Swiss Musician Will Present Program Here

Lockney Order of the Eastern Star will sponsor the appearance here next Tuesday evening of Toni Gauer, a Swiss modeling artist and accordion virtuoso. Mr. Gauer will present a program of Swiss music which also will include some fun and information.

The program will be held in the High School auditorium starting at 8 p.m. Admission will be 75 cents for adults and 25 cents for students. The O.E.S. will appreciate the support of local people in attending the program, according to F. M. Smith, worthy patron of the order.

Mr. Gauer was born and reared in Switzerland, attended the State College of Appenzell, Eastern Switzerland, which best preserved the country's old customs, costumes and traditions. Later he lived at Bern, the capital, but at the age of 25 came to New York. Constantly asked to model and play, he developed a unique presentation of his native country.

Toni appears in his Appenzell costume, the most colorful of all Switzerland. He plays and demonstrates various types of Swiss button accordions, sings, speaks, and tells the story of Switzerland in a number of surprising facts about the country.

Tickets may be purchased at the door.

Mr. Gauer will present a program to high school students on Tuesday afternoon also, Mr. Smith said.

SERVING THE RICH IRRIGATED SECTION OF FLOYD COUNTY

VOLUME 58

LOCKNEY, FLOYD COUNTY, TEXAS, THURSDAY, OCTOBER 1, 1959

NUMBER 26

HERE IS the new 1960 model Chevrolet Impala 4-door Sedan which will be among the new Chevrolet models on display at Lockney Auto Company here Friday. New styling in front and rear and increased comfort are some of the features of the new model Chevrolet. The new Chevrolet Corvair will also be on display.

NEW CHEVROLET AND CONVAIR WILL BE SHOWN HERE FRIDAY

Lockney Auto Company, local authorized Chevrolet dealers, will have on display Friday of this week both the new 1960 model Chevrolet and Chevrolet's new small car, the Corvair. The local dealer will have at least four models of the new Chevrolet and one of the Corvair.

The public is cordially invited to come in and see the new model cars. Barry Barker, a member of the firm, said that Lockney High Homemaking girls will serve free coffee and doughnuts all day Friday and the auto company will have favors for the ladies and kiddies. Bottles of perfume will be given the ladies who come in and balloons, candy and gum will be handed out to the kiddies.

The new Chevrolet models include a series of Impalas described as the most luxurious ever introduced in the low-priced field. The styling of the new models is distinctive, with outstanding newness in the front and rear sectors. Passenger space is roomier, more comfortable and richly fitted. A new economy V-8 engine is among the improvements.

Body types in the Impala, Bel Air and Biscayne series combined include a total of three four-door sedans, two two-doors, two sports coupes, two sports sedans, a convertible and a utility sedan.

Plains Floral To Hold Open House Here Saturday

Plains Floral Shop will hold open house here Saturday showing their new building to the public. Mr. and Mrs. Tom O. Simpson are owners of the floral business. Everyone is invited to come by and visit. Mr. Simpson said. Coffee and cake will be served.

The new building is located on West Poplar Street, just back of Carter Funeral Home and across the street from the Methodist Church. The modern structure provides room for displays of gift items as well as floral settings and screened consultation areas.

The brick facade of the frame building holds a wrap-around glass front with display windows extending well along the sides of the showroom. Planters and portable dividers set off the various display and counsel areas. Rattan furniture adds to the comfort of the building.

A drive-through car port along the east side of the building will provide loading and unloading facilities and a six-foot wide door will afford entrance to the shop's work area. The work room has been designed for the convenience and comfort of the shop personnel.

Mr. and Mrs. Simpson have been operating the local firm since they bought it in 1956. Mr. Simpson worked there a year previous with Mrs. J. B. Seale.

Mr. Simpson is a native of Lockney and was reared here. Mrs. Simpson is from San Antonio where her parents now live.

Soil Supervisor To Be Elected

A supervisor for Zone 1, Floyd County Soil Conservation District, will be elected at a meeting at Lone Star community center next Tuesday evening, October 6. The announcement came from Bert Bobbitt of Sterley, who now holds the post. Mr. Bobbitt said that he had served in the position for the past 15 years and he had decided to retire. He is anxious that a good representation of farmers from the zone be present and that a good man be selected. The term is five years.

Zone 1 embraces all of that area in Floyd County west of Highway 207 running from Floydada to Silvertown and north of Highway 70 from Floydada to Plainview.

The meeting at Lone Star will begin at 8 p.m. The Lone Star Home Demonstration Club will serve free doughnuts and coffee. All interested persons are invited to attend.

Mr. Bobbitt further stated that a few farmers still owe the district for the use of dirt moving equipment. He requested that these accounts be settled before he goes out of office so that he can balance his books.

David Roberson At Fort Riley

Fort Riley, Kan. (AHTNC) — Army Pvt. David F. Roberson, son of Mrs. Versie M. Perry, Lockney, is receiving eight weeks of advanced individual training at Fort Riley, Kan. The training is scheduled to terminate Oct. 31.

Roberson entered the Army last June and completed basic training at Fort Carson, Colo.

The 18-year-old soldier is a 1959 graduate of Lockney High School.

Ralls "B" and Frosh Elevens Here Tonight

Ralls High School "B" and freshman football squads will play local teams on Mitchell-Zimmerman Field here tonight (Thursday).

The Longhorn "B" trampled Hale Center, 34-12, in an encounter there last Thursday.

Lockney's "B" squad is undefeated in three contests. The freshman team has split in two games.

Don Probasco Is Named County's Top Farmer

Don Probasco, a young farmer of the South Plains community in North Floyd County, was named the county's outstanding conservation farmer last Thursday at the climax of the annual county soil tour. The program was held at Paymaster Farm, north of Aiken, where a barbecue dinner was served to some 325 people who made the tour.

The plaque which went with the honor was presented to Probasco by T. L. Holland, president of the Floydada Lions Club. Probasco's farm is located on Highway 207 about two miles north of South Plains.

Soil district employees said that Probasco is farming a section of land with 480 acres in cultivation. He has three 8-inch wells. The award was based on Probasco's soil-improving crops. He oversowed 65 acres of wheat with clover this year, inter-planted cow peas in 275 acres of grain sorghum, and planted cow peas in skip-rows of cotton. He rotates his crops using cotton, wheat, grain sorghums and soy beans in his scheme.

In addition to these agronomy practices his mechanical conservation practices include laying of concrete underground pipe and land leveling.

FFA boys from Lockney and Floydada high schools were among the group making the soil tour.

Mrs. J. M. Ansley Passes Friday

Mrs. J. M. Ansley, mother of Henry Ansley of Lockney, died at 4:30 a.m. Friday in Northwest Texas Hospital, Amarillo. She had undergone an operation on Thursday and had been in ill health for some three years. She was 76 years of age.

Funeral services were held at the First Methodist Church in Hooker, Okla., Sunday at 2 p.m. Burial was in Hooker Cemetery. Mrs. Ansley was a member of the church.

Mr. and Mrs. Ansley had been visiting here in the home of their son for some three weeks but their home was at Hooker, where they had lived for many years.

Survivors include the husband, four sons, Henry Ansley of Lockney, Doris Ansley of Adams, Okla., James Ansley of Fort Worth and Wilson Ansley of Plainview; three daughters, Mrs. Merlene Smith of Hooker, Mrs. J. P. McCarter of Lubbock, Mrs. Marvin Reese of Hooker; three sisters, 15 grandchildren and 5 great-grandchildren.

Chinese To Speak At Church Sunday

Samuel Tong, a student at Wayland College, Plainview, will speak at the First Baptist Church Sunday morning and evening. Mr. Tong is an excellent speaker, and is a graduate of the Baptist Seminary on Formosa. He has also served as an interpreter on numerous occasions.

Rev. Charles Broadhurst, pastor of the local church will be preaching in a meeting at Dawson, Texas, starting Sunday.

Fire Destroys Labor House Wednesday

Fire of undetermined origin destroyed a house occupied by Mexican braceros at South Plains early Wednesday morning. The house belonged to the Marble Bros., The Beacon was told, and it was located on the highway in South Plains.

Lockney Volunteer Fire Department took a pumper truck and the panel truck to the scene of the fire.

Missionaries To Speak Here Sunday

Rev. and Mrs. Bryan Mock, missionaries to Bolivia, South America, will speak at the Assembly of God Church Sunday evening, October 4, at 7 o'clock.

The public is cordially invited to attend the service, according to Rev. Joe Stone, pastor of the church.

Enrollment At Local Schools Goes To 1081

Enrollment in the Lockney school system Wednesday of this week had risen to 1081 pupils with the harvest season just started, according to a report from Supt. H. H. Nicholas. This enrollment figure includes 230 in high school, 153 in junior high, 623 in elementary school and 75 in the colored school.

