Area Co-Op Meet Set Here Friday

Lockney will be the site of the quarterly meeting of managers and directors of cooperative elevators in the South Plains area. The group will meet Friday evening at eight o'clock in the dining room of Golden's Restaurant. Larry Bergsma, livestock marketing specialist with the Extension Service, will be the main speaker. He will speak on "Cooperative Feeding of Pigs." Bergsma is stationed at Texas A. & M. College. Harold Mondell Mills and assistant manager of Lockney Co-op Grain Elevator, stated that they had received confirmation from representatives of Producers Grain Cooperative, Amarillo; Hale Center Co-op Elevator; and co-op elevators at Edmondson, Petersburg, Plainview. They expect several other South Plains cooperative elevators to have representative at the Friday meeting.

Man Charged With D. W. I. Following Wreck Saturday

A Latin-American man was charged with D. W. I. Saturday night after being involved in a collision on the Farm-to-Market highway north of Lockney. Frank Guerra pleaded guilty to the D. W. I. charge and was fined \$131.95 and 10 days in jail. He was also fined \$16.50 for driving on the wrong side of the road. Guerra was traveling south when he swerved across the road and struck a pickup driven by Donald Willis. The pickup, driven by Willis, a 1951 Chevrolet owned by Paul Cooper, was turned over on its side. Guerra was driving a 1955 Ford pickup. No one was injured in the smash-up. The Latin-American man is employed as a farm hand by Lloyd Reddimer. Deputy Sheriff W. F. (Cap) Carthel reported that two Latin-American men, living near the north Floyd County line, were charged with illegal possession of beer in a dry area last week. The men pleaded guilty and each was fined \$50 and court costs of \$28.95. The men were Julian Flores and Emilio M. Salazar. Termin S. Duran was charged with possession of beer in a dry territory at Floydada on Saturday. Duran also pleaded guilty and was assessed a fine of \$50 plus \$28.95 for court costs. The man lives at Idalou. Ralph Emory Gled was charged Sunday in Floydada with a D. W. I. The Floydada man pleaded not guilty and made a \$500 bond.

Manufacturing Firm Moved To New Structure

Wofford Manufacturing Co. moved into their modern new Butler-steel building this week. The building is located in southeast Lockney, east of National Alfalfa Company. Lloyd Wofford, owner of the firm, indicated Tuesday morning that the plant should be operating in the new building by the first of next week. A sawdust burner is now being erected, and a dust collector must be installed before work can begin. The main structure is 40' 10" x 161' 10" with a 24' by 60' lean-to. Parhandle Steel Builders of Lubbock was the contractor. Another building, about 24' x 40', will be erected in the immediate future. Wofford said that his firm will continue to use the old building north of the Ferguson building until the new structure is completed. Wofford Manufacturing Co. formerly occupied the building south of Brown's Cleaners & Clothiers. Claude Brown recently purchased this building and remodeling work is underway. Brown's Department Store will be housed in the building.

Methodist Youth Activity Week Begins July 31

During the week of July 31 to August 2, the youth of the First Methodist Church will present their Youth Activities Week. "Wit, Wisdom, and Worship" was chosen as the theme and the week's activities will be woven around this central idea. To start off the week, a kick off supper will be held at 6:00 o'clock the evening of July 31. At 7:00 Rev. McAnally will give the opening sermon. Fellowship will follow the worship service and it will consist of volleyball tournaments. Monday night's activities will start with an ice cream and cake supper at 7:30. This year the youth will have a chance to choose between three different studies "Christian and Race," "How Do I Know What is Right," or "Protestant Churches." These courses will be held between 8:00 p.m. and 8:45 p.m. Worship will follow with a guest speaker and at 9:15 recreation will start. Continuing with the theme Tuesday night at 7:30 there will be a panel discussion on prayer. On this panel will be Nancy Webster, Nancy Jo Schacht, Polly Sue Gilbert, Bobby Holt, Carolyn Harris and Sonny Bryant. Between 8:15 and 9:00 the studies will be held. Following the studies there will be a swimming party and a hot dog eat. Another night of activities starts with a hamburger feast at 7:30 Wednesday evening. The course will start at 8:00, the worship at 8:45, and recreation at 9:30. The worship service for that night will be a discussion on race relations. A salad supper starts off the activities at 7:30 Thursday evening. Following the studies will be the worship service which will be a talk on the three great monotheistic faiths. Rev. Glenn Chambers will be the guest speaker that night. Bobby McMillan, last year's youth director, will be the guest speaker for Friday evening. After the course at 7:30 the group will have a hayride and the worship service at the end of the ride. Watermelon will be served. Concluding the week's activities Saturday night will be supper at 7:30, recreation at 8:00, and worship at 9:00. Bobby McMillan will also be present for the ending program. The week promises to be a week of good wit, thoughtful wisdom, and prayerful worship.

Wheat Referendum Carries In County

The wheat referendum, voted on last Thursday, carried overwhelmingly in Floyd County. Thomas Hutchins, office manager for the ASC in Floydada, stated that only two negative votes were registered among the 103 votes cast in the county. Voting by boxes in Floyd County:

	For	Against
Lockney	12	2
Floydada	53	0
South Plains	23	0
Dougherty	9	0
McCoys	12	0
Cedar Hill	3	0
Total	101	2

DARLA WILLIAMS IS INJURED IN FREAK ACCIDENT FRIDAY

In a freak, unavoidable accident Friday evening, Darla Jean Williams was seriously injured. The child was riding a bicycle behind the city fogging machine when she was struck by a pickup driven by Hershel Carthel. Darla Jean is the 10-year-old daughter of Mrs. Bertha Williams. The accident occurred about dusk Friday at an intersection in West Lockney near the home of the girl's grandmother, Mrs. Mamie Sims. Darla Jean was apparently riding her bicycle behind the fogging machine, which was traveling east, when she suddenly emerged from the fog into the path of Carthel's pickup. Carthel, who was driving south, was traveling at a slow rate of speed but was unable to avoid hitting the girl, according to investigating officers. Joe Neil Williams, five-year-old brother of the injured girl, was running along beside his sister's bicycle and also struck. He received only a skinned nose in the accident, according to reports. A Carter ambulance rushed the injured girl to Lockney General Hospital. From there Darla Jean was transferred to Methodist Hospital, Lubbock. She is receiving treatment at the Lubbock hospital at this time. Following the accident, the girl's condition was considered very serious. Friends of the family reported Tuesday that Darla Jean was much improved, but was continuing to receive glucose.

Onion Harvest Is Progressing

Onion harvest in the Lockney area is progressing in high gear this week. Bob DeBruyn, manager of the onion shed, Monday estimated that about two-thirds of the crop had been clipped and about half had been graded. DeBruyn said that the weather "is perfect" for the harvest. The grading shed is alive with activity this week, with the grades holding up well. Prices fell last week, according to DeBruyn, but are rising now. The price on whites is good. Crews were clipping in the fields of Raymond Rucker, J. R. Belt, and Garland Sams, Jr., on Monday. They hoped to by later this week. Harvest work will begin on the Hubert "Izzell and Byron Foad farms later in the week. The clipping work has been completed on the Dick Ford place.

Fortenberry Gets Plaque At Houston

Three Lockney men attended the annual Future Farmers of America - Young Farmers convention held at Houston last week. They were Elvin Lyon, agriculture instructor in Lockney High, Eddie Joe Fortenberry and Ted Carthel, members of the local Young Farmer chapter. The trio left Monday and returned Saturday. Fortenberry, recently named the outstanding young farmer in Area I of Texas, received a plaque at a banquet Tuesday evening. The outstanding youth farmer in each of Texas' areas was represented with one of the plaques at the banquet held at the San Jacinto Inn, San Jacinto Park. The outstanding young farmers were again recognized at a luncheon last Wednesday noon. Rice Hotel ballroom was the site of this luncheon. Carthel made the motion that the Young Farmer convention be changed from a winter month to enable more members to attend the sessions. The motion carried overwhelmingly. The next Young Farmers convention will be the first two weeks in December, 1961, probably in Dallas. None of the Lockney FFA boys attended the convention.

Kellisons Will Leave Saturday For Italy

Mr. and Mrs. V. H. Kellison will leave from Amarillo Saturday morning, July 30, to start their journey to Europe. Their daughter and family, AB 1 and Mrs. Jack Adams and Vikke will join them in Rome, Italy. They will tour Italy, Switzerland, and Naples. The Adams have been stationed in Naples for several months. The Kellisons will stop by Madrid, Spain on their way home and plan to arrive here on September 1.

FISH ON CONEJAS RIVER

Mr. and Mrs. Lavon Johnson and family and Mr. and Mrs. M. E. Cooper and Wayne spent several days fishing on the Conejas River last week. They reported the fishing was very good.

Local Coaches to Coaching School

All four coaches in the Lockney School system are planning to attend the 28th annual Texas Coaching School at Dallas, July 31-August 5. R. L. Rhoten, Troy Lemley, Bobby Davis, and James Anglin will probably depart Saturday for the school. The annual coaching school is predicted to be the largest in history. Highlight of the week will be the all-star basketball game on Thursday, Aug. 4, and the football game, Aug. 5. Hal Ratcliff, all-round athlete from Dimmitt, will participate in the basketball game. Some of the finest college and high school coaches in the nation are slated to appear on the programs. They include: Football, Ara Parseghian, Northwestern; Darrel Royal, Texas; Ben Schwartzwalder, Syracuse; Frank Broyles, Arkansas; Chuck Purvis, Baylor; and two high school coaches, Basketball, Bob Vanatta, Memphis State; Tex Winter, Kansas State; W. H. Kitchens, Hereford High School; Gerald Cobb, Pasadena High School. Track, Oliver Jackson, ACC. Practice Begins Aug. 15. Coach Rhoten said that the Lockney Longhorns will begin grid workouts on August 15.

School Board Will View 1960-1961 Budget At Meeting Monday Night

The Board of Trustees of Lockney Public Schools will view the school 1960-61 budget at a meeting Monday evening, August 1, at 8 p.m. The hearing will be held in Room 101 of Lockney Junior High School. All interested citizens are invited to attend. Three Teacher Vacancies. Supt. H. H. Nicholas said the board has accepted the resignation of Miss Myra Applewhite, Spanish instructor. The superintendent stated that the school system now has three vacancies, all in high school. The proposed budget:

Mrs. Brown Has 98th Birthday On Friday

"Aunt Fannie" Brown added another candle to her birthday cake last Friday. She is now 98 years young. No special celebration was held commemorating the occasion but many friends called on Mrs. Brown and presented her with many nice gifts. Still others remembered the pioneer woman's birthday by sending cards. Mrs. Brown has made her home with a daughter, Mr. and Mrs. Hugh Courts, since the first of the year. She has to be in bed much of the time now, Mrs. Courts stated. Well-wishers from out of town calling on "Aunt Fannie" Friday included her sister-in-law and nephew, Mrs. Opal Blount and A. B. Blount, Jr., of Plainview; her grandson, Mr. and Mrs. Gerald Sams of Amarillo; Mr. and Mrs. Noah Mumphries; Mrs. Dale Fowler; Mrs. Brown's great granddaughter, Mr. and Mrs. Joe R. Noland and Mark Floydada; Mr. and Mrs. Jack Smith and Josephine, Mr. and Mrs. Will Wofford, Plainview. Numerous Lockney people also visited Mrs. Brown on her birthday.

