# Mrs. Q. Teaff Dies Sunday

Mrs. Queenie Teaff, 80 years of age, died at 9:30 p.m. Sunday at the home of her son, J. B. Teaff, in Floydada. She had been ill about six weeks.

Funeral services were held at 10:30 a.m. Tuesday in the First Baptist Church, Floydada, conducted by the pastor, Rev. Edd Eddies. Burial was in the Floydada cemetery under the direction of Harmon Funeral Home.

Mrs. Teaff had been a resident of Lockney since 1928, coming here from Edly, near Waco. She and her family lived in the Lone Star community for many years and were buried in the Lone Star cemetery. Surviving are four sons, Floyd, J. B., Homer of Grand Prairie; J. B. of Bentonville, Ark.; and Bennie of Floydada; three daughters, Mrs. Charlie Updell, Canyon; Mrs. Joe Thornhill, Tulsa; and Mrs. Doyle Williams, Hereford; eight grandchildren and six great-grandchildren.

# No Extension On Conservation Reserve Contracts

Thomas J. Hutchins, office manager of the Agricultural Stabilization and Conservation Office, announced that Conservation Reserve contracts which expire in 1960 or later than June 30 are no longer eligible to be extended for an additional period of years.

Previously, contracts entered into for five years or less have been eligible for extension up to the maximum of 10 years upon application filed with the county ASC committee at any time before the original expiration date.

Mr. Hutchins said that extension of contracts is being stopped at this time because of the fact that extension of a contract has the same effect as a new contract and would require the expenditure of additional Conservation Reserve funds. Under present legislation, no new Conservation Reserve contracts may be entered into.

Mr. Hutchins said the present ruling has no effect on the period of existing contracts. These will continue in accordance with contract terms.

# Powers Will Establish New Pharmacy Here

Payton Powers will establish a new pharmacy here and expects to have it open not later than September 1st, possibly before that time, he told The Beacon Wednesday.

The building to house the new business is being built by Dr. K. O. Crum on the corner of North Main and Washington Streets, just across the street south of the new First National Bank building. It is 30x40 feet in size and contractor is Robert McDonald. The building will be of brick and the construction with concrete floor.

Mr. Powers said that the new pharmacy will be a partnership between himself and Jess M. West of Plainview, with whom he is presently employed. Mr. Powers will be manager and he and his wife, Estelle, will operate the business here.

Mr. Powers operated a drug store here for five and a half years previously but was forced to sell due to health reasons. He has since regained his health.

In speaking of the new business, Mr. Powers said, "Lockney has grown to be a medical center of importance and we believe there is a place and a need for the type of pharmacy we will operate. We have no ill will and nothing but the highest respect for our local druggists and we mean no discredit to them in this statement."

Mr. Powers said that the pharmacy would handle everything usually found in a drug store but would not have a soda fountain. He has been a pharmacist more than 30 years, working at Crowell and Lorenzo before coming to Lockney.

# Sterley Club Will Show Film

The Sterley Home Demonstration Club will show the film, "An Arctic Adventure," made by Cotton John Smith of Station KGNC, Amarillo, on Friday evening of this week at the Sterley club house. The film is very interesting and entertaining and everyone is invited to see it. Showing will start at 8:30.

There will be no charge made to see the film. County Agent Cecil Lewis will operate the projector.

After the showing those wishing to do so may play "42".

The Home Demonstration Club will sell sandwiches, pie and drinks to help raise money to repair the community building.

# City Seeks New City Judge

Mayor J. E. Cox said Wednesday that the City Council is inviting applications for the position of City Judge. The post was vacated this week when W. P. Kernick resigned to accept a similar position at Lubbock.

The post pays a small salary and no fees are involved as far as pay to the judge goes, Mayor Cox said. The city will furnish office space if necessary.

**HERE SUNDAY**  
Mr. and Mrs. Calvin Applewhite and children, Andis and Jack, of Pampa visited here Sunday in the home of his parents, Mr. and Mrs. G. C. Applewhite.

# Chiropractor Is Moving To Lockney

The Hewitt Chiropractic Clinic building has been leased and the equipment sold to a doctor of chiropractic who will move here soon and begin practice, Mrs. E. A. Hewitt told The Beacon Wednesday. The new chiropractor is Dr. Richard Sinclair of Odessa. He has just recently graduated from the Texas Chiropractic College at San Antonio and will take his state board examination this week.

Dr. and Mrs. Sinclair have a 2-month-old son. Dr. Sinclair was a roommate with Donald Ferish at the Chiropractic College for some time previous to his graduation. Donald is a Lockney boy who is attending college there.

# County Wheat Loan Rate Is Set At \$1.79

The basic minimum price-support rate for 1960-crop wheat in Floyd County will be \$1.79 a bushel, Thomas J. Hutchins, of the county Agricultural Stabilization and Conservation office announced June 7.

This rate is based on the minimum average wheat support of \$1.77 a bushel for the 1960 crop announced last summer. Loans will be available at the minimum rate early in the price-support period. The final national and county rates will be determined on the basis of supply and parity figures as of July 1, and any loans made at the minimum rate will be adjusted as necessary at that time.

In addition to the county rate, the ASC office now has information on minimum rates for support wheat stored in terminals. Farmers needing terminal rate information may obtain it at the county office. In general, the terminal rate exceeds the county rate by the amount of handling and freight charges necessary to get the wheat to the terminal.

As in previous years, the price of the 1960 wheat crop will be supported through loans on farm- or warehouse-stored wheat and through the purchase of wheat delivered by producers under purchase agreements. Loans and purchase agreements will be available from harvest through Jan. 31, 1961. The loans will mature on March 31, 1961.

To get wheat support, Mr. Hutchins points out, a farmer must have complied with his 1960 wheat acreage allotment.

In general, the basic support rate is for No. 1 wheat. Premiums and discounts are applied to determine the rate for wheat which is of other grades or has other quality factors. There is a discount of 20 cents per bushel for certain varieties which have inferior milling or baking qualities.

