and Mrs. Raymond Palmer the guests Sunday of Mr. John E. Fitzgerald.

Highlights and Sidelights FROM Your State CAPITOL

AUSTIN, Tex.—Activities of the National Association for the Advancement of Colored People have ended, temporarily, in Texas.

A stop order was issued at the request of Attorney General John Ben Sheppard by Dist. Judge Otis T. Dunagan of Tyler. Hearings will be held Friday (Sept. 28).

Investigations of the NAACP, a New York corporation with 112 branch offices in Texas, have been going on quietly for several months. Climax came with the filing of charges alleging numerous violations of Texas laws.

Specifically charged were efforts to register Negro students in Texas schools, contrary to the prejudice, picketing, riots and laws of the State; inciting racial

other unlawful acts, contrary to public peace; engaging in political activities; operating without a permit; evasion of taxes; practicing law without a license; and coercing Negro students and their parents.

"Transaction of business in Texas by a foreign corporation is only a privilege which the State of Texas may confer, extend, or withhold," said Sheppard.

"This is not 'in any manner' a suit against the Negro citizens of Texas, Sheppard pointed out. 'It is limited to the NAACP as a foreign corporation, and their affiliated organizations. For over 100 years the white and colored races have lived together in Texas peacefully and in harmony. Were it not for the activities of the NAACP they would now, and in the future, continue to do so.'

Dr. H. Boyd Hall, state NAACP president, said the move indicated that Texas is entering "an era of persecution." NAACP officials immediately called a 17-state meeting for St. Louis.

Although the principal headquarters of the NAACP is in Dallas, the suit was filed in Tyler because a number of defendants are in that area.

STATE INCOME UP—State income jumped nearly \$75,000,000 during the past year but increasing expenditures are expected to consume it all and more too.

Revenues totaled \$913,422,792 during the fiscal year, State Compt. R. S. Calvert reported.

