LOCKNEY, FLOYD COUNTY, TEXAS, THURSDAY, AUGUST 28, 1958

NUMBER 21

MR. AND MRS. O. D. WOFFORD of Plainview will observe their Golden Wedding Anniversary Sunday, August 31, at their home.

Longhorn Squad Showing Much Desire, Hustle

The Lockney Longhorn grid squad is hard at work this week.

The boys and the coaching staff are camping in the high school gymnasium this week and are working out twice daily. Spirit and desire is good and the defense is showing up well, according to the coaching staff, but the offense is coming along a little slow.

Loss of several key boys by graduation is making the Longhorn attack much slower and less potent this season. Bill Race, who is being shifted from quarterback to fullback this season, is bolstering the attack, however.

Jackie Calaban, who was making the shift from guard to halfback, suffered a knee injury in Tuesday's practice and will be out for some time. Head Coach Elvin Lyon said he didn't know how long Calaban will be out of action.

The coaches said Wednesday that the entire line is coming along fine and showing much promise. They singled out Byron Brock, Duane Griffith, Ronnie Harris and Dan Smith as looking especially good.

Lockney will scrimmage Idalou and Tahoka Saturday evening about 6:00 at Idalou. Hale Center Owls will come here next Friday evening, Sept. 5, to open the season for both clubs.

The Longhorns will have no "soft touches" this season; every non-conference foe is rated with the best in their respective district. And Abernathy and Muleshoe of District 2-AA are rated as two of the toughest teams in the area.

Captains of the Hale Center game will be appointed by the coaching staff. For the remainder of the games the boys showing the most desire and leadership in the previous game will serve as captains each Friday night. The squad will select a member or members of the team to be awarded the captain's star on their leather jackets.

Soil Tour Set For Thursday

The annual Floyd County Soil Conservation District tour and field day will be held on Thursday, September 4, according to A. W. Dalrymple, work unit conservationist of the Soil Conservation Service. The tour will begin at approximately 9 a.m. at the agricultural Building in Floydada and will end at 12:00 noon at Paymaster Farms at Aiken.

The Chamber of Commerce of Floydada and the Paymaster Farms will serve a barbecue lunch at noon. The Floydada Lions Club will present a plaque to the outstanding conservation farmer in the Floyd County Soil Conservation District during the noon program. The principal speaker for the occasion will be James D. Abbott, area conservationist of the Soil Conservation Service in Lubbock and surrounding counties.

There will be no scheduled tour in the afternoon, according to Dalrymple. There will, however, be several things of interest to see at Paymaster Farms. As usual someone from Paymaster will conduct a short tour of their farms for those that are interested in remaining after lunch.

Those making the tour will see demonstrations on cotton fertilizer, cotton following soybeans, closed terraces around lake, double rowed grain sorghums and soybeans, also double row equipment, grass seed production, side oats, switch grass, Indian grass, water measuring devices for pumps and determination of gallons of water being applied to the soil, soil profile demonstration, castor bean production.

At Paymaster Farm during the afternoon those making the tour may see all grain sorghum varieties and hybrids in one block for comparison, cotton variety test, cotton fertilizer test, and 20-inch cotton on Johnny Lee's farm.

JIMMY STENNETT IS IMPROVING
Jimmy Stennett is improving and expects to get back to his position at the hospital this week.

City Fighting Mosquitoes With Daily Spraying

The City is fighting the present crop of mosquitoes with a daily spraying job. Mayor J. E. Cox said this week. The City recently purchased a two-wheel trailer in which it has mounted the spraying machine.

Mayor Cox said that it is difficult to tell exactly how much good the spraying is doing and that the Council would appreciate the public's opinion on the value of the spraying.

The City recently sprayed the City Lake by plane and reported a 100 per cent kill there.

Jarrett, Wells Win In Primary Last Saturday

Bob Jarrett won the Democratic nomination for Commissioner, Precinct 2, Floyd County, and H. G. Wells won the nomination for state representative, 89th district, in last Saturday's Democratic run-off primary.

Jarrett defeated incumbent Hugh Counts by a margin of 65 votes, according to The Beacon's unofficial count. Jarrett polled 586 votes to 521 for Counts.

In the representative race, Wells carried Swisher, Hale and Briscoe Counties to defeat Frank Stovall of Floydada. Stovall had a big lead in Floyd County but Wells carried his home county, Swisher, by an even larger margin.

Ed Griffin of Floydada defeated the incumbent, P. O. (Pat) Sterling for Justice of the Peace, Precincts 1 and 4. Griffin carried every voting box in the two precincts to poll 699 votes to 464 for Sterling.

Robert W. Hamilton of Midland County as expected carried this county by a wide margin and won his race in the state for the nomination for Associate Justice of the Supreme Court, Place No. 1. He polled 1515 votes in this county to 439 for his opponent, J. Edwin Smith of Harris County. State totals gave him better than 50,000 vote lead over Smith.

Baileys Plan Open House Sunday

Mr. and Mrs. O. C. Bailey will hold open house at their new home, 516 Southwest 6th Street, Sunday from two to five o'clock. They invite their friends and acquaintances to visit them at this time.

The Baileys have just completed the six-room brick and moved in recently.

