NUMBER 37

## Plains High Cowboys Get Good Start By Defeating Tahoka 13-6

### Local Boys Face Amherst Friday On Home Field

The Plains High school football team, showing a surprising amount of speed and power, rallied when the chips were down and won their first grid tilt of the season Friday night, defeating the Tahoka Bulldogs, 13-6, on the Tahoka field.

This week, the Cowboys entertain the Amherst Bulldogs on the local gridiron. It will be the first chance for the Plains people to look at the local eleven, and a good battle is expected. Kick-off is scheduled for 8:00 p.m.

After leading 7-0, for most of the contest last Friday, the Cowboys saw their margin cut to a single point late in the third quarter, when Tahoka scored. However, Jimmy Overton raced 80 yards with the ensuing kick-off to put the game on ice for the local eleven.

The Cowboys looked at almost mid-season form in many departments against Tahoka, but of course they can still stand a lot of polish. The game was a costly one for the Plains squad, as both guard Douglas Payne and Jim Williams, end, received left shoulder injuries, and will be out of action for some time, although it isn't known as yet, just how long.

The local lads wasted no time getting started against the Bulldogs, taking the opening kickoff and beginning to roll. The Cowboys marched 64 yards in their sustained march, and quarterback Harold Smith climaxed the drive by crashing into the end zone on a quarterback sneak from the two yard stripe. Bobby Rowland converted and the Cowboys led 7-0.

The game then saw-sawed back and forth, with neither team able to get a long drive going, although the Bulldogs threatened several times. However, the Tahoka boys had a pretty bad case of the jitters.

See COWBOYS on Page 8

### Earl M. Robertson Informed Of Father's Death Wednesday

Earl M. (Skeet) Robertson was informed Wednesday morning of the death of his father, E. R. Robertson of Seagoville, Texas.

No details of the death were available and funeral arrangements were pending.

Mr. Robertson's mother, Mrs. E. R. Robertson, died this summer.

**GETTING ACQUAINTED** — Bettie Jackson, right, helps LaWanna Sudduth get acquainted with the routine around The Review office as LaWanna prepares to take over Bettie's job. Bettie will leave Monday for Canyon and West Texas State College. She has been employed in The Review office since July 1 as a reporter and assistant to the editor. LaWanna will begin her duties Monday and will be in the office on the same days as was Bettie, Monday, Tuesday, Friday and Saturday. She is the mother of two small children and has made Plains her home for quite a few years. REVIEW Photo

### New Candidates Named By Farmers For ASC Election

Next Thursday Yoakum County farmers will vote on Agricultural Stabilization and Conservation committeemen. Three men will be elected from a list of nominees prepared by the nominating committee and from a three man panel named for election by a group of farmers.

The farmers named Hayden Box, Raymond Palmer and Charles Trout.

ASC nominating committee named the following: K. H. Banks, Avon G. Brantley, Clay Duffey, T. A. Elmore, Robert M. (Bob) Jones, M. W. Luna, W. M. Nelson, E. W. Sellers, Garland Swann and Tom Warren Jr.

All the candidates will be on the one official ballot.

Ballots are to be mailed and returned by the farmer with his preferences voted.

The farmers who worked up the necessary petition naming the three "farmer-nominated" candidates stated they "didn't want women and ranchers running the farmers' business."

The three committeemen to be named will serve a one-year term and will have responsibility for such things as soil bank policies and cotton marketing and quotas in this county.

W. M. Overton is the USDA employee in charge of the Yoakum County office.

Nominating committee for the election was A. B. Carpenter, Homer Sudduth and R. N. McGinty.

### J. T. Marshall, 80, Retired Rancher, Dies In Brownfield

Funeral services are pending for J. T. Marshall, 82, long-time Yoakum County rancher. Mr. Marshall died in a Brownfield hospital early Thursday morning after being taken to the hospital Wednesday afternoon.

Mr. Marshall was retired and had lived in Plains for the past 10 years. For the first nine years of his retirement he lived in the Frances Hotel and moved to the Judge Beane Courts about a year ago.

He ranched for about 30 years north of Plains on the land now owned by Robert Henard.

Earlier in his life he served several terms as County Commissioner of Precinct 3 and was also employed as tax deputy in the 1920's for Sheriff-Tax Collector-Assessor John Keller.

Mr. Marshall is survived by a brother, R. D., believed to be living with another survivor, R. D. Jr., a nephew. Also he is survived by a sister, Mrs. Cheek, believed to be living in Oklahoma.

The body is at Brownfield Funeral Home in Brownfield.

### Local Men Will See New Chevy

Virgil Short and Johnnie Robertson of Allsup Chevrolet Co., here will go to Oklahoma City this weekend for the showing of the 1957 model Chevrolets. The showing will be held on Monday.

Accompanying them will be Lloyd Allsup and J. D. Jones, of the Allsup Chevrolet Co., in Denver City.

### Fitzgerald Calls Ex-Students Meeting

President Johnnie L. Fitzgerald of the Plains Ex-Students Association, has announced there will be a meeting of all officers, and anyone else, interested in planning homecoming activities, Tuesday night, Sept. 18, in his home.

Homecoming date is Oct. 19, a Friday, and will be climaxed by the football game between the Plains Cowboys and Frenship.

**STYLE SHOW PERSONALITIES** — Mrs. P. W. St. Romain, left, and Mrs. R. B. Jones assisted in staging the style show which started the year for the Tsa Mo Ga Club Wednesday night. The show was prepared by Mrs. J. W. Moore and Mrs. Johnnie L. Fitzgerald, and featured hand made garments, favorite fall costumes and styles from Moore & Oden's stock. The program was held in the American Legion Hall. Mrs. Jones is 2nd vice president of the 7th District of Texas Federation of Women's Clubs. —REVIEW Photo

### New Fire Truck Delivery Promised Late This Month

Mayor Roger Curry announced this week that Plains' new fire truck would be ready for delivery September 28. Bill Aschenbeck, city secretary, will leave on his vacation September 22 and bring the truck back.

The truck is a Chevrolet and was purchased from Virgil Short at Allsup Chevrolet Co., in Plains. The American Fire Apparatus Co., of Battle Creek, Mich., is installing the fire fighting equipment on the chassis.

The truck will have to be tested in Lubbock after delivery and before it is delivered to the City of Plains.

### Is Convalescencing

County Judge H. K. Benton, who underwent major surgery at the Plainview Hospital Tuesday morning, is reported to be convalescing satisfactorily, according to word received here. His many friends wish him a speedy recovery.

### Third Chapter Of Continued Story Is Told

Well; They've done it again. Burglars have again entered Plains Frozen Food. This is the third time this has happened since June 9.

