MISS ELIZABETH ALICE GROSS

Beth Gross To Wed Fred M. Stokes In Formal Church Ceremony

Miss Elizabeth Alice Gross and Mr. Fred Marvin Stokes will exchange wedding vows Friday evening, Nov. 27, at 7 o'clock in the First Methodist Church of Port Lavaca, Texas. Parents of the couple are Mr. and Mrs. L. E. Gross, 217 Crockett St., Port Lavaca, who are former Lockney residents; and Mr. and Mrs. E. A. Stokes, 2909 Mims St., Fort Worth, Texas. Mrs. Alice Baker, Lockney, is the grandmother of the bride. Dr. Will Mathis Dunn, pastor of the church, will officiate at the double ring ceremony performed before an altar decorated with white mums and candelabra. Mrs. P. R. Elder, Port Lavaca, will play the nuptial music and accompany Miss Jeanette Stokes, Amarillo, niece of the bridegroom, as she sings "Through the Years", and "The Wedding Prayer". The bride will be escorted to the altar and given in marriage by her father. Her formal gown is fashioned of lace over silk taffeta featuring a chapel train.

The bodice is designed with a high neckline, short sleeves and a bustle type bow at the waistline in center back. Self covered buttons extend from the neck to waistline in back. Her fingertip veil of nylon tulle is attached to a crown of pearls. She will wear long white gloves and a pearl necklace. Her bouquet will be a single white orchid nestled in carnations. Attending the bride will be Mrs. Walter Powitzsky, Port Lavaca, matron of honor; Miss Gloria Giersch, Amarillo, and Miss Sarah Helen Phillips, Port Lavaca, bridesmaids. The attendants will be dressed identical in waltz length gowns of red taffeta designed with a bustle back effect. They will wear red bow hats with small veils, and red satin shoes. Their bouquets will be all white. Lawrence Lee Stokes, brother of the bridegroom, will serve as best man. Groomsmen will be William K. Vaughn and Larry Harrison, Fort Worth. Performing the duties as ushers will be

R. D. Mims of Comanche and Darryl Harrison, Fort Worth. Miss Cordelia Nelson, Beirut, Lebanon, and Charles William Murphy of Dhahran, Saudi Arabia, will be candlelighters. Mrs. Gross, mother of the bride, will be dressed in a sheath dress fashioned of ice blue brocade with a matching jacket. She will wear a small feather-brimmed hat of ice blue, blue gloves and shoes. Her corsage will be of pink carnations. Mrs. Stokes, mother of the bridegroom, will be wearing a blue silk crepe dress with complimentary accessories, and a corsage of pink carnations.

Reception

For a reception to be held in the church parlor immediately following the wedding guests will be registered by Miss Cordelia Nelson, a student of Texas Christian University, Fort Worth. Miss Sidney Patterson of Point Comfort will serve cake and Miss Carol Ann McIntire, Port Lavaca, will serve punch. The couple will be January graduates of Texas Wesleyan College, Fort Worth. They will make their home in Fort Worth where the bridegroom is employed and the bride will continue attending college, working on her master's degree.

Mission Study Held By W. M. U.

The Women's Missionary Union held a mission study and business meeting Monday afternoon at the Baptist Church parlor. South Plains

By Mrs. Murray Julian

Thanksgiving at South Plains may be a busy time as farmers continue to strip cotton, but everyone will take time for giving thanks to their Maker for a bountiful harvest and countless blessings of the past year. One hundred and four were present for church services Sunday, even though many men were absent.

Several families plan to spend Thanksgiving with their families in other states. Mr. and Mrs. Arby Mulder, Nathan and Katherine will leave Wednesday for the holidays in Albuquerque, New Mexico, where they will visit his brother, the O'Dell Mulders and Pat, and his nephew, Mr. and Mrs. Don Dell Mulder and children. They will be home Sunday evening.

Mr. and Mrs. Bill Beedy and Eugene will have their Thanksgiving dinner in Floydada with his sister, Mrs. J. D. Colville. They plan to go to Canyon Thursday night to see Stinnett play football in their bi-district meet.

Mr. and Mrs. Murray Julian and Bruce plan to leave Wednesday noon and go by Canyon to pick up Kendis, then go to

Denver, Colorado, where they will visit her sister, the Otis Sandusky family while Kendis will stay with Larry Smitherman who is at art college in Denver. They will come back Saturday to Trinidad, Colo., to visit at the McDonald Ranch until Sunday evening.

Mr. and Mrs. Pete McCaugh of Littlefield spent Sunday with her sister, the Arby Mulders, Nathan and Kathy.

Mr. and Mrs. Earl Ragan, of Vian, Oklahoma, spent Monday night with her niece, Mrs. Grigsby Milton and family. The Ragans have been visiting the R. E. Youngs of Floydada, and other relatives.

Alton Higginbotham, Eugene Beedy, Kendis Julian and Tommy Respondek of West Texas State, Canyon, spent the week end at their homes.

Mr. and Mrs. Menard Field are spending Thanksgiving in Colorado Springs, Colo., with their daughter, the Charles McDonald family. They will leave Wednesday and be home Sunday.

Mrs. Grigsby Milton attended the Home Demonstration Council meeting in Floydada Saturday afternoon.

Mr. and Mrs. Jack Smitherman of Hart, his father, P. M. Smitherman, and Mr. and Mrs. Ernest Smitherman were after-

noon guests in the home of Mr. and Mrs. Roy Bledsoe and Bill Sunday. Friday Roy Bledsoe will go to Lubbock for a check-up by a medical specialist.

Ken Roberts of Floydada was a Friday overnight guest of Bill Bledsoe. They attended the Thanksgiving supper at the schoolhouse.

Mr. and Mrs. E. J. Kinslow and boys visited Sunday afternoon with his parents, Mr. and Mrs. D. E. Kinslow, Lubbock.

Tuesday night the Community 4-H Club met at the school house with Cecil Lewis, County Agent, showing a film on Safety. Leaders are Mr. and Mrs. John Key West were present, and Mrs. Milton and Mrs. Carr sent refreshments which the girls served at the meeting.

Present were Jay Frank Parks, Jimmie Upton, Beth Calahan, Barbara Milton, Yvonne Karr, Sue Wilson, Marilyn Kinnibrugh, Nathan Mulder, Dale West, Bud Higginbotham, Darlene Gillispie, Mr. and Mrs. J. K. West and Cecil Lewis. Officers met Saturday morning in Floydada for a 4-H council meeting and meetings were planned for the year.

