But why dost thou judge thy brother? Or why dost thou set at naught thy brother? For we shall all stand before the judgment seat of Christ. — Romans 14:10.

ELVIN LYON has set a record in the coaching business in Lockney. When any coach can hold a coaching position for 10 straight years in the same school, he must have some characteristics the people want. We know that is true of Elvin. He spent eight years as line coach here and two years as head coach before he decided to retire from the coaching business and take on a less-demanding phase of teaching. He has been dependable, conscientious and a good moral man. In addition to that he is a good classroom teacher. We are glad that Elvin has decided to stay on in this school system. Most of us think he is a pretty nice fellow and an asset to the community. And, come to think of it, he has turned out some pretty rugged lines for the Lorchhorn football team during that 10 years.

THE LOCAL NEWSPAPER has a task that at times seems too much for mere humans to fulfill. The task is to cover every important event that happens in the community every week. If any of our readers think that is an easy task, we invite you to take over the job some week. Some times things happen we don't hear about until maybe the morning after we print the paper. Some things happen, of course, that are not fit to print in a newspaper. At other times, we know of a news happening but in the hustle of getting out

a newspaper and taking care of the thousand and one details we overlook the story or simply do not have time to dig out the details. Last week we pulled a buggeroo when we failed to get a story about the election of officers of the Floyd County Fair Association. We're making up for it in some measure by printing it this week. But it isn't the first story we've missed and probably won't be the last. And we're not the only newspaper that does that. We know of several others who have had similar experiences.

WE DO want to give the Fair Association all the support and co-operation possible because they need and deserve it. We're afraid that too many of us let the people who work to put on the Fair struggle and labor without too much consideration or help on our part. It would be better if there was some way to divide up the work and enlist more people in the task at hand.

WE READ of the government sponsored Urban Renewal program in our exchange papers. We are not familiar with the details of the program but a casual reading of it makes it seem attractive to us. We wonder if our City Dads have given this program the once over to see if it would fit into our scheme of things. It might be something that we could use in Lockney.

ACCORDING to N. W. Ayer & Son directory, the weekly newspapers of this country now have a circulation of nearly 23,000,000, as against 17,254,668 in 1949.

REPRESENTATIVE TUCK of Virginia has introduced a bill that would declare featherbedding contracts unenforceable and void. He explained that existing law declares it to be an unfair labor practice for a labor organization to cause an employer to pay for services not performed. "But unfortunately," he added, "this provision of law has not been enforced and thus many millions of dollars are mulcted each year from the American people."

THE TERRITORIAL ENTERPRISE, of Virginia City, Nevada, takes a dim view of modern inventions and innovations, existing and pending. "This is an age of horror it may well be worth sticking around to see if only for the day when the moving sidewalks go berserk and chew up all the pedestrians, the customers are wrapped in cellophane and sent home by electronic delivery, the nightmare dream of a coast-to-coast traffic jam with every road solid with cars becomes a reality, and mankind finally and for all time strangles itself to extinction with machinery—on credit of course."

WE'RE IN DEBT

Read an interesting editorial in the evening Avalanche-Journal the other day which quoted some facts sent out by the Tax Foundation, a non-profit organization, which helps keep the public informed on tax problems. Taking their figures, we did a little figuring ourselves. We never could comprehend millions and billions, but we do know what is \$51.48 interest on a debt.

The Governor says we are now paying \$9.1 billion dollars a year interest on the national debt. That amounts to \$51.48 a year interest per person. This nation's debt now amounts to \$1,650,000 for every man, woman and child in America. This does not include the debt of school districts, cities, counties, and states.

If there are four members in your family, your part of the national debt is \$6,600.00. Of course, we are not paying on this principal which gets bigger every time Congress meets. But, we are paying the interest through taxes, and your part this year is \$51.48 for each person or \$205.92 for a family of four. Based on these figures, Tahoka is paying \$165,000 a year just on the interest. Lynn County is paying \$560,000 a year interest

on the national debt. We could build 80 miles a year of farm-to-market roads for this money that is now going down a rat-hole. We could build a fine new school building every year, or a new court house and jail.