Faculty Complete For School Opening Tuesday Morning

The faculty for the Lockney school system is complete for the opening of the fall term next Tuesday morning, Supt. H. H. Nicholas said Wednesday. The last two vacancies were filled this week. The new teachers are Charles Heatherly of Amarillo, who will teach social studies in the high school, and Mrs. Marsh Watson of Plainview, who will teach home-making and biology.

The first action in the opening of school will come today (Thursday) when the faculty will meet at the high school building at 10 o'clock. Supt. H. H. Nicholas will be in charge of this meeting. The group will meet again at 2 p.m. today to hear Dr. Emmitt Smith, specialist in teacher education, speak. The faculty will meet again Friday morning at 10 o'clock and Friday afternoon at 2 o'clock.

The board decided not to start school on Monday since it is a legal holiday, Labor Day. The buses will operate on full routes and all lunch rooms will serve on Tuesday.

One change in the faculty this year is at the colored school. Only two teachers will be employed there this year but those students in grades 9, 10, 11 and 12 will be transferred to Floydada where a full-scale high school will be operated. All grades, 1 through 8, will be taught in the local school.

Library Fees
F. M. Smith, high school principal, reminded students to bring their 50 cent library fee when they come to school Tuesday and also to bring money to pay for any missing books from last year if their textbook record isn't clear.

Supervisor Henry Ford has announced a change in the reading program in the elementary school this year. The change is made to conform to recommendations of the accrediting committee of the Texas Education Agency. Students in the fifth and sixth grades will be divided into rooms according to reading ability for the reading period only, instead of having separate groups within a room. Authorities say that this will provide a better reading program for the school.

Following is a complete list of the faculty:

H. H. Nicholas, Superintendent; Bobby Lu Bean, Secretary; Alice Ford, Tax Assessor-Collector; Henry Ford, Jr., Supervisor; Elsie Peckham, School Nurse;

High School: Principal, F. M. Smith; Jr.-Sr. English, Mrs. Goree Applewhite; Spanish, Miss Myra Applewhite; Fr.-Soph. Examination For PO Clerk Here Is Announced

The Civil Service has announced examinations for a substitute clerk for employment in the Lockney post office. The pay is \$2.00 per hour.

Application forms may be obtained at the local post office or from the regional director, Eighth U. S. Civil Service Region, Room 103, 1114 Commerce Street, Dallas, Texas.

Applicants will be required to take a written test. They will be notified by the Civil Service Commission of the time and place of the test.

Veterans are given a five point preference rating in the examinations and 10 points will be given to any disabled veteran or the wife or widow of a disabled veteran.

Wells Wins Race For Representative

H. G. Wells of Tullia defeated Frank Stovall of Floydada in the race for representative, 89th district. Wells polled 4235 votes to 3323 for Stovall.

The vote by counties was:

TO FORT CARSON
Mr. and Mrs. J. P. Truett spent the week end at Fort Carson, Colo., visiting their son, John Perry, who is in basic training there.

Woffords Will Observe Golden Anniversary

Mr. and Mrs. O. D. Wofford, 2600 West 11th, Plainview, will observe their Golden Wedding Anniversary at their home Sunday, August 31st. Open house will be held from 2 to 5 p.m. and friends of the couple are invited to call during these hours. Their children and grandchildren are to be hosts for the occasion.

Their children are Mrs. F. H. Myrick of Lubbock, Jesse Wofford of Plainview, Kenneth Wofford of Lockney, Ralph Wofford of Anchorage, Alaska.

Mr. Wofford is the son of the late Mr. and Mrs. C. A. Wofford of Lockney and Mrs. Wofford is the daughter of the late Mr. and Mrs. J. H. Shurbet of Floydada. The couple were married at Floydada on September 2, 1908. They have farmed and lived in this community most of their married life but retired and moved to Plainview a year ago.

Harston Gins First Bale Here

L. P. Harston ginned the first bale of cotton in the Lockney area Tuesday afternoon. He gathered the cotton off the H. F. Kidd place at the north edge of Lockney. It was ginned at Lockney Gin.

The gross weight was 1790 pounds and lint weighed 506 pounds. Seed weight was 750 pounds. The cotton was Paymaster 54B.

The Chamber of Commerce will pay Mr. Harston a \$100 premium. Lockney Gin bought the cotton for 50 cents per pound and Leslie Floyd will add to the premium.

The cotton was planted May 10. It was on irrigated land. Expectation here is that cotton harvesting will get underway fairly well by September 15. Some trouble in securing pullers is anticipated due to the good cotton crops further south and east of the Plains.

Clean-Up Asked For Wednesday

The City of Lockney and Chamber of Commerce have joined in asking for a clean-up before the big Golden Anniversary celebration here on Sept. 11. J. D. Copeland is chairman of the movement.

The date of Wednesday, Sept. 3rd, has been set as clean-up day and all business houses are especially urged to see that their premises, front and back, are in good shape and clear of weeds and debris.

Residential areas should also be cleaned of weeds and trash. This should be stacked in alleys where the City trucks will haul it off.

Mayor Cox said that the city mower would mow weeds on vacant lots if the owner or any nearby resident would clear the lots of metal and debris so that the mower could operate.