Mr. and Mrs. Frank McClure left Thursday for Houston where they plan to stay two weeks. They are new grandparents as their son, the Donald McClures of Houston are parents of a second son, Herschel Wade, weighing 8 lbs., 7 1/2 ounces, born Wednesday night at 7:56.

They have two other children, Frankie, 3, and Regina, 2.

The J. P. Taylor family plans to spend Thanksgiving with her parents, Mr. and Mrs. W. W. Merrell at Quitaque. Thanksgiving was celebrated in our community with a supper at the school house at 6:30 Friday night followed by a film "A Tenderfoot in Europe", and music by the Moon Discs. Big platters of ham with all the trimmings and dessert of cheese cake were served to around 100 adults and children. The event was sponsored by the Senior Home Demonstration Club and each family brought a dish. Invocation was given by Fred Fortenberry.

Mr. and Mrs. Sim Reeves have been keeping their grandson, Rex Bell of Floydada. They spent Sunday in Lubbock with Mr. and Mrs. Garnett Reeves and boys.

Mr. and Mrs. Belcher of Central City, Colorado, arrived Sunday to spend Thanksgiving holidays with her sister, Mr. and Mrs. Loyd Deavenport, Dennis and Newton. The Deavenports eldest son, Steele, is finishing his boot training in the army at Ft. Riley, Kansas, and will soon be home for his 14 day furlough.

Gary Sawyer of Floydada was a guest in the E. P. Pritchett home with Price and Jimmie Saturday night and Sunday and was a visitor at church Sunday. The Pritchetts are looking for their daughter, Mr. and Mrs. Robt. Turner of Pampa home with them for the Thanksgiving holidays.

Among those attending open house of the new First National Bank, Floydada, Sunday afternoon were Mr. and Mrs. Lee

Pearson, Mr. and Mrs. Early Pritchett, Mr. and Mrs. Travis Young, Mr. and Mrs. John Wilson.

Mr. and Mrs. Grigsby Milton and girls left after church services Sunday for Lubbock where they were dinner guests of their daughter, Mr. and Mrs. Arlis Powell.

Mrs. Don Probasco and Mrs. Chester Hidalgo were hostesses Thursday afternoon in the Probasco home to the Junior Home Demonstration Club. Mrs. Wells gave the devotional. A demonstration on cake decorating was given by Mrs. Fred Marble and Mrs. Wells. A white loaf birthday cake was decorated in pastel hues. Refreshments of coffee, cokes, canapes, cake and nuts were served to Mmes. Don Marble, Marvin Wells, Fred Marble, Chester Hidalgo and Don Probasco.

Events this week are Senior Home Dem. Club meeting at the home of Mrs. E. J. Kinslow Tuesday, W.M.U. meeting Monday afternoon, FFA banquet for high school boys Monday night, and parties in the various school rooms Wednesday afternoon before a four-day Thanksgiving holiday.

Mrs. George Weast has been confined to her home with an infection the past week. We hope she can be out and around soon.

Dear Editor:

I see where a doctor has thought up a new remedy for arthritis which you take by giving it to a cow and then drinking the milk.

My pill-preserved neighbor says this seems like a very unhandy way to take medicine and, knowing a little about cow upkeep, he don't believe it will ever be as popular as capsules and pills.

But he can't help wishing somebody had thought of using a proxy to take your medicine back when he was a boy being brought up on castor oil.

LETTERS TO THE EDITOR

**Mr. Baggary Explains His
Membership In Boston Church**

Dear Mr. Hayes:
The Lockney Beacon Lockney, Texas

My apologies for misspelling your name in the opening sentence of a recent column. It was spelled correctly each time but that first line had to be re-set three times to correct other errors. On the fourth try everything was correct except for the "e" in your name, so I let it go by.

In the field of politics, I feel that we have a right to our own opinions and convictions, also a right to express them through our respective newspapers. To dish it out is to be able also to take it. I have never yet written a letter of protest to any editor disagreeing with or slapping back at anything I had written. However, in discussing my church membership and questioning how I "expect to serve the Lord via Massachusetts," I think you hit a little below the belt.

I have my personal reasons for leaving my membership in Park Street Church in Boston where I was active when I was attending school in Boston, not the least of which is the fact that this church supports more foreign missionaries than any other church in the United States and in the world is exceeded only by People's Church in Toronto, Canada. I have long been a part of this missionary program as well as other projects of the church which are very dear to me. When I retire I hope to make my home in New England.

To Baptists who place a great deal of stress on moving church membership "even if you aren't going to be in the community but a week" this perhaps does not make sense. To me the location of one's church membership is of minor importance since in my church it is not a test of fellowship nor participation in the Lord's Supper nor right to serve in a church.

May I also say that I am quite active in a Tulsa church, more active perhaps than most of its own members. I contribute regularly not only to current expenses but to a building fund. I teach an adult Sunday school class and last Sunday night I had charge of the service in the absence of the pastor who was out of town in a revival. In addition, I am pianist of the church.

The Tulsa Herald also sponsors 4 1/2 hours of religious broadcasts each week on KTUE. These programs include Billy Graham's "Hour of Decision" and Charles Fuller's "Old Fashioned Revival Hour" on Sundays and Theodore Epp's "Back to the Bible Broadcast" each weekday.

It is not my intention to parade any service to the church since all of us fall far short in our obligations; however, since you implied that I find no church in Tulsa

to suit my taste and have to go all the way to Massachusetts to "worship the Lord," I do think you owe it to me to publish these remarks in rebuttal or explanation.

I am not at all sensitive about what people think about my political views, but I don't like to have my sincerity questioned as a Christian. Cordially yours,
H. M. Baggary

We are sincere when we say we are happy to know that you are serving the Lord both in Tulsa and in Boston. Mr. Baggary, certainly that is a little "peculiar" to some of us but every person is entitled to his "peculiarities". There is little room for any of us to criticize another as to religious practices since, as you say, we all fall short. We Baptists have our "peculiarities" also and if dabbling in politics is one of them who can say but that politics will not be better off with a little Christian influence.

But Mr. Baggary you're still misspelling the name. It is Hays. Please leave out the "e".

