

RANDALL COUNTY NEWS

VOLUME NUMBER XXVIII

CANYON, RANDALL COUNTY, TEXAS, THURSDAY, NOVEMBER 27, 1924.

NUMBER 35

TWENTY-TON ICE PLANT WILL BE INSTALLED IN CITY

CONSTRUCTION TO BE STARTED VERY SOON.

Light Company Installing New Enterprise, to Furnish Ice to Several Neighboring Towns.

A. J. Arnold was authorized Monday by the Kelso-Wurdack Company to announce that in line with the plans to take care of the requirements of the community served by this company, it was decided to install immediately a modern twenty-ton ice plant of the latest pattern in Canyon. The plant will be operated in connection with the electric property which was recently bought from Mr. Arnold, who was retained as local manager.

The plant is of sufficient capacity to take care of the needs of Canyon and a number of surrounding towns for several years to come. It will be ready for operation long before the usual ice season starts in the spring.

The Kelso-Wurdack Company, with H. Wurdack, president, is one of the most progressive electric plant owners in the Southwest and is serving a large number of towns in the section. It was announced in the Hereford Brand last week that the company had bought a part interest in the plant of that city. The fact that the company is putting in the White Way and an ice plant shows the great faith it has in Canyon.

Glen Smith, district auditor, from Plainview, and Mr. Goldsworthy, general auditor, from St. Louis, were here Monday getting a line up on the local business.

Canyon Schools Are Going Very Fine Says Superintendent

"Everything is going fine at the public schools," states Superintendent A. D. Payne. "Conditions were never more harmonious, and all of the work is moving along nicely."

Close observers of the work in the public school are highly pleased with the work of the year. Very few complaints have been received regarding the conditions existing in the school, and a majority of the pupils are reported to be doing excellent work.

Owing to the fact that the roads have been good this year, the transportation problem is not as perplexing as it was last fall when the trucks were forced to pull through mud and snow a large part of the winter.

Only a week will be taken for the Christmas holidays, and this will allow a little earlier graduation than is usual in the local schools.

BURGAN-HARKEY

Under the quiet spell of cupid art last Wednesday, November 19th, two beautiful young people were united in the holy bonds of matrimony. The happy couple were Miss Beatrice Burgen and Mr. Lonnie Harkey, both of Panhandle. The bride is the beautiful daughter of Mr. and Mrs. A. N. Burgen of this city and has been a teacher in the Panhandle High School for the past two years. The groom is a prosperous young business man of that place and is a very lucky fellow in selecting his bride. The couple was married at Claude and left immediately for New Mexico, Arizona and other points, but will return to make their home in Panhandle. Their many friends in Canyon congratulate them and wish them great happiness.

Mrs. A. W. Thomas of Amarillo visited her son, L. E. Thomas here Sunday.

Kiddies Are Invited To Write Santa Letters to News

Say, kiddies, it is about time for Old Santa Claus to come down toward the Panhandle with his load of toys, and every kid in Canyon and Randall county will be expecting something sure this year.

Better write Old Santa a letter and send it to the News, so he will know what to bring you.

WHITE WAY IS EXTENDED

The White Way has been extended four blocks east from the highway to the President's home on the College campus. This extension will give Canyon a total White Way of twenty-two blocks, or one mile and a half, including the public square.

The only official act of the board of regents while visiting the College was to approve the White Way as presented to the body by Mayor C. N. Harrison. Mayor Harrison at once wired the Kelso-Wurdack Company of the extension and Tuesday receive confirmation that the White Way would be extended the four blocks under the same provisions as it is established within the city limits. The company will install the fixtures and the College will pay the monthly current bill, just as the city pays the current bill within the city limits.

The extension of the White Way gives Canyon by far the longest White Way of any town its size in the Southwest, as the town likewise has the record with the largest amount of paved streets.

Red Cross Roll Call Will Close Thanksgiving-Women Work

The final day for the Red Cross Annual Roll Call is Thanksgiving, and the women of the Federated Club are trying to pull Canyon's membership up to 300.

A booth was established in the court house Monday, and every passer-by was given an opportunity to answer the Roll Call.

It is stated that many people in Canyon are not informed as to the work of the Red Cross, and the great good that the organization is doing, not only in Canyon, but all over the world.

In Canyon last year several children were given medical treatment, who would have greatly suffered had not this organization given aid. Several poor families were given aid, who would have suffered greatly but for the assistance of the Red Cross.

One-half of the money collected in the Roll Call goes to the local work, and money is greatly needed to carry on the work during the coming year.

HEAVY SNOWS LAST YEAR.

This time last year there was a ten inch snow on the ground in Randall county. There had been exceptionally heavy rains all fall.

The weather this fall has been the finest this country has ever had. The rains have come at timely periods, and the weather has been so open that the farmers could save all of their crops without damage in the least.

On account of this fine weather, it is stated that farmers have been kept closer to work this fall than at any time in several years. The yield of all kinds of crops has been mighty good.

EXES WILL GET TOGETHER.

Exstudents of the College who attend the State Teachers Association will be called together for an informal program during the association meeting at San Antonio.

President J. A. Hill and nine members of the College faculty will attend the Association.

THANKSGIVING PAGEANT.

The Christian Endeavor Society will present a short Thanksgiving pageant at 6:30 on Sunday evening, Nov. 30th, at the Christian Church. Everyone is cordially invited to be present.

Orton Grocery Sold to R. A. Bellah and Son Change Next Monday

The Orton Grocery has been sold to R. A. Bellah and Alfred Bellah, possession to be given next Monday. The sale was made several weeks ago, but no announcement made at that time.

Mr. Orton states that his plans are not made for the future, but he does not expect to leave Canyon. He came to this city fourteen years ago this summer and started into business at the West End Grocery. After several years in this place of business he started the East End Grocery, and later bought the Pipkin Grocery, which is the business he is selling to Messrs. Bellah.

Help Keep Canyon Clean!

FOUR NEW SCHOOL HOUSES ERECTED RANDALL COUNTY

PAST YEAR SEES GREAT INTEREST IN COUNTRY SCHOOLS.

One New Brick School, One Tile and Two Frame Buildings Are Completed by trustees.

County Judge R. L. Lester, ex-officio superintendent of the schools of Randall county, states that the schools are in most excellent condition this year, and a great interest is being taken by the local trustees in the property of the schools.

Four new buildings have been completed recently in common school districts which are a great credit to the school system of the county.

A new two-room brick building has just been completed in district No. 20, the Stone district.

A new tile building has been completed in district No. 9, the Sunnyhill district.

A new two-room frame building was completed a few weeks ago in district No. 17, the Garrison school district.

The Zita district completed a new two-room building last year.

Judge Lester states that only one of the common school districts closed this fall for cotton picking, but this did not continue long.

The county board of trustees has called upon the local trustees to paint all school buildings and make needed repairs, and much of this work is contemplated. Trustees in other districts are talking of new buildings, which are badly needed.

SAN JACINTO BOOSTER JOINS THE NEWS' GROWING FAMILY

Another weekly newspaper has been added to the News family—The San Jacinto Booster. The Booster is published in the growing addition to Amarillo by Forrest Warren. Mr. Warren came to Amarillo with the Globe, and seeing the need of a local newspaper in that addition started the Booster.

There are now four weekly newspapers published in the News office—the Randall County News, The Prairie, The Happy Herald and the Booster.

It is doubtful if there is another town in the United States the size of Canyon in which four different weekly newspapers are published from the same plant, and representing three different towns.

Thanksgiving Service at the Baptist Church 10.00 A. M.

The annual Thanksgiving service will be held Thursday morning at 10.00 o'clock at the Baptist Church. Rev. W. C. Kunze, pastor of the Presbyterian Church, will preach the Thanksgiving sermon.

All of the churches of Canyon are uniting in the Thanksgiving service, and the public is invited to attend the service.

\$5.00 Fine for Skating on Sidewalks to Be Enforced by City

"According to the city ordinance it is a \$5.00 fine for children to skate on the sidewalks, and it becomes my duty to enforce this ordinance, stated City Marshal Clarence Luce Saturday. "Please give notice that this ordinance is to be enforced."

A large number of sidewalks in the city are being greatly damaged by the roller skates. Property owners have complained to the city authorities of the continued skating on sidewalks, and hence the enforcement of this ordinance which was passed several years ago.

Dealers of the city stopped selling roller skates last year when it was decided to stop skating on the sidewalks.

Mr. Luce suggests that all children having roller skates should throw them away and save the risk of getting pinched and paying a fine.

