John B. Fowler Is Re-elected, Vote Light In County

In the only contested race in Floyd County, John B. Fowler won the nomination for Commissioner, Precinct 1, in the first Democratic primary last Saturday. The vote was probably the lightest first primary balloting in this county in many years with a little more than 1700 voters going to the polls.

Fowler polled 541 votes to 215 for his opponent, Buck Hickerson of Floydada.

In state races Governor Price Daniel, Lieutenant Governor Ben Ramsey and Attorney General Will Wilson won by substantial margins, Wilson besting two opponents. State-wide Daniel held about 300,000 vote margin, Ramsey led by nearly 200,000 and Wilson held a 70,000 vote lead over both his opponents, Waggoner Carr of Lubbock and Robert Looney of Austin.

In this county Daniel and Ramsey held substantial leads but Carr bested Wilson by more than two-to-one.

Robert W. Calvert defeated Robert G. Hughes for Chief Justice of the Supreme Court nearly two-to-one, about the same majority he had in this county.

In the only run-off in state races, Judge Lloyd W. Davidson, Judge of the Court of Criminal Appeals, will face W. T. McDonald of Brazos County for the post in the second primary. State-wide Davidson held a slight lead over McDonald, about 20,000 votes, while the third candidate, Jim D. Bowmer, polled about 300,000 votes. Davidson led in Floyd County also.

For Comptroller of Public Accounts, Robert S. Calvert defeated his opponent, V. L. Ramsey more than two-to-one in the state and also led by a like margin in this county.

Bill Allcorn, Commissioner of the General Land Office, was the only incumbent to suffer outright defeat in the first primary. Returns Tuesday indicated that Jerry Sadler of Anderson County held a slim 16,000 vote lead over Allcorn out of more than one million votes cast in the state. Sadler led in Floyd County also.

Judge James G. Denton of Lubbock defeated Jesse Owens of Amarillo for the position of Chief Justice, Court of Civil Appeals, 7th District, by more than a two-to-one margin. In this county Denton polled 1224 votes to 296 for Owens.

Will Hold Second Primary Election

Although there will be only one state race on the ballot, there will be a second Democratic primary in this county, it was indicated Tuesday by County Democratic Executive Committee Chairman Ben Ayres. The law requires it, Mr. Ayres explained, and though it is an expensive election there isn't much you can do except hold it, he said.

The second primary is set for Saturday, June 4th. The only race on the Floyd County ballot will be a run-off between Judge Lloyd Davidson and Judge W. T. McDonald for the position of Judge, Court of Criminal Appeals.

Theme for the 1960 convention is "Pressing Problems of the 60's." Governor Price Daniel has proclaimed the week of May 8-14 Hospital Week and in his proclamation urged all citizens to visit their hospitals and learn of these institutions dedicated to the nation's health.

Mr. Sherman accompanied his wife to Dallas.

Brown Buys Wofford Bldg., Plans Move

A contract was signed Friday wherein Claude Brown, owner of Brown's Department Store and Brown's Cleaners & Clothiers here, agreed to purchase the big brick and concrete building on North Main now occupied by Wofford Manufacturing Co. and owned by Lloyd Wofford.

Brown will renovate the building, install a new glass front, provide an opening between this building and his men's store next door and move his department store there, according to his plans. Wofford has agreed to give possession July 1st and Brown hopes to have the building ready to move into by September 1st.

The building is 30x140 feet and will give the Brown's much more room to display merchandise. The Beacon was told, they expect to completely redecorate the building and will do some work on their present men's shop and cleaning establishment. The new front will be glass and aluminum and will cover both buildings.

Wofford has contracted for an all steel building and will locate the new building on the Santa Fe tracks, just east of the lettuce shed. The big building will be 40x160 with a 24x60 lean-to. His entire shop, now occupying two buildings on North Main Street, will be moved there. Work will start immediately on erection of the building, Wofford said Tuesday.

Little League Registration Is Monday Night

Boys age 9 through 12 who want to play Little League baseball this summer should come to the Junior High School building Monday evening at 8 o'clock, bringing at least one parent with them, and register, according to announcement by Commissioner Tom Moore Tuesday.

The League is sponsored by the Lockney Lions Club.

Mr. Moore emphasized that the boy must be accompanied by at least one parent who will sign for him. The critical age date is July 31, with all boys who are nine years of age and those who are not 13 years of age on that date being eligible to play.

The league has had six teams to past seasons with each team having at least twelve boys, thus there is room in the league for at least 72 boys.

After the registration, the managers will be selected, the boys will be divided into teams and managers will draw lots for teams and team names.