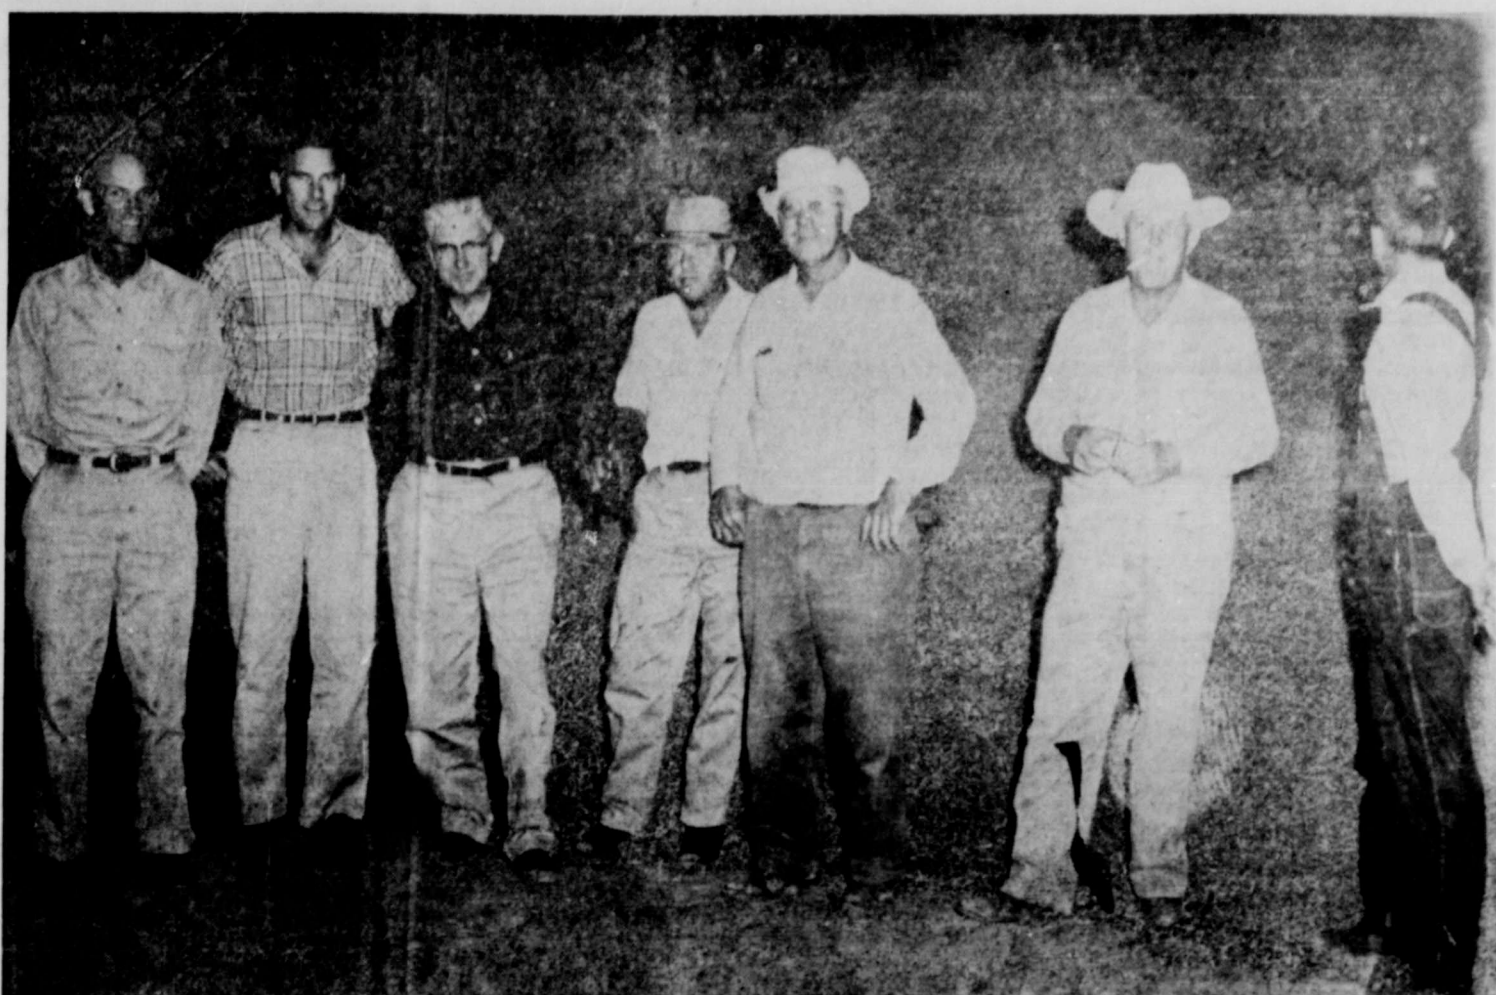

A state budget spokesman said the present spending pattern and new demands will likely require a new tax bill at the next session of the Legislature.

Requiring more money are growths in public schools, junior and senior colleges, prisons and hospitals. Proposals for increases in teacher retirement benefits and aid to disabled persons are to be voted on in November.

Gap is estimated variously from \$5,000,000 to \$30,000,000.

ROAD MONEY EARMARKED—For the first time, right-of-way system will be purchased with federal-state money instead of city and county money.