The county support rate, Mr. Hutchins, said, will be adjusted for any future freight rate decreases that may occur during the 1960 period of price-support availability.

The county rate is 3c less than the 1959 rate, but the storage rate has been reduced so it will net the producer about the same as in 1959.

# Baptist V. B. S. Starts June 20

Vacation Bible School at the First Baptist Church will begin on Monday morning, June 20 from 8:30 to 11:30, and continue through Wednesday, June 29.

Preparation Day for the school will be from 9 to 11 on Friday, the 17th, and will be followed by a parade. Commencement exercises will be on Wednesday night, June 29.

Superintendents will be Mrs. Bert Vernon, Junior I; Mrs. Hilburn Casey, Junior II; Mrs. Melvin Cooper, Primary I; Mrs. Colbert Falls, Primary II; Mrs. Glen Cooper, Primary III; Mrs. Bill Hodel, Beginners; and Mrs. Richard Wiley, Nursery. Rev. Charles Broadhurst, pastor, will head the Intermediate Department which will meet at night. The nursery will be open for children of the workers.

# W. E. McClure Is Seriously Ill

W. E. (Wade) McClure is seriously ill in Peoples Hospital at Floydada. He suffered a heart stroke last Friday afternoon while driving his car south on Main Street. He was given emergency treatment at Lockney General Hospital and later moved to the hospital at Floydada.

Mr. McClure lost control of his car when stricken and it side-swiped another car belonging to C. L. Callaway and then plowed into a truck on the side of the street but Mr. McClure was not injured in this accident, members of the family said. He has previously had two strokes and has been in ill health for about two years.

Miss Loy O'Brien of Bovina visited with several friends in Lockney Sunday.

# Brick Layers Strike Stops School Work

The Lockney School trustees, in regular meeting on Monday night, took note of the brick layers strike which has stopped work on the addition to the local school and discussed the matter at length with the contractor and architect for the building. The brick layers have been on strike for two weeks. The Beacon was told, asking for an increase in wages. They now draw \$4.25 per hour but are striking for more money. The brick layers local at Lubbock called the strike.

The contractor, Martin & Sons of Lubbock, told the board that they were seeking a solution to the matter and hoped to be able to complete the brick work soon. About one week's work is all that is needed to complete the brick work on the local building.

In other action the school board authorized some small additions to the new building and equipment, the total cost of which is \$376.00. They also decided to place additional drinking fountains in the hallway at Lockney Junior High at a cost of about \$250.00.

Cafeteria workers were employed for the next school year as follows: Mrs. Olive Myers, manager; Mrs. Ima Lee Rigby, Miss Emma Stalbird, Mrs. Rosalee Cooley, Mrs. Bessie Smith, Mrs. May Wilson, Mrs. Opal Jones, Mrs. Della Willmon, Mrs. Grace Harris, Mrs. Dolly Kelley.

# Fair Board Will Build Pole Barn On Fair Grounds

The board of directors of the Floyd County Fair Association, in regular meeting Saturday evening at Rogers Restaurant in Floydada, voted to construct a pole barn at the Fair Grounds in southeast Lockney to provide space for the livestock department at the Fair.

The big barn will be 44x125 feet and will include stalls, and a show arena in one end with spectator seats. The cost is estimated at \$2500 and a drive will be started soon to raise the money by public donations. The directors selected one person in each old school district in the county to take the lead in soliciting funds in that district. The names of these chairmen will be released next week. The Beacon was informed. The group will meet at Rogers Restaurant in Floydada on Thursday evening, June 30th, to organize and make plans for the drive.

The pole barn will be constructed on a concrete slab just south of the main Fair building. The moving of the livestock department to the new barn will afford considerable more room for community and commercial exhibits. Demand for commercial exhibits especially has outrun the supply this year.

In other business, the directors heard a report that arrangements had been made for rental of tents to house some other departments of the Fair.

Attending the meeting were Mr. and Mrs. Joe Reeves, Tate Jones, Harold Ellison, Joe Handley, Mr. and Mrs. Howard Gregory, W. R. Daniels, Gerald Lackey, Mrs. I. H. Parks, Mrs. Charlie Boedecker, Mrs. Joe Foster.

# Cotton Farmers May Change Plan

Cotton farmers may change their choice of acreage plan from Plan B to Plan A under certain conditions, according to Thos. J. Hutchins, county ASC office manager.

If cotton acreage on a farm is cut because of excessive rain, flood, hail or drought, the farmer may file an application in writing with the county ASC committee to change his selection from Plan B to Plan A if conditions beyond his control prevent the planting of cotton or having cotton ready for harvest on acreage in excess of his normal A allotment, Mr. Hutchins said.

# Henry Ford Gets Premium For First Wheat

The \$50.00 cash premium awarded by Lockney Chamber of Commerce for the first load of wheat brought to a member elevator was won by Henry Ford Sr. when he delivered a load to Patterson Elevator here last Friday afternoon. The wheat tested 60 pounds, had 15 percent moisture and was making about 13 bushels per acre.

Ford's wheat was just a few minutes earlier than a load brought to Lockney Co-op Elevator by Leroy Durham from his Muncy place. The Beacon was told, Durham's wheat tested 59 pounds, had 15 percent moisture and was making about 15 bushels to the acre.

First wheat to reach Muncy Elevator also came in Friday afternoon from the Ed Muncy place, according to a report from Herman Graham, manager. The wheat tested 59 pounds and 12 percent moisture. The elevator paid Mr. Muncy a premium.

First load to reach the Wilson Grain Co. elevator at Lone Star came from the Harold McLaughlin place last Saturday. It tested 59 pounds, had 15 percent moisture and the 40-acre dry land field was making from 19-20 bushels per acre, according to Billy Ellis, manager. The elevator paid a premium for this first load.

First load at Patterson's Sterley elevator came from the Durward Jack place and reached the elevator Monday morning.