Yet, every man we send to Washington soon gets the "Potomac fever" and soon comes to believe "Uncle" can do it best. Just the other day, Senator Lyndon Johnson and Ralph Yarborough voted to appropriate \$900 million a year to help the public schools — which all boils down to the fact that they think we boys at the grassroots don't have enough sense to operate our own schools and want the Federal Government to take over. What else does it

amount to? — Frank P. Hill in Lynn County News.

PARADISE LOST

Probably the saddest words uttered recently came from a Negro youth testifying before the House Un-American Activities Committee. He, being a former member of the communist party in Harlem, told the committee that the communists "don't give a darn about the Negro people."

Having been led to believe that he could not trust the American white man, he sought relief in the communist cause, but he lost a great deal more than his faith in mankind when he affiliated with an organization dedicated to atheism.

But the tragedy is being increased a hundred fold in Africa. Billy Graham's witnessing in Africa may well be pointing out the wind-up of things as we know it today in that area.

For five years President Nasser has attempted to establish a united Arab world but has created more disunity than ever before. Today he is turning his attention to Africa. — Cecil Weggoner in Claude News.

Dear Editor:

I see where it's said the Internal Revenue men will soon have a new simple tax form with just two lines thereon: 1. How much did you make? 2. Please send it in.

My rumor-resistant neighbor says this had worried him a little, as he has always been to find some chink in the old complicated forms where he could hold back nearly enough to live on.

But he says the report about this two-line form must be false, on account of Uncle Sam just don't say "please" when commanding money. D. E. SCOTT

Tuesday's dust storm was one of the worst in years, most fields blowing, and men not able to work them because they are too wet. Shingles blew off houses, some irrigation well houses blew down, and other minor things occurred. This Monday there is a light snow covering on the ground with a 17 degree temperature. Eighty-nine were present at the Baptist Church morning services although several families including Miltons, Higgin-

bothams, Beedys, Kinnibroughs, and Mrs. Bryan Karr were out with illness or other reasons. Valentine parties were held in the school rooms of Principal J. M. Williams, Mrs. Mary Vardeman, Mrs. C. E. Purnell and Mrs. O. T. Hewitt Friday afternoon, with mothers assisting in the various rooms. The Bryant Higginbothams went to Chillicothe Sunday morning for the services of Mrs. Lorene Wallace, 50, sister of Mrs. Helen Higginbotham. She had passed away Friday of a cerebral hemorrhage, and services were held at the Presbyterian Church Sunday after-