HOGS DO BETTER HERE THAN IN IOWA OR SOUTH DAKOTA

F. E. Haynes came into the News office Saturday and stated that he has thirteen hogs on his place that weighed 245 pounds when they were only six and one-half months old. Mr. Haynes has been in the hog business a good many years and has raised hogs in Iowa and South Dakota, but has never had any that would beat this average.

SCHOOL HOLIDAY FRIDAY.

A holiday will be observed in the public schools for both Thursday and Friday. Many schools in the country are given a holiday following Thanksgiving.

SCHOOL SURVEY COMMISSION RECOMMENDS CLOSER RELATIONS OF PUBLIC SCHOOLS AND TEACHERS COLLEGES

CO-OPERATION WOULD GIVE TEACHERS COLLEGES BETTER PRACTICE TEACHING FACILITIES—WANTS BETTER SUPPORT OF ALPINE COLLEGE, OR MOVE IT.

The School Survey Commission has made recommendations calling for a closer co-operation in towns where the teachers colleges are located between these colleges and the public school system of the communities. Below is a portion of the recommendations as will be submitted to the legislature by the Survey.

"Some suggestions have already been made regarding the relationships of the teachers' colleges to other higher educational institutions in certain types of teacher training. It is the frank opinion of the survey staff that the suggestions made regarding these activities if accepted will lead to greater opportunities for the teachers' colleges. The data in Chapter 10 shows that the teachers' colleges are reaching a very large proportion of the elementary teachers in the public schools of the State. However, the teachers as a whole have not attended for as long periods as is desirable. Texas should gradually but surely raise her certifying requirements. This will give the teachers' colleges an opportunity to discharge more fully their obligations to the State.

"There are other steps which, if taken, will give the teachers' colleges a larger opportunity to serve the public schools of the State. The practice teaching schools should be strengthened. In general they are inadequate. It is difficult to see how a proper attitude on the part of prospective teachers is to be developed with respect to the professional aspects of the work unless a good demonstration school adequately housed and staffed is provided. In the opinion of the survey staff, there should be developed a larger measure of co-operation between the teachers' colleges and the local systems. With the possible exception of Denton, the teachers' colleges are located in towns so small that they need to have the use of the entire school system for practice school purposes. It would not be difficult to effect such a co-operative relationship between local boards of education and the teachers' colleges as would make possible good school facilities for the local children and at the same time provide the teachers' colleges with adequate practice teaching facilities.

Poorly Located Colleges

"Apparently in the location of the teachers' colleges considerations other than the State's interest as a whole have had influence. The outstanding illustration is Alpine. It was a mistake to place the school in a territory with so few people and with such poor railroad facilities. Furthermore, the hesitating policy that has been pursued with reference to the school has not given the authorities a fair chance to make the most of it. The State should either properly provide for the institution in its present location or abandon it. The school should, by all means, have been located farther north and east. It would doubtless be economy to move it to such a location now. The new site is a question that might well be given consideration by the proposed State board of higher education, if provision is made for it.

"As has been pointed out in connection with the discussion of the practice school facilities, there is needed for this purpose additional buildings at the teachers' colleges. If the college is to remain at Alpine, a dormitory should be provided at an early date. Beyond these suggestions the survey staff made no detailed study of the building needs of the several teachers' colleges.

"In the discussion that was current in the State at the time the survey was in progress much was said about the duplication of effort by the higher educational institutions. Statements were made that implied that any duplication was evidence of waste. A moment's consideration must make it clear that in many instances duplication is economy, e. g., in beginning courses in English. They are needed in each of the higher educational institutions. It is only when the number of students become smaller than can be handled effectively or when there is unnecessary multiplication of equip-

ment, that duplication is open for criticism.

Some Duplication Needed

"Some statements have already been made that point to what seems to be unnecessary duplication. There are other instances in which it is believed that differentiation in the work of institutions is desirable in order to reduce or prevent unnecessary duplication of effort. In case of the teachers' colleges it seems both practicable and desirable to make some provision by which there should be some specialization on the part of these institutions in the training of high school teachers in these fields for which there is only a limited demand. A careful consideration of the conditions surrounding each institution and the needs in the State are certain types of teachers would make it possible to secure a co-ordination of effort on the part of institutions.

(Continued on last page)

Eagles Tackle Fast Floydada High School Team Thanksgiving

The Canyon Eagles have not been defeated on the home grounds in two years! The Eagles are determined that the Floydada Whirlwind gang shall not break this good record of the Eagles in the Thanksgiving battle.

The Floydada aggregation is one of the fastest on the Plains, and were only eliminated from the championship race by a close score by the fast Slaton team.

The Eagles have had a long rest until last Saturday when they were given a chance to show their stuff against a Hereford team, composed largely of high school men, but a few town players. The Eagles' victory was 9 to 7, but was a hard fought game throughout. Coach Noy Hales states that he was highly well pleased with the showing the Eagles made after the long time without games. Both Captain Martin and McCormick are likely to be out of the Thanksgiving game, as they were out of the game Saturday.

Small Building Program Recommended to the Legislature

Announcement has been made by the Board of Control at Austin that a building program of \$2,380,500 will be recommended to the legislature when it meets in January. No announcement has been made as to the educational institutions which will be recommended for the buildings.

It was stated that the total appropriations for existing institutions has been cut \$200,000 lower than the legislature allowed two years ago.

Save \$8 per Gross on Pencils Bought from News Office

What do you know about saving \$16.00 on a \$12.00 order? What do you know about it anyway? Yet that is what the News saved a customer in Canyon!

A gross of pencils had been ordered from a mail order printing concern. The price was \$14.00 per gross, \$28.00 for two gross. The News furnish the same pencils for \$6.00 per gross, or \$12.00 for the two gross.

Doesn't it strike you that the mail order concerns are not in business altogether for their health, and that all the good they ever do Canyon is take away business from local concerns. Think it over, Mr. Business man when you need office supplies.

Buffaloes Defeated by Place-Kick by the Daniel Baker Squad

Eight fumbles, which cost the Buffaloes fully 250 yards in loss of distance, gave the Daniel Baker Hill Billies a victory over the Buffaloes Saturday afternoon at Buffalo Park. This was the final game of the season on the home ground, and the last game at home for five of the outstanding men of the Buffalo squad—Captain Grady Burson, Mitchell, Jones, Golden and Herm.

The Buffaloes, playing their last game of the season at home went down fighting valiantly in defeat to the Daniel Baker Hill Billies, 3-0, last Saturday. The first few minutes of play bore out the prediction that the game would be a hard one. Both teams tore great holes in the lines, yet both lines held like stone walls at crucial moments. The entire first half was, it seemed, a spirited contest between Burson and Brock. Burson, captain and outstanding player of the Buffaloes, gained ground almost at will. On the first play after the Buffaloes had the ball, Burson ran around the Goats' left end for a 16 yard gain. Time and again he tore great holes in the Hill Billie line; once, with the Goats threatening to score a touchdown, the mighty captain recovered a fumble on his own five yard line and dashed down the field 35 yards before he was downed. The gaining of Brock was almost equal to that of Burson's. The stocky left half first hit the Buffalo line for a five yard gain and then on the next play ripped through all opposition for a 15 yard gain. In the first half the Buffaloes gained a total of 108 yards, Burson gained 89 of them. In the same period the Hill Billies gained 75 yards. Brock gained 44 of them. The Goats' score came as the result of a place kick. After their safety man had signaled for a free catch, an over-zealous Buffalo tackled him and the Buffaloes were penalized, the Goat captain taking his choice as to how the ball should be returned to play. He elected to kick and the Buffaloes were forced to stay 10 yards from the kicker. The first attempt went wild, but a Buffalo player was off-side, and after a five yard penalty the goal was kicked. Both teams had the ball within scoring distance several times, but always some unlooked for incident happened to prevent a touchdown.

Just before the game started last Saturday, the Loyal Order of Red Men gathered about the Buffaloes to see one of their number, Jerry Mallin, present a beautiful bronze paper weight to Captain Grady Burson. Mallin made a fervent speech in commendation of the football team and its captain and expressed the great admiration held for the team by the Red Men.

The Buffalo trophy is large and in every way is an exact model of a full grown bison. Captain Burson played his last home game last Saturday. He has played brilliantly—at fullback for four years, and has twice been honored with the leadership of the football team.

In Sweden, before the telephone poles are planted they are drilled longitudinally with a small center hole, and then the opening at the bottom is plugged. The hole runs to a point about one foot above the ground. A small side hole is drilled assant to meet the center hole and creosote oil is poured in the center hole every two or three years.