Elevator men say that most of the dry land wheat is ready to cut and that combines will make short work of harvest once the ground gets dry enough. Irrigated wheat is still a week or 10 days away from harvest.

# Rains Halt Harvest And Farm Work

Harvesting of wheat and farm work in this area has been at a standstill for the past several days due to rainfall. Wheat farmers are anxious now for clear skies to complete the harvest and cotton farmers are worrying about weeds and also hoping to get a chance to plow some cotton within the next few days.

Rainfall here totaled 1 1/2 inches since Friday, with 3 falling Friday, 8 early Monday and another 4 Tuesday night and Wednesday morning. Other areas have had heavier falls with the Sterley area getting up to 2 1/2 inches Tuesday night.

The rains have been fairly general. Mrs. Harold McLaughlin of Providence reported a total of 2.45 inches in that community with 30 falling Thursday, 65 Monday morning and 1.5 Tuesday night. Other areas over the county have had from 1 1/2 to 2 1/2 inches.

A hard rain, totaling about 3 inches, fell in a 45-minute period in an area southwest of Floydada Sunday night, damaging fields by washing. It was reported to The Beacon. A total of two inches fell at Floydada Tuesday night and 1.3 Monday morning.

Paymaster Farm reported 33 of an inch Tuesday night and .57 Monday morning.

East of town W. B. Cates had 3 Tuesday and W. A. Gilbreath had 8 of an inch.

The area has been fortunate in escaping with small hail damage. A severe hail fell in southern Briscoe County, north of Lockney, last Sunday afternoon, damaging crops to a great extent.

Severe lightning has accompanied some of the storms and the Willis Hayes home, in northeast Lockney, was damaged when struck by lightning early Monday. The bolt cracked the stucco on the house, burned out the television and television wires and did other damage. None of the family was injured.

# McDonald Wins In Floyd County In Light Voting

Floyd County set a record for light voting in the second Democratic primary last Saturday when only 265 votes were cast for both candidates for the office of Judge, Court of Criminal Appeals, the only race on the ballot.

Judge W. T. McDonald of Brazos County carried Floyd County more than 2 to 1 and won the office in state voting by more than 30,000 votes over the incumbent, Judge Lloyd W. Davidson. Almost complete returns over the state gave McDonald 380,687 votes to 346,413 votes. In this county the vote was 18 9for McDonald and 76 for Davidson.

Voting was light in every box in the county due in part to no county races being on the ballot. In West Lockney McDonald received 20 votes to 2 for Davidson; in East Lockney the vote was McDonald 3, Davidson 1. Other voting boxes in this area showed these results:

Lone Star, McDonald 10, Davidson 2.  
Providence, McDonald 13, Davidson 0.  
Sterley, McDonald 10, Davidson 0.

**Other County Results**  
Nearby counties had some local races and heavier voting than this county. Up in Briscoe County Johnnie Lanhan, sheriff, was re-elected to that office and A. D. Arnold was named Commissioner, Precinct 3. Lanham polled 536 votes to 474 for Raymond K. Crews. Arnold had 218 votes to 171 for Leon Martin. McDonald carried a precinct that county with 483 votes to 370 for Davidson.

In Hale County Marvin Churchwell defeated Commissioner J. W. (Joe) Odell in the race for Commissioner, Precinct 1. Churchwell polled 965 votes to 846 for Odell. Davidson carried that county with 957 votes to 654 for McDonald.

# J. Floyd Howe Dies In Amarillo

J. Floyd Howe, husband of the former Glenna Whitfill of Lockney, died early Monday morning at an Amarillo motel, presumably of a heart attack. He and Mrs. Howe had gone to Amarillo Sunday night from their home in Panhandle to be near their daughter-in-law who was expecting a baby. When Mrs. Howe arose Monday morning she found her husband dead. He was 43 years of age.

Funeral services were held Tuesday afternoon at the First Christian Church in Panhandle with Rev. James Todd, a minister from Claude, officiating. Assisting him were Rev. Joe Kennedy, pastor of the Panhandle First Christian Church and Rev. Keith McCormick, pastor of the First Baptist Church at Panhandle.

Burial was in the Panhandle cemetery.

Mr. Howe was born January 19, 1917 in Panhandle. His home was on his ranch south of the city. He was owner of an implement firm in Panhandle and also owned considerable ranch and farm land at Panhandle and in South Dakota.

He was a member of the Christian Church.

He was married to Glenna Whitfill, daughter of Mr. and Mrs. Ed Whitfill, in Lockney on August 13, 1937.

Surviving are Mrs. Howe; two sons, Johnnie Ed, James Ray; one daughter, Crystal Jan; his parents, Mr. and Mrs. J. B. Howe; his grandfather, Mrs. M. M. Weatherly, all of Panhandle; three brothers, Elbert and Clarence who live in Wyoming and Dehl of South Dakota.

For there stood beside me this night the angel of God, whose I am and Whom I serve. — Acts 27:23.

A PLAGUE that is gradually enveloping many small towns including Lockney seems to have struck hard at Olton. The city governing body at Olton has called a special election for the purpose of electing a mayor but up until a few days ago no one had offered for the position. Olton elected a mayor some time ago by write in but he refused to serve. Another was elected but had to resign because of health reasons. Now, it appears that no one wants the job. We are not acquainted with Olton's situation but we presume that it is similar to that in many other small cities — continuous criticism of those who want to do something by those who don't want to do anything and don't want anyone else to do anything either. We heard one Floyd County man, who was engaged in a civic project for which he was receiving no pay, say recently that he had decided to discontinue his civic work because of criticism he received when he used brands which were the best he could with the job.

