Fiddlers, Talent Contests Draw Large Crowds

The Old Fiddlers contest at the Floyd County Fair on Thursday night proved to be one of the most interesting and entertaining events of the entire three days. A total of 23 fiddlers entered, according to the chairman, Mrs. J. A. Anderson, chairman of the entertainment committee, and the event enjoyed every minute of it. Mrs. Nolan hopes to make this an annual affair.

Prizes were given in two classes, those over 65 and the other class. Winner in the over 65 class was Eck Robertson, Amarillo, who wore a beautiful Amarillo man who wore a goatee. Second place was won by Jack Mears of Lubbock, and by Mrs. Tom Rankin Jr., Lockney.

In the open class 23-year-old Richard Stotts of Memphis was declared winner only after careful consideration by the judges between his playing and that of Denzil Boyter of Lubbock, a former Lockney man. The place was won by R. H. Hays of Olton.

Other very interesting people in the program included Mrs. Ford Smith of Merkel who played and sang for the contest and Miss Ava Nell Motter of Amarillo and her brother who took turns in playing the violin and accompanying.

Traffic Jam At Grade School Is Being Studied

City officials and officers of the Parent-Teacher Association are concerned about the traffic jam which hits the area in front of the C. N. Townsend Grade School building each morning at school time and each afternoon when school is dismissed. It was described as "a very very dangerous situation" by one P. T. A. officer at the meeting Tuesday night. The traffic is especially bad on rainy days, it was said.

Mayor J. E. Cox said Wednesday that the city will station an officer at the school each morning and afternoon to see that automobile drivers obey the traffic rules. One rule that must be obeyed, he said, is that the street is one way during these hours. Vehicles must approach the school from the west on East Spruce Street and turn south to East Willow St. It is permissible to travel either direction on Willow as long as the vehicle is leaving the school.

Another rule is that cars must not park in the bus lanes. A yellow traffic line is being painted in the center of the street in front of the school and cars must not park on the school side of the yellow line, it was said. Also cars must not be parked so as to block traffic on the street. An open traffic lane must be kept at all times on the west side of the yellow line.

The matter was discussed at the meeting of the City Council Monday night. In other business the Council decided to use a road maintainer to clean all road ditches of dirt and sand in an effort to improve the drainage situation within the city.

New Scout Troop Charter Received

Boy Scout Troop No. 59 has received a new charter from national headquarters and the local troop is growing each week. Ted Carthel is Scoutmaster.

The troop meets each Monday evening at 7:30 at the Scout hut on the city auditorium grounds. About 15 boys have been registered thus far and more are to be registered. The troop is planning an overnight outing soon, Scoutmaster Carthel said.

The troop is sponsored by the Lockney Rotary Club. The committee is Thurman Davis, chairman, Charles Broadhurst, Howard Smith and Claude Brown. Edgar R. Hays is institutional representative.

Valiant, water engineer at High Plains Station, will speak and the outstanding conservation farmer of Floyd County will be named by the Floydada Lions Club.

TRY BEACON CLASSIFIEDS.

Highly - Rated Tulia To Battle 'Horns Here Fri.

Lockney's Longhorns will have their hands full Friday night when they try to take some of the sting out of the Tulia Hornets. The Hornets are rated as one of the top Class AA clubs in this area.

Game time is 8 p.m. on Mitchell-Zimmerman Field here. The Hornets from District 1-AA have been given the nod to capture the title in their district. That makes the picture look dark for the Lockney boys since they lost a 22-6 decision to Dimmitt, another 1-AA outfit, last Friday night. But the Horns have upset the Tulia club several times in recent years, and hold somewhat of a jinx over the Hornets.

Lockney's scouting reports imply that Tulia is stronger this year than last season when they tied Canyon for the district championship. The Longhorns gained a hard-fought 8-6 victory over the Swisher County eleven last fall.

The Tulia club is fairly large with two fine tackles in 200 pound Mark O'Daniel and 185 pound Ralph Betes. Lockney Coach R. L. Rhoten stated that end Charlie Mitchell, a 175 pounder, is one of the finest ends the Horns will face this season.