Student Council To Sell Bumper Stickers

At a Monday evening meeting members of the Lockney High Student Council voted to sell Longhorn bumper stickers as a fund-raising project. The stickers will be sold by all Student Council representatives for 50 cents each. About eight members were present at the business meeting held in the home of Warren Mitchell. Mrs. Chester Mitchell served sandwiches and Cokes following the meeting.

Wisdom Family Featured In Ladies' Home Journal

A story on a former Lockney family, Mr. and Mrs. Raymond Wisdom and children of Tullia, is appearing in the August Ladies' Home Journal. The County, Lee Burget, 72-year-old, is the subject of the nationally-known magazine. The article, "Rich Living in Their Harvest," was written and photographed last summer in Southern Colorado where the Wisdoms harvest wheat each year. The feature describes the family's life as they harvest wheat from Texas to Montana from May to September. The family moved to Tullia the latter part of April, where Raymond is farming. He is now working the harvest on a full-time basis this summer. The Wisdoms have four children, Steven Ray, 8 years; Raymond Paul, 5 years; Judy, 2½ years; and Barry Wayne, who was born in March. Mr. Wisdom's parents, Mr. and Mrs. W. C. Wisdom, reside in Lockney. His brother, Billy, also a Lockney resident, is in partnership with Raymond in the combining. Also mentioned in the article as members of the Wisdom harvest crew last summer were Wayne Cooper and Jake Wofford. Wayne also worked this summer with the Wisdoms, as did several other Lockney boys.

Lockney V.F.W. Will Get Charter Friday

In a program Friday evening at the American Legion Home, Lockney Veterans of Foreign Wars Post No. 7993 will receive its charter. Commander O. C. Allison will receive the charter in behalf of Post No. 7993 from Ted Connell, national senior vice-commander of the V. F. W. and president-elect of the national organization. Several of the top V. F. W. officials will be on the program including Victor Afferbach, Lubbock, state commander; Walt Brown, Tullia, District 13 commander; Johnny McBroom, Canyon, state department chief-of-staff.

- Total, \$381,584.24.
- Deficit, \$2,663.00.

Welding Course Will Begin On Monday Evening

Joel R. Barton of Texas A. & M. College will be the instructor in a farm welding short course which will begin Monday night, Aug. 1. The one-week course, for adult farmers, will be held in the vocational agriculture building at Lockney High. The short course is under the sponsorship of Lockney High School Vocational Agriculture Department. Meetings will begin at 8 p.m. Monday through Friday nights. During the time the short course is in progress Barton will be available to assist farmers with individual problems and to provide on-the-farm instruction, according to LHS agriculture instructor M. L. Brewer. Farmers interested in attending the course should write or call superintendent of schools, H. H. Nicholas, or teachers of vocational agriculture, Brewer or Elvin Lyon. An entry fee of \$5.00 will be charged. Farm Welding Short Course Certificate will be presented to each enrollee who attends the entire course.

Boy Scouts Plan Swimming Party

Thurman Davis informed The Beacon that the Boy Scouts and boys who are interested in joining the Scouts will have a swimming party Friday at 7 p.m. Mr. Davis said that dads of Scouts and prospective Scouts are invited to attend. Any boy interested in joining the Scouts is urged to attend the party and register.

Welding Course Will Begin On Monday Evening

Joel R. Barton of Texas A. & M. College will be the instructor in a farm welding short course which will begin Monday night, Aug. 1. The one-week course, for adult farmers, will be held in the vocational agriculture building at Lockney High. The short course is under the sponsorship of Lockney High School Vocational Agriculture Department. Meetings will begin at 8 p.m. Monday through Friday nights. During the time the short course is in progress Barton will be available to assist farmers with individual problems and to provide on-the-farm instruction, according to LHS agriculture instructor M. L. Brewer. Farmers interested in attending the course should write or call superintendent of schools, H. H. Nicholas, or teachers of vocational agriculture, Brewer or Elvin Lyon. An entry fee of \$5.00 will be charged. Farm Welding Short Course Certificate will be presented to each enrollee who attends the entire course. Barton stated that the short course will be adjusted to wishes and interests of farmers enrolled, but that he expects to cover such subjects as safety in welding, factors controlled by the operation in running a head and striking an arc, types of electrodes, preparation of joints, distortion, cutting, hard-surfacing, and pipe welding. The welding specialist is with the Vocational Agriculture Division of the Texas Education Agency and the Department of Agricultural Engineering at Texas A. & M. College. Mrs. Jerry Paul Cooper and daughters, Kathy and Lisa, left Friday, July 22, for Fort Worth to attend the wedding of Mrs. Cooper's niece, Lisa was flower girl in the wedding.

EDITORIAL

For He is not a God of the dead, but of the living; for all live unto Him. — Luke 20:38.

HYMN SIGNING and a policeman's billy will never make kids or adults be good. People are good or bad, because that is the way they want to be, or because that is the way all their friends are. The best way to bring about any change, it would seem, would be to get them to want to change, or make conditions such as to make it easier for them to change, if they care to.

OUR CIVILIZATION has borrowed the idea of printing (movable type and gunpowder from the Chinese, agriculture from the Egyptians, architecture from the Greeks, the alphabet, military organization and civil law from the Romans, crops and domesticated animals from the entire world, it seems. We have produced very little that is completely original.

ALL THE FOOD used by humans and animals is produced by green plants — whether we eat the plants ourselves, or feed them to animals first makes no difference — all food

For **Farmer's Union Insurances**

J. D. Copeland
Phone OL 4-3813
Ferguson Bldg.

elements come through plants. This step in production seems to be the bottleneck in the production of food from sunlight, air and water. If man could unlock this secret, as plants have, as the plants do, the biggest worries of the human race would be over. This would end the food shortage problem of overcrowded nations, eliminate the need of farming operations, and open the door to an entirely new kind of life. Can't be done? A hundred years ago, people couldn't send voices and pictures through the air, either.

THE MANTIS puts its eggs in sort of tailor-made "thermos bottle" — a cluster of hundreds of bubbles of air about the eggs, which serves as insulation to keep eggs from temperature changes. The principle is exactly the same as used on thermos bottles — only they have been using it for centuries.

IT IS UNFORTUNATE that so many people, young people especially, have the idea that you must have money and leisure to be happy. Christ had neither money or leisure, and He was brought more happiness than any person ever to walk the earth. The few wealthy people who have crossed our path seem to be about the most unhappy people we have ever met. Teachers tell us that youngsters invariably think they must have money and be away from home to have a pleasant time — which most adults will agree is not always, or even usually, correct.

THE DISTRICT of Columbia has the highest density of population of any government built in the nation — some 11,000 people per square mile. Nevada is the lowest with about one person per square mile. Washington also has the distinction of having the highest liquor consumption record of any area in U. S.

CORRESPONDENT JAMES Morris of the Manchester Guardian, which is one of England's most respected newspapers, recently visited Russia. In a dispatch he said: "You must take on trust... the staggering Soviet claims of industrial expansion, rocketry, atomic energy, agricultural initiative, and all the bragging that sometimes overcomes your tourist guide. You cannot check for yourself... I will be bold and brash. I do not believe all the Russians say. I sniff at their statistics. There seems to be something illusory, deceptive, misleading in the air of Russia today, something that niggles at my intuitions and sharpens my skepticism."

FELIX MORLEY writes in Nation's Business: "Social life, becoming ever more complicated and interdependent, demands disciplined behavior from all participants carried to the extreme, this discipline can lead to the virtual slavery enforced by communist dictatorships. Omitted altogether, the lack of discipline results in anarchy. The role of the educator, whether parent or teacher, is to point the golden mean between the two."

THE AMERICAN WAY

Yes—How About That?

With Our EXCHANGES

FEATHERED FRIENDS RETURN

Unfortunate as it is, President Eisenhower is learning that all chickens do come home to roost. He was assured of the Presidential election when he told the voters he would go to Korea. Today he is having to go all over the world but to little avail.

The politician who boasted and whetted the appetites of voters by promises of sugar from the treasury store-house is now discovering he cannot rid himself of this expense in order to build the necessary defense of the nation. He knows, somewhere in the dim future there is a debit limit he dares not go beyond.

The laboring man has found he is pricing himself out of the market. Machines are replacing him as fast as possible. Where that is not possible, industry is moving to foreign nations where labor is still cheap, too cheap, in fact, for local labor to compete against. The boom expected after the recent steel strike did not materialize and instead of increased work and overtime the laborer is finding himself on half days and short hours and in some cases, complete shutdown.

Labor bosses are finding themselves in hot water due to their lack of vision. The laborer feels all they know is "higher wages" which have resulted in their present decline. Many union members now know that "wage increases are the worst thing that has happened to them."

The farmers are also finding that government aid, instead of being a boon, may actually be a bust. They dare not let go, yet the surplus mounts higher

and higher, foreign markets are declining and farmer after farmer is moving to the already crowded industrial centers.

Those who sat on their complacency and said "There's absolutely nothing to it," when told the Communists were infiltrating every walk of life now know they have been successful, using student stooges, to oust the governments of Cuba, Turkey, Korea and Japan and were fairly successful in organizing student mobs in California against the un-American Activities Committees. More such student mobs are in the planning stage to throw off balance law and order all over the world.

How are we to solve all this? The Lord only knows and He may have already given up. — Cecil Waggoner in Claude News.

YOU AND TAXES

The head of a taxpayer research organization warns that all the government spending plans and programs now being hatched in Washington will have to be financed from just one source — and that's the already tightly squeezed taxpayer.

The wonder is that such a warning is needed. But it is, for, apparently, great numbers

of people still labor under the delusion that government money comes magically out of the blue, not out of their pockets.

Well, in the short span of three decades government's tax has jumped from a proportion of about one dollar out of three of the national income. If the big spenders have their way, the proportion will soon become one in two, or still more. And you, along with the other 180 million or so people in this country, will do the paying. No one else can.

An article entitled "Rich Man's Tax, Poor Man's Burden" printed by the Foundation of Economic Education, Inc. reads in part as follows: "Few people realize it, but 84% of all the revenue obtained by the personal income tax comes from the basic 20% rate and only 16% of the revenue arises from progression. If the income presently taxed in excess of the 50% were only at that rate, the direct loss in revenue to the Government would be just \$734 million, which is approximately one percent of the federal revenue collections."

The taxing of the rich only produce burdens for the poor man. This is explained by the reduced expansion of industry and thus reduced job opportunity. — Cecil Waggoner in Claude News.

Charles Carroll died in 1832, the last surviving signer of the Declaration of Independence.

700,000 acres in U. S. produce 1,200,000 tons of grapes, mostly used for wine, which has a retail value of some \$300 million.