noon at 2:30. Mr. and Mrs. Lenton Lanham of Rock Creek, former residents here also attended the funeral services of Mrs. Lorene Wallace in Chillicothe. The Charles Parks and two boys have moved to the farm formerly occupied by the James Huckabays, and we are glad to have them back in our community. The J. P. Taylors visited her folks, the W. W. Merrells of Quitaque Sunday afternoon and found them both recuperating from bouts of the flu. The home of Mrs. Marvin Wells was the setting for a gathering of former school mates Saturday night, Feb. 13. A bountiful buffet supper was served by Mrs. Wells at seven o'clock, and the young couples who met for the homecoming were Mr. and Mrs. Karl Craig and Carla of Canyon, Mr. and Mrs. Joe Taylor and Gregg of Lockney, Mr. and Mrs. James Teague and Earl of Lubbock and the hosts, Mr. and Mrs. Marvin Wells. Fred Riggs has been down with the flu the past week, and this Monday Mrs. Esley Yearly is down in bed with a severe case of flu. Mr. and Mrs. Don Bean and baby have moved a new white house with black shutters to the Billy Staniforth farm and are getting it ready for occupancy. Mr. and Mrs. Roy Bledsoe and Bill spent Saturday in Lubbock where Bill had a dentist appointment. They enjoyed seeing Mrs. Arliss Powell at lunchtime. Mrs. Stell Campbell of Haskell spent Monday night and Tuesday visiting her sister, the Ernest Smitherman family. Ernest and the Philip Smithermans were in Lubbock Tuesday on a business trip. Barbara Milton who had not missed a day of school in her eight years of going, was ill Thursday and had to be absent. The Marvin Wells visited in the home of the Murray Julians Sunday evening. Kendis Julian was home with the Julians from Canyon over the week end. John Key West was in Amarillo Wednesday on business and Friday he and Mrs. West were again in Amarillo for the day. They visited Gregory Milton Jr. and his mother, Mrs. Milton Sr. at the Northwest Texas Hospital both days. WMU members met Thursday afternoon for Bible study on "The Christian Home" with Mrs. Karr presiding and Mrs. Calahan leading the Bible work. Present for the work were Mrs. Bryan Karr, H. S. Calahan Jr., Duck Jones, Gene Morrison, Murray Julian, L. T. Wood and Shelby Calahan. Alton Higginbotham and Eugene Beedy from West Texas at Canyon were home with their folks over the week end. The Raymond Uptions, Jimmie and niece, Yvonne Karr, went to Amarillo Sunday afternoon where they visited Mrs. Grigsby Milton Sr. at Northwest Texas Hospital. The Don McClures and children of Crosbyton were Saturday night supper guests here with her parents, the Frank McClures. Many families were disturbed over the storm news from Falcon Dam on Friday. Some of the men from here including Kenneth Bean, J. D. Webb, and Johnnie West had been fishing down there during the week but were home safe Saturday night. The brother of Mrs. Webb, Donald Aycock, was one of those rescued from the Mexico side of the dam. The Kinnibroughs, with Marilyn, Beth and Jerry and Beth Calahan were in Truscott and Vera Saturday and Sunday visiting Mrs. J. R. Spivey and

Watch For Moth And Carpet Beetles

Now that we keep our noses warm all year, the pests that damage wool rugs and carpets can thrive as well in the winter as in the summer.

Thorough cleaning and correct spray treatment will protect carpets and rugs from clothes moths and carpet beetles. Regular care with the vacuum cleaner is the first step. It prevents dust, lint and hair from accumulating and offering extra food for the pests. It can remove the insects themselves and their eggs. Thorough vacuuming means going back and forth with the vacuum cleaner about 7 times in the same place. Carpet beetles usually feed under heavy furniture where it is difficult to clean. Rotate rugs and carpets or the furniture occasionally, to make sure all areas are exposed to regular cleanings, light, and air.

Entomologists advise a 5% DDT oil solution on rugs and carpets every 12-18 months. For a 9 by 12 foot rug of average weight, you would need 1 1/2 to 2 quarts of spray. Rug pads of animal hair or wool will need spraying on both sides unless they have been treated previously.

When spraying wall-to-wall carpeting give special attention to edges and parts that have been under a piano, sofa or other heavy furniture.

Call on the help of a carpet-cleaning or pest control firm if you have qualms about doing expensive rugs.

Impulse Buying Is Costly

Do you plan meals ahead and have a shopping list when you go to the grocery store, or do you buy whatever attracts your attention at the moment? Impulse buying can be costly, and here is why:

Buying because the food looks good, is attractively displayed, or suits your appetite at the moment, often rules out such considerations as price, nutritive value, amount needed, family preferences, and left overs of other foods that you already have on hand.

Without a plan it is hard to resist tempting displays. But you can guard against costly impulse buying by planning meals ahead, at least several days and preferably for a week — to make best use of foods on hand and to stay within budget bounds.

You will find the shopping list is easy to make after menus are planned. Time spent in planning menus and making a shopping list will save time and money at the grocery store. It also will mean better nutrition and eating satisfaction for family members.