WILL CONDUCT REVIVAL AT THE FIRST BAPTIST CHURCH

JOSEPH P. BOONE

Dr. Joseph P. Boone, Secretary of the Baptist Student Union work in Texas, is coming here on November 30th to conduct a revival meeting at the First Baptist Church. He will be assisted by John B. Crockett, who for several years was student secretary at the Teachers College at Denton. Mr. Crockett will be in charge of music.

Dr. Boone is well known to the students of Texas, having presided over Baptist Student Union conventions since the movement was organized. He has visited all of the colleges and universities a number of times in connection with B. S. U. work. He is universally recognized as an earnest and sincere speaker on problems common to college students.

DON'T BUY OF THEM

The National Disabled Soldiers' League, Inc., is flooding the country with appeals for money under the guise of helping disabled veterans. They send five pencils to each citizen, asking that they keep the pencils and return a dollar in cash. The Disabled Soldiers League is not endorsed and recognized by the American Legion, in fact there seems to be plenty of evidence to warrant the belief that it is not a genuine, sincere organization and citizens should remember this fact before parting too liberally with their dollars.

The common larkspur, growing in the mountains—from Colorado westward, is very poisonous to cattle, particularly just before blossoming time. Only cattle die from larkspur poisoning. Horses do not touch it when left to themselves, and sheep seem to thrive on it.

BACK BAD TODAY? Then Find the Cause and Correct It As Other Canyon Folks Have.

There's little rest or peace for the backache sufferer.

Days are tired and weary—Nights bring no respite.

Urinary troubles, headaches, dizziness and nervousness, all tend to prevent rest or sleep.

Why continue to be so miserable? Why not use a stimulant diuretic to the kidneys?

Use Doan's Pills.

Your neighbors recommend Doan's.

Read this Canyon case:

S. E. Johnson, carpenter, 1908-3rd Ave., says: "I suffered with a sharp cutting pain in the small of my back. My back was sore and stiff. My kidneys acted too freely, also. I took Doan's and they regulated my kidneys and cured me of backache."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Mr. Johnson had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Early Mailing Of Christmas Packages Urged

According to information from Post Office officials here, that Department is urging the public to mail Christmas packages early in order to avoid the excessive rush of Christmas week. Not only will early shopping and mailing be of benefit to postal employees, but the officials declare that the public will benefit also since it will eliminate delay.

It is suggested that packages be sent and marked "Don't Open until Christmas."

This plan has been previously followed to a certain extent and is reported to be very satisfactory.

Motor accidents, says the Bureau of Public Roads, result from the following causes: blind curves and intersections of roads; sharp curves on embankments; unprotected embankments; narrow bridges; sharp unbanked curves; slippery road surfaces; steep grades; narrow road surfaces; steep crowns; sharp curves at bridge and underpass approaches; grade crossings. The list was drawn up in order that roads that are to be built with federal aid can be made as safe as possible and of course does not take into account the more important causes of accidents—careless driving, drunken driving and excessive speeding. Building "safe" roads is a good deal easier than persuading drivers to use them intelligently.

Knowledge is good; using it wisely is better.

NO WONDER

First Steno—"The idea of working steady eight hours a day! I would not think of such a thing."

Second Steno—"Neither would I. It was the boss that thought of it."—Wall Street Journal.

United States Controller-General McCarl has ruled that a married woman employed by the government must use the surname of her husband when she signs the payroll. "The law of this country that a wife take the surname of the husband," he says, "is as well settled as that the domicile of the wife merges in the domicile of the husband. She may have an assumed name, but she has only one legal name."

Gives advice to Expectant Mothers

"I HAD an awful time with my first baby," writes Mrs. Theo. Willey, 431 E. Ohio St., Indianapolis, Ind. "They had to give me chloroform and use instruments. They thought I would die. But before my second baby came I used 'Mother's Friend' and baby was born with only a few pains and before a doctor could arrive. I cannot praise 'Mother's Friend' enough. I tell every one I see who is expecting to become a mother about 'Mother's Friend.'"

FREE BOOKLET

Write Bradford Regulator Co., B-A 16, Atlanta, Ga., for free booklet (sent in plain envelope) containing valuable information every expectant mother should have. "Mother's Friend" is sold by all good drug stores. Full directions for using it will be found with each bottle. Begin now and you will realize the wisdom of doing so as the weeks roll by!

Rheumatism

"Good-bye old crutch!"

THERE IS positively no longer any excuse for suffering the agonies of rheumatism! Especially in the autumn of your life, when the vital organs weaken, impurities multiply and linger in the muscles and joints, as never before. It is now, just now, when you cannot afford to guess. No day returns!

Here is a joyous fact which can mean to you a fond farewell forever to all the miseries, the tortures, the body-twisting pains that you have suffered from the demon of rheumatism. It is a fact that rheumatism means "blood poverty." It is a fact with the increase of red-cells in your blood, impurities are destroyed. It is a fact that S.S.S. will help Nature build these red-blood-cells! S.S.S. is one of the most powerful blood cleansers in existence. Its results in thousands of rheumatic cases have been nothing short of amazing! The medicinal ingredients of S.S.S. are purely vegetable. This is very important to remember! What can be more inspiring, more wonderful than to see the shackles of pain released from your struggling body, swellings, lingering pains, stiffness of joints and muscles all disappear; your stomach made strong; your face pink with the old sweet-heart glow, your blood enriched and your cheeks more plump as they used to be. You can do it! Take S.S.S., the great destroyer of rheumatic impurities.

S. S. S. is sold at all good drug stores in two sizes. The larger size is more economical.

Four Regents of the College Visit Institution Friday-Saturday

Four members of the Board of Regents for Teachers Colleges were guests of the College last Friday and Saturday. They were given numerous breakfasts and luncheons and were spectators at the Buffalo-Hill Billie football game. The regents present were Miss Margie Neal of Carthage, J. J. Bennett of Stephenville, Fred Martin of Fort Worth, and A. B. Mayhew of Uvalde.

Mr. Mayhew was appointed to the Board very recently and is making his first tour of the colleges. Mr. Martin has been a member of the board for a longer period, but had not previously visited W. T. S. T. C.

The Board of Regents arrived Friday afternoon. They were given a dinner at Cousins Hall, when roast goose was the feature of the occasion. Prof. Wallace R. Clark and Prof. D. A. Shirley were the hunters largely responsible for the wild geese bagged. Saturday morning the sophomore Home Economics class served a breakfast for the regents in the Home Ec. dining room, and at noon they had lunch at Randall Hall.

Each member was introduced in chapel by President Hill on Saturday morning. The responses were short, sincere expressions of good will from the regents. Miss Neal drew applause with her remarks about the seniors and Mr. Mayhew made a good first-impression with his eloquent references to the "rocks and rills" of his home community. Hon. Lee Saterwhite of Panhandle was also introduced. He made an address concerning the problems of the coming sessions of the state legislature.

The regents expressed approval of the methods used by the College in presenting its needs. In a general meeting of the faculty and regents, the department heads and teachers individually explained their respective situations. Later conferences were held with smaller groups. While here the regents had opportunities to see what is being accomplished and to learn the specific needs of the school. They showed their interest and understanding of the problems involved by asking many questions about the work of the institution. They several times publicly commended the good spirit and fine organization of the faculty group and student body.

LAMAR'S BIRTHDAY NOT JANUARY 26, AS STATED

The News has been asked to correct statements made at the flag presenting ceremony recently that the Lone Star flag presented by Mrs. Loretta Lamar Calder of Houston will be flown on President Lamar's birthday. The day on which Mrs. Calder wishes the College to display the flag—January 26—is not President Lamar's birthday. On this date the congress of the republic passed the bill appropriating the "school lands" for the founding of a public school system in Texas. This bill was passed during Lamar's administration as president of the Republic of Texas.

Swimming is required as part of the students' work in twenty-two colleges and universities for women. Nine institutions—Cornell University, Iowa State Agricultural College, Rockford College, Syracuse University, Cincinnati University, the University of Wisconsin, Wells College, Western Reserve and Wooster College—refuse to grant a degree to a student that fails to pass a fixed swimming test. The requirement that women learn to swim is based on sound sense, for swimming is not only a healthful and pleasant exercise but often a means of saving life.

"Liberty is far more easily destroyed by those who abuse it than by those who oppose it."—Ramsey MacDonald.

Happy Happenings

Miss Ruth Harrison of Stratford visited friends here Sunday.