Tulia has had no trouble in the backfield is 160 pound left half-back Gary Haight. A promising sophomore Troy Brasher, 170 pounds, will probably man the opposite halfback slot. They like to pass with quarterback Paul Caraway doing the heavy lifting.

In the Amarillo Daily News' Class AA area rating the Tulia club has occupied the top spot all season. Lockney was dropped from sixth to eighth after the setback by fourth ranked Dimmitt. The Daily News sports staff feels the Tulia eleven should be ranked among the state's top ten teams in Class AA.

Tulia has had no trouble in the first two outings, earning runaway victories over Memphis (47-0) and Sunny, however, they have not faced a strong team and may find the going a little rougher against the Big Red.

The locals came out of the rugged Dimmitt encounter in good physical condition, suffering no injuries. Tackle Rickey Collis saw action in the Dimmitt game and should be able to start Friday's game, according to Coach Rhoten. Collis suffered bruised ribs in the Hale Center contest.

End Warren Mitchell should see some action this week after suffering an injury in the Hale Center game. Coaches have selected half-back Bill Mangold as game captain this week. He will serve with captain Wayne Cooper and co-captain Fred Gant.

Probable starting offensive lineups:

No Injuries In 3-Car Collision

There were no injuries in a three-car collision which occurred on Highway 70 in South Lockney about 8 p.m. Tuesday. Two cars were badly damaged and one lightly damaged in the accident.

The accident happened as Joe Charles, who operates the Bell service station in South Lockney, was approaching his station from the east driving a 1954 Chevrolet pick-up. He made a left turn off to his station but did not clear the road and was struck by a Ford Ranchero driven by J. D. Boedeker of the Providence community who was traveling east. A Plainview woman was following Charles in a 1949 Plymouth, and the Boedeker pick-up was thrown into her lane by the impact with the Plymouth scraping the rear of the Ranchero. Her car was not badly damaged.

Investigating the accident were Patrolman Thurman Kefler, Deputies Cap Carthel and Ray Hardin.

Sterley Exhibit Wins First At County Fair

The Sterley Community exhibit won first place among community exhibits at the Floyd County Fair last week end. This exhibit scored a total of 849 points out of a possible 900.

Each community was required to show at least 20 different kinds of agricultural products and arrange them neatly and attractively. Judge of the exhibit was Edward Mitchell, a farmer of Spade, Texas.

Trick community won second place with a total of 831 points and Prairie Chapel was third with 829 points. A possible 400 points was given on appearance and Prairie Chapel scored 390 with Sandhill and Harmony each having 389 points in this category.

A total of 11 communities prepared exhibits, which is a record number for the local fair. Other communities won places as follows: 4. Sandhill, 826 points; 5. Dougherty, 797 points; 6. Lockney, 794 points; 7. South Plains, 767 points; 8. Providence, 765 points; 9. Lakeview, 733 points.

Harmony scored 800 points and Lone Star a total of 728 but neither community had the required 20 different products and did not win a place, Fair officials said.

In spite of the rain which fell Friday and cut attendance that one day, the Seventh Annual Floyd County Fair was a good one and attendance was excellent both Thursday and Saturday. Fair officials expressed satisfaction with the Fair in spite of the weather and some other handicaps.

Total gate receipts was reported by Secretary Harold Ellisc. at \$1621.00 compared to \$1106.00 last year. Joe Handley, chairman of the committee in charge of the gate, estimated that this represented a paid attendance of almost 4,000 people. In addition numbers of special passes were issued to exhibitors, officials, publicity people, etc.

Also a total of \$1100 was paid the Fair Association for commercial exhibit space this year compared to just half that much last year.

Exactly how the Association came out financially is not known yet, Mr. Ellisc. said. A number of bills are yet to come in and until all bills are presented the Association will not know its financial situation. One thing affecting this is that the Association received nothing from the carnival this year but did receive a substantial sum last year. The carnival trucks broke down and some of the rides did not arrive in time to set up for showing here which was a disappointment to the younger folks.

The Fair Association paid out between \$2600 and \$2700 in prize money in all its departments this year, which is a record amount of prize money for the local Fair.

