In Thee, O Lord, do I put my trust: let me never be put to confusion. Psalm 71:1.

SOCIALISTIC schemes by the "master minds" who would regulate our lives and protect us from ourselves have a way of back-firing with the result that the final end is sometimes opposite to what is intended. We believe such will be the case should Congress pass the wage and hour amendment which it was considering previous to adjournment. The plan is to increase the required minimum wage to \$1.25 and extend the law to cover many employees not now covered. Seems to us that, with the stock market reacting nervously, and retail trade not up to expectations, such a law might result in fewer jobs and much more unemployment than we now have. Certainly the passage of this amendment to the present law would hurt employment as far as the unskilled and the day laborer are concerned.

OF COURSE we are opposed to the passage of the wage and hour amendment regardless of its effect on employment. We believe it is just another step toward complete socialism and can result in no good to the nation as a whole. Perhaps residents of this area may think they will not be affected by the passage of the minimum wage law but you may be sure of one thing — as soon as the brain trusters have it all set as far as industry and retail trade goes they will begin on the farmers and we will eventually see a minimum wage for farm workers. The time to oppose it is now, and the way to do that is to write your Congressman and Senators protesting the passage of the amendment.

RAIL TRAVEL safety has recorded such gains that people are now safer on trains than at home or almost anywhere else. Final figures for 1959 show that railroads set an all-time passenger safety record, achieving a performance nearly four times better than travel by bus, 13 times that by domestic airlines, and 45 times that by automobiles. The 1959 record included only one fatality in a train accident out of a total of 350 million train riders.

GENERAL PRACTICE

view of Dr. E. Vincent Askey, new president of the American Medical Association. He adds that we Americans are eating more and better but exercising less — "As a result, actuarial statistics show that an alarmingly large number of persons are seriously overweight, and obesity and long life usually don't go together."

DURING THE PRESENT fiscal year, the Federal Government will spend some \$68 billion. That is a lot of money. That amount of money would do any of these:

- 1) Build and fully equip ten new hospitals in every county of U. S. and operate them for a year.
- 2) More than pay the grocery bill for every American for the full year.
- 3) Pay for all the new houses built in the average year.
- 4) Build a new super-highway like the Pennsylvania Turnpike enveloping the world with 3,778 miles left over.
- 5) Provide every family in America with a new television set, a new automatic washer, a dryer, a new radio and refrigerator, and a \$500.00 vacation.
- 6) Build 2,000 new \$10,000 homes in every one of our 3,070 counties.
- 7) If loaded into freight cars in form of silver dollars, this amount of money would require 36,630 cars, or a train 308 miles long.

Yes, that is a lot of money — but that is what we pay to be governed on a national level. State and local governments would add to this list yet. It isn't worth it? Then, the thing to do is discuss it with your senator or representative.

ONE HUNDRED and twenty-four years ago, reports the Tax Foundation, the Federal government discovered it had a \$28 million surplus. It solved the problem by distributing the money to the 24 states of that time, ostensibly on a loan basis. From that little economic acorn, great oaks have grown. In fiscal 1960, Federal grants of all kinds to the states came to \$7.4 billion. The figure for fiscal 1961 is estimated at just a little less — \$7.1 billion.

Steam is absolutely invisible; small droplets of water are carried along with it, or cool air causes it to condense, and sometimes that is visible.

BAPTISTS HAVE NOT FARED SO WELL

Lots of effort has been made in some quarters to keep religious issues out of politics, but it is apparent this year that such will not be the case in the presidential election.

The Smithfield Herald in a recent editorial presented some interesting facts:

Roman Catholics have fared well in the U. S. gubernatorial and Congressional elections, but no Roman Catholic has been elected President of the United States. The nation's failure to elect a Catholic to the White House is something cited as an example of American injustice, since 37 per cent of Americans "nominally affiliated with a church" are Roman Catholics.

It cannot be denied that there is anti-Catholic prejudice among American voters. But

American voters have never shown any tendency to identify the Presidency with religious affiliation. They have made no effort to apportion the Presidency among religious denominations according to the denominational census.

The Baptists rank second to the Roman Catholics in denominational strength in the United States, but only two Baptists have been elected to the White House — Warren G. Harding and Harry S. Truman.

The Methodists rank next in membership, but only three Methodists have served as President — Grant, Hayes, and McKinley.

Latest available figures show that there are only 2,660,700 members of the Episcopal Church in the United States (Baptist bodies claim 18,448,600 members and Methodist bodies 11,688,000), but the country has had nine Episcopalians as President — Washington, Madison, Monroe, W. H. Harrison, Tyler, Taylor, Pierce, Arthur, and F. D. Roosevelt.

703,000 members, have done almost as well as the Episcopalians. We have had seven Presbyterian Presidents — Jackson, Polk, Buchanan, Cleveland, B. Harrison, Wilson, and Eisenhower.

If there has been discrimination in electing Presidents, it has been more pronounced in favor of the Unitarians, who have no more than 150,000 members enrolled in their churches. Five Presidents have been Unitarians, if we count Thomas Jefferson, who expressed a preference for Unitarianism although he did not belong to a church. Other Unitarian occupants of the White House were John Adams, John Quincy Adams, Fillmore and Taft.

The Quakers, with only 119,400 members, can claim one President — Herbert Hoover.

Another small body, the Dutch Reformed Church, can claim two — Van Buren and Theodore Roosevelt.

Coolidge was a Congregationalist and Garfield belonged to the Disciples of Christ. Lincoln and Johnson had no denominational affiliation, though the Unitarians claim Lincoln as one of their spiritual kin.

A conclusion is that the American people, in choosing Presidents, have looked more at the qualities of the man than at his denominational affiliation.

In 1960, voters who will not accept a Roman Catholic as President are motivated by fear, real or imagined, that the qualities of the man — in this instance, Senator Kennedy — would be subordinate to the decrees of the Roman Catholic — Waynesville (N. C.) Mountaineer.

CROSS ROADS REPORT

Dear Editor:

I see where the World Health Organization has got to sort of worrying about bald-headed people, and after some research they stated that these unfortunates tend to suicide on account of their condition.

But my hairless neighbor says they do not offer much hope that Mr. Khrushchev will take this route.

Says, anyhow, when he has been bald for 30 years and has never felt any urge to suicide except when watching a National Convention.