Dick McGinty, operator of the store reported the entry Monday morning and it is believed the store was broken into late Sunday night. Two cigarette lighters and approximately \$20 in cash were taken.

Entrance was through heavy screen wire in the refrigeration housing unit. The burglars left through the back door, much like the two previous burglaries.

Sheriff Robert Chambliss reports he has very little to go on and has not yet made an arrest.

McGinty announced Tuesday that plans are being studied to have the store wired with a "hot" electric wire which, if done, would ease the sheriff's work a lot because the wire would make sure the culprits were still on the scene for the investigating officers.

### Commissioners OK Budget; Table Hospital Petition

Commissioner's Court meeting Monday morning approved the budget for the coming year and tabled, indefinitely, a petition by Plains residents for an election for a county hospital in Plains.

The budget was not available for the Press as late as Wednesday because the county auditor's office was working on it. It will be presented in this paper next week.

Reason for tabling the hospital bond issue petition was that there were not enough qualified voters to sign. To have forced the election would have required signatures of 10 per cent of the tax paying poll tax holding voters.

Commissioners approved monthly reports, paid the balance of the electric bill for air conditioning the courthouse, and voted to release the list of charity payments for publication in the newspapers in the county and approved the tax roll.

Commissioner H. C. Cotton was elected judge of the Commissioners Court pro tempore.

**COMPLETES THE PICTURE:** This completes the picturing of Plains school teachers in The Review. This group was not available when the issue containing the other pictures was printed. They are, left to right: (front row) Miss D'Ray Sifford, Wanda Jo Williams and Betty Brookshire; same order, back row: Pat Casey, Ralph Dahl and Wallace Schneider. With the exception of Mr. Dahl, all the teachers are new to the Plains school system. —REVIEW Photo

**NEW WATER TOWER** — City Water Superintendent John Camp, left, and Mayor Roger Curry look over the mass of steel water storage tank which will be put together and erected just west of the present city water tank. The new tank, purchased in Odessa for \$18,000, is of 100,000 gallon capacity and is said to be in excellent condition by the city engineer. The tank is a used one and has been sand blasted and completely reworked to give Plains maximum use, according to Mayor Curry. —REVIEW Photo

COMMENT  
the naming of three selected candidates coming ASC election promises to be much in that selection of men. What is not cut-and-dried affair likely to be a heated the finish.

## LETTERS TO THE EDITOR

Dear Editor:

If you love your country as you should, read the article in the Lubbock Avalanche of the 12th by George Sokolsky. He tells you how badly the Supreme Court of the United States has erred. The writer claims that "recent decisions aid Reds".

I am glad this man has seen fit to speak in defense of the country. There has been so much said in the past about opposing the work of the higher court that the people have been afraid to utter a word. But now the article shows how it is possible for even high officials to make some mistakes. Read what the writer said on the editorial page of the Avalanche.

W. J. Hale

## Two Uninjured in Car Wreck Sunday

Two persons escaped injury about 1:30 a.m. Sunday morning when the car in which they were riding left the road and rolled, two miles north of Plains on highway 214.

Uninjured were Jake Cox of Edward Gary Air Force, San Marcos, driver of the car, and his companion, Nadine Watts of Plainview. The car was reported to be a total loss.

According to Deputy Sheriff Olan Heath, who investigated the accident, Cox said he apparently went to sleep at the wheel, Miss Watts was thrown out of the car.

Mrs. Eugene Payne, Jr., was in Brownfield shopping last Tuesday.

Virgil Short, Alex Lindt, and Johnnie Robertson attended the rodeo in Brownfield last Saturday night.

Mr. and Mrs. Wilford Ham returned to their home last Thursday after visiting relatives in Arkansas for the past week.

H. G. Sprawls, of Denver City, C. B. Hobbs, and Stark Wagley were fishing on Devil's River over the weekend. They returned home last Monday with a good catch.

## VISITING WITH OUR NEIGHBORS

J. W. SOLLIS, 30, who served as principal of New Deal High School last term, was elected Friday to serve as principal of Abernathy High School. He was named to that position by the local school board in a called session following the resignation of Ray Veteto. In addition to his duties as AHS principal, Mr. Sollis will teach two biology classes. Mr. Sollis has a bachelor of science degree from Midwestern University, Wichita Falls. Mr. and Mrs. Sollis have two sons, John William Sollis, Jr., 6, who is in the first grade, and Alfred Wendell Sollis, 4.

—The Abernathy Weekly Review, Abernathy.

THE AMERICAN Legion is proud to sponsor and recognize the youth of Anton. As we read in Newspapers of larger cities, we are very fortunate to have a swell bunch of kids her in this community. But, we need more kids out and cooperation from their parents to have a good Youth Center in Anton. Friday night there will be a free weiner roast for the kids of Anton and their parents.

—The Anton News, Anton.

M. E. CASEY of Maple has set Friday, September 14 at 7:30 p. m. as the time for the formal opening of his "all new, all steel" cotton gin, it was announced this week.

Entertainment will be provided by the Serenaders of Lubbock. Free watermelon and souvenirs will be offered. Everyone is invited to come and look over the gin and take part in the event.

—The Morton Tribune, Morton.

THE PURCHASE of local sand-hill water rights was voted down here in an election held Saturday at the Sudan Community Building by the proposed Lamb Co. Water Control and Improvement Board. A total of 61 votes were cast in Sudan in the attempt to protect some 24,000 acres of land from being depleted of water in the future by possibly larger municipalities. A total of 239 votes were for and 536 turned the proposition down over Lamb County.

—The Sudan News, Sudan.

A TOTAL of \$219 in cash was presented to W. E. Latimer, Star Rt. Goodland Saturday afternoon as a premium for bringing the first bale of cotton of the season ginned in Bailey County and brought to the Muleshoe compress. Muleshoe and Maple merchants and individuals made up a donation to be given to Latimer in appreciation for his bringing his first bale to Muleshoe. The first bale was ginned Thursday morning at the Stegall gin, and it was grown on dry land.

—The Muleshoe Journal, Muleshoe.

SIX TERRY County delegates will take part in the State Democratic Convention at Fort Worth. Instructed by the recent county convention to cast their half-vote as a unit, the following Terry persons will attend: George Weiss, chairman; and Tommy Hicks, H. L. Hollman, Mrs. J. D. Akers, Frank Jordan, and W. A. Bynum. Terry County Democratic Chairman Leonard Lang said this morning that he would be unable to go to Fort Worth.

—The Brownfield News, Brownfield.

THE JONES family reunion was held this past week at Cedar Glenn Canyon, near Happy, with more than 60 persons present.

The reunion is an annual affair and was started during the lifetime of Mr. and Mrs. W. C. Jones, and is now continued by the children and grandchildren. Both Texas and Oklahoma were represented at the affair.