An initial fund of \$19,366,100 for such purchases has been es-

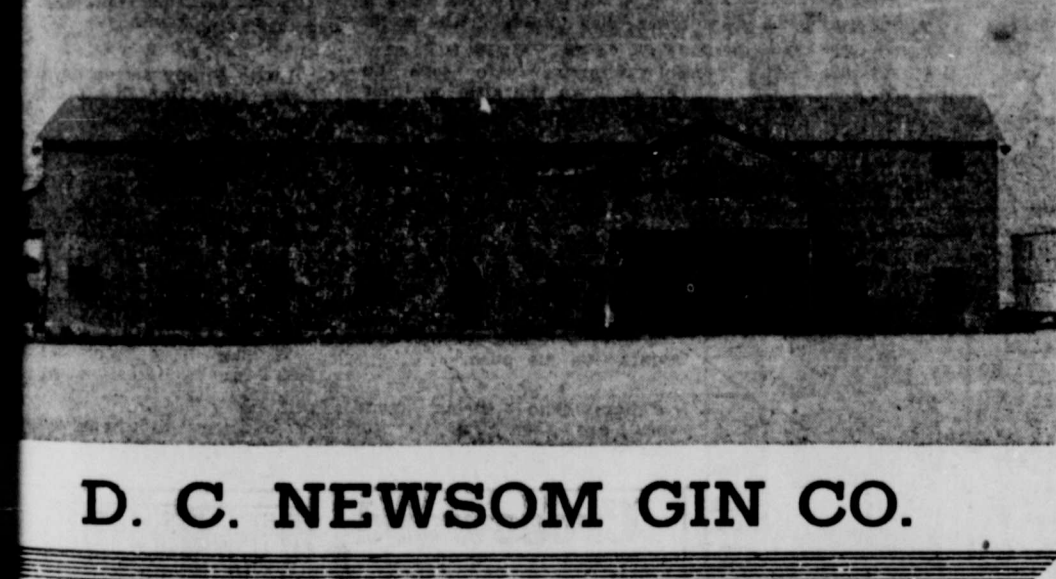

INTERESTED IN GRAIN — These men all were discussing the bright prospects for the Yoakum County grain crop when photographed in front of a large mound of it on the land adjoining the D. C. Newsom Gin. Already weighed and sent out of the county is an estimated two and a quarter million pounds of maize and begari. Early estimates indicate a 90 million pound crop for the county. —Review Photo

established by the State Highway Commission. Texas put up 10 per cent; the federal government 90 per cent.

Included in the current program are 637 miles of new work costing an estimated \$256,000,000.

OIL FLOW CUT—Reduction of 75,160 barrels daily in Texas' permissive oil flow was ordered for October by the Railroad Commission.

This trims the allowable to \$3,279,697 barrels daily with wells operating 15 days during the month. One commissioner, Olin Culberson, wanted to go to a 16-day pattern. He expressed unhappiness with the depressing influence of imports on the Texas allowable.

JOBS FOR HANDICAPPED—Texas employers put more handicapped persons on jobs last year than ever before—24,445. Applications increased, however, from 6,727 to 14,004.

Laurence R. Melton, chairman of the Texas Committee for Employment of the Physically Handicapped announced the figures.

Gov. Allan Shivers presented merit awards to three employers for their consistent hiring of handicapped persons. These were Sears Roebuck, Hammond Laundry and Machinery Co. of Waco, and Howard Aroo Inc. of San Antonio.

Earl Brown Jr., Abilene was designated the handicapped person of the year. A special award went to Adolph L. Stein Jr., Kelly Air Force Base.

STANDBY RESERVES POLLED—Questionnaires are being mailed to all standby reservists but there is no cause for alarm. Morris S. Schwartz, state selective service director, says it's just for inventory.

Standby reservists cannot be called to service unless an emergency is declared by the Congress, he said.

Based on information in his questionnaire, each standby reservist will be placed in one of three categories: I-R, available for service; II-R, deferred because of civilian occupation essential to maintenance of national health, safety or interest; or III-R deferred by reason of extreme hardship of dependents.

CRIME ON INCREASE—There has been an estimated 13 per cent increase in crime in Texas cities, reports the Department of Public Safety. Rural areas show a 2 per cent decrease.

Major increase in both areas was in theft, up an estimated 14.8 per cent. Auto theft showed a 4.2 per cent gain; burglary increased 6.5 per cent.

A. B. Carpenter, Dick McGinty On Labor Committee

A. B. Carpenter and A. E. (Dick) McGinty, serving as a county farm labor committee met with Dayton Carrell, manager of the Texas Employment Commission office in Lamesa recently to review the seasonal employment needs for Yoakum County. The Rev. Thomas O'Reilly, Denver City member of the committee was absent from the meeting.