Making Yeast Bread Is HD Club Topic

Mrs. Calvin Tomme and Mrs. Sam Graham gave a demonstration on "How to Make Yeast Breads and How to Shape Rolls" at an all day meeting of Lockney Home Demonstration Club in the home of Mrs. Calvin Tomme Tuesday, February 9.

Three different kinds of bread, white, whole wheat and oatmeal were made and served.

The program emphasized the points that the best flour to use in making yeast breads is the flour that has the label "Fancy Patent" and the more you sift your flour the lighter your bread will be. Also hint to remember is to cut the yeast dough in portions with a knife instead of squeezing portions off.

Those in attendance were Mrs. W. W. Miller, Calvin Tomme, Henry Bollman, Sam Graham, Miss Louise Tomme and a visitor, Mrs. Earl Lesfer.

The next meeting will be March 8 at 2:45 in the home of Mrs. Thomas Marr. Miss Phyllis Roggenдорff, agent, will have charge of a program on "Clothing — Line and Accessories."

Lockney Teams End Basketball Season Friday

Lockney basketball squads ended their 1959-60 schedule last Friday night when they traveled to Morton for a pair of exciting tilts.

The Longhorns outlasted their hosts 50-49 in a battle that was close all the way. Lockney held a 20-19 lead at halftime and led by one point after the third and fourth quarters. Donald Ivie topped Horn scorers with 17 points and teammate Terry Clark canned 11. Marvin Gathwright made 14 for Morton.

In the girls battle, which was as thrilling as the boys battle, the Morton sextet squeaked out a 35-31 victory. Janice Boedeker of Lockney netted 30 points.

Last Thursday night the local teams journeyed to Abernathy for make-up games.

Luck again deserted the Horns who lost another close battle, 52-50. Abernathy jumped into a 17-15 first period lead, but the visitors rebounded to grab a 31-29 halftime advantage and a 44-39 third quarter margin. A strong fourth stanza pulled the game out for Abernathy. Clark led the Big Red with 14 points, two more than Oyama Buchanan. Phil Guinn had 15 and Larry Florence 10 for the Antelopes.

The home-standing girls had little trouble disposing of the Hornettes, 64-40. Miss Boedeker again paced Lockney with 28 points.

Both local teams ended their District 2-AA campaigns with 3-5 records. The hard-luck boys' quintet suffered four of their five losses by two points or less.

Seniors on the boys squad include Clark, Ivie, Buchanan, and Jack Ford. Pat Buchanan and Jody Pate are the only seniors on the Hornettes roster.

The Abernathy boys sailed through the 2-AA slate without suffering a defeat. Abernathy and Muleshoe girls lost only to each other in district competition and will have a playoff for the right to enter bi-district.

Heifer dairy calves saved for herd replacements should be housed in pens opening to an outside exercise lot during the winter. Exercise lots should be well drained or paved.

Texas Ranks 3rd In Marketing Of Vegetables

College Station. — Texas ranked third among all states in acreage and production of fresh market vegetables in 1959, according to Clyde Singletary, extension horticulturist.

The state-by-state report from the agricultural marketing service shows that Texas had 14.3 percent of the nation's commercial vegetable acreage and 8.2 percent of the production.

Commercial vegetables and melons last year were valued at \$47,670,000. That 6 percent of the nation's total farm value of these crops.

Onions was the No. 1 Texas crop, with 40,800 acres harvested and a value of \$14,192,000. Watermelons was second-high with 105,000 acres harvested at a value of \$6,825,000. The tomato harvest was valued at \$4,944,000, while spinach, carrots and cantaloups each accounted for more than \$3 million.

Commercial Texas crops valued at less than \$3 million included lettuce, cabbage, green peppers, sweet corn, broccoli, honey dew melons, cauliflower, cucumbers, strawberries, snap beans, beets and eggplant.

For the nation, fresh vegetables and melons is estimated at 206.3 hundredweight. That's less than in 1958. Average. Watermelon was 29 percent below set in 1958, according to Singletary explained.