WE'RE STILL fiddling with census figures and the more we look at them the more we understand some not-so-obvious angles they present. This week we were looking at county population figures and what we found might be interesting to business men. Floyd County's population gained from 10,535 to 12,330 in 1960. There are 12,330 potential customers living in Floyd County. That many people will be buying groceries, clothing, automobiles, accessories, etc. In Swisher county, to the northwest of us, there are only 10,612 people, almost 2,000 less than Floyd County. Yet Tulla has outgained Floydada in population during the 10 year period. And Tulla is not the only town in the county. Both Krass and Happy are in Swisher county.

CASTRO COUNTY with Dimmitt as county seat, now has a population of 8,894 people, a gain of more than 3,000 from 1950, yet Dimmitt is known as a very busy business town. Crosby County, with three towns in it, has a population of 10,292 and Lynn County, with three towns, has a population of 10,829. The point we want to make to Lockney and Floydada business people is that Floyd County has more population than any of these counties mentioned, more potential customers, more people to sell to. Now if we could work out an aggressive selling campaign, including newspaper advertising of course, and keep those customers at home we would have bigger and better communities and a better county all around.

FROM THE AMERICAN Medical Journal: "Before the medical profession began using tranquilizers on a broad scale four years ago mental hospitals were bulging at the seams — and many still are overcrowded. Now, these drugs are enabling physicians, for the first time, to help large numbers of these patients out of the halls of uselessness and into the world of self-sufficiency. Of course, tranquilizers are not cures, but with proper use they are putting patients in a condition to accept further treatment leading to recovery."

A SHORT TIME AGO Senator Dirksen said his office had received ten thousand letters concerning the Forand bill, which would give government-paid medical, hospital and nursing home services to beneficiaries of the Social Security system. He added that sentiment ran three to one against the proposal.

### BRASS COLLAR OR NO?

Dilemma of the Democrats who want to bind the consciences of their fellow citizens at the beginning of a campaign to support the nominees of the party under whatsoever the circumstances may be when the general election comes, is something to consider at this stage of the maneuvering for the presidential nomination. Now that it seems a probability that Jack Kennedy may be the nominee they realize they are having to soft pedal. Texans by the thousands who voted the ticket straight all their lives, (except one time) are not going to vote for Mr. Kennedy for president. Among these thousands is a large per cent of the Democrats who insisted that Texans swallow the Stevenson line and tried to read them out of the party for not doing so in 1952 and 1956.

For the reason that it is doubtful if Mr. Kennedy can carry Texas and enough other states to win the presidency it is not expedient that he be the nominee of the Democrats in July. It might be, as a matter

of policy or principle, that the religious warfare should come out in the open but we doubt it quite seriously. Religion runs deep in even the unreligious. Call it prejudice or whatever, it is still there, and will evidence itself at the polls. — Homer Steen, Floyd County Hesperian.

### THE FORAND BILL

Politicians often tell us that "the people" are demanding this and that from the government. What they do not tell us is the simple fact they are the ones who help create the appetite for more and more government intervention into our lives. Recently Senator Dirksen said his office had received ten thousand letters concerning the Forand bill, which would give

government-paid medical hospital and nursing home services to beneficiaries of the Social Security system. He added that sentiment ran three to one against the proposal. In spite of this you will hear both parties raving this year about what "the people want," such as the Forand bill. A lot of us do not realize this new tax for medical aid, plus social security which will eventually reach 9%, plus 21% and over federal income tax, the average wage-earner will eventually be paying over 50% of his income for taxes of one form or another. Of course it doesn't stop at just the wage-earner. — Cecil Waggoner in Claude News.

CALIFORNIA collected more taxes last year than any other state, for a grand total of \$1,812,567,000. Second was New York with \$1,586,066,000 while Pennsylvania took third spot with \$801,608,000. Highest per capita tax was in Nevada — \$311.

Dear Editor:

I see where it's been decided Federals can't afford \$251 million to help people in depressed areas of the U. S. to live as high as the rest of the country.

And, anyhow, Mr. Eisenhower says help like this would inhibit local and private initiative. So some Americans will just have to get used to taking slower Jonsones.

But my taxgranted neighbor says in 10 years the folks in depressed foreign countries have taken about 200 times this big a shot of money aid, and don't seem like it has inhibited them any from initiating us up considerable stiff business competition. D. E. SCOTT

## Long Ago In Lockney

Items of interest from the files of The Lockney Beacon.

June 14, 1918

A new ruling by the Attorney General will require all women to register before they are allowed to vote this year. They have ten days starting June 27. Permission is being asked to hold a registration in Lockney. However, if it is not granted, arrangements will be made to take the ladies of Lockney and north Floyd County to register in Floydada in order to give them a chance to vote in the July primaries.

Charles Simpson and Norma Thomas of Lockney were married in Floydada Sunday afternoon by Rev. W. M. McDaniel. Parents of the couple are Dr. and Mrs. D. J. Thomas and Mr. and Mrs. Ira Simpson.

Citizens are urged to attend a meeting Monday night for the purpose of organizing a volunteer fire department for Lockney. Carl McAdams has been mentioned as chief of this company by reason of his former experience and executive ability.

A Red Cross Auxiliary was organized at the Cedar school. Mrs. France Baker organized the auxiliary, and installed Mrs. Joiner as president, and Mrs. Wood as secretary.

Five men will be Floyd County's quota for the June draft. This decrease in number is due to the fact that this county has recently been given credit for its volunteers. Fifty

will be sent from Hale Floyd County are Harry Rogers, John Maxwell, Duke, Robert Ewing, and Edward Barbery. One other will be sent, but not yet been chosen. Lockney is on the adopted last week for the Trail, official military which runs from Lawton to El Paso.

"Our family has time for games after dinner while our dishes are washed electrically," say Mr. and Mrs. Frank Bartlett.

Both Mr. and Mrs. Bartlett are school teachers, and before the children arrived, Mr. Bartlett helped by taking care of the dishes. When Mrs. Bartlett returned to her teaching duties, Mr. Bartlett decided to let Reddy do the dishes.

The Bartletts bought a portable because they like the convenience of loading dishes at the table. When they built their new home, they kept the portable, designing space to accommodate it.

