites

The First Baptist Church of Lockney was the scene Friday afternoon, August 15, at 4 o'clock of the wedding of Miss Bobbye Lu Casey, Lockney, and Walter Wade Bean, Silverton. Rev. Charles Broadhurst, pastor, officiated at the double ring ceremony.

Parents of the bride are Mr. and Mrs. Hilburn Casey, Lockney and Mr. and Mrs. J. K. Bean, Silverton are parents of the bridegroom.

Wedding vows were solemnized as the couple stood before a yellow satin covered kneeling bench and an arch covered with greenery and accented with a cluster of large yellow mums and yellow and brown daisies. Gold wedding bells tied with a brown satin bow hung from the center of the arch which was flanked by tall baskets of yellow mums, palm trees, and cathedral candelabra holding yellow tapers. Candles and palms also formed the decorative background. Brown satin bows placed on the candelabra and flower baskets completed the setting.

Mrs. C. L. Record, organist, cousin of the bride, accompanied Mrs. Betty Patterson, of Plainview as she sang "I Love You Truly" and "My World." She also accompanied Mr. and Mrs. Donice Casey, brother and sister-in-law of the bride, who sang "Bless This House" as a benediction. The traditional wedding marches were used. The bride, escorted to the altar and given in marriage by her father, wore a gown of white Chantilly-type lace and nylon tulle over net and satin. The fitted bodice featured a Queen Anne Collar, long tapered sleeves, and self covered buttons down the back. The full tiered skirt was waltz length. Her shoulder length veil of French illusion was attached to a crown of match-

ing lace and seed pearls. She carried a white Bible topped with a white orchid nestled in white carnations and white net showered with bridal satin streamers tied in love knots. The Bible was a gift from the Y. W. A. girls of the First Baptist Church.

For something old the bride wore a necklace which belonged to her late aunt, Mrs. Perry Casey; new was her wedding attire, borrowed was a handkerchief belonging to her grandmother, Mrs. H. S. Calahan, and blue was a garter.

Mrs. W. C. Mercer, sister of the bride, was matron of honor. Bridesmaids were Miss Johnnie Barnhart, Oklahoma City; Mrs. Bill Hardin, Floydada; Mrs. Phillip Smitherman, South Plains, sister of the bridegroom, and Miss Charlyne Brown, cousin of the bride. Mrs. Mercer wore a street length dress of yellow polished cotton designed with a fitted bodice, V-shaped neckline and a full pleated skirt accented with a sash. The bridesmaids wore brown polished cotton dresses designed identical to that of the Matron of Honor. They carried brown and yellow baskets filled with yellow mums, and autumn leaves showered with brown satin streamers. Their hats were designed of yellow velvet hoops.

Misses Diane and Carla Bean, South Plains, nieces of the bridegroom, were flower girls. They wore yellow hats and dresses fashioned similar to those of the bridesmaids and carried brown and yellow baskets filled with yellow petals.

Miss Cathy Calahan, of South Plains, cousin of the bride, and Jerry Watson, Lockney, lighted the candles.

Tim Mercer, nephew of the bride, carried the rings.

W. C. Mercer, brother-in-law

MRS. WALTER WADE BEAN

of the bride, was best man.

Ushers were Kenneth Bean, South Plains, and Donald Bean, Tulla, brothers of the bridegroom; Donice Casey, brother of the bride, and Phillip Smitherman, South Plains, brother-in-law of the bridegroom.

Mrs. Donice Casey registered the guests.

Mrs. Casey, mother of the bride, wore a navy suit with white accessories. The bridegroom's mother was attired in a light blue dress with white accessories. Their corsages were of yellow mums.

Reception

A reception was held in the home of the bride's aunt, Mrs. W. L. Thomas Sr., immediately following the wedding. The bride's table was covered with an acru embroidered linen cloth and centered with a tall tiered cake iced in white and decorated with swans and butterflies. Atop the cake was a miniature bride and groom standing beneath an arch. Gold wedding bells tied with a brown satin bow hung at the center front of the table accenting the bride's Bible and bouquet. Brown and yellow napkins were lettered with "We're Mr. and Mrs. Now." The bouquets of the bride's attendants completed the table decor.

Mrs. Elvin Lyon poured yellow punch from a crystal bowl and Miss Barbara Carruth served cake. They were assisted by Mrs. Boyce Mosley.

Miss Janice Hays played

piano selections during the entertaining hour.

