Polsons Fear Son Was On Stricken Air Liner

Mr. and Mrs. Cecil Colson of Lockney are anxiously awaiting some word of their son, Jimmy, who they fear was on the stricken plane. The airliner which crashed on the island of Guam late Sunday, Sept. 19, had 70 persons on board. Some 70 persons perished in the crash and 16 survived, reports say, but no list of the dead or the survivors has been released.

EDITORIAL

The Lord is my light and my salvation; whom shall I fear? The Lord is the strength of my life; of whom shall I be afraid?—Psalm 27:1.

THE BEACON has, on numerous occasions, complimented two farm organizations in which farmers are really trying to help themselves. We think that these two organizations are setting patterns which other farm groups could follow. The organizations are the Plains Cotton Growers with headquarters at Lubbock and the Grain Sorghum Producers Association with headquarters at Amarillo. Both are working on expanded markets for their product and are making headway. A report on the grain sorghum organization's work is to be found elsewhere in this issue of The Beacon.

THE GOOD PART, as we see it, is that both of these organizations are financed by farmers, their activities are directed by farmers and the result of their efforts will benefit farmers. This is not to say that other farm organizations are not worthwhile, but in our books these two are outstanding in that they are approaching the farm surplus problem from a refreshing new angle. Both deserve your support if you are a farmer. You can give that support through your gin or elevator. Just ask them.

tant groups are being severely criticized because of their opposition to Senator John F. Kennedy for president. "Bigotry" is an oft-used word in describing those who oppose Mr. Kennedy. Yet the word "bigot," according to our dictionary, is one who intolerantly holds to a certain creed or religious practice against all others. Yet this is not the grounds upon which religious groups are opposing Kennedy at all. Baptists have a peculiar heritage in that they have always fought for religious freedom—that is the right of any person to worship as he sees fit or not to worship at all if he chooses. Therefore the fact that Mr. Kennedy worships differently from Baptists or Protestants is not the reason for opposition at all. Any person who wants to determine the truth of this statement may do so easily. We conclude then that those who shout "bigotry" are either willfully ignorant or deliberately misrepresenting the facts to further their own cause.

ACTUALLY it is common knowledge that the Catholic Church is a political organization just as the Democratic Party. In some countries there are parties which are openly called Catholic parties. In others, such as the United States, the political activity of the Catholic hierarchy is more or less under cover. That is, the officials of the church use their influence in a more indirect way. Nevertheless they are very busy politically and are gradually gaining more power in our national government. Therefore it is the Catholic political machine that Baptists and others are opposing, not the religious practices of Mr. Kennedy. They are opposing it because they believe it to be a threat to religious freedom in this nation. The experience of some other nations of the world have proven that they have a right to be concerned.

AFTER ALL, some people use highly descriptive words so freely that usually "bigot" simply means someone that disagrees with them.

TWO THINGS we have heard Mr. Kennedy say: He is for the farmer and he is opposed to tax money for parochial schools. Yet during his years as a member of Congress he has consistently voted against rigid price supports for agricultural products and opposed other bills which we would consider as favorable to the farmer. Also on August 1, 1949, Mr. Kennedy, as a Congressman, introduced into the house of Representatives a bill which would provide \$300 million dollars for schools of the nation with the provision that a portion of it could be given to parochial schools in states where such action was legal. This was H. R. 5838 and is in the Congressional Record. Looks like Mr. Kennedy has changed his mind.

THERE'S ROOM to burn in one of our two newest states, but the other is a bit on the crowded side. According to the Census Bureau, the population of Alaska averages out to less than half a person per square mile of land area — 0.4 to be exact. Hawaii, on the other hand, has 96.8 people per square mile. And it is exceeded by California, with a population density of 99.2.

POLITICS AS USUAL

Sen. Lyndon Johnson was quoted in Newsweek magazine as saying: "The Klansmen and bigots are really letting us have it."

Is this a blanket indictment of everyone who opposes Sen. Kennedy? I don't believe Johnson could include the Rev. Juniper B. Carol, O.F.M., Franciscan priest and editor of the Catholic publication, "Marian Studies," of Patterson, N.J. This priest recently wrote in "Human Events":

"What would be some of the salient features of an administration headed by Kennedy?"

"This is what you can expect: More government interference and control; more spending on welfare measures; the eventual admission of Red China to the United Nations; the gradual surrender of our constitutional sovereignty to a World Court made up mostly of our enemies; the probable appointment of visionary Adlai Stevenson as Secretary of State, with its consequent crawling appeasement of the Reds; and, of course, the packing of the Supreme Court with 'liberal' ideologues who will make shambles of our security laws."

"But why go on? The foregoing should be enough to chill the enthusiasm of the most

reconciled to the Democratic Party after Sen. L. B. Johnson was added to the ticket. However, he may not be the balm of moderation the South thought him to be.

William S. White, in his national syndicated column Sunday wrote:

"Senator Johnson's speech last week end at Nashville was far more significant nationally than was recognized. And it involved far greater daring and risk. His decision to stand all the way in Tennessee for the Democratic convention platform — including by implication its ultra-liberal civil rights plank — may be seen later as one of the vital turns of the whole campaign. For it amounted to a clear notice to the Southern end border states on the racial, the religious and the sectional issues of 1960. It was a challenge flung into the teeth of regional conservatives and ultra-conservatives everywhere below the Potomac." — Cecil Waggoner in Claude News.

Dear Editor:
I see where the life adjustment sect is still powerful in school circles and much educational purpose is aimed at teaching kids to cooperate with their environment.

My anti-as is neighbor says if this doctrine had been taught back when Tom Edison was a boy, he might have been satisfied with conditions as they were and refrained from inventing the juke box.

On the other hand, too much conformism likely explains why beds are still being made too short so that tolerably tall people have to sleep all wrinkled up.

Cotton Defoliation

This may not be a good year for cotton defoliation because of our cotton being later than usual. However if an individual is interested in defoliation here are some guides he can follow. In all cases the defoliant, dust or spray should be applied at least 35 days after the period of maximum flower load. This permits maximum staple development. Another way to time application would be 30 days after cotton quits making or when the youngest bolls expected to make cotton is 30 days old.

The most common way used is when 50% or more of the cotton is open we can apply true defoliant, when 70% or more is open we can use desiccant for defoliation. Too early use of defoliant can hurt yields and quality. A guide for the use of defoliant is available in the County Agents office.