**Deer And Duck
Seasons Set
To Begin Soon**

Austin — Two major hunting seasons will get under way in Texas within the next ten days, according to the executive secretary of the Game and Fish Commission.

The duck hunting season will open noon, November 13. The bag limit will be four ducks daily, but not more than one can be a canvasback or red-lead. The duck inventory in Texas at the present time is very good, according to waterfowl biologists, who have been making surveys throughout the State. Many of the ducks are young ones, however, indicating the late hatch in the nesting grounds.

Goose season already is underway, having opened at sunrise, October 26. The duck season will end January 1, and the goose season will end January 8.

Waterfowl hunters are required to have a \$3 Federal duck stamp, which can be bought at the Post Office. The white-tailed deer season will open in most counties in Texas November 16. The mule deer season will open December 1 west of the Pecos. There will be deer seasons in many other counties in Texas under regulatory control. It is advised that you check with your local game warden on these areas. The basic bag limit is on two bucks. However, doe shooting will be permitted in a number of Texas counties again this year, which will permit hunters to take either bucks or doe.

A \$3 Federal duck stamp is required this year for all migratory waterfowl hunters 16 years of age and older. They can be bought from the local post office.

**Weed District
Officials Urge
Practices Now**

Since the cotton and grain harvests are nearing completion, the Weed District would like to remind the farmers that it is not too late to treat bindweed with soil sterilants. Results of winter treatment have been very satisfactory this past year.

In order to serve more farmers with the District equipment and trained operator, it is urged that farmers cooperate in a year round treatment program. This would help eliminate the long waiting list which the District had this year during the planting and growing seasons. High winds and spring and summer rains also hamper operations during these seasons.

Bob Hambright is the equipment operator for the District. Farmers will benefit greatly from his efficiency, dependability, and training in the application of chemicals. Complete coverage and evenness of application, which are very necessary for effective weed kill, can be reasonably assured by the use of this trained operator and the equipment provided by the Weed District. The District is very interested in keeping Hambright's services the year round and they urge the farmers to use him.

In making winter treatment it is necessary to know the exact location of bindweed patches, which should be spot plowed or staked for location, and it is advisable not to apply chemical on soil that is to be plowed deep, although light plowing will not affect the end results. By making application of chemical this winter, any moisture received will carry the chemical down into the root zone and produce a root kill while the plants are dormant. If Federal aid has not been used up on individual farms, 50 per cent assistance can still be obtained on any of the approved chemicals through the ASC Program for the remainder of the year.

The District will be happy to assist farmers in spotting, staking, and measuring weed patches to be treated. For further information, contact Douglas Degge, Supervisor at the District office, room 113 in the

THANKSGIVING

"Giving thanks always for all things unto God and the Father in the name of our Lord Jesus Christ." (Eph. 5:20.)

Many places in the Bible we are taught to be thankful to God. We should realize that all blessings come from God. James 1:17 says, "Every good gift and every perfect gift is from above, and cometh down from the Father of lights, with whom is no variableness, neither shadow of turning." The apostle Paul wrote, II Cor. 9:15, "Thanks be unto God for His unspeakable gift." We need to constantly realize that all spiritual and material blessings come from God, and to Him we should be thankful every day and every hour of the day.

Even though we should thank God with our lips constantly, the best way to show gratitude and thanksgiving is by our daily lives conforming to his divine will. Without faithfulness in life and conduct all lip service is in vain. "My little children, let us not love in word, neither in tongue; but in deed and in truth." (I John 3:18.) DOES OUR DAILY CONDUCT SHOW THANKSGIVING, GRATITUDE AND LOVE TO GOD?

WELCOME to the

WET ACID DELINTING

SEE US

GERMINATION with our process. we use no heat in delinting seed, so we can't harm the germination by burning them.

DISEASE as you know spots cotton and cuts profits greatly. By using wet acid delinting there is less disease, for sulfuric acid, which we use, eats all lint from the seed and leaves no carbon deposits, thus insuring an excellent job of seed delinting.

BAGS . . . You may have had trouble with bags being eaten and lost some seed. This is costly and unnecessary for in our process after the seed has been delinted we wash them with pure water in the form of a spray.

Sheep May Fill Gap In Farm Acreage Cuts

College Station. — The necessity of reducing certain crop acreages and turning more emphasis on grass and legumes which can subsist on marginal land alone but also produce a profitable market for sheep production may be met with these problems. Sheep can convert tender pastures, a large variety of crops and the usual crop residues into lamb and wool. Many farmers who make no attempt to harvest these forms of roughage can convert some of their acreage to sheep production with little additional cost. Main requirements for a successful sheepman are having a genuine interest in the animal and providing a suitable environment for them, says James A. Gray, extension animal husbandman. The advantages and disadvantages should be considered before a farmer undertakes sheep production. Sheep will produce two crops each year — lamb and wool and

2-Year-Old Is 'Dimes' Poster Girl

Mary Beth Pyron, 2, daughter of Mr. and Mrs. James T. Pyron of Florence, Ala., has just been chosen national poster girl for the New March of Dimes 1966 campaign in January. Her picture will appear on millions of posters (above), canisters and coin collectors in every town and village of the country, symbolizing the New March of Dimes attack on crippling birth defects, arthritis and polio, diseases that affect one in every four U. S. families. Mary Beth was born with an open spine and water on the brain. Medical science knows no way of helping her. Hope lies in scientific research supported by the New March of Dimes. Mary Beth is a sunny, affectionate child and loves to ride her new walking horse (left). Her brother Tommy, 4, is a normal child.

lambs will fatten on good pasture alone without supplement feed. Adequate, but not elaborate, facilities are required and the animals are easily handled.

On the other hand, sheep must be protected from stray dogs and predatory animals. They are subject to both internal and external parasites, especially if heavy grazing on small acreage is practiced. Tighter fencing is required than for cattle and foot troubles are likely to develop if sheep are kept on wet or marshy pastures.

The number of sheep a farm will carry on a year-round grazing plan depends on size of the pastures, amount of rainfall, soil fertility and amount of supplemental roughages available. Many farmers know the carrying capacity of their

farms in terms of cattle. Ordinarily five to seven sheep will replace one cow, depending on size and breed of sheep.

For those interested in sheep production on a farm basis, Gray has written a bulletin entitled, "Farm Sheep Production in Texas." This bulletin discusses the types of operation a farm sheep producer can use. Breeds of sheep, feeding and other important points are also discussed. Your local county agent has a copy or write the Agricultural Information Office, College Station. Ask for B-827.

