Oiled Road To Be Tried In This Precinct

Commissioner Hugh Counts said Monday that he is experimenting with four miles of oiled road in an area northeast of Lockney, and he believes the experiment will bring an all-weather road to quite a few residents of the area.

A specially prepared road oil is poured on the dirt road, road machinery then blades the road working the oil into the soil. The road is then smoothed and packed. The oil prevents the road from absorbing water and during rains the water drains off, leaving a firm surface for travel, Commissioner Counts said.

The four miles of dirt road which is being treated starts from Highway 135 at the Clayton Weather place a mile east of Lockney, travels north two miles, thence east one mile and back north one mile.

Advantage of this type road is the low cost, Mr. Counts said. He estimated that it will cost about \$1250 per mile to oil the road, compared to \$7,000 to \$8,000 per mile for asphalt paving. The oiled road should last for seven or eight years, he said, then a half application can be put back on it and it will be as good as ever. Around 14,000 gallons of oil per mile is required to do a good job.

Mr. Counts and County Auditor Fred Conner spent a few days last week in East Texas near Paris inspecting some oiled roads in that area and in- vestigating the cost and method of application.

Veterans Day Observed Here

The bank, post office and public service companies were the only places of business to close for Veterans Day, Tuesday of this week. However most all places of business display- ed their flags in observance of this day, once called Armistice Day but now set aside to honor veterans of all wars.

Annual Banquet For 4-H Club Members Sat.

The Floyd County annual 4-H Club Achievement Banquet will be held in the Lockney High School cafeteria Saturday evening. Feature of the evening's program will be the present- ing of awards and the revelation of the county's Gold Star boy and girl for 1958.

The program will get under- way at 7:30 p. m. Warren Mitchell of Lockney will be master of ceremonies. Theme of the meeting will be "Harvest of Achievements."

Awards will be presented to 4-H members for outstanding work and year pins to those completing their projects. An- other special feature of the program will be the presenta- tion of a plaque to the first- year club members, a boy and a girl, who have done the best job in 4-H work. The record books that the 4-H club members have completed and handed in will be used as a basis for the awards and year pins. These 4-H club members, their parents and leaders will be invited to attend the ban- quet.

A committee of 4-H club members have planned the program, which promises to be an interesting one. The film, "The Seven Lean Years" will be shown. A resume of the past year in 4-H will be given by a boy and a girl club member.

Beth Scott, Harmony 4-H club member, was chairman of the planning committee. Other committee members were: Decorations: Nancy Bollman, Lockney; Billy Dan Colston, Dougherty; Teddy Porter, Floydada.

Program: Frieda Smith, Dougherty; Sue Wilson, South Plains; Pat O'Brien, Aiken; Norman Hooper, Harmony.

Invitations: Warren Mitchell, Lockney.

Program Books: Frances Jones, Providence.

4-H leaders assisting the committees are: Mrs. Sherwood Ramsey, Harmony; Mrs. Henry Bollman, Lockney; Mrs. Sam Jones, Providence; Mrs. Bill Colston, Dougherty.

Western Week, Twirp Week At Local Schools

The Lockney High School will observe two special weeks in one next week, according to officers of the Student Council. The school will observe Western Week and all students will be expected to wear western regalia during the week. Twirp week will also be observed the same time. Twirp is abbrevia- tion of the phrase, "The Woman Is Requested To Pay" and during this week girls must stand the expense of dates with their boy friends.

The two weeks are sponsored by the Student Council.

American Education Week is being observed this week and special invitations to parents were sent out Tuesday asking that they visit the school. No special program has been planned, Principal F. M. Smith said.

It's A Boy! For Broadhursts

Leslie Charlies is the name of the son born to Rev. and Mrs. Charles Broadhurst Tuesday at 1:35 a.m. at Lockney General Hospital. The husky young man weighed 10 pounds, two ounces at birth and has black hair. His father is pastor of the First Baptist Church here. This is the couple's first child.

Grandparents are Mr. and Mrs. Jim Cator, Gruver, Tex., Mr. and Mrs. W. R. Broadhurst, Friona. Great-grandparents are Mr. and Mrs. R. Broadhurst, Monte Vista, Colo. Mrs. John Broadhurst of Monte Vista, Colo., is the infant's great-grandmother. She is 97.

A 4-H committee with Beth Scott as chairman has planned an interesting program for the evening.

GO TO CHURCH SUNDAY.

Honor Roll For High School Is Announced

High School Principal F. M. Smith this week announced the honor roll for the first nine weeks period of this school term. To be on the honor roll the students must average 90 or above on all subjects except one and must have not less than an 85 average in that subject.

The roll is as follows: Freshmen: Paulette Kropp, Arlene Purcell, Judy Thomas. Sophomore: Louise Bollman, Bill Mangold, Carolyn Merrell. Junior: Oyama Buchanan, Marjorie Lacy.

Senior: Patsy Anderson, Peggy Ford, Debra Ferguson, Janice Hays, Joe Mac Holmes, Weita Kent, Pat McLaughlin, Nancy Tyler.

Stake Off Weed Patches Now, Board Urges

Board of directors of the Floyd County Weed Control District issued an urgent appeal this week for farmers to stake off the bindweed patches on their farms. A hard freeze of 20 degrees or below will kill the weeds to the extent that they cannot be easily lo- cated, it was pointed out.

"Please stake off the patches which you may want to have treated this winter before the end of this month," the state- ment said. By treating now, winter rains will carry the chemical into the root zone and a kill may be made while the weeds are dormant. Thus the soil will resume production sooner, the statement contin- ued.

Under normal conditions a patch of bindweed will increase ten feet in diameter each growing season, which means a greater cost if treatment is put off. Since the district has no way of knowing for sure who has or has not treated bindweed a request is made for all farmers who are inter- ested in treatment on their farms or on the county rights-of-way to come in to the district office, room 113, court- house, or phone YU 3-3570, Floydada, to make arrange- ments for treatment, according to Douglas Degge, supervisor. There is no charge for treat- ment and chemicals can be ob- tained through the district at prices slightly above dealer cost.

In a meeting of the board last Thursday, it was decided that church and school property is to be treated free of charge and treated at the same time the farmer adjacent to it treats his bindweed.

A third bindweed demonstra- tion has been set up eight miles north of Floydada on US high- way 207.

Refunds to those who made donations for the election fee for the Weed Control district will be given in person or mailed by the end of November.

Mr. Degge has a visual aid program which he will be happy to give to any commu- nity, civic or club meeting for those interested in learning more about the Noxious Weed Law and control of noxious weeds.

The district received a 300 gallon John Bean sprayer Tues- day of this week which will be put into service very soon.

Enchalada Supper Set For Cedar Church

An enchalada supper will be held Tuesday night, November 18 from 6-8 o'clock at the home of Mr. and Mrs. Durrell Forten- berry. Proceeds will go to the Cedar Hill Assembly of God Church missionary project.

Adult plates will be \$1.00 and children 50c.

Lone Star Singing Set For Sunday

The regular fourth Sunday singing will be held at Lone Star Baptist Church Sunday afternoon, Oct. 16, beginning at 2 o'clock.

This will be the last singing in the area until the Six County Singing Convention is held on Saturday night and Sunday afternoon, Nov. 29 and 30, at Lone Star.

October Tax Collections At All Time High

County Tax Assessor-Collector T. T. Hamilton said this week that collections through his office during the month of October were higher than any October since he had been in office and that poll tax pay- ments were running almost 50 per cent higher than last year, which was an election year.

The county office collected \$236,375.35 during October, which was 69.5 per cent of the 1958 roll. Last year during the same month the collections were only 59.8 per cent of the roll.

Poll tax payments in October totaled 737 compared to 588 during the same month last year. Usually election year poll payments exceed those of off- years considerably.