President Joe Reeves expressed his thanks for all the fine co-operation given by the people of the area getting things ready for the Fair and in its operation. He said, "This was one of the best fairs we have ever had and the main reason was because of your fine co-operation and help. We had better displays in every department and the entertainment was good."

He expressed appreciation for the 11 community exhibits, the commercial space bought by merchants of the area, for the parade and other things pertaining to the Fair. He also said that already plans are being made to improve the Fair facilities, and make next year's Fair better still. Some are talking of enlarging the livestock barn and making room for new shows, such as dairy cattle, other cattle and hogs, quarter horses, shetlands, etc., Mr. Reeves said.

"It is planned to keep the weeds down and get grass started on the grounds," he said, expressing the opinion that city and county officials, weed district officers and chemical firms will co-operate in the matter.

"Donations to the Fair are always welcome," Mr. Reeves said, "since there is always lots of expense and lots of work to be done before the next fair."

"Thanks again for all the co-operation and help we have received," he concluded. "Let's all get behind our Fair and put Floyd County on the map."

We trust you will remember the previous lessons leading up to the ones that will follow in the weeks to come. We have studied how that by a great departure from the world of God the Roman Catholic Religion developed over a period of many generations and that this religion came to be the predominant religion throughout Europe. Wherever Catholicism comes into power it makes slaves to the Vatican, similar to that of any other dictatorship, including Communist Russia. The Catholic church is the STATE SUPPORTED CHURCH in countries where Catholicism prevails and the people are held in gross ignorance and superstition. This is seen in countries today where Catholicism rules. Religious Freedom? In Catholic countries the Catholic Church believes in religious freedom but only for the Catholic Church. Such restraints are put on other religions in Catholic-dominated countries that it is almost impossible to get permission to spread other religions. Workers in the Church of Christ have in recent years seen physical violence, even to being jailed, in Italy. These demonstrations were backed by Catholic government officials. There have been similar demonstrations, but on a smaller scale, in efforts to suppress freedom of religion in the U. S. Remember: Catholicism is not just another religion. It is a political power propagated in the name of religion and covets dictatorial political and religious rule over all nations of the world. By S. A. SANDWICHES IN FOIL JACKETS
How can you keep a hot sandwich hot on a cool day? "Put a foil jacket on it," says Margaret Spader, home service editor of the Gas Appliance Manufacturers Association. Cut squares of foil large enough to wrap hamburger buns. Split and toast the buns under the broiler. Butter them generously and fill with a well seasoned ground ham filling. Wrap each bun in aluminum foil, sealing tightly. Bake in oven, preheated to 400 degrees, for 15 minutes. When it's thoroughly hot, serve with pickles, relishes and fresh apple cider.

The wedding rehearsal was held at the First Baptist Church at eight o'clock.

Make Church - Going a Habit

Precision in a Pipe Organ

You know what precision it requires to build a bridge, or an engine, or a watch. The same exactness goes into the construction of a pipe organ.

But the men who make pipe organs, like all others who build, have a feeling for the USE of their product.

An organ will lead hundreds in their worship of God. It will support a talented choir in the rendition of a sacred cantata. Or it will blend with a host of untrained voices to raise a stirring hymn to God. It will sing softly while Christians commune, or thunder majestically a great recessional.

And yet this valuable organ whose creation requires such skill and precision is secondary in the life of the Church. It is simply an instrument, like this weekly advertisement, to help the Church fulfill its Mission. That Mission is to lead you, and your family, and your world, to the Lord.

When the organ calls men to worship —

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Methodist WSCS To Sponsor Tea

The Methodist W. S. C. S. is sponsoring a tea in Fellowship Hall of the Methodist Church Wednesday afternoon, September 21 from 3 to 4 o'clock. Guests will be all women who have dishes in their homes that were brought for meals before a funeral, or those who have dishes still at the church.

The women are invited to round up these dishes, bring them along and enjoy refreshments with their friends. Those who have left dishes at the church are invited to attend and get them. The affair is very informal and guests are expected to come as they are.

An effort is being made to get the church kitchen in order with its own dishes and to return dishes that belong to other people.

EDITORIAL

Blessed be God Who comforteth us in all our tribulations, that we may be able to comfort them which are in any trouble, by the comfort which we have ourselves as comforted of God.—2 Cor. 1:3-4.