From one-fourth to one-third of the nation — 40 to 50 million Americans — are believed to be infected with the germ that causes tuberculosis.

90% Vegetables Are Now Grown Under Contract

College Station. — An estimated 90 percent of vegetables produced for canning and freezing in the United States are now grown under some form of contract. The Southern States rank lowest in the percentage of vegetables marketed for processing under contracts because the fresh market surplus in the south is used for local processing.

This information comes from "Vertical Integration in Texas Agriculture — Vegetables," a new leaflet, written by H. B. Sorenson and E. E. Burns, Texas Agricultural Experiment Station, and extension economist John G. McHaney.

Contracts range from a simple agreement calling for the processor to take the entire output of a growers crop at an agreed price to detailed contracts specifying items such as date of planting, variety, cultural and spray program, schedule of prices by grades, sizes and variety, and, in some cases, payment schedules.

Integration of vegetable production for canning and fresh market has existed in Texas for some time. Some form of contract among growers, packers, shippers and processors has been practiced for more than 30 years the authors noted.

Integration involves part or all the phases of growing, packing and shipping-point selling that are done through cooperatives, individuals or private firms. Local packer-shippers and farm supply dealers have the greatest influence on integration in the production of vegetables for the fresh market. Including melons, about half the vegetables produced for the Texas fresh market are ground under some form of an integrated operation.

South Texas and the Panhandle have the largest percentage of vegetables grown under contract. The distribution of crops and percentage of reported acreage produced under contract is given in the leaflet. The authors add that the vegetable producer should study carefully any proposed arrangement involving vertical integration to determine its probable effect on his business. In joining a cooperative or private venture, a grower should realize that he is entering into a business contract of significance to his operation. This leaflet discusses the advantages and disadvantages.

Your local county agent has copies or write the Agricultural Information Office, College Station. Ask for L-437.

Active and inactive cases of tuberculosis in the United States total two million.

EDITORIAL

He which soweth sparingly shall reap also sparingly; and he which soweth bountifully shall reap also bountifully. — II Corinthians 9:6.

WES IZZARD, editor of The Amarillo Daily News and a noted columnist, spoke some thought-provoking words Friday evening at the annual Teacher Appreciation Banquet. His concern was that our young people be given training as well as teaching that will enable them to face life confidently and bravely. Among the things he quoted from noted educators and those who have positions related to youth training was the following. We thought it was good:

ALWAYS WE HEAR the plaintive cry of the teenager: What can we do? . . . Where can we go? The answer is GO HOME!

HANG THE storm windows, paint the woodwork. Rake the leaves, mow the lawn, shovel the walk. Wash the car, learn to cook, scrub some floors. Repair the sink, build a boat. Set a job.

HELP THE minister, priest or rabbi, the Red Cross, the Salvation Army. Visit the sick, assist the poor, study your lessons. And then when you are through — and not too tired — read a book.

YOUR PARENTS do not owe you entertainment. Your city or village does not owe you recreational facilities. The world does not owe you a living. You owe the world something. You owe it your time and energy and your talents so that no one will be at war or in poverty or sick or lonely again.

IN PLAIN SIMPLE words, GROW UP; quit being a cry-

baby. Get out of your dream world and develop a backbone, not a wishbone, and start acting like a man or a lady. YOU'RE SUPPOSED to be mature enough to accept some of the responsibility your parents have carried for years. They have nursed, protected, helped, appealed, begged, excused, tolerated and denied themselves needed comforts so that you could have every benefit. This they have done gladly, for you are their dearest treasure. But now, you have no right to expect them to bow to every whim and fancy just because selfish ego instead of common sense dominates your personality, thinking and requests.

IN HEAVEN'S name, GROW UP AND GO HOME!

THIS WAS WRITTEN by Judge Philip B. Gilliam, juvenile judge of Denver, Colo.

SENATOR JOHN F. KENNEDY, Catholic candidate for president, is seeking to get back into the good graces of union politicians by promising the passage of a bill in the 1960 session of Congress which will raise minimum wages to \$1.25 per hour and expand coverage so that a worker will draw at least 50 per cent of wages for a period of 39 weeks. Mr. Kennedy reluctantly supported the recent labor-reform bill and now must do something drastic to appease labor leaders and politicians. Labor leaders are also clamoring for repeal of the merit rating which allows the employer to set a good record of employment and thus reduce his payments to the unemployment fund. We shall see if these radical labor leaders are strong enough to force the passage of such a drastic step toward socialism.

EQUALITY! EQUALITY! So shouts the "bleeding hearts" and the "reformers" of the North who can hardly stand to see the way the colored man is treated in the South. Yet when he moves in with them they immediately move out. Now we have a sample of their so-called "equality". When three or four white men raped a Negro co-ed in Florida last year they were all given long prison sentences. Last June four Negro youths brutally attacked and raped a white girl in New York. Did they also get long prison sentences? No, we must remember that they are underprivileged. So the charges were reduced so that they will not receive more than five years in the reformatory. This is not the fault of colored people. This is the fault of Northern politicians who are using the race question to play politics.

LOOK FOR THE political pot to start boiling soon. Due to the new election laws passed by the State Legislature, the first Democratic primary will be held May 7th and February 1st is the deadline for filing for a place on the ballot. The second primary will be held on June 4th. The Republicans will not hold primaries this year in Texas but will select their candidates in convention.

We Are Thankful!

... for every thing good that has come to us the past year. We thank you for the privilege of serving you and we hope that the privilege may be ours for many years to come.

TROJAN HORSE

Hereford, Texas, is a long way from Cuba and the atrocities which are occurring daily in that county. However, when you stop and consider the situation carefully, we are actually much closer than we realize.

The trouble in Cuba, at least partially Communist inspired, is now paralleled in Panama — and could most easily erupt in other South American countries. These people, by all rules and regulations, should be our closest friends and most constant allies. Yet, when Vice President Nixon visited Argentina, he met with outbreaks and threatened violence. In addition to million of dollars, the United States has done much to help develop these nations, and our policy has not been altered or changed in recent years. Those who say that our diplomats are unqualified and ill-mannered, must recognize that this service is no different now than during the past two decades. Trouble in South America does provide excellent propo-

ganda for the Russians, who are trying to convince nations in other parts of the world concerning our economy. We cannot help but wonder if there is not a close connection.