Mr. Moore said the Lions Club will appreciate donations toward the expense of operating the league this summer from parents of the boys when they register. Cost of operating the league runs several hundred dollars each year.

The league play is expected to start in early June.

Eiland Is Fifth In State Track Meet

Two Lockney High athletes competed in the Class AA state track meet in Austin last week end with one of the boys placing. Lewis Eiland finished fifth in the 880-yard run.

Eiland ran his best time of the year — 1:59.4 — which would have won second place in last year's state meet. The top six men in the 880 finished in less than two minutes.

High jumper Jimmy Whitfill failed to place in the top six. Whitfill is only a sophomore in LHS and Eiland is a senior.

Coach Elvin Lyon, who accompanied the pair to Austin, stated that this year's state meet was far and away the best ever held. Records were shattered in many events. One national record, four all-time state records, and 15 divisional marks were set.

In the shot put every division bettered the old state mark. Athletes from Belton and Cleveland threw over 60 feet.

Coach Lyon and the boys made the trip by car.

Mrs. E. D. Teuton Breaks Arm In Fall

Civil Defense Leaders Will Speak Here

Two of Lubbock's civil defense leaders will speak at a meeting in Golden's Restaurant on Tuesday evening, May 17th, at 7:30 p.m. They will discuss various phases of civil defense in times of disaster of war and will offer many helpful suggestions to local residents.

The meeting is open to the public and plates are \$1.25 per person. Reservations should be made not later than Monday noon, May 16th, by calling Mrs. Beth Widener, Phone OL 4-2598. Attorney General Rules No Chance To Abolish Office

An opinion received this week by County Attorney Kenneth Bain Jr., from J. C. Davis Jr., assistant Attorney General, stated that he was unable to find any authorization for the abolishment of the office of County Superintendent of Floyd County at present.

The question was put to the Attorney General's office recently following the presentation of a petition to the Commissioners Court asking for an election on the question of abolishing the office. The matter hinged on the question of whether this year's scholastic enrollment or last year's would count. The matter can be voted on if there is less than 3,000 scholastics in the county. Last year there were less, this year it is believed there will be more than 3,000 although the Texas Education Agency hasn't verified the count as yet.

The opinion said that scholastics residing in this county and attending school in another county must be counted in this county and also that the current scholastic rolls will control the matter.

New Auto Repair Firm To Open Here

A new auto repair firm, composed of Dan Teuton and Gene Brawley as partners, will open for business here next week, according to an announcement in this issue of The Beacon. Both are auto mechanics and have worked in local repair shops in previous years.

The men will operate their shop in the O. C. Baley building, formerly occupied by Biley Motor Co. in the 200 block of South Main. They will specialize in automatic transmissions and tune-ups but will also do general repair work.

Mr. Teuton was reared here and is well known in this area. He and his family have been living in Amarillo where he was employed but have moved back here to their home on Southeast Second Street. Mr. Brawley has been employed in Fort Worth but will come back here to begin work next week. His family will move when school is out.

County Goes For Johnson, County Convention Sat.

Floyd County voters will send a delegation to the State Democratic Convention supporting Lyndon B. Johnson for president, it was indicated Tuesday in a survey of delegations named by precinct meetings last Saturday.

The county Democratic Convention will be held Saturday of this week at 2 p.m. in the district court room at Floydada.

According to information to The Beacon, 13 voting precincts in the county adopted resolutions supporting Johnson and three failed to adopt any resolutions. These were Northeast Floydada, Southeast Floydada and Harmony. Other precincts did not hold conventions.

The precincts of West Lockney, Sterley, Lone Star and Providence all held conventions and adopted resolutions in support of Johnson. East Lockney did not hold a convention.

The West Lockney box also adopted a resolution, presented by a member of Lockney Business & Professional Women's Club, urging the adoption of laws to give women more rights in the handling of property.

In West Lockney, Edgar Hays was named permanent chairman of the convention and Ray Sissney was named secretary. The group voted to instruct delegates to vote as a unit, and the following as delegates to the county convention: Mrs. Elizabeth Widener, Mrs. Marvin Gilbert, N. S. Abbott, Edgar R. Hays, H. W. Schacht, P. R. Sissney and Robert J. Davis.

Scholastic Transfer Must Be In May

Children who plan to attend school in a district other than their home district during the 1960-1961 school year must make application for a transfer at the office of the County Superintendent during the month of May, it was announced this week.

This includes students who have completed the grades taught in their home school and who plan to attend an independent school next year. The parent must make the transfer in the office of the County Superintendent.

Preliminary census figures released Wednesday by Census Director E. E. Kerr of Lubbock gave Lockney's population in the 1960 census as 2139 persons. The figure will be disappointing to most people since it was hoped that the city would reach the 2500 mark at least.

