Sterley Youth Dies In Auto Accident Sunday

Kenneth Edward Christy, 16-year-old son of Mr. and Mrs. W. E. Christy of Sterley, was killed Sunday about 11:15 a.m. Sunday when his car overturned on Farm Road 37s about two miles north of Lockney.

Funeral services for the young man were held at the Lockney Assembly of God Church Wednesday at 3 p.m. conducted by Rev. Joe Stone, the pastor and W. C. Strickland of Floyd, former pastor. Burial was in Lockney Cemetery under the direction of Carter Funeral Home.

Christy, driving a 1950 Chevrolet, was trying to pass a car driven by Charles Smith when he lost control of the car, according to Highway Patrolman R. C. Dunn, who investigated the accident. Both were traveling south toward Sterley.

Christy's car struck loose dirt and flipped over. Dunn said the car skidded, rolled and tumbled more than a city block, coming to rest some 60 feet off the road in a field. It landed on its side and was thrown from the car. He was rushed to Lockney General Hospital where he was pronounced dead on arrival.

Dunn is investigating the accident. City Officer C. Reed and Floyd County Sheriff Cap Carthel and Ray Smith were also present.

Christy was born August 20, 1934, in Parris, Arkansas. He was moved to Sterley in 1954 when his father is employed at the Fort Worth & Denver Railway. He attended Lockney High School.

Christy was employed by Mr. and Mrs. Henry Rowell at the City Grocery.

Survivors include his parents, Mr. and Mrs. W. E. Christy; four brothers, Sp. 4-C Melvin J. Christy, stationed at Goose Air Force Base, Labrador, Sp. 5-C Marvin E. Christy, who is stationed at Fort Sam Houston, Texas; Don and Wayne Christy, boys of the home; two sisters, Mary and Carolyn Christy, at home.

The two brothers in service are able to be present for the funeral services.

LONGHORNS HOST UNBEATEN FLOYDADA FRIDAY EVENING

When the Floydada Whirlwinds and Lockney Longhorns clash on Mitchell-Zimmerman Field here Friday night at 8 o'clock there will be more at stake than the traditional Floyd County championship. This will be the District 2-AA opener for both teams and the winner should make a strong bid for the district title.

An overflow crowd is expected to see the battle between the Longhorns and Whirlwinds, both of whom have compiled fine records against non-conference foes this season. The boys from South Floyd County are undefeated in five contests and the Lockney eleven owns three victories and one tie in five outings.

Again this season the Floydada club is rated as one of the top Class AA outfits in this area. Comparative scores favor Floydada slightly. In a game at Floydada, the Whirlwinds knocked off Class A powerhouse Ralls 31-7 after trailing 6-7 at halftime.

The following Friday Lockney traveled to Ralls and was held to an 8-5 deadlock by the tough Jackrabbit eleven. Dimmitt clipped Lockney 22-6 in the second game of the season and two weeks later Floydada scored in the final minute of play to edge past the Bobcats 6-0. Both Floyd County teams played Dimmitt there.

Both teams are reportedly showing lots of spirit and desire this week in anticipation of the Friday night tussle.

Floydada was dealt a severe blow when their ace quarterback, Rodney Teague was in an automobile accident Sunday and suffered a badly cut arm. Kenneth Rimmer of the Floydada Hesperian indicated Tuesday afternoon that Teague would definitely miss the Lockney game and would probably be sidelined two or three weeks.

Replacing Teague at the important man-under slot will be Daryle Lindsay. A promising 152-pound sophomore, Lindsay has seen limited action while serving as Teague's understudy, but is an able performer and has looked good the short time he has been in action.

Both clubs have new coaches this season. R. L. Rhoten, assistant here last year, has moved up to head man of the Longhorns replacing Elvin Lyon. At Floydada, another assistant coach in 1950, Charles Tyler, has succeeded Preston Watson.

The Green and White from Floydada High are reputed to have a fine line with several big boys anchoring the forward wall. Key men up front are 184 pound guard Don Davis and 210 pound tackle Eddie Parks.

