LITTLE LEAGUE UNIFORMS ARE READY, SCHEDULE ANNOUNCED

Uniforms for Lockney Little League ball players will be distributed this week and league play will start next Monday, according to announcement made Tuesday by Commissioner Tom Moore. The uniforms are now stored at Knox Grocery and each manager will distribute the uniforms to his own team. Mr. Moore said. The uniforms have been checked over carefully and new caps secured for this season. Parents must sign for the uniform when the player receives it and uniforms must be returned promptly at the end of the season, the Commissioner stated. If the uniform is not returned promptly the player may be refused permission to play the next season, it was said.

The schedule calls for three rounds of play with games being played five days each week, Monday, Tuesday, Thursday, Friday and Saturday. Games will start at 6 p.m. each day as in past seasons. Following is the schedule: June 6—Red Sox vs. Dodgers. June 7—Cards vs. Yankees. June 9—Giants vs. Red Sox. June 10—Dodgers vs. Cards. June 11—Yankees vs. Giants. June 13—Giants vs. Cards. The school will be climaxed with commencement exercises on Friday evening. Mrs. Robert Bernard and Mrs. Leighton Teple will conduct the school.

Floyd Voters Have Only One Choice To Make

Floyd County voters have only one choice to make in the second Democratic Primary on Saturday of this week. The only race on the county ballot will be that for Judge, Court of Criminal Appeals with the incumbent, Judge Lloyd W. Davidson, being opposed by Judge W. T. McDonald of Brazos County. County Chairman Ben Ayres is expecting a light vote and has instructed election judges of the various voting boxes to cut their crews down as much as they think proper. Returns will be tabulated at the Hesperian office in Floydada Saturday night. Due to lack of interest in the race, The Beacon will not participate in the election night tabulations this year. Polls will open at 8 a.m. and close at 7 p.m. as usual with all of the county's 21 voting boxes in operation. Election judges will be the same as in the first primary.

Mrs. Jim Brown's Father Dies

Albert L. Feagan, 68, father of Mrs. H. R. (Jim) Brown of Lockney, died at his home near Landrum, S. C., early last Thursday morning. His death was attributed to a stroke and he died soon after being stricken.

Mrs. Brown left Amarillo by plane Thursday night to attend the funeral services which were held Saturday at 3 p.m. at Green Creek, N. C. Burial was in the cemetery there. Mr. Feagan and his family lived in the Irick community, S. C., for many years but moved to North Carolina in 1940.

Survivors include his wife; one daughter, Mrs. Brown of Lockney; three sons, Carroll, Ray and Bill, all of the same area where their father lived. Five grandchildren also survive.

Ford Infant Is Buried Tuesday

Kim Denise, infant daughter of Mr. and Mrs. Harold (Buck) Ford, passed away Monday evening at 9:30 at the Lockney General Hospital. The baby was born Sunday at 12 noon weighing only three pounds.

Graveside services were held at Lockney Cemetery Tuesday at 2 p.m. conducted by Rev. Charles Broadhurst, pastor of the First Baptist Church.

Survivors include the parents; one brother, Richard Kirby; the grandparents, Kirby Ford, and Mr. and Mrs. R. H. Ford; the great grandparents, Mr. and Mrs. C. V. Ford.

Floyd County Ranks Fifth In State

The Bureau of Research and Extension of the University of Texas in a report on the agriculture production of the state for the year 1959, makes figure that place Floyd County fifth in production of farm wealth in the state. Three plains counties—Hale, Lubbock and Lamb in that sequence—and Hidalgo in the Rio Grande Valley are rated ahead of this county. The figures put the Floyd County production at \$46,555,220 from 1,184 farms, averaging a gross of \$39,320 per farm. These figures exclude government payments of any kind. Higher production figures offset much of the reported gain in income, it is pointed out.

Fair Board To Meet Saturday

The directors of Floyd County Fair Association will meet Saturday evening, June 4 at 8 p.m. at Rogers Restaurant in Floydada. It was announced by officials this week.

CRITICALLY ILL

Mrs. Marie Burt, mother of Mrs. Fred Byrd, is reported to be critically ill at Lockney General Hospital where she has been a patient for a number of months. Other members of the family are here at her bedside.

Rowells Will Have Formal Opening Friday - Saturday

Formal opening for Sterley Grocery will be held Friday and Saturday of this week. Owners and operators are Mr. and Mrs. Henry Rowell and son, Lawson. The Rowells have recently built a new building at Sterley to house the store.

Free groceries, free coffee and doughnuts, musical entertainment and special prices will mark the opening celebration at the new store. Mrs. Rowell said Tuesday.

Rev. McAnally Is Returned As Local Pastor

Rev. Russell McAnally was returned to Lockney Methodist Church as pastor in appointments read at the conclusion of the Northwest Texas Methodist Conference in Amarillo last Friday. Rev. Dewitt Seago was also returned to the church at Floydada. Few changes were made in church appointments in the area.

One major item of business to come before the Conference was the taking of initial steps toward establishing a Methodist home for older people to be located within the boundaries of the Conference, and the adoption of a Conference-wide program for financing of new construction with a quadrennial goal of \$208,000 for church extensions.

Changes in the Plainview district included the assignment of Rev. J. E. Shewbert to be district superintendent succeeding Rev. R. Luther Kirk. Rev. Shewbert comes from Vernon and Rev. Kirk has been assigned to be district superintendent at Middlewell Church near Dumas, who has been in the past year, was assigned to Clarendon, at Petersburg. Rev. Elton Wyatt succeeds Rev. Raymond Van Zandt who goes to Odessa.

Rev. Tommy Ewing was returned to the Aiken Church and Rev. J. W. Read to the Sterley church in the appointments.

Stapleton Named President Of Old Settlers Ass'n

District Attorney John B. Stapleton was named president of the Floyd County Old Settlers Association at the annual meeting last Saturday. Other officers named were Duncan Hollums, vice-president, and Mrs. Mae Garret, re-elected as secretary. More than 700 old settlers registered during the day and many others were in attendance.

Services For Ben Reecer Today At 3:30

Funeral services for John Benjamin (Uncle Ben) Reecer will be held today (Thursday) at 3:30 p.m. at the Main Street Church of Christ. Officiating will be the minister, S. A. Freeman.

Burial will be in the Lockney Cemetery beside the grave of Mrs. Reecer who passed away in 1946. "Uncle Ben", as he was affectionately known by hundreds of Lockney people, died at 1 a.m. Wednesday in a rest home at Amherst where he had been a patient several months. Death was attributed to a stroke. He fell about three weeks ago and broke his hip but the bone was mending and he was believed to be on the road to recovery when stricken.

"Uncle Ben" was born August 6, 1878 in Tennessee. He came to Texas, settling in Lockney, in 1926. He served for some 20 years as custodian at Lockney High School and had also worked as a butcher.

Survivors include one son, Loren, Lockney; two daughters, Mrs. Charlie Cross and Mrs. Pike Hanna of Floydada; one sister, Mrs. Nell Watson of Howe, Tex. Ten grandchildren and 10 great-grandchildren also survive. One son, J. B., was killed in Europe in 1945 while serving with the U. S. Army during World War II.

Mrs. Bowman Dies In Missouri Sunday

Mrs. Ray Bowman, a former resident of Lockney, died suddenly of a heart ailment at her home in Birch Tree, Mo., Sunday at 4 a.m. She was about 50 years of age.