In conclusion, if this is what Premier Khrushchev means when he says we need "Peaceful Co-existence", we wonder if it might not be better called "Lethargic Submission." As these uprisings occur, spreading from one small country to another, they actually remind us of the historic siege of Sparta, and its final downfall through appearance of that famous "Trojan Horse." — Hereford Brand.

WANTS A TAX ON DIVORCES

As long as we are voting out sin, let's also vote out divorces — divorce is a sin, isn't it. The Bible only says beware of strong drink, and it does not say anything about cigarettes but it does say "what God hath joined together, let no man put asunder." So if we are going to vote out sin, let's make a clean sweep and vote out divorce. The same argument can be brought against liquor: A waste of money and a homewrecker. How much do you suppose it cost to finance the cost of those 43 divorces just granted and the 52 now pending in district court. But failing to vote out divorces, why not put a tax on divorces, since it is regarded as a sin by many people. If we are going to tax sin in the form of liquor and cigarettes why not tax divorces, say a state tax of \$25 per person involved. They will gladly pay it, because a person dead set on getting a divorce is just like a cigarette fiend chainsmoker or a wind-head — they'll pay anything to get that divorce. As long as we are going to tax sin, let's go right down the 10 commandments. Come to think of it if we stuck to the principle of taxing sin to finance our state government; pay old age pension and the teachers, we could have a tax bonanza, just by taxing violators of the Ten Commandments not to mention the deeds now regarded by the churches as sin that are not covered in the Bible. (I shudder to think what a whole state investigator could turn up to collect say a \$10 tax on all violations of the Seventh Commandment.) — Hereford Brand

VOLUNTEER FIREMAN

Have any of us thought for a second to give our Volunteer Fireman a pat on the back. I am sure at one time or another you have seen some of these men leave their homes, businesses, Churches, or wherever they may be, to answer the siren call.

In addition to being on 24-hour call and when called, putting out the fires, they hold regular drills and meetings, keeping up to date on latest fire fighting equipment and techniques. Some of them will attend a school in modern fire fighting methods and bring this information back to the local fire department. Reports are made to the State Fire Commission and of course this helps keep your fire insurance rate down.

Next time you see your Fire Chief or any member of the Volunteer Fire Department tell him how much you appreciate them. I know they will appreciate it.

Idea For Thanksgiving

In most homes, the highlight of Thanksgiving Day is a family get-together and, of course, a big meal that Mom spent half the day cooking.

Juicy turkey, tasty dressing, and all the trimmings. Yes, a happy occasion for the whole family, and Mom deserves a pat on the back for making it that way.

But is that all? A friend of mine has come up with an idea that really makes a hit at his house.

"Last Thanksgiving," he told me, "as I watched my wife fixing dinner, I felt she deserved a reward. I was wondering what I might give her and then I decided — a Long Distance call. She can talk with her folks."

"Great idea," I said. "How'd she like it?"

He smiled. "That Long Distance call was sort of like our pumpkin pie."

"How's that?" I asked.

"The whole family enjoyed it."

It's Smart To Have A Bedroom Phone

I've been noticing that quite a few people in Lockney have decided that it's a good idea to have an extension phone in color in their bedroom, and reports I get indicate that lots of our customers in towns throughout Texas feel the same way.

I can understand how they feel, because bedroom phones really are wonderful.

They add beauty to the room, and they give you convenience and privacy during the day and a real sense of security at night.

Why don't you call the telephone company business office and order one now? Because the sooner you do, the sooner you can start enjoying it.

Call by number. It's twice as fast.

Floyd County's road bond issue was defeated at the polls Saturday by a small margin. With only 728 votes being cast

for the county, the issue lost 11 votes. The proposed was \$300,000 in a plan to participate in the State Highway Department's farm-to-market road program. Lockney put their approval on the issue to the tune of 88 for against, considerably more than the necessary two-thirds majority. Floydada voters approx 144 for to 107 against, a thing less than the necessary two-thirds. Most of the counties went overwhelming for the issue.

The Lockney Longhorns a ball game — and probably clear title to the District championship — last night at Paducah by one point. That one point would have given the Longhorns the game. The score was 7-6. Only possibility of the Longhorns still winning a title district honors is for Mat to defeat Paducah this Tuesday.

Individual farm allotments under both Choice (A) and Choice (B) will be made available to producers prior to the referendum.

Benson added that if marketing quotas are not approved for the upland cotton crop, only the "regular" Choice (A) allotment program will be available to cooperators at 50 percent of parity, as provided by law. If quotas are turned down by extra long staple producers, support to eligible growers will drop to 50 percent of parity.

Hunters Urged To Save Bands Found On Quail

Austin. — Quail hunters are urged again this year to send in bands when found on birds they kill, according to the assistant executive secretary of the Game and Fish Commission. Many birds were released throughout the State this year from the State Game Farm near Tyler. All these birds have been banded.

The department is particularly anxious to get bands from any Coturnix quail killed by hunters. In this way it will be able to trace the movement of the birds.

Despite unseasonal weather, conditions still remain very good for quail hunting with the opening of the general season Dec. 1, the secretary said.

He also announced that breeding stock of native bobwhite quail will be available for game breeders from the Tyler farm after Jan. 1. They will be available at \$3 per pair. Applications should be sent to the Game Commission in Austin.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

Austin, Texas. — Should all Texas public school teachers receive a raise, or should higher pay be a reward for being a better teacher?

This is one of the questions being debated as teachers flood Gov. Daniel's office with letters asking for a special session of the Legislature next year to hike their salaries.

Other points of controversy: (1) How would you decide which are "better" teachers? (2) How do teachers' salaries compare with those of other college graduates?

Texas State Teachers Association is asking for a \$405 per year boost in the present \$3,204 minimum annual salary.

R. W. Byram, State Board of Education member, has sug-

gested giving teachers examinations to determine which should receive raises on the basis of merit. A bachelor's degree, Byram noted, is not a mark of "exceptional learning" in these days.

Choice, in Byram's view, is either better pay for the more competent teachers or a uniform scale pegged at a lower level.

Byram declared that teachers' salaries in the larger Texas cities which pay more than the statewide minimum already compare well with those of other professions. He said a beginning teacher in Houston gets \$444 a month, while a new geologist or petroleum engineer may start from \$375 to \$425 with the necessity of living

"where the job is."