For a wedding trip to Colorado the bride traveled in a dress of blue cotton tweed. She wore beige accessories and a white orchid corsage. The couple will be at home after August 25 at 608 Southwest Fifth Street, Lockney.

The bride is employed as secretary of Lockney Public Schools and is a graduate of Lockney High School. She attended Wayland College, Plainview, three years and completed her degree at Harvin Simmons University in Abilene. Her husband graduated from Silverton High School and attended Texas Tech before entering the armed services in which he served two years. He is engaged in farming near Silverton.

CROSS ROADS REPORT

Dear Editor:

I see where a famous church leader is happy that lots of preachers these days have got away from the old routine of teaching people to fear God. Says that such teaching makes Him look like a bully.

My modernized neighbor says anyway since man has got so much smarter than God there's no need to be awed by Him as recommended in that primitive document called the Bible.

But it seems that fear is always with us anyhow. Folks just manage to conquer their fears of God and of Debt, and then get overcome by Fear of Work.

Plains Cotton Growers To Hear Cong. Poage

Lubbock — The second annual meeting of the Plains Cotton Growers, Inc. has been scheduled for 10 a.m. August 29 in Municipal Auditorium on Texas Tech Campus in Lubbock. W. O. Fortenberry, President, announced this week.

The two featured speakers for the PCG's annual meeting will include Texas Congressman W. R. Poage, Waco, and W. E. Reid, President of the Riegel Textile Corporation, New York.

Fortenberry said directors of the PCG would hold a business meeting beginning at 9 a.m. that day and the annual election of officers would be held. In addition to talks by Poage and Reid the annual meeting agenda will include the showing of a 20 minute film taken of the PCG-Plains Ginners Association sponsored textile mill tour in South Carolina last April. President Fortenberry's annual report and a business report by Executive Vice President George W. Pfeifferberger.

Fortenberry said that door prizes would be awarded throughout the program and that all persons are eligible upon registration.

"Several of Lubbock's outstanding merchants have cooperated by furnishing us with some very nice prizes to be awarded at our annual meeting, and we will conduct drawings at various times during the day to give away these prizes," Fortenberry explained.

A free barbecue will be served at noon.

Fortenberry explained that this year's annual meeting has been postponed until this month a time when farmers and others might have more free time. Also this year's meeting is being held in the air conditioned Municipal Auditorium and plenty of free parking space is available. All cotton producers, ginners, businessmen and members of their families are invited to attend.

The PCG's annual meeting will be held August 29 and on August 30 the Plains Ginners Association will hold its annual meeting here. Ginners are being urged to attend both meetings.

Congressman Poage, who will speak during the afternoon session, is vice chairman of the House Agriculture Committee and its second ranking Democrat. He believes and has stated frequently "without a prosperous agriculture we cannot enjoy prosperity, or even reason-

Undesirable Wheat Varieties To Lose Government Supports

College Station — The U. S. Department of Agriculture has named wheat varieties which are undesirable because of inferior milling or baking qualities and will be discounted 20 cents a bushel in price support rates on the 1959 crop.

Discounts to discourage wheat varieties were included in the price-support program for the first time in 1956.

R. J. Hodges, extension agronomist, says the list includes the hard red winter class Blue-jacket, Chiefkan, Cimarron, Early Blackhull, Kanking, Kharkof MC 22, New Chief, Pawnee Sel. 33, Purkof, Red Chief, Red Hull, Red Jacket and Stafford.

Also listed in the soft red winter class is Kan Queen, Kawvale, Nured and Seabreeze. Durum varieties listed are Golden Ball, Pelliss and Pentad.

Hodges points out that the list was developed by the USDA's Agricultural Research Service after consultation with state agricultural experiment station personnel, agronomists, cereal chemists and others. Representatives of crop improvement associations support the program which is aimed at improving the overall quality of U. S. wheat production.

Application of the 20-cent-per-bushel discount to producer support rates will be the same as under the 1958 operation. Because wheat varieties are difficult to determine from threshed samples, identification of the variety going under price support will be the responsibility of the producer based on his knowledge of the varieties he seeded and harvested.

Even though some of the undesirable varieties might have protein content high enough for a premium, no protein premiums will apply to the undesirable varieties when loan rates are determined, said Hodges.

PERFECT FRIED CHICKEN GRAVY

Measure 3 tablespoons of hot drippings from fried chicken into the skillet. Add 3 tablespoons of flour and place the skillet on the top burner on the range and turn the control to 300 degrees. Stir the mixture until all the flour is incorporated into the fat. Then add 2 1/2 to 3 cups of potato water or milk and stir constantly. When the gravy reaches the boiling point, let it boil one minute. Season with salt and pepper and serve in a bowl that has been warmed.

ably full employment, in our cities."

