EDITORIAL

Remember not the sins of my youth, nor my transgressions; according to Thy mercy, remember Thou me for Thy goodness' sake. O Lord.—Psalm 25:7.

EVERY CITIZEN should do his best to co-operate in the present clean-up campaign. For health reasons more than anything else, every weed should be cut, all trash cleaned up and hauled off, and every possible mosquito breeding place eliminated. Many times a big majority of people ignore or over look helping in city-wide or community wide efforts. But this particular drive is one that deserves the attention and help of everyone. Let's everyone of us see about his own place.

THE FORMAL OPENING of the new swimming pool this week serves to remind us what can be accomplished when a community works together and has the leadership of people who have a goal in mind and will work toward it. Congratulations to those who led in the movement and thanks for the many hours of work you put into the project. Let's remember what we can do when we work together and spend some time planning on a certain goal.

CONGRATULATIONS are also in order to Mrs. Nancy Caroline Dagley upon her 103rd birthday. Few people indeed are privileged to live so long and we feel sure that her noble character, willingness to work and ability to withstand the hard knocks along life's path have contributed greatly to her long life. She is a true example of the pioneers of this great area.

TOM McFARLAND'S warning here last week of the lowering water level is one that should be the concern of all, business man and farmer. The waste of water not only results in an economic loss to the individual farmer but it means the wasteful depletion of an area-wide

resource which could mean hunger and want for future generations.

WE'VE HEARD it said that most farmers lose their cotton crop at least three times before they finally make it. Thus it appears this year. Unfavorable weather, thrip and then "electricity" has been plaguing the young, tender plants. One wonders if possible that "electricity" plague isn't the same thing that many called "2-4-D" or "herbicides" last Spring. We don't know but apparently it is a mysterious something that burns young cotton and retards its growth. Anyway the cotton crop is looking up now and we hope that nothing further happens to retard the growth.

THE EDITOR wishes he had time to play golf. We think with a little practice we might get to be as good as Mayor Jess Cox or even Preacher Charles Broadhurst. It is a game that requires constant practice if one is to get the ball in the cup at regular intervals. Somehow we can't seem to manage our time right to squeeze out the required hours. But it is good exercise (almost as good as mowing a lawn) and it creates fellowship and friendly competition. We like the game and we look forward to the time when we may have time to play.

WITH THE PRESENT four-cent-a-gallon tax now providing \$4.5 billion a year for the Federal Aid Highway Programs, the U. S. Chamber of Commerce declares that there should be to increase in the tax. It adds: "There is no immediate short-range crisis in the Program. Actually present revenue will let the program go faster in fiscal 1961 than the current year. Problems of long-range financing should await the completion of the studies and the revised estimates on the Interstate System that are to be submitted to Congress in 1961."

TIME REPORTS that Russian watches are our newest imports. They are called the Majak, and carry an \$18.95 price tag.

THERE IS NO indication of change in the Russian intention to dominate the world, in the view of William H. Draper, Presidential Advisor on United States defense. Writing in the General Electric Defense Quarterly, he says: "Russian attitudes toward Berlin, toward the two Germanys, toward disarmament, have hardened despite predictions of peace."

THE PUBLICATION Competitive Transportation says that the circus train is back. After three years of battling flat tires, traffic jams and red lights, Ringling Brothers and Barnum & Bailey gave up its trucks and has returned to the railroads. The long familiar cars were hauled out of hibernation in Sarasota, Florida, winter quarters and given a sparkling coat of paint for the 1960 season.

NYC SLIPPING?

The Great Metropolis of New York City has begun seriously to slip, a report in Barron's Weekly indicates. A city which thrived and grew great on successive waves of German, Irish, Hebrew and Polish immigrants has come upon evil days. The tidal wave from the east under bely of Europe and lands adjacent to the Caribbean Sea have proved too much. Bad government is charged by the New York weekly with the decadence which has begun to set in. The influx of irresponsibles is our added thought, for what it may be worth. Says Barron's: "For those who live or work in the City, it is a sign and seal of fiscal irresponsibility and worse that have condemned a once-great metropolis to encroaching slums, broken streets, poor schools and rampant lawlessness. For the rest of the country, it ought to be an object lesson in what used to be called civics: any government, whether local or federal, which fails to put first things first is bad government." — Homer Steen in Floyd County Hesperian.