—The Ropes Plainsman, Ropesville.

JOE McDANIEL HAS been employed as a policeman by the City

of Seagraves. He will replace Fred Buchanan, who has joined the Denver City police force. McDaniel is now serving on the Brownfield police force, but has maintained his home in Seagraves. He is expected to take up his duties here around Sept. 15, according to Mayor Joe Pillow. He will work with "Five Sartin, present city policeman. The action was taken at a meeting of the city commission Tuesday night.

—The Gaines County News, Seagraves.

NEW TEACHERS in the Andrews school system were feted at the annual watermelon party of the Andrews Lions Club here Tuesday night. Introduced to those present by Lions with whom they had been paired, teachers met local ministers, city officials, and businessmen at the party at the Community park. Members of other civic clubs in town had been invited to attend the party to welcome new teachers to town. The party marked the end of welcome parties for teachers and the school faculty.

—The Andrews County News, Andrews.

## County-Wide Fight On Flies, Mosquitoes Started This Week

County-wide spraying to kill flies and mosquitoes — especially the type which are carriers of the dread encephalitis — began Wednesday morning and will continue for the next week or two.

The spraying, which was done for the first time in Denver City last Friday and Saturday, was broadened in scope to cover all areas after the illness of little Ronnie Creech, 1 and one-half year old son of Mr. and Mrs. Ed Creech of Atlantic camp, was diagnosed as encephalitis Tuesday afternoon.

Ronnie was taken ill earlier in the day, and after examination by a local doctor was taken to Methodist Hospital in Lubbock where the diagnosis was confirmed. Reports Wednesday to friends here revealed that Ronnie had a light case of the dread disease, and it was believed he would recover completely. He will remain in the hospital for about 10 days. It was the first case of encephalitis to be reported in Yoakum County. Other areas, including that around Lubbock and Littlefield, have been reporting cases in near epidemic proportions.

H. C. Cotton, commissioner of Precinct 2, said yesterday that a 5 per cent mixture of chloridene and melathon was being used in both powder and spray form. The Allred area was covered Wednesday morning, and most of Denver City dusted Wednesday afternoon. The city was sprayed with the liquid mixture Thursday morning. The dust machine was to be in operation Thursday at Plains.

Cotton said all oil camps in the area would be treated and any spots which had not been sprayed would be taken care of if he were notified.

Cotton said six men and two machines were being used, and that all low places and possible breeding spots for the mosquitos and flies which were known about were being treated.

The commissioner reported that with the liquid spray, a base of oil was being used which may prove somewhat harmful to flower beds or lawns bordering on the streets or alleys. However, it is in no way harmful to humans, he pointed out.

Mr. and Mrs. Kenneth Hale and Beth Ann were in Denver City on business last Tuesday.

Mrs. Norma Strickland moved to Canyon last Saturday. Her parents helped her move.

Mr. O. G. Lewis was in Lubbock on business last Wednesday.

### ACROSS THE Cattle Guard

By LEO W. WHITE  
County Agent

This is the time of the year that fall flowers are blooming and some of the trees and shrubbery begins to turn yellow and shed their leaves. In some cases the yellowing of the leaves is caused by an unhealthy condition in the plant itself. Every plant is not healthy just as every person is not healthy and as a result of this poor health, the unhealthy plant will have a shorter life than its neighboring plant who has enjoyed good health under practically the same conditions.

When poplar trees are used in the landscape planting there are usually several of them in a row and some of them are naturally faster growing and pretty while others seem sickly and stunted. These stunted trees will show signs of their unhealthy condition at this time of the year so in order to add to their life, they will need some extra attention. Some commercial fertilizer and extra water at this time of the year will not cause the yellow leaves to turn green again but it will help the tree to go through the winter in better condition. Some straw, lawn cuttings or cotton burs laid over the soil around the tree will also aid the tree during the dormant season.

Trees and shrubs use a lot of water during the growing season but, since they have no leaves, there is no transpiration during the dormant season and trees cannot make use of soil water. Some of the feeder roots will naturally die during the winter and they will be replaced by new roots at the beginning of the next growing season. Any more of these small feeder roots will remain alive during the winter if they have a moist and warm winter home. The small roots will dehydrate and die during the winter if the soil around them becomes too dry.

A sandy soil such as we have here in Yoakum County will lose much of its moisture due to evaporation. That is why trees need some water during the winter time. That is why an organic mulch over the soil is necessary. Mother Nature intended for the

tree to have a blanket of dry leaves over the ground to help out during the winter. When the winds blow the leaves away from where they fall and people come along and rake them up and burn them, then it is up to the people to replace these burned leaves with some kind of organic matter that can be tied down and used as nature intended.

The organic mulch will also blow away but if it is wet down and packed a little, it will catch some blowing sand and remain in place. I would suggest about a pound of commercial fertilizer for each 25 square feet of area and a two or three layer of organic material over the area where the tree roots live. If the mulch is kept damp during the winter it will decompose and make an improved soil condition for the next year.

Some of the shrubs are not well adapted to our climate and they need a great deal of extra care if they are to serve their purpose which is to improve the looks of the house and surroundings. Sometimes pruning is a part of this extra care. Every home owner who has trees and shrubs should also have some pruning equipment. After each growing season the plants should be pruned into shape and made to grow the way that you want them to grow.

### Lions Club Is Host To Faculty

The Plains Lions Club honored the Plains school teachers with an annual back to school picnic in the Plains park last Thursday night.

The committee in charge of arrangements was composed of Johnnie Fitzgerald, Roger Curry, and P. W. St. Romain.

A meal of fried chicken, potato salad, cookies, and cold drinks were served to all those present. The Lions Club members wives prepared the meal.

Supt. Kennedy introduced the three principals, Roger Harvey, Roy Stockstill, and Neil Taylor, who introduced all the teachers in their respective departments.

Leo White and Lee Tingle attended a 4-H feeder school in Lubbock last Saturday.

Mr. and Mrs. Allan Wagley and family returned last Wednesday from Louisiana where they had been visiting relatives for the past week.

Miss Velma Wilson returned to her home last Saturday to visit with her parents, Mr. and Mrs. J. B. Wilson, before leaving for Canyon where she will attend college this year. She has been working in Big Spring this summer.

### Humble To Host Local Grid Men

Emory Longbrake, operator of the Humble Service Station in Plains, will host football coaches and principals of the Plains Independent School District at a Humble football banquet in Lubbock Monday night.

The dinner will be a kickoff for the Humble Company's 1956 football program and will be to acquaint those attending with the company's plan for reporting the Southwest Conference on TV and what the company plans to do locally in promoting interest in the sport.