THE FAIR is over and The Beacon editor's opinion is that it lived up to expectations with the exception of the Friday night events which were badly hurt by the rain. The livestock barn proved its worth quickly Friday morning when rain would have otherwise made judging of the livestock very difficult. The judging was held in the spacious show ring in the barn in complete comfort in spite of bad weather. Most exhibits were as good and some better than last year and the entertainment as a whole was much better than in previous years. The only disappointment along this line was the failure of the carnival rides to arrive in time for the fair.

IT WOULD BE impossible to give too much credit to the many people, committee members, fair officials, and others who spent a great deal of time getting ready for the fair. Many people left their own work and brought their hands to help get things in shape for the fair opening. The building of the livestock barn was one example of this and many others worked many hours on arrangements and plans. Already we have heard talk on "how we can do it better next year." This is the kind of spirit that gets things done successfully and we will already predict

that next year's fair will be even better — barring poor weather. It behooves the rest of us to resolve now to pitch in and help as much as possible.

NOW THAT school has started it might be well to remind us all that the law requires motor vehicles of any kind to come to a complete stop when passing a school bus which is discharging or receiving passengers. Perhaps one angle most of us don't realize is that we must stop whether we are meeting the bus or approaching it from the rear. The law requires that the other vehicle stop just before reaching the bus and then proceed at a speed not exceeding 10 miles per hour and with due caution for the safety of the children. A number of children have been killed when struck by a speeding car passing a school bus. It pays to be careful and obey the law.

A RECENT news letter from Senator Ralph W. Yarborough causes us to wonder. Senator Yarborough lists a number of bills which he either sponsored or helped to push through Congress during the recent session. Everyone of the bills is a money-spending bill. Every one is a "help somebody to get some government money" bill. Of course Senator Yarborough is not the only member of Congress who believes that spending taxpayers money is the only way to cure the world's ills but we are wondering if some or most of our senators and congressmen ever think of approaching a problem in some way other than spending money. We have heard Congressman George Mahon say that he did not believe the spending of money was the only cure for the world's ills, but it appears that most congressmen and senators believe that it is. We need more Statesmen and fewer money spenders in Congress.

TOM ANDERSON, one of the editors of Farm & Ranch, is a hard-hitting editorial writer and one who shoots straight from the shoulder. We can't agree with all he says but many times he says something that is so true it is startling. In a recent issue of Farm & Ranch he said, "The issue is not Republican vs. Democrat. The issue is not segregation vs. integration. The issue is freedom. Both parties are moving toward an all-powerful international Socialist dictatorship. A centralized welfare state brings slavery, not freedom. Property rights are the very basis of human rights. The right to self-determination of associates is the essence of "human dignity." Forced equality is not democracy but dictatorship. Equal men are not free and free men are not equal."

BOUQUET TO BOARD

Just one small comment of the action of the Ralls School Board. Before school opened it was announced there would be no car driving during the noon hour. Great wails and moans went up from students owning autos or having easy access to the family jalopy. Well, the board stuck to their guns and after the first week of school there is a marked improvement in student attitudes. There are very few cars at school compared to last year and these stay parked during the noon hour. It is even safe to step off the curb from 12 to 1 each day. And cafeteria attendance has jumped a marked degree. Mrs. Hunt is serving more students in the cafeteria than in their history. As yet not a single student has started to death. Also, since the decline of noon hour driving by junior high and high school students there is less danger of Ralls having a traffic fatality near its schools. Our bouquet of petunias to the board. — Marvin Tomme in Ralls Banner.

CARNIVAL TIME

Friday and Saturday evenings last, was my first experience as a pitchman for a Lions Carnival. Before it has been handling pop sales or related items. I did not leave with a zealous feeling of work well done but rather with a slight feeling of guilt. I had the "ring toss" and most of my customers were children of tender ages, spend-

ing their dimes and quarters in anticipation of winning something for nothing. I knew the percentages favored the house and I also felt grossly missing was a game of 21, seven-up and a crap table.

