

Future Of Phone Communication Is Given By Official

The future of telephone communications was discussed at the regular meeting of the Lockney Rotary Club last Friday noon by Bill Bray, district plant superintendent.

Mr. Bray told of advancements even now in the testing stage which will make the use of the telephone much more efficient and convenient. An electronic office in which "busy" numbers will be held and the number rang after the called party has hung up. It is called party has hung up. It is called party has hung up.

He told of an "automatic diget recognizer" which the user speaks into and the apparatus performs certain mechanical functions in response to the spoken numbers. Eventually, he said, the user would simply speak to a typewriter instead of stroking the keys with his fingers.

Mr. Bray discussed home and farm inter-communication systems, in which one person talks with another from various parts of the place. He told of the use of micro-wave in communications and of impending data information service for use by big business.

In speaking of the home telephone, Mr. Bray said that eventually the phone would be carried from room to room and would have no wires attached. Also he described a "hand-free" phone which will be used without the necessity of picking up the receiver.

Mr. Bray demonstrated the use of a solar battery and told of their importance and use in the telephone communications field.

The program was introduced by R. M. Olsen, local service man.

Longhorns Battle Rugged 2-AA Foe At Muleshoe Friday Night

The spunky Lockney Longhorns will be trying to clear another major hurdle toward the District 2-AA crown Friday night when they travel to Muleshoe.

Although the Longhorns are deadlocked for third place in the five-team conference they have the best shot at the championship. Olton and Morton have posted 2-1 district marks. Lockney and Abernathy are 1-1 while Muleshoe is winless in two efforts.

Lockney victories in their two final tilts against Muleshoe and Morton, coupled with an Olton or Muleshoe defeat of Abernathy, would give the Longhorns at least a share of the title and the right to represent 2-AA in the playoffs.

Friday night Olton's Mustangs end their season at Abernathy. The Mustangs can tie for the crown with a win. Morton has an open date this week.

DAN SMITH
Longhorn Captain

Dan Smith Is Feted By Area Sports Writers

Longhorn captain Dan Smith, one of the best linemen in the Panhandle-South Plains area, has been selected as "lineman of the week" by sports writers of the Lubbock Avalanche-Journal, Amarillo Daily-News also cited him in an article appearing in Tuesday's edition.

Smith earned the honors for his tremendous effort in leading the Big Red to an 8-6 victory over the Olton Mustangs here last Friday night.

The newspapers cited the Horn leader for having a hand in 15 tackles, included stopping Mustang halfback Rande Buchenau in his bid for the game-tying points after Olton's touchdown. Dan also threw the key blocks in Lockney's touchdown and PATs and intercepted a pass.

Last year as a junior Dan was an all-district selection on both offense and defense. Smith has been tremendous this season at his right tackle post on offense and his linebacker position on defense.

The 195-pound senior is being boomed for all-state honors by area sports writers.

Dan is the son of Mr. and Mrs. Weldon Smith, who live south of Lockney.

1960 Longhorn Football Slate Is Announced

The 1960 Longhorn football schedule has been completed and will include the same teams the Longhorns are playing this fall, according to school officials.

The only change in the schedule is the Floydada game which will be moved down to take the open date of this year since the game next year will be a district contest. The open date will be moved back to the position on the schedule which the Floydada game occupied this year.

Following is the schedule:

Sept. 2 - Hale Center here.

Sept. 9 - Dimmitt there.

Sept. 16 - Tulla here.

Sept. 23 - Rails there.

Sept. 30 - Open.

October 7 - Slaton there.

October 14 - Floydada here.

October 21 - Abernathy here.

October 28 - Olton there.

Nov. 4 - Muleshoe here.

Nov. 11 - Morton there.

Note the Longhorn's ideal set-up of alternating home games with those away from home has been disrupted but the schedule still calls for five home games and five games away.

Plans Proceeding For Annual Teacher Appreciation Event

Plans are being completed this week for the annual Teacher Appreciation Banquet sponsored by three Lockney service clubs. Speaker for the occasion will be Wes Izzard, editor of the Amarillo Daily News. The date is November 20.

Woodie McDermitt and his Texas Wanderers will furnish music for the occasion. It was announced this week by Fred Byrd, program chairman.

Clubs sponsoring the event are Lockney Rotary Club, Lockney Lions Club and Lockney Business & Professional Women's Club. Plates are \$1.50 each for the club members. The affair will be held at the high school cafeteria.

ENGAGEMENT ANNOUNCED

Mrs. Mary Auld of Lockney is announcing the engagement and approaching marriage of her daughter, Dovie Carol, to Jerry Davis, son of Mr. and Mrs. M. O. Davis. The wedding will be held in the near future.

Plumlee Has Serious Heart Attack Mon.

W. C. Plumlee, Floyd County commissioner from Precinct 3, suffered a serious heart attack Monday night and is in Lockney General Hospital for treatment. Hospital officials listed his condition as "fair" Wednesday.

Plumlee has served as commissioner of Precinct 3 for many years. He lives in Floydada.

Watson Named County Auditor

O. M. Watson Jr., manager of the Floydada Chamber of Commerce for the past eight years, was appointed as the new Floyd County auditor by District Judge L. D. Ratliff this week following the resignation of Fred Conner effective Nov. 15.

Conner has accepted a position as manager of the Plainview Production Credit Association office at Muleshoe. Judge Ratliff expressed regret at Conner's resignation and commented that he had done a fine job as county auditor. He is the son of Mr. and Mrs. J. R. Conner of Cedar community.

Watson will assume his new duties on November 15. He is a graduate of Texas Technological College in 1943 with a BB degree. He served three years in the Army during World War II with General Patton's Army and one year during the Korean War. He has had some experience working in a bank. He was born and reared in this county. He is married and has a three-year-old daughter.

Quail Season Begins Early In Two Areas

Austin - Quail hunters in Texas will get an early start this year in two areas, according to W. J. Cutbirth, Jr., assistant secretary of the Game and Fish Commission.

The season opens Tuesday, November 3, in Dimmitt and Zavala counties in Southwest Texas, and in ten counties west of the Pecos river. The South Texas area can be hunted from November 3 until January 16, inclusive. In the Trans-Pecos area the dates are from November 16 to 31 inclusive.

There will be no change in dates on other Texas counties. However, the bag limit has been changed in the Possum Kingdom and the Panhandle areas to permit the killing of 15 birds per day, with 45 in possession.

The following counties are involved in the increased bag limit:

Possum Kingdom: Archer, Baylor, Bosque, Brown, Clay, Comanche, Denton, Ellis, Erath, Hamilton, Hill, Hood, Jack, Johnson, Knox, Montague, Nolan, Palo Pinto, Parker, Somervell, Stephens, Tarrant, Taylor, Wichita, Wise, Young.

Panhandle area: Armstrong, Bailey, Briscoe, Carson, Castro, Childress, Collinsworth, Cottle, Dallam, Deaf Smith, Donley, Floyd, Gray, Hale, Hall, Hansford, Hartley, Hemphill, Hutchinson, Lamb, Lipscomb, Moore, Motley, Ochiltree, Oldham, Parmer, Potter, Randall, Roberts, Sherman, Swisher, Wheeler.

Appointment Of Farm Census Crew Leader Announced

Appointment of John A. Stobaugh of Lorenzo, as a crew leader for the 1959 Census of Agriculture was announced today by Field Director James W. Stroud of the Census Bureau's regional office at Dallas.

Mr. Stobaugh will direct a force of census takers who will canvass all farms in Floyd, Crosby and Garza Counties. Before assuming his post, he will go to Lubbock where he will receive five days of training by a member of the Census Bureau's staff. Topics to be covered include procedures for recruiting, of census takers, preparation and submission of reports, and the supervision of census takers to insure a complete and accurate count.

The crew leader is one of the key people in the field operations of the Census of Agriculture. It is his responsibility to recruit and train the census takers and supervise their work; plan and allocate work assignments; review the work of the census takers and recommend action where necessary, and to conduct direct interviews.

After completing his training, Mr. Stobaugh will return to his district where he will spend several weeks recruiting census takers, and training them in preparation for the start of the field canvass on November 18.

Girl Scout Leaders Training Course To Be Taught Here

A Girl Scout Leader's Training Course will be taught at the American Legion building here on November 9, 12, 16 and 20. It was announced this week by Mrs. Tommy Montandon. Teaching the course will be Mrs. Thelma Vestal of Plainview. The course will begin at 9 a.m. and continue until 2:30 each day.

All women who are interested in Girl Scouting or will have a girl in Scouts next year are urged attend. There is no charge for the course. Those attending are asked to bring a sack lunch, and they may bring their small children if they desire.

VFW Officer Will Speak To Rotary

Victor J. Afflerbach, senior vice-commander of the state organization of Veterans of Foreign Wars, will be speaker at the Lockney Rotary Club Friday of this week. The occasion will observe National Veterans Day, which is Nov. 11.

Mr. Afflerbach is from Lubbock where he is a city employee. He assisted in the recent organization here of the new Lockney VFW post.

