JOHNNY MYERS
ing down past the school today at my usual 15-mile per hour, almost had a collision with a woman, apparently a driver on route to pick up a friend. For the life of me I can't understand why anyone especially children in school center the street in front of school at an excessive rate and especially without regard to see if there were any cars crossing. Wish I had my license number I have printed it for all to see and wonder what kind of driver she could be.

Democrats are pushing the vote. Seven from this district attended the big rally at the N. M. Sunday and had a meeting with Paul Butler, national chairman, N. M. Clinton Anderson and other ways in the party. Those included, Mr. and Mrs. Luna, Mr. and Mrs. P. W. Main, Mr. and Mrs. A. B. Boyd and Dr. Boyd of Den-

hole digging for the new system has begun. Next list of construction is put in the holes. . . .

ere up around the back of school. They cross the street intended to keep cars from driving the streets so often by the students going to the play grounds and . . . Virgil Short promises a new Chevy in the Home parade Friday afternoon. . . .

school teachers this begin asking for your vote amendment No. 4 in the election. They are running in the paper for three weeks and it will be appreciated by them if you take the time to read these pages. We personally want amendment (teacher retirement) to pass.

see you at the homecoming activities. There promises to be a lot of fun for everyone, even if you are not ex-students. By attending the football game and cheering the Cowboys to victory we have a fine team and a great season for them. We need your support at the

day and anniversary bouquet this week to: Wanda Duff, Oct. 8; Duane McDonnell, Oct. 10; Leon Thompson, Oct. 19; Dean Strickland, Oct. 20; D. Kennedy, Oct. 24; Spencer, A. B. Carpenter, Kay Rippetoe and Freida, Oct. 25 and a belated greeting to Mrs. W. H. Oct. 9.

ool Releases
or Pupil List

School Principal D. N. Jones this week released the list of students for the first semester of the 1956-57 school year. The students with straight A's are: Jones, Harold Smith, Don Beth Allison, Judy Lowe, Payne and Jo Ann Bailey. Students having a straight A in subjects and one B are: Overton, Dixie McCann, Jones, Brenda Suddreth, McRae, Darlene Snodgrass and Mark Barron.

DISTRICT VEEP — Kay Smith, daughter of Mr. and Mrs. Amos Smith, was named vice president of this district of the Future Homemakers of America in a district meeting in Ackerly last Saturday. Kay is the only district officer in the Plains chapter of the organization. —Review Photo

ACROSS THE CATTLE GUARD

State Fair Visitors To See Local Stock

The Yoakum County 4-H Livestock Exhibit at the State Fair this year is going to look a little fancier than usual. The calves may not be as uniform and as fat as some that have gone to the show from this county but there will be a large green and white banner hanging in the background which was donated to the clubs by Rusty and Dick McGinty.

Dick and Rusty were down there last year and saw that other counties had signs over their livestock exhibits so they bought a very nice felt banner for the Yoakum County kids.

There is a \$50 prize offered for the most attractive exhibit and in order to be eligible for the prize, there must be at least five steers in the exhibit. The 4-H boys and girls from Yoakum County are talking eight steers to the show. There is a possibility of getting some of them sited but we hope to be able to keep enough of them in the show to be in the running for the herdman award.

D'Lois and D'Lynn McGinty are talking steers that they got from John Easley at Lovington. Sylvia McGinty also has a John Easley steer. Kenneth McGinty is entering a steer that he raised. Henry See FAIR on Page 8

BAND'S SWEETHEART — Brenda Suddreth, center, was named sweetheart of the Plains band Friday night during half-time ceremonies at the Melrose-Plains football game. Her attendants are: Pat Smith, left, and Judy Lowe. —Review Photo

Exes Will Gather For Reunion

Undefeated Plains Faces Tough Tigers

Plains High Cowboys will take the field Friday night anxious to cast off a homecoming jinx and retain their favored spot in Texas Class A standing. The Cowboys are undefeated and untied as is the Frenship team.

Although they are favored by one West Texas newspaper 21-12 over Frenship the Cowboys have yet to win a homecoming game. That is the jinx they are out to burst. Both teams are ranked among the undefeated 15 Class A teams in the state.

Seeking the tenth straight win, Coach Ed Robertson is relying on a team in which he says, "There are no outstanding players." In past games this has proven true with each player doing his job as the Cowboys have rolled up 155 points to their opponents' 51.

The Cowboys pre-season record of passing and rushing is also impressive. They have earned 1,594 yards rushing and 371 yards passing. Quarterback Harold Smith has hurled all the passes for the team this year and has nearly a 90 per cent average in pass completions.

Probably the greatest asset the Frenship Tigers will bring to Plains is a team made up of all seniors. There is a possibility that the fullback and the right end will be replaced with juniors as these two men have been injured.

The Tigers also have an impressive pre-conference record. They have five wins and no losses. They defeated Cooper 7-0, Wilson 6-0, New Home 27-0, New Deal 53-13 and Petersburg 21-13.

Winding up pre-district play the Cowboys copped a healthy defeat over the strong Melrose, N. M. eleven. The final score was 27-12.

Controlling the ball through most of the game the Plains eleven scored touchdowns in the first, second and fourth quarters. Kenneth Blount scored three of the markers on handoffs from quarterback Harold Smith. They were a three yard run, two yard and five yard plunges. Back Jackie ass scored the other Plains tally

Football Pep Rally, Parade Are Planned

Friday is homecoming day for all ex-students of the Plains schools and will be highlighted by a pep rally, parade, dinner and the first conference game for undefeated Plains Cowboys.

A full afternoon and evening of activities have been planned to heighten enthusiasm for the climax of the day—the homecoming game between the Cowboys and the undefeated Frenship eleven.

At 3 o'clock there will be a pep rally with introduction of the coaches and football players at the school. Afterwards there will be a parade with all the students in the school taking part. The parade will be led by the City of Plains' new fire truck and the Cowboy band.

The parade will end at the court house and there will be another pep rally staged and townspeople have been invited to attend.

In the school cafeteria, from 5:30 to 6 p. m. there will be dinner served. After the dinner there will be a memorial service with the presentation of a plaque to the school in memory of Bob Perry (class of '42) who was killed in action in World War II.

The game between the Cowboys and Frenship will get underway on Cowboy Field at 8 p. m. Both teams are undefeated and, according to the daily newspapers the eyes of the state will be on the outcome of this game as both teams have perfect record in pre-season play and are two of the state's Class A teams not defeated.

At half-time during the game the football sweetheart will be named and crowned. She was chosen by the football players and her identity will not be known until the game.

No inspections will be made at residences unless those interested invite the group to look at their wiring, or anything considered a hazard.

The inspection party will have no right of action. They merely point out the hazards, place a red tag on those items that need correction, and send their report to the state fire marshal. The state fire marshal will work with the local fire department in encouraging the corrections to be made.

The fire hazard inspection is invited at this time to coincide with the movement of the city in trying to obtain better fire rates, and to encourage new support to the fire department who have been doing a good job with the type of equipment they have had to work with.

With the arrival of the new fire truck together with the water works improvements now being made in the city, the efforts of those who have worked in the fire department should soon pay off in the form of a decrease in fire rates.

Although the inspection itself will not directly bring wire credits, it will serve to remind the citizens of the things which cause fires and be ready to assist in any move that will reduce rates.

Commissioners Pay For Repair Work To County's Well

Commissioners Court meeting in special session Monday Morning approved payment of \$1,217.76 to Plains Electric Co., for repair work done to the county water well on the southern edge of Plains.

