Jury Refuses Damages In Bennett Case

A jury in 110th District Court at Floydada last week refused to award Medford Bennett damages in his suit against Alva Davis. Bennett was suing Davis for \$15,000 damages plus \$500.00 in hospital expenses as a result of an auto collision between Davis' car and Bennett's pickup at a dirt road intersection five miles north of Lockney early in the summer.

Bennett suffered a broken leg and spent several weeks in the hospital as a result of the collision. Mr. and Mrs. Davis were neither injured in the accident. Bennett's pick-up was almost a total wreck.

The trial began Tuesday morning and was concluded Wednesday afternoon of last week. John B. Stapleton of Floydada and Charles B. Jones of Lubbock represented the defendant. Representing Bennett was Richard F. Stovall of Floydada. Judge L. D. Ratliff presided.

Re-hearing Motion

The Court of Criminal Appeals at Austin will consider a motion for a re-hearing by Bennett's attorneys on October 5th. Bennett was convicted on a charge of murder with malice in 110th District Court last spring in the slaying of P. D. Bagby on Nov. 28, 1958. Previously a motion for a new trial was denied and the re-hearing motion followed. If the re-hearing motion is denied then Bennett will be sent to the penitentiary to begin his sentence, officials said.

Local Musicians In Lubbock Symphony

Mr. and Mrs. Wyatt Burkhalter of Lockney are among the 55 volunteer musicians who compose the Lubbock Symphony Orchestra which opens the fall concert season Monday night, October 26. The concerts are to be given at Lubbock Municipal Auditorium and each begins at 8:15 p.m.

Mr. Burkhalter, who is local band director, plays string bass and his wife plays the flute. J. W. King, band director of Hale Center, plays French horn. Most other members are Lubbock residents. William Herrod is the symphony director.

The first concert features an outstanding pianist, Leonard Pinaro.

Other scheduled concerts are Nov. 21 featuring Berl Senofsky, violinist; February 22, featuring baritone soloist, Theodore Uptman. Completing the performance will be Pop's Night April 25 which usually features popular music. Dick Richards is expected to direct a choir during the program.

Parents Of Cub Scouts To Meet

Back Latimer, Cub Master, will meet with the parents of Cub Scouts and other parents interested in their sons becoming Cub Scouts, Thursday night (tonight) at 7:30 in the basement of the Methodist Church.

These meetings usually include the boys, but Mr. Latimer wants only the parents this time, he says.

LONGHORNS PLAY HOST TO RALLS 'RABBITS' FRIDAY NIGHT

The Ralls Jackrabbits invade Mitchell Zimmerman Field Friday night at 8 o'clock to battle the Longhorns. Lockney will be after their third win of the season in four tries.

The visitors will bring a one win, one lost, one tied record into the battle. Last Friday they fell before the mighty Floydada Whirlwinds, ninth-ranked Class AA outfit in the state, by a 40-0 count. However the game was hard fought and reportedly closer than the score indicates.

Ralls is a defensive-minded club with all-state tackle Billy Edwards as the main cog. The 'Rabbits' have had trouble getting their offense clicking and have been unable to do much scoring.

Pre-season forecasts had Ralls as the district favorite. Last week the spirited Longhorns were trailing Tulla 6-0 at halftime but came back to grab an 8-6 victory. Local coaches felt that their team's hustle and desire spelled the difference in the battle.

The mentors thought Tulla had a good, solid club which could give any team trouble. They had exceptional backfield speed. Penalties hurt the Longhorn cause, the coaches said.

Captain Dan Smith was singled out for playing a tremendous game, especially on defense. Others praised for their efforts were fullback Freddie Gant whose running sparked the Big Red attack, quarterback Jake Wofford who guided Lockney out of a hole early in the contest, end Oyama Buchanan and center Wayne Cooper.

The Longhorns should be in better shape for the Ralls game. Quarterback fullback Bill Mangold was running at full speed this week after being slowed by a knee injury. Halfback Doyle Freeman was sidelined last Friday due to a shoulder injury but will be ready Friday night. A few minor injuries have hampered some boys this week but everyone should be ready for the Jackrabbit, according to coaches.

Probable starting offensive lineup for the Longhorns:

| | | |
|----|----------------|-----|
| LE | Lewis Eiland | 150 |
| LT | Joe Carthel | 160 |
| LG | Mickey Mosley | 170 |
| C | James Davis | 170 |
| RG | Wayne Cooper | 160 |
| RT | Dan Smith | 195 |
| RE | Oyama Buchanan | 160 |
| QB | Jake Wofford | 160 |
| | Johnny Belt | 150 |
| LH | Terry Clark | 165 |
| | Doyle Freeman | 160 |
| RH | Joe Allard | 135 |
| FB | Freddie Gant | 155 |
| | Bill Mangold | 150 |

Coming in on defense for the Longhorns will be Rickey Coillis and Billy Dan Rolling.

Band Boosters Have Good Meeting

The Longhorn Band Boosters Club had good attendance at the regular monthly meeting Tuesday evening at the band hall. Johnny Race, president, was in charge.

A major item of business concerned band jackets ordered last year, some of which were never received. The club voted to assure the students that they would get their jackets or preferably their money back on the order. The company is negotiating with the company in an effort to get the order straightened out soon.

The club also voted to take movies of band performances at half time and at contests. The films will be used for instructing and improving the band program. It was the unanimous opinion that with the cooperation of parents and students alike, the local band can soon be built to compare with any school its size. Quality of the music has already been improved, patrons have noticed, since the High School band and Junior High have separate organizations with only high school students in the marching band.

Wyatt Burkhalter, director, stressed the need of more students, especially high school members to enroll in band. He says even if they know nothing of music, he still invites them to begin now and he will teach them to play. There are some instruments available to rent, he said.

The band will leave Monday morning at 8:00 o'clock to march at the Panhandle South Plains Fair in Lubbock. They should be home by 6:00 o'clock, Mr. Burkhalter says.

Twenty members were present for the Tuesday night meeting. Parents of all band students, beginners and all, are urged to attend the regular meetings of the Booster Club the fourth Tuesday evening of each month.

E. J. RODGERS ILL.

E. J. Rodgers was taken to Lockney General Hospital Sunday morning where he remains critically ill.

Interest Rates Are Going Up

Charles Duran, president of the First National Bank, announced this week that his institution would pay three per cent interest on savings accounts effective with the interest period starting Jan. 1, 1960. The bank has been paying 2 1/2 per cent. The raise is due to the increase in the cost of money and the fact that the local bank must compete with others for savings accounts, Duran said.

But that is not the end of the story for local people. Interest rates on loans must also go up. Mr. Duran said, just as they have gone up in banks all over the nation. The Federal Reserve Bank has raised the discount rate from 3 1/2 per cent to 4 per cent just recently. This in comparison with the rate a year ago of 1 3/4 per cent shows how much the cost of money has gone up.

"We have raised the interest rate on loans we make one per cent," Duran said this week, "except on loans on which we have already made a commitment. Next year we expect to make the one per cent raise applicable to all loans."

The cost of money is affecting not only the small borrower but the federal government as well. Just this week President Dwight Eisenhower ordered the interest rates on E and H bonds to be raised from 3 1/4 to 3 3/4 per cent.

Rotary District Governor Speaks To Local Club

District Governor Floyd A. Hemphill described Rotary as an organization that has taken world leadership in the promotion of the fellowship of man and in maintaining world peace in his official visit to Lockney Rotary Club last Friday.

"Rotary is a sound, basic philosophy that utilizes all that is good in man," Governor Hemphill said in describing the world wide organization. "Rotary's purpose is to build men for community and world leadership." He cited numerous examples of the good that has been done through Rotary in most all countries of the world.

"Rotary has something for everyone and everyone who participates in Rotary benefits from it," Mr. Hemphill stated. "When you ask, 'What can I do?', I say, 'Build a better world for your grandchildren.'"

Guilty Verdict Found Wednesday

Lon T. Lee of Lockney was found guilty of enticing a minor for immoral purposes in 110th District Court at Floydada Wednesday and sentenced to 60 days in jail. The case went to trial Tuesday morning and to the jury at 1 p.m. Tuesday. The verdict was returned at 11:30 a.m. Wednesday.

Lee was employed at a locksmith shop here for a time.

Expect New Rate For Soil Bank Contracts Soon

Thos. J. Hutchins, county ASC office manager, said Wednesday that his office had been stopped from taking applications for soil bank contracts for the present. He said that a change was being made in the method of figuring the rate and that he expected the new method and an extension of the deadline soon.

Formerly the rate had been figured on each farm on a production basis. Mr. Hutchins expects the method to be changed back to old land appraisal basis. The deadline at present is Sept. 30. An extension is expected along with the new method.

Mrs. Thornton Is Buried Here

Mrs. Dan Thornton, known to most Lockney folk as Mrs. W. D. Long, was buried in Lockney cemetery Monday following graveside rites. Funeral services were held at a funeral chapel in Wharton, Texas, on Sunday afternoon. Officiating at the services here was Rev. Dewitt Seago, pastor of the First Methodist Church, Floydada. She was buried beside the grave of her first husband, W. D. Long.

Mrs. Thornton died Saturday at 5:30 p.m. in Caney Valley Hospital at Wharton of injuries received in an auto accident the previous week. Mr. and Mrs. Thornton were both injured on Sept. 10 when the car in which they were riding was struck by a gravel truck at a street intersection in Wharton. Death came to Mrs. Thornton nine days later. Mr. Thornton was seriously injured but it is believed that he will recover.

Mrs. Thornton was born July 10, 1876 near Stephenville in Erath County, Texas. She was married to W. D. Long on December 26, 1896, at Peecos, Texas. The couple moved to Lockney soon after their marriage, being among the very early pioneers of this area.

Mr. Long served as an officer of the Lockney State Bank, one of the early banks in this community, was the International Harvested Dealer and had extensive ranching interests in this area. He died in September of 1922.

Mrs. Thornton had been a member of the First Baptist Church of Lockney for more than 50 years and served the church as church clerk for many years. She and her husband contributed substantially to the church building erected in 1918 which was destroyed some 10 years ago. She was also a member of the Order of Eastern Star.

She continued to make her home in Lockney, operated a grocery store here and was employed at Baker Mercantile and other places in later years. She was married to Dan Thornton, a childhood acquaintance, in 1952, and the couple had lived at Wharton since that time.

Survivors include four daughters, Mrs. Kitty Webb of LaHabra, Calif.; Mrs. Alma Boyle of Winter Park, Fla.; Mrs. Mable Pettit, Runson, N. J.; and Mrs. B. K. Baker of Floydada. Also surviving are nine grandchildren and nine great-grandchildren.

Carter Funeral Home was in charge of arrangements here.

Visitors in the home of Mrs. A. B. Kenady Tuesday were her mother-in-law, Mrs. C. S. Kenady, 88, of Jayton, and sister-in-law, Mrs. Jim Teaver of Plainview.

Floydada Negro Charged In Hale Center Shooting

Hale Center. — A Floydada Negro was charged with murder and three Plainview brothers were charged with disturbing the peace here Monday as the result of two shootings in Hale Center Sunday.

Charged with murder in connection with the death of Cleat L. Wideman Jr., 20, also of Floydada.

Another man, Henry Lee Patterson, Floydada, was shot once under the heart but the bullet struck a rib and verred to the center of his chest. He was dismissed after surgery to remove the slug was performed at Hi-Plains Hospital in Hale Center.

Charges Are Noted

Charged with disturbing the peace as a result of the shooting in which Patterson was wounded were Hubert, Morris and Lenious Johnson, Plainview Negro brothers.

Bonds of \$2,500 for Breedlove and \$500 each for the Johnsons were set by Justice of the Peace W. J. Lewis and they were jailed in lieu of posting the bonds.

Deputy Sheriff C. L. Dyer said witnesses told officers that Wideman was shot following an argument between his wife and Breedlove's wife. The argument was set off when the couples jostled each other on the floor of the dance hall where the shooting occurred about 3:30 a.m.

Dyer said Patterson told him he walked into a cafe across the street from the dance hall two hours later and one of the Johnson brothers asked him: "Boy, where are you from?" Patterson said when he answered "Floydada" one of the brothers shot him.

Wideman was slain with a .22-caliber pistol and Patterson was wounded with a .32-caliber pistol. Wideman was shot in the mouth and the right shoulder.

High Plains Parts Supply Moves

The High Plains Parts Supply, former C&L Parts Supply, has moved from the Baker building to the building next door to the High Plains Motor Co. It was announced this week by Gene Hammit. The parts firm will handle a full line of automotive parts and supplies.

Dewey (Peewee) Simmons is parts man and the phone number for the parts house will be OL 4-3500 now instead of the old number, Hammit said.

The parts supply firm is owned by the same persons who own High Plains Motor Co. and the two are now located in adjoining buildings for the convenience of customers and owners, it was said.

S. A. Freeman's Mother Passes

Mrs. W. S. Freeman, mother of S. A. Freeman, minister of Main Street Church of Christ, Lockney, passed away at Lawrenceburg, Tennessee, Friday, Sept. 18. She was 82 years of age.

Survivors include four sons and four daughters. Her husband preceded her in death some 20 years ago.

Mr. Freeman left Friday to attend final rites which were held on Sunday. He is expected home Thursday of this week.

City Lets Contract On Water, Sewer Lines In Addition

The City Council has awarded a contract to Stockton Construction Co. of Amarillo for the laying of water and sewer lines to the C&H Development Co.'s housing project in the Sims addition in West Lockney. The contract totaled \$8,676.65. Work is to be completed within 60 days.

The project will include the laying of a 6-inch water line to the housing development area and also the laying of water and sewer lines in the area. The C&H Development has put up the money to pay for the laying of the lines within the development area but the city will repay them at the rate of 10 per cent of the cost for each housing unit built until the total cost has been repaid to the developers, city officials said.

Bryan & Hoffman have a contract with the developers to lay curb, gutter and paving within the area and work is due to start this week.

Style Show Set For Saturday

The annual style show sponsored by The Senior Class of Lockney High School will be held Saturday afternoon of this week at the new American Legion Home in east Lockney. Titled the "Fall Festival of Fashions" the show will present many beautiful fall fashions for women, misses and children. Starting time is 2:30.

Styles will be furnished by Jack & June Shop of Lockney. Mrs. Robert Lee Smith will be narrator and Mrs. C. L. Record will furnish music for the occasion.

Following the style show games of bridge will be enjoyed by those who wish to play. Models for the show will include: Mmes. Edward Babbitzke, R. L. Rhoten, Bobby McCormick, Joe Taylor, Gene Handley, Cleon Wylie, Forrest Mickey, Richard Patterson, Arthur Barker Jr., Howard Mosley, Bob Davis, W. J. Mangold, Payton Powers, Gene Belt, Bob Miller.

Misses Jackie Kay Wylie, Kim Mickey, Cheryl Rucker, Sue Gilbert, Nancy Webster, Jo Beadimer, Paulette Kropp, Donna Dorman, Elaine Baxter, Jody Pate, Jane Reynolds, Jane Rhodes, Carolyn Belt, Sandra Smith, Lesca Dee Dorman, Charlotte Taylor, Carolyn Harris.

Dollars For Democrats Drive Is Announced

Austin. — The "Dollars for Democrats" drive in Floyd County will be headed this year by Ben T. Ayres, of Floydada, County Democratic Chairman.

Announcing this today, State Campaign Chairman John Wildenthal Jr., said the annual fund-raising project would get under way on Sept. 25 and continue through October 4. All funds collected will go to the National Democratic Committee and will be credited to the Texas quota for the Party, Wildenthal said.

Calling for the co-operation of all Democrats, the drive Chairman declared: "The success of this campaign will depend upon many individual contributors who are interested in keeping the Democratic Party responsive to the needs of the people."

"The Dollars for Democrats campaign gives every Democrat the opportunity to help build a stronger and more united Party dedicated to the cause of good government."

Wildenthal said the drive's activities in Floyd County would be co-ordinated by Mr. Ayres, and all precinct Democratic workers were urged to assist him in the campaign.

Cotton Opening Fast, Hands Are Badly Needed

Cotton in the Lockney area is opening fast and hundreds of harvest hands could be used now if they were available, according to gin men of the area. Although no definite count was made, The Beacon reporter's survey Wednesday indicated that perhaps 1,000 or 1,500 hands could be placed in the Lockney, Aiken, Sterley and Lone Star area right now.

Total ginnings in the communities mentioned stood at 1100 bales Wednesday afternoon with the four gins in Lockney reporting 683 of that number.

Some Mexican nationals have arrived to help with the cotton pulling and others are expected in this week end. Meanwhile some farmers have employed Mexican natives as they are available. One of the problems faced is that many farmers who want hands do not have housing for labor and for that reason are unable to secure harvest help.

Ginners' estimates Wednesday on the amount of cotton open ranged from 30 to 50 per cent with some fields reported to have a bale per acre open now.

Grade and staple on cotton ginned thus far are reported to be very good, with one ginner saying they are "the best I've ever seen." Most of the cotton is white.

One ginner warned tenant farmers who have non-resident landlords to get a power-of-attorney authorization from the landlord in order to put cotton into government loan. The matter has been handled rather loosely in past years, he said, but the government is cracking down this year and the tenant farmer must have the signature of his landlord or authorization from his landlord if he is to put his cotton in the loan. Most gimmers have the blanks necessary to get the authorization.

Some farmers are planning to wait and strip all their cotton this year and are not looking for hands.

Longhorn Band To Parade At Lubbock South Plains Fair

Lockney Longhorn Band, directed by Wyatt Burkhalter, will be among the 30 area school bands to march down Broadway in Lubbock beginning at 10:30 a.m. Monday, Sept. 28. The Parade of Bands will again herald the opening of the Panhandle South Plains Fair.

Thirty - three members, all high school students, compose the Lockney marching band this year since the Jun or High Band has been made a separate unit.

Mr. Burkhalter has made arrangements for a very special treat for his students following the parade. Merle Evans, who for 30 years was band director for Barnum-Bailey Circus, and has recently been voted the nation's greatest band director, will direct Lockney Longhorn Band in a private rehearsal. Mr. Evans plays a coronet and will be in charge of the band at the three-ring circus in Fair Park Coliseum during this year's edition of the fair.

The band will remain for the circus performance and expects to arrive home about 6 p.m. following the Monday events.

Twirling Contest

Carolyn Merrell, Carolyn Harris and Rita Falls, twirlers for the Lockney Longhorn Band, will enter the Twirling Contest Saturday, Oct. 3, at the Lubbock Fair grounds. The event is sponsored by the National Baton Twirling Association and is the Sixth Annual West Texas Twirling Festival. The girls will each do two solos and will cooperate in a group number. Mr. Burkhalter states, The three girls will also be candidates for the Festival Queen.

Outstanding Conservation Farmer For County Will Be Named Today

The outstanding conservation farmer for Floyd County will be named today (Thursday) during a noon-day program at Paymaster Farm, north of Aiken. The Floydada Lions Club will present a plaque to the farmer who receives the honor. Millard Shivers, representative of the Texas Farm Bureau, will be the chief speaker at the program.

The program will be the climax of the annual tour sponsored by the Floyd County Soil Conservation District in which outstanding examples of conservation farming will be viewed. Everyone interested is invited to make the tour. The tour will start at 9 a.m.

this morning from the agriculture building in Floydada. Following is the tour route:

Bindweed control at edge of Floydada.

Grain sorghum demonstration at Kenneth Bean Farm.

Cotton variety demonstration at Albert Bean farm.

Cotton-Rex variety at Rex Smitherman farm.

Cotton following vegetables at Leslie Ferguson farm.

Cattle feeding operation at G. E. Tannahill farm.

Grain sorghum demonstration at L. B. Brandes farm.

The tour will be over in time for the Halfway Station tour in the afternoon, officials say.

G. A. McADA and Lockney's first school bus are shown in this old picture furnished The Beacon by Durward Jack. The picture was made in 1937 or 1938. G. A. owned this bus and drove it in an area north of Lockney bringing high school students from other districts into the local school. Parents paid \$5.00 per month for each student riding the bus since the Lockney school district had no transportation system as that time. G. A. drove this bus in the school years of 1937-1938 and 1938-1939 then sold it. It was a 1930 model Chevrolet truck chassis and motor.

However, this was not G. A.'s first experience in driving a school bus. He drove one for the old Sunset school district back in 1925 and 1926.

Let our kindness and truth forsake thee: bind them about thy neck; write them upon the tablet of thy heart: So shalt thou find favor and good understanding in the sight of God and man.—Proverbs 3:3-4.

BELIEVE IT OR NOT, the U. S. Internal Revenue Service is looking for 4,000 taxpayers in the Dallas district to give them back some money. Thousands of dollars in refund checks are just waiting upon the correct address of taxpayers who have overpaid. The checks, ranging from \$1.00 to \$4,000 have been returned to the Bureau for lack of proper address. IRS employees have been searching telephone directories, contacting employees and using other methods to find the correct addresses of the taxpayers to whom refunds are due. If you are entitled to a refund on a return you filed this year and have not received a letter from the IRS, then you should write to Ellis Campbell, Jr., director of Internal Revenue Service, 2101 Pacific Avenue, Dallas 1, Texas.

ED CARTER, the friendly undertaker, is somewhat disturbed, despite his usual calm, collected appearance. Ed is disturbed because too many of us are sometimes too busy to show proper respect for the dead by attending funeral services. Of course, most people attend services for friends or relatives but he contends, and rightly so, that we should stop long enough to attend services for old timers, pioneers and others who have contributed to the betterment of the community through civic affairs, church work or otherwise. Probably he would go further and say that we ought to take time to attend funeral services for all our acquaintances and he is right. When we get too busy making money or enjoying ourselves to

attend funeral services then we are just too busy.

HENRY HAZLITT writes in Newsweek: "In the four major postwar steel strikes (excluding the twelve-hour strike of 1955) the total direct loss in wages to all the strikers, it can be calculated, came to more than \$830 million, most of which was never recovered by the strike 'gains'. 'Nobody wins a prolonged strike. The strikers lose most of all, even when 'victorious'. The union leader, of course, gets in the headlines. He strikes Napoleonic poses and displays his immense power. But if the union members kept a score card, it would considerably change their attitude toward melodramatic strike calls."

THE CHAIRMAN of the American Medical Association's Committee on Aging told a Senate subcommittee that physicians have yet to find an antibiotic for loneliness and rejection — and that these two factors, plus a lack of useful things to do, emphatically affect the overall health of the aged. He added that society has a responsibility toward the aged to stimulate in them a will to live and to encourage them in their desire to be self-reliant and useful.

GILBERT BURCK writes in Fortune: "Americans are buying some 630 million books a year (including paperbacks and juveniles but not textbooks), up from 330 million ten years ago. The success of the paperbacks, which are selling several hundred million copies a year, is enormously significant. A large percentage of the total is trash, but paperback versions of THE ILLIAD and THE ODYSSEY have together sold more than a million copies. . . . 'The paperbacks,' says Clifton Fadiman, 'are democratizing reading. They are conferring upon it the simple, healthy status of a normal habit.'"

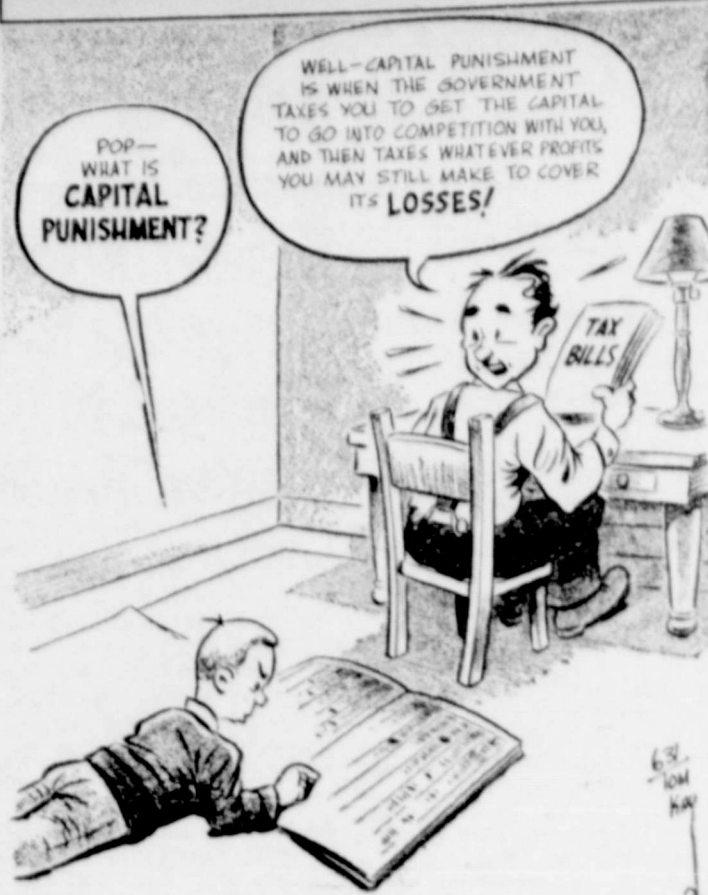

TOTAL DEFENSE spending the last fiscal year came to \$41,217,000,000. U.S. News & World Report shows how it was divided: Army, \$9,350,000,000; Navy, \$11,704,000,000; Air Force, \$18,993,000,000; Defense Department, \$1,170,000,000.

IS THE ELECTRIC car coming back? One forecast holds that by 1970 half of the urban automobile transportation will be provided by these vehicles. Major problem is to produce better batteries. Hope is that a battery will be developed which will move a car 300 miles on one charge.

GOOD OLD DAYS

Don't let any of the oldtimers kid you. The "good old days" weren't so good—although not all bad, either. So, don't get us wrong. We can remember washing on a scrub board and making lye soap in a wash pot in the back yard . . . cutting stove wood . . . milking the cows on a cold morning . . . walking two or three miles to the cotton field before daylight, picking all day and walking home after dark . . . hoeing cotton and Johnson grass . . . hand-setting type to get the country weekly printed . . . reading by a coal-oil lamp . . . grinding our own Arbuckle and eating maize board or sorghum molasses and hunting rabbits to eat . . . and it was a big treat to have home-made ice cream, go to the picture show, or visit the soda fountain. Among the good things about the yesterdays included the fact that folks really appreciated pleasures and privileges, or rest, and visits from friends, something special to eat — but we wouldn't like to live again in the "old days." — Frank Hill in Lynn County News.

DON'T TRY IT

Joe Arthur, the First Baptist Church's minister of education and music, says he has some advice for 44-year-old men who want to take up water skiing: "Don't try it." Joe and family spent part of last week at Alamogordo Dam in New Mexico. He and son D'Nard used much of the time for water skiing. Joe didn't take time to count his tumbles, but he took enough that he was still sore Tuesday.

almost a week after his skiing. "My wife (who was riding in the boat) said she could tell everytime I was about to go down. She said I'd start grinning when I started losing my balance, then the last thing she'd hear as I went under was a laugh that turned into a gurgle." — The Lamb Co. Leader

SHADES OF HORROR

President Eisenhower recently received a 350-word telegram which stated in part: "I assure you that both races in the South are unalterably opposed to the integration of races in public schools. "Racial hate and racial prejudice that was dead is now reconstructed. Threat of forceful integration has created fear and hate . . . Since this is free America, why not put your racial policy upon the voluntary action of the citizens, not forceful compulsion? Why not have the government take a poll of the majority of the Southern Negroes?"

Dear Editor: I see where some folks figure that as soon as Khrushchev looks around the U.S. and sees how pure in heart we are, he will go back home and pull in his horns.

But my rough-cut neighbor doubts this, and says it would be better to run him through a good Sunday traffic scramble while he's here, so he will go home scared.

Says one dose of this and the man will be ready to swear that our claim of only 170,000,000 population is just a trap to sucker him into attacking us and getting overwhelmed by our hordes of bloodthirsty drivers.

Why we built two cars for 1960 . . . as different as night and day

On October 2—for the first time in Chevrolet's 49-year history—you will be able to walk into your dealer's showroom and see two totally different kinds of cars. ■ One is the conventional 1960 Chevrolet, brand new in appearance and more beautifully refined and luxurious than you can imagine. ■ The other is unlike any car we or anybody else ever built—the revolutionary Corvair, with the engine in the rear where it belongs in a compact car. ■ We'd like to tell you why we built two such different cars, how we built them—and for whom we built them.

Why two kinds of cars? Because America itself has been going through some big changes in the past few years. Our cities have been straining at their seams. Traffic is jam-packed. Parking space is at a premium.

And our suburbs have spread like wildfire. People are living farther from their work, driving more miles on crowded streets. There is new leisure time—but more things to do. There's a new standard of living—and more need for two cars in the family garage.

In short, America's automobile needs have become so complex that no one kind of car can satisfy them completely. That is why we at Chevrolet, keeping tab on these trends, have had a revolutionary compact car in the planning stages for more than nine years.

Thus, when we decided three years ago to prepare for production of such a car we were ready to build it the way it should be built. There was no need for a hasty "crash" program that would create only a sawed-off version of a conventional car.

That is why the two cars you will see in your dealer's showroom October 2 will be two entirely different kinds of cars. One is the conventional '60 Chevrolet—brand new in beauty, with new space inside, new spirit under the hood, a new

feeling of sumptuousness and luxury never before attained by any car in its field. There is great V8 power linked with new thrift, plus Chevrolet's superb 6-cylinder engine. It is a traditional car that comes even closer to perfection—in silence, in room, in ease of control, in velvety ride—than any other car we have ever made.

The other is the Corvair, a compact car that is astonishingly different from anything ever built in this country. It has to be—because this is a six-passenger compact car, with a really remarkable performance . . . a car designed specifically to American standards of comfort, to American traffic needs.

The engine is in the rear. Among the basic advantages resulting from this engine location are better traction on a compact 108-inch wheelbase and a practically flat floor. But to be placed in the rear, the engine had to be ultra light and ultra short. So Corvair's engine is totally new—mostly aluminum and air cooled; it weighs about 40 per cent less than conventional engines. It is a "flat" horizontally opposed six—so it is only three cylinders long . . . and that leaves a lot more room for passengers.

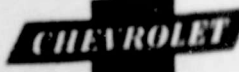

Another weight saving: like modern airplanes, the Corvair has no frame; the body-shell supplies it great struc-

tural strength . . . it's a welded unit that is virtually rattle-free.

The ride is fantastic. But to get it we had to design independent suspension at every wheel; conventional springing would give a compact car a choppy ride. Right now we'll make one prediction: no other U.S. compact car will ride so comfortably, hold the road so firmly and handle so beautifully.

Now there are two kinds of cars from Chevrolet—because it takes two kinds of cars to serve America's needs today. If you love luxury—the utmost in luxury—and if you want generous interior space, breath-taking performance, automatic drives and power assists—then the conventional '60 Chevrolet may be your choice.

If easy parking, traffic agility and utmost economy are high on your list—then you should seriously consider the Corvair. But the best thing to do is to look these two new cars over at your Chevrolet dealer's . . . take them out for a drive. It may be that the only logical choice for your family between two cars like this is—both. They make a perfect pair.

FAIR BOARD EXPRESSES APPRECIATION FOR HELP

The Floyd County Fair Board wishes to express their appreciation for the wonderful cooperation and help given us before and during the Fair. Without this the Fair could not have been a success. We are well pleased with the Fair in every way. The Fair is growing fast and we have already outgrown our facilities. We must find some way to expand. Most of our display space has been spoken for already. A tent had to be used this time and it looks like we will have to expand our space even more. The Fair Board is already

making plans for next year. Again we appreciate everyone who has helped in any way. We hope to make the Fair even better as we go along. Below is a list of those contributing. Although we appreciate these, there is room for much more help just before and after the Fair. Thanks again folks for everything.

Doubleheader Sport Program At Lubbock Next Week End

A number of Lockney area sports fans are expected to be among those "invading" Lubbock on Oct. 3 for a doubleheader sports program featuring a professional basketball game and a collegiate football contest.

The cage tilt, slated for 3:30 p.m. in Lubbock Coliseum, pits the St. Louis Hawks, 1958 world champions, against the Philadelphia Warriors.

The 8 p.m. football encounter matches Texas Tech against Tulsa University at Jones Stadium.

The cage game will be the first ever played in West Texas by clubs of the National Basketball Association. It will feature such top stars as Wilt (The Stilt) Chamberlain, Bob Pettit, Slater Martin, Tom Gola, Cliff Hagan and others.

Tickets for the basketball clash are priced at \$3.00, \$2.50 and \$2.00, with all seats reserved. Good seats are still available, and may be ordered by mailing a check to Pro Basketball, Box 5002, Lubbock, Texas.

Hood County Reunion Set

Former residents of Hood County are invited to attend a county reunion Sunday, Sept. 27, at Mackenzie State Park in Lubbock. The gathering will take place at the barbecue house. Everyone is asked to bring a picnic lunch and spend the day visiting with friends. If you play a musical instrument you are invited to bring it along.

High Plains Board Will Meet Sept. 24

The board of trustees of the High Plains Research Foundation will hold their annual meeting at McGrath's dining room in Plainview at 11:00 a.m. Thursday, Sept. 24. The dinner will precede the annual field day that afternoon at the research farm at Halfway.

At this meeting, the board of trustees set the research program for the Foundation for 1960 and decide the budget for the 1960 operations. Mr. Harold Hinn, chairman of the board of trustees, announced today. This will be the first meeting of the board of the new Foundation since its creation in May 1959 following the separation from the Texas Research Foundation. Prior to that date, the research station was operated as the High Plains Station of the Texas Research Foundation.

At this meeting, the board of directors and executive committee will be selected to serve during 1960. Committees for the various activities of the Foundation will be appointed at this annual meeting. These committees will be composed of members of the board of trustees and additional members outstanding in the various fields of activity in which research is being conducted at the foundation at Halfway.

Following the annual meeting, the members of the board of trustees will be host to the large number of visitors who will tour the Foundation farm during the annual field day Thursday afternoon.

Members of the board of board of trustees from Floyd County are Ewald Quebe, vice-president of the executive committee, Clay Henry, Jimmy Willson Jr., B. A. Robertson and Lon Davis Jr.

Mr. and Mrs. J. D. Wood, 1108 Fresno, Plainview, former Lockney residents visited in the O. C. Bailey home Sunday.

Sgt. Eddie Lopez Goes To New Base

A Word About Your Cotton Defoliants!

DEFOLIATION CAN BE NEAR PERFECT!
DEFOLIATION CAN BE UNCERTAIN!

Cotton defoliants can aid an earlier harvest and better grades. Applied prior to a freeze, it will cause some bolls to make white cotton that otherwise would not.

The results will be in direct relation to the maturity of the cotton. If the cotton is ready to defoliate, the percentage of leaf-drop will be high. If the cotton is immature the percentage of leaf-drop will be low.

Let us discuss your cotton defoliants with you.

Dear Editor:

I see where a psychologist sort of hints by saying so that a man who don't wear a hat is just telling the world he is a sissy.

But my bold-baring neighbor says this is not so and he will prove it if this people-rearer will step out in the alley with him.

Says he goes uncovered because he don't like the new narrow brim style, and figures he might as well save the bother of riding herd on a hat if he is going to get sun-burned ears anyhow.

NOW... '60 CHEVROLET TRUCKS

WITH REVOLUTIONARY TORSION-SPRING SUSPENSION THAT GIVES ASTONISHING NEW SHOCKPROOF ACTION !!!!!

Chevy's done the next best thing to paving every road in America!

First they threw out the front axle and put in torsion-spring independent suspension. Then they built wide-base coil rear springs into most light-duty models, variable-rate leaf springs into heavies. That made it—a ride you have to feel to believe. A ride that lets you move faster to get more work done in a day's time.

Brawnier bulldozer build!

Frames are stronger, cabs 67% more rigid. Front wheels and tires are precision-balanced. And that new suspension cushions jars and road shock that used to spell slow death for the truck's body and sheet metal.

More comfortable cabs!

Easier to hop in and out of too. Many models are a whole 7 inches lower outside. Yet there's more head room inside, plus more width for shoulders and hips. More real comfort!

Big in the power department!

With the industry's most advanced gas-saving 6's. With high-torque Workmaster V8 performance in heavyweights. With new 6-cylinder or V8 power available in L.C.F.'s.

More models than ever!

New 4-wheel-drive models and tandems and high-styled Suburban Carryalls. It's the handsomest, hardest working Chevy fleet ever to report for duty. See your dealer soon for a ride!

DOLLARS FOR DEMOCRATS WEEK

SEPTEMBER 25 TO OCTOBER 2

Political parties, like people, must have money on which to operate. The Republican Party gets its money, and plenty of it, from big business whose interests it serves. The Democratic Party belongs to us ordinary people and must look to us for its money. Support your party—even a dollar will help. All funds go to Democratic National Headquarters — none to state or local organizations. Send contributions to: Democratic Fund, P. O. Box 876, Floydada, Texas.

Dear Editor:
 I see where the Russians got their figures just right on windage, elevation, lead, etc., and shot a claim stake up to the moon.

My sentimental neighbor says he is afraid now that the Reds own the moon they are apt to put an iron curtain around it and let romance die out.

But he could be worrying very unduly about this, on account of the junior high school has just about replaced the moon as a family starter anyhow.

Big Red Drop Tulia From Unbeaten List

In a hard-fought defensive battle Friday night Lockney's battling Longhorns eked by the rugged Tulia Hornets, 8-6. The difference in the score between the evenly-matched elevens was a pass from quarterback Johnny Belt to halfback Joe Allard for the two extra points after touchdown.

The loss dropped the Hornets from the elite ranks of the undefeated and left them with a record of two wins and one loss. Lockney sports an identical won-lost mark.

The visiting Longhorns tallied with little over eight minutes remaining in the contest. Halfback Terry Clark rumbled across the double-stripe to end the 19-yard drive.

Lockney's touchdown was set up when several Big Red linemen rushed the Tulia punter and blocked his kick. The ball rolled back to the Hornet 19 where Lockney gained possession.

The Hornets hit pay dirt on the first play of the second quarter when fullback Buzzy Poage scampered 81 yards for six points. Poage's kick was wide on the PAT.

Another Tulia tally was nullified by an offside penalty. They took the opening kickoff

and drove 57 yards to the goal line. After the Hornets were penalized for being offside, the Longhorn defense rose up and held for four downs to gain possession of the ball on their one yard line.

Penalties also knocked the Big Red out of two golden scoring opportunities. After the second half kickoff Lockney marched to the Tulia 10 before an offside penalty killed their drive. Late in the game the Horns grabbed a fumbled punt inside the Tulia 10 but a holding infraction nullified the play.

The game was rated as an upset by most area sportscasters. The Hornets outweighed

Lockney's eleven as had Hale Center and Dimmitt.

Good defensive plays stole much of the show from the offensive stars. Standouts in the Horn defense were Dan Smith, Wayne Cooper, James Davis, Rickey Collis, Allard, Clark, Oyama Buchanan, Mickey Mosley, Lewis Eiland, Freddie Gant, and others.

The Big Red secondary, especially Clark and Allard, did an exceptional job defending against long Tulia aeri-als late in the game.

The wide-open Tulia offense had not been limited to under four touchdowns in any previous encounter.

The blunt of Lockney's offense was carried by the jarring Clark, who played his best game of the season, and bruising fullback Gant. Several other boys made good gains including Allard, Belt, Jake Wofford, Jimmy Rushing, Bill Mangold.

Poage was the Tulia spark-plug, gaining 145 yards in 19 carries. However the fiery Horns defended the speedy fullback well in the final half, holding him to 18 yards in seven tries.

Summary of the game: Tulia received the opening kick, covering Smith's short boot on their 43.

The Hornet attack began to click. They lost 1, gained 7, 4, 1, 10, 1, 8, 0, 10, 4, 3, a first on Lockney's 5. Poage circled end for six points but the maroon-clad Hornets were offside on the play. Lockney held Tulia to 2, 4, 3, 0, and gained possession on the 1 yard line.

Clark made 0, Tulia was offside on successive plays giving the Longhorns a first on their 11. Lockney began to move upfield as Clark gained 5, Wofford kept for 4, 4, 3. Rushing made 3, Clark moved for a first on the L 38. Gant made 2, Lockney penalized 15 yards, Gant gained 2, Clark quick-kicked 56 yards to the Tulia 17.

Negro halfback Billy Dick gained 2 on the final play of the initial period.

Poage outraced Longhorn defenders for 81 yards and Tulia's six points. His kick for PAT was wide, Tulia 6, Lockney 0, with 11:37 remaining in the second stanza.

Eiland covered the kick on Lockney's 35. Gant rumbled for 5 and Clark romped for a first on the L 43. Belt's pass was

FORMER LONGHORN STAR Jerry Williams is expected to see a lot of action Saturday night when West Texas State meets the University of Arizona in their new 20,000-seat stadium. A near-capacity crowd, the largest in the Panhandle's sports history, is expected for the inaugural battle in the stadium located between Canyon and Amarillo. intercepted and returned to the Horn 41.

The Hornets moved for 3, 10, 6, lost 2, gained 0, 5. The Horns, dressed in flashy new white jerseys and white trousers, took over on their 20.

Belt kept for 8, 0. Gant raced for 10, the Horns lost 1. Gant gained 3, Lockney was penalized back to their 31. Clark punned 27 yards to the Hornet 32. The runback netted 10 yards.

Tulia's attack bogged down as they gained 0, 5, 3, punned 36 yards to the L 20.

Allard made 2, Gant picked up 12, Allard gained 3, 2. Gant rumbled for 3 as time ran out in the second period.

Second Half: Mosley covered the kick on the L 40.

Gant and Clark each gained 3. Buchanan speared a Belt pass for a 34-yard gain and first down on the T 22. Clark drove for 8, 2. Belt kept for 2. Lockney was assessed with an offside infraction. Mangold gained 4 and lost 1, a fourth down pass fell incomplete.

Tulia drove for 2, 7, 2, 8, lost 6. The Hornets were penalized back to their 13, gained 7, punned 37 yards to the L 41. Clark

aerial worked for two more points.

Lockney 8, Tulia 6 with 8:25 showing on the clock.

Smith's kick sailed to the 20 with Poage bringing the pigskin back to the T 31. The Hornets were assessed a 5-yard penalty, gained 5, 2, passed incomplete, punned 29 yards to the L 38. The runback netted 6 yards with the Hornets being penalized 15 yards to their 41.

Gant again rolled for 7, 2. Lockney was penalized 15 yards. Clark gained 7, Clark punned to the T 10 where the Horns covered a fumble. However the play was rubbed out by another 15-yard penalty on Lockney. Clark's second punt traveled 30 yards to the T 23.

Tulia struggled to get back into the game as they gained 2, 9, 0, 0, punned 24 yards to the L 42. Billy Dan Rolling returned 3 yards.

The Longhorns began to run the clock out as Gant made 5, Clark picked up 4, Gant went for 0, a first on the T 44. Allard drove for 2, Clark plowed for 3, Lockney was offside on the final play.

Sterley News

By Mrs. Virgil Adams

Sterley Home Demonstration Club met Thursday in Sterley Club Room with Mrs. Virgil Adams as hostess.

The program was crafts. Mrs. Kenneth Broese and Mrs. Bessie Smith of Lockney showed different articles made of ice cream sticks. Most everyone made a basket or picture frame.

The hostess served coffee, tea and cookies to Mmes. Kenneth Broese, R. H. Tinsley, Bill Washington, C. L. Mooney, Guy Sams, Elmo Schaffner, A. D. Schaffner, Herman Huffman, W. G. Archer, J. W. Read, and Bessie Smith.

Next meeting will be October 1 and it will be on pillow making. Each one who wishes to make a pillow bring one and a half yards of material such as taffeta, corduroy or upholstery, also thread and needles. Mrs. A. D. Schaffner will be hostess and her sister from Lubbock will demonstrate the pillow making. We hope to have a nice crowd.

Sterley Community Club will meet Friday night at the club house. Those who wish may play 42 and the rest may play other games. We hope each family will come out and enjoy the evening.

Mr. and Mrs. Johnny Adams of Plainview were luncheon guests in the Virgil Adams home Sunday.

Mrs. Elmo Schaffner visited her mother and aunts at Brownfield Friday.

Mr. and Mrs. Elmo Schaffner helped a friend move from Plainview to Midland Saturday.

Mr. and Mrs. J. W. Read and Mr. and Mrs. Elmo Reeves left Tuesday afternoon for a few days fishing at Stamford Lake.

Mr. and Mrs. Elmo Schaffner and girls attended the Jerry Lewis show at Lubbock Sunday night.

Mr. and Mrs. M. A. Boone left from Childress Wednesday morning to attend a convention in Denver, Colo. Mr. Boone served as a committeeman of Brotherhood of O. F. W. A. Y. There were only four others from Texas. They reported a wonderful trip on returning Sunday afternoon.

Local Jr. High Grid Slate Is Announced

Lockney 7th and 8th grade teams lost two games to Tulla here last Tuesday night in the opening games. Several inexperienced boys are on the local squads and the teams should improve as the season progresses.

Junior High coach is Bobby Davis.

Hale Center teams were here Tuesday night but the Beacon did not receive the scores.

Schedule for the 7th and 8th grade squads:

Sept. 29 — Floydada, here.
Oct. 6 — Abernathy, there.
Oct. 13 — Open.
Oct. 20 — Floydada, there.
Oct. 27 — Hale Center, here.
Nov. 3 — Abernathy, here.

SISTER PASSES

Mr. and Mrs. Carl Ferguson left Tuesday afternoon to attend funeral services of Mrs. Ferguson's sister, Mrs. Harry Newcomb, 63, who passed away Monday morning at a Benton, Ark., hospital after a long illness. Services were held in Nashville, Ark., Thursday afternoon. Mr. and Mrs. Les Ferguson left Wednesday night to attend the funeral.

HAS SURGERY
Mr. and Mrs. Herbert Walker of Halfway left Thursday of last week for Houston where Mrs. Walker underwent surgery Tuesday. Mrs. Walker is the former Celia Mae Wicker who grew up in this community. Her address is William Penn Hotel, Room 607. She would appreciate cards from friends here. The Beacon is informed.

Mr. and Mrs. Herman Huffman attended a birthday celebration given by the Church of Christ of Cotton Center honoring J. W. Walker on his 84th birthday Sunday. Mr. Walker is the father of Mrs. Huffman.

Sand Hill News
By Mrs. James Jeffress

Many fields have been defoliated and harvest should be in full swing in a few weeks. Junior Training Union enjoyed a weiner roast at the Jess Starkey home Friday night with Mrs. James Jeffress, teacher, assisting. After supper games were enjoyed by Kighm Sloan, Jimmy and Timmy Jeffress, Harold, Elaine and Mary Starkey, Joe Ed and Johnny Noel, Mrs. Ed Noel, Mr. and Mrs. James Jeffress, Mrs. Tom Brown, Mr. and Mrs. Starkey.

Mrs. James Jeffress visited her sister, Mrs. Don Watkins. Mrs. Tom Brown returned home with her for a few days visit.

Mr. and Mrs. Orba Miller were hosts for a picnic supper Friday night honoring several friends who had celebrated birthdays. Present were Messrs. and Mrs. Willie Patterson and family, H. F. Jackson, W. R. Billington, Orlon Miller, Lynn Miller, Mrs. Patterson, Mrs. Bob Hinkston, Bill Miller and Miss Verl Miller.

Gene Swanner, son of Mr. and Mrs. M. B. Swanner, was seen on the television show "Truth or Consequences". He had been named sailor of the month and was flown to the states from the Aleutians Islands for a reunion with his wife, Mary, and four months old son he had never seen. Mary and the baby have been living in California while he is away. It will be April 1960 before he will get to come home.

Mr. and Mrs. Kirk Slater Jr., returned home from Oklahoma City where Jo Ann had gone through an allergy clinic. She is improved.

Officers will be installed Sunday at Sand Hill Baptist Church and all new officers as well as old officers are urged to attend. This is also promotion day. Beginners to be promoted are Alison McLain and Mike Vincent. Promoted from Primaries are Jimmy Jeffress and Johnny Rowan.

Sand Hill Home Demonstration Club met Wednesday afternoon with Mrs. Hollis McLain as hostess. The craft all day meeting will be Oct. 15 beginning at 9 a.m. Bring a dish and material for a plaque. Officers will be elected at the next meeting.

Mr. and Mrs. Walter Knight returned Sunday night after several days at Carlsbad, New Mexico, and a rest in the mountains. While there they visited Mr. and Mrs. Wilson Andrews and Fay Conner.

Mr. and Mrs. C. P. Carey accompanied their daughter to West Texas, Canyon, where she enrolled in college. There were no more dorm rooms at North Texas where she planned to attend, however she is happy at Canyon, her parents report.

Wednesday dinner guests in the C. P. Carey home were Mr. and Mrs. Marion Meek and Mrs. John Carey of Fairview community.

Our Lockney and Floydada football teams did all right for themselves Friday night and we hope their luck continues.

Miss Marilyn McLain was honored on her 10th birthday with a party Friday afternoon. A weiner roast and games were enjoyed by Elaine Starkey, Sue Shurbert, Lynette Smith, Betty Miller, Nita Karen Scott, Linda Williams, Shawn Shurbert, Alison McLain and the honoree.

Congratulations to Mr. and Mrs. C. M. Miller on the birth of twin boys Friday night who arrived at Lockney General Hospital. They weighed 3 lbs., 14 ozs. and 3 lbs., 5 ozs. and were named Jack and Jerry. They have a sister named Bettye.

Refreshers For Tired Felt Hats

If you can't afford a new fall hat, give the old one a new look with careful brushing and cleaning.

Start by brushing the hat carefully. This may show up spots and stains that need special treatment. Try using sandpaper first with a piece of No. 0 sandpaper, begin at the center top of the crown and gently sand in the same direction around the corner, side and brim.

If this doesn't do the job, use naphtha or other cleaning fluid. Dip a small brush, as a fuid, in the cleaning fluid, shake out excess liquid and brush the hat until the soiled spots disappear. Remember to work out doors when using cleaning fluids.

4-H Clubs

The Community 4-H Clubs are electing new officers and selecting organization leaders this month. At present there are Community 4-H Clubs at Dougherty, Sand Hill, South Plains, Harmony and Lakeview. They are open to all children between the ages of 9 and 20. The community 4-H clubs meet at night, instead of in the school, so they can carry on a better program and gives the 4-H members better leadership opportunities.

We would like to organize the Community 4-H Clubs in more communities in the county. How about yours?

Home Economics

The Home Economics Subcommittee of the program building committee met last Friday with Mrs. Mac Howard, Mrs. Henry Bollman, Mrs. Harry Merckel, and Mrs. Lynn Miller, chairman in attendance. The next meeting is planned for October 13 when we will discuss problems of the county and what we can do about them.

Who doesn't hate to admit summer's over and it's time to put away bathing suits and beach bags for another season? Be sure to wash out sand, perspiration and sun tan lotion in warm suds, as thoroughly as you can. Tumble in the clothes dryer, using low heat until almost dry. The time will vary with size, weight and degree of dampness of the articles. To prevent mildew, don't put away until thoroughly dry. Warning: do not place bags with plastic trim or lining in any clothes dryer.

The Best Way of Life

★ Buy ... where your trade helps to sustain prosperity you can enjoy

It depends on what you like, of course. There is the warm neighborliness ... the dignity and satisfaction of life in a community like ours ... and there is life as it is lived in the cities ... as one of the scrambling herd ... where neighborliness is viewed with suspicion ... and squalor is the lot of anybody who gets pushed aside in the rat race.

- Those of us who live here have already voted our preference ... for this more tranquil smaller community unit

as a way of living. We like churches where everybody knows everybody else ... and schools where we know our children's teachers ... and they know us. We like living that is more calm, easier, safer ... and we like business dealings with neighbors we can depend on.

- But happy communities don't just grow ... they have to be built. It takes revolving money ... local trade volume ... to build and maintain and enrich our chosen way of life.

It Pays to Buy where you Live

YOU get everything that your money pays for ... merchandise AND a trade-invigorated community to live in ... when you buy from your home town merchants ...

PLANS FOR FARM CENSUS ARE REVEALED BY CENSUS DEPT.

The tremendous job of taking a nation-wide farm census will begin in October, according to announcement by the Bureau of Census this week. This will be the 17th nationwide census in which farmers and the United States government have participated during the past 120 years.

Clyde Cook, of Borger, Texas, has been appointed as field assistant for the agriculture census. He will direct a force of 17 crew leaders and 219 census takers in 33 counties in the Panhandle-South Plains area of Texas. This includes Floyd and all neighboring counties.

Mr. Cook will begin work September 23 and receive several days of training which will cover administrative procedures and other duties and responsibilities connected with the job. He will be responsible for recruiting the crew leaders who will begin work October 26. The crew leaders will in turn recruit the census takers who will begin work November 18.

The 1959 Census of Agriculture will collect information on the number and size of farms, acreage and harvest of crops, livestock production and inventories, selected farm facilities, selected farm expenditures, farm values, and mortgage debt. Information will be published for counties, states, and the nation.

Information gained from this agricultural census will have a vital influence on future planning, officials say. More than 30,000 census takers will visit farm families throughout the nation to get information on three general fields . . . farm resources, farm products sold in 1959 and selected farming activities for this year.

Two weeks before the census begins, questionnaires will be mailed to farmers by the Census Bureau. Farm operators should complete these forms and have them ready for the census taker when he calls. All information given by a farmer is confidential and figures for individual farms will not be revealed.

Farm records will be very important and officials suggest that farm families have their records available and as complete as possible when the census taker calls. By providing complete and accurate records, the time of the taker will be conserved and the Census Bureau will be able to process and publish their findings without delay.

IMPROVING

Mrs. H. Cunningham, who has been seriously ill at Nichols Medical & Surgical Hospital here, was reported to be improving Wednesday.

Mrs. Josephine Cooper of Coleman will leave today for her home in Coleman after visiting relatives and friends here for the past four weeks.

High Plains Station Tour Schedule Set

The schedule for the field day tour at High Plains Station, Halfway, has been announced. Guided tours will begin at 1:30 p.m. today (Thursday). Following is a list of the products to be seen with the name of the person who will guide the tour and the experiment underway on that particular plot:

Stop 1 — CASTOR BEANS — Billy C. Gunter (formerly Baker Castor Oil, Plainview) Extension Service, Texas A. & M. College, Lubbock. Planting, varieties, fertilization and harvesting castor beans.

Stop 2 — SOYBEANS — Dr. Clark Harvey, Texas Technological College, Lubbock. Fertilization, seeding, and spacing of soybeans.

Stop 3 — GRAIN SORGHUM FERTILIZATION — Dr. Alex Pope, Texas Agricultural Experiment Station, Bushland. Kind, amount and time of application of fertilizer on grain sorghum.

Stop 4 — Cotton Fertilization — Harvey Walker, Texas Agricultural Experiment Station, Lubbock. Rates, ratios, and time of application of fertilizer on cotton and its effect on quality.

Stop 5 — COTTON IRRIGATION AND SKIP ROW PLANTING — Delbert Langford, High Plains Research Foundation. Effects of different methods of irrigation and skip row planting on yield, net return, and water efficiency.

Stop 6 — RECHARGE WELL AND BENCH LEVELING — James Valliant, High Plains Research Foundation. Purpose and results of recharging surplus surface water underground and objectives of bench leveling study.

Stop 7 — GRAIN SORGHUM VARIETIES AND HYBRIDS — Jack King, Texas Agricultural Experiment Station, Lubbock. Yield and growth characteristics of grain sorghum varieties and hybrids.

Floyd County people who will participate in the field day as guides include Dick Whiteley of Lockney, Asgrow representative, and A. W. Dalrymple of Floydada, of the soil conservation service.

The barbecue will be held at 6:30 p.m. Everyone interested is invited to attend the field day, according to Dr. T. C. Longnecker, manager of the station.

TO PHILADELPHIA

Derrel Waldroupe, who has spent the past two weeks here visiting his parents, Mr. and Mrs. A. N. Waldroupe, left Wednesday to return to Philadelphia, Pa., where he serves in a Naval Hospital.

There are more than 400 species of plants that feed on insects.

FORD'S NEW 1960 Model F-100 pickup is shown here. The new model Ford Trucks will be on display at Baccus Motor Co. here on October 8th. The dual headlights are standard equipment and the buyer has the choice of the Styleside body, pictured above, or the Flareside body.

USDA Making Acreage Survey

This month the U.S.D.A. in cooperation with the Post Office Department, is conducting an annual acreage survey. Rural Mail Carriers are delivering 30,000 cards to Texas farmers and ranchers. The cards list questions on crop acreages and livestock. Carriers pick up the complete cards and forward them to Cary Palmer, Agricultural Statistician for Texas in Austin.

Mr. Palmer urges farmers to answer and return cards to Mail Carriers. "This survey," he points out, "serves as a basis for estimating the State's farm production. Every report helps to make accurate estimates."

High Fertility Needed For Top Crop Yields

College Station. — You would not run your automobile until it is out of gas, says Dr. W. F. Bennett, extension soil chemist, so why keep cropping your land until the plant food runs out? To maintain profitable yields, he adds, additional fertilizer should be applied to cropland before the plant food gives out completely.

To know exactly where your land stands in regard to the amount of plant food available, take soil samples and send them to the state soil testing laboratory at College Station for analysis, he recommends.

Soil samples should be sent to the lab several weeks before planting season so the lab will have sufficient time to test them.

Among the crops generally planted in the fall are alfalfa, early small grains, clovers and other legumes. Many of the soils on which these crops will be grown will need lime, and if this is the case, the lime should be applied before plant-

ing, making a soil test now doubly important. Soil testing is a tool you can use on your farm to help determine the level of fertility in your soil and how much fertilizer you need to add for most profitable production.

A frying pan is easier to clean after scrambling eggs if you fill it with salt water.

TO DALLAS

Mr. and Mrs. M. C. Cook and daughter, Vickie, went to Dallas Monday where Vickie was given a medical check by a specialist. They returned home the same day.

Mr. and Mrs. George Ragan of Oroville, Calif., were here Wednesday visiting friends, Mr. and Mrs. J. P. Truett.

HAS MAJOR SURGERY

Mrs. J. B. Teaff, Bentonville, Ark., underwent major surgery at Nichols Medical & Surgical Hospital here Tuesday afternoon. She was reported to be doing "as well as could be expected" by relatives Wednesday.

Mr. and Mrs. John M. Gill of Amarillo spent from Sunday until Thursday of this week here visiting her sister, Mrs. J. H. Weathers and husband.

GO TO CHURCH SUNDAY.

TANGY TOUCH FOR FRENCH BREAD