Mr. and Mrs. M. D. Montgomery of Amarillo visited relatives here Sunday. Rev. J. W. Shepherd and family spent Sunday in the Tom Bandy home.

Mr. and Mrs. Hugh Pyatt of Amarillo visited with Mrs. Pyatt's brother, Earl Whitley and family, Sunday. Mrs. Pyatt was formerly Miss Madie Whitley.

Mrs. Walter Welch and children of Dimmitt spent the week end with her parents, Mr. and Mrs. B. F. Maynard.

Mr. and Mrs. Ralph Hogge, who have been in Amarillo for the past few months—moved back here Monday to make this their home.

Mr. and Mrs. Loyce Gillham are the proud parents of a baby boy, born Saturday night.

Rev. D. H. Bryanoff left Wednesday for Dallas to attend the Baptist convention which is in session there.

Lucille Hogge, who is attending school here spent the week end with her parents of the Arney community.

Mrs. O. H. Rahls went to Amarillo Friday where she had her tonsils removed.

W. A. Sanders of Granite, Oklahoma is here, looking after the gin.

Vincent Shuman of Canyon spent the week end here with friends and relatives.

Winfield Miller, who is attending school in Canyon, spent the week end here with his parents.

Audrey Lee Markham and Fayre Lash who are attending school in Canyon spent the week end here with their parents.

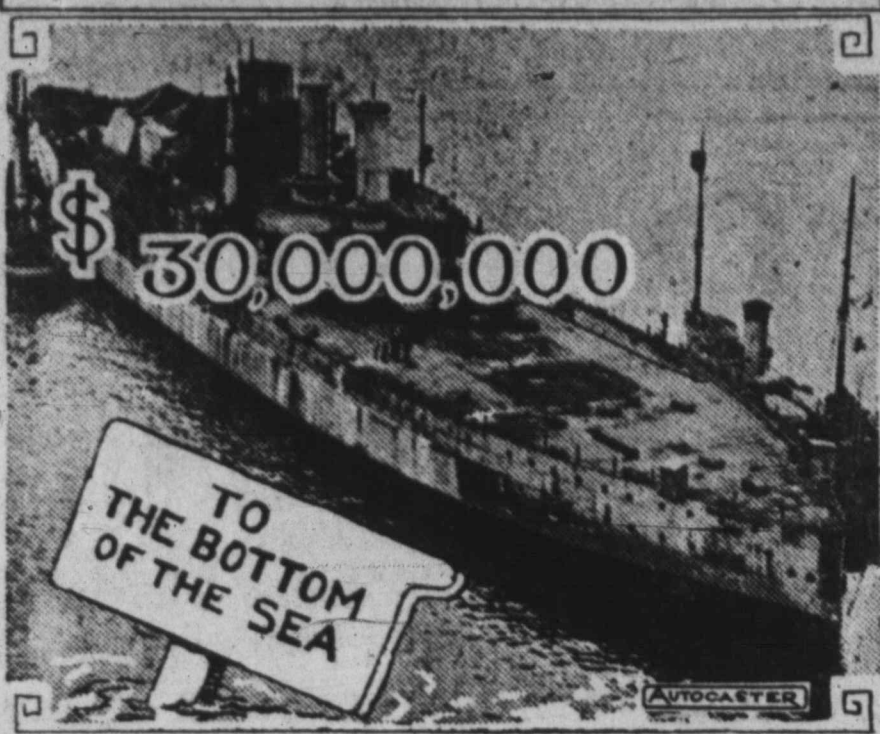

Mr. and Mrs. Hancy and little daughter from Coleman spent the week end with their daughter, Lura Will, who is teaching school here.

Miss Alma Wade left Friday for San Antonio where she will be gone for several days to attend a Home Economics Teachers convention in session there.

Clark Neff donated a bale of cotton to the Methodist church for the purpose of finishing the basement if the members of the church would pick it. Saturday a crowd of people went to the Neff farm and picked the cotton. A picnic lunch was served at noon and the bale was picked out about 4:00 o'clock. The bale was hauled to the gin and ginned. It weighed 548 pounds and brought \$120. W. T. Townsend bought the bale paying the highest price offered.

After January 1st, the First State Bank of Happy will go under new management, so we are informed by good authority. Mr. H. L. Holland has taken over considerable of the stock and will have active charge after the first of the year. Mr. Holland, some few years ago was interested in the bank, but sold his stock and moved to Texhoma where he has been engaged in the stock business, but recently returned to Happy when he bought the Waite home in the east part of town.

Called Wasteful Destruction

Above is the U. S. S. Washington as she was towed toward the Virginia Capes to be used as a target in Navy practice. She cost \$30,000,000 and is 85 per cent complete. Her destruction is in accordance with the "Washington Conference." Protests from all sources at such wasteful destruction have been made, the claim being that other powers have not lived up to their agreements made at Washington.

where he will make his home.

What changes will be made in the personnel of the bank has not yet been made public, but we understand that Mr. Holland will have charge of directing the affairs of the institution.

It was wonderful work when Mr. and Mrs. Rayburn and Miss Mary Neff, all past 80 years of age, picked their first cotton last week. In order to try their strength they started out for the first time to see how cotton picking would go with these old folks. With their sacks under their arms they started out like a bunch of young people and when a quarter of the day had been spent in the field it was found that they had picked about 30 pounds each. It was quite a lark for these old people and Swisher county can lay claim to the champion cotton pickers of the state, considering age, etc.

Wayside Items

Sunday was disagreeably cold; Mondayday colder, freezing cold all day. Threatening falling weather, but passed away. Tuesday colder still.

Rev. Green B. Patterson, our new pastor filled his first appointment Sunday. Only a small attendance out, on account of the cold and so many being gone to Canyon.

The nine living children of Mother S. J. McGehee of Canyon celebrated her 87th birthday Saturday, Nov. 25, by taking dinner and spending the day at Miss S. L. McGehee's. Quite a number of grandchildren, a few great grandchildren and other relatives, and friends participated in the annual event. A number of substantial gifts were presented. All enjoyed the day with this aged mother, and mixing and mingling with each other.

H. H. and Travis Gillham made a

trip to Seymour Tuesday, returning Friday.

Mrs. Ollie Lowery of the Beverly neighborhood left Canyon for Kansas City last Saturday, for "Temple of Health" sanitarium. Her mother, Mrs. Emma Jackson, accompanied her. Mrs. Lowery has been in failing health for two years. After reaching her destination she grew worse and a telegram was sent Mr. Lowery to come at once. He went and reports come that she had an operation and was thought to be some better.

Ulmer Jackson, eldest of Trayer Jackson's children was very sick Friday night, but is better now.

W. J. and M. C. Sluder made a business trip to Tulla Monday and returned same day.

Mrs. Fannie Franklin and Fannie May visited the parental Sluder home Thursday, spending the night and returning home next day. She is still quite weak but is improving all the time.

Grady Franklin visited his family at the parental Franklin home Friday. He and Herbert left for the cotton fields Monday morning. Quite a few are pulling bollies in the community.

C. S. Brooks and family are planning to move near Happy to the Harvey James place soon. They moved to Wayside at the beginning of school where the children have been attending school.

We understand that C. S. Brooks has exchanged his place east of Wayside for a farm in Jones county.

J. V. Gillham left Friday for Kansas City market with a car load of Polled Angus cattle.

Married in Canyon last Sunday, Harry Folk of Seminole to Kate Rogers, daughter of Chas. and Lella Rogers of the Fairview community. A party at the parental Rogers home

Tuesday night, the bridal couple to leave Wednesday morning for Eemlone.

LUTHERAN SERVICES

Keenan School 5 miles east of Canyon. A series of Advent sermons will be delivered by the pastor during the season between now and Christmas. The subject for next Sunday will be "Behold Thy King Cometh unto Thee." The service will begin at 8 o'clock Sunday evening. Sunday School at 10 o'clock in the morning.

J. H. C. SIECK, Pastor.

ALL SAINTS' EPISCOPAL CHURCH

There will be no service at this church next Sunday, Nov. 30. The Rev. R. N. MacCallum will conduct evening service Sunday night, Jan. 7.

E. H. J. Andrews, Priest in charge.

SUCCESSOR TO ORTON GROCERY

We wish to announce to our friends and those whom we hope to make our friends, that in entering the grocery business in Canyon we are not new to the business, having had several years' experience in this line at Dundee, Texas.

We will make no changes in the present clerical force, which has helped our predecessor, S. B. Orton, in running an up-to-date grocery store.