NEGROES OF THE SOUTH

I have always been taught that "Uncle Tom's Cabin" was the rule rather than the exception in the South during and before Civil War days. Here is a report I would like to have checked. It says: "Many years ago works of fiction had carried stories that Negro slaves in the South were pursued through swamps by bloodhounds, persecuted and beaten. Negroes who had been abused could not be found, and when the soldiers invaded the

South the Negro slaves were handed guns and all refused to use them against their white neighbors, and not one Negro slave among 4,000,000 revolted against his owner, and in times of war and chaos the white people left their children with Negroes, for between these races there was no fear, no enmity and no spite, and thus all the lies told about mistreatment of Negro slaves fell flat." Vilifying the South is now a national pastime, but it would appear from this that it had its inception in the dark ages. — Cecil Waggoner in Claude News.

NEVER CORRECT

Normally, I am an optimistic sort of guy. However, there are two corrections of frequently made errors which I doubt will come before the millennium. The first is the insistence of every civic club in the country that it's "land of THY pilgrim's pride," instead of the correct, "land of THE pilgrim's pride." The business and professional probabls just won't use the right word there — although they should have learned it in school. The other is the practice of reporters and copyreaders on

this and every other newspaper in these parts of letting it go through as "Jones received HIS master's degree," or "HIS bachelor's degree," instead of "A master's degree," or "A bachelor's degree."

These are minor items and correcting them won't change the course of history—but they could be straightened out so easily it's too bad they aren't! — Charles A. Guy in Lubbock Avalanche.

FREE SPEECH

This newspaper has been condemned on several occasions by some who do not know their own privileges.

We have been told on occasions that the editor had an advantage over them because he is able to write editorials on any selected subject and give his own opinion.

This newspaper has a "Letters to the Editor" column just for that purpose — allowing every one the equal right to express his opinion on any subject. Whether his opinion is pro or con to the thinking of the editor does not determine whether it will be published or not. All such letters will be published as long as they are signed by the writer and do not contain libelous statements.

We invite your letters. We want you to enjoy the freedom of the press that is foundation for the free country in which we live.

Those who do not have the courage to make their sincere opinions known are usually the ones that greet you with one hand and stab you in the back with the other. — Paducah Post.

Dear Editor:

I note some comment being made about the State Department's wanting \$838,000 for its foreign big-shot entertainment fund for next year.

My lost thought neighbor says this is likely a very conservative figure, considering inflation, especially in the ported capacity of the purportedly man race.

Says it might be smart to put a lot more money in this pot, on account it appears we have been entertaining foreign diplomatic personnel with some cheap type of liquor which just makes a man mean and contentious.

Long Ago In Lockney

Items of interest from the files of The Lockney Beacon.

TODAY'S 4-H YOUTH . . . TOMORROW'S SAFE DRIVERS

There's more to having a car than just sitting behind the wheel and rolling down the highway, say 4-H boys and girls enrolled in the new automotive care and safety program.

Traffic Laws, regulations, speed limits, signs — high on the list of things to know and obey.

Results add up to better driving habits, safer travel, reduced costs, fuller enjoyment of one of America's most popular possessions — the automobile.

Record keeping — with an eye for economy of operation — is expected.

The 4-H automotive project is a joint undertaking supported by the Cooperative Extension Service, National 4-H Service Committee, and Firestone Tire & Rubber Co.

4-H Auto Project To Turn Out Safer Teen-Age Drivers

A new 4-H Automobile program introduced nationally early this year has a potential membership of 400,000 boys and girls. Half this number reaches driving age each year, according to the Cooperative Extension Service which directs the program.

The project is a voluntary undertaking for older 4-H Club members to be carried out over a three-year period. Specialized training will supplement driver education courses given in many high schools, but in some instances will be the only "supervised" instruction available to 4-H'ers in their home communities.

The work assignments will be guided by experienced volunteer adult leaders assisted by state and county highway engineers, police, automotive experts and others qualified to help do the job.

One workbook will be used for each year. Unit I covers The Car and the Highway; Unit II Maintenance and Operation; Unit III Operating the Car Efficiently.

More traffic deaths and injuries occurred last year than in 1958, and 28.7% of the drivers involved in fatal accidents were under 25 years of age.