It was determined the county will require 2,115 cotton pullers during the peak period of the cotton harvest. Estimated Mexican nationals needed in the county was placed at 1,540 workers.

The committee will function under Public Law 78, obtaining facts relevant to the supply of domestic farm workers existing in Yoakum County and the shortage of workers, if any, which must be met by importing Mexican nationals to harvest the crop. Under Public Law 78 the TEC must supply this information to the secretary of labor who must limit the number of Mexican nationals to be used in this county by granting a "ceiling." The committee consults with the local office manager to assist him in estimating the number of workers who will be needed, based on current local conditions affecting the cotton crop.

"Ceilings" granted by the secretary of labor limiting the importation of Mexican nationals into this area will be posted in post office in Plains, Denver City, in the county agent's office, and in the county courthouse.

RYBODDY IS getting into full swing on the new Sudan elevator school building. The York Construction Co. of Lubbock is low bidder of \$385,000 for the structure over seven acres. The building will contain 16 classrooms, a band hall and administration offices.

vention in Chicago will speak in Sudan, Sept. 28 at 7:30 p. m., according to an announcement by F. O. Masten, widely known Sudan area farmer. Gov. Clements appearance will be a feature of Sudan's annual Fall Festival which every year builds its theme around international peace.

—The News, Sudan

RYBODDY WANTS to know many bales of cotton have been ginned in the county to date. At this stage of the ginning it is next to impossible to get actual figures. But, with the ginning barely underway, several estimates were asked for an estimated concensus was 800 bales ginned in the county to date. The yield of cotton is said to be good with only several bales still being reported.

—The Journal, Muleshoe

JOYCE BRAKER, the charming and beautiful 17-year-old daughter of Mr. and Mrs. Purdy Braker of Anton was named the queen of the Hockley County Fair of 1956. Miss Braker, who placed second in the contest last year, won over five other contestants. Judges were five colonels from Reese Air Force Base.

—Tribune, Morton

DUDE HEARNE was elected president of the Seagraves Chamber of Commerce at a meeting of the board of directors Sept. 20. W. Mosley was chosen vice president and James Belcher executive secretary. Electing officers followed the meeting of four new directors.

—The News, Anton

SERVICE GRAIN Co., the new elevator east of the railroad in North Abernathy, has been completed and is open for business, it was announced. The plant, composed of an office building, unloading facilities, storage and loading units is owned by Harold V. Davis, Abernathy farmer, with E. L. (Poochie) Kelly as a partner and manager of the firm.

—Gaines County News

RETIRING OFFICERS were: president; O. C. Adams, president and Belcher.

—Weekly Review, Abernathy

ACCORDING TO figures released by Supt. O. V. Fuller, the Rones schools now have an enrollment of 550 students, and is growing from day to day. The high school recorded 115, while the colored school has an attendance of 25. At the present time the colored school which opened in August is now dismissed for cotton picking.

—Gaines County News

PUBLIC HEARINGS were held Monday on the 1957 budget for the county in the courtroom. The new tentative calls for expenses of \$1,151,886, during the year. The budget was upped from \$55 million to \$642 million and the increase from \$1.50 to \$1.50.

—The Plainsman, Ronesville

Mr. and Mrs. Jesse Hale attended the Lubbock ice show Sunday. Mr. and Mrs. Johnnie Robertson and children attended the Holiday on Ice showing Sunday night.

Mrs. Robert Chambliss and Jerry Wayne Jackson were in Canyon last Wednesday visiting Jerry Wayne's mother, Bettie Jackson.

C. Waldrop Opens Garage in Plains

Clyde Waldrop, former Plains resident, has returned to this town and is now operating Clyde's garage which is located in the building with Plains Electric.

Mr. Waldrop is married and the father of a 6-month-old boy, Clyde Boyce. He is a graduate of Plains High School and has lived in

Seminole since 1950. He was in the garage business there. In the new business Mr. Waldrop announced he was offering complete garage service and would welcome the opportunity to serve Plains residents.

Shop in Plains and Save!