School Taxes

The Lockney Independent School District also had a good month for tax collections. Mrs. Alice Ford said Wednesday. The school district collected slightly less than 67 per cent of current taxes during October along with some delinquent taxes.

Current taxes collected total- ed \$75,841.53 less \$2,217.05 in discounts for a net of \$73,624.48. In addition delinquent taxes totaling \$2,215.16 were collected plus \$40.07 in pen- alties and interest.

Miss Juanita Thompson, city secretary, said Wednesday that less than one-third of current city taxes had been paid in October. The exact amount was unavailable.

Some Injuries In Auto Collision

There were some injuries, none serious, in an auto col- lision last Friday morning at the corner of West Locust and West 2nd Street. Mrs. Charles Heatherly suffered a broken collar bone and a broken bone in her shoulder. Mrs. C. A. Griffith suffered bruises and shock and three small children of Mr. and Mrs. Leonard Griffith and Mr. and Mrs. Elmer Griffith, riding with their grand- mother, were cut and bruised slightly.

The accident happened as Mrs. Heatherly was driving her 1952 Plymouth east on West Locust and Mrs. Griffith was driving her 1948 Chevrolet north of Southwest 2nd Street. Mrs. Griffith stopped at the corner and then started up striking the Heatherly car in the side, investigating officers said. The Heatherly car turned over once completely, stopping upright on its wheels in front of Poole's Automotive. Mrs. Heatherly stayed in the car and was sitting in the seat holding to the steering wheel when the car stopped. Doyle Poole, rushed her to Lockney General Hospital where she was treated for her injuries.

Both cars were badly dam- aged.

Texas Farm Bureau Membership Now At All Time High

Waco — The Texas Farm Bureau now has the largest membership in its history — 76,032 farm and ranch families, according to Millard Shivers, director of organization for the TFB.

This is a gain of 3,351 over last year's membership of 72,681 and makes the sixth consecutive year that the organiza- tion has shown an increase. The membership has more than doubled in the past ten years, up 42,179 from the 1948 figure of 33,852.

According to Shivers, it is possible that Texas will wind up the fifth largest state Farm Bureau in the nation. Only Illinois, Iowa, Indiana, Ken- tucky and Kansas were larger last year, and Texas could over- take Kansas this year, Shivers said.

The state Farm Bureau's fiscal year ended Oct. 31, but a last-minute flood of member- ships in the state office from the 196 organized counties in the state delayed the final compilation.

Mr. and Mrs. Jerry Stuch- loch and three children of Amarillo spent Saturday and Sunday here visiting his par- ents. Mr. and Mrs. J. S. Mc- Culloch.

County's 1959 Cotton Acreage Quota Received

The County ASC office has received Floyd County's 1959 cotton acreage quota but is prevented by federal regula- tions from revealing the quota. The Beacon was told Wednes- day. As soon as the quota is published in the Federal Register, the local office may re- lease the figures.

Last year's cotton acreage quota for this county was 99,985 acres. The national cotton acreage is to be cut around 9 1/2 per cent next year but per- sistent rumors here say that Floyd County will not receive that large a cut. The grapevine has the Floyd County acreage at about five per cent less than this year.

The county acreage and the individual allotments will be released before the national cotton acreage quota referen- dum in early December.

Legion Buys Property In East Lockney

Landrum Post No. 141, Amer- ican Legion, have purchased 4.2 acres of land in East Lock- ney and will construct a Legion home there within the near fu- ture, W. L. Thomas, post com- mander said Wednesday.

The acreage was bought from the Henderson estate and fronts on the paved road cut- ting through from the county barn to the Lockney loop. It is located on the west side of this road. There are no improve- ments on the property.

Mr. Thomas said that plans had not been completed as to the kind of building to be con- structed. This decision will be made at the regular meeting of the Legion post next Mon- day evening.

The local Legion post recent- ly sold their property, building and all, on North Main Street to the First National Bank. The bank plans a modern bank building on the property.

P.T.A. Hears Plainview Speaker

Miss Esther Sorenson, area homemaking supervisor, Plain- view, spoke to Lockney Parent- Teacher Association Tuesday evening on the topic, "Stepping Stones Toward Maturity". The meeting began at 7:30 at the high school auditorium. Pre- ceeding the speaker were musical numbers by the rhyth- m bands from the first grades, led by Mrs. C. L. Record, S. A. Freeman, minister of Main Street Church of Christ, gave the invocation. The treasurer's report showed a bal- ance on hand of \$194.49.

Program chairman, Mrs. Wayne Greer, introduced Mrs. C. L. Record and the first grade rhythm bands. Mrs. Elythe Clark's room played "Anchors Aweigh" led by Susan Mosley; "Stars and Stripes Forever" led by Debra Webster, Miss Nellie Brown's room played "American Patrol" led by Ken- ny Hatch and "Yankee Doodle" led by Mark Seaman. Mrs. Leona Watson's room played and sang "London Bridge" led by Maria Pesina and "Teddy Bear" led by Bobby Hernandez. Mrs. Muncy's room did not play due to the number absent from her room. They will present a program at a later date.

Mrs. Don Hatch gave "Food for Thought" and Mrs. Boyce Mosley, president, expressed her thanks for the ones who participated in the program.

Miss Brown's room was the highest in percentage of par- ents present with 60 per cent. Mrs. Clark's and Mrs. Watson's rooms tied with 50 per cent.

Boy Scouts Will Sell Light Bulbs

Troop 59, Boy Scouts of Amer- ica, will sell light bulbs this week end to raise money for the troop fund. It has been an- nounced by Bob Miller, assist- ant Scout Master. The Scouts will sell a sack containing seven bulbs for \$2.00. The price is below the usual cost of the bulbs and the Scouts can still make some money, Miller said. The project has been set up with the co-operation of South- western Public Service Co.

The Scouts will make a house-to-house canvas of the town, working Thursday and Friday afternoons and all day Saturday.

VISIT SISTER

Mrs. Jeffie Griffith and Mrs. Ruby Merrick of Lockney, Mrs. Cleve McGhee of Plainview re- turned Tuesday from a visit with their sister, Mrs. John Broyles at Weatherford.

Longhorns End Grid Season At Morton Friday

The 1958 football schedule ends for the Lockney Long- horns Friday evening when they travel to Morton. Fifteen players and three managers are seniors in LHS and will re- present the Longhorns for the final time Friday evening.

Both the hard-luck Long- horns and Morton are out of the running for the 2-AA championship race. Lockney has a record of three wins and six losses. However, all the Big Red's games, except Dim- mit, have been close and could have been won with a little luck. In 2-AA contests the Longhorns have upset Abernathy, 22-12, but lost to Olton, 18-14, and to Muleshoe on first downs after the score and pen- etrations were tied.

This is Morton's first year to play in Class AA. The Indians pass from the spread formation and run from the T formation. Coach Elvin Lyon's Lockney squad, dogged by injuries all season, will have several boys out of action Friday evening. Byron Brock, Jackie Calahan, Jimmy Minter have been out for several weeks. Halfback Ronnie Thornton and tackle Ricky Duvall are doubtful starters. Duvall, who is suffer- ing from a bad cold, may be able to play.

Heading the list of seniors are star fullback Bill Race and standout center Duane Griffith. Brock, a starting guard for three years, has been all-dis- trict selection for two years and would have undoubtedly repeated this season, but a knee injury has sidelined him since conference play started.

Other seniors regulars in- clude end David Roberson, tackles Stephen Handley and Duvall, guard Ronnie Harris, halfback Ronnie Thornton, defensive halfback Alvin Hayes, defensive end Milton Mickey. Quarterback Minter and half- back Calahan were starters un- til they were forced out of the lineup by illness and injury. Completing the list of seniors are guard Larry Elam, end Lesley Wilkes, end Wyman Cooley.