TO WEINERT
Mr. and Mrs. J. H. Hall have moved to Weinert, near Haskell, where Mr. Hall will teach history and English in the 11th and 12th grades. He was a teacher in the local school system last year.

Dollar Days This Week End

Lockney merchants, in a change of pace from previous First Monday Dollar Days, have set aside this week end and first Monday as Dollar Days and are offering many outstanding values to people of the area.

Starting Thursday in some stores and Friday in others, the Dollar Days will run through next Monday, which is the usual Dollar Day of the month.

A glance at advertisements in this issue of The Beacon will convince you that local merchants want your business and are offering you some real bargains in good quality merchandise.

Fair People Hard At Work Getting Ready

Officials, directors and others interested in the Floyd County Fair, are hard at work this week getting ready for the annual county Fair which opens in the Fair building in southeast Lockney Thursday, Sept. 11.

A work day Monday of this week saw a number of people cleaning the grounds and getting the building ready. Weeds were burned, the grounds leveled, and minor repairs made on the building.

More commitments from singers over Texas and New Mexico have been received by Joe Reeves, chairman of the committee planning the big singing on Thursday night. Mr. Reeves reports that many outstanding singers will be present for that night.

Parade Planned
R. M. Olsen, chairman of the parade committee, reports that he has secured the Shriner Motorcycle Escort from Lubbock to participate in the parade, opening the fair on Thursday afternoon. Also Sheriff's Posses from Plainview, Abernathy and Petersburg will be invited to enter. He says that 90 per cent of the business houses he has contacted have agreed to enter a float in the parade. Also area school bands, including Lockney and Floydada High School bands, will participate.

Women's Department
Mrs. R. H. Tinsley, superintendent of the Women's Department is urging all women to make entries in this division and make this department the best one in the fair this year. She pointed out that exhibits in the women's department last year were fewer than the previous year.

"With the nice spacious room upstairs out of the dust, good superintendents who are willing to work in every division and your co-operation in bringing whatever you have to enter, I know we can have the best ever," Mrs. Tinsley said.

"We have added classes in some divisions, larger premiums in some of the classes and a bountiful supply of vegetables, fruits and field crops in Floyd County this year and we just can't help from having a bigger and better fair," she continued.

In the women's department, entries will be accepted in all divisions at 8 a.m. Thursday, Sept. 11, opening day. Entries will close at 1 p.m. the same day. Judging will start at 2 p.m. on the same day. Miss Clara Pratt of Lubbock will

Jesus stood and cried, saying, If any man thirst, let him come unto me and drink.—John 7:37.

THE TEXAS Junior Chamber of Commerce is staging a statewide campaign on behalf of the proposed constitutional amendment providing for annual sessions of the legislature and adequate annual salaries for the legislators. In fact, the Texas Jaycees were one of the instigators of the movement to change the present legislative practices to make them more adequate. The proposed amendment, to be voted on in November, provides that the Legislature would have regular legislative sessions every odd numbered year as they do now, but also provides that regular budget sessions will be held on even numbered years beginning in 1960. During these budget sessions the Legislature would act only upon annual appropriations for the state and emergency matters submitted by the governor.

THE PROPOSED Amendment would also provide annual salaries of \$7,500 for members

of the Legislature, and for office expense to be determined by law. However, no per diem expense may be paid beyond 120 days for the regular sessions, nor beyond 60 days during the budget sessions, nor beyond 30 days during called sessions. The amendment would also authorize the Lieutenant Governor and Speaker of the House of Representatives to have temporary residence in State Capital during the term of office.

SENATOR LYNDON JOHNSON of Texas is making quite a name for himself in the nation's capital. And, as a recent article in the New York Times points out, he is doing it without making anybody mad. The Times article lauds Johnson for his ability to work with everyone, his parliamentary skill and his tremendous energy despite a heart attack some time ago. Much of the credit for whatever good came out of the recent session of Congress must go to Johnson instead of the present Administration. Without Johnson's help, the Administration wouldn't have gotten to first base with desired legislation. The disappointing thing to most Texans is Johnson's apparent determination to stay out of the presidential race. Most of us think he would be fine presidential timber but apparently he has no interest in the office. We shall see.

THE NATIONAL FOUNDATION for Infantile Paralysis is shortening its name. It will be known henceforth as the National Foundation — all for a reason. The Foundation will carry on its winning fight against polio — a fight whose decisive weapon is the miraculous Salk vaccine. At the same time it will seek to open new frontiers of knowledge in the fields of arthritis and birth defects. According to Basil O'Connor, the Foundation's president, "The Heart of the new program is research, but it will also include professional education and patient care." The entire program will continue to be financed through March of Dimes.