Raymond C. Firestone, president of the Firestone Tire & Rubber Company, which is sponsoring the program, stated "We are particularly hopeful that this program will help reduce the high incidence of fatal accidents among our young drivers."

Those engaged in the 4-H Automotive care and safety program contend that the more young people learn about the car they are driving, the less likely they are to take chances with that car.

For club members who fulfill the objectives of the automobile program, Firestone will provide a variety of awards including a week in Chicago as a delegate to the National 4-H Club Congress, plus \$400 college scholarships for six of the highest ranking 4-H'ers in the nation.

NEWS from the High Plains Research Foundation

Research in cotton irrigation and fertilizer levels is underway for the third year at the High Plains Research Foundation at Halfway. The number of irrigation methods under study have been increased from six to nine for 1960.

These methods include application of water compared to dryland cotton with water applied by the following methods: (1) preplant only; (2) preplant plus first bloom and mid-bloom; (3) preplant plus first square and peak bloom; (4) preplant plus first bloom and peak bloom; (5) preplant plus first bloom, mid-bloom and August 20; (6) preplant plus first square, first bloom, and peak bloom; (7) preplant plus ever soil moisture content drops to 50% as determined by moisture blocks; and (8) preplant plus first square, first bloom, peak bloom, and August 20. All irrigation methods are being metered, and moisture blocks will determine soil moisture during the growing season.

Jackie Stout Is In Germany

Zirndorf, Germany (AHTNC). — Army Cpl. Jackie T. Stout, 20, son of Mr. and Mrs. Thomas L. Stout, Floydada, is participating with other personnel from the 4th Armored Division in a field training exercise in Grafenwohr, Germany. The training is scheduled to end June 22.

The exercise, being conducted under realistic combat conditions, is designed to evaluate the combat effectiveness of the unit, a major element of the NATO shield of defense in Europe.

Corporal Stout, a reconnaissance specialist with Battery B of the division's 22d Artillery in Zirndorf, entered the Army in February 1957.

He attended Silverton High School and was employed by the Charles Cowart Trucking Co., Silverton, before entering the Army. His wife, Rosemarie, is with him in Germany.

Here's a recipe derived from the famous Eight Precious Pudding of China: Whip 1/2 cup of cream and sweeten with 1/4 cup powdered sugar. Fold in 1 1/2 cups cooked rice, 1/2 cup of fresh strawberries and blueberries, a cup of miniature marshmallows and 1/4 cup chopped walnuts. Serve immediately in chilled sherbert glasses.

ENLISTS IN ARMY

Floyd K. Linch, son of Mr. and Mrs. Talmage U. Linch, 621 West Jackson St., Floydada, enlisted in the U.S. Army for a period of three years it was announced today by Sgt. Willard P. Wang, local U.S. Army Recruiter from Plainview.

Under the Army's "Choice of Vocational Training" program, Linch picked Construction Equipment Operation as his choice of training.

After completion of 8 weeks basic training and 2 weeks leave, Linch will report to his school to begin his training.

SUMMER CABIN COOKING

When you buy a week's supply of bacon, buy unsliced or slab bacon. It keeps better than sliced bacon. Be sure to wrap it well in foil or plastic film before storing in the refrigerator. Look for firm bacon with white fat well streaked with lean. The lean should be bright pink in color. For cooking, the Gas Appliance Manufacturers Association suggests you preheat the oven to 400 degrees. Lay the slices over a rack and place the rack on a baking pan. Bake in the oven 10 to 15 minutes or until slices are crisp. P. S. This method of cooking reduces calories, too.

Dear Editor: I see where a Dr. Strauss says small cars are to blame for many new cramps and aches that are commencing to plague the people.

My yes-but neighbor says this must be the customers' fault, though, for not buying the right size, on account of it looks like the market affords an assortment of cars that nearly anybody — could get a proper fit.

Except maybe a few folks who need a Cadillac seat and Volkswagen headroom, or some other type of combination last.

UNION OF CHURCH AND STATE

There were many departures from the word of God in the long process that led finally to UNION OF CHURCH AND STATE. These departures resulted in the following: USE OF HOLY WATER, 120 A.D.; LATIN MASS, 394; EXTREME UNCTION, 588; PURGATORY, 593; PAPAL AUTHORITY GRANTED, 606; INSTRUMENTAL MUSIC IN WORSHIP, 670; TRANSUBSTANTIATION, 1000; CELIBACY OF THE CLERGY, 1015; SPRINKLING (FOR BAPTISM), 1311 (Was Declared Valid Baptism At That Time).