The Rotary Club meets at 12:05 noon Friday at Golden's Restaurant. Claude Brown is program chairman and will introduce this program.

Among the West Texas State students seen home during last weekend were L. T. Cooper, Elaine Cooper, Pat McLaughlin and Ronnie Thornton.

One Hurt When Car Hits Train

Joe Alamez, a resident of Claytonville, a small community north of Providence in Swisher County, suffered a bad head cut and a leg injury when the car he was driving skidded into a moving freight train. The accident happened during a heavy fog about 1 a.m. Sunday morning at a FW&D crossing, 5 1/2 miles north of Lockney on Farm Road No. 598.

Alamez was treated at Lockney General Hospital and released. The cut was on the back of his head. He suffered no broken bones.

Alamez had borrowed the car from John Mendez of Lockney and started to his home. It was a 1951 Ford sedan and was declared a total wreck as a result of the collision. Alamez was traveling north and apparently was almost upon the train before he saw it, due to the fog. He skidded a few feet and smashed into the side of the moving train. The car was then thrown into a concrete post beside the crossing. He hit the middle and the train crew knew nothing of the accident until the station agent at Sterley told them.

Highway Patrolman Troy Porterfield was the investigating officer.

Another man was hurt late Sunday evening when the car in which he was riding struck a bridge abutment on Farm Highway No. 97 a mile east of Lockney. Lupe Garza suffered a severe cut across his forehead and another cut on his right forearm. Three other Mexicans riding in the car were only slightly injured.

Gregario Ortega was the owner and driver of the car. He was traveling east when the lights of his car went out. The car angled off the highway and struck the concrete abutment which was 14 inches thick and two feet high. It was shattered and the car turned over on its side. The car was a total loss.

All four of the men live at Silverton. Deputy Sheriffs Billy Tigert and Cap Carthel investigated the wreck.

School Board Committee Studies Building Costs

A committee from the school board was named at the regular board meeting Monday evening to study building costs and make a report back to the full board. The board has reached no decision as to what kind of building they will build or where the building will be located as yet. The Beacon was told.

The school still has a vacancy in one of the second grade sections and Mrs. Milton Ashton is substituting there. Supt. H. H. Nicholas said.

Infant Dies Here On Wednesday

The infant baby of Sgt. and Mrs. Freddie Lee Ritchey died at Lockney General Hospital Wednesday morning. The baby was born Tuesday morning.

Funeral services will be held at Calvary Baptist Church in Floydada today (Thursday) at 4 o'clock and burial will be in Floydada Cemetery.

Sgt. Ritchey has been stationed at Fort Bliss, Texas. Mrs. Ritchey is the former Betty Warren of Floydada.

Survivors include the parents, one brother, Freddie Jr.; the grandparents, Mr. and Mrs. Amos Ritchey of Whiteface and Mr. and Mrs. Wade Warren of Floydada; the great grandparents, Mrs. Lillie Carthel of Lockney and Mr. and Mrs. Tom Ritchey of Springtown.

Floyd County Teachers Meet

Mrs. J. D. Copeland of Lockney presided when the Floyd County teachers met at the high school cafeteria for a dinner-business meeting Monday night.

Bob Copeland of Floydada, vice-president and program chairman, introduced I. T. Graves, superintendent of schools at Floydada, who in turn introduced the speaker of the evening.

The speaker, Jimmy Hooser of Austin and formerly a school principal in Plainview, outlined accomplishments and goals for the Texas State Teachers Association. He gave as the immediate objective of Texas State Teachers Association the promotion of a called session of the 56th Legislature in January, 1960, for the purpose of enacting into law a program to provide an increase in money for operation and transportation of schools.

Hooser also discussed other major state needs besides education that will be on the agenda if Governor Price Daniel calls a special session in January.

The speaker closed his speech with an appeal for all interested voters to write the governor and state senators and representatives urging him to call a special session.

Bank Plans Open House November 14

The First National Bank has set November 14 as the date for open house at their beautiful new building on North Main Street. President Charles Duran said that open house will be held on Saturday and the bank will open for business in the new building the following Monday morning.

The night depository has already been moved to the new building and is ready for use there now. The depository opening is in the foyer.

The bank's safety deposit boxes will be moved to the new building on Tuesday of next week. After that date and until the bank's business is moved to the building those wishing to get into their safety deposit boxes must come to the old building and contact a member of the bank staff, Mr. Duran said.

Jackson Receives Shamrock Award

E. Dwight Jackson, local Shamrock dealer, has been presented with a plaque marking 21 years of service with the Shamrock Oil and Gas Corporation.

The award was made at a dealer meeting at Lubbock Monday evening of this week.

City Buys Own Bonds, Save \$6,000 Interest

A transaction was completed on Wednesday morning of this week wherein the City of Lockney purchased \$15,000 worth of its own bonds maturing in the years of 1968, 1969, 1970 and 1971 and saved almost \$6,000 in interest.

Mayor J. E. Cox said that the City was able to buy the bonds for \$15,377.00 and the total interest savings on the bonds is \$6,180.00. The maturity date of the bonds was as follows: \$2,000 in 1968, \$4,000 in 1969, \$4,000 in 1970 and \$5,000 in 1971.

The transaction was handled through the First Southwest Company, a bond firm of Plainview and Lubbock. Negotiations have been underway for the past two months.

The City still has a substantial amount in its interest and sinking fund after buying the bonds, Mayor Cox said. The City officials recently bought \$20,000 of their own bonds from money in its own interest and sinking fund to complete payment for the new city well reservoir recently installed in southwest Lockney. Total cost of the well and reservoir was around \$35,000 and the city had \$15,000 in cash to pay on the installation.

Swedish Missionary Speaker For Asso. W. M. U. Thursday

Floyd Association Baptist Women's Missionary Union will enjoy a special privilege Thursday at a meeting scheduled for the day at First Baptist Church, Lockney. The 11 o'clock speaker will be Mrs. Eric Ruden, missionary from Stockholm, Sweden.

The meeting will begin at 10:00 a.m. and a salad luncheon will be served at noon. Mrs. Hilburn Casey, president of the Association W.M.U., is in charge of arrangements.

Thursday night Mrs. Ruden will speak again for a joint meeting of men and women from churches over the association, comprised of Briscoe, Motley, Crosby and Floyd Counties. The public is cordially invited to be present for each of the meetings. A salad supper will be served Thursday evening at 7:00.

Mrs. Ruden, who's husband is European secretary of the Baptist World Alliance, is in the United States as a guest to study and observe the work of Baptist women. She will spend only a few days in Texas and Floyd Association is fortunate in hearing her. Part of November Mrs. Ruden will visit in the New York and Philadelphia areas.

November P.T.A. Program Planned Tues. Evening

Mrs. J. D. Copeland will be the speaker for the November Parent-Teacher program Tuesday evening. The meeting will be held in the High School Auditorium beginning at 7 o'clock.

Bob Miller, president, will be in charge.

S. A. Freeman, minister of Main Street Church of Christ, will offer the invocation and special music will be brought by Mrs. C. L. Record. "Food for Thought" will be given by Henry Ford Jr.

Parents or friends of all school children are invited to attend.

Dalrymple To Take State Job

A. W. Dalrymple, work unit conservationist for the Floyd County Soil Conservation District for the past 2 1/2 years, has resigned his position effective Sunday and has accepted a position as field planning engineer with the State Soil Conservation Board. He and his family will continue to live in Floydada for the present at least.

Named to replace Dalrymple is Joe J. McEntire, coming to Floyd County from a similar position at Kerrville, Tex. Both men will assume their new duties next Monday morning.

Dalrymple will serve an area comprising 40 soil conservation districts and about 60 counties in the Panhandle and West Texas.

EDITORIAL

If any of you lack wisdom, let him ask of God that giveth to all men liberally and upbraideth not, and it shall be given him.—James 1:5.

IF WHAT the railroads tell us is true, looks like some of the RR unions are going to kill the goose that lays the golden egg if they don't come down on their demands somewhat. The little magazine, Texas Railways, says that the railroads of the nation lost one billion, three hundred million dollars on passenger train service in 1957 and 1958. Maybe they're stretching it a little, we don't know, but if they lost half that much something better be done quick. No industry can stand losses like that and continue to operate. And we all will agree that the railroads are of vital importance to our nation's welfare, both from an economic standpoint and a defense standpoint. "Featherbedding" must be cut out if the railroads are to operate efficiently. After all, we would imagine that the extra wages the railroads are forced to pay to the "featherbedders" cost you and me in higher freight rates. We don't know of anyone else who pays the bill.

MR. CHARLIE GUY, editor of the Lubbock Avalanche-Journal says in answer to a letter to the editor that the question facing Lubbock County is this: "Is it better to try legal control of liquor rather than permit it to run wide open but illegally?" If the liquor traffic in Lubbock County is running wide open as Mr. Guy says it is, then it's time to question the efficiency of its law enforcement officers. There is no need for the liquor traffic to run "wide open" in any dry territory if its officers are interested in enforcing the law and have enough knowledge to know how to go about that task. Certainly no law can be enforced 100 percent. The law against murder is not and neither is any other law. But it would be silly to stop trying to enforce the murder law just because some people do not obey it. As we see it, it's up to the determination and intelligence of the law enforcement officers.