Some 85 pupils enrolled in classes at the city auditorium, set up to handle the seasonal rise in enrollment, is included in the 623 figure. Teachers of the auditorium classes are Mrs. Hugh Marble and Mrs. Inez Wright.

Growth in the permanent enrollment group is indicated, however, by the fact that another section of the second grade was formed in the C. N. Townsend school this week with the new class scheduled to start meeting this (Thursday) morning. This makes four sections of the second grade. A total of 111 are enrolled in this grade, Mr. Nicholas said, forcing the school administration to form another section. Mrs. Douglas Degge will teach the new section temporarily until a permanent teacher can be secured.

Robertson Is Named County ASC Chairman

J. B. Robertson was elected chairman of the Floyd County Agricultural Stabilization and Conservation Committee in a meeting of community chairmen last Thursday at the ASC office in Floydada.

Henry Schacht of Lockney was named vice-chairman of the committee and Shirley Irwin was elected member. Bryan Karr of South Plains was named first alternate and L. F. Gresham of Floydada was elected second alternate.

The terms of office are for one year.

Thos. J. Hutchins, ASC office manager, announced this week that the soil bank sign-up deadline had been extended through October 9th. Previous deadline for signing was Sept. 30.

Rains Halt Cotton Harvest

Rains falling early Wednesday morning brought the Floyd County cotton harvest to an abrupt halt with little prospect of further harvesting this week. The rain was not heavy, amounting to only .31 of an inch here, but it was enough to stop cotton pulling. One farmer called it "not enough to do any good but too much to keep working. Rains were pretty general over the county with the fall at Floydada reported to be some heavier than in the Lockney area.

Farmers were doing a good job of getting the cotton out up to the time the rains fell. Total ginnings in the Lockney, Lone Star, Sterley and Aiken gins amounted to 3316 bales from this year's crop according to a survey by The Beacon on Wednesday. Of this number 1660 were ginned in the four gins in Lockney proper. This compares with totals of 1100 for the area and 683 for Lockney at the same time last week.

Most ginneries were of the opinion that the moisture thus far would not damage cotton grades to any extent but stated that if the damp weather continues the grades will be lower. Farmers and ginneries alike were hoping for clear weather today (Thursday) though the forecast was for more damp weather through today.

Longhorns-Whirlwinds Tangle Friday Night

Lockney's spunky Longhorns will be decisive underdogs Friday night when they travel to Floydada to take on the powerful Whirlwinds. The battle for the Floyd County championship will be a hard-fought contest even though the teams are in different districts.

The Whirlwinds are not only undefeated and untied in four encounters this season, but no opponent has yet crossed their goal. They have rolled to impressive wins over four foes, downing Abernathy 20-0, breezing past Olton 42-0, clipping Ralls 40-0, routing Paducah 58-0. Lockney and Floydada have faced one common foe, Ralls, which the Longhorns slipped past 14-6 last Friday night.

The Big Red also bring a good record into the contest. Their only setback in four games was a 24-6 loss to a strong Dimmitt eleven. Besides beating Ralls, the locals own a 20-6 victory over Hale Center and an 8-6 win over a good Tulla team.

Friday nights clash between the two fine teams will be one of the highlight encounters in the Panhandle-South Plains area. A highly partisan sellout crowd will witness the struggle, weather permitting.

Floydada, from District 3-AA, is rated as the top Class AA team in this area by the Lubbock Avalanche-Journal and is ranked second behind Dimmitt by the Amarillo Daily News. They are also among the top ten AA teams in the state.

The boys from south Floyd County boast an awesome attack, both passing and running, and a brilliant defense. Left halfback quarterback Don Vickers is the big gun in the Whirlwind running attack. Sophomore quarterback Rodney Teague and Vickers are dangerous passing threats and both, along with Larry Orman and Richard Graves, are good receivers.

Danny Shipley and Bill Gilliland spark the Floydada defense.

All the elements are present for an outstanding football team at Floydada. They have

CHARLES COMPTON, traveling science teacher, is shown here demonstrating how an atomic "pile" graphite reactor works. This model is one of the pieces of demonstration apparatus constructed by Compton, which will be used here when he spends a week in the Lockney High School.

Special Science Instructor To Spend Week At Local School

Charles E. Compton, Jr., one of 20 specially trained science teachers participating in an eight-state traveling science demonstration-lecture program during the 1959-60 school year, will spend one week in Lockney High School beginning October 5. It was announced this week by High School Principal F. M. Smith.

The program is supported by a \$35,000 National Science Foundation grant to Oklahoma State University, Stillwater, where Compton spent three months during the past summer in preparation for the job.

While at OSU he was issued a station wagon completely equipped with lecture-demonstration apparatus and supplies. He and the other 19 traveling science teachers were selected by a committee of scientists because of their outstanding qualifications.

Principal Smith and Science instructor Edward Babitzke applied for the week's program for the local high school last year but was not one of the schools fortunate to be one of the 29 schools in Texas, out of some 85 to 90 which applied, to be approved for the program this year.

Compton, 28, was born at Depew, Okla., attended elementary schools at Plains, Texas, and graduated from Kermit, Texas, high school. He holds a BA degree from Sul Ross State College, Edmond, Okla., and a master's degree from Sul Ross State College, Alpine, Texas. He has done additional graduate work at University of Wyoming.

He is a member of the Masonic Lodge, Methodist Church, National Education Association, Texas State Teachers Association, National Council of Teachers of Mathematics and Texas High School Coaches Association.

He has coached and taught mathematics and physics in the Andrews Independent School District, Texas, since 1950. He traveled in Japan in 1953 and 1954, and his hobbies are fishing, hunting, gardening and golf.

THE LOCKNEY BEACON

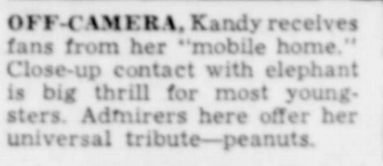

Has Trunk, Travels Often

KANDY, A 1,600-POUND INDIAN ELEPHANT, makes up to makeup man prior to TV appearance. A natural clown, on stage and off, Kandy is featured performer of Muscatine, Ia., Zoo's traveling animal act. To raise funds for the zoo, act plays engagements ranging from shopping center openings to TV programs. Zoo Superintendent Joe Frisco is an ex-animal trainer whose skill with Kandy has made act a hit with audiences young and old.

ON-CAMERA, Kandy is put through her paces by Frisco's 3 1/2-year-old daughter. Billed as youngest U.S. elephant girl she lets animal place foot over her face, step over her body.

OFF-CAMERA, Kandy receives fans from her "mobile home." Close-up contact with elephant is big thrill for most youngsters. Admirers here offer her universal tribute — peanuts.

TO DELIGHT OF YOUTHFUL AUDIENCE, Kandy goes through acrobatic repertoire, which includes dancing, catching flags and walking a plank. A seasoned traveler, she enters and leaves canopied body of International truck with surprising grace.

Auxiliary And Legion Say Thanks For Donations

Lockney American Legion and Auxiliary this week expressed their appreciation for the help they received in furnishing the club room at the new Legion Hall. Donations included both money and furnishings of various kinds. The monetary donations will enable the groups to install a folding door between the kitchen and the club room, it was said.

A list of those who helped in the project was released by members of the auxiliary as follows: Parker Home Furnishings, Raymond Rhodes, John Bickley, James Taylor, Paul Teuton, Allison Electric, Lockney Variety, Lockney Drug, Lockney Farm Supply, Parker Super Market, Baker Hardware Company, Pylant Grocery & Market, Davis Lumber Co., Consumers Fuel Association, Kenneth Moody, Counts Food Store, Jimmy Hodel, Lockney Beacon, Johnson & Johnson, Jack & June Shop, J. DEVILED EGG CASSEROLE

Preheat the oven to 350 degrees. Grease a shallow baking dish and arrange about 2 cups of cooked spinach or beet greens in it. Top with deviled eggs, 2 halves for each person. Then pour a can of cream of chicken soup over all and sprinkle seasoned crumbs over the top. Bake about 20 minutes or until it is bubbly and brown on top. Serve with crisp carrot sticks and a big fruit salad.

It's bad enough to be a quitter. But it's worse to finish something you never should have started.

Army Technical Schools Open To Women

Department of the Army has just released the following list of schools currently available to high school graduates desiring to enlist in the Women's Army Corps for technical training: Dental Laboratory Procedures; Operating Room Procedures; Neuropsychiatric Procedures; Clinical Psychology Procedures; Dental Assistant; X-Ray Procedures; Cryptography; Stenography - Finance Procedures; and Clerical Procedures and Typing.

Prerequisites for qualifying a young lady's assignment to one of these schools include a series of aptitude tests administered by the local Army Recruiting Main Station before her enlistment.

After scoring the tests, the applicant's name is submitted

to Department of the Army, and authority is granted to enlist her. She is guaranteed assignment to the technical school of her choice upon completion of basic military training.