Scheduled to accompany Mr. Longbrake to the Lubbock dinner are: Coaches Ed Robertson, Jack

Pierce and Ralph Dahl, Principals D. N. Taylor and Roy Stockstill, Roger Curry and Johnny Myers.

### Wanted Men Returned

Sheriff Robert Chambliss has returned two wanted men to the Yoakum County jail. They are Archie Morgan, a negro, wanted for swindle by worthless check and Ralph M. Skiles, wanted for the burglary of Mickey's Humble Station in Denver City.

Mr. and Mrs. E. H. Burnett visited in the home of his mother, Mrs. Meekie Burnett, in Denver City last week.

Mr. and Mrs. B. C. Stapleton visited in the home of Mr. and Mrs. Autry Burke last Tuesday night.

Ben HUDSON in a field planted to milo and mungbeans in 24-inch rows.

#### SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

When many people think about soil conservation and improving their land, they are prone to say, "Well, I could if I had a good irrigation system", or "The price of farm commodities is too cheap now". In one sense of the word these excuses are logical. However, when you run across a fellow like Ben Hudson, cooperater with the Yoakum Soil Conservation

District, who on dryland and during a period of farm depression is really doing a good job of conservation farming, it's certainly encouraging.

Ben farms one mile north and five miles east of Denver City, in Yoakum County. Some of his land is sandy and would blow if it were not handled properly. Realizing the susceptibility of his land to wind erosion and seeing the wide spread damage to land left barren to blow into drifts, Ben has entered into a campaign to protect and improve his land.

To stabilize his place against the wind he is strip cropping some of his land with soybeans and grain sorghum. Not only will this protect the land, but it will also increase the fertility and improve the soil structure.

On some of the land planted to grain sorghum, Ben has planted his feed in 24-inch rows. This will do much to decrease the force of destructive winds on the surface of the ground. Some people say the feed will burn up planted in narrow rows, but Ben feels like it he plants the same amount of seed per acre, the rainfall requirements would be the same as on 40-inch rows. The only difference is that the plants are better distributed.

Another practice which looks good on the Hudson farm is a few acres of feed and mung beans planted in alternate narrow rows. This will provide a good cover crop as well as add nitrogen and organic matter to the soil.

Ben feels that with the farm situation being what it is, a farmer can't afford not to improve his land and increase his production, because the person who doesn't is going to have a pretty hard time making a living on the farm.

In any case, we're proud of the good job Ben Hudson is doing in taking care of his place and encouraging his neighbors to do the same with theirs.

Walter and Larry Coffman are visiting in the home of Mr. and Mrs. Roger Harvey this week. Mike Blount visited in the home of his grandparents, Mr. and Mrs. G. T. Blount, last Friday night.

L. F. Kennedy of Ruidoso, visited in the home of Mr. Johnnie Robertson and P. Robertson this week. Mrs. J. P. Robertson's niece.

## C.G.&S. Gin Company

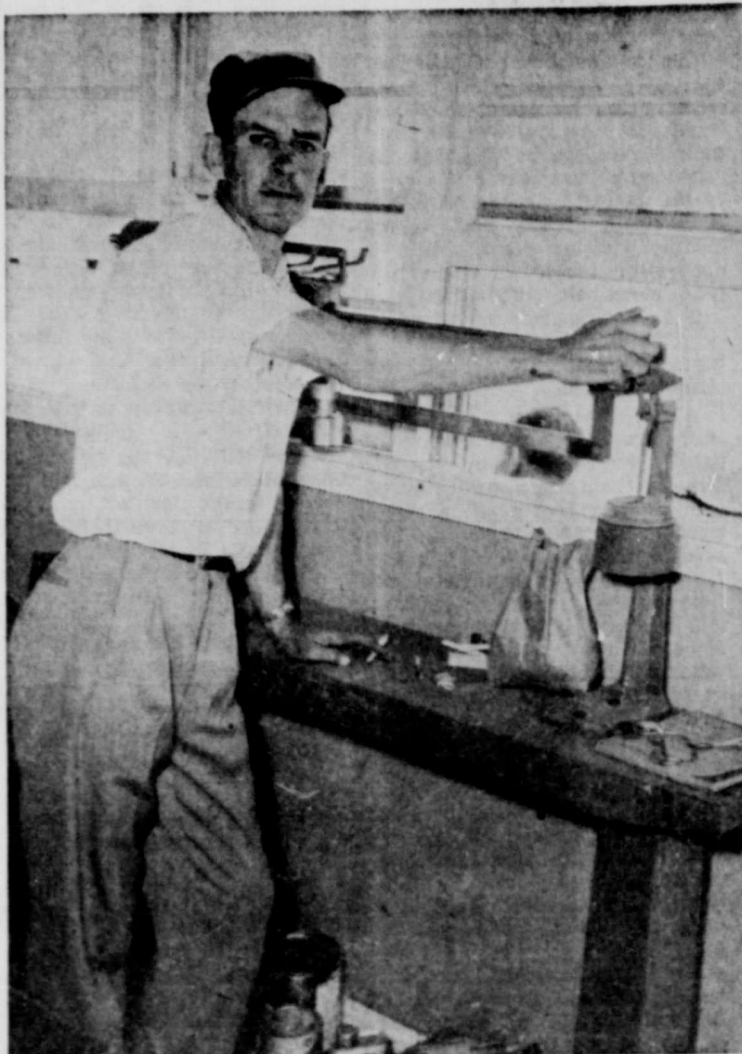

16 Miles Northeast of Plains

WELDON SPENCER, Manager

10 Miles North of Tokio

Ladies and youngsters were on hand, too for the barbecue Saturday given by the CG&S Gin. Left to right are Mrs. Truett Jones and daughter, Cynthia; Mrs. Homer Saddeth; Beverly Jones; Cathy Biggs; Mrs. I. L. Smith and Mrs. J. L. Taylor, holding little Jerry Jones.

