## Carnival Held Floydada Tuesday

Funeral services for Jess Covington, 63, who was fatally injured in an automobile accident late in the First Baptist church here, were held at 3 p. m. Tuesday at the home of the pastor, the Rev. Edd Harper, pastor of the First Baptist church, officiating. The services were with military honors at the Floydada Cemetery. The funeral was given by the Harmon Funeral home of Floydada. Other victims of the accident were listed in a fair early this week at the Memorial Hospital in Lockney. They are Jim Harper, age 39, and their daughter, age 12, all from the community, 12 miles north of Floydada. The car was traveling on U. S. Highway 70 when it hit a ditch and overturned. The driver, Edd Harper, was killed. The car was driven by Walter Harper, who was killed. The accident occurred about 6 p. m. in front of the Oscar Service Station. Harper suffered a fractured skull and other injuries. A disabled veterinarian came to the South about 50 years ago moving to Floydada. Survivors are a brother, Covington of Dougherty, five sisters, Mrs. Tractors of Olney, Mrs. Jones of Stockton, Mrs. D. W. Fyffe of Floydada, Mrs. Raymond Teeple of Plains and Mrs. Kyle of Floydada.

## View Road Project Is Set

Mayor M. B. Jones was authorized by the Council recently to sign a contract with the Texas State Highway Department for improvement of a section of State Road 101 in the southeast part of the city. The 1,800 foot strip extends from 5th Street which is U. S. Highway 70 to the Santa Fe tracks at the city limits. The project is to be completed by the end of next year. The project will include the widening of the road to 64 feet. The project will include the widening of the road to 64 feet. The project will include the widening of the road to 64 feet.

## Weed District Buys Equipment

The Floyd County Weed Control District has purchased equipment for the control of weeds and is ready to take application for weed treatments, according to an announcement this week by Douglas Degge, supervisor. Degge said Wednesday that a bindweed control demonstration had been set up on the Johnny Lee farm, two miles north of Aiken. Farmers of the area are invited to go by and see it. Mr. Degge pointed out that the growing season for bindweed is not over with the first frost. From all reports the district office is able to obtain it takes temperatures of 20 degrees F. or below to completely stop the growth of this weed, which means they will continue to grow until late November. Temperatures above 20 degrees just retards the growth rather than killing it. "Now is a good time to apply soil sterilants so that you may be ahead when the Spring rush season begins," Mr. Degge said. "Bindweeds in the area are now setting their second crop of seed this year. There is an old adage which says, 'One year's seeding is seven years weeding,' but with bindweed it could be well changed to 'One year's seeding is forty years weeding.'"

## Gayle Rucker Is Class Favorite

Miss Gayle Rucker, daughter of Mr. and Mrs. Raymond Rucker of Lockney was crowned as a class favorite at McMurry College Saturday. The coronation, Indian style, was held in connection with the thirty-second annual homecoming of the Abilene College. A fire light ceremony in the college's famous Indian Village followed the coronation in honor of the favorites, the Reservation Princess, and Chief McMurry, who were also revealed during the homecoming. Miss Rucker is a freshman business major at the Abilene College. Mr. and Mrs. Ed Whitfill left Wednesday for Rockport, Tex., where they will spend several weeks.

## Cancer Society Will Meet Tuesday

The Floyd County Cancer Society will meet at the city hall in Lockney next Tuesday evening, October 21, at 7:30 o'clock. Purpose of the meeting is to select a crusade chairman for the current year. All those interested in the work of the society are invited to attend, according to Mrs. Bill Hodel, temporary chairman.

## Stolen Car Is Recovered Here

A car stolen at Muleshoe was recovered in this county Monday when Deputy Sheriff Billy Tigert arrested two boys on suspicion between Lockney and Floydada. In checking the license number, members of the Sheriff's department found that the car had been stolen in Muleshoe and the boys were lodged in jail in Floydada. Officers said they were brothers and gave their names as James Boone, age 17, and Roy Boone, 19.

C. B. Bailey, a colored man, was tried on an aggravated assault charge in County Court Saturday and Judge J. D. McBrien fined him \$150.00 and costs, total being \$182.15. Tried in county court Monday were Leon Reyes Rodriguez, charged with carrying a prohibited weapon. He was fined \$100.00 and costs, total of \$131.15. Murray Jones, colored, was charged with possession of intoxicants for purpose of sale in county court Monday. He pleaded guilty and was fined \$500.00 and costs for a total of \$529.05. Ruby Whitfield, a colored female, was tried on a charge of transporting intoxicants Monday and was fined \$150.00 and costs for a total of \$178.95. Adilin Beyna, charged with possession of intoxicants for purpose of sale, was fined \$150.00 and costs for a total of \$181.95. Sheriff Walter Hollums said that battery thefts were numerous at this time with four different farmers reporting the theft of seven batteries from tractors and irrigation wells over the week end. None of the batteries had been recovered Tuesday.

## Lone Star Singing Set For Sunday

The public is cordially invited to attend the singing at Lone Star Baptist Church next Sunday, Oct. 19, beginning at 2 p. m., according to Miss Eulalia Sanders secretary. Singers from New Mexico and various points in Texas are expected to be in attendance. Miss Sanders states.

## New 1959 Autos On Display Here This Week End

The new 1959 models of Ford and Chevrolet will be on display in Lockney this week end, according to announcement by local dealers. The first on display will be the new Chevrolets, to be shown at Lockney Auto Company, local Chevrolet dealers, Thursday. The new Chevrolets feature a big change, both in body design and mechanically, the dealers say. The Barker Brothers will serve free coffee and doughnuts all day Thursday as an incentive to see the new model Chevrolets. They will also have free ice cream and free perfume for the ladies. The new Fords will be shown at "Whitey" Bacus Motor Co. here on Friday and Saturday. The Ford dealers will also serve coffee and doughnuts and invite the public in to see the new models. They will have a Stationwagon, a Fairlane 500 and Custom 300 on display. The new Fords also have been changed considerably and the public will be interested in the new appearance.

## Legion Auxiliary To Meet Thursday

The American Legion Auxiliary will meet in the home of Mrs. Lois Paschal Thursday night, October 16, at 7:30. Mrs. Temp Phillips will be co-hostess. She and Mrs. Paschal urge every member to attend and to bring a visitor who might be interested in joining. Anyone interested in attending, whether they have been contacted personally, are extended a hearty invitation.

## HD Council To Meet Saturday

Floyd County Home Demonstration Council will meet Saturday, October 18, in the Council room at 2:30 p. m. Council officers will be elected for the coming year and yearly reports of all council officers, committee chairmen, and clubs will be heard. Those who are to give these reports are asked to please have them ready.

## ARRIVES IN MASS.

Mrs. Jimmy Myers arrived in Massachusetts Sunday after leaving here Thursday morning of last week to join her husband who is stationed at Fort Deven. The couple is now at home at 134 Merrian Ave., Leominster, Mass., which is ten miles from Fort Deven.

## PTA Listens To Plans, Reports Tuesday Eve

The Lockney Parent-Teacher Association listened to plans and reports at its monthly meeting Tuesday evening of this week. The meeting was held at the high school auditorium with Mrs. Boyce Mosley presiding. Supervisor Henry Ford Jr. talked to the group on the subject of "Modernizing Our School System," discussing the subject both from the curriculum and building viewpoints. Mr. Ford went into details of a proposed new high school building and talked of the needs of providing more room for high school subjects. Following a report from the executive committee, read by Mrs. Thurman Davis, secretary, the association decided to again have visitation day for teachers in the local system, whereby members of the PTA substitute for the teachers while they visit another school system. The association also offered their assistance to the Band Boosters Club in the staging of a Hallow'en Carnival to be held Saturday night, Nov. 1st.

## Mitchell Barrow Wins First In Class At Dallas

A Chester White fat barrow shown by Warren Mitchell, Floyd County 4-H Club boy, won first place in the Junior Chester White division at the State Fair at Dallas. Judging in this class was Wednesday. By virtue of the win the barrow will compete for Grand Champion barrow of the show. Judging of this will be Thursday afternoon. Neil Mitchell showed Chester Whites which won 3rd and 11th place. Both are sons of Mr. and Mrs. Chester Mitchell of near Lockney. Warren also showed a Hereford calf in the Junior Hereford show but placed 11th in this class. Other breed barrows will be judged Thursday morning. The county agent's column in this issue of The Beacon gives more details about Floyd County entries.