Young women interested in qualifying for technical training and enlistment in the Women's Army Corps may contact Sergeant First Class Willard P. Wang, local Army Counselor, Third Floor, Hale County Court House, Plainview, or phone CAPitol 4-9228 collect.

HOW TO REMOVE MOTHBALL ODOR

To remove mothball odor from blankets, sweaters and wool clothing, place them in a clothes dryer and allow to tumble for 10 to 15 minutes. When the time is up they will be wrinkle-free and fragrant again.

QUICK LOBSTER PIE

Preheat the oven to 425 degrees. Heat 2 cans frozen shrimp soup with 1-3 cup of sherry. Add two 6-ounce cans of lobster. Pour the mixture into 4 individual well greased casseroles and top with rich pastry seasoned with celery seed. Bake 10-15 minutes. Serve with a green salad, crusty rolls.

STOP THAT LEAK

A hot water faucet that leaks 60 drops a minute will waste 200 gallons of hot water a month. According to Harold Massey, managing director of the Gas Appliance Manufacturers Association, if it leaks twice as fast it will waste enough water to supply an average family with hot water for 11 days. So, when fuel bills seem high, it's time to take a close look at hot water faucets and get the leaky ones repaired.

Care of Leather Accessories
Leather accessories are expensive items in the clothing budget these days. Fall and winter costumes call for more leather belts, bags, gloves and shoes.

You can preserve the beauty and lengthen the life of leather articles by proper care.

Shoes especially receive hard wear. An economical plan is to have two pairs for alternate daily wear, allowing each pair to rest or dry out between wearings. Perspiration weakens leather, and causes shoes to crack and rip. Use a good shoe cream frequently to protect the leather. Preserve the shape of your shoes by using shoe trees or paper pads in toe and heel.

On belts, bags and gloves, use cream or wax polishes to protect the leather and keep it pliable and soft.

To remove spots from leather articles clean with benzene or gasoline, air well and re-polish. Saddle soap can also be used to remove dirt and grease from leather articles between polishings.

Prevent cracking and preserve the finish on patent leather articles with vaseline. Use a cheese cloth pad to apply a light, even coating once or twice a month.

Prize Package of Food Values
Sweet potatoes offer food value and fuel for energy. The Texas Food Standard calls for a serving of potatoes — sweet or Irish — every day.

Baking sweet potatoes retains much of the flavor and food value, and saves time for the cook. All you do is to wash and dry the potato; greasing before baking serves no real purpose. Bake one hour in a moderate oven for medium sized potatoes.

Potatoes may "leak" if baked too long or with too high heat. Test doneness by pressing rather than puncturing with a fork.

Rebekahs Set Initiation

Lockney Rebekah Lodge will have initiation Monday night, Oct. 5 at 6:30 p.m. All members are urged to be there on time since the candidates attend only one hour. Refreshments will be served.

Mrs. Omega May, N. G. presided over a meeting held Monday night. An announcement was made that on Monday night, October 12 Petersburg Rebekah Lodge will be here to present the Funeral Ceremony, School 2, as required by President Mrs. Bessie Clifton. All members are urged to come and bring salads for a salad supper.

State President Mrs. Bessie Clifton made her official visit to Plainview Tuesday night with lodge members from Lockney, Petersburg, Floydada, Matador, Abernathy and Plainview in attendance.

Mrs. H. Cunningham returned home last Thursday after spending ten days in Nichols Clinic.

Gleaners Class Has Social Meeting

The Gleaners Sunday School Class of First Baptist Church met Wednesday morning at 9 o'clock for a social and installation of new officers in the church parlor.

Mrs. Hilburn Casey gave a devotional on "Builders" and was in charge of a service installing the following new officers: president, Mrs. Lloyd Readhimer; vice president, Mrs. W. B. Cates; secretary, Mrs. Cherry; treasurer, Mrs. Payton Powers; reporter, Mrs. Lester Carter; teacher, Mrs. B. B. Vernon; assistant teacher, Mrs. E. L. Holland.

Coffee and sweet rolls were served to Mmes. W. B. Cates, B. B. Vernon, Payton Powers, John Chandler, Lloyd Readhimer, C. B. Sherrill, Peggy Chery, Jack Dollar, R. L. Holland, Lester Carter, members, and one guest, Mrs. H. G. Hodges.

Next social meeting will be held Wednesday, October 28, at 9 a.m. in the church parlor.

According to Margaret Spader, home service editor for the Gas Appliance Manufacturers Association, tangy bread sticks can be made from yeast bread dough. The secret of their crispness is in shaping and baking. Each stick should be rolled into a pencil-like strip, 8 inches long. Brush each stick with butter and roll in caraway or sesame seed and salt. When placing strips on a baking sheet be sure to leave enough space between strips to allow for rising. Let the dough rise 15 minutes then bake in oven preheated to 425 degrees for only 5 minutes. Turn off the oven and let the sticks remain in the oven 15 minutes more to crisp.

Fall Style Show Draws Many Guests

The annual fall style show portraying fashions of the season was presented by Jack and June Shop Saturday afternoon at the new American Legion Home. The festival was sponsored by the Senior Class of LHS with the girls acting as hostesses.

Mrs. Lucille Smith was narrator and the background of organ music was presented by Mrs. Lucy Dean Record. Thirty-one models displayed colorful fall attire for all occasions in a setting of fall leaves and flowers, accented by gold wagon wheels and other symbols of Western life.

Approximately 200 guests were in attendance. They were served refreshments of golden glow punch and homemade cookies on arrival.

Mrs. Pat Williams received the door prize.

Following the show many stayed for games of bridge and canasta.

Nitrogen Brings Better Wheat Yields At Tech

Lubbock. — Nitrogen is the key to better wheat yields from irrigated crops planted on soil that has a high crop residue content, research by Dr. A. W. Young, Texas Tech agronomy department head, reveals.

A 20-acre irrigated test plot on Tech's agronomy farm here was used to compare the yields of hard red winter wheat (Wichita variety, when treated with 60 pounds of ammonia nitrate per acre, and 100 pounds per acre with acreage where no nitrogen was added.

There was a 10-bushel-per-acre difference between the untreated plots and the 100-pound plots, and a five bushel difference between the 60 and 100-pound per-acre plots, Dr. Young said.

The wheat was planted in late November on a fine sandy loam soil which had produced an estimated 5,000 pounds of Redbine 66 grain sorghum in the preceding months. Fresh organic matter was added to the plots when the sorghum stalks were shredded and disked into the surface soil.

Borders were constructed for irrigation and the border intervals were levelled by use of a one-way disc plow and harrow. A combination wheat drill and fertilizer distributor was used to plant one bushel of seed wheat and 200 pounds of pelleted, 32 per cent, ammonium nitrate per-acre on the treated plots during the last week of November.

Young said the untreated plots received only the one bush-

el of wheat seed per acre. The area was irrigated immediately after seeding to germinate the wheat and again in mid-February. Approximately four-acre-inches of water was applied at each irrigation.

In early March, half of the treated plots received a top dressing of 100-pounds per acre of 45 per cent Urea fertilizer followed by irrigation the next week. A final application of water was made during the week of May 4. The test yields were cut and threshed by hand using replicated samples from each area, he added.

Young reports that the untreated area produced 36.8 bushels of grain and 3,819 pounds of straw per acre. The treated plots receiving 200-pounds per-acre of 32 per cent ammonium nitrate at planting time had a 42.6 bushels per acre yield and 4,211 pounds of straw.