SOIL CONSERVATION DISTRICT NEWS

Determining Time of Irrigation by Truman Gregory

Farmers in the Floyd County Soil Conservation District are faced with a critical problem in applying water to crops. When to apply water to various crops to receive the largest possible gain is a problem that is as old as irrigation itself.

It is a known fact, for example, that cotton will use about 25 inches of moisture daily after blooms appear. Since the heavy type clay soils in the district can absorb approximately 3.75 inches per irrigation and the plants can only extract water down to the 35 percent level.

To use this method, one should dig 12 to 18 inches into the soil for a soil sample. He then estimates the percent of available moisture remaining in the soil.

PCG Favors Two-Choice Cotton Plan "In Lieu Of Better Program"

Lubbock. — Continuation of the 1960 two-choice cotton legislative program into 1961 was favored Monday night by directors of the Plains Cotton Growers, Inc.

The vote to favor — "In lieu of a better program" — the retention next year of the same cotton legislative program that is in effect this year came as somewhat of a surprise move.

Present legislation calls for the two-choice program to end in 1961 with a minimum rational allotment of 16.3 million acres and price supports of not less than 70 percent of parity.

In addition, the standard grade for purposes of price support would go onto "average of the crop" instead of the present middling 7-8-inch. Some observers figure cotton would bring about \$17 a bale less next year under such a program.

The 1960 cotton program provides farmers operating under the "A" plan with their "regular" farm allotment and price supports of not less than 75 percent of parity. It enables growers who selected the "B" program to expand acreage by 40 percent in exchange for lower price supports of not less than 60 percent of parity.

Growers also voiced opposition to reports that an effort may be made in the future to put production controls on a poundage, bushelage or baleage basis.

In essence, the vote to continue the 1960 program into next year apparently was aimed at voicing dissatisfaction with the lower acreage allotments and a cut in price supports that are looming for 1961.

At the same time, however, it seemed likely that the Plains growers would oppose any efforts to raise price supports to unrealistic levels at the expense of greatly curtailed acreage allotments.

Action on the legislative situation was taken prior to a meeting scheduled July 29 in Memphis of the American Cotton Producers Association, where some legislative action is contemplated.

In other action PCG directors approved a \$185,000 budget for 1960-61, approximately \$47,000 of which will be used in various phases of cotton research on the High Plains at the Lubbock and Spur Agricultural Experiment Stations, High Plains Research Foundation in Hale County and at Texas Tech.

Dear Editor: I see where the Democratic platform carpenters used a plank which supports a citizen's right to vote even if he can't read and write.

My semi-illiterate neighbor says this seems fair enough, on account of there is no requirement that folks have to know their ABC's to qualify as taxpayers.

And he says, anyhow, the more voters we have who can't read, the easier it will be to sell these bureaucrats dream platforms.

MR. AND MRS. WYMAN LYNN COOLEY

Jody Pate, Wyman Lynn Cooley Are Wed On Saturday Evening

An arch of greenery with baskets of orchid and white mums formed the background for the exchange of wedding vows between Miss Jody Pate and Wyman Lynn Cooley in the home of Mrs. W. A. Carthel at 6 p.m. Saturday evening, August 6.

S. A. Freeman, pastor of the Main Street Church of Christ, read the double ring ceremony for the children of Mr. and Mrs. Jim Pate, and Mr. and Mrs. E. W. Cooley. Mrs. Carthel is the grandmother of the bridegroom.

Miss Janice Carthel, soloist, sang "Whither Thou Goest" and "The Lord's Prayer," accompanied by Mrs. "Chuck" Wilson on the piano. Attending the bride were Miss Pat Buchanan, maid of honor, and Miss Kay Pate, sister of the bride, junior maid of honor. They wore street length dresses of orchid and white lace, and carried bouquets of white roses.

Stephen Handley, cousin of the bridegroom, served as best man, with Charley Carthel, also his cousin, as junior best man. Wesley Ken Cooley, the groom's brother, was ring bearer.

The bride, given in marriage by her father, wore a street length dress of white chantilly lace featuring a sobreno neckline and terrel skirt. The fitted bodice was enhanced by three quarter length sleeves. Her fingertip length tulle fell from a white comb inset with rhinestones. She carried a bouquet of white rose buds, centered with an orchid and tied with white satin streamers on a Bible borrowed from her brother. The Bible had been carried previously in three weddings. Completing the tradition, she wore a blue garter with a penny attached, a sweetheart necklace that had been a gift to her when she was small, and her new wedding attire. She also wore a wedding ring belonging to the groom's grandmother, Mrs. W. A. Carthel.

Mrs. Pate, mother of the bride, chose a teal blue shantung dress with black accessories and a white carnation corsage for her daughter's wedding. Mrs. Cooley wore a orchid dress with black accessories and also had a white carnation corsage.

Misses Donna Workman, Geannie Sue Boyter, Lavonia Carthel and Priscilla Carthel served for the reception in the Carthel home. The refreshment table was laid with a white cloth under orchid net. A three-tiered wedding cake topped by a miniature bride and groom, and silver punch bowl completed the table decor.

For a wedding trip to Carlsbad, New Mexico, the bride chose a blue tailored suit with white accessories, and an orchid corsage taken from her bridal bouquet.

The bride is a 1960 graduate of Lockney High School. The groom is a 1959 graduate of Lockney High School and is employed at Baker Plow Company in Plainview. After the wedding trip, the couple will be at home at 904 Joliet Street, Plainview.

Out of town guests for the wedding were Misses Ella May Buchanan and Geannie Boyter, Lubbock; Willie Pate, Oyama Buchanan, Lubbock; and Mr. and Mrs. Fruit Rice of Floydada.

Browns Honored At Anniversary Party

Mr. and Mrs. Frank Brown were honored by their children, Dale and Charlyne, for their Silver Anniversary with a surprise party in their home on Saturday evening.

After games of 42, guests stuffed angel food cake and enjoyed strawberry cake served from a cake plate that had been a wedding gift to the Browns. An arrangement of white flowers centered the table.

Attending were Mr. and Mrs. T. B. Mitchell, Mr. and Mrs. R. C. Mitchell and David, Mr. and Mrs. Elster McLeod, Mr. and Mrs. Horton Howell, Ken and Carol, Mr. and Mrs. Edgar Hays, Mr. and Mrs. Marvin Cox, Mr. and Mrs. Leslie Ferguson, Mr. and Mrs. Sid Thomas, the honorees, Mr. and Mrs. Brown, and Dale and Charlyne.