Senior managers include Joe Holmes, Kenneth Calloway, Joe Cox.

The local coaching staff thought that the Longhorns could have beaten Muleshoe with a little luck. They praised the play of Griffith, Dan Smith, Race, Oyama Buchanan, Rob- erson, Wayne Cooper.

The lineup will be about the same for the Morton clash. Hayes, a defensive regular, will replace the injured Thornton in the offensive lineup at left halfback. If Duvall is not able to start, Smith will be moved from right guard to left tackle and Cooper or Elam will play right guard.

2-AA Title To Be Decided

The district championship will be decided this week when Muleshoe plays at Abernathy. The strong Abernathy Ante- lopes, beaten only by Lockney this season, will be favored to take the win and the right to represent 2-AA in the playoffs. If Abernathy downs Muleshoe the two teams will be co- champions of the conference. A Muleshoe win would give the Mules sole possession of the title.

Talent Show Takes Place Tonight

Lockney Band Boosters Club and the Mary L. Spence Music Co. of Plainview are sponsor- ing a Talent Show and Ama- teur Contest tonight, Thursday, Nov. 13, at 8 o'clock at the Lockney High School Auditor- ium.

Three prizes are being furn- ished by the music company. Admission price is 25c for school children, 50c for adults.

Included on the show will be Zeb Turners Radio-Televi- sion and Recording Band, Paul Ziegler's All Accordion Band, LHS Junior High Melody Mak- ers, LHS trio, Rosalee Sanchez in Mexican Hat Dance, Eulalia Sanders, Janice Carthel, Bette Jefferson, Glen McCandless and many others.

EDITORIAL

Remember the words of the Lord Jesus, how He said, "It is more blessed to give than to receive." — Acts 20:35.

WHAT ARE THE implications, as far as the High Plains of Texas is concerned, of the Democratic sweep in the congressional races last week? It might be hard to tell exactly what the attitude of the next Congress will be on some issues but on others it is pretty clear. The Democratic majority should work to the benefit of this area as far as a farm program is concerned. It doesn't appear that the Democrats have enough strength to override a presidential veto of a favorable farm bill but possibly some farm area Republicans might go along with them on such a move. However, on the other side of the fence, some big city Democrats might vote against a farm bill that would please this area. At least we might say that we have a better chance of getting a farm bill favorable to this area than we have had in the past few years.

NO DOUBT that the new Congress will be a "spending" Congress, as the President has stated, and for that reason we may expect more money for old-age pensions, more money for housing, possible even more coverage for social security. Probably the issue of federal aid to schools will be revived and may come to pass.

BUT THERE will likely be something happen that won't be to the liking of the people of the High Plains. This will be a "liberal" Congress, more socialist than any we have had in a good many years. Labor will have a lot of influence because they have helped to elect a lot of Congressmen. Probably the unions will push for a higher minimum wage. They might seek to have minimum wage laws extended to include farm labor, a thing that farm organizations have been fighting for a good many years. Certainly they will seek to have it extended to cover areas of workers not now covered by the law.

EFFORTS WILL be made to repeal the law allowing the states to have right-to-work laws. If so, then Texas' right-to-work law will be nullified and compulsory unionism will be legalized. This will be another case where the national government will be telling the state government what it can or cannot do. Efforts may even be made to repeal the Taft-Hartley law, passed in the late forties to curb the unions after they had been turned hog wild by the Wagner Labor Law passed during the Roosevelt administration.

GONE IS ANY chance for "labor reform" laws. The union bosses will not allow any such thing to pass the new Congress. Probably they will promise to do the job themselves, a promise that has been made often but seldom kept.

INTEGRATION will be pushed harder than ever. The "liberal" element will be stronger and they favor the

integration of the schools. Probably the liberals will seek to do away with the filibuster, the weapon which Southerners have used many times to prevent the passage of civil rights laws. Once the filibuster is gone, then the passage of stronger civil rights measures will be an easy matter.

PEOPLE OF Texas and the South are mostly pleased with the big Democratic majority in the Congress. But along with the benefits derived from this majority there will be some things that will be hard to take and they will be the products of the Democratic controlled Congress. "With every rose there comes a thorn," the old saying goes. So it is with politics.

FINAL OUTCOME of voting on proposed constitutional amendments resulted in these changes:

1. Appointees to vacated county judge and justice of the peace posts may serve only until the next general election — not for the remainder of a four-year term.
2. Precinct county and district office holders may not announce for another office without resigning the office they hold.
3. Cities may elect their officials for four-year, instead of two-year terms.
4. Former Texas Rangers or their widows may receive pensions up to \$80 a month.
5. State funds may be spent to advertise Texas outside the state.
6. Legislature may pass a law providing medical care assistance for people receiving old age pensions, aid to the blind, disabled or dependent children.
7. Legislature may authorize the creation of new hospital districts in Potter, Wichita and Jefferson counties.

On the other hand, when Texans put their foot on the proposal for annual sessions and \$7,500 annual salaries for legislators, it meant lawmakers would face next year's tough taxing session with only 120 "pay" days. Lawmakers will have to get along on \$25 a day for the first 120 days and then their pay stops except when special sessions are called by the governor.

Also turned down was a proposal to set up pension plans for elective officials of counties and precincts.

MR. FORMBY

It has been mentioned in the press over Texas upon several occasions of late that Marshall Formby of Plainview, likely will be a candidate for Governor in 1960. Mr. Formby, chairman of the Texas Highway Commission, was in Lubbock last week and confirmed the fact that he will be a candidate. Furthermore, he is fully optimistic over his chances.

Commissioner Formby is a former State Senator from this area and years ago began his political career as County Judge of Dickens County. A native of the Dickens County town of McAdoo and a graduate of Texas Tech, his background is typically West Texas: cotton farm, business (radio stations in several area cities) and, later, a license to practice law.

Whether or not Commissioner Formby can win in 1960, nobody knows as of the moment, because conditions can change and tides can run a lot in a year and a half. Also, the iden-

tities of other candidates will have a bearing, although thus far the only names mentioned have been those of Formby and the present Attorney General, Will Wilson, of Dallas.

The point at the moment is this:

Commissioner Formby is a serious candidate and, by his own statement, will continue to be one until the voters decide on the big job covering the 1961-63 period. His candidacy is not "just talk."

Incidentally, Commissioner Formby has a crackerjack springboard upon which to operate. As chairman of the Highway Commission, he gets around a great deal, attends many large meetings at which he speaks and makes contacts, and is the top man in the No. 1 division of the State's Government from a standpoint of both size and efficiency.

He could become the first Simon-Pure South Plainsman to be governor of Texas. — The Plainsman in Lubbock Avalanche.

ALASKA WARNED

Senator Alexander Wiley (R., Wisconsin) sounded a warning to the new state of Alaska. He advised strongly against this state legalizing gambling under the guise of needing funds to balance its budget.

This senator gave some strong arguments for his position. He served as a member of the special committee to investigate inter-state crime, headed by Senator Estes Kefauver of Tennessee. Wiley pointed out legalized gambling has been tried as a source of revenue but that in each instance in a net loss to society and has been abandoned. He said that for every dollar received by the state from gambling taxes, it costs the state \$5 more in higher police, court, penitentiary, and relief costs. He further pointed out there was no way to record the cost of broken homes and suffering families due to husbands gambling away their pay checks.

He made a very true philosophic observation when he stated, "Every once in a while somebody proposes that legalizing sin is the way to eliminating it." Then the senator asked, "How can one establish greater morality by condoning immorality?" He further pointed out that people of the underworld invariably gravitate to the areas where gambling is legalized. — Alabama Baptist

CROSS ROADS REPORT

Dear Editor:

I see where federal transgression hunters have been down in Alabama where they have heard that some colored citizens have been discouraged from voting.