Mrs. Bowman was a sister-in-law of Mrs. Sid Brown and Harley Bowman of Lockney and an aunt of H. R. (Jim) Brown. She and her husband lived in Lockney for many years but moved to Missouri in 1952.

None of the local relatives were able to attend the services which were closing out at 11 a.m. at the home of Mrs. Bowman. Survivors: Mrs. Raymond Bowman, one son, Gerald Ray, who is in Germany; two daughters, Mrs. Betty Edgar of Birch Tree and Mrs. Bea Wiley of Dallas; and two grandchildren.

LEAVES FOR NAVY

James Hale, 19-year-old son of Mr. and Mrs. Roy Hale of Harmony Community, left Monday morning for Albuquerque, New Mexico, where he was sworn into the Navy. He arrived at the U. S. Naval Station in San Diego, California, Wednesday afternoon for a 9-weeks boot training course.

SWEEPING IMPROVEMENTS IN MAIL SERVICE ANNOUNCED

Postmaster General Arthur E. Summerfield today announced sweeping improvements in mail transportation that will mean better mail service for Lockney and 124 other communities in the Amarillo and Lubbock metropolitan areas, covering over 37,000 square miles. Discussing the program at a meeting of postmasters in Amarillo, Geo. A. Gray, Regional Operations Director, said that 900,000 people in the 40 Texas counties would benefit by better mail service.

Barring infrequent delays in media of transportation and occasional distribution errors, first-class letters mailed at designated collection boxes or in the post office before 5:00 p.m. will be delivered on the first delivery at any office in the areas on the following business day.

"Tests just concluded," Mr. Gray said, "proved the mail pattern to be highly successful. Approximately 600,000 first-class letters originate on an average business day in post offices within these two metropolitan areas. Approximately 66 per cent of this mail is destined for points within the area. We have tested our newly changed operations with highly gratifying results."

He pointed out that mail for and from offices outside the area, all over the United States, will be expedited by the new arrangement. Accelerating the flow of mail in the metropolitan areas, it was explained, is part of the vast postal program which has next-day delivery between any two cities in the country as its long range objective. The revised mail pattern is based on the establishment of sectional centers to which mail from outlying offices is brought for consolidation, distribution and onward dispatch for connection with truck line facilities, principally at Amarillo.

These sectional centers have been established at Amarillo, Childress, Lubbock and Plainview.

County 4-H Club Members Go To State Round-up

A number of Floyd County 4-H club members and leaders will attend the State 4-H Round-up at College Station next week. Most of those attending will participate in the state 4-H contests. Following is a list of the teams and members from this county who will participate in the state meeting:

Electric Team Demonstration — Paulette Kropp, daughter of Mr. and Mrs. Paul Kropp, Lockney, and Frances Jones, daughter of Mr. and Mrs. Sam Jones, Providence, members of the Lockney 4-H Club.

Dairy Foods Demonstration — Janice Miller, daughter of Mr. and Mrs. Lynn Miller, Sand Hill, member of Sand Hill 4-H club.

Entomology Team — Jimmy Huckabay, son of Mr. and Mrs. J. T. Huckabay, Sand Hill; Tommy Odgen, son of Mr. and Mrs. Ray Odgen of Floydada; and Kenneth O'Neal, son of Mrs. Wanda O'Neal, Starkey. Jimmy is a member of the Sand Hill 4-H club, Tommy of Floydada, and Kenneth of McStar 4-H club.

Also attending will be 4-H leaders Mrs. Lynn Miller and Mrs. Paul Kropp and John Schlittler, assistant County Agent.

They will leave from Lubbock at 6:30 a.m. Tuesday by chartered bus, with other 4-Hers, leaders and agents of district two. They will stay on the Texas A&M campus the two nights and one day they are there.

There will be a barbecue Tuesday night for all 4-H participants, leaders and agents attending the State Round-Up. Wednesday the contests will be held to determine the state winners. Recreation will be Wednesday evening.

They will arrive back at Lockney Friday, arriving about 5:00 p.m.

School Equalization Board Will Meet

The equalization board for the Lockney Independent School District will meet June 13 and 14, it was announced this week. The board will meet at the high school building and those wishing to discuss valuation of their property by the school district should contact the board at that time.

Methodists To Start Campaign To Raise \$43,000

A campaign kick-off dinner Wednesday evening of next week at the First Methodist Church will launch a campaign to raise \$43,000 for an addition to the church, it was announced Wednesday by Carroll Minor, general chairman. The dinner will start at 8 p.m. and all committee members are especially urged to attend. Adults of the entire church are also invited.

Speaker for the occasion will be Dr. Howard Crawford, pastor of the First Methodist Church of Plainview. A final vote on the church building program will be taken.

The church has recently purchased three lots just north of the present building at a cost of \$10,000. Cost of curbing and paving is estimated at \$1,000 and estimated cost of the 4,000 square foot addition is \$32,000. The total of these three is \$43,000 which is the church goal. It will be necessary to raise at least half of the total amount before construction can begin on the building, Mr. Minor said.

Associate chairmen of the campaign with Mr. Minor are Lavon Johnson, Mrs. Dorsey Eaker and C. L. Record. These with the pastor, Rev. Russell McAnally and Oliver Holmes, chairman of the finance committee, make up the steering committee for the campaign.

Donald Farish Returns To San Antonio Today

Donald Farish, a freshman student of Texas Chiropractic College, San Antonio, plans to leave today (Thursday) to continue his studies after spending a week here between semesters with his parents, Mr. and Mrs. Clyde Farish. At the close of the summer semester Donald will have completed the first year of the four-year course at the school. During the summer he will work part time with the Dennison Furniture Company. He is a 1958 graduate of Lockney High School and attended Texas Technological College one year before entering the Chiropractic College. Donald served as Student Council representative for the Freshman class and has been named Student Council secretary for next year. He is a member of Delta Sigma Phi.

EDITORIAL

Now faith is the substance of things hoped for, the evidence of things not seen. — Hebrews 11:1.

ONE WONDERS IF Nikita Khrushchev's influence will be felt in the coming presidential election. Will the people of this country want their next President to try to appease the Russian dictator in order to avoid any chance of war or will they want him to stand firm and resolute against the Communists' tactics? Mr. Khrushchev has already expressed his displeasure with the current President and belittled the Vice-President. Will the average voter look favorably upon the man who appears to get along with the Communists or will Khrushchev's bluntness and vilification turn the voters in favor of those whom he curses? It is altogether possible that the Russian dictator may have some influence in the Presidential race and it may be that this was his aim from the start. We are glad to see that our own Lyndon B. Johnson has taken a firm, resolute stand against appeasement of the Russians in any form and that he is not trying to make a poli-

tical football of the U2 incident.

THE SMALLEST BALLOT in history will be facing Floyd County voters in the second Democratic primary Saturday. Only one race will be on the ballot, that being for the office of Judge, Court of Criminal Appeals. The incumbent, Judge Lloyd W. Davidson is opposed by District Judge W. T. McDonald of Brazos County in the race. We have called our readers attention previously to Judge Davidson's record of legalistic hair-splitting and we hope that the majority of Floyd County voters will vote for Judge McDonald. Judge Davidson's record shows that he has voted to reverse criminal convictions for very slight reasons. One was the famous "stomping" case wherein the conviction of a man for murder was reversed because the indictment stated that the victim was "stomped to death" and did not say "with the feet." In another case, the conviction was reversed because the name of the county was misspelled. Many other similar reversals have served to make a mockery of our criminal courts and flaunt justice. It's time for a change.