Wheat Insects

Some reports of damaging infestation of Flea Beetles in seedling wheat have been found. These small beetles attack the wheat as it comes up and literally eat the green out of the leaves leaving the veins intact. They are black in color, about 1-16 inch long and hop like fleas when disturbed. They can be controlled by using D. D. T., Toxaphene-DDT, Toxaphene or Dieldrin. Precautions should be used if the wheat is to be used for grazing.

District FB Meeting Tonight At Lubbock

Lubbock. — County Farm Bureau leaders from all over this district will gather here Sept. 22 at the Pioneer Hotel (formerly Lubbock Hotel) for the annual District 2 Farm Bureau membership banquet, according to an announcement by H. L. (Hub) King of Brownfield, district director. The meeting will begin at 7:00 p.m. Speaker for the occasion will be State Representative Waggoner Carr of Lubbock, speaker of the Texas House of Representatives. Carr will speak on "The Legislative Needs of Texas."

King said county Farm Bureaus in the district are in the midst of closing out membership work for the year. "At this point many issues face agriculture," declared the Farm Bureau leader who said the meeting will be of immense interest to all farmers in this area.

District 2, which comprises 17 counties in the low plains area, has a membership goal this year of 10,728. Membership in 1959 was 10,362. County organizations have from now until Oct. 31, end of the Farm Bureau's fiscal year, to help the district make its quota, King said.

Counties composing the district include Castro, Cochran, Crosby, Dickens, Floyd, Hale, Lynn, Motley, Briscoe, Hockley, Lubbock, Lamb, Parmer, Terry, Swisher, Yoakum, and Bailey.

Home Demonstration Council

The Home Demonstration Council meeting has been postponed a week. It will be held Saturday, Sept. 24 at 2:30 instead of September 17. It was postponed so that the three women who are attending the State THDA meeting at Brownsville this week can give them a report at this month's council meeting.

The three delegates left Monday by charter bus from Lubbock and will be back Saturday about 5:00 p.m. Those attending are: Mrs. A. H. Kreis, Mrs. O. G. Mayfield, and Mrs. John Shipley.

4-H Leaders Workshop

Five leaders attended the 4-H leader workshop at Ceta Canyon last week, Wednesday thru Friday. This district workshop was the second to be held in the State so we felt real fortunate to get it for this district. Those attending were: Mrs. Tom Porter, McStar 4-H leader; Mr. and Mrs. Bob Hooper, Harmony 4-H leaders; and Mr. and Mrs. Lynn Miller, Sand Hill 4-H leaders. John Schlitter, Assistant County Agent, and I were there for part of the workshop, and at the Fair the rest of the time.

Are We Losing Respect For Our Flag?

This is the first of two articles to be published by The American Legion on Flag Etiquette.

During the recent parade in our city on the opening day of the Fair, the Legionnaires and VFW members couldn't help but notice the negligence on the part of the people as the Flag passed by.

May we as Americans ask ourselves the question: Are we losing the respect for our Flag and the freedom for which it stands? The American Legion is not a military organization, but is composed of members who served their country honorably in war. We proudly fought for our freedom then and would gladly do so again if needed. Part of our civic duty now is to help keep alive the freedom of religion and civic liberty that we endeavor and enjoy so much in this beloved country.

Our answer to the above question is "Yes" we are slowly but surely losing our respect and love for our Flag. Have you ever given it serious thought? Yes, we agree, it may not happen in our life time, but through our efforts to maintain our liberty, our children may be able to live their lifetime in a free country such as we now enjoy.

As the American Flag passes by, we should be reminded of our forefathers, fathers, brothers, and sisters who gave their lives that we might still live in this wonderful country. Are we still proud of it? Does it arouse a feeling of indebtedness to someone in our heart as it flutters in the wind? Do we still respect it? Are we willing to fight for it that others might live under it? Or, is it just another "rag" passing by?

Pioneer Couple Visiting Here

Mr. and Mrs. Seth Waddill of Bentonville, Arkansas, are here visiting relatives, his niece, Mrs. H. Phenix, her cousin, Mrs. Ida Dodson and near Plainview with his sister, Mrs. Jim Herd. The Waddills are pioneer residents of Lockney, having moved here soon after the turn of the century. They moved away more than 50 years ago. She is now 80 and he is 81.

Mrs. Waddill, the former Maggie Markham of Bell County, moved here as a young lady and made her home with the Daff Griffith family while teaching second and third grades here a number of years. She met and married her husband here and the couple bought a farm west of Lockney near the John Hodel place and lived there many years. In addition to farming Mr. Waddill did some freighting along with the late Walter Beall and Jim Herd.

Tuesday the couple accompanied Mrs. Ida Dodson to Lubbock where they visited Mrs. Waddill's aunt, and the mother of Mrs. Dodson, Mrs. Mattie Griffith, a patient at the Poplar Grove Convalescent Home in Lubbock.

IN PAMPA

Mr. and Mrs. Raymond Parker spent four days in Pampa last week with Mrs. Parker's son and family, Mr. and Mrs. Alfred Smith and sons, Little David Smith underwent a hernia operation. He is convalescing nicely now. David is also the grandson of Mr. and Mrs. O. V. Pylant.

Mrs. B. B. Vernon left Sunday afternoon to accompany her son, Royce and family of Lubbock to Fort Worth for a visit with Mrs. Vernon's daughter, Mrs. Joe Cruse and family.

MRS. ROBERT WILLIAMS

Nack - Williams Vows Solemnized

Miss Gloria Jean Nack, daughter of Mr. and Mrs. Roy Nack, of Englewood, Colorado, became the bride of Airman 3-c Robert Williams of Lowery Air Force Base, near Denver, Colo., Saturday, Sept. 10, at 5 p.m.

Mr. and Mrs. S. J. Williams, Lockney, are parents of the bridegroom.

Rev. Fred Hahn, pastor, read the double ring vows in a ceremony solemnized in the Immanuel Lutheran Church in Englewood, Colo. The altar was decorated with floor standards of pink and white carnations.

The bride, given in marriage by her father, wore a suit of white and beige wool tweed, brown accessories and a white orchid corsage.

Mrs. Dottie Chapman, matron of honor, wore a green wool sheath dress, matching accessories and a green orchid corsage.