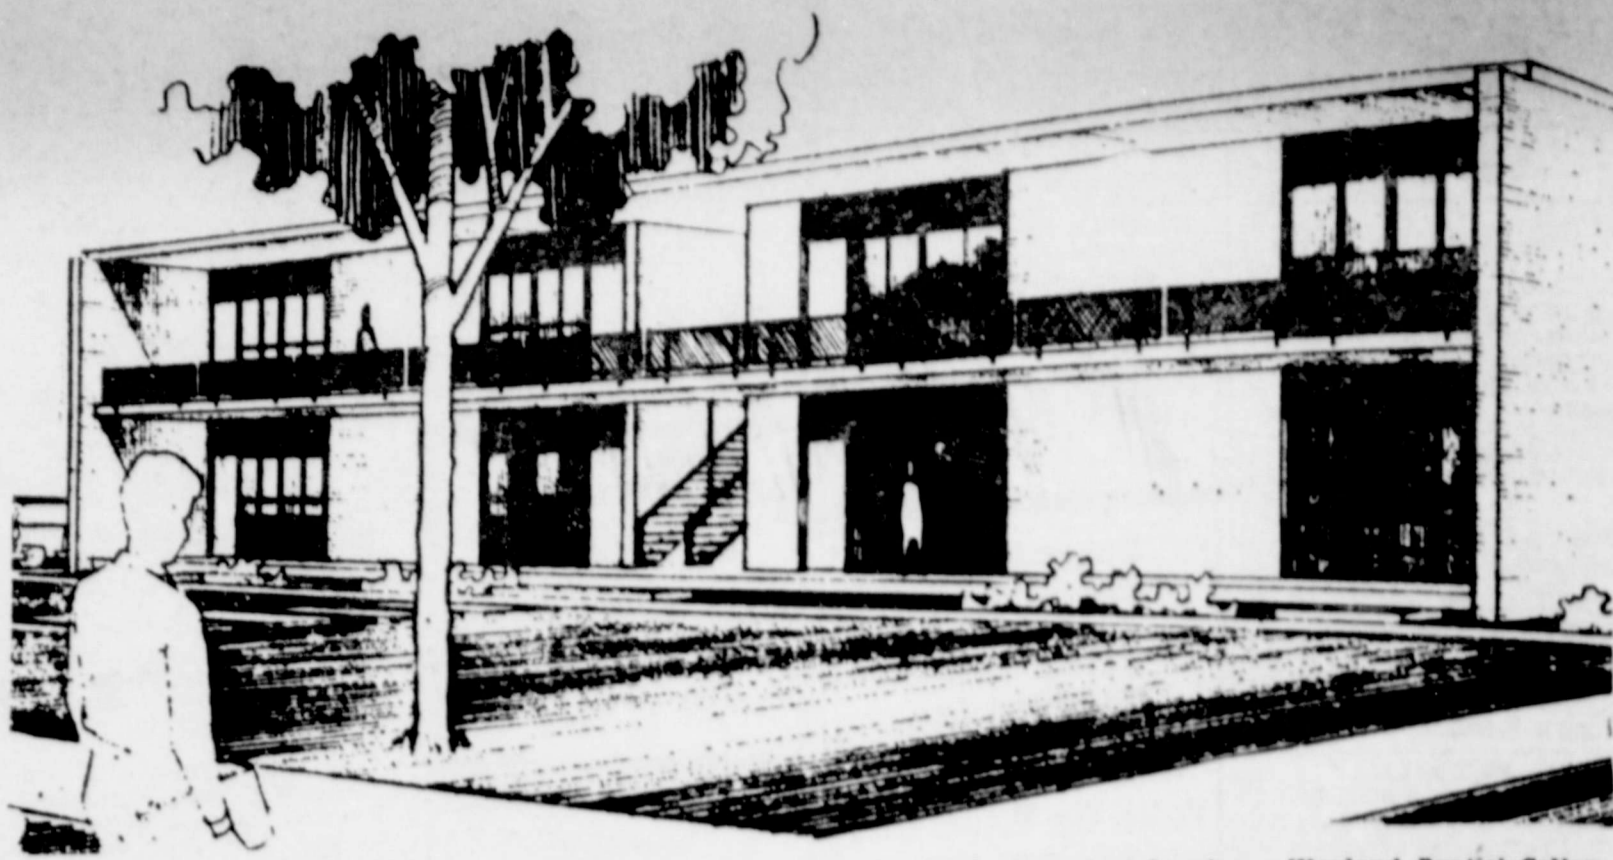

The plots that received an additional 100-pounds per acre of 45 per cent Urea top dressing (for a total of approximately 100 pounds of nitrogen per acre) produced 47.6 bushels of grain and 5,364 pounds of straw per acre.

Differences in the yields show the need to add nitrogen to help decompose organic matter, Young pointed out.

"When turning under organic residue like sorghum stalks and then planting another grain crop immediately on the same soil, the new grain has to compete with the micro-organisms in decomposing organic matter. Adding nitrogen speeds up decomposition," he said.

"Those not adding nitrogen to take care of decomposition and to help the new crop will not receive the maximum yield possible under irrigated conditions," Young commented.

He suggests that 20-pounds of nitrogen should be added

MAHON RETURNS HOME, REVIEWS RECENT SESSION

Lubbock — Representative George Mahon, following the adjournment of Congress, has returned to Texas and opened his district office in Lubbock. Mahon, in commenting on the session recently adjourned, said he felt a reasonably good session had been done, especially in view of the fact that we have a divided government with the Democrats in control of the House and the Republicans in control of the Executive branch. "Generally speaking," Mahon said, "I believe both Democrats and Republicans put their best foot forward in the session." Mahon said that he hopes the new labor reform law will be helpful to the rank and file of workers and to the general public. He expressed approval of the speed-up provided by Congress of the Intercontinental Ballistic Missile program, the Anti-ICBM program, and the anti-nuclear warfare effort. Mahon said, "congress has tried to force upon the Department of Defense a more efficient operation. Mounting costs make this increasingly urgent. The reorganization law which we enacted last year

should improve the situation." The session was characterized by Mahon as a battle over spending. "Claims and counter-claims have been made," Mahon said, "but I feel any impartial judge will agree that Congress not only did not go on a wild spending spree, but on the contrary, provided less money than had been requested by the Budget."

Mahon added, "Members of Congress generally, as well as the President and the people, are disturbed by high government spending, deficit financing and high taxes. It is true Congress refused to raise the postage rate as advocated by the Administration, but we did, upon the urgent appeal of the President, raise the federal gasoline tax rate by 1c per gallon in order to continue the rapid construction of the Interstate Highway System."

It did not prove possible to pass much significant farm legislation at the recent session, Mahon said. Two farm bills were vetoed. Lack of effective leadership by the Secretary of Agriculture has produced a stalemate situation which is bad for the country

and for agriculture, Mahon said. "Those of us from farm districts are continuing to try to find a way to a better program — one which will enable people in agriculture to survive along with other segments of the economy and in the face of increasing costs."

As to the Khrushchev visit, Mahon said he would not have advocated the exchange of visits by the President and the Soviet Premier, but that this decision was one for the President to make in the light of facts known to him and that he earnestly hoped something good would come of the experiment. "Khrushchev," Mahon said, "is a tough foe. This is no time for softness of attitude

on our part." Mahon continued, "We have got to be strong morally, militarily and otherwise if we are to meet successfully the ever increasing threat of the Communists to U. S. security."

Mahon's Washington office will remain open through the fall. His district office, in the Post Office Building in Lubbock, will likewise be open. Mahon explained that he plans to spend most of his time among the people and not in his office, but his staff will be available.

Don Ray Veigel Dies In Wreck

Don Ray Veigel of Hereford, husband of the former Lajauna Rhe Cates of Lockney, was killed in an auto collision Saturday morning nine miles southeast of Canyon. He was 24 years of age.

Funeral services were held in the First Christian Church of Hereford at 3 p.m. Monday with the pastor, Rev. Gilbert Davis Jr., officiating. Burial was at Hereford.

Those attending the services from Lockney included Mrs. Veigel's parents, Mr. and Mrs. Clark Cates, S. A. Freeman, minister of the Main Street Church of Christ, and Mrs. Freeman, and several other friends of the family.

The accident happened at the intersection of a paved county road and Farm-to-Market Road No. 1341. Veigel was driving east and the other car was traveling south. Veigel's car struck the other in the right side.

Lloyd H. Cannon, 32, and Eugene Gibson, 39, both of Tulla, were injured in the accident. Cannon suffered a broken back and arm and head injuries. He was in serious condition in Neblett Hospital in Canyon. Gibson was treated for a forehead laceration and dismissed. All were thrown from their vehicles.

Young Veigel was born at Plainview the son of Mr. and Mrs. Robert Veigel, now of Hereford. He was the grandson of Mr. and Mrs. Charlie Veigel of Plainview, former residents of the Providence community. Mrs. Sam Faith of Plainview was also his grandmother. He was a graduate of Hereford High School, attended West Texas State College, and graduated from Texas Christian

University. He was married to Lajauna Rhe Cates on December 21, 1957. The couple had lived in or near Hereford since their marriage. About the first of May this year they moved into a new home they had built on the farm 10 miles north of Hereford.

Survivors include the wife; a 10-week-old baby, Jo Ann; his parents and grandparents; a brother, Robbie; a sister, Mrs. Dorothy Oswald, Salt Lake City, Utah.

Floyd County Ranks First In Spring Cancer Crusade

Floyd County ranked first in the 18-county district and fourth in the state on the funds raised during last spring's Cancer Crusade, according to a report read at the Annual meeting of District 3 South, of American Cancer Society Wednesday of last week at Muleshoe. Mrs. Bill Hodel, Floyd County chairman, was among those attending the meeting.

Floyd County had a goal of \$1500 and a total of \$4,036.60 was raised. This was a 272.2% of the quota. Mrs. Hodel states. The rank is determined according to population. \$47 was given in memorial funds throughout the county and this phase of the crusade will be stressed during the 1960 crusade, Mrs. Hodel says. More and more people are realizing that their memorial tribute to deceased loved ones can do much greater benefit to mankind through cancer research.