### Lone Star Rough Riders Meet

President Ricky Kellison presided over a meeting of the Lone Star Rough Riders at the Community Center on May 27. Johnny Lewis, Chaplain, brought a devotional on John 3:16. The group sang the club song, "All Day on the Prairie" and repeated the club Creed. The boys decided to appoint three flag bearers for each parade they enter. They have entered three parades this year and also rode in the Grande Entry at the opening of the Bar None Rodeo in Plainview last Thursday night. They had on display at the meeting a trophy recently won by the club at the Plainview Pioneer Roundup.

G. C. Applewhite, Mrs. Bob Merrell and Mrs. John Pigg were elected to help Mrs. G. C. Applewhite as sponsor of the group. Mrs. Merrell and Mrs. Pigg served as hostesses for the meeting. Attending were Dwight Cox, David Pigg, Bill Pigg, Mac Pigg, Johnny Thacker, Johnny Lewis, Mark Merrell, Ricky Kellison, Max Stevenson, Tim Hartman, and Mrs. Applewhite. The next meeting will be on June 10.

### WW I Veterans To Meet Tuesday

A meeting of veterans of World War I and the auxiliary will be held at the American Legion hall, 111 Ash Street, Plainview on Tuesday evening, June 14th at 8 p.m. It was announced this week by M. A. Dunn of Plainview.

State Commander E. J. Evans will be present to inspect the local organization, install officers and present a special citation to the local group for outstanding services, it was reported.

Refreshments will be served.

### CROSS ROADS REPORT

Dear Editor:  
I see where some Chicago school teachers have applied for compensation on account of cuts and bruises they suffered when attacked by pupils.

My scion-tamer neighbor says a cash bonus or a purple heart might be all right for such physical damage come by in the line of duty, but he don't favor any programs of reparations for mental wear and tear.

On account of, if we start trying to pay teachers what the job is worth, it will leave the door wide open for parents to claim combat pay.

### HOW MUCH IS TOO MUCH FOR A LIFE-SAVING DRUG?

Are drugs too expensive? How much is too much to pay for a drug that is capable of saving your life or that of a loved one?

In the early stages of development, many drugs were very expensive and cost more than most people wanted to pay. However, over the years these drugs have declined in price and now are priced comparatively reasonable. For instance:

In 1943, penicillin sold for twenty dollars for 100,000 units by injection. In 1956 the price was twenty cents for 100,000 units in tablet form.

Cortisone has dropped 90 per cent in price since 1950. The price of streptomycin declined 40 percent in less than a year.

REMEMBER — When you have a prescription to fill, we will appreciate serving you and you may be assured of fresh, high quality drugs and reasonable prices.

UNLESS you are using your local newspaper as a regular part of your advertising program, you are very likely doing little more than scratching the surface of the important and rich market which it covers. Your newspaper commands the attention and respect of the community and will carry your sales message with force and dignity.

The Strongest Force in Business Today Is Newspaper Advertising

Your local newspaper has the "depth of penetration" that gets beneath the surface interest of its readers, down to where the sales action really starts. Your business will profit from a program of planned newspaper advertising.

present 44-hour week to a 40-hour week. Board has recommended this change to put hospital employees on equal footing with those of other state agencies.  
But the main problem, says the Board, is that the hospital system is getting more and more patients and needs more money to take care of them. In addition, it has the problem of caring for many oldsters who are not really mentally ill.

### YOUTH NEEDS CITED

Another state agency with a story of urgent need for more state support is the Texas Youth Council.

Youth Council has the responsibility for trying to stem the tide of rising juvenile delinquency and also to provide homes for children who have none of their own.  
For this task in 1961-63 the Council is asking for a \$13,695,636 appropriation — up by \$3,500,000 from the present.

Some of this would be used for new construction at the Gatesville Training School for Boys, Gainesville Training School for Girls, a state home for orphaned Negro children and for additions to the Ware and Corsicana State Homes for orphans.

It also would enable the Council to set up a parole supervision staff to follow up on the rehabilitation of youngsters released from training schools.

### SHORT SHORTS

E. W. Killian has been named by the State Hospital Board to be superintendent of a new state school at Denton which will care for 1,050 mentally retarded patients. Killian has been superintendent of the Austin State School.  
Rep. Frank McGregor of Waco withdrew from the race for Speaker of the House with a prediction that Rep. Wade Spilman of McAllen would win. McGregor said his poll indicates Spilman has 67 pledges with good prospect to get the nine more needed to win.

### ANTI - INCOME TAXERS

Voters who oppose the federal income tax and the United Nations will find a haven in the Constitution Party.  
Like the Republicans and Democrats, the Constitution Party will hold a state convention June 14 to name delegates to a national convention.  
At a preliminary meeting in Austin, delegates were selected and instructed to work for a ticket headed by J. Edgar Hoover for president and Tom J. Anderson of Nashville, Tenn., for vice president.

Constitution Party also nominated candidates for all statewide offices except governor. gubernatorial nominee was omitted, because if he should receive 200,000 or more votes in a general election, state law would require the party to go the expensive primary nominating route next election year.

### HOSPITAL NEEDS GROW

Deficit or no deficit, the State Hospital Board says the hospital system has increased money needs that must be reckoned with.

Board has voted to ask the Legislature for a \$107,000,000 appropriation for the 1961-63 period. This would be \$34,000,000 more than the present allocation.  
Part of the extra funds, about \$2,000,000 a year, would go to hire extra people so present staffers could change from the

Dear Editor:  
I see where some fellows running a knitting mill decided to close it up, but the National Labor Relations Board ruled the employees had to be paid right on, anyway, until they got other jobs that suited them.

Seems the employer - employee relationship is getting sort of like marriage, and breaking it up is liable to cost a boss some stiff labor alimony.

My sinking heart neighbor says soon if we hire a man to mow the lawn, we'll have to promise before a J. P. to cherish and keep him until death or a better job do us part.