But the Alabamians have sort of taken the Fifth Amendment by not letting the G-men see their records on this subject.

My shift neighbor says he once tried misplacing some records the Internal Revenue wanted to see and he liked to have gone to jail, on account of only Communists and labor bosses have got a license to contempt the federals.

IT'S WINNING TEXAS — as it won the Fashion-Wise at the Brussels World's Fair!

You never had it so beautiful and so all-out new...

59 FORDS

AWARDED THE GOLD MEDAL for beautiful proportions — By the Comité Français de l'Élégance of the Brussels World's Fair

THE WORLD'S MOST BEAUTIFULLY PROPORTIONED CARS

are packed with surprises!

Expect to be dazzled when you see these totally new Fords! Each one of Ford's 19 new models is completely and refreshingly changed in every square inch. Each, in its own way, is the world's most beautifully proportioned car. Each has Thunderbird elegance.

Look for something new and just right in size... and you'll find it! The lowest-priced Fords are 6 stunning inches longer... have 2 extra inches of smooth-riding wheelbase.

Expect something wonderful in savings. For instance, Ford prices for '59 are traditionally down-to-earth prices. (Every model's priced below the equivalent model of Ford's nearest competitor.) Ford's aluminum mufflers—standard equipment—last twice as long as conventional mufflers. Ford's standard V-8 and Six save up to 5¢ a gallon because they require only regular gas. Ford cars need oil changes only every 4000 miles. And Ford's new super enamels never need waxing.

Look for something special in performance. New V-8's concentrate their new punch at speeds from 30 to 70 mph, where you need it most.

Look for newness everywhere... right down to the new Tyrex tires. Let your Ford Dealer show you. You've never had it so new!

NEW FLU VACCINE

If and when a new vaccine against the common cold has been thoroughly tested and proven, the telephone company may have played an important part in the experiment. Employees at the St. Louis headquarters were offered the anti-cold shots, which while still experimental have been proven safe, on a voluntary basis. The location was selected for the test because it offered a conveniently located cross-section of people on whom health records are available. The Southwestern Bell Telephone Company is cooperating at the request of the Common Cold Foundation and the US Public Health Service in this experiment.

Wouldn't it be wonderful to just be able to get a shot and not have to worry with the sniffles?

HOLIDAY GET-TOGETHER BY PHONE

With Thanksgiving at hand, many people I know are planning a long distance call to family members living out of town.

If all the people in your family won't be with you in person for turkey and all the trimmings, let a telephone call wipe away the miles and still make it a "family day".

After all, a long distance "voice visit" is the next best thing to being together. Why not plan now to make your call Thanksgiving Day?

"Strange Case of the Cosmic Rays"

The fascinating story of how scientists tracked down the mysterious cosmic rays will be told in a Bell System science show coming your way on TV on Sunday, November 23.

"The Strange Case of the Cosmic Rays" was first telecast last year. Today, this program should be even more timely with television viewers, since one of America's satellites spinning around the earth carries special sensitive devices to record these cosmic rays.

Starring Dr. Frank Baxter in the role of the "Scientist" and Richard Carlson as the "Writer", this Bell System science program is another in the series designed for family entertainment.

"The Strange Case of the Cosmic Rays" will be telecast over Channel KCBD-11 at 5:00 P.M., November 23rd, Sunday.

Call by number. It's twice as fast.

ARRIVES IN GERMANY
 Mrs. Jimmie Heard, the former Jan Mathis, daughter of Mr. and Mrs. D. B. Mathis, Lockney, arrived at Stuttgart, Germany, according to schedule on Thursday night about 8 p. m., Oct. 23. She was met by her husband who is stationed there. They expect to be overseas about 18 months. Mrs. Heard writes her mother that evidence is everywhere that the Germans do not believe in God. She says commodities are extremely high, for example, coffee is \$2.50 a pound and six cigarettes are 25c.
 For the many friends who have inquired, the couple's address is: Pvt. Jimmie D. Heard, U.S. 54199848; STC Company Car; A.P.O. 46, N.Y., N.Y. Jimmie's parents are Mr. and Mrs. Austin Heard, Lockney.

CONDITION IMPROVED
 Gordon Derrill of Mr. and Mrs. C. is improving this after having been confined to bed for several weeks. This is the first time he has been able to get up since he was attacked by a severe cold which occurred six or eight weeks ago. He is feeling much better at this time, according to reports from his mother.

Like a good set of spurs... a Gas Range never wears out. Unlike spurs many improvements have been made in design... in convenience features... in cooking performance. Maybe you've never used Gas for cooking, at all. Either way, you're in for some nice surprises. Visit your Gas Appliance Dealer's and have a look. Remember this: THERE'S NEVER WAS A BETTER TIME THAN NOW—TO CHANGE TO A NEW GAS RANGE!

Dear Editor:

I see where a once-salty hood by the name of Mickey Cohen has sued a big magazine for \$1,000,000 for defrauding his character by printing his life story.

My rugged neighbor says this shows the hoodlum business has gone to the dogs, same as many other social relationships. Time was when a self-respecting mobster wouldn't have dreamed of using the Courts to settle a grudge.

Says, though, hardly anybody defends his honor or his fences man to man any more. Nowadays he wants satisfaction he can put in the bank.

WANT TO SCALD MILK

Many yeast bread recipes suggest that milk be scalded, then cooled to body temperature before it's added to the yeast. According to Margaret Spader, home service editor of the Gas Appliance Manufacturers Association, the reason for scalding the milk is to destroy certain enzymes that interfere with yeast activity. Pasteurized and evaporated milk do not need to be scalded as the enzymes have been destroyed by a previous heating process. These milks should be warmed to about 105 degrees as cold ingredients slow up yeast action.

GO TO CHURCH SUNDAY.

Tex. Grain Sorghum Production Hits 100 Million Bushels

College Station — Grain Sorghum has taken a place of prominence in Texas agriculture.

Annual grain sorghum production in Texas has been more than 100 million bushels five times since 1949 with a maximum production of 238 million bushels in 1957. The average annual monetary value of the crop in Texas since 1949 has been 130 million dollars and it is the second crop in Texas in money value, being exceeded only by cotton.

Sorghum as a grain crop in the United States is exceeded in production only by wheat and corn. As a world food grain, sorghum ranks third behind rice and wheat.

The chief use of sorghum grain in the U. S. is feed for poultry, cattle, sheep and swine. The grain, which contains 12 per cent protein, 3 per cent fat and 70 per cent carbohydrates, compares favorably with corn as a feed grain. The starch from the grain can be used for food products, adhesives and sizing for paper and fabrics.

Sorghum is grown for grain on substantial acreage in about 135 Texas counties. Cultural practices are similar to those required by other row crops such as cotton and corn. The method of seedbed preparation and later cultivation depends largely on the soil, climate and kind of equipment available.

The Texas Agricultural Experiment Station has released a bulletin entitled "Grain Sorghum Production in Texas." This 35-page publication contains discussions on practically every phase of grain sorghum production. It may be obtained from the Agricultural Information Office, College Station, Texas. Ask for Bulletin 912.

Mrs. Bundy Of Silverton Dies

Mrs. Alice Smylie Bundy, 70, of Silverton, died Thursday of a heart attack at her home.

Funeral services were held Sunday afternoon at 2:30 from First Methodist Church, Silverton, with the pastor, Rev. James Patterson officiating, assisted by Rev. Frank Travis of the First Presbyterian Church, Plainview, where Mrs. Bundy held membership.

Mrs. Bundy, member of a pioneer Plains family, was the widow of the late Dr. O. T. Bundy of Silverton. She was born at Plainview and for the past 31 years was a resident of Silverton.