The work included replacing the pump motor with a larger one and reworking the well and pumping equipment.

Commissioners also voted to raise the salary of Mrs. Jackie Myers from the \$270 starting salary to \$300 per month. The \$300 salary will go into effect Oct. 1 and was raised to bring her pay up to the permanent salary level.

TO WELCOME EXES — Mrs. Polly Rushing, historian for the Plains Ex-Students Assn., will set up a registration desk at the school auditorium for ex-students to register. At the registration desk will be many photos and other pieces noting the history of Plains schools. —Review Photo

Ex-Students Assn. Reveals Some Facts From History Made In The Plain Schools

EDITOR'S NOTE: It is Homecoming time at Plains and as a reminder of the students who walked the halls before, we present here some glimpses of the past as compiled by Mrs. Polly Rushing, Ex-Students Assn., historian.)

The first school building in Plains was a one room building on the hill on the south part of town in 1906. Another room was added and in later years the third and fourth rooms were added.

All of the community activities were held in the school building; such as: school, church, and dances.

Among the earliest teachers was Mr. Hanley who is believed to be the first teacher. A Mr. and Mrs. McConnell taught, and lived where the Virge Been's now live, and went to school every day in a buggy.

Some of the early teachers between the years of 1914, 1915, 1916 and later were: Mr. Fanell and Mr. Slagel who took his place and then later went to the service in World War I. He now teaches in the chemistry dept. at Texas Tech. Mr. R. W. Mathis also

See HISTORY on Page 8

SOIL BANK PAYS OFF — A. G. Brantley, right, received a check for \$1,409.70 from W. M. Overton, ASC office manager, as one of the first soil bank payments made in the county. There were 25 checks distributed. Mr. Brantley qualified for soil bank payment by plowing up 75.4 acres of cotton. With Mr. Brantley is his grandson, Richie. —Review Photo

Miss Martha Fitzgerald Is Honoree At Tea In Perkins Home In Tokio

Miss Martha Fitzgerald was honored at a tea Friday afternoon in the home of Mrs. Opal Perkins in Tokio. Miss Fitzgerald is to marry Jack Palmer, son of Mr. and Mrs. Raymond Palmer, Oct. 21. Miss Fitzgerald is the daughter of Mr. and Mrs. John E. Fitzgerald.

Mrs. Nina Williams presided at the bride's book. The serving table was covered with a lace cloth over pink and the decor featured the bride-to-be's chosen colors of pink and white. The arrangements were in an oblong design of white fall leaves in the background with pink carnations and pink streamers fastened on miniature pink hearts with "Jack and Martha" printed in silver on them. The napkins were pink also with "Jack and Martha" printed on them.

Presiding at the serving table was Mrs. Bob Loe, sister of the bride.

White punch and cake squares were served to 36 guests who called between the hours of 2:30 and 5:30. Many beautiful and useful gifts were displayed in various places throughout the house.

Supper Planned For Martha Fitzgerald

Mrs. Johnnie L. Fitzgerald will hold a wedding rehearsal supper Saturday night, Oct. 20 for Miss Martha Fitzgerald, and the bridal party. Miss Fitzgerald is to marry Jack Palmer Oct. 21.

Mrs. Taylor Hostess To Stanford HD Club

The Stanford Valley Home Demonstration Club met Oct. 4 with Mrs. J. L. Taylor as hostess. Mrs. Preston Murphey and Mrs. Jesse Murphey gave a report on the state and national convention in San Antonio, at which they were delegates.

Miss La Rue Gilmore, county HD agent, gave a program on room accessories. Refreshments were served 11 members.

James Overton and Jimmy Williams spent the weekend in Kermit, where they visited Jimmy's parents, Mr. and Mrs. Floyd Williams.

Tsa Mo Ga Has Indian Affairs Program Oct. 10

Chief Wilma Powell and Squaw Mattie Fields greeted the members and guest at a regular meeting October 10 at the club house. Mrs. Gene Payne, president, presided.

Mrs. Johnnie Fitzgerald, program director with the theme on "Indian Affairs" gave a timely quotation "Learn the importance of our Indian culture." Mrs. Fitzgerald presented Mrs. Mizell of Roswell, N. M. as a guest speaker who told of her interesting experiences as a teacher in the Methodist Church School in Gallup, N. M. sponsored for Indian children surrounding Gallup, N. M.

Mrs. Mizell thought of retiring after 31 years of teaching at North Texas State Teachers College, Denton, but has found working with the Indians a very fascinating hobby. At present Mrs. Mizell is teaching in Roswell, N. M. Mrs. Mizell is a sister of Mrs. Harvey Stotts, a club member who is one of the first grade teachers of Plains Elementary School.

Mrs. Ed Robertson, club member of public school music in Plain Elementary school presented a group of her young students who sang several numbers, one being "Indian Lov. Call" Mrs. Roland Johnson accompanist.

The social committee, hostesses Mrs. Garland Swann, Mrs. R. B. Jones, Mrs. A. B. Carpenter, Mrs. J. P. Robertson and Miss Ozella Hunt served refreshments of jerky sandwiches, pinon nut brittle candy and water of Minnewanka to 7 members and 10 guests.

State Line Group Organizes Home Demonstration Club

A group met Oct. 11 in the home of Mrs. Tom Box south of Bronco and organized a new home demonstration club which was named the State Line Home Demonstration Club.

Miss La Rue Gilmore, county HD agent met with the group and discussed the organization and functions of the club. Afterwards, she gave the club's first demonstration on "Accessories That Make A Room."

Officers elected for the new club are: Mrs. Tom Box president; Mrs. Chris Guetersloh, vice president; Mrs. Grady Smith, secretary; Mrs. Dunk Brian, treasurer; Mrs. Hayden Box, reporter; Mrs. Shelly Webber, parliamentarian and Mrs. Frank Spencer and Mrs. Joe Kennedy, council delegates.

It was voted that the club would meet every second and fourth Thursday at 2:30. The next meeting will be October 25 in the home of Mrs. Guetersloh. Everyone who is interested in the club has been invited to visit the new club or to become a member.

Cake and punch was served to the following: Miss Gilmore, and Mesdames Grady Smith, Ira Tidwell, Frank Spencer, Dunk Brian, Amo Newsom, Dale Mills, Henry McBride, Tony Giacobbe, Herbert Neal, Shelly Webber, Joe Kennedy Hayden Box and the hostess, Mrs. Tom Box.

Funeral Services For Aschenbeck's Sister Held Friday

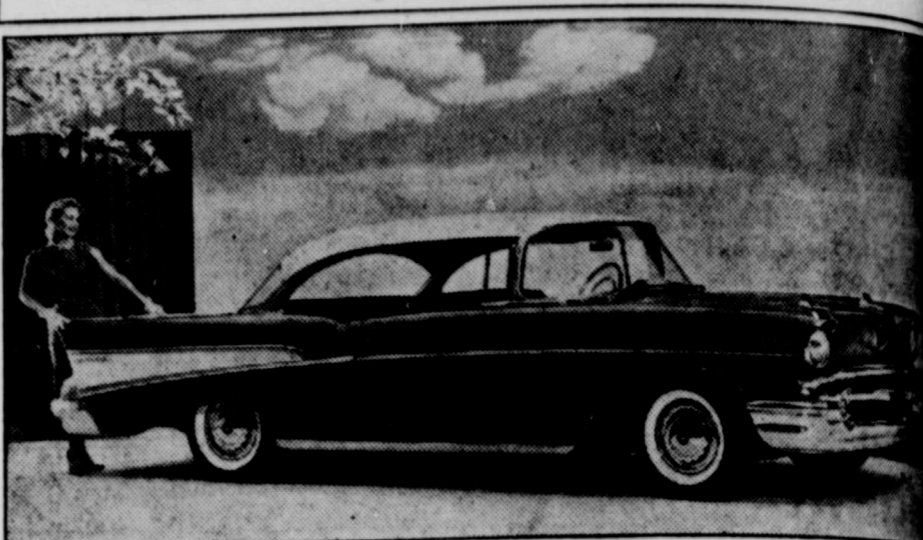

Funeral services were held Friday afternoon in Brownfield for Mrs. Carl Bierwirth, 57, longtime resident of Childress, Texas and sister of Plains City Secretary J. H. Aschenbeck. Burial was Saturday morning in Childress.

