

BUFFALOES ARE DEFEATED BY THE DENTON EAGLES

SCORE OF 14 TO 7 ENDS HARD GAME MONDAY.

Buffaloes Did Not Get Into Fight Until Eagles Had Scored Twice—Lone Touchdown in Third.

The Buffaloes lost the first T. I. A. A. game Monday at Denton to the Denton Eagles by a score of 14 to 7. Denton scored during the first few minutes of play in recovering a fumbled kick, and again in the second quarter by straight football. The Buffs put over their only touchdown during the third quarter when Bivens recovered a Denton fumble and raced 65 yards to within striking distance of the Eagle goal, and Crump went over on a pass.

Buffalo players state that Denton has a strong team, with a heavy line and fast backfield. Trick plays are their specialty. The Buffaloes place the Eagles on about the same par as the two New Mexico teams, but are confident they would have won had they not been worn-out from the long time.

Noah, Griffith, and Knowles starred for the Eagles, while Burson, Gamiel, Bivens and Mitchell were the outstanding players for the Buffaloes. In the opinion of the newspapermen at the sidelines, Odus Mitchell was easily the outstanding player on the field. Mitchell playing with a broken nose played one of the greatest games of his career.

Sixteen Redmen made the trip in the College bus.

BOLL WORM NOT SCARING OLD COTTON RAISERS OF PLAINS

The fact that the boll worm caught a large part of the late cotton this year is not discouraging the experienced cotton raisers who know the history of the worm.

G. E. Nance states that he has seen the boll worm come and go for more than thirty years. Mr. Nance states that whenever there is a very wet winter followed by a very cold spring, then look out for the worm as it is coming in large numbers. The worm not only affects cotton, but destroys all kinds of headed grains.

It is stated that the worm hit harder this year along the Denver than any place on the Plains. The worm there cut short the row crop very materially. The worm is nothing more or less than the same worm which often gets the Indian corn crop, but this year it has not affected the Indian corn. Mr. Nance states that he has about 2,000 bushels of Indian corn this year.

PERKINS-SMITH WEDDING.

Wray Smith of this city and Miss Maude Perkins of Plainview were married Saturday night at eight o'clock at the Baptist parsonage, Rev. Lyn Claybrook officiating.

The bride has been attending the College, and has been very popular in the student body. Her father was a member of the Perkins-Stubbs firm in Plainview. The groom is the son of Mr. and Mrs. W. D. Smith of this city and is employed by the Thompson Hardware Company.

The many friends of the bridal couple wish for them all happiness in their wedded life.

CRAWFORD-BOYS

Miss Ruth Crawford, former Canyon girl, was married Tuesday at Lubbock to Mr. Jim Boys. The groom is a successful business man at Lubbock and the bride is the daughter of Mr. and Mrs. Leslie Crawford, formerly of this place, having moved to Lubbock the latter part of the summer. Mrs. Boys has many friends here who extend to her the most hearty congratulations.

CANYON GIN TUNING UP AFTER MACHINERY PLACED

The Canyon gin is being tuned up after the machinery was placed this week. The gin burned three weeks ago tomorrow. Machinery was ordered at once and work started on the reconstruction. The engine and boiler was not damaged in the fire.

The business men of Canyon made a gift of \$1,000 to have the gin replaced in time to take care of this year's cotton crop.

Mrs. B. C. Taylor and daughter, Miss Mildred, and Mrs. Carl Laughery and little daughter, Zella, were shopping in Amarillo Tuesday.

News Will be Published on Wednesday of Next Week

Owing to the fact that next Thursday is Thanksgiving, the News will be published on Wednesday. It is a mighty hard job to miss an entire day in the middle of the week for a printing plant, and the News asks that advertisers and correspondents send in their material for the News a day early.

We thank you in advance for this favor.

Inch of Rain Falls Friday—Mighty Fine on the Big Wheat Acreage

A mighty fine rain, just the kind that the farmers have been looking for, started to fall early Friday morning and continued throughout the greater part of the day.

Up until seven o'clock there had been rain amounting to .79 of an inch, and during the day .21 of an inch was added to the rainfall.

The rain came at a critical time so far as the wheat is concerned, as the early wheat crop was needing the rain very badly. Only the very earliest wheat had suffered, however, but this was not damaged materially. The late wheat was growing fine in spite of the light rainfall this fall.

The rain will hold up cotton picking for a week, but will not damage the fleece staple.

Hereford Hi Will Meet Canyon Eagles Friday—Floydada Thanksgiving

The Hereford high school will be in Canyon Friday afternoon for a return football game.

In the first game between the two teams, the Canyon Eagles won by a score of 20 to 6. Since that time the Eagles were eliminated by the Clarendon team. Hereford has a greatly improved team, according to information given out, and last week defeated Tulsa. The Eagles have been hard at work this week getting ready for the game.

The big game of the season will be played on Thanksgiving when the Eagles meet Floydada high school at Buffalo Park. These teams have played the past two years, and each has a game to its credit. The game will probably be the hardest the Eagles have to play this season, and Coach Noy Hale is getting his men in trim for this fray.

NEW BRICK BUSINESS HOUSE FOR NORTH SIDE VERY SOON

A new brick business house 30x60 feet for the north side of the square will be announced after Christmas, so the News is informed by interested parties. It is understood that the business house has been leased after completion.

WILL TRANSFER TO CALIFORNIA

R. E. Harter, of the post office force, has transferred to Los Angeles and is moving there the first of January to take a position in that city's post office.

Under the postal regulations, an employe is allowed to make one transfer and retain his standing in the civil service.

Hunters Getting Lots of Fine Wild Geese

The local hunters are scouring the lakes daily in search of geese. Ducks are abundant, and most any hunter is able to knock down all of the ducks that he is able to carry home.

But its a different story when it comes to getting the geese.

The biggest haul of geese was made Tuesday when Ed Mickle, Geo. Johnson and Hicks Fletcher brought in fourteen geese which they had killed out of one flock.

Many hunters are bringing in smaller numbers.

Mrs. O. M. Cluck and Mrs. L. M. Cousins and little daughter went to Amarillo Monday and while there Mrs. Cousins had her little daughter's tonsils removed.

COLLEGE BOARD OF REGENTS WILL BE FEASTED ON WILD GEESE FURNISHED BY LOCAL HUNTERS NOW OUT ON DUTY

The Board of Regents for Teachers College will visit Canyon this week, arriving Friday afternoon, and remaining until the 5 o'clock train Saturday.

It has been two years since the College was visited by the entire board of regents, although a few of the members have made various trips to the College.

During the visit here it is expected that all departments of the College will be inspected in order that the board may have a better idea of the work being accomplished.

As soon as word came that the regents would arrive Friday, local hunters decided to feast the member on wild geese Friday evening. An organization was quickly put into effect and a number of hunters were out yesterday after geese, and more will go today in order that a good supply of geese may be had for the dinner in honor of the visitors.

All of Art Glass for the New Methodist Church Is Received

All of the art glass windows for the new Methodist Church have been received and are now being placed in the church. A force of workmen started to work this week after two weeks waiting for materials.

All of the windows and doors for the new building are here and are being installed.

Shipments are being made on the furnace, and this will be installed within a short while.

BALE OF COTTON STOLEN AT THE UPFOLD FARM

Nearly a bale of cotton was stolen Monday night at the E. A. Upfold farm six miles south of town on the highway.

The cotton was picked and ready to take to the gin.

So far there are no clues which indicate that arrest will be made.

67TH BIRTHDAY CELEBRATION

A delicious birthday dinner was served at the F. M. Totty home Sunday the 16th, for the celebration of Mr. Totty's 67th birthday. The children had the pleasure of meeting together for this occasion, helping prepare the dinner and all enjoying the day together. Those present were: Mrs. J. T. Cantrell, Mrs. George Springer, Mrs. Mollie Daughette, Mrs. Lillie Welch all from Miami; Mr. and Mrs. Vaughan of Dimmitt; Mrs. Thompson of Moabeite; Mrs. Stutzman of Wayside; Mr. and Mrs. Velma Roberts, Mr. and Mrs. W. C. Baird, Ed Baird, and Mrs. Sallie Baird, all from Canyon.