Fresh and high grade Groceries at Reasonable Prices. We are sole agents for Amarillis and Great West Flour; Chase and Sanborn and Shillings Tea and Coffee; Teagarden Jellies, Preserves. LOUIS and JAY—will meet you at the door with a very welcome smile.

QUINTON—will deliver the goods.

"Nuf Sed"

Bellah Grocery Co.

ANNOUNCEMENT

For more than fourteen years I have peddled prunes in this community.

Hundreds of people have traded at my store.

I wish to thank them all. The only regret that I have in quitting business is that I will see less of my friends.

But any way, I won't forget you—some of you at least.

S. B. ORTON

Illinois Senator

Mrs. Florence Bohrer of Bloomington led her district ticket in the Republican sweep of Illinois and is the first woman elected to the Senate in that State.

Athletic Conference for This Section Is Approved by the Fans

Athletic fans have been discussing the possibilities of an association of College in Northwest Texas, Eastern New Mexico and Western Oklahoma. It seems to meet with general approval if arrangements can be made to put into effect a standard as high as that demanded by members of the T. I. A. A.

In this section are a sufficient number of Colleges to make a fine association. There is the Buffalo team, The University of New Mexico, the Roswell Military Institute, the Goodwell A. & M., the Rangers for Alva, Okla., Clarendon, Wayland, the new Tech College. These eight colleges are in a territory easily accessible to each other. The Abilene colleges might be included if a larger number was needed, and the School of Mines at El Paso is not prohibitive.

Sport writers down state read teams from this section out of the race because it is impossible to play a representative schedule. The Buffaloes would have not been given more than honorable mention if they had won every football game this year with T. I. A. A. College, because only four such games were played. Sport writers down state hardly admitted that the Buffalo basketball team was the undisputed champions last winter because of the fact that not all games were association games.

Sport writers and fans in this section are more interested in seeing games between teams from this section than they are with teams imported from a distance. Fans have regretted very much that the Buffaloes do not play Clarendon and Wayland.

It is believed that the cost of athletics would not be so great were teams closer at home played, and that the interest in general would be much more. College authorities would do well to consider this proposed association, and call a conference of all schools interested.

Many people are getting ready for Christmas by buying their Christmas cards early. The News has a big supply of the very finest cards, both for engraving and printing. It is dangerous to delay ordering cards longer. Engravers will not insure the delivery of cards unless the order is placed during the early days of December. Those ordering before that time, of course get the choice of a larger number of cards. Orders for printed cards taken up to Christmas day, but the stock is always very short at that last minute. ORDER NOW at the News Office. 3443

Thanksgiving

The Pilgrim Fathers were forced to carry a blunderbuss where ever they went. They knew the value of PROTECTION. After a year of hardships they set a day and called it Thanksgiving, the first Thanksgiving. Every year thereafter they celebrated the day and in this manner the habit has come down to us.

Today, three hundred years later, people also know the value of PROTECTION. It is not necessary to carry a blunderbuss, but it is NECESSARY to bank your money, valuable papers and jewelry. The Utopia which is absolutely free from danger of theft is yet to be found, and until it is it will be necessary to place valuables in theft-proof places. We solicit your business.

WILSON-BROWN RECITAL GIVEN IN AMARILLO

The joint recital of Mrs. Robert Wilson of Amarillo and Miss Mary Morgan Brown of our Public Speaking Department was given at 8:15 Friday night at the Polk Street Methodist Church under the auspices of the missionary societies.

Mrs. Wilson has returned from the East, where she studied under some great instructors. She was accompanied by Mrs. J. W. Collins in two songs.

Miss Brown is widely known in the Panhandle as a reader.

DEAN-WILSON WEDDING

Miss Gladys Dean and Ira Wilson of Lubbock were married in Canyon on the recent "Home Coming Day."

Miss Dean is an honor graduate of the Lubbock High School and had a successful year in the College, where she was very popular among the students. She is the daughter of Mr. and Mrs. Callie Dean of the Lubbock Floral Company.

Mr. Wilson is the son of Mr. and Mrs. Iran Wilson and is at the present time associated with his father in the abstract business at Lubbock.

Yearlings Lose to Tulla High, 15-14

In one of the most spectacular games seen here this season, the Tulla High School team defeated the Yearlings last Friday by a one point margin, the final score being 14 to 15. The Tulla eleven had an almost perfect passing machine, and rarely was a pass incomplete, although about 15 were tried. The Yearlings, on the other hand, had a line-smashing attack that rivaled the Buffaloes. McVicker made long gains by hard line plunging and once

bucked the line five yards for a touchdown. The game was a thriller from start to finish. The Yearlings made two touchdowns and kicked both goals, but the Tulla boys made two touchdowns but failed to make the after point; and then by a streak of strategy made a place kick which won the game.

"Bo" Cavett and Ford starred for Tulla, while McVicker and Reagan were the bright lights for the Yearlings.

THE PASSING DAY

By Will H. Mayes, Department of Journalism, University of Texas.

At a recent meeting of the committee on organization of the proposed Texas Centennial it was unanimously agreed that as a preliminary step to the exposition a year or more should be spent in an educational campaign to acquaint every Texan with Texas as it has been and as it now is. An effort will be made, if the committee's report is accepted, to familiarize every child and adult in the State of Texas with Texas history and Texas progress in a way to create an intense love for the State that will manifest itself in a desire to hold a great exposition that will adequately depict Texas of the past, exhibit every resource of Texas of the present, and give a vision of Texas of the future. The educational campaign in itself should prove a wonderful awakening of the people to a proper conception of the greatness of the State.

It is thought that the educational campaign proposed in advance of the Texas Centennial will cost approximately \$100,000, a large sum to be spent for quickening an interest in the State that will find a response in the way of a great commemorative exposition. It must be remembered, though, that Texas is a great State—great in area and in history—with a heterogeneous population, having an almost endless variety of interests. To reach and enthuse such a population in such a vast territory will require much effort, time and expense, but it will be worth to Texas in an educational way all that it will cost, aside from the interest that it will create in the Texas Centennial.

Something was said in this column recently about the number of turkeys being marketed this fall at Brownwood, the value of the turkey crop of that county alone being estimated at \$400,000 to \$450,000. Reports seen since then show that Brady and San Saba are shipping turkeys in great quantities. Cuero is perhaps the leading turkey market of the State, and there are several other places where turkeys play an important part in bank statements. Aside from the money paid the growers for turkeys large sums are paid to laborers who pick and prepare the turkeys for market, the turkey pickers each making from \$3.00 to \$10.00 a day during the shipping season.

All the counties that are shipping turkeys have also become large producers of chickens and eggs, these finding a steady market throughout the year. The poultry business is not interfering to any extent with general farming, for it is seen from statistics that there is no loss production of cotton, corn and other farm crops because of the growing of turkeys and chickens, since the poultry is generally cared for by the women and children on the farms. They find this much more agreeable work than field labor and also more profitable in proportion to the time spent.

In discussing the lack of progress of a certain Texas town as compared with surrounding towns, a citizen of the place explained that instead of

working for town development the business interests are divided into two factions that spend their time in opposing each other. It is a deplorable condition for any community to have a divided citizenship in matters where the interests of all are concerned. Unfortunately there are people who enjoy factional strife more than progress, who would rather sink themselves in business oblivion than do a thing that might help others, especially if those others are neighbors or are engaged in the same line of business. Men with big business ideas have learned that the greatest success is brought about through co-operative effort. It is the small-bore chap that gives more time to fighting competition than to building up his own business. A still smaller fellow is the one who refuses to help in community building simply because some one whom he does not like happens to favor a proposed movement.

The most noticeable movement in industrial lines in Texas just now is the increasing interest being shown in textile manufacturing. The great cotton production in Texas, the available gas, lignite and water, the temperate climate, the low cost of living as compared with Northern mill centers, the proximity to world markets, all lend themselves to cotton and woolen goods manufactured in Texas.

CARD OF THANKS

We wish to take this method of extending our most sincere thanks for the many kindnesses shown us during the illness and death of our beloved father.

Mr. and Mrs. B. E. Sherran
J. W. Dison
Mr. and Mrs. C. S. Dison and Family.

When a United States District Attorney came out of a New York City judge's chambers recently a woman seized him by the arm, saying, "Now come along with me and get your flag and a copy of the Constitution." The woman was connected with some Americanization organization and had been sent to court to help along the work of making new citizens good citizens.

Government pigeons are being taught to fly at night. Flocks of these birds find their way home to their electrically lighted loft on the darkest night as speedily as in the daytime. Ships and aircraft are being equipped with pigeons.