Dear Editor:
I see where the Federal Trade Commission has cracked down on a shaving cream factory for saying over TV that its product is better than anybody else's.

My forever green neighbor says he is glad the people-keepers are on the ball and making a stab at saving us from the false profiteers.

Says some of these sales pitches sound mighty good, but the goods don't deliver, like that hair grease he put his money in, and not a single girl has followed him home yet.

D. E. SCOTT
Crossroads, U.S.A.

WHEREVER YOU ARE

COTTON

Is Part Of
The Picture!

Cotton's not just a home body, it's part of the business scene, too. For career men and women it makes clothing that's smart, comfortable and practical. It makes scores of essential office items from typewriter ribbons to ledger paper, from index tabs to bookbindings, including drapes, upholstery, carpeting and hand towels.

No other fiber has cotton's unique natural advantages: no other fiber has cotton's amazing versatility. Now that chemistry has added new qualities — quick-drying, resistance to soil, mildew, wrinkling — cotton's uses have been still further broadened.

Indoors or out, at work or play, cotton is part of every picture, because it is the one fiber adaptable to almost every use.

This GOLD STAR marks the world's finest cooking appliances...and only GAS ranges have it!

Look for these features in Gas ranges awarded the new Gold Star:

- Burner-with-a-Brain (thermostatically controlled)
- Self-lighting broiler, oven and top burners
- Automatic "off-on" clock-timer
- Automatic meat thermometer
- Thermostatically controlled built-in griddle
- Automatic rotisserie
- Smokeless broiler
- Waist-high in many models
- Choice of double-oven models
- And many more!

The new Gold Star is a proud new symbol of superiority. You'll see it only on ranges that meet the strictest of new standards for performance, automation and design... new Gold Star standards. A permanent Gold Star is affixed to every range that has achieved this honor. Look for it before you buy any range, and you will see the most complete, most up-to-date, most automatic ranges ever made... free-standing or built-in, as you prefer.

**Rev. Lutrick Is New
 Pastor Of Floydada
 Methodist Church**

Floydada. — Rev. Charles E. Lutrick of Lubbock has been named to replace Rev. Dewitt Seago as pastor of the Floydada Methodist Church.

Announcement of the appointment was made by Bishop Paul V. Galloway of San Antonio.

Rev. Seago is moving to Big Spring, where he will pastor the First Methodist Church.

Rev. Lutrick is presently executive secretary of the Northwest Texas Conference Board of Education. His appointment at Floydada will become effective July 31.

PROVIDENCE VISITORS

Visiting in the home of Mr. and Mrs. R. M. Harden of Providence the past weekend were Mr. and Mrs. Dewey Cloyd of Tulsa, Okla., Mr. and Mrs. Henry Harden and Terry of Herford, Mr. and Mrs. Dean Wallace and Rosemary, and Mack White, all of Plainview.

TO OKLAHOMA

Glenda Harden is spending a few days in Tulsa, Okla., visiting her sister, Mrs. Dewey Cloyd, having accompanied the Cloyds to their home Monday.

FIRST CLASS — Travel first class this summer in cotton knit separates that pack easily and require little or no ironing. The blouse of this smart checked outfit by Jantzen may be worn in or out of the slender skirt.

**Posters Warn
 License Need
 For Fishermen**

Austin. — A new warning to fishermen to buy licenses now is being posted in public places near the water for the benefit of fishermen, according to the director of law enforcement of the Game and Fish Commission. The large placards remind that a fishing license is required to fish in salt or fresh water, unless:

1. You are under 17 or over 65 years of age.
2. You fish on property which you own or upon which you reside.
3. You fish with a trotline, throwline or ordinary pole and line having no reel or other winding device attached IF you are fishing in the county in which you reside.
4. You have a commercial fisherman's license. But if you have a commercial license, then you must: a) observe commercial size limits; b) have a license for your boat, trawl, oyster dredge or nets of any kind (if you use them).

If you are in doubt about your need of a fishing license, then see your game warden.

The current fishing license is in effect until August 31, when new licenses must be procured.

FROM NEW MEXICO

Mr. and Mrs. J. H. Armstrong and their grandson, Ricky South of Carlsbad, N. M., spent last week with their daughter, Mrs. R. M. Harden and family of Providence Community.

FROM LUBBOCK

Mr. and Mrs. Orland Gilbert and Greg visited Sunday afternoon with their parents, Mr. and Mrs. Mervin Gilbert and Sue, and Mr. and Mrs. Ike Johnson and Rita.

The Arctic Tern spends summers in the Arctic, then flies to Antarctica, to repeat the dose of 24-hours-per-day sunlight.

Dear Editor:
 My dilapidated neighbor says he notes that before the Democratic Convention all the candidates were bragging about their good health, but most of them are now sick.

Says Mr. Kennedy ought to have a little more margin for being puny, else if he's elected he won't have any excuse for golfing, fishing, or other acrobatic loafing.

Says, anyhow, even a Presidential candidate had better be careful about advertising his robustious condition, or somebody is liable to put a lawn mower handle in his hands.

D. E. SCOTT
 Crossroads, U.S.A.

**Miss Ashton Begins
 Resident Training**

Pat Ashton left Saturday night for Kansas City, Mo., where she will attend Air Age School for four weeks. At the end of the resident training at the school and Kansas City air terminal, Pat will have completed a training course for personnel work in air terminals. She completed other requirements for the course by correspondence work.

The daughter of Mr. and Mrs. Milton Ashton, Pat will be a sophomore student at West Texas State College, Canyon, this fall.

VISIT HERE

Mr. and Mrs. Sammy Lynn and Cathy, and Mrs. Bruce Lynn and Bruce Wayne, all of Grants, N. M., visited last week in the M. D. Lynn home.

Mr. and Mrs. A. D. Wilson, J. B. Lynn and Clayton Dean, all of Los Alamos, N. M., visited last week in the M. D. Lynn home.

**D. McNally Given
 Vermont Writers'
 Conf. Scholarship**

The son of Rev. and Mrs. Russell McNally, Devin McNally, will attend the 35th annual Bread Loaf Writers' Conference at Middlebury College, Middlebury, Vermont, August 17-31.

McNally was awarded a full scholarship to the conference. He attended a similar conference in Colorado last summer.

The Middlebury conference will feature Robert Frost as a special lecturer. More than 60 lectures and workshops are packed into the two weeks at the conference, and are so arranged that no two conflict.

Devin recently won a certificate of honor in the Atlantic Monthly's annual creative writing contest for his short story, "The Hound of the High Hills."

He is presently employed as summer youth director at Trinity Methodist Church in Plainview.

**Band Boosters Say
 Thanks For Help**

Members of the Longhorn Band Boosters Club have asked The Beacon to express their appreciation for the help extended in their project to raise \$1500 to send Band Director Wyatt Burkhalter on a tour of Europe and Russia.

They extend special appreciation to the Lockney Chamber of Commerce, local civic clubs and individuals who donated to the fund. Also some contributions were received from out-of-town people.

The fund-raising committee worked hard in reaching the goal. Students of Burkhalter helped immensely in meeting the goal.

VISITING HERE

Mrs. James Crane and children of Muleshoe spent Thursday night with her mother, Mrs. Hugh Carroll. Cindy Crane stayed to visit with her grandmother for a week. Peggy Carroll of Garland, and another grandchild of Mrs. Carroll, is still visiting with her grandmother.

COSDEN

this weekend... pamper yourself a little—and the family too! Just a few minutes to get the gear together and you're on your way to your favorite fishing spot. It's not far by car and there's no better way to have fun for less money. Before you leave, stop by your neighborhood Cosden station and let him get your car "travel ready". He will check it from bumper to bumper and fill it with your choice of Cosden Premium Ethyl or Higher Octane Regular gasoline. You'll appreciate the quality and power of Cosden gasolines, refined and "Travel Tested" for Southwest driving conditions. We believe you'll like the mileage economy of Cosden gasolines and motor oils. Best wishes for a world of fun this weekend!

Texas Veterans With Handicaps To Receive Aid
 A large number of Texas veterans who have serious handicaps resulting from active military service will benefit from a law recently enacted by Congress and signed by the President. This announcement was made today by D. G. Ayres, Veterans County Service Officer in Floyd County.
 Veterans who have disabilities resulting from service in the Armed Forces may receive compensation from the Veterans Administration for these disabilities. If the service-connected condition is disabling to a degree of 50 percent or more, additional allowances are payable to the veteran on account of his wife, dependent children and dependent parents. Prior to passage of the new law, this additional allowance was payable on behalf of only three of the veteran's children.
 The new law provides for an additional allowance for all dependent children of the veteran, if the veteran has disabilities of 50 percent or more. Those disabled veterans who are receiving compensation at 50 percent or more, and who have more than three dependent children are advised to contact D. G. Ayres, at his office, located at Bishop Building in Floydada, or any office of the Veterans Affairs Commission of Texas, for additional information and assistance in obtaining these additional benefits.
 Ayres stated that this new law became effective on July 1, 1960, and benefits payable as a result of the new law will be effective from the date the Veterans Administration receives proof that the disabled veteran has such additional dependents.

THE LOCKNEY BEACON, LOCKNEY, TEXAS, JULY 28, 1960

Ben Dodson Is Buried Sunday

Final rites for Ben Dodson, 79, pioneer Lamb County farmer-rancher, were conducted at 3 o'clock Sunday afternoon at Olton First Baptist Church. Interment was in Olton Cemetery.
 Mr. Dodson died at 3:30 Saturday morning at his home in Olton. He had been ill about two years.
 The deceased was a brother of the late Frank Dodson of Lockney. He and his family had lived in this area several years prior to moving to Lamb County some fifty years ago.
 Mr. Dodson had been a member of the Baptist Church for 66 years and a member of the Olton Baptist Church for more than a half century. He served as secretary of the Olton Independent School Board and was Tax Assessor-Collector for the school district from 1922 until 1956.
 Survivors include his wife; one daughter, Mrs. J. M. Thomson, El Paso; six sons, Tom of Olton, Roy of Bovina; Foy A. of Hale Center, Lee of El Paso, Dee of Albuquerque, and Max of Lubbock; two sisters, Mrs. Joe Wilson of Floydada and Mrs. Sallie Fry of Dallas; and thirteen grandchildren.

Many Local People Vacation At Ruidoso

Ruidoso, N. M., may have resembled Lockney last week, mainly because of the number of familiar faces.
 Lockney area people vacationing in Ruidoso were Mr. and Mrs. J. R. Belt, Carolyn and Steve, Katie Fewell, Mr. and Mrs. Marvin Gilbert and Sue, Cheryl Rucker, Mr. and Mrs. Marvin Sams and daughter, Mr. and Mrs. Floyd Jackson, Mrs. Cleon Wylie and Jackie Kay, Mr. and Mrs. Harold McLaughlin and Pat, Rita Johnson, Mr. and Mrs. Lowell Jarrett and Larry, Mr. and Mrs. Clyde Farrish, Mr. and Mrs. Robert Lee Smith and family, Mr. and Mrs. Loy Widener, Mr. and Mrs. Ray Dean Fleming (the former Jan Widener) of Friona and probably others.

