## EDITORIAL

Set a watch, O Lord, before my mouth; keep the door of my lips. — Psalms 141:3.

**WHAT WILL Texas and the South do about the Democratic nominees and platform?** Before Johnson accepted the nomination for vice-presidency we were sure that Texas would go Republican again. Now we don't think so. But Johnson's nomination will not assure other Southern states as much as it will Texas. There is still doubt that some of them will vote Democratic in November. One trend we have noticed in recent years — the average voter is becoming more and more independent in his thinking. He may profess to be a member of one party or another but he still weighs the issues, the candidates and votes his choice. Of course this doesn't please the party bosses who would like to have the voters loyalty regardless of issues.

**WHY DID Kennedy ask Johnson to take the VP post?** Possibly to strengthen the ticket in the South. If so, he is smarter than we thought. He realizes that he must have the electoral votes of Southern states if he is to win. The fact that Texas has gone Republican the past two presidential elections may have finally impressed party bosses with the fact that we are in the party and due some consideration. Maybe he was asked to get him out of the post of majority leader and the Senate. No doubt but that he had much more power there than he will have in the VP post. Possibly Kennedy didn't want him in the powerful majority leader post because Johnson might slow up some of the ultra-radical legislation he has in mind.

**CAN THE SOUTH swallow the extremely liberal platform adopted by the Democrats?** We are wondering if maybe the most liberal of Texas Democrats do not gag at the thought of this. The platform was no doubt practically dictated by Walter Reuther and George Meany, high ranking labor bosses, because it includes every major desire of organized labor. Here are some of the things it stands for: repeal of restrictions of picketing and some other union practices, repeal of the federal sanction of state right to work laws, more liberal federal aid programs for education and housing, raise minimum wage to \$1.25 per hour, with a hint that this should be extended to cover agricultural workers, a health plan for the aged under the Social Security System, a law that will give the federal government almost dictatorial authority over the management of state and local elections and the operations of public schools in the fight for integration, and even sanction of the "sit-in" demonstrations which have been occurring in the South.

**MANY PEOPLE are sorely disappointed in Lyndon B. Johnson's agreement to work for such a platform.** Perhaps it was "just politics" and he doesn't intend to expend much energy getting this socialized-labor platform passed into law, but to many of us it appeared to be a complete surrender of the desires of the folks at home to the wishes of the liberal-labor crowd. Most anyone can come to complete agreement with another person if he will yield to him on every point. It seems that is what happened to Mr. Johnson. We'll be interested in how active he is in the coming campaign.

**A PRICE of \$162,000 paid for a seat on the New York Stock Exchange a few months ago was the highest in nearly a quarter of a century.** An Exchange seat is not a piece of furniture, but conveys the right to buy or sell securities on the floor of this market place. The highest price ever paid for a seat was \$625,000 in February, 1929.

**LITTLE LEAGUE TROUBLES**  
 Every now and then something happens that causes one to shudder in disgust, and something has happened during the past three weeks that should have a majority of people in Denver City hanging their heads in shame.

Last Saturday night, at one of the Little League ball games, the League President explained that one of the umpires had quit umpiring because some people were casting reflections on his honesty and character. This sort of occurrence is a natural to arise when competitive games are being played between groups of children. Kids are always falling back on the age old chant of the loser, "we wuz cheated."

But, the thing that makes this particular incident more or less nauseating is the fact that it wasn't the kids that were doing the bellyaching about the umpiring of the games. It was the parents; adults who should know better. Thus far this year, or any year in the past for that matter, the kids haven't griped a bit about the umpiring. There are no beefs, no roubarbs over close plays, no trouble at all from the small fry. The youngsters have been paragons of sportsmanship. But not the parents. There have been cries and moans and

vital questions that has confronted Ralls and the other three participating towns in a long time. We must listen to them and the facts they give us before we say anything, either for or against, the White River Project. Water, whether it comes from underground, or from surface storage, is the cheapest thing people can buy. And statistics show that this area is becoming short on underground sources. Here is the solution to that problem, and it is the most feasible, as directors have worked long and diligently for several years, securing information and aid for the completion of this water storage lake. — Marvin Tomme in Ralls Banner.

## RISE AND FALL OF REPUBLICS

We have been very fortunate when we look at the ruins of other shattered republics of modern times. The English failed to establish a republic after the revolution of 1649. The French could not quiet the chaos of their republican revolution of 1789. Both waited until the 19th century for true democracy. Latin republics have fallen with every change of the moon. The Spanish republic was poisoned by its people's illiteracy and the 1918 German republic was charmed away by Hitler's oratory.

It looked like democracy was moving forward in the late 19th century. But the 20th century seems peculiarly the Era of Spellbinders. How does a charlatan like Mussolini, Hitler, Franco, Castro or Lenin thrust himself into control of a democracy? For a people to govern itself is a strenuous, wearying task. The Spellbinders enlist a well organized party and use semi-hypnotic propaganda on his tired, disordered people. Too many believe there are absolute answers to great national problems. A glib tongued fanatic says he has it. This could happen here. — Pat Bennett in Crosbyton Review.

Dear Editor:  
 I see where V. Pres. Nixon wishes to get shed of our annoying food surplus by passing out some free of charge to hungry people around over the world.  
 But my quibblous neighbor says this would be a dirty trick, on account of about the time these unfortunates got stuck with the eating habit, our surpluses would run out.

Says his parents made a food addict out of him early in life, and the government's drive to cure him of this habit with high taxes has been mighty painful.

**Not a single cracked egg since Chevy took over the route**

That '60 Fleetside pickup you see takes whatever kind of road comes along, and makes about 250 stops a day delivering eggs house to house for Mr. Harry Hansen of Missoula, Montana. "With my previous truck," Mr. Hansen writes, "I always had some cracked eggs. Cargo damage always cut into my profits. But the new Chevy eliminated that problem completely. I haven't had one cracked egg with my new truck and I've had up to a ton of eggs in it without any difficulty. . . . I didn't know a truck could ride so nice."

Chevy rides nice, all right: takes good care of fragile cargoes. But that's not even the half of it. Torsion-spring suspension also means longer life for the truck, extra thousands of working miles, because the sheet metal and body components take less of a beating. You can run off-the-road or over back trails at faster safe speeds, too: get in more trips a day, make more money. Those facts are as true of the big Chevrolet heavyweights as they are of the pickups. Any model you name. Get one on your job and you've got the world's most efficient, most economical way to haul any load over any road. Your dealer will be happy to prove that statement any day you say.