WILL WONDERS never cease? H. M. Baggerly, editor of the Tulsa Herald, has for years condemned the "Shivers-Danels" faction in state politics, vowing that no one connected with the group was "politically or intellectually" honest and expressing doubt as to their mental abilities. Now he comes out with an editorial headed "Governor Champtons People's Cause" and commending Governor Price Daniel for his fight to tax the oil and gas interests instead of the people. It's nice to know that even Mr. Baggerly can be wrong — and admit it.

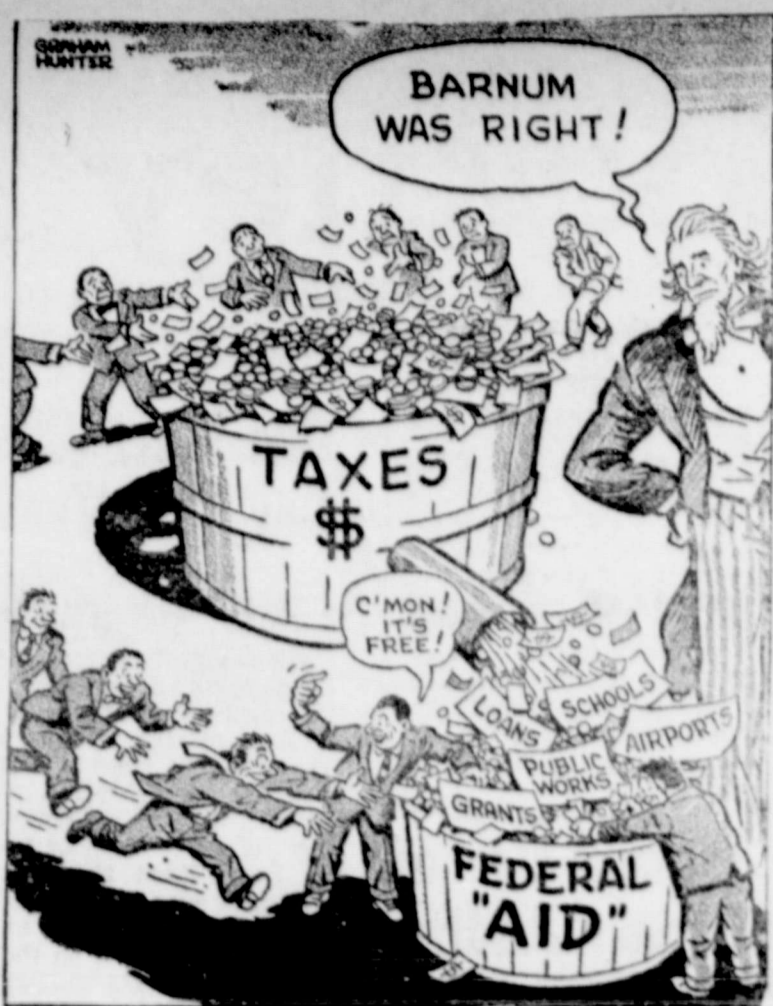

ACCORDING TO Nation's Business, the older worker could be one of the most valuable assets in the competitive business world of the 60s. It cites a government survey showing that some 45 per cent of manufacturing workers over 40 produce more per manhour than the younger men. The older worker also has some special attributes—experience, greater dependability, mature appreciation of job responsibility.

WRITING IN THE New York Times, Paul Heffernan tells of Russian debt owed to this country and its citizens. It includes: World War I debt to the U. S. government, \$563 million; Kerensky Regime debt to the U. S. government, \$190 million; Lend-Lease World War II debt \$11,260,343,000; World War I public loans sold to private American investors, \$75 million.

FROM NATIONAL REVIEW Bulletin: "American wealth depends on 1) capital; 2) technology; 3) a commercial spirit. There is no nation in the world that can hurt us provided we 1) permit capital formation; 2) encourage technology by appropriate tax legislation; and 3) free our entrepreneurs and our workers from the restraints of cartel, union and government..."

ROBERT G. DUNLOP, president of Sun Oil, speaks of the growing notion among Americans that "they can just vote themselves large shares of the good life." Efforts to do so, he goes on, have already resulted in a "vast federal bureaucracy," a swollen national debt, and a cancerous inflation that has distorted values, penalized the prudent, rewarded the improvident and undermined morality.

BERNARD BARUCH says: "The housewife is the most important person. She holds the world together."

With Our EXCHANGES

"YELLOWDOG" VOTERS

Editor Don James of the Archer City paper boasted proudly last week that he was a "yellow dog" Democrat — that, he defines, is a Democrat who would vote the straight ticket even if a yellow dog were on the Demo side.

Now it must be admitted this is the sort of a man the ward heeled love — a lad to whom they don't have to pay any attention at all during elections.

But let's see if we can turn the light of reason on this statement. A party is a political institution. Institutions are man-made and men can (and do) change them.

Is it rational to commit oneself to eternal support of so frail a thing as a political party, Democratic or Republican?

A lot of liberals aren't satisfied with Texas' Democratic party machine being seized by the Shivers-Daniel forces. Many conservatives dislike Eisenhower because he hasn't turned the clock back to the Boom-and-Bust Twenties.

We've also met some "born" Democrats and "born" Republicans. Presumably if everyone in this democratic republic were that way, the parties would just settle down and try to outbreed one another.—Pat Bennett in Crosbyton Review.

FARE-BREASTEDNESS

For a long time I felt sorry for men who went around with their shirts open down front because I thought they were too poor to afford buttons. I had noticed this rare phenomenon amongst young males in particular.

Then the other day I noticed they had buttons after all, and I was disillusioned. Having a sort of academic turn of mind, I have since been pondering the cause of this phenomenon. At first I thought perhaps it was for reasons of health as I noticed the specimen seemed to be dull and listless and have little energy for anything save the growing of strange hair-dos.

But I have decided against this theory. I'll tell you what I think they're doing. I believe they have a romantic fixation concerning their navels. Perchance they are even of the philosophical school which holds with navel contemplation, I don't know.

Mort Sohl said he saw one the other day with his shirt open clear to his waist, but the wild part was that he didn't even have a navel. He thought it was either a show business gimmick or the ultimate rejection of motherhood.—Bill McNeal in McLean News.

TV SCANDALS COME AS SHOCK

Recent hearings on corrupt practices in connection with network TV programs certainly have the approval and support of the public, but some of the findings are upsetting many Americans.

Many of us were surprised indeed to discover that the

shows were not always on the "up and up". After watching the "stars" from week to week as they climbed upward, we had come to look upon them as personal friends, and discovery that the shows were frequently "rigged" leaves us in much the shape of a young boy who suddenly discovers that his father is guilty of theft.

In behalf of the advertising agencies and networks, we note that they did cancel out the shows immediately when the irregularities showed up, but not soon enough to keep hundreds of thousands of people from losing faith. This loss of faith means much to our nation and, we hope, the incident will serve to impress all concerned that TV, like other mediums, carries a sincere responsibility along with attracting listeners, providing entertainment and selling air time.

The amateur cynics who insisted all along that the shows were rigged, have scored a tremendous victory. About the only consolation left to us little folks is that of knowing we were not perhaps so dumb as we thought, while listening to folks from all walks of life answer impossible questions.—Hereford Brand.

Dear Editor:
 I see where some politicians are now bragging that we have got close to a half-trillion-dollar economy, and ought to reach a trillion in a few more years.

My easy-gone neighbor says he is mightily enjoying this wonderful prosperity — getting twice as much pay for the same job of work as he used to get, and being let to spend it up to 30 years ahead.

Says future prospects are real rosy, too. A few more spurts of inflation and he can likely pay off the \$10,000 mortgage on his home with, say, a couple of \$5,000 eggs.

(Although this is addressed to Chevrolet owners, we'd be glad to have you read it, no matter what make you now own or plan to buy. It might well be as interesting and significant to you as to the Chevrolet owner.)

TO THE MORE THAN 16 MILLION PEOPLE WHO OWN CHEVROLETS

The first and the latest—the 1912 and the 1960 Chevrolet. The progress represented here is the result of continuing efforts to make your new Chevrolet always more beautiful, more useful and more valuable in every respect.

You belong to the largest family of owners in the automotive world. We hope you're proud of that. It must give you great satisfaction to know that your judgment in choosing Chevrolet has been confirmed by so many other people.

We know that we can hold your preference and your loyalty only by meeting our responsibilities to you fully and completely from the day you buy your Chevrolet to the day you trade it in. And so we'd like to talk with you about our responsibilities as we see them, and what we are doing to meet them.

Our first responsibility, we think, is clear: To design and build products that satisfy your needs and your wants to the highest possible degree. To that end, we have done these things for 1960:

Made the 1960 Chevrolet more economical, roomier, more quiet and comfortable, easier to handle and maneuver. Introduced the compact and revolutionary Corvair. Produced a new line of Chevrolet trucks with unprecedented advances in efficiency, cargo handling, driver comfort and ability to get a job done.