FROM HUMAN EVENTS: "The phenomenal rise in the European standard of living produced by private enterprise is responsible for the decisive victories of conservative parties in Great Britain, Germany and France . . . and the demoralization of labor-socialist parties in these countries. Even socialist India is reconsidering its attitude toward nationalization. In Canada, the once-growing left-wing parties have collapsed. With trends elsewhere running strongly conservatism, will the U.S.A. prove the exception and turn leftward in 1960."

A SPOKESMAN for the Citizens Public Expenditure Survey states that "if the federal government does not start paying off the present debt, in the next 30 years we will pay interest charges equal to the \$284 billion principal of the debt — and still owe all of it."

ACCORDING to Washington Report, a publication of the Chamber of Commerce of the United States, some 680,000 new school classrooms have been built since World War II. So, of the 1,330,000 classrooms that will be in use this fall, more than half will be of postwar construction. Communities have stayed ahead of enrollment requirements for classrooms, it adds — "without federal intervention!"

THE AMERICAN WAY

Back to the Attack

With Our EXCHANGES

TO SUM-MIT ALL UP . . .

Two very certain points have been made clear with drawing of the final curtain on the summit meeting.

The first, that the U2 flight was not the real cause of the summit crisis. Although Mr. K used this as the means of wrecking the meeting, or at least so say American news sources, it was a set fact that the summit meeting was headed for upheaval before the spy plane incident had been announced.

Secondly, the West can certainly expect a fierce psychological offensive in the weeks that are to come and that any appearance of timidity or divided counsels in the Western camp will be ruthlessly exploited. The West must be prepared to stand firm. This does not mean it should become inflexible.

The Western leaders must be ready to seize any opportunity they may find for fruitful negotiations for worldwide peace.

Because the summit breakup made world politics look bleak.

INTERROGATION

Prospective customer at tobacco counter: "I'd like to buy a carton of cigarettes."

Salesgirl: "There are so many brands. Which one would you like?"

The customer thought for a moment, then mentioned a brand.

Salesgirl: "Do you want the soft pack or the crush-proof box?"

Customer: "Soft pack."

Salesgirl: "King size or regular?"

Customer: "King size."

Salesgirl: "Filter tip or plain?"

Customer: "Filter tip."

Salesgirl: "Menthol or mint?"

Customer: "Menthol."

Salesgirl: "Cash or carry?"

Customer: "For heaven's sake, forget the whole thing! This interrogation has taken so long that I've broken the habit."

ADMISSION PRICE

Went out to Reese Air Base last Saturday afternoon and watched the jet jockeys perform. Good show. Also kinda expensive. Heard a couple talking about how interesting it was and the wife was surprised there were no ticket sales to the show. Lady, there was, you just weren't aware of them. The local show, combined with shows all over the nation cost each person, whether they attended or not, a pocketful of money. Those jets don't fly on air and the stuff they burned last Saturday could have supplied one or two Texas farmers with enough fuel to have planted their cotton crop once or twice — for the next ten years. — Marvin Tommee in Ralls Banner.

Dear Editor:
 I see where the Smithsonian Institution is fixing to make a study and see what can be done about curing sharks of their anti-man bias.

My shark-prejudiced neighbor says this might be a better world, and a more vegetarian one, if all God's creatures took up love and quit trying to live off of one another.

Says the Smithsonians might try a Supreme Court edict that men and sharks have got equal rights in the sea, and ordering them to integrate, but seems like this is what the sharks try to do, every chance they get.

LETTERS TO THE EDITOR

College Station, Texas
Dear Editor:
Thank you for the kind words in your editorial of the 19th about W. T. McDonald for Judge, Court of Criminal Appeals. I have known him for many years. We have been churchmen together (Episcopalians), vestrymen, lay readers, delegates to diocesan councils, etc. I taught his son in Sunday school. May we get rid of the hair splitters.

N. D. Deavenport Completes Course

Aberdeen Proving Ground, Md. (AHTNC) — Army Recruit Newton B. Deavenport, son of Mr. and Mrs. Loyd S. Deavenport Sr., South Plains, Texas, completed the eight-week field artillery repair course May 6 at The Ordnance School, Aberdeen Proving Ground, Md.

Deavenport was trained to repair and rebuild light, medium and heavy field artillery equipment, gun mounts and related material.

The 19-year-old soldier entered the Army last December and completed basic training at Fort Riley, Kan.

He is a 1958 graduate of Floydada High School and was engaged in farming, before entering the Army.

Of the 9,500,000 Americans who applied for life insurance last year, 9,118,000 or 97% were accepted as insurable.

DAN SMITH, Lockney Longhorn star lineman the past two seasons, here signs a contract for a football scholarship at West Texas State College, Canyon. Shown with him is Assistant Buffalo Coach Jack Harris. Dan is the son of Mr. and Mrs. Weldon Smith and a 1960 graduate of Lockney High.

Mosquito Control Protects From Encephalitis

Summer and "sleeping sickness" go hand in hand. Sleeping sickness is actually a type of encephalitis transmitted by infective mosquitoes. The popular name is derived from the stupor it sometimes causes among its victims.

Since mosquitoes abound in warm weather, summer is the danger season for mosquito-borne encephalitis. The State Department of Health last year received reports of 57 cases, all of which occurred during the months of summer and early fall.

Altogether there are some 75 species of mosquitoes which have been identified in Texas, but encephalitis is spread principally by just two. The experts call them "culex tarsalis" and "culex quinquefasciatus." The latter is sometimes called the household mosquito because it has adapted itself to backyard environments.

The time it takes a mosquito to develop from egg to the blood-hungry adult that plagues you on a summer night depends on the species, the temperature and the food supply, say State Health Department entomologists. In Texas it can vary from four days to two weeks.

Here are some suggestions on ways to minimize mosquito populations in and around your home this summer.

Eliminate all possibilities of water standing and stagnating. Clean gutters, pick up old buckets, cans, automobile tires and other objects likely to catch and hold rain water. Make sure septic tanks or cesspools are covered with earth.

Evaporative coolers and water containers for pets and livestock should be drained and refilled weekly. Tree holes should be filled with cement or mortar.

Empty and replace the water in flower vases regularly. Make sure window and door screens are doing the job. If you have a backyard goldfish pond, put a few easily-found top-water minnows in it to control mosquito larva.

Proper spraying with a good residual spray should be used on out buildings and other likely points of mosquito landings.

Driver-less Auto Blasts Brick Wall

Floydada. — A driver-less car, already practically wrecked, from an intersection collision earlier with a half-ton pick-up, jumped through a hedge and slammed into a car garage attached to the DeWitt Seago home late Tuesday on South Fifth Street.

Miss Ima Jean Noland, was driver of the 1959 four-door Impala, and the pick-up was being driven by Johnny Stutts. The two vehicles crashed in the south part of the intersection of 5th and West Kentucky.

Perry Smith, city police, who investigated the unusual accident, said Miss Noland was driving along Kentucky street headed east, Stutts was driving south on 5th, and failed to yield right-of-way at a stop sign.