A University of Texas job placement official challenged Byram's figures. Joe L. Bruns contended the Houston school pay is tops, not typical, for the state and reminder that teacher pay is only nine months a year.

On a 12-months basis, said Bruns, most Texas teachers average \$267 a month. He said UT's engineering graduates last year started at an average of \$490 per month.

In Austin, he said, the average starting teacher has about \$220 a month take-home pay — not enough "to lure an able young man — particularly a married man."

SENATE COMMITTEES — Lt. Gov. Ben Ramsey has passed out between-sessions study jobs to 29 of the Senate's 31 members.

Key posts went to members who have made up the Senate's conservative leadership for a decade or more. Omitted from committees were Sens. Henry B. Gonzales of San Antonio and Andy Rogers of Childress, both regarded as liberals.

Named by Ramsey to the panels which will do advance research affecting 1961 legislation are:

LEGISLATIVE BUDGET BOARD: Sens. William S. Fly of Victoria, Wardlow Lane of Center, Crawford C. Martin of Hillsboro and Dorsey B. Harde-man of San Angelo.

TEXAS LEGISLATIVE COUNCIL: Sens. George Moffett of Chillicothe, Preston Smith of Lubbock, Neville Colson of Navasota, Bruce Reagan of Corpus Christi and Abraham Kazen of Laredo.

COMMISSION TO STUDY STATE AND LOCAL TAX POLICY: Sens. Fly, George Parkhouse of Dallas and Jimmy Phillips of Angleton. However, Phillips has announced his resignation from the Senate, effective Nov. 2. He will join the legal department of Dow Chemical Company in Freeport.

COMMITTEE TO STUDY COST OF GOVERNMENT: Sens. Floyd Bradshaw of Weatherford, David Ratliff of Stamford, Ray Roberts of McKinney, Louis Crump of San Saba and Culp Krueger of El Campo.

COMMITTEE TO STUDY PROBLEMS OF THE AGED: Sens. Crawford Martin of Hillsboro, Grady Hablwood of Amarillo, Jep S. Fuller of Port Arthur, Doyle Willis of Fort Worth and Ratliff.

Dear Editor:
I see where some political planners want a law to make seniority rights transferable so that a man can take same with him if he wants to change jobs.

My past-prime neighbor says seniority is great stuff which keeps experienced men in all of the best jobs, even when some are only experienced in fumbling the ball.

And he likes the idea of portable seniority, on account of he has been president of a Domino Club for 20 years, and with his seniority in presiding, he might bump Mr. Eisenhower and move in to the White House.

EDUCATIONAL STANDARDS COMMISSION: Sens. Fly, Bradshaw and Roberts.

COMMISSION ON CITY AND COUNTY GOVERNMENTS: Sens. Robert Baker of Houston, Frank Owen III of El Paso and Crump.

SENATE GENERAL INVESTIGATING COMMITTEE: Sens. A. M. Aiken Jr of Paris, R. A. Weinert of Seguin, Lane, Harde-man and Reagan.

COMMITTEE TO INVESTI-

GATE PRACTICES FOR STATE FUNDS: Sens. Martin Dies Jr. of Lufkin, Charles F. Herring of Austin, Hubert Hudson of Brownsville, Lane and Crump.

COMMITTEE TO STUDY family tree is apt to get on a limb.

BURGLARY WITHOUT CONSENT — If a burglar breaks into a house, the owner of the burglarized property must, if he testifies in court, state that he did not give the thief permission to enter the premises.

Court of Criminal Appeals has now reversed three convictions because property owner did not testify that he had not given consent for the defendant to take property from the site.

In one case the defendant confessed that he cut a hole in the ceiling of an office and stole a safe. However, in the appeals court opinion, it must be proven that the defendant was going against the wishes of the property owner.

STOP FOR SCHOOL BUS — Texas motorists are being urged to observe the law to the letter when they encounter a school bus on the streets or highways.

Ten children have been killed and 86 injured in school bus accidents since Sept. 1, the Department of Public Safety reports.

Texas law requires that a car must come to a full stop when approaching from either direction a school bus that is taking on or letting off passengers.

After a complete stop, the motorist may pass the bus at not more than 10 miles per hour. Penalties for violation range up to a \$200 fine. "But the real penalty," said Highway Patrol Captain E. K. Browning Jr., "is the possibility of killing or hurting a child."

If your new baby is average, you are destined to wash 70 diapers a week for the next year or more. That's a staggering load of work for homes without clothes dryers. According to hospital tests at the University of Michigan, dryer-dried diapers are sterile. That assurance plus the elimination of carrying and hanging wet diapers in all kinds of weather makes a clothes dryer a good investment indeed.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

AUSTIN, Tex. — Sometimes the law enforcement officer has the feeling of being alone.

This statement was made by Abilene Police Chief Warren Dodson at the Texas Law Enforcement Foundation's banquet in Austin. It pinpoints one of the reasons for TLEF's existence — to effect a better partnership between the public and the law enforcement agencies.

Public sympathy, it seems, is inclined to go out to the crim-

inal, putting him in the role of "underdog," the hapless victim of hard-hearted policemen and prosecuting attorneys.

"Texas Legislature has a poor record for crime fighting," Gov. Price Daniel charged at the meeting.

"Of 27 law enforcement bills proposed last session, only three were passed — and these were partially crippled."

Governor Daniel warned that crime is increasing three times

age. Two plans are being considered. One is state assistance toward the cost of caring for the oldsters in private nursing homes. Other is providing for state nursing homes.

Under law, the state is not responsible for giving institutional care for the aged. But these patients were all admitted on court order as mental cases. Now they're too infirm to be "turned out."

Another problem under study is that of tuberculosis patients who go "awol" from TB hospitals before they are completely cured. Danger is not only that they will relapse, but that they will infect healthy outsiders.

Third matter under study is the facilities needed for present and future care of mentally retarded children under school age.

as fast as the population, and it is the state's most serious social problem. During the first six months of this year, lawlessness flourished at the rate of three murders, three rapes and 125 burglaries each day.

TLEF is a privately financed organization of outstanding citizens from over the state.

ALL THE WAY FOR LBJ — Governor Daniel announced he will support Sen. Lyndon B. Johnson, not only for the presidential nomination, but for chairman of the Texas delegation to the Los Angeles national convention.