Visiting in the home of Mr. and Mrs. Chester Mitchell and family this weekend were Mr. and Mrs. J. B. Edmonson of Medford, Oklahoma.

Past Noble Grands Meet Friday Night

The Past Noble Grand Club of the Rekebah Lodge met on Friday evening, August 5, at the Floydada I.O.O.F. Hall for installation of officers.

Officers for the new term are Lona Sparks, President; Essie Conner, Vice-President; Dorothy Reeves, Chaplain; Bell Berry, Jr. Past President and Instructor; Beth Widener, Secretary and Reporter; Jane Marquess, Marshall; Jewell Price, Song Leader; Ethel Sawyer, Musician; Ora King, Reporter for Floydada.

A gift was presented to the outgoing President, Bell Berry. A family night picnic and covered dish supper will be enjoyed by members and their families on September 2.

Sue Wofford Is Luncheon Honoree

Mrs. Lloyd Wofford honored her daughter, Sue, with a luncheon in her home Tuesday at 1:30 p.m. Places were laid for Mmes. Eugene Tannahill, Benzie Pigg, Hereford; Warren Mathis, Delton Jack, Billy McAda, Dennie Quisenberry, the honoree, Sue Wofford, and her mother, Mrs. Wofford.

She has been here visiting her parents, Mr. and Mrs. Lloyd Wofford, and Nelson, from Hawaii where she is employed. Mrs. Wofford and Nelson left Monday to accompany Sue

to California where they will visit relatives before she flies back from there. She plans to be in Hawaii Sunday morning, August 14.

District Rated Much Stronger, Five-Team Battle Is Possible

Who will represent District 2-AA in bi-district this November?
 On paper Olton appears to have the strongest squad after losing only four men from last year's district championship crew. But 2-AA should have no weak links and at least three or four of the other district teams could deal the Mustangs a bad time.

R. L. Rhoten of Lockney, district spokesman this year, has given Olton the nod as the probable district champ. However, Rhoten rates Abernathy, Floydada, Muleshoe, and possibly Lockney as strong enough to give the blue and white Mustangs a run for their money. Morton is conceded last place, but the Indians could go on the warpath and deal any of their 2-AA counterparts misery.

The conference should be much stronger than last year, with the addition of ever-rugged Floydada, an asset to the district. Four of the district's six members have new mentors—Rhoten of Lockney, Jo-Jo Bryan of Olton, Charles Tyler of Floydada, and Jake Halter of Muleshoe. The other two coaches — "Sonny" Deavenport of Abernathy and John Paul Jones of Morton — are second year men at their respective schools.

Bryan, who served as an assistant coach at Plainview last season, will be greeted by no less than seven returning starters when the Olton squad begins workouts Monday. Heading the list are Robert Priest, 198-pound senior fullback who was an all-district, all-regional, and all-South Plains selection last season; Rande Buchenan, lightning-fast 160-pound senior halfback; Kenneth Hooper, 210-pound senior tackle, all-district and all-regional last fall.

Priest and Hooper will be joined by 170-pound end Bobby Brown as tri-captains. Other Olton returning regulars include: Brown; Fred Riney, 165-pound back (end last year); Robert Duncan, 170-pound center (back last year); and Harold Feathergill, 150-pound guard.

The Mustangs should be strong in every department — experience, speed, power. Floydada lost heavily by graduation but has enough fine athletes returning to field a strong eleven. Charles Tyler, an assistant to Preston Watson for five years, has been elevated to head man of the Winds. Tyler has four returning offensive starters and several more youngsters who played on the defensive platoon among the 20 returning lettermen.

Brightest spots in the Wind plans are Eddie Parks, 210-pound senior tackle who will captain the team; and Rodney Teague, 165-pound junior quarterback, one of the best all-around athletes in the area. Both were stars last season when Floydada fielded one of the strongest teams in the school's history.

Others who figure prominently in Tyler's plans are: Ted Allen, 142-pound halfback, ineligible last season; Richard Marler, 130-pound halfback who started some games last fall; Elwyn Pierce, 175-pound back who saw considerable action as a sophomore but didn't play last season; Van Stovall, 155-pound back, defensive starter; Larry Orman, 165-pound regular end; Don Davis, 180-pound guard who saw considerable action in '59.

Floydada's main assets will be an effective passing attack and good speed. Abernathy's line appears to be among the strongest in 2-AA. Add to this a good passing attack and experience and the Antelopes look plenty rugged. Coach Deavenport lost five boys, but will have 16 varsity lettermen returning.

A pair of gigantic tackles — 6'3", 205-pound Larry Florence and 6'3", 210-pound Wilton Manley — will anchor the line. Both are returning starters. The Antelopes also boast a pair of fine ends in 155-pound Neil Humphrey and 150-pound Jerry Gist. Abernathy has one

Class Of '26 Has 34th Year Reunion

The Lockney High School graduating class of 1926 held their 34th year reunion, August 7. The group met at Golden's Restaurant at one o'clock for dinner and spent the afternoon reminiscing together and renewing old friendships.

All but two of the thirty-eight graduates are still living. Deceased are Lyndon Frizzell and Eunice White. This reunion was the seventh held by the class since their graduation. They plan to have another one the first Monday in August, 1962.

Eleven of the members were present. They were: Mrs. Alma Holmes, Floydada; Mrs. Emma Sue Whately, Groom; Mrs. Dora Hawkins, Quitaque; Mrs. Lula Watson, Tulsa; S. L. Cook, Amarillo; Douglas H. Middleton, Ft. Worth; Mrs. Wanda Baker, Groom; Mrs. Eunice Greenhow, Lloyd Wofford and Raymond Meriwether, of Lockney.

Two teachers who attended were Mrs. Willie Merle Haithcock, Plainview, and J. B. Allen, Lockney. Others attending were Mrs. J. B. Allen, Lockney; Buck

Whately, Groom, Mrs. Douglas Middleton, Ft. Worth; Mrs. Raymond Meriwether, Mrs. Lloyd Wofford, and Mrs. Bert Vernon of Lockney. Mrs. Wanda Baker was elected president and Mrs. Eunice Greenhow was elected secretary.

HAS OPERATION
 Mrs. Willis Reynolds underwent surgery at St. Mary's Hospital in Lubbock Monday morning. She was able to return to her home here Tuesday and is doing fine, members of the family said.