Miss Noland, seeing the pick-up was not going to stop, started braking her car and pulling to the right of the street. Her car and the right front fender of the pick-up hit.

Miss Noland said she found herself partly falling out of the car. Thinking the vehicle had come to a stop, she stepped out just as it started gaining momentum.

The Chevrolet went through a thick hedge on the corner and side of the Seago home and then gained added speed just as it went through the front end and south wall of the Seago garage. Game men said the throttle of the car undoubtedly hung on the first impact causing the burst of speed.

Neither driver was hurt seriously. Miss Noland was taken to Lockney General for x-rays and treatment of twisted ligaments of her back. Miss Noland is secretary of District Attorney John B. Stapleton.

New Leaflets On Fertilizer Available

College Station.—Texas Agricultural Extension Service leaflets containing general fertilizer recommendations for each of the 14 land resource areas of Texas are now available. Recommendations in each leaflet are those found best by experiments, soil test summaries and practical experience in the field.

The recommendations, however, are general in scope. Since soils vary so much in nutrient levels, soil tests should be made in order to obtain more definite and economical fertilizer recommendations. The major purpose of each leaflet is to serve as a guide.

For best results with fertilizers, other factors should be favorable, such as a well-prepared seedbed, good stand, absence of disease, adequate moisture, aeration and good cultural practices, the leaflet points out.

Good cropping systems with legumes in rotation aid in a favorable response of crops to fertilizers. When crops follow legumes turned under, the amount of nitrogen needed may be reduced. Where soil and crop management practices are favorable, even higher rates of fertilization than those shown may be economically advantageous.

Recommendations for specific crops such as cotton, corn, carrots, apples, Sudan and many others are given in the leaflets. The leaflets also point out how grades of fertilizers are calculated. There is also a discussion on methods of application.

Local county agents have copies of the leaflet for the area in which they work. See him soon for a copy.

The U. S. is flag-maker to the world. America's skilled flag makers manufacture the flags of more than 150 countries, reports World Book Encyclopedia.

Flay Day was established as an annual national celebration in 1916 by President Woodrow Wilson. World Book Encyclopedia points out that it is not an official national holiday, but the President proclaims a public observance every year.

MRS. JACK FORD

Sunday Rites Unite Vickie Sue Cook And Jack Ford

Miss Vickie Sue Cook, daughter of Mr. and Mrs. M. C. Cook, Lockney, became the bride of Charles Neil (Jack) Ford, son of R. H. Ford, also of Lockney, in a double ring ceremony solemnized Sunday, May 29, at 12:30 p.m.

The impressive rites took place in the sanctuary of South Side Baptist Church in Lubbock with Rev. Clifton Igo, pastor, officiating. Rev. Igo and the bride's father were school mates and have been lifelong friends. Wedding chimes provided a soft musical background for the exchange of vows.

The bride was attractive in a street length dress of cotton and silk designed with a fitted bodice, rolled stand-up collar, short sleeves and a midriff of wide white lace. Matching lace also accented the lower part of the full gathered skirt. She wore a white nylon Pixie style hat with a pearl drop marking each leaf point. She carried a white Bible topped with a bouquet of pink carnations showered with satin streamers tied in love knots.

For something old the bride wore pearl-drop ear clips and something new was a matching pearl drop necklace. Borrowed was a white Bible belonging to Mrs. Max Marble, cousin of the bridegroom. Blue was a garter, a gift from Miss Ann Brown.

Attending as ring bearers were Judy Igo, Lubbock, and David Cook, brother of the bride. The couple attended Lockney High School and the bridegroom graduated with the 1960 Class on Thursday night, May 26. The bride was classified as a Junior.

Following the ceremony those in attendance were guests at a wedding luncheon at a Lubbock cafeteria given by the bride's great uncle and aunt, Mr. and Mrs. B. C. Coats of Shallowater.

Present were Rev. and Mrs. Clifton Igo and family, Mr. and Mrs. M. C. Cook, David and Robert, the B. C. Coats and their two sons, Charles and Johnny, and the honorees.

After a trip to Santa Fe, New Mexico, the couple returned on Tuesday to make their home in Lockney. Mr. Ford is engaged in custom farm work.

Morning Coffee Honors Former Residents

Mrs. L. G. Rhine was hostess for a Morning Coffee at her home Wednesday, May 25 honoring her daughter, Mrs. Jamie Robison of Carlsbad, N. M., the former Audrene Rhine, and Mrs. Edgar Raymond Musser, of Wayne, Michigan, the former Patsy Holland.

The honorees are both graduates of Lockney High School and were here visiting their parents, the L. G. Rhines and the R. L. Hollands and other relatives. Mrs. Robison and daughter, Renee left Thursday of last week after spending two weeks here. Mr. and Mrs. Musser and sons, Tommy and Bob left Monday of this week. They were here two weeks visiting the Hollands and his parents, Mr. and Mrs. E. R. Musser and family.

Coffee and sweet rolls were served to Meses. Don Marble and Donette, Bobby McCormick, Janet and Joan, Bill Sherman and Mark, Pat Frizzell and Melanie, Rayford Martin, Kevin and Brent, Deanie Henderson, Ginger and Ginny, R. L. Holland, the honorees and the hostess.

Lots of parents would have a car if the kids didn't have drivers licenses.

MISS JANICE BOEDEKER

Miss Kitty Ford was presented a Majority Certificate by the Mother Advisor and Miss Nancy Schacht was presented her gavel by her mother, Mrs. Henry Schacht.

Special guests at the meeting were Mr. and Mrs. Bob Dyson, Floydada and Mrs. Sandra Hammit, Lubbock. Mrs. Dyson is a Past Grand Visitor and Mrs. Hammit is a Past Grand Faith. Other guests introduced were the parents and brother of the new Worthy Advisor, Mr. and Mrs. Charlie Boedecker and Terry.

Miss Boedecker was hostess at a tea following the installation service. The dining table was laid with white linen and centered with an arrangement of yellow daisies accented with aqua ribbon and net, denoting the Worthy Advisor's chosen colors. Napkins were yellow lettered in aqua with the new officer's name and office. Mrs. Owen Thornton served the white cake which featured a rainbow across the top and Janice's name and station at the base. Yellow fruit punch was served by Mrs. Ewald Quebe.

Woody-Cartheil Vows Exchanged

Miss Wanda Woody, daughter of Mr. and Mrs. V. A. Woody, Lockney and W. F. (Cap) Cartheil were married Saturday, May 28 at 6:30 at the home of J. J. Harris, Justice of the Peace, who officiated.

After a short wedding trip to Lawton, Oklahoma the couple will be at home in Lockney where Mr. Cartheil is deputy sheriff. Mrs. Cartheil will continue to work at Golden's Restaurant.

CROSS ROADS REPORT

Dear Editor: I note that Prejudice now ranks pretty high among the Top Ten Sins, but my born-biased neighbor says he still likes some things and some people better than others.

Says loyalty to your country, your religion, etc., was formerly virtuous, but the New Thought crowd have got it figured, for instance, you can't be a Baptist unless you hate Methodists.

Says it may get to where a man will have to do some stepping out on his wife, just to prove he is not a bigot and prejudiced against other women.