The often mistaken idea "Aw, it's for a good cause" can also be said of robbing a bank but society and the law frowns on such charity. I wouldn't have minded an adult concession because their ways will not be greatly hampered playing bingo, walking for a cake or related games of chance but never again will I serve on a "kid concession". I'm not prudish but I do have scruples against taking the kids pennies when I know the odds are strongly against them nor do I want to be a part of whetting the appetite of a budding gambler, be the game ever so innocent and the cause ever so good.

Seems to me there are plenty of "value received" concessions that could be used instead of enhancing the "something for nothing" spirit that resides in each of us. — Cecil Waggoner in Claude News.

MR. GUY PREDICTS

Even though Texas conceivably could favor the Nixon-Lodge ticket in November, it is

inconceivable that Senator Johnson could fail re-election. However, bets are being made over Texas that Johnson will run from 40,000 to 60,000 votes (for Senator) behind the total vote of Gov. Price Daniel, also seeking re-election.

Members of the Texas Congressional delegation returned to their Washington desks for the bob-tail session to find stacks of protest mail from their home districts. They were amazed and concerned at the number of letters which bitterly attacked Senator Johnson's activities in and since Los Angeles. By comparison, few centered fire on Presidential Candidate Kennedy.

In off-the-record statements to the Houston Post's Jim Mathis and Scripps-Howard correspondents, Texas Democrats in Congress agreed that the Presidential election in this state will be "very close." — Charlie Guy in Lubbock Avalanche.

Dear Editor:
I see where a high-gear sociologist professor has gone into conference with himself and figured out what the country needs is a Fair Employment Practices Law for old folks.

My discriminee neighbor says this might help some people but eye-prejudice has not bothered him much except socially, which is not an employment problem.

Says the trouble he has is getting a job which is easy on his health and high pay, so what he wants is a law to clobber employers who won't hire him just because somebody else is already bedding down in the job he wants.

Providence

By Mrs. Wilfred Stoerner

Providence community received two inches of rain Thursday night. It will be a welcomed relief to cut the irrigation wells off for a change.

Providence school has begun with a nice large enrollment. We sincerely hope the P. T. A. will be active and support school activities as well as the community.

Many in the community attended the Floyd County fair. Many good reports were heard from those attending. Those who contributed to the fair building were glad to have had a part in the success of the fair as well as those who contributed labor for a good cause.

Mr. and Mrs. Wilfred Stoerner and family left late Wednesday night to attend the funeral of Wilfred's uncle, John Rummel of Cameron, Texas, who was buried at Ben Arnold, Tex., Thursday at 4 p.m. Funeral was held at United Church of Christ at Ben Arnold, formerly the E. & R. Church. The Wilfred Stoerners visited in the following homes: Mrs. John Rummel, Mr. and Mrs. Arnold Rummel of Cameron, Mr. and Mrs. Albert Rummel of Burlington, Mrs. Bertha Fox of Pettybone, enroute home they visited Mr. and Mrs. Louis Anderson of Tylor, Rev. and Mrs. H. A very inspirational school of instruction for Sunday school teachers was held Sunday at Grace Lutheran Church at Abilene. They also visited Mr. and Mrs. Clotous and family of Abilene, an Army buddy of Mr. Stoerner, and Mr. and Mrs. Hilton Lambert of Snyder. They returned Sunday night.

The Juniors, a mission study class and group for the young people of Trinity Lutheran Church, met at 9 a.m. Saturday. A good number was present. Year books have been prepared by the teachers and Saturday they had an outstanding film on India. Their thank offering of forty dollars was taken. This will go to mission work in India.

The Mary Martha Circle met at the home of Mrs. L. B. Brandes Tuesday evening with eleven members and one visitor present.

Business included electing the following officers: president, Mrs. Melvin Kelm; vice president, Mrs. Richard Matthews; secretary, Mrs. Wilfred Stoerner; treasurer, Mrs. Don McLaughlin.

HOW TO MAKE A PENCIL HOLDER

One sure way for those school years of yours to keep a pencil handy in the cover of a notebook is to use a rubber band through two holes in the cover. Notice in the drawing the band is knotted near each end to provide loops for the pencil and to keep the band in place. A small divider and other school equipment can be carried in the same way. A large band is preferable to a small one in this particular purpose.