ACROSS THE CATTLE GUARD

By LEO W. WHITE
County Agent

This is the week of the South Plains Fair at Lubbock and the State fair will begin in about two weeks. All of the county fairs are over and many of the regional fairs have already been held.

There has been some talk of having a county fair in Yoakum County. The ground work was done several years ago when an organization was formed known as the Yoakum County Livestock and Agriculture Improvement Association. The purpose of this organization is to sponsor fairs and shows that are of an agricultural nature. The organization has confined their activities thus far to sponsoring only the Junior Fat Stock Show.

Perhaps they feel that the county has not yet developed to the extent that a county fair would be successful. It is my opinion that Yoakum County could have a fair. I do not believe that the people would expect the first county fair to be up to par with some of the events being held in neighboring counties. In order for a fair to be successful, I think it should be rather small at the be-

ginning with new events added each year until it reached a maximum in size.

The reason I mention something about a county fair in this county is because it has been mentioned to me. There has not been much talk but there has been some. Almost every year, about this season, someone wonders why Yoakum County does not have a county fair. It was mentioned one night about two weeks ago in a meeting of the planning committee for the Extension Workers. If there is enough interest to justify a fair in this county, then the directors of the association should know about it. The board is composed of Gene Bennett, G. W. Cleveland, PaPal Cobb, Johnnie Fitzgerald, Pat Henard, Rusty McGinty, Ty Field, Harvey Stotts, Bill Powell, Gene Payne and Tom Warren. I am sure that any of these men would be glad to have your suggestions and bring them to the attention of the board at the next meeting.

If you would like to have a county fair as soon as possible then your requests should be made in the very near future because there is a great deal of planning that needs to be made. The planning for a fair should be at least one year in advance of the event. In order for a county fair to be successful in every respect, the services of a large

Big Haul of Beer Made By Heath Saturday Night

A "souped-up" 1952 Ford proved too much for officers in Gaines County last Saturday night, but Deputy Sheriff Olan Heath found it had its cargo of 480 quarts of beer and 62 half pints of whiskey. The driver, Bento Gomez, escaped until Monday morning when he was picked up by Deputy Heath.

The officers in Gaines County chased the car through the county and lost it on back roads. The driver, a Latin American, well-known for his liquor transporting habits in the Lubbock area, escaped into a pasture from Deputy Heath, who was accompanied on the chase by Plains City Marshall O. D. Smith.

The officers arrested a passenger in the car but turned him loose Sunday after it was proven he was innocent of any violation. The car was towed in from about six miles south of Plains on the Denver City highway, where the driver left it.

The suspect was arrested Monday morning in Plains, apparently while trying to figure a way to get the car back, according to Deputy Heath.

Deputy Heath says this is one of the biggest hauls of beer he has ever made in this county.

The beer was purchased in Odessa.

number of people are required. If the people are not willing to furnish some time and work to putting on a fair, it is doomed to begin with.

Cochran County held their fair last weekend. They exhibited all kinds of crops and livestock. There were exhibits of pictures, flowers and needle work. They even had a dog show for the kids. Billy Lewis, the assistant county agent at Lovington, and I were the judges of the livestock classes. They had two classes of poultry, five classes of hogs, three classes of sheep and four classes of cattle.

Cochran County has been having a fair each fall for several years and I feel sure that they started out small and increased their entries and events each year. They probably made some mistakes that had to be corrected and chalked up to experience. Yoakum County also will make some mistakes if they ever decide to have a fair. One of the biggest that can be made is to wait until it is too late to decide to have a fair.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

BOB JONES planted about 3 acres of blue panic grass around his house to stop the sand from blowing. This year he decided to harvest the seed. The grass made about 230 to 240 pounds of seed per acre. This isn't a bad income from a fellow's back yard.

H. G. SPRAWLS has some feed on dryland which made a fair crop of grain on 2 inches of rain. H. G. left the land flat last year and planted it flat, leaving the stubble from last year's crop on top of the ground. This method of farming doesn't look very neat to some people, but it protects and improves the soil. Not only that, but there is very little expense involved.