Senator Johnson and former Gov. Allan Shivers fell out over who should be state delegation chairman in 1956. Johnson won. Daniel says he wants Johnson to be chairman, but that he (Daniel) will take an active role in working for the senator both here and in other states.

SAVE THE SEED — State Board of Education has gone on record as being unanimously opposed to spending anything but the income from the \$400,000,000 Permanent School Fund.

Fund has been built up over the years, principally through sales of mineral rights on the school lands. It has been invested in government and municipal bonds which have an income of about \$12,500,000 per year.

This investment income is used for school operating expenses. It is dipping into the principal — the \$400,000,000 — that the Board opposes.

Board resolution compared the school trust fund to seed corn which "our forefathers saved to plant instead of grinding it for use as food."

There has been some talk of tapping the permanent fund to meet current demands for a teacher pay raise.

Board of Education approved the holding of a county-wide election to see if Cooke County residents would be willing to support a junior college at Gainesville.

A study of the feasibility of establishing a junior college in Midland also was approved. Textbooks in seven subjects were adopted by the Board, including, for the first time, journalism books.

RULE HITS 'CORPORATE OPTOMETRY' — Within the next few weeks Texas optometrists will vote on a proposed new rule prohibiting practice under any name except the name under which the optometrist is licensed.

Before polling the optometrists, the Board of Examiners in Optometry got a ruling from Attorney General Will Wilson stating that the regulation would be legal and valid.

While the board is not bound by the results of the balloting, it was predicted that a favorable response would almost certainly result in adoption of the rule. This, because there are hundreds of individuals engaged in optometry as compared with firms so engaged.

If adopted, the rule would prohibit practice "under an assumed name, corporate name, trade name or any name other than the name under which the optometrist is licensed."

This would mean the end of such firms as Texas State Optical, and Lee Optical, where glasses are available at considerable savings to the general public.

HOSPITAL PROBLEMS STUDIED — State Hospital Board has under way studies aimed at three of its current problems. One is to find a way, other than providing expensive mental hospital facilities, to care for some 2,700 patients whose only ailment at present is old

Mrs. Duard Reeves, Edith and Willa Gail visited Willa Gail's mother, Mrs. Andy Reeves at Abernathy Wednesday.

The A. E. Jolly family who have been here several months while he was employed with the local railroad station, have returned to Lubbock.

Mr. and Mrs. W. R. Evans spent the weekend in Amarillo with Mrs. E. J. Anderson.

Visitors in the W. B. Mullins home during the weekend were Mr. and Mrs. Wayne Mullins of Brownfield and two grandsons, Larry and Danny Cunyus, Lockney.

Mr. and Mrs. A. N. Davis returned last week after taking Mr. and Mrs. I. A. Davis to their home in Corsicana. The Davises visited her mother, Mrs. Eli Jennings, and the Clarence Davises in Abilene before returning home. They were gone a week.

Mr. and Mrs. M. O. Davis left Friday of last week for a visit with relatives at Westover, Texas. Mr. Davis planned to do some deer hunting.

HONORED AT LUBBOCK

Steven Myers, son of Mr. and Mrs. Jackie Myers, Lubbock, and grandson of Mrs. Olive Myers, Lockney, was one of 14 Lubbock Avaleche carrier boys honored Monday by the Avaleche-Jurnal in ceremonies at the Cricken Shack restaurant, Lubbock. Chosen as Star Carriers, the boys were selected from nearly 300 boys.

READY FOR A COOL DIP—Youngsters of the Texas Lions Camp not only have a man-made pool, but also have the opportunity to picnic beside a waterfall along the cool Guadalupe River. This little girl is one of the 4,284 youngsters who have attended the camp free since it was opened in 1953.

Lions Camp For Crippled Children Is Recognized

Members of Lions Clubs throughout Texas this month are pausing to pay recognition to their camp for crippled children which has given 4,284 handicapped youngsters a new dimension of freedom since it was opened in 1953.

The camp, located at Kerrville in the Hill Country of Central Texas, is free to any crippled, blind, deaf or mute child between the ages of seven and 16. The 16 permanent buildings dotting the 504 hillside acres represent an investment of more than \$600,000.

At the camp, these youngsters who have been denied a normal childhood through no fault of their own learn to shed their shyness imposed by their handicaps. By mutual association with other handicapped children and by skillful and gentle counseling, these youngsters have found the freedom to grow, mentally and spiritually, into useful citizens of tomorrow.

Lockney, Texas.

Dear Sir:

There is a quarter enclosed herewith, and I shall appreciate it if you will send me a copy each of one or two recent issues of The Beacon, so I may enjoy looking over current activities in my old home town.

It was there in your shop that I learned the type cases and the Linotype keyboard, along in 1914-15, under the ownership of the late Ben F. Smith (later J. M. Adams), and now, that I have retired, I naturally look forward to dropping in again one of these days.

Thanking you, and with all good wishes, I am
Yours very truly,

Sand Hill News

By Mrs. James Jeffress

Thanksgiving is here again and most of the cotton has been gathered. We have much to be thankful for, the good crops, favorable harvest weather, etc. We wish everyone a happy holiday.

Mrs. James Jeffress received word this week that her sister, Mrs. Dan Watkins of Ralls, is back in West Texas Hospital, Lubbock. She is suffering from a blood clot in her leg. Her condition was only fair Monday. Mrs. Watkins was injured in a car wreck about four weeks ago.

Sand Hill Home Demonstration Club met Wednesday in the H. F. Jackson home. The Christmas party will conclude the club year.

The pecans ordered by the club have arrived and those who want some are to contact Mrs. Lynn Miller, president. Mrs. H. F. Jackson and Mrs. W. R. Billington gave the demonstration on cake decorating. Mrs. Billington was hostess and served refreshments to Meses. C. B. Carmack, Ed Noel, Bill Stringer, H. F. Jackson, Walter Knight, Lynn Miller, Orton Miller, and Hollis McLain. Mrs. Orton Miller, president-elect, will take office at the next meeting.

Mr. and Mrs. T. C. Hollums spent Sunday visiting in the Roy Hollums home near Earth.