Brownfield services were held in the First Christian Church with the Rev. W. J. Spreen, pastor, officiating.

Mrs. Bierwirth was a native of Milam County and had lived in Childress since 1907.

Other survivors include her husband, a son, Arles Davis of Anchorage, Alaska, a brother, Gaylord Aschenbeck of Park Hill, Mo., two sisters, Mrs. Betha Awbrey, Odessa, Mrs. Elizabeth Simmons, Brownfield and her parents, Mr. and Mrs. G. C. Aschenbeck of Brownfield.

Bel Air Coupe Mirrors New Styling

Longer, lower "in motion" emphasis on design sport coupe. Along with the exciting exterior of Chevrolet's three series of passenger cars for interior styling, a higher performance peak 1957 is evident in this view of the new Bel Air. Marked mechanical advances are among features.

RFD Observing 60th Anniversary
The first of this month marked the 60th anniversary of the rural delivery service of the U. S. Post Office Department and Plains Postmistress Verda Lee Robertson this week reminded area residents that rural delivery has a vital role in Yoakum County.

The Plains Star Route, covered by Contract Carrier T. C. Oxford, serves 100 families through the Plains Daily mail service, conveniently and enjoy advantages in communications equal to that of city families, Mrs. Robertson stated.

News From The Methodist Church
The women's Society of Christian Service is sponsoring a rummage sale on the courthouse lawn Saturday afternoon.

McCraos Are Home From Month's Trip
Mr. and Mrs. C. F. McCargo of Plains and Mr. and Mrs. Caryl Light of Liberal, Kansas have just returned from a months vacation through the Southern states along the east coast and Washington, D. C.

Miss La Rue Gilmore, county home demonstration agent, accompanied by Mrs. Burve Overton; her sister, Rosabeth Gilmore of Levelland; and Miss Jan Harris, home demonstration agent of Lamesa attended the State Fair at Dallas last weekend. One of the attractions that they saw was the Broadway musical comedy "Damn Yankees".

County Is Included In Hay, Roughage Payment Program
Walter T. McKay, state director, Farmers Home Administration, has advised Marvin E. Elliott, FHA county supervisor, of the designation of Yoakum County under the hay and roughage program for Texas.

Applications to participate in the hay and roughage program will be received by county Farmers Home Administration committee immediately at the Farmers Home Administration office located at Plains.

Under the program the local county FHA committee will determine each applicant's eligibility and will issue a certificate good for \$7.50 per ton on roughage actually purchased. The applicant will then apply the certificate on the purchase of roughage from any dealer he chooses. The dealer endorses the certificate and draws a draft on the emergency drought committee's account.

Applications may be filed through Dec. 3, 1956 for a supply of roughage needed to last through Dec. 31, 1956. Roughage under the program includes hay either baled or loose, cotton seed hulls, peanut hulls, corn cobs, sorghum bundles or ensilage.

McCarao's Are Home From Month's Trip
A week was spent with the McCargo's daughter Frances and family in Washington. A few days was spent in New York City. While in New York they waved home to the Plains folks on Dave Garaway's Program "Today" and were guest of honor on Bandstand. They also spent a night with the Clyde Hartwicks of Conway, Arkansas, former residents of Plains.

TRAP — Denver City volunteer firemen, clothes soaking wet, pause after fighting the blaze Friday morning which claimed the life of Floyd Estes, Denver City construction worker. The fire started about 3 a.m. Estes was apparently asleep and burned to death in the fire which started in his apartment. Raking through the debris is W. R. Shook and looking on is James McGill and King. Review Photo by Gene Snyder

THE YOAKUM COUNTY REVIEW
Texas, Thursday, October 18, 1956 Page 3

HISTORY OF OIL DEVELOPMENT IN LOCAL AREA DATES FROM MID 30'S

The history of the development of oil in the Wasson Field in general and Yoakum County in particular makes fascinating reading for anyone interested in this fabulous industry.

The first well to encounter oil in the area and the first well to test the San Andres in Yoakum County was the C. J. Davidson and Honolulu Oil Corporation's Bennett No. 1 (now Cascade Bennett No. 1).