Survivors are two daughters, Mrs. Virgil Ballard, Mission, and Mrs. Clarence Mast, Rochester, N. Y.; one sister, Mrs. L. W. Kiker, Plainview; three brothers, John Smylie, Uvalde; Will Smylie, Houston, and Jim Smylie, Henderson, six grandchildren and one great grandchild.

Interment was in the Silverton cemetery. Douglas Funeral Home directed arrangements.

Kindergarten Tots Recognized

Outstanding students for the first term of Story Book School are Danny Cunyus and Mary Ann Byrd, according to a poll made of the student body and teacher. Each term two students will be selected in this manner judged on friendliness, ability to work and cooperation.

Mrs. Ted Carthel, teacher, states.

Mary Ann, the daughter of Mr. and Mrs. Fred Byrd, is mascot for the High School pep squad and is known at school for her friendly nature.

Danny, son of Mr. and Mrs. Joe Cunyus, loves to tell of his experiences in farming and is especially capable in his studies.

A Halloween party was held Friday, Oct. 31, for Story Book students and their guests. Twenty-five children dressed in costumes enjoyed "Trick or Treats" at various homes including those of Henry Hodel, Raymond Meriwether, Payton Powers, Rusty Bacous and Bill Hodel. The children returned to the school for refreshments.

The second term of school begins November 10.

ARE WED HERE

Miss Julia Ann Hernandez became the bride of Rudolfo Ramos Saturday afternoon at 2 o'clock. Wedding vows were exchanged at the home of J. J. Harris, Justice of the Peace who officiated. The couple formerly lived at Poteet, Texas.

Mr. and Mrs. Emmet Davis, Mr. and Mrs. Jerry Davis and baby daughter, all of Amarillo spent Sunday visiting Mrs. Conde Davis. The baby is Mrs. Davis' first great-grandchild.

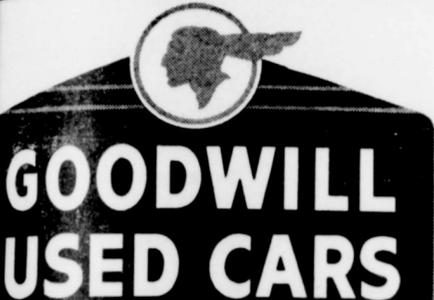

Mrs. Mary Wright Buried Monday

Funeral services for Mrs. Mary Wright, 70, were conducted at 2:30 Monday afternoon at 11th and Amarillo Street church of Christ in Plainview. Mrs. Wright, who has lived in Plainview - Lockney area most of her life, died at a Pasadena hospital Saturday.

She had been living in Houston about two months. Interment will be in Amarillo Memorial Park. Lemons Funeral Home had charge.

Survivors include four sons, Jack, C. T., and Leo, all of Plainview, and Wilbur, Pasadena; four daughters, Mrs. John Daniel, Plainview, Mrs. Douglas Watson and Mrs. Ina Quisenberry, Tulla; and Mrs. James Grattan, Pasadena; thirteen grandchildren and eleven great grandchildren.

HATS OFF To The COTTON FARMER!

Without realizing his nobility, the Cotton Farmer fills an important role in the economy of this country and in the everyday life of his community.

The product he produces helps create wealth and prosperity from the community level until it reaches into the hands of many, many families. Millions of people depend upon the cotton farmer for their livelihood.

By the very nature of his profession, the cotton farmer is a spender and puts more money into circulation locally than any other profession.

We pay tribute to the cotton farmer for the valuable part he plays in this community.

STATE CAPITAL Highlights AND Sidelights

by Vern Sanford
TEXAS PRESS ASSOCIATION

AUSTIN, Tex. — Texas No. 1 industry is still "up against it." Oil industry leaders and state government officials are pressing harder for an effective federal plan to restrict oil imports.

Gen. Ernest O. Thompson, member of the Texas Railroad Commission, has called for "positive remedial action immediately."

"Oil and oil products imported into the United States continue to mount and absorb more and more of our domestic market demand," said Thompson. "This restricts domestic exploration and development and continues to make the United States more and more dependent on foreign oil. Foreign oil cannot be counted as available in case of war."

Thompson implied that he thought mandatory limits on oil importing should be set. (At present only a voluntary limitation program is in effect.) Thompson noted that lead and zinc imports had been cut by presidential order and "some such action must be taken in regard to imports of oil and petroleum products."

In meetings over the state, industry spokesmen talked in equally urgent terms. Lester Clark, Breckenridge producer, told the Independent Petroleum Association of America that the oil business is "sick."

"Since 1955, total well completions are off 21 per cent, exploratory crews have fallen 25 per cent, wildcatting is down 28 per cent and rotary rigs are off 33 per cent," reported Clark.

At another meeting the Gulf Coast Association of Geological Societies was told that during the first half of this year total oil imports increased 5.3 per cent while domestic demand slumped 4.7 per cent below the 1957 average. Impact of this on the domestic industry was a 13.7 per cent cutback and a \$3,000,000 a day loss in income.

Foreign oil production is increasing faster than foreign demand. Jerome J. O'Brien of Monterey Oil Co. told the geological group. Foreign oil interests, therefore, are dependent on getting a share of American buying — the one big oil market in the world. Biggest question in the industry, said O'Brien, is who will get this American market.

Undersecretary of the Interior Elmer F. Bennett told Texans the President's special cabinet committee on fuels is studying proposed plans to cut back imports. But, he said, the administration would not be "stampeded into mandatory controls."

TOUCHY TOPIC — New legislation is forewarned of the difficulties that will be involved in passing any law on industrial safety.

A meeting of the Joint Commission on Industrial Safety developed into heated disagreement and ended in a deadlock. Commission Chairman M. B. Blair wanted the group to approve and recommend to the legislature a plan for a state system of safety regulation and inspection in industry. Rep. Joe Pool of Dallas urged that no recommendation be made until public hearings had been held to get labor and employer views.

Blair's proposal was rejected. Pool's was approved by a 4-3 vote, but Chairman Blair ruled the motion out of order. It ended with agreement to send the Commission's collected data to the governor and legislature with no recommendation.

Commission is a nine-member group authorized by the last legislature to study and make suggestions on industrial safety laws to the upcoming session.

END OF ROAD—Former Rep. James E. Cox of Conroe has lost what apparently is the last battle in his fight against a two-year prison sentence.

Court of Criminal Appeals slammed the door when it refused Cox a re-hearing. Cox was convicted in a Travis County Court last fall. In June the Appeals Court, by a 2-1 decision, upheld the conviction.

Cox was charged with agreeing to accept a \$5,000 bribe in return for killing a bill to outlaw practice of naturopathy. He withdrew from the Legislature after the difficulty developed but has steadfastly maintained his innocence.

DIABLO DAM PUSHED — Both Gov. Price Daniel and the State Board of Water Engineers have given their official approval to plans for construction of Diablo Dam on the Rio Grande River.

Need for the dam was dramatically illustrated by the recent heavy floods on the Rio Grande, said J. T. Ellis Jr., the governor's aide in water matters. Rampant waters caused an estimated \$7,000,000 property damage, and about \$31,900,000 worth of water was lost for useful purposes.

Next step toward getting the dam is for the International Boundary and Water Commission to prepare final plans and go to Congress for an appropriation. Diablo will be a joint project of the U.S. and Mexico with this country putting up \$48,600,000 of the \$80,000,000 cost.

LOAN PLAN CHALLENGED — Atty. Gen. Will Wilson has filed suit to test the constitutionality of a law permitting "certificate plan" loans.

Three nationwide finance companies are defendants in the suit. Wilson contends the certificate plan, though permitted by law, violates the constitutional prohibition against charging more than 10 per cent interest.