Mr. Kerr emphasized that this is a preliminary figure and that it is subject to revision pending further checks and possible additions from residents enumerated away from home. However he stated that it is very probable that there would be only minor revisions and that this figure is substantially correct. The official census figure will be released at a later date. This is a 447 increase over the 1950 census count for the

MRS. FRANK PERKINS has the nearest guess to Lockney's population count in The Beacon's contest. She guessed 2,140. Mrs. H. H. Mills guessed 2,152 and the next nearest guess is O. E. Durham with 2,161. Mrs. W. E. Mangum guessed 2,115.

County Up 2,000
Floyd County's official population is up nearly 2,000 over the 1950 figure, the preliminary report showed. The current census gives this county 2,139 compared to 10,535 in the 1950 census, an increase of 17 per cent.

By comparison the 1940 county population was 10,656 and the 1930 population was 12,409, slightly higher than at present.

No official count on the city of Floydada was released. Mr. Kerr stated that he must have a request for such release and received none from Floydada officials. The 1950 Floydada census was 3,210 and rumors say that it is something less than 4,000 in the current census.

God is our refuge and strength, a very present help in trouble. Therefore we will not fear, though the earth be removed, and though the mountains be carried into the midst of the seas. — Psalm 46:1, 2.

TEXAS VOTERS are moving to the city according to figures on voter strength released recently. Although only about one-half of Texas adults qualify themselves to vote by paying their poll tax or registering, more than half of those who do qualify live in the 12 big-city counties in the state. The total number who paid their poll taxes or secured exemption certificates this year was reported by Comptroller Bob Calvert to be 2,569,924 or a little more than 2 1/2 million. Of this number 1,318,767, or a little more than one-half, came from the counties of Harris, Dallas, Tarrant, Bexar, Jefferson, Travis, Nueces, El Paso, McLennan, Lubbock, Hidalgo and Cameron. Us country folks are already outnumbered.

NOT THAT we are any political expert, but the first primary election came out just about as we expected. The one exception was in the race for State Land Commissioner where Bill Allcorn was defeated for a second term by Jerry Sadler. We were a little surprised and disappointed in this race because we thought Allcorn had done a pretty good job and deserved another term. But he didn't get it and that's that. It just goes

WHAT'S GONNA KAPPEN in Floyd County when we come up here for the second primary with only one race and that for a state office? Appears to us the only thing facing Floyd County voters will be whether they want W. T. McDonald or Lloyd W. Davidson for Judge of the Court of Criminal Appeals. It will be a mighty expensive thing to hold elections in 21 voting boxes in this county to settle that one issue but we know of no other way to do it. We have heard of county executive committees failing to hold a second primary election in similar situations but it doesn't seem that is the proper thing to do. We'll wait and see what the county committee decides.

BIG BUSINESS firms will be looking for relatively fewer high-paid executives in the coming months of 1960 than was the case during the second half of 1959, according to a survey conducted by a leading management recruitment firm. The current indicated need is for about 25 top men per company in the next six months, as against an average of 3.2 eight months ago. The openings involved pay \$10,000 to \$100,000 a year.

AMERICANS use close to 780 gallons of petroleum a year per person — about 13 times the amount used by the average person in the rest of the Free World.

DURING the current session of Congress, the American Farm Bureau Federation recommends that we should seek, among other things, a balanced budget; a realistic wheat program; expansion of the conservation reserve; no expansion of social security; defeat of federal aid to education bills; passage of a water rights bill; enactment of a states' rights bill; no weakening of the 1959 labor reform act.

J. E. CORETTE, president of the Edison Electric Institute, says: "Based on the trends which have been in effect for the past 25 years, I see the following problems which could destroy America's prosperity: First, the Government in business; second, totally or partially tax free business; third, unnecessarily large Government expenditures; and fourth, unbearable taxes."

THE AMERICAN HOSPITAL Association points out that some 150,000 teenagers are busy these days providing that adolescence is not necessarily a time of delinquency. They serve as volunteers in some 5,500 American hospitals. Their duties range from counting linen to feeding patients.

INDUSTRY'S POLICY of arbitrary retirement at 65 is slowly crumbling, according to an Industrial Relations News study. Survey of 30 major corporations revealed that 25 per cent already have instituted flexible retirement policies, and another 25 per cent make frequent exceptions to the 65-year limit.

TOLERANT OF TOLERANCE

The tolerance that was once a virtue has now become a sin. We have become too tolerant.

We have become tolerant about treason; we have become tolerant about chicanery in high places; we have become tolerant about immorality; we have become tolerant about crime delinquency and illegitimacy; we have become tolerant about government waste, about the loss of our freedom; we have become tolerant about godlessness, about unbelief. We have been sapped of conviction, drained of our beliefs and bereft of our faith.