Tempt Teen-Agers With Tasty Milk Beverages
One way to get the teen-agers in your family to drink the milk they need is to show them quick, easy and attractive milk beverages they can make.

Because sociability—and the foods that go with it—is so important in the teens and early twenties, it's important to pay special attention to the use of milk as a party refreshment. Milk shakes, made with or without ice cream, can give festive flavors and touches with very little extra trouble. Flavors include vanilla, almond, chocolate, chocolate-mint, molasses, spices such as cinnamon and nutmeg, maple, banana or mocha—a combination of coffee and chocolate.

To keep calories low, make flavored beverages with skim milk—fresh and dry. Add dry milk to fresh fluid milk to give appetizing thickness and foam as well as extra nutritive value.

A popular pink milk shake can be made by beating peppermint stick ice cream into milk. Garnish with crushed peppermint candy or with peppermint sticks for stirrers. A handsome yellow drink is chilled egg nog garnished with a bit of grated orange peel. Crushed taffy and nutmeg may top a molasses milk drink, and chocolate chips a chocolate or mocha shake. Mashed bananas whipped into milk give appetizing texture as well as flavor.

For variety, serve "floats"—milk beverages with a scoop of ice cream floating on top.

Tasty recipes for special milk beverages are given in the Extension Bulletin "Good Milk For Good Meals". You can get a copy from the Extension Office.

Caladiums Add Color To Homes and Gardens
Fancy-leaved caladiums in planters or pots add color and interest to indoor furnishings. They also can be used to brighten summer gardens.

Recommended varieties, ranging in color from snow white with green to deep red with green, include: Candidum, Lord Darby, Crimson Wave, Poecile Anglais, Red Ensign, Spangled Banner and Thomas Tomlinson.

Wheat
Visited the Great Plains Experiment Station at Bushland, Texas, this past week and the research that they are carrying on.

A new variety released last year named *Tascosa* is showing up real well in its variety test. A variety that is two to four inches shorter than our present commercial varieties and with all appearance of good yields. If enough seed is available it might be one that you would like to try.

Wheat fertilization work on irrigated land shows that eighty to one hundred pounds of actual nitrogen, per acre will provide the best yield increase for fertilizer dollar spent. The sources of nitrogen do not seem to make any difference, neither does the time of application up to a top dress in February.

On dryland test Crockett has out yielded Wichita. It is a variety that has a higher test weight and less shattering than Wichita and about the same maturity.

Aztec may be another variety that you will hear about. It is a late variety developed in New Mexico and might have some possibility under irrigation.

Federal Gas Tax
Refunds for federal gasoline tax will be due after June 30, 1960. This is to include gas used from July 1, 1959, to June 30, 1960. If you need forms to send this refund in we have them available at the County Agent's Office.

Dear Editor: I see where the non-Catholics in West Virginia just about knocked out Kid Kennedy's religious martyr issue, and he will now have to think up some other reason why he ought to be elected President.

My low-hope neighbor says we might as well go ahead and vote him in, to prove we are not prejudiced against youth.

Says aggressive type youngsters might as well be determined to run the world, and if we just turn it over to them, we might not have so many of these anti-government riots and petty raids.

STATE CAPITAL Highlights AND Sidelights

by Vern Sanford
TEXAS PRESS ASSOCIATION

Austin, Texas. — Most ardent advocates of a tax bill to pour fresh funds into the state's coffers likely will be legislative employees.

They may be hunting new jobs or working for nothing before the year is out.

Only about \$130,000 remains in the legislative expense fund for use between now and the end of the year. A good part of this probably will be needed to pay travel and miscellaneous expenses of the study committees that meet between sessions.

If these expenses run very high, the permanent legislative employees — people who keep records, staff the legislative library, etc. — may run short on salary money.

Their only course, if they want to stay on in their jobs, will be to hang on until the new legislature finds money to pay them.

cost the state \$2,773,140. This averages out to \$16,385 a day when the lawmakers are meeting, according to State Auditor C. H. Cavness' report.

Of the \$2,773,140 total, \$724,000 was spent by the 32-member Senate, \$1,242,000 by the 150-member House. Each member received a salary about \$5,000, at the rate of \$25 per day.

Rest of the expense is mostly for the employes to keep a session going — answer letters, keep records, print bills, etc.

SALES TAX TAKE ESTIMATED — A retail sales tax with groceries, medical and other services exempted would raise an estimated \$133,000,000 a year, a legislative committee was told.

Collection costs would run about \$3,000,000 a year, a Texas Research League tax expert told the Commission on State and Local Tax Policy.

If the tax covered not only finished products but raw products used by business in manufacturing, the take would be some \$80,000,000 a year more but would result in the consumer's paying two taxes on one item.

A retail sales tax would not hurt Texas' future industrial development, the Commission was told by a business expert, but a tax on manufacturing raw materials would.

Very few elective officials have come out strongly for any kind of broad-based sales tax. Some are bound to look longingly at this avenue, however, since the amount that will have to be raised next year will, if teachers get any sort of raise, be almost as much as a retail sales tax would net.

"LAME DUCK" OPINIONS ASKED — Atty. Gen. Will Wilson has been asked for opinions on whether retiring lawmakers should continue to serve on two important interim committees.

Four members of the Commission on State and Local Tax Policy are "lame ducks." They are the chairman, Sen. Bill Fly of Victoria; and Rep. Frates Seeligson of San Antonio, who were defeated for re-election; Rep. V. L. Ramsey of Beckville, who ran for comptroller and lost; and Rep. Obie Bristow of Big Spring who didn't run this year.

Three of the five members of the House General Investigating Committee also did not run for new terms. They are Rep.

GAS TAX ARGUED — Court action has begun on what will undoubtedly be a long legal battle over whether the natural gas severance beneficiary tax passed last year is constitutional.

An estimated \$15,000,000 a year in state revenue is at stake.

Tennessee Gas Transmission Co., which filed a separate suit was the first to begin argument in the Austin district court. A consolidated suit, involving 80 other companies, will be heard by the same court on June 16.

Tennessee Co. spokesmen argued that the pipelines are in the business of transporting only and should not be subject to a tax based on the value of the gas.

Case is not expected to be decided finally for many months when it has gone through all the lower courts and finally to the U. S. Supreme Court.

SHORT SNORTS — Corporation tax payments have reduced the general revenue fund deficit to \$45,736,868, according to State Treasurer Jesse James.

Forty per cent of Texas boat owners still have not registered their craft under the new boat licensing law.

Texas traffic deaths for the first 20 weeks of this year are down by 13 per cent from what they were a year ago, reports the Department of Public Safety.

INDUSTRY - SEEKING BUDGET SET — Texas Industrial Commission has set up an operating budget of \$100,000, of which \$76,250 will have to be raised privately.

Legislature appropriated \$23,750 for the Commission, about 10 per cent of what was asked.

Between now and Sept. 1, 1961, the Commission proposes to spend about \$50,000 on printing, mailing and advertising. Remainder would be spent on salaries and office expenses.

Commission's goal is to attract 254 new industries to Texas in the next year.

Former Attorney General John Ben Shppard of Odessa has been named chairman of a 400-member citizens advisory committee which will assist the committee by gathering information on local conditions.

Group Develops Quail Program In Panhandle

Austin. — Approximately 55 landowners in Parmer County near Farwell have joined in a cooperative program for quail production this year, according to W. J. Carruth Jr., assistant executive secretary of the Game and Fish Commission.