Under the plan a borrower may get a sum of money for a year and agree to pay 10 per cent interest on the total amount. But he is required to repay the money in monthly installments. Hence, except for the first month he is paying interest on money he does not have.

NO BRANCH BANKS — In other action, Attorney General Wilson stuck to his ruling last spring that Texas banks may not set up "little banks" at military installations.

In numerous cities downtown banks have set up special facilities at nearby air bases, army posts, vet hospitals, etc.

This clearly violates the Texas Constitution's ban on branch banking, said Wilson.

YOUNGER 'SCIENTISTS' URGED — Laboratory science courses beginning in the seventh grade instead of the tenth are recommended by a University of Texas chemist, Dr. Robin C. Anderson.

Earlier introduction of science will help students in choosing their profession, Anderson told a recent statewide conference of science and mathematics teachers.

Turner Attending Electronic School

Fort Huachuca, Ariz. — Army Pvt. Clint A. Turner Jr., son of Mrs. Annie E. Turner, Floydada, recently was assigned to the Army Electronic Proving Ground, Fort Huachuca, Ariz.

Turner entered the Army in May 1958 and completed basic training at Fort Carson, Colo.

The 23-year-old soldier was graduated from Floydada High School in 1953, from Texas Technical College, Lubbock, in 1957 and was employed by Phillips Petroleum Company in civilian life.

NEW ARRIVAL — Mr. and Mrs. George Atwood, 1916 61st St., Lubbock, are parents of a daughter weighing 6 lbs., 2 ozs., born at 1:49 a.m. Monday in West Texas Hospital, Lubbock. The father, a musician, is a former band director of Lockney High School. Mrs. Atwood is the former Bobbie Muncy, daughter of Mr. and Mrs. A. B. Muncy.

Men who are industrious, sincere, and honest will have easy sledding on their way to success.

Dear Editor: I see where a report says Shirley Temple's TV program of fairy tales is not going over so good, and some say it's because there is not enough blood - letting in same.

My TV-trapped neighbor says he is not either gory minded; he just likes to watch fiction drama where the bad ones get what's coming to them instead of being sicked back on the public by the Supreme Court or soft-headed parole boards.

Says as for Shirley's program, people have maybe listened to politicians so long they are just fed up with fairy tales.

a Home is part of a community

... and a most vital part, too ... because the BUYING POWER of our HOMES is the chief strength and support of the schools, the churches, and the convenient sources of supply and service that we enjoy.

And, the more of each home's buying power that is released where that home is located, the finer these community facilities will be ... the better the jobs available, the more profitable the businesses, the more valuable the property ... the richer our whole social and economic environment will become.

Every nickel of any home's Buying Power that is spent in some other community means a little less prosperity ... a little lower standard of living ... for those who live in that home ... and in all the homes around it.

Dear Editor:

I see where the Internal Revenue threat to take tax exemption away from any Churches letting school classes be held in their buildings where regular schools get closed by integration squabbles.

Which my social expert neighbor says is kind of a new wrinkle in law enforcement, but it ought to keep even Churches on the federal straight-and-narrow.

Says there will be a heap more law abiding now that tax trouble promises to befall anybody who gets an urge to throw in with the wrong crowd.

G. O. Sanchez In Pacific Exercises

San Simeon, Calif. (FHTNC) — Guadalupe O. Sanchez, seaman, USN, son of Mr. and Mrs. Urban O. Sanchez, Sr., Lockney, aboard the attack cargo ship USS Merrick.

Sanchez took part in Exercise "Rocky Shoals", the largest combined Army-Navy maneuver conducted in the United States since World War II.

The exercise, held during the first week of November on the coast of California, was a large scale over-water movement followed by the assault landing on Nov. 5, of an Army Corps near San Simeon, Calif.

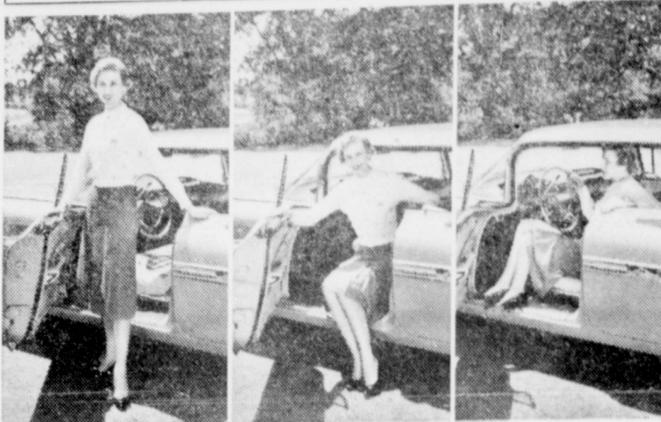

A total of 25,000 sailors and soldiers participated in the maneuver.

POINTERS ABOUT PORK

According to Margaret Spader, home service editor of the Gas Appliance Manufacturers Association, shoulder cuts of pork have a larger percent of lean than many other pork cuts and usually carry a lower price tag. Cuts such as Boston butt, blade steak and picnic hams are particularly thrifty. Like other cuts of pork, these less expensive ones are considered good sources of thiamine, as well as protein and iron.

It's really very simple to

Get in and out of Modern Low Automobiles

Face away from car . . .

Sit down . . .

Pivot to right.

As simple as A-B-C . . . Jean Richert who stands 5 ft. 9 inches has no trouble in gracefully getting into her 1959 Chevrolet Impala Sport Sedan which car . . . second, sit down, then pivot to the right measures 36 inches from ground to rooftop. "No lifting legs up under the wheel . . . to get out one," says Jean, "will have any difficulty getting easily just reverse the procedure."

Providence

By Mrs. Wilfred Stoerner

T. H. Boedeker was able to return home Friday after spending three weeks in Lockney General Hospital.

Mr. and Mrs. L. B. Brandes and Pam left Sunday morning to attend the State Farm Bureau convention at Corpus Christi.

Enjoying a pheasant hunt in Colorado last week end were Mr. and Mrs. Ted Boedeker, Mr. and Mrs. Royce Carthel and family, Mr. and Mrs. Cecil Boedeker and family.

Sunday guests in the E. M. Quebe home were Mr. and Mrs. Bob Abernathy and daughter of Lubbock and Mrs. Ben Brandes.

Mr. and Mrs. Wilfred Stoerner and children attended the 40th reunion of 90th Division in Oklahoma City. Mr. Stoerner enjoyed seeing a former Lockney man whom he served with whom he had not seen since the Normandy invasion. He is Holman Brotherton, now living in Canton, Okla. He was born in Lockney.

Wilfred Stoerner helped replace worn flags the 11th at Plainview schools.

Providence H.D. Club will meet next Wednesday in the Sam Jones home with Mrs. Joe Payne, Plainview, demonstrating fall table arrangements. Time is 2:30.

The Mary Martha Circle of Trinity Lutheran Church met Tuesday evening in the home of Mrs. Charlie Boedeker. Following a hymn Mrs. Ernest Sammann gave a devotional and Rev. Windecker led the Bible study. Department needs were emphasized by Mrs. Albert Kelm. Mrs. Wilfred Stoerner discussed Thanksgiving and our responsibility at home. Plans were made for a Christmas party December 2. Secret pals will be revealed at that time. The circle voted to send \$25 as a Christmas gift to Trinity Lutheran Orphans Home at Round Rock. The hostess served ribbon cheese sandwiches and oatmeal cookies to Mrs. Albert Kelm, Melvin Kelm, Richard Matthews, Robert Matthews, Don McLaughlin, L. B. Brandes, Ernest Sammann and the hostess.

Mrs. Ben Brandes and Mrs. Ben Quebe visited Mrs. Anna Linderman and daughter in Plainview Monday afternoon.