But it isn't enough to design and build the kinds of products you want. They must be built right. Solidly. Carefully.

Let us assure you of this: Chevrolet's fine reputation as a solid, well-built, dependable product is being safeguarded by more checks and inspections and tests, than ever before.

Along with your Chevrolet dealer, we want you to have available the finest and most complete service facilities. That is why we: Conduct training schools for Chevrolet dealer mechanics. Study and recommend im-

proved service equipment and techniques. Maintain the industry's most complete parts warehouse system.

Finally, neither Chevrolet nor your Chevrolet dealer has any intention of forgetting you after you buy. To help keep you happy with your Chevrolet, we have established a department new to us, and so far as we know, new to the automobile industry. This is the Chevrolet Department of Owner Relations, whose only job is the coordination of Chevrolet and Chevrolet dealer activities so that you enjoy utmost satisfaction during your entire period of ownership. Through all the department, and through all the other extraordinary steps we are taking, Chevrolet and your Chevrolet dealer hope to keep you a happy member of the Chevrolet owner family.

HOME OWNED HOME OPERATED TAX PAYING

The poles are set, the lines are strung, bright lights have replaced the kerosene lamp, and the Electric Cooperatives have literally turned night into day in the rural areas.

But the electrical loads first delivered to the rural community by the Electric Cooperatives are increasing by the day. An improved community and more varied uses for electric power mean more lines... and greater service facilities. So the job ahead of the Electric Cooperatives of Texas is a big one. That is why the cooperatives must not be deprived of the areas they served first... must not be driven out of the areas they helped to develop. All they ask is that they be given equal rights where they now serve.

South Plains

By Mrs. Murray Julian
Hallowe'en parties in the four class rooms of South Plains school were given by mothers Friday afternoon, with school out early for the Hallowe'en week end.

Mrs. I. H. Parks and Mrs. Shelby Calahan entertained with a Hallowe'en party at the Parks home Saturday night for class mates of Jay Frank Parks. 7th and 8th grade pupils played games, enjoyed a spook room and had refreshments in the basement at the Parks home.

Present were Marilyn Kinnibrugh, Beth and Johnny Calahan, Barbara Milton, Dale West, Dwight Teeple, Jimmie Upton and Jay Frank Parks.

Visiting in Lubbock Tuesday were Mr. and Mrs. Bill Beedy, Mr. and Mrs. Loyd Deavenport and Dennis, Mr. and Mrs. Murray Julian, Frank McClure, Mrs. H. S. Calahan Jr. and Mrs. Sterling Cummings and children.

JoAnn Newton was quite ill Tuesday night and was taken to Lockney General Hospital to stay until Wednesday suffering with a throat virus.

The George Weasts are in the

process of having their whole home redecorated. Sunday they visited Mr. and Mrs. Richard Williams in Floydada.

Mr. and Mrs. Mac Smitherman and Gregg of Barwise and Mary Myers, Lockney, were visitors of Mr. and Mrs. Don Marble.

Hallowe'en decorations were in evidence in the home of Mrs. Frank McClure Wednesday afternoon where Senior Home Demonstration Club members met. Mrs. Griesby Milton assisted in hostess duties and presided over the business meeting.

Mrs. Marble gave the devotional, and annual reports from the head of each committee were heard. Sixteen meetings were reported for the year; the club sponsored the community 4-H Club, the Jubilee Belles and the community booth at the fair, also gave gifts to a patient at the Abilene State Hospital, among other things accomplished the past year.

A Thanksgiving supper is planned for Nov. 20 with a film showing of "A Tenderfoot in Europe".

CROSSROADS REPORT
By D. E. SCOTT

Dear Editor:
I see where the census takers on their rounds next year will demand to know whether a citizen dunks or showers when taking a bath.

My disturbed neighbor says he hates to get registered either way, on account of the Revenuers landed on him one time when he changed his bookkeeping method without asking them.

So he is afraid if, say, he is put down as a dunker, and sometimes wants to take a shower, he will have to get a permit from Washington, or else keep his bathroom door locked.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

TEXAS PRESS ASSOCIATION

AUSTIN, Tex. — It is more than a year until the day when the next President of the United States will be elected, but in Texas, the race is on.

From now until Nov. 8, 1960, may well be a year of the most feverish political activity the state ever has known.

House Speaker Sam Rayburn fired the starting gun by calling for an all-out campaign to win the Democratic presidential nomination for U.S. Sen. Lyndon Johnson. Rayburn called for Johnson-for-President organizations in every county in Texas.

A campaign kick-off by the man who has often been called "Mr. Democrat" gave enormous impetus to the activities of Johnson supporters. Pro-Johnson clubs, rallies and editorials blossomed over the state. Gov. Price Daniel and the state executive committee had previously pledged support.

Speaker Rayburn's sponsorship also makes exceedingly difficult the position of Texas' liberal wing Democrats who have been cool toward the senator since the convention battles of 1956.

In 1952, Rayburn championed the liberals in their battle against a conservative party leadership working for Eisenhower. But the same group, now the Democrats of Texas

Club members, will have to fly in the face of their old friend, Rayburn, if they decide on open opposition to Senator Johnson this year.

Some DOTers have pledged Johnson support. But Mrs. R. D. Randolph, leader, refused to commit herself on grounds the senator has not declared himself a candidate.

Candidate or not, Senator Johnson is whizzing around Texas for personal appearances, scheduled at the rate of more than one a day in the months ahead.

FAREWELL TO BENCH — Judge John E. Hickman has announced he will retire in 1960 from his post as chief justice of the State Supreme Court.

Judge Hickman, who became a commissioner on the high court in 1935, has served there longer than any other man in Texas history.

Noting that he is 76, the judge said he felt the time had come "to surrender the duties and responsibilities of my office to someone younger."

Two other Supreme Court justices, Joe Greenhill and Clyde E. Smith, will be up for re-election next year.

COMMITTEES FORMING

In a surge of appointive activity, Speaker Waggoner Carr named House members to serve on three of the study groups authorized for between-sessions activity.

Named to the Legislative Council, a permanent organization usually assigned a lengthy list of studies, are Reps. W. T. Oliver of Port Neches, Eligio de la Garza of Mission, H. L. Strickland of San Antonio, R. H. Cory of Victoria, R. A. Bartram of New Braunfels, Tony Koriath of Sherman, Tommy Shannon of Fort Worth, Will Ehrle of Childress, W. W. Glass of Jacksonville and Richard C. Slack of Pecos.

House members on the Texas Commission on State and Local Tax Policy will be Reps. Frates Seeligson of San Antonio, V. L. Ramsey of Beckville and J. Gordon Bristow of Big Spring. This group will further the

WATCHES & OTHER AWARDS \$46,500

Figures on 4-H enrollment for 1959 again show an upward trend. If the increase is reflected in all 50 states and Puerto Rico, this year's final score could well be within touching distance of the two-and-one half million mark, predicts the National Committee on Boys and Girls Club Work.

While the number of 4-H'ers is steadily increasing, the annual crop of winners remains about the same, the National Committee points out, because the number of award programs is limited. Thus individual qualifications become higher and competition keener. At the present time the ratio for state and national winners is one member out of 2,000.

The national award programs in which 4-H'ers participate include clothing, frozen foods, entomology, safety, public speaking, and tractor. There are nearly 50 others, according to the National Committee.

All 4-H projects and activities endeavor to show how to improve the individual, the family, the home, farm and community.

Every 4-H member pledges "... my head to

clearer thinking... my heart to greater loyalty... my hands to larger service... my health to better living, for my club, my community, and my country."

Besides the personal satisfaction of "learning by doing," 4-H'ers take great pride in their accomplishments, and outstanding records are rewarded, the National Committee reports.

Awards are provided annually by individuals and business firms among which are: Mrs. Charles R. Walgreen, Standard Brands, Coats & Clark, Carnation Co., Simplicity Pattern Co., Hercules Powder Co., Betty Crocker of General Mills, Whirlpool Corp., Montgomery Ward, General Motors, Firestone Tire & Rubber Co.

Also John Deere, Singer Sewing Machine Co., Colgate-Palmolive, Homelite, Armour & Co., the Burlington, Milwaukee, and Illinois Central railways, Wilson & Co., and Humble Oil & Refining Co.

All 4-H programs are directed by the Cooperative Extension Service, USDA. Arrangements for the national award programs are made by the National Committee.

study of the state's fiscal structure begun in 1957-58 by the State Tax Study Commission. Specifically, the new group will consider such problems as whether the property tax should be abandoned or overhauled.

To the Texas Coordinated Commission for State Health and Welfare Services, Carr named Reps. W. N. Woolsey of Corpus Christi, W. E. Shaw of Forney and Max C. Smith of San Marcos.

Three senators, three private citizens and seven agency heads also are to serve on this panel to study and recommend improvements in health and welfare programs.

ADOPTION STYMIED—Texas Supreme Court ruled in favor of a woman who signed papers to allow her child to be adopted, then changed her mind and sought to re-claim the baby.