Roger Nack, brother of the bride, attended the bridegroom as best man. Tommy Chapman served as usher.

Reception

A reception honoring the couple was given following the wedding in the home of the bride's parents. The table was laid with white and featured a heart shaped cake topped with a heart shaped arch. The bouquets of the bride and her attendant completed the table decor. Punch and cake were served.

The bride is a graduate of the Lutheran High School in Englewood, Colorado, and the bridegroom is a graduate of Lockney High School. He enlisted in the Air Force last May and received training at Lowery Air Force Base. He and his wife arrived in Lockney Tuesday of this week for a three week visit with his parents and family. He will leave about October 4 for Iceland where he will be stationed a year. His wife will stay with her parents while he is away.

Teenagers Steal Three Cars

Two Latin American teenagers are in jail at Plainview after stealing three cars in succession and abandoning them. They were caught by Plainview police in a 1956 Ford belonging to Robert Giles of Lockney which they had stolen from the Lockney General Hospital parking area here.

The boys started out by stealing a 1951 Chevrolet belonging to Ray Ford of Plainview. The car was taken from the Plainview Hospital & Clinic parking lot. It was later found abandoned at Edmonson where apparently the two boys stole another car and drove it to Lockney where they left it and took the Giles car.

Giles was at the hospital with his wife who gave birth to a baby girl a few hours after the car was stolen. Her clothing was in the car but the car and clothing were recovered. The only missing item was a bill-fold containing some change. Giles said he is employed here with Poole Automotive.

Texas 4-H Lad Is Named Top Tractor Operator In Nation

College Station. — Freddie Streit, a Willbarger County 4-H boy who knows his farm tractors, came home last week from Michigan State University with the champion's trophy as the top winner in the 4th annual Central U. S. Tractor Operators' Contest. The winners were announced on September 1.

Freddie is the son of Mr. and Mrs. Otto Streit, Route 3, Vernon. He won the right to represent Texas in the regional contest back in June when he was named State winner during the Texas 4-H Roundup at Texas A&M College. At Michigan State University, he competed against 15 other state winners and climaxed a year of learning in the National 4-H tractor program.

Young Streit was accompanied to East Lansing by his coach and county agent, W. H. Lehmburg and Dr. W. L. Uulich, extension agricultural engineer who served as chief judge at the contest. Freddie's trip to the regional event was provided by the Humble Oil and Refining Company, sponsor of the tractor program in Texas. Harold Freeman of the sponsoring company was in East Lansing for the regional event.

The tractor program in Texas is supervised by the Co-operative Extension Service in cooperation with the National 4-H Service Committee, Chicago and the Humble Company.

The 1961 Central U. S. 4-H Tractor Operators' Contest will be held in Dallas.

FARM BUREAU Announces Policy Development Meeting

The Board of Directors of the Floyd County Farm Bureau have set Monday, September 26, 1960 as the date for their annual Policy Development meeting to be held in the Legion Hall in Lockney, Texas, at 7:30 p.m., at which time the members of Floyd County will determine their policies and make recommendations to the State Convention.

The entire membership is urged to assume this responsibility and participate in the activities of the group. Organization without membership participation is not only weak but can be dangerous.

Farm Bureau policies are built by Farm Bureau membership. And whether the policies are on county problems or on state and national issues, they are based on RECOMMENDATIONS adopted by a majority vote. This is the process Farm Bureau has developed to make it possible for farmers everywhere — who produce any kind of commodity — any place — to meet, study, debate, decide, and rally around a sound solution to their problems.

UNION OF CHURCH AND STATE

During the "Dark Ages" the world in general was held in spiritual darkness and ignorance by the Roman Catholic Church. The Bible was for many generations a hidden book to the public in general.

Martin Luther, a German and a priest in the Roman Church, made great headway in protesting the abuses of Rome. In 1517 A. D. he posted 95 objections to the Roman Catholic Church. This brought great violence from the Pope of Rome.

Luther's work is marked by most historians as the real beginning of the Reformation Movement — efforts to reform the Catholic Church. It is also the beginning of protestant denominations as we know them today. The Lutheran Church branched off from the Roman Church as a result of Luther's efforts. His followers came to wear his name and formed the Augsburg Confession of Faith as their Creed. Other protestant bodies came into existence later as a result of protest made by men in other lands and at other times.

Plainview Engages Famous Ballet

Ballet Russe de Monte Carlo will highlight the season of Plainview Community Concert Association offerings. This world famous ballet ensemble will appear in Plainview Dec. 16th at 8 p.m. in the High School Auditorium.

It took some doing to get the tremendous production to Plainview, however after the highly successful appearance here two years ago of the Chicago Opera Ballet, the Concerts directors were able to convince the booking department of the National Community Concerts Association that Plainview facilities were adequate for the ballet company.

A concerted effort will be made to secure a membership roll large enough to insure presentation by Plainview Community Association of three other top-rated programs, along with the Ballet Russe de Monte Carlo.

Memberships are cordially solicited from neighboring cities and towns adjacent to Plainview. Adult memberships are \$7.50 and students, \$3.50. These membership cards also carry admission to programs of other Community Concerts Associations in the area — at Clovis, Canyon, etc.

If you do not have a representative of the Association in your town, you may write Mrs. Louis Cummings, Hale Center Highway, Plainview, or call Capitol 4-2108 or Capitol 4-5702, Plainview.

Donald Katz Tells Of Year In Europe

Donald Katz of Amarillo, who returned recently from a year of study in Zurich, Switzerland, spoke to the Lockney Rotary Club last Friday noon telling of his impressions and experiences abroad. Katz was one of 120 college graduates who was given a year of study in a foreign country by the Rotary Fellowship Foundation.

Katz, who has a degree in chemical engineering, studied at the Swiss Institute of Technology at Zurich. He is a graduate of Rice Institute, was in charge of the program. President Henry Ford Jr. presided. Visitors were present from Floydada, Plainview and Lubbock.