Gilbert E. Lynn In Veterans Hospital

Gilbert E. Lynn has been in the Veterans Hospital at Los Angeles, Calif., for several months and would like to hear from his Lockney friends.
 He has undergone surgery on both legs and has been in bed for five weeks. M. D. Lynn of Lockney is a brother of the man.
 Gilbert Lynn was a school bus driver and was in the furniture upholstery business in Lockney for some time.
 Lynn's address: G. E. Lynn, % Wadsworth Hospital Veterans Administration, Los Angeles 25, Calif., Ward D 2 W, Bed 12.

Men From Plainview Production Credit To Attend Meeting

Directors of the Plainview Production Credit Association and their general manager will meet August 4 and 5 in Lubbock with five other production credit associations in this area for the purpose of discussing Credit, Loan Supervision, Advertising and Public Relations, Membership Education and New Business Developments, Personnel, Internal Controls, and Annual Meetings.
 Those on the program will be W. N. Stokes Jr., President Federal Intermediates Credit Bank of Houston; Sam N. Hardy, first vice president, Federal Intermediate Credit Bank of Houston; Alton Strickland, general manager, Lubbock Production Credit Association; James V. Pely, general manager, Memphis Production Credit Association; W. H. Calkins, treasurer, Federal Intermediate Credit Bank of Houston; and Olan Alexander, general manager, Plainview Production Credit Association.
 Alexander will lead the discussion on Member Education and New Business Developments.

County 4-H Camp Held At Roaring Springs Last Week

Floyd County's 4-H camp, held at Roaring Springs, was enjoyed by 116 4-Hers and leaders. The camp was last Thursday and Friday.
 At the first general assembly Teddy Porter and Kendall Reed gave talks on Camp Safety. David, Linda, and Diane Scheele of the Lockney 4-H Club won the camp talent contest. Sue Wilson of the South Plains club was second, and the Harmony 4-H Club was third.
 Lone Star won the softball championship, with Lockney second and Lakeview third. Swimming and diving winners were Jim Koop, David Mitchell, Johnny Lewis, Russell Smith, James McNeill, Richard Cox.

Four Ordered For Induction

UNION OF CHURCH AND STATE
 The corruptions and abuses of the rights of the people by the Roman Catholic Church brought on the protestant Reformation. The Roman Church at that time held its subjects in spiritual darkness and religious slavery as it had for generations. Finally there came an uprising that spread throughout Europe like wild fire. Unrest and dissatisfaction spread in the hearts and minds of many people over the dictatorship of Papal Rome.
MEN BEGAN TO PROTEST
 It is good that men finally began to make protests against the Roman Church and Papal power that had held them in ignorance and slavery so long. This eventually brought the Bible out in the open so it could be read by the common people.
 John Wycliff, 1320 to 1384 A. D., has been called the Morning Star of the Reformation movement. He dared to translate the Bible into English. He was condemned by the Black Frairs Council and died of a stroke of paralysis in 1384. In 1415 the Council of Constance decreed that his remains should be burned. In 1428 this was carried out by another decree of Pope Martin the 5th. This was done to show contempt for this Bible translator.

Setback for Progress on Home Avenue

BUSINESS WAS GOOD... all afternoon the free enterprisers had been piling up business volume...trading with each other. Then Johnny let the ice cream man get off with their nickel.

A competent financial advisor, if consulted in time, could have told Johnny that diverting money from the trade channel upon which his business depends would inevitably depress that business.

Unfortunately, this is an old story. On a far larger scale it's the story of our own community, where out-of-area trading drains off an important amount of our prosperizing lifeblood, slowing down our growth and holding back our progress, endangering our own jobs and businesses, and handing over to the people of other cities and towns the extra benefits we could enjoy by recirculating our money in home trade channels.

Hi-Plains Hi-Lights

NEWS from the High Plains
Research Foundation

The 1960 yield data from two wheat fertilizer tests were released by Delbert Langford, associate agronomist, of the High Plains Research Foundation. The two varieties used in the tests were Early Triumph, a standard high yielding variety, and Tascosa, a new hard red winter variety with exceptional adaptability for the High Plains area.

The following observations were made in these tests: (1) nitrogen alone increased yield an average of 19.08 bushels per acre above no fertilizer; (2) phosphate alone gave an increase of 16.66 bushels per acre; and (3) potash in combination with nitrogen and phosphate did not increase yield.

While the phosphate alone was not the most profitable fertilizer application, this is the first time at the Foundation that phosphate alone has given a significant increase in yield. This indicates that as these Pullman clay loam soils are cropped heavily year after year, there is a greater need for phosphate fertilizer.

The average yield of the Tascosa variety in fertilized plots was 61.56 bushels per acre and the Early Triumph averaged 52.17.

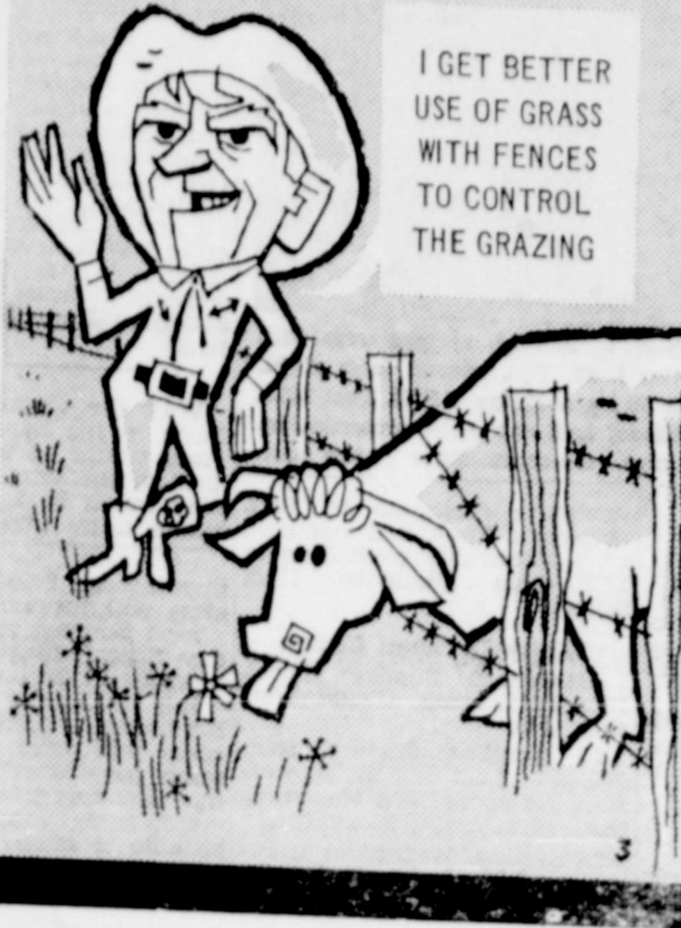

The fertilizer treatment which produced the highest yield in the test was not the most profitable. The fertilizer treatment giving the highest average yield was 120 lbs. nitrogen and 80 lbs. phosphate. This returned \$23.99 per acre above the cost of the fertilizer, but with only 40 lbs. of nitrogen alone, the yield was almost as high and the net return per acre was \$30.55.

This year's wheat fertilizer data at the High Plains Research Foundation are good indications of what results can be expected from fertilizing wheat on Pullman clay loam soil. The application of fertilizer on winter wheat is indicated to be a profitable practice, but additional research is required to determine specific fertilizer recommendations.

TO CANYON
Gayle McAnally, daughter of Rev. and Mrs. Russell McAnally, left Sunday afternoon for Canyon. She will be employed with the Canyon News.

GO TO CHURCH SUNDAY.

The OLD RANCHER

Cross Fences Help To Control Grazing

More effective use of native range grasses in large pastures can be made by use of cross fences to control grazing. Cattle have a habit of overgrazing certain areas of a pasture while not grazing other areas uniformly. Also a cross fence enables a rancher to rest portions of his ranch as needed.

The Great Plains Conservation Program under the supervision of the Soil Conservation Service offers cost-share on cross fences up to 50% of the cost. Bill Norman, Dougherty; Charlie Lewis, Floydada; and Vaughn Hill, Quitaque, have all taken advantage of this program to install cross fences to make better use of their grass. For further information on this practice and other technical assistance in planning needed practices on your rangeland contact your local SCS office.

School Merger Loses In Crosby

Ralls. — Cone voters turned down a school consolidation issue Saturday by a margin of 57 votes while Ralls voters okayed the issue by a margin of 75 votes. The consolidation bid failed.

All school districts involved must approve a consolidation issue before the merger becomes a reality.

Another consolidation election for Ralls, this one with the Farmer district, was set for August 13. A previous vote for consolidation of the Farmer and Ralls districts was turned down earlier this month. Saturday's vote was the latest in a series in Crosby County in which rural districts are deciding whether to merge with larger schools.

Kendis Julian Is Receiving Training

Fort Hood, Texas. (AHTNC). — Cadet Kendis D. Julian, son of Mr. and Mrs. Murray M. Julian, Route Q, Lockney, is receiving six weeks of training at the Army Reserve Officer Training Corps summer camp at Fort Hood, Texas. The training is scheduled to be concluded July 29.

During this training Cadet Julian is receiving practical experience and instruction in tactical, technical, and administrative subjects, with special emphasis being placed on the duties of a second lieutenant.

The 20-year-old cadet is a 1957 graduate of Floydada High School. He is a student at West Texas State College.

RECENT VISITORS

Recent visitors in the Delbert Bybee home were Miss Freda Bybee of Dallas, and Mrs. Charles Givens and son of Merkel, daughters of the Bybees. Mrs. Givens' daughter, Luis Marie, is visiting until August with her grandparents.

Sterley News

By Mrs. Virgil Adams (Delayed)

Mr. and Mrs. J. M. Nicholas are moving to Denning, Kansas, where they will make their home following his retirement. Mr. and Mrs. J. H. Hollis are moving back to Sterley, where he will be employed with the Fort Worth and Denver. They moved to Amarillo six months ago from Sterley.

Mr. and Mrs. B. A. Howell and Jan, and Mrs. Joe Reeves returned Saturday after a 10-day trip to California.

Mr. and Mrs. J. W. Leach of Lockney were luncheon guests Sunday in the Johnny Adams home.

Mr. and Mrs. W. R. Evans and family have left on a vacation trip.

Mrs. Charles Wright has returned to her home in Plainview after spending several days with her parents, the Elmo Reeves, following her dismissal from Lockney General Hospital.

Texas 4-H Council Workshop is Scheduled Aug. 2-6

College Station. — Some of the finest youngsters in Texas will meet on the campus of Kilgore College, Kilgore, Texas, August 2-6. They are the delegates to the sixth annual Texas 4-H Council Workshop. The boy and girl council members from each of the 12 Texas extension districts will be participants.

In making the announcement, Floyd Lynch, state 4-H Club leader, said the workshop is an opportunity for members of the Texas 4-H Council, and selected adults who work with them, to increase their understanding of the organizational structure of 4-H Club work and their role in it.