THE AMERICAN WAY

With Our EXCHANGES

DOLLAR MARK AND ELECTIONS

For many years we wrote editorials denouncing the lack of interest on the part of Mr. John Q. Public in the field of politics. We even predicted ultimate decay of the world's leading democracy, pointing to lethargy as America's No. 1 public enemy. These days the worm has turned. Furthermore, we are beginning to wonder if things weren't getting along fairly well back in the days of political indifference. Today, more and more people are showing a surprising amount of interest in precinct, county, state and national politics. There's nothing halfway about their interest, either. People are throwing themselves into the fray with all of the zeal at their command. More often than not they become vitriolic. They honestly and sincerely consider the opposing side with the same attitude they would view the presence of a rattlesnake, willing to give no ground and forgetting the meaning of the word "tolerance." The pendulum has swung from one extreme to the other. Lifelong friends no longer speak to each other; some customers actually become so en-

raged that they pay their bills because the owner of a firm may differ from their political belief. Bitterness and animosity frequently have replaced Christy as the political ball bounces along from election to election. Is this a good condition? Would it have the sanction of Mr. Krushchev and his Kremlin henchmen? Are any of these candidates honestly worth the loss of a friend and neighbor we have known to be reasonably honest, morally sound and generally upright? Does this situation improve the overall outlook of the United States of America? Frankly, we doubt if our editorials on the subject of American lethargy in politics contributed greatly to the situation. Folks just don't pay that much attention to us. However, in case they did influence any single person, we apologize. We just plain goofed. Honestly, it seems better to fall over a long period of years from decay and inertia than to wipe ourselves out in one fell swoop of enthusiasm, based too often on greed and selfishness. We go along telling the world that mass education is important in the maintenance of a democracy. We tell other nations that it requires intelligence to vote, that the majority should rule—and most of us honestly believe that we have the best form of government in the history of mankind.

Like a lot of the political propaganda we absorb, the theory sounds good and, basically, it is right. The only trouble seems to rest in the fact that we have not yet achieved the status which we so generously recommend to our friends. Sometimes we cannot help but wonder who is really getting outsmarted in the great American rat-race of politics.—Hereford Brand.

ON ADVERTISING

We came across this little article while glancing over our Washington Exclusive the other day. Thought we might pass it on to you: "Funny thing," observes Editor and Publisher Ward K. Barlett of The Newton County Enterprise, of Kentland, Ind., in his "Through The Lens" column, "... a man will get up from an advertised bed, shave with an advertised razor, put on an advertised hose, shirt, collar and shoes, sit at an advertised table, eat advertised breakfast foods, drink advertised coffee, read all the news and advertising in an advertised paper, put on an advertised hat and coat, light an advertised cigar, get in an advertised car and go to town, and run down advertising on the grounds that advertising doesn't pay."—Crosbyton Review.

Dear Editor: I see where some Congressmen are wanting the Federal Trade Commission to crack down on people who sell anti-fat pills which don't perform as advertised. Seems the FTC has done a pretty good job of protecting us born suckers, but has been slow about putting a curb on cheaters who have been getting our money by promising to reduce our waistlines. My corpulent neighbor says he hopes they also step in and shield us from being took by politicians promising to reduce our taxes.

CHEVY COSTS LESS IN ALL THESE POPULAR MODELS!*

There's nothing like one of these Chevis to give you a fast case of new-car fever. But, low-priced as they are, you're likely to find yourself sold on one before you've even considered the cost.

That's because Chevrolet is the only honest-to-goodness new car in its field—new to look at, with a beautiful new Body by Fisher; new to ride in, with two completely new suspension systems; new to drive, with a wider-than-ever selection of

engines and a solid, road-smug Safety-Girder frame. Yet all the V8-powered Chevis shown here—plus six even lower priced 6's—cost less than any comparable models in the leading low-priced three. Talk it over with your Chevrolet dealer.

Additional federal benefits were offered as a loan, not a gift, and would have to be repaid by Texas taxpayers. "It is not a matter of picking up free money."

BIGGER OIL FLOW — For the third straight month, Texas oil production will inch up. Railroad Commission set the September allowable at 3,173,736 barrels a day on a 12-day production pattern. This will be a 228,302 barrel-a-day increase from August.

Oil production, cornerstone of the state's economy and prime source of tax revenue, was in a deep slump for more than a year. As demand dwindled and crude oil stocks piled up, the Railroad Commission was forced to make deeper and deeper cuts in permitted production. During April, May and June an all-time low of eight producing days was maintained. Upturn began in July with nine days of production, continued in August with 11 days. At the hearing to set September production, one major buyer asked for 14 days, saying his company's crude stocks were at the lowest level in 19 years.

REFEREES — A credentials committee has been appointed to settle any hassles that may come up as to which delegates shall be seated at the Sept. 9 Democratic convention in San Antonio. Committee members, announced by Executive Commit-

Dear Editor:
I see where one line of 1959 cars is going to come out with only 25 different color combinations to pick from, whereas in 1958 they offered 300 of same.

My triple-teen neighbor says this is pure regression and with such a limited range of colors, a man is liable to have to drive a car at times which don't anywhere near match his socks.

Having more people in a town driving the same color cars will also be a handicap to the gossip gluttons in getting out their reports on who they saw parked where.

SLIPPED, BUT NOT HURT—Despite a two per cent dip in Texas business activity, experts read Texas' economic signposts as "generally favorable." University of Texas Bureau of Business Research labeled the June decline as probably a "random variation."

"On the whole," observed a BBR staffer Francis B. May, "this recession has manifested itself in Texas primarily as an interruption of the upward progress of the economy, a leveling off, more than a decline." Diversification of the economy has helped, said May, with an improvement in agriculture helping to offset the decline in oil.