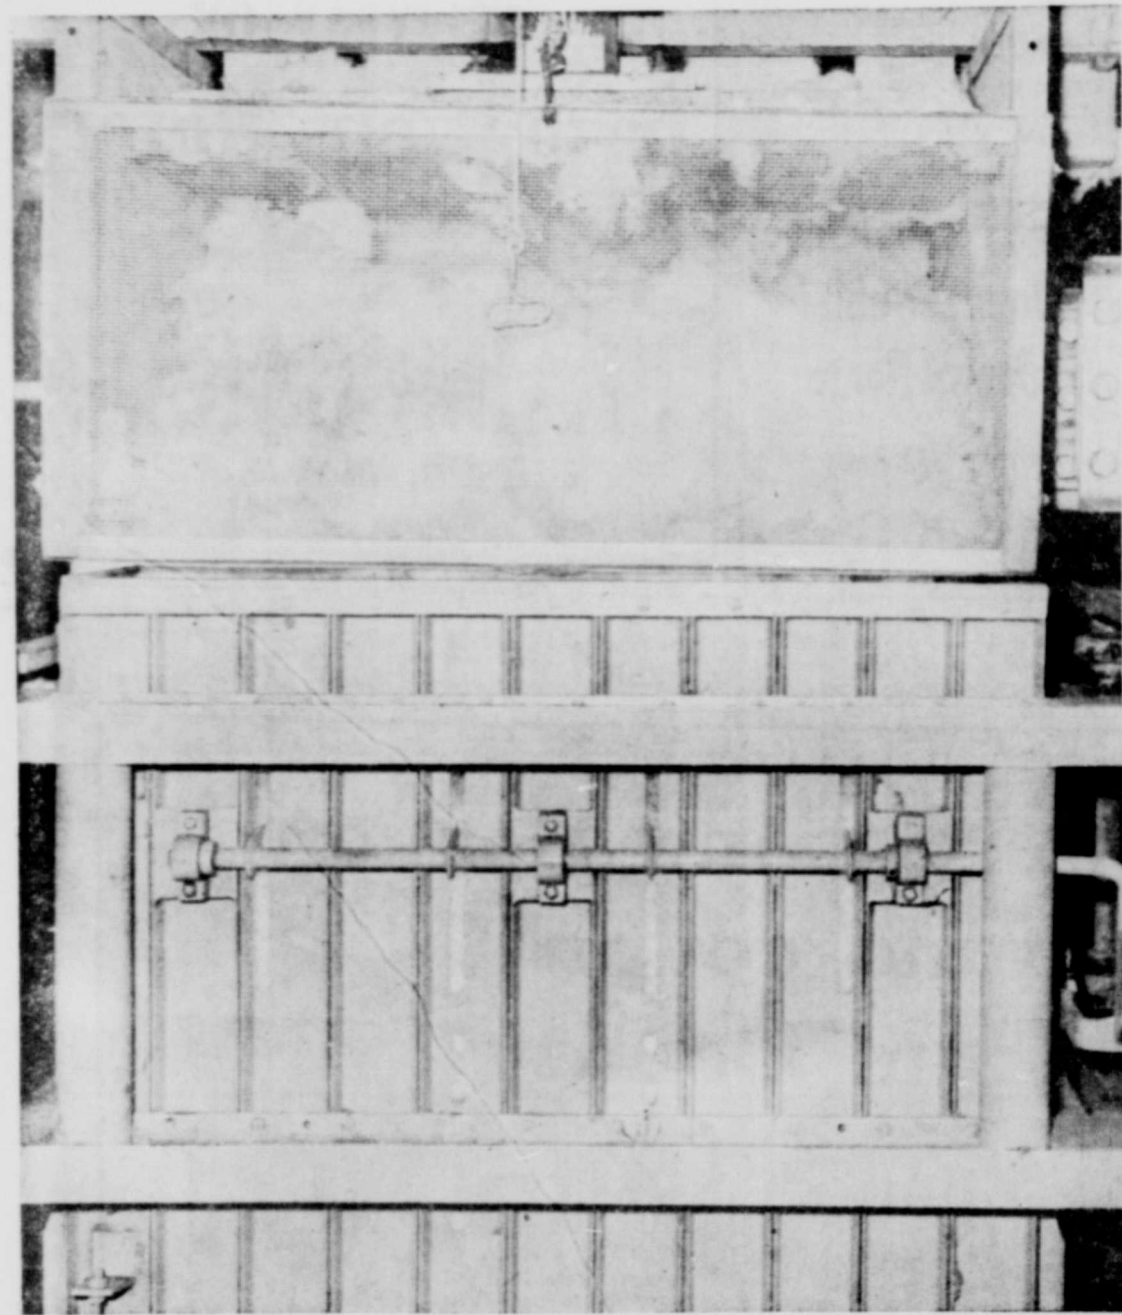

WELDON SPENCER  
... C. G. & S. Gin Company Manager

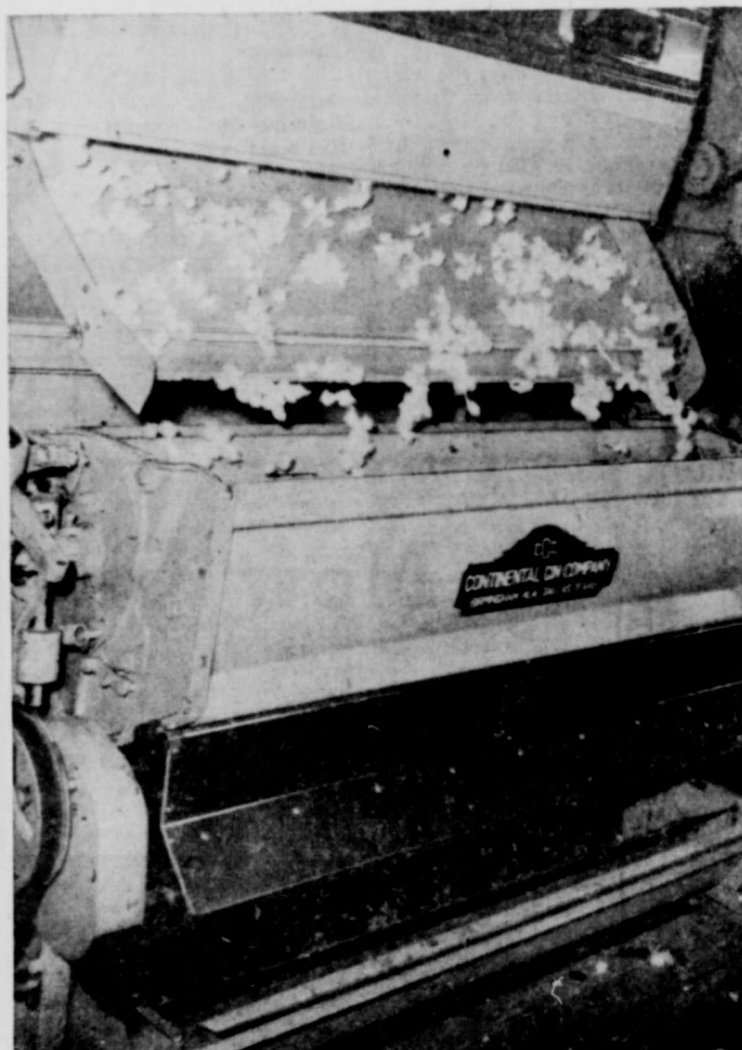

Relaxing in the office of the CG&S Gin Saturday following the barbecue were, left to right, T. J. Bearden, Mrs. Paul Cobb, Mrs. A. B. Carpenter, Mrs. Bill Goad of Midland, Brenda and her mother Mrs. Neal Hickman. The Gin is in its second year of operation. First year at the gin went to G. W. Lassiter of Terry County, who earned the \$50 premium paid by...