TIP ON HOW TO BOIL LOBSTER AND SHRIMP

Here are a few pointers worth remembering when you boil lobster or shrimp: You can hold down the amount of humidity escaping into the kitchen if you cover large lobster-pot of boiling water with a lid. The minute the boiling point is reached, turn the flame to simmer, add the shellfish and cover again. This reduces the evaporation of water from the cooking food. The minute seafood turns pink, it is done. Overcooking will toughen it and add unnecessary heat and moisture to your room.

world get their water supply from the ocean, after removing salt and other minerals. Among these areas are: Kuwait, Arabia; Baharien, Persian Gulf; Libya, N. Africa; Aruba, Netherland Antilles; Orange Free State, W. Africa.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

AUSTIN, Tex. — With all the hoopla over the national elections, many Texans may get to the polls Nov. 8 before they realize they have other important decisions to make that day.

Four proposed amendments to the Texas Constitution will be voted on at the general election. Voting to approve or reject alterations in the state's basic law is one of the most important responsibilities a voter has. It is the average citizen's one and only opportunity to participate directly in the lawmaking process.

Here, in brief, are the proposed amendments (in the order they will appear on the ballot) and what they would do:

AMENDMENT ONE: Would authorize creation of special hospital districts in Lamar County, Hidalgo County and Commissioners Precinct No. 4 of Comanche County.

Approval of this amendment would not actually create these hospital districts, but would give local voters authority to do so in a local election.

Amendments such as this one, which apply only to the areas specifically mentioned, usually are passed on the grounds that they give local voters authority to take care of local affairs. Since it is permissive rather than mandatory, local voters can decide for themselves whether they want to carry it through.

Some argue against such amendments on the grounds that such details as this should be added to an already overly-long Constitution.

AMENDMENT TWO: Would permit a rate of interest not to exceed 3 1/2 per cent on bonds issued hereafter for the benefit of the Veterans Land Fund. Present constitutional ceiling is 3 per cent.

Veterans Land Board is authorized by law to sell bonds and use the money from these sales to buy land which is re-sold to qualified Texas veterans. Law provided for the sales of \$200,000,000 in bonds, but the Board has not been able to sell the last \$62,500,000 of these bonds because, in today's market, 3 per cent interest does not make them an attractive investment.

Financial experts think that raising the permitted interest rate to 3 1/2 per cent should be sufficient to make the bonds salable again.

AMENDMENT THREE: Would change the pay scale of members of the Legislature to give them annual salaries of \$4,800 plus \$12 a day for each day in session. It would limit regular sessions to 140 days (present limit is 120 days). Lawmakers would receive \$12 a day for each day of a 140-day regular session plus \$12 a day for each day of a 30-day special called session.

At present, legislators receive no annual salary. They get \$25 a day for each day, up to 120 days, of the regular session plus \$25 a day for each day of a 30-day called session. They receive no pay in years the Legislature does not convene (such as 1960). Under this proposal, they would receive \$4,800 a year base pay whether they spent any time in session or not.

Present provisions for travel expenses would be changed. These provide for the lawmaker to receive \$2.50 for each 25 miles of the round trip between his home and Austin once each session.

This amendment is essentially a compromise between the present arrangement and the constitutional change proposed in 1958. Last time the proposal was for annual salaries of \$7,500 and no per diem. It also provided for annual sessions which, many think, contributed to its defeat.

Proponents of the current plan say that it will make it possible for better qualified people to serve in the Legislature without having to make so much of a personal financial sacrifice to do so.

Opponents argue that it will create "professional legislators." They contend that it is better for the lawmaker to have another job in private life to keep him closer to the problems of the people.

If the amendment is passed, a Texas legislator would receive for his two-year term of office minimum pay of \$9,600. In other states, the pay for a two-year term ranges from \$200 in New Hampshire to \$15,000 in New York. Average is about \$3,600.

AMENDMENT FOUR: Would give the Legislature authority to classify loans and lenders, to license and regulate lenders, to define what part of the charge made on loans should be considered interest and to fix the minimum rate of interest which should be charged.

This is generally known as the "anti-loan shark" amendment and is being supported by a blue ribbon committee of citizens from over the state.

At present the Constitution provides that the maximum rate of interest shall be 10 per cent. This is widely, almost universally, violated by the small loan industry, usually through additional charges besides the interest — "handling charges, service charges," etc.

Attorney General's department investigations have turned up cases of flagrant abuses by loan companies, making charges that totaled altogether as much as 300% of the amount loaned. On the other hand, the investigators themselves admit that a loan company making short-term, high-risk personal loans cannot stay in the black on 10 per cent.

If this amendment is passed, it will be up to the Legislature to decide what is a fair charge. Even those legislators who voted for this proposal admit they dread the prospect of having to decide what rates are fair.

HIGHWAY SLOWDOWN DUE — Public highway work in Texas will be cut back about one-half for the months of November and December, the State Highway Department announces.

This is a seasonal drop, according to State Highway Engineer DeWitt C. Greer. Spring and summer are the "rush season" for highway work because the weather is good. They are also the months when revenue from gasoline taxes run high.

Sale of license plates next spring will bring the annual bounce-back in money to the Highway Department, and a rise in highway contract lettings is expected about the same time.

Total construction contracts for September and October are expected to hit about \$21,000,000 each month, but will probably drop to half of that for November and December.

SHORT SNORTS — Kenneth I. Kimbro has been named chief under Comptroller Robert S. Calvert. He succeeds the late Gus Farrar . . . A. T. (Moon) Mullins, chief clerk of the General Land Office, has resigned to enter private law practice in Austin. Mullins has been with the Land Office since 1948 . . . U. S. Dept. of Agriculture has predicted this year's Texas Cotton crop at 4,425,000 bales, an increase over earlier predictions. Other crop forecasts: sorghum, 276,432,000 bushels, just short of last year's record crop; peanuts, a record yield of 313,125,000 pounds; carrots, up 6 per cent; and pinto beans, 30 per cent increase.

By Mrs. James Jeffress

With the right kind of weather, the grain harvest should be in full swing within the next few weeks. Several have already cut some of their grain. The showers haven't added much moisture to the crop, but the electrical storms we have been having are like early spring instead of early fall.

Sand Hill 4-H Club met Monday night with Mr. and Mrs. James Jeffress as hosts. Miss Jennifer met with the club. The next meeting will be before the next meeting. The officers elected for the year are: Warren Mitchell, president; Beverly Jeffress, vice president; Norma Williams, secretary; Bobby Holt, treasurer.

Members present were Beverly Jeffress, Mary, Elaine Starkey, and Janice and Ronald Jackson, Bobby Holt, Sammy Miller, Steve and Danny Watts, Steve and Werren Mitchell, Hollums, Jimmy Huckabone, three new members, Randy Willie Ray and Rex Jackson, and two visitors, Rex and Timmie Jeffress.