During the workshop, the council members will serve as active members of the Texas 4-H Council by developing programs and handling annual business. Lynch said that each member will participate in a small work-group in order to learn to become the kind of democratic citizen described in the 4-H pledge — a person who thinks clearly and believes deeply in himself and others, and whose actions thereby benefit everyone concerned.

Members of the Executive Committee of the Texas 4-H Council are Kenneth Lewis, Donna, chairman; Janice Berry, Rosston; Garland Weeks, Wichita Falls; Kay Botard, Alice; Jimmy Dobkins, Grand Falls; and Orlan Ihms, Georgetown. Erma Wines, assistant state 4-H Club leader, is advisor to the executive committee.

WTSC Music Camp Will Be Held July 31 Through August 12

West Texas State College Summer Music Camp will be held on the campus of the school in Canyon July 31 - August 12.

Classes will be held in the new air-conditioned Fine Arts Building.

Dr. Ted Crager is director of the camp. Entries should be mailed to Dr. Crager, Music Department, WTSC, Canyon.

Instructors in the band section will include James Matthews, University of Houston; Jim Jacobsen, TCU band director; G. T. Gilligan, Kermit band director; J. W. King, Hale Center band director, and other specialists in the various fields.

Bill Woods, Seagraves High School Band director will be in charge of twirling.

Private lessons will be available at additional cost. Room, board, and tuition for the two-week school will be \$54.00.

Five Boys Return From Baptist Camp

Five boys of the First Baptist Church attended an Intermediate Boys Camp Wednesday through Friday.

The boys, Stanley Abbott, Jerry Watson, Jerry Vernon, Joe Durham, and Tommy Moore, were accompanied by Don Vernon as sponsor.

THE LOCKNEY BEACON

Mr. Farmer!

Did You Know —

Beginning January 1, 1957, if you and the crew leader have agreed in writing that the crew leader is your employee, then the members of his crew are also your employees.

If there is no written agreement stating that the crew leader is your employee, and the crew members are furnished and paid by the crew leader, either on his own behalf or for you, then the crew leader is the employer.

THIS DEALS WITH THE SOCIAL SECURITY TAX. IF YOU ARE REGARDED AS THE EMPLOYER, YOU MUST DO THESE THINGS:

1. Keep a record of each worker, showing his name, his social security account number, and how much cash wages you paid him.
2. Take the employee tax out of the pay of each worker who is covered by the social security law, and give a receipt for this tax deduction at the end of the work or at the end of the year, whichever comes first.
3. If you do not have an employer identification number, fill in the application, Form SS-4A, sign it, and send it to your District Director of Internal Revenue.

Lockney Co-operative Elevator has for your convenience, forms which you may have your crew leader sign, indicating that he has done specific work on a contract basis and he alone is responsible for the Social Security taxes. Come by and pick up some of these forms.

Two Local Youths Enjoying Lions' Childrens Camp

Two Lockney youngsters, Miss Brenda Wisdom and Kenneth Sams, are enjoying the Texas Lions Camp for Crippled Children at Kerrville this summer.

Brenda, 9-year-old daughter of Mr. and Mrs. Bill Wisdom, has just returned from a two-week stay at the camp. Mrs. Wisdom went to Kerrville for some of the camp's activities and returned Brenda home last week.

Kenneth, 14, was flown to the camp last Sunday morning and is spending this week there. A member of the Lockney Lions Club will drive to Kerrville Sunday to pick up Kenneth. He is the son of Mr. and Mrs. Garland Sams.

The Lion's camp is for any child between the ages of 9 and 15 with a disability. There the children are entertained with an active program including swimming, camping and crafts.

The Kerrville camp is supported by Lions clubs in Texas. The local club paid the expenses of Brenda and Kenneth.

Brewer To Be Honored In Corpus Christi

M. L. Brewer, Vocational Agriculture Teacher in the Lockney High School, will be honored August 10 in Corpus Christi for outstanding service to his profession, according to James Wester, President of the Vocational Agriculture Teachers Association of Texas. The award will be a part of the program of the annual vocational agriculture teachers' conference, and will recognize Brewer for his 10 years of service.

The state's nearly one-thousand vocational agriculture teachers will be in attendance at the four-day conference. In addition to awards and honors, the teachers will attend programs and engage in workshops designed to increase their proficiency in the increasingly complex business of agriculture.

Included in the program will be addresses by Dr. Scotty Young, nationally famous representative of General Motors Corporation and Tom Anderson, Editor of Farm and Ranch Magazine.

The Vocational Agriculture Teachers Association will hold several meetings at times not in conflict with the workshop program. Officers and board members will be selected and a program of work for 1960-61 will be adopted by the organization.

OFFICE SUPPLIES at The BEACON OFFICE.

Jubilee Program Enjoyed By Cub Scouts Saturday

The Cub Scout Jubilee was held Saturday afternoon with Cubs and their leaders presenting a colorful program for their parents and friends. An Olympics event followed the opening ceremonies.

Den 3 opened the program with a flag-raising ceremony. Commander O. C. Allison of Lockney V. F. W. Post No. 7993 presented Cubmaster Robert McDonald and Assistant Cubmaster J. M. Tye with a Pack 59 flag. The local V. F. W. post sponsors the Cub Scouts.

Before starting the Olympics event, the five dens were presented to their families and friends in a Parade of Nations by Cubmaster McDonald. The dens and the countries they represented: Den 1, United States; Den 2, Great Britain; Den 3, Sweden; Den 4, France; Den 5, Italy.

Boys in each den wore T-shirts, head band decorated alike, and carried shields painted with their countries' colors. Each den had a totem appropriately decorated.

For approximately two hours the Cubs competed in 17 athletic feats, including discus throw, obstacle race, softball throw, 3-legged race, still and puddle-jumper races, and standing broad jump.

Den 2 won first place in the Olympics with six first places, six second places, and five third places. Den 6 captured second place and Den 1 was third.

Olympics officials included John Bickley, Ray Aston, Audvie Barnett, Kenneth Moody, Paul Teuton, and Jimmie Stennett.

A weiner roast from 6 to 7 o'clock was followed by a Pack meeting. For their participation in the Jubilee, all Cub Scouts and adult leaders were presented with a 50th anniversary embroidered emblem to be worn on the Cub uniform. Other events were presented with a 50th anniversary gold coin.

Cubmaster McDonald made awards to boys present who had completed requirements for advancement as follows: Silver arrow under Wolf, Bruce Baccus and Gary McDonald.

Bear award, Johnny Hodel. Silver arrow under Bear, Ben King.

Twenty years ago, the American farmer was producing enough for himself plus 10 others. But today he is producing enough for himself plus 23 others.

GO TO CHURCH SUNDAY.

CUB SCOUTMASTER Robert McDonald, second from left, and Assistant Cub Scoutmaster J. M. Tye, second from right, hold the flag presented to Pack 59 by Lockney V.F.W. Post 7993. V.F.W. Commander O. C. Allison, left, made the presentation. At right is J. E. Huggins, junior vice commander of the post.

Providence

By Mrs. Wilfred Stoerner

Rev. and Mrs. A. K. Windecker returned home Wednesday from a two-week vacation in Colorado.

Mr. and Mrs. Charlie Boedeker and family, Mr. and Mrs. E. M. Quebe and son vacationed in New Mexico last week.

Visiting in the home of Mr. and Mrs. Ben Brandes over the weekend were Mr. and Mrs. Charlie Luedtke, Mr. and Mrs. Johnnie Luedtke. Charlie Luedtke is a brother of Mrs. Ben Brandes. They also visited in the homes of Mr. and Mrs. Wilfred Stoerner and family, and Mr. and Mrs. L. B. Brandes and girls.

Rev. and Mrs. Lee Roy Brandes and family of Seguin are visiting with their parents, Mr. and Mrs. Ben Brandes and Mrs. Henry Sammann of Plainview, also all their other relatives who live here. Monday night they were supper guests in the home of Mr. and Mrs. L. B. Brandes and girls.

Visiting in the home of Mr. and Mrs. J. R. Turner and family over the weekend was Mr. and Mrs. Bob Bunch of Dallas. Mrs. J. R. Turner went to Dallas early Tuesday to be at the bedside of her great grandmother who is seriously ill.

Rev. and Mrs. A. K. Windecker and family went to Posey Monday night to take part in a farewell supper and party for Rev. and Mrs. Bill Slaught of Shepard King Lutheran Church, Lubbock. They are leaving next week for Mexico City where they will serve as pastor of The American Lutheran Church in Mexico City.

Mrs. Cecil Touchstone of Concord, California, and her family visited Mr. and Mrs. Wilfred Stoerner and family Wednesday afternoon. Mrs. Touchstone is the former Armenia

Reiner, a classmate of Mrs. Stoerner's. They had not seen each other since graduating in 1937 from Plainview High School.

Trinity Lutheran Church Attendance Sunday School, 102; Attendance Divine Worship, 140.

18 families missing from Sunday school and divine worship, let us try and encourage these members to be in church next Sunday. Wednesday evening at 8:00 church choir will meet for practice. Saturday

Legion Officers To Be Installed

Clarence Rogers of Plainview will be the installing officer Monday night at 8 p.m. for the installation ceremonies of Landrum Post No. 141, American Legion. Rogers is vice commander of District 19.

Gene Belt will be installed as the new commander, succeeding Ray Sissney.

Other officers who will be installed: Leon Fields, 1st vice commander; Jim Pinner, 2nd vice commander; Paul Teuton, adjutant.

Conrad Henderson, finance officer; Weldon Dodson, service officer; W. L. Thomas, Jr., sergeant-at-arms; Aubrey Holt, historian; John Bickley, chaplain.

With the distance from the Earth to the Sun as one foot, Pluto would be 40 feet away, most of the stars of the Milky Way would be 1 million to 25 billion miles away.

morning at 8:30 confirmation class will resume instructions. Next Sunday morning: Sunday School 10:00 a.m. Divine Worship 11:00 a.m.

July 31 through August 5 the Northwest Federation Bible camp will take place at our camp near Kerrville. We hope that a number of the young people in our congregation will be able to attend. Your pastor will conduct the Bible studies at the camp.

Janice Miller And Barbara Milton To Enter Dress Revue

A Sand Hill 4-H club girl will represent Floyd County at the district dress revue in Lubbock Friday. She is Janice Miller, 15-year-old daughter of Mr. and Mrs. Lynn Miller.

Janice will be judged Friday morning. Following a noon luncheon for participants, their families and 4-H leaders, the public revue will be held. Warren Mitchell, Sand Hill 4-H member will escort Miss Miller at the public revue.

Miss Miller has worked in the 4-H Club for six years. She has served as secretary-treasurer for the past two years.

Barbara Sue Milton will compete in the Junior division of the dress revue. She is the daughter of Mr. and Mrs. Grigsby Milton and has been a member of the South Plains 4-H Club for five years.

Attending the revue in addition to the participants will be Mr. and Mrs. Lynn Miller, Mrs. Hollis McLain, Mrs. Tom Porter, Mr. and Mrs. Grigsby Milton, Mrs. I. H. Parks, and Phyllis Roggendorff, county Home Demonstration agent.