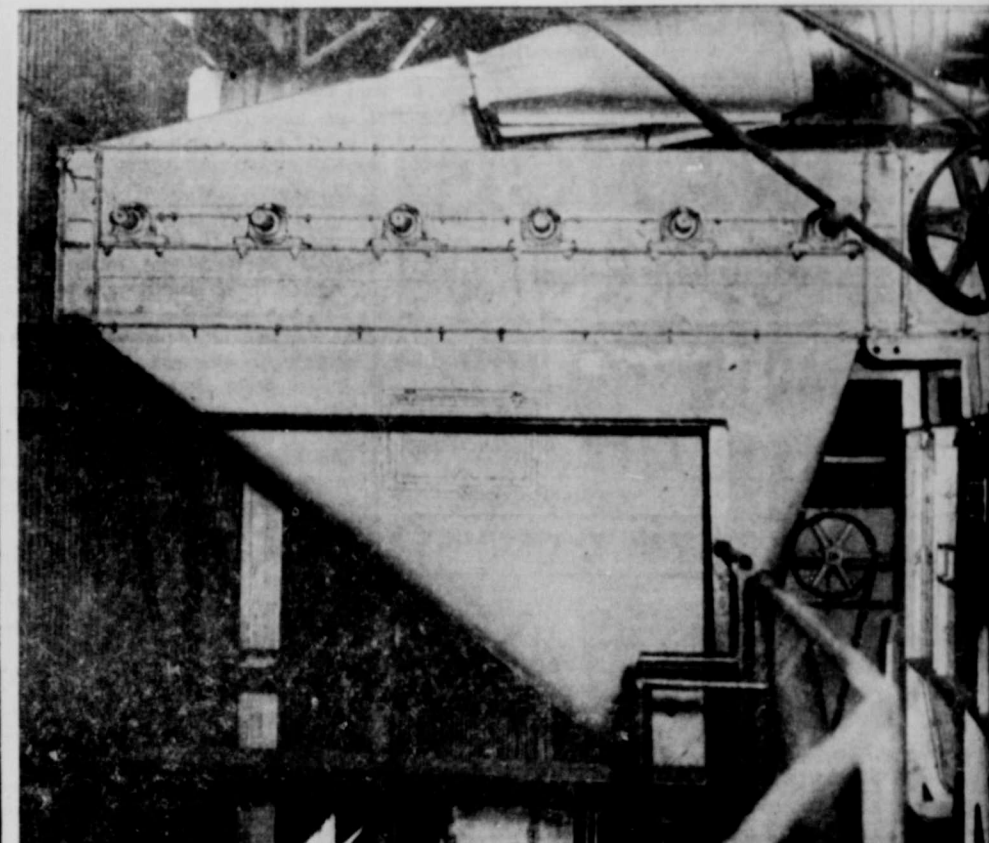

The CG&S Gin near Tokio was a popular place Saturday afternoon, as the gin got rolling for the new season. Pictured in the doorway of the gin are, left to right, Henry Williams, Bill Blackie Bearden, Earl Guest, Glen Jones, Truett Jones and O'Neal Spencer. Spencer and his partner together with Weldon Spencer, manager, own and operate the gin.