Parks, Teague, end Larry Orman, and halfback Charles Christian, are returning offensive starters from last year's mighty eleven. Halfback Richard Marler drew some starting assignments. Fullback Van Stovall was a defensive regular last season.

Floydada has a well-rounded backfield with all four men being good ball carriers. The 'Winds also have a slick aerial attack with Orman and the halfbacks dependable receivers. They also have good depth in the backfield with Teddy Allen and Ray Walker seeing lots of action.

The Longhorns' line is well balanced with Captain Wayne Cooper being the key man as an offensive center and defensive end. Clarence Ansley has also been a defensive stalwart at a linebacker post.

Quarterback Johnnie Belt, halfback Bill Mangold, and fullback Fred Gant share the ball-tossing chores for Lockney's eleven. Halfback Joe Allard is an exceptional fine blocker and carries the ball occasionally. Belt has developed into a fine passer, throwing to Allard, Ronnie Belt, Billy Dan Rolling, and Warren Mitchell.

Except for Teague's injury both squads should be in fine shape for the Friday tilt.

To help ease the expected

crowded conditions a ticket booth will be set up at the northeast end of the field so Floydada people may purchase their tickets near their seating section. The ticket booth on the west side of the field will be operated as usual.

C. E. Hargis Is Killed In Wreck

C. E. Hargis, an engineer for the Fort Worth & Denver railway, and a former resident of Sterley and this community, was killed early Monday morning when his railway passenger train plowed into a freight train on the main line at Memphis. Three other members of the crew were injured and passengers on the train were shaken up.

Hargis, age 60, was hurled from the locomotive engine by the force of the collision and apparently died in the fall. His body was found lying alongside of the tracks not far from his over-turned diesel locomotive.

Funeral services for Hargis were held at 10 a.m. Wednesday in Griggs Pioneer Chapel in Amarillo. Burial was in Llano Cemetery. A number of local relatives and friends attended the services.

Hargis was stationed at Sterley for a time and worked locomotives in this area. He owned a farm near Lockney also at one time. He was born November 2, 1890, at Gonzales.

Hargis married the former Ruth Dollar in Amarillo about 1921. She is a sister of Jack, Farrell and Harrell Dollar, all of Irick community. He had been employed with the Fort Worth & Denver for 42 years.

He was a member of Lockney Masonic Lodge No. 867 which he had served as an officer. He was also a member of the Brotherhood of Locomotive Engineers.

County - Wide Sugar Beet Meeting Soon

Plans are being made for a county-wide meeting of growers interested in sugar beets. It was announced this week by Johnnie Reue, manager of the Floydada Chamber of Commerce. The meeting is set for Tuesday evening, October 25, and will be held in the high school auditorium at Floydada, Reue said.

Everyone interested in trying to secure sugar beet acreage for the county is urged to attend the meeting. It is probable that a county-wide organization will be formed.

Speakers from the Hereford Sugar Beet Association will be present to give details on the growing and marketing of sugar beets. It was said.

The Lockney Chamber of Commerce is co-operating in the project of securing sugar beet acreage, according to Owees Thornton, president.

Representatives of both Lockney and Floydada attended a recent meeting at Hale Center at which the crop was discussed and work has been underway on the matter of securing acreage for several weeks.

Workman Wins Bermuda Trip

J. H. Workman of Workman Heating and Air Conditioning firm has won a trip for two to the Bermuda Islands. Mr. and Mrs. Workman will leave October 18 and spend five days in the island paradise on an all-expense paid trip.

Mr. Workman won the trip through the sales of General Electric heating and air conditioning equipment for which he is the distributor in this community.

Included in the award is transportation from Lockney to Bermuda, much of the way by plane, and accommodations at the luxurious Castle Harbour Hotel, meals, sight-seeing tours and other luxuries.

Bermuda is a group of islands in the West Indies and is nearly 600 miles from the mainland. It is the oldest colony in the British Empire and its local government has not been changed since 1620. Cars were barred from the island until 1946 and now are permitted only under severe restrictions.

Ir. High Gridders To Olton Tuesday

Lockney Junior High 7th and 8th grade football squads will travel to Olton Tuesday night for a pair of games.

Last Tuesday the teams went to Floydada to do battle. The Floydada lads captured the 7th grade game by a 14-0 count and came back to down Lockney's 8th graders by the same margin.

BILLY COLSTON NAMED TEXAS' OUTSTANDING 4-H MEMBER

College Station—The top 4-H agriculturalist in Texas for 1950 is a Floyd County youth, Billy Don Colston for nine years a member of the Dougherty 4-H Club.

The announcement was made by Floyd Lynch, State 4-H Club Leader, and he added that Billy would receive an all-expense trip to National 4-H Club Congress, Chicago, November 27-December 1. Donor for the 4-H Agricultural Awards Program is the International Harvester Company of Chicago. They also provide medals for county winners and six \$400 college scholarships for national awards. Billy's record will be submitted for national consideration, Lynch said.

Objectives of the program are to develop the member's leadership talents, to personally develop and install in others a pride and respect for agriculture and its importance; to adapt and apply the latest agricultural practices, equipment and research findings to better farm management; to develop skills for more profitable farming; to help others in the community and to apply 4-H training and exercises in preparing for a career in agriculture.

How well the 18-year old son of Mr. and Mrs. J. A. Colston, Route 5, Floydada, has met these objectives is evident from a study of his well diversified demonstration program. His beef herd numbered 10 head before he sold 8 of them to buy some outstanding additions for his swine herd which now numbers 10 sows, three registered boars and 78 pigs. He owns 14 head of breedings, 58 lambs and has fed 16 calves, 58 lambs and 34 hogs for show purposes. In addition there have been crop demonstrations including 21 acres of cotton, 232 acres of grain sorghums, 50 acres of small grains, 12 acres of corn, 6 acres of soybeans and 5 acres of garden crops. Other demonstrations have included tractor maintenance and poultry.

Managing this diversified 4-H program has given Billy plenty of

Opportunities to Increase his Knowledge of Agricultural Practices and to Apply in a Practical Way the Latest Research Findings to Improve his Crops and Livestock. His Program has Called for a Balance between his Feeding Programs and his Livestock Numbers.

Experience and information gained from his years of active participation in group activities and from being an officer in his local club, in the county and district organizations have aided in developing his leadership ability. He is a Gold Star boy and was a member of the third place team in the field crops contest. His livestock exhibits have won many awards at local, district, area and state shows and fairs and has enough ribbons and banners to cover almost one wall in his room.

He has learned how to check his crops for insects, and when needed, to apply the insecticides to control them. He is considered an outstanding showman and has given many demonstrations to younger members on how to train and get an animal ready for the show ring.

In his record summary, he says, "Through 4-H I have met many people I never would have known—leaders in agriculture, business and industry. Some of my dearest friendships have been made through 4-H and I am sure they will be lasting. I am thankful I live in a wonderful country where I can belong to such an outstanding youth group for 4-H has always been an inspiration to me in honesty, sportsmanship and friendship."

His county agent supervisor, J. C. Lewis, describes him as a leader, not only in 4-H but in church and community affairs and as an active participant in many high school and Boy Scout programs. Lewis added that all 4-H activities in Floyd County have been more successful because of Billy's contributions and untiring efforts.

Weed District Begins Spraying Of Bindweed

Fall spraying of bindweed was begun last week on the county bar ditches, and again the Weed District is asking that farmers not plow any bindweed patches on the county bar ditches. Six to eight inch vine growth is necessary for good results with the herbicide being used. The District feels that they can have better control of bindweed with chemicals than can be obtained with the plow, according to Douglas Degge, supervisor.

The Weed District has almost completed all treatment of highway rights-of-way where it is permissible for them to treat. They are encouraging land owners adjacent to the highways to control the bindweed on their property so that all the infestations may be taken care of. The District again wishes to stress that no treatment can be made where the rights-of-way are being abused with plows. A total of 15 acres of highway was treated during September.

Four and one half acres of county road was treated, 30 1/2 acres of farmland treated on nine separate farms and 50 acres of wheat land was sprayed with herbicide.

As crops are being harvested off bindweed infested land, the District would like to urge more to make fall and winter treatment. Very good results have been obtained with winter treatment this past year. The District has excellent equipment to apply herbicides and would like to keep it busy all winter.

Ex-students and teachers of Lockney schools are expected to begin arriving here Thursday evening for the homecoming planned for Friday. Robert Lee Smith, president of the Homecoming Association, said Wednesday that plans are made to take care of at least 500 at the barbecue Friday evening at 5. School officials are also expecting an overflow crowd at the football game Friday evening on Mitchell-Zimmerman Field between the Lockney Longhorns and the Floydada Whirlwinds.

Members of the Lockney Student Council are hoping that a good number of ex-students will be present for the pep rally and bon fire on Thursday. At the Council meeting Tuesday morning final plans were made for the affair, which will be featured by the revealing of the Homecoming Queen. Voting on the queen was held this week.

The Queen will be selected from five candidates which have been elected in voting by the high school student body. The candidates and the escorts they have chosen are: Carolyn Harris, Freddie Gant, Kim Mickey, Larry Elam, Jackie Frizzell, Kenneth Holt, Janice Boedeker, Milton Mickey, Mertie Lewis, Ronnie Thornton.

The Homecoming Queen will light the bonfire to set off the Thursday evening activities. The Longhorn Band will play, cheer leaders will lead the group in yells, speeches will be made and ex-cheer leaders, coaches, twirlers, football captains and others will be recognized.

The bonfire will be on a vacant lot just west of the J. M. Tye home on South West 8th Street. Everyone is invited to attend.

I was glad when they said unto me, Let us go into the house of the Lord.—Psalm 122:1.

WELCOME to all the homecoming guests. It is always a pleasure to have former residents visit with us and it is especially good at this time since it is homecoming time. We hope that every visitor enjoys the occasion in every way. We know the homecoming committee has made great plans and worked hard to see that everything is in readiness. So welcome, everyone! Have a good time and come back soon.

WE INVITE your attention to the cartoon on this page. We think it truly depicts the cycle which many nations of the world have traveled and one in which this nation is now traveling. Study it closely and then think of other nations in the past which have risen to great heights and then fallen into nothingness. One thing we must always remember which is pointed out by this chart: Dependency upon government eventually brings bondage. The more dependent we are, the more chance of that bondage. We're traveling that route now.

DAVID LAWRENCE writes, in U. S. News & World Report: "Of what use is it to listen to speeches about 'agreements' or 'treaties' on disarmament when the Soviet Government violates the provisions of the United Nations Charter, one section of which says: 'All members shall give the United Nations every assistance in any action it takes in accordance with the provisions of the present Charter, and shall refrain from giving assistance to any state against which the United Nations is taking preventive or enforcement action.' The United States should press its charge of violation of the Charter. For if the Soviets get away with their present course, they will move into Cuba and into Latin America just as they have in Africa, claiming they are merely sending 'food' planes and trucks for 'peaceful' purposes, when the action is as plainly military as it was in Korea and as it is now in the Congo."

WRITING IN the New York Times Magazine, Paul A. Samuelson reports that total installment credit now amounts to \$40.74 billion as compared with \$14.703 billion only 10 years ago. Automobile loans have led this spectacular rise.

THE FEDERAL RESERVE discount rate (the rate at which commercial banks borrow from the Federal Reserve banks) is now 3.5 per cent. Among 45 countries, only nine have a lower rate.

TAX MAN SAM SEZ: Even though farmers have been covered by the Federal Social Security Law for several years, a lot of farmers still need additional information on paying self-employment tax. The rate of the self-employment tax is 4 1/2%. Farmers and other self-employed taxpayers are required to pay self-employment tax if their net earnings from self-employment amount to \$400 or more for the year. No more than \$4800 of self-employed taxpayers' earnings is subject to tax. The self-employment tax is in addition to income tax. If you were self-employed, you must have a social security account number. You can get an application blank, Form SS-5, at your Post Office. You use this blank to apply for your Social Security number. You pay your tax for the entire year along with your income tax return.

CIVIL RIGHTS
While we're getting all het up about civil rights, why not return some of the land to the Indians, to whom it originally belonged?

Considerable effective work has been done looking toward legislation favorable to increase of sugar on the Plains. This is a time of opportunity. It is one of the biggest potential agricultural developments in recent years. We can well afford to go all out to cultivate our chance. — Plainview Herald.

HAPPY HOLIDAY
An Indiana woman tells this one on her husband. Early last year, as hubby was starting to work one morning, mama followed him out onto the porch, and after gazing around a bit, casually inquired: "Do you know what day this is?"

Influenza is spreading over the country to all sections of the state and nation. There are several cases in Lockney but no fatalities to date. One death at Floydada occurred Monday morning, Mrs. Bob Henry. All schools in the county have been closed and churches or social gatherings are prohibited. The disease is baffling medical science.

Dear Editor:
My party-steady neighbor says he feels sorry for the poor confused independents these days, with their problem of trying to figure out which candidate to vote for.

Says he has tried both the party-pigeon system and the independent doctrine, and has been right about as often one way as the other, but it saves lots of brain strain just to go by a label.

And says now, being a label man, if some day he finds horseradish in a can labelled strawberries, he will swear it makes good shortcake, even with tears in his eyes.

THINK BEFORE YOU VOTE

Since the Democrats turned the Administration over to the Republicans in January, 1953, the overall annual income of American Farmers has been reduced from 15 Billion Dollars to 10 Billion Dollars — a reduction of one-third. At the same time the Republicans have spent almost three times as much to operate the Department of Agriculture.

MR. AND MRS. FARMER Can you afford another four years of Republican bungling of the farm problem?

MR. AND MRS. BUSINESS MAN Can you afford another four years of Republican Administration that will further deplete the money your customers will have to spend?

The Republicans talk about the wild spending of the Democrats, but the Republicans have run up the largest peace time deficits in the history of our government, and if the requests of this Republican Administration had not been reduced Twelve Billion Dollars by the Democratic Congress within the last six years, the public debt would have been that much higher. In the face of these facts, which party is likely to operate your government most efficiently?

Longhorns Stampede Slaton Eleven, 24-6

The Big Red from Lockney High toyed with the Slaton Tigers Friday night enroute to a 24-6 victory. Slaton's homesteading eleven scored the first time they had possession of the ball to go ahead of the Longhorns, but the Lockney boys came right back to go ahead and stay in the lead.

Lockney's defense was a bit rusty, especially in the early stages of the game. Lockney's defense was a bit rusty, especially in the early stages of the game. Lockney's defense was a bit rusty, especially in the early stages of the game.

almost broke loose. Eight plays later halfback Bill Mangold bounded over from the 4 to tie the tilt. Quarterback Belt spotted Allard in the end zone hit him with a pass which gave Lockney a lead they never relinquished.

In the early stages of the second period Allard scooted neatly through the Slaton eleven and raced 20 yards to give the Big Red a 14-6 margin. Fullback Fred Gant tacked on the PATs.

Near halftime the 'Horns were on the prowl again when they fumbled. After the recovery the inspired Slaton boys came roaring upfield. A 38 yard Tefertiller-to-Bownds aerial presented the Tigers with a first on the Lockney 11. Four plays later Bownds plowed in the end zone from the 1, but a backfield in motion penalty moved the ball back to the 5 with 0:06 showing on the clock. Bownds skirted end and stepped out of bounds just inches shy of the double stripe.

Lockney received the second half kickoff and the slick 'Horn offensive was clicking once again. Belt, Mangold, and Gant alternated at rushing the line with Mangold gunning through for the final 22 yards to paydirt. Ronnie Belt jumped high to snare an aerial from brother Johnnie for the PATs. Lockney 24, Slaton 6.

The Big Red pushed to the Tiger 9 in the fourth quarter and later a nifty 53 yard dash by Mangold in the fourth stanza was nullified by a clipping penalty.

After the opening drive by Slaton, Lockney's defense checked the Tiger ground game fairly well. Captain Wayne Cooper, always a dependable performer, was especially sharp. Other defensive standouts were Clarence Ansley, Don Hanst, Rayland Brotherton, Fred Gant, Mickey Mosley, Russell Davis, Rickey Colias, Allard, Rushing, Rolling, Clark, Eddie Stinebaugh and others.

The win was the third for Lockney in five outings. The

Longhorns have lost one and tied one. Slaton's Tigers suffered their fourth setback in five tries.

Summary of the game:

Belt's opening kickoff was returned to the 5 25. The Tigers gained 2, 3, passed 40 yards for a first on L 30. They moved for 2, 4, passed incomplete, gained a first on the L 18, made 7 and a first on L 6. Bownds gained 3, Ball scored from the 3. Bownds took the snap on a fake place kick but failed to run across for PATs. Slaton 6, Lockney 0 with 7:31 remaining in the first quarter.

Rolling returned the kick to S 46. The 'Horns gained 1, 2, Allard scooted 23 yards for a first on the 15. Mangold moved for 3, 4, Gant plowed for 2, a first on the 4. Mangold scampered the final 4 yards to paydirt. Belt tossed to Allard for the points. Lockney 8, Slaton 6 with 3:19 remaining in the first stanza.

Slaton returned the kick to their 30 where they fumbled and covered. The Tigers ran for 1, passed for a first on the S 44. They moved for 2, were penalized 15 yards for holding, lost 6, passed incomplete, punted 46 yards to the L 25. Clark returned to the L 46.

Mangold lost 3 as the quarter ended.

Longhorns Roll Again
Lockney's scrappy eleven was on the move again as Gant drove for 3, ran for a first on S 38. Mangold scooted for a

first on the S 22. Gant made 2, Allard raced 20 yards for the Big Red's second touchdown. Gant went into the end zone for the PATs. Lockney 16, Slaton 6 with 10:09 to play in the second quarter.

Belt's kick was run back to the S 35. The Tigers passed incomplete, made 2 yards in 2 plays, punted 46 yards to L 17. Rolling moved back to the L 42, but Lockney was charged with clipping which moved the ball to L 27.

The Big Red gained 8, a first on L 38, lost 4, made 1, passed incomplete, Mangold punted 29 yards to S 36.

Slaton covered a fumble for no gain, picked up 5, passed no good, punted 30 yards to L 29.

The 'Horns lost 1, gained a first on L 43, made 5, another first on S 45. Slaton bottled up a fumble on the L 49.

Tefertiller threw a neat 38 yard pass to Bownds for a first on L 11. The Tigers moved for 4, 1, 5, Bownds scored but a penalty moved the ball to L 5. Bownds cut around left end and stepped out of bounds inches shy of the double stripe as time expired in the half.

Final Touchdown

The Big Red tallied again after they received the second half kickoff. Mangold made 6, Gant went for 2, Belt kept for a first on the L 42. Gant circled end for another first on S 43 and Belt tacked on another first on S 28. Mangold drove for 6, then dashed 22 yards to paydirt. A Belt-to-Belt aerial worked for PATs. Lockney 24, Slaton 6 with 8:46 to play in the third period.

The black and white clad Tigers had blood in their eyes as they began to move. They drove for 4, a first on S 41, 2, 3, passed for a first on L 48. Slaton continued to march goalward by gaining 3, 4, a first on L 38, 5, 2,

Rolling killed the drive by spear- ing a pass around the 15 and returning to L 34.

Again the 'Horns penetrated the defenses of the heavy but slow Slaton eleven. Allard moved for a first on S 48. Belt and Gant each ran for 2. Mangold squirted to the S 29 for another first. Belt picked up 4, Gant went through for a first on S 17. Belt gained 2 as the third quarter became history.

An aerial fell incomplete, Mangold picked up 6, Belt lost 3 on fourth down.

Slaton gained possession on their 12. They gained 3, 3, a first on S 25, 2, 2, passed incomplete, punted 45 yards to L 29. Rolling returned the kick to L 47.

Mangold ran 53 yards to paydirt, but a holding penalty nullified the play and moved the ball to L 32. Lockney's second unit backfield entered the contest and

fumbled on L 31.

The Tigers gained 4, depend- able Clarence Ansley covered a Slaton fumble on L 31.

Both teams were offside, Rush- ing dived through for 7. Moore gained a first on L 47. Clark kept for 4, Moore picked up 5, Rushing scooted for first on S 37 and 25. Lockney was penalized 15 yards for holding. Clarked tossed to Allard for 8, Moore picked up 5, the referee charged the Big Red with holding, a pass fell incomplete, both sides were offside, Bill Dozson gained 1 to the S 33 as the ball went over to the Tigers.

Peggy Ford Weds Tommy Bickel In Candlelight Rites Saturday

Parents of the bride are Mr. and Mrs. R. H. Ford, Lockney, and Mr. and Mrs. B. H. Bickel of Muleshoe are parents of the bridegroom.

Rev. The candelabra held pink tapers and were accented with tropical foliage and beige and tan satin bows. The same accents decorated the tall flower baskets.

The musical prelude and wedding marches were played by Miss Janice Hays of Baylor University, organist, and Miss Debra Ferguson of Texas Tech, pianist. Mrs. Ray Ford, cousin of the bride, sang "Indian Love Call" and "The Lord's Prayer", accompanied by Miss Hays who also played "I Love You Truly" as the musical background for the ceremony.

The bride was escorted to the altar and given in marriage by her father. She wore a formal gown of delustered bridal satin with hand clipped French lace forming the molded bodice designed with a bateau neckline and long sleeves ending in petal points over the hand. The princess style magnificent skirt featured inverted pleats at the hip-line and swept into a chapel train. They were dressed identically in street length frocks of pink satin designed with fitted bodice, full skirt, brief sleeves and boat neck dipping to a V in back. The waist was cinched with a soft brown cummerbund. They wore brown velvet headpieces and each carried a single long-stemmed carnation.

Jack Roubenik of Muleshoe attended the bridegroom as best man. Ushers were Jack Ford, brother of the bride, Bill Howard of Muleshoe and Glen Fullerton, student of Texas Tech. VOTE FOR TEXAS

RICHARD M. NIXON, candidate for President, is a Californian, but he thinks the Texas way. Richard Nixon stands for:

- A strong national economy and defense so that America will not have to apologize to Khrushchev for anything;
- A sensible farm program that will attack and solve the present problems.
- Texas retaining its tidelands, and a tax policy favorable to Texas.
- Local control of our schools.

If you will read and compare Nixon's platform to that of his opponent, you will agree that a vote for Nixon is a vote for the best interests of Texas.

Mrs. McCollum Moves To Lamar

Mrs. Beth McCollum is moving this week to Lamar, Colo., where she will make her home. She has lived here 33 years and expresses her regrets at moving but will live near her daughter, Mrs. Elroy Thomas in Lamar. She has asked that we publish the following note to her friends:

"You know I hate a goodbye so very much, but I feel I must express to you and all my beloved friends in Lockney my heartfelt thanks for a very wonderful life in Lockney. Of course they have not all been a bed of roses. Joe and I rode the depression and the war years, along with all of the rest of you, and still so much of my life has been full of love with and for my friends that I am certainly with regret that I go. "I do not want to close without telling you that I have purchased property at 301 N. 6th, Lamar, Colorado, and any time any one of my friends come through Lamar, I will feel very hurt if they do not stop by for at least a hello.

"I have changed my name legally back to Mrs. C. J. McCollum so please all of you remember me affectionally as

Nigerian Tells Rotarians Of Native Country

A very black man, still carrying tribal markings on his face, spoke almost perfect "king's English" to the Lockney Rotary Club last Friday noon, telling them of the progress his native country of Nigeria had made over the years and of the determination of its citizens to gain their rights through non-violence.

Samuel Akande is 34 years of age and a ministerial student at Wayland Baptist College, Plainview. He came to this country in September, 1959, and is now classified as a junior at Wayland. He plans to attend the Southern Baptist Seminary at Louisville, Ky., when he completes his college education, then return to his native country to preach the gospel. His home is in Awe, Nigeria.

Akande told how Nigeria was ruled by kings and tribal chieftains for many years until the British took over the country in 1888. He said that the English helped to establish legislative councils and train the Africans in governmental work, later tried to suppress the influence of Africans in government, and finally allowed them their independence on October 1 of this year. He said that there were more than 1,000 natives of his country who are university graduates as compared to 24 university graduates in Ghana.

He stated that his country has three large parties or groups who participate in the government and that they are determined to avoid imperialism of any kind. He criticized the Congo army's unruly tactics and stated that his country was determined to have a free country marked by liberty for its citizens.

Akande remarked that Nikita Khrushchev's conduct before the United Nations assembly in recent days had served to show the African nations what type man he is and had helped the cause of the Western World. He predicted that the African nations

Yeast Breads — Plain and Fancy
Tasty homemade breads and rolls can make any of your meals or snacks a special occasion. . . . and contrary to what most folks think, the art of bread making is easy to learn.

To help you, extension foods and nutrition specialists take the mystery out of bread making in a colorful bulletin entitled, "Yeast Breads Made at Home".

Steps for mixing ingredients, kneading the dough, shaping loaves and rolls of many kinds are clearly outlined and pictured in the bulletin.

You'll find recipes for French bread, rye, whole wheat, cheese, yeast bread, in addition to the plain white yeast bread . . . refrigerator rolls, buttermilk rolls, oatmeal yeast rolls, and many other tested recipes are featured. On the sweet side, there are special recipes for different kinds of coffee cake, fruit filled rolls of all kinds, kolaches, and yeast doughnuts.

Surprise your family with some of these delicious homemade breads or rolls. Ask for the bulletin on "Yeast Breads" at our office. Yeast breads will go over big with your family this fall and winter.

Modern Home Laundry Equipment
Laundry equipment has undergone remarkable changes in the last several years. Currently the trend is toward making washers and dryers more automatic. This was brought out at an Electric Equipment Workshop that I attended recently.

Washers with two or more washing and spin speeds are the most popular. The more deluxe models are featuring more automatic controls, permitting the user to select any combination of washing cycle time, agitator speeds, and water temperatures with the touch of a button or the turn of a dial.

Some have dispensers for detergent, water softener, or fabric softener. One of the latest developments is a dispenser which automatically adds bleaching

agents to the wash water in the correct amounts and at the correct time in the washing cycle. As with all attachments, as long as these dispensers work they are fine. The control panels of the more complicated models are usually completely lighted so they are easy to see in the dark. It should be remembered that these added features will add to the initial cost of the equipment and adds to the possibility of more repair bills.

Automatic dryers are designed to be sold in matching pairs with washers. More automatic and special features are also available on dryers. Drying times, temperatures, and combinations of the two may be selected according to the type of wash to be dried. Several new dryer models are being produced with built-in moisture condensers, this eliminating the need of outside venting.

Combination washer-dryers have been on the market for several years, but mechanical difficulties and high purchase costs have held the sales of these appliances to 3 to 4 percent of the market during this period.

FROZEN CHEESE

Creamy white and smooth as velvet, this glamorous dessert is easy to make in a refrigerator. Margaret Spader, home service consultant for the Gas Appliance Manufacturers Association suggests. Mix 6 ounces of cream cheese, 2-3 cup sugar, 2 cups light cream and 2 teaspoons vanilla until smooth and place in a shallow pan in the freezing compartment of your refrigerator. When firm, break the mixture into chunks and beat until smooth. Return to the freezing compartment and freeze until firm. Cut into squares or spoon into sherbet glasses and top with fresh berries or peaches.

FOR THE HOSPITALITY DEPARTMENT

For a late evening snack, experts suggest heating a cup of canned tomatoes and green chilies over a low flame. Add 1/2 pound American process cheese, stirring constantly. Keep the flame low and turn off the heat when the cheese is blended. Serve as a dip with king-sized corn chips, broiled cocktail frankfurters and crisp crackers.

Our equal sign was first used about 1557.

Sugar Beets

There is much interest in sugar beet allotment throughout the area and Floyd County. About 15 persons from Floyd County attended a meeting in Hale Center Tuesday night. A discussion was held on sugar beet production and what was being done to get a law that would allow a sugar beet allotment for this area as well as Kansas, Oklahoma, New Mexico, and other irrigated sections of Texas. This law will come up after Congress reconvenes in January. More meetings on what Floyd County can do
