## Longhorns In Crucial Tilt At Olton Friday

A rugged team which relies primarily on a single wing offense faces the Longhorns Friday evening when they journey to Olton for a crucial battle with the Mustangs. Lockney must win to maintain their District 2-AA lead.

Olton, like Lockney, has a good team, but does not sport an outstanding record due to losing several close games on a tough schedule. Tied with Abernathy for third place in the District 2-AA standings, Olton dropped a 13-12 decision to Muleshoe in their first conference tilt. The Mustangs bounced back last week to trounce Morton. Olton topped Muleshoe in all statistics except the score.

Prior to district competition Olton downed Petersburg and Hale Center. They were beaten by Floydada, Littlefield, Hereford, Dimmitt. The Longhorns, who will carry a three won, four lost record into the contest, were also stopped by Floydada and Dimmitt but won over Hale Center.

Olton likes to pass the ball from their single wing formation. With fullback Arno Hall leading the way, the Mustangs can also move the ball on the ground. They have a fine backfield led by Hall and wingback Royce Bodkin.

The Mustangs have three regulars and seven lettermen back from last year's squad. They have several younger boys in the lineup and the team is improving with every game.

The 2-AA race was thrown into a scramble when the Longhorns upset the Abernathy Antelopes last Friday. The Antelopes were heavy favorites to end the season with the district championship. Now the conference has four teams fighting for the title — Lockney, Olton, Muleshoe, Abernathy.

The Longhorns will be without the services of standout guard Byron Brock for the remainder of the season. Brock, a senior who has twice been selected all-district, injured a knee in practice last week and missed the Abernathy game. The offensive guard-defensive end has been a Longhorn star for three years and will be greatly missed in the lineup.

Local coaches praised the entire team's performance against Abernathy. The staff said every boy played an outstanding game but singled out center Duane Griffith, fullback Bill Race and halfback Terry Clark as showing up especially well. Race was selected "Back of the Week" by the Lubbock Avalanche-Journal.

Probable starting lineup for the Longhorns includes:

LE	David Roberson	165
LT	Ricky Duvall	185
LG	Ronnie Harris	145
C	Duane Griffith	180
RG	Dan Smith	187
RT	Stephen Handley	190
RE	Oyama Buchanan	160
QB	Bill Mangold	145
LHB	Ronnie Thornton	145
RHB	Terry Clark	155
FB	Bill Race	180

## Quarterback Club Sees Game Film

The Lockney Quarterback Club, in a meeting Tuesday evening at Golden's Cafe, saw a film of the Lockney-Abernathy game. Some 40 men and boys were present for the meeting.

President Joe Handley presided and called on Coach Elvin Lyon for a talk on the game. Lyon expressed his pleasure at the way the boys played against Abernathy, and discussed several plays in the game as the film was shown.

Treasurer Bob Miller reported a need for more funds and the members present donated a total of \$70.05 to take care of additional expenses.

The Club will have one more meeting this year, that on Tuesday night after the game with Muleshoe on the local field.

## Cub Scouts To Meet Nov. 6th

All Lockney Cub Scouts and their parents are urged to attend a pack meeting Thursday, November 6, at the grade school cafeteria. Buck Latimer, cub master, said that refreshments would be served. Some Cub Scouts will receive badges.

## Pinner Showing Some Improvement

Mr. and Mrs. Joe Pinner and Jim Pinner, all injured painfully in an auto accident Saturday night, are showing some improvement in the Plainview Hospital where they are under treatment. Wayne Bybee, also of Lockney, died of injuries in the accident.

Jim was doing fine Wednesday. He suffered a shattered left arm at the wrist and a bad gash over his right eye, in addition to multiple cuts and bruises.

Mr. and Mrs. Joe Pinner were suffering with severe headaches Wednesday and were receiving special treatment. Joe has a number of broken ribs and a head injury. Mrs. Pinner suffered a broken jaw, broken nose and chest injuries. They both were cut and bruised badly.

## Mitchell Will Speak At Nat'l Breeder Meet

R. C. Mitchell, Lockney farmer and Chester White swine breeder, has accepted an invitation to be the guest speaker at the annual meeting and banquet of the Chester White Swine Record Association in Chicago on the evening of December 1st. The invitation to speak at the national meeting is considered an outstanding honor and comes from recognition Mitchell has gained by his outstanding work in swine breeding.

The meeting will be held at the Hamilton Hotel during the week of the International Livestock Show. Marvin Garner, executive secretary of the Chester White Association, extended the invitation to speak. Home offices are in Rochester, Indiana. Present for the annual meeting will be officers and directors of the association as well as members from all over the United States. Mrs. Mitchell will accompany him to Chicago.

Mr. Mitchell has been field man for the Chester White Association in Texas and the Southwest for several years. He has won numerous prizes in show competition with his Chester Whites.

## Band Boosters, PTA Hallowe'en Carnival Set For Sat. Night

A Hallowe'en Carnival will be held at Lockney Junior High on Saturday night, Nov. 1 by Lockney Band Boosters and the Parent-Teacher Association. Supper will be served in a cafeteria beginning at 6:00 o'clock. The public is urged to bring the children, eat supper and attend the various entertainments planned for the evening.

Among the events to take place will be movies, style show by men, polaroid camera snap shots, fishing pond, fortune telling, country store, auction sale, various fun booths and concessions. A full evening of activities will be found for every member of the family.

Mrs. F. O. Schacht will be in charge of the food concession which will offer hot dogs, hamburgers, French fries, chili beans, homemade cakes and pies, coffee and cold drinks.

Plans for the carnival were completed at the regular meeting of the Band Boosters Club Tuesday night at the High School Cafeteria with Maurice Jones, Floydada Band Director, as guest speaker. Mr. Jones gave some useful points on the policies and organization of a band.

Mrs. John Carthel, treasurer, reported the membership drive has netted \$222.00.

Refreshments of pie and coffee were served.

## Two Alarms Call Fire Trucks

Members of the Lockney Volunteer Fire Department have answered two alarms the past week. Last Friday night a trailer load of cotton was destroyed on a local gin yard and the trailer was damaged. On Tuesday night of this week, a truck driver turned in an alarm believing that cotton seed on his truck was afire but the blaze was quickly extinguished and did no damage.

GO TO CHURCH SUNDAY.

## Wayne H. Bybee Dies Sunday Of Wreck Injuries

Wayne H. Bybee, 36, Lockney farmer and custom farm operator, died about 5:30 a.m. Sunday of injuries received in an auto-pickup truck collision which occurred Saturday evening about 9:15, two miles east of Plainview on Highway 70. Bybee passed away in the Plainview Hospital where he and three others injured in the accident were receiving treatment.

Bybee's death resulted from severe head and chest injuries, physicians said.

Injured seriously but not critically were Mr. and Mrs. Joe Pinner and Jim Pinner, all of Lockney.

Bybee was apparently returning to his home in Lockney in his pickup after attending a District 19 American Legion convention in Plainview Saturday evening. The Pinner were traveling west enroute to Plainview when the two vehicles collided in the north lane of the highway, investigating officers reported. He was riding alone.

Bybee was still in the cab and the pickup was lying on its side when the ambulance arrived, representatives of the Henderson Ambulance Service of Plainview told The Beacon. However he was not pinned in the cab, ambulance attendants said. Jim Pinner was thrown from the passenger car onto the pavement.

Funeral services for Wayne were held at the First Methodist Church here Tuesday at 2 p.m. Officiating were Rev. N. S. Daniel, Methodist pastor of Phillips, and Rev. E. Lee Stanford, local pastor.

A full military service was held at the graveside by The Plainview American Legion Post and Wilson Brothers Post of the Veterans of Foreign Wars. Chaplain Wilfred Stoerner of the Legion Post was in charge. Members of the Lockney American Legion Post were active and honorary pallbearers.

Burial was in Lockney Cemetery with Carter Funeral Home in charge of arrangements. Wayne was born January 17, 1922, at Lockney and had made his home here all of his life except for time spent in service during World War II and brief periods when he was working elsewhere. He attended schools at South Plains, Sterley and graduated from Lockney High School with the class of 1940. He was a star of the District champion Longhorn football team of 1939.

He was married to June Thornton on June 21, 1942, at Floydada.

Wayne entered the Army in June of 1943 and served with the infantry in the Pacific Theatre, mostly in the Philippine Islands. He received several medals.

Wayne was very active in veteran organizations. He was a member and past commander of the Lockney American Legion Post, was presently serving as vice-commander of the 19th district American Legion and was junior vice-commander.

## UNICEF Benefit "Trick Or Treat" Changed To Sunday

Young People of the local churches who plan to take part in the "Trick Or Treat" benefit for underprivileged children will meet at the Methodist Church Sunday night immediately after church and begin their calls at 8:30. The time of the event was changed from Wednesday night of this week to Sunday night because of nine-weeks tests at school.

To identify the workers of UNICEF the young people will wear tags and carry milk cartons for the donations. Citizens of the town are urged to turn on the porch lights and be generous with their donations.

Five cents buys enough penicillin to cure a child of yaws, one cent buys enough vaccine to inoculate one child against TB or buy five glasses of milk for an undernourished child.

When the drive is completed the youth will return to the Methodist Church for refreshments, according to Mrs. Don Hatch, who is in charge of the activity.

Burnett B. Roberts  
Rotary District Governor

## Rotary District Governor Will Visit Here

Burnett B. Roberts of Levelland, governor of the 573rd district of Rotary International, will make his annual official visit to the Lockney Rotary Club Thursday and Friday of this week.

On Thursday night Governor Roberts will confer with President Wilson Kermickel, Secretary Henry Ford Jr. and committee chairmen in a special meeting at Golden's Cafe, starting at 7:30. Dinner will be served to those who wish to eat here.