## Main Street Church Meeting Cancelled

Due to the illness of M. F. McKnight of Plainview, the week-long meeting at the Main Street Church of Christ, scheduled to start Sunday, has been cancelled, according to the local minister, S. A. Freeman. Mr. Freeman had already publicized the meeting considerably and arrangements were complete. Mr. McKnight was to give a series of lectures on the Bible lands and show colored slides of that area to illustrate his talks. Mr. McKnight became ill early this week and by Wednesday morning asked that the meeting be cancelled for the present since he was unable to appear here. Mr. Freeman said that the meeting would be held at a later date but the exact time will have to be worked out with Mr. McKnight.

## Former Resident Succumbs Tuesday

H. P. Parker, 83, former long time resident of Lockney, passed away at 6:00 a. m. Tuesday at the home of his daughter, Mrs. Roy Parrish, Edmond, Oklahoma, with whom he made his home. He had been ill about a year. Funeral services were held Wednesday afternoon at the First Baptist Church, Edmond, where he was a member. Born in Tennessee, Parker moved to Arkansas at an early age. He was married to Viola Newton in Green Forest, Ark., in 1898. The couple observed their 60th wedding anniversary last July 7. Five daughters and a son were born to this union. His wife and daughters survive. The son, King Parker, died in 1942 at the age of 22 as a result of a train accident. His wife was the former Pauline Beall. The daughters are Mrs. Lena Sneed, Midwest City, Okla.; Mrs. Guy Harrison, Shawnee, Okla.; Mrs. H. M. Bennett, San Fernando, Calif.; Mrs. J. E. O'Neal, Silvertown; and Mrs. Fay Butth, Bentonville, Arkansas. Mr. and Mrs. Parker moved to the Lone Star community, ten miles north of town, in 1928 from Vernon, Texas. In the early 1930's they moved to the east edge of Lockney where they resided until they moved in 1950 to make their home with children in Oklahoma and Arkansas. While here Mr. Parker farmed and later was caretaker of the local cemetery for many years. He and his wife were members of First Baptist Church during their life here. Bill Butth, son-in-law, Bentonville, Ark., was at Petersburg, Tex., gathering a grain crop when word of Mr. Parker's death came. He left immediately for Edmond after a short stop in Lockney. The daughter at Silvertown planned to leave Wednesday morning.

## Rebekah Lodge Has Initiation

Lockney Rebekah Lodge initiated two members at a meeting held Monday night at 7:30. Those initiated were Mrs. Gladys Childers and Mrs. Vera Rogers. During the business meeting the group discussed the rummage sale to be held each Saturday afternoon. All members were urged to bring as many items as possible to the small building adjoining Dr. Crum's Clinic. The key can be picked up at the clinic office. Mrs. Essie Conner, Lodge Deputy, held a school of instruction preparing for the lodge's part of the program during the District School to be held in Plainview, Oct. 30. Initiation will be held next Monday night. All members are urged to be at the lodge hall at 6:30 for practice. Plans were completed for a public "42 Party" to be held at the lodge hall December 8 beginning at 8 p. m. Following the meeting a sing-song was enjoyed, followed by coffee served at the Dixie Cafe.

## Saundra Lawson Named To Angel Flight At Tech

Lubbock — Texas Tech's Angel Flight, Air Force ROTC auxiliary composed of Tech coeds, has announced the selection of 29 new members. Among the new members is Miss Saundra Lawson, daughter of Mr. and Mrs. Reed Lawson of Lockney. Tech's Angel Flight is one of the largest organizations of this type in the Southwest Conference schools. They will perform at the next three home football games and march in the homecoming parade, Nov. 22, when they will wear their new Air Force blue uniforms.

## Taylor Installs Clothes Dryers

George Taylor of Taylor's Laundry has recently installed two large automatic clothes dryers in his laundry here. The machines operate upon the insertion of a coin. The charge is 25c for one load of clothes, Mr. Taylor said. Mr. Taylor installed 12 new Maytag automatic washers in his laundry about a month ago, these also operating by coins. The automatic machines, both washers and dryers, are available for use until 9 p. m. each day, he said. The conventional washing machines are still available for use for those who prefer them. OFFICE SUPPLIES at The BEACON OFFICE.

## Newman Funeral Held Wednesday

D. P. Newman of Austin, former resident of Lone Star Community, passed away in Austin Wednesday at 10 a. m. Survivors include his wife and five daughters, a number of grandchild and great-grandchildren. The Newman family lived in the Lone Star Community, 9 miles north of Lockney from about 1932 until they moved back to their former home in Austin in 1940. The Newmans made many friends in this area during their stay here. He was a farmer. Their Austin address is 606 Wilmes Drive.

## Ginnings Pass 10,000 Bale Mark In This Area

Cotton ginnings passed the 10,000 bale mark Wednesday in the Lockney area despite the drippy, foggy weather of the past week. The total number of bales ginned at Lockney, Lone Star, Sterley and Aiken to Wednesday afternoon stood at 10,017, according to The Beacon's survey. The ginnings at the same period last week totaled 6302. The four gins in Lockney have ginned a total of 4766 bales compared to 3564 at the same time last week. The increase in total bales ginned is surprising since the area has had so much damp weather the past week. However the weather outlook was improving Wednesday with mostly clear skies for the first time this week. The grain harvest has been virtually at a stand-still due to the damp weather. Grain men said Wednesday that practically no grain had been cut this week but, if clear weather holds, some may be cut Thursday afternoon. The lettuce harvest in the area was going at a slow pace Wednesday. Demand was slow and the price had dropped 50 cents per crate by the middle of the week. No 1 lettuce probably would sell at about \$1.75, The Beacon was informed. Worms have also been troubling local growers. Some fields have been badly damaged by the pesky crawlers and some growers were busy Wednesday spraying young lettuce.

## Dwight Perkins Gets Scholarship In Engineering

Thomas Dwight Perkins, son of Mr. and Mrs. Frank Perkins of Lockney, and a 1947 graduate of Lockney High School, has recently been awarded another scholarship. The Ethyl Corporation has awarded Dwight a graduate research fellowship in chemical engineering at the University of Oklahoma for the current academic year, according to announcement by company officials recently. This is the third scholarship awarded to Dwight since entering the University of Oklahoma. The award is one of 21 fellowships that Ethyl is providing at leading colleges and universities, marking the company's 22nd consecutive year of such support of higher education. Total value of the grants is almost \$60,000. Perkins will receive \$1,800 for living expenses plus an allowance for tuition and fees. In addition, the university's chemical engineering school receives \$600 for expenses in connection with his research work. Perkins received his B. S. in chemical engineering from Texas Technological College in 1949 and his M. S. from the University of Oklahoma in 1956. Under the Ethyl fellowship, he is studying for his Ph. D. His research supervisor is Prof. C. M. Slipecevic.

## Longhorns Are Idle This Week

The Lockney Longhorns will be watching, instead of playing, a football game Friday evening. This is an open date for the Big Red. The local boys start conference play here next Friday evening against Abernathy's ever-tough Antelopes who have been tabbed by almost everyone as the team that will represent District 2-AA in bi-district action. District play opens this week for the other four squad's in 2-AA. Morton travels to Abernathy and Muleshoe entertains Olton. Abernathy and Muleshoe will be favored to win and move into a tie for the conference lead. The nearest game Friday night will be at Plainview where the Bulldogs tangle with Berger. Floydada opens District 3-AA play Friday at Slaton. Mr. and Mrs. T. J. Word will leave Thursday morning for Fulton, Texas, where they will spend several weeks.

## EDITORIAL

Why art thou cast down, O my soul, and why art thou disquieted in me? Hope thou in God.—Psalms 42:5.

WE'RE AT A LOSS at times to understand the political actions of some of our acquaintances—good people who are apparently well-read and informed on things politically. We know a number of people who say, "yes, I'm against centralization of government, too much government controls of farms, businesses and everything else. I'm opposed to the federal government having a hand in everything we do and trying to tell us how to run everything from Washington. I'm opposed to the federal government getting into business against private competition. I think we ought to put a stop to it." Yet these same people will vote and support every liberal-labor candidate that comes up and will do everything they can to further the liberal organizations within the party such as the late and little-lamented DOT and Walter Reuther's liberal-labor coalition that is dedicated to socialism in its every form. It seems to be a very inconsistent attitude.

A NUMBER of Southern Congressmen, interviewed recently by Tom Anderson of the Farm & Ranch, said in effect, "Yes, we're opposed to socialism and all these governmental controls but it's here to stay. You can't whip it so you might as well join it." Other people in our own vicinity have expressed the same attitude. We would like to point out that abuses in government have never been corrected by people who "go

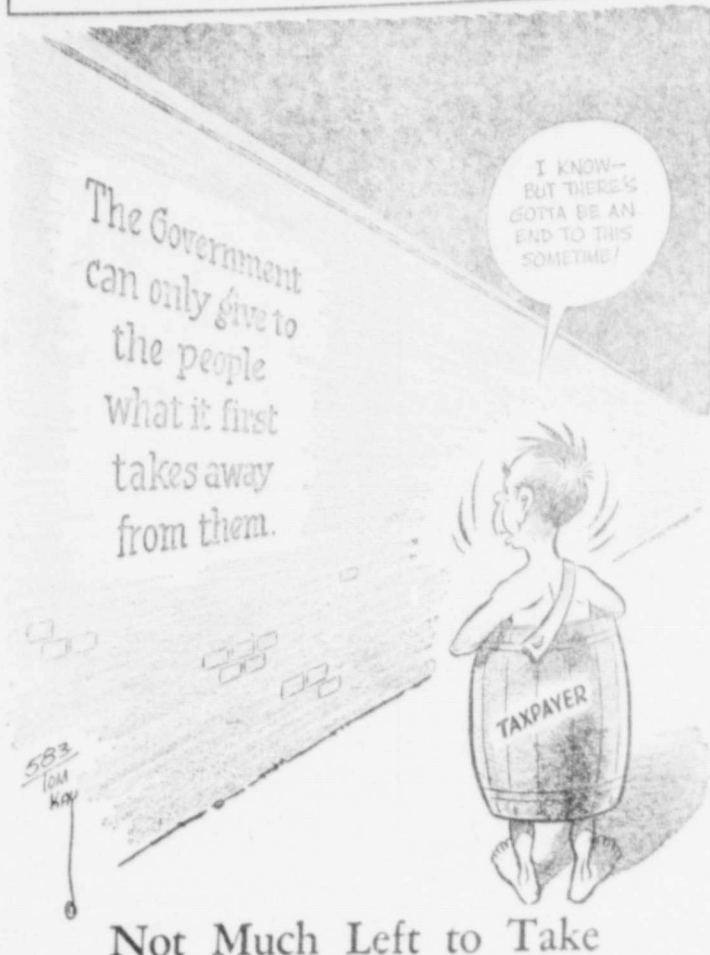

along with the crowd." It takes people with the determination to stand against wrongs, to uphold principles, to speak against the crowd if necessary to correct wrongs in government or anything else. We're thinking these "liberals" who profess to believe in conservative principles just haven't made up their mind yet what they believe. They can't decide whether it's better to "enjoy the pleasures of sin for a season," and follow along with the liberal crowd regardless of consequences or take a stand for sound government in the face of opposition. It shouldn't be a hard choice.

WE'RE OPTIMISTIC about the cotton industry on the High Plains after seeing recently a film made when a group of High Plains people visited the cotton mills in the Carolinas last year. Going on the tour were two Lockney men, George Webster and Jerry Cooper. The film was made by representatives of the Plains Cotton Growers and reveals to the people of the High Plains some of the corrections that need to be made if we are to have a good market for our cotton. The reason we're optimistic is that it appears to us the Plains Cotton Growers is the kind of organization that can lead us out of the wilderness of cotton marketing that has beset the industry for 30 years and is capable of working out a plan whereby High Plains cotton will be desired on the markets of the nation as well as the world. The weakness of farming has long been a lack of co-operation among those engaged in the business. The PCG is a step in the right direction. We believe if the farmers of the High Plains co-operate and work with that organization something worthwhile will be accomplished.

FROM THE Portland Oregonian: "... The people of the United States — any free people — would not tolerate intervention merely for the protection of the commercial interests of oil companies. That is not the reason U. S. Marines are in Lebanon. They are there because behind the oil and behind the power policies are a national purpose and responsibility the heart of which is eminently moral..."

IN DAVID LAWRENCE'S view: "What a strange delusion has swept the world, and particularly so many misguided persons in the parliaments of the free peoples, as they enthusiastically urge 'summit' conferences! Is it that somehow, by sitting down under the glare of the klieg lights and television, with cameras clicking and thousands of newsmen looking on, some sort of 'deal' can be arranged which supposedly will — as Munich falsely promised — give us 'peace in our times'? What nonsense!"

It is impossible to ride two horses at the same time and now it has become impossible to ride one horse when you enter the political arena. ## FRANKENSTEINS

Frankenstein is widely known as a nefarious character, created from greed for power, who ultimately did in his creator.

Millions upon millions of people have read the book and looked to see the monster on the screen, but we sometimes wonder if the moral of the story has not been lost in the scramble. How many of us pause to compare similar acts of selfishness and greed in our own lives which might not be well compared to the story of Mr. Frankenstein?

Business men, farmers and professional men, along with the average housewife, employee and worker, can no doubt recall similar comparisons on a small scale which tell the same story. Current strife between the automobile industry and labor bring it out clearly — and on both sides.

The world is filled with Frankensteins. All we have to do is look around ourselves carefully, then make a few comparisons.—Hereford Brand

Dear Editor: I see where Judge Frankfurter says U. S. citizens have a right to disagree with laws invented by the Supreme Court any time they feel like it.

My wary neighbor says it's mighty democratic of the Court to let folks hold opinions which differ with it, but he thinks we had better watch it.

Says with this Court's reversing itself and successors, there is no when it may take the privilege of free and dissenters sutfind their premises crawling with Wyatt Earps. D. E. SCOTT

## Long Ago In Lockney

Items of interest from the files of The Lockney Beacon.

October 18, 1928

Funeral services for Reno Livingston, son of Mr. and Mrs. Sam Livingston, were held at the Baptist Church Friday afternoon of last week. Rev. C. J. McCarty of Lubbock officiated. Pall bearers included members of the football team, Clinton Busby, Buck Prickett, James Miller, Guy Cope, Donald Thiret and Leon Wofford. Reno died of injuries received in a football practice.

Power, performance and economy are served up in new proportions, too. All standard Ford engines — Six or Thunderbird V-8 — thrive on regular gasoline at regular prices. You save up to 5 cents on each gallon! There's a new aluminum muffler that normally will last twice as long as conventional mufflers used on other cars... full-flow oil filtration that lets you

change oil at 4000 miles instead of the 1000 often recommended... new Tyrex cord tires for greater economy and safety... a brilliant new Diamond Lustre Baked Enamel Finish that's so durable you won't have to wax it ever... and two new economy power-transmission teams that will bring you savings automatically. That's why we say, for '59, Ford is truly a masterpiece of underpricing!

NEW economy team Number One! Get all the high performance of a completely new Fordomatic Drive teamed with a Six or Thunderbird V-8 — at a price that puts automatic

driving within everyone's car budget. It's a simplified Fordomatic with nearly 1/3 fewer parts. NEW economy team Number Two! That Ford's versatile new Cruise-O-Matic Drive, and the responsiveness of Thunderbird Special V-8 power and you have the last word in automatic driving plus the "built-in" overdrive feature of an economy geared axle.

Altogether NEW in everything you can see, feel or taste!

## FORDS, WITH CHANGES, ON DIS

1959 Ford car line, which has received an award from the Brussels World's Fair for styling elegance, will go on to Ford dealerships on October 17. J. O. Wright, Motor Company vice president and Ford division general manager, announced today.

The 1959 Ford car is new in most of the grades and new in style. Mr. Wright said. "The 1959 styling is good taste, a result of the demand for more elegance and dignity in automobile styling as opposed to the ugliness of extremism," he said.

In addition to Ford engines that have been engineered for better fuel economy, Ford of quality-designed construction and a new, lighter Ford transmission with 105 parts than its 1958. Mr. Wright said.

Every piece of body sheet metal in the 1959 Ford has been changed to reflect the taste of the Thunderbird, America's most successful car. The Thunderbird's fast lines have given the car a formal quality and the lines of a bigger, heavier car without the addition of weight.

Mr. Wright added that the 1959 Ford engines offer better operating economy and improved engine performance. The normal driving range, 30 m.p.h. Ford recommends the grade gasoline in all

## 59 FORDS, WITH MANY CHANGES, ON DISPLAY FRIDAY

The 1959 Ford car line, which has received an award of excellence, will go on display at Ford dealerships on Friday, Oct. 17, J. O. Wright, Baccus Motor Co. vice president, announced today.

The 1959 Ford line includes 17 models ranging from the Custom 300's, which are six inches longer than in 1958, through the six station wagon models, to the Fairlanes and the Fairlane 500's. Station wagon length has been increased more than five inches; cargo area is eight inches longer, and cargo space is 11 cubic feet more than in last year's models. All 1959 Fords will be on a 118-inch wheel-base and will have an over-all length of 208 inches.

Windshield area has been increased 280 square inches, or 29 per cent, over 1958 Ford models.

With its refined engines, Ford is introducing a new version of the Fordomatic transmission. The 1959 Fordomatic, a two-speed automatic transmission, has eliminated the need for 105 parts, which, with the use of aluminum for the transmission case and bell housing, has reduced the total Fordomatic transmission weight by 50 pounds, or 22.8 per cent.

Ford's four modern engines combine efficiency, durability and economy with the added customer savings resulting from quick and easy servicing. The full-flow oil filter, standard equipment on all 1958 engines, permits Ford to recommend an oil change only every 4,000 miles, resulting in further savings to the customer.

THE 1959 FORD will be on display at "Whitey" Baccus Motor Co. here Friday and Saturday. Manager "Rusty" Baccus said that his firm would show a new Stationwagon, a Fairlane 500 and a Custom 300. Shown here is the new Sunliner convertible, shown at the Brussels Fair this summer. The public is invited to visit the Baccus Motor Co. and see the new models.

## Lubbock Will Host National Spinner-Breeder Conference

Lubbock — Cotton industry leaders will participate in two panel discussions at the Spinner-Breeder Conference to be held here Oct. 21-22 in conjunction with the U. S. Department of Agriculture's Cotton and Cottonseed research advisory committee's fall meeting.

W. O. Fortenberry, president of the Plains Cotton Growers, Inc., who will serve as hosts for the two meetings along with representatives from all segments of the cotton industry in this area, said that many of the top people in the cotton industry will be in our area on these dates and we feel we have a rare opportunity to tell the entire cotton industry about the great potential of cotton producers in this area.

"Opportunities in Quality Evaluation" will be the subject for one of the panels scheduled for the morning session on Oct. 21. Dr. C. R. Sayre, president, Delta and Pine Land Co., Scott, Miss., will serve as moderator. Panel participants are: Burt Johnson, National Cotton Council; Ed Calkins, U. S. Rubber Co.; Earl Heard, West Point Manufacturing Co.; and Earl Berkley, Anderson-

Clayton Co. The second panel will be concerned with "Up Grading Cotton Quality." Moderator will be Dr. Harold Loden, Payment Farms, Aiken, Texas. Industry leaders who will take part in the discussion are: J. Winston Neely, vice president, Coker's Pedigreed Seed Co., Hartsville, S. C.; Early Ewing Jr., Delta and Pine Land Co., Scott, Miss.; J. D. Bilbro Jr., research agronomist, Texas Experiment Station, Lubbock; Charles F. Lewis, Bureau of Plant Industry, USDA, Peltsville, Mr.; and George Harrison, director of research, Calcot, Ltd., Bakersfield, Calif.

The keynote address for the industry-wide meeting will be made by Walter Regney, vice president, Joanna Mills, Joann, S. C. Regney's subject is "A New Look at the Values Related to Cotton Fiber Qualities." Fortenberry will give the address of welcome.

Monday, Oct. 20 will see the initial meeting of the USDA's Cotton and Cottonseed Research and Marketing Advisory Committee. This group will hold a brief business session during the morning and devote the afternoon to a tour of Payment Farms at Aiken and the Lubbock Experiment Sta-

### South Plains

By Mrs. Murray Julian

Many families were away over the week end, sending church attendance to a new low level Sunday. Several were ill with the flu including Mr. and Mrs. H. S. Calahan Jr., Barry and Diane and Bruce Julian.

Mr. and Mrs. Bill Beedy went to Floydada Saturday afternoon at 2:30 to the First Baptist Church to attend the funeral of John Galloway, father of Mrs. Cotton Wilson, who passed away Thursday night.

Mr. and Mrs. Karl Craig went to Canyon for the Homecoming football game Saturday night at West Texas State College.

Mrs. Rene Yeary, Mrs. Lee Pearson, Mrs. Essley Yeary and Sue Wilson left Saturday morning for Perryton where they attended the Texas-Oklahoma Singing Convention held that day and Sunday. About 4000

were present for the 2-day singing.

Congratulations go to Mr. and Mrs. Elmo Fortenberry on the birth of their first child, a girl, born Thursday, October 9, at 1:00 p.m. in Lockney, weighing 6 pounds and 11, and named Rhonda Gail. Paternal grandparents here are Mr. and Mrs. Fred Fortenberry.

Mr. and Mrs. Sylvain Kinnibrugh, Beth and Marilyn spent Saturday and Sunday at Truscott with Mrs. J. R. Spivey and in Vera with Mr. and Mrs. J. A. Kinnibrugh.

Mr. and Mrs. O'Dell Mulder and Patricia of Albuquerque spent last week end with his brother and family, the Arby Mulders, Nathan and Kathy. They report a lot of rain in Albuquerque the past few weeks.

Mr. and Mrs. Frank McClure and Mr. and Mrs. George West left Saturday for Ruidoso, New Mexico, to stay until Tuesday.

### A LITTLE CHILD WILL LEAD THEM

Alan Kowalski, 4, of Warren, Michigan, has never been able to walk. But this gay little boy is heading an army, the hundreds of thousands of volunteers who will walk FOR him in the Thanksgiving MARCH FOR MUSCULAR DYSTROPHY. Funds raised in the annual November campaign support the extensive research program sponsored by Muscular Dystrophy Associations of America, Inc. Alan is MDA's 1958 National Poster Child.

They will attend the Annual Aspendace Saturday and Sunday.

Mr. and Mrs. John Wilson took his mother, Mrs. Ollie Wilson to Lubbock Monday through Thursday for treatment at a clinic. She is getting along fine now.

Mrs. John Gillespie, Mrs. Bryan Karr, Mrs. Murray Julian and Mrs. J. P. Taylor attended the Bible study class at Wayland in Plainview Tuesday night.

Mrs. Philip Smitherman was taken ill Wednesday and was in the Lockney Hospital until Friday when she went to Silvertown to the home of her parents, Mr. and Mrs. J. K. Bean, to stay a few days.

Mr. and Mrs. W. C. Johnston of Haskell and Mrs. Harrison Davis of Bakersfield, Calif., visited Friday with Mr. and Mrs. John Wilson.

Mrs. John Fortenberry of Cedar Hill had Sunday dinner with the Fred Fortenberrys and they all went to Lockney to see their new granddaughter, Rhonda, who is now at the home of maternal grandparents, Mr. and Mrs. Lewis Harrison, Lockney.

Mrs. Frank McClure, John Gillespie, Grigsby Milton, J. P. Taylor, Sylvain Kinnibrugh, Thos. Pierce and Mrs. Shelby Calahan went to Plainview early Wednesday morning to attend the WMU workshop at the First Baptist Church. Mrs. L. T. Wood is working during cotton season at the Morrison Gin and Mrs. Shelby Calahan

is taking her place as WMU president while she is away.

Mr. and Mrs. Ernest Smitherman and Larry had as guests Sunday his uncle, Mr. and Mrs. Homer Ford of Lubbock.

The Baptist WMU met at 2 o'clock Monday for a mission book report by Mrs. Gillespie. They will continue the book next Tuesday. Present were Mmes. H. S. Calahan Jr., Bryan Karr, Grigsby Milton, Shelby Calahan, Dock Jones, Sylvain Kinnibrugh, John Gillespie, Thos. Pierce, Sta. Reeves and guest, Mrs. Arby Mulder.

Mrs. Sterling Cummings entertained Monday afternoon, Oct. 13, for her daughter, Dee Earle, who celebrated her fifth birthday. Guests gathered at 2:30 for games including a hula hoop contest. Favors were small fish bowls complete with guppies and snails. Mrs. Cummings served birthday cake and strawberry sodas to the honoree Dee Earle, Paula, Zack Carter, Vicki Calahan, Jackie Gillespie, and Bryan Smitherman.

Home Demonstration Club members and guests met at the REA kitchen in Floydada Tuesday afternoon for a Mexican Cookery lesson where Mrs. Nancy Morekel and Mrs. John Smitherman showed how to mix, roll and bake tortillas. Enchiladas made of the tortillas, with chili, cheese and a crisp pastry with a sweet potato filling was served with a colorful salad, cokes, and pralines at the close of the demonstration. Hostesses from South Plains were Mrs. Jones Kinslow and Mrs. Arby Mulder. Mrs. Kinnibrugh presided at the business meeting and devotional was given by Mrs. Julian. Present were Mmes. Sylvain Kinnibrugh, Frank McClure, John Key West, Ernest Smitherman, Fred Fortenberry, Murray Julian, Bill Beedy, Horace Marble, Grigsby Milton, R. G. Dunlap, Early Pritchett, Mrs. Leighton Teeple, Mrs. Kenneth Bean, Mrs. Johnny West, and hostesses. The next meeting will be held in Floydada at the home of Mrs. John Smitherman

#### STATE FAIR

Billy Don Colston, Dougherty, Warren Mitchell, Neil Mitchell, Randy Laceywell, and David Mitchell are exhibiting barrows and a steer this week in Dallas. The boys went down Sunday and will return home Thursday and Saturday. This is a great experience for these boys because they meet some of the top showman in the state. The State Fair with its many exhibits is an education in itself.

#### DID YOU KNOW?

Did you know that 94 per cent of the gross farm income comes from field crops, cotton, grain, sorghum, and wheat, while about six per cent comes from livestock and livestock products? That the average size farm in Floyd County contains 321 acres. That there is an average of almost 1400 people for each doctor in the county? That the average value for land and farm buildings for each farm has increased from \$10,700 in 1940 to \$81,000 in 1954. These are some facts that you might be interested in and tend to show some of the changes that are occurring in agriculture.

#### ACREAGES

Floyd County has a Cotton acreage of 99,983 acres for 1957, and about 69,983 acres under irrigation, 103,000 acres of grain sorghum with 113,000 acres of wheat harvested in the spring of 1958. Soybeans acreage has increased from 5,000 acres in 1957 to 10,000 acres in 1958.

#### PROBLEMS?

Have you stopped to think of what some of our problems are in Floyd County?

Representatives of all communities, commodities and special interest groups in the county were invited to attend a meeting and discussed the problems of home economy, 4-H, and agriculture.

Do you agree with those who attended the meeting that controlling weeds and uninteresting parents in 4-H Club work are problems? These are just

October 22, at 1:30 p.m. when she will teach the art of flower making.

Mr. and Mrs. Garvin Beedy and children left Monday afternoon for Clovis, N. M., to attend the funeral of Garvin's aunt, the youngest sister of his mother, who passed away with encephalitis Saturday.

two of about 18 problems that were suggested. We hope that from this meeting enough interest can be aroused to form committees in agriculture, home economics, and 4-H to get together and discuss the problems, then suggest possible solutions and ways for us to work toward combating these problems. We extension agents feel that we can be of better service to you if we give you the opportunity to tell us what your problems are. Then we can better solve them by getting together and discussing solutions and selecting the best means.

# STATE CAPITAL Highlights AND Sidelights

by Vern Sanford  
TEXAS PRESS ASSOCIATION

**AUSTIN, TEX.** — More dust being stirred up over issues over candidates in the run-up to the General Election, Nov. 4.

Texas will vote on nine proposed amendments to the constitution. One of them, providing for annual sessions and salaries in the Legislature, is the subject of hot debate.

A condensed outline of the amendments and arguments being presented for and against follows: (Numbers correspond to the order in which amendments will appear on the ballot.)

1. Would provide for annual sessions of the Legislature. Odd-year sessions would be devoted to all matters, as before, and even-year sessions would attend to budgeting and emergency matters. Legislators would receive an annual salary of \$7,500 (instead of \$25 a day for a 120-day session) and an unspecified amount for "expenses of office."

PRO: Supporters say annual sessions will allow more time for consideration of important matters. State financial planning could be done for one year at a time. No more having to "guesstimate" financial needs for two years ahead. Better pay would be a step toward attracting the best qualified persons to lawmaking. Such influential and hard-working groups as the Texas Junior Chamber of Commerce are pushing this amendment.

CON: Equally outspoken are the opponents who say it would cause needless expense when money is already short. More time in session means more chances to spend money. Proposed salary still is not enough to attract top-notch talent but "expenses of office" could open the door to "fat-cats" with public funds. Sen. Dosey Hardeman of San Angelo is the recognized spokesman for the "antis" which include some other lawmakers and other groups.

2. Would allow counties to extend participation in their retirement, disability and death compensation plans to elective officials of the county and precinct. Present arrangement covers only appointive officials and employees of the county.

PRO: It is a permissive law. No county has to do it unless the voters say so. It would give elective officials the same privilege as appointees, be an attraction to office.

CON: It sets no requirement for length of service. An official might serve one term—or less—and receive benefits.

3. Would allow the County Commissioners Court to fill vacancies in the office of County Judge and Justices of the Peace only until the next general election. Presently such appointments are for the remainder of the unexpired term, up to four years.

PRO: It would give voters the right to choose their own replacement to office as soon as possible.

CON: Since campaigns are so costly, there would be less incentive to run for the office for only a two-year term.

4. Would provide for automatic resignation of a district, county and precinct official who announces for any other public office more than one year before the end of his term in office.

PRO: It would keep officials on the job rather than out campaigning for some other office.

CON: It would discriminate against district, county and precinct officials since other officials — U.S. senators, state senators, railroad commissioners and others with more than two-year terms — can run for another office in mid-term.

5. Would allow Home Rule cities to extend terms of their

elective and appointive officials from two years to four years.

PRO: It is permissive; each city can make its own decision. Two-year terms hardly allow an official time to get a program started before he has to get out and run again.

CON: Elections every two years give voters more control, build up citizen interest in government.

6. Would allow pensions, not to exceed \$80 a month, for retired Texas Rangers and widows of Rangers who retired before the 1947 State Employees Retirement System was established. Money would come from the Confederate Pension Fund.

PRO: Since funds are available, it would put no extra burden on taxpayers. Protective dating clause would prevent marrying for pensions.

CON: It would allow ex-Rangers to receive pensions for as little as two years' service and with no payments on their part, a more generous arrangement than is provided for other state employees.

7. Would allow Legislature to appropriate money for advertising the advantages of Texas in nationally-circulated publications. Use of the name or picture of any living state official would be prohibited, and public funds would have to be matched by private funds.

PRO: Texas is one of only three states without a state program to attract tourists and industry. Proponents say it would pay for itself many times by bringing new money into the state.

CON: This would be handled by the businesses who would benefit through their trade associations, chambers of commerce, etc.

8. Would allow the Legislature to appropriate money to pay for medical care for people who receive old age assistance, aid to the blind and aid to dependent children.

PRO: It would provide help for people whose small monthly checks cannot possibly cover medical emergencies. Since payments would be made only to the vendor (doctor, hospital or what not), the money could

be used only for its intended purpose.

CON: It would cost the state an estimated \$9,000,000 with no limit on how much it could drain from the Treasury. It would mean double taxation for cities and counties already providing medical care for their needy.

9. Would allow the Legislature to authorize creation of hospital districts in Amarillo, Wichita County and Jefferson County.

PRO: It is permissive. People in the affected areas could decide what they want to do with it.

CON: Proposed amendment is long (1,000 words), detailed and so complicated that few voters can ever understand it. If such provisions are needed, they should be made in statutes rather than by adding to our already long Constitution.

**ROUGH ROAD AHEAD** — Latest reports by the State Tax Study Commission list several possible new tax sources the Legislature could turn to for additional revenue.

They include (1) new selective sales taxes, (2) a general retail sales tax, (3) a personal income tax, (4) a "value-added" tax levied on difference

Bill Baker In Artillery Training

Fort Chaffee, Ark. (AHTNC). — Army Pvt. Billy K. Baker, whose wife, Barbara, lives at 1307 Fortieth, Lubbock, Tex., is receiving eight weeks of advanced artillery training at Fort Chaffee, Ark. The training is scheduled to be completed October 17.

Baker entered the Army in January 1958 and completed basic training at Fort Chaffee.

The 23-year-old soldier is a 1953 graduate of Floydada High School. He attended Texas Technological College. His parents, Mr. and Mrs. William O. Baker, live at Floydada.

**TO BAR MEETING**

Floydada attorney Richard F. Stovall will attend the Fall meeting of the Texas State Bar board of directors Friday and Saturday in Austin.

Stovall represents lawyers of the Nineteenth Congressional District on the board which governs the 13,000-member legal organization. Elected by lawyers, his three-year term as Bar director will expire in July, 1959.

Board Chairman Buster Cole of Bonham will preside over the two-day meeting at State Bar headquarters. The agenda includes a study of legislation the Bar will propose to the 56th Texas Legislature, convening in January.

**ATTEND LECTURESHIP**

Mrs. J. H. Widener, Mrs. Wilson Kermickel, Mrs. Hamilton Gammage and Mrs. Lloyd Wofford attended the lectureship at Lubbock Coliseum for Lubbock Christian College Monday evening of last week. Mrs. Wofford and Mrs. Austin Meriwether returned Tuesday afternoon and attended a tea.

## SHARINNE STRICKLAND WEDS IN PENNSYLVANIA

Mr. and Mrs. W. C. Strickland, Plainview, former Lockney residents, announce the marriage of their daughter, Sharinne, to James R. McGregor, son of Mr. and Mrs. R. A. McGregor, 271 Cascade Rd., Pittsburgh, Pennsylvania.

The double ring ceremony took place Saturday evening, August 30, at 7 o'clock in the chapel of the Second Presbyterian Church, Pittsburgh with Dr. Vernon Martin, pastor, officiating.

The altar was banked with fern and flanked on either side by tall baskets of white chrysanthemums and tapered cathedral candelabra holding white candles.

"The Lord's Prayer" was included in the organ prelude along with traditional wedding music.

Given in marriage by her father, the bride wore a gown of white Peau de Soie taffeta designed in princess lines and topped with a white scalloped lace jacket embroidered with seed pearls and iridescent sequins. The sleeves were elbow length finished with a bow. Her finger-tip veil of silk illusion fell from a tiara of pearls and rhinestones. Short gloves and white satin shoes completed her costume. Her only jewelry was a pearl necklace and matching earrings. She carried a cascade of pure white lilies showered with bridal satin ribbon.

Miss Irene Boettge of West Chester, New York, was maid of honor. She wore an emerald green taffeta dress with a green illusion headdress similar to that of the bride. Her gloves and shoes were green and she carried a cascade of yellow spider mums showered with yellow satin ribbon.

Jack E. McGregor served his brother as best man.

Ushers were Charles Larson, Pittsburgh, and De Juan Strickland, brother of the bride.

Mrs. Strickland chose for her daughter's wedding a violet colored lace dress with which she wore a full length cape de-

signed of orchid tulle trimmed with lace and matching accessories. Her corsage was an orchid.

Mrs. McGregor, mother of the bridegroom, wore a dress fashioned of powder blue organza with blue satin trim and blue accessories. She wore an orchid corsage.

**Reception**  
Following the ceremony a reception was held at the home of the bridegroom's parents. The refreshments were served on the beautiful, dimly lighted lawn of the home which rests at the foot of an evergreen covered mountain. Accenting the bride's table was a three-tiered wedding cake iced in white and topped with a miniature bride and groom. Silver beading and rosebuds also adorned the cake. Miss Jan McGregor, sister of the bridegroom, secured names for the bride's book.

After a wedding trip to Bedford Springs Resort and Washington, D. C., the couple is at home at 271 Cascade Rd., Pittsburgh 21, Pennsylvania, until their new three-bedroom home is completed in the Woodland area of the city. For traveling the bride wore a brown suit with tangerine accessories and an orchid corsage.

The bride attended Lockney Public Schools, Wayland College, Plainview; and is a graduate of Southwestern Bible Institute and Texas Technological College, Lubbock. Her husband is an alumnus of Washington and Jefferson College and University of Pittsburgh School of Law. He is presently connected with the Ginn Company of New York and Boston. Sharinne is employed as secretary to the librarian of Pittsburgh University where she is also attending classes.

### CARD OF THANKS

I wish to express my thanks to my friends and neighbors for the cards, food and other remembrances during my recent illness. Thanks to everyone.

## Gift Coffee Honors Recent Bride

A gift coffee given in the T. B. Mitchell home Monday morning complimented Mrs. Mickey Gilbreath, the former Charlene Messimer. Guests called between the hours of 9 and 11 o'clock.

Mrs. Mitchell received the guests and presented them to the honoree, her mother, Mrs. Frank Messimer, and Mrs. Sam Gilbreath, Plainview, mother of the bridegroom.

Mrs. Clarence Messimer registered the guests in an attractive pink book accented with a white bow. Approximately 75 registered or sent gifts.

The refreshment table was laid with pink linen and centered with an arrangement of variegated pink dahlias and white baby breath. Coffee was served from a silver service. Other appointments were in hand painted china. Presiding at the table were Mrs. Gene Handley and Mrs. Larry McCormick.

Mrs. Joe Parrish presided in the gift room.

Hostesses were Meses. F. M. Smith, Lula Woodburn, Chester Mitchell, George Myers, J. H. Cooper, Hilburn Casey, Harmon Handley, Luther Fowler, B. B. Vernon, R. V. peak.

Easier steering and the inclusion of a second, shock-resistant universal joint. A radiator increased in cooling area. A simplified, more productive electrical system.

In addition to a bold, fresh design, Chevrolet bodies for 1959 excel in comfort and structural unity. An impressive increase in passenger room is exemplified by almost five inches more width in the five and one-half ft. front seat. With 20 per cent greater capacity, the trunk has been in- creased up to 32 cubic feet. Still another example of general commodiousness can be found in station wagons. The cargo space has been lengthened to almost eight feet.

The Impala line, which won wide acclaim in 1958, has been broadened to include a new 4-door sedan and a 4-door hardtop, in addition to the sport coupe and the convertible.

The Bel Air series is offered in 2- and 4-door sedans.

The Biscayne series, offered in 2- and 4-door sedans and a utility sedan, takes over the lowest price niche formerly occupied by the Delray, now discontinued.

The station wagon series includes 2- and 4-door Brookwoods, a new 4-door Parkwood, a 9-passenger Kingswood and the sumptuous 4-door Nomad. The third seat in the 9-passenger Kingswood faces the rear and may be folded flush with the floor.

All the station wagons feature a rear window which lowers into the tailgate. Also of interest, when the tailgate is open the cargo area in all station wagons is extended to 10 feet.

### RECIPE FOR A CLEAN GAS OVEN

If your gas oven is greasy and spotted after a big baking session, let it cool off and then give it this treatment. Mix one cup of household ammonia with three quarts of boiling water and set in the oven for three hours. Remove the ammonia mixture and wash off racks, walls and oven door with soap and warm water. The oven bottom and racks can be taken to the kitchen sink if you prefer. The grease and spots come off like magic when pre- treated with the ammonia-water mixture.

## 1958 CROP OF HIGH PLAINS COTTON IS BEST RECORDED

Lubbock — The U. S. Department of Agriculture's cotton quality report for ginnings through Sept. 30, 1958, shows the character and staple of cotton produced in District 1 — The High Plains area — the best ever recorded. George W. Pfeiffenberger, executive vice president of the Plains Cotton Growers, Inc., said.

Pfeiffenberger explained that the PCG is cooperating with the USDA in furnishing micronaire and tensile strength data for the quality reports. Statistically District 1 of Texas showed 90.8 per cent white cotton ginned with only 8.9 light spotted cotton, 0.1 per cent spotted cotton and 0.2 per cent all other grades.

In staple length 67.3 per cent of the cotton ginned was one inch and longer while only 2.1 per cent was below 15-16 of an inch. The grade index was 99.6 (Middling white equals 100) while the average staple length was above an inch at 32.3-32nds of an inch.

In the micronaire statistics only 3.1 per cent of the crop is below 3.5 while 96.9 per cent falls in the range of 3.5 to 5.9. The majority of the crop fell in the 4.0 to 5.0 range.

In Pressley test the cotton tested showed only 8.1 per cent below 70,000 pounds per square inch and 91.6 per cent 70,000 to 100,000 pounds per square inch. The majority of the cotton tested fell in the 75,000 to 85,000 pounds per square inch range.

Pfeiffenberger said this early cotton quality report is much better than the early 1957 report and even better than in the good quality year of 1956. Present conditions on the Texas High Plains point toward even more of this high character cotton now being ginned since warm dry weather the past two weeks has enabled farmers to kick off harvest operations on a large scale.

The statistics above were compiled from ginnings that approximated 100,000 bales off a 1,870,000-bale crop estimated for the 23-county area. Peak harvest is expected this month or early in November when stripper operations begin. The majority of early harvested cotton thus far has been hand snapped.

Statistics on the Cotton Quality Report will be tabulated approximately every 15 days.

### OVEN MENU

Here is an oven dinner that needs no last minute attention. All the foods can be baked at 350 degrees in the oven for one hour or less. Ham loaf, baked sweet potatoes, mixed vegetables au gratin, prune bread and lemon soufflé.

### Cotton Producers Advised To Watch Seed Situation

College Station — A continuation of the unfavorable weather could mean trouble so far as saving high quality planting seed from this year's cotton crop is concerned, warns Fred C. Elliott, extension cotton specialist.

In some sections, he says, cotton harvesting conditions are even worse than those of a year ago. Excessive moisture, cotton root rot and angular leaf spot diseases are contributing to lower quality seed from some areas. An early frost, he adds, could further complicate the situation. Continued high moisture in the field is a cause for high free fatty acid content in the seed and this lowers germination. Good weather, however, could change the picture and seed from even late plantings would be of good quality, he says.

Elliott advises that sufficient quantities of good quality seed of known varieties be saved and carefully stored. A continuing check of seed in storage is suggested. This is one of those seasons, he points out, when even seed with a low moisture content cannot be stored and their keeping quality forgotten until next spring.

Here are Elliott's suggestions for handling the seed situation. Check seed closely by cutting a sample with a knife before storing; store only seed with high germination (80 per cent

is very good) and low free fatty acid content; save seed for bulk storage containing less than 12 per cent moisture unless good facilities for drying and cooling are available; small quantities of seed should be turned and sacked and large quantities for bulk storage should be cured by pulling air through them with a fan and duct system.

USDA research shows that a moisture content of 13.6 per cent is the critical point beyond which storage may quickly become disastrous, says Elliott. The moisture content in all stored seed, if possible, should be brought down to 10 or 11 per cent. Air should be pulled through the seed only during daylight hours and in fair weather with the hours between 10 a.m. and 4 p.m. as the preferred period.

Local county agents should be contacted for more detailed information, suggests Elliott.

In 1957, makers of automotive parts and accessories increased their advertising in newspapers by 141 per cent over the previous year.

## Disabled Child May Get Benefits

Even though a child is over 18 years of age, he or she may be entitled to benefits as a disabled child, according to John G. Hutton, district manager of the Lubbock social security office. A child's benefit under the old-age and survivors insurance program is usually terminated by the attainment of age 18.

Mr. Hutton offered the explanation that a disabled child may receive child's insurance benefits regardless of age if certain conditions are met. To receive monthly benefits as a disabled child, it would be necessary that the parent upon whose wage record the claim would be based, have an insured status under the social security law. The child's disability must have occurred prior to the time the child has reached age 18, according to the local office. The disability must be of such severity as to prevent the child from engaging in gainful activity, have lasted

for six months or more and be medically determinable. This physical or mental condition must be of an indefinite or long-term duration. The child must be unmarried at the time of application, and be the child of a person currently receiving social security old-age benefits or of a parent who died after 1939 insured under the law.

Mr. Hutton suggests that tact be made at the local social security office for further information or for help in filing a claim by or on behalf of a disabled child.

In 1922, several makes of cars introduced gasoline gauges on their instrument panels.

### Providence

By Mrs. Wilfred Stoerner

Many farmers have finished maize harvest and are trying to get their cotton pulled. Many pullers are needed in this area.

Mr. and Mrs. Ben Brandes attended the funeral of Charlie Clements of Plainview Monday afternoon.

Dinner guests Sunday in the home of Mr. and Mrs. E. M. Quebe and son were Mr. and Mrs. J. M. McNeill and daughter of Floydada, and Mrs. Ben Quebe.

Mrs. Charlie Boedecker and son are visiting Mrs. Dean of Dallas.

Mr. and Mrs. Otto H. Stoll of Taylor are visitors in the home of Mr. and Mrs. Sam Newman and Miss Helen Newman.

Word has been received that Louis Anderson, father of Rev.

Anderson of Seguin has shown improvement in his condition. Miss Estelle Pargmann and Miss Carol Roberts of Texas Lutheran College came home over the week end. She visited her parents, Mr. and Mrs. Albert Sammann.

Mr. and Mrs. F. M. Neill of Lockney visited Mr. and Mrs. Ted Boedecker Sunday and accompanied them to church Sunday night.

Mr. and Mrs. Wilfred Stoerner and family visited Mr. and Mrs. Clarence Rogers and family in Plainview Monday night. The occasion being Mrs. Rogers birthday.

Trinity Lutheran Church A. K. Windecker, Pastor Sunday School attendance Oct. 12, 107; Divine Worship, 150; Sunday evening for Bible study and family night, 100.

At the worship hour Sunday Miss Barbara Sammann of Texas Lutheran College gave an inspirational report of International Luther League Convention held recently at Utica, New York.

A special farewell was given Ervie Boedecker who will enter the military service Tuesday. The Luther League and choir presented Ervie with a personal gift. Miss Gladys Matthews pinned the star on the service flag which represents all men of service since World War II.

Larry Boedecker and Elbert Sammann showed colored slides taken at the International Luther League convention. Miss Janice Boedecker was narrator for the pictures.

The Mary Martha Circle served cake, cokes and coffee to those present. We were especially glad to see T. H. Boedecker able to be in Church and Sunday School Sunday. He has been quite ill. Mrs. B. F. Sammann Sr. who was injured in a fall at her home was able to be in church Sunday also.

Next Sunday is Mission Festival and each lady is asked to bring her Tionkoffering boxes. Dinner will be served at noon.

The Mary Martha Circle met Wednesday evening at the home of Mrs. E. M. Quebe. The meeting opened with singing "O Zion Haste", followed by scripture reading and prayer by Mrs. E. M. Quebe. Mrs. Melvin Kelm had the topic of "Missions in Ethiopia". Mrs. A. K. Windecker gave the Bible study and Mrs. Richard Matthews gave emphasis on life memberships, telling the progress made in missions in Mexico.

Plans were made for family night at church. The Mary Martha circle will be in charge

#### Provisions Of New Humane Slaughter Legislation Given

College Station — Agencies of the Federal Government will be prohibited from procuring any livestock products from plants which slaughter or handle livestock by any methods other than those classified as humane by the Secretary of Agriculture after June 30, 1960. Humane methods are those making the animal insensible to pain by a single blow, gunshot, or electrical, chemical or other means of shock, explains Roy Snyder, extension meats specialist. The Jewish faith requires a special procedure which falls within the specification of the new law.

A number of systems are now in use involving the use of carbon dioxide for immobilizing hogs, points out Snyder. For cattle, the firearms people have developed what is called a "captive bolt" gun. This is a special-type gun which shoots a bolt-like object instead of a bullet, thus rendering a hammer-like blow.

Secretary of Agriculture Ezra T. Benson is in the process of setting up a national committee for developing slaughter procedures which are authorized and specified by the legislation.

Newspapers are keeping modern. In 1957, over \$87,000,000 was invested by newspapers to improve plants, equipment and product.

Last year, gasoline and oil advertisers invested over \$30,000,000 in newspaper advertising.

### Sand Hill News

By Mrs. James Jeffress

Showers Monday afternoon stopped all harvest. Not enough moisture to do any good but enough to stop machines.

Did you ever have your trailer try to beat you to town? No serious accidents have occurred this year yet but watch those trailer yins. James Jeffress' trailer pin broke while pulling a load of grain Thursday, rammed the pickup, then took off across Hop Roberson's grain patch. It didn't turn over but broke the tongue out. Just think what could have happened if a car had been in the right place when the trailer came loose. So watch those trailers.

The Brotherhood of Sand Hill Baptist Church did it again. They went to Ralls Thursday night and bought back the banner. The new president, Ed Noel, was proud that so many of his members took time out to attend this district meeting. Attending were Dale Stringer, James Jeffress, J. M. Williams, Grover Coffee, Ed Noel, Bill Rowland, Calvin G. Stin, Stinson Stringer, Olen Baird and Hollis McLain.

Those attending the W.M.U. workshop in Plainview Wednesday included Mmes. Ed Noel, M. B. Swanner, Bill Rowland, Tom Thomas, J. T. Rowan, Olen Baird and James Jeffress, who came back feeling if we could do just a little of what we learned, we should have a good W.M.U.

Mrs. Ed Noel enjoyed a trip to Lubbock with her sister from Matador Thursday.

Mr. and Mrs. W. R. Billington, Mr. and Mrs. Jim Holmes attended a birthday dinner for Mrs. Billington's father, Mr. Glenn in Plainview Sunday. He was celebrating his eighty-fifth birthday.

Mr. and Mrs. Lynn Miller and family enjoyed a week end trip to Dallas where they visited her brother, Mr. and Mrs. Gene Corder and family, who have recently completed a new home there. The Millers also enjoyed the Dallas Fair one day.

Mrs. H. F. Jackson spent some of last week in Plainview with her mother-in-law who have been very ill but is reported as some better.

G.A.'s met Monday night at the parsonage with Mrs. Bill Rowland. Mary Starkey was hostess. Present were Mary Starkey, Kathy, Linda and Maurine Rowland.

Rev. and Mrs. Bill Rowland attended Workers Conference at Silvertown Tuesday.

A Clipper Flight to the Philippines was the topic of the program presented Tuesday morning at 9 a.m. at the church by the W.M.U. This was the Royal Service program and was enjoyed by all present.

#### EPICUREAN POACHED EGGS

Chicken broth, milk, tomato juice, cream, wine, meat stock, consomme and thin soup may be used for poaching eggs in place of water. Allow 1 quart of liquid for 4 eggs. Bring the liquid to a fast boil over a high flame. Drop the eggs into the bubbling liquid and turn the flame to simmer. Cover the sauce pan and cook the eggs 3 to 5 minutes or until the whites are firm. Use a perforated ladle or spoon for removing the eggs, and trim off ragged edges. The poaching liquid may be thickened with a little cornstarch or flour and served over the eggs.

Dear Editor:

I see where a couple of teen-age girls were used as security here the other day until their marquisse mamma could pay what she owed to some British business men.

My evershort neighbor says he hopes this is a sign the creditor class is ready to expand their business and make loans on security which even a poor man can furnish.

Says he could give his banker a heap more trade if good healthy kids get to be collateral for loans, since he has already borrowed the limit on his other treasures including his bird dog and his motorboat.

#### OFF-BEAT SANDWICH

Scop out the soft centers of hamburger buns and stuff with the following filling: 1 cup finely chopped corned beef, 1 cup grated American cheese, 4 cup minced scallion and 1 tablespoon finely chopped green pepper. Use mayonnaise or sour cream to bind the ingredients together and season with salt and pepper. Fill the buns and drop individually in wax paper or foil. Heat for about 20 minutes in an oven set at 325 degrees. Serve the sandwiches piping hot with potato chips and a crisp salad. Yield: 8 sandwiches. P. S. These buns may be frozen. Add an extra 10 minutes to the heating time.

# LONGHORNS BEATEN BY SLATON

Longhorn touchdown scampers within three minutes of the second half kickoff gave the Slaton Tigers a 12-8 victory which Lockney's Longhorns could never overcome in a rugged contest at Slaton Friday evening. The Longhorns capitalized on a break late in the game to get points and the tussle ended with Slaton leading 12-8. Some 800-900 fans viewed the game.

Two teams — in their last game before opening the season — battled to a 0-0 deadlock in the first half. The first play following intermission Tiger fullback Limmer broke through the line and raced 49 yards to the touchdown.

Linked to the Longhorns for three downs, the Longhorns to the first play following the punt, speedy right halfback Adamek broke loose from 43 yards out and failed to cross the 100-yard line for two points on the touchdown.

Longhorn end Milton blocked on a loose ball on the 17 with about five minutes remaining in the contest. The play later quartered. Race drove two yards to the red tally. Race carried for the extra two points.

Leading linemen were Eugene Griffith, guard and tackle Ricky Duvall, and Slaton's Wayne Banks.

Lockney's district last year and Limmer gained 262 yards on the field. Race, alternating back and quarterback, carried most of Lockney's yardage.

Lockney, from District 2-AA, and Slaton, from District 3-AA, had identical records of two wins and four losses. Both are better than their opponents indicate.

**How the Game:** Lockney won the coin toss and elected to receive. They grabbed the ball on the first play and returned to Lockney's halfback Terry Clark gained 49 yards. Race lost 1 yard. Race carried to the home team's 34.

Now... all America sees the one that's truly new!

Like all '59 Chevs, the Impala Sport Sedan has Safety Plate Glass all around.

what America wants, America gets in a Chevy!

## '59 CHEVROLET

It's shaped to the new American taste with a lean, clean silhouette, crisp new contours, beautifully restrained accents. It brings you more spaciousness and comfort with a new Body by Fisher. It has a bright new sheen—a new kind of finish that keeps its luster without waxing for up to three years. New bigger brakes. Vast new areas of visibility. New Hi-Thrift 6. New handling ease and road steadiness. It's new right down to the tires!

Never before has an automobile manufacturer made such sweeping changes two years in a row. And never before has any car been new like this one.

The 1959 Chevrolet is more than a restyled car—more, even, than a completely new car. It's your kind of car. Shaped to reward your new taste in style with a fresh Slimline design that brings entirely new poise and proportion to automobile styling. Inside the new and room-

ier Body by Fisher you'll find truly tasteful elegance. And you'll have clear seeing from every seat. The new Vista-Panoramic windshield curves overhead—and there are new bigger windows, too.

When you take the wheel, you find Chevy's newness goes down deep. A new steering ratio makes handling easier. New suspension engineering gives you a more stable ride. There's a sweet new edition of Turboglide\*. A new Hi-Thrift 6 that

goes and goes on a gallon. Vim-packed V8's. New and bigger brakes. Even tougher, safer Tyrex cord tires.

There's still more! A new finish that keeps its shine without waxing or polishing for up to three years. New Impala models. New wagons—including one with a rear-facing rear seat. And, with all that's new, you'll find those fine Chevrolet virtues of economy and practicality. Stop in now and see the '59 Chevrolet. \*Extra-cost option

### Adventures in ADVERTISING

Advertising doesn't jerk... IT PULLS

"If there is one enterprise on earth that the quitter should let alone, it is advertising. Advertising does not jerk — it pulls. It begins gently at first, but the pull is steady. It increases day by day, year after year, until it exerts an irresistible power."