PAUL COBB has done very well with tomatoes and watermelons this year. They will probably make more per acre than his cotton. Paul planted his tomatoes with a tractor through a cane plate and watered them up.

R. G. HARTMAN planted some blackeye peas and pinto beans this time. He believes they will make more profit than grain sorghums. R. G. also has a good field of sesame.

Have you noticed those green and white signs which read, "Entering Yoakum Soil Conservation District"? They are placed along each major road entering Yoakum County. The Yoakum SCD supervisors met at RUSTY MCGINTY'S place last week and constructed the frames for these

SEPTEMBER 23-29 **National BUSINESS WOMEN'S week** SEPTEMBER 23-29

We Take This Opportunity To Salute All Yoakum County Business and Professional Women During **National Business Women's Week**

We are pleased to have this opportunity to pay our respects to all working women of Yoakum County. We do not need to point out the importance that women have attained and rightly so, in fields that were formerly considered to be the sole domain of men. These women have become irreplaceable in America's offices, stores, and factories.

We are especially proud of the women who play such an important role at the Yoakum County State Bank. We pay tribute to them for the fine job they are doing to help us give the kind of banking service you want and deserve.

Our hearty congratulations to working women everywhere, and best wishes to the Yoakum County B & PW Club on their fourth anniversary.

More Gets CCC Grain In County

Yoakum County obtained the first CCC grain loan at the office under the 1956 support program, W. O. office manager, re-

test weight of 53 pounds per bushel. The loan covered 74,910 lbs., which are produced on about 50 acres.

Under the 1955 program, the county office made 270 grain short-totalling \$223,170.65. An average of about \$1.55 per hundred was paid, after warehouse charges were deducted. Under the 1954 program, 800 loans were made, amounting to some \$800,000.

Miss La Rue Gilmore, county home demonstration agent, was in Lubbock Friday and Monday where she assisted in judging entries of the Women's Division of the Panhandle South Plains Fair.

Plains Tsa Mo Ga Members Attend Meet Of Federated Clubs In Childress Monday

The Childress Federated Clubs were hostesses for the 7th District of Texas Federation of Women's Clubs fall board meeting held at Childress September 24.

Mrs. R. R. Lindsey, district president of Borger, selected as her theme during her administration, "We Accept the Challenge". One hundred eleven daises registered for this meeting.

Mrs. R. B. Jones, district second vice president of Plains, presented each chairman of the various departments of the federation and their division chairmen, who gave an outline for the coming year's phase of work.

It was adopted that contributions be made to Boys Ranch at Tascosa, Texas. Also adopted was that each club member of the 7th district make a Christmas sock doll to be sent to Greek orphans.

Glenna Mayfield of Seminole was chosen for the Lola B. Mundy Scholarship this year and is attending Texas Tech at Lubbock.

Plans have been completed for five fall workshops. Each club member was urged to attend one or more of these workshops. On

October 1, Dumas; October 2, Canadian; October 3, Memphis; October 4, Littlefield, and October 5, Tahoka. All meetings will begin at 9:45 a.m. There will be a 50 cent registration fee and members are to bring a sack lunch.

Tsa Mo Ga club members on the State and District Board are Mrs. R. B. Jones, second vice president of the 7th district and division chairman of the state savings bonds; Mrs. Ty Field, state Indian affairs division chairman and district scholarship chairman; Mrs. M. W. Luna, district division chairman of Texas Cattle brands and Texas industries; Mrs. P. W. St. Romain, district communication department chairman. Mrs. Jones, Mrs. Luna and Mrs. St. Romain attended the district board meeting.

Iota Pi Rushes Entertained At Western Barbecue

Iota Pi entertained rushes with a Western barbecue the evening of Sept. 11 in Stanford Park. Rushes Roberts Powell, Martha Shaw, Fern Miskeska, Colleen Leithausen and Carolyn Roland were present.

A story hour followed the supper around a campfire.

Guests included: Don Powell, John Shaw, Newton Roland, Ty Field, Mr. and Mrs. M. W. Luna.