Sand Hill community enjoyed a Thanksgiving supper Friday night at the school house. A bountiful supper of chicken, dressing and all the trimmings were enjoyed, followed by games of Forty-two. Those attending were Mr. and Mrs. M. B. Swanner, Mrs. Kirk Slater and children, Mr. and Mrs. Smitty Smith, Mr. and Mrs. Gene Bloys and family, Mr. and Mrs. Bill Stringer, Mr. and Mrs. Jim Holmes, Mr. and Mrs. Lynn Miller and family, Mr. and Mrs. Orton Miller and family, Mr. and Mrs. W. E. Billington, Mr. and Mrs. H. F. Jackson, Mrs. Pat Bullock and Judy, Mr. and Mrs. C. B. Carmack, Mr. and Mrs. James Jeffress and family, Mary Starkey, Mr. and Mrs. Hollis McLain and family, Mr. and Mrs. Ed Noel and family, Mr. and Mrs. Walter Knight.

Mr. and Mrs. McMillan of Washington state have been visiting the past few days with their daughter, Mrs. J. T. Huckaby. It had been several years since the McMillans had visited in this area. They plan to spend the winter here if they can find living quarters.

"Happy Thanksgiving to all!"

Mr. and Mrs. William T. Holmes and children, Rhonda and Phines of Amarillo, spent last weekend here visiting her parents, Mr. and Mrs. F. M. Smith.

Half of the newly reported cases of tuberculosis are among people under 45 years of age.

VIOLATORS ARE PENALIZED IN NEW CAR INSURANCE PLAN

A couple of ordinary \$10 speeding tickets can ultimately cost the average driver up to \$96 under Texas' new merit rating auto insurance plan.

Throw in a fender busting that costs more than \$25 to fix and the figure jumps to \$192.

Those are some of the figures auto insurancemen set for the new plan, slated to go into effect Jan. 1.

The State Board of Insurance approved it Oct. 1. Slated aim is to give careful drivers a break through reduced premiums.

The accident-prone motorist and chronic traffic violators are due a good old-fashioned jolt in the neck, though.

Briefly, the plan works this way.

A motorist who buys auto insurance after Jan. 1 must

delve into memory (or Department of Public Safety records) and recall accidents and violations in which he has been involved in the three years ending 90 days before the date he applies for a policy.

Insurance company checks of DPS records will keep memories honest.

The rate the motorist pays will be based on a sliding scale based on the number of "points" he has accumulated in the last three years.

Moving violation convictions will count one point and accidents two points, with certain exemptions.

A driver with a lily-white record gets no points — and a 20 per cent reduction on his insurance.

GOVERNOR PROCLAIMS SIXTH BEEF WEEK

Hugh Fitzsimons, Jr. (center) and J. D. Sartwelle (right), vice president and secretary respectively of the Texas Beef Council, receive Governor Price Daniel's official proclamation of Beef Week in Texas, the state's annual salute to the cattle industry.

One point (a speeding conviction, for example) means the driver pays his base rate with no discount.

The average driver's auto insurance bill runs about \$80 annually. Thus what appears to be a simple "\$10 ticket" can cost up to \$48 over the 3-year period it affects, considering loss of the \$16 annual reduction.

Each additional point up to six (and each member of the family add in, too) means a 20 per cent hike, until at six points the rate doubles. That's as high as you can go.

So the dented fender and two tickets put the motorist in the "four point" category, where he pays 160 per cent of his base rate.

That means paying \$112 annually instead of \$80 — or \$96 more over three years.

How many people are going to be affected, and in what ways?

State-wide, the Texas Insurance Department says 57.1 per cent of all drivers will have no points at all and will get the 20 per cent cut.

Another 15.9 per cent will have one point and won't be affected. The 14.7 with two points will pay 120 per cent of the base rate; 5.1, three points and 140 per cent; 3.6, four points and 160 per cent; 1.4, five points and 180 per cent, and 2.2, six points and 200 per cent.

Insurancemen also expect a drop in "guilty" pleas in Corporation Court "once the word begins to get around that the cost is going to be more than a ticket."

"The old days of mailing in \$10 to save time just may be on the way out," is the way one agent put it.

Here's how the new auto rate plan "point system" works:

Two points are given for each auto accident involving the insured or any member of his household that results in damage to property, including his own, in excess of \$25; in bodily injury, or in death.

Here are the exceptions:

1. When only payment invol-

- ved is for medical expenses, and not for liability injury.
2. When the insured's auto is legally parked.
3. When the other party involved accepts responsibility and pays for the wreck.
4. When the insured is struck from the rear, provided he is not convicted of a moving violation in the accident.
5. When the other party is convicted of a moving violation and the insured is not.
6. When the insured's auto is struck by a hit-and-run driver (provided the accident is reported within 24 hours).

Each moving violation is good for one point, with two categories of exceptions.

Three types of violations call for four points. They are: driving while intoxicated or under the influence of drugs; failure to stop, render aid or disclose identity when involved in an accident; and negligent homicide, murder by driving while intoxicated or aggravated assault arising out of the operation of a motor vehicle.

No points are assigned for the following convictions:

1. Inadequate muffler or exhaust pipe;
2. Defective lights or other defective equipment, exclusive of brakes;
3. Failure to display license plates;
4. Failure to have in possession driver's license, provided

Texas Leads In Net Farm Profit For 1958 Year

College Station. — Texas farmers realized a net income of \$1,001.5 million from farming in 1958, 0474.6 million more than in 1957. Estimates prepared by the Agricultural Marketing Service show that Texas ranks 1st among the states in realized net farm income.

Realized net is the income farm operators have to spend after paying their production

expenses.

Average realized net income per farm in Texas amounted to \$3,430 in 1958, compared to \$1,774 in the preceding year. The Texas farm operators ranked 17th among the states in realized net income per farm.

Farm operators in Texas built up inventories of crops and livestock in 1958 by \$64.4 million. When realized net income is adjusted to allow for the change in inventories, the total net farm income of Texas operators was \$1,047.9 million. It was \$719.1 million in 1957.

Cash receipts from sales of farm commodities yielded Texas farmers \$2,372.6 million in 1958 compared with \$1,702 mil-

lion in 1957. Government payments to farmers totaled \$122 million, \$9.5 million more than in the preceding year. The gross farm income of Texas farmers amounted to \$2,684 million from 1957. Gross income includes cash receipts and government payments plus allowances for the value of food and fuel produced and consumed on the farm and the rental value of the farm dwelling.

Production expenses of Texas farm operators cost from \$1,459.7 million in 1957 to \$1,682.8 million in 1958. Production expenses are subtracted from gross income to obtain realized net income.