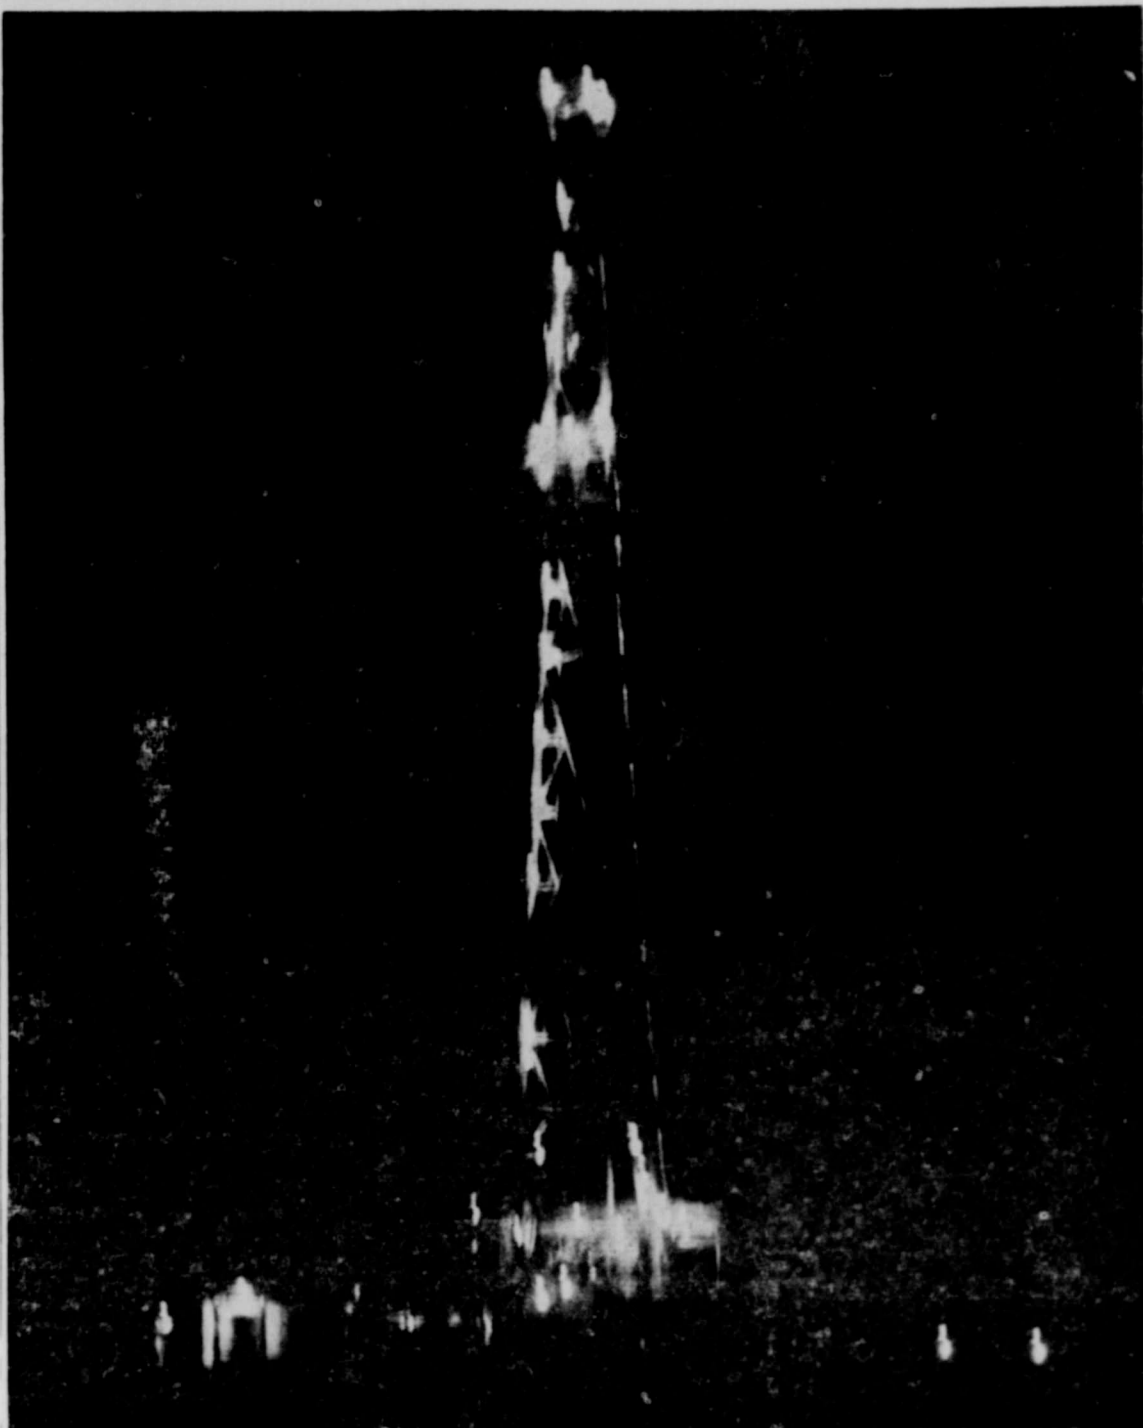

At the time of its spudding, April 4, 1935, the nearest production was in the Hobbs field in New Mexico, 35 miles southwest. One well, Weekly's Knight No. 1, one mile west of the western limits of the field, had been abandoned in August, 1929, before reaching the San Andres. Another test, the Texas Consolidated-Texas Pacific's Jones No. 1 in Gaines County, midway between Hobbs field and discovery well drilled in 1932 had been found structurally low.

The Bennett well was drilled

with tools to a depth of 2,424 feet to avoid the cavy Triassic & Permian redbeds which are hazardous to cable-tool drilling throughout West Texas and New Mexico. The first showing of oil was encountered on September 28, 1935, at 5,085 where the hole filled with 700 feet of oil. The volume of gas was estimated at one-half million cubic feet per day. After 7-inch casing had been cemented in the well, 3,700 feet of oil was present. The well was then drilled to 5,116 feet and treated with 1,000 gallons of acid and as a result a flow of 17 barrels of oil per day was obtained. Drilling was again resumed and increases were logged to a final depth of 5,282 feet. Following the shooting of the pay-section with nitroglycerine, the well received an initial gauge of 234 barrels of oil per day. In 1937 the well was worked over, a 5 1-2 inch liner cemented and the well treated with a total of 10,500 gallons of acid in three stages which increased the official potential to 428 barrels of oil per day.

Immediate drilling activity did not follow the drilling of the discovery well for several reasons: lack of pipeline outlet, remoteness of pipeline stations with attendant high trucking costs, and the low market price of crude oil. The nearest pipeline station was the Humble Pipe Line Company's terminus at the Means pool in Andrews County, necessitating a 60-mile haul. Nine months elapsed before the second well, the Texas and Pacific Coal and Oil Company's Bennett No. 1, was completed. This well was located about 2,200 feet west of the discovery well.

A second discovery well, 12 miles south, was brought in as a producer in June, 1937. This test

LONELY SEARCH — A drilling rig in Yoakum County probes the depths of the earth's strata seeking oil — a product which has meant so much to the growth of this area. Through the lonely night the derrick lights reflect the wealth oil has brought. This is Oil Progress Week and a time of salute to those men who devote their lives to searching for, producing and developing one of Texas' most valued crops. Denver City Press Photo by Gene Snyder

the A. G. Carter and the Continental Oil Company's Wasson No. 1, is now owned by Continental and Shell Oil. High structural position with respect to the Bennett well and the showing of gas in the rotary drilling mud portended another discovery before the oil-saturated cores were recovered at a depth of 4,810 feet. The total depth of 4,959 feet was reached and an official initial potential gauge of 333 barrels of oil per day was established. Upon the completion of this well, active development began in the Bennett and the South sectors—largely in the form of forced offset wells.

A third discovery well was completed in September, 1937, the Denver Producing and Refining Company's Whittenburg No. 1. An official initial potential gauge of 892 barrels of oil per day was given this well, drilled to 5,001 feet. The resulting pool was designated the Denver pool and completed the triangle of operations which formed the base for extensions and development. At this point in the field's history, several dry holes limited the southward expansion of the South sector but the gap between the South and the Denver sectors was gradually closed. High structural position and the performance of wells between these two sectors indicated the presence of a gas cap.

Most of the expansion was in the form of offset drilling, but several extensions are noteworthy.

The Texas Company's Walker No. 1 was completed in January, 1938, extending the producing area several miles westward. This test and the Shell Oil Company's Roberts No. 1 started activity in the Roberts sector. Meanwhile the Denver sector was extended eastward by the completion of Shells Baumgart No. 1-A which com-

menced the Baumgart sector activity. The completion of Honolulu's Kendrick No. 1 formed the nucleus of activity which ultimately united the Bennett-Wasson-Denver areas into one. The Texas Railroad Commission officially joined these areas into the Wasson field on December 1, 1939.

Mahon Advises Cotton Allotment For '57 to be Same

Lubbock — (Special) Congressman George Mahon of the 19th District advised from his office in Lubbock this week that he has received information from the Department of Agriculture in Washington indicating that 1957 cotton acreage allotments in Texas will be about the same in each county as in 1956.

An additional large shift of acreage from West Texas to East Texas is not contemplated since it is planned that each Texas county will get not less than 99 percent of its 1956 allotment. Under the plan most West Texas counties should get slightly more acreage than in 1956.

The Department of Agriculture has approved a compromise plan which had been submitted by the state ASC committee which will allow the state committee to withhold from the state allotment slightly less than four per cent for small farms of 15 acres or less. For hardship cases and all purposes other than small farms 2.78 per cent will be withheld. West Texas farmers and farm groups had asked that not more than two per cent be withheld for other than small farms. The total amount withheld for all purposes will be about 6 1/2 per cent of the state allotment.

Mahon said, "I have joined with other West Texans in an effort to keep the withheld acres to the lowest possible figure. I think our efforts helped because an additional large shift of acreage out of West Texas in 1957 is not now contemplated. However, the compromise plan still gives the edge to the small farm areas of East Texas."