Looking ahead, May could see "nothing in the immediate future to augment the recession; consequently, recovery seems the most likely course of events."

BBR noted that Texas building is at a level approaching the "boom" stage with permits for the first six months of the year two per cent above the previous January-June record.

NO SPECIAL SESSION — Governor Daniel said he would not call a special session of the Legislature to extend unemployment payments to jobless Texans.

Atty. Gen. Will Wilson recently ruled that Texas could not take advantage of a new federal plan to advance states money for 12 additional weeks of unemployment pay without a special law by the Legislature.

Governor Daniel pointed out that (1) the recession seemed to be easing, (2) the Legislature would be in regular session in less than five months and (3) more than half of the some 54,000 who had used up all their unemployment benefits were housewives, students or others only temporarily in the labor market.

But State AFL-CIO President Jerry Holleman sharply criticized the governor's position. He declared the state's unemployment workers have already lost \$8,500,000 by Texas' failure to act.

Said Holleman, "If the oil industry or the insurance industry or any other industry were losing that kind of money and the governor had the power to stop it, I believe he would act."
Daniel retorted that the ad-

Public Hearing On Highways Set For Sept. 4

A public hearing to discuss the location and improvements on Highways 70 and 62 through Floyd County will be held in the District Court room at Floydada Thursday of next week, September 4, it was announced this week.

This is a routine meeting, always held after surveying is completed on a state highway job, according to County Judge J. D. McBrien. Any objections to routing of the highway will be heard and questions concerning the projects will be answered.

Present for the hearing will be District Engineer A. L. Crain of Lubbock, Resident Engineer Sam Fowler of Floydada, the Floyd County Commissioners Court.

Farm Bureau Policy Meeting September 2

Lubbock — An important District 2 Farm Bureau development training meeting here September 2 will feature an address by Frank Woolley, Washington, D. C., Legislative Counsel for the American Farm Bureau Federation.

Woolley, who played a key role in pushing Farm Bureau's farm bill through Congress this year, will speak at a banquet at 6:30 p.m. at the Lubbock Hotel. The one-day meeting will get under way at 1 p.m. in the same hotel with a session on how to obtain maximum membership participation in policy development. State and national issues confronting agriculture will be discussed by Texas Farm Bureau officials and staff members. H. L. (Hub) King, Brownfield, District 2 Director, will preside.

Counties in District include: Easley, Briscoe, Castro, Cochran, Crosby, Dickens, Floyd, Hale, Hockley, Lamb, Lubbock, Lynn, Motley, Parmer, Swisher, Terry, and Yoakum.

King specifically invited all county presidents, policy development committee members and county agricultural agents. He urged that the county leaders bring with them local bankers, chamber of commerce people and state legislators "to give others a better understanding of our problems on the farm front."

The banquet speaker, Woolley, has a background of almost 20 years with the USDA. Before assuming his duties as legislative counsel for the American Farm Bureau Federation in 1951, he was a member of the board of directors of the Commodity Credit Corporation.

Meeting Will Hear Report On Water Control Needs At Ramsey

It was announced this week by A. W. Dalrymple, work unit conservationist of the Soil Conservation Service, in the Floyd County Soil Conservation District, that there would be a meeting on Thursday night, August 28, at 8 p.m., in the Courthouse, to discuss the results of an Engineering Survey recently completed by the Soil Conservation Service in the old Ramsey School Watershed, east of Lockney and north of Floydada.

Dalrymple states that this is a very important meeting in that a decision is needed at this time on whether or not to proceed any further with work in the watershed. Facts and figures will be presented at the meeting with reference to conservation practices needed and the approximate cost to the Federal Government and to the individual land-owners to carry out this important conservation work. The completion of this survey brings to a close the work the Service can do unless the land-owners in the area decide to cooperate by installing the conservation practices found necessary by technicians of the Soil Conservation Service as needed to completely treat all the land in the watershed, according to Dalrymple.

This project has the strong support of County Judge J. D. McBrien and Precinct Commissioner Hugh Counts. County roads in this area have been very difficult to maintain in the past due to the large amount of un-controlled water that hit them after heavy rains. There will be five road crossings in the project which will be constructed and financed by the County. The remainder of the expense of construction of structures in the project will be borne by the individual land-owners and the Federal Government, under the Great Plains Conservation Program. The practices called for in the project would draw 70-80 per cent payment from the Government under this program.

Dalrymple stated that when

completed, this project would be the first in the area under the Great Plains Conservation Program. This is his best information. This 5500 people in the area would not only receive the Federal Government out the project, but would also serve as a group of individuals in this type of work and bring loyalty to the people of the land and carrying out conservation practices.

The First National Post Office and two other places of business closed next Monday. Day most business is open for business since this is not a holiday business people.

Chamber Sets Prizes For First Cotton

The directors of The Lock-
ney Chamber of Commerce set
prizes for the first bales of cot-
ton to be ginned in this area in
a meeting Monday evening.
This year only the Chamber
will give a \$50 prize to the first
bale in the county, ginned last
week by Jack Pigg of the Edgin
community at Scott Gin in
Floydada. They will also pay
\$100 to the first bale ginned
at a gin which is a member
of the Chamber. That prize
went to L. P. Harston for his
cotton ginned Tuesday after-
noon at Lockney Gin.