VISIT WASHINGTON, D. C.

Mr. and Mrs. Weldon Dodson and family returned Saturday night from a two-week visit in Washington, D. C. The Dodsons visited with Mrs. Dodson's mother and sister.

TRY BEACON CLASSIFIEDS.

Lee Burgett Buried Friday

A longtime resident of Floyd County, Lee Burgett, 82, died at his home, eight miles east of Floydada, Friday noon.

Burgett died about 10:30 p.m. Tuesday following a heart attack. He was buried in the Baptist Church, Floydada, Friday p.m.

Born Sept. 30, 1877, in Ala., he came to Texas and end came to the South in 1912 from the South near Floydada where he farmed since that time.

Survivors include his two daughters, Mrs. Carl Floydada, and Mrs. Carter, Skellytown; four sons, Travis Burgett, Fort Worth; Burgett, Yuma, Ariz.; Burgett, Shallowater, and Burgett, stationed with armed forces near Sacramento, Calif.; four brothers and 28 grandchildren and 10 grandchildren.

CRISP CURTAINS FOR SUMMER

If your curtains look hot, humid days a look will make them look crisp. Several bath towels in the dryer drum with the curtains. The towels will absorb the excess starch. Remove curtains when damp. Place in a plastic bag. Ironing time.

Seek Extension Of Bracero Law

FROM THE County Agent's Office

By Cecil Lewis

Four representatives of the West Texas Agriculture Employers Group were in Washington June 20-25 working in behalf of the Farm Labor bill, which was passed by the House last Thursday. This bill called for the extension of Public Law No. 78 which governs the use of Braceros in agriculture labor in this country.

The House version of this bill called for a two-year extension and Washington representatives indicated the House version would probably be passed by the Senate later this summer, when Congress re-convenes.

Representing the WTAEG were A. M. Muldrow, Brownfield; W. G. Boyd, Lamesa; C. E. Jackson, O'Donnell; and Ed Dean, Lubbock, Secretary.

The group worked through Congressman George Mahon and with other congressional representatives and met with the National Users Group to consider including legislation which called for curtailing Secretary of Labor Mitchell's power over domestic labor. Representatives from Arizona, California and Wisconsin opposed such action and the National Users Group voted to work for the two year extension although WTAEG representatives voted to stand firm to try and curb Secretary Mitchell's powers over domestic agricultural labor.

If the Senate passes the House version calling for an extension of Public Law No. 78 it will insure Bracero labor for agriculture for two more years, from June 1961 until June 1963.

VISIT NIECE

Mr. and Mrs. Wendell Sims of Laredo visited their niece, Darla Jean Williams. Darla was injured in an accident last Friday evening.

SUGAR COOKIES — THE EASY WAY

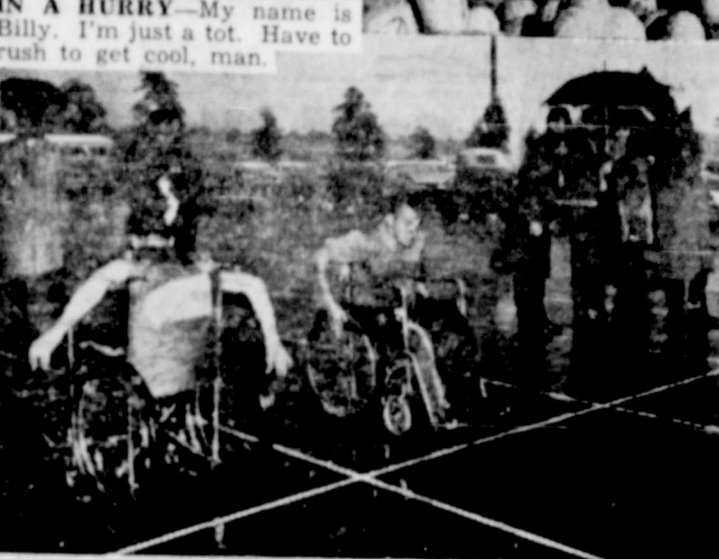

A good sugar cookie is wafer thin, delicately browned and crisp. Instead of rolling the dough and cutting each cookie, try dropping the dough by rounded teaspoonfuls on a lightly greased baking sheet. Grease the bottom of a glass, dip the glass in sugar and flatten each cookie as thin as possible. Preheat the oven to 400 degrees before starting to bake. This keeps the shortening from melting and seeping out of the cookie. Bake only 10 minutes.

OFFICE SUPPLIES at THE BEACON OFFICE.

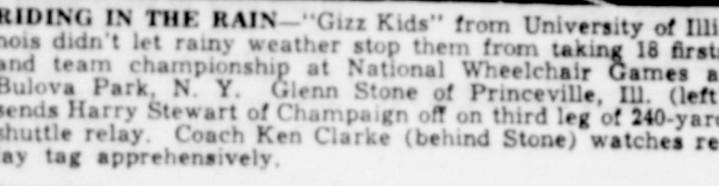

Central States News Views

NICE DISH—Fay Flynn tastes a cantaloupe from her father's farm near Laredo, Tex. The farm reportedly is as big as the state of Delaware.

4-H Members Will Leave Monday For Camp In Mountains

One hundred and forty-six 4-H Club members of District 2, including 44 adult advisors and 9 extension agents from Pakistan, will board motor coaches in Lubbock Monday morning at 7 a.m. to attend a 5-day 4-H electric camp at Scott Able, New Mexico, sponsored by Southwestern Public Service Company.

Floyd County 4-Hers attending will be Warren Mitchell, Billy Colston, Teddy Porter, Paulette Kropp, Frances Jones, Beth Scott, Jean Jones, and two agents, Phyllis Roggenhoff and Cecil Lewis.

The 4-Hers will enjoy lunch in Artesia, and then proceed to the camp, 30 miles southeast of Cloudford. The camp, situated in the colorful Sacramento mountains, is 9,000 feet high. Nature endows the area with an abundance of deer, turkey, bear and many other species of animals which lend enchantment to the beautiful forest of Douglas Fir, Blue Spruce, Ponderosa, Pine, Maple, and Quaking Aspen.

Typical daily activity starts with reveille at 6 a.m., with breakfast at 6:30. Group sessions will begin at 8:30, continuing until 10 a.m., when the groups will break for a recreation period until 10:45, followed by more group sessions and lunch.

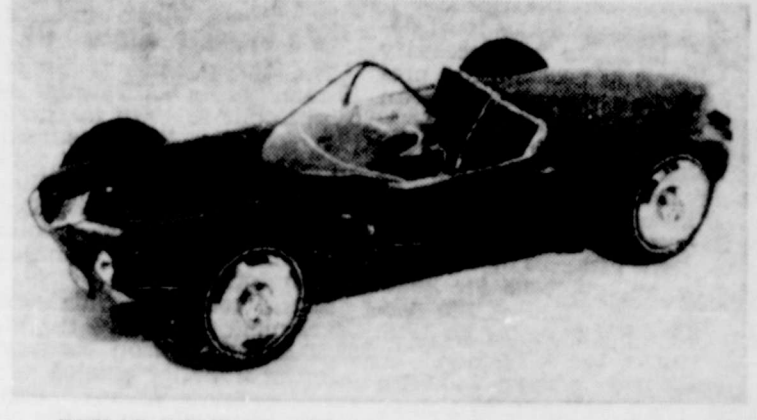

Following lunch, the 4-Hers will have a free period until 1:45, when they will again form for group discussions until 2:30 for a free period until 3:15. A recreation period at 4:00 precedes dinner at 6 p.m.

Various county groups will put on programs of interest each evening at 8 p.m. and at 10:30 the day's activities will close with vesper services by the camp council.

Group sessions will cover the following subjects: Crafts, Motors, Wiring and Wiring Practice, Electric Heating and Allied Applications, 4-H Club Electric Records. These group sessions will be held under the following chairmanships: Paul Goss, Gaines County; Leroy Dolgan, Dawson County; Mildred Cox, Hale County; Cecil Lewis, Floyd County; Leila Petty, Cochran County and W. G. Rogers, Swisher County.

This is the eighth year that Southwestern Public Service Co. has sponsored this camp for District 2 of the 4-H organization in its effort to aid farm youth.

Young Texas Designers Win Honors

TEXAS BOYS who designed and built these sleek model cars for the 1960 Fisher Body Craftsman's Guild model car competition have won first state awards of \$150. The upper car was entered by Darwin Hawthorne of Gregton. The lower car was built by William D. Payne of El Paso.

CARD OF THANKS

We wish to thank all of our many friends, neighbors and relatives who sent such lovely gifts, cards and congratulatory messages wishing us many more wonderful years on this, our 50th wedding anniversary. The lovely thoughts expressed in every way were very inspirational. Our many thanks go especially to Mrs. Bill Hodel for the lovely cake and to all the friends who served and helped in any way to make the reception such a huge success.

Mr. and Mrs. Claud Wofford and Children.

CARD OF THANKS

I wish to express my sincere thanks to everyone for the many cards and letters received while in the hospital. Also thank you for the many prayers and all the kindness shown to me. "May the Lord bless them in their time and troubles as he has me."

W. B. Cates.

VISIT PARENTS

Rev. and Mrs. H. G. Walton of Bertram visited in the home of her father, J. J. Harris, and Mrs. Harris Sunday through Tuesday morning of last week. The Waltons were enroute to Helena, Mont., for a visit with their son, Grady, Jr., and family.

VISIT HERE

Visiting in the homes of Mr. and Mrs. E. R. Harris and Mr. and Mrs. John L. Riley were Mr. and Mrs. John Bonall, Laura and Celeste, of Plainsville, Conn. Mrs. Bonall is the granddaughter of Mr. and Mrs. Harris. Mrs. J. O. Harris and Jimmie of Pampa also visited with the family.

CARD OF THANKS

I wish to express my appreciation for the lovely cards and flowers which were sent to me during my recent illness.

Mrs. Frank Messimer

GO TO CHURCH SUNDAY.

Eusebio Jackson vs. Lucinda M. Jackson, divorce granted plaintiff.

John W. Kimble vs. R. R. Ferguson, suit for performance of contract. Case dismissed.

INFORMATION ABOUT COLD CUTS

Ready-to-eat foods such as cold cuts and cheese tend to lose quality quickly if not properly handled in the home. Before storing in the refrigerator, home economists with manufacturers of gas appliances say it is advisable to cover them with a transparent paper so they won't lose moisture or absorb flavors from other foods. They should be stored in the porcelain-covered meat storage drawer of the refrigerator.

The Star Spangled Banner started out as a patriotic song — and was a hit for so long that it was made our National Anthem, officially, on March 3, 1931.

STATE CAPITAL HIGHLIGHTS AND SIDELIGHTS

by Verne Sanford

Austin, Tex. — If the brackish, "hard as bricks" water common to many parts of West Texas can be made suitable for domestic use, Texas' available water supply would be materially increased.