Adults present were Mrs. Lynn James Jeffress, Willie Miller, Mrs. Tom Pierce, Miss Peterson and the agent, Miss Jennifer. Next meeting will be on October 10th. At this time enrollment sheets will be turned in and projects should have been selected for the year. The 4-H achievement will be turned in November. All those turning in records last year are eligible to attend the banquet.

Mr. and Mrs. Gene Bloys will be the new organization leaders replacing Mr. and Mrs. James Jeffress.

Mr. and Mrs. Gene Bloys and son spent Sunday at Roaring Springs, picnicking.

Mr. and Mrs. W. R. Billington went to Memphis, Tex., Sunday to attend the Billington reunion there.

Mrs. James Jeffress and Beverly spent Saturday in Lubbock at the optometrist. In the afternoon they visited her brother, Mr. and Mrs. Bob Brown and family.

Mr. and Mrs. Jimmie McGuire and family of Plainview were Sunday guests of Mr. and Mrs. Dale Stinger and Stinson. Mrs. McGuire was in charge of the services Sunday. Attendance Sunday morning was up to 31 and Sunday night the church had 31 in Training Class.

Mr. and Mrs. Ken Swanner and son of Lubbock were Sunday dinner guests in the home of his parents, Mr. and Mrs. Marvin Swanner. Also visiting to their son, Mr. and Mrs. Gene Swanner and son from California. Gene and Mary plan to make their home in Texas but haven't gotten settled yet.

Mary Starkey was a visitor in the home of Mr. and Mrs. Monday Mills Saturday night.

Happy birthday wishes to Hugh Latham and W. R. Billington this week. We wish them

DAZZLING ICE CAPADES—One of the world's most dazzling ice revues is scheduled to come to Lubbock—the 1960 edition of Ice Capades, featuring the top skaters in the blade world. The show will be held in conjunction with the 43rd annual Panhandle-South Plains Fair, Sept. 26 through Oct. 1. The first performance of Ice Capades will be on Sunday, Sept. 25.

many more.

Supper guests of Mr. and Mrs. James Jeffress and family Thursday night were Bro. and Mrs. O. D. Holten and four sons of Plainview. Bro. Holten has preached at the Baptist church for the past two Sundays.

Mr. and Mrs. Fred Jackson attended the home beautiful tour in Floydada Sunday afternoon.

Sunday dinner guests in the James Jeffress home were Mr. and Mrs. Tom Pierce, Stanley, Steve, and Beverly. Visiting Sunday evening were Ken Roberts of Floydada, Cecil Jackson, Mary Starkey.

Mary Starkey is coming along nicely with her crutches. She will return to Lubbock the first of October for another check up and we are hoping she will be able to discard the crutches. Mary has been in a wheel chair and on crutches since the first part of July when she was in an automobile accident.

Sand Hill 4-H Club elected other leaders for their club. They are Mary Starkey, reporter; Beverly Pierce and Elaine Starkey, song leaders; Janice Miller, recreation leader; Cecil Jackson, parliamentarian.

Mrs. Darrell Mayo will entertain her Junior Sunday School class with a skating party in Plainview Friday night.

Mr. and Mrs. Jim Holmes returned home Wednesday night after attending the funeral of her sister-in-law at Trenton, Tex., Tuesday. They visited with Mrs. Holmes' brother, Mr. and Mrs. Tom Jeffress at Sherman; a niece, Mrs. Kenneth McConnell at Denton; and her daughter, Mr. and Mrs. Johnny

Woman Injured As Car Flips

Mrs. J. T. Patterson of Wolforth was injured Wednesday afternoon about 6 p.m. when the new Cadillac she was driving overturned 1½ times near Shallowater. Mrs. Patterson's husband is owner of Sterley Gin near Lockney.

Mrs. Patterson was traveling with her young son, the dog, a chipmunk and a turtle. When she looked back to see the dog's antics she lost control of her car which overturned and struck a tree. It was a total loss.

Patrolman C. R. Andrews said the son and dog were unhurt, but investigators were unable to find the chipmunk which had been in a cage and the turtle which had been in a fishbowl.

Mrs. Patterson was admitted to West Texas Hospital for treatment, apparently not seriously injured.

Stokes and family at Crane.

Grandmother Miller from Gunter has been visiting in the home of her two sons, Mr. and Mrs. Johnny Miller, Mr. and Mrs. C. M. Miller of Barwise community. Mrs. Johnny Miller and Joyce went to Gunter after Mrs. Miller and returned her to her home Saturday.

An accident occurred on the T. C. Hollums farm Monday when the hired hand's house caught fire. Two of the colored children were burned pretty bad.

Law Liberalized

For the fourth time in six years Congress has passed amendments to the social security law which liberalize the protection afforded disabled workers and their dependents.

Under the 1960 amendments, approximately 250,000 people—disabled workers under 50 years of age and certain of their dependents—are now eligible for social security benefits. Until now only those disabled workers between 50 and 65 and their dependents were eligible for monthly social security benefits.

Younger disabled workers are more likely to have families dependent on them than older workers age 50 or over. Before the change in the social security law many of them were dependent upon public assistance payments which are financed out of general tax funds. It is estimated that \$28 million will be saved in public assistance payments during the next year now that many of these young disabled workers and their families are eligible for disability insurance benefits based on their past earnings and social security tax contributions under social security. It is expected that savings will be even greater in the years to come when fewer people who become disabled before age 50 will need help through public assistance.

If you are under 50 and have had your social security record frozen, you will receive a letter explaining the new benefits and what you need to do about getting them for yourself and your dependents. Do not get in touch with your social security office at this time. It will only delay the district office in taking action to get checks to you and others who are eligible for payments under the new law.

However, severely disabled workers under 50 who have worked under social security, but have never applied to have their social security records frozen, should get in touch with their nearest social security

insurance benefits, a disabled worker must be so severely disabled that he is "unable to engage in any substantial gainful activity". In addition, he must have worked under social security for at least 5 years out of the ten years years before he became disabled. Benefits for disabled persons under 50 and their families can start with the month of October, 1960.