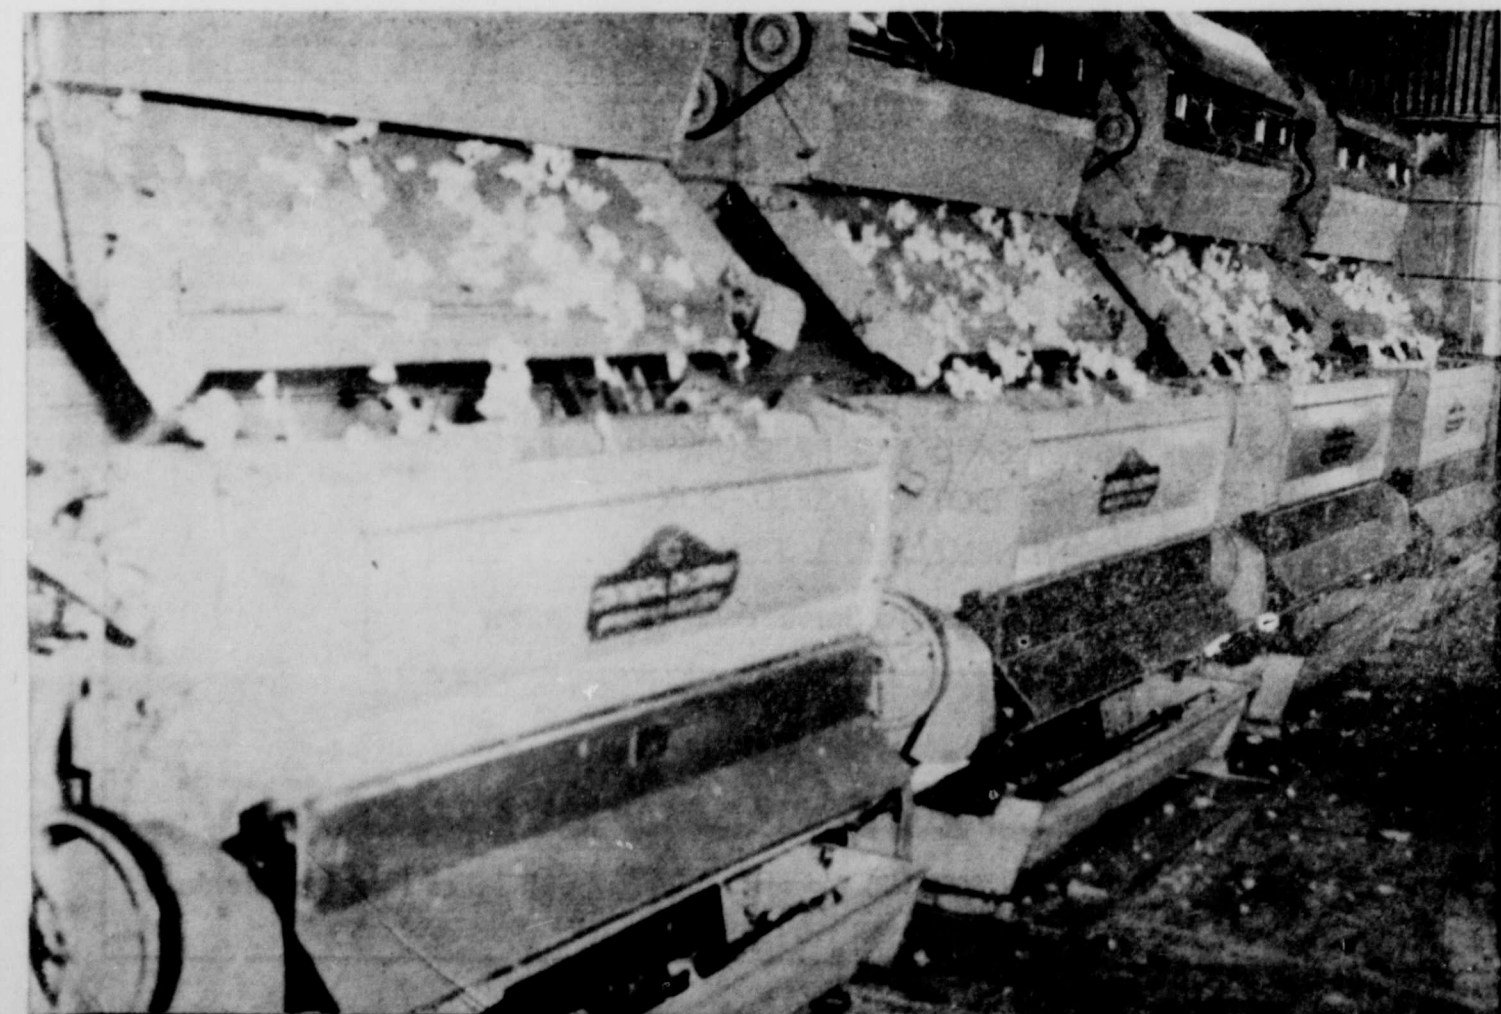

Here the cotton can be seen in the press, as it is formed into the 500-pound bales. Four bales were ginned Saturday by CG&S during the barbecue. Weldon Spencer, manager, reported that T. J. Bearden had a picked bale, which graded middling, with 31/32 staple length. Others were: J. L. Taylor, middling 29/32 staple; Neal Hickman, strict middling, light spot, 15/16 staple; and G. W. Lassiter, strict middling, light spot, 1 inch staple.

Here is a closeup view as the cotton goes into the gin stand from the feeder. Last season, according to Weldon Spencer, manager, the gin was able to eliminate all but three dusty bales and two baky bales in the entire season. O'Neal Spencer is day ginner, with Jim Seibert to be night ginner when the gin begins to operate on a 24-hour schedule during the height of the season.

This is the 6-drum Murry-Gridd bar pressure cleaner which has been added to equipment of the CG&S gin this year. To the right may be seen just a small portion of the 14-foot Harbison burr extractor, also newly installed. Added new equipment includes a 6 cylinder Murry pressure cleaner, grid bars in the air line cleaner, a Continental E. J. tramper and a 250-gal. box.

Cotton goes into the gin stands from the feeders, where the seed is separated and carried off through augers to an outside bin. The cotton goes through 20 drums of cleaning equipment before it reaches the stands, where it is fed through at a set speed. The CG&S Gin has four of the Continental gin stands and feeders.

On hand for the barbecue as well as for the opening of the season for the CG&S cotton gin Saturday, this group of men found a comfortable place to rest a bit and discuss the prospects for the cotton crop. Left to right are I. L. Smith, Neal Hickman, R. F. Billy Goad of Midland and young daughter, Paul Cobb, G. G. Lewis and A. B. Carpenter. Over 400 were present to enjoy...

### Fine Arts Meeting In Smith Home Starts Club Year

The L. O. Smith home was the scene of the first Fine Arts Club meeting of the year, last Thursday night. Mrs. L. O. Smith was assisted in the hostess duties by Mrs. G. W. Cleveland, Jr.

A delicious meal was served to all those present before the business meeting began.

The program theme was "Federation Day." Introduction to the year book was given by Mrs. H.

F. Barnes. Introduction to the club year was given by Mrs. G. W. Cleveland and Mrs. Wallace Randolph gave the purposes of the federation projects.

Two visitors, Mrs. L. D. Jones of Denver City and Mrs. Beal of Plains, were also present for the meeting.

The next meeting will be held in the home of Mrs. Gene Bennett with Mrs. Harold Watson as co-hostess on Oct. 4.

Mrs. B. P. Harrison of Roby was a guest in the home of Mr. and Mrs. I. J. Duff over the weekend.

### WANT ADS

### Oil

(Continued from Page 1)

Site is 660 feet from south and west lines of labor 12, league 285, Schleicher CSL survey, seven miles southwest of the Chilton field.

Anderson-Prichard Oil Corporation No. 1 Strong, Southeast Yoakum County wildcat, is progressing below 10,398 feet in lime and shale.

It is 330 feet from south and 990 feet from east lines of section 882, block D. J. H. Gibson survey, 14 miles east of Denver City.

The Texas Company completed No. 1 Alean C, Black West Terry County Devonian discovery, on a 14-hour flow of 423 barrels. The production was natural.

The strike is producing from perforations at 12,753-798 feet. Gravity of the oil was 35 degrees. Gas-oil ratio and size of the choke through which the flow was made have not been reported.

This opener is 24 miles northwest of Denver City, 330 feet from south and 990 feet from west lines of section 123, block D-11, C&M survey. It is two miles southwest of the one-well South Coroco (Devonian) field.

Cities Service Oil Company No. 9 Proctor, prospective Devonian discovery in West Gaines County, is swabbing to clean out and test on perforations from 11,130 to 11,230 feet.

That zone had been treated with 1,000 gallons of mud acid, and 5,000 gallons of regular acid. The perforated section is where the best shows of production were logged in the Devonian while the well was being drilled.

It is 10 miles northwest of Seminole, and 2,040 feet from north and 1,880 feet from west lines of section 355, block G, CCSD&RGNG survey.

BBM Drilling Company of Midland will attempt to complete a commercial producer and a discovery from the lower Permian from pay above 8,600 feet at its No. 1-25 Jones, Northwest Gaines County wildcat.

It had a show of gas and oil in a drillstem test at 8,232 to 8,382 feet, and unloaded oil on a test at 8,232-8,324 feet.

The prospector drilled to total depth of 12,964 feet in Devonian. That formation had some non-commercial shows of oil and gas.

The hole is plugged back to 8,660 feet. Casing has been cemented at depth, and operators are preparing to perforate and test.

The wildcat is 14 miles southwest of Denver City, 1,980 feet from south and east lines of section 25, block A-7, psi survey.