Many other man-made doctrines and theories were adopted during the great "falling away" predicted by the Apostle Paul. (See I Timothy 4:1-3 and II Thessalonians 2:1-12) "Easter" and "Christmas" were established as religious festivals during the same departure from Gods truth. The sale of INDULGENCES and PRIESTCRAFT also originated in those times.

Familiar sights here are hands hoeing in cotton patches, combines running late at night, and rigs spraying for cotton insects. Weather has been up to 100 degrees several times the past week, but that is good for cotton farmers.

Elevators report most fields of wheat will be finished this week, with dry land grain yielding as much as 20 bushels to the acre, and some irrigated wheat making as much as 60 bushels.

Rev. and Mrs. John Gillispie and girls attended funeral services in Lamesa Sunday afternoon of Mrs. Z. T. McMullen, 78, and Sunday night Rev. Gillispie preached at the West Side Baptist Church in Lamesa where he had first surrendered to preach.

Aussie Watson, who will be teaching at Lakeview next fall, was the visiting preacher here Sunday night. His wife, children and her mother, Mrs. Anderson of Floydada were with him.

Mr. and Mrs. O. R. Beard and Mrs. Carl Gilley, their daughter, left Friday night for Los Angeles, California, where they were called by the death of his brother.

Mr. and Mrs. Grigsby Milton and Daria went to Amarillo Sunday afternoon to take Linnie home, after she had spent the past two weeks visiting here and in the Esley Yeary home.

Mrs. John Smitherman of Floydada attended church services here Sunday morning with the Rex Smithermans.

FFA Annual Meet Set At Houston On July 20 - 22

Austin — Future Farmers by the thousands meet in Houston, July 20-22, for the biggest state FFA convention of them all, according to Neill Masterson of Houston, chairman of the 33rd FFA convention committee. Nearly one thousand Chapters in the state are expected to send representatives numbering five thousand to the huge state meeting. The total membership in Texas totals about 40,000.

A warm welcome and an outstanding program is being offered the rural boys by Texas' largest city. In the huge air-conditioned Houston coliseum adaptations will be made to convert the huge building into a convention hall. John Strohm, Editor of Ford Almanac, will be a featured speaker. Lewis Cutler, Mayor of Houston, will issue an official welcome. J. W. Edgar, State Commissioner of Education and Jack Binion of Houston a member of the State Board of Education, will be on hand for greetings. Other speakers will include Joe Hughes of Duncan, South Carolina, National Vice-President of the FFA.

There will be fun as well as business. On the evening of July 20 will be the traditional "Fun Night" of the Convention. There the talent contest of the state organization will be held as well as professional entertainment arranged by the convention committee. A tour has been arranged for Thursday afternoon, July 21.

Many Houston businessmen are assisting in arranging the convention.

The central convention committee, headed by Masterson, includes Bubba Becker and Stuart Lang. Herb Turner and Howel B. Jones of Houston are members of the State FFA Advisory Committee, which assists with the conventions and many other FFA functions.

CAREFUL SHOPPING EASES LAUNDRY WORK

"Plan first, then shop for the family's clothes; that's the best way to reduce laundry work," says Margaret Spader, home service consultant of the Gas Appliance Manufacturers Association. If relatives and friends give wearing apparel to your family, Miss Spader suggests you specify easy-care fabrics. Maybe it's a good idea to remind them of "impulse" purchases that make extra work in the laundry. Automatic laundry equipment is versatile enough to eliminate hand-washing but it is best to avoid buying garments that must be hand-washed.