HOW DOCTORS TREAT COLDS AND THE FLU

To break up a cold over night or to cut short an attack of gripple, influenza or sore throat, physicians and druggists are now recommending Calotabs, the nausealess Calomet tablet, that is purified from dangerous and sickening effects. Those who have tried it say that it acts like magic, by far more effective and certain than the old style calomet, heretofore recommended by physicians.

One or two Calotabs at bed time with a swallow of water—that's all. No salts, no nausea nor the slightest interference with eating, work or pleasures. Next morning your cold has vanished and your system feels refreshed and purified. Calotabs are sold only in original sealed packages, price ten cents for the vest-pocket size; thirty-five cents for the large family package. Recommended and guaranteed by druggists. Your money back if you are not delighted.—adv.

We wonder if you know just how little money is actually required to get a FORD car? The first payments for FORDS are given below:

- Roadster St. Cl. \$116.75
- Touring St. Cl. \$125.00
- Truck Ch. \$125.00
- Coupe \$173.00
- Tudor Sedan \$191.75
- Fordor Sedan \$218.75

It is surprising how many prefer the TIME PAYMENT to CASH. They find the payments are met and the car is theirs without really missing the money. A telephone call will bring one of the Models for your inspection. You will be under no obligation whatever.

LUMBER Your Home!

Down through the ages the constant use of wood has proven it to be the best material for home-building. A lumber-built home with wood floors, wood mantles, staircase, window-frames and doors brings kindly memories to most of us because it was in such a home that we were born and raised. Lumber gives that "homey" atmosphere that all other materials lack. Use lumber to build your home. Lumber gives greater home comfort at more reasonable cost. Let us help you in planning and financing your home.

THE STATE OF TEXAS

To the Sheriff or any Constable of Randall County, Greeting:
You are hereby commanded, to cause to be published once each week, for a period of four consecutive weeks before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in the County of Randall, and State of Texas, a copy of the following notice:

THE STATE OF TEXAS

To all persons interested in the estate of James M. Leavitt, deceased, S. V. Wirt, as administrator with will annexed, of said estate, has filed in the County Court of Randall County, Texas, an application for an order to sell the following described property of said estate, all situated in Randall County, Texas, to-wit:

First Tract: All of Survey No. 199, Original Grantee S. K. & K. Certificate No. 422, in Blk. M-6, containing 640 acres;

Second Tract: All of the N. 1/4 of Survey No. 200, Original Grantee S. K. & K. Certificate No. 422, Blk. M-6, containing 320 acres.

Which said application will be heard at the next term of said Court, commencing on the first Monday in January, 1925, the same being at the Court House thereof in the city of Canyon, at which time all persons interested in said estate are required to appear and show cause why such sale should not be made, should they choose to do so.

Herein fail not, but have you before said Court, on the said first day of the next term thereof, this Wit, with your return thereon, showing how you have executed the same, and you are also commanded to post copies of this notice at three public places in Randall County, Texas, one of which shall be at the Court House door of said County, and no two of which shall be in the same town, city, or village, for a period of thirty days before the return day hereof.

Witness my hand and seal of said Court, at office in Canyon, Texas, this 13th day of November, 1924.
(Seal) ETHEL WOODS, Clerk,
County Court, Randall County, Texas.
By R. C. Brown, Deputy. 3414

Thanksgiving---

Another Thanksgiving Day is upon us. Let us give Thanks for the blessings we enjoy.

We are grateful for our happy surroundings.

We are grateful for friends and neighbors in whom we trust, and who trust in us.

We are thankful for a good town in which to live, and in which to do business. We believe in our business and strive to make it of service to our customers

We are thankful for the association and business of the good people of Canyon and Randall county.

We want to serve you.

We are thankful for the noble body of young men and young women, the flower of our great Southwest who are in our midst, attending our great College.

It is good to be alive today and to live in Canyon.

Let us give thanks for these blessings.

THOMPSON HARDWARE CO.

Former Cabinet Member Lectures at the College Saturday p.m.

That the world is shell shocked and indifferent and is not yet well on the right road to lasting peace, and that the challenges of peace are even greater than the challenges of war were points forcibly stressed by Hon. Josephus Daniels, former Secretary of the Navy, in an address in the auditorium last Saturday evening.

Mr. Daniels was introduced by Senator J. W. Reid—both men are natives of North Carolina, and, according to President J. A. Hill, who introduced Sen. Reid, they are similar in ideals.

The speaker re-told numerous stories of the war and expressed his regret that "in some places—in some high places—the men who went across have been forgotten." He said the people who met nobly the challenges of war were dismayed by Clemenceau's historic declaration: "It is easier to win a great war than to win a great peace."

Do You Cough?

San Antonio, Texas—"We have used Dr. Pierce's Golden Medical Discovery in our family for coughs and bronchial trouble and it gave entire satisfaction. I am a practical nurse and have found the 'Golden Medical Discovery' to be of great benefit to those recovering from sickness which had left them in a weakened condition. It enriches the blood, improves the appetite and aids digestion. I can conscientiously recommend this medicine."—Mrs. C. E. Smith, 230 E. Dittmar Ave.

Go at once to your neighborhood store and get the "Golden Medical Discovery" in tablets or liquid.

ELECTION NOTICE THE STATE OF TEXAS.

County of Randall: That whereas, a Petition was presented to the Commissioners Court of Randall County, Texas, asking them to order an election to see whether or not hogs, sheep and goats shall be permitted to run at large in the following described subdivision in Randall County, Texas, to-wit:

Beginning at the Southwest corner of Randall County, Texas. Thence East along the South boundary of said County to the S. E. Corner of Section No. 77 in Block M-6, said County; Thence North nine miles; Thence West five miles; Thence North to the North line of said County; Thence West along the North boundary line of Randall County, Texas, to the North West corner of said County; Thence South along the West line of said County to the South West corner of Randall County to the place of beginning.

And whereas, hogs, shall be permitted to run within the above territorial limits between the fifteenth day of November of each year and the fifteenth day of February each year both days inclusive.

And the Commissioners Court of Randall County, Texas, ordered an election to be held on the 29th day of December 1924 at the following places to-wit:

Umberger, Highland and Jowill school houses in said county.
RECTOR LESTER,
3514 County Judge.

He added that Lloyd George's re-election and campaign promises brought about the exorbitant demands of the Treaty of Versailles and thereby postponed amicable settlement of the economic problems. However, he stated that Lloyd George is personally a "charming man."

Ex-secretary Daniels maintained throughout his address that the United States government should at once enter the world court as a first step toward joining the League of Nations. The challenge to outlaw war through international co-operation is a responsibility which must be accepted by the American people, according to the speaker.

"Thirty-eight per cent of the naval applicants were found physically unfit for service," said Mr. Daniels, "and large numbers of them were unfit due to preventable causes. Peace brings the challenge of cleanliness. We need to obey the laws of health."

He cited the average span of life and compared it with that of earlier centuries, showing that life has been lengthened more than twenty years since the seventeenth century. He predicted great developments in science and declared that the world is just at the verge of marvelous developments.

Another challenge discussed was related to law enforcement. "A citizen should obey the law until it is removed from the statutes, whether he likes it or not," Mr. Daniels said. "That poor enforcement is responsible for the high percentage of violent crimes in this country is the belief of the former naval head, who during the war used drastic means to make the navy 'dry.' The challenge to obey the law is not being heard by a class of people who are known as 'respectable citizens,' and these are enemies to society, he believes.

In conclusion, Mr. Daniels stated that he is not a pessimist and believes the "Challenges of Peace" will soon be heard by all thinking people.

A group of Armenians plan to erect a funicular railway up the slopes of Mount Ararat, the mighty snow-clad summit of which at an altitude of 17,055 feet marks the dividing line between Armenia, Turkey and Persia. They plan to make it a sort of "Pike's Peak" pleasure resort and will charge a small fee for making the ascent to the summit from which an excellent view can be had of the entire Caucasus region.

The Lamas of Tsarung in southwestern Tibet have decreed that all hunters who are caught killing musk deer shall have their hands cut off. The reason for the drastic order is that owing to perfumers' increasing desire for musk the deer are becoming scarce. Southwestern Tibet is the sole source of the best natural musk. A much inferior grade comes from the Altai Mountains in mid-Asia; and a sort of musk has been made synthetically, but it is so poor that it is used only in the cheaper perfumes.

The dogs of France, says a Paris newspaper, eat about 2,250,000 pound of white bread a day, or approximately one-tenth of all that is eaten in the city. For the past two years the newspaper has been urging people not to waste bread; now because the wheat crop is poor, it has started a campaign against dogs. It suggests that bakers be required by law to make dog bread containing bran and asserts that tests have proved that dogs thrive best on bread of that sort.