On the same evening Rotary-annexes of the local club will hold a reception for Mrs. Roberts, wife of the district governor, at the grade school cafeteria. Dinner will be served and games of bridge, canasta and "42" will follow.

Governor Roberts will address the club at the regular noon meeting on Friday in the Methodist Church basement. His official visit here is one of 43 he will make this year to clubs in the top 59 counties in Northwest Texas.

Roberts was elected as district governor of Rotary International for the 1958-59 fiscal year at Rotary's 49th annual convention in Dallas, last June. He is one of 258 district governors supervising the activities of more than 9,800 Rotary clubs which have a membership of 462,500 business and professional executives in 110 countries and geographical regions throughout the world. Where ever Rotary clubs are located, President Kermickel asserted in discussing the governor's visit, their activities are similar to those of the Rotary Club of Lockney because they are based on the same general objectives — developing better understanding and fellowship among business and professional men, promoting community-betterment undertakings, raising the standards of business and professions and fostering the advancement of good will, understanding and peace among all the peoples of the world.

## Ted Carthel Buys Floydada Implement Firm

Ted Carthel of Lockney has purchased the S. J. Latta Implement Co. in Floydada and will take charge of the business Saturday of this week, November 1. Ted is a June graduate of Texas Technological College with a BS in agronomy and has been farming since with his father, Hershel Carthel, in this community.

The firm is dealer for Minneapolis-Moline farm implements and Ted has announced that they will continue to carry a full line of implements and offer the same fine service to which patrons of the firm are accustomed. He will devote most of his time to the business but will still do some farming in Swisher County.

Mr. Latta has operated the implement company for a number of years. It will continue in the same location, at 211 East Missouri Street in Floydada. Mr. and Mrs. Carthel and baby daughter will make their home here.

Garnado Compas, age 63, died at the Lockney General Hospital about 2 a.m. last Friday after becoming seriously ill the previous day. He was employed as a harvest laborer on the L. L. Scott farm in Aiken community.

The man is survived by five daughters and three sons. The body was sent to Austin for funeral services and burial by Carter Funeral Home of Lockney.

## Harvest Laborer Dies Friday

Garnado Compas, age 63, died at the Lockney General Hospital about 2 a.m. last Friday after becoming seriously ill the previous day. He was employed as a harvest laborer on the L. L. Scott farm in Aiken community.

The man is survived by five daughters and three sons. The body was sent to Austin for funeral services and burial by Carter Funeral Home of Lockney.

## Constitutional Amendments Draw Most Interest In General Election

The nine proposed constitutional amendments will draw more interest than the candidates on the ballot in the general election set for Tuesday of next week, November 4th. However, interest in the election is not expected to be very high and a light vote is predicted by election officials.

The big ballot carries five columns with the Democratic column presenting a full slate of nominees from governor to commissioner. The Republican column presents only four candidates as follows: Edwin S. Mayer for Governor, Roy Whittenburg for United States Senator, Grover C. Carothers for Commissioner of Agriculture and John Q. Adams for place 1, Supreme Court. The Constitution Party has nine candidates listed on the ballot including these: Philip Lee Eubank for Lieutenant Governor, Muckleroy McDonald for Attorney General, Bard A. Logan for United States Senator, H. W. Vogan for Commissioner of Agriculture, W. C. Miller for Land Commissioner, Bert Ellis for Treasurer of the State of Texas, Howard Bumbaugh for Railroad Commissioner, R. Glenn Florence for Comptroller of Public Accounts and Ruben R. Lozano for Judge, Court of Criminal Appeals.

The Independent column carries no candidates and a write-in column is also provided at the extreme right-hand side of the ballot.

The election will be held in West Lockney in the Methodist Church basement with Henry Schacht as presiding judge. In East Lockney voting will take place at the city auditorium with J. D. Copeland as election judge.

Other voting places and judges in this part of the county are:

- Sandhill, school house, T. C. Hellums.
- Providence, school house, Wyatt McLaughlin.
- Lone Star, school house, H. E. Frizzell.
- South Plains, school house, E. P. Smitherman.
- Cedar Hill, T. F. Love garage, Jack Stansell.
- Harmony, community house, Zant Scott.
- Sterley, school house, Bert Bobbitt.

Polls will be open at 8 a.m. and close at 7 p.m. Two changes have recently been made in presiding judges in this county. In Precinct 1, Southwest Floydada, Dale Goen has been appointed presiding judge replacing C. W. Giesecke.

## Ted Carthel Buys Floydada Implement Firm

Ted Carthel of Lockney has purchased the S. J. Latta Implement Co. in Floydada and will take charge of the business Saturday of this week, November 1. Ted is a June graduate of Texas Technological College with a BS in agronomy and has been farming since with his father, Hershel Carthel, in this community.

The firm is dealer for Minneapolis-Moline farm implements and Ted has announced that they will continue to carry a full line of implements and offer the same fine service to which patrons of the firm are accustomed. He will devote most of his time to the business but will still do some farming in Swisher County.

Mr. Latta has operated the implement company for a number of years. It will continue in the same location, at 211 East Missouri Street in Floydada. Mr. and Mrs. Carthel and baby daughter will make their home here.

## Harvest Laborer Dies Friday

Garnado Compas, age 63, died at the Lockney General Hospital about 2 a.m. last Friday after becoming seriously ill the previous day. He was employed as a harvest laborer on the L. L. Scott farm in Aiken community.

The man is survived by five daughters and three sons. The body was sent to Austin for funeral services and burial by Carter Funeral Home of Lockney.

and Precinct 15, Lakeview, Earl Edwards has been appointed replacing E. H. Spears. Other election judges and voting places are the same as named by the Commissioners Court early this year.

Democratic party officials are urging a heavy vote since the number of votes cast for the party nominee for governor in this election determines the number of delegates the various counties will have to the state convention in 1960. For instance Floyd County will be allowed one delegate to the state convention for each 300 votes cast for Governor Price Daniel in this election.

**Constitutional Amendments**  
The nine constitutional amendments are drawing considerable interest among some groups and some are proving to be quite controversial. Following is a summary of the amendments:

No. 1. Providing for annual sessions of the Legislature and raising the pay of the Legislators to \$7,500 per year. There is considerable argument both ways on this one.

No. 2. Authorizing counties to extend retirement, disability and death compensation to elected officials of county and precinct. Very little has been said about this one.

No. 3. Allowing Commissioners Court to fill vacancies in the office of county judge and justice of the peace only until next general election. No opposition as far as we have heard.

No. 4. Providing for automatic resignation of district, county and precinct official who announces for any other public office more than one year before the end of his term. There is considerable opposition to this amendment from county official organizations.

No. 5. Allowing home rule cities to extend terms of officials to four years. No opposition.

No. 6. Providing pensions for Texas Rangers and their widows who retired before the 1947 state employees retirement system was established. Little opposition.

No. 7. Allow Legislature to appropriate money for advertising tourist attractions of the state. Some opposition.

No. 8. Would allow the Legislature to appropriate money for medical care for people who receive old age assistance, aid to the blind and aid to dependent children. Argument both ways on this one.

No. 9. Would allow the Legislature to authorize creation of hospital districts in Amarillo, Wichita County and Jefferson County. Little opposition.

## Local Teachers Attend Dinner

A large number of Lockney teachers attended the first meeting of the year for Floyd County Unit of Texas State Teachers Association in Floydada Monday night at 7 o'clock. The dinner meeting took place in the cafeteria of Floydada High School with approximately 70 members present.

Mrs. Emily Potts, Floydada, president of the organization, presided. Mrs. Dee Copeland, Lockney, serves the group as first vice-president.

The program included an interesting film entitled "A Desk for Billie" portraying the life story of Billie Davis who is now a famous lecturer. The gypsy girl was a member of a migrant family and her heart's desire was to go to school and wear ironed clothes and leather shoes like "real smoothie people." Occasionally Billie entered school but was constantly uprooted when her parents moved to a new location.

When she was a senior she refused to leave school in California where she remained to live with a teacher and completed her high school education. Miss Davis has toured the United States with her lecture of "The Hobo Kid" and her story appeared in Post Magazine.

H. H. Nicholas reported on his trip to Austin where he met with the Hale Aiken Committee study group.

Next meeting will be held February 23 at the cafeteria at Lockney High School for a dinner.

## EDITORIAL

If any man be in Christ, he is a new creature; old things are passed away.—II Cor. 5:17.

**NEXT TUESDAY** is General Election Day. There will be little interest in the few contested races for state office since the election of a Democrat to each office is almost a certainty. But drawing more interest will be the nine constitutional amendments to be voted upon. Many of these amendments are controversial. There are arguments on both sides of the question and voters will do well to study them before casting a ballot. Two weeks ago, under the "Highlights and Sidelights" column from Austin The Beacon carried a list of these amendments with pro and con arguments for each. We hope that you read the column because we thought it was very informative. We as voters have an obligation to vote intelligently and the only way to do that is to inform ourselves upon the respective merits of the amendments.

**JUST TO REMIND** you, here are the amendments proposed in brief:

1. Annual sessions of legislature and raising salary to \$7500 per year.
2. Allow counties to set up retirement plan for elected officials.
3. Allow Commissioners Court to fill vacancies of county judge and justice of the peace only until next election.
4. Require resignation of district, county and precinct official who announces for other office more than year before end of his term.
5. Would allow home rule cities to extend terms of elected and appointed officials from two years to four years.
6. Allow pensions not to exceed \$30 per month for Texas Rangers and widows.
7. Would allow legislature to appropriate money for advertising state.
8. Would allow legislature to appropriate money to pay for medical care for people who receive old age pensions, aid to blind and aid to dependent children.
9. Would allow legislature to

**THE ONLY** candidate on the ballot making a campaign is Roy Whittenburg of Amarillo, on the Republican ticket for United States Senator. Whittenburg says he is going to win but we doubt if he really believes it. Ralph Yarborough has made a lot of enemies in his previous campaigns but not enough to lose the election to a Republican. Funny thing, this race. We heard of two or three staunch Democrats in the area who say they're going to split the ticket and vote for Whittenburg. Then we heard a Republican say the other day that he didn't know who he was going to vote for, but he knew it wasn't going to be Whittenburg.