Though the court specified it was ruling only on the case at hand, some felt the decision might set precedent for future cases in this emotion-packed area of the law.

In the case at hand, the mother, unwed at the time of the child's birth, wanted to keep the baby. After a doctor and welfare officials talked to her, she changed her mind and signed a waiver.

A juvenile judge declared the child "dependent and neglected" and sent him to another county for adoption. Within a few weeks, however, the mother married the child's father and filed suit for the child.

High court opinion was that the lower court erred in declaring the child "dependent and neglected."

BUS KEEPS PERMIT — In another case the Supreme Court ruled the Railroad Commission could grant a bus line a permit to use a certain route even though the road was not finished.

Southwestern Greyhound Lines received a permit to use Highway 73 between Port Arthur and Houston before that road was complete. Sabine-Neches Trailways sued to have the certificate canceled.

Court held the Railroad Commission was required only to "know in a general way" about the traffic potentials of a route.

GAS TAX CHALLENGED — First of what will probably be many suits attacking the constitutionality of the new severance beneficiary tax on natural gas has been filed in an Austin district court.

Pipeline companies promised to fight the tax in court when it was passed by the Legislature this year.

A tax of 1.5 per cent of the value of the gas is levied on the purchaser, such as a pipeline, from the producer.

A similar sort of law, the gas gathering tax passed in 1951, was knocked down by the courts.

Governor Daniel worked persistently for the new gas tax, an issue that helped keep lawmakers at loggerheads for months. He promised to help fight the suits. "Long line gas companies fought hard against accepting any of the tax load," said the governor. Now, he added, some what to escape "scot free."

Salmon and other fish steaks barbecue perfectly under the flame in your broiler. Marinate the steaks in a rich barbecue sauce about an hour before cooking. Grill close to the flame, turned to high. Cook about 3 minutes on each side. Serve with a generous wedge of lemon, hashed brown potatoes, cole slaw and a spicy apple dumpling with sharp cheddar cheese.

BAPTISM — WHAT IS IT FOR?

Now when they heard this, they were pricked in their heart, and said unto Peter and to the rest of the apostles, Men and brethren, what shall we do? Then Peter said unto them, Repent, and be baptized every one of you in the name of Jesus Christ for the remission of sins, and ye shall receive the gift of the Holy Ghost. (Acts 2:37-38).

A point of great dispute respecting the above passage is the word "for". They who deny baptism is necessary for the sinner to be saved claim "for" means "because of" and that one is to be baptized "because" his sins are already forgiven.

The word "for" in this verse comes from the Greek "eis" and means "unto" or "in order to". For never means "because of" when translated from this word. Matthew 26:28 states that Christ's blood is shed "for" (eis) remission of sins. Does this mean that Christ shed his blood "because" sins were already forgiven or in order that sins might be forgiven? What "for" means in Matthew 26:28 it also means the same in Acts 2:38. WHAT COULD BE PLAINER?

IMPORTANT NEWS FOR SMOKERS

A recent medical report says:

Each Cigarette Neutralizes 80% of the Minimum Daily Adult Requirement for Vitamin C

This makes you stop and think, doesn't it? But there's no need to worry... nor to stop smoking just because of this.

Just be sure to replenish the Vitamin C your body may need with McKesson's Vitamin C (ascorbic acid) Tablets.

You see, every McKesson Vitamin C Tablet of 250 milligram strength has as much of this health-building vitamin as five average oranges. So, especially if you're a

smoker, your system may need McKesson's Vitamin C Tablets every day.

Now's the time to stock up, because right now your druggist is offering two large 100-tablet bottles of McKesson's Vitamin C Tablets for the price of one.

Longhorns Stampede Olton Mustangs, 8-6

BATTLING LONGHORNS USE RUGGED DEFENSE TO GAIN WIN AND MOVE INTO STRONG CONTENTION FOR TITLE

Led by a rock-ribbed defense, the battling Longhorns got back into the District 2-AA race Friday night with a hard-fought 8-6 victory over a rugged herd of Olton Mustangs. The 'Horns kept Olton off-balance by stopping the highly-touted Mustang passing attack cold. The determined Big Red contained the Olton passing attack so well that they allowed the visitors only one completion for a minus seven yards and four of seven Mustang aeriels were intercepted.

The tough Lockney defense, sparked by the courageous play of captain Dan Smith, bottled up the visitors for three quarters before they scored mid-way in the fourth period. Olton never had possession of the pigskin in Longhorn territory until they began their touchdown march. They gained over half their yardage in the final quarter. The Mustang's stubborn defensive unit also held the Longhorns scoreless for three periods.

Only real offensive thrust in the initial half came late in the second stanza when Lockney drove to the Mustang 5 yard line before losing the ball on downs.

On the first play of the final quarter halfback Terry Clark set up the Longhorn touchdown with a pass interception on the Olton 24. Six plays later hard-driving halfback Freddie Gant ripped across from four yards out. Clark rammed over the goal for two extra points, the difference in the contest.

The Mustangs took the ensuing kickoff and marched 74 yards in 10 plays for their six points. The Big Red defense came up to stop halfback Randeau Buchanan in a bid for the game-tying extra points. With 5:23 remaining on the clock, the tilt was by no means over. A chill fell over

Cold weather held down the crowd on Mitchell Zimmerman Field. Longhorn fans were honor guests at the game and were saluted at halftime by the local band.

Longhorn stars were many in the game as the win was strictly a team victory. Smith, Clark, halfback Joe Allard, and Hanst all grabbed Olton passes to aid the local cause.

Some of Smith's feats included the pass interception, being in on 15 tackles, being the main man who stopped Buchanan in his attempt to add the typing points after touchdown, throwing the key block on Lockney's touchdown and PAT.

Tremendous defensive efforts were also turned in by Wayne Coopepr, Oyam a Buchanan, Allard, Clark, Mickey Mosley, Rickey Collis, Hanst, Lewis Elland, Freddie Gant, Billy Dan Rolling, and others.

Good blocking by the 'Horn line opened holes for hard-running backs — Gant, Allard, Clark. Quarterback Jake Wofford moved the team well and several fine passes by quarterback Johnnie Belt also helped the Big Red offense.

Gant was the leading ground-gainer, making 63 yards in 22 attempts; Allard rolled for 46 yards in 15 carries and grabbed one pass for 7 yards; Clark lugged the pigskin 10 times for 26 yards and added 14 yards on a pass reception; Wofford kept 6 times for 12 yards.

Main cog in the Mustang offensive was Buchanan, one of the finest backs faced by the Lockney eleven this season. Big fullback Robert Priest was a hard runner, but the local boys contained Priest well. Center Phil Nienast turned in a fine game for the Mustangs.

Summary of the Game: Olton won the toss and elected to have the strong north wind at their back. Lockney chose to receive. Rolling returned the opening kick 8 yards to the L 18.

With Gant, Allard, Clark, and Wofford all totting the pigskin, Lockney drove for 3, 5, a first on the 28, 2, 4, another first on the L 38, 2, 1, 2, punted to the O 38.

The Mustangs, running from single wind as they did most of the contest, gained 2, 0. Rolling snatched a pass on the L 48.

The Big Red picked up 3, 1, 3, punted 35 yards to the O 10. Showing a little spark the Olton attack moved for 7, 9, 10, 4, 10, lost 1, lost 7 on a completed pass, quarterback John Wayne Hair quick-kicked 31 yards to the L 27.

Lockney's attack began to roll. The 'Horns gained 4, lost 1, make 7, 3, 4, 2, another first on the L 49 as the first period ended.

The 'Horns made 1, 0, 2, punted 17 yards to the O 30. Olton failed to move as they gained 4, 0, 1, punted 19 yards

penalized 5 yards back to their 19 as the third stanza ended.

Clark grabbed an Olton pass on the 24 as the final period began.

This time the determined 'Horns wouldn't be denied. Clark gained 4, Gant rambled for a first on the 9. Gant made 2, 1. Allard drove for 2. On fourth down Gant plowed into the end zone for six points. Clark crossed the goal for two more points. Lockney 8, Olton 0 with 9:34 remaining.

Buchanau returned Smith's kick from the 24 to 35. Led by the mercury-heeled Buchanan, Olton gained 15, 9, 16, 4, lost 1, made another first on the L 3. Hair made 0. Priest drove for 2, Hair dived over. The Mustangs failed to add extra points. Lockney 8, Olton 6 with 5:23 showing on the clock.

Mustang end Bobby Brown fell on the kick which barely went ten yards, the necessary distance to become a free ball. Buchanan scooted for a first on the L 39, Olton made 0, 2, drew a 5 yard penalty. Hanst picked off a pass and returned to the Lockney's 44.

Priest was trapped for a 9 yard setback on he faded to pass, Priest gained 5, the Mustangs were penalized 5 yards for delay of the game. Buchanan failed to move on the final play of the contest.

Clark gained 1, Wofford kept for 3, Clark rammed for 4, Clark kicked 13 yards to the O 35. Buchanan broke for 6, 22.