Other county officers attending the meeting were Lon Davis Jr., member of the state board, Mrs. Alma Holmes, publicity, and Mrs. H. A. Drysdale, educational chairman.

GO TO CHURCH SUNDAY.

Jones' Daughter Dies At Seminole

Mrs. Beatrice Jones, 56, daughter of Mr. and Mrs. Judson W. Jones of Lockney, died at her home in Seminole Tuesday afternoon of last week after a 19-month illness. Funeral services were held on Wednesday at 2 p.m. at First Baptist Church in Seminole and burial was in Seminole Cemetery.

The local people spent much time with their daughter during her last illness. They and all the deceased woman's brothers and sisters were present for the services.

Survivors include her husband, Frank Jones of Seminole; a daughter, Mrs. Doyle Burns, Seminole; a son, T. J. Jones of Lubbock; the parents of Lockney; five brothers, four sisters and eight grandchildren.

Local Jr. Hi Gridders To Abernathy Tues.

Lockney Jr. High Shorthorns will travel to Abernathy Tuesday night for 7th and 8th grade football games.

The local grid squads journeyed to Hale Center last Tuesday, Sept. 22, and gained a split in two games. The 8th grade boys from Lockney took a 14-0 victory.

The local 7th graders came out on the short end of a 6-0 count. The 7th grade game was tied going into the fourth quarter.

Floydada played two contests here Tuesday night but scores were unavailable.

Gayle Whitfill of Silverton visited her grandparents, Mr. and Mrs. Ed Whitfill here Sunday.

Duane Griffith, student at Texas Tech, spent last week end here with his parents, Mr. and Mrs. Harold Griffith.

Longhorns —

(Continued from Page 1)

AA circle by the Amarillo paper. Lockney coaches thought their team's running attack clicked much better last week. However they felt the game as a whole was one of the Longhorns poorest performances this season. Local mentors said the Big Red defense didn't look as good last week.

Dan Smith and Oyama Buchanan were cited for playing their usual fine games last Friday. The coaches thought Bill Mangold did a fine job on offense.

The Floyd County rivals have each posted five wins in the past ten years. Scores were: 1958, Floydada 12 - Lockney 6; 1957, Lockney 20 - Floydada 14; 1956, Lockney 33 - Floydada 21; 1955, Floydada 38 - Lockney 2; 1954, Floydada 33 - Lockney 0; 1953, Floydada 32 - Lockney 0; 1952, Floydada 32 - Lockney 0; 1951, Lockney 6 - Floydada 0; 1950, Lockney 31 - Floydada 12; 1949, Lockney 38 - Floydada 13.

All the Longhorns should be in good shape for the Floydada struggle.

Hai Hines, senior guard for the Whirlwinds, will be a starter Friday night for the first time this season. Hines has been ill and unable to see action in previous games. Halfback Charles Christian is suffering from an ankle injury and will be replaced in the lineup by Richard Marier. However Floydada shouldn't be hindered much as there is reputed to be little difference between Christian and Marier.

Last Friday at noon the local club heard classification talks by two members, Howard Smith and Thurman Davis. Marvin Cox was in charge of the program.

Dear Editor:

I see where House Speaker Rayburn's pet peeve is Democrat congressmen who sometimes vote against the party position.

My free-squealing neighbor says Mr. Sam would no doubt like it better if we just sent Democratic and Republican votes to Washington instead of these convertible congressmen.

Says this would save lots of money now spent on salaries, relatives, junkets, etc., and we could further frustrate official bedevilment by electing a veto for president. D. E. SCOTT

C. L. Turner Wins Snapshot Contest

C. L. Turner has been awarded first place in Class C of the amateur snapshot contest conducted by the Amarillo News-Globe. As winner of this division his picture will be entered in the national snapshot contest.

The picture entered was made in Germany during his duty there with the U. S. Army. It is a picture of a covered walk along the side of an old monastery at Maulbronn, Germany.

He was given a \$5.00 award for winning the Class C division. Top prize in the national contest is \$1,000.

Churches Are Cited For Achievement

Dallas. — The Slide Baptist Church near Lubbock and the Hale Center Baptist Church are co-representatives in the District Nine Church Achievement Program sponsored by the Baptist General Convention of Texas.

Both churches conducted programs with international scope of such merit that they were unable to select a representative, said district missions secretary Frank Swanner.

The Slide Baptist Church sponsor a young Korean through four years of study. Mary Hardin Baylor College, Belton, as one of their area projects.

Jerusalem Baptist Church Hale Center conducted a series of Latin American revival meetings in which 488 migrant hands from Mexico made professions of faith during the picking season last year.

Divided into three categories the Church Achievement Program is judged on projects designed to build a better church, community and world. The program is designed for churches in communities of 2,500 population or less. American churches and missions.

District Nine includes Baptist associations, 194 churches, 31 missions, and more than 81,000 members. The district's 19-county area extends from Canyon on the north to Brownfield on the south, from Matador on the east to west borders of the state.

Fred spends about 1,000 hours each year in school. When he graduates from high school he will have sat in classrooms for 12,000 hours.

Plus homework Miss Harkins assigned nine pages of science today. Mr. Brent expects a book report tomorrow. And so it goes every school day—every year.

Don't let Fred's crowded school roster worry you. He is getting an education—the fine education every American child is entitled to. Let Fred's empty spiritual roster worry you. He is spending ZERO hours in Church School. He is getting NO religious education. And his tragedy is shared by MILLIONS OF AMERICAN YOUTH.

A new kind of homework is needed. By friendly encouragement, by sincere interest, by the example of our own families in faithful church life—we must inspire the Freds and their parents to take advantage of the spiritual opportunities that America's churches offer.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

Austin, Texas. — From now until January, Texas political skies will be crowded with trial balloons.

Already, through polls, public and private, conferences and speeches, a host of ambitious politicians are trying to test the wind and fix their time tables accordingly.

In past decades, office holders all down the line arranged their schedules on the assumption that the governor would retire after two terms. When the governor moved out, others moved up, and a successor of vacancies was created.

But Gov. Allan Shivers served three terms and part of another. And Gov. Price Daniel seems in no hurry to leave at the end of his second term. Polls have shown strong support for Daniel for another term. Some observers say a "three-term governor" tradition may be taking hold.

A roadblock at the top would pose hard decisions for those who have been getting primed to move up. Atty. Gen. Will Wilson's firm plans to run for governor have been no secret. But he has not said he will run even if Gov. Daniel does.

If Daniel does run and Wilson decides to sit tight, a half-dozen attorney general hopefuls, including Speaker Waggoner Carr, will be either stalled or up against stiffer odds.

In legislative races much of the same agonizing is going on. Wherever a senator is up for re-election, there are usually one or more House members itching to try for the post.

Some have already jumped in; some have definitely decided against it. Others are still "talking around." In many minds is the old saying that the time comes when a man must go "up or out."

Question is: "When is that time?"

DEMOS GUARD HARMONY.— For the moment, at least, Texas Democratic Party leadership appears more united at the summit than it has been in years.

At their recent meeting, State Democratic Executive Committee members cheered both Gov. Daniel for a third term and U. S. Sen. Lyndon B. Johnson for president. Gov. Daniel, Committee Chairman Ed Connally and National Committeeman Byron Skelton all applauded Johnson.

In 1956 Sen. Johnson had to push Gov. Allan Shivers and his supporters out of party leadership in order to go to the national convention as the Texas nominee. Such upheaval apparently will not be necessary in 1960.

Not present for the harmony fest, however, was Mrs. R. D. Randolph, national committee-woman and leader of the liberals' Democrats of Texas function. DOTers fell out with Johnson after the '56 convention. They've made it clear they won't push the Johnson bandwagon. Many of the same group are working in the Democrats for Stevenson movement. But whether they can or will launch a large-scale effort to undermine the senator in his home state is not yet known.

JUST NEED MONEY. — Officials of Texas' bulging cities took a long look at their multiplying problems and decided they need many things, but mainly money.

As the Texas Municipal League convention wound up, the incoming president, McAllen Mayor Phillip Bovey concluded, "Very few municipal problems can't be solved with money."

Earlier, TML speakers pointed especially to these angles of Texas urban dilemma.

1. Tax sources. — With increasing demands for city services, city governments are limited on the ways they can get money, principally to the property tax. Cong. Jim Wright, former mayor of Weatherford, pointed out that half of all gasoline is consumed in the cities, but cities get no part of the gasoline tax money for city streets. Forty-four states, he said, split gas tax money with

HISTORY COMES TO LIFE — Mr. and Mrs. Fred Underwood of Lubbock chug down a dirt road in a replica of a 1901 Oldsmobile. The Underwoods and the car were parts of a live presentation opening a new exhibit of South Plains history in the West Texas Museum at Texas Tech. The display, "Cow Trails to Rails," depicts Lubbock life for the past 50 years as part of the city's observation of its 50th anniversary. Mannequins have replaced live models in the exhibit, which can be seen at the Museum Sept. 15 through Dec. 20. (Tech Photo.)