Western Drilling Has New Oiler in Brahaney

Western Drilling Company, Inc., No. 1-C Pike is a new oiler in the Brahaney field of Yoakum County. On 24-hour potential test, the well pumped 94 barrels of oil, plus 20 per cent water, from open hole section at 5,220 to 5,304 feet. Gravity was 33.4 degrees. Pay section was fractured with 10,000 gallons.

Plymouth Oil Company No. 1-C Ruth Bennett has been added as a producer to the Wasson field of Yoakum County. Operator finished the well for a 24-hour pumping potential of 32.41 barrels of oil, plus 70 per cent water, from open hole section at 5,200-5,270 feet. Gravity of the oil was 34 degrees. Gas-oil ratio was 2,814-1.

Trice Production Company No. 1 Edward Randall is to be drilled as an 11,600-foot Devonian project in the Jones Ranch field area of Southwest Yoakum County. The project, 10 miles west of Denver City, will be drilled 330 feet from south and west lines of section 903, block D, John H. Gibson survey.

Honolulu Oil Corporation will drill No. 12-B N. C. Clananahan as a 6,900-foot project in the Prentice 6700 field of Northeast Yoakum County.

Drill site is 1,980 feet from south and east lines of section 323, block D, J. H. Gibson survey. Anderson-Prichard Oil Corporation No. 1 Strong, project in the Seagraves (Siluro-Devonian) field of Southeast Yoakum County, was making hole below 12,489 feet in lime and shale on last report.

Location is 330 feet from south and 990 feet from east lines of section 882 block D, John H. Gibson, survey.

Shell Oil Company No. 1 Googins, slated 12,600-foot wildcat operation in Northwest Yoakum County, was making hole below 12,390 feet in dolomite on last report.

The project is 670 feet from south and 1,980 feet from west lines of section 217, block D, John H. Gibson survey, 25 miles northwest of Denver City.

Eighteen miles southeast of Denver City in Northeast Gaines County, the Superior Oil Company staked location for a 13,500-foot wildcat.

Location is 660 feet from north and west lines of section 7, block G, C&M survey.

Cities Service Oil Company No. 1-C Corrigan, new well in the west Seminole (Leonard) field of Northwest Gaines County, 13 mi. southwest of Denver City, has been completed to extend the field 1/2-mile south.

On 24-hour potential test, the new oiler pumped 132.5 barrels of

28.6 gravity oil, plus 35.2 barrels of basic sediment and water, through perforation from 8,730 to 8,750 feet, and from open hole section at 8,750-70 feet.

Location is 660 feet from south and west lines of section 390, block G, CCSG&RGNR survey. Lario Oil & Gas Company of Midland will re-enter and drill out to 5,500 feet to test the San Andres at its No. 1 Dorton Estate, a deep dry hole in Central Yoakum County.

The project is four miles north of Plains and 660 feet from south and 660 feet from east lines of section 310, block D, John H. Gibson survey.

This operation originally was drilled by Hanley Company as its No. 1 Dorton Estate and plugged on total depth of 12,700 feet. It is two miles northeast of the Brahaney (San Andres) field.

Library Election Forecast; Petitions Reported In Order

An election on the proposed \$90,000 bond issue for the construction and furnishing of libraries at Denver City and Plains is expected to be ordered at a meeting of the county commissioners' court Monday.

If the election is called, it is anticipated that the date will be set for November 13, to coincide with the special state election on that date so that several hundred dollars worth of election expense can be saved.

A total of 200 names have been secured on the petitions which have been circulating for the past few weeks in the county asking for the library election. Of that number, 169 were from Denver City, with 31 being from Plains.

The names were checked Wednesday against the tax roll for eligibility, it was reported, and a total of 144 valid signatures resulted, 117 from Denver City and 27 from Plains. Such a petition requires a minimum of 119 valid signatures before the calling of the election is mandatory by the commissioners' court.

Any legal voter (holder of a poll tax receipt) who has rendered property for county taxation, will be eligible to vote in the bond election for the libraries, it was explained. A majority is necessary for the issue to pass.

IT'S THE LAW
in Texas

A public service feature of the State Bar of Texas

The signing of a contract of sale is an extremely important step in the purchase of a home. Once buyers and sellers have signed, they are bound by the provisions of the contract. Their respective legal rights in the transaction are thereby set and determined. If the contract is poorly and haphazardly drawn, a harvest of regret may be reaped at a later date.

Sales contracts are often called by other names, such as earnest money contracts, binders, receipts, etc. All of them are for the same purpose and almost without exception involve the deposit of money by the buyer. Some require the seller to put up a good faith deposit. The fact that such deposited sums are usually to be forfeited in event the depositor later fails to go through with his specified contractual obligations lends additional weight to the often stated admonition that no contract should be signed without complete understanding as to its terms.

But many home purchasers (and sellers) rush to sign a hastily prepared contract with very little knowledge of its contents. The pressure of time, the informality of the occasion, the casual appearance of the contract, and perhaps the fact that a partially printed form is used may contribute in causing the true importance of the act to be overlooked. At any rate, many are lulled into a lapse of good business judgment.

Every significant detail of the bargain should be crystallized in unmistakable terms in the contract of sale. Land and fixtures being sold should be clearly described. A complete description of the property by lot and block or by metes and bounds, is a must, the street number being inadequate by itself.

Articles and fixtures included in the sale but not always sold with houses generally should be specifically listed. Included in this category are such items as venetian blinds, removable floor coverings, draperies, air conditioning units and others. In purchasing complete plans and specifications form an essential part of the agreement.

The price to be paid must, of course, be specified, along with method and terms of payment. If a certain sized loan is a prerequisite to the buyer's ability to complete the purchase, this fact should be noted. Sad indeed is the prospective purchaser who loses his earnest money when a contemplated loan transaction falls through, his contract requiring payment of the entire consideration is cash.

The sales contract should also state the quality of the title to be conveyed to the buyer and the type of title evidence to be furnished.

The buyer's individual circumstances and desires may require that various matters not mentioned above be provided for in the contract. All too often people try to squeeze a sales contract to fit the type of printed form on hand, omitting or leaving to easily misconstrued or forgotten oral agreement many vital provisions. Do not fall into the "pitfall of the printed form." Too many unfortunate entanglements have been announced by clients to lawyers with the words, "I have just signed a receipt for a house on Blank Street. Will you take over now and see that everything is O. K.?"

(This column, based on Texas law, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved.)

First Soil Bank Checks Delivered

The first group of soil bank checks certified for payment in the Yoakum County ASC office are being delivered this week to Yoakum County farmers who participated in the 1956 Soil Bank Acreage Reserve Program, announced W. M. Overton, Yoakum County ASC Office manager early this week.

The 25 farmers, who are receiving this group of checks, which totals approximately \$5,000, have earned them by complying with the regulations set up by the Department of Agriculture pertaining to the Acreage Reserve Program.

Forty-four agreements were approved under the 1956 program and the balance of the payments will be made as soon as performance is checked.

Payments under the Soil Bank earned by reducing acreage of allotments crops below the acreage of the farm allotment, which is mostly wheat and cotton in Yoakum, and are only a one year agreement. Among the agreements to reduce acreage this year there were 29 who reduced their cotton acreage.

Linda and Martha Fitzgerald were in Plainview Sunday visiting Joe Bob Palmer. Mr. and Mrs. Sanford Webber were guests Sunday of Mrs. J. H. Morris.

MEETING CALLED IN DENVER CITY TO ORGANIZE CIVIC CHOIR OR CLUB

A meeting to discuss the organization of a Civic Choir or Music Club has been called for Sunday afternoon at the Methodist church auditorium, starting at 3 p.m. in Denver City.