Working with County Agent Joe W. Jones, landowners have signed agreements to plant quail from the State game farm, under the direction of the Parmer County Game Management Association. The property now is being inspected by Game Warden Pat Donnelly, as is required before quail can be released from the hatchery.

According to County Agent Jones, the association has bought 125 Game Cooperator signs which will be placed on fences of the landowners participating in the program.

Much of the land involved is in the open range country bordering the New Mexico boundary. Approximately 400,000 acres of land is under irrigation in Parmer County, it being one of the principal grain sorghum producing areas of the State.

Programs of this kind are encouraged by the Commission, according to Mr. Cutbirth. Birds are provided at 50 cents each, which is approximately half the production cost at the Tyler Hatchery. It is expected that some 60,000 birds will be produced there this year for landowners who want to restock their places and can qualify with feed and cover.

South Plains

By Mrs. Murray Julian

A nice general rain fell over our area Monday morning with everyone getting about half an inch. Under cloudy skies, the rain all soaked in to the utmost good Decoration Day.

Rev. Ruell Cook, visiting minister from Temple Baptist Church of Fargo, North Dakota, spoke at TU Services Sunday night here. He was with his brother-in-law, Leslie Ferguson.

Mr. and Mrs. H. S. Calahan Jr. and children visited in Lockney Sunday with his folks, Mr. and Mrs. H. S. Calahan Sr.

Vacation Bible School is held Monday-Friday from 3 to 6 p. m. this week, with Mrs. L. T. Wood, superintendent. Teachers are Mince, Charles Park, John Gillispie, Bryan Karr, Wayne Adams, Kendall Cummings, Reuben Sessums, J. P. Taylor, Arby Mulder, Ed Noel, Sterling Cummings, H. S. Calahan Jr., Rex Smitherman, Hansel Sanders, Grigsby Milton and Mrs. Garvin Beedy. 74 were enrolled Monday.

Mr. and Mrs. James Teague and Earl were here Saturday night and Sunday morning visiting her folks, Mr. and Mrs. L. T. Wood.

Bill Beedy and Bud Higginbotham went to Canyon Thursday to help move Mr. and Mrs. Eugene Beedy to their home. Bud came home with Alton Higginbotham who is also home with his folks for the summer.

Tommy Respondek, an art major, is home with his parents for the summer from WTSC at Canyon and Kendis Julian came home Wednesday night, to be here until June 18 with his folks. He leaves for ROTC camp at Fort Hood, Texas, on that date.

Mr. and Mrs. Frank McClure had as guests Sunday afternoon his sister, Mr. and Mrs. C. G. Givens of Lubbock.

Many from South Plains attended the dinner, parade and festivities of Old Settlers Day, Saturday, May 28 in Floydada. The rain clouds looked ominous, and many came home over muddy roads. A lot of hail fell here, but it was soft. Around the B. C. Hinsley, John Key West, etc. farms they received an inch of moisture. Other farms to the east — Rex Smitherman, Grigsby Milton, Murray Julian, Wm. Stinnett — received around 3-4 inch. There were only small amounts elsewhere.

Mr. and Mrs. Eugene Beedy went to Lubbock Friday to spend the night with Mr. and Mrs. James Teague and Earl.

Mr. and Mrs. Arby Mulder, Nathan and Kathy spent Sunday with her sister, Mr. and Mrs. Pete Land.

The W. E. Thomases and Mrs. Maud Brister returned Friday night from Olney where they were called Monday by the severe illness of his sister, Mrs. E. D. Higgins. She was some better when they left.

The E. J. Kinslows, Phil, Bary and Stevie, spent Friday and Saturday in Oklahoma City going through the asthma clinic, with the exception of Stevie. E. J. went from there Saturday to Mitchell, Indiana, to drive home the new school bus for South Plains school.

House guests of the Sim Reeves Thursday night were her brother, Mr. and Mrs. John Austin of Lubbock.

The S. D. Kinnibrughs, Marilyn, Johnny Calahan, Mrs. J. K. West and Mr. and Mrs. J. M. Williams came home Friday night from the eighth grade trip to Ruidoso, N. M. Mr. and Mrs. I. H. Parks, J. Frank, Barbara Milton, Daniel Padilla, Dwight Teeple and Wanda

prairies stayed there until Saturday night. They had left here Wednesday morning.

The Bill Beedys are expecting Mrs. Charles Beedy, Randy and Cindy this Monday afternoon from Stinnett, who will spend the next three days here with them as Charles is with the 4-H boys and girls at Camp Harrington, near Amarillo.

While the Philip and Ernest Smithermans were in Denver, Colo., the past week end they visited the city zoo, the museum, and a jet DC-8 Continental at the Stapleton Air Field. Larry has recently finished an anatomy study for one of the International Correspondence Text Books. Ernest was put in another cast Friday. We are sorry to report. He will have to wear the cast six more weeks. His leg was broken in April.

The J. P. Whitaker and her mother, Mrs. Floyd of Amarillo, visited Sunday with the R. E. Young family in Floydada, and with the Grigsby Milton family here.

There will be an important meeting of the deacons of the Baptist church Saturday night at 8 o'clock at the church.

Bryn Smitherman had to go back to the Lockney Hospital Monday and stay until Monday night. She had her tonsils removed last Saturday and is doing fine now.

While Ted Bell was in Brownwood attending the Rural Letter Carriers Convention, Mrs. Bell and children spent the week end here with her folks, the Sim Reeves. Sunday afternoon they all went to Lubbock to visit the Bob Reeves family.

Mrs. Rex Smitherman was hostess for a bridge party Friday afternoon at two o'clock in her home. Prize winners were Mrs. Glassmoyer, Mrs. Tye and Mrs. Connor won the traveling prize. Refreshments of strawberry pie, coffee and iced tea were served to Mes. Kenneth Bean, Johnny West, Bill Ware, W. T. Connor, Larry Glassmoyer, Kenneth Bishop, Jim Tye and Ras Ware.

Mrs. Bill Beedy had Sunday dinner in Fairview with her mother, Mrs. W. B. Wilson.

Mr. and Mrs. Fred Fortenberry went to Amarillo Wednesday and Thursday where they attended the Annual Methodist Conference. He was a delegate from Sterley Methodist Church, John Key West was a delegate from First Methodist Church of Floydada.

The home of Mrs. L. T. Wood was the setting for a going-away coffee Tuesday morning, 9:10-30, honoring Mrs. E. L. Morrison. The Morrisons are planning to move from our vicinity soon.

Mr. and Mrs. E. M. Quebe and son, Johnny, and Mrs. Ben Quebe visited Mr. and Mrs.

Clarence Brandes and family of Vega last Sunday.

Mr. and Mrs. Wilfred Stoerner and children were supper guests Friday night at the home of Mr. and Mrs. V. D. Ross Jr. of Hale Center.

Dinner guests Sunday in the home of Mr. and Mrs. L. B. Brandes were Mr. and Mrs. Ben Brandes.

The children of Providence school enjoyed a skating party and a picnic at Plainview Park at the close of school.

Mrs. Alvin Dietrich celebrated her birthday Sunday. Those enjoying the dinner and day of visiting were Mr. and Mrs. Arnold Dietrich and sons, Mr.