2. State domination. — Although 70 percent of Texas population is concentrated in urban areas, city government, said outgoing President Louie Welch, is a "child of state government." And since the Legislature is rural-dominated, cities invariably come out second best in battles with the farmers.

John McKee, chairman of the 1957-58 State Tax Study Committee, expressed the belief that Texas money problems would be worse before they're better. McKee said that although the budget was covered by the last legislative session, the state's long-term revenue problems, including state-local fiscal relations, is "far from solved."

COUNTIES' FUTURE CONSIDERED. — Problems of Texas counties were reviewed by Atty. Gen. Will Wilson and Sec'y of State Zollie Steakley in talks before the County Judges and Commissioners Association.

"What county government really needs," said Wilson, "is an executive. It must unify into a managerial function." He said county government must become stronger or become an arm of state government.

Steakley told the county officials that despite huge highway building investments, they can still expect to have unmet road needs.

Texas, said Steakley, travel 102,000,000 vehicle miles a day. This means that, despite \$505,000,000 of construction under contract and another \$314,000,000 in planning, Texas is still \$3,000,000,000 short of the highways needed for its traffic.

NO PAY, NO TAX. — If the guest skips out without paying his hotel bill, the hotel doesn't have to pay the state the new hotel room tax.

In interpreting this new law, Atty. Gen. Will Wilson also ruled that the 3 percent tax applies to any room rented by a hotel, not just sleeping rooms. Under American plan hotel rates where rental charges include meals, the tax will apply only to the part of the charge covering room rent.

Also, the tax does not apply to air conditioners, televisions and radios when they are rented separately. It does not apply to rooms renting for \$2 a day or less nor to rooms rented under 30-day leases.

APPRECIATION WEEK. — Texas' law enforcement team comes in for its share of public recognition during the week of Oct. 4-10. Gov. Price Daniel has proclaimed that period as Texas Law Enforcement Appreciation Week. Sponsor is the Texas

Law Enforcement Foundation, a group of private citizens interested in more public support for the men in the front line against crime. "In the face of ever-increasing crime," says a TLEF spokesman, "our law enforcement team must cope with almost insurmountable odds... still they continue to do a remarkable job." Purpose of the week is greater appreciation for the work done by police departments, sheriffs, highway patrols, game wardens, judges and all others working actively to help control crime in Texas.

Wheat

Irrigated wheat for best returns should be fertilized with sums of nitrogen. Research has proven that 60 pounds of actual nitrogen per acre has given the best return. This may be applied before sowing or it may be applied as a top dress application in February. The addition of phosphorous fertilizer has not increased yields. A soil test would aid materially in determining fertilizer needs for coming crops if you have not fertilized before.

Attend High School Station's Third Field Day

Eighteen hundred fifty three persons attended the third annual field day at the High School Research Foundation, Monday, September 24, 1959. Fifteen states, Washington, D.C. and Puerto Rico joined representatives from all over Texas for the program. Scientists from nine college extension services were among the guests.

The program started with a meeting of the board of trustees of the foundation, where the budget and research program for 1960 were adopted. The day started at 1:00 p.m. and continued until 5:15 p.m. Scientists from Texas Tech, Bushland and Lubbock extension farms and the Foundation staff directed the projects underway.

Letter-Writing Week Is Set

The 22nd annual Letter Writing Week will be celebrated in Lockney during the week of October 4 to 10, it was announced today by Postmaster Jeffie Griffith.

"I am sure we are all aware that a personal letter is, next to an actual visit, the most intimate and economical means each of us has to communicate with our fellow human beings. Accordingly, I urge everyone to 'write today to those away'."

Posters, depicting a mailman in a new postal vehicle called the mailster, will be displayed in post offices throughout the country. Colorful streamers, proclaiming that "Letters are fun to send and exciting to receive" will be displayed on postal vehicles.

Postmaster Griffith stated that the special week should serve as a reminder to write long-overdue letters to servicemen, hospitalized patients, foreign acquaintances, faraway friends and relatives, and others who will welcome a personal letter.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

AUSTIN, Tex. — People who have been writing Gov. Price Daniel in the past few weeks say "no more taxes, please."

In mid-August the governor announced he would call a special session to raise money for higher teacher pay only if the people demanded it. He said he also wanted to find out how legislators felt after they had had a chance to be home a while and talk with the folks in their districts.

In the weeks that have transpired, there has been a heavy volume of mail running strongly against the special session idea. Lawmakers also are taking a dim view of being called for a fifth round of money hunting.

Whether this means that prospects for a teacher pay session are out remains to be seen. It could mean only that the teachers, their families, friends and other school-minded people have been too busy with "back to school" work to get their letters off to the governor.

On the other hand, it could mean that the people are getting tired of taxes, and spiraling wage scales.

PINCH ALREADY FELT — Perhaps the reason many Texans weren't eager to have another tax session was that they were beginning to feel the bite of new taxes already passed this year.

State Treasurer Jesse James' report shows that many stocked up on cigarettes and liquor during August, before higher taxes on these items became effective in September.

Sale of liquor and cigarette tax stamps soared to \$5,227,642 in August. This is \$1,098,496 higher than sales for August, 1958.

No statistics are available for the pre-tax selling of items which got hit for the first time. But heavy advertising campaigns indicated that merchants hoped buyers would clear their stores during August of such items as air conditioners in order to avoid the 3 per cent sales tax.

GOVERNOR DEFENDS VETO — Governor Daniel's office has suggested that the State Hospital Board tap its \$1,200,000 emergency fund to eliminate any fire hazard to the 800 oldsters housed in the Confederate Home in Austin.

Governor Daniel vetoed a legislative appropriation to build new quarters for these patients. His action brought some reactions of surprise and criticism. State Hospital system's safety officer was quoted as labeling the 50-year-old frame buildings as "definite fire hazards."

A spokesman for the governor retorted that the appropriation the governor scratched would not have emptied the Confederate Home. He said it would have provided quarters for only about 300.

He suggested the State Hospital Board use its emergency fund to re-double safety precautions for the old folks.

LONG TIME, NO PAY — Legislative employees will have to wait until Nov. 4 to get their next pay check.

In its last special session the Legislature approved a \$330,000 fund transfer for these between-sessions expenses by voice vote. But all bills not passed by a two-thirds record vote cannot take effect until 90 days after the session ends. Hence, the November date for this action. Legislature also appropriated \$1,000,000 for legislative expenses, but this was vetoed by the governor. He said he felt they could get along on the \$330,000.

Arrangements were being made for some 20 House and Senate employees, who've missed

two pay days now, to get low interest loans from loan companies.

ATTENTION, ALL BOAT OWNERS — State Highway Department has announced that registration and licensing of boats under the new water safety act will begin next month.

Boat owners will have March 1, 1960, to get their certificates and identification numbers.

Forms now are being printed and will be distributed to boat dealers, county offices, Highway Offices and other public offices.

Cost of the licenses will vary with the size of the craft. Here is the scale: Boats under 16 feet in length, \$1; 16 to 26 feet, \$5; 26 to 40 feet, \$10; 40 feet or

more, \$12.50.

Boats, regardless of length, if equipped with a 10 hp motor or less, will be exempt from the tax as well as the numbering provision of the law.

The Highway Department will deal only with the registration phase of the new law and not with safety enforcement.

SENATE INVESTIGATORS — Sen. Wardlow Lane of Center has been appointed chairman of the Senate General Investigating Committee.

Others named to the committee by Lt. Gov. Ben Ramsey are Sens. A. M. Aikin Jr. of Paris (reappointed), Dorsey B. Hardeman of San Angelo, Bruce Reagan of Corpus Christi and R. A. Weinart of Seguin.

This committee succeeds a panel headed by Sen. Charles Herring of Austin which collected reams of material on the ICT Insurance Company, the state insurance liquidation division and tax collecting procedures in the state comptroller's office.

COST OF CITIFYING — In the past ten years Texas prison population has rocketed from 5,000 to 11,000.

Some might wonder if the state is reverting to the lawless ways of the Old West. Not so, according to O. B. Ellis, general manager of the Department of Corrections. Seemingly, it's "progress" — or at least a parting with old ways — that's

CROSS ROADS REPORT

Dear Editor: I see where Congress voted to override Pres. Ike's veto of their billion-plus public works, or legislative job insurance bill.

Which my ever-anti neighbor says could mean the people's proxies are practicing up to repossess the country-running job they have been sub-letting to judicial, executive and bureau dominers.

But says more likely the boys pulled their rank on the public works bill on account of each one figuring if he wants to get sent back to Washington he had better bring home a dam or two.

causing the trouble. In citing what he feels are the reasons more Texans are getting behind bars, Ellis put "urban movement" at the top of the list. "A good old country boy moves to the city," Ellis explained, "has a 40-hour work week and doesn't know how to use his time."