VISITING FORTENBERRY'S
 Visiting this week in the home of Mr. and Mrs. Robin Fortenberry are Mr. and Mrs. Lee Gill, and Donna Sue, of Raleigh, North Carolina, and Mr. and Mrs. Elvis Gill and children of Henderson, Nevada.

BACK FROM CALIFORNIA
 Mr. and Mrs. Roy Rolling and Billy Dan, and Mrs. Audvie Barnett, Lannie and Tona, returned Friday after a 10 day vacation to Los Angeles. While there they enjoyed visiting with several relatives.

Time To Pickle Peaches
Picked peaches are colorful and tasty, especially as a relish. They are easy to prepare, so why not make the most of peaches while they are available.

For making 6 pints you will need 8 pounds of small or medium sized peaches without blemish, ripe but firm enough to hold their shape in cooking, 2 tbs. whole cloves, 8 two inch pieces of stick cinnamon, 2 lb. sugar and 1 qt. vinegar.

First, make the sirup mixture by cooking together the sugar, vinegar, and spices for 10 minutes. (Have the pieces tied loosely in a clean, thin, white cloth so they can easily be removed later.) Wash and pare the peaches, add to the syrup and cook slowly until tender but not broken. Let stand overnight.

The next morning, remove the bag of spices. Drain the syrup from the peaches and boil rapidly until thickened. Pack the peaches in clean, hot, sterile jars. Pour hot syrup over the peaches, filling the jars to the top. Seal tightly. Keep in a cool place for several weeks before serving, to blend the flavors.

For other recipes for fruit and vegetable pickles, call us or come by for a copy of "Pickles and Relishes."

4-H Electric Camp
We enjoyed the cool mountain climate at Scott Abel 4-H camp near Cloudcroft, New Mexico, last week.

Attending from Floyd County were: Frances Jones, Paulette Kropp, Lockney 4-H Club; Jean Jones, Lakeview 4-H Club; Beth Scott, and Norman Hopper, Harmony 4-H Club; Warren Mitchell, Sandhill 4-H Club; Teddy Porter, McStar 4-H Club; Billy Colston, Dougherty 4-H Club; the County Agent and I.

The 4-H members attended sessions on electric wiring, appliances, making a soldering iron, making a toy motor, and 4-H records. These sessions were taught by the agents attending and representatives of Southwestern Public Service.

Frances Jones and Paulette Kropp gave their demonstration on "Lights for the Home" for the campers on Thursday morning.

We enjoyed many kinds of recreation including ping-pong, badminton, volleyball, softball, horse shoes, shuffleboard, and hiking. The latter left us a little stiff and sore.

We arrived back in Lubbock by charter bus about 6:30 Friday night.

WILLIAMS FAMILY EXPRESSES THANKS
We wish to express our sincere thanks to all those who were so thoughtful and kind following the accident. Especially we would like to thank Mr. and Mrs. Hershel Carthel for their thoughtfulness. We appreciate the flowers, cards, gifts and visits very much.

Mrs. Bertha Williams and Family.

BRUNNIERS ON VISIT
Mr. and Mrs. G. M. Brunner spent several days last week visiting their daughters at Pampa and Amarillo. Friday they visited another daughter at Silverton. They recently returned from a month's visit with Mrs. Brunner's parents, Mr. and Mrs. C. A. Delmege at Stockton, Calif. While there Mr. Delmege celebrated his 89th birthday. He is still in good health. Mr. and Mrs. Delmege have visited in Lockney and are known by a number of local people.

It's pretty hard to convince the kids that the shortage of teachers is a calamity.

Dear Editor:
I note that you can't hardly cross a street any more without stepping on one of these super-compact foreign cars, and science has not yet come up with a pesticide to control same.

My life-sized neighbor says he has tried to conform to the new trend, but the wrinkles it puts in his legs are too hard to iron out.

Says he don't believe anybody really prefers the stunted auto, any more than he prefers beef stew to steak, but it may be the answer to the short-winded dander.

New Law Gives Pensions To Widows Of War Veterans

Floydada. — Several hundred widows and children of deceased veterans of World War II and the Korean Conflict will receive their first pension checks from the Veterans Administration on August 1. These persons have not been entitled to assistance from the Veterans Administration in the past but become eligible for benefits beginning July 1, because of the passage of a new law, known as the Veterans Pension Act of 1959. This information was released today by D. G. Ayres, Veterans County Service Officer in Floyd County.

In addition to those who will receive their first checks on August 1, Ayres said that many other widows and children in Texas are eligible for benefits. Neither the Veterans Administration nor the local Service Officer knows who all these persons are, or where to find them.

Prior to passage of the new Pension Act, survivors of deceased World War II or Korean Conflict veterans were entitled to pension only if the veteran had disabilities resulting from service. According to Ayres, the new Act removes this requirement, and makes the widows and dependent children of these veterans entitled to pension benefits if their income is within certain prescribed limits, and if they do not possess large estates.

Benefits under this new Act cannot be paid until such time as an application for the benefits is made to the Veterans Administration. Any person who believes he might be eligible under this more liberal law should contact D. G. Ayres at his office in Bishop Building, Floydada, or the nearest office of the Veterans Affairs Commission and assistance.

Ayres stated that it is believed that less than one-half the persons who might be entitled to benefits under the new law have made application at this time.

FROM FORT HOOD
Omar J. Burleson, son of Mr. and Mrs. E. L. Burleson is spending two weeks at home after finishing his basic training at Fort Hood, Texas.

He is in the Second Armored Division, the 78th Artillery. He will leave Friday for Fort Sill, Oklahoma, where he will receive track vehicle training and automotive, mechanical training.

Happiness has been called the end result of a life of right thinking.

BEFORE YOU REMODEL A KITCHEN
"Don't settle for an L-shaped or a U-shaped kitchen until you've decided which will best serve your needs." This advice comes from Margaret Spader, home service consultant for the Gas Appliance Manufacturers Association. She suggests that the first step is to make a list of all the activities that go on now in your kitchen. Then proceed with a plan to make adequate space for them. Don't be afraid to make structural changes. Miss Spader points out they are generally easier than changing family habits.

COOKING TIP FOR HOT WEATHER
A summertime cook will keep escaping heat and humidity by a minimum by putting a utensil on the burner before turning on the heat. This directs heat into the pan, not at the cook. It is a good idea to turn off the burner before removing the utensil. The burner cools instantly.

South Plains

By Mrs. Murray Julian

It is still hot and dry, and you can hear the irrigation wells running day and night. Everyone has beautiful gardens with corn, black-eye peas, green beans, okra, and cucumbers on hand now. The canneries are overflowing with garden and field products.