The directors decided to hold
the Golden Anniversary barbe-
cue under the trees in the area
between the city hall and the
fire station. Other arrange-
ments concerning the barbeque
were made.

Betty Foster To College

Betty Jean Foster, daughter of
Mr. and Mrs. Joe Foster, is
visiting with her parents here
this week. She has attended
West Texas State College both
summer sessions.

Betty Jean, accompanied by
her parents, will leave Mon-
day, September 1, for Denver
where she will be a Senior in
Colorado Women's College.

ON CAMPING TRIP

Bob Miller, his son, Bobby,
and three friends, Joe Dean
Hammond, Steve Belt, and Greg-
ory Williams are spending
this week at Lake Altus, near
Altus, Okla., camping out, boat-
ing and fishing.

ICE CREAM FOR CALORIE COUNTERS

Compared with most desserts,
ice cream is relatively low in
calories. One dip, as served in
restaurants, equals about 135
calories. One-third of a pint or
six servings to the quart (as
served at home) gives about
200 calories per serving. Most
fruit pies and iced cakes give
twice that number of calories.
Ice cream can be stored in the
freezer compartment of refrig-
erator as it comes from the
store in its own carton.

New Arrivals

Mr. and Mrs. Louis Lloyd,
Floydada, are the parents of a
baby boy born 8-21. He weighed
7 lbs., 12 ozs., and was named
Louis Paul.

Mr. and Mrs. Billy Stringer,
Floydada, are the parents of a
baby girl born 8-21. She weigh-
ed 7 lbs., 12 ozs., and was nam-
ed Christy Jan.

Mr. and Mrs. Jack Pigg, Quit-
aque, are the parents of twin
boys born 8-22. Clayton Jean
weighed 6 lbs., 5 ozs., and
Clayton Dean weighed 5 lbs.,
12 ozs.

HOME FROM HOSPITAL

Dr. J. M. Floyd, who under-

Jerry Irons Gets Masters Degree

Jerry L. Irons, son of Mrs.
Albertine Irons and the late W.
C. Irons, received his Master of
Education degree at East Tex-
as State College, Commerce,
Texas, on August 22. At the
same time he received an ad-
ministrative certificate in high
school. His major and minor
work throughout college has
been mathematics and business
administration.

Jerry is employed as girls
basketball coach at Mesquite
High School, a triple-A school,
the past two years and was
recently named assistant foot-
ball coach. His team won the
district title last year and lost
a two-out-of-three playoff by
a small margin in bi-district.
Jerry teaches high school
mathematics and bookkeeping
and his wife is a third grade
teacher in the Mesquite school.
The couple are building a
new home in Mesquite.

The Irons formerly lived
here and Jerry is a 1953 gradu-
ate of Lockney High. His father
was superintendent of schools
here for several years and his
mother taught in the local
school system.

Lockney Boys Play Well In Panhandle Grid Classic

John Hanst and Jerry Wil-
liams, Lockney Longhorn foot-
ball stars last season, gave a
good account of themselves in
the first annual Panhandle
Grid Classic played Saturday
evening in Amarillo.

The Lockney boys performed
for the "Sodbuster" team which
included athletes from the
smaller high schools of the
Panhandle area, Classes AA,
A, B and Price College. They
were opposed by the "City
Slickers" — boys from Class
AAAA and AAA schools.

The Sodbusters lost 24-12, but
held the City Slickers to a 6-6
halftime score.

According to the Lubbock
Avalanche - Journal, Williams
was the leading ground gainer
for the Sodbuster team. He also
played some on defense. Hanst
played the entire first half and
saw much action the final two
quarters. John was used as
an offensive guard and defensive
tackle.

Ronnie Downing, Floydada
quarterback, started the game
for the Sodbusters as did Keith
Lowe, Dimmitt halfback. Jesse
McGuire, Plainview, showed up
well for the City Slicker squad.

Mrs. Rowell Will Not Bake Cakes

Mrs. Henry Rowell, who has
made quite a name for herself
by baking wedding and anni-
versary cakes for this commu-
nity, will take a bookkeeping job
this fall and will not bake any
more cakes, she said this week.
She said that she expected to
work through the winter and
may get back into the cake
baking business next Spring or
Summer.

Mrs. Rowell expressed her
thanks to her cake baking pat-
rons.

BOLLMAN VISITORS

Visiting in the home of Henry
Bollman this week were Mrs.
Lucy Bollman of Floydada and
her children and grandchild-
ren, Mr. and Mrs. Wiley Bol-
lman and Charles of Huntington
Beach, California; Mr. and Mrs.
Morris Graham, Margaret and
Kathy, of Dougherty. Also
there were her grandchildren
from Lockney, Nancy, Louise,
Wiley and Bill Bollman.

LOST or STRAYED—Hope not stolen—about a hundred of the Lord's sheep.

Not seen for several weeks. Please re-
turn Sunday morning to the
green pastures of the First
Baptist Church in Lockney
where a spiritual feast will
be prepared and a cup will
be running over. No ques-
tions will be asked.