Members husbands and families present included: Joe Brown, Mr. and Mrs. A. B. Carpenter, Mr. and Mrs. Ford Hawkins and children, Mr. and Mrs. Morris Lowe, Mr. and Mrs. J. W. Moore, Mr. and Mrs. Dick McGinty and children Elsie Nurdyke and Wilma Powell and boys.

Mr. and Mrs. Ed. Robertson and girls, Mr. and Mrs. Pete Sampson, Mr. and Mrs. P. W. St. Romain and children, Jeanne Stroup, Mr. and Mrs. Garland Swann and children, Mr. and Mrs. D. N. Taylor and boys, Mr. and Mrs. Royce Trout, Mr. and Mrs. Tom Warren and children and Mr. and Mrs. Charles Williams and Shelley.

TIMELY TIPS

By LA RUE GILMORE
County Home Demonstration Agent

Would you like to have hyacinths, daffodils, and tulips blooming in your home this winter? The October issue of Town Journal has an article issue of "how to do it". A wealth of bright blooms would be nice to brighten up the grey days of winter.

Some varieties are supposedly better to "force" in this way. Use different colors to really brighten the home.

The bulbs should be potted in a mixture 2-3 garden soil, 1-3 leaf-mold with a little bonemeal added. Plan for good drainage in the bottom of the pot by covering the hole or putting a layer of gravel. When this is done place bulbs 1 to 1-2 inches apart with the tips showing.

The next step is to water the pots and plants thoroughly, and place in trench of dirt and peat-moss or in a coldframe or a box in an unheated shed. The bulbs, variety, and color should be labeled and then covered several inches deep for protection.

In about 5 to 8 weeks, after roots have formed dig the pots up. For two weeks keep them out of the sun at about 50 degrees. When there is two or three inches of growth place the pot pots in a sunny window of the house. After blooming the plants should be kept cool at night so they will last longer.

Now is the time to plant tulips, daffodils, jonquils, grape hyacinths, Dutch iris and crocus for best results. Several other annuals can be planted now. These are candytuft, clarkia, cornflowers, forget-me-not, gailardia, godetia, sweet peas and sweet alyssum.

Additional information is available at the Extension Service office if you want it.

Guests of the K. O. Hendricks last weekend were Mr. Hendricks brother and family and Mrs. Hendricks parents and sister, Mr. and Mrs. Sides and Mamie, of near Mineral Wells.

Douglas Payne and Jimmy Williams attended the football game between Texas Western and Texas Tech at Lubbock last Saturday.

Mrs. Neil Hickman Named President Of Sanford HD

The Sanford Valley Home Demonstration club met last Thursday in the club room and elected officers for the coming year. Mrs. Neil Hickman was chosen president.

Other officers are: Mrs. Lois Murphey, vice president; Mrs. Arlene Taylor, secretary; Mrs. H. O. Muston, treasurer; Mrs. Preston Murphey recreation leader; Mrs. Charles Williams, parliamentarian and council delegates, Mrs. Maurine Winn and Mrs. P. M. William.

Twelve members opened the meeting answering the roll call with "a child's game." One new member, Mrs. Joy Hendrix and a visitor, Mrs. Beal were present. Mrs. Hickman was hostess.

Mrs. Lois Murphey presided over a recreation period which was followed by the serving of refreshments.

Next meeting will be Oct. 4 in the club room with Mrs. Arlene Taylor as hostess.

Mother Of Tokio Resident Buried

Mrs. Ollie Gilliam, 71, died Monday in a Lamesa hospital following an illness of several months. She had been a long time resident of the O'Donnell area.

Funeral services were conducted at the Lamesa Church of the Nazarene with the Rev. Howard Smith officiating. Burial was Wednesday in a Waurika, Okla., cemetery.

Mrs. Gilliam was the mother of A. K. Gilliam of Tokio and is survived by two other sons, W. L. of Lamesa and P. L. of Levelland, one sister, Mrs. Modell Kiser of Sylvester and one brother, A. M. Parker of Clovis N. M.

Mr. and Mrs. Frank Whitlock and Lowell visited in the home of Mr. and Mrs. Jack Pierce over the weekend.

Mr. and Mrs. Hugh Snodgrass and the Jesse Snodgrass family visited in the Amos Smith home last Sunday.

THIS IS WHERE TOMORROW STARTS
A new "inner car" gives you a NEW KIND of FORD for 1957! Coming October 3rd.

On Wednesday, October 3rd, Ford Dealers throughout the United States will unveil a new kind of automobile!

Cars are involved in every American's life. News of a new kind of car is the biggest kind of news to millions of Americans. The Big New Kind of Ford is that kind of news . . . a car totally new in design from crest to trunk lock. This completely new automotive package will sell at the traditionally low Ford prices. This makes possible a new high standard of such honest-to-goodness value that it actually increases the purchasing power of your automobile dollar. When you see it, other cars will look out of date, because . . . This is Where Tomorrow Starts . . . with a Big New Kind of Ford!

The New Kind of Ford is the fullest, most eloquent expression of Ford's special personality—the youthful grace, the whiplash action—and the reputation for durability known wherever there's a road. To all this we have added true elegance—a kind of elegance never before seen in the low-price field. To make a car truly elegant, you must start deep-down inside.

—six elbows wide in each seat, with deep space around each one of six knees. And above all that space, there's hat room to spare for all six passengers.

The 1957 Ford rides low, solid, with a firm, deep road-holding feel. Yet it's a light-hearted, flight-hearted ride—this car is responsive, nimble, agile, with a proud easy movement.

The New Inner Ford
The Inner Ford—the car you cannot see—is a very remarkable structure. Its frame is actually a cradle. Side members extend almost the full body width; they serve not only as supporting members but as concealed side bumpers of immense strength.

The New Ford Body
The new Ford body is a triumph of engineering in steel. The doors close with the solid finality of a bank vault. Even the door-lock button, has been moved up front—easier for you to reach, but out of the children's reach.

All these features were engineered to give you a solid new kind of comfort.

The New Ford Ride
The New Kind of Ford sits six people as no other low-priced car has ever sat them

The New Ford Choice
Ford offers not only one, but two sizes of cars . . . each on its own extended wheelbase . . . each with its own body shell . . . each with its own styling.

First, the two Fairlane Series on a 118-inch wheelbase. The Fairlane 500's come in 5 body types, a four-door sedan, a two-door sedan, a two- and four-door Victoria with no center pillars, and a convertible coupe. The same body types (except for the convertible) are available in the Fairlane Series.

Second, two Custom Series mounted on the 116-inch wheelbase chassis. In the Custom 300 Series, a four-door and a two-door sedan are distinguished from the Custom models by more luxurious inte-

riors and elaborate trim. The Custom Series also includes a Business Sedan.

Beyond all these, you also have your choice of five Station Wagons—the famous glamour cruisers that are the champions in this field!

The New Ford Look
That low, low cradle-span frame means a low, low car. The Fairlane 500 is only four feet eight inches from road to roof! The Custom is just over four feet nine inches!

The new Ford is not only low—but long. Ford gives you more than 17 feet of elegant length in the Fairlane Series, a shade less in the Custom. It's a nice kind of fun just to look at it. It's high-priced in every way except price.

The New Ford Performance
You can have up to 245 wonderful Thunderbolt horsepower in any Ford model. There's a moderate—and really moderate—extra charge for this engine of 312 cubic inches with its 4-barrel carburetor.

For "Six" lovers, we've got the 144-hp Mileage Maker Six. Whether you choose Six or V-8, the going is great!

Here is where your own tomorrow starts
It starts at your Ford Dealer's showroom! The cars will be there on Wednesday, October 3.

These are the best Fords of our lives. They are the first symbols out of Detroit of the new automotive age that is beginning for you.

This is where tomorrow starts—at your Ford Dealer's.
This is when your tomorrow starts—October 3rd.

Come in and see us for the Big New Kind of Ford!