Ed McMillan of Wayland College spoke here at both services Sunday to open the revival at South Plains Baptist Church. Monday Rev. Milo Arbuckle and Johnny Burnett will team up to bring a wonderful revival service. Morning sessions will begin at 10 a.m. and the night session at 8 a.m. Each and everyone is welcome.

Mr. and Mrs. Jack Reeves of Denver, Colo., came Thursday and stayed until Sunday morning with his folks, the Sim Reeves family. All the relatives were here to visit them over the week end, including the Bob Reeves from Lubbock, and the Ted Bells from Floydada, and

the Raymond Reeves. Jack will teach at the new George Washington High School in Denver this fall, and Mrs. Reeves will also teach.

Mr. and Mrs. Murray Julian, Bruce and Kendis, and Miss Janis Roberts of Floydada, spent Saturday in Lubbock.

Mr. and Mrs. H. S. Calahan, Sr., Mr. and Mrs. Jack Calahan of Lockney had Sunday dinner here with Mr. and Mrs. Shelby Calahan and children. Other visitors during the afternoon in the Calahan home were Mrs. Bryan Karr and H. S. Calahan, Jr.

Mr. and Mrs. J. A. Kinnibrugh from Vera spent Monday and Tuesday here with his son, Mr. and Mrs. Sylvan Kinnibrugh. Marilyn returned with them for a visit. Wednesday evening the Sylvan Kinnibrughs and Beth went to Vera to spend the night with his folks, and her mother, Mrs. J. R. Spivey.

Mr. and Mrs. Leighton Teeple, Rhonda, Dwight and Shylene left Wednesday morning for Truth or Consequences, New Mexico, for a vacation and hot

baths. They plan to be home the middle of the week.

Mr. and Mrs. Grigsby Milton and girls had as Sunday dinner guests, Mrs. John Gillispie, Beverly, Darla, and Jacque, and the singer for the Baptist revival, Mr. and Mrs. Johnny Burnett and son, Mrs. S. D. Kinnibrugh brought in supper at the parsonage.

The Frank McClure visited in the George Weast home on Thursday night. They had spent the day in Crosbyton visiting their daughter, Mrs. Jean McClure and children.

Mr. and Mrs. Bill Beedy spent Monday through Thursday in Lubbock where they visited friends and their son, Mr. and Mrs. Brad Beedy and boys.

Mrs. Fay Sledge and Don from Lubbock visited Tuesday through Friday in the Roy Bledsoe home.

The John Wilsons, Sue and Gary, arrived home Wednesday from Durango, Estes Park, Grand Junction, Glenwood Springs, Colo., where they visited her sister, the Charles McDonald family. They had been gone about ten days.

Mr. and Mrs. Garvin Beedy, Rise, La Tonya and Larry, arrived home Thursday evening from Red River and other interesting places in New Mexico.

Spending the day in Lubbock Tuesday from here were Mr. and Mrs. Leighton and children, Mr. and Mrs. Roy Bledsoe and Bill, Miss Yvonne Karr, Mr. and Mrs. Bill Beedy.

Mr. and Mrs. Bryant Higginbotham and Bud went to Halfway Saturday afternoon to attend services for Floyd Austin Harcrow, 56, who passed away Friday morning at Olton after a heart attack. He was the husband of Mrs. Higginbotham's aunt, the former Ida B-b Cypert, from this area.

Mrs. B. L. Ellison and Larry, Mr. and Mrs. Tommy Mabry and son, all of Petersburg, were guests Sunday with Mrs. Ellison's sister, Mr. and Mrs. Jones Kinslow and boys. Phil went home with Mrs. Ellison to spend a few days.

Jimmie Miller of Lockney was a guest of Mr. and Mrs. Carl Huckaby here Saturday and Sunday.

Mrs. Garland Foster and children of Floydada visited here Tuesday night in the H. S. Calahan, Jr., home. They enjoyed a watermelon feast. Vicki Calahan spent from Tuesday to Thursday visiting her grandmother, Mrs. Carl Smith in Floydada.

Mr. and Mrs. Ronnie Upton and children of Amarillo and Mrs. Harry Hartman are keeping Upton Grocery this week while his folks, Mr. and Mrs. Raymond Upton and Jimmie, who left Friday for Ruidoso, N. M. They will then go to Amarillo to spend this week at the Ronnie Upton home.

Mrs. L. T. Wood left Saturday afternoon for Tucuman, N. M., to spend the night with her mother, Mrs. S. C. Waller. They went to Nara Visa, N. M., Sunday where they attended a homecoming and reunion at the Nara Visa community.

We are glad to find Rene Yeary is getting along fine at his home. He arrived home last Sunday from Houston. Many friends have called to visit him the past week.

Lynn Jackson of McCoy came Sunday evening to spend some time visiting here with Mr. and Mrs. Don Marble and Donette.

Mr. and Mrs. H. L. Marble and Mr. and Mrs. R. L. Holland of Lockney left Friday for a week end at Roswell and Ruidoso, N. M.

Rev. Arbuckle, Johnny Burnett, and Rev. and Mrs. John Gillispie and girls were dinner guests this Monday noon with Mr. and Mrs. Wendell Johnson and children.

Mr. and Mrs. Jerry Pearsey, Teresa, D'Ann and Bryan, from Long Beach, Calif., former residents here, have been visiting relatives in Floydada and her folks, the Leo Browns of Lubbock. Friday afternoon they were guests here at the home of Mr. and Mrs. Don Marble and Donette. They enjoyed a barbecue supper. Several came for the evening, Mr. and Mrs. Don Stewart, Ronnie and Teresa; Mr. and Mrs. Fred Marble and Mike, Mrs. Marble.

Wheat Production

Its not long now before sowing of small grain will begin. Good quality seed of adapted varieties will make the most money. On irrigated wheat the right amount of plant food can mean higher yields. A good way to find out about fertilizer needs is to have a soil test made.

By making soil test now you will know how much to apply to the land and will miss the rush season on soil testing. Fertilized wheat will provide a more nutritious plant for livestock with protein content running higher.

Floyd County Fair

The fair is just around the corner and plans are being made to make it a top fair. We hope each of you are planning to participate in this year's fair by entering products produced on the farms and in gardens.