How The District Office Can Help

When the disabled worker applies for disability benefits at his social security district office, certain information about his age, education, training, and vocational skills will be obtained. He will also be given a medical report form to take to his doctor or the hospital or institution where he had care and treatment. These sources provide medical data about the worker's injury or illness with particular reference as to how this affects his ability to work. When the completed medical report is returned to the district office, the worker's entire record is sent to the State vocational agency, which in most states, has been designated to make the decision as to whether or not the claimant is disabled within the definition of the social security law. The district office will be glad to answer disabled worker's questions about his rights and responsibilities.

Big Red Gain Upset Win

A spirited Longhorn eleven held their jinx over the highly-rated Tulia Hornets and handed them a 26-6 loss in a thrilling, wide-open contest on Mitchell-Zimmerman Field here Friday night. Lockney played by far their best game of the season in giving the Swisher County boys a good lesson in football before a highly partisan crowd of over 2,000.

Quarterback Johnnie Belt was a shining star in the Horn win. He scored the first two touchdowns and set up the third on a pair of brilliant passes to halfback Joe Allard. Belt pushed Lockney into the scoring column early in the second stanza with a dazzling 33 yard sprint.

The visitors from Tulia evened the score with 1:26 remaining in the half on a nifty 52 yard aerial from quarterback Paul Caraway to halfback Gary Wright. Wright, a speedy junior, was the leading Class AA player in the South Plains previous to Friday's tilt.

The second half started as fiercely as the first half had ended. Belt's kick was fumbled by Lockney halfback Bill Mangold and down to cover on the Tulia 30. Five plays later the Big Red owned the field on the 5 yard line with fourth down and 4 yards needed for a first. Belt kicked to two backs then rolled into the end zone to send Lockney ahead 19-6.

Tulia received the kick, picked up one first down and moved to the Lockney 6. At that point Billy Dean Rolling intercepted in the pigskin and sailed for the Tulia goal. A clipping penalty on what looked to be a perfect block erased the touchdown scamper.

But the determine Longhorns were far from finished with their scoring. The next time they gained possession of the ball, on their 39, the Big Red were goalward bound. Key plays in the drive were Belt-to-Allard passes for 18 and 17 yards. Mangold capped the drive by going over from the 3. Mangold ran over the points.

After Tulia had received the kick off and moved to the Lockney 31, Donnie Hansi intercepted a pass on the Lockney 32. Five plays later sophomore Terry Mosley raced through the middle for 57 yards and another Longhorn touchdown. Belt carried over for the points, but a backfield-in-motion penalty nullified the play. A pass fell incomplete on the second attempt.

Lockney reserves pushed the ball to the Tulia 31 as the game ended.

Sophomore guard-linebacker Donnie Hansi played a superb game, especially on defense. Other outstanding Longhorns on defense were Wayne Cooper, Mickey Mosley, Freddie Gant, Rayland Brotterton, Clarence Ansley, Russell Davis, Allard, Rolling, Kenny Clark, Jimmy Rushing, Danny McAnally and others.

Fullback Gant carried a big load in the Big Red offense even though he failed to break into the scoring. His power running kept the attack rolling.

The records of Tulia and Lockney are now the same — two wins, one loss. Tulia was rated No. 1 by the Amarillo Daily News and No. 4 by the Lubbock Avalanche-Journal in their area Class AA polls. The Hornets had trampled Memphis 47-0 and Sunday 34-12 on their home field.

Summary of the game:
Tulia kicked to the L 39 where Ronnie Belt covered. Gant drove for 3. Mangold picked up a first on the L 47. Gant gained 2. Mangold lost 6, a pass went incomplete. Mangold punted 39 yards. Troy Brasher returned to the T 20.

Tulia gained 2, 4, a first on the T 31, a first on the L 44, were penalized 15 yards for clipping, lost 2, passed incomplete, gained 8, punted 17 yards to the L 33.

Power plays by Gant gained 4, 4, a Belt-to-Belt pass was good for a first on the L 47. Allard gained 4. Mangold broke away for a first on the T 37. Gant again moved for 3, 6, a first on the T 26. Haight intercepted a pass on the T 18.

The grey and maroon clad Hornets lost 1 on a fumble, made 0, 4 as the quarter ended. Bales punted 32 yards to the L 47 and Rolling ran back to the T 41.

Gant went for 4, 4. Belt raced 33 yards on a keeper for the touchdown. A pass was incomplete for PATs. Lockney 6, Tulia 0 with 10:42 to play in the half.

Belt's kick was returned from the 24 to T 42. The Hornets made 3, lost 10, passed for 1, punted to the L 37.

Gant made 2, Belt broke away for 35 yards and a first on the T 26. Lockney was penalized 15 yards. Mangold made 11, Belt lost 8, Mangold drove for 4, a pass fell awry on fourth down.

Tulia began to move, gaining a first on the T 46, losing 1, gaining 5, 5, a first on the L 43. The Hornets made 2, lost 11. Caraway tossed to Haight for 52 yards to knot the score. Rushing intercepted a pass for PATs. Lockney 6, Tulia 6 with 1:26 remaining in the half.

Tulia returned the punt to their 28. Allard intercepted a pass on the L 33. Mangold drove for 10. Bales picked off a pass around the Tulia 35 and ran back to the L 40. Gant dropped the passer for an 8 yard loss, a pass went incomplete, an aerial was complete for a first on the L 30, a pass failed. Clark intercepted a pass on the L 30 as

time ran out in the half.

'Horns Capitalize on Break
Lady Luck smiled on the 'Horns as Bales fumbled the kick opening the second half. Mangold hustled downfield to make the recovery on the T 30.

Gant drove for 2, Mangold spurred through for a first on the T 12. Gant made 2. Mangold picked up 1, 3, on fourth down Belt kept for 6 yards and the touchdown. Mangold failed to run across for the points. Lockney 12, Tulia 6 with 9:11 remaining in the third period.

From this point the game was mostly dominated by the Big Red.

Belt's kick was returned from the 15 to T 38. The Horns' picked up 4, 5, a first on the L 49. They made 7, lost 1, passed incomplete, punted 37 yards to the L 6.

Behind a beautiful wall of blockers Rolling scampered 94 yards to paydirt. But clipping was called on the T 14 and the Big Red were penalized to the T 29.

Mangold gained a first on the T 14. Here the 'Horn attack bogged down as Belt made 2. Mangold gained 3, Gant and Belt each made 1, giving the Hornets the ball on their 8.