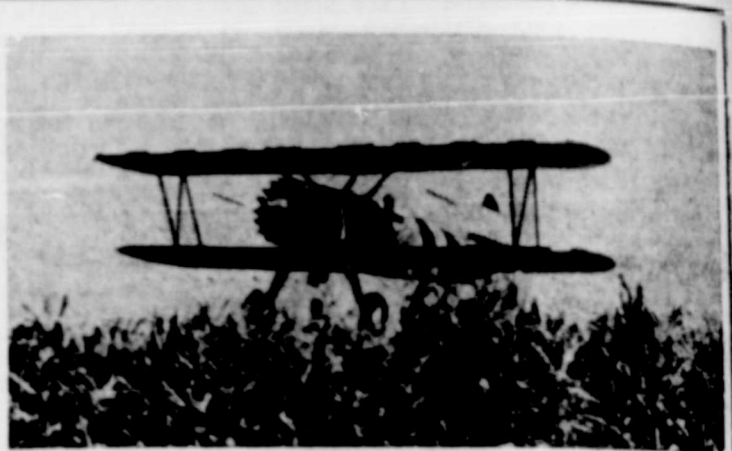

A firm seedbed is important when seeding grasses and legumes, says North Dakota Agricultural College. In fact, the college adds, it is almost impossible to get the seedbed too firm.

Sand Hill News

By Mrs. James Jeffress

Wheat harvest is well under way this week and the wheat all seems to be making pretty good. Many are spraying cotton hoping it will start growing. Hill has done some damage to the young cotton along with sand and static electricity.

Sand Hill 4-H Club enjoyed a Koffee Kan Kook-Out at the home of Mr. and Mrs. Jess Starkey Monday night. A large pit was dug by Harold Starkey where a huge fire was built. About thirty cans were cooked while Janice Miller led the group in playing games. Those present were Mr. and Mrs. James Jeffress, Mr. and Mrs. Gene Bloys, Mrs. Jess Starkey, Mrs. Lynn Miller, Mrs. Orion Miller, and Mrs. Hollis McLain, Janice Miller, Beverly, Jimmy and Timmy Jeffress, Judy Bullocks, Marilyn and Allison McLain, Mary, Elaine, Sherry and Harold Starkey, Cecil Jackson, Ken Roberts, Jimmy Hammonds, Norma Hollums, Bobby Holt, Jimmy Huckabay, Betty Miller, Darrell Overton, Wallace Denning, David and Kenny Bloys and Beckey Miller. Jimmy Jeffress and Beckey Miller were host and hostess and served cookies and punch with the meal. The next meeting will be July 11 at 3 p.m.

Ronnie Miller has been in Fort Worth several days visiting relatives.

Mrs. William Mayo was admitted to the Plainview Hospital last Monday and underwent surgery Tuesday morning. She is continuing to improve but will be in the hospital for several days. Her room number is 214.

Visitors in the home of Mr. and Mrs. James Jeffress and family last Sunday were Mr. and Mrs. Monroe Schulz and family from Harmony and Mr. and Mrs. Harold Miller and Loni Aiken.

Visiting Mr. and Mrs. Dale Stringer last Sunday were Bro. and Mrs. Tommy Cox of Aiken.

Mr. and Mrs. Bill Stringer and Mrs. M. B. Swanner, Bro. and Mrs. Tommy Cox, Mrs. Bill Stringer, Mrs. Tom Pierce, Mrs. Hugh Latham, Beverly Jeffress, Mrs.

Mr. and Mrs. Bill Stringer spent several days at Munday visiting her parents, Mr. and Mrs. Joe Earp and Brad. Several have put in a full week working in Vacation Bible School. Workers that made our Bible school a success were Mrs. M. B. Swanner, Bro. and Mrs. Tommy Cox, Mrs. Bill Stringer, Mrs. Tom Pierce, Mrs. Hugh Latham, Beverly Jeffress, Mrs.

Mr. Curtis has been staying in the home of Mr. and Mrs. Jim Holmes while her daughter Mrs. William Mayo is in the hospital.

Mr. and Mrs. Bill Stringer went several days at Munday visiting her parents, Mr. and Mrs. Joe Earp and Brad.

Mr. and Mrs. Edgar Hays, Janice and Bill, and granddaughter, Kathy Merrell of Monahans attended a family reunion of Mr. Hays' family in Montague Sunday.

Fence-sitting isn't the safest occupation for the small fry, even if it is fun.

But fence-sitting for grown-ups is neither safe nor fun!

A man has to take a stand. He must let the world know his convictions. He must live them!

The principles in which we believe can perish while we dawdle uncommitted, uncertain, or unchurched.

Behind the iron curtain men who are determined to overthrow freedom and faith hide neither their communism nor their atheism.

Here in America on a Sunday morning; no man can afford to sit on the fence if he believes in God, and in the right to worship Him in the Church of his choice

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