There are classes for every item, flowers, garden products, grain and cotton products, canning, freezing, baking and many other items. A new part of the fair is the talent of the people who live in our communities. This talent show will be held on Saturday night Sept. 10, 1960. You might be surprised how much talent is available in Floyd County.

Cotton Insects Situation

Fleahoppers do not seem to be in as large a numbers as found in past weeks, and in many cases the cotton may be fruited well enough to forego fleahopper control.

Bollworm infestation should be watched closely. This insect can cause considerable damage before it can readily be seen. By checking terminal buds for small worms control will be more beneficial and will cut on damage losses.

4-H Calf Tour

Remember the 4-H calf tour which will be held Thursday, August 11, 1960. The tour will begin at 1:00 p.m. and will start at the Agricultural Building in Floydada. A judging contest and picnic will conclude the tour.

Mrs. Kenady Says Thanks To Friends

To the dear friends and relatives, Eastern Star and Sunday School class who sent flowers, pot plants, cards and letters since I suffered a heart attack on July 6th, I want to say thank you.

Words are inadequate to express to you my love and appreciation for your thoughtfulness. I hope to be home before long.

To Drs. Mangold and Williams and the lovely nurses, the wonderful care which I received while in your hospital will always be a bright flower in my garden of memories. May the good Lord bless and give you strength and health to continue in the good work you are doing.

Sincerely,
Mrs. Boyce Kenady

VISITING SPARKMANS

Visiting last week in the home of his grandparents, Mr. and Mrs. H. B. Sparkman, was Alton Wayne Crisp of Odessa. His parents, Mr. and Mrs. Aubrey Crisp came Saturday to take him home. Also visiting in the Sparkman home over the weekend were Mr. and Mrs. T. W. Huskey, Lauretta and Marlene, of Louisville, Texas.

Accompanying Marvin Christy here to visit his parents this weekend was Kenneth F. Luttrell also from Fort Sam Houston, Texas.

Get A License Before Fishing During August

Austin. — Another warning has been issued by the director of law enforcement of the Game and Fish Commission, to buy fishing licenses before starting on your trip in August.

"A number of people will be going on vacation during August," he said. "Some of them are just careless; others think because there is only a month left of the present season they can get by without getting a \$2.15 fishing license. Every month they find this to be pretty expensive because wardens have been asked to make careful check on fishermen without licenses."

The director also warned against rushing the hunting season. Dove shooting in the North Zone will be permitted after September 1. New hunting licenses also will be required. They will be available at local sporting goods stores the last week in August.

He also pointed to the change in white-winged dove regulations this year. The season will be September 9, 10 and 11 — three consecutive days instead

of three alternate days previously. White-winged taken in several states will be 10 per day possession. During day shoot hunting take mourning doves kill 10 whitewings mourning doves must not be taken at the end of day's shoot more than 10 whitewings and mourning doves.

Every Week is

COTTON WEEK

Cotton is no longer a one- or two- season product. Chemistry has added new qualities that make it a fashion favorite the year 'round and desirable for industry and farming operations every week of the year.

Fashion-wise, today's smart cotton fabrics come in every weight and weave imaginable—sheer, knitted, nubby, polished, embossed, knit. And they have new easy-care qualities. They're machine washable (even the most fragile-looking), they dry quickly ready to wear with little or no ironing, they are wrinkle and soil-resistant. Yet they retain the traditional virtues of comfort and absorbency. They have made cotton so popular through the years.

You're wise when you buy cotton! It helps you many more ways than one.

SWEET CUCUMBER PICKLES

This recipe for sweet cucumber pickles was turned in to the Beacon by Mrs. Henry Boliman.
Wash 7 1/2 lbs. cucumbers cut in 1/2" slices. Cover with 2 gallons of water and 2 cups of lime for 24 hours, stirring frequently. Rinse thoroughly and soak in cold water for 3 hours.
Drain. Mix:
2 quarts vinegar
2 cups sugar
1 tablespoon salt
1 teaspoon celery spice
1/2 tsp. (tied in bag)
1 teaspoon pickle spice
Pour over pickles and let set overnight (12 hours). Boil 35 minutes, put in sterilized jars, and seal hot.

Unusual plant life, different from all adjacent areas, is found in Cranberry Glades, a 200 acre lake bed, near Buckeye, W. Va.

\$40,000 MONTHLY IS PAID TO SS BENEFICIARIES IN COUNTY

At the end of 1959, as Federal social security was starting its twenty-fifth year, old-age, survivors, and disability insurance monthly benefits were being paid in Floyd County to 741 persons at the rate of \$40,591 a month, according to John G. Hutton, manager of the Lubbock Social Security District Office. "This is an increase in number of beneficiaries of about 11 percent since February 1959, the last previous date for which Floyd County figures are available," he said.

Nationally, about 13 3-4 million persons were receiving old-age, survivors, and disability insurance monthly benefits at the end of 1959 at an annual rate of more than \$10 billion. At the close of 1940 — the first year in which monthly benefits were payable — beneficiaries throughout the Nation totaled 200,000. Almost half a million disabled — worker beneficiaries and their dependents receiving benefits at a yearly rate of over \$400 million are included in the figures for 1959.

The number of wives, husbands, and children of disabled-worker beneficiaries receiving monthly benefits increased sharply in 1959. Such benefits were first payable for September, 1958. Nationally, from February to December, 1959, the number of these beneficiaries more than doubled — from 60,000 to 126,000.

Payments to a retired worker with no dependents receiving benefits averaged \$69 a month nationally at the end of last December; to a retired couple, both of whom are receiving benefits, the average payment was \$121. The average for a widow with two young children was \$169.

By contrast, Mr. Hutton recalled that when benefits became payable in 1940, the average monthly payment to a retired worker with no dependents receiving benefits was \$22, and to a retired couple the average payment was \$36.

As social security celebrates its Silver Anniversary (the original Act was signed into law on August 14, 1935) about 74 million working people are in covered employment or self-employment in the course of a year. They are building old-age, survivors, and disability protection for themselves, their dependents, and their survivors under the social security law.

For the entire State of Texas, old-age, survivors, and disability insurance payments at the end of December, 1959, were being paid to 540,833 beneficiaries at the rate of more than \$350,000,000 per year.