Umberger Notes

L. Wick made a business trip to Canyon Monday.

Wheat is looking fine. Many farmers are pasturing their wheat. The weather has been cold for the most part.

O. J. Podzemny made a business trip to Canyon Saturday.

Leo Stocker was a business caller in Canyon Friday.

Many farmers attended the public sales held this week.

Hugo Skarke has returned after spending a few weeks with relatives and friends in Schulenburg.

Frank and George Vorvald and M. Hollenstein and family spent Sunday at the R. Friemel home.

A party was given at the Nick Hollenstein home Sunday.

Mrs. Frank Vorvald and Mr. and Mrs. Otto Skarke made a trip to Plainview Sunday.

The Prince of Wales, as people well know, was "in the news" a great deal during his recent visit to this country; nevertheless, it is astonishing to read that no fewer than 61,120 newspaper articles were written about him while he was here. A press clipping bureau gathered the clippings from all parts of the country and made them into a book, which weighs three hundred and twenty-five pounds, and has sent it to London to be presented to the Prince on his return. The clipping bureau says that no President of the United States ever received so much publicity in so short a time.

Spider webs are used for the cross hairs on surveyors' telescopes. The web is taken from the insects by allowing them to drop from a loom. As they drop the web is wound on the spool and stored for future use.

Deeds Filed This Week Transferring Randall County Land

The following deeds as furnished the News by the Randall County Abstract Company, have been recorded in the County Clerk's office:

Mrs. F. E. Perkins to S. D. Burton, lots 7 and 8, block 12, Normal addn to Canyon. Consideration \$2,500.

I. R. Tompkins to J. W. Williams, 150 acres of section 81, block 6, Consideration \$3,600.

W. P. Bishop to C. E. Rusk, lot 12, block 18, Normal addn to Canyon. Consideration \$20.00.

C. E. Rusk to David Thomas, lot 12, block 18, Normal addn to Canyon. Consideration \$25.00.

G. E. Mickle to L. E. Braswell, 108 acres of section 97, block 6, Consideration \$5,400.

G. W. Cox to William Jackson, west half section 2, block M-6, Consideration \$2,825.

L. L. Bader to R. B. Davis, lots 1 and 2, block 59, Canyon City. Consideration \$1100.

Worth A. Jennings to Mrs. Myra Smith Upfold, east half section 147, block 6, Consideration \$5,120.

Irl C. George to P. J. Neff, survey 82, block M-6, Consideration \$13,875.

RANDALL COUNTY POULTRY SHOW TO BE MONDAY, TUESDAY, WEDNESDAY

Plans for poultry show next Monday, Tuesday and Wednesday were completed Tuesday night when members of the Randall County Poultry Association met at J. W. Jennings' office.

The show will be held in the Guthrie building, east of the Canyon Tailoring Co.

The following are the regulations of the show:

No. 1--All entries and awards shall be subject to the general rules and regulations published in premium list.

No. 2--No birds will be received until it has been entered with the secretary and entry fee paid. All birds will be under the control of the superintendent and cannot be removed without his consent.

No. 3--All birds must be entered singly before they can be entered as pen. All birds entered must be property of the one making entry. Birds must have leg bands on; all unbanded birds will be charged ten cents for each band.

No. 4--There must be two or more entries in each class to receive first money. If there be only one entry in one class, first honor and second money will be awarded.

No. 5--Entries will not be received after seven o'clock p. m., Dec. 1st. Judging will begin promptly at 9 a. m. Dec. 2. Dr. Duke will judge. All birds will be cooped and cared for by the association. The association will not be responsible for birds in case of fire or accident.

No. 6--Competition for all sweepstakes premiums will be limited to members of the Randall County Poultry Association.

Entry fees will be charged as follows:

- Standard poultry singles, 25c.
- Standard poultry pen, 50c.
- Standard turkeys, 25c.
- Standard turkey trio, 50c.
- Standard ducks, 25c.
- Standard ducks, pair, 50c.
- Standard geese, single, 25c.
- Standard geese, pair, 50c.

Singles are known as one single bird, pens are known as one male and four females.

Entry blanks and such other information can be had by calling T. W. Duffel, business phone 97, residence phone 287. All entries must be made with T. W. Duffel, secretary-treasurer, Randall County Poultry Association.

We are expecting birds from Hereford, Amarillo, and Tulia.

Premium List

- First cock 50c
- First hen 50c
- First cockerel 50c
- First pullet 50c
- First pen \$1.00
- Second cock 25c
- Second hen 25c
- Second cockerel 25c
- Second pullet 25c
- Second pen Ribbon

Sweepstakes

- Best cock of show \$2.50
- Best hen of show \$2.50
- Best cockerel of show \$2.50
- Best pullet of show \$2.50
- Best pen of show \$5.00

AUTOMOBILE SEALS NOW ARE A THING OF THE PAST

The small automobile seals which have been issued yearly by the State highway department upon payment of the highway tax are things of the past, according to advices received by the county tax collector's office. Beginning in 1925, each year new large license plates will be issued.

The issuing of small seals each year complicated the keeping of records by the State highway department.

The plates this year will have an orange background with black numerals and letters.

It was stated that the new plates would arrive within the next thirty or forty days.

Although it has been customary for the heirs of the throne of Great Britain to marry nobility, the Prince of Wales could lawfully marry a commoner without its affecting his inheritance of the Crown.

Buffaloes Will Close Season With Montezuma Thanksgiving

The football season officially ends Thursday afternoon when the Buffaloes finish a Thanksgiving game with Montezuma College in East Las Vegas.

The coaches left Tuesday in the College bus with a large number of men. Although a victory is confidently expected, the coaches are prepared for any emergency. Montezuma tied the Normal University, which was an easy mark for the herd, but both elevens have improved wonderfully since the early games. The game will mark the beginning of athletic relations with the New Mexico school.

Bob Rowan is coach of the Montezuma College bunch. He is a son of John Rowan of this city, and was an athlete of prominence in Canyon several years ago.

PANHANDLE MAN ASKS PLACE ON COMMISSION

C. H. Walker of Dalhart, Editor of the Dalhart Texan and President of the Colorado to Gulf Highway association has put in his application for a place on the Highway Commission to be appointed by Governor Ferguson immediately following her taking office on January 1st. This is the first time a Panhandle man has had an opportunity to hold such a position and everything looks good for the appointment of Mr. Walker to the place. Experience with road matters has made him one of the best applicants for the place. For twelve years, he has been active in the promotion of good roads in the Panhandle and the state and for the past three terms has been president of the Colorado-to-Gulf Highway association, one of the largest associations in the state. His application is meeting with the approval of a great many of the leaders of the Panhandle and it is not unlikely that he will be considered for the place.