The visitors gained 5, 4, a first on the T 24. They made 2, 1, passed incomplete, punted 33 yards to the L 38. Clark made 1 yard on the runback.

Tulia was penalized 15 yards, handing the 'Horns a first on the T 46. Gant drove for 2, Mangold made 7 as the third quarter ended.

Belt kept the drive moving by passing 18 yards to Allard for a first on the T 19. Mangold gained 1, Gant made 2. Mangold lost 7, on fourth down Allard made a diving catch of a Belt aerial for a first on the T 6. Gant plowed for 3, Mangold drove the final 3 yards to paydirt. Mangold skirted end for the PATs. Lockney 20, Tulia 6 with 8:53 remaining.

Belt's kick was returned from the 15 to T 33. The Hornets gained 4, passed for a first at midfield. They moved for 4, passed incomplete, made a first on the L 34, gained 3.

Hansi picked off a Tulia pass, fumbled and Rolling covered on the L 32.

Gant drove for 3, 2. Belt kept for 4, Gant moved for a first on the L 43. Terry Mosley, who had just entered the game, plowed over center and raced 52 yards to skyrocket the score to 26-6 with 3:32 to play. Belt ran across for the points. Lockney drew a penalty and failed on the second attempt.

Bales returned the kick from the 17 to T 46. The Swisher County boys passed incomplete, gained 4, passed incomplete, punted 16 yards to the L 33.

Lockney's spunky little reserve unit moved the ball well. Rushing made 7, Mosley drove for a first on the L 44. Mosley gained 4, Rushing went for a first on the T 43. Tulia was penalized to their 38, Mosley drove for 3, Rushing moved for 4 as the game ended.

PREDICTIONS . . .
Here's how this week's games look from here.
Lockney over Ralls.
Floydada over Dimmitt.
Olton over Hale Center.
Denver City over Abernathy.
Hereford over Muleshoe.
Farwell over Morton.

2-AA Continues On Winning Ways

District 2-AA teams are proving pre-season predictions that this district would be a toughie.

After three weeks of action, a pair of 2-AA members remain undefeated. Floydada and Olton have each racked up three impressive wins. Floydada knocked off Class A power Ralls, 31-7, and Olton rolled over Springlake, 32-12, in last week's contests. The Whirlwinds and Mustangs head the district, but they aren't the only good teams in the conference.

Lockney's small but spirited Longhorns looked very impressive in upsetting highly-rated Tulia Friday night. The Big Red, who are particularly rugged on Mitchell-Zimmerman Field, can deal misery to any AA team if they continue to play the brand of football they employed against Tulia. The Longhorns have won two of three outings.

Although their record (0-2-1) is unimpressive the Abernathy Antelopes, with their gigantic

line, may be the sleeping giants in 2-AA.

Morton is looking better than anticipated and could be plenty rugged by the time 2-AA starts playing for keeps. And don't forget Muleshoe, the largest school in this district.

Tough Week Ahead
District 2-AA teams are rolling along in high gear, but may find the road a bit bumpy this Friday night.

In the area's top AA battle, the Whirlwinds from Floydada put their undefeated skein on the line when they journey to Dimmitt. The 'Winds will have their hands full against Junior Coffey & Co.

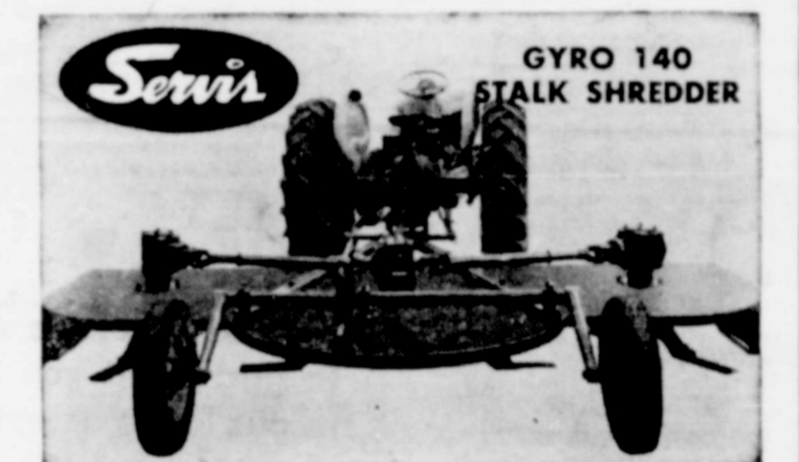

Other games involving 2-AA outfits this Friday include: Lockney at Ralls (4-A); Hereford (1-AAA) at Muleshoe; Denver City (3-AA) at Abernathy; Hale Center (3-A) at Olton; Morton at Farwell (3-A).

Shreds up to 100 acres a day!
This new 140", 4-row rotary cutter is fully gear driven. Behind a 35 H.P. or larger tractor, you can cut from 60 to 100 acres of stalks or brush up to 1 1/2" in diameter. Rear wheels are on 72" spacing. Cutter offsets tractor wheels 40" on both sides; ideal for orchards and fence-line work. Although 144" over-all in width, slide shoes may be removed permitting passage through 12' gates. Has the same heavy blades and blade carriers as the other famous Gyro cutters, giving it high momentum, gyroscopic cutting action for maximum cutting power with minimum RPM. This means long life and economical operation. A real work horse that will save hours of time.

LEE BURTON IS OUTSTANDING CONSERVATION FARMER OF CO.

Lee Burton, who lives in the Fairview community and has carried out an outstanding soil and water conservation program, was hailed last Thursday as the Outstanding Conservation Farmer of Floyd County for 1960.

Burton was presented a plaque in recognition of his outstanding work by Dr. O. R. McIntosh, president of the Floydada Lions Club in a brief ceremony at the noon meal at Paymaster Farms near Aiken.

The presentation followed a barbecue dinner served to 250 Floyd County business men and farmers who made the annual Soil and Water Conservation Day celebration at the noon meal at Paymaster Farms near Aiken.

Dr. Tom Longnecker, Director of the High Plains Research Foundation at Halfway, was the featured speaker for the occasion. He was presented to the group by Troy McNeil, program chairman of the Floydada Lions Club.