Slumber Party Held Saturday

Miss Beverly Simmons was hostess to several girls Saturday night for a slumber party. Celebrating Halloween, the girls ate supper at the Nu-Giddle Restaurant in Plainview and then saw a show.

After the show the girls returned to the Simmons home for a slumber party.

Those enjoying the occasion were Misses Pat Buchanan, Jodie Pate, Sandra Thompson, Violet Haggard, Rita Falls and the hostess.

Lone Star H. D. Club Meets Tues.

Lone Star Home Demonstration Club met Tuesday in the home of Mrs. E. O. Barrett.

Mrs. Barrett gave the devotional from Phil. 1:21-24 and roll call was answered with something about a foreign country. "New Ideas for Christmas" was the topic of the program.

A poem enclosed in the club yearbook emphasizes the beginning of a new fall month. The lyric is most impressive:

November Day
Old haggard wind has plucked the trees
Like pheasants held between her knees.
In rows she hangs them, bare and neat.
Their brilliant plumage at her feet.

— Eleanor Averitt
Present for the meeting were Meses. Melvin Brock, C. L. King, H. E. Frizzell, J. E. Lovvorn, H. G. Hodges, G. B. Johnston, E. C. Barrett, W. D. Nance, Clay Mercer and Mrs. Dale Wilhite, a visitor from Tulla. Mrs. Wilhite is a former member of the Lone Star club and is now a member of the Love community club.

Legion Auxiliary To Meet Thurs.

The American Legion Auxiliary will meet Thursday night at 7:30 in the club room for an important business meeting.

Members are reminded to bring the gifts they have ready for the Veterans' Hospital gift shop.

Get plenty of rest before you drive. Rest to drive your best.

Newcomers Club Plans Luncheon

Lockney Newcomers Club is planning a one o'clock Thanksgiving luncheon November 18. All members and other newcomers to Lockney are invited to attend.

For further information and reservations contact Mrs. Roland Watson OL 4-3613, or Mrs. Douglas Meriwether, OL 4-2556. A guest may be brought if you wish, members said this week.

Halloween Party Fetes T. U. Group

Members of the Intermediate Training Union of First Baptist Church were entertained with a Halloween party Saturday night in the Dub Mercer home.

Sponsoring the event were workers in the Training Union Department, Mr. and Mrs. Dub Mercer, Mr. and Mrs. McLee Brewer and Mrs. Edgar Hays.

In keeping with the Halloween theme the entertainment included bobbing for apples, retrieving a penny from a plate of flour, relay games, ghost stories and the traditional trip through a horror room.

Refreshments of apples, popcorn balls, chocolate fudge and orange punch were served to Jonita Ferguson, Juanell Potts, Nadine Cumbie, Dixie Ford, Jan Brewer, John M. Tye, Don Hanst, Tommy Musser, Tommy McCready, Tommy Moore, David Cates, Ronnie Laceywell, Jerry Watson, Stanley Abbott, Roy Ford, the sponsors and special guests, Miss Felicia Applewhite and Mrs. G. C. Applewhite who told the ghost stories.

The Training Union meets each Sunday evening at 6:30 in the Intermediate Department of the Baptist Church and an invitation is extended to all young people 13-15 to attend the programs.

MISS VIRGINIA CALDWELL

Nuptial Vows Are Planned

Miss Virginia Helen Caldwell and Jack Dunlap will be married November 28 at the First Baptist Church of Lone Star, according to announcement made this week by her parents, Mr. and Mrs. Norman Caldwell, Lockney.

Parents of the prospective bridegroom are Mr. and Mrs. M. E. Dunlap, 3604 23rd St., Lubbock.

A graduate of Lockney High School, the bride attended Texas Tech. Her fiancé graduated from Roosevelt High School and is now employed by Western Windmill, Lubbock.

F. L. Brown, accompanied by his wife, returned home Saturday from Methodist Hospital, Lubbock, where he underwent surgery last Monday for removal of a cataract from his left eye. Mr. Brown seems to be convalescing satisfactorily. Mrs. Brown says, however, they can't tell yet how much his eyesight has been improved. They will return for a check-up Thursday and should know more about it then, Mrs. Brown states.

Bride Feted At Friona Coffee

Mrs. Ray Dean Fleming, the former Janis Widener, was honored at a gift coffee Monday at the home of Mrs. Steve Struve in Friona. Calling hours were 9:00-10:30 a.m.

A recent bride, Mrs. Fleming and her husband are making their home in Friona after being married in Lockney Oct. 10.

Among those attending the courtesy were the bride's mother, Mrs. Loyd Widener, and her aunt, Mrs. J. C. Widener, both of Lockney.

Davis Home Scene Of Painting Party

Mrs. Thurman Davis was hostess for a Dresden painting party Wednesday. A covered dish luncheon was served at noon.

Mrs. Lewis Jurcak, Plainview, demonstrated the painting.

Others present were Meses. Boyce Mosley, Elroy Thomas, Lena Brotherton, Mason Davis, Colbert Falls, Gail Wilhon, Turward Jack, Delton Jack, Charles Huffman, Martin Bradley, Joe Richard Noland, all of Lockney; Mrs. Howard Fike and Mrs. Charles Cowart, Silvertown.

Attend OES Grand Chapter At San Antonio

Several local women are among those attending the annual Grand Chapter meeting of the Order of Eastern Star in San Antonio this week.

Leaving Sunday morning were Mrs. Forrest Smith, Worthy Matron; Mrs. Ewald Quebe, Past Worthy Matron and Jr. Past Grand Deputy and Mrs. Herman Huffman, Associate Matron. They plan to be home late Friday afternoon.

OFFICE SUPPLIES at The BEACON OFFICE.

Mrs. N. S. Abbott Hosts H. D. Club

Mrs. N. S. Abbott, president, was hostess for a meeting of Lockney Home Demonstration Club Wednesday afternoon, Oct. 28, at 2:45.

Mrs. Calvin Tomme read the devotional from Ezekiel 13:17-18.

Mrs. Fred Cooper gave an interesting program on making sofa pillows.

Attending were Mrs. Lavon Johnson, Mrs. Calvin Tomme, Mrs. N. S. Abbott, Mrs. Olan Poteet, Mrs. G. B. Thompson, Mrs. Vestal Eiland, Mrs. M. S. Johnson, Mrs. Henry Bollman and a visitor, Mrs. Fred Cooper. Next meeting will be held Tuesday, November 10, at 2:45 in the new home of Mrs. Calvin Tomme on North Main Street. The program will be on "New Ideas in Party Foods" and "Cake Decorations". Anyone interested in these demonstrations is cordially invited to attend.

FARM BUREAU'S ANNUAL STATE CONVENTION SET NOV. 8-11

San Antonio. — Some 1,500 Farm Bureau members and their families are expected to converge on the Alamo City Nov. 8-11 for the 26th annual convention of the Texas Farm Bureau.

Policies to guide the state's largest farm organization will be adopted by some 700 voting delegates from 198 organized counties. Headquarters for the four-day meeting will be the Hilton Hotel.

Featured at this year's meeting will be speeches by Governor Price Daniel of Texas; U.S. Congressman George Mahon of Lubbock; Chester Lauck, formerly known as Lum of the "Lum and Abner" radio team; John C. Lynn of Washington, D. C., legislative director for the American Farm Bureau Federation; and J. H. West, president of the Texas Farm Bureau.

In addition, Dr. W. R. White, president of Baylor University, will conduct the vesper service. Other speakers include Mrs. Robert Crane of New Jersey, vice-chairman of the AFBF Women's Committee; and Herman Aaberg, Chicago, livestock expert for the AFBF.

A high-light of the convention

will be the state finals of the Texas Farm Bureau Queen Contest. Thirteen lovely queen candidates, all winners of district eliminations, will compete for the state crown on the evening of Nov. 9 in the Grand Ballroom of the Hilton Hotel Annex.

The convention will end Wednesday afternoon, Nov. 11. The final day is the most important part of the convention when official voting delegates from the counties meet in business session to debate and amend or reject or adopt tentative resolutions (recommendations) which have been forwarded to the state meeting from county conventions. The business session culminates the Farm Bureau's annual policy development process on the state level. Adopted resolutions pertaining to national issues become recommendations to the American Farm Bureau Federation convention which will be held in December in Chicago.

A 39-member TFB Resolution Committee, composed of the state director and two Farm Bureau lay members from each

of the state's 13 districts, will meet in San Antonio for four days prior to the convention to draft tentative resolutions from the hundreds of recommendations on scores of subjects sent in by county Farm Bureaus. It is the responsibility of this committee to sort these recommendations by subject matter and then draft tentative resolutions embodying the consensus of thinking on each issue.

Registration for the convention will get under way at 2 p.m., Sunday, Nov. 8 in the Lobby of the Hilton Hotel. A Talent Find will be staged at 3:30 p.m. in the Grand Ballroom, Hilton Hotel Annex. At 7:30 that evening, Dr. W. R. White, president of Baylor University, will conduct vesper services in the Grand Ballroom.