Whatever the disillusionment, no man should cease to hunt for what he wants or to hope for great things. Great things exist. It is the men who destroy them or make them seem hopeless. — The Bozeman, (Mont.) Tribune as quoted in Claude Jews.

EITHER WE CONTROL TAIL WATER — OR STATE WILL

Public announcement was made this week that the High Plains Underground Water Conservation will rigidly enforce rules to prevent waste through irrigation run off water. The result, although it may bring some expense and trouble to a few irrigation farmers, appears to be well worth any reasonable effort.

County road savings alone should more than offset any cost to the individual farmer who, after all, will only be practicing sound economic irrigation methods. The cost of lifting water is sufficiently expensive that enough wasted tail water can soon be saved to offset the cost entailed. The district has without question been liberal in conducting educational campaigns, in talking with individuals, and in offering a 24-hour period of grace. Those who still flagrantly violate the ruling without

doing out until 1:30 the nite before, and he can likely tell you.

Now a puzzling question: How come a man, with all that superior knowledge, can't figure out how the bidders fit in the mix-master; why clothes when not hanging on a hanger; and when dressing the baby, the pajamas always, always button in the back? — Celia Waldrip in Olton Enterprise.

HELPING WHO?

A labor leader recently expressing some concern over the declining position of the farmer in our national economy. Well, well! We would like to ask the labor leaders and our own Senator Ralph Yarborough how in the world are you going to help the farmers' lot by increasing the minimum wage, extending such to an additional 3.1 million workers, including braccos therein, or cutting out the braccos program entirely? We people in the farming country don't want this kind of help. Or, do we? — Frank Hill in Lynn County News.

CROSS ROADS REPORT

Dear Editor:

My low-tempered neighbor says one of the suckers lists he is on has been sold to a publisher who now offers a half-price sale on books which debunk the Bible.

But he says this same service is being provided by lots of modernized preachers, and it is free if you ignore the collection plate when it comes around.

Says, also, he is not interested in just a cut rate trip to Hell, and if he decides to give up trying to keep out of the place, he wants to make a profit on the deal. D. E. SCOTT

UNION OF CHURCH AND STATE

Jesus said, "Render therefore unto Caesar the things which are Caesar's and unto God the things that are God's" (Matt. 22:21). We can see from these words of Jesus that Gods people have two separate and distinct relationships. One is to civil government and the other is to God and his divine law. When the laws of men clash with God's law we are to "obey God rather than men" (Acts 5:29). The Christian's duty to God comes first. It is true that one can be a better citizen by being also a Christian. God requires his children to "obey the powers that be" (Romans 13:1-7). Though God's people have a responsibility to both civil and spiritual government, they are two distinct relationships and should be considered so by all. There is no such thing as union of church and state in the New Testament.

A basic concept of one religious organization, which has headquarters in Rome, is union of church and state. In coming weeks and months we will be writing along this line. We will deal with how this religion and this unscriptural doctrine originated.

Housing, Home Furnishings Program Is Planned
One of the problems of the

Extension Service is how to plan our county program to help meet the need of the people in the county since our services are for everyone in the county who needs them, we do attempt to let this be known and to help as many people as possible.

It is of great assistance to us in planning our program if we know what the problems of the county are.

Last Wednesday afternoon we called together a group whose interests are in the field of housing and home furnishings to help us determine the problems in that area. Seven people who were interested and public minded enough to give some of their time attended the meeting. At the next meeting of this group we plan to discuss problems further, then we hope to set an objective or goal to work toward in the next year.

Attending the meeting were: Mrs. Raymond Teeple, Mrs. Emily Potts, David Kirk, Don Pemberton, Mrs. Marie Baxter,

number of varieties has been
reduced through the elimina-
tion of those found to be un-
suitable for the area. As many
as 147 different varieties have
been tested in one year.

The date of planting experi-
ment on corn is also being
continued. Early, mid-season,
and late maturing varieties in-
clude two yellow and one white.
In previous tests on both white
and yellow corn, the late April
and early May plantings re-
sulted in higher yields than
corn planted at later dates.
Mid-September harvest of the
early planted corn has resulted
in decreasing the loss from

by the ravages of the South-

these methods, the corn yields
have been higher and labor
cost lower than in later planted
corn. These same varieties will
be planted at three later dates
to continue the study.

JOE M. EVANS of El Paso will be guest speaker at the
Plainview Pioneer Round-Up on May 14.

Joe M. Evans Will Speak At Pioneer Event

The Plainview Business and
Professional Women's Club is
sponsoring the 32nd Annual
Pioneer Round-Up Saturday,
May 14, in Plainview. A well-
known humorist and author,
Joe M. Evans, of El Paso, will
be here for the day and will be
guest speaker and entertainer
for the evening's program.

Mr. Evans, who is a personal
friend of Dr. A. H. Hays, former
President of Wayland Baptist
College, was in Plainview about
eighteen months ago and was
guest of several of the Service
Clubs, and was praised highly

for his humorous "Tall Tales"
about his life on the range.

Mr. Evans grew up on the
cattle range in the Davis
Mountains and speaks the
cowboy's lingo. He says he has
had a wonderful life, working
with cattle in the mountains,
hunting bear, mountain lion,
deer, antelope and all kinds of
small game . . . along with
swapping yarns.

This humorist is well known
in that he has been written up
in Life Magazine, News Week,
Collier's, Country Gentleman,
Holiday and in 1958 was elected
by the Texas Council of
Churches as the outstanding
Christian Layman of the year.
All this, Mr. Evans says, has
caused him to realize that there
goes with these honors and
great responsibilities a deeper
dependence on the Lord to keep
him from being self-sufficient.

TELEPHONE TALK

GRADUATION TIME

To you young people who are to receive diplomas at
graduation exercises this month at Lockney High School I
would like to offer a few words of advice.

The purpose of your education and training at this
school was to help make you better citizens, better men
and women, and better and more useful members of our
society.

You have been given the knowledge and with oppor-
tunities better than they ever have been before you should
consider this a personal challenge to see how you can
best apply this education.

The person that enters enthusiastically into his work
with knowledge plus boundless energy will succeed.

Most of you will continue your education in college,
which certainly I advocate very much, but your success
will depend on your willingness to work and apply the
knowledge you have learned the past 12 years in school.

The person that enters into his work with enthusiasm
and boundless energy will succeed.

PLAYING CUPID

It's such a natural thing — sometimes it's almost auto-
matic — for your phone to come to mind when you think
of someone you love who's out of town. Yes, I suppose not
a day goes by that somebody in Lockney doesn't use the
phone to remember a loved one.

So it's easy to see why an Air Force sergeant station-
ed in Iceland thought of telephone service when he wanted
to send flowers to his wife back home for her birthday.
This fellow wanted folks at the telephone company to
have the flowers delivered and then charged to his tele-
phone account.

Now, even though it wasn't possible to bill the flowers
to his telephone account, the girls in Miss Clara Balzen's
service order group decided to help, anyway. They wrote
they were sorry that the telephone company was unable
to charge a florist bill to his phone, but they added this
personal note: "However, we feel such thoughtfulness
deserves special attention."

Then they picked out a birthday card and a dozen
roses and had them delivered to the sergeant's wife.

The upshot of it was that the lives of two people —
miles apart — were brightened by the thoughtfulness of a
group of telephone girls who cared enough to find a way
to help.

What Else Is So Dependable?

Most folks don't realize it, but everytime you make or
receive a telephone call, your phone sets a new record for
dependability.

And because it does, you needn't worry about wear
and tear, replacement parts, or repair bills. When repairs
are needed, there is no charge to you. I doubt whether
there are many other things you have that are so free of
trouble as your phone.

Call by number. It's twice as fast.

Questions And Answers About TEXIOCA-54

Following are some of the Questions we have been asked by Farmers:

QUESTION: Is Texioca-54 the same as the Wexey Kaffir grown during the
mid-forties?

ANSWER: No. Texioca-54's main parent is Martin Milo.

QUESTION: How is The Yield?

ANSWER: Substantially the same as Red Hybrids.

QUESTION: How can we pay \$1.63 per 100 pounds?

ANSWER: Because the yield from the acres you plant is already contracted to
Corn Products Company at that price. Corn Products Com-
pany makes a high-grade cooking starch to go in frozen foods.

QUESTION: Is it more difficult to raise than Milo?

ANSWER: No. The same farming methods are used as for Milo.

QUESTION: Does it stand as well as milo?

ANSWER: Yes. Better, in fact.

QUESTION: Do you have an unlimited amount of seed?

ANSWER: No. The seed we have on hand is all there is available, so it will
be well for you to make arrangements for your seed now.

QUESTION: What are the prospects for growing Texioca in the future?

ANSWER: There will be more seed available next year and there will be a
demand for more acres.

QUESTION: What is the planting rate?

ANSWER: 4 to 6 pounds per acre is recommended.

QUESTION: When is the best planting time?

ANSWER: June 10-20th. However, it makes as well proportionately as milo
when planted earlier.

QUESTION: Must it be 13% moisture when you deliver it to us?

ANSWER: No. 15% or below.

QUESTION: Will it dry well in the field?

ANSWER: Yes. About like Martin and better than most red hybrids.

QUESTION: Is it difficult to harvest?

ANSWER: No. The head grows well above the leaves. It has an open type
head which threshes more easily than most red hybrids.

Lockney Rebekah Lodge is planning to stage a kitchen shower at the next regular meeting on May 23. The shower is purposed to restock the lodge's kitchen equipment. Every member is urged to attend and bring something for the kitchen.

Other business transacted at a meeting last Monday night included mailing graduation gifts to a boy and girl at the Rebekah Children's Home.

Bridal Shower Honors Miss Marjorie Lacy

Miss Marjorie Lacy, bride-elect of James Hall Ferguson, was honored with a nuptial shower Saturday afternoon in the J. R. Turner home, Providence community.

The refreshment table was laid with a cloth of white linen with blue embroidered cutwork. Centering the table was a white styrofoam church nestled in a cloud of blue angel hair. Entrance to the church was marked with a white arch tied with wedding bells and flanked with arrangements of blue and white carnations. Two love birds held white streamers lettered in blue which extended onto the table. On one were the names of the betrothed couple and on the other was the wedding date, June 10, 1960. Table appointments were in crystal.

Hostesses for the occasion were members of the girls Sunday School Class in the Young People's Department of Aiken Baptist Church and their teacher, Mrs. Turner. Members of the class present were Charlotte Seago, Mary Lacy, Linda Carter, Nancy Tyler and Glenda Earden.

WASHINGTON SCHOOL HOSTS TO LEAGUE EVENTS SATURDAY

By Waveley Washington

Washington Elementary School, Lockney, was the site of an introductory Interscholastic League meet, of the newly organized district for schools in this area, Saturday, May 7.

Participating schools were: Dunbar High School, Paducah; Crowell Colored High School, Crowell; Matador Colored Elementary School; Stripling Elementary School, Roaring Springs; and Washington Elementary School, Lockney.

In the literary field, Washington's students won first place in spelling entries. The team winning for the sub-junior division was Willie J. Simon, and Bettie Joyce Washington, and sixth graders. Winning for junior division were Mauva Jo Edwards, eighth grade, and Jewel Faye Sanders, seventh grade. Washington had no contestants for any senior divisions.

In mathematics, sub-junior division, Barbara Jean Bagby, fifth grade, and Willie J. Simon, sixth grade, won first place. James Howard Walton and Ruby Jewel McGee, both eighth graders, tied Paducah for first place in the junior division. Norma Jean McGee and Waveley A. Washington were tying runners-up. However, the upper class students were final appointees as contestants.

In track and field, Frank Walton Jr., eighth grade, went all out to bring Washington's boys in first. He ran the 100-yard dash to win second place, the 50 and 75-yard dashes to win third place and the 440-yard relay with J. D. Session, Jimmie Craver, eighth grade, and Billy Charles Walton, a seventh grader, to come in in second place. J. D. Session won first place in the 8 lb. shot put contest.

Girls participating in track and field were Mauva Jo Edwards, Ruby Jewel McGee, eighth grade, Allie J. Williams, seventh grade, and Ester Ruby Wiley, fifth grade, who came in third in the 200-yard relay. Mauva Jo also won fourth place in the 50-yard dash.

Mr. Washington, faculty and students take this opportunity to express their great appreciation to Joe Parrish of Southwestern Public Service Company for loaning and setting up the P.A. system at the school for the event; to Mr. Patterson of Patterson Grain Company,

who so kindly allowed us the use of his property for track and field purposes; to the P.T.A. members, who worked cheerfully and faithfully from 9:30 a.m. until 10:30 p.m. and many others who, in many ways, helped to make the meet possible and a success.

Start Work On Swimming Pool

Work was scheduled to begin today (Thursday) on the new swimming pool for Lockney community, to be built on the American Legion grounds in east Lockney. The pool was laid off Tuesday and machinery moved in. It will be 35x75 in area with two diving boards and a modern filter unit. It is due to be completed in June.

Mrs. R. D. Bacus, chairman of a committee of local women who raised the money for the pool by public donation, said Tuesday that they now have on hand a total of \$12,862.12. This is slightly more than the contract price on the pool itself but still to be paid for is the fence, the bathhouses and the deck area.

"We can still use quite a bit more money for these other things that go with the pool," Mrs. Bacus said. "We hope people will continue to bring in donations," she said.

Mrs. Bacus expressed her thanks to J. B. Seale for the benefit show run last week at The Show Drive-In, to Harold Davis for operating the projector and to the women who operated the concession stand. In addition to the list of donors published recently, the following have donated to the pool construction:

Plainview Co-op Compress, Stapleton Bros., Rowland-Gordon Oil Co., Hale County State Bank, Kendall Cummings, Gifford-Hill Western, Rayford Martin, Paymaster Farms, J. B. Nance, Drs. Wofford & James, Jerald Lackey, J. D. Nance, James C. Pinner, Herman Thornton, Chamber of Commerce, W. F. Mr. and Mrs. Virgil Kelley of Denver City spent Mothers' Day with his mother, Mrs. C. D. Kelley.

Two former Lockney men, Edwin Boedeker and Robert W. McCollum, lost their political races in the first Democratic primary. Boedeker was running for representative, 97th district, place 2 at Lubbock and lost to J. C. Adams although he polled more than 9,000 votes.

At Amarillo, McCollum was running for representative in that district but ran for in the balloting.

Dear Editor:
I see where some New York business firms may be prosecuted for employing English girls only, as secretaries, on account of it is unlawful in that State to pick your favorite race, color, or nationality when hiring help.

My smarteen neighbor says this anti-discrimination law will soon break people of being choosy about who works for them.

But he plans to hurry up and get married, before the prejudice-haters move into the wedding department with their legal shotguns and put a stop to discrimination in wife-picking.

Howell To Serve With Invincibles

David H. Howell Jr., son of Mr. and Mrs. Horton Howell of Sterley, and a sophomore at Texas Tech, Lubbock, has been selected to serve as an Invincible for the Baptist General Convention of Texas this summer.

Seventy-five students were selected to help conduct Vacation Bible Schools and work in local churches throughout the state in the Invincible program.

Traveling in teams of two, Invincibles help smaller churches conduct Vacation Bible Schools, offer leadership to churches with part-time pastors, and help larger churches sponsor mission schools.

Invincibles are chosen on the basis of their experience, consecration, talent, and adaptability, said John McLaughlin, associate in the Texas Baptist Sunday School Department which sponsors the Invincible program.

Before starting to mix ingredients for foods to be baked, take a look at your oven. Be sure the oven racks are where you want them so you won't waste heat getting them into the proper position. Then turn on the heat and set the thermostat at the desired temperature. Let the oven pre-heat a few minutes before placing the food in it.

James Jeffress
Monday morning intentions of getting over. Some of them might get a few more. The weather has been a lot. Some shallow and some over.

Those enjoying the movie in Lockney Friday night were Beverly Jeffress, Ronnie Am-burn, Ken Roberts, Norma Hollums, Mary Starkey, and Cecil Jackson. After the show the group visited in the home of Beverly Jeffress.

Congratulations to Janice Miller and Jimmy Huckaby on winning ribbons at the 4-H district contest in Lubbock Saturday. Janice won second on her dairy food demonstration and Jimmy won first in animal husbandry. They will attend the 4-H roundup at College Station in June. We would also like to congratulate Mary Starkey and Beverly Jeffress on their demonstration in vegetable preparation. Even though they failed to win ribbons the girls gave a very good demonstration. Others attending included Mrs. Lynn Miller, Mrs. James Jeffress and Norma Hollums.

Mr. and Mrs. Pat Bullocks and Judy spent the week end in Shamrock visiting relatives. Mrs. Bullock had to report to her doctor in Lubbock Monday. She is still improving and is able to talk some better, after almost losing her voice completely during the winter.

Mr. and Mrs. James Jeffress and family were guests in the home of Mr. and Mrs. J. R. Turner and family in Providence community last Saturday night. Mrs. Turner and Carol and Mrs. Jeffress and Beverly attended a G.A. banquet at the Aiken Baptist Church during the evening.

Mr. and Mrs. Gene Bloys and sons spent last weekend at Possum Kingdom Lake.

Mr. and Mrs. T. C. Hollums spent Sunday in Dimmitt visiting relatives.

Mr. and Mrs. Jim Holmes were the Sunday dinner guests in the home of Mr. and Mrs. H. F. Jackson. Mrs. Alma Holmes and daughters of Floydada were also dinner guests. They were helping Mr. Jackson and Mrs. Holmes celebrate their birthdays. Other visitors in the afternoon were Mr. and Mrs. Robin Baker of Plainview and Mr. and Mrs. D. D. Tate.

Mothers Day was observed Sunday morning by presenting gifts to the youngest and oldest mother present at church. Mrs. Jackie Myrick (Jo Ellen Jackson) of Lubbock was the youngest and Mrs. Jim Holmes the oldest. Mrs. Hugh Latham had the most children present. Church attendance was up Sunday and Brother Wayne Bristol of Plainview did the preaching Sunday night.

Mr. and Mrs. Bill Stringer and Christy left after services Sunday to go to Munday to spend the remainder of Mothers Day with her parents, Mr. and Mrs. Joe Earp and Brad.

(Correction from last week) Mr. and Mrs. Kinniburgh from South Plains visited in the home of Mr. and Mrs. Tom Pierce Sunday before last instead of Mr. and Mrs. Mulder. Mr. and Mrs. M. B. Swanner had as Mothers Day guests their son, Mr. and Mrs. Ken Swanner and son of Lubbock, and Mr. and Mrs. Kirk Slater Jr. and children. The other son, Gene, was unable to be here as he lives in California.

Mr. and Mrs. Wayne Bristol of Plainview were Sunday guests in the home of Bro. and Mrs. Frankie Rainey. In the afternoon they all went to Lubbock to visit friends. Bro. Bristol will graduate from Wayland College soon and he plans to spend the summer in Oregon and on to Canada doing mission work. He will go to the seminary this fall. Wayne has preached at Sand Hill Baptist Church on many occasions and will be missed in this community. Brother Frankie Rainey will graduate from Wayland this year also. Congratulations to both of these fine preachers.

Norma Hollums was the dinner guest in the home of Mary Starkey Sunday. Visiting in the Starkey home during the afternoon were Cecil Jackson, Ken Roberts, Beverly Jeffress, Carol Turner, Fern Sissney and Dianne Montgomery of Lockney. Mr. and Mrs. Joe Montgomery of Lockney came to pick Dianne up later and they attended the home show in Lubbock. Mr. and Mrs. Leroy Durham of Plainview called during the afternoon.

Sunday dinner guests in the home of Mr. and Mrs. James Jeffress and family were Mr. and Mrs. J. R. Turner and family of Providence.

Mr. and Mrs. W. R. Billington spent Mothers Day visiting her parents, Mr. and Mrs. Glenn in Plainview.

Mrs. Jim Holmes and Mrs. Alice Morney of Floydada attended a stork shower honoring Mrs. Morney's daughter in Cosbyton Saturday afternoon.

C. P. Carey reported Sunday that his son, Jim's condition

continues to improve. Mrs. Carey might possibly come home for a few days this week. They think Jim will be able to come home for a few weeks in the near future. Sarah Carey of Canyon spent the weekend with her father, C. P. Carey.

Sand Hill Community Center will have their monthly meeting Friday night at 8 p.m. Everyone is urged to attend and enjoy themselves.

Sand Hill 4-H Club Sees Electrical Demonstration
Sand Hill 4-H Club was called to order by the president, Bobby Holt. Roll call was answered by telling of the "Biggest Shock I Ever Had." Warren Mitchell gave the council report.

Post Commander Says Thanks For Help With Pool
I would like to take this means of saying thanks to the people of Lockney and all the surrounding communities for your enthusiasm and wholehearted participation in the swimming pool movement.

The idea of building a swimming pool for this community was conceived by a group of women not connected with the American Legion. They needed an organization to furnish the land, sponsor the pool, manage it, and be responsible for its continued operation. That's where the American Legion came into the picture.

The women have done a wonderful job of raising money for the pool and we want to express our appreciation to them for their hard work. Because of their work, I hope and believe that we can do a good job of building a pool you will be proud of and operating it in a way that will please you.

This swimming pool movement is one more example of a community working together toward a common goal. When everyone pushes in the same direction, a sizeable mountain can be moved even in a small community such as we live in.

Again I say thanks for a job well done.

P. R. Sissney, Commander

Cholla is a particularly spiny species of cactus. It grows to a height of six or eight feet and has many stumpy branches which are easily detached, and on this account has a most vicious reputation for embedding itself in passers-by.

GRANDMOTHERS MEMORIES THEME OF FLOWER SHOW

Lockney Garden Club's annual Spring flower show drew a large crowd of spectators Saturday afternoon for their unique show displayed in an atmosphere of yester-year. Antiques from "Grandmother's Memories" highlighted the show and revealed the theme from the colorful event. Adding to the glamour of the event were the costumes for grandmother's day worn by many of the Garden Club members.

The show room of Lockney Auto Company was the scene for the flower show and despite the handicap of a week of damaging winds, the show was outstanding in beauty and originality. This event closes the Garden Club year. Mrs. Clyde Briley is the retiring president and Mrs. Austin Meriwether is the new president taking office when meetings are resumed in September.

Mrs. Kelton Shaw won the Artistic Sweepstakes, an award for having the most blue ribbons in artistic arrangement division.

Mrs. Dale Lacey won the Horticulture Sweepstakes, an award for the most blue ribbons in the horticulture division.