Home Making Hints
by Phyllis Roggendorff
County Home Demonstration Agent
Use Of Steam Irons
Steam pressing is a fast growing trend judging by the increasing number of questions on the selection, use and care of steam irons.
When it comes to selection, there are two main types: The flash or open water container type, which is usually filled through the front of the handle. Instructions say heat, then turn to steam. It's important to follow the instructions because the water runs through and doesn't turn to steam if not sufficiently heated.
The other kind has a boiler or sealed water container. To fill, the cap is unscrewed or removed. All the water is heated to the steaming point and continues steaming until the water is gone.
Prevent spitting and water spotting by following manufacturer instructions for filling and heating. These general precautions apply to most steam irons. Don't overfill or handle roughly, or tilt excessively. This is especially important for irons with flash or open water containers. Be sure the iron is hot before turning on the steam. Set iron at correct temperature setting. Water is likely to boil over or the steam may be too dry if the iron is overheated.
Use of tap water, unless it is naturally soft, will usually lead to a deposit of minerals that corrode the metal and close the steam passaway. Use of distilled (soft) water will prevent mineral deposits.
To open clogged vents, some manufacturers suggest the use of clear vinegar. This mild acid is effective in removing calcium, one of the minerals which collects in the iron. Fill the water container with 1/2 cup vinegar and steam 2 minutes. Let stand overnight, then rinse several times. Expect an unpleasant odor for awhile.

Don't Feed The Garbage Can
Is your garbage can a heavy eater? How much does it cost to feed it for a year?
The four common causes of food waste in the home are: lack of good planned buying which results in overbuying, poor preparation and serving of food, poor use of leftovers, and improper practices of preserving and storage.

What to do about them? . . . Plan your buying and preserving so that food can be used or stored promptly before it loses freshness and flavor or spoils. Serve food when it reaches just the right stage. It loses texture, flavor and food value if overcooked or if it stands too long before it is served. Use leftovers promptly in soups, salads, stews or sandwiches. Keep all food clean, cool and covered until you use it. Check food often and keep it moving.
Suggestions for planning meals, buying, preparing, serving and preserving foods are given in Extension Bulletin, "Eat Well For Less". You can get a copy from the extension office.

Cotton Growers Announce \$25,000 For Research
Lubbock. — W. O. Fortenberry, president of the Plains Cotton Growers, Inc., today announced the distribution of \$25,000 in agricultural research grants to the Lubbock and Spur Agricultural Experiment Stations and the High Plains Research Foundation at Halfway in Hale County.

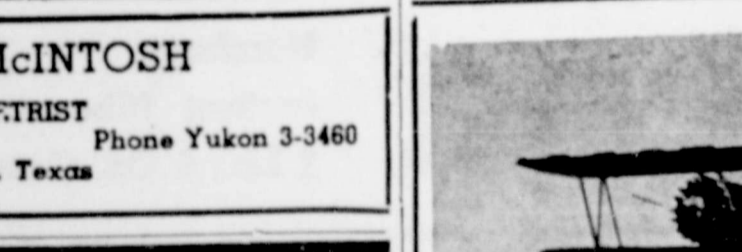

An additional \$20,000 has been approved by the PCG Board of Directors and will be utilized at the pilot spinning plant at Texas Tech College later this fall, Fortenberry said. At the High Plains Research Foundation, a grant of \$7,000 will be used in fertilizer connection with cotton. At the Spur location, a grant of \$2,500 is at work on dryland water conservation projects for cotton production and at the Lubbock station, a \$10,000 grant is to be used for cotton breeding and mechanical stripper harvesting and another \$5,000 grant is used on cotton fertilization on mixed and sandylands. Part of the sandyland project is done in Terry County.

Fortenberry, in commenting on the grants, said: "It's wonderful that farmers themselves can make this money available for research work on problems that hamper our cotton production on the Plains. The PCG board and membership are very proud of these grants and believe it is one of the ways to discover some of the answers to our cotton production and marketing problems."

Proposed CONSTITUTIONAL AMENDMENT NUMBER THREE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1960.

HOUSE JOINT RESOLUTION NO. 6 proposing an amendment to Section 24 of Article III of the Constitution of the State of Texas allowing an annual salary of not to exceed Four Thousand Eight Hundred Dollars (\$4,800) per year and a per diem allowance of not to exceed Twelve Dollars (\$12) per day for the first one hundred and twenty (120) days only of each Regular Session and for thirty (30) days of each Special Session of the Legislature as the maximum compensation for Members of the Legislature limiting the Regular Session to one hundred and forty (140) days; and prescribing the form of ballot and providing for the necessary proclamation and publication.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 24 of Article III of the Constitution of the State of Texas be amended so as hereafter to read as follows:
"Section 24. Members of the Legislature shall receive from the Public Treasury an annual salary of not to exceed Four Thousand, Eight Hundred Dollars (\$4,800) per year and a per diem allowance of not to exceed Twelve Dollars (\$12) per day for the first one hundred and twenty (120) days only of each Regular Session and for thirty (30) days of each Special Session of the Legislature. No Regular Session shall be of longer duration than one hundred and forty (140) days."
"In addition to the per diem of Members of each House shall be entitled to mileage in going to and returning from the seat of government. That mileage shall not exceed Two Dollars and Fifty Cents (\$2.50) for every twenty-five (25) miles, the distance to be computed by the nearest and most direct route of travel, from a table of distances prepared by the Comptroller to each county seat now or hereafter to be established; no Member to be entitled to mileage for any extra Session that may be called within one (1) day after the adjournment of a Regular or Called Session."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the 8th day of November, 1960, at which election all ballots shall have printed thereon the following:
"FOR the Constitutional Amendment allowing an annual salary of not to exceed Four Thousand, Eight Hundred Dollars (\$4,800) per year and a per diem allowance of not to exceed Twelve Dollars (\$12) per day for the first one hundred and twenty (120) days only of each Session of the Legislature as the maximum compensation for Members of the Legislature and limiting the Regular Session to one hundred and forty (140) days."
"AGAINST the Constitutional Amendment allowing an annual salary of not to exceed Four Thousand, Eight Hundred Dollars (\$4,800) per year and a per diem allowance of not to exceed Twelve Dollars (\$12) per day for the first one hundred and twenty (120) days only of each Session of the Legislature as the maximum compensation for Members of the Legislature and limiting the Regular Session to one hundred and forty (140) days."
Section 3. The Governor of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the Constitution and Laws of this State.

Proposed CONSTITUTIONAL AMENDMENT NUMBER FOUR ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1960.