J. W. MATHIS VISITS

J. W. Mathis of Los Machis,
Sinaloa, Mexico, son of Mr. and
Mrs. D. B. Mathis, is visiting
with relatives and friends in
the Lockney area. He came
early last week and will return
this week end. Mr. Mathis has
been farming in Mexico the
past few years.

Sometimes It's Wise to Be a Little Hoggish

There are times for giving to others . . . and there are times for looking out for ourselves . . . times when charity is appropriate . . . times when there's not even spiritual profit in it.

One of the most common and least profitable forms of giving is the making of unpremeditated donations to the growth and prosperity of other towns and cities . . . through unnecessary out-of-town buying.

Trade builds communities. Trade is the father of Prosperity. There is no other source of better jobs, better business, better social facilities for the community in which we live.

Except when they're in real need we don't give to strangers the food and clothing nor the automobiles which our money buys . . . why isn't it also wise to keep for ourselves and our children the community-invigorating Vitamin \$ that is part of the returns — to someone — for every dollar we spend?

Trade in Lockney

... where your trade creates prosperity you can share

It Pays to Buy where you Live

YOU get everything that your money pays for . . . merchandise **AND** a trade-invigorated community live in . . . when you buy from your home town merchants . . .

Sand Hill News

By Mrs. James Jeffress

The main interest this week is that school is starting, and the cry comes from every part of the community "We aren't ready." Band practice at both Lockney and Floydada began Monday and the kids are already beginning to look forward to that first football game. Most of the farmers are wondering when they will get their first bail of cotton or load of grain. We are hoping to have hands in the fields pulling about the middle of September. The prospects look good, although the insect problem is worse this week.

Mr. and Mrs. J. T. Spears and family returned home Friday after spending the past week near Austin and Lampasas fishing and visiting his parents, Mr. and Mrs. Verlon Spears, formerly of Lockney.

Mr. and Mrs. J. M. Williams and Judy returned home Wednesday after vacationing around the country. They spent a good part of their time visiting in Corpus Christi.

Rev. Bill Rowland has been away all week in a revival at Cloud Cross, New Mexico. Rev. Johnny Tims is the pastor there, and is the son-in-law of Mr. and Mrs. Olen Baird of this community. Mrs. Baird and her son, Ernest, attended one night.

Mr. and Mrs. H. F. Jackson visited in the home of his sister, Mr. and Mrs. Cliff Allard, in Silverton last week. They also visited relatives in Amarillo and Plainview Monday.

Mr. and Mrs. Lynn Miller and family left Thursday for New Mexico where they planned to meet Mrs. Miller's brother, Mr. and Mrs. Joel Corden and family, from El Paso.

Mr. and Mrs. T. C. Hollums and family returned home Thursday after spending the week in cool Colorado. They enjoyed the cool weather.

Last week end visitors in the home of Mr. and Mrs. James Jeffress were Mr. and Mrs. Tom Jeffress from Sherman and S. Sgt. and Mrs. Bob Jeffress from Austin. Bob Jeffress was en route to Germany where he will be stationed the next three years.

Mr. and Mrs. Jess Starkey and family visited in the home of his brother, Mr. and Mrs. Charlie Starkey and family, at Flomont Wednesday.

We were sorry to hear of the passing of Mrs. Mae Young this week. She was an aunt of Mrs. Walter Knight of this community and a sister to Mrs. Cora Pace of Floydada.

Mr. and Mrs. Walter Knight returned home Tuesday after spending the week end in New Mexico visiting their daughter, Mr. and Mrs. Bill Owen.

Congratulations to Mr. and Mrs. Bill Stringer on the arrival of their new daughter. The young lady arrived August 21st at 11:45 p.m., tipped the scales at 7 lbs. and 12 ozs. and has been named Christy Jan.

Grandparents are Mr. and Mrs. Dale Stringer of Sand Hill and Mr. and Mrs. Joe Earp of Monday, Texas. Both mother and daughter are doing fine.

Mr. and Mrs. Ed Noel accompanied their sons to Matador Thursday night where Joe Ed and Johnny plan to spend the week visiting their grandparents.

Dinner guests last Sunday in the home of Mr. and Mrs. Jim Holmes were Mr. and Mrs. Tom Jeffress of Sherman, S. Sgt. and Mrs. Bob Jeffress of Austin, and Mr. and Mrs. James Jeffress and family. Tom Jeffress is a brother of Mrs. Holmes.

Mr. and Mrs. C. P. Carey and family spent the week end in New Mexico visiting relatives and fishing.

Betty Gene Slater of Rails spent a few days visiting her grandparents, Mr. and Mrs. M. B. Swanner, this week while her parents, Mr. and Mrs. Kirk Slater, Jr., were away on a fishing trip.

Ernest Newton of South Plains, brother-in-law of T. C. Hollums, was very badly burned last week but was reported better.

Dear Editor:

I see where some Senators and other leading citizens think U.S. military planners have been doing a little too complete a job.

Seems they have not only been studying about the best ways to fight wars under various conditions, but they are also including blueprints on how to surrender gracefully.

My military expert neighbor says it looks to him like this is a pretty useless job, on account of heretofore any time a country got to the point of surrendering, it was the winner who furnished the plan for same.