Tax Returns Will Be Addressed Up-Side Down

Internal Revenue Service, long immune to tax collector jokes, let it be known today it isn't standing on its head.

IRS explained about a million and a half taxpayers will receive their 1958 tax returns with upside down address labels.

The reason? It's a trial to see if the upside down address label makes it any easier for the mail carrier to deliver the 1958 Form 1040 package to taxpayers.

With the label reversed, the mail carrier can remove the package from his bag, read the address and stuff it in the proper mail box all in one motion according to a Post Office proposal.

IRS said the results of this trial will be evaluated for the design of future forms packages.

Farmers Prefer Water To Oil

Lubbock — South Plains farmers still prefer water to oil — if they have to make a choice — according to a survey by Dr. A. W. Young, agronomy department head at Texas Tech.

Recent restrictions on oil production have reduced oil well income to an average of \$40 per well monthly in some instances as compared to \$125 monthly prior to restrictions.

"If a farmer had one well per 40 acres, this would provide an annual income of \$480 per 40 acres of land based on the \$40 per month income," Young said. He points out that the farmer with an irrigation well to supply an average amount of water can reasonably expect to increase his cotton yield by at least 330 pounds of lint or 3,000 pounds of sorghum grain per acre each year.

"The value of this increase in lint cotton would be \$80 or more per acre or \$3,200 for a 40-acre block," Young said. He noted, however, that additional production costs must be subtracted from the gross income.

"If the value of the income from the oil well is compared with the income from the irrigation well, one can see why the farmer with good soil and a good irrigation well would be wise to choose water over oil," Young said.

Homecoming Is Nov. 21-22

Lubbock — Texas Tech will celebrate its 29th annual homecoming Nov. 21-22 with a full schedule of fellowship and football.

Thousands of exes are expected to return for a homecoming queen coronation and appearance of Comedian Bob Hope Friday, Nov. 21, and a homecoming parade, luncheon, Tech - Arkansas football game and dance Saturday, Nov. 21.

Mixed with the major features will be dozens of receptions, teas, parties and class reunions.

First event will be a meeting of the Ex-Students Assn. executive board at 10:30 a.m. Friday. The Ex-Students Council — made up of general officers, chapter presidents, and district representatives — will meet at 1:30.

New general officers will be elected and 1958-59 activities planned. Exes President Curtis Sterling of Brownfield said.

Crowning of the homecoming queen at 7 p.m. will highlight ceremonies dedicating the new Saddle Tramps Circle, a pep rally center near the new Tech Gym. A giant rally will follow. Class reunions Friday will include: the "old timers," classes '26 through '38, at 9:30 p.m. in the Caprock Hotel; classes of '39-'49 at 8:15 p.m. in the Faculty Club, and classes of '50-'58 in the Rec Hall. Bob Hope will appear in a special show at 8:30 p.m. in Lubbock Municipal Coliseum.

The homecoming parade through downtown Lubbock will begin at 10:30 a.m. Saturday.

A huge luncheon for exes will begin at 11:45 in the old gym. Tech's Red Raiders will meet the University of Arkansas Razorbacks at 2 p.m. Festivities will be climaxed with a homecoming ball for exes at 8 p.m. in the Lubbock Hotel.

Annual Livestock Survey To Be Made

Postmaster Jeffie Griffith announced this week that local rural mail carriers will begin distributing Livestock Survey Cards to patrons on their routes about November 20.

This annual livestock survey, which the post office department and the agricultural department have made cooperatively since 1924, provides basic information to the Texas Crop and Livestock Reporting Service in Austin for estimating the number of cattle, hogs, sheep and chickens on Texas farms and ranches.

In order that an accurate check may be made, Postmaster Jeffie Griffith requests that each patron receiving a card fill it out and return it to his mail box for prompt pick up. Rural mail carriers working on the project are Arthur Nigh, route 1; Thomas Marr, route 2; Cliff Gilley, route 3; Marshall Eiland, route 4; and Clyde Stone, route 5.

Living today is a good order to make it possible to stand pat.

Longhorns Tie Muleshoe, 6-6

Tough-luck Lockney Longhorns were knocked out of contention for the District 2-AA title Friday evening when the Muleshoe Mules took a "first down" victory over the Longhorns. As time ran out in the battle each team had six touchdowns and one penetration but the difference was Muleshoe's 10 first downs to 10 for Lockney.

Lockney's defense played a major role in the tight defensive contest. The Longhorns drove to the Muleshoe 21 yard line in the first half. Only one yard shy of a game-winning penetration. A penalty and three incomplete passes killed the drive. A holding penalty against the visitors in the final minutes halted a drive which moved as far as the Lockney 21.

The Longhorns lost another good scoring opportunity in the second half when the Mules punted to their 43 where they had a crazy bounce and hit a Lockney player. The Mules recovered the ball and regained possession. With three minutes remaining on the clock Muleshoe's defense tackled their 26 and tackle Ricky Duvall fell on the following play the Big Red bobbled the pigskin. The Mules covered on their 25.

The Zimmerman Field crowd of approximately 1,000 saw the Longhorn lose their second heart-breaking game after upsetting power-house Abernathy.

The game much their own way the first half. Mule halfback Donnie Shaffer, one of the finest halfbacks in this area, had been out of the lineup for several weeks with a knee injury but put on a tremendous show against the Longhorns before he re-injured the knee in the

final minutes of the game.

Lockney's Big Red came out after intermission with fire in their eyes. The Longhorns took the second half kickoff on their 21 and marched the length of the field for six points. Hard-driving fullback Bill Race sparked the drive, carrying the pigskin 10 of 16 yards. Quarterback Bill Mangold crossed the goal from 1 yard out to knot the count.

The Longhorns lost a golden opportunity to push ahead with the extra points. They drew a five-yard penalty on the first try. Mangold was dropped at the line on the second attempt for extra points.

The game was a dog-eat-dog defensive battle the rest of the way. The Longhorns held a slight statistical edge in the final two periods.

Race, one of 14 Longhorns playing their final contest on Mitchell - Zimmerman Field, was the shining star in the Big Red offense. Halfbacks Terry Clark, Ronnie Thornton, Alvin Hayes, quarterback Mangold rounded out the Lockney backfield.

Another senior, tackle Ricky Duvall, turned in a fine game. Duvall caught Mule runners for losses on several occasions and recovered one fumble. Center Duane Griffith, as usual, was a standout offensively and defensively.

Other line stalwarts included Dan Smith, Steve Handley, Oyama Buchanan, David Robertson, Wayne Cooper, Milton Mickey.

Recap of the Game: Muleshoe received Mickey's kick on the 14 and returned it to their 32. The visitors gained 2, 5, 1, punted out of bounds on Lockney's 38.

The Big Red attack moved as Clark gained 2. Race drove

The visitors gained 7, a first on their 41, 4, 5, another first on the Big Red 43. A 4-yard gain preceded Shanks' 39-yard scoring sprint. The kick for PAT failed. Score: Muleshoe 6, Lockney 0 with 2:49 to play in the initial stanza.

Smith covered the kick on Lockney's 27. Race drove for 2, 6, a pass was intercepted by Shanks on the Muleshoe 26.

The Mule offensive began to click again. The visitors drove for 2, 7, a first on their 38 as time ran out in the first period.

Muleshoe rolled along, gaining 1, 3, a first on Lockney's 47, 3, 4, a first on the 35. The Big Red defense tightened as the Mules gained 1, passed incomplete, made 2, punted over the goal. Lockney had a first on their 20.

Clark lost 6. Thornton swept end for 10. Race went around end for the first on the Longhorn 35. Race lost 2, passed incomplete, quick kicked to the Mule 36 yard line.