Some of Texas' potential statesmen of the 1970's will gain early experience in practical politics when 565 senior high school boys come to Austin for a five-day Boys State meeting ending June 11. Group is divided into political "parties" and elects state officials from the governor down. American Legion sponsors the "laboratory in citizenship" for outstanding teenagers.

James N. Ludlum has left his post as first assistant attorney general to go into private law practice with Jake Jacobsen, former administrative assistant to Governor Darrel.

Texas farm prices, by mid-May, were down two per cent from a month ago and 10 per cent from a year ago. U.S. Dept. of Agriculture noted that livestock and livestock products had the biggest drop — 7 per cent from a month ago and 11 per cent from a year ago.

## Farm Bureau Plans Trip To Old Mexico

Waco. — Plans have been completed for an 11-day Texas Farm Bureau Goodwill Tour to Mexico July 14-24, according to an announcement by J. H. West, president of the state farm organization.

Included in the tour will be visits to places of agricultural interest, sight-seeing in and around Mexico City (including a bullfight), visits to the Floating Gardens of Xochimilco, the fabulous mountainside spa of San Jose Purua, the Pacific resort of Acapulco, plus stopovers in quaint and historic towns such as Taxaco, Guernavaca and Morelia.

The Texans will fly to Mexico City July 14 and return to Texas by air on July 24. Touring in Mexico will be by either automobiles or air-conditioned motor coaches. Most of the land tour will be in the cool

and scenic mountains and valleys of Mexico.  
A royal welcome can be expected in Mexico for those who sign up for the tour. Sr. Julian Rodriguez Adame, Minister of Agriculture of Mexico, has extended, through West, an official invitation to Texas Farm Bureau members to visit Mexico this summer.

## Bride-Elect Is Shower Honoree

Miss Glynda Kay Steelman, Plainview, bride-elect of Jerry Holmes, Lockney, was honored with a wedding shower in the home of Mrs. W. L. Thomas Tuesday, June 7, from 3 to 5 p.m.

Hostesses with Mrs. Thomas were Miss Mildred Thomas, and Mmes. Milton Ashton, Melvin Potts, Ernest Tannahill, Lavon Johnson, Ike Johnson, Henry Holt, Paul Cooper, Raymond Rucker, Joe Foster, Jo Taylor, Clark Harris, Clyde Hill, L. R. McCormick, Harley Workman, Buck Sams, and Fritz Schacht.

Standing in the receiving line with her daughter was Mrs. Roy Neal, Plainview, and Mrs. Oliver Holmes, mother of the bridegroom-elect. They wore corsages of white carnations tied in blue ribbon.

The refreshment table also carried out the bride's colors with a white net cloth over white and a centerpiece of white carnations with blue ribbon featuring a large rolling pin. Blue satin streamers led to a miniature bride and groom and bore the names of the couple. Favors were tiny rolling pins. Hostesses served white punch and white cake squares decorated with frosty blue sweet peas.

## Newcomers Club Plans Picnic

Lockney Newcomers Club will meet Wednesday morning, June 18 at 11 o'clock at the Douglas Meriwether home and go in a group to Plainview park for a picnic.

## Sterley H. D. Club Met June 2

The Sterley Home Demonstration Club met last Thursday at the club house for a program on Sofa Pillow making. The program was given by Mrs. R. H. Tinsley and Mrs. Kenneth Eroseh. The pillows were the round smoked designs and were very pretty.

Cookies and punch were served by the hostess, Mrs. R. H. Tinsley, to Mmes. Sam Jack, Delton Jack, Guy Sams, A. S. Jones, Douglas Reeves, Elmo Reeves, "Red" Archer, Virgil Adams, A. D. Schaffner, Kenneth Brosch, C. L. Mooney.

## Mrs. Helen Huffman Installed New O.E.S. Worthy Matron

Mrs. Helen Huffman was installed Worthy Matron of the Order of the Eastern Star Monday night, June 6, at the Masonic Hall. Herman Huffman will serve as Worthy Patron.

Other officers installed for the ensuing year are George Myers, Associate Patron; and Mmes. Violet Cooper, Associate Matron; Birda Foster, Secretary; Elizabeth Myers, Treasurer; Harlene McAda, Conductress; Katie Handley, Associate Conductress; Lona Stowe, Marshal; Bernice Miller, Organist; Vera Holt, Adah; Ella Mae Carter, Ruth; Edith Cooper, Esther; Agnes Frizzell, Martha; Darla Hammit, Electa; Ethel Mitchell, Warder; Joe Foster, Chaplain; and Joe Parrish, Sentinel.

Forrest Smith, Jr. Past Patron, served as Installing Officer; Mrs. Jimmie Smith, Jr. Past Matron, Installing Secretary; Anna Dell Quebe, Installing Marshal; Katherine Rucker, Installing Chaplain; Bernice Miller, Installing Organist; Raymond Rucker, Installing Warder; and James Bobbitt, Installing Sentinel.

Mrs. Jimmie Smith, retiring Matron, gave her report of the year ending with a lovely tribute to her officers and the chapter entitled "I Close My Door No. 437." The Worthy Matron presented Mrs. Smith with a Past Matron pin, and Forrest Smith was presented with a Past Patron pin by the Worthy Patron.

Mrs. Huffman chose as her theme "Light and Peace." Her scripture is Matthew 5:16, and her colors are red, silver, and white. Mr. and Mrs. Raymond Rucker and Katie Handley honored her by singing her chosen song, "Stepping in the Light." Her emblem is the candle and her flowers, peace roses. "Lord grant to us Thy Peace" is her motto. The installing officers presented her with milk glass candle holders.

The refreshment table was laid with a white imported mediera cutwork cloth with silver appointments. A tall ornate candle flanked by red and white flowers centered the table. Mmes. Birda Foster and Violet Cooper presided at the table. Mrs. Katie Handley served as registrar. On the welcoming committee were Mmes. Ethelyn McAdams and Sally Griffith.