SWEET CLOVER EARLIEST AND MOST IDEAL PASTURE HERE

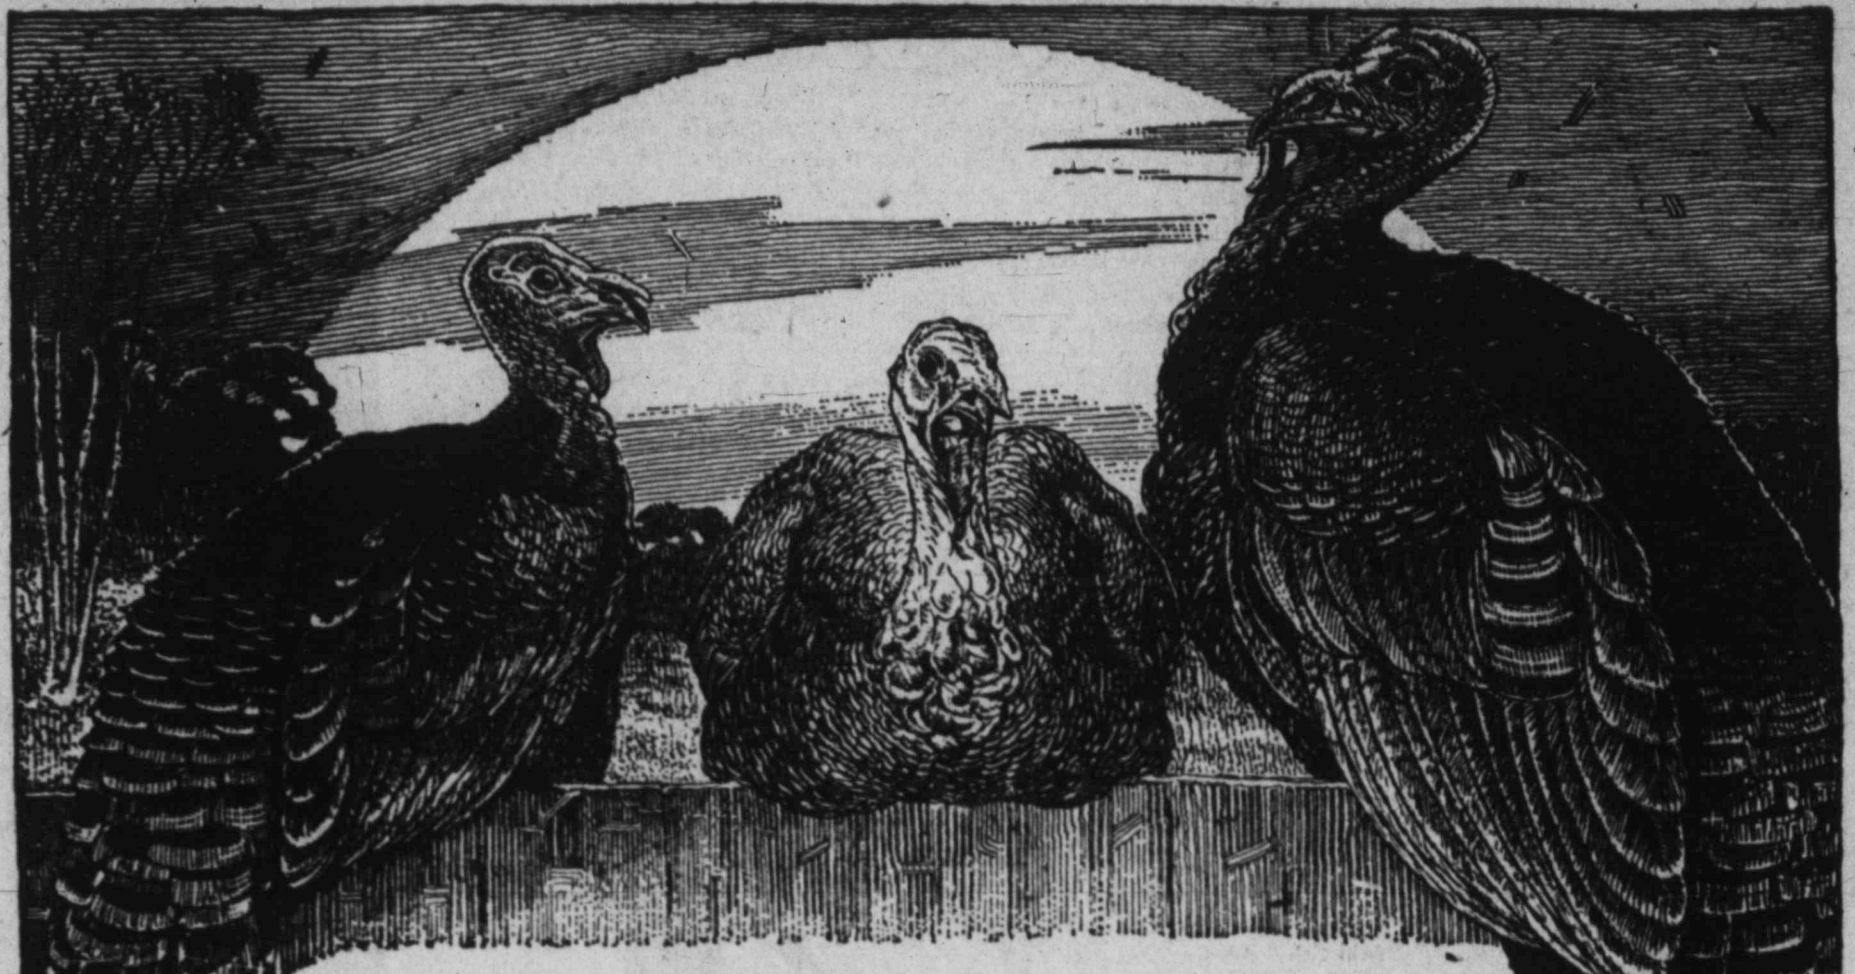

According to the agricultural authorities at the College, sweet clover not only furnishes a nutritious pasture but is the earliest grass suitable under Panhandle conditions. This same fact has been corroborated by experiments conducted by the experiment station at the University of Illinois, where it was found that sweet clover offered more grazing per acre than any other crop.

The dairy herd at the College was turned on an acre and a half of sweet clover early last spring and this small amount of pasture furnished feed for eleven cows and four brood sows until other pasture was available.

In speaking about this, Prof. Frank R. Phillips stated: "I secured scarified seed from a West Texas seed house. I believe that sweet clover should be planted in December; however mine was planted the last of January. The ground was prepared the same as for wheat or other small grain, and the clover was planted with a small hand-seeder. I use the white variety. I had too many stock for the small pasture; consequently I turned the cows in only in the afternoon, while the four brood sows ran on the patch all of the time."

"I discovered in planting this seed that the old belief that sweet clover should be planted on hard soil did not work in my fields, because the plot which was not plowed and harrowed did not produce a good stand of clover. The theory that certain animals do not care for sweet clover was also contradicted as every type of animal which was turned on the college plot has eaten the clover. I think the reason that my stock ate the clover was that it appeared two or three weeks earlier than other grasses."

During his lifetime John Wesley preached 27,000 sermons. Canon Hay Aiken, England's greatest revivalist, who hopes to surpass that record, has preached 22,000 sermons.

WE WILL NOT FORGET

As Americans we can never forget the favor of Providence so abundantly poured out upon this, our country, since our fore-fathers celebrated the First Thanksgiving Day three hundred years ago.

The prayers of the First Thanksgiving uttered by them for the preservation of their lives will re-echo from generation to generation even to the end of time!

We cannot forget! We will not forget! We will keep faith with them that the structure whose cornerstone they laid will never crumble or fall!

In honor of Thanksgiving Day, November 27, this Bank will not open for business.

J. W. Reid, President G. E. Nance and Oscar Hunt, Vice Presidents
O. W. H. Cook, Cashier.

SELLING CITY OF CANYON TO CANYON CITIZENS

The world owes you a living, but you owe something to the world, and to your home town. A town is what the citizens make it. It can get no better than its people. It can become bigger and better if it has a chance to develop. Development comes by co-operation and dollars. By spending your money in the home town you will have aided in its growth. By trading away when you can buy at home you retard your home town's growth. Give your home town a chance.

BASKET BALL GIRLS ORGANIZE

The high school basketball girls met Tuesday evening for the purpose of naming the team. They chose to call the team the "Ruf Neks." They formed a basketball girls' pep squad and chose Susan Horton as yell leader. They intend to yell the boys to victory. The basketball girls have a peppy organization this year and advise us to "watch their smoke."

The largest American educational institution in the Near East is the American University of Beirut, Syria.

SCHOOL SURVEY MAKES RECOMMENDATION FOR COLLEGES

(Continued from first page) stitutions that are training teachers for relatively limited fields. This coordination would be desirable from the standpoint of economy in the training of teachers as well as in the interest of a superior quality of training. In effecting such relationships a State board of higher education could render effective service.

"In contrast with the proposal for differentiation, should be set the need for all of the teachers' colleges maintaining certain types of work. It appears that they should prepare teachers for all grades of elementary schools and probably for certain types of high school teachers, and for rural school teachers. Duplication of this character can not be considered as unnecessary and wasteful.

"The suggestion relating to the training of rural teachers directs attention to a much neglected field in Texas. The survey staff considered recommending that the high school training class be given consideration. Two factors lead to the decision that it would be well not to make the recommenda-

tion at this time.

"First, the experience of other States shows that after a certain stage is reached in the development of a teaching force the presence in the State of high school training classes may be a barrier to further progress.

"Second, it seems desirable to attempt to meet the needs of the State through the establishment of provisions in each of the teachers' colleges and probably in most of the public junior colleges for the training of such teachers.

"In extenuation of the present circumstances it should be said that it

seems probable that under conditions that have been obtained in the past but little good would have come from the establishment of training for rural teachers in the teachers' colleges. If the recommendations affecting the organization and financing of the rural schools that are made elsewhere in the survey are accepted, it seems probable that larger opportunities will be opened to those who enter the rural school service. It is important that steps be taken at an early date to improve the training facilities available for those who are to teach in the rural schools."