To this end, the State Water Board has approved a de-mineralization research project to be carried out by the board, University of Dallas and Texas Electric Service Co. Board will put \$20,000 into the work.

Board engineers say total de-mineralization is not necessary and that it is possible the process can be accomplished at an economically feasible cost.

In another move to increase available water, the Board has set a series of hearings on cancellation of water appropriation permits that have not been used. First, 10 of the permits to be reviewed for hearing Sept. 22. Some of the permits date back as far as 1918.

DPS ASKS BOOST — With more traffic to patrol and more crime to fight, the Department of Public Safety will ask the next Legislature for money to increase its staff.

Col. Homer Garrison Jr., DPS director, has presented a budget calling for \$16,461,260 for 1962 and \$17,720,166 for 1963. This compares to \$12,420,490 allocated to DPS for this year and \$13,353,272 for the new fiscal year beginning Sept. 1. Requested increases would allow the addition of 200 new highway patrolmen, 10 Texas Rangers, four narcotics agents and four intelligence agents.

Supporting his request, Garrison made this grim forecast: 29,000 more major crimes will be committed in Texas in 1963 than in 1959. This is apparently a continuation of the trend which saw major crimes rise 45 per cent in the past five years, rising to 175,851 in 1959.

PAROLE EXPANSION SOU-

GHT — Texas Board of Pardons and Paroles has a plan for saving the state some money.

But to do so, the Board says it will need some more money to invest in enlarging the state's staff of parole supervisors. Since the paid parole system got under way in 1958, the Board says it has saved the state \$3,000,000. It costs that much less to pay a supervisor to keep tab on a parolee than it costs to board and clothe a prisoner and make relief payments to his family.

The Board feels it needs a 70-man parole staff, rather than the present 40 — to do the job. For this, the Board is asking an appropriation of \$1,466,819 for the next two years. This is an increase of \$480,863, or nearly a half-million dollars, over the present biennium's appropriation.

Board contends this extra investment will save the state \$2,500,000 in prison costs, plus offering a better chance of returning more men to useful, law-abiding places in the community.

OIL FLOW UNCHANGED — Texas Railroad Commission has announced an eight-day producing pattern for the Texas oil industry in August — the same as for July.

Daily allowable will be 2,630,069 barrels a day. A majority of producers appearing before the Commission said there is still an oil glut in Texas and continued restriction is needed to protect the market.

Commission action came in the wake of a declaration by UT's Bureau of Business Research director that oil is no longer king in Texas. Even with foreign import limits, said Dr. John Stockton, supply out-runs demand so that production has had to be held down to 8 to 12 days a month for the past two years.

"COW POKES" by ACE REID

"If National Farm Safety Week doesn't git here soon there ain't gonna be none of us left to celebrate it!"

Stockton foresees no improvement, Texas, he said, must develop new industries to bolster its economy or lose out to more dynamic areas.

PARKS SURVEY SET — State Parks Board has announced the Texas Research League will make a study of its operations and report to the next Legislature.

League is a privately financed, non-profit government research organization which studies state agencies at their own request.

State Auditor C. H. Cavness has recommended the Parks Board hire an auditor to keep track of the receipts from concessions operated in the state parks. Cavness also urged that the next Legislature act on a Legislature Council report presented to the 1959 session making recommendations for the continuing, expanding and abandoning of various parks.

Parks Board has designated a new state park, to be known as San Marcos State Park to be located near the proposed Canyon Dam site on the Guadalupe River.

SCHOOL REPORT CARD — State Commission on School Accreditation has weighed Texas public schools against state standards and found 54 wanting.

Inspection teams recommended disciplinary action against 20 schools and warnings of a need for immediate improvement by 34 more.

If a school loses its accreditation, the work of its students cannot be transferred to accredited schools with full credit. Commission recommendations will be reviewed by the State Board of Education at its September meeting.

TRAFFIC TOLL CUT — While nationally the drop in traffic deaths for this year is one per cent, Texas has improved by nine per cent.

Texas traffic deaths up to mid-July of this year totaled 1,049, compared to 1,152 for the same period last year.

A veteran highway patrol officer said he believes the new auto insurance rates, which jump sharply for motorists with accidents or violations on their records, have contributed substantially to the better record.

But radar, he said, had the same effect until people got used to it and became indifferent again.

TO AMARILLO — Mrs. W. A. Taylor traveled to Amarillo with her sister-in-law, Mr. and Mrs. Lee Tilly of Paducah. They visited in the home of Mrs. Frank Sandlin, Mr. and Mrs. Bill Howard, and lunched with Mrs. Taylor's sister, Mr. and Mrs. O. D. Howard.

DRAMATIZING FRUIT DRINKS — To dramatize hot-weather fruit drinks, the Gas Appliance Manufacturers Association suggests you chill glasses in the freezer compartment or the "cold shelf" in the refrigerator so they will frost when brought into room temperature. Arrange fresh strawberries, pineapple cubes and fresh Bing cherries on bamboo skewers or cocktail sticks and keep in the refrigerator until serving time. Alternate the fruit kabobs with ice circles in tall frosty glasses, add lemon or lime ade or ginger ale. Serve with dainty sandwiches and crisp cookies.

EASY WAY TO CLEAN AN OVEN — To remove grease or spill-overs in a gas oven, place ½ cup ammonia in 2 quarts of boiling water in a glass dish. Put the mixture in a cold oven and close the oven door. After two or three hours give the oven a sudsy bath, rinse and wipe dry.

Grain Market Development Program Expanded

The entire feed grain industry including corn producers, the grain seed industry, export firms and cooperative and independent grain dealers, it was announced this week, are mustering forces behind the foreign market development program which the Grain Sorghum Producers Association of Amarillo, Texas initiated and has been administering the past two years. It is expected that this new and broader interest in financing and directing the export promoting program will increase activities in this connection as much as five times over the present program.

The announcement relative to the expanded program was made after an area Directors' meeting of the Grain Sorghum Producers Association in Tullia, July 6. The Board acted on the recommendation of R. G. Peeler, director of Hereford, and Bill Nelson of Amarillo, the association's executive officer who have been negotiating with the other grain interests the past several months.

Organizations joining with the Grain Sorghum Producers Association are the Hybrid Corn and Hybrid Sorghum Divisions of the American Seed Trade Association, Chicago, Illinois; the National Corn Growers Association, Boone, Iowa; The North American Export Association, New York City; Farmers Grain Dealers Association of Des Moines, Iowa; Continental Grain Company, New York City and Cargill Grain Corporation, Minneapolis, Minnesota. All of these grain industry groups are combining forces for this effort through a newly formed organization which is to be known as the U. S. Feed Grains Council. The expanded Council program is to remain under the administrative direction of Bill Nelson who is to serve as the Executive Director.

It is expected that this Council approach will provide for an increase in the exchange of county agents and other agricultural leaders in potential U. S. grain market areas, as well as allow for the bringing of an increased number of foreign feed grain users and processors

to the area to study grain sorghum and other feed grains, and provide greater understanding of our grades, standards and trading practices.

In addition to Frank Moore of Plainview, Elbert Harp of Abernathy, R. G. Peeler of Hereford and Sam Gilbreath of Dimmitt who will represent the Grain Sorghum Producers Association on the Council's Board of Directors, other officers are: Walter Goepfinger of National Corn Growers Association, Boone, Iowa; Nelson Urban, Pioneer Hi-Bred Corn Company, Des Moines, Iowa; Fred Maywald, Farmers Grain Dealers Association of Des Moines, Iowa; Bill Pierce of Cargill Grain Corporation, Minneapolis, Minnesota.

Other business at the Grain

Sorghum Producers Association meeting in Tullia included a report from Charles C. Gidney Jr., from Rome, Italy who is administering the European feed grain market development projects. He is encouraged at the potential for expanding grain sorghum and other U. S. feed grain exports to the European area if continued efforts are made toward removing or lessening trade barriers, import duties and licensing restrictions. He further praised the work of area county agents and other agricultural leaders who have served as consultants from this area at the agricultural trade fairs and other education programs throughout Europe.

Martin Gossett, Moore County Agent from Dumas, reported on the expanded efforts of grain sorghum producers in his county in attempting to interest livestock feeders in establishing feed-lot operations in their area. He pointed out that the first result of this effort will be seen with the opening in August of at least one big feed-lot now under construction.

VISITS PARENTS — Mrs. Herman Dean of Borger spent last weekend here with her parents, Mr. and Mrs. L. M. Honea.

Kindness is a language the mute can speak and the deaf can hear.

CROSS ROAD REPORT

Dear Editor: I note that when Cuba some other country hijack U.S. citizen's property, they are only very shy from Washington.

TEXAS PRESS ASSOCIATION
1716 SAN ANTONIO STREET AUSTIN 1, TEXAS

STATE CAPITAL Highlights AND Sidelights

by Vern Sanford
TEXAS PRESS ASSOCIATION

AUSTIN, Tex. — Things are rather quiet around the State Capitol these days. For one thing, it's the "off" season, the hiatus that regularly occurs between state elections and the convening of the Legislature. For another, it's vacation time with a part of almost every agency staff off to forget it all in a time.

But mostly, for this week, the lull stems from most people's suspensive interest in the activity of Texans in Los Angeles. Gov. Price Daniel, vice-governor of the Texas delegation to the National Democratic Convention, and away for several weeks working in behalf of Sen. Lyndon Johnson's nomination for the presidency.

Despite these distractions, state government goes on many subjects, on budgets, tax plans and other future legislation. It's important work, but quiet, during this digging and analyzing stage. It'll break into the news next fall as reports are made and trial balloons run up on bills to be introduced in January.

Secret indication that state government is still on the job is that even now it's hard to find a parking place near the Capitol or the adjoining state

office buildings. During the summer a dozen or so parking slots by the Capitol's east entrance are set aside for tourists. As a rule, tourists don't keep them filled, and Capitol guards are regularly beset by the persuasiveness of local people who need a place "just for a minute."

NO TURNING BACK — Child adoption procedures, under Texas law, are about as final as a thing can be — more so than marriage or divorce.

Texas Supreme Court underlined this in a recent decision that denied the right to change her mind to a mother who had given written permission for her children to be adopted.

In the case at issue, the mother, a widow, gave written permission for her two children to be adopted. Two months later having remarried, she sought to regain the children.

Lower courts held in favor of the natural mother, but the Supreme Court ruled that only fraud could be a basis for revoking of adoption consent.

Said the court opinion of the adoption laws: "The Legislature had the safety, education, care and protection of the children uppermost in mind and not primarily the contentment or welfare of either the natural or adoptive parents."

SYMPHONY IN WOOD

Exposed Oak Floor Right 'at Home'

Nature's own handiwork provides the eye appeal for this home in a woodland setting. Room styling in the modern motif emphasizes the warmth and beauty of lovely hardwoods. A veritable symphony in the modern motif emphasizes the warmth and toned coloring and grain pattern of plank paneling for the accent wall and the ceiling, carries out the wood theme with exposed oak flooring in the

popular strip style. The area rug sets off the beauty of the floor and defines the dining area. Attractive oak floors harmonize with practically any decorative plan, according to interior designers. Many of the most smartly styled homes these days feature liberal expanses of gleaming hardwood floors.