The visitors gained 1, 0, a first on their 46, another first on Lockney's 40. Duvall caught the passer for a 9-yard loss. The Mules gained 3, 8, punted to the Longhorn 2.

Mangold kept for 3 as the second quarter became history.

Thornton returned the second half kickoff from the Longhorn 21 to their 24. Race ran for a first on the Longhorn 34, gained 3 and another first on the Big Red 45. Mangold kept for 4. Thornton gained 3. Race drove for a first on Muleshoe's 43. Thornton went for 3. Race plowed for 6. Mangold gained a first on the 32. Race lost 4. Thornton picked up 4.

Race kept the drive moving as, fading for a pass and

finding no receiver, he reversed his field and moved beautifully to the 7 for another first. The workhorse plowed for 3, 2, 1. Mangold carried over from the 1. The Big Red failed on the attempt for extra points. Score: Lockney 6, Muleshoe 6 with 3:44 to play in the third period.

Mickey's boot sailed to the 13. Shaffer returned the kick to Muleshoe's 35. Lockney's defense contained the Mules, allowing them 1, a 1-yard loss, a 3-yard gain before they punted to Lockney's 23. Race returned the punt 17 yards to the Big Red 40.

Clark went for 5 and 1. Race gained 2 as time ran out in the third quarter.

Race opened the final stanza with a punt to Muleshoe's 8. The Mule attack again failed to move as they lost 2, gained 4 and 3, punted to their 43. The ball took a crazy bounce, hitting a Longhorn. Muleshoe covered the ball.

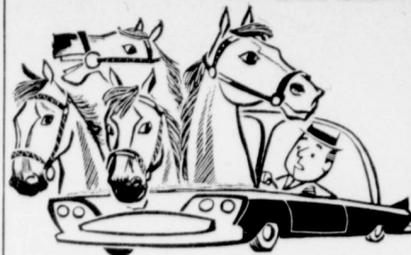

The break put new vigor into the Mules as they moved for 6, a first on Lockney's 46, 6 yards, a first on the 35. The visitors attack continued to move, gaining 4, 2, 1, a first on the 21. Muleshoe was penalized 15 yards, gained 8, 4, lost 3, passed for a 3-yard gain on fourth down. The Mules were penalized 15 yards, giving the Big Red a first on their 39.

Race gained 5, lost 1 and 2, punted to Muleshoe's 30.

With 3:34 remaining Muleshoe gained 3, 3, lost a fumble on the Mule 26.

On the following play Lockney fumbled on Muleshoe's 25.

The black and white clad visitors from Muleshoe gained 8, a first on their 36, were charged with a holding infraction which moved the ball back to Muleshoe's 23. In an attempt to run out the clock the Mules gained 2, 4, were penalized 5 yards, gained 0 as the game ended.

Thomas A. Hutton In Germany

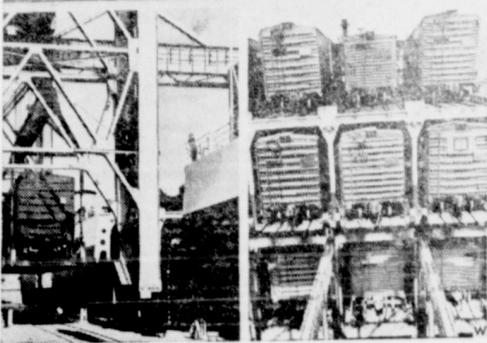

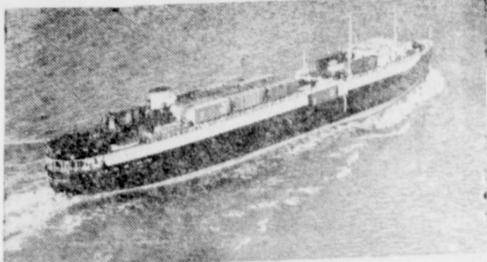

Bad Kreuznach, Germany (AIFTC) — PFC Thomas A. Hutton, 19, son of Mr. and Mrs. Thomas A. Hutton, Lockney, recently participated in a field training exercise with the 8th Infantry Division in Germany.

Hutton, a radio repairman in Company B of the 8th Signal Battalion, entered the Army in June 1957 and completed basic training at Fort Riley, Kan. He arrived overseas last March.

Hutton attended Lockney High School and was a radio and television engineer for KOSA-TV, Odessa, in civilian life.

M. D. Lynn returned home Tuesday night after spending two weeks visiting his sons, Sam and Bruce Lynn at Grants, N. M.

Seagoing Trains

Except at four East Coast ports, few Americans have seen this unusual combination of rail-sea transportation. Fully loaded railroad cars are hoisted aboard the seagoing ship (lower left) which carries up to 100 cars on her four decks (lower right) and then steams along coastwise routes (top) to ports where the cars are unloaded and resume their rail travel. Seatrains Lines, Inc., has six of these ships plying between New Orleans, Savannah, New York and Texas City.

"COME-HITHER" LOOK FOR LEFT-OVERS
 A bed of watercress makes an attractive setting for slices of cold roast beef, lamb, veal or ham. Pickled fruits such as spiced crabapples, preserved kumquats, and pickled peaches add extra flavor to the platter. Left-over muffins have more appeal when toasted until delicately brown under the broiler. Serve them buttered and piping hot with fresh fruit dessert. Fry left-over rice, adding slivers of meat and vegetables such as peppers, celery, peas and shreds of scrambled egg or omelet.

Hurt In Auto Monday

Mrs. C. A. McIlroy of Lockney suffered late Monday afternoon when their 1958 Plymouth sedan struck a Flash-O-Tone truck on Farm Road five miles south of Lockney. Mr. McIlroy suffered cuts and bruises and a broken ankle but Mrs. McIlroy had a number of facial cuts and bruises and was being treated at Lockney General Hospital. Homer McIlroy, driver of the butane truck, was not injured.

Mrs. McIlroy is Church of Christ minister at Kress but her wife had been in Petaluma where they are preparing to move. They were enroute to attend the Junior basketball games between Lockney and Kress teams when the accident happened. The vehicles were traveling on the road. Ragland had his truck to the left side of the road preparing to turn into the F. U. Payne when the McIlroy car struck on the right. The left fender of the car struck the front fender of the Flash-O-Tone truck which skidded to the right and struck the butane truck at right angle to the road but neither vehicle was overturned.

Mrs. McIlroy's head struck the windshield, knocking her out. However, spectacle was wearing at the time and not broken. The cuts on her face did not require stitches.

Other vehicles were damaged in the collision.

Another auto collision occurred last Thursday when car driven by Mrs. Mary Simmon Lockney and Donald Kellogg, 3, Plainview, collided at the intersection of the Loop and Southwest 4th. No one was injured and the cars were not badly damaged.

High To Crown King And Queen

Lockney Junior High will hold their king and queen coronation and general assembly on Wednesday morning at 11 o'clock in the high school auditorium. King is Kenneth Sams and Queen is Carolyn Belt. The coronation was held last week and the public is cordially invited to attend the crowning ceremony.

Others in the ceremony will be Gary Holt, Carol Turner, Schacht, Betonia Barlow, Tom McCready, Judy Holt, Dollar, Bill Dodson, Ruth Davis, Karen Ashton, Coralus Sandlin and K. McPherson will do the crowning. Callers will be D. Montgomery and John M. Carl Chandler will be photographer.

Carolyn is the daughter of Mr. and Mrs. J. R. Belt, 57 years old and in the 4th grade. She plays basketball and was on the honor roll last nine weeks.

Kenneth is the 13 year old son of Mr. and Mrs. G. Sams and is in the 8th grade. He was Junior High basketball team manager and is serving as manager of the Junior High basketball team. The couple will have their coronation in the Junior High gymnasium.