Born in Waco, Poage was raised on a ranch in West Texas. He has actively sponsored such Federal programs, as REA, Rural Telephone, Soil Conservation and Upstream Flood Prevention.

The PCG's other prominent speaker is a textile man of long experience, Reid in addition to being President of the Riegel Textile Corporation, which has offices in New York and its manufacturing plant in Ware Shoals, South Carolina, is a member of the Board of Directors of the American Cotton Manufacturers Institute.

HOW TO MAKE A CROUSTADE

Here is a simple, delicious shell for chicken a la king, creamed ham and eggs or lobster Newburg: Cut unsliced white bread into thick slices, 2 inches thick. Remove crusts. Cut the squares into two oblongs and hollow out crumbs, leaving a shell about 3-8 of an inch thick. Brush the shell with melted butter and bake in oven, preheated to 375 degrees for 12 to 15 minutes.

"Miss America" ball gown by Clifton Wilhite of Dallas is important enough for any reigning queen. Super-fine nylon tulle ruffles fall over fabulously full skirt. Back interest is heightened by a garland of roses trailing nearly to the floor (as accompaniment to a sweeping train).

Mrs. M. H. Ragle Attends Reunion

"I never saw so many people at a reunion. There were so many friends that came and enough food to feed lots more," stated Mrs. M. H. Ragle concerning the Ragle reunion held Sunday at the Roosevelt School community house. Mrs. Ragle and her daughter, Mrs. Ray Canon, attended the gathering. Her son, Roy, was unable to attend.

The celebration was held to reunite two sisters and a brother whose ages total 301 years. The occasion was G. J. Ragle's, Ralls, 100th birthday. His sisters are Mrs. P. E. Riggs, 104, Oklahoma City, and Mrs. E. O. Barnett, 97, of Lubbock.

There were 120 relatives attending Sunday. If all descendants of the three had attended there wouldn't have been room at the Roosevelt community house. Of the 366 living descendants, Mrs. Riggs boasts 209, Ragle 72, and Mrs. Barnett 85.

Mrs. Ragle said she even met an old school mate of hers. They went to school together in the first school ever taught in Lockney.

"It was just wonderful," Mrs. Ragle summed up her account of the reunion. Her husband, the late M. H. Ragle, was a cousin to the three elderly Ragles.

TELEPHONE TALK

by J. C. Oakley, Manager

LET THE DINNER BURN?

What a predicament. Right in the middle of dinner preparations and the phone in the hall rings. If you're like most housewives, you've had that happen more than once. And you've probably wished for a kitchen telephone. Additional telephones solve those "one-phone" problems, come in handy in any room in your home.

Arrange today to make yours a well-telephoned home. Take your choice of additional phones in red, beige, yellow, ivory, blue, green, white, pink or gray. There is a one-time only charge for colors other than black and the monthly charge is \$1.00.

Call Mrs. Reecer at OL 4-2202 to place your order or receive more additional information.

NEW CURE FOR THE BLUES

I've always heard that women have a sure cure for the blues. Go out and buy a new hat!

Well, I'm not knocking hats or anything like that, but next time you need perking up, try ordering yourself a new extension telephone—in color.

Phones now come in cherry red; moss green, pastel yellow; aqua blue; light gray; rose pink; ivory; white, and light beige. They're not expensive, either. The one-time charge for a color phone is just \$10. Installation and monthly rate are exactly the same as for a standard black extension.

With a glamorous looking, step-saving, extension phone in your kitchen or bedroom, or alongside your sewing table, you'll be just a whole lot perkier.

TIPS FOR TRAVELERS

Whether you're on vacation or business, traveling by auto is a pleasant and handy way to go.

And when you're making a trip, Long Distance telephone service can be a mighty useful traveling aid.

When you start out on a long trip, for example, you can't always be sure how far you'll get by nightfall. By lunch time or early afternoon, though, it's pretty easy to decide on an overnight stopping point. And that's the time to get a telephone and call ahead for reservations.

At the end of a long, hot drive, just knowing you have comfortable accommodations waiting is worth a lot to your peace of mind.

Call by number. It's twice as fast.

EAT RIGHT TO LOOK YOUNG
Home economists with the Gas Appliance Manufacturers Association say that adults should consume two to three cups of milk daily to get adequate amounts of the minerals they need for healthy bodies. Surveys indicate that women consume less milk than men and children. Considering the contribution this one food makes for general well being, it is the most inexpensive beauty treatment you can buy.