D. E. SCOTT
Crossroads, U.S.A.

We are sorry to hear Mrs. Mattie Baird is very ill this week. She is in Lubbock with her daughter, Mrs. Ola Donaghue. The Baird families have been busy going back and forth the past few days.

Grandmother Cates has been in Lubbock hospital during the past week but was returned home Sunday. Her condition is some improved it was reported.

South Plains

By Mrs. Murray Julian

Last Tuesday morning rainfall amounts here showed Sterling Cummings over two inches. Harry Hartman and Hansel Sanders, 1.30, Fred Fortenberry and Sylvan Kinnibrugh, .50, South Plains, John Wilson, Truman Bradshaw, Calvin Potet, one inch, and the rest of the community had very little or none.

Mr. and Mrs. Raymond Upton and Jimmie left Thursday morning for a short vacation to Ruidoso, New Mexico, expecting to be home this Tuesday. Mrs. Albert Stewart and Mrs. Harry Hartman are keeping the grocery store and post office while the Uptons are away.

H. S. Calahan Jr. spoke to those gathered at prayer meeting Wednesday night at the Baptist Church while the Rev. Gillespie was in Paducah.

Mr. and Mrs. Grigsby Milton and girls spent Wednesday in Lubbock where they looked for an apartment for Donita who plans to go to Lubbock Sept. 7, where she will be entering the Draughons Business School where she will take the junior business course. Her roommate will be Carol Lawson of Floydada.

The Hazlewood families met for their annual reunion at the Clayp Park in Lubbock where families visited Sunday and enjoyed basket lunches at noon. Attending from here were Mr. and Mrs. L. T. Wood and Mrs. Walter Wood.

Presiding at the ballot boxes Saturday, August 25, at the Clubb Elevator office were Ernest Smitherman, Jones Kinslow, Mrs. I. H. Parks, Mrs. Roy Bledsoe and Mrs. L. T. Wood.

The Early Pritchetts arrived home Friday after spending a few days at Ruidoso, N. M., where they saw the Bad Lands, the White Sands and other interesting spots near Ruidoso.

Mrs. John Gillespie and girls went to Harmony Baptist Church in Paducah Sunday where Rev. Gillespie has been holding a revival the past ten days. They went to Lamesa after services where they are to spend this week before school starts in the home of their parents. Mr. and Mrs. Noah McDougal and Mrs. and Mrs. J. W. Gillespie. They will be home Wednesday for a building committee meeting and for prayer meeting, but will return then to Lamesa.

Mr. and Mrs. Murray Julian and Bruce visited Wednesday evening with Mr. and Mrs. Bryant Higginbotham and boys and enjoyed homemade ice cream with them. Bud spent Wednesday until Saturday in Chillicothe with his uncle, Mr. and Mrs. Carl Higginbotham and family. His folks went to get him Saturday.

Morris Pruitt of Roaring Springs was a week end visitor with Elton Karr in South Plains, coming to church with him Sunday.

The Sylvan Kinnibrughs and the Don McClures returned home Saturday evening from Colorado Springs and Denver, Colorado, where they had spent the week. The Kinnibrughs came home by Taos, N. M. The McClures left their children, Boyd and D'Ann with their grandparents, the Frank Mc-

Dear Editor:
I see where the federal government has sued some Gulf states to make them quit claiming to own more than three miles out into the ocean.

On account of they say this is as far as the U.S. goes and a State can't hang out over the federal boundary.

My Uncle Vaid says this will make the Russians might close neighbors when they come in and homestead the oil wells some greedy states have already dug out on world property.

School officially opens at South Plains Monday morning, Sept. 1, at 9 o'clock and there will be a parent-teacher meeting at that time.

THE LULLABY BATH

When you are so tired you're falling asleep on your feet, only to find that the moment you get into bed you twitch into wakefulness, try a warm bath. Even in hot weather it will help you relax and stay cool. Turn the dial of your water heater to 110 degrees. The warm temperature will tranquilize frazzled nerves and muscles. Avoid vigorous scrubbing and rubbing. Blot yourself dry and slip into a nice, clean bed.

CLEAN-UP TIME!

The City's Golden Anniversary celebration is coming soon and all of us would like for the city to be neat and clean for that occasion.

Therefore we have set

WEDNESDAY, SEPT. 3rd

as Clean-Up Day in Lockney

Especially business men are urged to see that weeds and trash are cleaned from their premises.

The residential area should also be cleaned up, weeds cut and trash piled in containers in the alley so that city trucks can carry it off.

The city mower will mow vacant lots if the owners or nearby residents will clean metal and trash from them so that the mower can operate.

Let's work together for a cleaner, healthier city.

A free barbecue lunch will be held at noon and free door prizes will be awarded throughout the meeting. All farmers, ginners, businessmen and their families are invited to attend and register for door prizes.

The PCG's annual meeting, scheduled on Friday, August 29, comes just one day before the Plains Ginners Association annual meeting, scheduled Saturday, August 30. Ginners are being urged to attend both meetings.

Fortenberry said that prospects for the High Plains farmer in 1958 at present appear to be good for an excellent cotton crop. "At our annual meeting we hope to show the farmers and businessmen some of the good that this organization, the Plains Cotton Growers, Inc., has been able to do this past year," Fortenberry said.

"We hope all our members and friends will be with us August 29," he concluded.