## Lockney H. D. Club Meets

The Lockney Home Demonstration Club met in the home of Mrs. Lavon Johnson at 11 a.m. on May 24 for a foreign covered dish luncheon. The menu included Spanish rice, Italian spaghetti, tuna casserole, an Assyrian dish, American rolls, French bread, English tea, and German chocolate poundcake.

Mrs. N. S. Abbott called the meeting to order and roll call was answered with holiday customs of a foreign country.

Attending were Mmes. Lavon Johnson, W. T. Coker, N. S. Abbott, H. Cunningham, Henry Bollman, and a guest, Mrs. F. S. Williams of Hereford.

The next meeting will be in the home of Mrs. W. T. Cooper at 1:30 p.m. on June 14 for a craft meeting which will include making and finishing straw bags. Some of the women who attended Mrs. Q. T. Williams White House Conference report will report on her talk.

## Recipe For German Chocolate Poundcake

### Cotton Insects

This seems to be a real year for thrips. Damaging infestations are found throughout the county. The new guide calls for additional D.D.T., malathion, or malathion to our regularly scheduled thrips are building up resistance to our commonly used insecticides, so a combination is recommended. This treatment (30) days before about 1000 appear so that beneficial insects can build up to help control bollworms. Bollworms usually appear around the first of August.

### Use Of Insecticides, Herbicides, and Defoliants

The use of insecticides, herbicides, and defoliants should be used with extreme caution. Grain sorghum crops, vegetable crops and other crops, residues of insecticides may be condemned. When using any of these materials, be sure and check with the dealer or the County Agent's office for proper use and age. 2,4-D has not yet been approved for use on grain sorghum and any 2,4-D residue might cause crop to be condemned.

## FOLLOW SIMPLE RULES IN AUTOMOBILE ACCIDENT

Vacation time is near. Soon millions of people will be driving about the country, and automobile accidents will occur with increasing frequency. What should a person do when involved in an accident?

At such times it is hard to keep your wits about you and know just what to do. It is therefore a good idea to plan in advance just what you would do in event of a smash-up. Here are a few simple rules that every driver should commit to memory:

1. Stop! Failure to stop can result in serious criminal consequences.
2. Render Aid. If anyone is injured: (1) Render first aid. (2) Stop bleeding. (3) Call a doctor or an ambulance or

## Bagworm Control Time Is Here

College Station. — Bagworms are, or soon will be, active in all parts of the State. The time to obtain good control of these pests is when they are young, as chemicals applied after the worms are grown gives no control, says James Hawkins, assistant extension entomologist.

After hatching, the larvae immediately start to feed on the foliage of ornamental plants. The young worms spin a silken bag about themselves and as they feed attach bits of foliage to this bag. The worms carry this bag with them as they move about. When the worms are grown, this bag is one and a half to two inches long and affords the worm almost complete protection.

In September the female worm deposits her eggs in the bag and then dies. The bags should be picked from infested plants and burned because the eggs for next season's worms go through the winter inside the bags.

Hawkins recommends 10 percent toxaphene or 4 percent malathion dust as a control. Lead arsenate, toxaphene or malathion spray can also be used. Remember, the entomologist concludes, these chemicals are effective only if used when the worms are young.

For additional information on control of bagworms ask your local county agent for L-199. "Texas Guide for Controlling Insects on Ornamental Plants."

Dear Editor:

I see where a New York subway worker got his job back after the state Court of Appeals ruled that a little stealing is no legal excuse for firing a man.

My pro-underdog neighbor says he is glad to see a Court ready to protect poor workers from narrow-minded bosses wanting to take a man's job away from him just because he steals.

Says, after all, this is a

more civilized way for a man to better himself than making people give him their money by threatening to shoot them or put them in jail.

Lubbock Christian College, and his nephew, Bob Sylvey, had supper Sunday night with the George Weasts. Mr. Maddox had delivered both sermons on Sunday for the Silverton Church of Christ.

It is with regret that we see Mr. and Mrs. E. L. Morrison, Gary, the Dick Morrisons and Mr. and Mrs. Woodburn Stewart and Claburn leave our midst. They have purchased the cotton gins of Sunnyside and another near there, and will remodel them, and also build a new home there this summer. They will at present live in Littlefield.

Mrs. Otto Sanders, Mrs. Richard Sanders and Martha left Saturday for Denton where Martha is enrolled for the summer in English and education courses. She will have her trusty dog, Rusty, with her.

A group of boys and girls from the Baptist Church went to Plainview for bowling Tuesday with their sponsors. Children were Bud Higginbotham, Dennis Deavenport, Bill Bledsoe, Mike Wood, Yvonne Karr, JoAnn Newton, J. R. Taylor, Jimmie Upton, Johnny and Beth Calahan, Beverly, Jackie and Darlene Gillispie, Gary and Sue Wilson, Allan Adams, Nathan Mulder, Barbara Milton and Barry Kinslow.

**Family Reunion**  
Mr. and Mrs. O. R. Beard were hosts Sunday afternoon from 1-4 o'clock at a lawn party with a reunion held in honor of Albert Cooper, from Santa Fe Springs, Calif., who was visiting here over the week end with relatives. A delicious supper of ham and all the trimmings were served to everyone assembled. Approximately fifty-five were present for the family gathering.

The George Weasts returned last Tuesday from a trip which took them to Garden City, Kan., to visit his father, S. L. Weast, who was 94 years old Monday. He is remarkably well and spry. They later went to Eads, Colorado to visit Mr. and Mrs. Earl Thomas and Saturday while they were in Lamar, Colorado they saw a freak hail storm. Ice was piled up many feet deep there, and looked like snow drifts. Men were sailing up and down the streets of Lamar, where the water was running hub deep.