BIG BUSINESS

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Matthew	7	1-5
Monday	Matthew	6	1-4
Tuesday	Matthew	6	5-15
Wednesday	Matthew	6	16-23
Thursday	Matthew	7	13-20
Friday	James	3	17-18
Saturday	II Peter	1	1-8

Apples are big business! About 150 million bushels are grown in the U. S. each year.

Perhaps that's why this lad wonders if he could find still another use for the apple. Or perhaps he only wonders if there's a worm in it. If there is, will he toss it away, complaining it's no good?

Some people say they don't go to Church because there are hypocrites in the Church. Then you might as well chuck out that basket of apples in the cellar. There's probably at least one worm in it. But really, does that affect the goodness and usefulness of all the rest?

The Church is big business too, guiding millions of souls each year. If you will attend regularly, earnestly worshipping and sincerely watching for a place where you can be of service, you will give and gain a life-full that's worthwhile. Then you will forget there might be a hypocrite, or a wormy apple around.

LARGEST NUMBER OF SHOW ANIMALS FED BY 4-H CLUB

Harold Ellison, assistant county agricultural agent of Floydada, states that Floyd County 4-H Club members will feed a total of about 167 animals for next season's livestock show circuit. This is the largest number of livestock projects they have had in recent years.

When all the animals are put on feed this year, the projects will total about 40 more than last season. Last year's 24 calves, 34 barrows, and 49 lambs don't measure up to the 32 calves, 70 barrows, and 65 lambs signed up for the coming season.

Out of the six boys to show animals at the State Fair of Texas at Dallas this fall, four of them are of the Lockney area. Warren Mitchell of the Pleasant Valley community will show the only Floyd County calf at Dallas, and he will also exhibit barrows. Other boys showing barrows at Dallas will be Randy Lacewell of the Irick community and Neil and David Mitchell, both of Pleasant Valley.

Jerry Powell, Floydada, and Billy Don Colston, Dougherty, will also show barrows.

Warren Mitchell will be seeking to improve upon the sixth place showing he made

in his class at Dallas last fall with a steer. The steer that Warren will show this fall is the same animal that placed third in his class in both the county-wide show here and the Plainview show last season.

David Mitchell, who showed both the grand and reserve champion barrows in the Floyd County show here this year, will exhibit three barrows at Dallas and will seek additional honors in the countywide show with more swine next season. He also showed both the champion medium wool and fine wool lambs at the last county-wide show.

Mack Shurbet, Petersburg, exhibitor of the reserve champion steer and the champion Southdown lamb here last season, probably will have entries in both divisions at the next county-wide show.

In addition to animals they are fitting for shows, four 4-H members have purchased three registered Poland China gilts and a boar to establish a breeding swine herd.

Billy Don Colston, Dougherty, and Neil Mitchell purchased the boar from Donald W. Lang, Beloit, Wisconsin. The breeding gilts, from herds at Seminole and New Mexico, were purchased by Tim Hartman

Aiken Station And Cafe Are Robbed

Aiken Phillips "66" Station and Cafe were burglarized Monday night. Two new Lee white side wall tires and \$53.50 in cash were taken.

The burglars took the tires and \$18.50 from the cigarette machine in the station and stole \$33 from the cafe's cigarette machine. Floyd County Sheriff Walter Hollums and Deputy Ray Hardin investigated the case. No arrests have been made.

Entry to the station was gained through a back window and at the cafe an air conditioner had been removed to permit entry.

Deputies Harden and Billy Tigert arrested Epistra Gerebay, 24, at South Plains Wednesday morning on suspicion of car theft. He is in county jail at Floydada.

Gilberto Vasquez of Lockney is still in jail after pleading guilty to a charge of illegal possession of beer in a dry area and being fined \$250 and costs. Vasquez was arrested Saturday night at a dance in Lockney.

Clyde Wimberly and Tommy O'Neal remain in county jail being arrested last week on a theft charge.

GO TO CHURCH SUNDAY.

and Johnny Lewis, both of the Lone Star community, and Neil and Billy Don.

A large number of Floyd County people will remember H. D. "Shorty" Marshall. Before failing health forced him to retire he was our Rawleigh products agent in Floyd and surrounding counties. He is a strong gospel singing booster. An unusually talented group from Pampa will appear for the first time in the Floyd County Fair singing.