The convention proper gets under way next morning, Monday, Nov. 9. Edwin Sanderson, Paris, Secretary-Treasurer of the TFB, will make his annual report and J. H. West, Bishop, TFB president, will deliver his annual message to the convention. Recognition ceremonies will honor county Farm Bureaus for outstanding work in membership, service and public relations. Also, the eight regular contributing reporters on the "Farm Bureau Roundup" radio program will receive certificates of appreciation from the organization.

Herman Aaberg, assistant director of the AFBF's commodity division, will be principal speaker at a general commodity conference at 1 p.m. on Nov. 9. At 2 p.m. special conferences will be held on the following: research, natural resources and farm labor, rural roads and R. E. A., education-welfare-farm safety, livestock, field crops, poultry, dairy and Farm Bureau services.

District caucuses will be held at 4 p.m. Voting delegates in each district will attend these meetings. Districts 1, 3, 5, 7, 9, 11 and 13 will make nominations for district directors to be elected by the entire delegate body for two-year terms. Terms of board members from the above-mentioned districts are expiring this year. A president, vice-president and secretary-treasurer will be elected by the state board members from among their own number after the convention is adjourned.

The state finals of the TFB Queen Contest will be at 7:30 p.m. in the Grand Ballroom, Hilton Hotel Annex, with Dist. 13 Director Glenn G. White in charge. Richard E. (Cactus) Pryor, KTBC-TV, Austin, will interview the 13 contestants and act as master of ceremonies during the competition.

Tuesday, Nov. 10, convention activities will get under way at 7 a.m. with a breakfast for official voting delegates in the Crystal Ballroom of the hotel.

Dear Editor: I see where the Army is having some trouble with the book-brilliant draftees they have got segregated from the riff-raff in a special treatment company.

Seems these boys figure that using high-tuned intellects like their to juggle GI cans is wasteful, besides it being unfair to give them barracks duty after a hard day over a hot slide rule.

My brainy neighbor says when everybody gets educated too good to wash dishes, make bunks and carry out garbage, the world is sure going to get messy and unsanitary.

D. E. SCOTT
Crossroads, U.S.A.

Mrs. Robert Crane of New Jersey, vice-chairman of the AFBF Women's Committee will speak at the general session at 9 a.m. This will be followed by a 4-H safety demonstration.

Governor Price Daniel will address the convention at 10:30 a.m. At 1:30 that afternoon, John C. Lynn, AFBF legislative director, will talk on the topic, "What Should Government's Role Be in Agriculture?" Following this address, the Texas Farm Bureau's Distinguished Service Award will be presented. Congressman George Mahon, Lubbock, member of the House Appropriations Committee, will speak at 3 p.m.

Chester A. Lauck, executive assistant, Continental Oil Co., Houston, who won fame as "Lum" on the "Lum and Abner" radio show, will be banquet speaker that evening, Tuesday, Nov. 10. TFB President West will be toastmaster at the session which begins at 6:30 p.m. Lauck will speak on "The Eleventh Hour." A dance will follow the banquet.

The business session on the final day of the meeting, Nov. 11, will get under way at 9 a.m. with a report by the Credentials Committee. Following that, the delegates will be seated and discussion and action on the tentative resolutions will begin. The convention will be adjourned when all tentative resolutions have either been amended, rejected or adopted.

CITATION BY PUBLICATION THE STATE OF TEXAS, TO: EDWIN M. WILLIAMS, Defendant.

Greeting: YOU ARE HEREBY COMMANDED TO APPEAR BEFORE THE Honorable District Court of Floyd County at the court-house thereof, in Floydada, Texas, by filing a written answer at or before 10:00 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation being the 7th day of December, 1959, to Plaintiff's Petition filed in said court, on the 19th day of October, 1959, in this cause, numbered 4645 on the docket of said court and styled Bertha Rae Williams vs. Edwin M. Williams, Defendant.

A brief statement of the nature of this suit is as follows: TO: WIT:

Suit for divorce, alleging desertion and that defendant is guilty of excesses, cruel treatment and outrages toward the plaintiff of such a nature as to render their further living together insupportable; alleging that there is no community property; asking for custody of the children and for their support, and praying for divorce as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said court at Floydada, Texas, this 21st day of October, 1959.

Mary L. McPherson, Clerk, District Court, Floyd County, Texas.

FOR WET ACID DELINTING See Plainview Acid Delinting Co.

We are delinting NOW. GERMINATION — With our process, we use no heat in delinting seed, so therefore we cannot harm the germination by burning them. DISEASE—As you know spots in cotton cut profits greatly. By using wet acid delinting there is less disease, for sulfuric acid, which we use, eats all lint from the seed and leaves no carbon deposits thus insuring an excellent job of treating the seed. BAGS — You may have had trouble in the past with bags being eaten and may have lost some seed. This is costly and unnecessary, for in our process after the seed have been delinted, we wash them with pure water in the form of a spray.

GRAIN SORGHUM

The hauling of grain in trailers or trucks from the fields to the elevator that has cottonseed mixed in will be turned down at the elevator.

Grain sorghum that moves in interstate commerce that even has one cottonseed to the load will have to be fumigated before it can move across a state line. Extreme care should be taken to prevent cottonseed from being mixed with grain sorghum. It may cost you money.

Home Making Hints

County Home Demonstration Agent

VALUES IN VEGETABLES

You get the most from vegetables when you treat them right — as you store, cook and serve them in daily meals.

First of all, freshness counts. Tired or limp and wilted vegetables have lost nutrients as well as flavor and appearance. Keep vegetables as fresh as possible by putting them in the refrigerator when you get home from the store or garden. If they are stored in plastic bags they will stay crisp longer. Root vegetables, such as potatoes, dried onions, winter squash, parsnips and rutabagas need not be refrigerated.

Frozen vegetables can lose nutrients and quality, too, when the temperature gets too warm. Store packages at 0 degrees F. or lower.

Remember that you can wash, soak and cook water soluble nutrients away. Never soak vegetables before cooking. To cook, use the smallest amount of water possible—only enough to prevent vegetables from sticking as they steam.

Avoid violent boiling of vegetables. After the food comes to a steam, reduce the heat to the lowest temperature required to maintain the steaming. This helps keep vegetables whole and saves food value.

Don't stir vegetables as they cook. This puts extra air in the vegetables and air destroys some vitamins.

To preserve color, cook green vegetables in covered utensils and cook only until tender.

For other tips on how to get the most from your vegetables, get a copy of B-923, "Vegetables, Selection, Care, Cooking," from my office.

CARD OF THANKS

We want to express our sincere appreciation for the cards, flowers and visits during my stay in Lockney General Hospital. Our special thanks is extended to the doctors and nurses.

COTTON PRODUCTION

The use of nitrogen on grain sorghum stubble to get the land in shape for growing cotton has shown definite results. Nitrogen is applied when the stalks are worked into the soil at the rate of 20 to 30 pounds per ton of stubble. Most irrigated grain sorghum will leave from 2 to 2½ tons of stalks per acre. If you are planning to follow grain sorghum with cotton this is one practice that will pay you.

FARM FACTS

About 11% of the population in Texas is feeding the other 89% of the people, where 20 years ago it took 40% to feed the other 60%.

About 40% of the population is involved in agriculture of some type 11% in production. The other 30% in processing, distribution, and other services to agriculture. We still see that a big part of the population is still involved in agriculture. The small amount of the people in Agriculture production has meant that the family can buy more food cheaper than any time in history. Agriculture is not a declining industry and always be basic and important to our economy.

LANDSCAPING

There are three purposes in landscaping your home. These are to improve the comfort, convenience, and attractiveness of the home.

Usually we want to emphasize the entrance of the home with the shrubs or plants around the house. This is done by planting higher plants at the corners of the house and tapering to the doorway with low plants on each side of the entrance. The shrubs at the corner of the house should be placed to cover the corner edge of the house. Three plants may be used to do this with one at the corner and one on each side of it. The corner shrub can be less than half the height from the eaves or 2-3 as high. It should never be as high as the eaves.

The shrubs under the windows should be a type that will not grow over the windows or else kept trimmed below the windows.

The doorway planting should be the lowest in height. They should be an (1) evergreen so they will be attractive year round, (2) low growing, (3) hardy and attractive, (4) dense, (5) dark green, (6) planted for the space.

The spread of shrubs when

Monday night, Nov. 9, at 7 p.m. the Sand Hill 4-H will hold their regular meeting. Three adult leaders will need to be elected so all members are urged to be present. The year books will be presented at the meeting. The candy 4-H members plan to sell has arrived and will be distributed.

Congratulations to Lockney on winning the football game Friday night with an 8-6 victory over Olton. Floydada enjoyed an open date but will play Spur Friday night while Lockney goes to Muleshoe. Good luck to both teams.

Several 4-H members met with Cecil Lewis Monday night at the extension office to work on 4-H signs to be placed at the county line. Those working were Warren Mitchell, Beverly Jeffress, Bobby Holt, Mary Starkey, Jimmy Huckelby, and Dienne Montgomery.