Ellis also blamed no jobs for youngsters and misplaced values — "too much emphasis on the big home, the big auto."

Here Friday from Chevrolet . . .

Elegant Impala 4-Door Sport Sedan—one of 16 spanking new Chevrolets you can choose from.

THE SUPERLATIVE '60 CHEVY

This is the one that says '60 like no other car. From its clean-thrusting grille to its dapper rear deck, there's so much that's new and different about this superlative Chevrolet it stands out from the rest like a fresh-minted coin. And you'll be just as wide-eyed over what's inside—the relaxing roominess, tasteful trim, hushed elegance of its new Body by Fisher, all comfortably cradled by Full Coil springs at all four wheels. Yet, sumptuous as this new Chevy is, it's got all the thrifty virtues that make it unmistakably a Chevrolet—with new economy of operation, new dependability new longer life. Here, then, we're confident both you and your budget will joyously agree, is the nearest to perfection a low-priced car ever came!

Here's the car that introduces a whole new decade of design—with so much that's new and different the others can only hope to come close.

It's the superlative '60 Chevrolet—with new space inside, new spirit under the hood, new splendor in every clean-etched line.

Freshly shaped contours rake back from the unified new grille to the jaunty rear deck, fitted with craftsmanship you'd expect only on the most expensive makes. Inside, the solidly built new Body by Fisher surrounds you with finely tailored fabrics and spacious

elegance. There's room to sprawl in, room to sit tall in—generously provided by Chevy's sofa-wide seats and extra margin of hat space. And there's even more leg room for the man in the middle—thanks to the way Chevrolet engineers have shaved down the transmission tunnel.

Out on the road, as Chevy's Full Coil ride will persuade you most gently, there's not a car near the price that comes close to the hushed comfort of this one. Adding to your sense of silence and solidity are thicker, newly designed rubber body mounts that

do an even more efficient job of isolating road shock and noise.

Quiet, quick-responding power is provided by a choice of two standard engines—Chevy's famed Hi-Thrift 6 and a new Economy Turbo-Fire V8 that gets up to 10% more miles out of a gallon of regular while delivering greater engine torque at normal speeds. There's also a choice of five other V8's and five transmissions, to assure the exact power combination to satisfy the itch in your driving foot. Chevy's accent on comfort and convenience even extends back to its easier-

to-load luggage compartment. You'll also find a convenient new parking brake that automatically returns to normal height after application, a new clutch linkage that filters out engine impulses more effectively than ever and new two-toning motif available on all 16 fresh-minted models.

But, impressive as all this may look in print, there's really only one way to tell how near to perfection this superlative '60 Chevrolet actually comes . . . and that's to drop in on your dealer and drive one!

EDITORIAL

The Lord is nigh unto them that are of a broken heart; and saveth such as be of a contrite spirit. — Psalms 34:18.

ONCE UPON a year there was a farmer. He owned his own farm and equipment and was getting along just so-so when a bad year hit. Rain did not fall and his water failed. Insects came and ate what crop he had and he was forced to go to his bank and borrow money. To make bad matters worse the drought and insect plague continued not one but two and then three years. He had to borrow money to feed and cloth his family and keep a semblance of farming operations going. He had borrowed just about all the money his collateral would stand when things got better. Rains came and the land prospered. The insects disappeared. Farm prices went up to an all-time high and the farmer began to prosper. He made more money than he ever had before in his lifetime.

BUT HE didn't use the money he made to pay on his debts. He decided to just pay the interest on the indebtedness, leaving his farm and equipment mortgaged to the hilt, and use the money he was making for other purposes. He bought all kinds of fancy gadgets for his family. He built a fine new home and furnished it with the most expensive furniture. He heard of a poor family over in the next county and decided to go over and build them a new home also and give them some spending money so they would not feel inferior to their neighbors. At the same time he donated to every good cause that came along. He gave money to the home for homeless cats, to the society for the preservation of all good woodpeckers, and many other fine and charitable causes. All this time he was paying nothing on his indebtedness. In fact, he became so carried away with his many worthy enterprises that he spent all the money he made and was forced at times to go to the bank and borrow just a little more to keep everything running in good order. The last we heard of him he was going along the same way, with not the slightest worry about his indebtedness.

SOUNDS SILLY, doesn't it?

And yet that is a fairly accurate description of the financial position and actions of the federal government. In debt some 280 billion dollars and enjoying the most prosperous times in the history of the country, we are not only failing to pay anything on our indebtedness but we are going further and further in debt. And don't blame it on defense spending. Certainly there is considerable waste in defense spending but discounting that there are lots of other places the Congress and the Administration could cut expenses if they had the guts. Now it is getting hard for the government to borrow money. Whereas they paid 2 1/2 per cent at one time on bonds, now they are paying almost four and still having trouble getting people to buy. The higher the interest the more it costs to be in debt and the longer it takes to pay something on the principal. It's a vicious circle.

MANY PEOPLE voted for Eisenhower hoping that he would have the ability and determination to lead this country out of its socialism trend and back into some sort of a firm financial stand but he has failed completely. He has been sold a bill of goods and bought the whole thing. Of course Stevenson would have been no better and probably worse. Now who do we have as a prospective presidential candidate in 1960 that might, just might, take a stand against the drift into socialism and try to get this country on sound financial footing? Or what political party would dare to consider such a course of action? As far as we know — NONE.

NEWSKEEK OINTS out that "never have so many owed so much." In April, latest month for which the figures are available, consumer debt reached \$44.9 billion and non-farm mortgage debt \$120.6 billion.

SOVIET SPOKESMAN have pooh-poohed an American home which is part of our Moscow exhibitin, saying it could be possessed only by the well-to-do. The fact is that the home, with land, is for sale in a Long Island community for \$14,490. This means that more than half the American families in America can afford to purchase it — for government figures show that the average American workman today purchases a \$14,207 home and pays for it at the rate of \$96 a month.

NATIONAL EXPENDITURE for research and development has reached \$10 billion a year. Two-thirds of it is spent by private industry.

With Our EXCHANGES

FOREIGN GOODS People on the local level are beginning to worry seriously about the ever-increasing amount of merchandise from Japan, Italy, Germany and Sweden. Four different merchants during the past week have mentioned this situation to me. Mostly, the items include hand tools, toys, fishing rods, pottery, china, small electric motors and the like. The average item runs from 25% to 40% less, retail price, and naturally sells circles around the parallel American made product. The reason, most of them figure, is due to high labor costs in the U. S., along with extremely high corporation and income tax schedules.—Jimmie Gillentine in Hereford Brand.

DIFFERENT VIEWS It's peculiar how several people can see the same thing and each one see it differently. For instance, last Friday night, the sports editor of the Clovis News-Journal covered the football game in Clovis, and the Amarillo Globe-News had a sports writer there. Also

the Journal covered it, of course.

None of the three writers agreed on the first downs, the yardage made, or the number of penalties made. In fact their notes hardly agreed on any point.

The Clovis writer had the first downs Clovis 14, Muleshoe 11. The Amarillo writer had them Clovis 15, Muleshoe 13 while the Journal listed them Clovis 14, Muleshoe 13. It just goes to show you what the element of human error will do to men who are specialists in their fields. This was a matter of definite statistics and all should have agreed on it.

If three men disagree on such positive matters, look at the room to disagree on things that are opinionative! — Afton Richards in Muleshoe Journal

TRIBUTE TO GUTS

A. J. Stricklin, editor of the Terry County Herald, at Brownfield for nearly fifty years before selling out a few years ago, still takes The Lynn County News. The other day, he wrote us some nice words which we certainly appreciate, and invites us over for a visit. Curtis Sterling is doing a great job with the newspaper there, but we still miss old Andy Jack's writings. Jack was an editor of the old school but a cracker-jack one. His English was not always so good, because, like Will Rogers, he didn't let a little matter of grammar get in his way. He said what he thought and meant what he said; got threatened a lot of times, nearly got whipped a few times, but he always stuck by his guns. Jack need more people like Jack Stricklin who will stand by their convictions. Our country started getting in a mess when people started keying up in quiet and failing to "speak up in meeting." — Frank Hill in Lynn County News.

CROSS ROADS REPORT

Dear Editor: I see where some people think all judges had ought to wear robes so as to give the courts more dignity and to maybe generate more respect for same.

My ranch-type neighbor says he knows some judges who would be respected if they came into court barefooted, but no robe can make this type of judge out of a pressure-sensitive politician.

Says a fancy wrapper don't do anything for a nickel cigar, and it's been proved that you can't make a bronco-buster out of a bank clerk by putting him in bow-legged pants.

Sand Hill News

By Mrs. James Jeffress

Cotton is really opening this week and many fields have stands in them. Looks as if the season should turn out real well this year.

Mr. and Mrs. Frankie Rainey and Kighm Sloan were guests at the Ed Noel home Sunday.

Mary Starkey was a guest of Mrs. Jeffress Sunday.

Sand Hill Home Demonstration Club will meet Wednesday at 2 p.m. in the home of Mrs. J. T. Myrick. New officers will be elected and all members are urged to attend. The demonstration will be on pillow making.

Mrs. Jackie Myrick and Lon Lubbock were weekend guests of her parents, Mr. and Mrs. Fred Jackson and family. Everyone is urged to remember that the first Sunday in November will be Homecoming at Sand Hill Baptist Church. Everyone is extended a special invitation. Those who have moved are asked to have addresses of members contacted. Mrs. James Jeffress.

The Baptist WMU met Monday afternoon in the home of Mrs. Bill Stringer, president. A program on "Among the Nations" was presented by Mrs. Frankie Rainey, Ed Noel, Bill Stringer, M. B. Swanner, Kirk Miller Jr. and Darrell Mayo. The next meeting will be Monday, Oct. 5, at 2 p.m.

Crissy Stringer and Jo Ann Miller have been reported ill this week. We wish them a speedy recovery.

Mr. and Mrs. T. C. Hollums and family attended the Hollums reunion Sunday in Lockney. Mr. and Mrs. Will Hollums, former residents of Sand Hill, were also here for the reunion.

Mr. and Mrs. Jim Jeffress and family Saturday.

NEW ARRIVAL
Mr. and Mrs. B. W. Cox have a new granddaughter. She is the daughter of Mr. and Mrs. Carl Lunn of Abilene and has been named Melody Ann. The young lady tipped the scales at 13 1/2 ounces on arrival at Abilene hospital September 28. She is the first granddaughter for the Coxes and the first grandchild for Mr. and Mrs. L. W. Lunn of Leuders. Her mother is the former Wanda Cox.

Mr. and Mrs. B. W. Cox and family returned Sunday night from a four-day visit with their daughter and family.

WARD OF THANKS
To all the wonderful friends who sent gifts, flowers, cards, letters, inspirational reading material, the telephone calls and those who visited me during my stay in Lockney General Hospital and upon returning home, I would like to send thanks to Dr. Mangold and all the hospital staff as well as to those who remembered me with prayers. These gestures of kindness made my illness easier to bear and I shall not forget you.

Dear Editor:
One of my letter writing neighbors tells me he is mighty worried about all of these plans to rocket a man into outer space.

Says he is satisfied that this is just a government scheme to get an Internal Revenue branch office set up in the Promised Land.

Says it has always been a great comfort to him, knowing he could get away from taxation by dying, but now he is afraid the spendologists are trying to plug up that loophole.

STUFFED ACORN SQUASH
Cut 3 acorn squash in half, discard seeds and parboil with cut side down in boiling salted water, using a big skillet over the giant burner. Mix 1/2 pound each of ground lean and fresh pork with seasoned stuffing bread and a cup of consommé. Drain the squash and brush generously with butter. Fill the hollows with the stuffing mixture and bake in oven at 350 degrees for about 1 hour or until the squash is tender.

Completely New Development For Efficient Ginning

WE HAVE REPLACED ALL OF OUR GIN STANDS WITH NEW LUMMUS

Super 88 Saw Gin Stands

ASSURING YOU OF MUCH BETTER, MORE EFFICIENT, FASTER GINNING SERVICE!

• The Super 88 Stands Are Years Ahead in Design.

These newly designed stands operate smoother and more efficiently than any gin of conventional design. Through the unique roll box shape and continued use of Lummus standard center-to-center saw spacing, the Super 88 cleans seed perfectly. The seed are cleaned uniformly at all capacities.

• The Super 88 Stands Have Greater Capacity.

This is accomplished by propelling the seed roll in a friction-free housing and agitating it to prevent the saw from running in a groove that is relatively free of lint. Fibers are more evenly distributed on the saw teeth thus insuring smoother ginning with minimum fiber damage. The seed roll will not choke or slow down on damp, green or sticky cotton because it is power driven and friction free.

The New Super 88 Gin Stands Represent the Biggest Advancement In Ginning Methods In 20 Years

DOWN RALLS 14-6 FRIDAY NIGHT

Horns' Claim Third Win

Relying on a hearty defense Friday night, the Lockney Longhorns rolled to their third triumph in four tries this season with a 14-6 decision over the stubborn Ralls Jackrabbits. The Longhorns, playing on their home field, rallied for second and third quarter tallies to ice down the victory.

The Big Red defensive unit didn't allow the Rabbits possession of the ball in Lockney's end of the field except on their scoring drive. Ralls' sputtering offensive machine moved well at times but the aggressive 'Horns halted the marches before they reached midfield.

Led by brilliant all-stater Billy Edwards who was in on almost half the tackles, Charlie Edwards, and Bobby Dennard the Ralls defense was also tough.

After a scoreless first stanza the locals capitalized on a Rabbit miscue for their first tally. Seven plays after end Lewis Eiland had covered a fumble on the Ralls 22, halfback Terry Clark romped over from the two. Quarterback Johnny Belt tossed to end Oyama Buchanan for the two extra points.

The locals received the second half kickoff and were again on

the move. Lockney drove 71 yards in 13 grueling downs for their second touchdown. Fullback Bill Mangold turned in a nice 7-yard run for the tally.

Following the kickoff the determined Rabbits were then on the prowl. Fullback Bobby Dennard capped the 11-play, 63-yard drive by driving over from the Longhorn 3. The touchdown came on the initial play of the fourth quarter.

Key members of the rugged Longhorn defense were Dan Smith, Wayne Cooper, Eiland (who covered three fumbles), Buchanan, Mickey Mosley, James Davis, Freddie Gant, Rickey Collins, Terry Clark, Joe Allard.

Mangold was the leading ground gainer for the Big Red, gaining 84 yards in 18 carries. Also turning in a fine performance was halfback Clark who ran 14 times for 49 yards. Other Lockney backs turning in gains were halfback Allard, fullback Gant, quarterback Belt, halfback Doyle Freeman.

Lockney penetrated the Ralls 20 yard line four times while the Rabbits penetrated only once.

Summary of the Game:
Ralls won the toss and elected to receive. Smith's kick rolled to the Rabbit 4 where Dennard grabbed the pigskin and returned to the R 16. After Ralls gained 9, lost 5.

Belt held the ball for another first on the 21. Mangold raced for 5. Clark drove for 4. Mangold advanced to the 7 for another first down.

Lockney was penalized to the 18. Belt lost 3 and ran for 14. A pass was incomplete. Mangold plowed into the end zone from the 7. Billy Edwards intercepted a pass on the try for extra points. Lockney 14. Ralls 0 with 3:41 remaining in the third period.

The Rabbits ran Smith's kick from the 22 to their 37. Ralls was penalized 5 yards. Lockney was assessed a 15-yard penalty. Ralls made a first on the R 48. Two neat passes worked for 18, 7. Dennard romped for a first on the Lockney 13.

Three plays netted another first on the L 3. On the first play of the fourth quarter,

2000 Permits On Hunt Areas To Be Drawn

Austin.—Approximately 2,000 permits will be issued to deer hunters to go on management areas of the Game and Fish Commission this year, it has been announced by the director of wildlife restoration. There will be a drawing for permits on these public hunting areas, and applications may now be made. Sierra Diablo—Dates: December 1 through December 8. Permit for a 2-day hunt. 80 permits — desired kill 40 deer.

SECRET FOR PERFECT PANCAKES

No matter how perfect the recipe, evenly browned, delicate pancakes take a bit of doing. If the griddle is not the right temperature, even the most experienced cook cannot succeed. What is the perfect temperature? 350 degrees, say the experts. Preheat the griddle for 5 minutes and allow 1 minute per side for pancake baking. Every pancake will be evenly browned and there'll be no smoke or browning on the griddle.

"X" before the license number of an airplane denotes that the plane is licensed for experimental purposes.

Dennard crossed the double stripe. Quarterback Bill McFaddin was swarmed as he attempted to run for extra points. Lockney 14. Ralls 6 with 11:55 to play.

Mangold scooped up the kick and raced from the 16 to Lockney's 42. Mangold gained 2. Clark drove for 4. Belt raced for a first on the R 39. Clark poked up 6. Lockney was penalized 5 yards. Mangold made 4. Belt went for 3. Mangold gained 2 on fourth down.

Ralls took over on their 30. They made 4, 11, 1, passed incomplete, gained 4, punted 44 yards to the L 6. Billy Dan Rolling returned to the Longhorn 10.

With time running out, Mangold drove for 4. Clark gained 2. Mangold moved for a first on the L 24. Belt held onto the ball for 1. Clark and Belt each made 4. Lockney was penalized 5 yards. Clark punted 25 yards to the Ralls 47.

Cooper broke through to drop Billy Edwards for a 9-yard loss on the final play.