City Forbids Sale and Use of Fireworks in Within the City Limits

If you want to get pinched, just shoot some fire crackers or fire works in Canyon!

The lid has gone on, and will be held on tight by the city officials, who have been warned by the first fire marshal to clean up the fire works.

All of the towns of the state have been warned against fireworks.

A notice has been given all dealers in Canyon to cut out fireworks or pay a fine, and now warning is given that all who use fireworks of any kind will be pinched by the city cop.

Canyon has a fire ordinance strictly forbidding the sale and the use of fireworks, and will put this ordinance in effect strictly and effectively.

Rev. Kunze Will Give Thanksgiving Sermon at Baptist Church

The annual Thanksgiving service of the city will be held next Thursday morning at 10:00 o'clock at the Baptist church. Rev. W. C. Kunze, pastor of the Presbyterian church, will preach the annual Thanksgiving sermon.

All of the churches of the city are joining in the service, and all citizens are invited to the service.

REDFEARN SAYS THAT PLAINS COTTON IS LEADING STATE

J. M. Redfearn and Ed Gibson returned Monday from a business trip to Stephenville and other points down state. Mr. Redfearn states that the cotton of the Plains is leading the cotton of Texas this year, according to the best information he was able to get. The production of this section is greater than anything he found on his trip, but the crop of the Plains is much smaller, and hence the difference in importance of the crops.

Mr. Redfearn has great confidence in cotton for the plains country.

TO TEACHERS MEETING.

Those from the College who will go to the meeting of the State Teachers Association at San Antonio next week are: President J. A. Hill, J. S. Humphreys, F. P. Guenther, Wallace R. Clark, Misses Burton, Anderson, Graham, Hibbets and Boyd. Senator J. W. Reid, ex-member of the faculty, will also attend the meeting.

Help Keep Canyon Clean!

Randall County Poultry Show Will be Held in Canyon December 1-3

At a meeting of the Randall County Poultry Association held Monday night in the Court House it was definitely decided to hold the annual winter show on December 1, 2, and 3.

The various committees were appointed to complete the arrangements for the show and will report at a meeting to be called the latter part of this week. Complete information will be published in next week's issue of the News.

Everyone intending to show their birds are urged to get them in shape for the show, and insist on their neighbors and friends doing likewise and let's have a real show again this year.

A show of this kind will do more to promote the poultry industry in this county than anything else that can be done.

Entries will be made this year as in the past, giving permission to show all birds as singles and in pens.

A nominal entry charge will be made to help defray the expenses of the show and liberal premiums will be offered including good sweepstakes prizes for the best male, best female, and the best pen of five birds in the show.

Remember the dates and begin at once to put your birds in shape. There is plenty of time to put all entries in show shape.

Josephus Daniels Will Lecture at the College Saturday Night, 7:30

Hon. Josephus Daniels will lecture Saturday night at the College Auditorium at 7:30 o'clock. His lecture is the first number of the lyceum course being given at the College during the winter.

Mr. Daniels was Secretary of the Navy during the administration of President Woodrow Wilson, and is one of the best informed men in America on public questions. He would likely have been the democratic nominee for the presidency during the last campaign had he not refused to consider the nomination.

AT DENTAL ASSOCIATION.

Dr. S. L. Ingham and Dr. C. A. Pierle returned Sunday from the meeting of the National Dental Association held in Dallas last week. Dr. Pierle holds a commission from the Dental Association to study the tooth stain of Northwest Texas, and was in conference regarding his work.

NEW COUNTRY HOME.

A new home is being built at the J. F. Love place east of town for one of his sons. The new house is 14x30 feet.

HANNA GIVES INFORMATION AGRICULTURAL CENSUS

GOVERNMENT SEEKS DATA FROM THE FARMERS.

Condition of Agriculture and Stock-raising Sought—Production of 1924 Will be Taken.

Organization work for this district in the 1925 United States Census of Agriculture is now under way, it is announced by Parker D. Hanna, Supervisor for the First District of Texas, which includes all of the Panhandle and three counties of Oklahoma.

With the assistance of county agents and others familiar with local conditions in the various counties of the district, Mr. Hanna is getting a large number of enumerators lined up to begin work December 1st on the actual taking of the census. Sixty days has been allowed by the Bureau of Census at Washington for completion of the work. One to nine enumerators are required in each county.

This agricultural census, Mr. Hanna explains, is carried on by the Bureau of Census, Department of Commerce, every five years with the object of determining, for statistical and other purposes, the condition of agriculture and stockraising in the United States. This includes the acreage under cultivation, productivity of land, increase or decrease of various crops and number of livestock.

The census is being taken as of date January 1st, 1925, but production items, of course, relate to the calendar year 1924.

The postoffice department will distribute blank schedules to farmers on every rural route. These sample schedules are to be studied by the farmer and filled out as far as possible, but are not to be mailed to the Bureau of Census. Instead they are to be kept until the enumerator calls, to assist the farmer in making out a schedule for transmission to the district headquarters.

It is pointed out that the information given to the enumerators will be held in strictest confidence not only by him but by every employe and official of the Bureau, and that such information positively will not be used as a basis of taxation, federal, county or state. It is also pointed out that it is to the advantage of every farmer to have his county make as good a showing as possible, and exact facts are desired wherever possible.

The pay of enumerators varies with the density of population, and is on a basis of schedules filled out and turned in by the worker. In some districts it will be possible for the enumerator to complete his canvass of the county a great deal sooner than January 31st, making his earning per diem proportionately greater.

by Large Number at Market Expert Heard College Yesterday

A large number of farmers were guests of the College yesterday morning at chapel period to hear Aaron Sapiro discuss marketing.

Mr. Sapiro is an international authority on this subject, and has been connected with some of the biggest co-operative marketing systems in the world.

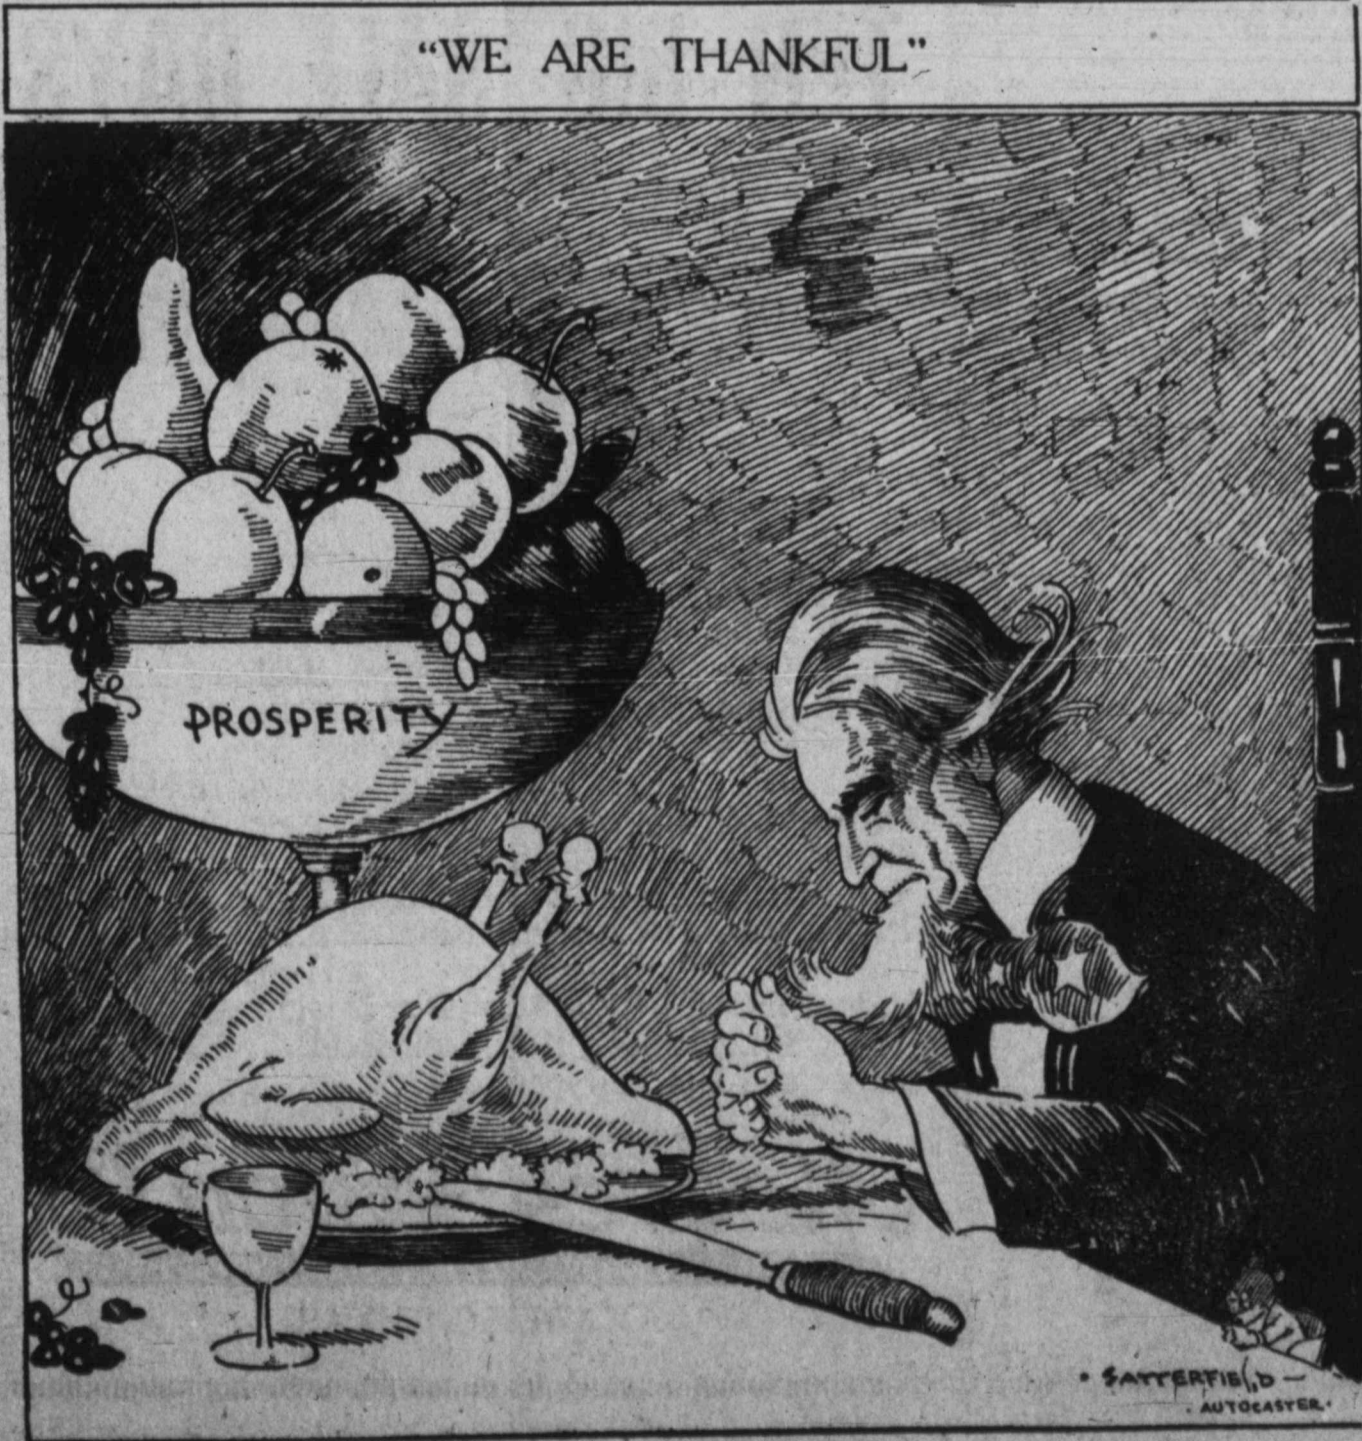

Owing to the fact that Mr. Sapiro did not come from Amarillo until 9 o'clock the proposed breakfast was not given in his honor yesterday morning.

MARRIAGE LICENSE

William Billings and Mrs. Ethel Davis, November 15th.

WEATHER PREVENTS TRIP OF CLUB WOMEN FRIDAY

Heavy rains Thursday night prevented the visit of the delegates of the Texas Federation of Women's Clubs. The program planned by the College was cancelled early Friday morning. A special edition of The Prairie, which was intended to welcome the guests, here was taken to Amarillo Friday afternoon and distributed at a session of the convention. Mrs. T. V. Reeves and Raymond L. Thompson, business manager of The Prairie, had charge of the distribution. A luncheon and a special chapel had been planned for the guests.

SUBSCRIPTION \$1.50 PER YEAR

Foreign Advertising Representative THE AMERICAN PRESS ASSOCIATION

William Jennings Bryan has called a conference of democrats to lay plans for 1928. If Bryan can find a sufficient number of democrats for a conference after the slaughter of 1920 and 1924, he will be fortunate. Bryan is inviting the La Follette element, and all who are in opposition to the republican party. With all that insurgent bunch gathered together, the conference should be as interesting as the national democratic convention was riotous. But all jokes aside, the call is timely and important. The democratic party is leaderless. The old Commoner has again come to the rescue of his party, and would be the Moses to lead the unorganized hosts across to the promised land of the pie counter. Bryan may have been shoved to a back seat, but he always comes to the fore with more influence than before. His invitation to the radicals again forcefully reminds the country that the world generally is being divided into a radical and a conservative camp. The President is certainly the choice of the conservative element, and it looks as if Bryan would turn the democratic party into a radical camp by the invitation of La Follette and others.

While the News never expects to have so large an income that the publishing of our returns would cause much excitement in the financial world, we do not see the advantage of the law allowing such publication, and see no justice in it. The publication right, if upheld may work justice and show up some people who are lying about their income, but on the other hand, there is great danger to the little business man, or the middle class of business men who are trying to be honest with the government in the returns on their income, and are not trying to exempt their income in non-taxable securities. Most of the investigation of income reports will be made for mere curiosity and by people who seek information regarding their neighbors and friends, or perhaps enemies for some illegitimate reasons. The government has every facility in its hands to enforce the income tax law. It has the power to seek out and punish the liars. What more could be desired in the enforcement of this law.

The rain came at just the right time for the benefit of the wheat crop. The farmers have out a big acreage of wheat—one of the largest this county has ever seen. That is the right thing to do. It would be unwise to jump too strong into the cotton game. Diversification is the thing that makes a wealthy country.

The McLean News in a well written column editorial last week calls the attention of the churches to the fact that weekly newspapers are called upon week after week to carry long strings of announcements, without cost to the churches, but the moment a printing job comes up, the churches have the habit of shopping around to find a cheap printer, and should be in the city. Mr. Cheap Printer gets the job. Not long ago preachers were soliciting clothing orders for mail order houses. If it were not for local business men and local institutions, the local church would not thrive very well, the local preacher would get somewhat less salary than he now receives. The McLean News is right in the argument that since the local church is purely a local institution and must be supported by local contributions, it shows mighty poor judgment in patronizing mail order concerns.

The stock market in New York is on the biggest spree since the flourishing days of 1919 and 1920. Those days are not so long ago, but a lot of our people have forgotten the headache following those days. Prices are said to be booming in the east, and a general increase is expected all over the country. The stock gamblers call it a sweep of prosperity, but the wise man will call it a sweep of insanity, and stay close to the shore in his operations. Prices which go abnormally high must sooner or later come down, leaving somebody high and dry.

Visitors down state say that the eyes of Texas are upon the Plains, and that more and more the North Plains is attracting the attention of cotton crop of this section in addition to the splendid wheat and row crops is drawing attention to our cheap lands—lands that are as productive as any in West Texas, and much lower in price than the land below us.

Jack Walton of Oklahoma has traded his Oklahoma property for Texas land. He announces that he will keep his residence in Oklahoma, which is refreshing news to Texans. Texas does not need Jack Walton.

If you have not joined the Red Cross, do so before Thanksgiving. No organization is doing so much to head the wounds of the world as the Red Cross.

FOR SALE—Pure Buff Orpingtons, blue ribbon winners, good layers: Cockerels \$3.00 and \$5.00. Also big bone Bronze Turkeys: hens \$4.50, toms \$7.00. Mrs. Maggie Bourland, Canyon, Texas. 34p4

So terrific was the exertion of movement at the altitude of 28,000 feet in the last Mount Everest expedition, that the explorers were able to climb only 80 feet in an hour. Another attempt will be made to scale the mountain.

The Woman Who Knows

Houston, Texas—"Because of my father-in-law having been benefited by taking Dr. Pierce's Golden Medical Discovery while living with us, I knew about Dr. Pierce's remedies. I knew about his poor health and how he gained strength, could rest and sleep better and was more active and cheerful. Later on it became necessary for me to take a woman's tonic, and I chose Dr. Pierce's Favorite Prescription. After the first few doses I felt better, and now recommend it very highly for women during middle age."—Mrs. Fannie Disheron, 2211 Center St. All dealers. Liquid or tablet form.

THE PASSING DAY

By Will H. Mayes, Department of Journalism, University of Texas.

Brown county, according to the Brownwood Bulletin, last year marketed more than 100,000 turkeys, and the number this year may reach 150,000. Local buyers are paying an average of 18 cents a pound, which brings the price of a turkey to about \$3.00. This means that something like \$400,000 or \$450,000 will be paid to Brown county farmers for turkeys during November and December. No doubt there are several other counties in Texas that will market as many turkeys as will be sold at Brownwood, but it is doubtful whether a dozen Texas counties will have any turkeys for shipment this year, although they can be grown as successfully in one part of the State as in another. Turkey growing is a profitable side line for farmers and requires comparatively little investment, time or labor. Every farmer in this county should grow and market enough turkeys every year to pay for his groceries.

One of the reasons why more turkeys are now grown is that farmers do not have the stock with which to make the start and either do not know where it can be bought or are too indifferent to make the original investment of a few dollars. At Temple a few years ago, P. L. Downs, a local banker, bought a large number of the best turkeys obtainable, and let farmers in the community have a tom and two hens on condition that they would take good care of them and return him half the increase at the end of a year. These he let out to other farmers on the same conditions. By the exercise of care in letting out the turkeys to dependable farmers and on written contracts as to the care to be taken of them and as to accounting for the increase, he soon succeeded in interesting many farmers in raising the best turkeys, and with profit to himself. There should be some man of means in every county who would be ready to help the farmers along in that way.

Activities of this kind need not be limited to turkey growing. Farmers should be encouraged in every way to diversify their products, and if Chambers of Commerce and like organizations are anxious to do a real service to their communities they can-

not do better than to formulate plans to induce farmers to raise a few thoroughbred hogs, sheep and cattle on every farm. A short cotton crop does not throw a county into a financial panic when the farmers produce a good supply of poultry and livestock and raise enough vegetables and other foodstuffs with which to feed themselves.

Armistice Day was fittingly celebrated in Austin and a number of other places in Texas this year, and the people turned out in thousands to show their appreciation of the services the boys rendered the country in the greatest war that has ever been fought for democracy. The war is too recent and its memories are too vivid for the celebration to take on the hilarity of a Fourth of July. As yet it is an annual memorial and it should always be commemorated as such rather than as a day of jollification. America has reason to be proud of the part it played in the effort to win for the world that freedom this country enjoys. As the years pass and the countries of the world come more and more into the enjoyment of the principles for which the war was fought, Armistice Day will become the greatest of our annual celebrations.

Alvin Owsley, former National Commander of the American Legion, was the guest of honor and the principal orator at the Austin Armistice Day celebration. When the parade was formed to march up Congress Avenue to be seen by some fifteen thousand citizens, Owsley did not put on a silk hat and ride in an open carriage as he might have done, but took his place on foot at the head of the long parade and marched proudly with the rest of the boys who had seen service. To this write, Owsley's democratic simplicity as merely one of the great number of marchers, when he might have used the occasion for his self-aggrandizement was the outstanding feature of the parade. Modesty is an element of greatness that is too seldom seen.

We have come far when a candidate's promise to enforce the law is considered brave.—Associated Editors (Chicago).

Urge Painting Country School Houses and Favors Teacherages

At the meeting of the Randall County school trustees, held last Saturday at Canyon, a resolution was passed asking all local trustees in the county to examine their respective school buildings, and, where necessary, have these houses painted. Particular attention was called to the two school houses on the road between Canyon and Amarillo. The first one is well-painted and has the appearance of being a successful school; the other building was described as one which discredits the educational reputation of the county.

Another resolution was passed asking the local trustees who are erecting school buildings with a capacity of two teachers or more, to convert the material in the old buildings, where possible, into teacherages. It was the opinion of those present that the West Texas schools which furnish homes for their teachers were able to secure better instructors than those which did not.

F. R. Phillips, Chairman of the Board, states that another problem discussed was the advisability of calling a general meeting of all trustees and teachers of the county for an all-day conference concerning educational problems. The feasibility of consolidation of schools and a better system of school supervision for the county were also discussed. It is quite possible that the county superintendent, co-operating with instructors from the West Texas State Teachers College, will hold a series of one-day meetings in the county.

STEEL FOR GYMNASIUM NOW ON GROUND READY FOR USE

Bad weather and lack of materials have impeded work on the new gymnasium recently, but not to a very great extent. Concrete piers and the main foundation have been completed and many car loads of sand screened. In the latter activity the work has been done by student workmen.

The structural steel arrived last week and will be placed as soon as the foundation is ready—which will be very soon. Tile for the walls is en-route. Weather permitting, construction should go rapidly forward during the next two months. Within a short time the gymnasium will begin to take outline form and more workmen will be used.

UNIVERSITY MAN IS VISITOR ON SATURDAY

T. H. Shelby, director of the extension department of the University of Texas, was a visitor here Saturday. During the day he was shown various places of interest about the College.

Mr. Shelby made a pleasing address in chapel Saturday morning. He gave statistics to show the need for college training. Throughout his talk he gave humorous illustrations taken from college life.

Umbarger Notes

A good rain fell here Thursday and Friday, amounting to about three inches. The rain is good for the wheat that was planted in dry weather. Most farmers are busy planting wheat and threshing row crop.

Clem Friemel was a business caller in Hereford Saturday. Telephone meeting was held at the Wm. Erdman building Sunday afternoon.

A daughter was born to Mr. and Mrs. B. Hess, November 11th.

Leo Stocker is threshing row crop for O. J. Podzemny this week.

R. Friemel spent Sunday at the Frank Vorvald home.

Clem Friemel is threshing row crop for George Frajak this week.

A. Hufstetler has left for Summerfield where he will get the job of foreman on the railroad.

POULTRY CLASS CULLS CHICKENS

The poultry class from the Agricultural Department of the College culled forty hens belonging to J. W. Shanklin for egg production. These hens were divided into two groups, one placed in pens, one pen containing those which indicated good laying capacity, the other the culls. After the culls are kept for a few days to see that there are no good egg producers among them, they will be sold. Prof. T. M. Moore, who has given special attention to poultry work, was in charge of the demonstration.

Many of the members of this class expect to teach this work, or else go out and do poultry club work. The method of going to farms and homes and learning how to handle poultry in a practical way is one of the methods that is being used at the College to enable teachers to make their work more effective when they return to their respective communities.

JOHN H. STEPHENSON DEAD.

John H. Stephenson, former congressman of this district, died Tuesday in California. He represented this district for twenty years. He was a brother of Mrs. Cyrus Eakman, former of this city, and is an uncle of Mrs. H. A. Brown of Canyon.

FIRST CHURCH OF CHRIST SCIENTIST

Fifteenth Street, 7th Avenue.

Services every Sunday morning at 11 o'clock and at 7 o'clock Wednesday evening, which includes testimonies and remarks on Christian Science.

Sunday School at 9:45 for students under age of twenty years. Subject for Sunday, "Soul and Body." A Reading room is maintained in the building on Tuesday, Thursdays and Saturdays from 2 to 4 o'clock except holidays, where the Bible and all authorized Christian Science Literature may be read, purchased or borrowed. The public is cordially invited to attend these services and make use of the reading room.

Help Keep Canyon Clean!

Child-birth

Good news for Expectant Mothers

WHEN the little one arrives you can have that moment freer from suffering than you have perhaps imagined. An eminent physician, expert in this science, has shown the way. It was he who first produced the great rubbing preparation called "Mother's Friend."
Results from the use of "Mother's Friend" are proven by many startling letters of testimony from happy users. "I can almost say my baby was born without pain," writes a young mother who had used "Mother's Friend."
"Mother's Friend" is applied externally. It has been used by three generations of expectant mothers. Start using it today, and meanwhile write to Bradford Regulator Co., B-A-15, Atlanta, Ga., for free valuable book containing information every expectant mother should have. "Mother's Friend" is sold by all good drug stores.

FURNITURE for SALE

The following items of slightly used furniture at a big saving:

- Ivory Enameled Bed-room Suite.
- Two-toned Blue Bed-room Suite.
- Axminster Rug, 9x12.

Wayside Items

A generous rain fell last Thursday night. Fine on the new wheat. Hardly think it will need much more moisture for a long time.

Rain not so good on the cotton fields. Slow drying out for the pickers to get busy.

M. C. Sluder and Bonnie Sluder and three children went to Amarillo Tuesday morning with W. I. Lane.

Mrs. Bessie Franklin and three children, Adeline, Lucile and Dorothy from Chicago, came in Thursday to G. M. Franklin's with D. J. Graham, the mail carrier. Adeline has a knee in a plaster cast caused from a break last May. The father has a job with the Santa Fe.

More rain, light showers, are falling Wednesday morning. Bad for the uncut grain.

Mrs. Fannie Franklin, who has been seriously ill is improving slowly, able to be up some.

Singing at J. B. Knox's last Sunday night.

Meriel Chandler entered school here Monday.

The house occupied by Mrs. Bessie Brown and owned by Mrs. Lou Gillham was moved to the west side of Wayside last Thursday. H. H. and Verner Gillham and some of the neighbors assisted the housemoving truckman from Canyon. The damage to the house was considerable.

Mrs. S. J. McGehee's tribe are planning to take luncheon and spend Saturday with her at Miss S. L. McGehee's at Canyon. Quite a number from Wayside and some from Hereford are expected. She will be 87 years old.

W. J. Sluder and wife are both sick with colds.

Mr. Cavett from Marlin, Texas, spent Wednesday night and Thursday at Wayside. He hired a horse and spent the day inspecting Palo Duro Canyon. Gladys Mayo celebrated her 14th birthday last Sunday by inviting 18 of her friends to her home. She received quite a number of presents and all enjoyed the nice large cake presented.

After spending several months in Texas, Clyde Carter and family left for their home in Oklahoma two weeks ago. They visited the parental Carter home. Eugene Carter accompanied them to Paul Valley, has returned home. Mr. Carter's health is improving.

AMARILLO SHORT OF WATER.

The Amarillo Globe reports that the Santa Fe shops in Amarillo have been cutting the force of men owing to the shortage of water. Work is being sent to the shops at Clovis. The City Commission are called upon to get into the water problem again, and seek ways to increase the supply.

Happy

Lutheran services and Holy Communion Sunday afternoon, 2:30 o'clock in the Methodist church.

J. H. C. SIECK, Pastor.

Buy, Build, and Live in Canyon.

FIRST ANNUAL REPORT OF CITY FEDERATION OF CANYON, TEXAS

Year ending, November 10, 1924.

The following are the officers for next year:

Mrs. John S. Humphreys, President.
Mrs. C. H. Jarrett, First Vice President.

Mrs. C. W. Warwick, Second Vice President.

Mrs. A. J. Arnold, Recording Secretary.

Mrs. Geo. A. Farlow, Reporter.
Mrs. T. B. McCarter, Parliamentarian.

Mrs. I. C. Jenkins, Corresponding Secretary.

The Federation is composed of ten clubs, representing every woman in Canyon. The Federation secured a room in the Court House for federated club use. This room was given by Judge Lester and the County Commissioners. They had the room calcimined and painted before turning it over for the use of the Federation. The Federation bought shades for the club room.

A tea was given to the Federation by Mrs. C. O. Keiser.

Federation planted flowers in beds on Court House lawn.

The Federation issued an invitation to the District Federation to meet in Canyon in the spring of 1925.

Had clean up day for Canyon.

The City Federation gave a municipal supper on Court House lawn honoring the State Park Commission, about 300 were served.

Had charge of the Women's Department of the Randall County Fair.

The Federation sold over 6000 tulip bulbs to the women of Canyon, hoping to have a city full of tulip blooms when the District Federation meets here in the spring.

Had a silver tea to help buy draperies for Federated Club room, \$20 was made.

Helped on Red Cross sale for county. The Federation co-operates with all local welfare agencies.

The object of a City Federation is the same as that of a Chamber of Commerce of a city. That is: To develop and help build the city and create a spirit of co-operation and good citizenship.

FACULTY MEMBERS GIVEN LUNCHEON

Friday noon President and Mrs. Hill invited the married men of the faculty and their wives to luncheon at Consins Hall. Officers of the Woman's Book Club were also guests. The college orchestra, under the direction of Mr. Clark, furnished music, which was thoroughly enjoyed. The menu was as follows:

- Creamed Chicken on Toast
- Potatoes
- Buttered Beets
- Cabbage Relish
- Parker House Rolls
- Butter Balls
- Asparagus Salad
- Wafers
- Lemon Milk Sherbet
- White Cake
- Coffee

STATE LIBRARIAN VISITS FRIENDS HERE

Misses Richardson and Malone had as their guest last week Miss Elizabeth West, nationally known as a successful librarian, and as an authority in this work.

Miss West has had an interesting career in her well-loved work, having held positions as librarian in many noted libraries over the country. She spent several years as assistant in the Library of Congress at Washington.

Miss West has the distinction of being the first woman ever to be commissioned as head of a department in the Texas government. Miss West has long been prominent in the activities of the women of Texas. She was in Amarillo attending the meeting of the Federated Women's Clubs of which she is an outstanding member.

An English astronomer states that matter exists in some of the stars, so heavy that a teaspoonful weighs more than two ordinary men.

MISS MCGEE ENTERTAINS MEMBERS OF FACULTY

Miss Flora McGee, who was a member of the English Department this summer, gave an informal reception to members of the faculty at her home in Amarillo at 8:00 o'clock Saturday evening, November 8.

The spacious rooms of the home were decorated with cut flowers and potted plants, and the atmosphere was one of comfort and repose. Dainty refreshments were served rather early in order that the guests from Canyon

Grandpa Dison, formerly of this place, died at his son's home at Happy last night.

Mrs. B. T. Johnson gave an "old time" quilting party last Monday afternoon. Those attending were Mesdames J. A. Cheatham, G. R. Reid, J. D. Key and T. T. R. Atkins. After several hours of social enjoyment and good work accomplished, refreshments of hot chocolate and cake was served by the hostess.

Holcomb's Transfer, phone 28 or 238

As a final precaution in suppressing the dread foot-and-mouth disease in California, deer on two ranges of the Stanislaus National Forest are being exterminated by means of rifles equipped with silencers and by poisoning the salt ticks.

To kiss your sweetheart or your wife in Japan you are risking social ostracism. The ordinary method of salutation in Japan is by nodding the head slowly and gravely. The greatest approach to familiarity ever seen is a light patting on the back. Nothing resembling an embrace is ever seen.

Chang Tso-Lin, the Manchurian war lord, has decreed that each of his officers and men must memorize the "thousand" Chinese characters that make the minimum requirement of literacy under the new standard of the Chinese Republic.

Help Keep Canyon Clean.

Hill Billies From Brownwood to Play Buffaloes Saturday

Coming only a few days after the hard game at Denton, the tilt with the Daniel Baker Billy Goats on the local field next Saturday is going to be a real test of Buffalo stamina.

Although the Brownwood team began the season rather mildly, it has gathered power as the season progressed and to-day seems to be a formidable machine.

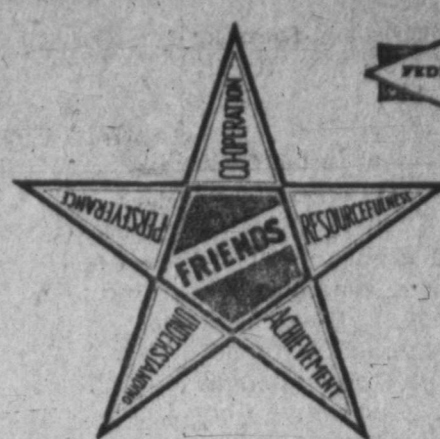

Since the coming game will be the last before the Thanksgiving game with Montezuma College of Las Vegas, it should arouse the spirit of the students to a climax. Not only will this be the last time the eleven will play on the home field this year, but also it will mark the end of several men's football careers on the College grounds.

A scientific expedition cruising the South Seas reports the discovery of an uninhabited island, the exact location of which has not been revealed, near the Galapagos. Ancient sculptured rock, pottery and stone implements have been found. The island is covered with dense jungle and in its center is a mountain peak rising to a height of 1,296 feet. Three hundred years ago it was the resort of buccaniers.

There are no hotels in Asia Minor. The traveler rests in a khan, or courtyard, inclosed by a mud wall, with a two story structure on one side the lower story being used as a stable.

"Aviators are circling like vultures over the great cities of Europe. Civilians have no conception of the effect of modern bombs. As a man who knows what war actually is I am striving to promote a spirit of peace and good will among nations. Unless the peoples of the world come to their senses, the Continent and England will be devastated again—by a disaster one hundred times worse than the Japanese earthquake."—General Ian Hamilton.

A congress at Paris is studying the possibilities of manufacturing synthetic petrol and its derivatives from mineral, animal and vegetable matters that are susceptible to transformation. Large circulation newspapers are devoting a great deal of space to the subject which is chiefly technical.

HAVE YOU AN UNDERSTANDING PARTNERSHIP WITH YOUR BANK?

If you have a business problem that needs solving; if you want to make a change in your business; even though it is not of great importance, if it has a vital bearing on your future, talk it over with your banker.

This bank holds in strict confidence the problems of depositors.

Why hesitate to take advantage of your banker's counsel, especially when the service costs you nothing?

The First State Bank Texas

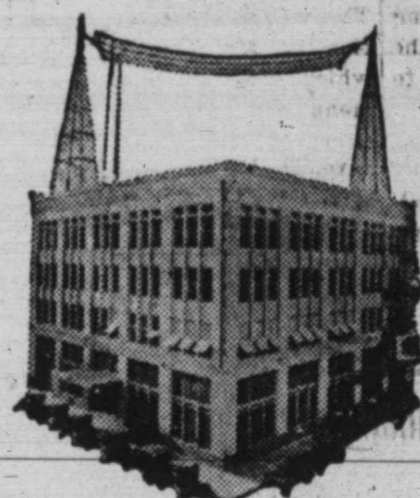

State Guaranty Fund Bank A GOOD COMBINATION Member Federal Reserve System

(THE ONLY GUARANTY FUND BANK IN RANDALL COUNTY)

The system of central heating in Korea is similar to that of ancient Rome. A fire is built in a fire box beneath the home, and the warm air and smoke are conducted under the floor to a chimney on the opposite side. The next twenty-five years will decide the question once and for all whether the white race is to have any part in the ultimate development of South Africa or is to be crowded out by the native Negro population, according to a statement in a government bluebook analysis of the 1921 census.

In Korea, the sexes are rigidly separated even within the family circle. Before the Japanese came, and the new era began, a lady of rank in Korea was more carefully guarded than even a Mohammedan woman of similar social position.

Happy Happenings

Misses Hazle Brown and Lucille Hogge spent Sunday with Virgie Maynard.

Roy Alkman of Hereford is visiting with friends here this week.

Mr. and Mrs. Irvin and Mr. and Mrs. Wash Bangle of Tulla visited in the F. C. Scott home Sunday afternoon.

Armon Logan and Roy Arnold of Littlefield spent several days here last week visiting friends.

Mr. and Mrs. M. D. Montgomery returned to Amarillo Sunday, where Mr. Montgomery will take up his work with the Amarillo News again.

Mr. and Mrs. Claude James spent Sunday in the Fairview community.

Miss Foyre Lash, who is attending school in Canyon, spent the week end with her parents, Mr. and Mrs. G. W. Lash.

J. M. Miller was an Amarillo caller Monday.

Kelly McGehee of Canyon visited friends here Sunday.

Willard Miller was an Amarillo visitor Monday.

Mr. and Mrs. J. D. McElroy spent Sunday with Mr. and Mrs. B. F. Maynard.

Mr. and Mrs. D. H. Culton of Tulla visited relatives here Saturday night and Sunday.

Mr. and Mrs. F. C. Scott spent Sunday at the J. E. Toles home.

Mr. and Mrs. Clark Neff and children from north of town spent Sunday with Mr. and Mrs. P. J. Neff.

W. H. Brown and sons, Homer and J. B., were Tulla callers Thursday afternoon.

It is planned by those in favor of incorporating Happy to get up a petition asking the County Judge to order an election to vote on this question in the near future. At the meeting of the Chamber of Commerce last Thursday night the question came up and it was decided to ask for an election to see whether or not the majority of the citizens were in favor of incorporating. A committee was appointed by the president to take the census of the town to ascertain if the population was large enough to call an election. This committee went out the next day and after completing their work, reported that Happy had a citizenship of 441 people living inside the town limits. As we understand it, the required number must be 400 before an election can be ordered by the County Judge. It is the general opinion of most every one approached on this question that nearly every one in Happy are in favor of its incorporation and have no doubt but what it will be done when submitted to the voters.

A meeting was called last Thursday night by some of our business men for the purpose of reorganizing the Chamber of Commerce that one time existed in Happy. Several business men and citizens responded to the call and met in the offices of the Herald and Townsend-Miller in the rear of the post-office. The work of the organization was started by electing J. H. Stephenson as temporary chairman and J. O. Gillham, secretary. Mr. Stephenson explained the purpose of the meeting, after which the nominating and electing of officers were taken up, with the following officers elected: John E. Toles, president; J. H. Stephenson,

THE STATE OF TEXAS

To the Sheriff or any Constable of Randall County, Greeting:

You are hereby commanded, to cause to be published once each week, for a period of four consecutive weeks before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in the County of Randall, and State of Texas, a copy of the following notice:

THE STATE OF TEXAS
To all persons interested in the estate of James M. Leavitt, deceased, S. V. Wirt, as administrator with will annexed, of said estate, has filed in the County Court of Randall County, Texas, an application for an order to sell the following described property of said estate, all situated in Randall County, Texas, to-wit:

First Tract: All of Survey No. 199, Original Grantee S. K. & K. Certificate No. 422, in Blk. M-6, containing 640 acres;

Second Tract: All of the N. 1/2 of Survey No. 200, Original Grantee S. K. & K. Certificate No. 422, Blk. M-6, containing 320 acres.

Which said application will be heard at the next term of said Court, commencing on the first Monday in January, 1925, the same being at the Court House thereof in the city of Canyon, at which time all persons interested in said estate are required to appear and show cause why such sale should not be made, should they choose to do so.

Herein fail not, but have you before said Court, on the said first day of the next term thereof, this Writ, with your return thereon, showing how you have executed the same, and you are also commanded to post copies of this notice at three public places in Randall County, Texas, one of which shall be at the Court House door of said County, and no two of which shall be in the same town, city, or village, for a period of thirty days before the return day hereof.

Witness my hand and seal of said Court, at office in Canyon, Texas, this the 13th day of November, 1924.
(Seal) ETHEL WOODS, Clerk,
County Court, Randall County, Texas.
By R. C. Brown, Deputy. 3444

vice president; J. O. Avery, secretary-treasurer. These officers to hold over for a period of six months. Election of directors of the organization were postponed until the next meeting, which will be held Thursday, Nov. 20, at which time every member and citizen in and near Happy are requested to be present. The meeting dates were set for the first and second Thursdays of each month.

Several citizens went out from Happy Wednesday afternoon to meet with Governor Neff and party, who, it was reported, would be there to inspect the park site that has been donated to the state for park purposes. The Governor and his party were scheduled to drive from Tulla to Wayside and make the inspection and will go from there to Canyon and to Amarillo where he is to speak in the evening before the Texas Federated Women's Clubs. We have no report as to what was decided on at the meeting Wednesday evening. Probably something definite can be learned by next week.

Several bales of cotton have been received from near Canyon in the last few days. The bringing of the cotton here for ginning is due to the fact of the burning of the gin at that place last week. The loss of the Canyon gin was quite a loss and makes it hard on the farmers in that section, but the enterprising citizens of that wide awake town got together and arranged for the rebuilding of the gin, and will have it ready just as soon as possible.

The fish rushing up the Siberian rivers to the Altai Mountains each spring swim in such close-packed ranks that it is impossible to row amid them; the boat thrusts them aside upon the flat river banks where the natives kill them with sticks.

Due to the severe cold periods of last winter in the South the emergence of the boll weevil in the Cotton Belt this year was much lighter than usual.

BACK BAD TODAY?

Then Find the Cause and Correct It As Other Canyon Folks Have.

There's little rest or peace for the backache sufferer.

Days are tired and weary—Nights bring no respite.

Urinary troubles, headaches, dizziness and nervousness, all tend to prevent rest or sleep.

Why continue to be so miserable?

Why not use a stimulant diuretic to the kidneys?

Use Doan's Pills.

Your neighbors recommend Doan's.

Read this Canyon case:

S. E. Johnson, carpenter, 1908-3rd Ave., says: "I suffered with a sharp cutting pain in the small of my back. My back was sore and stiff. My kidneys acted too freely, also. I took Doan's and they regulated my kidneys and cured me of backache."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Mr. Johnson had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Farmers Warned of Coming of Cotton Seed Bootleggers

L. T. Hunter, county agent, states West Texas is being flooded with men selling what is claimed to be pure cotton seed for planting purposes. While in some instances, and possibly all, the men are employed by reliable seed houses and the seed can be relied upon as being just what the salesmen claim for them, but he feels sure that in some cases there is a doubt about the matter. But at the same time the farmers should be very careful from whom they purchase seed. For in almost all cases the results of the crop depends on the seed sown or planted.

In the last issue of the Paducah Post, County Agent W. D. Logan of Cottle county had printed an article along this line, in which he advised the farmers of that county as to how they might be sure they were getting the right kind of seed, and a way to learn who were reliable seedmen. Mr. Hunter states he fully endorses the item, and for that reason it is given space in our columns, and is printed below:

"At this season of the year Paducah is flooded with cotton seed peddlers. They all claim to have the best seed, or they are only one year from the breeder. This scandalous bootlegging of gig run seed of inferior quality has caused many cotton raisers to believe that certain varieties are no good here. It has cut production in many instances. It has given fakers a chance to paint a Ford car, get a glass frame and put some cotton under it and sell pure seed from any old seed he could buy.

"Cottle county has some good cotton farmers, and also some good seed. You will be taking fewer chances if you buy your seed at home, as they are acclimated and you can find out pretty well how pure and mature they are. However, if you want certified seed from the registered breeders of cotton seed as provided in a recent Texas Cotton Seed Law, seed that you know are reliable you can obtain a list of such breeders from the county agent's office (W. O. Logan) or from the State Board of Plant Breeder Examiners, State Office Building, Austin, Texas.

While there are a few old-established seedmen who will not be on the registered list, that you have secured reliable seed from, they are holding off

from allowing proper inspection because they think their name and prestige is enough. Then we have known some of these old established seed men to buy seed from other places where they had shipped, a few seed and did not know what they were getting back. Remember from past experience how some peddlers, not only cotton seed but others, have rushed in in the Fall of the year and sold you something that you didn't need or that wouldn't stand up. Johnson grass exterminator, lice and blue bug killer, etc. They don't work. A. & M. College is ready to give you the facts, not as an easy remedy, but the easiest true one tried and proven. The county agent's office is your office, and he is your servant in matters that affect your problems. He derives no personal gain nor has he any interest in anything he may recommend for your problems, only that you profit or get results. If you don't, tell him so and he will solve the problem, or prove it faulty. His ideas and suggestions are from actual experiences that made good. You have some tried experience that he would appreciate. Exchange them.

"Let's watch the seed peddlers and others that promise too much, and work for our own interests and those of our communities to the best of our ability."

Big Ranch Round Up Days About Over

Possibly the last round-up of the size that will ever take place in this part of the country was had at the Spade ranch headquarters, near Littlefield, last week. There were 6,000 3 and 4-year-old Whiteface steers rounded up in one bunch. W. L. Ellwood, the owner of the Spade ranch and owner of these cattle, had invited a number of his friends to be present, and also had a photographer there who took pictures of this vast herd, and also of the cow horses. The steers are being shipped and the ranch is being broken up. Mr. Ellwood recently placed a large tract of this land on the market and in the last 60 days has sold approximately 100,000 acres of the land. It has been one of the most remarkable land sales in the history of the country.

A number of prominent people witnessed the round-up, which is undoubtedly the last most of them will ever see.—Plainview News.

BRITONS SAY BASEBALL IS "TOO NOISY"

London.—England's verdict that American baseball is too noisy and nothing but glorified "rounders" anyway, has caused hot indignation among the New York Giants and Chicago White Sox players on their European tour.

Nettled by constant criticism, John J. McGraw, manager of the Giants, protests:

"I can not understand how anyone can run down baseball on the ground that it is glorified rounders. I am told none of your cricketers can throw like our boys, and as for double "bar-racking" it is all good natured, though not an essential part of the game. We Americans could never sit in solemn silence all afternoon watching a game of cricket. We like to feel part of the game and it is no worse than the way your football crowds act."

The League of Nations will be lucky if it succeeds in outlawing wars without starting some.—Detroit Free Press.

NOTICE OF SHERIFF'S SALE

THE STATE OF TEXAS
County of Randall.
By virtue of an execution and order of sale issued out of the Hon. County Court of Randall County, Texas, on the 27th day of October, A. D. 1924, by the clerk of said Court, in the case of R. A. Bellah vs. L. J. Martin et al. No. 612, and to me as sheriff of Randall County, Texas, directed and delivered, I will proceed to sell, within the hours prescribed by law for sheriff's sales, to-wit: between the hours of 10 o'clock a. m. and 4 o'clock p. m. on the 24th day of November A. D. 1924, at the Building where the said L. J. Martin conducted the Variety Store, being the R. A. Bellah building located at 506 15th St., and being the third door South of the First National Bank in Canyon, Texas, in said Randall County, the following described personal property, to-wit:

All of the Goods, wares, chattels, fixtures, furniture, tools and all other property situated in said Building which said building is located on the north 20 feet of lot No. Four (4) in Block No. 42 of the original town of Canyon City, Randall County, Texas. Said property levied on as the property of L. J. Martin, by virtue of an order of sale mentioned above for the purpose of satisfying a judgment in favor of R. A. Bellah for the sum of \$300.00 and costs of said suit. Said sale will be made for Cash.

Given under my hand this October 27th, A. D. 1924.

W. C. BLACK, Sheriff,
Randall County, Texas.

SHERIFF'S SALE

THE STATE OF TEXAS,
County of Randall.

By virtue of a certain Order of Sale issued out of the Honorable County Court of Oldham County on the 23rd day of October, 1924, by J. A. Pulliam, Clerk of said Court against J. S. Pope for the sum of Five Hundred Twenty-Six and 62-100 (\$526.62) Dollars, and costs of suit, in cause No. 67 in said Court, styled Oswald Kunze versus J. S. Pope and placed in my hands for service, I, W. C. Black as sheriff of Randall County, Texas, did, on the 8th day of November, 1924, levy on certain personal property situated in Randall County, described as follows, to-wit: Four cows, ages from five to twelve years old; described as follows, One red de-horned cow, one brown cow branded J. S. on right hip, one brown white faced cow, and one red motley faced cow, and levied upon as the property of said J. S. Pope. And on Tuesday, the 25th day of November 1924, at the Court House door of Randall County, in the city of Canyon, Texas, between the hours of ten a. m. and four p. m., I will sell said cows at public vendue, for cash, to the highest bidder, as the property of said J. S. Pope by virtue of said levy and said Order of Sale.

And in compliance with law, I give

PUBLIC AUCTION SALE

On account of my health failing more than a year ago, and not gaining it back satisfactorily, I have decided to cut my farming operations and having too much machinery, tools, teams, etc., I will sell the following at my farm 4 miles west and 2 miles north of Canyon, on

WEDNESDAY, NOVEMBER 26TH.

HOW DOCTORS TREAT COLDS AND THE FLU

To break up a cold over night or to cut short an attack of gripe, influenza or sore throat, physicians and druggists are now recommending Calotabs, the nausealess Calomet tablet, that is purified from dangerous and sickening effects. Those who have tried it say that it acts like magic, by far more effective and certain than the old style calomet, heretofore recommended by physicians.

One or two Calotabs at bed time with a swallow of water,—that's all. No salts, no nausea nor the slightest interference with eating, work or pleasures. Next morning your cold has vanished and your system feels refreshed and purified. Calotabs are sold only in original sealed packages, price ten cents for the vest-pocket size; thirty-five cents for the large family package. Recommended and guaranteed by druggists. Your money back if you are not delighted.—adv.

Your Home!

Down through the ages the constant use of wood has proven it to be the best material for home-building. A lumber-built home with wood floors, wood mantles, staircase, window-frames and doors brings kindly memories to most of us because it was in such a home that we were born and raised. Lumber gives that "homey" atmosphere that all other materials lack. Use lumber to build your home. Lumber gives greater home comfort at more reasonable cost. Let us help you in planning and financing your home.

CANYON LUMBER CO.

Campbell Notes

J. R. Lee and wife from Randlett, Oklahoma, are at the home of Mr. Burr on a visit. Since his arrival Mr. Lee has been on the sick list, but is getting better. He expects to locate here.

Miss Bernice Dowlen is visiting Miss Jewel McCloud of Amarillo.

Mrs. Gordon-Cumming was a visitor at Amarillo Saturday and Sunday.

Mrs. R. O. Allison is still in bed with rheumatism.

D. E. Covington has returned from Sudan where he has been on a business trip.

Mr. and Mrs. Jack Ricks and family motored to Amarillo Tuesday.

The Rev. McDowell will preach at the Campbell School House at 3 o'clock Sunday afternoon. After the service there will be singing.

G. R. Stratton has returned from Jonesboro, Texas, where he went with a car of O. S. Brown's household goods.

METHODIST WOMEN OBSERVE SPECIAL DAY

The Woman's Missionary Society enjoyed a splendid day at the church Tuesday, rendering special programs on the annual "Week of Prayer and Self Denial."

The program began at 11 o'clock and the subject for this hour was "Prayer." At the noon hour a delightful luncheon was served and the Girls' Missionary Society were guests of the Adult Society.

At 1:30 the afternoon session began, and the work of the mining districts of West Virginia was presented. We were then favored with a very entertaining presentation of the object of the week of prayer in a play, entitled "The Missionary Oracle," by Mrs. Ash and Miss Jessie DeGraffenreid. Following the play the work in Parral, Mexico, was given. The Week of Prayer offering amounted to \$31.14 and is to be divided between the two objectives, coal-mining district in West Virginia and Parral, Mexico.

This was a splendid day, and the programs well presented. A good crowd was in attendance and appreciative of the inspiration and fellowship.

GIRL ATHLETES WILL RECEIVE MONOGRAMS

Last Thursday the Girls' Athletic Association formally adopted Miss Dubbs' plan of giving monograms or numerals to girls making the soccer and basketball teams. Judges will be selected to pick the eleven stars who will play next Thanksgiving. Each of these will be awarded a monogram. If a sub-college girl is selected she will be given a numeral. Those girls making the College basketball team will also be given monograms; these making the sub-college team will be given numerals.

It is believed that the new arrangement will greatly intensify the interest in girls' athletics. It is hoped that the monograms will be valued as highly by the girls as is the letter by the boys.

NATIONAL ELECTION NOT AS EXPENSIVE AS FOUR YEARS AGO.

The national election this year was not as expensive as the one four years ago, despite the fact of the committee being appointed to gather evidence to support conflicting and highly sensational charges of slush funds. Final reports showed that the Republicans in this campaign spent in the neighborhood of \$4,000,000, while the Democrats spent a little more than a million and the progressive party less than that. The state slush fund probe, recessed during the election, is scheduled to start up again shortly.

Hill Tells Club of Some Trends in The Collegiate World

"No one who has not had a good education and who has not had special training should be allowed to teach in our schools," declared Pres. J. A. Hill, in an address Wednesday noon at the Kiwanis Club luncheon at the Amarillo Hotel. His address was given as part of a program for American Education Week.

Pres. Hill spoke on "Some Trends in Modern Education," declaring that there had been a big change in the point of view since 1900. He told about the old emphasis placed on education because it enables a man to make more money. Today the emphasis is not so much upon the economic side as upon the altruistic, he said.

The speaker showed how the old time college president was a demagogue in discipline. Today, he said, the president takes the faculty and students into consideration from the standpoint of discipline and college activities. The school problem today, whether of grades or colleges, demands the assistance of others more than the person at the head, he said.

Specialists Needed

Mr. Hill touched upon the custom of people in calling specialists for the various lines. He used the same illustration to show that it is dangerous to employ persons without education or special training as teachers to take charge of schools and to teach pupils.

Dwelling at length on health, physical culture and athletics in schools, he said that he believed that the mental,

intellectual and moral training to be derived from them was in many instances a fairly good substitute for some of the lessons received in philosophy and other subjects.

DINNER TO BE GIVEN BY ODD FELLOWS AND REBEKAHS

Help Keep Canyon Clean!

== Idle Dollars ==

are dollars gathered but not working; they are dollars which are removed from circulation by being withheld from deposit in the bank.

The only logical way that money can be kept at work; that the welfare of the community may be preserved, and that financial aid may be extended to farmers and other business, is through the bank.

Good business and good citizenship demand that idle dollars be deposited in the banks.

As If Across a Desk--

WITHOUT moving from his chair, Mr. Canyon business man can call a distant point and transact business as if across a desk. You, too, have access to this nationwide system of communication and while you may seldom have occasion to talk to points thousands of miles away, you have almost daily use for service to nearby places.

NEVER was our long distance service better, our facilities more ample, or the desire to serve greater. The rates are reasonable and "Station-to-Station" rates are much cheaper after 8:30 p. m.

Long Distance will give you the rate anywhere at any time.

SOUTHWESTERN BELL TELEPHONE COMPANY

for Steady Nerves!

Riding a girder is not a job for a nervous man.

BUT no one is nervous by choice. There is a way that you may so strengthen your body that the nervous system will be cushioned on sound muscles and flesh. But this condition will not come about unless you have rich red-blood-cells. Red-blood-cells are the most important thing in all the world to each of us. More red-blood-cells! That's what you need when your nerves give way and you cannot control yourself.

• S.S.S. will prove to you its "Why" and "How" reason. Since 1826 S.S.S. has helped thousands. Because S.S.S. does build blood-power, it builds you up when you are run-down, clears the system of blood impurities; routs so-called skin disorders—and stops rheumatism, too.

This is why S.S.S. is accepted as the greatest of all blood purifiers, blood builders and system strengtheners. Start taking S.S.S. today. Its medicinal ingredients are purely vegetable. Your nerves will become stronger, you will have more energy, vitality and vigor and a more up and going appearance.

S. S. S. is sold at all good drug stores in two sizes. The larger size is more economical.

S.S.S. Makes You Feel Like Yourself Again!