**SOME OF OUR** fellow newspapermen have fallen for a piece of propaganda recently released by the breweries to all newspapers, quoting figures as to the amount of taxes coming from the sale of beer and bemoaning the fact that prohibition never brought in a dime of taxes but cost much for enforcement. A close reading of the figures will show that the taxes paid by beer drinkers, large when quoted in accumulative figures, really don't amount to much when broken down into yearly payments. Also one fact cleverly overlooked is that statistics from law enforcement agencies show for every dollar taken in from taxes on intoxicants, it costs the taxpayers five dollars for extra law enforcement to clean up the mess caused by the purchase of the toxicants. No prohibition never brought in a dime of taxes but also it never forced us to double and quadruple our law enforcement forces, it never resulted in an increase of 35 to 50 per cent in automobile highway accidents, and it never resulted in broken homes, ruined bodies and demented minds. Paying out five dollars to get one back in taxes is a poor swap, even if there were no other disadvantages to the situation.

**CONGRATULATIONS** to the Lockney Longhorns on their victory in the first district football game. They played like champions. Actually area sports writers helped the Longhorns win that one since they have under-rated the Longhorns all the year and the Abernathy Antelopes didn't expect them to be tough. Now let's get those Olton Mustangs.

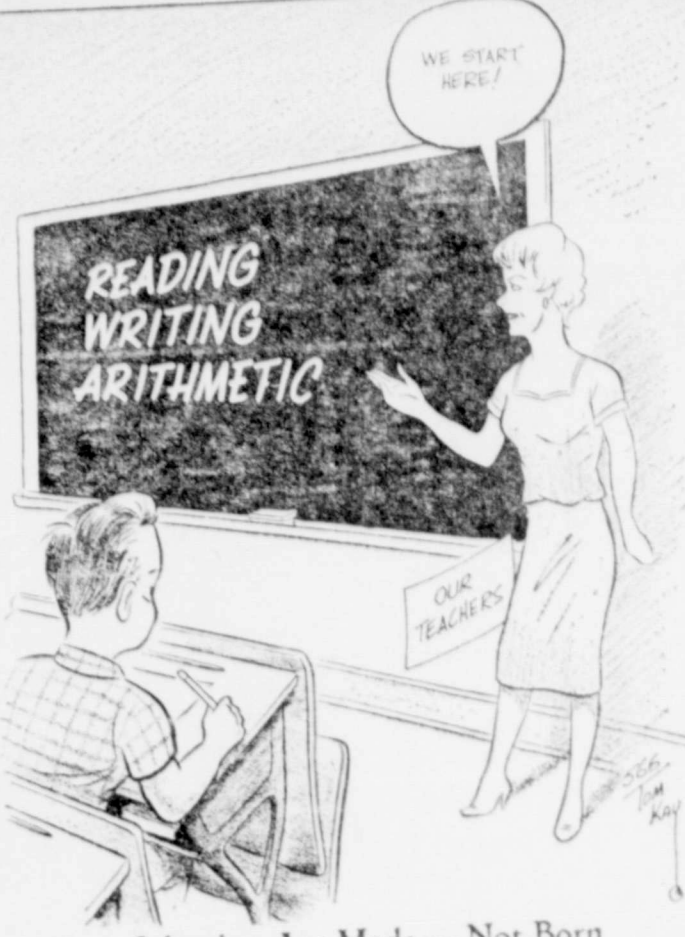

**OUR HUMAN** population isn't the only one that's booming. The dog population has soared from 13,500,000 in 1939 to some 26,000,000 today. The pooches consume around \$400 million worth of prepared dog food alone each year.

## THE AMERICAN WAY

Scientists Are Made — Not Born

## With Our EXCHANGES

**ILLUSION DISPELLED**  
The Texas Research League, seeking information for the Legislature on the State and local tax structure, recently has been conducting a study of Dallas families, with some interesting results. For instance, the League has found that a Dallas family with \$3,500 annual income carried a greater part of the State and local governmental load than does a \$10,000-a-year family.

Of course, the figure is computed percentage-wise. While the larger income family pays more dollars, its ratio is not as large as that of the lower income family. For instance, a \$3,500 family in Dallas pays about \$196 a year in direct State and local taxes. A \$10,000 family pays \$396 in direct State and local taxes.

Also, Dallas is used merely as an example. What applies to Dallas, applies to a great extent, throughout the State. The point is, whatever they may think to the contrary, people in the lower and middle income groups pay most of the taxes which support governmental operations. Some people make little effort to halt tax increases, thinking the burden of the new levies, when and if they are enacted will fall mostly upon the rich. But this never has happened, and never will for the simple reason that there are not enough wealthy

people to bear the burden, even if all their income should be conscripted. The majority of Texans belong to the lower and middle income groups. They are the ones who will continue to pay most of the taxes. — Lubbock Avalanche.

## SECRET WEAPON

You can stop worrying now about a sneak attack — or any other kind of attack — from the enemy. From Hickam Field, where they know about sneak attacks in a big way comes the word that we've got a secret weapon that will take care of the U. S. and its outlying responsibilities. After all the secret weapon is no secret any more than the facts that Russia has fleets of submarines in the oceans, three times the number of aircraft in the Far East that we have, and in the field of missiles we've only got a hard promise that the US forces will have an intercontinental ballistic missile before you can say Jack Robin-

son. Furthermore, it's no secret that in competition with Russia's ton and a half satellites, the best we have been able to put into the orbit is a few little gadgets no bigger than a fryin sized polecat, but Brig. General Edwin S. Chickering, assistant chief of staff for plans and operations, assures us that all our aircraft are capable of carrying nuclear weapons, and Air Force Intelligence Officers don't think the Red Chinese aircraft have this capability. If the General gets by with this report, we can save a lot of worry — and a lot of money. — J. M. Rankin in Crosbyton Review.

## A TO IZZARD

Did you read the news story Monday about the New York policeman who shot four people to death? We think it is significant to point out, without moralizing, that about 75 per cent of accounts of violence in the news involve, in one way or another, a bar or a tavern.

A South Carolina editor points out that it's a tough world for American businessmen. Every time he comes up with something new, the Russians invent it a week later, and the Japanese begin making it cheaper. — Wes Izzard in Amarillo Daily News.

November 20 and 21 are the dates set for the celebration of the opening of the Denver Railroad. More than a thousand people will arrive from Dallas on a special train for the event and several thousand local and area people are expected. A program is being planned and dinner will be served.

W. H. and T. J. Cooper of Girard were here last week closing a deal in which they leased a building to install a furniture and hardware store.

Several Lockney men have been in Lubbock the past week conferring with highway men about the route of the Lee Highway to be paved through Floyd County provided the bond issue of \$400,000 passes when voted on Dec. 1.

Roscoe Snyder, assistant cashier of the First National Bank has been chosen to take the place of Elmer Baker as city secretary. The Baker family is moving to Childress where he will be connected with J. C. Penny Co.

# 59 FORDS AWARDED GOLD MEDAL

by Comité Français de l'Élégance at Brussels World's Fair

THE WORLD'S MOST BEAUTIFULLY PROPORTIONED CARS

Why did the Comité Français de l'Élégance bestow upon Ford its highest award? One firsthand look and you'll see why these altogether new 59 Fords were called the world's most beautifully proportioned cars. You'll see it in the new Thinline Roof and see-it-all rear window... in every clean and gleaming, low-swept line.

Yes, every brand-new Ford styling feature... from Fashion Star Grille to Iris Eye Safety Taillights—is designed to keep that brand-newness! Its Diamond Lustre Finish, for example, never needs wax to keep its glitter. And when we tell you Ford's low first cost, you'll realize that this 59 Ford is beautifully proportioned to your budget, too!

**4-H'ers to Parade Again During Chicago Congress**

The 4-H parade pictured above is one of the exciting demonstrations that will be repeated in the amphitheater of the International Livestock Exposition during the 37th National 4-H Club Congress in Chicago. Thanksgiving weekend will usher in 1,300 champion 4-H Club members, several hundred state and national 4-H officials and many friends of 4-H who help to make the annual Congress possible. They arrive by train and plane from every state in the nation, and will be joined by delegates from Alaska, Hawaii, Puerto Rico, Canada and other foreign countries as well.

The Congress opens officially on Sunday morning, Nov. 20, at the Conrad Hilton hotel and closes with a banquet for about 2,000 on Thursday night, Dec. 4, when more than 200 national 4-H champions will be saluted.

This unique delegation of 1958 national, sectional, and state 4-H winners represent the best of 2,200,000 Club members.

By diligent and successful application of 4-H principals and techniques to project work these ambitious boys and girls have climaxed their 4-H career by attaining state honors. They have participated in one or more of some 50 different 4-H award programs conducted by the Cooperative Extension Service and arranged by the National Committee on Boys and Girls Club Work.

Among the wide range of projects and activities carried on in nearly 91,000 clubs are field crops, clothing, poultry, achievement, entomology, health, safety, leadership, foods, soil and water conservation, sewing, and tractor. To be eligible for a state or national award, the 4-H'er must be over 14 years, and must have completed three years of club work.