Cities Service Oil Company No. 1-C Corrigan, 12 miles northwest of Seminole, in Northwest Gaines County, and one-half mile south of the West Seminole (Leonard) field has set 5 and one-half inch casing at 8,750 feet to test shows of possible production in the pay zone of the nearby field.

The operation drilled to a total depth of 9,040 feet in the Wolfcamp. That horizon did not develop any shows of production.

The hole now is plugged back to 8,720 feet. The pipe will be perforated opposite the Leonard and production tests will be run.

The well is 660 feet from south and west lines of section 390, block G, CCSD&RGNG survey.

The Texas Company No. 1 Iva Hudson, Northwest Gaines County wildcat, 12 miles southwest of Denver City, is cutting hole below 8,053 feet in lime and chert.

Drillsite is 1,980 feet from south and 660 feet from west lines of section 3, block C-32, psi survey, and four miles west of the Adair

### Cowboys

(continued from page 1)

ters, and fumbled several times, with the alert Cowboys recovering four bobbles.

In the third canto, Tahoka quarterback Karl Prohl intercepted a Plains aerial and was downed on the Plains 29 yard line. The first play netted the Bulldogs two yards, but then Donald Renfro, coming from the fullback slot, crossed the double chalk for the host team to bring them within a single point of the local boys. The conversion attempt was blocked.

On the following kick-off, Overton came through with his long TD dash. The extra point try by Rowland this time was no good.

It would be hard to single out any Cowboys for their performance against Tahoka for the victory was definitely a team effort. However, Harold Smith looked good a this quarterback position, as did Jimmy Williams at end before he was injured. Gen James was a bearcat on defense for the local club, and also made good yardage running from his halfback slot. James was named the outstanding player of the Tahoka game for The Review by a panel of local sports enthusiasts.

Mrs. Jim Brown of Odessa visited in the home of her sister and family, Mr. and Mrs. J. W. Beal, last Tuesday.

Miss Kittle Parks has returned to her home in Plains to visit her parents, Mr. and Mrs. Neil Parks, before returning to college in Brownwood. She has been working in Big Spring this summer.

Mrs. James Warren was in Brownfield on business last Wednesday and Thursday.

(San Andres and Wolfcamp) field. Shell Oil Company No. 1 D. S. Googins, 12,600-foot wildcat in Northwest Yoakum County, continues to drill below 10,399 feet in lime.

The project is 670 feet from south and 1,980 feet from west lines of section 217, block D, J. H. Gibson survey, and five miles north of the Henard (San Andres) field and 10 miles northwest of Plains.

Ashmun & Hilliard No. 1 E. H. Jones Estate, Northwest Gaines County wildcat, 20 miles northwest of Seminole, is cutting hole below 2,600 feet in gyp and anhydrite.

Location is 660 feet from south and 1,987.4 feet from east lines of section 8, block A-7, psi survey.

### 4-County Farm Group Hears Youth From Germany

The Four County Agricultural Council, composed of the agricultural workers from Yoakum, Gaines, Dawson and Terry counties held their regular monthly breakfast meeting Tuesday morning in the American Legion Hall at Plains. Twenty five men were present and all four counties were represented.

The principal speaker was Willie Schulenberg, an exchange student from West Germany. Schulenberg is 24 years old and has had two years of college work. He is one of the foreign students that is in the country studying agriculture. For the past seven weeks he has been in Gaines County as a guest of the Rotary Club. The Rotary Club in his home town in Germany is sponsoring his stay in America.

These attending the breakfast heard Schulenberg tell of the agricultural methods that were used in producing crops in Germany. His father operates a seed farm which produces mostly wheat and other small grains with some sugar beets being grown on the better type soils. He said the farm was about the size of one of our sections of land and that his father had seven tractors and eight horses.

Their best land will produce 100 bushels of wheat, he said, to the acre and they use tremendous amounts of commercial fertilizer along with the cover crops to maintain the organic matter content of the soil.

The farm is located in a 40 inch rainfall belt and that particular farm has been in constant use for more than 200 years.

Those attending the breakfast from Yoakum County were M. W. Luna, Tom Warren, T. J. Murphy, Henry May, Marvin Elliot, Don Powell, Wallace Randolph, A. B. Carpenter, Wyatt Lipscomb, W. M. Overton and Leo White.

The breakfast of tomato juice scrambled eggs, bacon, home made biscuits, jelly and coffee was prepared and served by Mrs. Luna, Mrs. Carpenter, Mrs. White and Mrs. Overton. The eggs for the breakfast were donated by the Murphy Luna family.

Mrs. Leroy Neal and family of Carlsbad, N. M. visited in the home of her parents, Mr. and Mrs. John Anderson, last week.

### ST. WILLIAMS ALTAR SOCIETY SCHEDULES PARTY IN SEAGRAVES

At a called meeting of the Altar Society held Sunday plans were completed for a bingo party, Sept. 29, 8 p. m. in the Seagraves Community Building.

Interesting and useful prizes will be given to the winners. Among the numerous prizes are a \$10 pair of sun glasses, donated by Dr. Byrle Hearn, optometrist of Seagraves and Denver City; a bag of goodies; dolls, toys; home canned goodies and many more.

### Premium Growing For 'First Bale'

Plains Lions Club members and merchants were still busy Wednesday getting together a list of premiums for the first two bales of cotton ginned in the Plains area.

First cotton baled was produced by Bob Jones and ginned at the Hilburn & Spears gin on the state line west of Plains. Neil Hickman brought a bale of cotton to the D. C. Newsom gin two weeks ago, but the gin could not process it until this week because of installation of all new ginning equipment.

Premiums already collected for the cotton, which will be split between the two mentioned farmers include:

Plains Courts \$5, Hawkins Food Market \$10, C.G.&S. Gin Co. \$25, Plains Oil Co. \$5, Romain Telephone Co. \$5, Yucca Drive In \$5, Bronco Gin Co. \$10, Cogburn-Young Hardware \$20, Service Gas Co. 350-gallons butane, Plains Frozen Food \$25, in merchandise, D. C. Newsom Gin Co. \$25, Amos Smith Conoco Super Service \$20, Mac Theatre show tickets and Red's Cafe \$5, Howard Shaw Contracting Co. \$3, and Clyde Trout \$5, George Burke, Tri-County Feed \$25, Proctor Drilling \$5 and Wildman Welding \$2.

Mr. and Mrs. Billy Kennedy and family visited relatives and friends in Meadow last Friday night. They attended the football game between Meadow and Ropesville while they were there.

*There's a better way to make your wish come true!*

The "wishing well" plays its romantic part in fable and fancy . . . but don't count on it for results in everyday life! Best way to make wishes come true is to DO something about them. Best thing to do is to open an account here, and keep on saving consistently, persistently, until the figures in your bank book add up to "what it takes." There is no substitute for saving.