Longnecker told the group of research in water conservation being carried out at the Foundation and stressed the importance of water conservation. It is important that all High Plains farmers who are irrigating make as much use of lake water as possible by using it on crops or putting it back into the ground with recharge wells and then using it at a later date, he pointed out. Also more conservation irrigation systems using irrigation pipelines to prevent evaporation from open ditches and seepage are very important. Land leveling of uneven or too steep fields will also enable the irrigation water to be more efficiently used by preventing tail water and enabling the water to be more uniformly distributed at an even depth, Dr. Longnecker said.

The route of the tour took the group to the farms of Well-ton Smith to view a cotton variety demonstration comparing Gregg, Rex, Blightmaster, Paymaster 101 and Lockett 7078; J. A. Noland, to view a newly established pasture of Midland bermuda; Gene Frabasco, to see a field leveling project where a conservation irrigation system is being installed; Loyd Widener, crop rotation of cotton following cotton and cotton following soy beans, and Charlie Boedeker, grain sorghum variety demonstration.

Circus Will Show Here Today

Sterling Bros. Circus will set up their tent on the Lockney Glen yard in south Lockney today and present two performances to people of the area, one at 4 p.m. and the other at 8 p.m. The tent will be located just north of Lockney Lumber & Supply.

The Circus features three elephants, some performing dogs and ponies and a team of acrobats on the high wire.

Handlers are due to water the elephants at Webster's Corden Station at 12 noon today.

The Circus is being sponsored by The Lockney Post, Veterans of Foreign Wars.

Lockney Officials Meet Tulia Caravan

Mayor J. E. Cox, Supt. H. H. Nicholas, Kenneth Wofford, president of the school board, and Owen Thornton, Chamber of Commerce president, along with the high school pep squad leaders, met the Tulia automobile caravan coming to Lockney for the Tulia-Lockney football game last Friday evening.

The local officials met the caravan at the Mrs. Jo Taylor farm north of Lockney on Farm Road No. 379. Leading the 3-mile long Tulia caravan were Mayor John Brown and Supt. Vance Swinburn. The long line of cars made a tour through the business district before going to the football field.

Showers Delay Grain Harvest

Nightly showers in this area have delayed the harvest of grain sorghum and brought worry to cotton farmers who want hot, dry weather for the remainder of the season. The moisture has also delayed the sowing of wheat in some sections.

Last Saturday evening 20 of an inch was measured here, another 40 fell Monday night and 20 on Tuesday night. The rain was a little heavier in some sections and lighter in others.

Days have remained very warm with no real norther striking the area as yet.

GO TO CHURCH SUNDAY.

Dear Editor:
I see where the University of Texas has made a rule against serving liquor in fraternity and sorority houses, and some students say this is unfair to youths wishing to become degreed alcoholics.

But my seldom sober neighbor says the kids ought to welcome this move, on account of it will make their parties more fun.

Says these youngsters are not old enough to know what they are missing, of course, but he has noticed that any drink tastes better when taking same intracts some rule or social ethic.

College List Grows To 76 This Week

Five more Lockney High exes have entered colleges or business schools since the Beacon compiled its last list. If anyone knows of other names which should be added the Beacon will appreciate hearing about them. The total this week stands at 76, which is a good representation of Lockney youth.

Monday of this week Don Smith, son of Mr. and Mrs. F. M. Smith, enrolled at Texas Tech as a freshman student.

Ronnie Thornton, son of Mr. and Mrs. Owen Thornton, has returned to West Texas State as a sophomore student.

Miss Pat Gray, daughter of Mr. and Mrs. Frank Hardy, is attending Lippert's Business School, Plainview.

Miss Beverly Simmons, daughter of Mrs. Mary Simmons, is a student at Lippert's Business School, Plainview.

La Juana Rhe Veigel, daughter of Mr. and Mrs. Clark Cates, has enrolled at West Texas State as a senior. She is majoring in homemaking.

CARD OF THANKS

Our sorrow is easier to bear with the help of friends like you. We want you to know how much we appreciate all that you have done for us in our recent bereavement.

FALL BEAUTY—If you're mad about plaid, you'll love this waist-length jacket and matching sheath dress with brief sleeves and high round neckline. The subdued plaid cotton lends itself to the simple lines of this smart fall costume by Wildman, St. Louis.

The worst single auto accident on record occurred near Whitesburg, Ky., on July 31, 1954, when a car ran over a cliff, killing 11 of the 12 occupants. (There have been several bus crashes with more casualties, however).

SORGHUM GROWERS HOLD ANNUAL COUNTY MEETING

The Floyd County section of the Grain Sorghum Producers Association held its annual meeting last Thursday night, September 15, in the Lockney High School Auditorium. High light of the meeting was an informative talk by B. M. McGinley of Amarillo who is the field man for the Grain Sorghum Association. He pointed out the great strides that has been made in finding new outlets for grain sorghum, chief of these being overseas sales to several countries of the world who have never before used it. One of the best examples of this was the recent sale to Japan of 37 shiploads of milo for feeders there. It was pointed out that with just a little more good luck with the program being carried out by the association it is possible within the next few years to have a place for all our production without any burdensome surplus being created.

Our new feature that is being started this year is the selection of one elevator operator from each county, elected by themselves, to serve with one farmer from each county on the board of directors for the area organization. Richard Patterson of the Patterson Grain Co. of Lockney was elected as that man to represent Floyd County on the area board. The farmer director elected was John Key West of the South Plains community. Other officers elected for the county organization was Ewald

Quebe of the Providence community as vice president, and R. C. Mitchell of Pleasant Valley community as secretary-treasurer.

All elevators in the county were urged to continue to act as collectors for farmer dues which is 2 pounds per thousand on the grain produced. This very small amount from each farmer will pay the farmer big dividends in the long run if all will cooperate and each contribute his share. Increased uses of milo through foreign sales, chemicals, new uses, and other promotional efforts can be made only if the farmers show their want it by making this small contribution through their farmer financed organization. The elevator operators who have just as big stake in the future of milo as doing their part acting as collectors of dues when the farmer settles on his milo. The grain sorghum group is one of a very few farmer organizations in the nation who are trying to do something for themselves rather than wait for the government to do it for them. It deserves the support of every farmer and elevator operator in the grain sorghum belt, officials of the organization said.

118 people lost their lives when an avalanche carried three snowbound Great Northern trains into Stephens Pass Canyon, near Wellington, Wash., on March 1, 1910.