Awards include \$400 college scholarships and all-expense trips to the National Club Congress. They are provided each year by half a hundred business firms, educational foundations and private citizens. Some of these 4-H benefactors are: Ford Motor Co., International Harvester Co., Kerr Glass Mfg. Corp., Coats and Clark, Inc., Oliver Corporation, Carnation Company, Simplicity Pattern Co., Westinghouse Educational Foundation, Hercules Powder Co., Arcadian Products Department of Allied Chemical Corporation, Betty Crocker of General Mills, Whirlpool Corporation, Allis-Chalmers Mfg. Co., Montgomery Ward, E.H. Lilly and Company, Sears-Roebuck Foundation, Edward Foss Wilson, General Motors, Firestone Tire & Rubber Company, and Moorman Manufacturing Company.

The Floyd County 4-H Club, Cotton John Smith is expected and the film "The Seven Lean Years" will be shown along with other entertainment.

On the sick list the past week have been Mr. and Mrs. Shelby Calahan and children, Mr. and Mrs. E. W. Newton and Joann, Mrs. Bryant Higginbotham, the children of Thomas Pierce, Bryan Karr and H. S. Calahan Jr.

Mrs. John Gillespie entertained the intermediates of her Training Union class Thursday night, Oct. 23, at the Plainview Bowling alley. Going with the boys and girls were the Rev. and Mrs. John Gillespie, Darlene Jackie and Beverly, Mr. and Mrs. S. D. Kinnibrugh, Beth and Marilyn, and others who attended with them were Jimmie Pritchett, Sue and Gary Wilson, Bud Higginbotham, Gary Morrison, Nathan Mulder, Bruce Julian, Yvonne Karr and Barbara Milton.

Mr. and Mrs. J. P. Taylor are in the process of having their home redecorated inside and out.

Mr. and Mrs. Frank McClure spent Sunday with Mr. and Mrs. Willie Weast at Silverton.

Mr. and Mrs. Fred Fortenberry entertained in their home Friday night with a wiener roast in honor of Elmo and Mrs. Robin Fortenberry's birthday. Present were Mr. and Mrs. Elmo Fortenberry and baby of South Plains, Mr. and Mrs. Robin Fortenberry, Mr. and Mrs. Durrell Fortenberry, Mr. and Mrs. Eldon Fortenberry and daughter, all of Cedar Hill, and the hosts, Pumpkin pie was served at the close of the entertainment.

Mrs. Sylvain Kinnibrugh entertained her daughter, Beth, Oct. 23 with a supper on her 9th birthday. Supper and a big birthday cake were served to Glenda Cummings, Diana Calahan, Linda Lamb, Sandra Sessums, Darlene Gillespie, Kathy Mulder, Mary Louise Respondek, Vivki Johnson and the honoree.

**Cotton Quality To Mills, Buyers**

Lubbock — The first Texas High Plains Cotton Quality Report with correlations between grade, staple, micronaire and Pressley was mailed this past week by the Plains Cotton Growers, Inc. to a textile mill and cotton buyers list of more than 200.

George W. Pfeiffenberger, Executive Vice President, explained the Cotton Quality Report will be sent out to all interested persons approximately every two weeks and will contain cumulative figures on the 1958 cotton crop of the Texas High Plains.

The report consists of an explanation and six tables, one on average of fiber properties per grade, averages fiber properties per staple, averages Pressley per Micronaire, Cross Class of grades with staple, micronaire and fiber strength, cross class staple with micronaire and fiber strength and cross class micronaire with fiber strength.

The Quality Report is being gathered and printed to give buyers and textile mill officials more up to date information on the kinds and types of cotton being produced in this area, Pfeiffenberger said.

"We believe this is a good way to interest more mills and buyers in High Plains cotton, by giving them correct data on it," he said.

In the first report which covers ginnings prior to October 1, 1958, white cotton accounted for 88 per cent of the High Plains crop with 76 per cent Middling white and above. Light spots totaled only 12 per cent with 11.3 per cent being Middling light spot and above. Full spotted cotton was only 0.1 per cent. The average staple length was 32.1-32nd of an inch with 69.7 per cent being one inch and longer. Only 3.6 per cent fell below 15.16 inch. Micronaire average was 4.3 with 96.5 per cent above the tenebrable micronaire limit of 3.5. The majority of the crop, or 71.7 per cent fell between 4.0 and 5.0. Pressley fiber strength averaged 79,000 pounds per square inch with 64 per cent between 75,000 and 90,000 pounds.

### Aiken To Speak At Lubbock

Lubbock — Texas' leading exponent of public education, State Senator A. M. Aiken, Jr. will discuss the future of public school education in Texas (today) Thursday. The Senator's appearance in Lubbock is sponsored by the Lubbock Classroom Teachers Association.

A highlight of Sen. Aiken's address will be a review of findings of the Hale - Aiken Study committee, an investigative group set up by the State Senate to probe public school needs. The committee, which relied on findings of sub-committees set up in each senatorial district, has studied such far-reaching proposals as the lengthening of the school term, salary increases for teachers, federal aid to public schools, school construction, and recruitment and holding of teachers.

Sen. Aiken is co-author of the Gilmer-Aiken laws, a group of statutes which have brought Texas to the forefront of the nation in education.

The East Texas lawyer's home is in Paris. He attended Paris Junior College and Cumberland University at Lebanon, Tenn., where he graduated in 1932, receiving his Bachelor of Laws degree.

In that same year — 1932 — Aiken was elected to state House of Representatives. He served two terms in the House, from 1932 until 1936. In 1936 he was elected to the State Senate where he has served continuously since that time.

He has been chairman of the two most powerful committees of the Senate, the Finance and State Affairs committees. He has also served as chairman of the committee on education for many years.

In 1936 Aiken was a candidate for Lieutenant Governor and won a berth in the run-off, but the strenuous campaign caused him to develop tuberculosis which forced his withdrawal. His remarkable recovery, according to Aiken, a testimonial to present day wonder drugs and the medical profession.

In Lubbock, the senator will be honor guest at a dinner followed by his address at 8 p.m. in the Monterey High School Auditorium.

Co-sponsoring Aiken's Lubbock appearance are the Association of Childhood Education and the Lubbock County Unit of the Texas State Teachers Association.

### O. C. Baileys Home From Eastern Trip

Mr. and Mrs. O. C. Bailey returned Tuesday afternoon from an 18-day trip which took them to the eastern coast.

They attended the "Grand Ole Opry" at Nashville, Tenn., and visited Mrs. Bailey's brother at Loyall, Ky., the graves of her parents and other places of interest in that state.

Among the points visited in Virginia were Appomattox Court House where Lee surrendered to Grant, St. Johns Church in Richmond where Patrick Henry made his famous speech, John Marshall house, Poe's Shrine and the White House of the Confederacy. In Jamestown, first permanent English settlement in America, there was much evidence of reconstruction such as the three original ships that landed there, the old church built in 1639 and the fort. Statues of Captain John Smith and Pocahontas also stand in the city. An original glass blower furnace has been excavated and one is in operation now. The James River is about two miles wide at this point and can be crossed by ferry.

Many places of interest were found in Fredericksburg, Va., the home of Mary Washington, mother of George, Kenmore house, home of George's sister, James Monroe's Law Office, Mary Washington's monument and an old slave block which occupies a busy downtown street corner. They enjoyed visiting George Washington's Mt. Vernon Estate which now consists of 400 of the original 8,000 acres. His spacious home overlooks the Potomac River. George and Martha and many of their relatives are buried on the estate.

The Baileys spent two days sightseeing in Washington, D. C. where they visited the Capitol, White House, Smithsonian Institute, Treasury, Pentagon, and the monuments of Washington, Lincoln and Jefferson.

Enroute home they crossed the Carolinas and visited Stone Mountain in Georgia, Birmingham and Guin, Alabama where Mr. Bailey's father once operated a plantation and where O. C. was born. They came up the Mississippi Valley, crossed the river at Greenville and then returned to Texas.

### Tahoka Miss To Represent Area In State Contest

Lovely Carolyn Aldridge of Lynn County will represent 17 counties in this area at the state finals of the Texas Farm Bureau queen contest Nov. 10 in Corpus Christi.

Miss Aldridge, 19, daughter of Mr. and Mrs. J. E. Aldridge, Route 2, Tahoka, will be competing with 12 other district winners in the contest which will be held in conjunction with the 25th annual convention of the state farm organization. The lucky girl chosen state queen will receive \$500 in expenses to attend the American Farm Bureau Federation convention in December in Boston. All district winners will receive expense-paid trips to the state contest as well as beautiful wrist watches.

Carolyn was selected District 2 Farm Bureau queen over eight other county winners in a contest Sept. 6 in Lubbock. Runnerup was Miss Marisue Burleson, 16, daughter of Mr. and Mrs. W. E. Burleson of Floydada.

The tall, hazel-eyed, brown-haired beauty was graduated from Monahans High School last year and is now a Sophomore at North Texas State College at Denton where she is majoring in secondary education. Active in high school, she played in the band three years (she was graduated in three years), was a member of the Speech Club and won first in district and third in regional one year in poetry reading. She was also Future Homemaker princess and participated in the Junior play.

Carolyn's hobbies include collecting china shoes, cooking, reading and attending movies. She likes to design and make her own clothes and is fond of popular music, college life, drama and speech.

As for her future plans, she plans to finish college, begin her teaching career and "get married and have a family and home of my own."

#### NEW ARRIVAL

Ronald Dee is the name Mr. and Mrs. Bud Casey have given their newly adopted son born October 24 weighing 4 pounds, 5 ounces. They expect to bring the baby home as soon as he weighs five pounds, perhaps this week end. Grandparents are Virgil Redd, Floydada, Mrs. Jewell Redd and Mrs. J. E. Hammitt, both of Amarillo. This is the first child for the Caseys.

Since 1940, newspapers have maintained a constant level of popularity. Newspaper circulation the growth of households in the United States.

CONTESTANT — Anna Jane Sitton, named New Mexico's Maid of Cotton, will compete for national title in Memphis, Tenn., in late December. The winner will represent the American cotton industry on a world-wide tour. Details of 1959 Maid of Cotton contest may be obtained from the National Cotton Council, P. O. Box 9905, Memphis 12, Tenn.

#### HOW TO FRY YOUNG TURKEY

Start with a fresh, young bird and cut into pieces as you do frying chicken. Put 1 cup of flour, 1 1/2 teaspoons salt, 1 teaspoon of paprika, and 1/2 teaspoon powdered ginger in a heavy paper bag. Select the thick pieces such as thighs, breasts and drumsticks and shake in the seasoned flour until well coated. While the pieces dry a bit, pour 1/4 inch of oil in an aluminum skillet and heat over a high flame. If you have an automatic top burner heat control, set it at 340 degrees. Sauté the floured pieces of turkey for 15 minutes then turn to brown the other side. Flour the remaining pieces and add to the skillet. When all pieces are evenly browned, turn the flame back to simmer and cover the skillet tightly. Cook 20 to 30 minutes, depending on the size of the bird. Remove the cover during the last 5 minutes of cooking for a crisp outer crust.

More people travel by automobile than by all other means of transportation combined.

Dear Editor: My unreconstructed neighbor says winter is due to be here soon, but he wouldn't bet on it on account of there is no telling when the Supreme Court might decide to reverse the weather.

Says Congress would probably appropriate money for the weather bureau to enforce this edict, too, and the dogooders could prove it was Constitutional.

On account of it would plainly be in the interest of

the general welfare to have summer come in the winter when it's cold, and winter in the summer when it's hot.

#### HOW NOT TO LEARN TO COOK MEAT

Learning by doing can prove very expensive today if the subject is cooking meat. When food prices are high, guessing about cooking time and temperature can have hazardous results. Several new ranges have proper cooking time, temperature and rack position for broiling various cuts of meat stamped on the broiler door. Broiler pans in the new ranges adjust to 8 different heights to accommodate thick and thin cuts of meat and cook every one to perfection.

#### SUMMER FOOD FACTS

Fats and oils become rancid when they are exposed to air, moisture and heat. Economists with thepliance Manufacturers Association suggest that they have been opened and kept tightly covered in the refrigerator. Some oils, when refrigerated for a short time at room temperature will restore their clearness. Olive oil will when held for any length of time in a cold place. This does not change its quality and after a short time at room temperature it will to its clear fluid state, economists say.

Taking advantage of friends is the enjoyment keeps some people alive.

### THE FANTASTIC STORY of MUSA-SHIYA THE SHIRTMAKER

(Also Sometimes Drygoods Selling)

If the shipping department of a factory had not made an error, the world would never have known of Musa-shiya the Shirtmaker and the most astounding advertising campaign in history would never have been launched.

Following World War I an English textile factory was getting back on a peacetime basis. In error it sent a full five year backorder of shirting material to Musa-shiya, a Japanese shirtmaker who operated a small shop in Honolulu. Business was poor and Musa-shiya was near bankruptcy, when the customs office informed him that certain bales of cloth and a fat bill for duties awaited his pleasure at the port of Honolulu.

When the little shirtmaker realized what had descended upon him, he asked for time and went into the silence for purpose of mental refreshment. Remembering a friend in a big mercantile establishment, he hid himself there and sought counsel. How in the name of the horned prophet of evil was he ever to get rid of all that English shirting? And in the meantime where was he to put it? His little box of a shop wouldn't hold one bale.

"You'll have to advertise," advised his friend. "Leave it to me. I'll have our advertising agents help you out."

This merely compounded the little Japanese shirtmaker's troubles. Advertising to him was an uncharted sea. The advertising agent called on Musa-shiya and suggested \$300 as a modest starter. "Too-o-o much. Maybe I think thirty dollar plenty," said the shirtmaker. He was told that wouldn't even get him in print. The agent explained the costs of various advertisements and finally Musa-shiya agreed to try the plan and what was destined to be the most astounding and far reaching campaign in the history of advertising was launched.

Two column by five inch ads then started appearing regularly in the Saturday Honolulu Star-Bulletin. The ads were written just the way Musa-shiya talked—in colorful pidgen English which is used throughout the Orient. Here is an example of one of Musa-shiya's ads:

"Well here come storek again—but Musa-shiya, the shirtmaker, is able prepare. Wonderful accumulation of baby things in dry goods selling corner of Musa shop. Everything for the baby—especially diaper. Exclusive of storek, which find most easily, many persons not finding little shop of Musa-shiya the shirtmaker in King Street, Makai side, between fish market and river."

Tourists started sending copies of Musa-shiya's ads to their friends in many countries. Soon Musa-shiya was receiving orders from all over the world as well as doing a thriving business in Hawaii.

And that is the story of how a well planned, small advertising campaign made an unknown Japanese shirtmaker not only wealthy but world famous.

Your local newspaper doesn't promise to duplicate this story for its advertisers, but it does take your sales message into the homes of your customers where full and careful consideration is given your suggestions. Who knows, perhaps you too can be a Musa-shiya.

Budget Board recommended a slight increase in money for the Texas Youth Council. But it voiced a "thumbs down" attitude toward setting up a state-supported paid parole system for juvenile delinquents.

Legislative Budget Board is made up of five members from the House and five from the Senate who, with staff assistance, screen appropriation requests in advance and make recommendations to the Legislature.

**PULLING UP** — Two state agencies who've gotten black marks in past years got basically good report cards in the summaries given by analysts for the Texas Research League meeting.

State Insurance Department has made improvements in the year since its reorganization, said one researcher. He predicted that an era of better regulations would result in saving to policyholders and fewer company failures.

State Welfare Department was described as "basically well-administered" in comparison to some years ago when it was the source of dissatisfaction.

In the welfare field, the League was told, Texas can expect increased spending in the future. Texas now spends 18 percent of its tax money or \$173,000,000 a year on welfare. But other states are "more generous," observed the researcher.

**SALARY FORMULA** — Budget Board also is giving attention to drawing up a bill setting up a salary schedule for state employees.

Its purpose would be to guarantee "like pay for like work" throughout state departments. It would be based on a job classification study recently made by the Texas Employment Commission.

Public school and college teachers and persons in executive positions would not be included.

Budget Board members commented that in some departments a person doing stenographic work may be called an "administrative assistant" and get much more money than a person doing stenographic work in another department.

**ANTI-CRIME LAWS** — New laws and institutions to deal more forcefully with Texas' soaring crime rate may be a major topic for the next Legislature.

County and district attorneys training school to separate serious offenders from those for whom there is more hope, and (3) stricter narcotics laws.

**DON'T CUT OFF NOSE** — U. S. Senator Ralph Yarborough is urging Texas liberal Democrats not to scratch Gov. Price Daniel's name on the general election ballot regardless of how they may feel about him.

Senator Yarborough warned delegates to the State AFL-CIO convention that each precinct gets one delegate for every 25 votes cast for the party's gubernatorial nominee. If a liberal area casts a small vote for governor, it will have a small delegation to the next party convention and less chance of gaining control.

If you scratch the governor's name, said Yarborough, who has been at odds with Daniel for years, "you'll be cutting off your nose to spite your face."

**HE'S NO HELP** — Texas Democratic Party leaders said National Chairman Paul Butler is deliberately destroying party unity efforts by stirring up integration issues.

Butler's statement: "There will be no compromise on the integration problem. The people of the South who are not deeply dedicated to the philosophy of the Democratic Party will have to go their own way."

ROY WHITTENBURG of Amarillo, cattleman, newspaper man, land owner, is running for election as United States congressman from Texas on the Republican ticket. He is opposing Ralph Yarborough, the Democratic nominee and is making an active campaign.

## LETTERS TO THE EDITOR

"The only reason evil men triumph is that good men do nothing." — Edmund Burke.

Mr. Edgar Hays  
Lockney Beacon  
Lockney, Texas.  
Dear Democrat:

The November 4th general election is vitally important in many ways. The Point I would like to emphasize is the representation of your county at the two state conventions in 1960 will be determined by how many people vote for the democratic nominee for governor (one delegate for each 300 votes). As 30th district democratic committeeman I would like to see each county in this district strongly represented in 1960 the Presidential year.

A campaign urging every voter to go to the polls is needed. A telephone committee to call every qualified voter the evening of the 3rd and morning of the 4th would be very effective.

Sincerely,  
Frank Moore  
Democratic Committeeman  
30th Senatorial District.

Said Governor Daniel: "We have been doing our best to settle these conflicts within the party and keep it big and strong enough to include people who do not share the same view." "Statements like Butler's," said the governor, "will make the task more difficult."

## Ratliff Talks On Probation To Rotarians

District Judge L. D. Ratliff of Spur was the speaker at the noon meeting of the Lockney Rotary Club last Friday, his subject being "Adult Probation."

"The new probation law became effective August 23, 1957," Judge Ratliff said. He explained that the probation law was helpful in several ways, one being that a person might be convicted of a felony and still not have to serve time in the penitentiary. The penitentiary is over crowded, the cost of keeping a prisoner there is considerable and for that reason efforts are being made to rehabilitate those convicted on first offense by allowing them to be placed on probation.

A person is eligible for probation, Judge Ratliff said, in any felony case except murder, rape and one or two other offenses, if the punishment set is not more than 10 years.

The defendant must convince the Court that he is a fit case for rehabilitation. The court must be satisfied, Judge Ratliff said, that probation is for the best interest of the public. The judge listens to the sheriff's story of the case, and then the probation officer makes a thorough investigation and reports back to the judge before a decision is made as to whether the person shall be placed on probation after he has been convicted.

When a person is placed on probation, he is placed there subject to a number of conditions. They include: 1. He must commit no offense against the laws; 2. he must avoid bad habits, bad company and places of questionable repute; 3. he must work and help support dependants; 4. he must make restitution if he has stolen or damaged property if possible for him to do so; 5. he must maintain residence in the state and cannot change his residence without consent of the probation officer; 6. he must report to the probation officer at regular intervals.

The probation officer is chosen for his characteristics of sympathy and understanding and he works to help the person become rehabilitated and begin a new life, the judge said. However if the convicted person violates the law while on probation, the probation is revoked and he must serve the entire length of the original sentence.

Jesse Cox was in charge of the program and President Wilson Kermickel presided at the meeting. A number of visitors were present from Floydada and Plainview.

A typical hurricane will cover an area about 200 miles in diameter. However, the diameter may vary from 100 to 500 miles, according to the Navy's "Hurricane Hunters".

## Men Outnumber Women 2 1/2 To 1

University of Texas Fall Semester is nearly 18,000 and the men still outnumber the co-eds more than two and a half to one, despite a sharper gain in the women students' total.

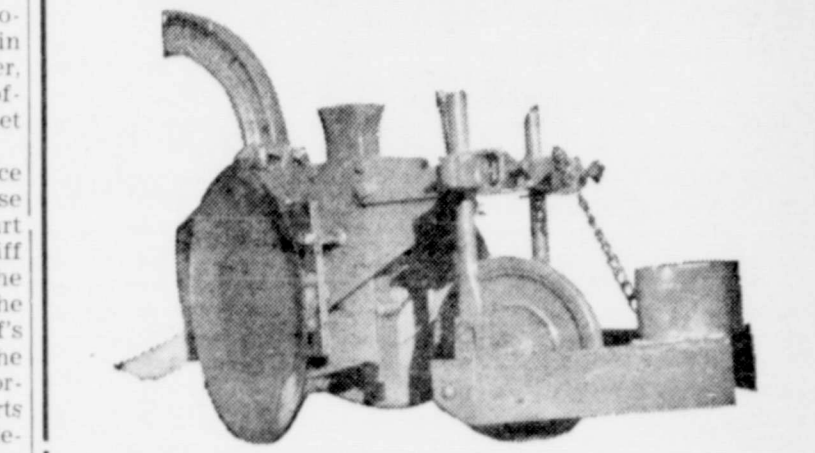

This year's total is 17,759 as compared with last Fall's 16,985. The number of women students increased from 4,584 to 5,054. Men's enrollment showed an increase of only 304 — from 12,401 in the Fall of 1947 to 12,705 this year.

The man who itches for fame has a lot of scratching to do. Luck is the crossroad where planning and opportunity meet.

New yearbooks will be distributed and Mrs. G. C. Applewhite will entertain with a book review.

Hostesses for the event will be Mmes. A. P. Barker Sr., Clyde Briley, G. C. Applewhite, L. A. Cooper, N. E. Greer, Jeffie Griffith, L. M. Honea, Dale Laceywell, Alex Norris, Ewald Quebe, T. V. Rankin and T. B. Mitchell.

## Miss Virden Is Bride Of Edward Fry

Marriage vows were exchanged Saturday evening at 8 o'clock by Miss Mary Margaret Virden and Edward Sims Fry of NAS Cecil Field, Jacksonville, Florida. Rev. Horace M. Reeves read the double ring ceremony in the Southside Assembly of God Church, Plainview.

Parents of the couple are Mr. and Mrs. Arthur Virden, Plainview, and Mrs. Alice Fry of San Antonio. The bride is a granddaughter of Mrs. Bill Virden, Lockney.

Mrs. Robert Stair, organist, played the nuptial music and accompanied Mrs. John Warwick, soloist.

Miss Betty Goodwin, Waxahachie, attended the bride as maid of honor. Bridesmaids were Bonnie Fry, sister of the bridegroom, and Glenda Virden, sister of the bride.

Best man was Herman Morrison of Claude.

The bride, given in marriage by her father, wore a floor length gown of white broadcloth, styled with high rounded neckline and long tapered sleeves. Her tiered veil of illusion was held by a tiara of seed pearls and she carried a bouquet of white mums.

The maid of honor's waltz length dress of satin brocade was in a taupe shade and she carried a bouquet of bronze mums. The bridesmaids wore dresses styled identically to the other attendant. Their dresses were in champagne shade and they carried bouquets of gold mums.

A reception was held in the J. R. Hancock home, Plainview. Decorations in the entertaining rooms were bronze and yellow mums.

After October 29 the couple will be at home in Jacksonville, Florida, where he is serving in the Navy.

## Wedding Vows Are Spoken Saturday

Miss Glenda Fae Bilberry became the bride of Doyle Raymond Fowler Saturday evening at 8 p. m. in a ceremony solemnized in the Seventh-Day Adventist Church, Lubbock.

The bride is the daughter of Mr. and Mrs. A. J. Bilberry, Rt. 5, Lubbock. Mr. and Mrs. Luther Fowler of Lockney are parents of the bridegroom.

R. E. Cash, pastor of the church, read the vows as the couple stood before an altar flanked by candelabra and tall baskets of white gladioli.

Miss Judy Henry was organist and Miss Imogene Taylor sang.

Given in marriage by her brother, W. E. Bilberry, the bride wore a blue wool suit with fur trim, black and silver shoes and a small blue hat. She carried white carnations on a white prayer book.

Miss Anna Kay Jackson, maid of honor, wore a royal blue suit with navy accessories and carried a bouquet of white carnations.

Gilbert Rowell served the bridegroom as best man.

Candlelighters were Miss Frances Fowler, Lockney, sister of the bridegroom, and Miss Judy Jackson, Wolfforth.

Peggy Urby was flower girl. Ushers were Mike Bilberry, Alvin Gordon and Don Glass.

A reception was held at the home of Mr. and Mrs. G. R. Rowell, 3224 Colgate, Lubbock, following the wedding.

Mrs. Fowler is a graduate of Fresh High School. Fowler is a graduate of Lockney High School and attended Texas Tech. He is employed as a draftsman for the city of Lubbock where the couple will make their home.

## Mmes. Smith, Quebe To Be OES Speakers

Mrs. Forrest Smith, Associate Matron, who is attending the Grand Chapter session being held this week in Houston, as a representative from the local organization, will report on the state event at the regular stated meeting Monday night, Nov. 3, at 7:30 in the Masonic Hall. Mrs. Ewald Quebe a Grand Officer, also attending the meeting accompanied her husband, will be the other speaker of the evening.

Hostesses for a social hour following the program will be Mr. and Mrs. J. H. Cooper, Dr. and Mrs. A. E. Hewitt, Dr. and Mrs. W. J. Mangold and Mrs. Fred Byrd.

Plans are being made to celebrate the Golden Anniversary of the chapter with a special program at the high school cafeteria November 25. The Worthy Grand Matron, Mrs. Katherine Poulis and many Grand Officers of District II are planning to attend. Invitations have been sent to all Past Matrons, Past Patrons, chapter members and members living out of town. No invitations were sent locally with these exceptions, but each member is urged to attend.

Mrs. Katie McGeehee, Hereford, is the only charter member still affiliated with the local chapter, but a number of charter members are still living and are expected to be here to enjoy the affair.

# Somebody has to feed the mama hog

THESE piglets are not worried about how comes their sustenance . . . nor are they much concerned about whether it will be there tomorrow . . . until tomorrow comes

*Yet their welfare depends very much upon how well somebody feeds and cares for the mama hog. They grow fat or they grow lean in proportion.*

Even as our individual and collective prosperity depends on the vigor of this Local Economy which furnishes us with jobs, business, stable property values, and a handy source of emergency and daily needs.

*The difference is . . . we, ourselves, are the caretakers of this economy upon which we depend. It's within our power to feed it by trading at home . . . or starve it by trading in some other town.*

City shopping . . . mail order buying . . . succumbing to the itinerant peddlers' smooth line . . . cutting the community's ration of trade volume by \$3 or \$4 every time \$1 is taken out of local circulation . . . is a good way to dry up the economy that sustains us.

## Trade in Lockney

**It Pays to Buy  
where you Live**

YOU get everything that your money pays for . . . merchandise AND a trade-invigorated community live in . . . when you buy from your home town merchants . . .

## Referendum On Program Dec. 15

Station — A national quota of 12,167,000 national acreage allotment of 15 million acres and a referendum for a farm program on marketing upland cotton have been approved by the Secretary of Agriculture Tait Benson.

In accordance with legislation covering setting the national quota figure the quota figure the total upland cotton export normal supply need 178,000 bales. The national acreage allotment for the state allotment to counties and the county allotment to farms according to provisions of the law.

Marketing quotas for 1959 approved — it takes a two-favorable vote — in the referendum, the grower will have a choice between two allotment programs known as A and B.

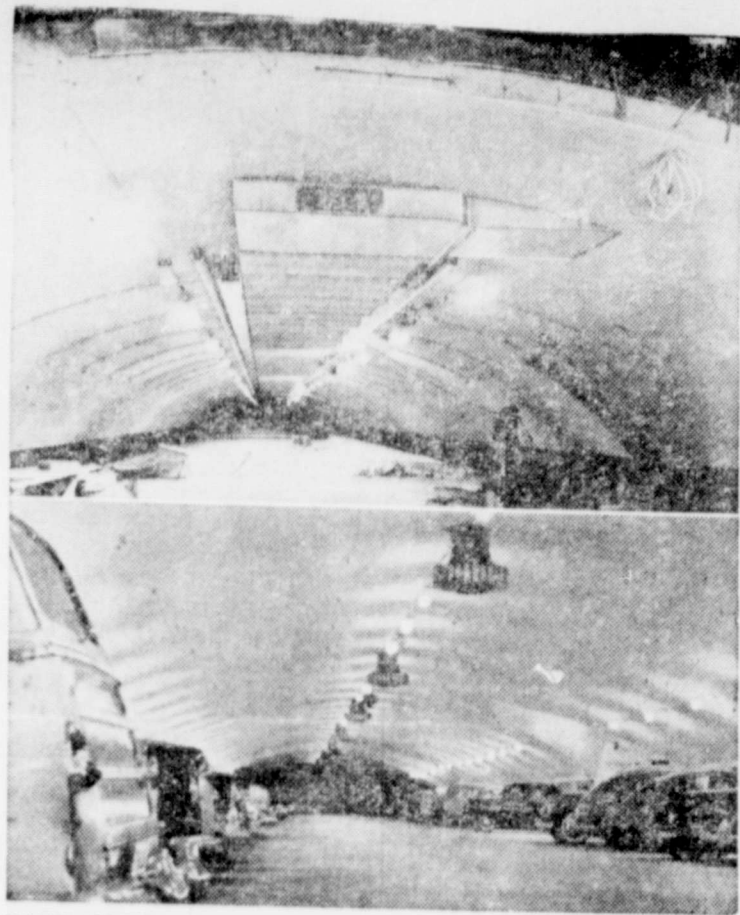

For A growers who combine their regular acreage allotment will have available support at not less than 100 per cent of parity. Growers

under Choice B receive larger farm allotments — 40 per cent above the regular allotment — but with a reduction of 15 per cent of parity in the support price as compared with Choice A.

If marketing quotas are not approved for the 1959 upland cotton crop, only the regular allotment program will be in effect. Price support will be available to cooperators at 50 per cent of parity as provided by law. Under the 1959 quota program and in accordance with controlling legislation, growers who exceed their chosen farm acreage allotments will be subject to penalties of 50 percent of the cotton parity price as of June 15, 1959 on the farm's excess production. Too, all cotton produced on the farm will be ineligible for price support.

According to J. E. Montgomery, program specialist, Texas ASC office, notice of individual farm allotments under both Choice A and B will be made available to producers prior to the December 15 referendum.

Despite increased competition for people's time, newspaper circulation in the U.S. has reached a new all-time high of 58 million newspapers purchased daily. With Canada added, the figure is over 61 million newspapers purchased daily.

VAST CAVERNS excavated in granite by Swedish engineers provide Stockholm and other cities with some of the world's best civil defense shelters today. Built for only about 25 per cent more than surface construction costs, they provide up to 20,000 persons per shelter with protection from radioactive fallout, and also the blast from all but a nearby nuclear hit. Many shelters have peacetime uses, too, such as underground parking garages. (Swedish Civil Defense Photos)

Dear Editor: I see where the President of Pakistan has abolished democracy in his country, on the grounds that the people are too ignorant to govern themselves.

By which he has proved they didn't act very smart when they elected him, and my party-orphan neighbor says the same thing could happen to us.

On account of we hire bunches of just ordinary old boys to look after our national chores, put them in our ego incubator up in Washington and the hatch always produces some with a Hitler complex.

### NUTRITIOUS ONE-DISH MEAL

Nutritionally speaking, this one-dish meal "picks a wallop." Cook 1/2 pound of macaroni in boiling, salted water over a high flame for 8-10 minutes. Shred 1 cup sharp cheddar cheese and butter a 1 1/2 quart baking dish while the macaroni cooks. Put a layer of macaroni on the bottom of the casserole, cover with a layer of cheese and repeat until both macaroni and cheese are used. Sprinkle 1/2 teaspoon of salt and a bit of cayenne over the top, then drizzle a tall can (1 and 2-3 cups) of evaporated milk over all. Cover the top with buttered crumbs. Bake in oven, preheated to 375 degrees until the casserole bubbles and the crumbs are brown, about 25 minutes. Serve with thick slices of fresh tomato, assorted relishes and a fruit cobbler baked at the same time.

### School Menu

November 3 - 7

Monday — Dixie dogs, oven potatoes, English peas and cheese salad, cracker and peanut butter, fruit cup, chocolate cake, milk.

Tuesday — Beef stew with potatoes and carrots, buttered green beans, celery stick, cheese biscuits, punch cobbler, milk.

Wednesday — Pinto beans, canned whole tomatoes, hash brown potatoes, pickle and onions, cornbread muffin, milk, peach halves.

Thursday — Meat loaf, black-eyed peas, buttered asparagus, carrot stick, hot rolls, butter, stewed apples, milk.

Friday — Tuna salad, buttered pimento corn, pineapple and cheese salad on lettuce, plain Jello, sugar cookies, milk, crackers and cheese.

Mr. and Mrs. J. A. W. Killer of Las Vegas, New Mexico, spent from Wednesday afternoon until Friday visiting in the home of Mrs. Frank Dodson. The Killers are former Lockney residents, having lived here from 1922 until 1931. Mrs. Killer is the former Effie Wilson and was reared here. They enjoyed seeing many of their friends while here.

### WEDDING HELD

Miss Felicia Bautista became the bride of Aurelio Saucedo Sunday, October 26, at 2:30 in a ceremony performed in the home of the bride's parents who reside on the Meriwether farm near Barwise, J. J. Harris, Justice of the Peace, Lockney, read the vows.

Mr. and Mrs. Clyde Bearden and children of Spur were week end visitors of her parents, Mr. and Mrs. L. G. Rhine. Mrs. Bearden is the former Wanda Rhine.

Mrs. Jimmy Litsch, the former Elizabeth Handley of Shamrock is attending a Home Demonstration Agent's meeting at A&M this week.

Hurricane winds greater than 150 miles per hour are uncommon. An average hurricane would be about 120 miles per hour just outside the eye, tapering off to 40 miles on the outer edge of the storm, according to the Navy's "Hurricane Hunters".

According to the Navy's "Hurricane Hunters", hurricanes normally move at a speed of 10 to 20 miles per hour, but they may travel much slower, particularly when changing course.

Dear Editor: I see where our ordained sucker saviors, the Federal Trade Commission, is going to crack down on people who advertise cut prices but do not actually do so to same.

My close neighbor says this goes to show how the government is always taking simple pleasures away from the common people.

Says he is sure going to miss the swell inner glow which comes from thinking he has bested some store-keeping dude who has to sell goods below cost for quick cash to meet the payment on his Sunday Jaguar.

## Beef Demand Expected To Continue Good

College Station—Good ranges and plentiful grass plus a hesitancy on the part of many feeders to pay the asking price for feeder calves have, for the second year in a row, delayed the movement of beef cattle into feedlots, reports A. B. Wooten, economist for the Texas Agricultural Extension Service.

Last year prices of feeder cattle and calves started upward in November and by late March had advanced \$6.00 or more per 100 pounds from their October level. A similar increase, points out Wooten, is not likely this year. The bumper crops of feed grains has upped the demand for feeder calves, but feeder prices are now squeezing the price margin in feeding, adds Wooten.

The economist believes the continued high demand for beef will hold through 1959 since business activity has increased. Per capita supplies, however, may drop below those for 1958. Beef, he adds, will be competing against larger supplies of pork and poultry, and the general level of cattle prices in 1959 is likely to remain near the 1958 level.

Wooten says swine producers have been stepping up their marketings in order to beat an expected fall price drop and that the earlier movements had somewhat cushioned the price decline. Prices, however, have dropped more than \$4.00 per hundred from the mid-summer high.

The latest pig crop report indicates that the number of sows farrowing this fall will be 17 per cent higher than for a year ago. When this "hog parade" starts to market next year, Wooten says a sharp price decline is almost a certainty.

Pots and pans are important tools of a homemaker's trade. Today they are designed to harmonize with kitchen decor. It adds enjoyment to kitchen jobs to work with tools that are beautiful as well as useful. It's a good idea to read labels and information given in ads before you buy housewares. Some materials conduct heat more efficiently than others. Some take less care than others. Two new skillets are now available for precise cooking on the automatic top burner heat control of the range. Recommended temperatures for several foods are printed on the handle. Both skillets conduct heat efficiently, are well balanced, and easy to clean.

SALT MINE under metropolitan Detroit, Michigan, offers a unique civil defense opportunity for a large target city to provide both blast and fallout shelter for a substantial number of its citizens with a minimum amount of additional excavation. The mine—second largest rock salt mine in the world—is 1,137 feet under the surface. It would need more equipment and access ramps or elevators to serve as a mass shelter from attack. ## Salvation Army Extends Its Services To All

Growth of the Service Unit Department of The Salvation Army in Texas during the last ten years has been one of the most remarkable developments in the field of social welfare in many years, according to Dan Eddy, Texas State Service Unit Director. The Service Unit Committee, created on a local community basis, brings the great humanitarian work of The Salvation Army into every town and community that desires such service. The Service Unit Department has expanded from a mere handful of communities to more than 180 separate committees serving nearly 2,000 communities all over Texas.

The Service Unit Committee of Lockney, of which Arthur Barker Jr., is chairman, has served this community for eight years and brought food and clothing for the needy and relief in time of disaster. This welfare program has been made possible because the people of Lockney have shown that they have a heart big enough to accept responsibility for caring for those individuals of this community less fortunate than they.

Members of the local Service Unit Committee help make up the more than 1,500 civic and community leaders who serve voluntarily in their own communities throughout Texas to carry on the welfare program of The Salvation Army on a local basis. This is the largest group of volunteers in the south working actively to meet the needs of their communities, Eddy said.

In addition to Chairman Barker, members of this committee are: Charles L. Duran, Treasurer, and Claude Hammond.

Members of the Service Unit Committee donate their time to caring for those in distress.

There are no paid workers and no local administrative expenses. Members of the committee make their own decisions on problems presented to them and thus meet need as it arises without delay or red tape.

The Salvation Army Service Unit Committee is set up to meet the needs of individuals not covered by any other existing organization. It does not propose to take over the work of any already established agency, but has been set up to meet needs on an emergency basis and for those not covered by other groups.

Typical examples of service rendered by the Service Unit Committee include grocery orders to families to meet emergency needs, giving of food and shelter to transients in need, optical and dental care for needy school children, supplementing other forms of aid by supplying medicine, glasses, and other necessary equipment not otherwise available.

To enable the Service Unit Committee of Lockney to continue to function as it has in the past in providing emergency relief, Chairman Arthur Barker Jr. announces that a campaign to raise funds for this Salvation Army Service Unit Committee will be conducted from November 5 to November 15. Funds to support the Service Unit Committee will be provided by this campaign, and Chairman Barker and all members of the committee urge all citizens to consider the good that has been accomplished under the direction of the committee and to give generously for its support.

"We believe that we have a good community in which to live and we are proud of it," Chairman Barker said. "We also believe that any community is just a little bit better when the humanitarian work of The Salvation Army is carried on there. Your help in supporting this work is needed."

Money refuses to talk today — it just goes without saying.

## Tech and West Texas Freshmen Play Saturday

Many Lockney football fans will be very interested in the game Saturday between the freshman team at Texas Technological College and the West Texas State freshmen since several Lockney boys will probably see action. The game will be played in Jones Stadium at Lubbock starting at 1 p. m.

Lockney boys on the college roster include John Hanst, center, at Tech, Lane Crank, tackle, Dickie Barton and Jerry Williams, backs at West Texas State.

Admission to the game, a benefit for the National Football Hall of Fame, is \$1 for adults and 50 cents for others. Many other South Plains football stars will appear in the college freshman line-ups.

In Tech's Picador lineup will be such stand-outs as quarterback Soapy Sudbury, halfback Milton Brown, halfback Leo Brittain, halfback Dickie Polson, end Charles Rice and guard Ken Kendrick of Amarillo; halfback Richard McMinn of Stratford, quarterback Billy Ryan of Seymour, fullback Hubert Pearce and end Blake Adams of Monohans, guard Jack Dukken of Wilson, tackle Larry Mullins of Snyder, tackle Richard Stafford of Matador, tackle Don Walkup of Quanah, end Bill Black of Muleshoe, end Archie English of Seminole, end Freddie Thompson of Morton and end Robert Sanders of Muleshoe.

West Texas State's Calves boast a similar lineup of Clarendon's Jerry Behrens, Canyon's Richard Burgess and Dory Funk, Amarillo's Jerry Cannon, Matador's Garland Cartwright, Dayton Graham and Franklin Thrasher, Phillip's Johnny Crook, Slaton's Doug Corley, Friona's Weldon Fairchild, Seminole's Bill Wallace, Ralls' Ocie Forbes, Price College's James Willburn, Sunray's Jim Gibson and Jimmy Hill, Spur's Randall Gilcrease, Ray Powell, and David Morgan, Hereford's Sam Lesley, Tulia's David Hutto, Sundown's Jimmie James and Guerry Wright, Plainview's Larry Pool, Farwell's Tom Lovelace, Lubbock's Tony Moyers, Hale Center's Ferman McBeth, Gruver's Al McClellan, Borger's Bill O'Dell and Dennis Wilsford and White Deer's Courtney White.

Texas Tech varsity meets Tulane University, recent conqueror of Navy, in New Orleans Friday night.

Tech's next game will be against Arizona in Lubbock Saturday, November 6, afternoon.

# Longhorns Trample Abernathy

## Place, Strong Line Lead Big To Stirring 22-12 Upset Win

Upset herd of Lockney Longhorns outfought and upset previously unbeaten Abernathy Antelopes, coming out on top of a 22-12 count when the two teams collided evening on Mitchell-Zimmerman Field. Lockney's Big Red led an 8-6 halftime advantage. They turned two breaks inside the Antelope 25 yard line — into quick downs shortly after intermission and moved into a leading 22-6 lead.

Longhorns, defending District 2-AA titleholders, proved they are still champions as they stopped Abernathy's win at seven. A crowd of 2,000 watched Lockney win the first district trial of the season and move into a tie with the Antelope for the conference lead. The loss dropped 2-AA Abernathy into a deadlock for third place.

Lockney's defense ends in the area, suffered a knee injury in practice last week and watched the game from the sideline. Brock, a Longhorn standout for three seasons, was sorely missed by the Longhorns. The injury-riddled Big Red also missed the services of halfback Jackie Calahan and quarterback Jimmy Minter.

Lockney's record now stands at three wins, four losses. Mickey kicked to the 11 to open the third quarter. Abernathy ran the ball back to their 20. The Antelopes gained 7 before Mickey fell on a loose ball on the 24.

Race drove for 9 and 15 yards which gave the Big Red another six points. Race was stopped short in an attempt to run over for extra points. Score: Lockney 14, Abernathy 6 with 10:43 remaining in the third stanza.

Mickey got another good boot to the 12 with the runback netting 12 yards. Harris fell on another fumble at the Abernathy 22.

Clark gained 2, Race moved for 2 and a first on the 8. The jarring fullback drove for 1, 2, 2, and scored from the 3. Race passed to Clark for two points. Lockney moved into a 22-6 lead with 7:20 to play in the third quarter.

Abernathy moved Mickey's kick from the 13 to their 25. A clipping penalty on the kick pushed the ball back to their 14. The visitors made 6, 2, 0, and ran from punt formation for a first on their 27. Abernathy passed for a first on the 50, passed incomplete, lost 3 on a fumble, gained 4, passed for a first on the Longhorn 31. The Antelopes made 1, passed for a first on Lockney's 20, gained 0, 3 before Hayes grabbed a pass on the Big Red 4.

Race gained 2, 1, Hayes ran for 4, Race punted to the Longhorn 40.

Abernathy made 2, 3, a first on Lockney's 28, 2, 1, quarterback Lane Tannehill passed to end Jim Dye for a touchdown. Tannehill passed incomplete in the try for extra points. Score: Lockney 22, Abernathy 12 with 8:26 remaining in the contest.

The Antelope kick was ruled dead on the Abernathy 46. Race gained 2, Clark made 5, Race drove for 2, Mangold kept for a first on the 35, Mangold made 6 on a keeper play, Race made 1 and a first on the 21. Clark gained 2, Race puffed for 2, Abernathy was offside, Mangold kept for the first down on the 11. Lockney was offside, Smith intercepted an aerial on the Abernathy 10.

The Antelopes passed for a first on their 31, ran for another first on their 45, passed for an 8-yard gain, passed incomplete, ran for 0, passed for another first on the Lockney 32. The visitors passed incomplete, gained a first on a 15-yard penalty against Lockney, had two incomplete passes as time ran out.

Lockney's Longhorns had claimed their first win in an attempt to gain their third straight district title. (The Big Red tied Spur for the conference championship in 1956 and won the 2-AA and bi-district titles last season.)

Lubbock — "Pigskin Review" will be the theme of Tech's 1958 Homecoming parade Saturday morning, Nov. 22. The procession of colorful floats made by Tech organizations will precede the afternoon football game between the Red Raiders and University of Arkansas Razorbacks.

Other features will be the Homecoming Queen coronation, a pep rally, end class reunions Friday, Nov. 21. Comedian Bob Hope also will appear that night in Lubbock Municipal Coliseum.

Festivities will be climaxed with Homecoming balls Saturday night.

### W. M. Ferguson Is Injured In Fall

W. M. Ferguson, 86-year-old Lockney resident, was injured in a fall down a flight of stairs at his home Tuesday morning. The aged man suffered a broken shoulder and a severe blow on his head in addition to bruises and abrasions. He was unconscious for a time.

He is under treatment at the Lockney General Hospital where his condition was reported to be as good as could be expected Wednesday morning.

Mr. Ferguson had gone upstairs to get some electric blankets and was returning with them when he fell. His wife, who is in a wheel chair, managed to get to the phone and call relatives who came immediately to the assistance of the couple.

Mr. Ferguson was sent to Lubbock for attention of a bone specialist by physicians at Lockney General Hospital but was returned to Lockney Tuesday afternoon. It is believed that his shoulder will heal satisfactorily, members of the family said.

**DR. MELVIN E. GARRETT JR.** of Waco, state president of the Texas State Chiropractic Association, will speak at the tri-district meeting of chiropractors at Lubbock Saturday and Sunday. The two-day meeting will be in the form of a seminar and a number of speakers from Texas Technological College at Lubbock will be on the program. Dr. A. E. Hewitt of Lockney is on the program committee for the affair.

### Lions Seek Funds For AG Pickup

The Lockney Lions Club will accept donations toward the purchase of a new pickup for the Lockney Future Farmers chapter, President Leon Wofford said this week.

"The Lions Club will donate some money toward the project but we don't have enough finances to pay it all," Wofford said. Any person, business man or farmer, who wishes to make a donation toward the new pickup may give it to any member of the Lions Club or leave it with Virgil Thomas at the First National Bank, Wofford said.

The old ag pickup will be traded in on the new one, but the exact amount needed is not known yet, Leon said.