Providence

By Mrs. Wilfred Stoerner

Many in the community attended the memorial services held in Plainview and Lockney cemeteries.

Mrs. Sam Newman, Karl Simmann and Oliver Savage all remain patients at Plainview hospital. We wish for them a speedy recovery.

Guests this past week in the home of Mr. and Mrs. Wilfred Stoerner were Mr. and Mrs. Paul Mickleson of San Diego, Calif. They are the mother and father-in-law of an army buddy of Wilfred's who lost both his eyes in the Normandy invasion. They are on an extended tour of the United States going to New York and Washington, D. C. from here.

The community received a nice half-inch rain Sunday night. The high winds did some damage to the beautiful wheat in the community.

Mr. and Mrs. Wilfred Stoerner visited Dr. and Mrs. McCarthy Monday and saw their beautiful new home on the Olton highway.

Master Troy and Paul Titus, sons of Mr. and Mrs. Lewis Titus spent the week with Mr. and Mrs. Troy Kell of Portales, New Mexico.

Dinner guests Sunday in the home of Mr. and Mrs. Lewis Titus were Mr. and Mrs. Troy Kell and family of Portales, N. M., Mr. and Mrs. L. B. Titus and family of Silverton.

Mr. and Mrs. Albert Kelm visited Mr. and Mrs. Leo Boedecker Sunday. Others visiting were Mr. and Mrs. Ben Brandes, Mrs. B. F. Sammann Jr., Mr. Boedecker has been confined to his bed for the past two weeks.

Trinity Lutheran Church A. K. Windecker, pastor Tuesday afternoon at 2:30 p. m. all those interested in helping with Vacation Bible School will meet at the church to be instructed and given their materials.

Saturday 8:30 a.m. Confirmation instruction.

Next Sunday Pentecost will mark the beginning of the jubilee year observance of the new church. This will be a year of giving praise and thanks to the Lord for the blessings of the merger.

All churches in the new denomination will observe communion next Sunday. For that reason we too will observe Holy Communion next Sunday instead of Second Sunday.

Next week, June 6-10, Vacation Bible School will take place. Everyone who has children are urged to send their children to our Bible School. They are welcome.

Mr. and Mrs. E. M. Quebe and son, Johnny, and Mrs. Ben Quebe visited Mr. and Mrs.

Visitors in the home of Mrs. E. L. Woodburn during last weekend, Thursday until Sunday, were her son, Pat Woodburn and two daughters, Diann, 14, and Debra, 10, of Fort Morgan, Colorado. Diann graduates from junior high this week. Other visitors included Mrs. Woodburn's sister, Mrs. Clyde Dunn of Kermit and her two brothers, Mr. and Mrs. Ralph Stapleton of Flomot and Mr. and Mrs. John Stapleton and family of Floydada.

Mrs. John Vaughn of Silverton is visiting in the home of her daughter, Mrs. Bailey Henderson.

Sand Hill News

By Mrs. James Jeffress

The community received nice showers early Monday morning which were greatly appreciated. The measurements were from 60 to an inch. We are hoping the moisture is what the young crops are needing to start growing. Some are still planting, trying to get a stand of cotton but time is running out.

Mrs. Hollis McLain and Mrs. Lynn Miller met with the 4-H girls Thursday afternoon to start work on their clothing projects for the dress review on July 13. Pattern books were shown and instructions were given to the girls. Mrs. McLain is in charge of the older girls. Her group consists of Beverly Jeffress, Mary Starkey, Norma Hollums, and Bunny Hopper. Mrs. Lynn Miller is in charge of the younger group which consists of Elaine Starkey, Judy Bullocks, Becky Miller, Marilyn McLain and Betty Miller. The girls will have six meetings during the summer.

Janice Miller and Jimmy Huckabay will leave for College Station Tuesday, June 7, where they will give their demonstrations in Dairy Food and Animalogy. Congratulations to these two, and we wish them much luck.

The regular 4-H club meeting will be June 13 at 6 p.m. at the home of Mrs. Jess Starkey. She has been kind enough to let the 4-H use her pit for the Koffee Kan Kook-out, so everyone have your cans filled ready to cook when you arrive. Come have fun.

Everyone enjoyed Old Settlers Day. It's always nice to visit with your friends and neighbors.

Those visiting and helping James Jeffress celebrate his birthday Sunday were his father, Mr. and Mrs. Jim Jeffress of Amarillo, Mr. and Mrs. Jim Holmes and Mr. and Mrs. J. R. Turner and family of Providence. Visiting in their home Saturday night were Mr. and Mrs. Ed Noel and family from South Plains. Johnny Noel had returned home with Timmy Jeffress after the Old Settlers Parade.

Mrs. M. B. Swanner, superintendent of Vacation Bible School, called her workers together Monday afternoon at the church. Plans were completed for the school which begins Monday, June 13. Present were Mmes. Hugh Latham, M. B. Swanner, Tom Pierce, Kirk Slater, Bill Stringer, T. C. Hollums and Norma, Misses Mary Starkey and Beverly Jeffress.

Little Christy Stringer spent last week visiting in the home of her grandparents, Mr. and Mrs. Joe Earp at Munday, Tex. Mrs. Bill Stringer and her sister, Jo Francis of Lubbock, went after Christy Sunday afternoon and returned Monday.

Sarah Carey Wed Sunday
Miss Sarah Carey, daughter of Mr. and Mrs. C. P. Carey and Don Vaughn were united in marriage at Sand Hill Baptist Church Sunday afternoon at 3 p.m. by Rev. Frankie Rainey. The bride was given in marriage by her father.

Mrs. Jo Ellen Jackson Myrick was maid of honor. A reception was held in the home of Mr. and Mrs. C. P. Carey immediately following the ceremony. The couple will make their home in Lubbock after returning from their honeymoon. Both Sarah and Don attended West Texas State College Canyon, this year. Congratulations to two fine young people.

The Sand Hill Baptist Church had a going away party for Bro. and Mrs. Frankie Rainey Sunday night after services. The Rainey's were presented a beautiful bedspread from the church and refreshments were served to all present. Everyone enjoyed visiting afterward. The Rainey's will make their home with her parents, Mr. and Mrs. White, this summer and he will attend Southwest Seminary in Fort Worth. We send our best wishes and prayers with Frankie and Sue as they continue the Lord's work.

R. C. Bennett Family Reunion Is Held Sunday

The family of the late Mr. and Mrs. R. C. Bennett, pioneers of Lockney, held a reunion during the past weekend, climaxed with a dinner Sunday at the Alcoe in Plainview. Seventy-seven descendants were in attendance.

Many of the family members were here to participate in the Old Settlers Day activities on Saturday and Memorial Day services Monday.

The late Mr. and Mrs. R. C. Bennett settled near Lockney in May 1890 following their marriage in December, 1889. The couple reared 11 children, eight of whom are still living. All except one of the children were present for the family gathering Sunday. A great number of the grandchildren were among those attending.

Mrs. Bennett passed away in June, 1956 at the age of 85 and her husband died the following October at the age of 96 years, 10 months.