HOUSE JOINT RESOLUTION NO. 6 proposing an amendment to Section 21, Article XVI of the Constitution of the State of Texas, so as to give the Legislature authority to classify loans and lenders, license and regulate lenders, define interest, fix maximum rates of interest, and provide for a maximum rate of interest of ten per centum (10%) per annum in the absence of legislation setting maximum rates of interest; providing that the rate of interest shall not exceed six per cent (6%) per annum in contracts where no interest rate is agreed upon; providing for the right of appeal and trial de novo in the event any regulatory agency cancels or refuses to grant any permit; providing for the necessary election and the form of the ballots; and providing for the necessary proclamation and publication.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 21, Article XVI of the Constitution of the State of Texas be amended so as to hereafter read as follows:
"Section 21. The Legislature shall have authority to classify loans and lenders, license and regulate lenders, define interest and fix maximum rates of interest; provided, however, in the absence of legislation fixing maximum rates of interest all contracts for a greater rate of interest than ten per centum (10%) per annum shall be deemed usurious; provided, further, that in contracts where no rate of interest is agreed upon, the rate shall not exceed six per centum (6%) per annum. Should any regulatory agency, acting under the provisions of this Section, cancel or refuse to grant any permit under any law passed by the Legislature; then such applicant or holder shall have the right of appeal to the courts and granted a trial de novo as that term is used in appealing from the justice of peace court to the county court."
Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1960, at which election all ballots shall have printed thereon the following:
"FOR the Constitutional Amendment giving the Legislature authority to classify loans and lenders, license and regulate lenders, define interest and fix maximum rates of interest; and providing for a maximum rate of interest of ten per centum (10%) per annum in the absence of legislation fixing maximum rates of interest."
"AGAINST the Constitutional Amendment giving the Legislature authority to classify loans and lenders, license and regulate lenders, define interest and fix maximum rates of interest; and providing for a maximum rate of interest of ten per centum (10%) per annum in the absence of legislation fixing maximum rates of interest."
Section 3. The Governor shall issue the necessary proclamation for the said election and have the same published as required by the Constitution and laws of this State.

3 Big Co-ops Meet Aug. 18

One thousand or more farmers and their families are expected to attend the August 18 joint annual meeting of the three regional cooperatives with headquarters in Lubbock. The three cooperatives are Plains Cooperative Oil Mill, Farmers Cooperative Compress and Plains Cotton Cooperative Association.

The meeting will be held under a big tent pitched on the Mill lawn. It will be called to order at 10:00 a.m. by Howard Alford, prominent Lubbock farmer and president of two of the organizations, the Compress and the Marketing Association.

Headlining the fast moving program will be Walter C. Berger, Administrator of the Commodity Stabilization Service and Homer Smith, President of the Central Bank for Cooperatives, both of Washington, D. C.

Lubbock's mayor, David Casey, will welcome the visitors and Wilmer Smith of New Home, president of the Mill, will respond. A barbecue lunch will be served at noon. In the afternoon, each of the three regional cooperatives will hold its business session, reviewing financial statements and hearing reports of its officers.

Some 10,000 Plains cotton farmers grouped around 80 cooperative gins own and use the cooperative Mill, Compress and Marketing Association. Through their chosen directors they control these businesses, each of which has maintained a healthy growth. The Mill is completing its 24th year, the Compress its 12th year and the Marketing Association has operated seven years.

The three regional associations are refunding \$2,300,000 to their stockholders and patrons as a result of the year's operations.

The Tell Nix family lived in the Aiken community from 1906 until 1934. She was a charter member of the Baptist Church at Aiken. Her husband died in 1934.

Survivors are three sons, one sister, seven grandchildren and 11 great-grandchildren.

Man Fined \$328.95 For Transporting

Daniel J. O'Sullivan of Silverton was fined \$300.00 and costs for a total of \$328.95 in Floyd County Court Tuesday after pleading guilty to a charge of transporting liquor in a dry territory. The man is a Catholic priest at Silverton, Sheriff Walter Hollums said.

Sheriff Hollums and Floyd County City Officer Alton May caught O'Sullivan on the Floyd County highway just inside the Floyd County line Monday. They confiscated 10 cases of beer, 2 quarts of beer and one 6-bottle carton of beer.

Attends Banking School At Dallas

Carroll Minor, vice-president and Tommy Montandon, assistant cashier of the First National Bank, have recently attended a two-week school of banking taught at Southern Methodist University, Dallas.

The course is taught for two weeks each summer and requires three years to complete. Students from 21 states attended the school.

Youth Activities Are Well Attended

An average of 40 youth attended each night of Youth Activities Week at the Methodist Church last week. Sponsors for the group are Mr. and Mrs. Donnie Bybee, Mr. and Mrs. Carol Minor, and Sonny Bryant, summer youth director.

A covered dish supper Sunday evening began the week's activities followed by the opening worship service brought by Rev. Russell McAnally on youth responsibility. About 13 young people from the Olton Methodist Church were visitors for this service.

Other features of the week included an ice cream and cake supper Monday night with guest speaker Danny Coloman, associate pastor of the First Methodist Church in Plainview; and a hamburger supper Tuesday night with George Griffin, a Negro boy from Lubbock, leading a discussion on the Christian and race. A youth panel spoke on prayer Wednesday night for the worship supper, and then the group enjoyed swimming and a hot dog supper Thursday night. Glenn Chambers, pastor of the New Deal Methodist Church, spoke on "The Three Great Monotheistic Faiths." The Friday night hayride and watermelon feast was climaxed by last year's youth director, Bobby McMillan, who presented the worship service. Concluding the activities, the group went to Roaring Springs on Saturday where they swam and had the closing service, also led by Bobby McMillan.

During the week the youth had the opportunity to choose from three different courses of study, "Protestant Churches," "The Christian and Race," and "How Do I Know What is Right?" Adult classes from the church furnished the refreshments all during the week.

Servis Gyro 140 STALK MACHINE

Shreds up to 100 acres a day!

This new 140", 4-row rotary cutter is fully gear driven. Behind a 35 H.P. or larger tractor, you can cut from 10 to 100 acres of stalks or brush up to 1 1/2" in diameter.

Rear wheels are on 72" spacing. Cutter offers 1000 wheels 40" on both sides; ideal for orchards and fence line work. Although 144" over-all in width, side wheels may be removed permitting passage through 12' gates.

Has the same heavy blades and blade carriers as the other famous Gyro cutters, giving it high momentum gyroscopic cutting action for maximum cutting power at minimum RPM. This means long life and economical operation. A real work horse that will save hours of time.

Plan to see the Servis Gyros this week, at:
