NUMBER 23

## DEFENSE DAY PROGRAM HAS INTERESTING FEATURES

**SEPTEMBER 12 DATE SET BY THE PRESIDENT.**

**All Aged Body Young Men Asked to Join in Parade—Company F Officers Are in Charge.**

President Coolidge has designated September 12th as Defense Day in the entire United States.

The date was chosen as the sixth anniversary of the battle of St. Mihiel, the first important battle in which our American soldiers fought in the World War.

What Defense Day means has been greatly discussed, and some public officials have opposed it, largely because they did not understand the meaning of the day, and the purpose.

So far as the News has been able to ascertain, Defense Day means: (1) a patriotic observance to deepen devotion to country and to express the willingness of American citizens to sacrifice to the utmost, if need be, to preserve this nation and the liberties of its people; (2) an occasion to emphasize the essentially democratic character and purely defensive object of our present National defense policy—the first real defense we have ever had—with its three-part army of regulars, National Guard and organized reserves; (3) a demonstration of the working of this democratic defense system and of the essentially localized character of its units and its emergency mobilization plans.

It was a notable fact that eighteen months after America first entered the World War this country was able to put a real force on the battle field. The first troops entering the conflict were not well trained or equipped owing to the fact that the country was not prepared for the emergency.

Canyon will join in the national program with a patriotic service. The city and county officials have entered into the spirit of the occasion, and are to cooperate in every possible way.

Captain H. C. Gamble will be in charge of the general plans and will be assisted by a civilian committee.

A parade will be staged, with Company F, 132nd Infantry, Texas National Guard, leading. Every able bodied young man is asked to join in the parade. There is absolutely no obligation to those entering the parade. Speakers will present patriotic subjects.

Defense Day is nothing more or less than a modern and more efficient adaptation of the old annual "Training Day" or "Muster Day" of our patriotic fathers, which never was accused of being a "militaristic gesture" at anybody or any nation.

Defense Day is thoroughly respectable, democratic and American.

## STORY HOUR AND PICNIC.

The Story Hour was postponed last week on account of the weather. The story hour and picnic will be given tomorrow afternoon at 6:45 on the Presbyterian Church lawn. All children are urged to come.

## Federation Asks All Citizens to Join in the Clean Up Day Friday

The City Federation met last Wednesday in regular session. Many items of business were discussed.

The Club Room, which Judge Lester and the Commissioners Court gave to the Federation to use is completely remodeled, the walls and woodwork are newly finished, new shades have been bought. All clubs of the city that have membership in the City Federation are at liberty to use this room for their business or social meetings. The second Friday in October a silver ten will be given at the Club Room, the proceeds to be used to buy draperies for the windows.

A Clean Up Day, under the supervision of the Federation, is set for Friday, August 29th. Let each and every citizen of Canyon make this a real clean up day.

The mayor and business men of the city are cooperating with the club in this work, and we need and must have the cooperating of the people to make this a clean town.

Clean the curbs, clean the home grounds, clean the vacant lots and clean the alleys free from weeds. Make a clean town that we shall rightly be proud of. We will have many visitors in Canyon during the Institute and an attractive town will long be remembered.

—Reporter

## Democratic Nominee

MRS. MIRIAM FERGUSON.

Mrs. Miriam A. Ferguson of Temple was nominated Saturday by the Democratic party for Governor of Texas. She will have the honor of being the first woman elected Governor. Her majority over Robertson will reach 90,000. There were more than 800,000 votes polled Saturday, this number being more than 100,000 votes cast in the July primary.

Robertson carried Randall county by a vote of 511 to 376 for Mrs. Ferguson.

Miller defeated Edwards for lieutenant governor; Moody was elected attorney general over Ward; Terrell was named comptroller over Baker; Gilmore keeps his place on the railroad commission having defeated Weaver, while Smith defeated Nabors the present incumbent for the other place on this commission; Cureton was renominated over Wear for Supreme Court Chief Justice.

## Number of Teachers and Former Students to Attend Universities

Canyon and the College will be well represented in the Universities of the United States when they open this fall. Mr. and Mrs. J. J. Powell will do work in mathematics and English at Columbia University.

Miss Mattie Swayne will do graduate work in Columbia.

Miss Marian Witt will do work toward her Ph. D. degree at the University of Wisconsin.

Miss Adelin White will work for her Ph. D. degree at Columbia.

F. E. Savage will do work on his masters degree at Nashville.

Ira Jenkins and C. R. Wilson will attend the University of Texas.

Miss Attie Gene Humphreys will resume her work at Vanderbilt University.

Miss Leah Amend will return to C. I. A. at Denton.

J. D. and Scott Amend will go to A. & M. at College Station.

Grady Hazelwood and Flannigan Smith will study law at the University of Texas.

B. F. Fronabarger Jr. will work toward his Ph. D. degree at Harvard.

Harper Allen will be instructor and do graduate work at the University of Iowa.

Hubert Hamill will continue his study at the University of Iowa.

## BRADFORD CARRUTH.

Miss Tip Bradford and Irby Carruth were married at five o'clock Monday afternoon at Las Vegas.

Miss Bradford is the youngest daughter of Mr. and Mrs. Henry Bradford of this place. She has been a student in the College and a leader in all activities in College circles. Mr. Carruth holds a responsible position with the Peoples Store. He attended the College two years ago, and was a teacher in the public schools last year.

The young couple will receive the most hearty congratulations from a large circle of friends when they return from their honeymoon next Sunday.

## DUCKS GOING SOUTH.

Several large flocks of ducks have been seen going south during the past few days. It is thought likely that this indicates an early winter.

Naturalists in various parts of the country have noted changes in animals and trees which argue for an early winter.

## STORK SPECIAL.

Born to Mr. and Mrs. Louie Young Burch, a girl, August 13.

Clean Up Day in Canyon Friday.

## PAYNE CALLS HIGH SCHOOL STUDENTS FOR ENROLLMENT

**FALL TERM OF SCHOOL OPENS ON SEPTEMBER 8th.**

**Enrollment of High School Students Next Week in Order to Start Work Early on 8th.**

Supt. A. D. Payne of the Canyon public school announces that the fall's term of work will start on September 8th. The public school faculty will be in Canyon next week to attend the teachers institute.

Mr. Payne makes the following important announcement regarding the enrollment of high school pupils:

At three o'clock Tuesday afternoon, Sept. 2, the high school faculty will enroll all seniors;

On Wednesday afternoon at three o'clock, the 10th grade will be enrolled;

At three o'clock Thursday afternoon the 9th grade will be enrolled;

At three o'clock Friday afternoon the 8th grade will be enrolled.

The early enrollment is asked for the purpose of issuing the adopted text books and to order text books which are not regularly adopted.

Mr. Payne urges all who expect to be in the Canyon high school for the year's work to meet the high school faculty at the above designated hours for the four different grades.

At a meeting of the board of trustees Tuesday, the following fees were set for the coming year:

Manual Training, \$6.00 per year.  
Domestic Science, \$6.00 per year.  
Chemistry, \$3.00 per year.  
Physics, \$2.00 per year.

Henry Long and J. W. Haggan were elected janitors for the coming year.

F. E. Savage resigned as a member of the board of trustees owing to the fact that he would leave soon for Peabody.

## FARM HOUSE BURNED.

The house on the J. A. Cheatham farm six miles north of Canyon burned early Saturday evening. Theo Turner is living on the place, but he and his wife were in town that the time. There has been no cause for the fire. There was \$3,000 insurance on the house, but none on the furniture.

## TO COMPLETE GARRISON SCHOOL.

The new schoolhouse being constructed in district No. 17, the Garrison school district, will be completed by the time school opens next month.

This school is south of Canyon on the highway. It is being constructed with the proceeds of bonds voted early in the year.

Shuddering is caused when the brain receives a sudden shock, and the heart momentarily ceases its function of pumping blood.

## CLEAN UP DAY IN CANYON FRIDAY

**Nearly 4 Inches Rain Falls in Randall County During Past Week**

So far is known every section of the county has been reached by good rains during the past week.

Friday there was a rain of 1.70 inches in this section of the county, but it did not reach the southern and eastern portions. Monday morning there was a rain of .50 of an inch and Monday night another of .48 of an inch. Tuesday afternoon there was a rain of .96 of an inch. This morning there was another rain of .28 of an inch. This makes 3.92 inches of rain during the past week.

Crop conditions are the best this section has ever seen. The row crop is very heavy, and it is certain to be a high price this fall.

The cotton in Randall county is doing exceptionally fine, and is said to be certain to make a big yield this fall. No more prosperous crop conditions have been seen in this section for many years.

## HAIL HITS COTTON.

Two bad hail storms have hit in the vicinity of Canyon during the past week, but both covered very small areas. Friday afternoon Chas. Holland, Elzie Price, B. S. Livingston and Mark Foster, and R. L. Robeson suffered a bad hail south of town.

Tuesday afternoon a heavy rain fell four miles west of town and hail destroyed the cotton crop of A. M. Dowell on the C. O. Keiser place. The hail was accompanied by a very heavy rain which covered a small territory.

Clean Up Day in Canyon Friday.

## THOUSAND TEACHERS COMING NEXT WEEK FOR ANNUAL TEACHERS INSTITUTE HELD DURING SEPTEMBER 1 TO 5

All is in readiness for the opening of the big consolidated Teachers Institute at the College next Monday, according to Prof. R. P. Jarrett, conductor.

Teachers are coming from twenty-four Panhandle-Plains counties. There is expected more than eight hundred teachers for the institute, while the total attendance, including county superintendents and trustees is expected to run above one thousand.

Mr. Jarrett has been working for the past year upon the program and has the biggest and best program yet offered by the Consolidated Institute.

The Institute will run to Friday of next week.

## WOMEN OF CITY FEDERATION ARE IN CHARGE OF CLEAN UP DAY IN CANYON FRIDAY—COOPERATION BEING URGED

Canyon will have a general Clean Up Day tomorrow (Friday) under the direction of the women of the City Federation of Women's Clubs. The citizens of Canyon are urged to cooperate in every way possible.

The Clean Up Day campaign was started last week when Mayor Protem T. C. Thompson set Friday of this week as the day upon which the citizens should take time to make a general clean up of their own premises and to clean up the adjacent vacant property.

Canyon is looking mighty wraged after the heavy rains which has started a great growth of weeds. The usual accumulation of tin cans and other refuse is to be found in the alleys and along some of the streets. All of these should be cleaned up before the coming of the thousand teachers next week.

Mayor Thompson did not ask the business houses to close, but suggests that every person possible be spared from each business house in order that the town be given a thorough cleaning.

Mrs. John S. Humphreys, president of the City Federation, has named the following women to be in charge of the Clean Up Day tomorrow: Messdames J. M. Vetek, Hud Pritchard, Jim Green, A. D. Nixon, C. C. Hughes, J. W. Reid, Dan K. Usery, W. P. Bishop, W. A. Warren, T. J. Morris, G. B. Comb, J. M. Daugherty, Peter Meyers, A. D. Payne, C. F. Kerr, R. McGee and Miss Almeda Wiley.

## SUMMER SESSION OF COLLEGE ENDS LAST SATURDAY

**INDICATIONS GOOD FOR A BIG ATTENDANCE THIS FALL.**

**Students Here During Summer from 137 Counties of Texas and Eight Different States.**

The College closed Saturday one of the best summer sessions in the fourteen years' history of the institution.

The total enrollment for the College last year has been 2,300 students.

During the summer session there was an enrollment of 1,350. These came from 137 counties of Texas and from eight states other than Texas. There were twenty-one students from New Mexico; eleven from Oklahoma; one from Arizona; three from Arkansas; one from California; two from Colorado; one from Illinois; two from Kansas.

According to a change in the plans of the College, there was no graduation exercises at the close of the summer session, but all degree people were given a place in the graduation exercises held in May. Degrees were issued to twenty-two during this year.

President J. A. Hill believes that the College will have a larger enrollment in September than there was last year, and that the growth will be more rapid the next twelve months than in any past period of the school's history.

A great effort will be made this fall by the College authorities to have every student take part in some form of college activity aside from his recitation. Young men and women will be urged to do literary society, church, Sunday School, and other work which will train them in meeting their fellow men.

During the summer vacation the College buildings are being put in order for the opening Sept. 22. The campus never looked more beautiful than now, but constant improvements are being made to beautify it.

During the coming year there will be a faculty of sixty-four members. The first faculty meeting will be held on Sept. 23rd, and registration will open on the following morning.

## WAYSIDE CELEBRATES.

The old settlers reunion at Wayside last Friday was one of the largest and most enjoyable gatherings ever held in this section. Canyon was represented by President J. A. Hill, Mrs. T. V. Reeves, T. C. Thompson and others.

Talks were made by the old settlers, and considerable time devoted to the discussion of the state park board's coming. A big dinner was served at noon.

## Hill Presents Budget of College to Regents and Board of Control

President J. A. Hill went to Austin this week to discuss with the Board of Control and the Board of Regents for Teachers Colleges the appropriation for the College during the coming two years which will be presented to the legislature by the Board of Control in January.

Mr. Hill is asking for a total of \$929,625 for the coming two years. Of this amount \$321,043 is for buildings and permanent improvements.

According to the statement of the Board of Control given to the press Sunday, all departments of state are asking for \$35,497,190 for the coming two years. The appropriations of the last legislature amounted to \$24,757,050.

Practically every school is asking for new buildings and salary adjustments, while the general appropriations for the various offices and departments in Austin are asking for increased appropriations.

THE PRIMARY.

The primary election Saturday gives Texas the honor of having named the first woman Governor, as we take it Texas will elect Mrs. Ferguson the Governor in the November general election.

The main issue in the primary was the Klan. Klan followers and those who followed Robertson as a choice between this man and Mrs. Ferguson, are trying to saddle the blame of bring the Klan question in the last campaign upon those of us who oppose invisible government. This is far from the facts in the case. The Klan made itself an issue when it finally announced its true mission, politics, rather than a moral mission. The Klan used religion and patriotism as a camouflage in order to induce unsuspecting men into its organization and to tone up the organization. We feel sorry for the good men who were induced to join the organization under this guise. The organizers and the leaders had no other motive and aim in view than political control and to graft from the poor deluded brothers. They have been successful in the latter, but have been dismal failures as politicians.

The Klan might have been successful in the Texas primaries this year had its leaders chosen capable men as candidates. Collins and Barton were rejected in favor of Robertson, because the corruptionists at the head of the Klan knew Robertson would be easily handled.

Robertson followers deluded a lot of good people into the Klan camp under the guise of the prohibition question. Prohibition is a part of the law, local, state and national. We have a governor who is a staunch prohibitionist. We have a dry president. Yet in Texas and most any state there are many communities in which liquor is openly sold over the bar. Prohibition can never be repealed as a part of our organic law, but it can be openly ignored in such communities which so chose to ignore it, and no governor and no president can stop the illicit traffic. Prohibition will become a reality in this country perhaps in a decade or so—not before.

There was much talk Saturday night as the returns came in of the organization of another party, and voting for the republican nominee as the nomination of Mrs. Ferguson was assured. The News received literature Monday morning printed in Austin condemning both Robertson and Mrs. Ferguson and appealing for republican votes in November. More than 800,000 votes were cast in the primary Saturday. If one-third of these vote in November there will be no chance of defeating Mrs. Ferguson, as a majority of the voters will refuse to break their pledge. The next session of the legislature should kill the provision of the pledge on the primary ballot. No party has the moral or legal right to bind or attempt to bind its followers to a nominee which the voter cannot honestly say is better qualified than the candidate of the opposing political party.

The News has one great regret in the primary Saturday—the defeat of Will C. Edwards for lieutenant governor. Mr. Edwards was caught in the anti-klan landslide. He was endorsed by the Klan, which gave Barry Miller all of the ammunition he needed to defeat a good man. Edwards denied membership in the Klan, but did not condemn the Klan. Miller endorsed Mrs. Ferguson, which was sufficient to tie him to the Ferguson handwagon in the minds of thousands of voters who did not know Will Edwards. A good and capable man was defeated.

Democratic politics in Texas is over for two years. A lot of harsh things have been said, and more mud slinging done in the last campaign than any other for many years. The wisest thing now is to lay politics on the shelf for two years and all join hands in a determined effort to rebuild our state. The thing that has made America such a great and successful country is the ability of its people to fight each other at the polls, and

then join hand after the election and forget our differences.

MIDDLE WEST HARD HIT.

The News man returned Wednesday from three weeks spent in the middle west. We are mighty glad to get back to the good old Panhandle, and more fully realize the wonderful opportunities of development that are possible of our section.

We find that there is no longer a feeling of suspicion in the minds of the middle west regarding the Panhandle country. The farmers are interested in cheap land since the mighty blow up in land prices in the older states, and farmers are seriously considering the Southwest. Those who have owned land in the Panhandle for the past few years and were anxious to dispose of it when land was not selling at any price, now realize that they have put their money in a safe investment—an investment that is safer than any investment in their own section just now.

We had heard of the havoc wrought by the reaction in land prices, but had no comprehension of the wide spread scope, which affected practically every family. Those who were not directly influenced, lost great sums by the indirect reaction. Business interests were hit harder than those actually engaged in land speculation.

It would seem to hear people talk that everyone in that great rich section was broke. That may be exaggerated, but there is more truth in the statement than would naturally be suspected on its face. The sad part of the story of the reaction is that it caught such a great mass of men past middle life who had worked hard to save a little fortune for their old age. These men sensing an easy way to add to their holdings go into the land boom, and emerged stripped. Scores of men whom we knew a few years ago as being above comfortable "well fixed" are broke, and know not what to do.

A banker explained the reason of this state of affairs. Along about the close of the war when everything was flourishing, there was plenty of money, prices were good for everything a man produced, and the country was enjoying prosperity. A government official appeared on the scene and announced that the dollar you had was worth only about 40 cents. That being the case, prices of commodities were raised so that the 40 cent dollar would bring the seller one hundred cents in value. That scheme worked beautifully so long as people were willing to buy and sell at these inflated prices. Land jumped from \$200 to \$450 per acre. Men bought and sold land and thought they were making a lot of money. Their profits were in mortgages taken back against the land.

After this prosperity had prevailed for several months, and everyone had made a great paper profit, some one suddenly announced that the same dollar which had been worth only 40 cents was now worth 100 cents, and blooey went prices. Land prices were cut almost in two, as well as prices of all kinds of farm products and merchandise prices went to nothing. Merchants had to unload stocks of shoddy goods for which they paid abnormally high prices for a little or nothing. Business houses were hit all over the country as hard or harder than were farmers, but the business interests did not make so much fuss over the loss.

Land that changed hands from three to ten times during the boom has gone back through several hands, and in many cases to the original owners. In each case where the land went back, somebody's paper profit was wiped out, and in case the original owner had gambled in other lands, he was unable to hold the original investment, and sheriff sale has resulted. It is estimated that a very large percent of the land of Iowa changed hands during the boom, and some of it has changed hands several times since the boom busted. Conditions are fast getting back to normal, but people are dissatisfied and disgusted with the world generally.

Crop conditions are very bad in the middle west. The weather has been too cold for corn. The farmers are afraid that there is not much of a chance for better than a fifty percent corn crop. There has not been half a dozen good corn-growing days this summer. If September is hot and dry, there would be a fine corn crop, but with a normally early frost, a vast majority of the corn will be soft, and good only for feeding. This is very discouraging for the farmers, as feeding has been very unprofitable the past few years.

There is not a good stand for corn. The spring was cold and dry. July was the coldest July in the history of that section of the country, with too much rain. There was only a few "corn days" during August, with continuous rains every day. We were fortunate in making the trip without hitting rain either way, but were in rain on every side trip we attempted while in Iowa. The roads were rough on the way home as a result of the continuous rains, and we had to take

four full driving days to make the 1100 miles.

We certainly had excellent luck so far as the trip was concerned. Had one puncture on the way up, and none on the way home. Spent 25 cents on the car outside of gas and oil. Gas and oil on the way up cost \$12.53, and on the way back \$10.75. Practically every stop had a different price on gas. It was as high as 22 cents per gallon and as low at 14.9 cents per gallon.

Most hotel men and garage men are certainly accommodating to tourists. There is one short fat hotel man at Greensbury, Kansas, that we would drive an extra hundred miles just to stop at his hotel. He met us with a smile, smiled all the while we were there, and insisted in asking if we were entirely comfortable, or if there was anything else he could do for us. His charge was exceptionally reasonable.

After all there is nothing in the world that costs so little and takes you so far as a smile. The guy that can smile under all adverse conditions will certainly win in the end. He has a passport that will take him anywhere, anytime.

There is another hotel man we met on the way that would cheerfully attend his lynching, and take a long pull on the rope at any time.

Politics are in a mess in the middle west. The republicans are scared stiff, and have a right to be. Brookhart rules Iowa, and is charged with secretly giving his influence to La Follette. Every farmer you meet is for Brookhart and La Follette, and don't care who knows it. The leading business men are afraid that La Follette will carry the state through the Brookhart influence. Brookhart is telling the farmers that the present increase in farm product prices is the work of Wall Street to insure the election of Coolidge.

Of course, if that part of the country would attempt to put the party gag rule on the voters, as Texas does in the primary ballot pledge, there would not be a democratic president elected in the next thousand years. Since the voters in that section are free to vote in the general election for the candidate he thinks the best qualified, these states are likely to swing to the La Follette column in November, thereby

Got the Result

Mr. Charles Moore, 2415 Eakin St., Dallas, well-known Texas citizen, says Karnak, the sensational new medicine, has freed him of two years of acute suffering from stomach trouble. "Indigestion and bloating had me so I couldn't draw a deep breath," says Mr. Moore, "and I was simply afraid to eat. I had to be always taking strong purgatives, too, and was so weak I could hardly get around. "Karnak has fixed me up strong and well and for the first time in two years I eat anything I want. Karnak is a great medicine." Sold by City Pharmacy.

ASPIRIN

Beware of Imitations!

Unless you see the "Bayer Cross" on package or on tablets you are not getting the genuine Bayer Aspirin proved safe by millions and prescribed by physicians over twenty-three years for Colds, Toothache, Neuritis, Neuralgia, Headache, Lumbago, Rheumatism, Pain, Pain. Accept "Bayer Tablets of Aspirin" only. Each unbroken package contains seven directions. Handy boxes of twelve tablets cost few cents. Drug stores also sell bottles of 24 and 100. Aspirin is the trade mark of Bayer (Manufacture of Monastheim-Dierdorf of Germany).

electing Davis, or throwing the election into congress where either Davis or Bryan might be the winner.

The business men are not afraid of Davis, but they fear if Bryan is elected. He is not a big man, and is governed by prejudices. He is an accident in politics, and went into the governor's chair of Nebraska by accident. He would be a serious accident and a great political menace if elevated to the presidency. Davis is recognized as a big man—the biggest before the recent national convention—a safe and sane statesman of the conservative type. To trouble with both Coolidge and Davis is that they think the United States begins and ends in New York. They ought really to get acquainted with this great country of ours.

It is a great thing to take a vacation. Every man owes it to himself to get out and away from his business for a short while. He can work harder by getting away for a short rest. The greatest thing about a vacation is to get out and see how the other folks are living.

Editor Jess M. Adams of the Plainview News was brutally attacked last Wednesday afternoon and suffered a broken jaw for having published in his paper a report from the court records of a man who got in trouble. It is stated that he will be in the hospital for several weeks owing to the injury. Adams told the fellow he should have kept out of court if he did not want to see his name in the paper—which is right.

John W. Davis told the Maine voters in very plain language what he thought of the Klan. Dawes came along the next day and gave the Coolidge-Dawes opinion of the same organization. The Klan may expect no sympathy from either party.

Yes, it is great to be back in the Panhandle.

FRESH GROCERIES

"A good dinner makes the whole world grin"—or words to that effect—once said an ancient sage—and he knew what he was talking about. Good dinners are impossible without fresh, wholesome groceries and food stuffs—the kind you will find here.

Right now you will find these appetizing morsels most seasonable and "welcome" on your table.

ORTON'S GROCERY

U.S. Royal Cords

BALLOON ~ BALLOON-TYPE ~ HIGH PRESSURE Built of Latex-treated Cords

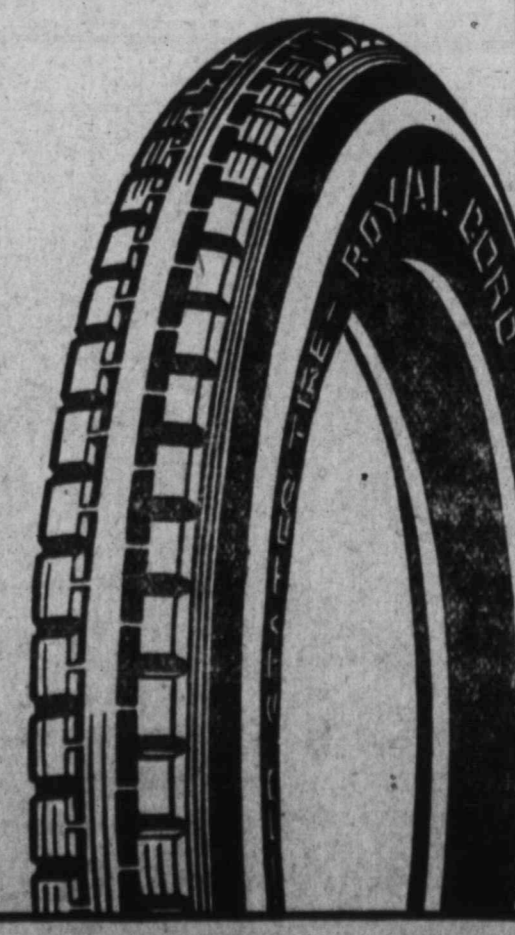

TIRE building took a big step forward when the makers of United States Tires invented the Latex Process.

The added strength and wearing quality given by Latex-treated cords is something that the user of Royal Cords can tell you about from his own experience.

Royal Cords are the standard of value in cord tire equipment—even more certainly today than ever before.

And this holds good whether you are considering a High-Pressure Tire, a Balloon-Type Tire to fit your present wheels and rims, or a Balloon Tire for a 20 or 21 inch wheel.

## DISTRICT COURT COMES TO CLOSE SATURDAY P. M.

TWELVE INDICTMENTS RETURNED BY GRAND JURY.

Appeal Bonds of Colthrop and Hull Are Forfeited—Light Business During the Session.

The August session of the District Court came to a close Saturday afternoon. The docket for the session was not heavy, and little business was transacted.

The grand jury reported Friday to Judge Henry S. Bishop as having been in session four days and having examined forty-six witnesses. Twelve indictments were returned, one felony and eleven misdemeanors. Sheriff W. C. Black was highly commended by the grand jury for the services rendered the county during his administration. S. B. McClure was foreman of the grand jury and H. C. Roffey clerk.

J. L. Thompson vs. J. D. Bybee was dismissed for want of prosecution on the part of the plaintiff.

Louis F. Hart vs. Ell Cousineau et al. judgment for the plaintiff.

Several tax suits in the Amarillo Independent School District on land located in this county were transferred to the Potter County District Court, which opened Monday.

Judge Reese Tatum of Dalhart exchanged places with Judge Henry S. Bishop in hearing two Amarillo Independent School District tax suits.

Mrs. Hattie Swink was given a divorce from J. T. Swink. A contract for the division of the property was approved by the court. Custody of the two minor children, J. T. Jr. and Jessie, was given Mrs. Swink.

C. R. Burrow, J. B. Fox and W. E. McCormick served as jury commission, selecting members of the grand jury and petit juries for the next term of court in February.

Mrs. Jessie May McCarter et al vs. Western Union Telegraph Co. judgment for the plaintiff in the sum of \$500 for failing to deliver a telegram.

A number of Randall county tax suits were dismissed, the owners of the property having paid off the delinquent taxes.

B. P. Franks was given one year in the penitentiary for violation of the liquor laws. A motion for new trial was overruled and notice of appeal was given Thursday.

Sureties for A. A. McNeil were given until the next term of court to produce him to serve his sentence of one year in the penitentiary.

## Do You Want More Customers?

The News covers Randall County like a blanket. Your advertising message in the News reaches the people you want as your customers—they buy somewhere, why not from you. Invest in regular advertising during 1924 and be convinced that it pays big dividends.

The appeal bonds of J. D. Colthrop and Charlie Hull, convicted of violations of the liquor laws, were declared forfeited by the court, these men having disappeared after their conviction and not being found to serve their sentences in the penitentiary.

A report of C. N. Harrison, O. W. Gano and T. V. Reeves upon the finances of Randall county was received Friday and the committee discharged by the court.

### ROB FILLING STATION.

Johnson's Filling Station was entered Monday night and from ten to fifteen casings and tubes were stolen. No other property was touched, and a little money in the cash register was overlooked.

Admittance to the building was gained through a transom.

### MANY SCHOOL TRANSFERS.

Judge R. L. Lester states that there were many more transfers for school purposes this year than in previous years. A large proportion of the transfers were made to the Canyon Independent district, the Happy Independent district and the Amarillo Independent school district.

### ONE SOLID REASON

"Aw, what good is percentage?" growled Tommy.  
"Now Tommy," asked his teacher reproachfully, "don't you want to learn how to figure hatting averages?"—Louisville Courier-Journal.

According to a statistician of Munich Germany, every thirteenth inhabitant of the world lives in a city of more than 100,000 population. In Europe alone the proportion is even greater than for the whole world, for every seventh person on European soil lives in as large a city.

During the nineteenth century the population of the world grew from 640,000,000 to 1,600,000,000. It is increasing at the rate of 20,000,000 a year during this century.

## Agreements Are to be Made Between College and Boarding Houses

In order that there may be a clearer understanding and a better cooperation between the College and those who care to board the students for the coming year, it is deemed advisable that there be a written agreement between the College and the boarding housekeepers. A number of boarding housekeepers have expressed a desire to enter into such an agreement, and the College authorities think that it is best for all concerned.

Therefore all who care to keep student for the regular session of 1924-25 will be asked to sign the following contract:

"I hereby agree to cooperate with the authorities of the West Texas State Teachers College in enforcing the regulations of the school in regard to the conduct of students who live in my house:

"I further agree to report promptly to proper authorities all violations of the regulations of the school. I agree that in case of failure on my part to enforce school regulations or in case of failure to cooperate with the College authorities in this matter, that I forfeit my right to keep students in my house."

We have learned that the following boarding housekeepers have agreed to take students for the coming year and when they have signed the above contract their names will be placed upon the approved list of boarding and rooming houses: Mesdames Fred Scott, J. M. Anderson, Alice McGuire, J. W. Haggan, F. F. Gregory, R. D. Robbins, J. C. Pipkin, W. C. Squires, R. I. Graves, I. C. Jenkins, G. B. Combs, J. A. Moore, Bartlett, J. T. Service, T. J. Morris, Tom English, Clyde McElroy, G. T. Whaley, I. W. Scott, S. E. Johnson, Sallie McGehee, J. M. Winstead, I. W. Huber.

Others whose names do not appear on this list may make application to the President's Office at the College. All parties wishing to have contracts mailed to them will also phone 59 as soon after September second as possible.

### TRUTH, NOT POETRY

Hardware Clerk—If the boss liked to get off on Saturday afternoons as well as I do, I'll bet he wouldn't work.  
Fellow Employee—Yes, and if he liked to get off as well as you do he wouldn't be boss.—Good Hardware.

The largest map in the world is being made in San Francisco. It is 600 feet long and eighteen feet wide, and shows all the natural as well as man-made features of California.

## Is Dempsey Through?

A passing speedster side-swiped Jack Dempsey's sedan—putting his car in the ditch and the champion in the hospital with a busted right arm. The boxing world is now wondering if Jack's "breadwinner" will carry the same old wallop.

### BLESSED

"Blessed are the merchants who advertise because they believe in it and in their business; for their prosperity shall increase manifold."

"Blessed is the woman who sends in a written account of a party or a wedding; for she shall see the details of her function and the names of her guests correctly reported."

"Blessed are all those who do not expect the editor to know everything, but who call up and tell him whenever an interesting event occurs to them; for they shall have a newsy paper in their town."

"Blessed are they who get their copy in early, for they shall occupy a warm place in the editor's heart."

"Blessed are those who co-operate with the editor in his efforts in behalf of the community; for their town shall be known far and wide as a good place in which to live."—Exchange.

### MEAN

First Bootlegger—Talk about dirty tricks!  
Second Bootlegger—What now?  
"One of my customers died without paying me for the bottle of hooch that killed him."—Judge.

The idea of circumnavigating the globe in the air is 120 years old. In 1804 a Belgian aeronaut named Guillaume-Eugene Robertson proposed to scientific societies of Europe the construction of a huge aerostat for an aerial voyage which would circle the earth. The idea was received indifferently and the matter was dropped.

The Black Stone at Mecca is the most kissed object in the world; even more kissed than the Irish Blarney Stone. No true Moslem, after having made a pilgrimage to Mecca, would think of leaving without first kissing this sacred stone.

A mining engineer has estimated that it took ten thousand men one thousand years to perform the ancient mining work found in Isle Royale copper workings. Not less than one thousand tons of broken hammers alone have been found in the ancient diggings.

The Filipino market women squats on her heels beside her wares and rolls her betel nut with oyster shell lime in a bitter leaf before chewing it. The nut blackens the teeth and colors the mouth blood red, but the natives deem it a satisfying and healthful indulgence.

Weaving was practiced in China more than a thousand years before it was known in Europe.

### MAYBE THE EYE!

Do you know that eye strain is frequently the real cause of headaches, nervousness and other ailments?

Find out whether your eyes need attention. Remember—an ounce of prevention is worth a ton of cure. "Better to be safe than sorry."

## S.S.S. keeps away Pimples

There are thousands of women who wonder why their complexions do not improve in spite of all the face treatments they use. They should not continue to wonder. Eruptions come from blood impurities and a lack of rich blood-cells. S.S.S. is acknowledged to be one of the most powerful, rapid and effective blood cleansers known. S.S.S. builds new blood-cells. This is why S.S.S. routs out of your system the impurities which cause boils, pimples, blackheads, acne, blotches, eczema, tetter, rash. S.S.S. is a remarkable flesh-builder. That's why underweight people can quickly build up their lost flesh, get back their normal weight, pink, plump cheeks, bright eyes, and "pop."

S.S.S. is sold at all good drug stores in two sizes. The larger size is more economical.

## RED PEP'S PHILOSOPHY

## THE PASSING DAY

By Will H. Mayes, Department of Journalism, University of Texas.

At the recent meeting of the American Legion at Brownwood, Alvin Owsley, Past National Commander, called attention to the decrease in membership since the first year of the Texas organization, and asserted that if the Legion is to live it must have some constructive work in hand. In that statement Colonel Owsley struck the right chord. The Legion as an organization cannot survive long on the war records of its members, however glorious the achievements of the American forces may have been. It cannot be kept alive by conventions, even though all the membership could be induced to attend. Brass bands, patriotic speeches, cheering and hurrahs, handshakings, and war time reminiscences furnish inspiration only when they are the spontaneous outcome of something more far-reaching and vital than these things themselves. They are merely the evidence of something deeper.

In that talk, which was a wonderful inspirational address, Colonel Owsley, told of what other achieving state Legions are doing, and rather plainly suggested that the Texas Legion can engage in no greater constructive work than in caring for the needy orphans of World War veterans. A movement of that kind would be something that would enlist the hearty support of every legionaire and that would make them all feel that they have something more to do than merely to keep alive the memories of war times or to strengthen the bonds of personal friendships formed around a common cause, however ennobling that cause may have been. Youth, and members of the Legion are yet young, must have something to look forward to, for youth seldom busies itself long with the past. The Legion will thrive in proportion as it works toward some definite purpose.

What has been said of the Legion applies with equal force to every other organization in the land. Civic clubs like the Rotary, the Kiwanis and the Lions, soon learned that they could not hold their memberships together solely for social purposes or even to talk about their beloved and over-used word, "service." Those clubs that make "service" mean something more than talk, or even more than intermittent effort to render service, are the clubs with enthusiastic memberships. They have something to do all the while, some worth-while purpose to accomplish, and having done one thing

## "Rain Padre"

For 25 years Father Jerome S. Ricard has sent out daily weather reports to the farmers near the Santa Clara (Calif.) University. Now the Knights of Columbus are conducting a campaign to erect a new observatory for him.

## Arch Killer

Police of Hanover, Germany, believe Fritz Haarman has murdered more than fifty, although he admits but twenty-two victims lured to his modest residence and murdered. Craving notoriety seems to be his only reason.

well, they set about doing something else. Action is necessary to life in anything. Inaction results in death. The churches, the clubs, the organizations of every kind are learning this lesson better than ever before.

Some towns and communities appear not to have made this discovery. These have never seriously undertaken any work calling for a general and united effort on the part of their citizens. They are smaller, as a rule, than they were a quarter of a century ago, are just dying through inaction, and in time will dwindle into insignificance. Readers of this paper do not have to travel very far to find such places. Nor do they have to make a day's journey to find places that are prosperous, that are growing, that are really places of which to be proud, and all because they are keeping alive through active effort. It is doubtful if there is a town in all Texas that has ever hurt itself through too much effort to lift itself into better conditions. People naturally drift to where something worth while is going on, and those that are any good as citizens will not stay where some constructive work is under way.

Some places push movements for a while, but having accomplished a thing in which pride may be taken, seem to think that they have nothing else to do but to rest and contemplate their achievements. They are like the war veterans who attend conventions for

no other purpose than to talk of what they did during the war. About the most tiresome fellow one ever meets is the chap who lives so much in the past that he forgets there are duties to be done today and plans to be made for tomorrow. A good town to escape from is one that is satisfied that it once established a park, built a hotel, constructed some streets, organized a band, painted the town pump, or did something else equally notable, and now feels that, having accomplished these wonders, nothing is left to be done. Legions, towns, clubs, individuals, must keep doing something worth while if they would keep interested and interesting. How do you measure when the "do-something" standard is applied to you?

### THE ANSWER

The Young Housewife—Professor, can you tell me how I can run my house without using so much coal?  
The Famed Economist—Certainly, my dear; burn wood.—California Pelican.

### FOUND

Christopher—Well, how'd you find yourself this morning?  
Marlowe—Oh, I just opened my eyes and there I was.—Virginia Reel.

## YOU NEED NOT FAIL

Tom Rankin was born in the harness room of a stable on Monroe street, in the heart of the Chicago stockyards, forty-nine years ago. His father, "Bull" Rankin, was a blacksmith, town bully, off-and-on prizefighter and a drunkard. His mother was an outcast. He was reared in filth, disease and ignorance and at 11 became a "killer's assistant" in the steer pens of the stockyards. Because he didn't kill fast enough his boss stabbed him and Tom was taken to a nearby hospital. Stubborn, brutal of instinct, dull of mind, he was nevertheless touched by the sweet appeals of a visiting social worker and upon his release was "presented" to the worker by his father. The worker arranged to send him to a farm in Montpelier, Vermont, and he was "taken in" as a green farm hand by a family named Taylor. He rose before dawn and worked until long after dusk at a monthly stipend of \$12 and keep, but his life was made mellow and soft and sweet by the kindly treatment of the Taylors, especially Mrs. Taylor. Encouraged to save, praised for his work, watched over and educated by the farmer's wife, young Rankin grew to manhood. When he was 35 years old he had \$1,800 in the bank. During that year the Taylors died of diphtheria and the small farm they had left to him he sold for \$2,500. With \$3,000 he moved to Burlington, Vt., a city of 19,000 inhabitants, and there bought a small chicken farm

in the outskirts where he began specializing in white and black Leghorn hens and eggs. Five years later he owned 1,500 such hens, seven Jersey cows and a few prize-winning hogs. He had developed a butter, cheese and egg trade not only in Burlington but in Boston, that netted him \$10,000 a year. Four years ago when he was forty-five he was said to be worth close on to \$100,000, the proceeds of the sale of his business to a large syndicate milk concern.

## CLEAN UP DAY FRIDAY

The sunburns and tans of August usually are a social embarrassment in September as popularity of summer sports wane.

By all means enjoy the outdoor life during summer, but for skin comfort use creams, lotions and talc which are cooling, soothing and healing. In our toilet goods department are many, many comfort-giving lotions. And they are all reasonably priced.

## Jarrett Drug Co.

## CLEAN UP DAY FRIDAY

## LUMBER Your Home!

Down through the ages the constant use of wood has proven it to be the best material for home-building. A lumber-built home with wood floors, wood mantles, staircase, window-frames and doors brings kindly memories to most of us because it was in such a home that we were born and raised. Lumber gives that "homey" atmosphere that all other materials lack. Use lumber to build your home. Lumber gives greater home comfort at more reasonable cost. Let us help you in planning and financing your home.

### WHEAT IS GOING UP. EUGENE MYER JR. IN CHARGE. BEER AND SHIPS. MORE THAN AIR MAIL SERVICE.

The Department of Agriculture says farmers all lost money on their wheat last year. It cost \$1.24 a bushel to grow it. The average price was 96 cents. Unless all signs fail, farmers will get all the wheat costs this year and a good deal more. Many sections of the country producing fewer than 15 bushels of wheat to the acre, with labor and fertilizer costing what they do, it is hard to see how wheat can pay, even at \$1.24. The Republican plan is to force the price to \$1.50. How many votes would that be worth?

If farmers have any wheat unsold from the last crop—they usually have none when the price goes up—let them hang on to it. And if they are wise they will hold for high prices the wheat now being threshed. When the really big people want wheat to go up, as they do now, it goes up. They have the power to make it go. It is not like one individual, professional wheat gambler, or little pool, short to fight the wiles of the "aboyt side."

Other grains, corn especially, and cotton and stocks, will travel upward with the wheat. What Republican victory, BIG VICTORY, demands is a prosperity boom. You'll have it. Remember that when cotton was below 25, announced that it would travel up to 35. It did. Moving steadily and higher than 35. What the big fellows want really happens.

Eugene Myer, Jr., able young citizen of many millions, is in charge of the plan to put up the prices of wheat and of other farm products to make farmers happy, and enable the Government to lend them more money.

DON'T GAMBLE, HOWEVER. It is virtuous to pray that farmers may have better times and better prices. It's foolish to gamble on it. No little man is smart enough or strong enough to survive in that

game. If you happen to come in contact with Eugene Myer, Jr., who is now traveling through the West, you might get valuable information. It is said he intends to put the average value of cattle up \$10 a head. That would help some.

A time is coming when lack of American-owned ships will cost us more billions than that same lack cost in the last war.

The various brands of beer, religion, foreign entanglements, etc., all have their importance.

But none is as important as the safety of the country. And that depends on ships. ON the water for carrying goods and troops, ABOVE the water and UNDER the water, for fighting.

A little while ago we were begging England to make room for our soldiers in her ships, and paying English shipping companies first cabin rates for less than steerage accommodation for American soldiers sent over to help England and France.

But all that seems to be forgotten. Dr. E. Lyman Fisk, scientific authority, says "Alcohol is a liability." Tests prove that "moderate drinkers do not live longer than total abstainers." That's interesting and important.

However, those on the other side of the fence say "Mere LENGTH of life is not the important thing. It doesn't matter so much how LONG you live, as how EFFICIENTLY you live."

The younger Pitt, for instance, undoubtedly drank himself to death. But while he lived he kept Napoleon Bonaparte out of England. And that was more important to Englishmen than having him live to be one hundred and fifty would have been.

Again, it may be said that if he had drunk only water, he might have been in addition to good a Prime Minister in twice as long to be a hundred.

About these things we, as yet, know nothing.

While you are sleeping, officers for the post office are "right patches" blazing with lights of many million candle power. Eventually, of course, that lighting will be cheap. It is only a question of power, of borrowing from the sun in the daytime enough energy to duplicate sunlight feebly at night.

Postmaster General New is to be congratulated on his excellent work in developing the aerial mail delivery. What he does for a greater mail delivery, while most important, is of far less value than his admirable work in developing the American

### Dr. F. M. Bralley Dies Saturday in Dallas—Was Head of C. I. A.

Dr. F. M. Bralley, president of the College of Industrial Arts, Denton, died suddenly Saturday morning at a hospital in Dallas.

Dr. Bralley is one of the best known educators in Texas. He has held a most prominent place in the educational world for several years. He served to teach school in 1892. He started in many prominent educational positions, being State Superintendent of Public Instruction for two terms. He became president of C. I. A. in 1914.

President J. A. Hill attended the funeral services at Denton Sunday afternoon.

### A WORD TO THE WISE

There's a place in Amarillo, Seven fourteen Taylor Street. If all women will but go there. A great enjoyment they will meet. As you pass along the sidewalk, To a sign you lift your eyes— "Mineral-Lava" in gold letters. One word sufficient to the wise. "Scott's School of Dancing" is known by

And if you step inside the door The art of youthfulness you'll learn Your wrinkle worries then are o'er. Get a Mineral-Lava Facial The result will bring glad smiles; Have your hair bobbed to your liking. We'll show you New York's latest styles.

Bring the kiddies for a hair-cut, Try a shampoo and marcelle. Finish with a maniere Will correct beyond a doubt.

If you worry day and night Because your figure is too stout, Our gymnasium exercises Will correct beyond a doubt.

There's no excuse for being clumsy Learn to dance, don't be a wall-flower. You'd be surprised at all the knowledge You could gain in one half hour.

If women follow our instructions With health and beauty their intention In a short time the result will be Never more, Old Maid's Convention. By Norma Harris.

### WISDOM OF SOLOMON

Solomon was a wise man because he lived in a day when women did not bob their hair and it did not cost him \$500 whenever his 1,000 wives decided they needed a hair-trimming. Solomon saved himself the trimming. Bryan Eagle.

He was also wise in that he selected an age and time in which to live when he didn't have to buy fall millinery in August and winter hats for his wives in September. He also used the clay for building purposes instead of having to look upon a thousand faces plastered over with it to improve their looks. Oh, yes, Solomon was, indeed, a wise man.—Mineral Wells Index.

"You wish to be our candidate? What are your political views?" "Just whatever you like!"

### Umbarger Notes

Several good rains fell here during the week. The ground is in good condition for planting wheat.

Mr. and Mrs. Joe Beckman entertained a few of their friends by a dance Saturday evening.

An entertainment was given at the John Straub home Sunday evening.

Mr. and Mrs. George Grimm made a business trip to Amarillo Friday.

The F. Richards & Sons shows were in Umbarger Saturday evening. The show was well attended from surrounding country.

Sixty-one votes were cast at the second primary election Saturday.

The farmers are busy preparing land for wheat.

Mr. and Mrs. Otto Skarke will leave for Tulsa, Oklahoma, soon.

### BAPTISTS ATTENTION.

Your pastor wants to have a short heart to heart talk with you. Do you love your church? You say "I do, dearly." This is what you ought to say. Then let me say this to you. "The next few months will determine whether or not your church will take her rightful place as a mighty factor for the uplift of Canyon." Great institutions are built by men and women of great vision and great faith. Are Canyon Baptists that type of folks? We ought to be, for we have a great Savior, a great salvation, a great opportunity to serve Him.

What will be our response to be our present challenge? Your pastor goes Sunday afternoon to do the preaching in a meeting at Silverton, but before he goes he wants to meet you at the church Sunday morning in a great service of worship. He is going to preach on the text, "Life up your eyes and look." Won't you who reach this word pass it on to your brothers and sisters and bring others with you to church next Sunday. YOUR PASTOR

### ANOTHER BONEHEAD

A few nights ago a blind Ford had the nerve to run into a big Studebaker with both eyes wide open on the streets of O'Donnell. When the cars were separated the Studebaker had to go on the shelf for repairs, while the Ford went chugging merrily along. No one was hurt in the mix-up.—O'Donnell Index.

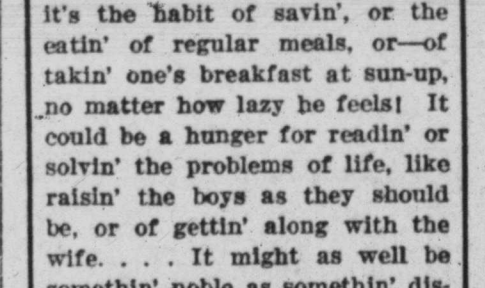

### PRINCE OF WALLS

With the Prince of Walls coming over to see the polo matches the sport this year will attract greater interest than ever. Here's hoping his host has picked out a quiet old Dobbin.—Corsicana Sun.

Falling in that let us hope that he picks out a nice soft spot in which to fall.—Mineral Wells Index.

### Poem by Uncle John

The things that "grow on a feller" ain't always an object of dread... unless it's tobacco or whiskey—or somethin' that flies to his head. It could be—a passel of whiskers—a covey of wrinkles or warts, for the things that grow on a feller must be reckoned as different sorts. . . . But—when it's the habit of savin', or the eatin' of regular meals, or—of takin' one's breakfast at sun-up, no matter how lazy he feels! It could be a hunger for readin' or solvin' the problems of life, like raisin' the boys as they should be, or of gettin' along with the wife. . . . It might as well be somethin' noble as somethin' disruptive and bad, for the things that can grow on a feller should render him tranquil and glad! In the capable way of selectin' it's resky to judge with a whiz—feller, the idea that grows on a feller, will make him the man that he is.

## FOOTBALL PROSPECTS FINE? YES!

### Goodwin Twins Here and Ready for Opening of Training Camp

The Twins are here! That was the welcomed news that rapidly spread through local football fandom Sunday when Earl and Merle Goodwin, the two mighty Buffalo half-backs herded their jitney into Canyon and wanted to know what was what.

The boys have been tossing forward passes during the wheat harvest in Kansas with the business end of pitch forks and scoop shovels and look like they were fit enough to tackle a live sized buzzy saw.

After conferring with Coach Sam D. Burton about the opening of the training camp on Sept. 10th, and spending a few hours with friends, they went to Clarendon to spend a few days with their sister.

The return of the twins started football talk galore and what the Buffaloes might expect to do to the various opponents this fall. From every indication, the Buffaloes will have the greatest football machine in the history of the school. There will be a great line up of material, an able coaching staff and a body of enthusiastic followers to cheer the football warrior on to a clean sweep of the T. I. A. A. championship.

We're itchin' for the whistle to blow!

#### IT IS A GREAT SCHEME

"Why is your window filled with misspelled and ungrammatical signs?" asked the inquisitive man who had gone in the store.

"Why, people read the mand think I am a yep and come in to short change me," replied the storekeeper. "Can I do anything for you?"

#### POLITICS AS PERFORMED

"Would you advise me to go into politics?"

"Yes," answered Senator Sorghum. "Every man and woman ought to be in politics. Only we need more people who will study how they ought to vote instead of how they can get voted for." —Washington Star.

### High School Eagles to be Issued Uniforms at 3 O'clock Monday

Coach Nay Hale announces the first meeting of the high school Eagle football squad for next Monday afternoon at three o'clock.

New uniforms will be issued at that time and the men instructed regarding the practices of next week.

Coach Hale expects to begin to put his men through hard training next week in order to get ready for the Amarillo game, which is the opening game of the season, and will be played during the Amarillo Tri-State Fair.

Several new men have been around to see Coach Hale and Supt. A. D. Payne, and from all indications the Eagles will have a good line up of old warriors and a plucky squad of new material for the opening of the season.

#### SELF-SACRIFICE

"You say your husband died from unselfishness, but the neighbors say he died from drink."

"It was unselfishness. The poor man drank so much to others' health that he forgot to take care of his own." —Judge.

### Randall County Will be at Tri-State Fair in Amarillo September 22-28

O. V. Vernon of Amarillo was in the city Thursday and completed arrangements with J. W. Jennings, county agent, for the Randall county exhibit in the Amarillo Tri-State Fair Sept. 22-28.

The College Band will participate in the review The Pageant of the Plains and has entered Miss Elizabeth Shaw as Duchess.

The Fair Association has designated Friday, September 26th as Canyon day at the Fair. The College will close for the day, and a great demonstration is planned for this day. More than a thousand College and Canyon people will visit the Fair on that date.

Mr. Vernon states that the Fair Association is investing \$100,000 in the Fair and will make it the greatest regional fair in Texas. He is very enthusiastic over the possibilities of a great Fair this year.

#### Notice of Sale of Real Estate and Personal Property Under Execution.

THE STATE OF TEXAS, County of Randall.

D. E. Covington vs. W. L. Hutcheson et al, Defendants. In District Court Randall County, Texas.

Whereas, by virtue of an execution and order of sale, issued out of the District Court of Randall County, Texas, on a judgment rendered in said court on the 22nd day of January, A. D. 1924, in favor of the said D. E. Covington, and against W. L. Hutcheson et al, numbered 989 on the Docket of said Court, I did on the 6th day of August, A. D. 1924, at 9 o'clock A. M. levy upon the following described tract and parcel of land, situated in the County of Randall, and State of Texas, and belonging to the said W. L. Hutcheson, to-wit:

All of the South half of Section 50, Block M-S, Adams, Beatty & Moulton, Survey in Randall County, Texas; and the North one-half of Section 49, in Block M-S, Certificate 871, issued to Adams, Beatty & Moulton, in Randall County, Texas; and on the 2nd day of September, A. D. 1924, being the first Tuesday of said month, between the hours of ten o'clock A. M., and four o'clock P. M., on said date, at the court house of said County, I will offer for sale and sell at public auction for cash, all the right, title and interest of the said W. L. Hutcheson, L. L. Berry and John Davis, in and to said property;

And by virtue of said order of sale and execution directed to me as aforesaid, I will proceed to sell within the

hours prescribed by law for Sheriff's sale, on the first Tuesday in September A. D. 1924, it being the second day of said month, at the improvements situated on the land and premises first above described, the following described personal property to-wit:

One 15-27 Case Engine; one five disc Eng. Plow; one eight foot International Tandem Tractor Disc; one Superior wheat drill; one wagon; two one row go-devils; two smooth mouth gray mares; one three year old gray horse; thirteen sows, one boar; 27 pigs; about four hundred bushels of oats; about three hundred bushels of barley; two sets of leather harness; levied on this the 6th day of August, A. D. 1924, as the property of W. L. Hutcheson, by taking possession thereof as required by law.

The real estate herein above described was levied upon on the 6th day of August, A. D. 1924, as the property of W. L. Hutcheson, to satisfy a judgment amounting to Two Thousand Eight Hundred Sixty-three and 77/100 (\$2863.77) Dollars, (less \$1350.00 paid thereon on the 6th day of May, and \$250.00 paid on July 15th, and \$250.00 paid on July 19th, 1924) in favor of D. E. Covington, and costs of suit.

Given under my hand this 6th day of August, 1924.  
W. C. BLACK, Sheriff,  
Randall County, Texas.

WILFORD TAYLOR, Clerk

## FOUR MEMBERS OF PARK COMMISSION ARE VISITING CANYON—SEEK GREAT STATE PARK IN PALO DURO CANYON

The possibility and the probability of a great State Park in the Palo Duro Canyon was clearly the mission of the State Park Commission, and the theme of the talks made last night at the mass meeting of Canyon citizens held at the Court House.

Every member of the Commission expressed the belief that the project would be put over, if the people of this section grasp the wonderful vision of the State Park and worked hand in hand to this accomplishment.

Members of the State Park Commission on this tour of inspection are: D. E. Colp, chairman of San Antonio; Mrs. W. C. Martin, vice chairman, of Dallas; Hobart Key of Marshall; Mrs. Phelo K. Warner of Claude.

The Commission is accompanied by M. V. Prather of the Kentucky State Park Board.

The date of the coming of the Commission was changed from the one announced last week, and the Commission came to Canyon yesterday. A reception was hurriedly organized, and with the women of the City Federation in charge, a bountiful picnic lunch was spread on the court house lawn at seven o'clock. The Park Commission members stated this was one of the finest luncheons they had had during the tour of inspection, and highly praised the work of the City Federation.

After the luncheon, the crowd was called to the district court room where members of the Commission were called upon to tell of the work they were doing. C. W. Warwick presided.

Mr. Key gave a general outline of the trips they had taken and the park sites they had visited. He stated that the greatest thrill of the trip came when the party came up the cap rock and viewed the wonderful Plains country. He marveled at the wonderful development that had taken place in this section during the past few years. The danger is that this section will be overgrown before the people realize it. He urged that the people think now of the years to come and prepare now for the future by laying out and making public parks for the coming generations. He believed the Palo Duro to be without parallel in this country. Several thousand of acres should be set aside for a park. It was a big project for big people.

Mrs. Warner stated that if all of the beauty of Texas could be brought together, there would be more of this beauty than in Colorado or California. But there are thousands of acres of rich fertile land intervening. People use Texas as a bridge to connect the east and the west, the north and the Gulf, and do not stop to see our beauty because we have not provided to care for them. People cannot see the beauty spots because they cannot reach them. The thoughtless public has fenced these places to be closed. The biggest thing of its kind in this country is the Palo Duro canyon.

Mrs. Warner believes in parks and told of the millions of dollars being invested by cities in parks, where very high prices are paid for land because the former generations have laid out park systems for the present generation. Mrs. Warner believes that the parks have a wholesome influence upon people and discussed the divorce evil, Texas leading the entire world in this thing. She blamed this to the lack of rest and recreation of our people. She urged this section to make a start to get a park in this wonderful canyon. She stated that all of the Panhandle towns wanted the Palo Duro as a park, rather than to have small parks established near their own towns.

Mrs. Martin described Mrs. Warner as the biggest and best thing about this great country of ours. She told of her interest in the Panhandle and her great surprise in coming on the Plains to find such great crops and land at such low prices. She would go back home and certainly send some good farmers to help develop this section.

Mrs. Martin pledged her influence to the establishment of a great park in the Palo Duro canyon.

Mr. Prather discussed briefly the work of the Park Board in Kentucky. He believed this section should have a State Park of 15,000 acres or more and urged the citizenship to take the plunge in establishing this park. He told how Houston had pledged one-half of its total bank resources to dig the ship canal, and a great park could be established out here for much less.

Mr. Colp, chairman of the Commission, stated that the touring business was much bigger than most people usually suspected. The park system was going to cost less than people generally thought. Mr. Colp stated that work was to start at once on the Glazier to Gulf Highway, making a series of

state parks, deeds for which he was receiving along the way. The highway commission was building roads to all of these parks. Governor Neff was giving fifty convicts on parole to do the work. The highway commission was able to do the work much more cheaply than would the park commission. He wanted to build a scenic highway along the Palo Duro canyon, and to begin the work this winter. He believed this would be one of the biggest financial assets this town would have.

Mr. Colp told of the large number of park sites that had already been donated, and expressed the belief that the people of the Panhandle would give a great body of land for a state park.

Mrs. T. V. Reeves, chairman of the Randall County committee, stated to the Commission that Randall County's offer was not ready to present, but believed that a gift of 5,000 to 6,000 acres would be ready within six months.

The Commission was unable to go to the canyons this morning owing to the rain, but will leave about noon for a trip to the Lighthouse.

### Happy Happenings

Mr. and Mrs. Foster Shenefeldt left Sunday for their home in Missouri after a weeks visit here with relatives and friends.

Miss Mary Elizabeth Lemons spent the week end at Wayside with friends.

Hurley Maynard was operated on Monday afternoon at the Plainview sanitarium for appendicitis. At last reports he was resting well. His mother, Mrs. B. J. Maynard, accompanied him.

Mr. Sanders and McCrea, two of the managers of the new gin plant here, came in Saturday from Oklahoma.

H. E. Hawes visited in Lubbock Sunday.

Mrs. O. R. Bridges and daughter, Joe and mother, Mrs. Ball, returned Tuesday from Oklahoma where they have been for the summer.

J. H. Wrenn and son, Virgil, and W. H. Brown were Tulsa callers Monday.

Mrs. Ella Dillon visited Mrs. Eva Currie Saturday.

Mr. and Mrs. Hugh Holland returned to their home near Texhoma Saturday after visiting several days in the parental J. M. Evans home.

Mrs. Ethel Wesley and children left Sunday for Tulsa to visit a few days with her parents, W. L. Laroe and family.

Charlie Laroe and Mr. Ballard and wife from Kaufman county spent last week with their brothers, Sam and Tom Laroe, east of town.

Miss Estelle Cates of Floydada is spending the week with her sister, Mrs. O. M. Fowler.

Mr. and Mrs. H. A. Grounds of Amarillo were here Saturday.

O. M. Fowler returned home Saturday from the sanitarium in Amarillo where he underwent an operation. He is able to be about again.

Dr. Webb returned from Oklahoma Saturday bringing his family with him. He will locate here and take up his profession as a physician, taking Dr. McElroy's place, who left recently for Arkansas.

Mr. Hodges and family of Plainview moved into the Dr. McElroy house last week.

Mrs. Ruth Grounds, who was sick last week, is able to resume her position as telephone operator this week.

Miss Virgie Maynard returned Sunday from Amarillo where she visited her sister for several days.

Miss Minnie Grounds returned to Dallas Tuesday after visiting her parents, Mr. and Mrs. C. L. Grounds for several days.

Miss Edna Grounds of Amarillo visited relatives here Saturday.

R. J. Pugh and family left Sunday for Fort Worth to visit a week or two.

The highest telephone in the world is located on the summit of Pike's Peak in Colorado, at an elevation of 14,110 feet.

### Child-birth

It is explained in wonderful book sent free to all Expectant Mothers.

MAKE the months of expectancy easier, freer from tension and pain; and make the birth of your child a happy event, free from any fear or apprehension, by using "Mother's Friend," the externally applied remedy for expectant mothers, known and used by three generations of mothers.

Use "Mother's Friend" as our mothers and grandmothers did. Start today, and meanwhile write to Bradford Regulator Co., B-A 17, Atlanta, Ga., for wonderful free booklet (sent in plain envelope) containing information every expectant mother should have. "Mother's Friend" is sold by all good drug stores—everywhere.

### French Champ Here New Bryan Pictures

Epinaud, the fastest French thoroughbred, is now in the U. S. and under the careful training of Eugene Liege is being conditioned for three races against the American champions of the year—as yet to be selected.

Latest studio picture of Chas. W. Bryan, Democratic Vice-Presidential nominee, taken since his nomination. Lower picture is of Mrs. Bryan, wife of the nominee.

### Diving Made Easy

A. G. Johnson, of Chicago, liked to dive but disliked water in his eyes, ears and nose, so invented this cap, which has proved practical. Those who wear glasses can have special lenses fitted into the cap.

**SIXTY and no regrets**

Age should have its compensations. It should be free from all worries and responsibilities of younger years. There should be no financial worries—and there are none for the man who during producing years spent less than he earned and banked the difference. At any age, it is neither too soon—nor too late, to be moderate in all things—and happy.