The Brotherhood of Sand Hill Baptist Church met Monday night at the church. Those present were James Jeffress, Stinson, Billie Daje, and Dale Stringer, Ed Noel, Kirk Slater, M. B. Swanner and Red Sloan.

Make Church - Going a Habit

Which of these Babies is J. D.?

This is the nursery of a large metropolitan hospital. Six times a day these precious bundles visit their happy mamas. And every night their proud papas gape at them through the glass. Nurses watch over them constantly. Doctors examine them daily.

But the statistics in the files of the police department cast a black shadow over this innocent scene. For one of these babies is J.D.

J.D. is short for a juvenile delinquent. And from police records and census figures we can estimate the proportion of new-born infants who will become juvenile delinquents in ten to twenty years. The one factor that threatens the accuracy of our calculations is that juvenile delinquency is increasing.

There are just two ways to deal with the problem. One is to enlarge our jails. The other is to give every child's spiritual well-being the same thorough attention that this hospital gives his physical well-being.

Is yours a church-going family? Is yours a religious home?

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

DR. EARL H. COLLISTER

Plant Breeding Expert Joins Station Staff

Dr. Earl H. Collister, expert in plant breeding and genetics, will assume duties as chief agronomist and assistant director at the High Plains Research Foundation at Halfway.

Dr. Collister was born and reared on a farm in Central Illinois. He attended Purdue University and received a B. S. degree in 1947 and a Ph. D. in 1950.

He comes to the Foundation after nine years with the Texas Research Foundation at Renner, Texas. When he first joined the Texas Research Foundation staff in 1950, he was placed in charge of oilseed research, consisting of plant breeding and cultural studies with sesame, sunflower and soybeans.

A year later he was appointed chairman of the field crops department, which included similar work with oilseed crops, popcorn, and white and yellow field corn.

In 1956 he became chairman of the plant science department, which included the responsibility for breeding, testing, and cultural studies with all crops under investigation by the Texas Research Foundation, such as sunflowers, sesame, soybeans, white and yellow field corn, grain sorghum, small grains, castor beans, guar, grasses, legumes and pasture studies with beef cattle.

He was responsible for planning and supervising the crops research program at three field stations at Henderson, Abilene and Corpus Christi.

He developed three varieties of sesame (Renner's No. 1, Renner's No. 2, and Renner's Combine Sesame No. 15). He has also authorized various magazine articles, research reports and research bulletins.

James Davis Has Knee Operation

James Davis, a senior in Lockney High and son of Mr. and Mrs. Hubert Davis, underwent an operation on his knee at Plainview Hospital Monday of this week. He was reported to be improving Wednesday. James hurt the knee in football practice last week. Ligaments were pulled loose, according to members of the family. He will be out of football for the remainder of the season.

Dear Editor:

I see where graduates of driver education in Texas schools are having 12 per cent more accidents than kids their age who were underprivileged out of this training.

My hard-knocked neighbor says it is not surprising that even drivers with diplomas are less than perfect, on account of he has seen some teachers, doctors, mechanics, etc., who seemed to need something besides their expert licenses.

Says, in fact he has seen many a pretty good workman ruined for life by taking his diploma as a gauge to show that his tank is full.

Longtime Floyd Resident Dies

Edward Lee Hough, 84, retired Floyd County farmer, died in Shady Grove Rest Home, Lubbock, Sunday after a short illness.

Hough, a native of North Carolina, had lived in Floyd County since 1921.

Services were held at 3 p.m. Monday in the Floydada First Baptist Church with the Rev. Ed Bowles, pastor, officiating. Burial was in Floydada Cemetery under direction of Harmon Funeral Home.

Survivors include the wife; two sons, Jack, Floydada; Ernest, Dallas; a daughter, Mrs. Ed Muncy, Floydada; six grandchildren; seven great-grandchildren; and a brother, Virgil, Lubbock.

Mrs. W. L. McMinn Breaks Arm Thurs.

Mrs. W. L. McMinn of Lancaster, Texas, former long-time Lockney resident, fell at her home Thursday of last week and suffered a badly broken arm, according to information received here by her daughter, Mrs. Frank Messimer. For a number of years Mrs. McMinn made her home in Silverton but for the past year she has lived near her daughter, Mrs. Al Atkinson at Lancaster, near Dallas. She received medical care at Methodist Hospital, Dallas.

Those wishing to send cards or letters to Mrs. McMinn may address her at 626 West Main, Lancaster, Texas. She would appreciate hearing from her Lockney friends.

Uncle Dies In Burning Home

J. B. Richardson, 48, uncle of Mrs. Weldon Latimer of Lockney, was burned to death when his home was destroyed by fire Sunday evening, Oct. 25, at Bonham, Texas.

Mr. and Mrs. Latimer left here the following Monday night and attended funeral services for the deceased man on Tuesday.

Mr. Richardson was at home alone at the time of the fire. Details of the accident were not known.

Music Director Home From Tour

Gary Sides, music director of Lockney Baptist Church, returned home Sunday night after making a 10-day tour with Wevland Baptist College International A Capella Choir.

The group met with many exciting experiences during the tour which took them through parts of Missouri, Arkansas, Oklahoma, and Texas. On Monday, Oct. 26, they were received by former President Harry Truman at the Truman Library in Independence, Mo., and the day before they sang to a packed house at the Midwestern Baptist Theological Seminary chapel. The Midwestern Seminary, Kansas City, Mo., is the newest Southern Baptist Seminary and has just been opened.

The 44-voice Wayland Choir went from Missouri to Arkansas, home state of the director, Donnie J. Adams. Concerts were given in Waldron, Bentonville, Arkadelphia and Little Rock. In Oklahoma, a concert was given on Sunday, Nov. 1, at First Baptist Church, Duncan. Texas concerts included First Baptist Church, Texarkana, East Tyler Baptist Church, Tyler, North Side Baptist Church, Weatherford, for an associational youth rally, and the final concert Sunday night was at First Baptist Church, Crosbyton.

Mr. Sides resumed his duties as choir director at the local church Wednesday night with rehearsals at 8:45.

House Warming Honors Canons

Mr. and Mrs. Ray Canon were honored with a surprise house warming Thursday night at their new home on North Main. Approximately 50 guests called.

The honorees received an array of beautiful and useful gifts. Refreshments of sandwiches, cocoa and coffee, brought by the surprise visitors, were served.

State-Wide 4-H Tractor Program Is Announced

College Station — More than 6,000 Texas 4-H Club boys and their adult leaders will get their annual 4-H Club Tractor Program underway with a series of 25 two-day leader training schools, beginning November 5-6 and extending through March 8-9.

W. L. Ulich, extension service agricultural engineer in charge of the program, says leaders who attend the training schools will instruct 4-H boys in their home counties to give their tractors and other farm machinery care and maintenance, resulting in less repair expense.

Surveys show that from \$100 to \$300 can be saved per year by proper tractor maintenance, stresses Ulich. "The instruction includes safety of operation, kinds and uses of lubricants and proper maintenance of fuel, ignition and cooling systems."

Texas farmers own more than 300,000 farm tractors, over 2.5 million pieces of farm equipment, all of which needs proper maintenance care to keep them in operation. Often the loss of use of a piece of equipment when needed results in more loss to the farmer than the repair bill itself.

The farm machinery industry is cooperating in the 4-H Tractor Program also as often money is saved the way-round if a farmer can make small repairs rather than call the tractor mechanic.

In addition to the knowledge of caring for their own equipment, the 4-H Club boys who do the best jobs have opportunities to win county, district, state and national awards, which include college scholarships.

Basketball Games Here Tonight

Lockney High School girls basketball teams will play teams from Cotton Center in the local gymnasium tonight (Thursday). Two games will be played, according to Coach Troy Lemley.

Recently the Lockney 8th grade team played the Abernathy 8th graders at Abernathy and won by one point, 16 to 15. The 7th grade girls lost their game to Abernathy.

Oil, Gas Companies Plan New Plant

Amarillo Oil Company and one of the other major natural gas producers in the Gray County area have entered into a joint venture to construct a new gasoline extraction and producers plant on the site of Pioneer Natural Gas Company's recently-completed Gray County compressor station 12 miles south of Pampa. Amarillo Oil, a Pioneer Natural Gas subsidiary company, will serve as operator of the new plant.

Construction is scheduled to begin about December 1, with completion expected sometime around April 1. Dresser Engineering Company, Tulsa, Okla., will handle the design and construction.

The refrigerated absorption distillation-type plant is designed to process an estimated 45 million cubic feet of natural gas per day and will extract propane and a butane-gasoline mixture at a rate in excess of 52,000 gallons per day. The propane will be shipped from the new Pampa plant by truck while the butane-gasoline mixture will be transported by pipeline.

Dear Editor:

I see [where U. S. officials are deploring how the new Cuban government is grabbing the property of our citizens who live in that country.

My spade-calling neighbor says he is glad he lives with Uncle Sam, the old pro people-plucker, who recognizes property rites and feels it is immoral to confiscate more than 91 per cent of what a man has worked for.

Says, anyhow, it brings in more money in the long run to let the private citizen hold title, manage, finance, and take the risks, and keep a tithe for himself.