NO MISUNDERSTANDING

In another ruling involving adoption, the Supreme Court held that an adopted child could not inherit a trust set up for a direct descendant.

As a result, a four-year-old boy lost the chance to claim \$830,000.

In the case originating in Dallas, lower courts had upheld the child's claim to the money from his late grandfather's estate.

In his will, the grandfather had instructed that the \$830,000 trust be set up if "any child of my son is born after my death." High court ruled that this made it highly unlikely that the maker of the will intended the money to go to a child born to persons other than his son and daughter-in-law.

ROAD CLOSED

If Texas' truck licensing law had a loophole you could drive a truck through, the State Supreme Court has, in effect, halted the traffic.

High court ruled that a motor freight line cannot register and pay license fees on its trucks in Texas and use Mississippi licenses on its trailers. Texas' fee for a truck trailer is \$226, compared to \$10 in Mississippi.

High court ruled that if the truck line is resident in Texas, it must pay the Texas fee for the trailers, even if it pays in Mississippi, too. Result: \$20,000 more taxes owed by the line in license fees to the State Highway Department.

OIL ON THE HIGHWAYS?

On the heels of a U.S. Supreme Court decision that Texas owns its tidelands 10 1/2 miles out comes a ruling that the state also owns the right-of-way along public roads.

Atty. Gen. Will Wilson ruled that the state, not the county, owns the road right-of-way and that the counties cannot lease the land for mineral development.

Whether the state should exercise its right and lease right-of-way lands for oil and gas exploration probably will not be decided until the Legislature sets a policy. Involved is some 1,200,000 acres of land on 228,000 miles of public roads, some of it across acres with

READING, WRITING AND DRIVING

State Board of Education took a jaundiced view of a proposal of state-supported driver education in public schools. Plea for driver education, one of the main planks in Governor Daniel's program for increased traffic safety, was presented by Brad Smith, director of the governor's Highway Safety Commission.

"Driver education in the schools is the only way to reduce the flow of uneducated drivers into the stream of traffic," Smith declared. A state-wide driver training program has been the goal of the huge Texas Federation of Women's Clubs for some years.

Board members said they felt the matter did not properly belong in a school curriculum. They declined to make a recommendation to the Legislature.

LEGAL TEST PROBABLE

Board of Education decided to consider again in September the dilemma of school districts which stand to lose their state aid money under terms of a 1957 law governing school integration.

Under this law, districts which integrate without approval in a local election automatically lose state aid.

Dallas and Houston schools are under federal court order to integrate this fall. Houston voters turned down integration. Dallas' election is set for Aug. 6.

State Education Commissioner J. W. Edgar said he had written Houston and Dallas school authorities, telling them their state aid would have to be cut off if they integrated without a voter mandate.

Board discussed seeking an attorney general's opinion on the problem, probably in September after the Dallas election.

"Diplomacy in the old school"

"Diplomacy in the old school was the art of giving a hand without a handshake." — Phil H. Tuseth.

"Anybody who thinks this is a man of conformism hasn't been around during an air raid test." — Franklin P. Jones.

Dear Editor:

I see where the King of Thailand says us Americans ought to take it easier, on account of we go so fast we don't have time to be happy like his people.

Which my worn-nose neighbor says proves Phumiphon is a somewhat less wise king than Solomon, or he wouldn't be recommending that U.S. citizens scratch the rat race.

Says if Americans double-cross their ulcers and call off the dollar-chase, a lot of those happy Thailanders might have to go to work.

D. E. SCOTT
Crossroads, U.S.A.

INDIVIDUAL PIZZA PIES

Cut English muffins into 3 thin slices each and toast on one side under the flame of your broiler to produce individual pizza pies. Spread the other side with canned spaghetti sauce with mushrooms and add cubes of mozzarella cheese, pieces of peppery salami and sprinkle with oregano. Broil under a medium flame until cheese is melted and the pizzas are lightly browned and bubbly.

Quarter Million New Students To Texas Schools

This September, 262,420 children are expected to enter the public schools of Texas for the first time according to estimates of the Texas Education Agency.

Estimates are based on births six years ago, immigration estimates and projected birth-to-death ratios.

Nearly all public school districts in Texas require proof-of-age in the form of a birth certificate or a suitable certified copy stating that they are six years old on or before September 1.

During July and August, because of the increased demand for birth certificate copies, the Division of Vital Statistics of the Texas State Department of Health is one of the busiest places in Texas.

At the peak periods more than a thousand requests for certified copies must be processed daily.

After the request is received with the correct information and fee properly accounted, a card is prepared which serves as a record of the transaction and an aid in locating the original record.

A special searching crew — extra personnel are needed during peak periods — locates the original birth certificate from information furnished on the record card.

Unless there is a complication such as incorrect or incom-

plete information, searching takes a short while by using an index especially designed for school searches.

The original certificate is photostated, officially signed and sealed, and mailed to the person requesting the copy.

A record is kept of the transaction for accounting purposes with appropriate listings.

Parents who have a child entering the first grade this year should check with the superintendent of school regarding local regulations.

A certified copy of a birth may be obtained from a local registrar, county clerk, or the Division of Vital Statistics of the Texas State Department of Health, 410 East 5th Street, Austin, Texas.

Enclose one dollar with the child's name, date and place of birth, and the parents' names. (A weekly feature from Public Health Education Division, Texas State Department of Health.)

For rice that will draw praise from lovers of good food, the Gas Appliance Manufacturers Association suggests you heat 2 tablespoons salad oil in an aluminum skillet. Add 1 1/2 cups water, 1 1/2 cups boiling rice, 2 1/2 cups boiling water, 1 1/2 teaspoons salt, 3 tablespoons lemon juice and 1 1/2 teaspoons Worcestershire sauce. Cover the skillet tightly and dial the temperature to 212 degrees. Cook 15 minutes without lifting the lid. Turn off the flame and let the rice set for 5 minutes. Then add 1/2 cup chopped ripe olives, 2 tablespoons chopped parsley and toss well with a fork. Serve with chicken a la king or curried lamb.

THE LOCKNEY BEACON

Central States News Views

BUCKINGHAM FOUNTAIN in downtown Chicago is background chosen by June Wilkinson, 19, to demonstrate how exercise keeps her in such good shape.

THERE IT GOES! Having disposed of the contents, young John Rowe is about to dispose of his cup as well, on the concrete-paved patio. But his mother is immune to panic, knowing that the cup is sturdy break-resistant melamine.

MAMA GIRAFFE appears to be assuring new arrival at the Dallas zoo he'll grow up to be as big and long-necked as she is.

GENERAL PRACTICE

CROSS ROADS REPORT

Dear Editor:

I see where there is considerable dissatisfaction with the quality of the work done by our census bureau this spring, and some claim lots of folks haven't been counted.

My peoplesmith neighbor says he kind of agrees with this viewpoint, on account of he don't believe only 188 million people could keep the beer cans so deep along the highways.

Says evidently the census-takers did a good job in one department, though, as nobody has jumped up to challenge their bath tub count.

D. E. SCOTT
Crossroads, U.S.A.

RETURN HOME

Mr. and Mrs. Arvie Newton and Myrna, Mr. and Mrs. Bobby Griffith returned the first of last week from a vacation spent in the mountains of Colorado near Antonito.

House cleaning for livestock by the stockman can be a profitable activity. A clean up can head off expensive losses. Wire ends, nails, broken bottles, paint and insecticide cans or other containers, old batteries are all hazards for livestock as well as their owners, points out the Texas Farm and Ranch Safety Council. Good housekeeping on the farm is just as important as it is in the home.

Apply Early For Retirement Insurance

Retiring workers were advised to call on the Social Security Administration two or three months before the date of retirement by John G. Hutton, District Manager of the Lubbock office.

"Early applications for the social security benefits will enable us to attend to the necessary details and avoid a delay in the payment of the first check," he said.

"Claims for the retirement and family insurance payments require some action before they can be certified to the Treasury Department for payment," Mr. Hutton stated. "By filing early, payment can be made soon after retirement."

An applicant should bring some evidence of his age and an earnings statement showing the amount of his wages in the last year. The self-employed person should furnish a copy of his latest income tax return. No appointment is necessary to file a claim. The Lubbock office of the Social Security Administration is located in the Federal Office Building, 1616 15th Street, Lubbock. The office is open Monday through Friday (except for holidays) from 8:30 a.m. to 5:00 p.m.

A representative of the Lubbock Social Security Office will be in Floydada on Monday, July 25, at 9:30 a.m. in the Court-house, Room 106 and will be glad to assist in all matters pertaining to social security.

SILAS E. DUNCAN, III

Silas Duncan Ends Training Course

(AHTNC) — Army Recruit Silas E. Duncan, III, whose wife, Sherry, lives at 2510 Fisher St., Plainview, recently completed the communications center operation course at The Southeastern Signal School, Fort Gordon, Ga. During the eight-week course Duncan was trained to receive, process and relay messages by various means of communications. He entered the Army last February and completed basic training at Fort Carson, Colo. They 18-year-old

Average Texas Farm Workday Is 10.1 Hours

College Station. — Texas farmers and ranchers had an average workday of 10 hours, 6 minutes on June 1, according to the U. S. Department of Agriculture.

That's a half-hour less than the average for farmers in all states of the nation, more than two hours less than the Wisconsin farm workday, but a full hour more than Nevada and Florida farmers put in.

This was brought out in the farm labor report issued by USDA's Agricultural Marketing Service, based on reports from federal-state Crop Reporting Service offices in each state.

The national average was 10.6 hours. Wisconsin led with 12.2 hours, while Nevada and Florida were lowest with 9.1 hours. Colorado farmers averaged 11.2 hours; Kansas, 10.9; New Mexico, 10.7; Oklahoma, 10.2; Texas, 10.1; Arkansas, 9.8; and Louisiana, 9.3 hours.

Farm operators in the nation averaged about an hour more each day than their hired hands.

Seasonal length of the farm workday has changed very little in this area during the last years, although a slowness in the crop season was evident in some locations when the June 1 survey was made. The June 1

survey was made. The June 1 soldier, whose parents live at Floydada, is a 1959 graduate of Floydada High School and attended Texas Tech College.

average for Texas in 1950 was 11.6 hours. In the war year of 1943, it was 12.8 hours.

Weather at this season seems to have little effect on the amount of time the farm operator works, even when he can't be in the fields. The number of seasonal hired workers is more sharply influenced by weather conditions, but the workday length for regular hired help is more consistent, even in undesirable weather.

GO TO CHURCH SUNDAY.

FROM FLORIDA

Mrs. James Houck, the former Bette Cunyus, and her sons, James and Tommy of Jacksonville, Fla., returned to their home Thursday after visiting 12 days with her mother, Mrs. B. A. Cunyus. While here, they visited in Dimmit and Lubbock with Mrs. Houck's sisters.

The British dropped some 1,800 bombs on and around P. McHenry (1812) and still failed to capture it.