Present for the memorable occasion were Messrs. and Mmes. R. Irving Bennett, Hestand Bennett, Herman Thornton and children, Kay and Russell, Paul Kropp and children, Paul-ette, Bob and Jimmy, Owen Thornton and Kathy, W. O. Clark, Bob Muncy, Theo Griffith, Leon Wofford; Mrs. May Cope and Mrs. Pat McLaughlin, all of Lockney. From Plainview were Messrs. and Mmes. Harry F. Blenden, Jimmy McGowan and daughter, Janet, Robin Baker, Emmett Thornton; Misses Donna and Dian Herr; Mrs. Lydia Cope and Brian Bennett.

Others present were Mr. and Mrs. Clyde Bennett, Mr. and Mrs. Hesterly Hicks, all of Clovis, New Mexico, Mr. and Mrs. Burton Thornton, Sterling, Colo. Mr. and Mrs. Roe Bryant, Fountain, Colo., Mrs. Dorothy Taylor, Denver, Colo., Mrs. Fay Crawford, Dallas, Mr. and Mrs. Don Bryant, Olton, Texas, Babe Bryant, Fort Worth, Mr. and

W. J. Floydada, Mr. and Mrs. Gordon Lightfoot and family, Victoria. The men are brothers of Mrs. Hollums.

Sand Hill Brotherhood attended the Brotherhood meeting in Silverton Monday night but failed to bring home the banner. They tied with Quitaque with the largest number of boys, but Quitaque had more men present and took the banner. Men from here attending included Kirk Slater, Bill Goude, James Jeffress and Stinson Stringer. Boys going were Johnny and Earl Ray Rowan, Jimmy and Timmy Jeffress, Cecil Jackson, Jimmy Hammonds and a guest of Bill Goude.

Mr. and Mrs. Jess Starkey and family went to Ralls Sunday afternoon.

Those attending the 4-H meeting Thursday afternoon were Mmes. Hollis McLain, Lynn Miller, Bun Hopper, Jess Starkey, Orton Miller and James Jeffress, along with the girls present.

Mrs. Barney Manning, Mrs. Mary Louise (Bill) McCarter and children, Kay, Kim, Kathy and Karen, all of Wichita Falls, Mr. and Mrs. Waylen Robinson and children, Lowell Dean and Linda, Mrs. J. J. UNION OF CHURCHES AND STATE

The great departure from the word of God that brought on "DARK AGES" took place several hundred years. We already noted that this departure was prophesied by the apostles.

In Government

There was a gradual departure from the government established by the Lord to that of our torship with headquarters in Rome. Men began to exalt over the elders of various local congregations and given the title "bishop". Later "archbishops" set up to rule over the bishops of various cities and they were exalted above the "Patriarch" means "Chief Father". In 606 AD Patriarch of Rome was crowned by the Roman Emperor as universal head of the church and came to be called "Pope", which comes from the word "father". This departure in church government came about in a short time but over a period of several hundred years.

Make Church - Going a Habit

HIS FEET ARE ON THE GROUND!

This man can see for many, many miles, but he's not up in the clouds; his feet are on the ground! Contrary to what some people think, that's what the Church does for a man, too. Certainly it gives him a broader vision; it lifts up his eyes to see God and the eternal values of love, truth, justice and service which God inspires. It gives him a divine perspective from which to view his job, his family, his country — his life!

But the Church always keeps that man's feet on the ground! It accepts him for what he is — regardless of the clothes he wears or the job he holds. It looks evil in the face and sees it for what it is — a devilish cancer which only God can cure. It keeps a man squarely in this world while it lifts up his eyes to see another beyond the horizon.

And this is what the Church can do for you! It can give you greater vision. But it's not up in the clouds. It keeps your feet on the ground!

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

TECH ECONOMIST DISCUSSES PROFITS IN RECHARGING

Lubbock. — Will recharging the water from wet weather lakes pay off for High Plains farmers. Will the long-term investment pay dividends?

Dr. Ray Billingsley, Texas Tech associate professor of agricultural economics, figures storing such water will pay off \$45 per-acre-foot for each \$3 per-acre-foot it costs when used to irrigate cotton land.

"What collects in playa lake depressions over the High Plains after a rainy season is potentially the biggest source of added ground water for this region," he said.

Noting that the technical problems associated with artificial water recharge are being solved, the economist suggests the costs of recharging and expected returns must now be considered. Of course cropping practices, the area cultivated, managerial skill, and crop prices are variable factors in expected income.

"But, the cost of recharged water can be estimated quite accurately if you know (1) the cost of installing the recharge equipment, (2) the length of time that the ground water in the aquifer will last without recharge, and (3) the cost of money or interest rate," he said.

Billingsley explained how such costs may be figured in terms of a hypothetical farmer who grows cotton in this area.

Suppose Farmer Jones has a half-section of land, 300-acres of which is irrigated cotton land and 50-acres of which is a

playa (wet-weather) lake that collects more than 50-acre-feet of water each year. An acre-foot of water equals 325,829 gallons.

Jones invests \$1,500 into a recharge well. His present supply of ground water lasts an estimated 20 years.

During that 20-year period, the recharge well in the playa lake collects and placed 1,000-acre-feet of water into inventory for future use. In the meantime, the interest charged to the original recharge installation has increased its value to \$3,000.

To find how much the recharge water costs, said Billingsley, you take the total investment cost plus interest (\$3,000) and divide it by the total amount of water recharged (1,000 acre-feet).

Thus, when Farmer Jones starts using recharged water, his total compounded cost amounts to \$3 per acre foot.

Jones now must know how much income he can realize from the use of each acre-foot of water. If he is an average farmer and produces cotton (assuming costs and prices do not change), his income from the irrigated cotton (using recharge water) over dryland yields will amount to about \$45 per-acre-foot of water used, the economist said.

"Certainly, other costs will continue, but the \$45 represents income the farmer would not have had otherwise. And, you get \$45 income for a \$3 investment in 20 years," he said.

The Tech teacher's cost factor

charts show that for a given playa lake, the compounded cost of water per acre-foot decreases up to about 30 years. From that time on it increases, but the change in cost is slight.

"Using present returns from irrigated crops in this area as a guide, artificially recharged water can be the source of an attractive return on investment," said Billingsley.

His study was done under a cooperative research agreement between the Texas Agricultural Experiment Service and Texas Tech. A bulletin on the "Economics of Artificial Ground Water Recharge on the High Plains" will be available soon from the T. A. E. S.

Billingsley, who holds bachelor and master degrees from Oklahoma State University and a Ph.D. degree in economics from North Carolina State, is employed both by Tech and the T. A. E. S.

The cooperative program between Tech and the T.A.E.S. is now in its third year and has resulted in considerable research into several agricultural problems in the area.

Rotary Lawn Mower Can Be Lethal Weapon

College Station. — Did you know a rotary power lawn mower blade travels at speeds up to 150 miles per hour and is capable of throwing sticks, stones, or other objects at comparable speeds? Imagine what would happen if you were hit by one of these fast-flying objects.

Power lawn mowers are now in the majority both in town and among farm people. Along with their increased use has been a closely related increase in accidents involving both operators and bystanders. Most accidents have been due to carelessness or lack of knowledge on the part of the individual.

W. L. Ulich, extension agricultural engineer, offers these suggestions on how to operate your rotary power lawn mower safely and efficiently.

Always disconnect spark plug wire before working on the blade.

A clean sharp blade does a better cutting job and requires less power.

Never operate mower with safety shields removed. Make sure all rocks and de-