"I'm getting close to 20 miles to the gallon," Mr. Hansen states, "and that's on stop-and-go delivery."

## MARVON ANN McGREGOR WEDS JAY RAY HOWE OF PANHANDLE

Miss Marvon Ann McGregor, daughter of Mr. and Mrs. M. S. McGregor, Panhandle, became the bride of Jay Ray Howe, son of Mr. and Mrs. J. Floyd Howe, on July 14 at 8 p.m. in Panhandle Methodist Church. Rev. James Carter, pastor, officiated the double ring ceremony. The groom is the grandson of Mr. and Mrs. Ed Whitfill of Lockney.

Best man was Johnny Ed Howe, brother of the groom. Groomsmen were Jimmy Wasson, Fritch; Jimmy Garland, Goodnight; and James Jay. Ushers were Monty Bell, Mike Stone, Roy Bonner, and Larry Howe, Springfield, Colo. Ring bearer was Wynn McGregor. Both the groom and best man wore western suits.

The sanctuary of the church was centered with an altar set of bronze, framed with a large heart of satin and lace pinned with yellow blossoms. The setting was flanked by arched candelabra holding white tapers. Fan arrangements of yellow bladiolus and white pom-pom mums and a background of woodwardia palms completed the decor.

The bride, given in marriage by her father, wore a floor length gown of white imported Franch Chantilly lace with a scalloped sabrina neckline and long sleeves pointed at the hand. The front of skirt is of tiers of scalloped Chantilly lace, apron effect. Scallop of lace lay over the apron front and flow into a chapel train. Her veil was a coronet of seed pearls with silk illusion reaching fingertip. For something old, the bride wore her great-grandmother's rose coral earrings. She carried a white Bibie and her victorian bouquet was starlight roses and white orchids interspersed with stephenotis and showered with tiny pekea streamers.

The bride's mother wore a gown of sapphire blue chiffon with matching hat and gray and black accessories. Her corsage was pink orchids. The groom's mother chose a beige shantung sheath with beige and brown accessories and a corsage of yellow orchids.

Immediately following the ceremony, a reception was held in the War Memorial Building. The bride's table was draped in a floor length cloth of allover lace in scalloped tiers over yellow satin. A footed silver bowl of yellow and white chrysanthemums was flanked with silver candelabra holding yellow tapers. Mrs. W. R. McGregor served the tiered wedding cake while Paula Jo McKenzie served punch. Mrs. Johnny Ed Howe registered guests. Others in the wedding party were Judy Orr, Melinda McGregor, Glenda Smith, Linda Martin.

Mr. and Mrs. Harold O'Neal were hosts for the rehearsal dinner in their country home.

Among courtesies given the bride was a bridal shower in the home of Mrs. J. C. McCullough, with Mrs. Richard Orr, O. D. Smith, Clarence Shepherd, Faye Herndon, and M. D. Eagle as co-hostesses. The bride's colors of yellow and white were

used in the decorating theme. Panhandle High School and are members of pioneer Carson County families.

There are about 300 known varieties of woodpeckers.

## Kay Golden Shower Honoree Saturday In Wofford Home

The home of Mrs. Kenneth Wofford was the scene Saturday afternoon of a pre-nuptial courtesy honoring Miss Kay Golden. Miss Golden is the bride-elect of Jerry Williams. The couple is to be married July 30.

Mrs. Larry Hammit greeted the twenty-two guests who attended the lingerie shower. She also presided as the guests registered their names.

Punch and individual cake squares, topped with pink icing roses, were served by Mrs. Jim Curtsinger of Hereford from a table laid with a pink net cloth. An arrangement of pink roses and a picture of the honoree were placed on the table.

Special guests at the shower, the honoree, her mother, Mrs. Oscar Golden of Aiken, and Mrs. Lois Williams, mother of the prospective bridegroom, were given corsages of pink carnations.

Miss Betty Jean Foster gave "Recipe for a Home," as Miss Charlyne Brown erected a miniature house. Following the reading, Misses Gayle and Cheryl Rucker, and Mrs. Gene Handley sang "Bless This House."

Hostesses' gift was a gown and negligee set.

Sharing hostess duties were Misses Betty Foster, Charlyne Brown, Shirley Wofford of Liberal, Kansas, Hope Cox and Anita Durham, and Mesdames Larry Hammit, and Jim Curtsinger of Hereford.

## Burkhalter Tour —

(Continued from page 1) tending the Berlin Symphony and the Opera.

Aug. 6 through 8, the agenda calls for a flight from Berlin to Warsaw, Poland and jaunts to see such things as the Palace of Culture, the new sports stadium, and more visits to music academies and conservatories.

The group departs for Moscow on Aug. 9. That day and the next, the 10th, they will visit the Kremlin interiors, the Lenin-Stalin Mausoleum in Red Square, and tour the largest commercial enterprise in the USSR, the G. U. M. Department Store. On Aug. 11 their schedule calls for a visit to the largest educational institution in Russia, the Moscow State University and the USSR Exhibition of Economic Achievements, representing all Soviet states and territories.

On Aug. 12 they will visit music rehearsals, talk with instrumentalists and directors, and visit a Russian academy of music.

The following day, Aug. 13, the tour will move to Kiev in the Ukraine where for the next three days they will see the Palace of Young Pioneers, a children's recreational center, the Kiev-Perchersk Monastery, which dates from medieval times, and a collective or state farm.

August 16 the group of musicians will leave Russia for Rome. A series of lectures and visits, as well as an operatic performance of the famous Baths of Caracalla will highlight the Italian leg of the journey.

From Rome the Burkhalters and their party begin their homeward trek, via Berne and Zurich, Switzerland. A bus tour will take them to points of special interest and they will travel through the Swiss Alps enroute to Zurich. There the group will board a plane for their return on Aug. 21.

## Bill Mangold At Science Institute

Nacogdoches, Tex. — Bill Mangold of Lockney is one of the 25 superior high school students attending the summer science institute at Stephen F. Austin State College.

The institute for superior high school students began July 12 and will last six weeks. The second annual program of this nature held at SEA, the institute is intended to help improve the quality of the high school biology course and to assist in the stimulation of promising young scholars toward further studies in science.

The 25 participants were selected from more than 270 applicants and come from Kansas, California, and Texas, according to Dr. E. L. Miller, head of the department of biology.

These students of recognized high ability will be participating in a series of laboratory and field experiences in biology, investigating selected phases of biology. Individual project work and supervised library readings are being featured in the program.

Dr. J. H. Burr, Jr., is in charge of all laboratory instruction. Alvin Shinn also of the biology department, is projects instructor. Dr. Miller is director of the training program.

High school biology teachers in this area have been extended special invitations to observe the work of the institute.

The program is supported financially by the National Science Foundation.

## Aunt Of Local People Passes In Nebraska

Several local people attended funeral services Monday, July 11, in Alliance, Nebraska, for Suzie R. Frazier. Mrs. Frazier, 91, died suddenly on July 7 in Alliance.

**SOIL CONSERVATION DISTRICT NEWS**

Interest in levelling land is increasing daily in the Floyd County Soil Conservation District. Many farmers are taking a closer look at this conservation practice as price margins tend to draw closer. Land levelling in this district is nothing new. Over the years more than 8,000 acres have been leveled to a uniform grade. Although an expensive operation records show that it pays off in increased yields per acre, more efficient use of water, and less labor. Truman Gregory, Soil Conservationist, points out that

this practice like many others pays off most with the use of proper crop rotations and the time of applying water.

Dry land levelling is something new for the district. For the first time the county ASC Committee is offering cost-share on this practice. Several farmers have applications to carry out this practice now.

In view of the increased interest in land leveling the local SCD Board of Supervisors voted at their last regular meeting to ask for bids to purchase a new heavy duty industrial type tractor to facilitate the carrying out of this practice.

Conservation of water and soil should be of the utmost concern to everyone living in the local district since most of our income is derived from agriculture.

Most of the soil in Floyd County will average absorbing

about 1/2 inch of water per hour. When a hard rain falls a big part of this is lost in runoff which also carries top soil with it. This loss can be reduced to a minimum by leveling your land.

Taking these factors and numerous others into consideration it can be safely concluded that it definitely pays to level your farm.

Some farmers who have completed jobs or are in the process of leveling land this year are Don Marble, South Plains; J. T. Huckabay, Floydada; Chester Mitchell, Lockney; W. B. Collins, Jr., Floydada; Howard Smith, Lone Star; Kenneth Bean, South Plains.

For further information and technical assistance in planning future work on your farm contact your local Soil Conservation Service.

**SUMMER DESSERT COMBINATIONS**

With a variety of frozen fruits and fruit juices in the freezer compartment of your refrigerator you can combine frozen with fresh fruits for some delightful effects. Try frozen lemonade over fresh blueberries, partially thawed frozen strawberries over seedless grapes, frozen limeade over freshly sliced peaches, pink lemonade over fresh pineapple or melon balls. Let the fresh fruits marinate in the frozen juice concentrate for a few hours before serving.

**CHICKEN**

Whether you fry chicken in deep fat or in a skillet, a uniform frying temperature of 350-375 degrees is important. When the temperature is too low, say experts, grease soaks into the chicken. The automatic top burner heat control on the range provides accurate frying temperature. To avoid spatter be sure chicken is dry before frying.

NEWS from the High Plains Research Foundation

Recent rains, which totaled 12 inches, filled the recharge lake at the High Plains Research Foundation with an estimated 110 acre-feet of water. Recharge of the well was started the night of July 4 and has been recharging at the approximate rate of 850 gallons per minute since that time. During the eleven day period ending the night of Friday, July 15, a total of 43.5 acre-feet of water has been recharged. The well is pumped for one hour every 24 hours and is surged 3 times at 15 minute intervals during this hour to clean as much as possible any silt which may be caught in the underground formation.

A filter system installed before the rains to study methods of removing sediment from the water has been of little value. The water level in the lake raised to more than 3 feet over the top of the filter.

After the water had been in the lake 8 days, a form of marine life commonly called "desert shrimp" increased to such numbers that they interfered with recharging by clogging the screens. This requires cleaning the screens every 4 to 6 hours since the screens will become completely clogged within this time.

**New Law Forbids Cattle On Highway**

The Texas Department of Public Safety reminded Texas cattle owners today that a new law went into effect July 1 aimed at controlling livestock on designated US and state highways.

The new law makes it illegal for a person knowingly to permit his domestic livestock to roam at large and unattended on state and federal highways. It applies regardless of whether or not the highway right-of-way is fenced. Maximum fine for such violation is \$200, and each day the violation occurs may be considered a separate offense.

Farm to market roads are excepted from the law. The new law also gives law enforcement officers the authority to have such livestock picked up, when unable to locate the owner, and turned over to the sheriff or constable in the county.

The law does not prohibit the driving or herding of livestock across or along highways. It gives peace officers the authority to enforce provisions of the act without a warrant.

Col. Homer Garrison, Jr., director of the Texas Department of Public Safety, said state patrolmen will enforce provisions of the law in an effort to reduce the traffic hazard caused by animals on designated state and US highways. He

**CITATION BY PUBLICATION**

THE STATE OF TEXAS TO: NICHOLAS W. SIEBEL, GREETING:

You are commanded to appear by filing a written answer to the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 8th day of August, A. D., 1960, at or before 10 o'clock A. M., before the Honorable District Court of Floyd County, at the Court House in Floydada, Texas.

Said plaintiff's petition was filed on the 22nd day of June, 1960.

The file number of said suit being No. 4701.

The names of the parties in said suit are: CAROLYN SIEBEL as Plaintiff and NICHOLAS W. SIEBEL as Defendant.

The nature of said suit being substantially as follows, to wit: Suit for divorce. Plaintiff alleging she has been a bona fide inhabitant of the State of Texas for 12 months, and has resided in Floyd County, Texas for 6 months, next prior to filing of petition; that Plaintiff and Defendant were lawfully married on or about September 6, 1958, but permanently separated in February, 1959; that Defendant, without provocation, was guilty of excesses and cruel treatment toward Plaintiff, and such ill treatment was of such nature as to render insupportable the further living together of Plaintiff and Defendant; that no children were born or adopted in the marriage, and there is no community property; praying for divorce.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this the 22nd day of June, A. D., 1960.

Given under my hand and seal of said Court, at office in Floydada, Texas, this the 22nd day of June, A. D., 1960.

**FISH SAMPLER APPETIZERS**

Hot appetizers are always popular with tall cool drinks. Fish samplers are easy to prepare because they can be arranged on skewers a few hours ahead of serving and held in the refrigerator. Thaw a package each of frozen fish sticks, clam sticks and clam balls. Cut the sticks in bite-size pieces and thread the pieces alternately with clam balls, olives, mushrooms and miniature tomatoes on skewers. Broil about 8 minutes, turning frequently and basting with a spicy barbecue sauce. Serve with more barbecue sauce for dunking.

**New Princess Phone comes to town**

I'd like to tell you about a brand-new telephone. It's called the Princess phone, and it is being introduced to the public for the very first time this month in towns we serve throughout the state.

How do you like the new look? Notice the oval base and smart styling. You might say the Princess looks regal.

I feel sure a number of you will want one or more of these lovely little phones. I'd like to tell you about the Princess' main features, because it's not very often I get a chance to write about something as exciting as this new phone.

First, it's little. Only 8 1/2 inches long and 3 1/2 inches high and wide, the Princess phone takes so little space on a living room table, a kitchen counter or bedside table.

Next, the Princess is lovely, in styling and in colors. It comes in the most lighthearted pastels I've seen in a long time—blue, beige, pink and turquoise—plus white.

Finally, the Princess phone lights up. The dial glows softly at night, lights up brightly when you lift the receiver.

Why not be among the first here to order a new Princess phone? Just call us at the telephone business office or see your telephone serviceman.

## South Plains

By Mrs. Murray Julian

About 100 were in Sunday morning services and about 40 were at Training Union at the Baptist church. Morning visitors were Mrs. Maggie Davis, Mr. and Mrs. Terry Julian and Dee. Sunday night the Rev. and Mrs. C. Whittle and children visited the church.

The sudden shower Sunday gave from one inch of rain at the Albert Stewart place near South Plains, to amounts ranging from a shower to .70 elsewhere, on ground that is still fully wet from showers of Tuesday night and Wednesday.

Bill Beedy has been in the Peoples Hospital in Floydada since Tuesday, but went to Lubbock for treatment. Thursday he returned home and has been suffering much pain.

Mr. and Mrs. Charles Beedy and children of Stinnett are here with the Eugene Beeds while his father is ill. Intermediates of the Baptist

church left Monday for the Baptist Encampment to be gone until Wednesday. GA's attending with their sponsor, Mrs. J. E. Gillispie, were Marilyn Kinnibrugh, Barbara Milton, Beth Calahan, Carolyn Sessums, Kathy Mulder, and Darlene Cillispie.

The W. H. Simmons family from Truscott spent the week end here with the S. D. Kinnibrugh family.

Rev. and Mrs. Carlton Whittle, Bobby, Hallie and Jody of Plainview had supper and the afternoon at the parsonage with the Rev. J. E. Gillispie and family Sunday.

Wednesday morning Mr. and Mrs. Frank McClure left for Bridgeport where they are visiting friends, the T. J. Thomas family.

The E. J. Kinslows and boys spent Wednesday in Lubbock visiting his parents, Mr. and Mrs. D. E. Kinslow. Mrs. Kinslow's mother, Mrs. J. T. Scott of Petersburg, accompanied the family home.

Mrs. Ollie Wilson, who has been in failing health, was moved to Amarillo Wednesday afternoon where she will be staying at the home of a daughter, Mr. and Mrs. Jack Crawford. Mrs. John Wilson spent the first of the week in Floydada with Mrs. Wilson.

Cloyde Miller, son of Mr. and Mrs. Everett Miller of Plainview, is visiting in the home of Mr. and Mrs. Carl Huckabay for two weeks.

The Sim Reeves returned on Tuesday from Denver, Colo., and Yellowstone Park in Wyoming. Friday they went to Lubbock to visit the Bob Reeves and brought Sandy and Jean home with them.

The H. L. Marbles visited her aunt in Strong City, Okla., last week end.

We extend congratulations to new parents, Mr. and Mrs. Johnny West, as they have a new daughter, Leisa Dale, born Saturday morning July 16, at 4 a. m., in Lockney General Hospital. She weighed 6 pounds, 12 1/2 ounces. Proud grandparents here are Mr. and Mrs. John Key West.

Mr. and Mrs. Terry Julian and Dee came Monday from New York and spent the past week with his folks here. Mr. and Mrs. Murray Julian and family. They had been in Germany the past 2 1/2 years. They left Sunday for Roscoe where they will be engaged in farming. Visitors during the week in the Murray Julian home included Mrs. Sylvia Kinnibrugh and girls, Fred Marble, Mrs. Poyner Roberts, Ken and Janis, from Floydada. Wednesday guests were Mr. and Mrs. Richard Althof and Harold of Roscoe.

We are happy to learn that Rene Yeary is getting along fine since his serious operation Tuesday morning at Methodist Hospital in Houston. He will have to be there two weeks. His room number is 538.

Mr. and Mrs. Dee Leach from California visited Monday morning with the Ernest Smithman family, and had dinner with the Roy Childress family.

The Chester Hidalgo family and Leroy were Sunday night visitors in the home of Mr. and Mrs. Sterling Cummings and children.

Mrs. Parks of Dahlonaga, Ga., came Monday night to visit with her son and family, the L. H. Parks. He is convalescing from an operation.

Women of the Baptist church who went to the Baptist Encampment to help serve breakfast Friday morning were Mrs. Bryan Kerr, L. T. Wood, Dock Jones, H. S. Calahan, Jr., and Shelby Calahan.

Two of our boys, Jimmie and Price Pritchett, left Sunday for Houston, where they will represent their FFA members at the 33rd state convention of Future Farmers of America. The boys are part of the Moon Discs, a local band, which won first place in the Area I FFA contest.

Dear Editor:  
I see where Pres. Ike has warned Khrushchew to keep his paws off Cuba, and my short-suffering neighbor says it's good to note that somebody in Washington is taking up for the U.S. again.

Says here lately, just about anything that happens in the world, we apologize for it and pay the damages.

Claims he is tired of this craven image the world has got of Americans as folks who can be safely insulted, shot at, robbed and hornswoggled. Says we're nursing an inferiority complex which we ought to be giving to others.

### McMurry Plans Church Music Workshop

Abilene. — Three Methodist annual conferences and McMurry College are sponsoring a new workshop in the church music field, July 25-29.

Not planned from the technical standpoint, the workshop is open to choir directors, choir singers, organists, ministers and music students.

The workshop, a new venture on the McMurry campus, is intended to give the members opportunities in the areas of choir development in all age groups, singing techniques, service playing, church music administration, pastor - music staff relations and a worship-centered church music program.

### GA Camp Attended By Three Girls

Three members of the Intermediate Girls Auxiliary of the First Baptist Church attended a GA camp Monday through Wednesday.

Miss Peggy Ford accompanied the group as a sponsor to the camp, which is located south of Floydada.

Those attending were Sue Stansell, Sherry Williams, and Sandra McCandless.

Mr. and Mrs. J. P. Taylor, J. Ronald and Katie, attended the Merrell family reunion Sunday at the Merrell home place near Quitaque.

Mr. and Mrs. H. D. Hale from Groom spent Friday with her niece, Mrs. Grigsby Milton and family.

W. M. Dorsey, father of Mrs. John Key West, is in Methodist Hospital, Lubbock, in a critical condition. He underwent surgery Friday, and did fine, but complications have set in since. The Wests have been in Lubbock all week with him.

We are proud of two of our girls, Barbara Milton and Kathy Mulder, who were winners in the 4-H Dress Revue held in the Lockney High School Auditorium Friday evening. Barbara won high score at the revue.

### Notice Of Meeting Of School Budget Hearing

The 1960-61 budget hearing for the Lockney Public Schools will be held Monday evening, August 1, at 8:00 p.m. in Room 101 of the Lockney Junior High School.

All interested citizens are invited to attend. 15-2c.

### Stubble Mulching Is Recommended

Stubble mulching is managing crop residues on a year-round basis. Harvesting, tilling, planting and cultivating operations are performed in such a way to keep protective amounts of vegetative materials on the surface of the soil until time of seeding the next crop.

This is a very important practice to the farmers of the Floyd County Soil Conservation District. Last year several acres of stubble mulching was applied by Floyd County farmers to protect their land from wind and water erosion. Stubble mulching also helps to maintain or improve the soil condition, increase soil organic matter, allows rainfall to go into soil faster and helps to hold snow in place. For planning assistance on any soil and water conservation practice contact your local Soil Conservation Service office.

### CATES EXPECTED HOME FRIDAY

W. B. Cates expects to return home Friday after undergoing surgery at Gaston Hospital, Dallas, Tuesday of last week.

Horton Howell and Sid Thomas will go to Dallas after Mr. Cates.

Mr. Cates entered the Dallas Hospital Sunday week. His wife, Mrs. W. B. Cates, and his parents, Mr. and Mrs. W. C. Cates of Plainview, accompanied him to Dallas. The three returned Friday.

### VISIT IN PORTALES

Mr. and Mrs. Sid Thomas and their parents, Mr. and Mrs. T. S. Fox, spent Saturday and Sunday visiting the Thomas' daughter and family, Mr. and Mrs. Mark Fairman and boys at Portales, N. M. They also visited friends in Bovina before returning home.

### FORMER RESIDENT VISITS HERE FRIDAY

Dr. and Mrs. R. R. Wimberly of Longview visited several hours Friday with friends in Lockney.

Dr. Wimberly practiced dentistry in Lockney about twenty-five years ago. He is presently a dentist in Longview.

### IN HEREFORD

Mrs. E. J. Foster and Betty Jean attended the wedding of Miss Jean Gilliland and Mr. Wade Wolfe in Hereford Saturday afternoon. The former Miss Gilliland is a cousin of Mrs. Foster, and is the granddaughter of Mrs. Henry Hastings of Hereford.

Mr. and Mrs. Colbert Falls and girls left Sunday on a two-week vacation trip to Colorado and Yellowstone National Park, until Monday.

**SOIL CONSERVATION DISTRICT NEWS**

Interest in leveling land is increasing daily in the Floyd County Soil Conservation District. Many farmers are taking a closer look at this conservation practice as price margins tend to draw closer. Land leveling in this district is nothing new. Over the years more than 8,000 acres have been leveled to a uniform grade. Although an expensive operation records show that it pays off in increased yields per acre, more efficient use of water, and less labor. Truman Gregory, Soil Conservationist, points out that

this practice like many others pays off most with the use of proper crop rotations and the time of applying water. Dry land leveling is something new for the district. For the first time the county ASC Committee is offering cost-share on this practice. Several farmers have applications to carry out this practice now. In view of the increased interest in land leveling the local SCD Board of Supervisors voted at their last regular meeting to ask for bids to purchase a new heavy duty industrial type tractor to facilitate the carrying out of this practice. Conservation of water and soil should be of the utmost concern to everyone living in the local district since most of our income is derived from agriculture. Most of the soil in Floyd County will average absorbing

NEWS from the High Plains Research Foundation

Recent rains, which totaled 12 inches, filled the recharge lake at the High Plains Research Foundation with an estimated 110 acre-feet of water. Recharge of the well was started the night of July 4 and has been recharging at the approximate rate of 850 gallons per minute since that time. During the eleven day period ending the night of Friday, July 15, a total of 43.5 acre-feet of water has been recharged. The well is pumped for one hour every 24 hours and is surged 3 times at 15 minute intervals during this hour to clean as much as possible any silt which may be caught in the underground formation. A filter system installed before the rains to study methods of removing sediment from the water has been of little value. The water level in the lake raised to more than 3 feet over the top of the filter.

After the water had been in the lake 8 days, a form of marine life commonly called "desert shrimp" increased to such numbers that they interfered with recharging by clogging the screens. This requires cleaning the screens every 4 to 6 hours since the screens will become completely clogged within this time.

**New Law Forbids Cattle On Highway**

The Texas Department of Public Safety reminded Texas cattle owners today that a new law went into effect July 1 aimed at controlling livestock on designated US and state highways.

The new law makes it illegal for a person knowingly to permit his domestic livestock to roam at large and unattended on state and federal highways. It applies regardless of whether or not the highway right-of-way is fenced. Maximum fine for such violation is \$200, and each day the violation occurs may be considered a separate offense. Farm to market roads are excepted from the law. The new law also gives law enforcement officers the authority to have such livestock picked up, when unable to locate the owner, and turned over to the sheriff or constable in the county.

The law does not prohibit the driving or herding of livestock across or along highways. It gives peace officers the authority to enforce provisions of the act without a warrant. Col. Homer Garrison, Jr., director of the Texas Department of Public Safety, said state patrolmen will enforce provisions of the law in an effort to reduce the traffic hazard caused by animals on designated state and US highways. He

**CITATION BY PUBLICATION**

THE STATE OF TEXAS TO: NICHOLAS W. SIEBEL, GREETING:

You are commanded to appear by filing a written answer to the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 8th same being Monday the 8th day of August, A. D. 1960, at or before 10 o'clock A. M. before the Honorable District Court of Floyd County, at the Court House in Floydada, Texas. Said plaintiff's petition was filed on the 22nd day of June, 1960.

The file number of said suit being No. 4701. The names of the parties in said suit are: CAROLYN SIEBEL, as Plaintiff and NICHOLAS W. SIEBEL as Defendant.

The nature of said suit being substantially as follows, to wit: Suit for divorce, Plaintiff alleging she has been a bona fide inhabitant of the State of Texas for 12 months, and has resided in Floyd County, Texas for 6 months, next prior to filing of petition; that Plaintiff and Defendant were lawfully married on or about September 6, 1958, but permanently separated in February, 1959; that Defendant, without provocation, was guilty of excesses and cruel treatment toward Plaintiff, and such ill treatment was of such nature as to render insupportable the further living together of Plaintiff and Defendant; that no children were born or adopted in the marriage, and there is no community property; praying for divorce.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

**FISH SAMPLER APPETIZERS**

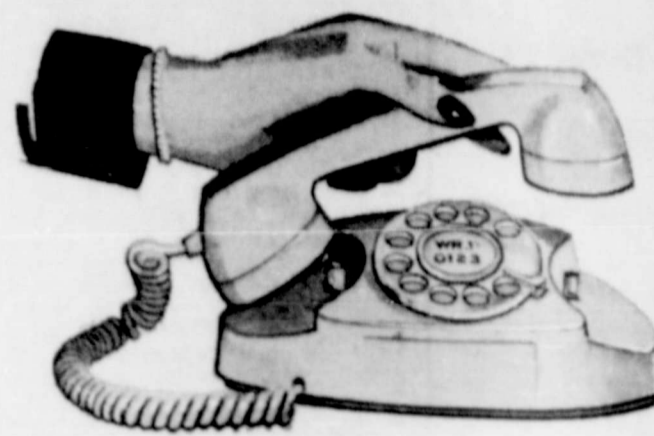

Hot appetizers are always popular with tall cool drinks. Fish samplers are easy to prepare because they can be arranged on skewers a few hours ahead of serving and held in the refrigerator. Thaw a package each of frozen fish sticks, clam sticks and clam balls. Cut the sticks in bite-size pieces and thread the pieces alternately with clam balls, olives, mushrooms and miniature tomatoes on skewers. Broil about 8 minutes, turning frequently and basting with a spicy barbecue sauce. Serve with more barbecue sauce for dunking.

New Princess Phone comes to town

I'd like to tell you about a brand-new telephone. It's called the Princess phone, and it is being introduced to the public for the very first time this month in towns we serve throughout the state.

How do you like the new look? Notice the oval base and smart styling. You might say the Princess looks regal.

I feel sure a number of you will want one or more of these lovely little phones. I'd like to tell you about the Princess' main features, because it's not very often I get a chance to write about something as exciting as this new phone.

First, it's little. Only 8 1/2 inches long and 3 1/2 inches high and wide, the Princess phone takes so little space on a living room table, a kitchen counter or bedside table.

Next, the Princess is lovely, in styling and in color. It comes in the most lighthearted pastels I've seen in a long time—blue, beige, pink and turquoise—plus white.

Finally, the Princess phone lights up. The dial glows softly at night, lights up brightly when you lift the receiver.

Why not be among the first here to order a new Princess phone? Just call us at the telephone business office or see your telephone serviceman.

about 1/2 inch of water per hour. When a hard rain falls a big part of this is lost in runoff which also carries top soil with it. This loss can be reduced to a minimum by leveling your land.

Taking these factors and numerous others into consideration it can be safely concluded that it definitely pays to level your farm.

Some farmers who have completed jobs or are in the process of leveling land this year are Don Marble, South Plains; J. T. Huckabay, Floydada; Chester Mitchell, Lockney; W. B. Collins, Jr., Floydada; Howard Smith, Lone Star; Kenneth Bean, South Plains.

For further information and technical assistance in planning future work on your farm contact your local Soil Conservation Service.

**SUMMER DESSERT COMBINATIONS**

With a variety of frozen fruits and fruit juices in the freezer compartment of your refrigerator you can combine frozen with fresh fruits for some delightful effects. Try frozen lemonade over fresh blueberries, partially thawed frozen strawberries over seedless grapes, frozen limeade over freshly sliced peaches, pink lemonade over fresh pineapple or melon balls. Let the fresh fruits marinate in the frozen juice concentrate for a few hours before serving.

**CHICKEN**

Whether you fry chicken in deep fat or in a skillet, a uniform frying temperature of 350-375 degrees is important. When the temperature is too low, say experts, grease soaks into the chicken. The automatic top burner heat control on the range provides accurate frying temperature. To avoid spatter be sure chicken is dry before frying.

## South Plains

By Mrs. Murray Julian

About 100 were in Sunday morning services and about 40 were at Training Union at the Baptist church. Morning visitors were Mrs. Maggie Davis, Mr. and Mrs. Terry Julian and Dee. Sunday night the Rev. and Mrs. C. Whittle and children visited the church.

The sudden shower Sunday gave from one inch of rain at the Albert Stewart place near South Plains, to amounts ranging from a shower to .70 elsewhere, on ground that is still fully wet from showers of Tuesday night and Wednesday.

Bill Beedy has been in the Peoples Hospital in Floydada since Tuesday, but went to Lubbock for treatment Thursday he returned home and has been suffering much pain.

Mr. and Mrs. Charles Beedy and children of Stinnett are here with the Eugene Beedys while his father is ill. Intermediates of the Baptist

church left Monday for the Baptist Encampment to be gone until Wednesday. GA's attending with their sponsor, Mrs. J. E. Gillispie, were Marilyn Kinnibrugh, Barbara Milton, Beth Calahan, Carolyn Sessums, Kathy Mulder, and Darlene Cillispie.

The W. H. Simmons family from Truscott spent the week end here with the S. D. Kinnibrugh family.

Rev. and Mrs. Carlton Whittle, Bobby, Hallie and Jody of Plainview had supper and the afternoon at the parsonage with the Rev. J. E. Gillispie and family Sunday.

Wednesday morning Mr. and Mrs. Frank McClure left for Bridgeport where they are visiting friends, the T. J. Thomas family.

The E. J. Kinslows and boys spent Wednesday in Lubbock visiting his parents, Mr. and Mrs. D. E. Kinslow. Mrs. Kinslow's mother, Mrs. J. T. Scott of Petersburg, accompanied the family home.

Mrs. Ollie Wilson, who has been in failing health, was moved to Amarillo Wednesday afternoon where she will be staying at the home of a daughter, Mr. and Mrs. Jack Crawford. Mrs. John Wilson spent the first of the week in Floydada with Mrs. Wilson.

Cloyde Miller, son of Mr. and Mrs. Everett Miller of Plainview, is visiting in the home of Mr. and Mrs. Carl Huckabay for two weeks.

The Sim Reeves returned on Tuesday from Denver, Colo., and Yellowstone Park in Wyoming. Friday they went to Lubbock to visit the Bob Reeves and brought Sandy and Jean home with them.

The H. L. Marbles visited her aunt in Strong City, Okla., last week end.

We extend congratulations to new parents, Mr. and Mrs. Johnny West, as they have a new daughter, Leisa Dale, born Saturday morning, July 16, at 4 a. m., in Lockney General Hospital. She weighed 6 pounds, 12 1/2 ounces. Proud grandparents here are Mr. and Mrs. John Kev West.

Mr. and Mrs. Terry Julian and Dee came Monday from New York and spent the past week with his folks here, Mr. and Mrs. Murray Julian and family. They had been in Germany the past 2 1/2 years. They left Sunday for Roscoe where they will be engaged in farming. Visitors during the week in the Murray Julian home included Mrs. Sylvia Kinnibrugh and girls, Fred Marble, Mrs. Poyner Roberts, Ken and Janis, from Floydada. Wednesday guests were Mr. and Mrs. Richard Althoff and Harold of Roscoe.

We are happy to learn that Eene Yeary is getting along fine since his serious operation Tuesday morning at Methodist Hospital in Houston. He will have to be there two weeks. His room number is 538.

Mr. and Mrs. Dee Leach from California visited Monday morning with the Ernest Smitherman family, and had dinner with the Roy Childress family.

The Chester Hidalgo family and Leroy were Sunday night visitors in the home of Mr. and Mrs. Sterling Cummings and children.

Mrs. Parks of Dahlonga, Ga., came Monday night to visit with her son and family, the I. H. Parks. He is convalescing from an operation.

Women of the Baptist church who went to the Baptist Encampment to help serve breakfast Friday morning were Meses, Bryan Kerr, L. T. Wood, Dock Jones, H. S. Calahan, Jr., and Shelby Calahan.

Two of our boys, Jimmie and Price Pritchett, left Sunday for Houston, where they will represent their FFA members at the 33rd state convention of Future Farmers of America. The boys are part of the Moon Discs, a local band, which won first place in the Area I FFA contest.

Dear Editor:

I see where Pres. Ike has warned Khrushchev to keep his paws off Cuba, and my short-suffering neighbor says it's good to note that somebody in Washington is taking up for the U.S. again.

Says here lately, just about anything that happens in the world, we apologize for it and pay the damages.

Claims he is tired of this craven image the world has got of Americans as folks who can be safely insulted, shot at, robbed and hornswoggled. Says we're nursing an inferiority complex which we ought to be giving to others. D. E. SCOTT Crossroads, U.S.A.

### McMurry Plans Church Music Workshop

Abilene. — Three Methodist annual conferences and McMurry College are sponsoring a new workshop in the church music field, July 25-29.

Not planned from the technical standpoint, the workshop is open to choir directors, choir singers, organists, ministers and music students.

The workshop, a new venture on the McMurry campus, is intended to give the members opportunities in the areas of choir development in all age groups, singing techniques, service playing, church music administration, pastor - music staff relations and a worship-centered church music program.

### GA Camp Attended By Three Girls

Three members of the Intermediate Girls Auxiliary of the First Baptist Church attended a GA camp Monday through Wednesday.

Miss Peggy Ford accompanied the group as a sponsor to the camp, which is located south of Floydada.

Those attending were Sue Stansell, Sherry Williams, and Sandra McCandless.

Mr. and Mrs. J. P. Taylor, J. Ronald and Katie, attended the Merrell family reunion Sunday at the Merrell home place near Quitaque.

Mr. and Mrs. H. D. Hale from Groom spent Friday with her niece, Mrs. Grigsby Milton and family.

W. M. Dorsey, father of Mrs. John Key West, is in Methodist Hospital, Lubbock, in a critical condition. He underwent surgery Friday, and did fine, but complications have set in since. The Wests have been in Lubbock all week with him.

#### COTTON DISEASE

We are seeing much disease in many fields of cotton. These disease conditions have been brought about by the unusually wet, cool soils.

Seedling diseases have been noted all year and in many cases have stunted the cotton. This past week small spots of cotton have been dying. This is caused by the seedling disease complex which has damaged the root at ground level or just below it with brown colored lesions. There may be plants healthy next to dying plants and they are apparently not attacked. We feel that this is a carry over of the seedling disease complex that we had early. Heavy rains and cool soil temperatures have created conditions conducive for a strong build up and is killing some cotton. Regular seed treatment controls much of our seedling blights except in years that we have wet, cool soils.

Wet weather blight has also been noted in many cotton fields. This attacks the leaves and stems and symptoms noticeable are numerous round, ash colored areas on the leaves. This is a seed borne disease that occurs during cool, wet weather and on cotton that has had thrip damage in the early stages.

Usually dry, hot weather will let the plant outgrow these diseases. Continued wet weather will cause an increase in these diseases.

#### COTTON INSECTS

Fields checked this past week in South Plains, Sandhill, McCoy and Aiken communities show small infestations of flea hoppers, most fields ran from 3 to 5% flea hopper infestation. Most of these flea hoppers were young, which may indicate hatching of flea hoppers. Some cabbage loopers, garden web worms have been found, along with a few bollworm eggs.

Many beneficial insects are noted in most fields with spiders, flower bugs, and lace wing flies being noted in the cotton fields.

By Mrs. Wilfred Stoerner

Eugene Boedeker, son of Mr. and Mrs. Leo Boedeker, returned home for a furlough with his parents. He has been stationed in Germany.

Visiting the Leo Boedeker home Saturday were Mrs. Jimmie Hodel and children, Mrs. T. H. Boedeker of Lockney.

House guests this week in the Ben Brandes home were Mr. and Mrs. Ernest Luedtke of Clifton, Tex., brother of Mrs. Ben Brandes, and Mr. and Mrs. Jonnie Saralino of Waco, niece of Mrs. Ben Brandes. Wednesday evening they were entertained with a supper in the home of Mr. and Mrs. Wilfred Stoerner and family. Other supper guests were Mrs. Ben Quebe, Mr. and Mrs. Ben Brandes.

Thursday, Mr. and Mrs. Ernest Luedtke, Mr. and Mrs. Wilfred Stoerner and children, Cynthia Stoerner Martin Louis, Mr. and Mrs. Ben Brandes motored to Pils Duro Canyons for an all-day outing and picnic. Thursday evening they were all guests for supper at the home of Mr. and Mrs. L. B. Brandes and girls, Debra and Pam.

Dinner guests Sunday in the home of Mr. and Mrs. J. R. Turner were Mr. and Mrs. Stout of Lubbock and Mr. and Mrs. Wilfred Stoerner and children. Later the group went swimming at the American Legion pool at Plainview.

We are sorry to report that Bill Rogers who has been employed at Providence Gin and Crume Gin underwent amputation of three fingers on his left hand. He has had many operations and skin grafts.

This past Sunday was vacation Sunday at Trinity Lutheran Church, so many of the members attended other churches. Next Sunday regular Sunday school and divine worship services will be held.

#### VISIN IN MINNESOTA

Mr. and Mrs. Harley Workman, David and Donna, recently returned from Wadena, Minn., where they visited with the Workmans' sons, Mr. and Mrs. Jerry Workman, and Wayne Workman. They returned home Jeffrey, son of Mr. and Mrs. Jerry Workman, who had visited in his grandparents' home for several weeks.

Mr. and Mrs. Alvin Nichols returned from Mathis and Corpus Christi Monday. They were accompanied to Mathis by their granddaughters, Judy Ann and Cynthia Whitfill, who had visited in the Nichols home five weeks.

Mr. and Mrs. Ray Dean Fleming of Friona visited this week end with her parents, Mr. and Mrs. Loyd Widener and Lee.

### "Chuck" Wilsons Home From Service

Mr. and Mrs. Charles "Chuck" Wilson and two daughters are home from Germany and glad to be back in civilian life. "Chuck", who held a 1st Lieutenant commission in the Air Force, received his discharge at McGuire Air Force Base, N. J., on July 13th. Then they picked up their car, shipped from Germany, and drove to Texas. Their daughters are Lisa, age 4, and Melinda, 4 months old.

"Chuck" has spent six years in the Air Force, part of that time at Corpus Christi and the past two years in Germany. The Wilsons re living on the farm near her parents, Mr. and Mrs. John T. Carthel. They plan to open a photographic studio here as soon as arrangements can be made. "Chuck" is an experienced photographer, doing some of that work in the Air Force. She is the former Joyce Carthel.

He will do all kinds of photographic work, portrait, commercial, advertising, etc.

### Farmers Union To Meet Friday

Denton. — Alex Dickie, Jr., president, Texas Farmers Union, stated that representatives from counties all over the state of Texas will convene Friday, July 22nd, at Methodist Camp, Butman Canyon, Southwest of Merkel, Texas, for the annual Texas Farmers Union 1960 two day Summer Camp. The annual Summer Camp is one of the highlights of Texas Farmers Union activities each year.

Not only the youthful members, but their seniors, are eagerly anticipating this event since it gives them an opportunity to not only learn more about their organization's educational program but also affords them an opportunity to relax and enjoy good fellowship in the midst of a fine recreational atmosphere.

Under the direction and guidance of qualified instructors, matters of great interest to those attending will be offered both the junior and senior members.

Assisting Dickie in the camp's program and activities will be Richard Alexander, Secretary; Charles Detten, Amarillo; Misses Pat and Doris Berg of Panhandle, Texas.

**ELECTRIC CO-OPS PROVIDE PARTNERSHIP POWER FOR PROGRESS**

It is a simple truth that rural electrification has been the most important program inaugurated during the past quarter century for the rural areas of Texas — and America. And as the nation celebrates the joining of the fiftieth state to our Union, the Electric Cooperatives of Texas pay homage to the democratic principles which fostered the birth and growth of rural electrification.

Our rural areas, once deaf to the hum of electric energy and blind to the marvels it produced, are now ablaze with the efficient dependable electric service provided by electric cooperatives.

With pride in the past and confidence in the future, the Electric Cooperatives of Texas truly provide Partnership Power for Progress!

## Wisdom

One of our old teachers used to say, "I can lead you to knowledge, but only God can give you wisdom."

And how right he was. A string of diplomas and degrees does not make a man wise. Many of the wisest never had a formal education.

For knowledge is the accumulation of facts. But wisdom is the ability to apply a few facts — perhaps only one — to a life-situation.

We know a distinguished scholar who has written volumes on ecclesiastical architecture. And we know an elderly widow who told her grandchildren, "Churches ain't made to look at!"

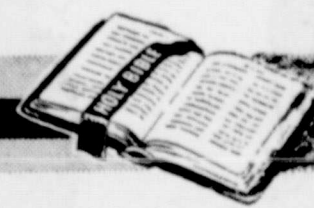

And the scholar — earnest Christian that he is — humbly bows to the wisdom of the widow!

For whether it be a cathedral or chapel, the Church cannot enrich our lives until reverently we enter its portals to worship and serve God. *The fear of the Lord is the beginning of wisdom.*

### THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