Dimmitt Bobcats Trim Locals 22-6

The Coffey was too strong for the Lockney Longhorns. The never-say-die band of Longhorns suffered their first loss of the young grid season Friday night to Junior Dimmitt and his Bobcat teammates. The 200 pound fullback was the difference in the hard-fought tilt scored two of the Dimmitt touchdowns and paved way for another six pointer enroute to a 22-6 Bobcat victory.

Backbone of the Bobcat defense, playing the middle line-backer post. After a scoreless first quarter the Dimmitt lads marched 53 yards in 10 plays to pay dirt early in the second stanza. Coffey went over from the 8 yard line. The extra points were added to give Dimmitt an 8-0 halftime margin. Midway in the third period Coffey again rammed across the double stripe from 2 yards out. The Bobcats ended their scoring on the second play of the fourth quarter as halfback Donnie Nelson sprinted over from the 4. Donnie Hanst blocked a Coffey punt and Captain Wayne

Cooper ran the ball to Dimmitt's 22 midway in the final period. The 'Horns moved the ball to the 15 before losing possession on downs. Dimmitt failed to gain a first and punted to Lockney's 45.

Halfback Bill Mangold picked the ball and set sail on a nifty 16 yard runback. Thirteen plays later the 'Horns had gotten into the scoring column. The payoff play was a 7 yard end sweep on fourth down by Mangold.

The husky Bobcat line checked the Lockney running game throughout most of the contest, but the 'Horn passing looked good in spots especially for a wet field. In the fourth quarter the local boys outplayed their hosts and began to move the ball fairly well.

Mangold's fine punts helped pull the 'Horns out of several holes. His boots sailed 43, 33, 33, 41 yards, an average of 37.5 Coffey, the "one man team" would have had almost as good an average except for the blocked punt.

Summary of the Game:

Quarterback Johnnie Belt kicked to the D 17 with the runback netting 5 yards. The purple and white clad Bobcats gained 1, 1, 1, punted out of bounds on the 1, 38.

Belt made 4. Mangold picked up 3, 2, punted to the Dimmitt 10. Bradley returned the punt to the D 24.

The Bobcats made 3, 21, 3, 4, 3, 10, 1, 0, 5, 3 with Lockney gaining possession on their 23.

Gant drove for 1. Mangold made 3, a pass fell incomplete. Mangold punted to the D 40 with the runback good for 7.

Coffey broke away for 19. Dimmitt punted up 4, 3, a first on the L 25 at the quarter ended.

The home team gained 3, 1, 5, 2, 6. Coffey plowed over from the 8. Quarterback Jim Ratcliffe passed to halfback Donnie Nelson for the points. Dimmitt 8, Lockney 0 with 9:40 remaining in the half.

Mangold returned the kick from the 15 to L 20. The shifty halfback went for 9, a first on the 31. Belt kept for 1, tackle Rickey Collins covered for a 2 yard gain. Mangold made 4, punted to the Dimmitt 29. The runback netted 6 yards, giving the Bobcats a first on their 35.

Dimmitt was penalized to their 24. The 'Cats punched for 4, 2, passed for 4. Coffey punted to the L 25. Billy Dan Rolling covered his fumble at that point.

Gant and Mangold each gained 3. Johnnie Belt passed to brother Ronnie for a first on the L 38. Mangold broke away for another first on the D 49. Gant failed to gain. Dimmitt gobbled up a 'Horn fumble on the L 47.

The home team moved for 6, 4, a first on the L 34, passed incomplete as the clock ran out. Mangold returned the second half kickoff 10 yards to the L 26. He gained 1, 0. Dimmitt covered another fumble on the L 37.

There was no stopping Coffey and Co. as they gained 1, 5, 1, a first on the 21, 7, 1, a first on the 11, 6, 3. Coffey went over from the 2. Ratcliffe ran over for the two points. Dimmitt 16, Lockney 0 with 6:05 remaining in the third period.

Mangold ran back the punt from the 12 to L 25. Mangold drove for 6. Belt lost 2, a pass fell incomplete. Mangold punted to the D 40. Bradley's runback was 9 yards.

Coffey broke through the 'Horns and sprinted 51 yards to paydirt, but a clipping infraction nullified the touchdown.