There were several in rank among the states last year. California is No. 1. But some spot, held by Texas. Georgia dropped out of five. Based on production, New York held its place. Ranking of states based on value of production changed.

In 1959, Singletary said, California had 22.1 percent the acreage; Florida, 19.2; Texas, 14.3; Arizona, 4.9; and New York, 4.8. Singletary added yields per acre and prices received by growers for their products by the statistics, among major factors limiting vegetable income.

Winter is the best de-horn cattle. The selection from fly hot spots where the horns removed is a great deal.

STATE CAPITAL Highlights AND Sidelights

by Vern Sanford
TEXAS PRESS ASSOCIATION

AUSTIN, Tex. — Here we go again! It seems as if a segment of Texas history is repeating itself as the state and numerous gas companies go to court to decide the constitutionality of a new gas tax.

Some 80 gas companies have filed suit asking the court to declare invalid the natural gas severance beneficiary tax passed by the Legislature last summer. Six of the suits are set for trial beginning Feb. 15.

They will be tried in the same Austin district court in which the contest over the old gas gathering tax was begun. This tax law was passed by the Legislature in 1951 and eventually declared unconstitutional by the U. S. Supreme Court.

Gas companies are attacking

the new severance beneficiary tax on much the same grounds they did the gathering tax. They contend it is in violation of interstate commerce laws.

Passage of the severance tax came after one of the hardest battles of the stormy six month session. It places a 1.5 per cent levy on the pipelines on the grounds that they benefit from the taking out of the gas.

Revenue-wise, the gas tax represents a rather modest portion of the overall tax program passed in 1959. It was estimated it would bring in about \$15,000,000 of an overall \$185,000,000.

STICK WITH GUNS — State Board of Insurance has announced five minor changes in the safe driving insurance plan, but in broad effort, the plan remains the same. Board stuck to its guns despite a barrage of criticism.

Main change is that an insurance company cannot deny liability on a policy if false or inaccurate information is given by the policy holder. For instance, a person taking out a policy might, intentionally or unintentionally, fail to tell the insurance company how many accidents or traffic violations were on his driving record.

However, the company would be entitled to collect the higher premiums or damages from fraud if the policy holder had not admitted to his true driving record.

Premiums go up in proportion to the number of accidents and violations on a driver's record.

SHORT BALLOT — In the 12 races for statewide office this year, there will be only 22 candidates.

Six state officials are seeking re-election unopposed.

Some years ago, there were almost as many candidates in

the governor's race alone as there are now for all the statewide offices. In those days the filing fee was only \$100. Today's price is killing off the competition.

Filing fees today are 5 per cent of annual salary, which runs \$1,250 for governor, \$1,125 for U. S. senator, \$600 for lieutenant governor, etc.

WATCH THAT "FLU" — If you're one of those lucky Texans who hasn't yet been hit by influenza, State Health Commissioner J. E. Peavy has advice for you:

"Don't take any chances."

In several cities the flu has reached epidemic proportions. Dallas reported the highest flu-caused death toll since the 1918 siege.

Dr. Peavy said flu ordinarily lasts only three to five days but must be taken seriously because of the possibility of complications such as pneumonia.

He advised against self-treatment and urged victims to go to bed and call a doctor at the outset.

P-TA ENDORSES SESSION — Some 85 per cent of local P-TA leaders in Texas favor a special session to raise teachers' salaries, according to a report made to Gov. Price Daniel.

Mrs. T. W. Whaley of Kosse, president of the Texas Congress of Parents and Teachers, told the governor that executive committee members of 563 local P-TA units were polled.

She said 8,155 favored a special session, 847 were undecided and 563 were against it. There were no suggestions as to how to pay the bill.

Governor Daniel has held off calling a special session pending the development of enough public and legislative support to carry it through to success.

POLL TAX ASSAILED — Next Texas Legislature may be called upon to vote on whether the U. S. Constitution should be amended to outlaw the poll tax.

U. S. Senate has voted out a proposed amendment to void the tax. It goes next to the House, which has passed such a measure five times before.

If the House passes it, it will then have to be ratified within seven years by the legislatures of three-fourths of the states.

Texas is one of five states which still have a poll tax. Others are Virginia, Mississippi, Alabama and Arkansas.

Dear Editor:

My thankful neighbor says he has just sent off his last hopes for a new car, along with one of the new simple tax forms which the Internal Revenueurs have blessed us with.

Says he appreciates all that those boys have done for him, such as simplifying Old 1040, firing the Collectors and hiring Directors, converting their old Bureau into a Service, etc.

But says while all of this tender regard for his convenience and his sore spots makes him a little happy, they could thrill him a lot more by just taking a smaller bite.

Mrs. J. O. Harris and Jimmy of Pampa spent last week end here visiting her brother, John L. Riley and family.

PRICE FIXING CHARGED — Atty. Gen. Will Wilson has charged a Wisconsin manufacturer of drafting equipment with fixing the prices of goods sold to the state.

Suit was filed in an Austin district court against Hamilton Manufacturing Co. of Two Rivers, Wisconsin.

Wilson contends the company, through "suggestions" to its distributors, set the prices on more than 200 different items totaling \$100,000.00.

Texas Tech's "Moe" Mickey Averaging 8 Points Per Game

Milton "Moe" Mickey, a product of Lockney High School, is averaging 8.0 points for the Picadors through seven tilts.

The Picadors are paced by three boys who are hitting in double figures — Tom Clark, Koswell, N. M., 23.0; Bobby Gindorf, Pampa, 17.9; Tommy Patty, Carlsbad, N. M., 14.0. The fifth starter, Gilbert Varnell of Sewanee, Tenn., is connecting for a 5.6 average.

All starters for the Texas Tech frosh stand 6' 5" except Gindorf who is 6' 4".

The promising Picadors squad has shown up well against a rugged schedule.

Mrs. N. E. Greer left Sunday to spend a week in Dallas and other points in that part of the state.

MRS. JAMES DALE SALZMANN

Miss McDonald, Mr. Salzmänn Are United In Church Ceremony Sat.

Miss Rosemary McDonald, Lockney, became the bride of James Dale Salzmänn of Pittsburg, Pennsylvania, in rites performed Saturday afternoon at 4 o'clock in the Chapel of First Baptist Church, Plainview.

Mr. and Mrs. James Robert McDonald, Lockney, are parents of the bride. Parents of the bridegroom are Mr. and Mrs. William A. Salzmänn of Pittsburg.

Dr. Strauss Atkinson, pastor of the First Baptist Church in Canyon, read the double ring vows as the couple stood before an altar decked with palms, fern and arrangements of white stock and carnations.

Escorted to the altar and given in marriage by her father, the bride was gowned in imported lace over taffeta. The fitted bodice was styled with a rounded neckline, three-quarter length sleeves and the bell shaped skirt was ballerina length. Her shoulder length veil of illusion was attached to a taffeta bow. She carried a cascade bouquet of white roses.

Mrs. John F. Stewart of Kansas City, Mo., sister of the bride, served as her matron of honor. Her dress was fashioned with a red velvet bodice over a red chiffon skirt of street length. The bodice was designed with rounded neckline, and three-quarter length sleeves. She carried a cascade bouquet of white roses.

Mrs. Maudell Meredith, organist, and John Ward, vocalist, provided traditional wedding selections.

Fred E. Dose of South Bend, Indiana, was best man for the groom. Ushers were Beryl L. Johnson, Plainview, and John F. Stewart, Kansas City, Mo., brothers-in-law of the bride. Candlelighter was Michael Johnson, nephew of the bride.

A reception honoring the couple was held in the church parlor immediately following the wedding.

The couple was assisted in receiving by her parents, Mr. and Mrs. James R. McDonald, his parents, Mr. and Mrs. William A. Salzmänn of Pittsburg, Pa., and the matron of honor, Mrs. John F. Stewart.

The refreshment table was laid with an imported linen cutwork cloth. The double wed-

WORTH MORE BECAUSE THEY WORK MORE!

Compare this list of Chevy advances with the features ordinary trucks are still talking about. You'll see why Chevy trucks get more work done in a day... why they go extra thousands of miles before trade-in time. These Sturdi-Bilt Sixties aren't just new, they're a full scale revolution!

With independent front suspension there's a brand-new, smoother, easier handling feel behind the wheel.

TORSION-SPRING RIDE

Each front wheel, suspended independently of the other, is free to step individually over bumps. And shockproof torsion springs up front soak up the jars and jolts before they reach the body. With three rugged new tailored-to-the-truck rear suspensions to further reduce road shocks, Chevy gives you the smoothest truck ride you've ever felt.

NO SHIMMY, NO WHEEL FIGHT

Drive a '60 Chevy. Just once. Right away you'll notice the absence of I-beam shimmy and wheel fight common on ordinary trucks.

CABS FOR BIG GUYS

Big guys get a bigger break in a Chevy cab. There's plenty of space inside to stretch out and relax; more room for hats and hips, more room for wide shoulders and long legs. There's horizon-wide visibility through a windshield with 26% more glass area; a new see-at-a-glance instrument panel. Cabs are safer, too, up to 67% more rigid.

6'S SWORN TO SAVE

Chevy's 6-cylinder engines are set to squeeze extra miles out of every drop of fuel. They're long famous for low fuel consumption, high performance.

SHORT STROKE V8'S

Power-packed for peak performance, Chevy's husky V8's make child's play out of the toughest hauls. They have a mind tuned to economy, too, that keeps costs down, profits up.

SLICK NEW SUBURBAN CARRYALLS

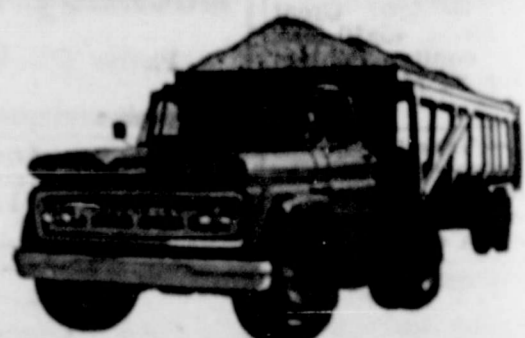

These handsome new handy haulers "double in brass"—can transport eight passengers or up to 950 lbs. of payload. Rear and center seats are easy to remove and replace when necessary. For work or for pleasure, these double-duty beauties are best for both!

NEW DOLLAR-SAVING PRICES

Chevrolet's low prices make big truck news for '60. They mean money in your pocket on model after model. Sub-Vans, 4-Wheel Drives, most light-duty models with automatic transmissions—all are lower priced. Also, prices have been reduced on all optional V8's.

SEE YOUR DEALER

It could be the most important visit you make in '60. When you've seen these new Chevies, you'll agree they're the world's most advanced trucks. Then drive one and find out why.

REVIEWING OLD RECIPES
Remember the paper-thin sugar cookies that grandma used to make? They make lovely place cards and Valentines for February parties. Margaret Spader, home service consultant for the Gas Appliance Manufacturers Association, advises that you watch the baking time for thin cookies. Pre-heat the oven to 400 degrees and set the timer for 7 minutes. Remove the cookies from the oven the minute they become slightly brown.