Anyone interested in participating in such a group is urged to be present, or to send a representative. Those spearheading the move emphasized that anyone in the area is most welcome in the group, especially those from Plains, Alford, the Higginbotham community, and others.

An attempt will be made Sunday to survey the voice parts, and to set up a group of officers as well as elect a director. A music committee should also be named, it was pointed out. In addition,

a day for the weekly rehearsals should be set.

Tentative plans include the presenting of a Christmas cantata, and later possibly an Easter cantata and a spring concert.

A community choir was active here during 1953-54, under direction of Ross Hise. The 45-member group presented a Christmas Cantata, and an Easter program, as well as appearing at baccalaureate and graduation exercises.

Absentee Balloting For Election Starts

Absentee voting for the Nov. 6 general election began Wednesday in the county clerk's office. To be voted on in this election will be Democratic and Republican tickets for all offices to be filled this year.

The ballot in Yoakum County only has Republican candidates in the national offices. For the most part, the ballot will be the same as in July and August elections, with the exception of the presidential and vice president elections.

To qualify as an absentee voter a person must provide proof he, or she, will be unable to go to the regular polling place on election day. Physical disabilities or absence from the county are such reasons, according to County Clerk J. W. O. Alldredge.

Absentee balloting closes Nov. 2.

TIMELY TIPS

By LA RUE GILMORE
County Home Demonstration Agent

The three home demonstration clubs in Yoakum County have been increased by one, making a total of four clubs in the county. The State Line Club, from Bronco area, organized Thursday, Oct. 11, at the home of Mrs. Tom Box.

Twelve women were present. The State Line Club selected the following officers—Mrs. Tom Box, president; Mrs. Chris Guetersloh, vice-president; Mrs. Jo Ann Smith, secretary; Mrs. Neil Brian, treasurer; Mrs. Joe Kennedy, Mrs. C. F. Spencer, council delegates; Mrs. Hayden Box, reporter; and Mrs. S. S. Webber, parliamentarian.

The club will meet the second and fourth Thursdays of each month at 2:30 p. m. The next meeting is to be held at the home of Mrs. Chris Guetersloh Oct. 25. All homemakers in the area are invited to come.

Guests in the home of Mrs. John McKee last weekend were Mr. and Mrs. McLaren of Amarillo.

has made a change in scenes. I've had to eat cold biscuits and hardboiled pinto beans.

Then began my troubles with floors to scrub. In a world of bubbles since my wife joined the club, Just what there is to County Demmer

Is more than I can see Instead of making a better housewife of my wife I've had to do the cooking or else get cold grub. I've not been so good cooking since my wife joined the club.

COMMUNITY TOUR
County Home Demonstration clubs will have the annual community tour this month. Annually the clubs visit demonstrators on their tour in order to note the accomplishments made in one year. The clubs will also visit and tour new homes in this area.

This year the clubs will see demonstrations on living room and homestead improvement. The living room demonstrators have made sofa pillows, reupholstered chairs, made slip covers and refinished furniture. The addition to the rooms are lovely and show what can be done with a little amount of money.

The homestead improvement demonstrators try everything from poisoning insects to growing plants from cuttings. Homestead improvement may mean starting from a vacant lot or improving the health of the plants. Anyone interested in Home Demonstration work and what it has done this year is invited to attend the club tours.

Years ago, when Home Demonstration clubs were first organized in Yoakum County, the Home Demonstration agent rented an apartment from Mr. and Mrs. Marion McGinty. With the aid of Mrs. McGinty the agent developed the county. Mr. McGinty wrote a satirical poem to present on a program for the Home Demonstration Club. Since we now have a Home Demonstration Club station Club. Since we now have a this seems to be an opportune time to share the poem with you. Remember it's all in fun.

SINCE MY WIFE JOINED THE CLUB

When I began farming things were so complete

Like Adam in the Garden, I had a help-meet.

We worked from sun to sun

Her economy in the kitchen was second to none.

Work wasn't so hard then, to us it was just fun.

Because we loved farming.

More than all, I loved to hear the cow bells jingle.

And the merry house wife's call.

When I would come in to supper I would hear her humming around

With cabbage and tomatoes, Irish and sweet potatoes,

All in the oven brown.

Her cooking was so delicious, the finest kind of grub,

Until the County 'Demmer' organized a club,

But since the county 'Demmer'

"We Guarantee Our Work"

"We Go A Long Way To Serve You."

Dear Friends

A farmer friend of ours paid Humble's field men a fine compliment recently.

He said, "There's one thing about you Humble people, you close gates."

Well, of course we do.

All of us at Humble want the good will of the folks with whom we do business. And among those folks, the farmers and ranchers who lease their land to us for exploration and production are right at the top of the list.

In fact, you farmers are partners with us in the development of a vital natural resource. If our efforts are successful then everyone involved benefits.

Keeping the gates closed and the fences mended—things like that are the least we can do.

We know. A lot of us grew up on farms and ranches.

County Delegation Attends Demo Rally In New Mexico

Yoakum County was represented Sunday at a democratic rally held at the ranch home of Mr. and Mrs. U. D. Sawyer near Cross Roads, New Mexico.

Attending were Dr. W. B. Boyd of here, and Mr. and Mrs. Murphy Luna, Mr. and Mrs. Pete St. Roman and Alf Carpenter, all of Plains.

Democratic National Chairman Paul M. Butler spoke to the estimated 1200 persons gathered for the rally, calling upon President Eisenhower to join with Democratic presidential candidate Adlai Stevenson in a "mutual effort to halt the atomic arms race."

Prior to his talk, which followed a buffet supper. Butler and his host, Mrs. Dess Sawyer, New Mexico national committeewoman, stood at the front door of the luxurious ranch home and shook hands with every one of the guests who came from a wide area of New Mexico and West Texas.

Included in the guests at the ranch rally were U. S. Sen. Clinton Anderson and the state's two congressmen, John Dempsey and Antonio Fernandez, both of Santa Fe, and Lt. Gov. Joe Montoya, also of Santa Fe, and New Mexico National Committeeman T. E. Brown of Artesia.

Roger Curry and John Curry of Seminole were in Vernon and Rule last weekend visiting their mother Mrs. J. F. Curry and sisters, Mrs. R. R. Williams and Mrs. Ed Cloud.

Mr. and Mrs. Junior Rushing of Seagraves were guests Sunday of Mr. and Mrs. Dad Rushing and Mrs. Thelma Ellis.

ABOUT FOLKS YOU KNOW . . .

Mr. and Mrs. K. O. Hendricks spent the weekend in Odessa visiting with relatives.

George L. Black, Jr. associate irrigation district agent was a business visitor in Plains last Friday.

Mr. and Mrs. Shirley Curry and children of Seminole were visitors in Plains last Friday and attended the game between the Plains Cowboys and Melrose, N. M.

J. H. Jost, local contractor, was in Lubbock on business Monday.

Mrs. J. H. Morris returned home Saturday after being confined in a Brownfield hospital for the past 10 days.

Mr. and Mrs. Pete Sampson were in Lubbock one day last week.

Mrs. V. L. Wheeler, Mr. and Mrs. Bob Noel and Mrs. Betty LaValley and son of Albuquerque visited their mother and grandmother, Mrs. J. H. Morris last weekend.

Mrs. Joe Ellison underwent an operation in Brownfield last week.

Mr. and Mrs. John Camp were visiting the Woodie Houstons in Hobbs Friday night.

Mrs. Mable Camp and Donnie Morris were visiting their father and grandfather, J. H. Morris in Lubbock Saturday.

Mr. and Mrs. Duane McDonnell and Pam were accompanied to the WTSC-Texas Tech football game Saturday night by Amos Smith and Kay.

TOUCHDOWN BOUND — Jackie Bass, carrying the ball, eluded the determined Melrose player Friday night to score for the Plains Cowboys. It was the first score of the evening and came early in the first quarter of the game. The Cowboys won this one 27-12.

Farm Bureau Gains Support In Cotton Classing Project

WACO — Efforts of Farm Bureau leaders in Texas to insure accurate classing of cotton by the government now has the wholehearted support of the American Farm Bureau Federation.

Charles B. Shuman, president of the American Farm Bureau Federation, today announced the reactivation of the AFBF Cotton Committee to give specific study to the establishment of a non-governmental cotton classing review board for the purpose of reviewing controversies over cotton classing.

This action is a direct result of efforts by Texas Farm Bureau leaders to obtain accurate classing of cotton by the government's Smith-Doxey classing service. A Congressional hearing—requested by Farm Bureau leaders—was held Sept. 18 in Greenville. One result of the hearing was a promise by members of the cotton subcommittee of the House Agriculture Committee that the Congress will act immediately after it convenes in January to get a "light spots" classification for cotton put in the government loan.

Shuman also revealed that the AFBF Cotton Committee would study the question of whether present cotton grades adequately reflect the value of machine-picked cotton and—also whether producer interests are adequately represented on the International Cotton Grades Committee.

The Farm Bureau group will also give specific study to the Commodity Credit Corporation export program with a view of developing market policies that would permit private stocks to move directly into export market. The present export program permits buyers to purchase surplus cotton for export at a price several cents a pound below the loan price for sale to domestic mills, providing that the buyer exports like quantity and quality of surplus cotton within 12 months. The net result of this has been that most of this year's cotton crop has been forced into the government loan.

Mr. and Mrs. D. H. Kerby have been in Lubbock visiting her brother, O. C. Jenkins, who is in the hospital recovering from an operation.

Mr. and Mrs. Raymond Palmer and family were in Plainview Sunday visiting their son Joe Bob who is in the hospital.

What put the magic in the new kind of FORD?

The new Ford Fairlane 500 (118-inch wheelbase). Longer, lower, larger than many medium-priced cars, yet lower in price than most of them!

The roof got lower. And it's designed to let you make the easy entries and graceful exits you've always known.

The body got quieter. It's the strongest body built for a low-priced car. No car in Ford's field has such generous sound-proofing.

The room got bigger. There's head room to spare for a tycoon-type hat. There's real stretch-out leg room, too.

The lines got sweeter. They have the Touch of Tomorrow. Each graceful contour says, "Let's go!"

The style got smarter. With this new-look Ford you have a car that belongs anywhere! All Fairlane models look like hardtops.

The value got greater . . . the price is still Ford-low.

SEE IT FOR YOURSELF!

So now you know the magic of the '57 FORD!

D. C. MOTORS
Your Friendly FORD Dealer

Here's what put the magic in the new kind of FORD!

It started with the "Inner Ford." When Ford planned this baby, they thought in terms of a car through-and-through new.

The wheels got smaller. This Ford is so new that even the wheels have changed. Now smaller and broader, they help you take off quickly.

The wheelbase got longer . . . so now you can choose between a Ford that's over 16 ft. long—or one over 17 ft. long!

The frame got wider. Side rails bow out to give a more stable, safer riding platform . . . a lower, sleeker silhouette.

The ride got smoother. With new suspension, new springing front and rear, the ride this new Ford gives is the smoothest ever.

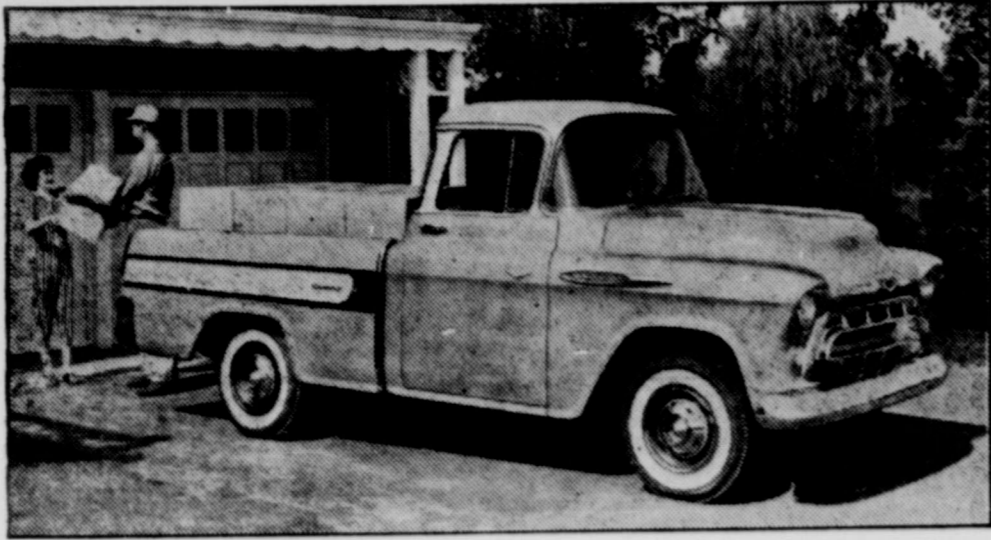

The handling got easier. Poised and balanced like a panther, this car has swept-back front suspension that works its magic when you need it most.

The power got hotter. There's a wide range of Silver Anniversary V-8's to fit every horsepower need . . . plus a new Mileage Maker Six.

"Six or V-8 the going is great"

(Pol. adv. paid for by Texas Democrats for Eisenhower, Weidon Hart, Director.)

Chevrolet Cameo Sets Truck Style Pace

Style leader of the truck field for 1957, the Chevrolet Cameo Carrier half-ton pickup packs the same utility punch as other lightweight models. Design highspot of the Cameo is a two-tone panel on plastic rear fenders. Chevrolet's new truck line is the most versatile ever offered.

FAIR

(Continued from Page 1)

May Jr. is entering a Hereford steer that came from over in Dawson County. Mr. Sam Richardson bought him last fall along with some other cattle that he was running on some wheat pasture on his farm east of Denver City. Margaret Henard is taking a calf that she bought last fall from R. L. Simpson. Mr. Simpson is from Hereford but he had some cattle in Yoakum County last year. Dana Bryson got her Hereford calf from A. L. French, a registered breeder at Elida, N. M. The only Angus calf in the 4-H exhibit is the steer that Marsha White bought from Earl Stevenson, an Aberdeen Angus breeder at Bovina.

Jay Bryson and Billy McGee, two Plains F. F. A. boys, are taking calves to Dallas. Jay has an Angus calf that came from the Furr Ranch at Olney. Jay Bryson also has two Hamp-

EXES

til the crowning ceremonies. To round out the day's program there will be a get-together in the county barn following the football game and ex officials have issued an invitation to all exes and parents of exes to attend.

Registration of exes will begin early in the day at the entrance to the school auditorium. Mrs. Polly Rushing will have charge of that activity.

After the memorial service, Mr. Fitzgerald, will preside over a business meeting of the ex-students at which time the officers for the coming year will be elected.

Members of the 1947 graduating class will serve dinner at 5:30.

shire pigs entered in the show.

Each exhibitor is entitled to only one calf in the show at Dallas but they can enter pigs and lambs so some of the calf feeders are trying to double up to offset expenses. Dana Bryson has two pigs entered in the show and D'Lois and D'Lynn each have one. Margaret Henard has two crossbred lambs entered in the fat lamb division.

Besides the 10 boys and girls who are exhibiting livestock at Dallas, there will be a good representation of parents down there. Mr. Sam Richardson will be there with his grandson, Henry May Jr. Mr. and Mrs. Rusty McGinty, Mr. and Mrs. Dick McGinty, Mr. and Mrs. Earl Bryson, Mr. and Mrs. Robert Henard and

HISTORY

(continued from page 1)

taught and has been teaching in one of the schools in Lubbock.

Cole Munely was another teacher and Judge Moreland, now deceased, was Superintendent of the school in 1914. Mrs. Moreland came in 1915 and taught for five years. After rearing her family she came back to teach in 1936 and taught until retirement in 1955.

Mattie Kendrick who resides in Lubbock and is a sister of the late P. G. Stanford, was the primary teacher during this time.

The second school building was a stucco building erected in 1925. Many graduated in this building as it was used until 1939. The last year it was used it was so crowded that classes were held on the stage, in the auditorium and every nook and cranny that could be found.

In 1936 Miss Afton Morris, the music teacher, organized a string orchestra which consisted of 15 or more students. The orchestra was something new for Plains school and they played many performances. Miss Morris also organized the first glee club.

Mr. Hayhurst coached the first football game in 1936. This was before a team was formally organized, and the game was played in Brownfield. The boys played without suits, and without scoring, but played a rough game.

Lynn Alford organized the Plains Cowboys in 1937 and the first official game was in 1937 at Meadow. The score was 12 to 2 in favor of Meadow.

Some of the boys that played at this time were:

Carl Waiser, Marian Pearson, Tyree Martin, Left Guard; Ross Patterson, Right Guard; Earl Coke, End; Arlin Coke, Back Field; Mutt McCellen, Back Field; Fannie Hudson, Back Field; Raymond Addison, Tackle; Clistus Addison, Tackle; Melvin Waiser, Center; Buzz Oneal, Right End; Poison, Delton Lovelace, Back Field.

There were no games won that first year. Mr. Sanderson was the second coach and Frank Ferrell, third coach, was called to the service in 1942, and was killed in action.

In 1941 Don Terry came to Plains as the first band director. He taught until called to the service in World War II, and was killed in action.

Mrs. S. S. Jobs taught the rest of the year Terry started and taught band for the next eight

'57 Chevrolets to Be Unveiled Friday, Saturday at Allsup

The new 1957 Chevrolet, with a daring new departure in design, will be unveiled here to the general public Friday and Saturday at the Allsup Chevrolet Company holds Open House.

Virgil Short, agency manager, invites the public to stop by the showroom from 8 a. m. to 8 p. m. on both Friday and Saturday to see the '57 Chevrolet, which is "new right down to the wheels it rolls on".

Free coffee and doughnuts will be served both days.

"Chevy goes 'em all one better", Manager Short said this week, "with a new departure in design, exclusive new Turboglide transmission with triple turbines, a new V8 and a bumper crop of new ideas including fuel injection".

In eye-appeal, the 1957 Chevrolets differ strikingly from the 1956 models. While 2 1/2 inches have been added to overall lengths, the horizontal sweep of new styling motif gives the impression that the car is even longer than the 200 inches. All bodies are lower, and lance-shaped windspits on the hood add a touch of modernity.

Little Damage Done By Fire

Only light damage was reported following a fire about 2:10 Thursday morning at the Humble Oil Company storage battery on the Ruth Bennett lease five miles southeast of Plains. The fire, believed to be started by lightning, was in the gun barrel of the tank battery.

years, while her husband coached football. During the time that Mrs. Jobs taught the band developed into an organization to be proud of, and even took some honors in playing contests.

While Mrs. Jobs was here she wrote the song that was officially taken as the Plains school song, "Dear Old Plains High," and it is still used just as she wrote the words and music.

Patty Light Sanders was the first band mascot, and Margaret Dilley Coke was the first Drum Major of the band. The first band uniforms were bought in 1944 and were used for the next several years. They were black wool man tailored uniforms with gold braid trim. Mrs. Jobs uniform was a and white tailored skirt.

The growth of school District No. 1 called for more school rooms so in 1949 the high school building was erected, and in 1953 the third school building, a grade school was erected.

This just touches on the history of Plains school. At this time the association is working on a more complete history that is to be mounted in a history book and is kept up to date by the historian of the ex-students Assn.

HOW TO STAY ALIVE!

(And Still Drive A Car)

You should question very carefully

Before you start to drive, "If I should drink before I start,

"Will I arrive alive?"

(STOP) wherever you see this sign and (SLOW) for this one too.

And always look both right and left

When this one comes in view. (CROSS ROAD)

To stay out of the ambulance

It's best to lose your nerve Than try to save a little time by passing on a (CURVE).

Following these simple rules may save your life. If you think before—it's not too late.

DON'T—drive after drinking

DON'T—follow too close

DON'T—exceed the lawful speed limit

DO—rest when taking long trips

DO—slow down at night

DO—observe all traffic controls

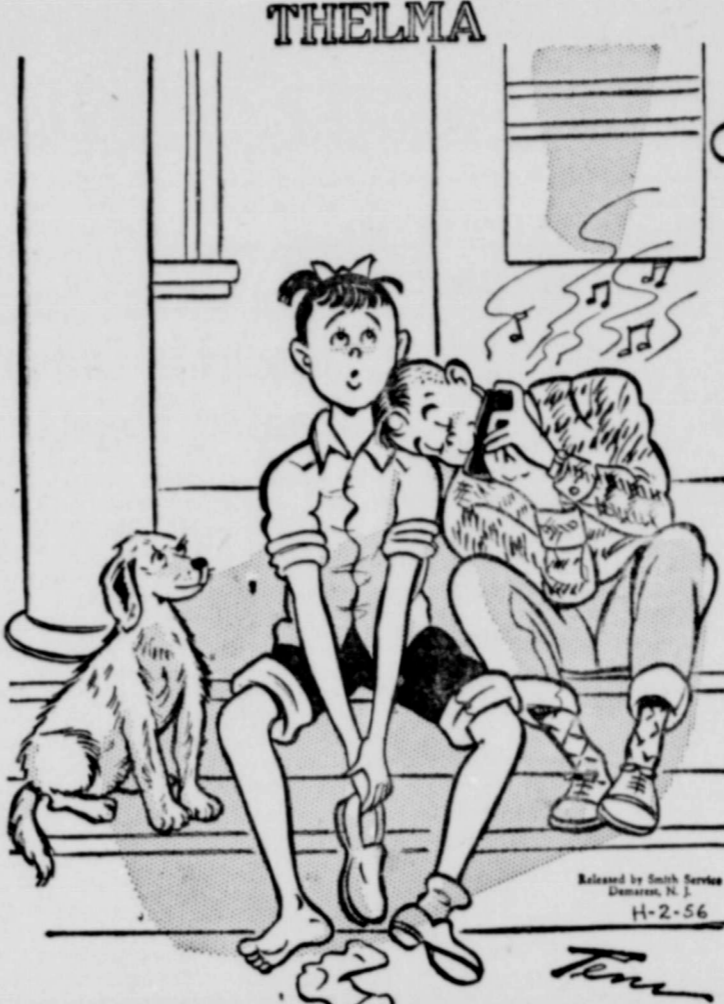

DO—see us for a quotation of insurance. You'll find the best automobile insurance available costs less here.