A farewell coffee was given Tuesday morning at 9 o'clock in the home of Mrs. L. T. Wood honoring Mrs. E. L. Morrison who is moving to Dimmitt. Hostesses for the coffee with Mrs. Wood were Mmes. S. D. Kinnibrugh, Shelby Calahan, John Smitherman, Bill Beedy, Roy Bledsoe, Bryan Karr and Grigsby Milton. Refreshments were served from a table laid with a white linen cloth, and

**UNION OF CHURCH AND STATE**

Constantine was Emperor Rome from 324 to 337 A. D. He like most of his predecessors was in favor of UNION OF CHURCH AND STATE. Even though this was not fully accomplished in his time it did eventually come about. Constantine was in favor of church government similar to that of the Roman Empire, which was as Emperor, Advisors, Governors, and Lieutenant Governors. There grew up in religion a system of government corresponding to this, as follows:

ROMAN EMPIRE	CHURCH
Emperor	Pope
Advisors	Cardinals
Governors	Archbishops
Lieutenant Governors	Bishops

The above plainly shows how a religious system gradually developed by a departure from Bible plan.

Dear Mr. Hays,

Please accept our apologies for being so tardy with our subscription, and we thank you for continuing The Beacon. We look forward to it and it makes us feel a bit closer to home to read about the people and happenings there.

Very soon now we hope to be landing in the wonderful U.S.A., and heading our Mercedes south to Texas and our loved ones. Oh, what a beautiful thought! These two and a half years have seemed long many times, but we've had many experiences that helps us to realize how much we have to be thankful for. "Home" means much more to us now, and we hope to share with you the things we've learned about other countries and people. We've grown to love the Hoffmanns, the family we lived with the first months, and we have formed many friends in Switzerland, Holland, Denmark, and Germany. Of course, we wish we could spend more time in France, Belgium, Luxembourg and Austria, and would so like to see Italy, Sweden and Norway and the Holy Lands, but one can't do everything. We are indeed thankful for all we've seen.

Thank you again for sending us The Beacon, and we look forward to getting home and setting up our business there and becoming a useful family in your community.

Sincerely yours,

GENERAL PRACTICE

Dr. T. C. Longnecker, director of the High Plains Research Foundation announced that the Foundation is increasing its cotton research 34% over previous years. Dr. Longnecker stated that the Foundation has 20 more acres of pilot research with cotton this year than in 1959. This accelerated program in cotton research is a result of a cooperative research agreement that has been worked out between the High Plains Research Foundation and the Texas Agriculture Experiment Station Substation No. 8 at Lubbock Field College Station.

This cooperative arrangement in research will enable the Foundation to better serve the High Plains area. Personnel from the Agricultural Research Service of the U. S. Department of Agriculture, the Texas Agricultural Experiment Station, and the Foundation are cooperating as research teams in conducting the joint research projects.

On commenting about the scope of the increased program of cotton research, Dr. Longnecker stated that the following cooperative projects are being conducted at the Foundation this year:

(1) Regional cotton variety test; (2) date of planting experiment with cotton; (3) a climatology study involving different varieties, moisture levels, dates of planting, fertilizer levels, and varieties; (4) an in the furrow fungicide experiment; (5) a cotton harvesting study involving different varieties and various methods of harvesting; (6) planting equipment test using different types of planting equipment; and (7) a cotton irrigating experiment consisting of a detailed evaluation of different varieties, fertilizer treatments, and irrigation methods on the yield and quality of cotton.

Dr. Longnecker emphasized that the cooperative research program is just one phase of the Foundation's over-all research program with cotton. In this regard, the Foundation is conducting additional cotton research involving different varieties, fertilizer treatments, irrigation methods, and cultural practices.

Dear Editor:

I see where our Federal world-mammies want to spend \$100,000,000 of treasury borrowings to save the tombs, temples, relics and ruins along the Nile in Egypt and Sudan.

My tightwad neighbor says, though, we could do with some cheaper type of early Egyptian souvenirs, and then maybe afford to put away a few little keepsakes of other times, such as samples of late American money.

Says, in face, we ought to leave posterity something to remember the present era by, besides notes payable and old taxpayer ruins.

**NEW STYLE TELEPHONE BILL**

All of you have received by now your new style telephone bill with the punched card. This punched card replaces your old type bill with the long stub for your receipt and the short stub we have kept for our records.

Some of you have asked the reason why we have gone to this type billing. It is simply this, it increases our operating efficiency and it is a faster and more economical way of billing.

May I remind you again that if you pay in person, please bring both the punched card and your copy of the bill with you. If you pay by check through the mail, please enclose only the punched card with your check. Your check will be your receipt.

Last, but certainly not least, do not fold, tear, or mutilate the card in any way.

If you ever have any question concerning your bill or your service please call the business office, OL 4-2202 and your question will be answered.

**ONE MINUTE OF COURTESY**

It's been my experience that most folks in Lockney try to answer their phone calls promptly. But in the summertime so many are busy outside — with gardening, yard work or just relaxing in the sun or under the stars — that it takes a little longer to get to the phone.

If you've ever just missed a call after running in from outside to answer the phone, you know how disappointing it is. Most folks can get to their telephones within a minute, even when they aren't in the house. One minute is about the time it takes for the phone to ring 10 times.

By waiting at least 10 rings before you hang up, you have a much better chance of getting your call through, especially when the person you're calling is not near the phone. In the long run, you'll save yourself the time and trouble of calling again, and your friends will certainly appreciate your courtesy and patience. So please remember to wait 10 rings — it takes just a minute.

**VACATION TRAVEL TIPS**

If you plan to go out of town on vacation, there are a couple of things you can do to make your trip more enjoyable and carefree.

First, call ahead for reservations. Second, make arrangements with a relative or neighbor to keep an eye on your house while you're away. Give them your vacation address and phone number so they can reach you in an emergency.

Remember, too, Long Distance rates are lower on Sundays and weekdays after 6 p.m. And you save more than one-third when you call station-to-station.

Call by number. It's twice as fast.