Providence

By Mrs. Wilfred Stoerner
Live your life a day at a time. Remember, life by the yard is hard but by the inch it's a cinch. The dust storm last Tuesday is one lot of people will remember for a long time. Perhaps we take the many beautiful days for granted. Lots of dust and sand changed hands, or should we say fields, last week. Visitors in the home of Mr. and Mrs. Lewis Titus Saturday evening were Mr. and Mrs. Mervin Meadows of Plainview. Mr. and Mrs. Bill Rogers spent the week end in Lubbock visiting Mrs. Hastings' mother. Mr. and Mrs. Wilfred Stoerner visited Mr. and Mrs. Martin Meester of Plainview Sunday. Mrs. Meester spends the greater part of her time confined to bed. Rev. and Mrs. A. K. Winder-decker and family attended the Northwest Texas Conference in Amarillo this week. Providence HD Club met at the home of Mrs. Everett Crume Monday afternoon. Mrs. Hel-muth Quebe read the devotion-als from Proverbs 31:27. Mrs. Sam Jones, president, presided at the meeting. Roll call showed nine members present. Roll call was answered with "My Biggest Blunder as a Bride". Mrs. Wilfred Stoerner, recreation leader, gave each lady a package of bubble gum, a suicer and a tooth pick. After chewing the gum each one was asked to make a portrait of

either Lincoln or Washington. Mrs. Helmuth Quebe won the prize of a ceramic Valentine pencil holder. Mrs. Bill Rogers and Mrs. Sam Jones demon-strated making yeast breads and how to shape rolls. They made whole wheat rolls. Mrs. Crume served sandwiches and cake squares topped with a candy Valentine, salted nuts and coffee to Mmes. Ben Quebe, Ben Brandes, Marvin Scheele, Wilfred Stoerner, Bill Rogers, E. M. Quebe, Everett Crume, Helmuth Quebe, L. B. Brandes and J. E. Turner.

Alfalfa
Alfalfa is a heavy user of phosphorous and lime. Old stands of alfalfa can be made to produce more tons per acre with a top dressing of phosphorous. If the soils tend to slightly acid increased yields may result with the addition of lime. If you have old stands of alfalfa a soil test would be helpful in determining the need for lime. Lime does not act fast and needs to be applied well ahead of the growing season. The use of 40 pounds of actual phosphorous per acre is a good production practice to increase hay from alfalfa fields.

A meeting of the Stock Show Board of Directors will be held Thursday, February 25, 1960, in the First National Bank in Floydada at 7:30. Final plans will be made for the 1960 show.

Soil Fertility
Be sure and plan to attend the Soil Fertility Day program in Lockney, Friday, February 19. It will start at 10:15. A nice program has been arranged and should provide for a profit-able day.

Dear Editor:
I see where one school of discord among the Washing-ton brass says we can whip anybody, but another element says we are sitting ducks if we don't get busy and spend some more money.

My nervous neighbor says he don't know who is right, but he sees in the papers that the Army has only got enough fatigue uniforms on hand to last 10 years.

Says if Russia knew about this weakness, they would likely attack now and try to lick us before we have time to arm ourselves with a mas-sive 20-year supply of over-alls.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Proverbs	8	9-11
Monday	Job	8	10-11
Tuesday	Ephesians	4	14-15
Wednesday	I Corinthians	3	9-11
Thursday	I Thessalonians	3	9-10
Friday	Hebrews	10	35-37
Saturday	Matthew	25	45-46

You can almost hear their voices, and see their eyes sparkle. They have confidence because they have studied their lessons. Questions do not worry them—they know!

Will they be as confident when it comes to the more serious questions of adult life? Those who grow up in the Church and give God His rightful place are building on a firm foundation. In His House they "increase in wisdom and stature and in favor with God and man." There is no substitute for the Christian precepts and ideals taught by your church.

But what about those who lack this training? Will life seem difficult to them because they lack the confidence which comes from a knowledge of God and His teachings?

Do your children have the advantage of this confidence?

Dear Editor: I see where cigarette sales went up again last year, and my bull-headed neighbor says this is because people have been warned against them.

Says it used to be a man could relieve his craving to live dangerously by going out and irritating an Indian, or robbing a stage coach, but civilization has made these activities impractical.

Says about all a fellow can do nowadays to flirt with peril is to smoke cigarettes, eat cranberries or black jelly beans, or simple lipsticks. D. E. SCOTT, Crossroads, U.S.A.
